INTRODUCTORY NOTE

This Memorandum seeks to explain in brief the figures of Civil Budget Estimates for 1956-57 given in the Civil Budget Estimates, usually referred to as the White Book, in the background of the actuals for 1954-55 and budget and revised estimates for 1955-56. Receipts and Expenditure under corresponding major heads are brought together and short explanations are given for variations between the figures pertaining to different years. Explanations in respect of expenditure under Capital heads as well as transactions under Debt, Deposits, Advances and Remittances are also given. A summary of the figures of receipt and expenditure under all major heads is given at the beginning. This note gives a short review of the Accounts for 1954-55 (Section A), Revised Estimates for 1955-56 based on the actuals of the first eight months (Section B) and the Budget Estimates for 1956-57 (Section C).

2. With the approval of Comptroller and Auditor General of India a new minor head 'Development Schemes' has been opened with effect from the budget estimates for 1956-57 under certain major heads of account like "25—General Administration", "47—Miscellaneous Departments", etc. which record both development as well as non-development expenditure, with a view to exhibiting development and non-development expenditure separately in the accounts. Two sub-heads entitled 'Second Five Year Plan' and 'other Development Schemes' have also been opened under the above new minor heads. Under heads like "37—Education", "38—Medical", "40—Agriculture" which record purely development expenditure, a new sub-head "Second Five Year Plan" has been opened under each of the existing minor heads to exhibit expenditure in the Second Five Year Plan Schemes separately. Details of expenditure for 1956-57 on the Schemes included in the Second Five Year Plan are for greater convenience shown in a separate publication 'Detailed Estimates and Explanatory Memorandum of the Second Five Year Plan Schemes', which may for the sake of brevity be referred to as the Brown Book.

3. Statement of new items of expenditure included in the budget for 1956-57 in respect of schemes other than those pertaining to the Second Five Year Plan is printed at the end of this Memorandum. A similar statement in respect of the Second Five Year Plan Schemes is printed at the end of the Brown Book.

4. Uptill now certain items of expenditure although they satisfied the definition of capital expenditure given in Article 34 of the Audit Code were being classified in the Revenue Section as they were below the monetary limit of Rs. 5 lakhs adopted for classification of expenditure in the capital section. The question of transferring some of the above items to the capital section with a view to enabling the Revenue Section to accommodate larger development expenditure of a revenue nature included in the Five Year Plan was examined at the instance of the Government of India and it has now been decided that the following items of expenditure should be classified in the capital section with effect from 1956-57 excepting the expenditure financed from grant or subvention from outside sources which are earmarked for special purposes such as the Central Road Fund allocation:—

(1) Capital expenditure which is at present debited to capital heads within the Revenue Section.

(2) Original works the cost of which individually exceeds Rs. 20,000 or works of a similar character where the individual cost is below this limit but they form part of a scheme having continuity of purpose and time and the cost of the scheme as a whole exceeds Rs. 1 lakh.

(3) Original road works the cost of which exceeds Rs. 20,000 or in the case of a scheme Rs. 1 lakh.

(4) Expenditure on irrigation works such as bandharas, tanks, etc. which are at present accounted for under the head "18—Other Revenue Expenditure financed from Ordinary Revenues" provided the cost of each work or scheme exceeds Rs. 20,000 or Rs. 1 lakh respectively.

It has also been decided that for a limited period of five years the repayment of loans (excluding the interest) to be received from the Government of India for the Second Five Year Plan and the contribution to the Sinking Fund excluding depreciation charges in respect of open market loans to be raised during the currency of the Second Plan should be classified in the capital section.

5. The relief to the Revenue Section on account of the above proposals in the next year's budget is estimated at about Rs. 163 lakhs. The relief to the Revenue Section on account of repayment of Government of India loans and the provision for Sinking Fund in respect of open market loans, however, will accrue for the budget of 1957-58.

6. The existing monetary limits for classifying an item of expenditure as a new instrument of service are Rs. 5,000 recurrent, Rs. 25,000 non-recurrent and Rs. 20,000 for works. In the context of the present level of prices and wages Estimates Committee considered the above limits as low leading to a large number of cases of relatively unimportant nature being treated as new instruments of service and placed before the Legislature on the basis of the above monetary limits. The Committee considered it desirable to raise the limits. A note on the monetary limits above which new instruments of Service should be classed as new items of expenditure and new

major works was also placed before the Public Accounts Committee which examined the Appropriation Accounts of the Government of Bombay for the year 1951-52. That Committee agreed that the monetary limits proposed therein and which are shown below may be adopted for determining new items of expenditure and new major works :—

	Rs.
Recurrent	15,000
Non-recurrent	50,000
New Major Works	50,000

The above limits have been adopted with effect from the budget for 1956-57 and the items of expenditure for 1956-57 which fall below the above limits are not specifically brought out in the list of new items mentioned at the end of this Memorandum and the Brown Book.

SECTION A (1954-55 Accounts)

7. Against a surplus of Rs. 57·69 lakhs anticipated in the revised estimates for 1954-55, the accounts show a large surplus of Rs. 793·40 lakhs as under :—

(In lakhs of rupees).

	Revised Estimates.	Accounts.
Revenue Receipts	71,80·33	79,43·02
Revenue Expenditure	71,22·64	71,49·62
Surplus	57·69	7,93·40

8. Important variations between the revised estimates and the accounts for 1954-55 are explained below :—

I. REVENUE RECEIPTS.

IX-Stamps (+ Rs. 27·36 lakhs).

The betterment is mainly due to larger receipts than anticipated from sale of non-judicial stamps (+ 13 lakhs), duty on impressed documents (+ 4 lakhs) and court fee realised in cash (+ 9 lakhs).

X-Forest (+ Rs. 32·34 lakhs).

The increased receipts are due to better prices realised for timber and other produce removed from the forests by Government agency (+ 24 lakhs) and by consumers or purchasers (+ 7 lakhs) and due to recovery of outstanding dues.

XIII-Other Taxes and Duties (+ Rs. 3,63·47 lakhs).

The betterment is due to larger net collections from the sales tax than anticipated under the double point system introduced from 1st April 1954 (+ 3,55 lakhs) due to improvement in trade, increased receipts from electricity duties (+ 9 lakhs), Sugarcane Cess (+ 13 lakhs) and from entertainment tax (+ 5 lakhs). This betterment is partly offset by smaller receipts from betting tax (— 28 lakhs).

XXVI-Education (+ Rs. 25·97 lakhs).

The increased receipts under this head is mainly due to larger recoveries of overpayments (+ 23 lakhs).

XXIX-Agriculture (+ Rs. 48·67 lakhs).

The betterment is due to increased receipts from sale of sulphate of Ammonia (+ 37 lakhs) and smaller refunds of revenue than anticipated (+ 13 lakhs).

XXXVI-Miscellaneous Departments (+ Rs. 26·23 lakhs).

The betterment is due to increased receipts from the Milk Schemes.

XXXIX-Civil Works (+ Rs. 90·85 lakhs)

The betterment is mainly due to larger transfer from the Central Road Fund than anticipated towards past arrears (+ 74 lakhs).

XLVI-Miscellaneous (+Rs. 1,48·47 lakhs).

The betterment is mainly due to larger receipts on account of unclaimed deposits (+Rs. 62 lakhs), adjustment of arrears of recoveries of expenditure from the Government of India on relief and rehabilitation of displaced persons and due to receipt on account of election expenditure.

II. REVENUE EXPENDITURE.

38-Medical (—Rs. 32·77 lakhs).

The fall in expenditure is mainly due to smaller expenditure on the Employees State Insurance Scheme (—17 lakhs) and under 'B-Hospitals and Dispensaries' due to non-receipt of hospital equipment (—10 lakhs).

50-Civil Works (+Rs. 34·63 lakhs).

The increase is mainly due to larger expenditure than provided for on road works financed from the Central Road Fund (+28 lakhs).

III. CAPITAL EXPENDITURE.

9. During the year 1954-55 the gross capital expenditure excluding the capital outlay on State Schemes of Government Trading amounted to Rs. 12,48·43 lakhs as against the revised estimate of Rs. 13,71·50 lakhs. The small fall of Rs. 123 lakhs is due to reduced expenditure mainly on irrigation works (—87 lakhs), the housing scheme of displaced persons (—30 lakhs) and milk scheme (—10 lakhs).

10. The capital expenditure of Rs. 12,48 lakhs was met by a withdrawal of Rs. 50 lakhs from the Fund for Development Schemes, Rs. 61 lakhs from the Bombay State Milk and Sugarcane Cess Fund, Rs. 600 lakhs from the National Plan Loan raised by the Government of India and the balance from additional loans from the Central Government for Housing Scheme of displaced persons, Koyna Hydro-electric Project, Tube Wells, and other development schemes.

FUNDS.

11. At the end of 1954-55 the cash balances in the various funds were as follows :—

(In lakhs of rupees).

(1) Central Road Fund	—·12
(2) Famine Relief Fund	5·79
(3) State Road Fund	98·09
(4) Press Depreciation Reserve Fund	6·28
(5) Depreciation Reserve Fund of Commercial Concerns—	
(a) Nasik Distillery .. .. .. } (b) Shri Shahu Chhatrapati Mills, Kolhapur .. } ..	35·07
(6) Sugarcane Cess Fund	2,25·43
(7) Dangs District Reserve Fund	57·36
(8) Fund for Development Schemes	8,86·27
(9) Bombay State Milk Fund	75·43
(10) Bombay State Insurance Fund	30·98
(11) Fishermen's Relief Fund	·03

SECTION B—1955-56 (Revised Estimates).

12. The Revised Estimates for 1955-56 on the basis of the actuals for the first eight months in the Revenue Section show a surplus of Rs. 82·96 lakhs as against the surplus of Rs. 22·37 lakhs envisaged at the time of Budget Estimates as follows :—

(In lakhs of rupees).

	Budget Estimates, 1955-56.	Revised Estimates, 1955-56.
Revenue Receipts	80,10·72	79,72·21
Revenue Expenditure	79,88·35	78,89·25
Surplus	22·37	82·96

The budget estimates of receipts and expenditure included an amount of Rs. 300 lakhs on account of withdrawal from the Fund for Development Schemes. This withdrawal was intended for financing a portion of capital expenditure. As the revised estimates reveal a reduction in capital expenditure and as the resources for meeting the capital expenditure are estimated to be adequate even without the proposed withdrawal from this Fund, the above revised estimates do not include any estimate on account of the transfer from the Fund for Development Schemes.

13. Some of the important variations between the budget estimates and the revised estimates for 1955-56 are explained below :—

I. REVENUE RECEIPTS.

IV-Taxes on Income (+Rs. 68·43 lakhs).

The revised estimate is based on the latest information received from the Government of India.

IX-Stamps (+Rs. 31·10 lakhs).

The betterment is due to large receipts from sale of stamps especially share transfer stamps and from court fees in the High Court realised in stamps.

X-Forest (+Rs. 33·70 lakhs).

The betterment is due to better prices realised as sale of forest produce in Belgaum and Dharwar Divisions and coupes in Eastern and Western Circles.

XIII-Other Taxes and Duties (+Rs. 460·56 lakhs).

The increase is due to larger receipts from sales tax than anticipated under the double point systems due to improvement in trade, recovery of past arrears and less provision for refunds. Larger receipts are also expected from the Electricity Duties and Sugarcane Cess.

XX-Interest (+Rs. 60·70 lakhs).

The betterment is mainly on account of increased receipts from investment of cash balances.

XXXVI-Miscellaneous Departments (—Rs. 350·22 lakhs).

The fall in receipts under this head is due to non-transfer of profits of the Civil Supplies Schemes to the Revenue Account.

II. REVENUE EXPENDITURE.

22-Interest (+Rs. 26·85 lakhs).

The increase in expenditure is mainly due to the interest charges payable on 4% Bombay State Development Loan 1967 and on loans from the Central Government for investments in the State Road Transport Corporation and increased interest on provident fund due to enhanced rate of interest.

23-Appropriation for Reduction or Avoidance of Debt (+Rs. 49·73 lakhs).

The worsening is due to repayment of unspent balances of loans from the Government of India for agricultural purposes and for rehabilitation of displaced persons and provision for repayment of additional loans received from the Government of India for Agricultural, Public Works, Industrial Housing and Community Development Project Schemes.

29-Police (+Rs. 30·36 lakhs).

The increase is mainly due to larger expenditure under establishment due to payment of arrears of pay consequent upon refixation of pay of certain staff and more expenditure on contingent charges.

39-Public Health (— Rs. 34·48 lakhs).

The fall in expenditure is mainly due to slow progress of Rural water supply schemes.

47-Miscellaneous Departments (+Rs. 68·63 lakhs).

The increase in expenditure is due to transfer of losses on charcoal and cloth and yarn distribution schemes to the revenue account.

50-Civil Works (+Rs. 39·65 lakhs).

The worsening is due to smaller recoveries of establishment, tools and plant charges from other heads as a result of reduced rates, partly counterbalanced by slow progress of expenditure on buildings and Central Road Fund Works.

57-Miscellaneous (+Rs. 25·06 lakhs).

The increase in expenditure is due to the book adjustment of difference between the balance in the Primary Teachers' Provident Fund taken over from the District Local Boards and the market price of the Securities representing these balances on the date of taking over, payment of hiring charges of rolling stock of ex-Kolhapur State Railways and large expenditure on grants to Local Bodies.

III. CAPITAL EXPENDITURE.

14. The budget estimates for 1955-56 provided for a gross capital expenditure of Rs. 25,06·46 lakhs inclusive of expenditure of Rs. 86·25 lakhs to be met from grant from the Government of India for road works under the Central Aid Road Development Programme but excluding the capital outlay on State Schemes of Government Trading. The corresponding expenditure in the revised estimates is Rs. 18,11·95 lakhs including Rs. 10·11 lakhs to be met from the depreciation fund of Shri Shahu Chhatrapati Mills. The fall of Rs. 6,94·51 lakhs is due mainly to slow progress of expenditure on Irrigation Works (— Rs. 249 lakhs), civil building (— Rs. 61 lakhs)—particularly the works pertaining to the Medical and Education Departments, Road Works under the Central Aid Road Development Programme (— Rs. 67 lakhs), the Koyna Hydro-electric Scheme (— Rs. 220 lakhs) and Housing Schemes for displaced persons (— Rs. 70 lakhs).

15. Of the total capital expenditure of Rs. 18,11·95 lakhs, an amount of Rs. 8,99 lakhs is proposed to be financed from the loans from the Government of India—Rs. 5,28 lakhs for Irrigation works, Rs. 66 lakhs for Tube Wells, Rs. 1,70 lakhs for Koyna Hydro-electric project, Rs. 1,35 lakhs for Housing Schemes of displaced persons and Investment in Co-operative Sugar Factories Rs. 41 lakhs from the grant from the Government of India under the Central Aid Road Development Programme and Rs. 57 lakhs by withdrawal from the Sugarcane Cess and Milk Fund and the Depreciation fund of Shri Shahu Chhatrapati Mills. The balance will be met from the loan raised in the open market.

FUNDS.

16. On the basis of the revised estimates for the current year, the position of the various funds at the end of 1955-56 is estimated to be as follows :—

	(In lakhs of rupees).
(1) Central Road Fund	—·12
(2) Famine Relief Fund	5·79
(3) State Road Fund	59·73
(4) Press Depreciation Fund	5·93

SECTION C—1956–57 (Budget Estimates).

17. A small surplus of Rs. 23·43 lakhs is expected in the Revenue Section for the year 1956-57 as shown below :—

	(In lakhs of rupees).
Revenue Receipts	78,10·08
Revenue Expenditure	77,86·65
Surplus	23·43

I. REVENUE RECEIPTS.

18. The next year's estimate of (Rs. 12,20 lakhs) for the State share of Union Excise Duties, Income Tax and the Estate Duty is based on the latest information received from the Government of India and shows a worsening of about Rs. 21 lakhs as compared with the revised estimates for 1955-56. A fall of Rs. 1,69 lakhs is expected under "XIII—Other Taxes and Duties" mainly because of smaller receipts on account of arrears of sales tax and larger provision for refunds. Increased receipts are expected under "XX—Interest" (+ Rs. 78 lakhs) mainly due to the expected collection of interest charges due on loans to the Bombay State Electricity Board. The large fall in expenditure under "XXIX—Agriculture" (— Rs. 170 lakhs) is due to the absence of receipts from the sale of Sulphate of Ammonia. The transactions pertaining to the purchases and sale of ammonium sulphate are now recorded under "85-A—Capital outlay on State Schemes of Government Trading". The betterment under "XXXVI—Miscellaneous Departments" (+ Rs. 196 lakhs) is mainly due to the provisional transfer of Rs. 200 lakhs out of civil supplies profits to the Revenue Section which is absent in the current year's revised estimates. The credit from the Central Road Fund which was hitherto being taken as receipt under "XXXIX—Civil Works" is now taken in reduction of expenditure under "50—Civil Works" with effect from 1956-57. This accounts for the fall in receipts under this head (— Rs. 160 lakhs).

II. REVENUE EXPENDITURE.

19. Some of the important variations in the estimates of revenue expenditure for 1956-57 as compared with the Revised Estimates for 1955-56 are mentioned below :—

The increased provision under "23—Appropriation for Reduction or Avoidance of Debt" (+ Rs. 101 lakhs) is mainly due to the inclusion of provision for contribution to the Sinking Fund and Depreciation Fund (+ Rs. 68 lakhs) in respect of the 4 per cent. Bombay State Development Loan 1967, and inclusion of additional provision for repayment of the various Government of India loans already received and expected to be received during 1955-56 (+ Rs. 32 lakhs net). The increase in the provision under "37—Education" (+ Rs. 29 lakhs) is mainly under 'Primary Education' on account of making a beginning with the extension of compulsion to places with a population of 500 to 999, conversion of ordinary schools into Basic Schools and Development of Ashram Schools for Scheduled and ex-Criminal Tribes. The large reduction under "40—Agriculture" (— Rs. 162 lakhs) is due to the transfer of the transaction of purchase and sale of ammonium sulphate to "85-A—Capital outlay on State Scheme of Government Trading" as mentioned earlier. The larger expenditure under "42—Co-operation" (+ 34 lakhs) is mainly due to the provision for (i) additional establishment for the various branches of the Co-operative Department in view of the increasing activities in the field of Co-operation, (ii) Contributions to the Agricultural Credit Relief and Guarantee Fund and (iii) additional provision for various Co-operative Schemes such as Co-operative Training, Education and Propaganda, Co-operative Farming Scheme, Development of Co-operative Marketing, etc. The large fall in expenditure under "50—Civil Works" (— Rs. 233 lakhs) is explained by the fact that with effect from 1956-57 the credits from the Central Road Fund is taken in reduction of expenditure and works costing more than Rs. 20,000 have been transferred to the Capital Section in view of the decision mentioned in paragraph 4 above. The increase under "57—Miscellaneous" (+ Rs. 38 lakhs) is mainly due to larger provision included in connection with the scheme for establishment of Village Panchayats in each and every village. The larger expenditure under "63-B—Community Development Projects, National Extension Service and Local Development Works" (+ Rs. 47 lakhs) is due to the proposed conversion of National Extension Service blocks into Community Development Project Blocks and due to taking up of additional National Extension Service Schemes.

III. CAPITAL EXPENDITURE.

20. For the next year a total gross expenditure of Rs. 26,95·27 lakhs excluding Rs. 1·02 lakhs proposed to be transferred to Community Development Project funds is provided for expenditure on capital schemes other than State Schemes of Government Trading. This includes Rs. 10,85 lakhs for new major and medium irrigation works included in the Plan and irrigation work in progress, Rs. 40 lakhs for Tube Wells, Rs. 61 lakhs for water supply schemes, Rs. 74 lakhs for capital contribution to the Bombay State Road Transport Corporation, Rs. 110 lakhs for contribution to the share capital of (i) Agricultural Credit Institutions, (ii) Industrial Co-operative Sugar Factories and (iii) Multipurpose Societies Central Financing Agencies, etc. Rs. 4,81 lakhs for building and roads, Rs. 5,82 lakhs for the Koyna Hydro-electric Project, Rs. 87 lakhs for Housing Scheme of displaced persons and Rs. 57 lakhs for Milk Schemes.

21. Out of the above capital expenditure an amount of Rs. 8,94 lakhs will be financed from loans expected from the Government of India—Rs. 2,91 lakhs for irrigation works including tube wells, Rs. 4,50 lakhs for the Koyna Hydro-electric Project, Rs. 87 lakhs for Housing Schemes of displaced persons and Rs. 66 lakhs for scheme of industrial development. Besides, a loan assistance of Rs. 70 lakhs is expected from the Reserve Bank of India towards contribution to the share capital of Agricultural Credit Institutions, Multipurpose Societies, Central Financing Agencies, etc. and of Rs. 15 lakhs from the Employees State Insurance Corporation for construction of a hospital in connection with the Employees State Insurance Scheme.

A grant of Rs. 105 lakhs is also expected from the Government of India for meeting a portion of the capital expenditure particularly expenditure on building works (Rs. 20 lakhs), Milk Supply Scheme (Rs. 18 lakhs) and three-fourths of the expenditure on roads (Rs. 63 lakhs) under the Central Aid Road Development Programme. The balance of one-fourth of the expenditure under the Central Road Development Programme (Rs. 21 lakhs) and the balance of expenditure on the Milk Schemes (Rs. 39 lakhs) will be financed from the credits in the State Road Fund Account and the Milk Fund.

The above resources account for Rs. 11,44 lakhs of the gross capital expenditure for 1956-57. The balance of the capital expenditure will be met by a withdrawal of Rs. 2,00 lakhs from the Fund for Development Schemes, by open market borrowing and the State share under Small Savings Scheme and from cash balances.

22. The estimates also provide for an amount of Rs. 2,97,18,000 for the repayment of 3 per cent. Bombay Government Loan, 1956.

FUNDS.

23. On the basis of the revised estimates of the current year and the budget estimates of the next year, the position of the various funds at the end of 1956-57 is expected to be as follows :—

(In lakhs of Rupees).

(1) Central Road Fund	—·12
(2) Famine Relief Fund	5·79
(3) State Road Fund	11·50
(4) Press Depreciation Reserve Fund	4·20
(5) Depreciation Reserve Fund of Commercial Concerns—

(6) Sugarcane Cess Fund	2,76·74
(7) Dangs Districts Reserve Fund	84·04
(8) Fund for Development Schemes	6,86·27
(9) Bombay State Insurance Fund	35·13
(10) Bombay State Milk Fund	40·80
(11) Fishermen's Relief Fund	·06

A NOTE ON THE REVISED PROCEDURE OF PRESENTING GROSS DEMANDS TO THE VOTE OF THE LEGISLATURE.

Till 1952–53 the system of presenting net demands (i.e., after taking into account all the credits accruing to a major head) to the vote of the Legislature was being followed. There were, however, a few exceptions mentioned below under which gross demands were asked for :—

(1) 63—Extraordinary charges,

(2) 80—Bombay Development Scheme,

(3) 81—A—Capital Outlay on Electricity Schemes,

(4) 83—Payments of commuted value of pensions,

(5) 85—A—Capital Outlay on State Schemes of Government Trading.

In the year 1939, the Auditor General raised the question of the procedure to be followed in presenting to the Legislature a demand for grant in which the expenditure was more than counterbalanced by recoveries and the net result was, therefore, a *minus* demand. In a case like this the alternative courses available were (*i*) to make a token demand or (*ii*) to obtain a vote for the gross expenditure. The former course was open to the objection that it set no limit to actual expenditure provided the actual receipts were such that the net result did not exceed the amount of the sanctioned grant. At the same time the latter course might imply that the same demand was once voted 'gross' one year (when the net result was minus) and 'net' another year (when the net result was plus). The Auditor General pointed out that the real object to be secured was that positive expenditure should be expressly authorised in some way and further directed that the matter should be settled by the State Government in consultation with the State Legislature. The question was considered and it was decided to adopt the second alternative, viz. that of obtaining the vote of the Legislature for the gross expenditure particularly in view of the fact that in 1937–38 the Speaker of the Bombay Legislative Assembly had ruled out token demands. The Comptroller and Auditor General later on gave a ruling that the demand once voted gross should continue to be so voted in all the future years irrespective of whether the net estimated expenditure is minus or plus. Accordingly, the system of presenting gross demand for the vote of the Legislature under the heads referred to above was being followed.

2. The Government of India, with effect from the budget of 1952–53, has been following the procedure of presenting gross demands to the vote of the Parliament in respect of all heads. The Comptroller and Auditor General therefore urged on this Government the desirability of adopting the revised procedure adopted by the Union Government as the Constitutional provisions affecting the States in the matter are the same as in the case of the Union. Accordingly gross demands in respect of all heads are being presented to the vote of the Legislature with effect from the budget for 1953–54. The above revised procedure corresponds to the procedure according to which gross demands are put to the vote of the Legislature in respect of expenditure under the heads mentioned in paragraph 1 above.

3. Till 1955–56, the major head figures in the "Statement C" appearing at the beginning of the Civil Budget Estimates and the details under minor and sub-heads under each major head were net figures. The gross figure under the major head was indicated by a foot-note at the beginning of the major head. The Accountant General, Bombay, however, desired that the procedure followed by the Government of India should be followed by the State Government as that would facilitate the work of Audit. The Accountant General's view has been accepted and is given effect to from the year 1956–57. According to the revised procedure, each major head is divided into 3 parts. Part I gives the gross figures by minor heads, recoveries under each minor head and the net figure of the major head, Part II gives the details of gross estimates and Part III gives the details of recoveries adjusted in the accounts in reduction of expenditure. The figures in Statement 'C' of the Civil Budget Estimates, however, continue to be shown net.

4. The same is the case in respect of the figures appearing in the Budget Memorandum. The recoveries are shown in the relevant explanatory paragraphs and also in column 6 of the Schedule of Demands for Grants appearing on next page.

1. Under Section 272 of the Constitution, Union Duties of Excise oth r than such duties of excise on medicinal and toilet preparations as are mentioned in the Union List shall be levied and collected by the Government of India, but if Parliament by law so provides, there shall be paid out of the Consolidated Fund of India to the State to which the law imposing the duty applies sums equivalent to the whole or in part of the net proceeds of that duty, and those sums shall be distributed among those States in accordance with such principles of distribution as may be formulated by such laws.

2. The Finance Commission appointed by the Government of India under Article 280 of the Constitution in its report has recommended that 40 per cent. of the net proceeds of Union Excises on tobacco including cigars, cigarettes, etc., matches and vegetable products should be allocated to the States. Bombay State has been assigned 10·37 per cent. of the State share in the net proceeds. The estimated receipts in the current and next year are made on this basis.

3. Under Section 280 of the Constitution, the President has been empowered to constitute a Finance Commission within two years from the commencement of the Constitution and thereafter at the expiry of every fifth year or at such earlier time as the President considers necessary, to make recommendations to the President on the distribution between the Union and the States of the net proceeds of Taxes which are to be or may be divided between them and the allocation between the States of the respective share of such proceeds. Accordingly India's first Finance Commission was appointed. The Finance Commission has recommended that the States' share of the net proceeds of the Taxes on Income other than the Corporation Tax should be raised to 55 per cent. Of the Divisible Pool of Part A and Part B States, Bombay State has been assigned 17·5 per cent. The Finance Commission has also recommended that arrears of income tax in the Part A States relating to the period ending 31st March 1952 should be paid to them under the existing formula of allocation determined by the Deshmukh Award. The current year's revised estimate and the next year's budget estimate are based on the intimation received from the Governent of India.

4. The Estate Duty Act, 1953, came into force from the 15th October, 1953. The net proceeds accruing therefrom will be assigned to States in accordance with the principles to be laid down by the Union Legislature as required by clause 2 of Article 269 of the Constitution. The Government of India have stated that the distribution of Estate duty proceeds is at present made by that Government provisionally on the basis of the percentage prescribed for income tax distribution (i.e. at 17·5 per cent.) and will be subject to revision by the next Finance Commission. The estimated receipts in the current year and next year are based on the intimation received from the Government of India.

Revenue.

5. *Ordinary Revenue.*—The receipts under this head are inclusive of the portion of land revenue due to irrigation which is subsequently transferred to the irrigation heads (XVII and XVIII). The current year's revised estimate and the next year's budget estimate are based on the progress of actuals.

6. *Sale of Government Estates and Sale proceeds of waste lands and redemption of land tax.*—The receipts are of a fluctuating nature, depending upon the demand for land.

7. *Recoveries on account of Survey and Settlement Charges.*—The current year's revised and the next year's budget estimates are based on the progress of current actuals.

8. *Recoveries of cost of maintenance of boundary pillars and rates and cesses on lands.*—The revised estimate for the current year and the next year's budget estimate are based on current and past actuals.

9. *Collection of payments for services rendred.*—Recoveries on account of land acquisition work done on behalf of public bodies by Consulting Surveyor's Department and payments received for management of estates are accounted for under this head. The receipts are, therefore, of a fluctuating nature. The next year's budget estimate is based on the progress of actuals.

10. *Miscellaneous.*—Receipts under this head include quarry fees, items of miscellaneous land revenue and the annual contribution from the Government of India in lieu of abatement of non-agricultural assessment on private lands used for the manufacture of salt. The receipts are of a fluctuating nature.

11. *Deduct—Refunds.*—This is a fluctuating item. The current year's revised estimate and the next year's estimate are based on the current and past actuals.

Expenditure.

12. *Charges of Administration.*—The increase in the current year's revised estimate is due to additional expenditure incurred on acquisition and improvement of land, and additional staff sanctioned for Recovery and tagai work.

The 'Charged' provision in the current year's revised estimate is on account of the payment of decretal amount in respect of land required for the Sindh Sharanarthi Shahakari Mandali Ltd., Kalyan.

13. *Land Records.*—The decrease in the next year's budget estimate is due to the provision in connection with the Introduction of Record of Rights in Khoti and Inam Villages, Implementation of the Bombay Prevention of Fragmentation and Consolidation of Holdings Act, Survey and Settlement Work and Reclamation of Khar and khajan lands being included in the Second Five Year Plan and included under 'Development Schemes' below.

14. *Assignments and Compensations.*—The item is of a fluctuating nature. The revised estimate for the current year and the budget estimate for the next year are based on the progress of actuals.

15. *Development Schemes.*—Details of this have been shown in the Brown Book.

16. *Deduct-Recoveries.*—The decrease in the current year's revised and the next year's budget estimates is due to Establishment for recovery of sales tax being provided under the major head '13–Other Taxes and Duties'.

17. The net budget estimate of Rs. 2,46,95,000 (Voted) under this head is made up as under :—

—	*Charged.*	Voted.	Total.

18. *Country Spirits and Country Fermented Liquor.*—The decrease in the revised estimate for 1955–56 is due to non-realisation of recoveries of arrears of pre-prohibition period for which suits are still pending in Courts.

19. *Malt Liquor.*—The increase in the revised estimate for 1955–56 and the budget estimate for 1956–57 is due to transfer of part of the receipts from the minor head " Wines and Spirits " to this head, under which these receipts are correctly classified.

20. *Wines and Spirits (Foreign Liquors other than Beer, Medicated Wines and Commercial Spirits).*—The decrease in the revised estimate for 1955–56 is on account of reduced sale of Foreign Liquors due to less imports because of Prohibition. The budget estimate for 1956–57 is based on past actuals.

21. *Receipts from Commercial Spirits including Denatured Spirits and Medicated Wines.*—The revised estimate for 1955–56 and the budget estimate for 1956–57 are based on current and past actuals.

22. *Opium.*—The decrease in the revised estimate for 1955–56 is due to less consumption of opium because of the restrictions imposed on the quantity issued to permit holders. The budget estimate for 1956–57 is based on past actuals.

23. *Duties on Medicinal and Toilet Preparations containing alcohol, opium, etc.*—The increase in the revised estimate for 1955–56 is due to high sales of certain drugs. The budget estimate for 1956–57 is based on past actuals.

24. *Receipts from Distilleries.*—The decrease in the revised estimate for 1955–56 and the budget estimate for 1956–57 is due to non-realisation of the receipts, as the Power Alcohol Scheme has not been extended to Manmad and Dhulia areas.

Expenditure.

25. *Distilleries.*—The decrease in the budget estimate for 1956–57 is due to reduced expenditure on the item "Other Supplies and Services" under "Contingencies."

26. *Deduct—Recoveries.*—The decrease in the budget estimate for 1956–57 is due to less recoveries on account of the establishment employed by other parties at their own cost. The details of the recoveries are, as shown below :—

Statement showing Deduct—Recoveries.

Minor head or sub-head.	Deduct Entry.	Amount.

28. *A-Non-Judicial—Sale of Stamps.*—The increase in the revised estimate for 1955-56 is on account of more sale of stamps due to improved market conditions and also from Share Transfer Stamps.

29. *Duty on Impressing Documents.*—The increase in the revised estimate for 1955-56 and budget estimate for 1956-57 is due to more receipts on account of duty on documents voluntarily brought for adjudication.

30. *Miscellaneous.*—The decrease in the revised estimate for 1955-56 is due to less receipts on " Composition of Stamp Duty ". The budget estimate for 1956-57 is based on past actuals.

31. *B-Judicial—Court fees realised in Stamps (including probabte duty).*—The increase in the revised estimate for 1955-56 is due to larger receipts from court fees realised in stamps, especially from court fees in the High Court.

Expenditure.

32. *Non-Judicial and Judicial.*—The increase in the revised estimate for 1955-56 is on account of certain additional staff sanctioned for the destruction of King's Effigy stamps and increase in the cost of manufacture of stamps. The budget estimate for 1956-57 provides for normal expenditure.

33. The gross demand under the head " 9—Stamps " amounts to Rs. 6,33,000.

34. *Timber and other produce removed from the Forests by Government Agency.*—The increase in the revised estimate is due to better prices realised in sales of forest produce in Belgaum Division and of Sandalwood in Dharwar Division. The further increase in the next year's budget estimate is mainly due to larger sale proceeds from Supply of Hardwood Sleepers to the Railways at the increased rate.

35. *Timber and other produce removed from Forests by Consumers or Purchasers.*—The increase in the revised estimate and the next year's budget estimate is due to better prices expected from the sale of coupes, and forest produce.

36. *Miscellaneous.*—The decease in the revised estimate is mainly due to smaller receipts under "Other sources" and "Fines and Forfeitures". The increase in the next year's budget estimate as compared to the current year's budget and revised estimate is due to larger amount anticipated from the Government of India for various Afforestation schemes.

Expenditure.

37. *General Direction.*—The decrease in the next year's budget estimate is mainly due to smaller expenditure anticipated under " Contingencies ".

38. *Conservancy and Works.*—The increase in the next year's budget as compared to the current year's grant and the revised estimate is mainly due to larger expenditure anticipated on various Afforestation schemes and the provision made for new schemes provided in the Second Five-Year Plan, such as Immobilization of the Rann of Cutch, Establishment of Wet Nurseries, Soil Conservation Scheme for Ratnagiri District, Construction of Aerial Rope ways for exploitation of Nagzari Valley etc. etc.

39. *Establishment.*—The decrease in the revised estimate is due to (*i*) non-appointment of substitutes in leave vacancies and (*ii*) less expenditure on subordinate forest and depot establishment in Northern Circle. The increase in the next year's budget is mainly due to creation of additional posts for management of Thana woodlands in Nasik Division and conversion of Sub-Division into Divisions in Northern Circle.

40. *Deduct—Recoveries etc.*—The decrease in the next year's budget is due to smaller expenditure to be met from ex-Baroda Forest Local Cess Fund.

41. The gross demand for grant under "10, Forest" amounts to Rs. 1,77,2[illegible],500 after taking into account the expenditure of Rs. 1,59,500 to be met from the ex-Baroda Forest Local Cess Fund, and excluding the recoveries of Rs. 8,000 from the Indian Oil Seeds Committee, Rs. 11,000 from the Indian Lac Cess Committee and the transfer entry of Rs. 500. A sum of Rs. 33,500 (charged) will be included in the Appropriation Bill.

45. *Receipts under the State Motor Vehicles Taxation Act.*—The increase in the current year's revised estimate and the next year's budget estimate is due to increased registration of new vehicles.

Expenditure.

46. *Inspection of Motor Vehicles.*—The increase in the current year's revised estimate is mainly due to fixation of pay of executive staff, payment of arrears of pay, and payment of House Rent allowance and Compensatory Local Allowance to the staff in Poona Regional Transports Officer's office.

47. *Other charges.*—The increase in the current year's revised estimate is due to erection of traffic signals at Public places for regulating motor vehicles traffic.

48. *Transfer to the State Road Fund.*—Provision on account of the amount transferred to the State Road Fund under section 9 (*3*) of the Bombay Motor Vehicles Tax Act, 1935, is made under this minor head. It depends upon the receipts under the Act and the cost of their collection. The details of the transfer are shown below.

Revenue.

50. *Taxes on Luxuries including taxes on Entertainment, Betting and Gambling.*—The small increase in the current year's revised estimate is mainly on account of larger receipts anticipated from the entertainment tax due to favourable economic conditions.

51. *Receipts from Electricity Duties.*—The increase in the current year's revised estimate and the next year's budget estimate is due to increasing consumption of electricity.

52. *Receipts under the Sales Tax Acts.*—The increase in the current year's revised estimate is due to (i) larger receipts realised and anticipated from the sales tax on other commodities under the recently introduced double point system and (ii) recovery of past arrears on account of speedy assessment and prompt action against defaulters. The next year's budget estimate shows a decrease as compared to the current year's revised estimate because recovery of past arrears is not expected to be large and the next year's estimate provides for larger refunds in view of Article 286 of the Constitution of India.

53. *Urban Immoveable Property Tax.*—The increase in the current year's revised estimate is based on the progress of actuals during the first 8 months of the current year.

54. *Prize Competitions.*—The decrease in the current year's revised estimate is due to shifting of competitions outside the State. Further decrease in the next year's estimate is due to the amendment of the competition law bringing down the amounts of prizes.

55. *Receipts under the Bombay Surgarcane Cess Act, 1948.*—The increase in the current year's revised estimate is based on the progress of actuals and is also due to recovery of past arrears. The next year's estimate is based on the estimated consumption of sugarcane by the factories in the year 1956–57.

56. *Newspaper Advertisement Tax.*—The estimated receipts in the current and the next year are on account of arrears as the Newspaper Advertisement Tax has been repealed with effect from 1st April 1951. The increase in the current year's revised estimate is due to regular payment of instalments of arrears by Periodicals.

Expenditure.

57. *Collection Charges.—Urban Immoveable Property Tax.*—The increase in the current year's revised estimate is due to provision for payment of arrears of rebate to Municipalities and Local bodies for collection of the urban immoveable property tax.

58. *Sales Tax.*—The decrease in the current year's revised estimate is due to reduction in certain temporary establishment resulting in reduction in expenditure on pay and allowances and due to housing of sales tax offices in Government buildings. The increase in the next year's estimate is mainly due to additional posts of officers sanctioned in the course of the current year and the normal increase in pay and allowances on account of annual increments.

59. *Transfer to the Sugarcane Cess Fund.*—The figures represent the amount of sugarcane cess receipts transferable to the sugarcane cess fund after deduction of collection charges.

60. *Transfer to the State Road Fund.*—Under the existing orders, 50 per cent. of the net proceeds (i.e., after deducting refunds) of the Sales tax on motor spirit and penalties, other than fines, imposed under the Act are to be retained in the general revenues and the balance is to be transferred to the State Road Fund. The current year's revised estimate and the next year's budget estimate repesent the amounts transferable to the State Road Fund.

61. The net budget estimate of Rs. 1,57,92,500 (*Charged*) and Rs. 51,79,500 (*Voted*) under this head is made up as follows :—

——	*Charged.*	Voted.	Total.
	Rs.	Rs.	Rs.
Gross Expenditure	*1,57,92,500*	51,95,500	2,09,88,000
Deduct—Collection Charges—Sugarcane Cess	.....	—16,000	—16,000
Deduct—Total Recovery	.....	—16,000	—16,000
Net Expenditure	*1,57,92,500*	51,79,500	2,09,72,000

According to the existing procedure, gross expenditure is to be put to the vote of the Legislature. Accordingly a sum of Rs. 51,95,500 (Voted) is included in the Schedule of Demands and a sum of Rs. 1,57,92,500 (*Charged*) will be included in the Appropriation Bill.

NOTE ON THE SYSTEM OF CAPITAL AND NON-CAPITAL ACCOUNTS OF IRRIGATION WORKS.

62. Irrigation works are divided into two main categories (1) works for which capital accounts are kept and (2) works for which capital accounts are not kept. All irrigatioon works, for which it is both desirable and possible to maintain accounts on a quasi-commercial basis, are included in the former category and those for which the maintenance of such accounts is unnecessary, either because they produce little or no revenue or because owing to their restricted size, it is not worthwhile examining the returns paid by each individual work, are put in the latter class. The important criterion in the case of a quasi-commerical undertaking is whether the work is remunerative or the reverse and it is, therefore, essential for this class of works to maintain a capital account, since it is only by reference to the amount of capital expended that the value of the results can be determined.

63. The works for which capital accounts are kept are divided into (A) Irrigation and (B) Navigation, Embankment and Drainage Works separately, each of which is again sub-divided into (1) Productive and (2) Unproductive Works.

64. The initial expenditure on the construction of an irrigation project for which capital accounts are kept is charged to the capital account of that project and such further expenditure after its completion as is necessary for the full development of the scheme is also added to that account.

65. The capital invested on the work includes (1) direct charges, i.e., cost of works, establishment, tools and plant and pensionary charges, (2) indirect charges, i.e., capitalised value of abatement of revenue from land occupied by works and audit charges, and (3) all arrears of simple interest, if any, i.e,. balance of total interest over net revenue. This capital cost is commonly known as " Sum-at-charge ".

66. As soon as a work begins to earn revenue, a Revenue Account is opened for it. The revenue derived from the works credited to that account and annual maintenance charges are debited to it. The diffierence between this gross revenue earned and the maintenance charges is the net revenue of the work.

67. If the net revenue from a capital work is expected to repay after ten years from its completion, the annual interest charges on the capital invested, i.e., sum-at-charge, at 4 per cent. or at such other rate as may be fixed by Government from time to time, the work is considered as "Productive "; otherwise it is treated as "Unproductive ". If any productive work for which a capital account is kept fails at any time after the expiry of ten years from its competion in three successive years to yield the relevant return, it is transferred to the unproductive class. Similarly, if a work though classed as unproductive succeeds in yielding for three successive years the relevant return prescribed for a productive work, it is transferred to the productive class. The same principle applies to all extensions and improvements of an existing work.

68. The capital expenditure on irrigation works is booked in the accounts under one major head, viz., "68, Construction of Irrigation, Navigation, Embankment and Drainage Works ". Funds for works may be provided from ordinary revenues, Famine Fund or from other sources outside the revenue of which the most important is loans, but the expenditure is booked under one major head "68 " only. This major head, is however, intended to include only expenditure incurred from sources outside the revenue and it is there fore necessary to deduct from this head the capital expenditure defrayed from general revenues and to show it in the revenue section of the accounts. There will thus be two deductions in lump sums at the foot of the account of the major head " 68 " and the amounts thus deducted from this head are booked, whithout details of works under the major head"19-A, financed from Famine Relief Fund " and " B— Financed from Ordinary Revenues " according to the sources from which funds are provided. The net total of the major head " 68 " after the deductions referred to above have been made, represents that portion of the capital expenditure on irrigation works which is financed from sources outside the ordinary revenues.

69. The revenue derived for irrigation works for which capital accounts are kept and the annual expenditure on maintenance and working expenses on these works are respectively credited and debited to the revenue accounts of those works under a separate revenue head " XVII-Irrigation, Navigation, Embankment and Drainage Works for which Capital Accounts are kept". The divisions and sub-divisions, of this account also being the same as those under the corresponding capital expenditure head " 68 ".

70. In the budget estimates of revenue for Irrigation Works under " XVII ", the working expenses and maintence charges of capital works are shown by a *minus* entry under gross revenuue in order to show the estimated net revenue, as the essential matter is the net and not gross revenue. Although these working expenses are shown under the receipt head, they are of course, treated in all respects as ordinary expenditure ; they are subject to the same rules and conditions and as in the case of other outlays, are included in the demand for grants.

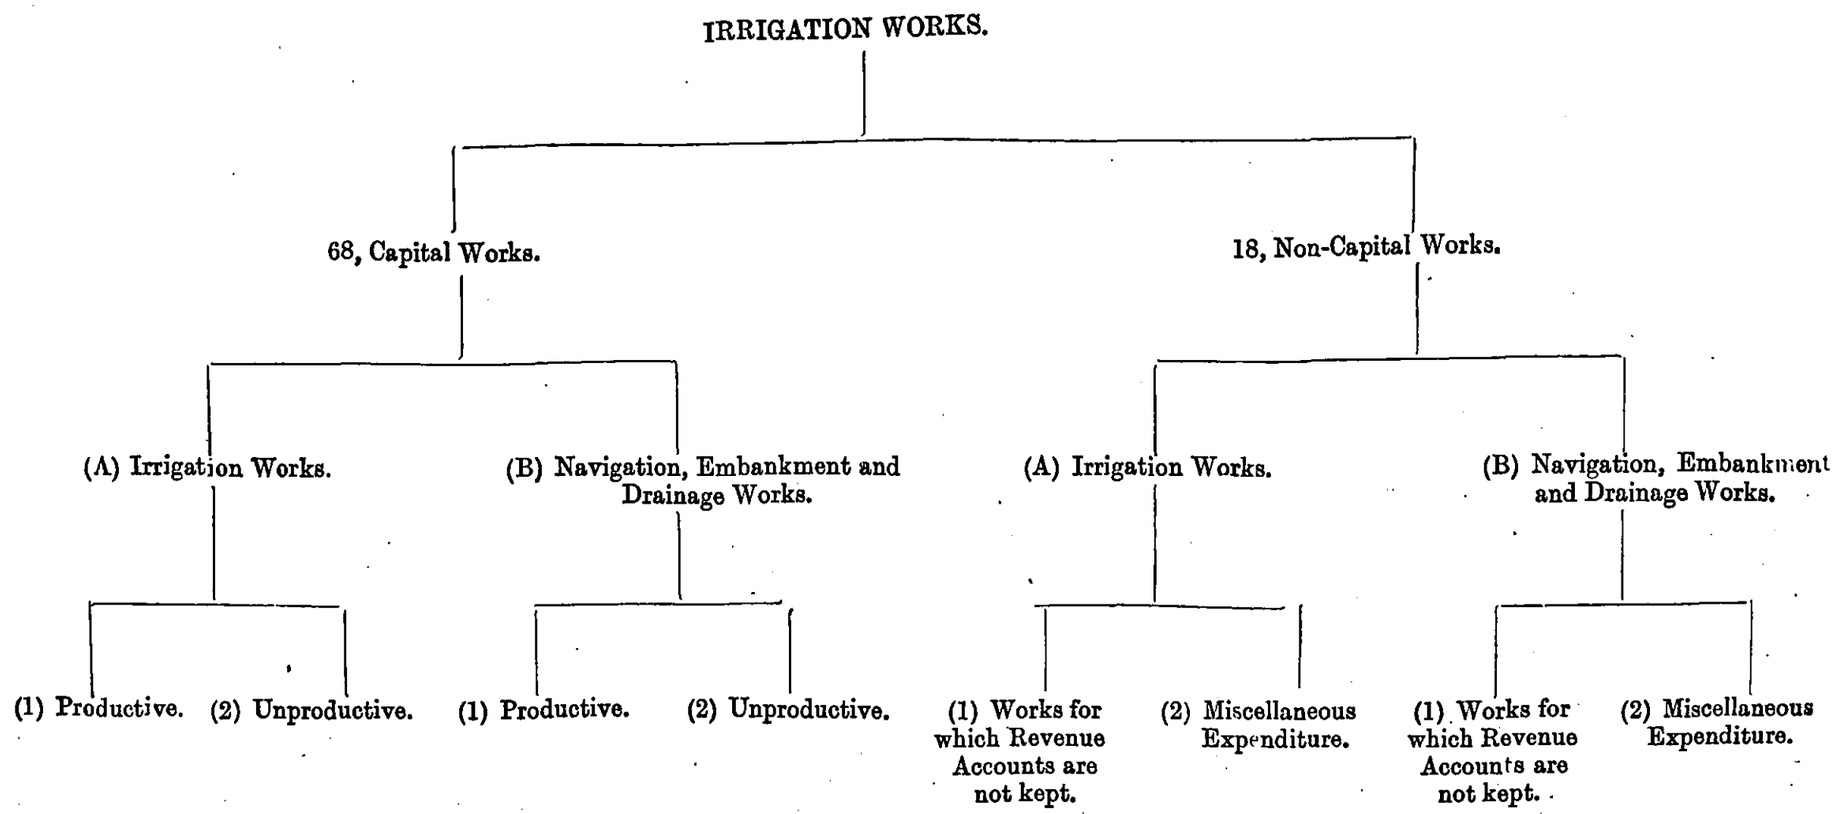
71. There is one more *minus* entry to be made in the budget estimates of revenue under the head " XVII " before the net revenue is shown and that is " refunds of revenue ".

72. The interest on capital outlay is shown under the head " 17, Interest on Works " for which Capital Accounts are kept.

73. The second division of irrigation works, viz., works for which capital accounts are not kept includes a very large number of works which while collectively of great importance, are individually too small to make it worthwhile to maintain separate accounts for each. All expenditure upon such works—

whether upon the construction of new works or upon extensions or improvements, maintenance or repairs of existing works—is accounted for under one major head "18, Other Revenue Expenditure". Since the works under this class are on a non-commercial basis and no capital accounts are kept for them, there is no object in treating maintenance charges as a *minus* entry under revenue as in the case of quasi-commercial works, and therefore, they are shown under the expenditure head "18". The only comparison here possible is that between the gross revenue (shown under revenue head "XVIII)" and the total expenditure of all kinds. In this division is also booked, under a separate sub-head "Miscellaneous expenditure." all expenditure upon the prelimanary surveys of new projects and also the cost of famine surveys required for the preparation of the famine programme. (The works in this division are financed from ordinary revenues of the year. Those works which have a protective aspect as well as surveys for the preparation of famine programme may be financed from the Famine Relief Fund.) The whole of the expenditure on all works under this class is, however, to be booked in the first instance under one major head "18" without reference to the source from which the funds are provided and it is necessary, therefore, as in the case of the major head "68" for capital works, to deduct at the foot of the account of the major head "18" a lump sum showing the amount financed from the Famine Relief Fund, the residue representing the amount financed from ordinary revenues. The amount deducted from this head is booked without details under a separate major head "18 (1), Other Revenue Expenditure financed from Famine Fund".

74. The revenues earned by this class of works are shown under the revenue head "XVIII-Irrigation, Nagivagation, Embankment and Drainage Works for which no Capital Accounts are kept" and the refunds of revenue are deducted from the gross receipts in order to show the net revenue for the works.



Definitions.—1. "*Capital Works*" are works for which capital and revenue accounts are kept on a quasi-commercial basis. The capital expenditure is accounted for under the head "68". Revenue realised from them is credited to the head "XVII".

2. "*Non-Capital Works*" are works for which individually neither capital nor revenue accounts are kept because they produce little or no revenue owing to their restricted size. The expenditure on these is accounted for under the head "18". Revenue realised from them is credited to the head "XVIII".

NOTE SHOWING THE MAIN IRRIGATION WORKS COMPLETED.

75. Cultivation in this State depends chiefly upon rainfall, and advantage is taken of irrigation manly for growing valuable crops (e.g. sugarcane) or to counteract the effects of drought. The larger irrigation schemes necessarily involve the construction of storage reservoirs on rivers for feeding the canals supplying water to the irrigated areas. The principal irrigation works are mentioned below.

76. *Lower Panjhra River Works, Kadwa River Works and Krishna Canals.*—The oldest of the Government irrigation works in the Deccan are the Panjhra River Works in Khandesh. They date from 1851-52 and were constructed at a cost of about 5 lakhs of rupees. Next to these among many small works are the Kadwa River Works in the Nasik District and the Krishana Canal in Satara District which came into operation in 1869. They were constructed at a cost of about Rs. 10½ lakhs and Rs. 9½ lakhs respectively.

77. *Mutha Canals.*—The Mutha Canals system consist of a large storage reservoir called Lake Fife, on the Mutha River at Khadakwasla near Poona, and two canals, the Mutha Right and Left Bank Canal. It came into operation in 1874-75 and has cost about 70 lakhs of rupees.

78. *Ekruk Tank and the Hathmati Canal.*-The Ekruk Tank in the Sholapur District and the Hathamati Canal (which was the first and is still the most important work in Gujarat) came into operation in 1872-73 and 1873-74 and about 13½ and 13¼ lakhs of rupees respectively, have been spent on them.

79. *Nira Right and Left Bank Canals.*—The Nira Right and Left Bank Canals in the Poona and Sholapur Districts receive their supply partly from the Nira River and partly from the reservoir at Bhatgar (called Lake Whiting) and one of the tributaries of that river. The Left Bank Canal was opened in 1885 and has cost about 1·47 lakhs of rupees including Shetphal Tank. The Right Bank Canal was opened in 1924 and has cost about 4·12 lakhs of rupees.

80. *Gokak Canals.*—The Gokak Canal in the Belgaum District is a small canal taking off direct from above a weir on the Ghataprabha River without a storage work. It was opened in 1884 and over Rs. 15½ lakhs have been spent on it.

81. *Girna Canal.*—The Girna Canal in the Nasik District is fed from the Chankapur Tank. It was constructed at a cost of Rs. 20¾ lakhs and was opened for irrigation in 1909.

82. *Godavari Canal.*—The Godavari Canals system includes a storage reservoir (Lake Beale) on the Darna River and pick-up-weir at Nandur-Madhmeshwar on the Godavari from which take off the Right and Left Bank Canals. This project has cost about 106 lakhs of rupees and was brought into operation in 1912. The canals irrigate lands in Nasik and Ahmednagar Districts.

83. *Pravara River Works.*—The Pravara River Work system comprises (*i*) a storage reservoir, called Lake Arthur Hill, in the Ahmednagar District on the Pravara River at Bhandardara, (*ii*) a pick-up-weir at Ojhar and (*iii*) two canals named the Pravara Right and Left Bank Canals. The project was sanctioned by the Government of India in 1907. Work was commenced in 1908 and both the dam and the canals have been completed. The capital cost of the whole scheme, including the dam, amounts to over Rs. 151 lakhs. The masonry dam or the storage reservoir is 274 feet high above the river bed at its highest point and about 1,600 feet in length. It is one of the highest dams in the world.

84. *Meshwa Canal Project.*—The Meshwa Canal Project in the Kaira District estimated to cost about Rs. 53 lakhs, is the first one to be put into operation under the Development Programme of Major Irrigation Works in the State of Bombay. The project envisages utilisation of the waters of the Meshwa River for irrigation in the Kharif season to the extent of about 18,000 acres of land in th Kaira District. The project has been practically completed and irrigation started in June 1950.

85. *Ghataprabha Left Bank Canal Project.*—The scheme forms a part of the Ghataprabha Valley Development Project and provides for construction of the length of 44 miles of the main canal at an estimated cost of Rs. 545 lakhs. These canals will irrigate 1,20,000 acres in Belgaum and Bijapur Districts, 32 miles out of the 44 miles of the main canal and first 8 miles of the Raibaug Branch have been completed. From the completed portion of the canals irrigation can be provided to an area of 60,000 acres.

86. *Kakrapara Weir and Canals Project.*—The project consists of a diversion weir at Kakrapara about 50 miles upstream of Surat together with a system of canals commanding a gross area of 800,000 acres. The revised estimated cost of the project amounts to Rs. 11,65,10,722. The scheme is expected to irrigate 652,000 acres in Surat District. The Chaltan Branch has already been completed and opened for irrigation since June 1953. The Surat Branch is also nearly completed. It has been possible to provide irrigation facilities to an area of 150,000 acres from the completed canals.

87. *Ranand Track.*—The project is estimated to cost Rs. 30·18 lakhs and irrigate 350 acres in North Satara District. The earthen dam has been completed and water was given for irrigation for a length of five miles.

88. In addition to the above schemes, there are many other small canals and tanks which collectively irrigate large areas of lands.

89. The financial results of irrigation works for which capital accounts are kept for the triennium ending 1953-54 are shown in the accompanying statement.

STATEMENT SHOWING THE FINANCIAL RESULTS OF IRRIGATION WORKS FOR WHICH CAPITAL ACCOUNTS ARE KEPT, FOR THE TRIENNIUM ENDING 1953-54.

XVII—Irrigation, Navigation, Embankment and Drainage Works for which Capital Accounts are kept.

Revenue.

90. The revenue derived from irrigation works for which capital accounts are kept is classified under two heads, viz., (*a*) direct receipts and (*b*) that portion of the land revenue which is credited to irrigation. The former head includes the sale proceeds of water supplied for irrigational and non-irrigational purposes, the sale proceeds from canal plantations and other canal produce (e. g. wood, grass, etc.) while the latter represents the irrigation share of land revenue.

91. The working expenses of the works for which capital accounts are kept are deducted from the total receipts under the two heads mentioned above, in order to show the " net revenue " earned.

92. The figures of gross and net revenue for the years 1954–55 and 1955–56 and the budget estimate for the year 1956–57 are shown below :—

Pages 25–26, Civil Budget Estimates.

——	Accounts, 1954–55.	Budget Estimate, 1955–56.	Revised Estimate, 1955–56.	Budget Estimate, 1956–57.
Direct receipts	1,05,82	1,23,95	1,22,64	1,34,99
Portion of Land Revenue due to Irrigation	19	20	20	20
Gross Receipts ...	1,06,01	1,24,15	1,22,84	1,35,19
Deduct—Working expenses	—36,36	—43,10	—51,21	—44,35
Net Receipts ...	69,65	81,05	71,63	90,84

93. The decrease in the revised estimate under "Direct Receipts" as compared with the current year's budget estimate is mainly due to smaller receipts anticipated from Irrigation Cess and Betterment Levy, and from water supply of towns, *partly* counterbalanced by larger receipts from water rates. The increase in the next year's budget estimate, as compared with the current year's revised estimate, is mainly due to larger receipts anticipated from Irrigation Cess and Betterment Levy, and from water rates.

94. The distribution of the figures of expenditure under the " XVII—Deduct Working Expenses " for the year 1954–55 and 1955–56 and the budget estimate for the year 1956–57 is as follows :—

Pages 27–30, Civil Budget Estimates.

Total—Voted ...	36,36	43,10	51,21	44,35

95. *Extensions and Improvements.*—The decrease in the revised estimate is mainly due to postponement of some works. The next year's provision is for completion of the works in progress and for new works.

96. *Maintenance and Repairs.*—The increase in the revised estimate is due to certain repairs works undertaken in the various Circles. The next year's estimate takes into account new Minor Works and the amount required for works in progress.

97. All ordinary establishment and tools and plant charges of the Public Works Department are also included under "50-Civil Works". The gross demand to be put to the vote of the Legislature under "XVII—Irrigation, Navigation, etc.—Deduct—Working Expenses" for 1956–57 amounts to Rs. 44,35,000.

XVIII—Irrigation, Navigation, Embankment and Drainage Works for which no Capital Accounts are kept.

Page 31, Civil Budget Estimates.

95. *Direct Receipts.*—The decrease in the revised estimate of 1955-56 and the next year's budget estimate as compared to the current year's budget is mainly due to smaller receipts anticipated under water rates on account of handing over of the Lift Irrigation Schemes to the Co-operative Societies.

17, Interest on Works for which Capital Accounts are kept.

Expenditure.

Page 114, Civil Budget Estimates.

——	Accounts, 1954–55.	Budget Estimate, 1955–56.	Revised Estimate, 1955–56.	Budget Estimate, 1956–57.
Interest on Capital Outlay on Irrigation Works—				
Charged	*1,17,70*	*1,68,65*	*1,58,78*	*2,07,05*

99. This is merely a *pro forma* head to indicate the interest on Cummulative Capital Outlay on Irrigation expenditure incurred under "68". The expenditure under this head is deducted from the expenditure under "22—Interest" under which provision is made for interest charges on the consolidated debt including irrigation debt. For computing the interest on capital outlay on irrigation works, the capital outlay is looked on as irreducible, unlike debt which is usually redeemable after a fixed term of years; capital outlay can only increase and never diminish, whereas debt may be completely repaid.

100. The revised estimate for 1955–56 and budget estimate for 1956–57 have been framed as follows :—

——	Revised Estimate, 1955–56.	Budget Estimate, 1956–57.

Pages 115–116 and 118–122 and 124, Civil Budget Estimates.

101. The increase in the revised estimate of 1955–56 is mainly due to larger expenditure on scarcity works and minor irrigation works. The decrease in the next year's budget estimate is mainly due to transfer of provision for minor irrigation works costing more than Rs. 20,000 to the capital head "68—Construction, etc.".

102. As explained under the head "XVII", all ordinary establishment and tools and plant charges of the Public Works Department are also included under "50—Civil Works".

103. The net budget estimate of Rs. 45,04,000 is made up as follows :—

	Rs.
Gross Expenditure	45,04,000
Deduct—Expenditure met from the State Sugarcane Cess Fund ...	.....
Net Expenditure ...	45,04,000

In accordance with the revised procedure adopted from 1953–54, only gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly a sum of Rs. 45,04,000 (voted) is included in the Schedule of Demands.

18, Other Revenue Expenditure financed from Ordinary Revenues.

104. The estimates represent expenditure on Lift Irrigation Schemes undertaken by Government, in the State. The current year's budget estimate is for 3 months only, and provides for smooth winding up of the schemes, and for expenditure on staff in the Agricultural Department. The increase in the revised estimate is mainly due to continuance of Lift Irrigation Schemes throughout the year. The next year's estimate provides for smooth winding up of the schemes and for expenditure on the staff in the Agricultural Department. The entire expenditure during the next year is to be met from the Sugar Cane Cess Fund.

105. The net budget estimate of Rs. "Nil" is made up as follows :—

In accordance with the revised procedure adopted from 1953-54, only gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly, the gross demand to be put to the vote of the Legislature under this head amounts to Rs. 1,02,000 (Voted), which has been included in the "Schedule of Demands".

The details of the amount to be met from the State Sugarcane Cess Fund are as follows :—

106. *See* note on the "System of Capital and non-Capital Accounts of Irrigation Works." The entries under this head for "accounts, 1954–55" and budget and revised estimates, 1955–56, correspond to the *deduct* entries under the head "68—Construction of Irrigation, Navigation, Embankment and Drainage Works". They represent the amounts provided from the Fund for Development Schemes for financing the capital expenditure on irrigation works. In the current year, no such withdrawal has been considered necessary on the basis of revised estimates, and hence the provision of Rs. 3,00 lakhs has been reduced to *nil*. With effect from the next year, it has been decided that transfer from the Fund should be shown *directly* under the Capital Section as reduction of expenditure and no debit to this head is consequently necessary.

Revenue.

107. Interest received by the State Government on advances and loans made through the States Loans and Advances Accounts (to agriculturists, local bodies, Presidency Corporations, etc.) is credited to "XX—Interest."

(1) *Interest on Loans to Presidency Corporations.*—The increase in the next year's budget estimate, 1956-57, is on account of a further loan of Rs. 2 crores already sanctioned to Municipal Corporation during the current year and a loan of Rs. 50 lakhs likely to be sanctioned before the close of year for Vaitarna-cum-Tansa Scheme.

(2) *Interest on other Loans and Advances by the State Government.*—The 1955-56 revised estimate and 1956-57 budget estimate are based on the progress of the actuals and the estimates of Departmental Officers. The decrease in the current year's revised estimate is mainly on account of non-payment of interest receipts on the loans sanctioned to the Bombay Electricity Board. The increase in the next year's budget is mainly on account of anticipated interest receipts on loans granted to the Bombay Electricity Board.

(3) *Interest on arrears of revenues.*—The estimates have been framed on the basis of progress of actuals.

(4) *Interest realised on investment of State Balances.*—The increase in the 1955-56 revised estimates and the 1956-57 budget estimates is due to larger investments of balances in treasury bills and long dated Government Securities.

(5) *Miscellaneous.*—The estimates have been framed on the basis of progress of actuals.

Expenditure.

108. The following charges are debited to the head "22—Interest on Debt and Other Obligations":—

(*a*) Interest and discount on permanent loans, treasury bills and other floating loans, expenditure connected with the management of debt, the issue of new loans and other miscellaneous charges.

(*b*) Interest payment to the Central Government on advances taken from them.

(*c*) Interest on endowments for charitable and educational institutions and on the balances in the Provident Funds.

(*d*) Interest payable on other miscellaneous items.

Credit is given to this head under the heads:—

(*a*) *Deduct*—Interest transferred to Commercial Departments—

(*i*) Interest on irrigation works transferred to the head "17, Interest on Works for which capital accounts are kept."

(*ii*) Interest on commercial undertakings (Dapuri Workshops).

(*b*) *Deduct*—Interest transferred to "10—Forests" on account of Capital Outlay on Forests.

(*c*) *Deduct*—Interest transferred to "85-A—Capital Outlay on State Schemes of State Trading."

(*d*) *Deduct*—Interest portion of equated payments out of revenue provided under "55—Superannuation Allowances, etc." in respect of the commuted value of pensions.

(*e*) *Deduct*—Interest portion of equated payments of commuted value of sterling pensions provided under "55—Superannuation Allowances, etc."

(1) *Interest on Permanent Loans.*—The increase in the 1956-57 revised estimate is mainly due to provision of interest on 4 per cent. Bombay State Development Loan, 1967. The increase in the next year's budget is mainly on account of provision of interest for above mentioned loan partially counterbalanced by the absence of provision for interest on 1955 loan which has been redeemed during the current and only half-yearly interest on 1956 loan redeemable in September 1956.

(6) *Expenditure in connection with the issue of new loan.*—The provision in 1955-56 revised estimate is in respect of expenditure incurred in connection with the issue of 4 per cent. Bombay State Development Loan, 1967.

(8) *Interest on the consolidated debt.*—The consolidated debt is payable to the Government of India in equated half-yearly instalments including principal and interest over 45 years on 31st July and 31st January of each year from 1937. The decrease in the 1956-57 budget estimate is due to repayment of principal during the current year.

(9) *Interest on loans to Presidency Corporation excluding those included in the consolidated debt.*—The increase in 1956-57 budget estimate is due to grant of fresh advances for Vaitarna-cum-Tansa Schemes.

(10) *Interest on Agricultural Loans.*—The provision in the 1955-56 revised estimate and the budget estimate for 1956-57 is on account of interest on loans taken from the Government of India for small pumping sets to cultivators for purchase of tractors and establishment of workshops, Lift Irrigation Schemes and Soil Conservation Schemes.

(11) *Interest on loans in connection with Rehabilitation of Displaced Persons.*—The provision in the current year's revised estimates and the next year's budget estimate is equal to actual recoveries of interest likely to be effected from the Displaced Persons.

(12) *Interest on Public Works Department Loans.*—The amounts provided for in the 1955-56 revised estimates and the next year's budget estimate for 1956-57 are for payment of interest on loans taken from the Government of India for Minor Irrigation Schemes, Tube Wells Schemes, Major Irrigation and Electricity Projects.

(13) *Interest on loans for Sholapur Spinning and Weaving Company Limited.*—The next year's provision is for interest on three loans of Rs. 18 lakhs; Rs. 9 lakhs and Rs. 19½ lakhs.

(15) *Interest on loans in connection with Community Development Projects.*—The current year's revised estimate is based on the loan amount actually sanctioned during the previous years. The increase in the next year's budget estimate is due to additional loans from the Government of India.

(16) *Interest on loans to State Road Transport Corporation.*—The provisions in the current year's revised estimate and next year's budget estimate are on account of loan of Rs. 2,88,34,000 taken from the Government of India for passing on to the Corporation and on the loan of Rs. 60 lakhs given for investment in the Corporation.

(17) *Interest on National Plan Loan.*—The provision of interest payment in the revised estimates 1955-56 and the next year's budget has been made on account of the loan of Rs. 6 crores received from the Government of India out of the National Plan Loan.

(18) *Interest on loans taken for Small-Scale Industries.*—The increase in the provision for next year's budget is on account of more loans received from the Government of India.

(19) *Interest on loans taken for Subsidised Housing Scheme for Industrial Workers.*—The increase in the current year's revised estimates is on account of payment of arrears of interest on the instalments drawn in previous years and payment of interest due on the loans fully drawn during the last year.

(22), (23) and (24) The provisions of interest payments have been made on account of the loans received from the Government of India in 1954-55 and during the current year.

(27) *State Provident Funds.*—The expenditure under this head is on account of interest payable on accumulations in the Provident Funds of State Servants. The increase in the revised estimates for 1955-56 and budget estimates for 1956-57 is mainly on account of increased rate of interest on accumulations of Provident Funds and more subscriptions.

(29) *Miscellaneous.*—The increase in the current year's revised estimate and next year's budget estimate is mainly on account of provision for interest portion of equated instalement of commuted value of Sterling pensions. This is a new arrangement under which State Government has to pay to Central Government equated instalments for 30 years to liquidate the Sterling Pensions liability.

(30) *Deduct—Interest transferred to Commercial Departments—"17, Interest of works for which capital accounts are kept".*—The figures are explained in paragraph 99 under the head "17".

(31) *Deduct—Interest transferred to "10, Forests".*—A corresponding debit appears under the head "10, Forests."

(32) *Deduct—Interest transferred to "85-A, Capital Outlay on State Schemes of State Trading".*—The amounts deducted are for interest on the Capital Outlay advanced for the various schemes included under the head "85-A". The increase in the 1955-56 revised estimates and 1956-57 budget estimates is on account of not surrendering the P. L. As. of the Civil Supplies Officers as anticipated.

(33) *Deduct—Interest portion of equated payments on account of commuted value of pensions.*—See paragraph 424 under "83, Payments of Commuted Value of Pensions".

(34) *Deduct—Interest portion of equated instalment of commuted value of sterling pensions.*—This provision is transferred to the head "55—Superannuation Allowances, etc."

109. The net budget estimate for 1956-57 is Rs. 1,81,88,000 as follows :—

	Charged. Rs.
Gross Expenditure ...	*4,06,68,000*
Deduct—Transfers ...	*2,24,80,000*
Net Expenditure ...	*1,81,88,000*

In accordance with the revised procedure adopted from 1954-55, only gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly, a sum of Rs. 4,06,68,000 (*charged*) will be included in the Appropriation Bill.

23, Appropriation for Reduction of Avoidance or Debt.

110. *Sinking Funds.*—Under this minor head are recorded the amounts appropriated from revenue for maintaing a Sinking Fund and a Depreciation Fund, in respect of the loans floated by the State Government—

(*a*) *Three per cent. Bombay Government Loan, 1955.*—This loan matured on 18th September 1955 and the full amount of the loan is likely to be drawn by the public by the end of the current financial year. It was possible to redeem the loan from the accumulations in the Sinking Fund and Debt Redemption and Avoidance Fund.

(*b*) *Three per cent. Bombay Government Loan,* 1956.—It has been decided that the minimum contribution to the Sinking Fund in any one year should be such that togethir with the amount put in the Depreciation Fund, it should suffice to liquidate the loan in 20 years. The maximum contribution to the Sinking Fund should be related to amortisation of the loan on 13 years' basis. Provision was made for the contribution to the Sinking Fund of the maximum amount, till the year 1948–49. Provision for the year 1949–50 was made on the basis of minimum. The amount already contributed to the Debt Redemption and Avoidance Fund together with the accumulation in the Sinking Fund till 1948–49 would be adequate to redeem the loan on maturity. In view of this, it had been decided not to make any further contribution to the Sinking Fund from 1950–51 and to the Depreciation Fund from 1951–52 from the Revenues of the State.

(*c*) *Three per cent. Bombay Government Loan, 1958.*—The decision regarding contribution to the Sinking Fund referred to above applies to this loan also for the same reason.

(*d*) *Three per cent. Bombay State Development Loan, 1962.*—The annual contribution (9,00) to the Depreciation Fund is provided at 1½ per cent. of the total nominal amount (Rs. 6,00,15,500) of loan. The fund is to be used, if necessary, for purchasing securities of this loan for cancellation.

It has been decided that the maximum contribution to the Sinking Fund in any one year should be such that together with the amount put in the Depreciation Fund, it should suffice to liquidate the loan in 13 years. Provision for contribution to Sinking Fund is made on this basis.

(*e*) *Three per cent. Bombay State Development Loan, 1960.*—The annual contribution (4,53) to the Depreciation Fund is provided at 1½ per cent. of the toal nominal amount (Rs. 3,01,87,700) of loan. The Fund is to be used, if necessary, for purchasing securities of this loan for cancellation.

It has been decided that the maximum contribution to the Sinking Fund in any one year should be such that together with the amount put in the Depreciation Fund, it should suffice to liquidate the loan in 10 years. Provision for contribution to the Sinking Fund is made on this basis.

(*f*) *Three per cent. Tapi Irrigation Loan, 1961.*—The annual contribution (1,04) to the Depreciation Fund is provided at 1½ per cent. of the total nominal amount (Rs. 69,31,550) of loan. The fund is to be used, if necessary, for purchasing securities of this loan for cancellation.

It has been decided that the maximum contribution to the Sinking Fund in any one year should be such that together with the amount put in the Depreciation Fund, it should suffice to liquidate the loan in 9 years. Provision for contribution to the Sinking Funds is made on this basis.

(*g*) *Three and half per cent. Bombay State Development Loan, 1962.*—The annual contribution (4,56) to the Depreciation Fund is provided at 1½ per cent. of the total nominal amount (Rs. 3,04,06,900) of loan. The fund is to be used, if necessary, for purchasing securities of this loan for cancellation.

It has been decided that the maximum contribution to the Sinking Fund in any one year should be such that together with the amount put in the Depreciation Fund, it should suffice to liquidate the loan in 11 years. Provision for contribution to the Sinking Fund is made on this basis.

(*h*) *Four per cent. Bombay State Development Loan, 1964.*—The annual contribution (5,50) to the Depreciation Fund is provided at 1½ per cent. of the total nominal amount (Rs. 3,65,88,500) of loan. The Fund is to be used, if necessary, for purchaing securities of this loan for cancellation.

It has been decided that the maximum contribution to the Sinking Fund in any one year should be such that together with the amount put in the Depreciation Fund it should suffice to liquidate the loan in 12 years. Provision for contribution to the Sinking Fund is made on this basis.

(*i*) *Four per cent. Bombay State Development Loan, 1963.*—The annual contribution (8,25) to the Depreciation Fund is provided at 1½ per cent. of the total nominal amount (Rs. 5,50,35,400) of loan. The Fund is to be used, if necessary, for purchasing the securities of this loan for cancellation.

It has been decided that the maximum contribution to the Sinking Fund in any one year should be such that together with the amount put in the Depreciation Fund, it should suffice to liquidate the loan in 10 years. Provision for contribution to the Sinking Fund is made on this basis.

(*j*) *Four per cent. Bombay State Development Loan, 1967.*—The annual contribution (14,94) to the Depreciation Fund is provided at 1½ per cent. of the total Provisional nominal amount (Rs. 9,96,00,000) of loan. The Fund is to be used, if necessary, for purchasing the securities of this loan for cancellation.

It has been decided that the maximum contribution to the Sinking Fund in any one year should be such that together with the amount put in the Depreciation Fund, it should suffice to liquidate the loan in 12 years. Provision for contribution to the Sinking Fund is made on this basis.

(*k*) *and* (*l*) *Sinking Fund for repayment of Government of India Loans taken for Industrial Housing.*—The loans of Rs. 75 lakhs and Rs. 34 lakhs taken from the Government of India for Industrial Housing are repayable by Sinking Fund method over a period of 25 years. Accordingly, the annual contribution works out to Rs. 2·06 lakhs and Rs. ·93 lakhs respectively.

(*m*) *Sinking Fund for repayment of loan advance from the National Plan Loan.*—The loan of Rs. 6 crores from the Government of India is repayable by Sinking Fund Method over a period of ten years. Provision has been made accordingly.

111. *B-Other Appropriations.*—Under this minor head are recorded the amounts appropriated from revenue for reduction or avoidance of debt other than specific appropriation for regularly constituted Sinking Funds :—

The consolidated debt referred to in paragraph 108(8) under the head "22" is repayable by equated half-yearly instalment including principal and interest over 45 years commencing from 1937. The principal portion of the instalments is debitable to the head "23". The increase in 1956-57 budget estimate is due to decreasing amount of interest included in successive equated instalments on account of progressive reduction of the principal outstanding and also due to additional loans from the Government of India.

Provisions are made for repayment of the loans taken from the Government of India for various purposes on the basis of the terms and conditions governing each of the loans.

112. *Transfers—Deduct.*—The consolidated debt mentioned above includes three long-dated loans of Bombay Municipal Corporation, and loans utilised to finance the State Loans and Advances Account. The reasons for showing repayments in respect of these loans as deduct entries under the head "23" are explained below :—

(*i*) The repayment made by the Bombay Municipal Corporation in respect of its long-dated loans is credited in the first instance to the head "Loans and Advances by State Government" (receipt side) in the debt section, but in order to utilise it towards the repayment of the consolidated debt which is provided in gross under the minor head "B—Other Appropriations" a corresponding credit is given to this head by a deduct entry.

(*ii*) The consolidated debt includes the loans taken to finance the State Loans and Advances Accounts. With effect from 1940-41 it has been decided to utilise towards repayment of the consolidated debt, recoveries arising from the operations of the State Loans and Advances Account debt on 1st April 1937 over a period of 45 years with interest at 4½ per cent.

113. The details of the revised estimate of 44,10 and next year's budget estimate of 94,90 under (*ii*) "Repayments made from recoveries arising from the operationo f the State Loans and Advances Account" are as shown below :—

Expenditure.

115. *Emoluments and/or allowances of the Governor.*—The increased current year's revised estimate and the next year's budget estimate are based on the emoluments admissible under the Constitution.

116. *Secretarial Staff of the Governor.*—The increase in the next year's budget estimate is mainly due to the filling in of the Governor's Secretary's post whose duties were being performed by the Comptroller of the Governor's Household.

117. *State Legislature Secretariat.*—The increasse in the next year's budget estimate is mainly due to the creation of additional posts for the work of the Estimates and the Public Accounts Committees.

118. *Legislative Council.*—The increase in the next year's budget estimate is based on calculated requirements in respect of travelling allowance, daily allowance, etc. to Members.

119. *Elections.*—The decrease in the current year's revised estimate is due to less expenditure on the printing of electoral rolls. The next year's budget estimate provides for expenditure on the next general elections in addition to the normal preparation and printing of electoral rolls.

120. *Public Service Commission.*—The decrease in the current year's revised estimate is due to postponement of the competitive examination for recruitment to posts of clerks and Junior Assistants.

121. *Board of Revenue etc., Bombay Revenue Tribunal.*—The increase in the current year's revised estimate and the next year's budget estimate is due to reorganisation of the Bombay Revenue Tribunal resulting in appointment of additional non-official members on the Tribunal and creation of two posts of gazetted officers and other establishment.

122. *Local Fund Audit Establishment.*—The increase in the revised estimate is due to additional staff sanctioned for clearance of arrears. As the control over the Local Fund Audit establishment is to be taken over by Government from the Accountant General with effect from the next financial year the provision for the next year has been included under the minor head ' Accounts Offices '.

123. *Accounts Offices.*—This new minor head has been opened to record expenditure on Accounts Offices coming under the control of the State Government in view of the constitutional provision for separation of Accounts from Audit. The next year's estimate provides for (*i*) the Pay and Accounts Office at Bombay, (*ii*) Accounts Officers for commercial schemes and (*iii*) Local Fund Audit establishment.

124. *District Administration.*—The decrease in the next year's budget estimate is mianly due to discontinuance of permanent travelling allowance of Talathis and reorganisation of the system of appointment of and payment of allowances to Village Servants useful to Government.

125. *Development Schemes.*—This new minor head has been opened with a view to recording all developmental expenditure whether included in the Second Five-Year Plan or not under one minor head so far as non-developmental heads like ' 25—General Administation ' are concerned. The next year's budget estimate provides mainly for expenditure on rural development and publicity schemes (included in the Plan).

126. *Expenditure from Rural Reconstruction Grants.*—The increase in the current year's revised estimate is due to an all round increase in the activities of the District Development Boards. The next year's estimate is included under the new minor head " Development Schemes ".

127. *Charges in England.*—The decrease in the current year's revised estimate and the next year's budget estimate is based on the reports received from the High Commissioner.

128. The net budget estimate of Rs. 10,25,680 (charged) and Rs. 4,98,31,320 (voted) under this head is made up as follows :—

——	*Charged.*	Voted.	Total.
	Rs.	Rs.	Rs.
Gross Expenditure	*10,25,680*	5,86,81,320	5,97,07,000

Revenue.

151. *Police supplied to Public Departments, etc.*—The revenue depends upon the number of guards provided to public departments, etc. The provision made for the next year is based on the number of guards which are expected to be provided.

152. *Receipts and Recoveries on account of Presidency Police.*—The revised and the next year's estimates are based on past actuals.

153. *Fees, Fines and Forfeitures.*—The increase in the revised and next year's budget estimates is mainly due to increase in the number of candidates admitted in Police Training School, and also increase in the number of hotel and music licenses.

154. *Recoveries of overpayments.*—The revised estimate is based on the progress of actuals.

155. *Collection of payments for services rendered.*—The increase in the revised estimate is mainly due to adjustment of arrears of recoveries from the Central Government in respect of Foreign Seamen's Branch, Passport Branches and for Police on Goa Border. The next year's estimate is based on normal receipts.

156. *Miscellaneous.*—The receipts under this item are made up of the income derived from the Police messes and canteens. The current year's revised estimate is based on the actuals of the first eight months. The increase in the next year's budget estimate is due to more receipts anticipated from the newly started messes.

Expenditure.

157. *Greater Bombay Police.*—The increase in the current year's revised estimate is mainly due to large expenditure on travelling allowance (Ordinary), T. B. Concessions, tear gas Smoke Equipments, refreshment allowance, contingencies, etc. The increase in the next year's budget estimate, as compared with the current year's budget estimate, mainly is due to appointment of additional police staff.

158. *Superintendence.*—The increase in the revised and next year's budget estimates is mainly due to appointment of substitutes in leave vacancies, excess touring by the Commandants of the Special Reserve Police Force Groups and the Superintendent of Police, Wireless, on the Indo-Pak and Portuguese borders for inspection, and payment of commission charges on railway warrants.

159. *District Executive Force.*—The increase in the revised estimate is mainly on account of payment of arrears of pay to the officers, clothing charges, ordnance stores, and rents rates and taxes. The increase in the next year's budget as compared with the revised estimate is due to appointment of additional police staff.

160. *Police Training School.*—The decrease in the current year's revised estimate is due to reduction in the number of sub-Inspector candidates, and reduction in the expenditure under "messing charges".

161. *Railway Police.*—The revised estimate is based on the progress of the first eight months' actuals. The next year's budget estimate provides for normal requirements.

162. *Criminal Investigation Department.*—The decrease in the revised estimate is mainly due to non-starting of the Forensic Science Laboratory. The increase in the next year's budget is due to appointment of additional temporary staff, and provision for contingencies for Handwriting and Photo Branch of Poona and Ahmedabad.

163. *Home Guards.*—The decrease in the revised estimate is due to less expenditure anticipated under the contingencies. The increase in the next year's budget, as compared with the current year's budget estimate is due to appointment of part-time clerk and part-time peon for each unit and sub-units of the Home Guard's Organisation.

164. The net budget estimate of Rs. 9,48,11,000 (Voted) under this head is made up as under:—

	Rs.
Gross expenditure	9,57,25,000
Deduct—Total recoveries as per details shown on page 244 of the Civil Budget Estimates	— 9,14,000
Net expenditure	9,48,11,000

In accordance with the revised procedure to be adopted from 1953–54, only gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly, a sum of Rs. 9,57,25,000 (voted) is included in the "Schedule of Demands".

165. The receipts and the cost of establishment in connection with the survey of inland vessels are treated as pertaining to State while those for ocean-going vessels are treated as pertaining to the Union. Accordingly, expenditure in connection with Ship Survey Department, Bombay, is treated as partly Union and partly State, the proportion being 93 per cent. Union and 7 per cent. State. The estimates accordingly represent 7 per cent. of the cost of the Ship Survey Department of the Indian Union.

Expenditure.

166. *Ports Establishment.*—The decrease in the current year's revised estimate is based on the progress of current actuals. The next year's provision is for the normal requirements of the Marine Division and the sub-divisions thereunder.

167. *Works.*—The decrease in the current year's revised is mainly due to non-materialisation of the purchase of the dredger for which a provision of Rs. 20 lakhs has been made in the current year's budget. The next year's budget includes provision for works-in-progress and the works provided in the Second Five-Year Plan.

168. *Deduct—Recoveries.*—The reduction in the revised estimate is mainly on account of non-materialisation of the purchase of the dredger for which the central assistance of Rs. 10 lakhs assumed for the current year's budget will not be realised.

169. The demand for grants under the major head "30—Ports and Pilotage" will be Rs. 25,51,000 as there are no provisions under "*Deduct*—Recoveries" in the next year's budget.

170. Consequent on the constitutional changes and the abolition of the Residencies the Government of India transferred the Administration of the Dangs Area which was formerly being administered by the Crown Representative to this Government with effect from the 15th August 1947. The Dangs Area has therefore been merged in the State by an order called the Bombay (Enlargement of Area and Alteration of Boundaries) Order, 1947, with effect from the 19th January 1948. As Government desires to keep separate accounts of the receipts and payments of the Dangs on the amelioration of the people of the Dangs it has become necessary to prescribe a separate procedure for the accounting of the transactions relating to the Dangs.

Revenue.

171. The increase in the current year's revised estimate and the next year's budget estimate under, "Forest" is chiefly due to better prices expected to be realised from the large number of coupes. The revised estimate under "Land Revenue" is based on the progress of current actuals.

Expenditure.

172. The decrease in the revised estimate is due to less expenditure under "Forest", "Land Revenue" "Education", "Public Health", "Agriculture", "Rural Development", "Civil Works" and "Capital Outlay on State Schemes of State trading", partly counterbalanced by more expenditure under "District Local Committee of Management", "Co-operation" and "Political Pensions", estimated on the basis of the progress of current year's actuals. The increase in the next year's budget is mainly due to increased grants provided for the implementation of various schemes for the all-round development of Dangs District, including those of the Second Five-Year Plan. The expenditure on "Development Schemes" is shown under a new minor head opened for that purpose.

173. The net budget estimate of Rs. 53,62,000 is made up as under :—

	Charged.	Voted.

174. *Museums.*—The increase in the current year's revised estimate is due to expenditure incurred on accounts of acquisition of the Bhavani Museum at Aundh. The increase in the next year's budget is due to expansion of the Department of Archaeology.

175. *National Parks and Gardens.*—The increase in the current year's revised estimate is due to increased expenditure on maintenance of gardens. The decrease in the next year's budget is due to less expenditure expected to be incurred on maintenance at the National Park, Borivli.

176. *Works.*—The increase in the current year's revised estimate and the next year's budget estimates is due to additional improvement works taken up during the current year and proposed to be taken up next year for the development of Krishnagiri Upavan, Borivli.

177. The gross demand for grant under "36-Scientific Departments" will be Rs. 10, 82,000 excluding transfer of an amount of Rs. 3,91,000 to the Bombay State Milk Fund.

178. *A-University.*—The decrease in the current year's revised is based on the progress of current actuals. The decrease in the next year's budget is mainly due to the reduction in receipts in Gujarat College, Ahmedabad, on account of the change in Government policy to reduce the number of admissions in the undergraduate classes.

179. *B-Secondary.*—The decrease in the current year's revised and the next year's budget is due to transfer of some ex-State Secondary Schools to private management.

180. *C-Primary.*—The revised estimate is on account of the fees in primary schools attached to primary training colleges. No receipts are expected next year on account of primary education.

181. *D-Special.*—The increase in the current year's revised and the next year's budget is mainly due to (*i*) the expansion of facilities in the Department of Architecture and (*ii*) the increase in the number of students in all Departments of Sir J. J. School of Art.

182. *E-General.*—The increase in the current year's revised and the next year's budget is mainly due to larger recoveries of overpayments of grants made to District School Boards.

183. *Deduct Refunds.*—The current year's revised and the next year's budget estimates are based on the progress of current and past actuals.

Expenditure.

184. *A-University.*—The increase in current year's revised and the next year's budget is mainly on account of the payment of building grants to Universities. The next year's budget includes provision for (*i*) Expansion of the Colleges of Engineering at Poona and Ahmedabad, (*ii*) increased grant-in-aid to non-Government Colleges and (*iii*) Expansion of facilities for post-graduate education and research in Basic Sciences at the Institute of Science, Bombay.

185. *C-Primary.*—The increase in the next year's budget is mainly due to (*i*) the beginning to be made in extending compulsion to places with a population of 500 to 999 (*ii*) Conversion of ordinary schools into Basic Schools and (*iii*) the development of Ashram Schools for Scheduled and ex-Criminal Tribes.

186. *D-Special.*—The decrease in the current year's revised is mainly due to the slow progress of expenditure particularly under " Government Special Schools for Boys ", " Basic Training " and the " National Cadet Corps ". The increase in the next year's budget is mainly on account of the provision made for (*i*) the Establishment of Polytechnics in the State, (*ii*) the scheme for the training of Primary Teachers, (*iii*) the expansion of the National Cadet Corps (Senior Division) and the Auxiliary Cadet Corps and (*iv*) the Youth Service Camps.

187. *E-General.*—The decrease in the current year's budget is based on the slow progress of current actuals. The increase in the next year's budget is mainly due to the provision made for (*i*) additional administrative staff in the Director of Education's Office and other subordinate Offices for the implementation of the Second Five Year Plan, (*ii*) sheltered workshops for the physically handicapped and (*iii*) building, equipment and maintenance grants to Research and Cultural Institutions.

188. *F-Charges in England.*—The current year's revised and the next year's budget are based on the latest report received from the High Commissioner.

189. The net budget estimate of Rs. 16,01,79,000 (voted) under this budget head is made up as under :—

	Voted. Rs.
Gross Expenditure	16,11,45,000
Deduct—Amount of " Financial Assistance to Displaced Persons " transferred to " 57-Miscellaneous ".	—9,66,000
Net Expenditure ...	16,01,79,000

In accordance with the existing procedure, only gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly a sum of Rs. 16,11,45,000 is included in the " Schedule of Demands ".

190. *Medical Schools and Colleges Fees.*—The increase in the next year's budget is due to the increase in the number of admissions to Medical Colleges.

191. *Hospital Receipts.*—The increase in the current year's revised budget is on account of Hospitalisation charges of cases covered by Employees State Insurance Scheme. The increase in the next year's budget is due to grants expected from Government of India on certain Schemes and is also based on the progress of current and past actuals.

192. *Mental Hospital Receipts.*—The decrease in the next year's budget is based on the progress of past actuals.

193. *Sale of Medicines.*—The decrease in the next year's budget is due to introduction of cheaper Ayurvedic medicines in place of Allopathic medicines as far as practicable.

194. *Bacteriological Receipts.*—The increase in the current year's budget is due to the more demands for sera and vaccines. The increase in the next year's budget is based on the progress of past actuals.

195. *Contributions.*—The increase in the current year's revised estimate and the next year's budget is based on the average of past and current actuals.

196. *Income from Endowments.*—The decrease in the next year's estimate is based on average of past actuals.

197. *Collection of payments for services rendered.*—The increase in the current year's revised estimate is based on the current and past actuals.

198. *Miscellaneous.*—The decrease in the current year's revised and next year's budget estimate is based on the progress of current and past actuals.

199. *Employees State Insurance Scheme.*—The current year's revised estimate and the next year's budget are based on the expected expenditure on the scheme which has been brought into force in Greater Bombay with effect from 2nd October 1954. These receipts represent recoveries of expenditure on the scheme from the Employees' State Insurance Corporation.

200. *Refunds.*—The increase in the current year's revised estimate and the next year's budget is based on progress of actuals.

Expenditure.

201. *A—Medical Establishment.*—The decrease in the current year's revised estimate and the next year's budget estimate is on account of the expenditure on the Employees' State Insurance Scheme, being shown under a separate minor head from the current year.

202. *B—Hospitals and Dispensaries.*—The increase in the current year's revised estimate, and the next year's budget is due to more expenditure on purchase of Hospital Equipment (e.g. X-Ray Machines, etc.) and additional grants to the charitable institutions. The increase in the next year's budget is also due to expansion of medical facilities in the mofussil and backward areas, and opening of two Cottage Hospitals.

203. *C—Grants for Medical Purposes.*—The decrease in the current year's revised estimate and the next year's budget is based on the progress of actuals.

204. *D—Medical Colleges and Schools.*—The increase in the current year's revised estimate is on account of more expenditure on contingent grants at various medical colleges. The increase in the next year's budget is on account of purchase of additional furniture, equipment and library grants. The increase is also partly due to proposed starting of College of Nursing.

205. *E—Mental Hospitals.*—The decrease in the next year's budget is based on past actuals partly counterbalanced by increased expenditure on revision of clothing scales to Class IV staff.

206. *I—Bacteriological Laboratories.*—The decrease in the current year's revised estimate is due to the less production of vaccines at the Haffkine Institute. The increase in the next year's budget estimate is due to the additional staff required on account of proposed manufacture of snake venom, Hyperimmune Rabis serum and Triple Vaccine at the Haffkine Institute.

207. *J—Charges in England.*—The decrease in the next year's budget is on account of the fact that most of the equipments required by the Medical Institutions are available and proposed to be purchased in India.

208. *L—Employees State Insurance Scheme.*—The provision for the current year was included under "Medical Establishment". The same is being shown separately under this head from the current year. The increase in the next year's budget is due to proposed expansion of the medical facilities under the Scheme in Bombay and proposed expansion of the Scheme to Ahmedabad and Sholapur.

209. The demand for grant under "38-Medical" will be Rs. 3,97,76,000 after excluding recoveries amounting to Rs. 77,200 details of which are as under :—

210. *Sale Proceeds of Sera and Vaccine.*—The increase in the next year's budget is mainly due to recovery of past arrears.

211. *Contributions.*—The decrease in the current year's revised is mainly due to the reluctance of some local bodies in the newly created Districts to pay the Contributions on account of Vaccinators. The next year's estimate represents normal receipts.

212. *Collection of payments for services rendered.*—The decrease in the current year's-revised is based on the progress of the current and the latest actuals.

213. *Miscellaneous.*—This minor head records the receipts accruing from Government of India under Rural Water Supply Scheme and from Government Water Works, Sanitary Inspectors' examination fees, pilgrim taxes etc. The decrease in the current year's revised is mainly due to the reduced assistance expected from Government of India on account of the slow progress of expenditure on Rural Water Supply Scheme. The slight increase in the next year's budget over the current year's revised is mainly due to larger Central assistance assumed for the next year's budget under the Rural Water Supply Scheme.

Expenditure.

214. *A—Public Health Establishment.*—The decrease in the current year's revised is based on the progress of current actuals. The increase in the next year's budget is mainly due to the Medical Organisation in Poona and Baroda Districts being taken over by the Public Health Department in pursuance of the policy of integrating curative and preventive measures in the Districts. The establishment of Health Units and the expansion of the Town Planning and Valuation Department for the preparation of Development Plan of Towns also accounts for the bulk of the increase in the next year's budget.

215. *B—Grants for Public Heal h purposes.*—The decrease in the current year's revised is mainly due to the reduction in the rate of rebate grants payable to Municipalities for works executed through the Public Works Department. The decrease in the next year's budget is mainly due to reduced provision made for the payment of grants to Municipalities for Water Supply and Drainage Works.

216. *C—Expenses in connection with Epidemic Diseases.*—The increase in the current year's revised and the next year's budget is mainly due to the expenditure on additional staff, equipment and construction of works undertaken in connection with the arrangements for the Sinhastha Fair at Nasik.

217. *D—Works.*—The decrease in the current year's revised is mainly due to the slow progress of expenditure on the normal Village Water Supply Scheme and the Rural Water Supply Scheme. No provision for the normal Village Water Supply Schemes has been made under this head in the next year's budget as it has been decided to finance such works from the provision made for 'Local Development Works' under "63-B". Further, it has been decided to treat major works costing Rs. 20,000 or more as capital works to be financed from the Capital Section of the budget. The decrease in the next year's budget is, therefore, due to the (*i*) absence of the provision for the normal Village Water Supply Works and, (*ii*) transfer of the provision required for major works from this head to '70–Capital Outlay etc.'

218. *Deduct—Recoveries.*—The decrease in the current year's revised and the next year's budget is mainly due to reduced recoveries under 'D-3(*ii*) Suspense" and these accruing from '70–Capital outlay etc.' on account of the cost of Public Health Engineer and his establishment.

219. The gross budget estimates works out to Rs. 2,99,30,970 under this head after excluding recoveries amounting to Rs. 80,10,970, the details of which are shown at page 374 of the Civil Budget Estimates for 1956–57. In accordance with the existing procedure, only gross expenditure is to be submitted to vote of the Legislative Assembly. Accordingly a sum of Rs. 2,99,30,970 (voted) is included in the "Schedule of Demands".

220. *Agricultural Receipts.*—The decrease in the revised estimate is mainly due to reorganisation of machanical Cultivation Section and restriction of its activities to bull-dozing work. The further decrease in the next year's budget estimate is mainly due to absence of receipts on account of the sale proceeds of sulphate of Ammonia scheme, the transactions of which are to be accounted for under '85-A—Capital Outlay on State Schemes, etc., from the next year.

221. *Deposit Account of grants made under other Governments, Local Funds or other Outside Bodies.*—The decrease in the revised estimate is due to non-starting of some of the schemes. In view of the revised Accounting Procedure relating to Reserve and Reserve Funds, transfers of expenditure to the deposit head have been shown as deduct entries under the expenditure head.

222. *Deduct—Refunds.*—The increase in the revised estimate is due to larger amount required for refund arising under the sulphate of ammonia scheme.

Expenditure.

223. *Direction.*—The increase in the revised estimate is mainly due to expenditure on the scheme for training of Primary Reporting Agencies which has been sanctioned during the current year. The increase in the next year's budget estimate, as compared with the budget and the revised estimates for the current year, is mainly due to the additional staff required at the headquarters for implementation of the Second Five-Year-Plan.

224. *Subordinate and Expert Staff.*—The decrease in the revised estimate is mainly due to (*i*) late appointment, transfer of staff and vacant posts and (*ii*) closure of the scheme for cattle Dung Manure lying waste in Bombay and Suburban areas. The decrease in the next year's budget estimate is mainly due to smaller expenditure on (1) Measures for the intensification of Grow More Food Crop campaign and (2) opening of Model Agricultural Projects in Scheduled Areas. The decrease is also due to absence of any provision for the scheme for utilization of Cattle Dung Manure lying waste in Bombay and suburban areas and smaller provision for contingent expenditure under the scheme for Extensive work in live Stock Improvement.

225. *Experimental Farms.*—The decrease in the next year's budget estimate is due to smaller expenditure anticipated under "contingencies".

226. *Agricultural Demonstration and Propaganda.*—The increase in the revised estimate is due to larger provision required for adjustment of loss in personal ledger Account for improved seeds for Grow More Food Campaign. The decrease in the next year's budget estimate, as compared to the current year's budget and revised estimates, is mainly due to absence of provision for Purchase and Distribution of Ammonia Sulphate Scheme, the transactions of which are to be accounted for under '85-A—Capital Outlay, etc., from the next year.

227. *Agricultural Experiments and Research.*—The decrease in the revised estimate is mainly due to non-starting or late-starting of some of the schemes and vacant posts and smaller expenditure on bunding works under the Soil Conservation Project. The decrease in the next year's budget estimate is mainly due to (*a*) provision on account of the soil conservation Project having been made under "H-Agricultural Engineering" from the next year (*b*) Smaller provisions for (*i*) Milk Supply Scheme, Poona, Hubli and Ahmedabad (*ii*) Scheme for expansion of Poultry Development work. (*iii*) Scheme for extensive Research on sugarcane in Bombay State. The decrease is also due to absence of any provisions for (1) the Extension Training centre, Anand, as the Centre has been integrated with the Institute of Agriculture, Anand, during the current year, on grant-in-aid basis. and (2) Scheme for improvement of Poultry rearing and distribution of chickens supplied by Heifer-Project. The above decrease is counterbalanced mainly by inclusion of the following new Schemes :—

(1) Taluk Seed Multiplication Farms.
(2) Establishment of a Khillar Cattle Breeding Station in Sholapur District.
(3) Expansion of Government Milk Supply Scheme, Poona.
(4) Reclamation of waste lands at Government cost.
(5) Scheme for Central Hatcheries.

228. *Agricultural Education.*—The decrease in the revised estimate is due to transfer of Agricultural School, Nasik to Mahatma Gandhi Vidya Mandir, Malegaon. The increase in the next year's estimate, as compared to the Current year's budget and the revised estimates is due to establishment of Agricultural Schools, each, at Dhari in Amreli District and at Kolad in Kolaba District, counterbalanced by anticipated decrease in expenditure under "Contingencies" of the Agricultural Schools.

229. *Agricultural Engineering.*—The decrease in the revised estimate is mainly due to reorganisation of the Mechanical Cultivation Section and restriction of its activities to bull-dozing work. The increase in the next year's estimate, as compared to the budget and the revised estimates of the current year, is mainly due to provision for Soil Conservation Project having been made under this head instead of under "F-Agricultural Experiments and Research", counterbalanced by smaller provision for Mechanical cultivation Scheme consequent on its re-organisation.

230. *Grants-in-aid, Contributions, etc.*—The excess in the revised estimate is mainly due to (1) additional amount required for payment of outstanding claims of subsidy to cultivators for bringing additional land under Cotton cultivation, during 1950–51, (2) additional amount required for expenditure of Extension Training Centre, Anand and the scheme for welfare of Scheduled Tribes and Scheduled Areas in Banaskantha District. The increase in the next year's estimate is due to inclusion of new schemes, such as, planned Extension of superior long staple cotton in geradu and light soils in Gujrat, scheme for evolving extra long staple cotton at Nadiad, scheme for the improvement of Wagad Cotton at Viramgaon, etc.

231. *Other changes.*—The estimate represents provision for the Quinquennial Live Stock Census during the next year.

232. *Deduct—Recoveries adjusted in the accounts in reduction of expenditure.*—The decrease in the revised and the next year's budget estimates is mainly due to (1) smaller transfer of expenditure on Soil Conservation Project to the head "P—Loans and Advances" as a result of less expenditure anticipated on soil conservation works and (2) smaller transfer of expenditure to the Sugarcase Cess Fund.

233. The gross demand for grant under, "40-Agriculture" amounts to Rs. 2,74,48,000 after taking into account the expenditure of Rs. 27,72,880 to be met from the Sugar Cane Cess Fund, and excluding the recoveries amounting to Rs. 14,65,450 and the transfer entries amounting to Rs. 62,20,670.

234. *Other Receipts.*—The increase in the next year's budget estimate is mainly due to recoveries anticipated from the Government of India for the following scheme :—

(*i*) Scheme for establishment of rabbit breeding centre in the Bombay State ... 61

(*ii*) Extension of the Scheme for eradication of Rinderpest so as to cover the entire Bombay State 2,98

235. *Collection of payments for services rendered.*—The increase in the current year's revised and next year's budget estimates is due to the adjustment of the amount recovered from the local bodies on account of the pay and allowances and leave salary of staff lent to them for holding charge of Veterinary dispensaries.

Expenditure.

236. *A—Direction.*—This new minor head has been opened for recording provisions required for the Director of Veterinary Services, Deputy Director, and Superintendent, and for the Expansion of the Head Quarters Staff of the Veterinary Department. The provisions required for the above staff have been transferred to this new minor head from the Minor Head " B-Superintendence ".

237. *B—Superintendence.*—The increase in the revised estimate is mainly due to more purchase of sera and vaccine for controlling epidemics. The decrease in the next year's budget estimate is mainly due to transfer of provisions for Expansion of the Head Quarter Staff of the Veterinary Department and of the Director of Veterinary Services and other staff to the minor head " A-Direction ".

238. *C—Subordinate Establishment.*—The increase in the revised and next year's budget estimates is mainly due to revision of pay scales of Veterinary Officers.

239. *D—Hospitals and Dispensaries.*—The increase in the revised and next year's budget estimates is mainly due to payment of grant-in-aid to local bodies on account of pay and allowances of Veterinary Officers placed in charge of Veterinary Dispensaries.

240. *E—Veterinary Education.*—The increase in the current year's revised and next year's budget estimates is mainly due to (*i*) starting of second shift at the Bombay Veterinary College and (*ii*) training of stockmen.

241. *F—Other Charges.*—The increase in the next year's budget estimate is mainly due to larger provision made for the scheme for eradication of rinderpest (provided in the Second Five Year Plan Book).

242. The gross demand for grant under the head " 41—Veterinary " amounts to Rs. 47,10,280 after excluding recoveries of Rs. 40,280. The details of these recoveries are shown on page 457 of the Civil Budget Estimates.

243. *Audit Fees.*—The budget estimate for 1956–57 represents anticipated receipts on account of audit fees from the Co-operative Societies.

244. *Miscellaneous Receipts.*—The decrease in the revised estimate for 1955–56 is due to non-receipt of proposals from Co-operative Housing Societies for grant of subsidies under the Subsidised Industrial Housing Scheme. The increase in the budget estimate for 1956–57 is mainly on account of anticipated larger receipts from the Government of India in connection with the scheme for Co-operative Training, Education and Propaganda, Co-operative Marketing Scheme, Subsidies to various types of Co-operative Institutions and Co-operative Farming Schemes.

Expenditure.

245. *Superintendence.*—The decrease in the revised estimate for 1955–56 is mainly due to late appointment of the audit staff sanctioned during the current year and non-appointment of additional staff sanctioned for low income group scheme. The increase in the budget estimate for 1956–57 is on account of creation of additional staff for carrying out Test Audit of the Co-operative Societies in the State and reorganisation of the Administrative set up of the Co-operative Department.

246. *Grants-in-aid.*—The decrease in the revised estimate is mainly due to new schemes not having been implemented, revision of the scale of financial assistance and non-execution of old schemes according to the progress expected under Lift Irrigation Schemes. The increase in the budget estimate for 1956–57 as compared with the revised estimate is on account of additional expenditure on payment of subsidies

to the various types of Co-operative Institutions, Co-operative Societies of scheduled and under developed areas, Co-operative Housing Societies under Industrial Housing Scheme and contribution to the Agricultural Credit Relief and Guarantee Fund.

247. *Other Charges.*—The decrease in the revised estimate for 1955–56 is mainly due to reduced expenditure on the schemes *viz.*, Staff for Supervising Unions, Scheme for Organisation of Co-operative Better Farming Societies and certain other Schemes, partly counterbalanced by increased expenditure on the schemes *viz.*, Scheme for Co-operative Training and Education and Establishment for Administration of the Money Lenders Act. The increase in the budget estimate for 1956–57 is on account of additional expenditure on the scheme regarding Organisation of Co-operative Farming Societies, Scheme for Co-operative Training and Education, Additional staff for the Co-operative Lift Irrigation Scheme and implementation of Pilot Plant Scheme.

248. In accordance with the revised procedure to be adopted from 1953–54, only gross expenditure is to be put up to the vote of the Legislature. The gross demand under "42—Co-operation" thus amounts to Rs. 1,28,58,000 after taking into account the amount of Rs. 6,17,000 financed from the State Sugar Cane Cess Fund, the details of which are, as shown below :—

249. *Industry.*—The increase in the revised estimate for 1955–56 is mainly due to anticipated receipts on account of dividend on investment in the shares of the Bombay State Co-operative Housing Finance Society Ltd., Bombay State Co-operative Bank Ltd., and the Bombay State Road Transport Corporation. The increase in the budget estimate for 1956–57 is mainly due to larger anticipated receipts on account of dividend on investment in the shares of the Bombay State Road Transport Corporation.

250. *Cottage Industries.*—The decrease in the revised estimate for 1955–56 is mainly due to reduced receipts from the Government of India in connection with the development of Handloom Industry schemes. The decrease in the budget estimate for 1956–57 is on account of change in the Accounting procedure relating to Reserve and Reserve Funds with effect from the budget estimates 1956–57. Under this procedure all withdrawals from the Funds are to be shown as less expenditure by means of a deduct entry under the concerned head and not as a receipt under the receipt head.

251. *Fisheries.*—The decrease in the revised estimate for 1955–56 is mainly due to non recovery of customs duty on T. C. M. engines and smaller receipts from Fisheries Department than anticipated. The increase in the budget estimate for 1956–57 is mainly due to larger receipts on account of customs duty from Fishermen on equipment under T. C. M. Programme and Fisheries Department.

252. *Recoveries of overpayments.* The revised estimate for 1955–56 and the budget estimate for 1956–57 are based on the progress of actuals.

Expenditure.

253. *Industries.*—The increase in the revised estimate for 1955–56 is mainly due to the debit on account of expenditure on scholars sent abroad of the previous years (since 1946–47) having been accounted for this year. The increase in the budget estimate for 1956–57 is mainly due to additional expenditure on new schemes.

254. *Cottage Industries.*—The decrease in the revised estimate for 1955–56 is mainly on account of reduced expenditure on Handloom Industry financed from the grants from the Government of India and Smaller expenditure on certain other Cottage Industries schemes. The increase in the budget estimate for 1956-57 as compared with the revised estimate is on account of larger expenditure on Handloom Industries schemes and additional expenditure on new cottage Industry schemes financed from the grants from the Government of India.

255. *Fisheries.*—The increase in the revised estimate for 1955–56 is mainly on account of additional subsidies to fishermen to adopt improved type of fishing crafts partially counterbalanced by savings under T. C. M. Programme. The increase in the budget estimate for 1956–57 is on account of additional expenditure in connection with the schemes for the manufacture of Shark Liver Oil with Malt extract, Development of Fishing in Deep tank, strengthening of the staff of Fisheries Department and Establishment of Ice and Cold storage plants and marketing of fish in the hinterland.

256. *Charges in England.*—The decrease in the revised estimate for 1955–56 is mainly due to reduced expenditure on purchase of stores.

257. In accordance with the revised procedure to be adopted from 1953–54 only gross expenditure is to be put up to the Vote of the Legislature. The gross demand under "43—Industries" thus amounts to Rs. 1,30,18,000 after taking into account the amount of Rs. 24,47,000 financed from the Government of India (24,36) share of the Saurashtra Government (8) and Fishermen's Relief Fund (3) the details of which are as shown below:—

Revenue.

258. *Inspection of Steam Boilers.*—The decrease in the next year's budget estimate is based on the progress of current and past actuals.

259. *Miscellaneous.*—The decrease in the current year's revised estimate is due to the absence of provision for transfer of profits of the general Civil Supply Scheme. The next year's budget estimate provides for the transfer of 2 crores of such profits. The decrease is partly counterbalanced by receipts of the Milk Transport Service mentiontioned under Government Transport Service below.

260. *Beggars' Scheme.*—The increase in the current year's revised estimate as also in the next year's budget estimate is due to the higher contribution to be received from the Bombay Municipal Corporation in respect of Beggars domiciled in Greater Bombay.

261. *Government Transport Service.*—The decline in the current year's revised as well as the next year's budget estimates is due to the transfer of a large number of Government Transport Service vehicles to the Milk Transport Service section newly formed under the Milk Commissioner, Bombay. The receipts of the Milk Transport Service are provided under the minor head "Miscellaneous" above.

262. *Habitual Offenders' Scheme.*—The increase in the current year's revised estimate is due to the sale of accumulated textile articles to the Government Departments.

263. *Fees under the Cotton Control Order, 1949.*—The decrease in the current year's revised estimate is based on the progress of current actuals.

264. *Transfer from "S-Deposits and Advances" on account of food bonus received from the Government of India.*—Consequent on the decision to meet the expenditure incurred by the Civil Supplies Department on account of procurement schemes out of its share from the total food bonus earned by this State under "47-Miscellaneous Departments" an amount equal to the actual expenditure is required to be adjusted at the end of the financial year by debit to "S-Deposits and Advances" per contra-credit to "XXXVI-Miscellaneous Departments". Accordingly the revised estimate has been based on the estimated expenditure on procurement prizes during the year 1955-56. The provision in the next year's budget is made on the expenditure side under "H-5—Civil Supplies—Mofussil" according to the new accounting procedure adopted.

Expenditure.

265. *Inspector of Factories.*—The increase in the next year's budget is due to the additional staff sanctioned in connection with the opening of 5 new sub-offices.

266. *Labour.*—The next year's provision under this minor head has been shown under "Development Schemes" below.

267. *Miscellaneous.*—The increase in the current year's revised estimate is mainly due to the provision for transfer of losses incurred by the various Civil Supplies Schemes and expenditure on Milk Transport Service newly created under the Milk Commissioner, Bombay, by transfer of vehicles from Government Transport Service.

268. The decrease in the next year's estimate is due to absence of provision for transfer of loss of the Civil Supplies Schemes and showing of expenditure on "Backward Classes" and 'Milk Supply Schemes' under "Development Schemes" below.

269. *Government Transport Service.*—The decrease in the current year's revised as also in the next year's budget estimates is due to the transfer of large number of vehicles and the staff to the Milk Department.

270. *Development Schemes.*—The next year's provision represents expenditure on schemes which were hitherto being provided under "B-Labour", "H-4, Backward Class Welfare", "H-13-Milk Supply Schemes" and "Ameliorative measures for Backward Classes" as also Second Five-Year Plan expenditure details of which are shown in the Brown Book.

271. The net budget estimate of Rs. 2,13,08,000 for the next year is made up as under:—

The decrease in revised estimate is due to non-payment of call money in respect of shares of the State Industrial Co-operative Association, Bombay.

273. (*iv*) *Electrification of Shri Shahu Chhatrapati Mills.*—Expenditure of 226 and 250 for the current and next year respectively is expected to be incurred for electrification of the Shri Shahu Chhatrapati Mills which came into possession of this Government with the Merger of Kolhapur in this State. Equivalent amounts are available from the Depreciation reserve of the concern in the Public Account to which amounts are credited by the Managing Agents Messrs. James Finlay and Co. Ltd. every year.

Revenue.

274. *Transfers from Central Road Fund.*—The next year's provision has been shown in the "Details of recoveries adjusted in the accounts in reduction of expenditure" in accordance with the revised procedure.

Expenditure.

275. *A—Original Works—(a) Civil Buildings—(i) Ordinary.*—The revised estimate is based upon the progress of expenditure during the current year. The decrease in the next year's estimate is due to works, estimated to cost more than Rs. 20,000, having been provided for under "81, Capital Account of Civil Works" instead of under this head.

276. *(b) Communications—(i) Ordinary.*—The next year's provision is only for minor works. The major works in progress have been provided for in the next year's budget under "State Road Fund" instead of under this head.

277. *(b) Communications—(v) West Coast Road Programme.*—These works were being provided for under "State Road Fund." The expenditure on these works is fully recoverable from the Government of India. They have, therefore, been provided for under this head in the next year's budget.

278. *(c) Miscellaneous.*—The current year's revised estimate is on account of expenditure on illuminations on the Republic Day.

279. *B—Repairs—(i) Ordinary.*—The increase in the next year's budget estimate is due to expenditure on surface repairs to roads, which was being provided for under State Road Fund, having been provided for under this head, instead of under that head.

280. *E—Grants-in-aid.*—The decrease in the next year's budget is due to "Grants-in-aid to Local Bodies for local public works" having been provided for under State Road Fund, instead of under this head.

281. *F—Suspense.*—This is a fluctuating item and the cost of the materials and machinery is finally adjusted against the respective works for which they are required. The next year's estimate is based upon the departmental estimates.

282. *Recoveries adjusted in the accounts in reduction of expenditure.*—The decrease in the revised estimate is mainly due to the lesser rate of recovery of establishment and tools and plant charges from other heads. The increase in the next year's budget estimate is due to "Transfers from Central Road Fund" having been shown under this head and due to larger credits under "Suspense."

283. In accordance with the existing procedure, the gross expenditure is to be put to the vote of the Legislature. Accordingly, a sum of Rs. 12,53,00,100 (voted) is included in the schedule of demands, after excluding the recoveries amounting to Rs. 10,19,51,000. The details of these recoveries are given on pages 601 and 602 of the Civil Budget Estimates.

NOTE ON THE BUDGET PROVISION AND FINAL DEBIT OF EXPENDITURE ON PUBLIC WORKS DEPARTMENT ESTABLISHMENT AND TOOLS AND PLANT CHARGES.

284. The staff of the Public Works Department does work which is accounted for under many major heads, e.g., revenue heads "XVII", "18", "30", "33-A", "36", "39", "50", "51", "51-B" and "XLI", capital heads "68", "70", "80", and "81", and deposit heads such as the State Road Fund. In order to account for the establishment and tools and plant charges under each head, the following procedure is in force.

285. Where any special establishment and tools and plant are required under one head only they are booked direct under that head. So far as deposit heads and works for other Governments are concerned, the establishment and tools and plant charges are first debited to "50" and then recovered on a definite percentage basis, namely, 12·5 per cent. establishment (12·49 per cent. Establishment Charges in India and ·01 Establishment Charges in England) and 2 per cent. tools and plant which represent the average of the incidence of such costs, except in respect of the following works for which charges are as shown against them :—

Works.	Charges.
(1) District Local Boards works	15 per cent. (Establishment).
(2) Central Western and Southern Railways (on reciprocal basis).	12·5 per cent. (Establishment).
(3) Relief Camps (Rehabilitation Department) ..	10 per cent. (9 per cent. Establishment and 1 per cent. Tools and Plant).
(4) Defence Department works	24 per cent. (21 per cent. Establishment and 3 per cent. Tools and Plant).
(5) National Highways	7·5 per cent. (6·5 per cent. Establishment and 1 per cent. Tools and Plant).
(6) Central Road Fund	*Nil.*

For the remainder, the establishment and tools and plant charges are debited in the first instance direct to head "50, Civil Works" and are then distributed to each major head on a percentage basis.

286. However, in making the distribution for establishment charges the cost of works and repairs under "XVII" is doubled in order to allow for the cost of supervising the work of the purely revenue establishment. The share of the establishment and tools and plant charges debitable to "39", "54-A" and "70" which are not Public Works Department heads is treated as a recovery of expenditure under "50, Civil Works" and the demand in respect of these charges is shown under the respective heads concerned. As regards the remaining heads with which the Public Works Department is directly concerned, the demand for the ordinary establishment, etc., charges is made under "50, Civil Works" and also under those heads.

287. Separate accounts in respect of expenditure on National Highway Works is required to be maintained. Expenditure in this connection appears under the minor heads "Communications—National Highways", "Repairs—National Highways", "Establishment—National Highways" and Tools and Plant—National Highways. These figures have been shown separately.

288. As irrigation is treated as a commercial department, the heads "XVII", "18" (Public Works Department) and "68" are also debited with pensionary charges calculated at a certain percentage fixed by Government every year on the cost of establishment charges, including the cost of Special Establishment, by a credit to the head "55, Superannuation, etc." where pensions of all Government servants are initially debited.

289. The cost of Special Establishment under "XLI" in respect of Vijapur Power House is debited to that head. In addition to this, Secretariat and supervision charges are also levied under this head on certain percentage basis.

290. The sub-joined table shows the incidence of special as well as ordinary establishment charge (including pensionary charges in the case of irrigation heads) under the Public Works Department head proper :—

XL and 51, Bombay Development Scheme.

292. Up to the year 1938–39, receipts and expenditure for all the schemes of the former Development Department, except the Back Bay Reclamation Scheme and the Salsette and Ambarnath Water Supply Schemes, appeared under these heads. The transactions pertaining to the Back Bay Reclamation Scheme were shown under the Capital head "80, Bombay Development Scheme". With effect from the year 1939–40, the revenue receipts and expenditure on repairs and maintenance of the Back Bay Reclamation Scheme are also recorded under the revenue head "XL" and "51" Bombay Development Scheme, respectively. The revenue receipts and expenditure in respect of the Salsette and Ambarnath Water Supply Schemes are recorded under the heads "XXVIII" and "39" Public Health, respectively.

293. *Rents from Properties.*—The increase in the budget estimate for 1956–57 is due to anticipated larger receipts on account of rent from lands in the Back Bay Reclamation area and recovery of arrerrs of rent from the tenants in the Development Department Chawls.

Expenditure.

294. *Original Works.*—The increase in the revised estimate for 1955–56 is on account of certain urgent works sanctioned in the current year. The decrease in the budget estimate for 1956–57 is on account of transfer of the provision for major works to the capital head "80—Bombay Development Scheme".

295. *Repairs.*—The increase in the budget estimate for 1956–57 is on account of special repairs to Development Department Chawls and repairs to roads in Thana Division.

296. *Establishment (Ordinary) and Tools and Plant.*—The decrease in the revised estimate for 1955–56 and the budget estimate for 1956–57 is due to the revised rates of centage charges at reduced percentage.

297. *Establishment (Special).*—The increase in the revised estimate for 1955–56 is on account of appointment of additional staff in the Offices of the Manager and the Director, Development Department Chawls.

298. *Grant-in-aid.*—The provision of 25 for the revised for 1955–56 and the budget for 1956–57 represents the payment of grant-in-aid to the Bombay Municipality by way of interest charges and contribution to sinking fund in connection with the work of improvements to water supply arrangements at Development Department Chawls, Worli.

299. The Demand to be put to the vote of the Legislature under "51-Bombay Development Scheme" for 1956–57 amounts to Rs. 18,03,000.

300. In accordance with the procedure followed by the Government of India, it has been decided that expenditure on investigations of Irrigation projects be recorded under the head mentioned above. The next year's budget estimate is on account of the following Schemes which are included in the Second Five Year plan :—

(*i*) Investigations for the Narmada project,

(*ii*) Investigations for the Ukai Dam project,

(*iii*) Observing River discharges and Silt observations in Sabarmati River,

(*iv*) Observing River discharges and silt observations in Narmada River.

301. In accordance with the revised procedure only gross expenditure is to be put to the vote of the Legislative Assembly. As there are no recoveries the whole expenditure of Rs. 54,000 is included in the schedule of demands.

302. All the power houses/schemes which were recorded under this head except Vijapur Power House and Trimbak Vidya Mandir Scheme, Nasik, have been transferred to the Bombay Electricity Board with effect from 6th November 1954. The provisions for these power houses after their transfer to the Electricity Board will be made by the Board in its budget.

303. *Vijapur Power House.*—The decrease in the revised estimate for 1955-56 under 'Working Expenses' is due to reduced expenditure on maintenance and running the power house. The budget estimate for 1956-57 under this item provides for normal expenditure.

304. The gross demand to be put to the vote of Legislature under 'XLI-Receipts from Electricity Schemes-Deduct-Working Expenses' for the year 1956-57 would be Rs. 1,16,400 which represents the 'Working Expenses' for Vijapur Power House and Trimbak Vidya Mandir Scheme, Nasik.

Revenue.

308. The amounts representing interest on invested securities held in the Famine Relief Fund were being transferred to the revenue of account under the head "XLIII, Transfers from Famine Relief Fund" for meeting the direct and indirect expenditure on Famine in each year. The revised estimate for 1955-56 is based on the amount of the Famine Fund receipts which will be available for this purpose. With effect from 1956-57 the amount transferred from the Famine Relief Fund is treated as a reduction of expenditure under the head "54-Famine".

Expenditure.

309. *54-A—Famine Relief.*—The revised estimate for 1955-56 is based on the progress of current actuals Normal conditions are expected during the year 1956-57. The receipts from interest on securities held in the Famine Relief Fund are utilised to meet a part of the expenditure on Famine by means of a 'deduct entry' with effect from 1956-57.

310. *54-B—Transfer to Famine Relief Fund.*—According to Bombay Famine Relief Fund (Amendment) Act, 1954, the Famine Relief Fund is to be maintained at a minimum of Rs. 200 lakhs. The original limits of Rs. 63 lakhs has been raised to Rs. 200 lakhs under this Act owing to the merger of several states since 1949, with the consequent increase in expenditure on famine operations, on the one hand, and frequent occurrence of famine conditions in one or the other part of the State during recent years, on the other. It was also decided to reach the increased limit of Rs. 200 lakhs in two years. Accordingly an amount of Rs. 125 lakhs was transferred to the Famine Relief Fund in 1954-55 and the balance of Rs. 12 lakhs will be transferred in 1955-56. As the target of Rs. 200 lakhs will be reached by the end of 1955-56, no further amount is required to be transferred in 1956-57.

311. The next year's budget estimate under the Major head "54-Famine" is made up as under —

	Charged.	*Voted.*
Gross Expenditure	.....	7,60,000
Deduct—Amount transferred from the Famine Relief Fund	.....	6,43,000
	.....	1,17,000

In accordance with the revised procedure to be adopted, only gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly a sum of Rs. 7,60,000 is included in the schedule of Demands under this Major Head.

Expenditure.

312. *Charitable Allowances.*—The budget estimate for 1956–57 represents expenditure on Charitable allowances and Dengi to pensioners in the Sabarkantha, Surat, Bijapur and Dharwar Districts. The decrease in the next year's budget is due to enforcement of the Bombay Merged Territories Miscellaneous Alienations Abolition Act, 1955 with effect from 1st August 1955.

313. The demand for grant under " 54-A, Territorial and Political Pensions " will be Rs. 34,000.

Expenditure.

314. *Privy Purses and Allowances of ex-Rulers of Integrated States and Allowances of their relatives and servants.*—The decrease in the revised estimate for the current year is mainly on account of the enforcement of the Bombay Merged Territories Miscellaneous Alienations Abolition Act, 1955 with effect from 1st August 1955. The Budget estimate for 1956–57 represents anticipated expenditure on "Allowances to Relatives of Rulers", "Cash Allowances and Political Pensions, etc." and "Pensions of Khasgi and Khangi employees of the merged States."

315. The demand for grant under "54-B, Privy Purses and Allowances of Indian Rulers" will be Rs. 15,22,000.

Revenue.

316. The estimates for the year 1955–56 (revised) and the year 1956–57 (Budget) have been framed on the basis of the progress of actuals.

Expenditure.

317. *Superannuation and retired allowances.*—The revised estimate for 1955–56 is based on the progress of current actuals.

318. *Equated Payments of commuted value of pensions transferred from Capital.*—Since 1926–27, the capital expenditure debited to the head "83, Payment of commuted value of Pensions" together with the interest accruing thereon is being repaid from Revenue by equated payments spread over fifteen years. These equated payments are debited to this head. The next year's estimate is based on equated instalment in respect of actual expenditure from 1940–41 to 1954–55 and the estimated expenditure in 1955–56.

319. *Gratuities.*—The increase in the revised estimate of 1955–56 and the budget estimate of 1956–57 is based on the progress of actuals.

320. *Donations to Provident Funds.*—The revised estimate of 1955–56 and the budget estimate for 1956–57 are based on progress of past and current actuals.

321. *Charges in England.*—The revised estimate of 1955–56 and the budget estimate of 1956–57 are based on the latest report received from the High Commissioner. The decrease is due to payment of sterling pensions of this State being transferred to the United Kingdom Government with effect from 1st April 1955 as explained below.

322. *Family Pensions.*—The revised estimate of 1955–56 and the budget estimate of 1956–57 represent the expenditure as payment of Family Pensions under the Revised Pension Rules.

323. *Allowances and Gratuities to Political Sufferers, etc.*—The amount was being provided till now under "63, Extraordinary Charges". From the next year's budget the amount is being provided under this head.

324. *Equated payments of commuted value of sterling pensions.*—The sterling pensions hitherto paid in England have now been transferred to the Government of United Kingdom with effect from 1st April 1955. The Government of India will pay the entire amount of the capitalised value of sterling pensions to the Government of the United Kingdom and the share of this Government will be treated as debt due to the Government of India from the Government of Bombay and will be recovered in annual equated instalment of principal and interest at 1 per cent. per annum in 30 years. Actual calculation of this liability will take some time. Meanwhile Government of India has communicated the provisional liability of Rs. 4,30,35,000 allocable to this State subject to adjustment. The annual equated instalment to repay this amount works out to Rs. 16,67,951. This amount is, therefore, provided under this head.

325. *Deduct—Actual amount of pensions recovered from other Governments.*—The pension charges pertaining to the period prior to 1st April 1936 are being shared by the Bombay and Sind in the manner specified in Government of India (Constitution of Sind) Order, 1936. Broadly speaking, Sind has to pay to Bombay the amount by which the total payment from Bombay Treasuries in respect of pre-separation period exceeds 85 per cent. of the total liability of both the States for the period. Due to partition of the country, the question of financial settlement of outstanding questions between this Government and Sind Government is separately under consideration. This Government is still getting recoveries from Sind Government. The revised estimate for 1955–56 and the budget estimate for 1956–57 are based on progress of actuals.

326. *Deduct—Pensionary Charges transferred to Commercial Departments.*—The pensionary charges which are debited to the accounts of the Irrigation Department are shown as deductions from charges under this minor head.

327. The net budget estimate of Rs. *20,63,000* (*charged*) and 2,50,83,000 (voted) under this head is made up as under :—

	Charged.	Voted.	Total.
	Rs.	Rs.	Rs.

In accordance with the revised procedure adopted from 1953–54 only gross expenditure is to be put to the vote of the Legislature. Accordingly a sum of Rs. 2,64,96,600 is included in the "Schedule of Demands" and a sum of Rs. *20,64,000* (*charged*) will be included in the Appropriation Bill.

329. *Sale of Gazette and other Government Publications.*—The estimates under this head are based on expected sale of publications of public interest including the *Bombay Government Gazette.*

330. *Other Press Receipts.*—The increase in the revised estimate is mainly due to recoveries of outstanding claims.

Expenditure.

331. (1) *Purchase of Stationery Stores.*—The revised estimate is based on the progress of the current year's actuals.

332. (2) *Government Presses.*—The increase in the revised estimate and the next year's budget estimate is mainly due to large expenditure on "renewals and replacements", "additions to plant and machinery" and "Stores and raw materials".

333. (3) *Charges in England.*—The decrease in the revised and the next year's budget estimate is due to the purchase of stores in India.

334. (4) *Deduct—Value of Stationery supplied to other Governments and Paying Departments.*—The decrease in the current year's revised and the next year's budget estimates is mainly due to decrease in the number of indents.

335. (5) *Deduct—Cost of Printing work done for other Governments and Paying Departments.*—The increase in the revised estimate is due to more printing work received from the paying Departments and Union Government offices.

336. The net Budget Estimate of Rs. 1,03,35,000 (Voted) under this budget head is made up as under :—

337. *Unclaimed Deposits.*—This item is of a fluctuating nature. The current year's revised estimate and the next year's budget estimates are framed on the basis of past and current actuals.

338. *Miscellaneous.*—The current year's estimate includes '*inter alia*' an amount of Rs. 6 lakhs and ten thousand on account of two new items under the scheme of installation of radio receiving sets in villages and also 50 thousand on account of Famine receipts. Provision in the next year's budget in respect of the former is about Rs. 1 lakh and in respect of the latter *Nil* in view of good seasons for the last three years. The eight-monthly revised estimates are based on the progress of actual receipts.

339. The increase in the eight-monthly revised estimates over the current year's budget estimates is based on progress of actual receipts.

Expenditure.

340. *Petty establishments.*—Increase in the next year's estimates is on account of increased grants to be paid to District Local Boards on account of general elections (to be held next year) which are held once in every three years. The increase in the revised estimate is based on the progress of actuals.

341. *Irrecoverable Temporary loans and advances written off.*—The increase in the revised estimate is on account of writes off by Government of the various types of loans amounting to Rs. 1,04,000 granted by merged states.

342. *Rents, Rates and Taxes.*—This is a fluctuating item depending upon the taxes payable to the Bombay Municipal Corporation on Government buildings. The increase in the revised estimate is due to larger expenditure anticipated on account of building taxes payable to the Corporation.

343. *Grant-in-aid, Contributions, etc.*—The increase in the revised estimate is based on the progress of past three years' actuals. The next year's provision has been made under the minor head "Development Schemes".

344. *Charges in connection with Village Panchayats Act.*—The next year's provision has been made under the minor head "Development Schemes."

345. *Miscellaneous and Unforeseen Charges.*—The increase in the revised estimate is mainly due to (*i*) adjustment of Rs. 9·88 (lakhs)—the difference between the cost price of securities pertaining to the Provident Fund of the District School Board Staff and their market price as on 1st April 1953, the day on which the Provident Fund was taken over by Government and (*ii*) payment of a claim of Rs. 2·71 lakhs on account of hiring charges of the rolling stock of the Railways payable by the Ex-Kolhapur State. The next year's budget estimate is based on normal requirements.

346. *Expenditure on Displaced Persons.*—The decrease in the revised estimate is mainly due to less expenditure on feeding, clothing and medical charges of Displaced persons. The next year's provision has been made under minor head "Development Schemes".

347. *Development Schemes.*—This minor head is opened from the year 1956-57. The expenditure which was hitherto booked under the minor heads "Grants-in-aid, Contributions" etc., "Charges in connection with the Village Panchayats Act" and "Expenditure on Displaced persons" and the expenditure on Schemes included in the Second Five Year Plan, is booked under this minor head under the sub-heads "Other Development Schemes" and "Second Five Year Plan", respectively, as shown below :—

(*a*) *Other Development Schemes*—(Rs. 3,52·03 lakhs)—

(*i*) *Grants-in-aid, contributions, etc.*—(Rs. 1,56·36 lakhs).

Grants to District Local Boards, etc.—

As a result of Government's decision to pay 5 per cent. Land Revenue grant for a period of five years to District Local Boards in respect of Village Panchayats where Village Panchayats will be established, grants to District Local Boards payable in 1956–57 will be smaller than those provided in the current year's budget.

(*ii*) *Charges in connection with Village Panchayats Act*—(Rs. 1,14·35 lakhs).

Grants to Village Panchayats—

Government has decided as a matter of policy to establish Village Panchayats to cover each and every village of the State within a period of three years beginning from 1955–56 and to pay an increased lump sum grant at 30 per cent. (in lieu of 25 per cent. paid hitherto) of land revenue collected within the respective areas to Village Panchayats already established (and to be established hereafter from 1955–56). The next year's provision in respect of the existing Village Panchayats is made at the increased rate of 30 per cent. Land Revenue Grant.

(*iii*) *Expenditure on Displaced Persons*—(Rs. 81·32 lakhs).

Provision for expenditure on displaced persons is made at the present level of expenditure.

(*b*) *Second Five Year Plan*—(Rs. 49·00 lakhs)—

The provision made in respect of new Village Panchayats to be established next year is treated as Plan expenditure. The provision of Rs. 49·00 lakhs made in this regard comprises Rs. 28·00 lakhs on account of 30 per cent. Land Revenue grant *plus* Rs. 19·00 lakhs (in round figure) which normally is payable to District Local Boards on account of 15 per cent. Land Revenue grant, but which would divert to Village Panchayats in accordance with the decision of Government to progressively reduce grants to District Local Boards (on account of 15 per cent. Land Revenue grant) as more and more Village Panchayats are established hereafter. The provision made under this sub-head also includes Rs 2·00 lakhs on account of financial assistance to Village Panchayats in Adivasi and Backward Areas.

348. The net budget estimate of Rs. 3,74,33,000 (Voted) under this head is made up as under :—

XLIX, Grant-in-aid from the Central Government

Grants-in-aid from the Central Government on account of Schemes for the development of Scheduled areas and welfare of the Scheduled Tribes.	27,56	31,88	23,00	39,41	

349. Special measures adopted by Government for the Welfare of Backward Classes including Scheduled Tribes were being financed till 1952-53 from the Special Development Fund which was established in the year 1946-47. The Fund has now been exhausted. Government, however, having regard to the necessity of continuing these measures for the speedy uplift of the Backward Classes particularly the Scheduled Tribes, has included the schemes in the budget. On the basis of the progress of expenditure on approved schemes, a Central assistance of about Rs. 23 lakhs is expected during 1955-56. The decrease in the revised estimate is mainly due to the slow progress of expenditure on new schemes approved for implementation during 1955-56. A provision of Rs. 23 lakhs is accordingly made in the Revised Estimate.

350. It is expected that out of the total expenditure on the schemes for the development of scheduled tribes a sum of Rs. 39·41 lakhs will be received next year from the Central Government as grant-in-aid to this Government under Article 275 of the Constitution of India.

Revenue.

351. Officers of the State Government who are district authorities under the rules framed under the Petroleum Act, 1934, and the Indian Explosives Act, 1884, administer these Acts and collect the license fees. Up to 1938-39 these fees were credited direct to State revenues as agency fees. The Government of India in consultation with the Auditor General, decided that these fees should be credited to central revenues as they were a part of central revenues and that it would pay an equivalant amount to this Government as payment for the work done by State officers. According to this decision, the Accountant General, with effect from 1938-39, credits the total amount of fees received in the State each year to Central revenues by debit to the heads "IX, Stamps" and "XXIII, Police" to which fees are first credited and an equal amount is credited to this State under this head. The revised estimte for 1955-56 and the budget estimate for 1956-57 represent this adjustment, equal amounts having been deducted from the receipts under "Stamps" and "Police".

352. *Other Items.*—These mainly represents grants from the Government of India in respect of Primary School Teachers in pursuance of its scheme to relieve unemployment amongst the educated and other educational grants from Government of India. The decrease in receipts expected in the next year is due to the fact that Government of India had promised grants up to the end of the current year only for certain schemes such as Basic Training College etc. and reduced percentage of grants for other schemes.

353. *Subvention from the Central Government—(a) Grow More Food Schemes.*—Estimates under this item correspond to the expenditure on the various Grow More Food Schemes provided under the different Major Heads of expenditure for which the State Government is entitled to receive subsidy from the Centre. The current year's revised and the next year's budget estimates represent such subsidy on the basis of expenditure expected to be incurred on Grow More Food Schemes. The decrease in the revised estimate is due to less expenditure on Soil Conservation Scheme and consequently grants from Government of India for Soil Conservation Scheme and Crop Protection Scheme have not been taken into account in the revised estimate. The decrease in the next year's estimate is due to Grow More Food Programme not yet approved by Government of India and hence less receipts have been anticipated.

(d) *Schemes for the welfare of ex-Criminal Tribes and Scheduled Castes.*—These represent the subvention expected to be received from the Government of India in respect of the above schemes, the expenditure for which is provided under various heads. The decrease in the revised estimates is on account of late starting of schemes and increase in the next year's budget is due to anticipated starting of various new schemes.

(e) *Miscellaneous.*—The next year's budget represents the subvention expected to be received from Government of India in respect of various Labour Welfare Schemes including Forest Labourers' Co-operative Societies, the expenditure for which is provided under various heads.

355. *Receipts on account of Community Development Projects.*—The increase in the current year's revised estimate and the next year's budget estimate is due to conversion of some of the existing National Extension Service Blocks into Community Development Blocks of the Community Projects Administration pattern. Conversion into Community Development Blocks means intensive development and hence larger receipt by way of subsidy from the Government of India as their share of the larger expenditure on intensive development.

356. *Receipts on account of National Extension Service.*—The decrease in the current year's revised estimate is due to conversion of some of the existing National Extension Service Blocks into Community Development Blocks partly counterbalanced by starting of new National Extension Service Blocks in the course of the year. The increase in the next yaer's estimate takes into account additional receipts from the Government of India on account of new National Extension Service Blocks to be taken up from 1st April 1956.

357. *Receipts on account of Local Development Works.*—The increase in the next year's estimate is based on the expectation of an increased allocation from the Government of India for Local Development Works in this State.

Expenditure.

358. *Procedure in regard to the New Items of Expenditure in respect of the Community Development Projects, National Extension Service and Local Development Works.*—According to the provisions of paragraphs 73 and 85 of the Bombay Budget Manual read with paragraph 74 *ibid*, proposals involving expenditure in excess of the prescribed limits of Rs. 15,000 recurring and Rs. 50,000 non-recurring have to be specifically brought to the notice of the Legislature ordinarily by putting them up as new items of expenditure or otherwise in the form of supplementary demands. The position of expenditure on schemes and works under the Community Development Projects, National Extension Service and Local Development Programme is materially different from that on other schemes and works in that the works under the programme are taken up for execution only when minimum prescribed popular contribution in the form of cash and/or labour and other materials is forthcoming and not only because they are included in the programme. As it is not possible to make in advance a reasonably accurate assessment of the extent of popular contribution and the scheme or work for which it may become available, the estimates of expenditure are framed by the Project Officers and the Collectors on lump grants basis relying on the experience of the project or block area and the advice of the Project or Block Advisory Committee. Apart from the question that insistence on the normal budgetary procedure as indicated in the first sentence of this paragraph for schemes or works under the programme will not be conducive to the very object of expeditious execution of the programme, it is not feasible to adhere to the procedure in the peculiar circumstances stated above. The general schemes of Community Development Projects and National Extension Service have already been brought to the notice of the Legislature by way of new items of expenditure. The total expenditure on each project or block has a fixed budgetary limit approved by the Community Projects Administration. The expenditure on local Development Works is also an item approved by the Planning Commission. It is not, therefore, possible to follow the usual procedure of putting up new items or supplementary demands for individual schemes or works involving expenditure exceeding Rs. 15,000 recurring or Rs. 50,000 non-recurring in the case of individual schemes or works provided under the Community Development Projects, National Extension Service and Local Development Works.

359. *Payment of expenditure on works as grant-in-aid.*—In the Community Development Projects, National Extension Service and Local Development Works, the payment of Government's share of expenditure on works which do not belong to Government and works belonging to Local Bodies, Area Committees, etc. is made in the shape of grant-in-aid. As these works form part and parcel of the Development programme, the expenditure on payment of grant-in-aid for the works is met out of the budget provision made for works in the Community Development Projects, National Extension Service and Local Development Works.

360. *Community Development Projects.*—The increase in the current year's revised estimate is due to conversion of 14 National Extension Service Blocks into Community Development Blocks the latter entailing intensive development. The next year's estimate provides for conversion of some more National Extension Service Blocks into Community Development Blocks for intensive development of the areas covered by the Blocks.

361. *National Extension Service.*—The decrease in the current year's revised estimate is due to conversion of 14 National Extension Service Blocks, into Community Development Blocks partly counterbalanced by starting of new 11¾ National Extension Service Blocks in the course of the year. The next year's estimate provides for starting of additional National Extension Service Blocks with effect from the 1st April 1956.

A sum of Rs. 2,65,16,000 is included in the Schedule of Demands after excluding the recoveies of Rs. 54,000 under "Suspense Credit".

362. *Local Development Works.*—The decrease in the current year's revised estimate is based on the progress of current actuals. The next year's provision is for a total programme of about Rs. 1·5 crores.

363. *Welfare Extension Projects.*—The increase in the current year's revised estimate is due to additional Social Welfare Extension Projects undertaken. The next year's estimate provides for taking up of further additional Projects.

364. The net budget estimate for 1956-57 is Rs. 2,64,62,000 as shown below :—

	Charged.	Voted.	Total.

In accordance with the existing procedure, gross expenditure is to be put to the vote of the Legislature. Accordingly, a sum of Rs. 2,65,16,000 (voted) is included in the "Schedule of Demands".

365. The Bombay State Development Fund (formerly Post-War Reconstruction Fund) now called Fund for the Development Schemes provides part of the finance for expenditure on schemes of reconstruction and development with the main object of raising economic level of the countryside and improving the conditions in various aspects of social, economic and cultural life in the State. The Fund is to be credited with sums, which can be set apart from the balances and revenue. The provisions made for transfer to the Fund are shown under this head on expenditure side.

366. It is proposed not to withdraw any amount against the sum of Rs. 300 lakhs originally intended to be withdrawn from the balance in the Fund for the Development Schemes to finance part of the capital expenditure in the current year.

367. It has been decided to transfer an amount of Rs. 200 lakhs from the Fund for the Development Schemes to finance capital expenditure on Irrigation Works during 1956-57. It has also been decided that the proposed transfer should be directly taken as reduction in capital expenditure. As such no credit has been shown under the receipt head.

368. No amount is available for transfer to the Fund during current and the next year.

68, Construction of Irrigation, Navigation, Embankment and Drainage Works not charged to Revenue.

Expenditure.

371. Provision for capital expenditure on irrigation works for which capital accounts are kept is made under the head " 68 ". The capital expenditure on these works may be defrayed from the general revenues of the State or from the Famine Relief Fund or from other sources, such as loans, accumulated balances of the previous years, etc. ; but the major head "68" is intended to include only such expenditure as is incurred from the sources outside the ordinary revenues, and for this reason the provision made from ordinary revenues or from the Famine Relief Fund are deducted in a lump sum from the gross provision made under this head and shown under a separate head, *viz.* " 19 ".

372. The figures for the three years ending 1956–57 are shown below :—

Pages 659-676, Civil Budget Estimates.

373. *I-Works.*—The decrease in the revised estimate for 1955–56 is mainly due to less expenditure on the Kakrapara Project as a result of extreme scarcity of technical staff. The increase in the budget estimate for 1956–57, as compared with the current year's budget, is mainly due to provisions for new major and medium irrigation works, which will be taken up only with the approval of the Planning Commission.

374. *II-Establishment Ordinary and III-Tools and Plant-Ordinary.*—The charges vary with works expenditure as they are calculated on percentage basis on works portion. The decrease in the revised estimate is due to less provision for works, as also due to reduction in the rate of these charges. The decrease in the next year's budget is due to the fact that special establishment will be appointed for New Major and Medium Irrigation Works as and when they are taken up and also due to the fact that the existing special establishment will do the work for most of the major and medium irrigation works in progress.

375. For purposes of appropriation all ordinary establishment and tools and plant charges are included in the demand for grant under " 50, Civil Works ". Accordingly, Establishment Charges, Tools and Plant Charges and Charges in England have been included in the demand under " 50-Civil Works " also.

376. In accordance with the existing procedure the gross expenditure is to be put up to the vote of the Legislature. Accordingly, a sum of Rs. 11,65,40,000 (Voted) is included in the Schedule of Demands after excluding recoveries amounting to Rs. 2,00,00,000. The details of these recoveries are shown on page 676 of the Civil Budget Estimates.

377. *Item 2.*—The budget estimate for 1956–57 provides for estimated expenditure on the scheme during the next year.

378. *Item 3.*—The decrease in the revised estimate for 1955–56 is due to less expenditure on some portion of the work, which will not be completed in the current year. The budget estimate for 1956–57 represents estimated expenditure on the work during the next year.

379. *Item 8.*—The decrease in the revised estimate for 1955–56 is due to less expenditure on the work, as the materials ordered out on its account are not likely to be received during the current year. The budget estimate for 1956–57 provides for estimated expenditure on the work during the next year.

380. *Item 9.*—The increase in the revised estimate for 1955–56 is due to payment of the liabilities on account of the work. The budget estimate for 1956–57 represents expenditure on the work during the next year.

381. *Item 10.*—The increase in the revised estimate for 1955–56 is due to increased expenditure on the works such as pure water tank, filters, filter house, jetty wall, wing wall etc., and payments to be made for land compensation and 4 Dumpers already received. The budget estimate for 1956–57 provides for estimated expenditure on the work during the next year.

382. *Item 11.*—The budget estimate for 1956–57 represents estimated expenditure on the work during the next year.

383. *Item 12.*—The decrease in the revised estimate for 1955–56 is due to the fact that the contractor could not start the work in proper time. The budget estimate for 1956–57 provides for estimated expenditure on the work during the next year.

384. *Item 15.*—The work has been held in abeyance as per Government orders. The revised estimate for 1955–56 is in respect of probable expenditure required to bring the work to a safe stage. The budget estimate for 1956–57 provides for estimated expenditure on the work during the next year.

385. *Item 19.*—The budget estimate for 1956–57 represents estimated expenditure on the work during the next year.

386. *Item 20.*—Fresh tenders for the work have been invited. The actual construction work is not however, likely to be started in the current year, but some expenditure on the purchase of pipes, lead, etc. is expected to be incurred. The revised estimate for 1955–56 represents estimated expenditure on account of these items. The budget estimate for 1956–57 provides for estimated expenditure on the work during the next year.

387. *Item 22.*—The scheme is still to be sanctioned. No expenditure on the work will, therefore, be incurred during the current year. The budget estimate for 1956–57 provides for estimated expenditure on the work during the next year.

388. *Items 24 to 28.*—The works under these items are new works proposed to be undertaken in the next year. The budget estimates for 1956–57 under these items indicate the estimated expenditure in respect of the works.

389. *Items 29 to 37.*—The works under these items have been transferred to this head from "39-Public Health", as these are treated as Capital Schemes. The works are already under execution. The budget estimates for 1956–57 under these items provide for the estimated expenditure on the works during the next year.

392. (i) *Subscription to share capital of Co-operative Sugar Factories.*—In view of the increase in consumption of sugar in the country, the Government of India have decided that steps be taken to increase indigenous production and have accordingly invited applications for licences for establishing new sugar factories under the Industrial Development and Regulation Act, 1951. In order to enable a systematic utilisation of sugar cane areas in this State and to facilites submission of applications by the interested parties and their examination by Government, a rapid survey of the areas where adequate supply of sugarcane would be available and where it could be possible to start economic sized units for manufacturing was carried out. The Government of Bombay then decided to help in the starting of Co-operative Sugar Factories in areas where there were possibilities of starting such factories and in which agriculturists were active to form such societies to crush their own sugarcane and to manufacture sugar. The financing of the proposed factories is as follows :—

The cultivators would collect as share capital about Rs. 15 lakhs at the rate of Rs. 1,000 per share per acre, of which Rs. 250 would be kept as reserve for future contingencies. The financial assistance by Government will not exceed Rs. 10 lakhs in the form of contribution to the redeemable share capital of societies irrespective of the size of factories.

The reduction in the revised estimate is due to less factories than anticipated coming up for Government's contribution.

393. (ii) *Contribution of Government towards purchase of shares of Central Financing Agencies by the Bombay State Co-operative Bank Limited, Bombay.*—The increase in the currrent year's revised is due to contribution of larger amounts to the share capital of more financing Agencies. It also includes an amount of Rs.10·13 lakhs as Government contribution to central Financing Agencies in persuance of its policy of strengthening of the co-operative movement as explained in para 394 below.

394. (iii) *Investment in the Share Capital of Processing Societies,* (iv) *Contribution to the share captial of Multipurpose Societies, and* (vii) *Contribution to the share capital of Marketing Societies.*—It has been decided that the co-operative movement should be throughly reorganised in order to fashion it into a potent instrument for rural development as per recommendations of the Rural Credit Survey Committee by strengthening the various Co-operative Institutions in the State through financial assistance including Government contribution to their share capital. The contribution to be made to the processing, multipurpose and marketing societies in accordance with this decision is estimated to be Rs. 8,66,000 in the current year.

395. (viii) *Investment in the shares of the Central Co-operative Housing Finance Society.*—This Government has agreed to subscribe 50 per cent. of the Share capital of the Society up to a maximum of Rs. 50 lakhs. As this Government's share during the current year was expected to be about Rs. 11,57,000, provision equal to that amount was made for the current year. This amount could not be utilised fully because the Housing Finance Society could not make progress towards the additional share collections from members other than Government to the necessary extent. Current year's revised has been placed at Rs. 27,000.

396. (x) *Investment in Bombay State Road Transport Corporation.*—The current year's contribution of one crore represents part of the capital required by the Bombay State Road Transport Corporation for taking over of the existing routes . This phase is expected to be over by the end of the current year. Extension of transport facilities is a scheme included in the second Five-Year Plan and capital contribution required to be made in the next year is provided for under the head " Second Five-Year Plan ".

397. (xi) *Financial Assistance to the Industrial Co-operatives of Backward Class Persons other than Forest Labourers Societies under ten year's Plan for raising the level of administration of the Scheduled areas in the Bombay State.*—It has been decided to assist the Industrial Co-operative Societies other than Forest Labourers' Societies by way of advancing financial assistance to about 20 societies from Scheduled areas by contributing to their share capital and for management expenses as the resources owned by these societies are too inadequate to enable them to develope their activities, with the help of their own funds. The slender resources of these societies do not provide tangible security for raising funds from the Central Financing Agencies. These societies have not, therefore, been able to show any appreciable progress. It has, therefore, been decided to assist each of these societies and to give financial assistance of Rs. 2,000 by way of contribution to their share capital. An amount of Rs. 40,000 is expected to be contributed in the current year.

398. In accordance with the revised procedure adopted from 1953–54, only gross expenditure is to be put up to the vote of the Legislature. The gross demand under the head " 72-Capital Outlay on Industrial Development " thus amounts to Rs. 2,52,37,000, after excluding recoveries amounting to Rs. 4,70,000. The details of these recoveries are shown on Page 686 of the Civil Budget Estimates.

*The actual investment in State Road Transport Corporation, Bombay, is Rs. 8,33,88,049. Although the amount recorded under " 72-Capital Outlay on Industrial Development " till the end of 1954-55 is Rs. 5,64,54,123 the balance is standing under other heads of accounts.

80, Bombay Development Scheme.

399. All activities of the Development Department were originally financed from loan funds under the capital expenditure head " 59 (now 80), Bombay Development Scheme ", the capital receipts realised therefrom being taken in reduction of expenditure under the same head and the revenue receipts being shown under the head "XXXI-Bombay Development Scheme". From the year 1927-28 revenue heads " 42 (now 51) and XXXI (now XL) Bombay Development Scheme " were opened for those schemes of the Development Department, on which capital expenditure was complete, and the Industrial Housing Scheme was transferred to these heads. During 1928–29 two more schemes of water and electric supply were transferred to the Revenue heads. The Development Department was abolished from 1st March 1930 and all charges pertaining to the schemes of the Department except those of the Back Bay Scheme, were transferred to the Revenue Heads with effect from 1930-31. Revenue Accounts for Back Bay Scheme have been opened with effect from 1939-40. The receipts and expenditure of a revenue nature in respect of that scheme appear from that year under the heads " XL " and " 51 " respectively. Only capital expenditure on that scheme required for the completion of the works already undertaken, and capital receipts, are now recorded under this capital head.

The original plans for the reclamation of Back Bay provided for a sea wall from Chowpatty extending as far as Colaba point and enclosing 1,100 acres of reclaimed land, this area being divided into eight blocks. Block No. 1 starts from opposite the Marine Lines Station and extends up to the Churchgate Station. Block No. II extends from the Churchgate Station to the Back Bay Swimming Baths. The area from this point, past the old Cuff Parade reclamation and beyond the Afghan Memorial Church at Colaba, is divided into five Blocks Nos. III to VIII admeasuring 245 acres abuts on the lands at Colaba point. A small portion of old reclaimed land near the Marine Lines Station had also been included in the scheme.

In accordance with the decision of the Legislative Council in 1927, work in connection with the Back Bay Reclamation Scheme has been restricted to the reclamation and development of Blocks Nos. I, II and VII and the reclamation of Block No. VIII without development with a connecting road along the existing foreshore between Blocks Nos. II and VII.

Blocks Nos. I and II comprising over 150 acres have been fully reclaimed and the plots in this area are now available for building purposes. Block No. VII comprised about 135 acres, out of which about 47 acres at the east end have been fully reclaimed, leaving about 88 acres partially reclaimed. The partially reclaimed area is being completed by the slow but cheap process of filling with suitable building debris. At present the dry filling operations have been suspended. Block No. VIII comprising 245 acres was reclaimed and sold to the Government of India for Rs. 2,06,53,000.

The Project estimate of the curtailed scheme sanctioned in March 1932 amounted to Rs. 7,23,06,000. Against the modified project estimate, the total expenditure (excluding interest) incurred to the end of March 1955 is Rs. 6,23,71,071 leaving a balance of capital expenditure of Rs. 94,57,929 to be incurred. Government has at present no intention of embarking on any works in Block No. VII beyond filling it up with suitable building debris. It has been found necessary, however, to incur expenditure on the development of Blocks Nos. I and II, e.g. expenditure on roads, drains and lights, with a view to enhancing the sale value of the reclaimed land. These works are estimated to cost about Rs. 40 ¾ lakhs and have been started from 1934–35. An expenditure of Rs. 30·71 lakhs has been incurred to the end of 1954–55.

400. The following statement shows the expenditure and receipts entered under this head :—

401. *Works.*—The increase in the budget extimate for 1956–57 is due to the transfer of provisions for the major works from the revenue head " 51-Bombay Development Scheme ", to this head, as the expenditure on these works has been classified as Capital expenditure.

402. *Establishment (Ordinary).*—The increase in the budget estimate for 1956–57 is on account of additional provision for Establishment charges on the major works transferred to this major head, as mentioned in the above para.

403. *Deduct—Receipts of a Capital nature.*—The increase in the budget estimate for 1956–57 under "Receipts of a Capital nature " is on account of sale of a large number of plots in the Development Scheme.

404. The Gross demand to be put to the Vote of Legislature under " 80-Bombay Development Scheme " for 1956–57 amounts to Rs. 8,59,000 which does not take into account the receipts of a capital nature amounting to Rs. 2,00,000.

405. *A. Original Works—(a) Civil Buildings.*—The decrease in the current year's revised estimate is due to slow progress of expenditure on buildings. The increase in the next year's budget estimates is mainly due to the provision for new works, estimated to cost between Rs. 20,000 and Rs. 5,00,000 each, having been made under this head instead of under "50-Civil Works."

406. *(b) (i) Communications—Ordinary.*—The increase in the current year's revised estimate is due to additional requirements during the current year. The expenditure on road works during the Second Five Year Plan is to be restricted to the amount available in the State Road Fund. Hence, the provision during the next year is made under State Road Fund.

407. *(iii) Communications—Central Aid Road Development Programme Works.*—The decrease in the current year's revised estimate is due to the works not having reached the desired tempo of progress.

408. *Establishment charges, Tools and Plant Charges and Charges in England.*—These vary with the works provision. For purposes of appropriation, all these charges are included in the demand for grant under "50-Civil Works." Accordingly, these charges have been included in the demand under "50-Civil Works", also.

409. In accordance with the existing procedure, the gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly a sum of Rs. 4,81,88,000 (voted) is included in the schedule of Demands, after excluding the recoveries of Rs. 1,04,28,000. The details of these recoveries are shown on Page 709 of the Civil Budget Estimates.

410. *Works.*—The Electricity Schemes except the Koyna Project have been transferred to the Bombay Electricity Board with effect from 6th November 1954. Provision for the Koyna Project only is therefore made under this head. The decrease in the revised estimate for 1955–56 is due to non-execution of the main works of dam, tunnel power house, postponement of payments to the suppliers of plant and machinery, non-fixation of agency and late receipt of tenders. The budget estimate for 1956–57 provides for expenditue required for the various works of the Koyna Project.

411. *Establishment charges*—The increase in the revised estimate for 1955–56 is on account of creation of new Circle and additonal establishment for the Koyna Project. The budget estimate for 1956–57 provides for expenditure on the establishment for the Project.

412. *Secretariat Charges*—The decrease in the revised estimate for 1955–56 is due to revised rate of Secretariat charges at reduced percentage. The budget estimate for 1956–57 provides for these charges at the revised rate.

413. *Suspense.*—This item is of a fluctuating nature and the cost of the materials and machinery is finally adjusted against the works. The estimats for the current year's revised and the next year's budget are based on the Departmental estimates.

414. *Charges in England.*—The increase in the revised estimate for 1955–56 is due to extension of the deputation period and undertaking of study tour by the Chief Engineer, Koyna.

415. *Tools and Plant.*—The budget estimate for 1956–57 represents expenditure on special tools and plant required for the works.

416. *Deduct—Amount recoverable from the Government of India.*—The budget estimate for 1956–57 represents the recovery from the Government of India on account of the scheme regarding practical training facilities for graduates and diploma holders in Electrical Engineering on Koyna Project.

417. The gross demand under the head "81-A, Capital Outlay, etc.," amounts to Rs. 5,82,39,000.

418. *Expenditure on housing schemes for displaced persons.*—The decrease in the revised estimate is based on the progress of actuals.

419. *Miscellaneous Departments.*—The decrease in the revised estimate is mainly due to postponement of construction of 2 additional units at the Aarey Milk Colony and Fencing round the colony. The next year's estimate provides for certain works in progress and includes provision for starting the 2nd Milk Colony.

420. *Establishment, Tools and Plant charges.*—The expenditure on establishment and tools and plant charges in connection with works undertaken by the Milk Department, is debitable to "47-Miscellaneous Departments" and "82-Capital Account of other State Works outside the Revenue Account" on *pro-rata* basis and expenditure which is debitable to "82" is transferred by a deduct entry from "47-Miscellaneous Departments". The revised estimate for 1955-56 and the budget estimate for 1956-57 represent expenditure on establishment and tools and plant charges calculated on the above basis.

421. *Expenditure financed from the Milk Fund.*—The reduction in the current year's revised estimate is due to smaller expenditure mentioned under 'Miscellaneous Departments' above.

422. *Recoveries from the Government of India.*—The next year's budget estimate represents the portion of expenditure to be borne by the Central Government on account of the 2nd Milk Colony.

423. The net budget estimate of Rs. 86,81,000 (Voted) under this head is made up as under :—

424. Payments on account of commutation of pensions are accounted for under the capital head '83-Payment of Commuted Value of pensions' and are repaid from revenue by equated payments of capital and interest spread over fifteen years. The equated payments in respect of commutations sanctioned in each year commence from the next following year. The total equated payments in respect of each year's commutations are debited to the head '55-Superannuation Allowances and Pensions' and credit transferred (*a*) to the Capital head '83- for the capital portion of the Payments' and (*b*) to '22-Interest on Debt and other obligations' for the interest portion.

425. *Payments of commuted value of pensions.*—The revised estimate for 1955-56 is based on the progress of actuals. The budget estimate for 1956-57 represents anticipated demands based on past actuals.

426. *Deduct—Capital portion of equated payments out of revenue.*—The revised estimate for 1955-56 shows repayment from revenue of the principal portion of the equated instalments in respect of actual expenditure incurred on commutation of pensions from 1940-41 to 1954-55 while the estimate for 1956-57 shows such repayment in respect of actual expenditure from 1941-42 to 1954-55 plus the estimated expenditure in 1955-56.

427. The net budget estimate of Rs. 22,000 [Rs. — 26,000 (*Charged*) plus Rs. + 48,000 (Voted)] is made up as under :—

428. *Payments to Retrenched Personnel.*—It has been decided that the expenditure on account of concessions sanctioned to retrenched Government servants by way of gratuities, etc., should be recorded under the major head "85-Payments to Retrenched Personnel". A provision of 5,00 has been made for this purpose in the current year's budget estimate. As however an expenditure of 3,87 has already been incurred till the end of November 1955 and some additional expenditure is expected to be incurred in the remaining part of the year, the current year's revised estimate has been placed at 6,00. Next year's budget provides for an amount of 3,00 for payment of gratuity to the Ex-Civil Supply Department Staff likely to be retrenched.

429. *Deduct—Amounts recovered from re-employed Retrenched Personnel.*—Amounts of gratuity recovered from persons who are subsequently re-employed are exhibited here.

430. In accordance with the Comptroller and Auditor General's direction, Government has opened with effect from the 1st April 1943 a new capital major head of account, viz., "85-A, Capital Outlay on Provincial Schemes connected with the War, 1939" to record disbursements and receipts from schemes connected with the last war. The nomenclature of this major head which was changed to "85-A, Capital Outlay on Provincial Schemes of State Trading" with effect from the 1st April 1946, is now "85-A, Capital Outlay on State Schemes of Government Trading." Personal ledger accounts were opened for these schemes and advances were sanctioned for them by debit to "Advances Repayable" in the Debt Section of the Accounts. The Personal Ledger Accounts have been retained under the new procedure which has been devised not only to provide the essence of control but also to combine the advantages of a final head of account with those of personal ledger accounts without undue complications in accounts.

431. The minor heads opened under this head are "Grain Supply Schemes", "Standard Cloth Scheme", and "Other Miscellaneous Schemes". The last minor head includes Schemes such as "Scheme for the purchase and sale of potatoes", "Scheme for purchase of seed for the Grow More Food Campaign", "Scheme for the purchase and sale of cotton seeds", "Scheme for the purchase and sale of Penicillin" and "Departmental management of the scheme for the distribution of cloth and yarn", etc. The transactions of the various schemes are recorded under the following detailed heads :—

(1) Cost of Purchase.

(2) Advances.

(3) Suspense —
  (*a*) Personal Deposits.
  (*b*) Insurance Fund.

(4) *Deduct*—Receipts and recoveries on Capital Account —
  (*a*) Repayment of advances.
  (*b*) Other Receipts.

(5) *Deduct*—Capital expenditure financed from ordinary revenues.

432. When a scheme is worked out without the aid of advance the expenditure is to be debited to (1) Since advances are provided for all the schemes except the scheme for the purchase and sale of Gur, no expenditure is recorded under this detailed head in respect of the other schemes. (2) is intended to provide for advances granted for the working of Schemes. A corresponding credit is given to 3(*a*) which also records the subsequent incomings and outgoings of the personal ledger accounts. In view of the constitution of the Insurance Fund with effect from 1st August 1951, the detailed head 3(*b*) will not be operated upon now, except for the purpose of transferring the amount if any, appearing on the credit side, under 3(*b*), to the newly created Insurance Fund. But till the constitution of the Insurance Fund the amount set apart to cover possible losses by fire, etc., used to appear on the credit side under 3(*b*). The debit side of this detailed head used to record withdrawals from the fund, if and when necessary to cover losses. All recoveries including those of advances and ultimate profits, if any, are to be accounted for under (4) and any losses under (1). On the winding up of a personal ledger account, the final result would either wipe out the original issue or if not, the balance may be left to the debit of the Capital Account under (1) or written off to revenue account against (5).

433. *Grain Supply Scheme.*—The reduction in the current year's revised, which is based on the progress of current actuals is mainly due to the decision of Government not to effect the transfer of profits (Rs. 3,50 lakhs) to the general revenues as provided in the Budget. The next year's provision which includes a provision of Rs. 2,00 lakhs for transfer of profits to the general revenues is for clearance of outstanding transactions.

434. *Standard Cloth Scheme.*—The scheme has already been closed. No provision is, therefore, made in the current year's revised and the next year's budget.

435. *Other Miscellaneous Schemes.*—The current year's revised is based on the progress of current actuals. The worsening in the next year's budget is mainly due to (*i*) the expansion of the Government Milk Supply Scheme at Poona, Hubli and Ahmedabad and (*ii*) the provision made for the purchase and distribution of Ammonium Sulphate and other fertilizers.

436. *Deduct Recoveries.*—The decrease in the current year's revised which occurs under the Grain Supply Scheme is based on the progress of current actuals. The increase in the next year's budget is mainly due to (*i*) the release of capital locked up in the Civil Supplies Operations and (*ii*) the receipts accruing from the sale of Ammonia Sulphate and other fertilizers.

437. The net budget estimates of Rs. 10,00,000 (Charged) and Rs. —95,14,900 (Voted) under this head is made up as under :—

	Charged.	Voted.	Total.
	Rs.	Rs.	Rs.
Gross Expenditure	10,00,000	28,23,56,000	28,33,56,000

Net Expenditure ...	10,00,000	—95,14,900	—85,14,900

In accordance with the existing procedure, only gross expenditure is to be put to the vote of the Legislative Assembly. Accordingly a sum of Rs. 28,23,56,000 is included in the "Schedule of Demands" and a sum of Rs. 10,00,000 (Charged) will be included in the Appropriation Bill.

441. Loans received from the Central Government for various purposes as well as loans from semi-Government Bodies are credited under this head. The purposes for which loans are expected to be received during the current year and next year have been indicated above in brief. Further explanations in respect of some of the above loans are given below :—

(*ii*) These loans are sanctioned by the Government of India for housing displaced persons and starting industries in the displaced persons' colonies and Townships.

(*iii*) The Government of India sanctioned a loan of Rs. 4·87 crores for irrigation works for permanent improvement in scarcity areas. Further loans have been sanctioned by the Government of India. Against these loans an amount of 2,78,47 is expected during the current year and an amount of 50,13 is expected during the next year.

(*vi*) A loan of Rs. 2 crores has already been received from the Central Government for passing on to the Bombay Municipal Corporation for Vaitarna-*cum*-Tansa Scheme during the current year. Further loans of Rs. 50 lakhs and Rs. 2·50 crores are expected for this purpose during the remaining period of the current year and the next year respectively.

(*vii*) A loan of Rs. 40 lakhs has been sanctioned by the Government of India. The current year's revised estimate and next year's budget estimate represents amounts expected to be received against the loan during the current year and next year.

(*xii*) This loan is for major-irrigation and power projects included in the State Plan.

(*xxiii*) A loan of Rs. 284 lakhs has been sanctioned by the Government of India in connection with programme of expansion of power facilities for increasing employment. Amounts of Rs. 63·50 lakhs and Rs. 150 lakhs are expected during the current year and next year respectively against this loan.

(*xxiv*) The Government of India has sanctioned a loan of Rs. 125 lakhs for water supply and drainage schemes during the year 1954-55. The next year's provision takes into account the loan amount against this loan for works in progress. Further new loan in this connection is also expected during the next year.

(*xxxiii*) A loan of Rs. 45 lakhs for various development schemes including the slum clearance schemes to be undertaken by Local Bodies is expected from the Central Government during the next year.

(*xli*) A loan of Rs. 94·64 lakhs is expected during the next year from the Reserve Bank of India for reorganising the co-operative movement in various aspects with emphasis on agricultural credit. This will be in pursuance of the recommendations made by the All-India Rural Credit Survey Committee Report.

(*xlii*) This Loan is expected to be received from the Employees State Insurance Corporation.

442. (1) *Vide* paragraph 111 under "23, Appropriation for Reduction or Avoidance of Debt". The repayment to Government of India of the Consolidated Debt is made through this head.

443. (2) *Vide* paragraph 447 under "Loans and Advances by State Government" which explains the different classes of loans borrowed by the Bombay Municipality from the Government of India. The Government of Bombay has accepted responsibility for the repayment of these loans and hence the credit on account of the repayments made by the Municipality in respect of these loans appears under the head "Loans and Advances by State Government" and the repayments are passed on to the Government of India through the head "Loans from the Central Government". The repayments in respect of the three long-dated loans is included in (*i*) above and the repayment in respect of the other short-dated loans is shown under (2).

444. (3), (4), (5), (6), (7), (8), (9), (10), (11) and (12). The provisions in the 1955-56 revised estimates and 1956-57 budget estimates include repayment in respect of laons taken from the Government of India for various purposes. The repayments are made according to the terms and conditions governing each loan.

445. (13) The next year's provision is according to Government of India's terms and conditions.

446. The balances under 'Permanent Debt', 'Floating Debt' and 'Loans from the Central Government", are shown in the Statement "C—Statement of outstanding Debt".

447. The Loans advanced to the Bombay Municipality have been divided for purposes of repayment into four classes, *viz.* (*i*) Loans utilised for improvement purposes, granted to the late Improvement Trust, (*ii*) those utilised for general purposes, (*iii*) Loans for development purposes, and (*iv*) loan for the construction of Water Works. The outstandings on 31st March 1937 of loans advanced in 1931–32, 1932–33 and 1935–36 under (*i*) have been included in the consolidated debt referred to under "22–Interest on debt and other obligations" and are being repaid by the Bombay Municipality in equated half yearly instalments over 44 years from 1937–38. The last instalment of the loan under (*ii*) has been repaid on 31st March 1955. The Municipality is repaying loans under (*iii*) by equated instalment of principal and interest spread over 30 years. The Government of India have sanctioned loans of Rs. 200 lakhs in 1954–55 and Rs. 250 lakhs (Rs. 200 lakhs already sanctioned and Rs. 50 lakhs likely to be sanctioned before the close of the current year) in 1955–56 for passing them to the Bombay Municipality for Vaitarna-*cum*-Tansa Scheme. A further loan of Rs. 250 lakhs will be drawn by the Municipality in the next year. These loans are repaid by equated annual instalments of principal and interest spread over 25 years. A loan of Rs. 10 lakhs has been provided for Low Income Group Housing Schemes of the Presidency Corporations.

*The details are not available.

1. *Loans to Cultivators.*—The revised estimate for 1955–56 under advances is based on progress of actuals which are more due to adjustment of accounts of merged States.

2. *Advances for Intensive Cultivation of Paddy by Japanese Method.*—The current year's revised estimate of 11,42 is for purchase of seeds and manure for land improvement in connection with the intensive paddy cultivation scheme. The next year's provision for the scheme is 10,00.

3. *Advances to cultivators in connection with the scheme for the construction and improvement of Wells.*—The provision of 20,00 in 1955-56 revised estimate is in respect of tagai advances to cultivators taking advantage of the scheme for construction of new wells and improvement of existing wells for the purpose of extending well irrigation to help the cultivation of food crops. The next year's provision is 10,00.

4. *Loans to cultivators, Co-operative Societies for organisation of Co-operative Farming Societies (including Better Farming Societies.)*—The provision of 4,00 in 1955-56 revised estimate is made for Loans to Co-operative Societies to assist them in financing the purchase and sale of manure, seed, agricultural implements, etc. in connection with the Scheme regarding the organisation of Co-operative Farming Societies. This provision includes the loan of 1,00 to Co-operative Farming Societies in Dharampur and Pardi Talukas of Surat District. The next year's provision is 6,31.

5. *Loans to Co-operative Societies undertaking Schemes of Lift Irrigation.*—The provision in the 1955-56 revised estimate takes into account the fact that emphasis is more towards consolidation of schemes already formed rather than organisation of large number of new Societies.

6. *Loans in connection with soil conservation scheme.*—The decrease in the current year's revised estimate is due to slow progress of works. The next year's provision is based on the phasing of the expenditure provided in the Second Five Year Plan.

10. *Loans to Co-operative Societies including Multi-purpose and Marketing Societies for construction of godowns.*—The next year's provision is for implementation of pilot scheme with a view to attempting intensive development of Co-operative movement in the Districts of Broach, East Khandesh and Dharwar.

11. *Community Development Projects.*—The current year's revised estimate is based on the progress of actuals. The next year's provision is for existing projects as well as new Projects.

12. *Loans to Bombay Housing Board.*—The current year's revised estimate is based on the progress of actuals. The next year's provision has been adopted on the phasing of the expenditure provided in the Second Five Year Plan for Housing Schemes for Industrial Workers.

13. *Loans to Bombay Electricity Board.*—The current year's revised estimate is based on the progress of actuals. The next year's provision is for works in progress as well as for new works to be undertaken by the Board.

15. *Loans to Municipalities, District and Other Local Fund Committees.*—The provision of 1,79,94 in the 1955-56 revised estimate of advances is on account of 1,00,00 to Municipalities for water Supply and Drainage Schemes, 50,00 for construction of Primary School Buildings, 14,22 to Agricultural Produce Market Committees, 1,30 to Municipalities and local bodies in merged areas of former Baroda State, 50 for Compost Making Schemes, 1,59 to Municipalities and District Local Bodies for suspension of local cess, 30 to Village Panchayat for construction of latrines and 12,03 to other Municipalities, *viz.* Kalyan, Bhusawal and Nasik. The 1956-57 budget estimate of 1,49,70 under advances is for an advance of 16,20 to Agricultural Produce Market Committees, 48,00 to Municipalities for water supply and drainage schemes, 4,50 for District School Boards for construction and repairs of primary school buildings, 4,00 for Low Income Group Housing Scheme, 76,00 for development schemes of Corporations, Municipalities, etc., 100 for construction of slaughter houses by Municipalities.

16. *Loans for Development of Fisheries.*—The decrease in current year's revised estimate under advances is on account of allotment of engines under the T. C. M. Programme.

17. *Loans for Development of Handloom Industry.*—The provision in current year's revised estimate and next year's budget estimate is meant for loans to Handloom weavers for development of Handloom Industry.

18. *Loans for Small scale and Cottage Industries and Industrial Co-operatives.*—The decrease in 1955-56 revised estimate is on account of lesser demands than anticipated.

19. *Loans for the Establishment of Trading Estates.*—The decrease in the provision for the current year's revised estimate is on account of less demands than anticipated.

21. *Loans to Bombay Labour Welfare Board.*—The increase in the current year's revised estimate is due to the fact that the current year's provision is based on the requirements of the Board for six months only.

23. *Loans in connection with the low income-group Housing Scheme.*—The next year's provision is based on the phasing of the expenditure provided in the Second Five Year Plan.

24. *Loans to Co-operative Housing Societies in connection with the Subsidised Housing Scheme.*—The provisions in the current year's revised estimate and next year's budget estimate are for loans to Co-operative Housing Societies in connection with the subsidised Housing Scheme. For this purpose the Government of India sanctions loans to this Government.

25. *Loans to Co-operative Societies in connection with the Housing Programme.*—No new loans are being sanctioned under this scheme. This explains for the decrease in the current year's revised estimate under advances.

26. *Construction of Houses for the Backward Classes through the agency of Building Societies.*—The decrease in the current year's revised estimate is due to less demands from the Societies. The increase in the next year's budget takes into account loans to larger number of Societies.

27. *Loans under National Extension Service Scheme.*—The current year's revised estimate and next year's budget estimate are for the loans in connection with the National Extension Service Schemes. The next year's estimate provides for existing schemes as well as for new schemes.

28. *Loans to non-Government Secondary Schools for extension to school buildings.*—The current year's revised estimate is based on the progress of actuals.

29. *Loans to non-Government Colleges for construction of buildings.*—The decrease in the current year's revised estimate is based on progress of actuals.

30. *Loans for construction of School Buildings and provision for playgrounds.*—The scheme has been included in the second Five Year Plan and next year's provision has been made after having regard to the availability of Funds.

31. *Loans for the development of Co-operative Marketing.*—As envisaged by the All India Rural Credit Survey Committee the scheme for Co-operative Marketing is proposed to be implemented during the next year. The loans are to be given to Societies for construction of bigger size godowns.

32. *Advances in connection with Rehabilitation of Displaced Persons.*—The current year's revised estimates and next year's budget estimates include loans to urban and rural displaced persons for Arts and Crafts, Construction of Houses and starting industries in their townships and colonies.

33. *Loans in connection with Agricultural Credit.*—The next year's provision is for granting loans to Multi-purpose Societies for Scheduled Tribes and to the Apex Banks.

34. *Advances to sufferers of riots following the assassination of Mahatma Gandhi, riots in Godhra, advances to non-agriculturists in flood and storm-stricken areas.*—The decrease in the current year's revised estimate and next year's budget estimates under advances is due to less demands.

35. *Loans to Shri Shahu Chhatrapati Mills, Kolhapur.*—The decrease in the current year's revised estimate is on account of the fact that the expenditure on the Mills is now recorded under the respective revenue and capital heads. The next year's provision accounts for the advance and repayment of the advance from the cash credit account of the Mills in the State Bank of India. This head is to be operated for the purpose.

36. *Loans to Bombay State Road Transport Corporation.*—The decrease in the current year's revised estimate under recoveries is due to revision of terms and conditions governing the loan of Rs. 2 crores to the Corporation.

37. *Other Miscellaneous Loans.*—In addition to several small advances, the revised estimate for 1955–56 includes the following advances :—

1,80 Loans to Bagalkot Cement Company.

1,00 Loans to large-scale dairy farmers.

1,22 Loans under Scheme of development of Tanning Industry.

1,84 Loans to Co-operative Societies for organisation of Co-operative Cattle Breeding-*cum*-Farming Societies for improvement of Rabaris and Bharwads in Ahmedabad and Mehsana District.

453. Government accepted the donations of Rs. 9 Lakhs and Rs. 6 Lakhs respectively, for establishment of the Anand Institute from the Trustees of Sheth Mansukhlal Chhaganlal and Sheth Mungalal Goenka Trusts on certain conditions, one of these being that Government should pay to the Governing Body of the Institute interest at 3½ per cent. per annum on the donations, after deducting therefrom the actual expenditure on buildings and equipment of the Institute. The Trustees accordingly paid Rs. 13,50 lakhs out of which a sum of Rs. 8,43 lakhs was invested in long-dated securities, in order to reimburse to Government the amount payable to the Governing Body as interest. The Balance of the donation namely Rs. 1,50 lakhs was received in 1940-41 . In 1946-47 Government accepted a further sum of Rs. 5,00,000 by way of donation from Sheth Amritlal Hargovandas towards the buildings and equipment of the College of Agriculture to be started at the Institute in 1946-47. The balance of Rs.1,00,000 was paid to the Institute in 1947-48. In 1955-56 an amount of Rs.71,000 will be required for construction of Guest House and Directorate's bungalow etc., and hence a provision equal to that amount has been made in the current year's revised estimate on the disbursement side. Since this will involve sale of securities, an equal amount has been provided on the receipt side in the revised estimate of 1955-56. In the next year (1956-57) an amount of Rs. 1,00,000 will be required for expenditure on the Construction of Staff residential quarters at Anand and hence a provision equal to that amount has been made in the next year's budget on the disbursement side. Since this will also involve sale of securities an equal amount has been provided on the receipt side in the next year's budget. The balance was 4,31 at the end of 1954-55 and is estimated at 2,60 at the end of 1956-57. The position of total balances under 'Special Loans' in so far as the Anand Institute is concerned is mentioned below :—

454. These are Provident Funds sub-scribed to by Government servants and servants of certain statutory bodies. In the contributory fund, the sub-scribers' deposits are supplemented by contributions from State revenues in lieu of pension. The amount at a subscriber's credit is paid to him on the termination of the service. During service, temporary withdrawals from the subscribers own accumulations are allowed in certain circumstances.

455. The estimates on the receipts side, represent contributions of the subscribers to the Provident Funds, repayments of advances taken by subscribers' from the funds with interest thereon, Government's contribution to the Contributory Provident Funds, and interest on the balances in the funds paid by Government for which provision is made under " 22 Interest on Debt and Other Obligations ".

456. On the disbursement side, provision is made for advances from and withdrawals of the balance in the Provident Funds.

457. The balance in the State Provident Funds was 13,61,19 at the end of 1954-55 and is estimated at 16,61,19 at the end of 1956-57 as shown below :—

458. According to the Bombay Famine Relief Fund Act, 1936, as amended by the Bombay Relief Fund (Amendment) Act, 1954, the Famine Relief Fund is to be maintained at a minimum of Rs. 2 crores on the 31st March of each financial year. The fund comprises of—

(*i*) Securities of the Government of India, and

(*ii*) Cash, including—

(*a*) interest on the invested securities,

(*b*) recoveries of famine expenditure, and

(*c*) contribution made from general revenues under section 7(2) of the Act in order to make up any deficiency by which the total of items (*i*) and (*ii*) (*a*) and (*b*) may fall short of the prescribed limit.

The fund can be expended only upon—

(1) the relief of serious famine in the State and

(2) the relief of distress caused by serious drought, flood or other natural calamities in the State.

459. Subject to the proviso that when the balance of the Fund exceeds the minimum of Rs. 200 lakhs which limit will be operative after the end of the current year, Government may utilise the excess to meet expenditure on protective irrigation works and other works for the prevention of famine in the State, or for the grant of loans to cultivators, either under the Land Improvement Loans Act, 1883, or under

the Agriculturists' Loans Act, 1884, or to meet irrecoverable balance of loans granted under the said Act, or for relief purposes or for the repayment of advances made by the Government of India. The Government of India securities held on account of the Famine Relief Fund are as stated below :—

Total ...	1,94,82,700

460. Owing to the frequent occurrence of scarcity conditions in the past and also owing to the merger of large number of States with the State of Bombay, it was decided to revise the limit of this fund to Rs. 2 crores by suitable investments, in 2 stages. The amount of Rs. 125 lakhs has been transferred in 1954-55 and Rs. 12 lakhs are expected to be transferred during the current financial year.

461. Interest receipts in 1955-56 are estimated at 6,08. The amount available for transfer to the revenue accounts under head "XLIII-Transfer from the Famine Relief Fund" during the current year, is 6,08. The amount available for transfer to revenue account during 1956-57 is 6,43.

463. (a) The Amount of contributions to the sinking funds and depreciation funds created for loans recorded under the head "23-Appropriation for Reduction or Avoidance of Debt" in the Revenue Section are credited under this head. The profits realised on investment of the balances in the funds are also credited under this head. The provisions in 1955-56, revised estimates include transfer of amortisation provisions in respect of the following loans from Debt Redemption and Avoidance Fund to Sinking Fund (i) the 3 per cent. Bombay Government Loan, 1956 (ii) the 3 per cent. Bombay Government Loan, 1953. The increase in the provision in Sinking Funds for 1956-57 budget estimates is due to provision for the repayment of 3 per cent. Bombay Government Loan 1956.

464. (b) The provision under this head corresponds to the provision under "B-Other Appropriations" under "23, Appropriation for Reduction or Avoidance of Debt." minus the Provision under "C. Transfer *Deduct*" under the head "23".

466. The amounts realised on the maturity of treasury bills purchased out of the amounts of depreciation funds. minus the discount earned, are shown under this head. The discount is recorded under the head "Appropriation for Reduction or Avoidance of Debt-Sinking Funds-Receipts." It has been decided to invest these funds in the long dated securities and no investments have been made in the current year in treasury bills. The revised estimates, 1955-56, and the budget estimates, 1956-57, represent credits on account of cancellation of the securities of the several Bombay Government Loans in 1955-56 and the provision for redemption of the 3 per cent. Bombay Government Loans 1955 and 1956 in 1955-56 and 1956-57 respectively.

467. (*i*) The amount expended on the purchase of securities of the amounts at the credit of sinking Funds is to be debited to this head. The decrease in 1955-56 revised estimate is due to less interest receipts on account of cancellation of loans. The increase in the budget estimates for 1956-57 is on account of the position explained in paragraph 463 above.

468. (*ii*) The cost of securities purchased out of the amounts of depreciation funds is to be debited to this head. The variations in 1955-56 revised estimate and the next year's budget estimate are on account of the position mentioned in paragraph 466 above.

469. The position of the total investments on account of Sinking Fund Investment Account is shown in the following table :—

470. With the approval of the Auditor-General, Government opened with effect from 1944-45 a new major head of account, viz., "Debt Redemption and Avoidance Fund" under "P-Deposits and Advances Part-II-Deposits not bearing interest-P-Reserve Funds" to record transactions in connection with contributions to the Fund and investments of the amounts set apart for the purpose. The amounts set apart for the Fund are to be credited to the detailed head "Contributions" from the State Revenues and the interest received on investment of the fund is to be credited to the detailed head "Interest Receipts" under

the minor head " Contribution from the Revenue Accounts ". The larger receipts in the current year are on account of redemption of the securities which will have to be sold for repayment of a portion of 3 per cent. Bombay Government Loan, 1955. The next year's budget provides for a transfer of Securities to the extent of 1,00,17 to the Sinking Fund Account of 3 per cent. Bombay Government Loan 1956.

The budget estimate for 1956-57 includes provision for redemption of 3 per cent. Bombay Government Loan 1956 which together with the balance in the Sinking Fund of that Loan will be sufficient for repayment of that Loan.

472. According to section 11(I) of the Sugarcane Cess Act, 1948, the proceeds of the cess and fees recovered under this Act are to be credited first to the revenues of the State and after deduction of the expenses of collection and recovery are to be transferred to a separate fund called the State Sugarcane Cess Fund. The Fund is to be expended for the development and improvement of the cultivation, growth and marketing of sugarcane and other irrigated crops and for the development of agriculture in general in the State of Bombay. To reckon the amounts transferred to the Fund and the expenditure incurred therefrom a new major head " State Sugarcane Cess Fund (Bombay) " has been opened with effect from the year 1948-49. The total amount spent from the Fund appears on the payment side. The provision in the next year's budget estimate on disbursement side is on account of schemes for control of sugarcane pests, Development work on sugarcane, Extensive Sugarcane Research, Compost making in Rural Areas, Organisation of anti-Locust and crop protection service, Land utilization Survey of Government waste lands, Scientific Work for the improvement of Cereals, research and extension work on rice and measures for intensification of Grow More Food Campaign, etc., Lift Irrigation Scheme, Scheme for development of Co-operative Farming Societies and Co-operative Societies undertaking schemes of Lift Irrigation as shown below :—

474. The " Bombay State Milk Fund " has been constituted during the financial year 1951-52 out of all the surplus realisations worked out on a commercial basis from all the milk schemes for financing the milk development schemes. It has been decided that surplus realisation from all the milk schemes with effect from 1st April 1951 will be credited to this Fund.

475. The Fund shall be utilised as follows :—

(*i*) To meet the loss, if any, on the running of the milk distribution scheme.

(*ii*) To meet the capital expenditure on the development of the Aarey Milk Colony with various subsidiary services connected with the colony and the annual deficit, if any, on running the colony including the subsidiary services.

(*iii*) The expenditure on any other milk colony that the Government may start.

(*iv*) Any other purpose which may be decided upon by the Government of Bombay.

476. The receipts accruing to this fund are credited to the major head " Bombay State Milk Fund " and the expenditure incurred from the fund is to be debited at the end of the financial year to the major head " Bombay State Milk Fund " by corresponding credit to deduct heads in Revenue or Capital Section.

478. Government has constituted with effect from 1st August 1951 a common insurance Fund which would act as an insurer for all Government Commercial and Industrial Schemes. The Fund will be governed by the following general principles :—

(1) Industrial and commercial undertakings run by Government including all State Trading Schemes, will provide for adequate insurance of their property in accordance with the practice prevailing in private commercial and industrial undertakings.

(2) Property held by Government and not included in clause (1) above will not, as heretofore be insured and any damage thereto will continue to be met from the ordinary revenue to the extent necessary and possible.

(3) The premia payable in respect of property in clause (1) will be credited to a separate Fund and will be included in the working expenses of the appropriate undertaking.

(4) Damage covered by the insurance thus provided for will be met from the Insurance Fund.

(5) Government property will hereafter be not insured with private insurers. But where the risk involved is such that it is considered that the Fund should not carry the risk, the officer in charge of the Fund will, with the previous approval of Government, take out the necessary policy with a private Insurance Company (this will usually be the Indian Insurance Companies Association Pool) and pay the premium out of the Fund.

480. Under State Aid to Industries Rules, 1935, Loans are granted to fishermen or their Co-operative Societies. One of the conditions governing the loans was that the fishermen were required to insure their boats and nets to the extent of the amounts advanced. Government decided in 1950-51 that the condition of insurance should be waived in the case of loans not exceeding Rs. 5,000 granted to fishermen or their Co-operative Societies under the State Aid to Industries Rules, 1935. Insurance is compulsory for loans above Rs. 5,000. The rate of interest is 4½ per cent. in cases where assets are insured and 8½ per cent. in cases where they are not so insured. Out of the 8½ per cent. interest received in the latter cases, 4 per cent. is credited to a separate Fund called the "Fishermen's Relief Fund". The Fund is to be utilised in the following manner :—

(*i*) If any loan is required to be written off due to loss of assets at sea, the loan should be repaid to Government from the Fund.

(*ii*) The balance remaining in the Fund should be utilised for granting relief to fishermen who have suffered loss at sea according to the merits of the cases.

481. The expenditure from the fund for purposes of writes off mentioned at (*i*) above is initially recorded in the revenue section under "57, Miscellaneous-E-Irrecoverable Temporary Loans and Advances Written off" and the expenditure from the Fund for grant of relief to fishermen as mentioned at (*ii*) above is initially recorded in the revenue section under "43, Industries-C-Fisheries C-12-Grant of relief to fishermen who suffer losses at sea". The expenditure is finally transferred to the Fund by a deduct entry.

483. Under section 9 (*3*) of the Bombay Motor Vehicle Tax Act, 1935, as amended by the Bombay Charged Expenditure Act, 1950, if the net proceeds of the tax in any year exceed the sum of Rs. 26,57,000 the excess amount shall be entered in a separate account and shall be expended in such manner as the Local Government may determine solely on the construction, improvement and maintenance of new and existing roads including roads vesting in, belonging to, or managed by, any local authority. The amount so set apart and the expenditure incurred therefrom is recorded under "State Road Fund". In addition to the receipts under the Bombay Motor Vehicles Tax Act, 1935,

the Fund also gets credits on account of transfers under the Bombay Sales of Motor Spirit Taxation (Amendment) Act, 1952. Under section 5A (2) of this Act, after deducting from the proceeds such sum not exceeding 50 per cent. of the proceeds as the State Government may determine in this behalf, the remaining amount shall be entered in and transferred to the State Road Fund.

Receipts.

484. The amounts entered on receipt side show the transfers made to the State Road Fund from "12-Charges on account of Motor Vehicles Acts" and "13-Other Taxes and Duties" under the two Acts respectively mentioned above.

485. The revised estimate for the current year is framed mainly on the basis of progress of actuals. An amount of Rs. 3,54,93 is provided for in the next year's budget on the expenditure side. This includes expenditure on "Grants to Local bodies for local public Works" which were provided for under "50-Civil Works—Grants-in-aid" up till now. They have now been provided for under this head, as the expenditure on roads from state revenues is to be met from the amount available in the State Road Fund in the Second Five-Year Plan period.

490. The sum of 20 set aside annually for depreciation is credited on the receipts side under this head with a corresponding debit to the head " 8, State Excise ". The amount required for renewals and replacement is met from the Depreciation Reserve and it is provided on the disbursement side under this head with a corresponding deduct entry under " 8, State Excise ". In the next financial year, however, it is decided to make a provision of 6.

Shri Shahu Chhatupati Mills, Kolhapur.

491. The Shri Shahu Chhatrapati Mills came into the possession of this Government with the merger of Kolhapur in this State. The Mills are managed by Messrs. James Finlay and Company who credit to Government under this head amounts set apart for Depreciation; machinery replacement and electrification of the Mills. The expenditure on these items is debited to the heads " 43-A, Capital Outlay on Industrial Development " or " 72-Capital Outlay on Industrial Development as the case may be and the debit passed on to the fund by means of suitable deduct entries under those heads.

492. The position of the Depreciation Reserve Fund of commercial concerns other than Government Presses is shown below :—

493. Though the transactions of the Dangs District form part of the Public Account of this Government these are taken against the accumulation of the Dangs revenue, in accordance with the intention of Government to keep the receipts and payments on account of the Dangs District separate from the accounts of this State with a view to utilising the surplus, if any, realised from the Dangs towards the amelioration of the condition of the Dangs people. The following procedure of accounting has, therefore, been prescribed for the Dangs District.

494. The receipt and expenditure of the Dangs area will be recorded in the Revenue Section in lump separately on the receipt and expenditure sides of the State Section of the Accounts of the Government of Bombay. Any difference between the Receipt and Expenditure sides will be transferred at the end of each year to a Deposit Fund (Reserve Fund) in the Deposit Section of the State Government Accounts. The balance of the reserve transferred from the Government of India will also be credited to this Department head. The debt and remittance transactions of the Dangs will be recorded direct under the relevant debt and remittance heads in the State Section of the Government Accounts. The investments transferred from the Government of India and any other investments made thereafter from the Dangs District Reserve Fund will be debited to a separate head of account in the Deposit Section.

495. In accordance with the above procedure an amount of 17,49 representing the anticipated surplus during the current year is to be transferred to the Dangs District Reserve Fund and an amount of 9,19 representing anticipated surplus in 1956–57 is to be transferred to the Dangs District Reserve Fund.

496. The position of the Dangs District Reserve Fund is as follows :—

500. The annual petrol tax receipts allocated to State Government are held by the Government of India until they are actually required by State Governments for expenditure. Thus, the State Government can ask for the allotment from the Government of India only after utilising the unspect balances at the end of the previous year. The amounts received from the Government of India are credited on the receipt side under this head and the expenditure is shown on the disbursement side. The actual expenditure, is however,recorded in the first instance in the revenue section under the head "50-Civil Works" and a corresponding credit is given to that head by transfer from the Fund, by means of a deduct entry under "50C.W.". The amount estimated to be received during 1955-56 is 1,59,98 while the anticipated expenditure is also 1,59,98. The expenditure on petrol tax works during 1956-57 has been estimated at 1,57,81 and the same figure has been adopted for the estimate on the receipt side.

501. The transactions relating to the grants of the Indian Central Cotton Committee appear both on the receipts and disbursements side of the State Accounts, with effect from 1937-38. They are of the nature of transactions in a personal deposit account and do not affect the revenue section.

502. The Accounting procedure for grants from the Central Government for Cotton Schemes under "Central Cotton Committee Research Fund" is the same as that followed in the case of subvention from the Central Road Fund.

503. The Accounting procedure for subsidies from the Indian Council of Agricultural Research is similar to that followed in the case of subvention from the Central Road Fund, the relevant heads in the revenue section being "40, Agriculture", " 41, Veterinary" and " 42 Co-operation".

504. The Accounting procedure for grants made by the Indian Central Sugarcane Committee is similar to that for grants from Indian Council of Agricultural Research, the relevant heads in the revenue section being "40, Agriculture".

505. Accounting procedure for grants out of "Deposit Account of grant made by the Indian Central Tobacco Committee," "Deposit Account of grant made by the Central Cocoanut Committee", "Deposit Account of grant made by the Central Oilseeds Committee" and "Deposit Account of grant made by the Indian Central Arecanut Committee" is similar to that in the cash of subvention from the Central Road Fund, the relevant head in the revenue section being "40, Agriculture".

506. The minor head " The Private Donations and Contributions Fund " has been opened with effect from 1947-48. The Fund is formed from the donations given by the public for general or specific purposes and is to be utilised for the schemes and objects for which the donors have given their subscriptions. The donations will be credited in the first instance to the Fund in the Deposit Section of the Account. The expenditure incurred from the Fund will be entered under the relevant service major heads by opening suitable sub-heads and detailed heads for the purpose with due regard to the general principles of accounting as laid down in Article 30 of the Account Code, Volume I, while an equivalent amount will be shown as deduction in expenditure by debit to the Fund in cases where control over expenditure rests with Government. In other cases the expenditure will be direct to the Fund.

507. Accounting procedure for "Deposit Accounts of grants from the Central Government for the food production drive scheme is similar to that for subvention from Central Road Fund, the relevant service heads being "47, Miscellaneous Departments" and "40-Agriculture". This head has been opened during the financial year 1951-52 for recording receipts from the Central Government on account of Food Bonus and expenditure out of Food Bonus.

508. The accounting procedure for grants from the Central Government for Development of Hand-loom Industries is similar to that followed in the case of subvention from the Central Road Fund, the relevant head in the revenue section being " 43-M, Industries-B-Cottage Industries-B-4-Development of Handloom Industries ".

509. Deposit Account of grants of subsidy under the subsidised Industrial Housing Scheme.—The Government of India has sanctioned a scheme called subsidised Industrial Housing Scheme for housing Industrial Workers. The Government of India is financing the schemes wholly by way of subsidy and loan in equal proportions, i. e. 50 per cent. as loan and 50 per cent. as subsidy. Pending final decision on the accounting procedure the receipts of subsidy amount has been shown under this head.

510. Government Guarantee Fund.—The Central Financing Agencies grant loans to Co-operative Societies on Government's Guarantee to make good, to a specified extent, losses, if any, incurred by the Central Financing Agencies in the transaction. From the year 1954-55, Government have opened a new Fund called "Industrial Co-operative Societies Government Guarantee Fund". Every Industrial Co-operative Society which avails itself of Government Guarantee under the various schemes approved by Government from time to time makes contributions to this Fund at the rates specified by Government. The amount of Guarantee Fund shall be utilised by Government for meeting losses, if any, caused to the Financing Agencies to the extent of the amount guaranteed by Government. Any surplus left in the Fund after a period of ten years from its inception or when the need for Government Guarantee does not exist, whichever is earlier, shall be utilised for the general benefit of the Industrial Co-operative movement as may be decided by Government. While the contributions to the Fund are credited direct to the Fund, the payments made from the Fund to the Financing Agencies are first debited to the head " 43-Industries ", and then transferred to the Fund by means of a suitable deduct entry under " 43-Industries ".

511. It was decided to maintain separate accounts for the integrated States collectively till merger of States. For that purpose a separate account was maintained each for Deccan States, Janjira State, Gujerat States, Kolhapur State and Baroda State. Since merger, the transactions have been recorded under relevant service heads and these separate accounts under "Other Accounts" have been closed with effect from 1950-51.

512. The result of the several transactions under "Other Accounts" is shown below :—

526. Under the minor heads "Suspense Accounts" and "Local Public Works Expenditure" is recorded the expenditure on purchase of stores, road materials, etc. and the amounts expended are cleared by credit when the stores, etc., are issued to departments by debit to the proper head.

527. Under the head "Central Accounts Office—Reserve Bank Suspense" are recorded transactions relating to Reserve Bank Suspense which shows credits and debits on behalf of the Government of India, other State Governments, Indian Stores Department and charges in England. It has been decided by the Auditor General that with effect from 1941–42, the system of showing the credit by "minus debit" instead of "plus credit" should be followed by all State Governments. The effect of this decision is that the debit side is expected to be mostly cleared by the reduction due to credit and consequently no provision is required in the budget.

528. Under the head "Cash Balance Investment Account" are recorded transactions of the State Government by way of investment of its cash balances in short and long term loans, e.g., the Treasury Bills of the Government of India, or of other State Governments and the Government of India, Securities or loans of other State Governments. The profits derived from such investments are credited as receipts under the head "XX– Interest realised on investments of State balances", in the revenue section. The amount appearing under this head on the disbursement side is the total of the amounts invested for short or long periods from time to time during the course of the year, and on receipts side the total amounts realised on maturity (less the discount earned or interest derived therefrom) during the year.

529. The head "Departmental Adjusting Account" is intended for recording the provisional adjustments of departmental receipts and payments and inter-departmental transfers.

530. The head "Recoveries of Service Payments" is intended for recording the recoveries made in the course of audit before they are finally brought to account.

531. The total balance outstanding under "Suspense Accounts" and the investments in long term and short term securities and Treasury Bills is shown in the statement below :—

7.—*LAND REVENUE.*

MINISTER IN CHARGE—SHRI B. S. HIRAY.

ITEM 1. Payment of compensation under the Land Tenure Abolition Acts.

Recurrent ..	.. Rs.	30,00,000	Non-recurrent ..	Rs.	*Nil.*
Total ..	.. ,,	30,00,000	Ultimate annual recurrent.		

Remarks.—Compensation is payable under the various Tenure Abolition Acts which have been enacted by this Government, because these Acts involve extinguishment or modification of the various rights in lands and other properties vested in Government, discontinuance of cash allowances, etc. According to the provisions made in the various Tenure Abolition Acts, compensation payable under them is to be paid in transferable bonds. The draft of the rules for the issue of the compensation bonds has been finalised and it is expected that the bonds in accordance with the rules will be issued during 1956–57 and compensation amounts will be payable approximately at the annual rate of Rs. 6–12–0 per hundred rupees of the awarded amounts until the entire amount is paid. The amount of compensation likely to be required for payment during the year 1956–57 is expected to be as given below :—

Total amounts payable under the Acts.

		Rs.
I.	Under the Acts that have been in operation from earlier than October 1955.	4,11,32,265
	Under the Bombay Service Inams useful to Community (Gujarat and Konkan) Resumption Rules, 1954.	62,965
	Under the Bombay Maleki Tenure Miscellaneous Alienation Abolition Act, 1955.	76,00,000
		4,87,95,230
II.	Amount likely to be required to be paid during 1956–57 at the rate of approximately Rs. 6–12–0 per hundred rupees of the total amount payable.	32,93,674

It is expected that an amount of Rs. 30,00,000 will be paid during 1956–57. The amount is expected to be paid annually for a period of 20 years till the liability ceases. As the compensation is payable under statutory provisions, the payment is obligatory.

ITEM 2. Additional staff in the Office of the Collector of Bombay in connection with the recovery of Government dues recoverable as arrears of land revenue.

Recurrent ..	.. Rs.	14,124	Non-recurrent ..	.. Rs.	*Nil.*
Total ..	.. ,,	14,124	Ultimate annual recurrent	..	

Remarks.—Under the provisions of the various enactments, both Central and State Government dues are required to be recovered as arrears of land revenue. In pursuance of these provisions a large number of cases relating to about 2172 parties and involving about Rs. 30,60,735 have been received by the Collector of Bombay and are pending disposal in the Collector's Office.

2. It is not possible for only one junior clerk who is entrusted at present with the other types of recovery work such as (*i*) Workmen's Compensation, (*ii*) Public dues, etc., (*iii*) Recoveries of Land Revenue from the landholders of other Districts of the Bombay State residing in the City of Bombay, (*iv*) Services of Summons, execution of sanads, etc., to attend to the recovery work mentioned above. This work cannot also be entrusted to the other members of the office as they have sufficient work to attend to.

3. It has therefore been proposed to sanction the following staff in the office of the Collector of Bombay with effect from 1st April 1956 :—

Designation of the Post.	Number of posts.	Scale of Pay. Rs.
Senior Clerk	1	120—8—200—10—220.
Clerks (Class III Government Servants) ..	3	75—5—140—E.B.—6—200.

ITEM 3. Introduction of City Survey in the town of Palanpur.

Recurrent	Rs.	*Nil.*	Non-recurrent	Rs.	79,000
Total	,,	79,000	Ultimate annual recurrent ...		

Remarks.—Palanpur being the District Head Quarters of growing importance and an important Railway Junction on Ahmedabad-Delhi and on the Deesa-Kandla lines, it is desirable to introduce city survey in this town. The financial position of the Palanpur Municipality being very poor it is not in a position to deposit the estimated cost of the work. Government therefore proposes to introduce the city survey at Government cost which will later on be recovered by way of sanad fees.

2. It is expected that the cost of work would be Rs. 79,000 the details of which are as under :—

Recurrent ...	... Rs.	*Nil*	Non-recurrent ...	... Rs.	*Nil*
Total ...	... ,,	*Nil*	Ultimate annual recurrent	... ,,	64,775

Remarks.—Due to the merger of several States in the State of Bombay, the area under forest has increased by about 5,400 square miles. For efficient management and control of this additional area, an additional territorial circle has been created from April 1952 and is being continued from year to year. Its sanctioned period expires on 29th February 1956. It is necessary to continue the Circle, on a permanent basis. It is accordingly proposed to make the circle permanent with effect from 1st April 1956.

The expenditure during the next year will be Rs. 62,270 as shown below. This amount has been included in the Budget Estimates for 1956-57.

ITEM 6. Appointment of a Forest Settlement Officer for revision of forest settlement works in Kanara District in the Southern Circle.

Recurrent	... Rs. 24,062	....	Non-recurrent	...	Rs. *Nil.*
Total	... „ 24,062	...	Ultimate annual recurrent	...	

Remarks.—The revision of the Forest Settlement in the Kanara District, which is generally done every ten years, has not been done for the last 35 years, i. e., from the time the original settlement was taken up in 1920 by the Special Officer Mr. G. F. S. Collins. There are many discrepancies in the records of the Forest Settlement Officer and Village records. This is likely to give rise to complications, if allowed to continue. As it was not possible for the Prant Officer, Kanara District, to look after the revision settlement work in the district, in addition to his own duties, on account of abnormal increase in his work, it was decided to appoint an independent Forest Settlement Officer for the purpose and accordingly a Forest Settlement Officer was appointed in November 1951, for a period up to 30th September 1952. As, however, he could not complete the work, it is necessary to take up the same now. The total expenditure for the purpose during 1956-57 will be Rs. 24,062 as detailed below :—

	Rs.	Total Rs.

ITEM 7. Forest communications. Metalling of Umarpada-Chokhwada-Vadpada Road 2nd Section 3 miles and 6 furlongs (5/4 to 9/2 miles).

Recurrent	Rs.	*Nil*	Non-recurrent	... Rs.	59,315
Total	... ,,	59,315	Ultimate Annual Recurrent ...		

Remarks.—The Ex-Baroda State had built up a special Local Cess Fund from forest revenue for construction of roads in forest tracts, which would facilitate exploitaton of coupes and thus enhance coupe prices due to better transport facilities. After merger roads were to be constructed from this fund in Vyara Division and Vankal Range of Rajpipla Division.

(2) The Umarpada-Chokhwada-Vadpada Road is about 9 miles and 2 furlongs and the 2nd Section of this road from Chokhwada to Vadpada is 3 miles and 6 furlongs. The esimate for this section was prepared by the Ex-Baroda State Government and it was revised after merger. The revised plans and estimates for this road are administratively approved. As the first section of this road is proposed for Metalling during 1957-58, it is proposed to collect rubble and metal on the 2nd section at a cost of Rs. 59,315 as provided in the estimate and the metalling will be done in 1957-58, along with the first section. No expenditure has so far been incurred on this scheme.

(3) *Financial implication.*—The metalling of the road is very urgently necessary because there is very heavy traffic on this road for extrection of material from forest coupes. There will be no direct financial benefit. The benefit will be indirect in that the coupes in this locality which are very valuable will fetch better prices if the communications are improved.

ITEM 8. Making permanent five temporary posts of Assistant Collectors of Sales Tax.

Recurrent	.. Rs.	*Nil.*	Non-recurrent	.. Rs.	*Nil.*
Total	.. ,,	*Nil.*	Ultimate annual recurrent	.. ,,	66,336

Remarks.—In accordance with the suggestions of the Estimates Committee a post of Assistant Collector (Inspection) has been created. Looking to the nature of duties performed and its preventive as well as audit aspect, it is necessary to have this post on a permanent basis.

There are five posts of Appellate Assistant Collectors at Bombay. The figure of filing appeals warrants making two of them permanent.

There is one post of appellate Assistant Collector at Ahmedabad. The figure of filing appeals warrants making this post permanent.

At Surat there is only one post of Assistant Collector. The Assistant Collector is entrusted with both administrative and appellate work. The post is of a long duration and as the post is for one independent Range of the Northern Circle its requirement would be permanent.

It is, therefore, proposed to make permanent the five posts of Assistant Collectors of Sales Tax referred to above :—

Designation of the posts.	Number of posts.	Scale of pay.	Annual average cost.
			Rs.
Assistant Collectors of Sales Tax ..	5	Rs. 695—45—1,100 ..	66,336

The annual average cost indicated above is inclusive of house rent and other allowances admissible to the Assistant Collectors under the rules.

The necessary provision for the posts has been made in the budget estimates.

ITEM 9. Making permanent certain temporary posts in the Sales Tax Department.

Recurrent	... Rs.	*Nil.*	... Non-recurrent	... Rs.	*Nil.*
Total	... ,,	*Nil.*	... Ultimate annual recurrent	... ,,	6,14,699

Remarks.—The staff sanctioned as on 1st October 1955 has been worked out on a long-term basis. The sanctioned personnel is the bare necessity. Observations since 1949 of the working of this Department both on the administrative and the assessment side lead to the conclusion that some further staff needs to be made permanent. It is, therefore proposed to make the following posts permanent :—

Description of the Post.	No. of Post.	Scale of Pay.	Annual average cost.

Recurrent ...	... Rs.	*Nil.*	Non-recurrent ...	... Rs.	*Nil.*
Total ...	... ,,	*Nil.*	Ultimate annual recurrent	... ,,	17,620

Remarks.—In 1946, the strength of the higher gazetted officers in the Home Department was one Secretary and one Under Secretary. This strength was considered inadequate on account of the important nature of the work and increase in its volume. Government, therefore, decided in November 1946 to create a temporary post of Deputy Secretary in the Home Department for a period of two months in the first instance. The post is being continued since then on a temporary basis as there has been no decrease in the amount of work. The present sanction is up to 29th February 1956. The post is thus in existence for more than 8 years and it is now considered essential to retain the post as a permanent measure. It is, therefore, proposed to make the post of Deputy Secretary, Home Department, permanent retrospectively with effect from the 1st April 1953. The posts of two peons sanctioned for the Deputy Secretary are also accordingly proposed to be made permanent with effect from that date. Thus it is proposed to make the following posts permanent :—

Name of the post.	Number of posts.	Scale of pay.
Deputy Secretary	1	Senior Scale of I.A.S., *viz.* Rs. 800—50—1,000—60—1,300—50—1,800.
Peons	2	Rs. 35—½—40.

The permanent retention of the above posts involves a recurring average annual expenditure of Rs. 17,620. The necessary provision for the posts for the year 1956–57 has been made in the budget estimates.

MINISTER IN CHARGE—DR. JIVRAJ N. MEHTA.

ITEM 11. Making permanent certain temporary posts in the Finance Department.

Recurrent ...	... Rs.	*Nil.*	Non-recurrent ...	... Rs.	*Nil.*
Total ...	... ,,	*Nil.*	Ultimate annual recurrent	... ,,	1,35,780

Remarks.—Due to considerable increase in the work of the Department and taking over of some new functions of a permanent nature such as administration of Government treasuries, Insurance Fund and physical verifications of stores, certain temporary posts were required to be created in the Finance Department from time to time in the course of the last 4–5 years. Though these posts were created on a temporary basis initially, the work for which they were sanctioned is of a permanent nature. It is, therefore, proposed to make some of these posts, viz., the following, permanent :—

Designation of the posts.	Number of posts.	Scale of pay.	Annual average cost.
			Rs.
Under Secretary	1	Rs. 650—50—950 plus special pay of Rs. 150 per mensem.	12,240
Assistant Secretary	1	Rs. 650—50—950 ...	10,440
Insurance Officer	1	Rs. 350—30—650—E.B.—45—1,100 plus compensatory local allowance of Rs. 75 per mensem.	9,600
Economic Assistant	1	Rs. 250—20—450—25—500 ...	4,895
Superintendents	5	Rs. 320—20—440 ...	24,480
Senior Assistants	5	Rs. 210—15—300 ...	16,560
Accountant, Insurance Section... ...	1	Rs. 210—15—300 plus special pay equal to 20 per cent. of the grade pay.	3,972
Junior Assistants	6	Rs. 120—10—200—E.B.—10—250.	14,400
Clerks	16	Rs. 75—5—140—8—220 ...	26,880
Clerks, Insurance Section	3	Rs. 75—5—140—8—220 plus special pay of Rs. 20 per mensem.	5,760
Typists	2	Rs. 75—5—140—8—220 ...	3,360
Peons	7	Rs. 35—½—40	3,192
			1,35,780

The annual average cost indicated above is inclusive of the compensatory local allowance of Rs. 75 per mensem admissible to the Insurance Officer who is on a mofussil scale of pay.

2. The necessary provision on this account has been made in the budget.

ITEM 12. Making permanent certain temporary posts sanctioned in the Bureau of Economics and Statistics, Bombay.

Recurrent	Rs.	*Nil.*	Non-recurrent	Rs.	*Nil.*
Total	,,	*Nil.*	Ultimate annual recurrent ..	,,	1,26,600

Remarks.—It is proposed that 80 per cent. of the temporary staff of the Bureau of Economics and Statistics sanctioned before 27th February 1951 and permanently required for the work the Bureau has to attend to from time to time should be made permanent. The main work of the staff proposed to be made permanent is to carry out intensive socio-economic surveys of certain groups of people or certain areas in the State. The staff has to conduct surveys of certain Small-scale and Cottage industries and of a few backward areas of the State. Surveys of Cottage and Small-scale Industries which have come to occupy an important place in the economy of the country, will have to be carried out during the entire period of the Second Five-Year Plan and thereafter. In accordance with the recommendation of the Administrative Enquiry Committee, 1948, which has been accepted by Government, the Bureau has to undertake surveys of sources of income and pattern of expenditure of the people of Bombay State and to maintain the results of the surveys up-to-date. The work of carrying out socio-economic surveys has thus become the main and permanent work of the Bureau. The staff has also to collect statistics about roads, building activity, staff employed under Bombay Government, etc., which items of work are of a continuing nature. The need for making the temporary posts permanent is thus clear and is calculated to add to the efficiency of work.

Posts created before 27th February 1951 which are proposed to be made permanent are shown in the following statement :—

Serial No.	Name of the post.	Number of posts.	Scale of pay. Rs.	Date from which proposed to be made permanent.
1	Research Assistants ..	3	170—10—200—15—380 ..	1st April 1953.
2	Statistical Assistants ..	7	120—10—200—E.B.—10—250 ..	6 from 1st April 1953 and 1 from 1st September 1953.
3	Clerks ..	16	75—5—140—E.B.—6—200 ..	1st April 1953 (15 posts) 1st June 1953 (1 post).
4	Steno-typist ..	1	75—5—140—E.B.—6—200 .. Shorthand allce. of Rs. 30 p.m.	1st April 1953.
5	Typist ..	1	75—5—140—E.B.—6—200 ..	1st February 1954.
6	Inspectors ..	3	120—10—200—E.B.—10—250 ...	2 from 1st April 1953 1 from 1st November 1953.
7	Fieldmen ..	16	30—5/2—45—3—60—5—75 ..	11 from 1st April 1953 5 from 1st August 1953.
8	Peons ..	2	35—1/2—40 ..	1 from 1st April 1953 1 from 1st June 1953.
	Total Number of posts ..	49		

It is also proposed to make the following temporary posts created after 27th February 1951 permanent for the reasons stated above :—

Serial No.	Name of the post.	Number of posts.	Scale of pay Rs.	Date from which proposed to be made permanent.
1	Research Officer ..	1	300—20—600	1st April 1956.
2	Supervisors ..	2	46—3—85	1st April 1956.
3	Fieldmen ..	3	30—5/2—45—3—60—5—75 ..	1st April 1956.
		6		

The Bureau has also undertaken since 1953, socio-economic survey to assess the economic benefits accruing from the major irrigation projects. It is proposed to make permanent the post of Research Officer appointed for this purpose, as it will be necessary to carry out surveys of the present irrigation projects and of similar other projects from time to time.

The details of ultimate annual recurrent expenditure on account of the staff are given below :—

	For posts created before 27th February 1951.	For posts created after 27th February 1951.	Total.
	Rs.	Rs.	Rs.
Pay of Establishment	74,100	9,300	83,400
Allowances and Honoraria	37,400	5,800	43,200

ITEM 13. Participation in the National Sample Survey.

Recurrent	... Rs.	36,278	Non-recurrent	... Rs.	23,160
Total	... ,,	59,438	Ultimate annual recurrent	... ,,	*Nil.*

Remarks.—In pursuance of the Government of India National Sample Survey Integration Plan, the Bureau is participating in the National Sample Survey from its 9th Round and the tabulation in respect of this round and the succeeding rounds for the State Sample Units in Bombay State, is also to be undertaken by the Bureau. The Government of India are contemplating decentralisation of Tabulation at different places for tabulating data that will be obtained by the fieldstaff of the Central Directorate of the National Sample Survey and the States who happen to be included in the Integrated Plan. On account of the difficulties in obtaining the necessary mechanical equipment and the time taken in securing the services of fully trained staff for the Tabulation Unit, the Chief Director, National Sample Surveys, Government of India has requested the Bureau to take up the tabulation programme of the 10th Round of the N. S. S. Survey of the 184 villages in Hyderabad State. It is proposed that the tabulation work may be undertaken only if the entire cost on this account is met by the Government of India. The Government of India have been approached for this purpose and the net cost to this Government on account of the new item will be nil. This assignment of tabulation work will not only decentralise the tabulation of the N. S. S. but also make available to the Bureau some special types of machines without any additional cost to this Government and will ensure greater co-ordination and uniformity in the tabulation processes of data collected in the neighbouring areas. The details of recurring and non-recurring expenditure are as follows :—

Recurrent ...	...	Rs.	*Nil.*	Non-recurrent	...	Rs.	*Nil.*
Total	...	,,	*Nil.*	Ultimate annual recurrent	...	,,	52,920

Remarks.—Consequent upon the abolition of the posts of Commissioners of Divisions in 1950, certain additional posts were created in the Revenue Department on account of additional work devolved on Government in regard to the powers of the Commissioners retained by Government. In view of the expanding and permanent nature of work in the Revenue Department, it is proposed to make the following temporary posts permanent.

	Annual Average cost.
	Rs.
1 Under Secretary in the scale of Rs. 650—50—960 *plus* Rs. 150 per mensem special pay.	12,240

ITEM 15. Making permanent certain temporary posts in the Agriculture and Forests Department.

Recurrent ...	... Rs.	*Nil.*	Non-recurrent ...	... Rs.	*Nil.*
Total ...	... ,,	*Nil.*	Ultimate annual recurrent	... ,,	23,082

Remarks.—The following establishment sanctioned in the Agriculture and Forests Department in the years 1947 and 1949 has been continued from time to time for 6–8 years on a temporary basis :—

1 Assistant Secretary,
1 Junior Superintendent,
1 Junior Assistant,
5 Clerks,
1 Typist,
2 Peons.

These posts were created due to all round increase in work. With the all round expansion of the activities of the Agriculture, Veterinary and Forests Departments, the work in Agriculture and Forests Department has continuously shown an increasing trend. There are no prospects of the work lessening in future. On the contrary the work relating to Soil Conservation, Japanese method of paddy cultivation, Key Village Scheme, Extension training centres and in fact agricultural extension in general is showing signs of further expansion. It is proposed to make permanent the posts of One Assistant Secretary, 1 Junior Superintendent, 1 Junior Assistant, 5 Clerks, 1 typist and two peons sanctioned for general increase in work and continued year by year for the last eight years. Necessary provision for the staff has been made in the budget estimates. The ultimate annual recurring expenditure on account of these posts will be Rs. 23,082.

MINISTER IN CHARGE—DR. JIVRAJ N. MEHTA.

ITEM 16. Making permanent some temporary posts in the Development Department.

Recurrent ...	... Rs.	*Nil.*	Non-recurrent ...	.. Rs.	*Nil.*
Total ...	... ,,	*Nil.*	Ultimate annual recurrent	... ,,	44,796

Remarks.—The Development Department came into existence with effect from 6th September 1949. The subjects dealt with in this Department viz., Industries, Cottage Industries, Co-operation, Co-operative Marketing and Money Lending, Fisheries, Labour, Government Printing and Stationery etc. are of a permanent nature, and the activities of this Department are expanding. Some of the temporary posts in this Department are in existence for a long time and it is considered desirable to make permanent some of them. It is, therefore, proposed to make permanent the following posts which have been in existence for three years or more :—

(*i*) Two posts of Superintendents in the scale of Rs. 320—20—440.
(*ii*) Two posts of Senior Assistants in the scale of Rs. 210—15—300.
(*iii*) Four posts of Junior Assistants in the scale of Rs. 120—10—250.
(*iv*) Nine posts of clerks in the scale of Rs. 75—5—140—E.B.—8—220.
(*v*) One post of peon in the scale of Rs. 35—½—40.
(*vi*) One post of boy peon.

Necessary provision on account of these posts has been made in the budget estimates.

ITEM 17. Making permanent 22 posts of District Treasury Officers.

Recurrent ...	... Rs.	*Nil.*	Non-recurrent ...	... Rs.	*Nil.*
Total ...	... ,,	*Nil.*	Ultimate annual recurrent	... ,,	1,11,056

Remarks.—The separation of treasury establishment from revenue establishment and formation of aseparate cadre of Treasury Officers called the "Bombay State Accounts Service" for the District Treasuries was approved as a new item of expenditure for the 1954–55 budget. From 1st April 1955 the treasury establishment has been separated from the revenue establishment. Each District Treasury is headed by a Treasury Officer. Out of the 26 posts of Treasury Officers, four were initially sanctioned in Class I Scale, and the remaining 22 in Class II scale. However, the four Class I posts were subsequently held in abeyance and four Class II posts were created instead. The four Class II posts will be again upgraded to Class I scale when suitable persons will be available to man the Class I posts. For the present it is proposed to make the remaining 22 posts of Treasury Officers in Class II permanent as there is no likelihood of abolition of any District Treasury and at least one post of Treasury Officer is required for each treasury.

The ultimate annual recurrent cost of making the 22 Treasury Officers posts permanent will be as follows :—

Ultimate annual recurring cost.

22 posts of Treasury Officers in Class II scale of Rs. 220—15—400—E.B.—20—500—E.B.—25—650
Rs. 5,048 × 22 = 1,11,056

ITEM 18. Supply of iron cupboards to District Treasuries and Sub-Treasuries in the State of Bombay for keeping different kinds of Stamps.

Recurrent	Rs. *Nil.*	Non-recurrent	Rs. 1,11,000
Total	„ 1,11,000	Ultimate annual recurrent ...	„ *Nil.*

Remarks.—A uniform practice has not been followed in District Treasury and Sub-Treasury offices in respect of preservation of postage and Revenue stamps. It is essential that a uniform practice should be followed in Revenue offices in this respect. Government, therefore, proposes to supply iron cupboards having separate compartments like pigeon holes, one for each Sub-Treasury and two for each District Treasury, excepting those which have not asked for any cupboard for keeping stamps. The total number of cupboards required in all is 317. The estimated cost of each cupboard is Rs. 350. The expenditure on the proposal works out to Rs. 1,10,950. A provision of Rs. 1,11,000 is, therefore, required to be made during 1956-57 for the purchase of iron cupboards.

A sum of Rs. 16,100 out of Rs. 1,11,000 is to be provided under "Q-2, Treasury Establishment" and the rest under "R-Sub-Divisional Establishment".

ITEM 19. Reorganisation of Patelki system in the villages of the ex-State areas merged in Mehsana District (except the ex-Baroda State area).

Recurrent ...	Rs. 25,000	Non-recurrent	Rs. *Nil.*
Total ...	„ 25,000	Ultimate annual recurrent ...	„ 25,000

Remarks.—Government has had under consideration the question of reorganisation of the system of appointment of patels in the villages in the ex-State areas merged in the Mehsana District (except ex-Baroda State area), the appointment and remuneration of Patels in these villages not being governed by any legislation. It is the policy of Government to remunerate Patels in cash and to resume all service inam lands. All such lands belonging to Patels who will come within the purview of the reorganisation scheme will be resumed and the patels will be paid wholly in cash according to the Wingate Scale. On resumption the lands will be regranted to the holders thereof on new and impartible tenure on payment of occupancy price equal to 12 times the assessment or on payment of full assessment. The remuneration that would be payable to these Patels according to the Wingate Scale comes to Rs. 19,437-1-5. In addition they will be entitled to get 50 per cent. temporary increase in accordance with the standing orders of Government. The total expenditure involved is thus Rs. 29,155-9-5. The cash remuneration which is at present being paid to some of the Patels comes to Rs. 4,082-13-0. The proposal is, therefore, expected to involve recurring additional expenditure of Rs. 25,072-12-5 per annum.

Since the system in ex-Baroda State area is covered by Special rules it is not proposed to reorganise it at present.

MINISTER IN CHARGE—SHRI MORARJI R. DESAI.

ITEM 20. Making permanent certain temporary posts in the Political and Services Department.

Recurrent	Rs. *Nil.*	Non-recurrent	Rs. *Nil.*
Total	„ *Nil.*	Ultimate annual recurrent ..	„ 45,564

Remarks.—There are as many as 97 temporary posts on the ministerial establishment of the Political and Services Department. These posts were created temporarily from time to time due to increase of work and also due to additional subjects having been allotted to the Political and Services Department. The subjects such as Five-Year Plan, Community Development Projects and the National Extension Service were transferred from the Development Department in 1953. The establishment for this work was sanctioned on a temporary basis. The experience gained so far has shown that the work in the Political and Services Department has not only stabilised but is showing an upward trend. It is, therefore proposed to make the following posts permanent with effect from the 1st April, 1956 :—

(*i*) 1 Junior Assistant sanctioned for the work of reconciliation which is of a permanent nature.

(*ii*) 1 Senior Assistant and 1 Clerk sanctioned for the work of grant of Indian Citizenships, domicile certificates, etc.

(*iii*) The following posts were created in 1954 to cope with the increase in work of service matters such as recruitment to Government posts, etc. The work has been stabilised and hence the posts are proposed to be made permanent.

1 Junior Superintendent.
1 Senior Assistant.
1 Junior Assistant.
1 Clerk.

(*iv*) A temporary post of Junior Assistant was created to cope with the increase in work in connection with the Five Year Plan. There is no possibility of any decrease in work as the Five-Year Plans are successive in nature. The post is, therefore, proposed to be made permanent.

(*v*) The staff mentioned below was temporarily sanctioned in the year 1952 to look after the work of community Development projects. As the Community Development Projects are a permanent feature, the staff sanctioned for the work is proposed to be made permanent with effect from the 1st April, 1956.

1 Junior Superintendent.

1 Senior Assistant.

1 Junior Assistant.

2 Clerks.

(*vi*) A post of Junior Assistant in the File Bureau, was sanctioned in 1953 to supervise the work of despatch of Government letters. In Political and Services Department there is always a heavy rush of delivery of letters by hand. This being the Chief Minister's Department the functions arranged in the honour of State Guests, etc. are large in number. In order to ensure that intimation of programmes of State Guests and invitation to the programme are delivered properly, it is quite essential to have a Junior Assistant in charge of the team of issue clerks. Recently the number of State Guests has considerably increased. It is, therefore, proposed to make the posts of 1 Junior Assistant and 2 clerks in the Section permanent with effect from 1st April 1956.

(*vii*) There is also a considerable increase in the typing work in the Political and Services Department. It is therefore, proposed to make the posts of 2 typists permanent with effect from 1st April, 1956.

To summarise the following posts are proposed to be made permanent with effect from 1st April 1956 :—

Junior Superintendents	2
Senior Assistants	3
Junior Assistants	5
Clerks	6
Typists	2
Total ...	18

The annual average cost involved in the proposal is as follows :—

Establishment.	*Ultimate annual recurrent cost.* Rs.
2 Junior Superintendents in the scale of Rs. 320—20—440	9,792
3 Senior Assistants in the scale of Rs. 210—15—300	9,972
5 Junior Assistants in the scale of Rs. 120—10—250	12,360
6 Clerks in the scale of Rs. 75—5—140—8—220	10,080
2 Typists in the scale of Rs. 75—5—140—8—220	3,360
Total	45,564

The necessary provision has been made in the Budget estimates for these posts.

ITEM 21. Purchase of talkie projectors, equipments and accessories.

Recurrent ..	Rs.	60,000	Non-recurrent ..	Rs.	30,000
Total ..	„	90,000	Ultimate annual recurrent ..	„	*Nil.*

Remarks.—The Directorate of Publicity has at present 35 units of 16 mm. sound projectors for the purpose of film publicity through mobile publicity vans. These are of different makes with varying wattage lamps and amplifiers. These are of out-moded designs and they, being in continuous service since before 1949, are now worn out, with the result that the repairs and maintenance charges are mounting out of proportion to their initial purchasing cost. Moreover, in view of the large crowds the mobile publicity vans are now attracting, the brightness of picture thrown on the screen as also the volume and clarity of sound have to be much more than could be expected of the present projection equipments. It is, therefore, proposed to replace the 35 units during the five years commencing from the year 1956-57 by uniform units using arc lamps as illuminants (with generators) and having 25 watts output amplifiers. The cost on each unit is estimated at Rs. 15,000. The proposal involves recurring expenditure of Rs. 60,000. It is proposed to replace the projectors by making a regular provision every year.

2. It is further proposed to provide two of the five Regional Publicity Officers with a 35 m.m. portable projector, to be used for arranging film-shows in the Information Centres which are proposed to be opened at these places. The estimated cost on this account is Rs. 30,000.

The total estimated cost is Rs. 60,000 recurring and Rs. 30,000 non-recurring.

MINISTER IN CHARGE—SHRI D. N. DESAI.

ITEM 22. Making permanent posts of one Deputy Secretary, one Stenographer and one Peon in the Education Department.

Recurrent ..	Rs.	*Nil.*	Non-recurrent ..	Rs.	*Nil.*

Remarks.—A post of Deputy Secretary to Government, Education Department, was created as an additional post from the 1st April 1952 to 5th June 1952 on a temporary basis and one post of Under Secretary to Government, Education Department, was abolished with effect from the 6th June 1952. The post of the Deputy Secretary to Government has been continued on a temporary basis up to 29th February 1956. The experience gained during this period has revealed that the post of Deputy Secretary is necessary on a permanent basis in the interest of the efficient working of the Education Department. It is, therefore, proposed to make the post of the Deputy Secretary permanent with effect from 1st March 1956. Along with the post of Deputy Secretary, it is proposed to make permanent the posts of one stenographer and one peon meant for the Deputy Secretary. The pay-scales and the annual average cost of the three posts are as follows :—

ITEM 23. Creation of statistical unit in Public Works Department.

Recurrent	Rs.	16,698	Non-recurrent	Rs.	*Nil.*
Total	„	16,698	Ultimate annual recurrent ..	„	*Nil.*

Remarks.—The Public Works Department is required to collect and compile detailed statistical data on roads mileage and their classification, bridges, buildings irrigation, electricity, minor ports, labour employed on works, etc. as under :—

Roads.—(*i*) Road mileage and expenditure statistics.
(*ii*) Road expenditure statistics (Sources and expenditure).
(*iii*) Road Classification.

Irrigation.—(*i*) Detailed data regarding rainfall and run-off in the particular catchment over considerable period before taking up any major irrigation work.

(*ii*) Information regarding estimated cost of each work, area likely to be irrigated additional tonnage of food crops, estimated cost of tonnage of food crops and expenditure on works. The work is voluminous as number of irrigation works is large.

(*iii*) Several statements are required to be prepared in connection with the Irrigation Administration Reports and statistical data required by Central Board of Irrigation and Central Water and Power Commission.

Labour.—Annual returns regarding employment of persons belonging to scheduled castes, scheduled tribes and other Backward Classes as per requirement of Director of Backward Class Welfare.

Minor ports.—Ports and shipping statistics.

Electricity.—Figures of electricity generated by various electircal Undertakings in the State Statistical information (district-wise or region-wise) is often required to be furnished in connection with Council and Assembly Questions.

For compilation of important statistics on an efficient and scientific basis, it is necessary to have statistical unit in the Public Works Department. The need for a statistical unit is keenly felt in every day working due to expansion of the activities of the Department. Moreover, if this work is done by a statistical unit, the information will be collected expeditiously and will be more correct, the staff-being specially trained for this type of work.

It was decided at the meeting of Statistical Co-ordination Committee that statistical units may be created under the Heads of Departments where on examination on merits, it was found that there was adequate work which lent itself to statistical analysis. At present statistical units exist under Head of Departments such as Director of Agriculture, Director of Education and Chief Conservator of Forests. A Statistical Section under the Chief Engineers of Public Works Department, who are also the Head of the Departments, is considered essential for a systematic and thorough analysis of road and irrigation works and for discovering techniques and methods that yield Government the best results for the money expended.

It has accordingly been decided to create a statistical unit for the Public Works Department in charge of a Research Officer in Class II Service with two sub-branches under him, one dealing with statistics on Roads and Buildings side and the other on Irrigation side. The detailed proposed staff is as under :—

Name of posts.	Scale. Rs.
1 Research Officer	220—15—400—E.B.—20—500—E.B.—25—650.
2 Senior Assistants (one on each side) ..	210—15—300.
2 Junior Assistants (one on each side) ..	120—10—200—E.B.—10—250.
2 Typists (one on each side) ..	75—5—140—E.B.—8—220.
2 Class IV servants (one for Officer and one for two sub-branches).	30—½—35.

	Rs.
The annual average cost is as under :—	
(*a*) Pay of Officers	5,052
(*b*) Pay of Establishment	14,736
(*c*) *Allowances*—	
(*i*) House rent and other allowances	1,104
(*ii*) Dearness allowance	5,520
	26,412

The amount required during 1956-57 is Rs. 16,698 as under :—	
(*a*) Pay of Officer	2,420
(*b*) Pay of Establishment	8,316
(*c*) *Allowances*—	
(*i*) House rent and other allowance	1,012
(*ii*) Dearness allowance	4,950

ITEM 24. Taking over the control of the Local Fund Audit Department from the Accountant General, Bombay.

Recurrent ..	Rs.	*Nil.*	Non-recurrent ..	Rs.	*Nil.*
Total ..	„	*Nil.*	Ultimate annual recurrent ..	„	4,84,596

Remarks.—Local Fund Audit became for the first time a Provincial (now State) subject under the Government of India Act, 1919 and has continued to be a State responsibility under the Government of India Act, 1935 and also in the present Constitution. The Comptroller and Auditor General of India has been conducting this audit on " consent " basis since the coming into force of the Government of India Act, 1935. This arrangement was initially intended to last for a period of 3 years only. It was continued thereafter from time to time and during the War on an indefinite basis. Recently the Accountant General, Bombay, in consultation with the Comptroller and Auditor General of India has requested the State Government to take over the control over the Local Fund Audit Department from him on the ground that the audit and accounting responsibilities of the Indian Audit Department have increased enormously since Independence, on account of the very large increase in the activities of both the Central and State Governments resulting in a correspondingly large increase in expenditure and increased administrative problems. In consideration of the foregoing grounds and as the State Government is creating a separate Accounts Service of its own, it is considered necessary that the State Government should take over the control of the Local Fund Audit from the Accountant General, Bombay, with effect from 1st April 1956.

2. The entire expenditure on the Local Fund Audit is at present borne by the State Government. Necessary provision for 1956-57 has been made in the budget estimates. As it is proposed to take over the staff which is at present doing the work, the transfer of control over the Local Fund Audit from the Comptroller and Auditor General of India to the State Government does not involve any immediate extra expenditure to Government. The proposal is put up as a new item to bring the major change in the existing position to the notice of the Legislature.

MINISTER IN CHARGE—SHRI B. S. HIRAY.

ITEM 25. Making permanent certain temporary posts in the Revenue Offices in the Districts.

Recurrent	Rs.	*Nil.*	Non-recurrent	Rs.	*Nil.*
Total	„	„	Ultimate annual recurrent ..	„	7,22,100

Remarks.—There is a large number of temporary posts in the Revenue Offices in the Districts. Many of these posts have been in existence since prior to 1953. In view of the general increase in work in various offices, the temporary posts are likely to be required permanently. It is, therefore, proposed to make permanent the following temporary posts detailed in the appended statement :—

	Annual average cost.
	Rs.
2 Mamlatdars in the grade of Rs. 250—15—325	7,200
4 Mahalkaris in the grade of Rs. 160—10—230	9,840

6 Deputy Accountants in the grade of Rs. 100—8—140—10—200 ..	11,520
177 Posts of clerks in the grade of Rs. 46—3—85—4—125—5—130 ..	1,74,168
13 posts of Circle Officers in the grade of Rs. 100—8—140	19,656
35 posts of Circle Inspectors in the grade of Rs. 46—3—85—4—125—E.B.—5—130.	34,440
559 posts of talathis in the grade of Rs. 40—1—50—2—60	3,35,400
3 posts of Havaldars in the grade of Rs. 45—1—50	1,728
10 posts of Naiks in the grade of Rs. 35—1—45	4,920
127 posts of peons in the grade of Rs. 30—½—35	50,292
20 posts of Mounted Swars in the grade of Rs. 30—½—35	7,920
Total ..	7,22,100

The annual average cost involved in the proposal comes to Rs. 7,22,100 inclusive of Rs. 54,096 on account of the posts of 13 Circle Officers and 35 Circle Inspectors, the expenditure on account of which is debitable to " 7-Land Revenue ". No separate new item is put up under " 7-Land Revenue ". The ultimate annual average cost of Rs. 7,22,100 is inclusive of the amount of Rs. 54,096.

2. The necessary provision on this account is made in the budget estimates under " 25 General Administration " and " 7-Land Revenue ".

ITEM 26. Re-organization and Re-distribution of Class III staff in the Charity Organization.

Recurrent ...	... Rs.	16,632	Non-recurrent ...	... Rs.	*Nil.*
Total ...	... ,,	16,632	Ultimate annual recurrent	... ,,	78,100

Remarks.—The Estimates Committee for the year 1953-54, had in its Tenth Report, remarked that there is no proper ratio between the staff sanctioned for the various offices in the various regions under the Charity Commissioner, and the work arising in those regions. The regions equipped with more staff have not shown correspondingly larger disposal of applications as compared with the regions equipped with comparatively less staff. There ought to be proper and equitable distribution of staff throughout the regions having regard to the workload in those regions. The Committee therefore recommended that early steps should be taken to readjust the staff and steps should also be taken to expedite the disposal of the work. As most of the inquiries have now been completed by the regional Deputy and Assistant Charity Commissioners it is proposed to make proper and equitable distribution of class III staff throughout the regions. The organization has now to pay more attention to accounts and it has therefore become essential that some of the regions should be strengthened by additional posts of Accountant, Junior Clerk, etc. The following standard unit of staff for a mofussil region having four districts and 5,000 public trusts has been prescribed :—

1 Superintendent.
1 Accountant.
2 Inspectors.
1 Senior Clerk.
4 Junior Clerks.

9

The above standard unit has been augmented and strengthened on the basis of every additional 5,000 public trusts by the addition of one additional Accountant, one additional Senior Clerk and one Additional Junior Clerk. Similarly one additional post of Inspector has also been provided for every additional district. The five mofussil regional Offices are proposed to be strengthened by 3 Accountants, 1 Inspector, 1 Senior Clerk and 2 Junior Clerks.

So far as the Greater Bombay Region is concerned, the standard unit has not been applied because of the size and importance of the trusts registered in that region. The Office is proposed to be strengthered by one Accountant.

So far as the Office of the Charity Commissioner, Bombay is concerned it is proposed to have one additional post of Junior Clerk and to convert one post of typist into that of a stenotypist.

The position of the existing class III staff and the staff after re-organization in the Charity Organization is as per statement " A " annexed hereto.

In addition to the 97 permanent posts, the existing 3 temporary posts of treavelling auditors (2 at Belgaum and 1 at Kolhapur) would be continued on a temporary basis.

The necessary provisions for the posts mentioned at (i) have been made in Part II-A of Budget Estimates for the year 1956-57. The proposal is, therefore, put up as a New Item in order to bring the expenditure to the notice of the Legislature. So far as the posts at (ii) are concerned provision has been proposed in this New Item.

The entire cost on account of the pay and allowances of the Charity Commissioner's establishment is recoverable from the Public Trusts Administration Fund.

ITEM 27. Additional staff required in the Education Department, Secretariat, for the administration of Technical and Vocational Training Centres to be taken over from the Government of India.

Recurrent	Rs.	17,050	Non-recurrent	Rs.	*Nil.*
Total	,,	17,050	Ultimate annual recurrent ...	,,	19,000

Remarks.—With a view to training sufficient number of skilled workers to meet the requirements of the country's Industry, the Government of India, have started technical training centres throughout the country. Of these five centres at Bombay, Poona, Aundh, Hubli and Kolhapur are in this State. Under the Second Five Year Plan additional centres are proposed to be opened in the regions of the State where there is none. It is also proposed to expand the centres with a view to imparting more intensive. training to the trainees to be admitted to these centres. Under the scheme two types of training viz Technical training in Engineering and Building trades, and vocational training in cottage and small scale Industries is being imparted. The training is imparted free and in addition scholarships of the value of Rs. 25 each are granted to the 50 per cent. of the trainees admitted.

These centres are at present being administered by the Ministry of Labour, Government of India through the Regional Directorate of Resettlement and Employment. The cost of the scheme is however, being shared by the Central and the State Governments in the ratio of 60:40 per cent. respectively. The Government of India have on the recommendation of the Training and Employment Service Organisation Committee appointed by them, proposed the transfer of these centres to the State Government so as to integrate them with similar facilities provided by the State Government. It is accordingly proposed to take over the control and management of these centres as desired by the Government of India with effect from the commencement of financial year 1956–57. The administration of these centres when taken over by the State Government will entail considerable work in the Education Department and additional staff will be necessary to cope up with the increased work. It is accordingly proposed to sanction the following additional staff in the scale indicated against them in the Education Department, Sachivalaya :—

Serial No.	Designation of the Post.	No. of Posts.	Scale.
			Rs.
1	Junior Superintendent	1	320—20—440.
2	Senior Assistant	1	210—15—300.
3	Junior Assistant	2	120—10—200—E.B.—10—250.
4	General Duty Clerk	3	75—5—140—E.B.—8—220.
5	Typist	1	75—5—140—E.B.—8—220.
6	Peon	1	35—½—40.

The total cost including Dearness Allowance on account of the above staff during the year 1956–57 is estimated to be about Rs. 17,050 and the average annual cost comes to about Rs. 19,000. It is accordingly proposed to provide an amount of Rs. 17,050 in the Budget estimates for 1956–57 on this account.

The Government of India have been approached to share expenditure to the extent of 60 per cent on account of the staff as that Government share the expenditure on the staff of the Centres and on their maintenance to that extent. It is necessary to provide the entire amount of Rs. 17,050 in the State Budget for the year 1956–57 though the net expenditure to the State Government will be reduced to the extent the Government of India agree to share the expenditure.

ITEM 28. Making permanent certain temporary posts in the Education Department.

Recurrent	Rs.	*Nil.*	Non-recurrent ...	Rs.	*Nil.*
Total	,,	*Nil.*	Ultimate annual recurrent ...	,,	14,880

Remarks.—The following posts were sanctioned for the Education Department on a temporary basis in order to enable the Department to cope with the increase in the work :—

	Rs.
1 Junior Superintendent	320—20—440.
1 Senior Assistant	210—15—300.
1 Junior Assistant	120—10—250.
1 Typist	75—5—140—E.B.—8—220.
5 Clerks	Do.

Of these, two posts of clerks were in existence since the inception of the Education Department. The remaining posts were sanctioned in 1950. All these posts are temporary and are being continued from year to year. They are at present continued up to the 29th February 1956. The experience gained during this period has shown that it is necessary to continue these posts on a permanent basis in the interest of the efficient working of the Department. It is, therefore, proposed to continue these posts on a permanent basis from the 1st April 1956. The annual average cost on account of these posts works out to Rs. 14,880. Necessary provision on account of pay and allowances of these posts for 1956-57 has been included in the budget estimates.

MINISTER IN CHARGE—SHRI M. M. NAIK-NIMBALKAR.

Remarks.—The present non-gazetted (non-technical) set of the Public Works Department consists of the following :—

Name of Post.	Number of posts.	Pay Scale.
		Rs.
Superintendents (Senior)	5	475—25—600.
Superintendents (Junior)	14	320—20—440.

Senior Assistants (Lower Division) ...	2	210—15—300.
Clerks	83	75—5—140—E.B.—8—220.
Clerks (Mofussil)	2	55—3—85—4—105.
Typists	19	75—5—140—E.B.—8—220 *plus* Special Pay.
Total ...	232	

Out of these posts only 54 per cent. of the posts as detailed below are permenent :—

Name of post.	Number of posts.
Superintendent (Senior)	5
Superintendent (Junior)	6
Senior Assistant	14
Junior Assistant	14
Stenographers	5
Clerks	47
Typists	14
	126

Thus 106 posts are on a temporary basis. It is not desirable to have such a large percentage of posts on temporary establishment as it is not conducive to proper working of the Department. It is, therefore, proposed to convert the following posts created prior to 1953 into permanent, leaving sufficient margin for contraction in emergency.

Remarks.—It was brought to the notice of Government by the Chief Justice of Bombay that the Presidency Magistrates in Greater Bombay are considerably handicapped in the absence of Stenographers and that as a result of this, judgments are delayed, copies of the proceedings are not given to the accused for a long time and the work is held up unnecessarily. The Chief Justice, therefore, suggested that each Presidency Magistrate in Bombay should be provided with a Stenographer. After examining this proposal, Government proposes to sanction one Stenographer for each of the seven Presidency Magistrates' Courts, with one additional stenographer for each of the two heavily worked courts at Mazagaon and Esplanade as an experimental measure for a period of one year with effect from the 1st April 1956. The posts will be in the scale of Rs. 140—8—220—10—270. It is estimated than an expenditure of about Rs. 13,860 on "Pay of Establishment" and Rs. 4,950 on "Dearness Allowance" is likely to be incurred on account of the above proposal during the financial year 1956–57.

Remarks.—Two of the temporary posts of Presidency Magistrates, Greater Bombay, have recently been made permanent. However, the temporary staff entertained in the year 1947 for these two Presidency Magistrates' Courts has not been made permanent. The temporary staff is being continued from year to year, the last extension being up to the 29th February 1956. As continuance on a temporary basis for a long time of posts, which are really required otherwise than for temporary purposes involves inconvenience and hardship to the incumbents, Government proposes that a portion of the temporary posts which are likely to be required permanently should be made permanent with retrospective effect to the extent of half the period for which the temporary posts have been in existence but not exceeding three years in any case. Accordingly, it is proposed to make permanent the temporary staff consisting of 1 JudicialClerk, 1 Interpreter, 1 Typist, 4 Clerks, 2 Peons, 1 Hamal and 1 Chaprasi of each of the two Courts of Presidency Magistrates, Greater Bombay, with retrospective effect to the extent of half the period forwhich the staff has been in existence. The permanent retention of this staff involves an annual recurrent expenditure of Rs. 29,976 as shown below. Necessary provision on account of the staff has separately been made in the Budget Estimate for the year 1956–57.

Remarks.—The Bombay, City Civil and Sessions Court started functioning from the 1st September 1949 with four Judges, including the Principal Judge. Subsequently, on account of the increase in the work of the Court the number of Judges had to be increased from time to time. At present there are nine posts of Judges out of which six have already been made permanent. The post of the 7th Judge was created in 1951 and is being continued from year to year on a temporary basis. The posts of the 8th and 9th Judges were created in 1954 to cope with the increased volume of work. Looking to the state of work at present in the Court it is essential that the post of the 7th Judge also be made permanent. Besides, the continuance of the post on a temporary basis for a long time involves inconvenience and hardship to the incumbent. It is, therefore, proposed to make the 7th post of the Judge permanent. The ultimate annual recurrent expenditure on this post is as shown below :—

Remarks.—At the end of the year 1952, there were 11 permanent and 18 temporary posts of Assistant Judges in the State. Out of 18 temporary posts, 6 were made permanent in January 1953. The High Court has pointed out that the institutions and the arrears of cases in the State as a whole have remained practically constant during the last three years and that on the basis of the work load the present strength of 29 Assistant Judges will have to be maintained for years to come. The High Court, therefore, considers that it will be necessary to have at least six more posts of Assistant Judges on a permanent basis. Government agrees with the High Court and accordingly proposes to make six out of twelve temporary posts of Assistant Judges permanent. The permanent retention of these six posts involves an annual recurrent expenditure of Rs. 71,712 as shown below :—

The permanent retention of these posts involves an ultimate annual recurrent cost of Rs. 31,240 approximately, excluding the allowances. The necessary provision on account of the temporary establishment has been made separately in the Budget Estimates for the year 1956-57.

ITEM 35. Payment of diet allowances to local witnesses attending Criminal Courts including he Sessions Courts in the Districts.

Recurrent	.. Rs. 1,00,000		Non-recurrent	.. Rs.	*Nil.*
Total	.. ,, 1,00,000		Ultimate annual recurrent	.. ,,	1,00,000

Remarks.—The diet allowance in Court cases to witnesses who have had to travel more than 3 miles is meant to enable the witness to attend the Court to give evidence. This allowance is not to exceed the average daily wage of the class to which the witness belongs. In cases where the witness is a local resident and is not required to travel more than 3 miles, no allowance is admissible and the witness, if a daily paid worker, suffers both ways by losing his daily wages and not being entitled to a diet allowance. However, at present, under the rules, in the case of daily labourers, agricultural or otherwise, in receipt of wages not exceeding rupees two per day, the court has got discretion to grant diet allowance, irrespective of the distance travelled by them, in those cases in which it considers that the grant of such allowance is justified. It has now been proposed to Government by the High Court and Government has agreed in principle with the proposal to make eligible labourers, agricultural or otherwise, getting Rs. 5 per day, in big cities of Ahmedabad and Poona and Rs. 4 per day elsewhere, to receive diet allowance, irrespective of the distance travelled by them, subject to certain conditions. The proposal, if implemented, is expected to involve a recurring additional expenditure of Rs. 1 lakh (approximately). The provision made on account of payment of diet and road money to witnesses for courts of Sessions and for courts of Judicial Magistrates on the existing basis in the next year's budget is Rs. 6,10,000. It is, therefore, proposed to make an additional provision of Rs. 1,00,000 for the purpose during 1956–57.

ITEM 36. Conversion of two temporary posts of Presidency Magistrates, Greater Bombay, into permanent posts.

Recurrent	Rs. *Nil.*		Non-recurrent ...	Rs.	*Nil.*
Total	,, *Nil.*		Ultimate annual recurrent ...	,,	28,392

Remarks.—There are at present twenty permanent and four temporary posts of Presidency Magistrates in Greater Bombay. In addition, there are two posts of Presidency Magistrates, appointments to which are made from amongst the First Class Magistrates. The total number of cases filed in all the Presidency Magistrates' Courts excluding the Juvenile Court comes to about 4 1/2 lakhs per annum. The work in the Courts has more or less stabilised and there is no likelihood of much decrease in the filing in the near future. Two out of four temporary posts of regular Presidency Magistrates are in existence from December 1946 and March 1949, respectively. As continuance on a temporary basis for a long time of posts, which are required otherwise than for temporary purposes, involves inconvenience and hardship to the incumbents, Government proposes to make the two posts of Presidency Magistrates permanent with effect from the 1st April 1956. The permanent retention of these two posts involves an annual recurrent expenditure of Rs. 28,392 as shown below : The question of making a part of the staff attached to the two courts permanent is being taken up separately.

Total	,, *Nil.*		Ultimate annual recurrent ..	,,	25,144

Remarks.—The Office of the Government Pleader, High Court, Bombay, was reorganised in the year 1949. The following non-gazetted posts were sanctioned for a period of one year in the first instance from April 1949 :—

1 Additional Second Clerk,
6 Clerks,
2 Steno-typists,
1 Naik.

In the year 1950, in January, two more posts of clerks were created.

27, *ADMINISTRATION OF JUSTICE*—contd.

MINISTER IN CHARGE—SHRI D. N. DESAI.

In the year 1951, the following additional posts were sanctioned for a period of one year in the first instance from August, October and December 1951 :—

1 Additional Second clerk,
5 Typists,
1 Personal Assistant to the Government Pleader, High Court, Bombay,
2 Class IV servants.

In February 1953, two posts of Class IV servants were created for a period of one year in the first instance.

In the year 1955 a temporary post of a Superintendent was sanctioned and the permanent post of the Head Clerk was converted into that of an Accountant in the same scale of pay.

Out of the above posts, the two posts of steno-typists sanctioned in 1949 were converted into that of a stenographer in June 1950 and out of the five posts of typists sanctioned in August 1951, one post was converted into that of a steno-typist in August 1954.

Out of the above temporary posts the following posts were sanctioned substantively with effect from 1st June 1950 :—

1 Additional Second Clerk.
2 Clerks,
1 Naik.

Thus the following posts are temporary :—

1 Personal Assistant to the Government Pleader, High Court, Bombay (Rs. 250—15—400—E.B.—20—500).
1 Superintendent (Rs. 320—15—410).
1 Additional Second Clerk (Rs. 150—10—230).
6 Clerks (Rs. 75—5—140—6—200).
1 Stenographer (Rs. 140—8—220—10—270).
1 Steno-typist (Rs. 75—5—140—6—200).
4 Typists (Rs. 75—5—140—6—200).
4 Class IV servants (Rs. 35—½—40).

Since the Office of the Government Pleader was reorganised in 1949, the pressure of work has not at all diminished but on the contrary has increased. This increase is of a permanent nature and there is no likelihood of its decrease. Owing to the merger of Indian States there has been a great increase in the litigation work, civil as well as criminal. The permanent staff finds it very difficult to cope up with the increased work. It is, therefore, proposed to make the following posts permanent with effect from 1st March 1956 :—

1 Personal Assistant to the Government Pleader, High Court, Bombay (Rs. 250—15—400—E.B.—20—500 : average Rs. 396).
1 Additional Second Clerk (Rs. 150—10—230 : average Rs. 206).
3 Clerks (Rs. 75—5—140—E.B.—6—200 : average Rs. 131-4-0).
1 Stenographer (Rs. 140—8—220—10—270 : average Rs. 215-13-4).
3 Typists (Rs. 75—5—140 E.B.—6—200 : average Rs. 131-4-0).

This is proposed in view of the fact that there are still other temporary posts of 1 Superintendent, 3 clerks, 1 Steno-typist, 1 typist and 4 Class IV servants sanctioned in connection with the general increase of work, which is of a permanent nature.

The necessary provision on this account has been made in budget estimate for the year 1956-57. The proposal has been put up as a new item in order to bring the expenditur to the notice of the Legislature.

MINISTER IN CHARGE—SHRI MORARJI R. DESAI.

ITEM 38. Creation of additional staff for the City Civil and Sessions Court, Greater Bombay.

Recurrent ..	Rs.	18,920	Non-recurrent	Rs.	*Nil.*
Total	,,	18,920	Ultimate annual recurrent ..		

Remarks.—The work in the City Civil and Sessions Court, Greater Bombay, has gone up considerably since after the date of sanctioning of some additional staff in the year 1951. It has become impossible to cope with the increase in the volume of clerical work with the existing staff and unless each department is strengthened by an adequate staff serious delay in the disposal of day to day work is inevitable. The appointment of two additional Judges, viz. 8th and 9th, has further entailed more work for the

office. It has, therefore, been proposed to sanction the additional staff consisting of 2 Interpreters 4 Clerks, 4 Typists, 3 Peons and 3 Hamals, for the City Civil and Sessions Court, Greater Bombay, so as to cope with the increase in work. Government considers that the above posts are quite necessary. It is, therefore, proposed to sanction the posts for a period of one year from the 1st April 1956, in the first instance. The expenditure involved on account of this proposal during the financial year 1956–57 is as follows :—

"H—Civil and Sessions Courts—H. 1-Bombay City Civil and Sessions Judges."

ITEM 39. Additional staff in connection with the re-organisation of the Police Force at Hubli.

Recurrent	... Rs.	23,166	Non-recurrent	... Rs.	1,834
Total	... ,,	25,000	Ultimate annual recurrent	... ,,	*Nil.*

Remarks.—It has become necessary to re-organise the Police Force at Hubli in the District of Dharwar by increasing the number of Police chowkies and traffic points and by creating a Crime Intelligence Branch exclusively for Hubli City. In view of the marked increase in the population of Hubli the provision of additional chowkies is absolutely necessary for checking the increasing crime. The existing traffic points in the City are not able to cope up with the ever increasing traffic. The necessity of additional traffic points for the orderly conduct of traffic is too obvious to need any special stress. The present Local Intelligence Branch staff sanctioned for the whole of the District is unable to meet the demands for Hubli City. A separate Local Intelligence Branch for the City is also very necessary. It is, therefore, proposed to sanction the re-organisation of the Police Force at Hubli with the following additional staff for a period of one year in the first instance :—

1 Sub-Inspector,
3 Head Constables,
19 Constables.

At present there are no telephone connections in Police Chowkies at Hubli. The provision of telephone connections in a big city like Hubli is essential in the interest of efficient administration. It is, therefore, proposed to instal 6 telephone connections in the chowkies.

The provision required during the financial year 1956-57 for this purpose is as follows :—

	Rs.
Pay of Establishment—	
One Sub-Inspector of Police in the grade of Rs. 120—5—190—E. B.—10—210.	120

Recurrent	... Rs. 15,700	Non-recurrent	... Rs. *Nil.*
Total	... ,, 15,700	... Ultimate annual recurrent	... ,, *Nil.*

Remarks.—The armed policemen are given training in drill and allied subjects at their district headquarters. It is, however, considered desirable to give specialised training to some selected men which will be both a Refresher Course and a Course of advanced training. It is, therefore, proposed to start Training Centres at the headquarters of each State Reserve Constabulary Group i.e. at Dhond, Sambre (Belgaum) and Baroda for giving such specialised training. The armed policemen from the districts which are near each State Reserve Constabular Group will be sent for training at the Centre in that Group. The instructional staff at each Training Centre will consist of 1 Inspector and 1 Head Constable who will be spared from the sanctioned strength and no extra expenditure will be incurred on this account. Eight courses will be run at each Training Centre in a calendar year and 120 policemen will be given training. An expenditure of Rs. 15,700 will be incurred in a year on account of the travelling allowance and daily allowance which will have to be paid to the policemen who will be sent for training. This scheme will be sanctioned, as an experimental measure for a period of one year in the first instance.

The following provision will be required in the budget of 1956–57 :—

	Rs.
Allowances, Honoraria, etc.—	
Travelling Allowance (Ordinary) and daily allowance.	15,700

Recurrent	... Rs. 22,856	... Non-recurrent	... Rs. *Nil.*
Total	... ,, 22,856	... Ultimate annual recurrent	... ,, *Nil.*

Remarks.—The traffic in Ahmedabad City has increased enormously during the last few years bacause of its growing importance as an industrial centre and the large increase in its population. The police are required to perform several duties like impounding stray cattle loitering on the roads, enforcement of the rules of the road, removal of hawkers vending on the foot-paths and thereby causing considerable inconvenience to the pedestrians, etc. The number of vehicles as also the number of street accidents have increased and the enforcement of traffic rules presents a very difficult problem for the police. The existing staff of 1 Inspector, 5 Sub-Inspectors, 16 Head Constables and 101 Constables is absolutely inadequate to cope with the work which is much increased. As it is not possible to spare staff from other sections, it has become necessary to supplement the present staff. After careful consideration, Government has come to the conclusion that minimum additional staff of 3 Head Constables and 20 Constables is required for traffic duties. The provision required in 1956-57 on this account is as shown below :—

	Rs.
Pay of Establishment—	
3 Head Constables at Rs. 50 per mensem	150

Recurrent	... Rs.	*Nil.*	Non-recurrent	... Rs.	*Nil.*
Total	... ,,	*Nil.*	Ultimate annual recurrent ...	,,	58,581

Remarks.—In 1948, Government introduced a scheme for reducing traffic accidents on roads and created a State Traffic Branch. The staff of this branch has been continued from time to time over a period of six years. In 1953, the Inspector-General of Police was asked to review the utility of the Traffic Branch in the light of the recommendations made in the report of the Officer on Special Duty (Retr chment). On the recommendation of the Inspector-General of Police, Government agreed to conti .e the staff for a further period of one year thus establishing the utility of the Branch. Government feels at by comparison with other states and by the essential needs, the traffic staff of this stat is very much on the low side. It has therefore been decided to make 80 per cent. of the staff permaneent. The following staff is therefore to be made permanent, namely :—

1 Deputy Superintendent of Police.

1 Police Inspector.

7 Sub-Inspectors.

6 Head Constables.

18 Police Constables.

1 Selection Grade Clerk.

3 Junior Grade Clerks.

1 Peon.

The necessary provision required in 1956–57 on this account has already been proposed in the budget estimates. The permanent retention of the above staff involves a recurring expenditure of Rs. 58,581 as shown below :—

	Rs.

Remarks.—Due to activities of unlawful elements at Dharavi, public life and property are in danger. The police strength in that place is inadequate for public protection. At present only about 18 policemen from the Mahim Police Station can be posted for duty in Dharavi area. It is therefore necessary to establish a sub-Police Station at Dharavi with a staff of 1 Selection Grade Sub-Inspector, 4 Sub-Inspectors, 5 Head Constables and 2 Constables in addition to the 18 men posted from the Mahim Police Station. The provision required in 1956–57 on this account will be as shown below :—

ITEM 44. Creation of the posts of four Head Constables (armed) and 68 Constables (including 28 armed) for duty at the Central Lock-ups at Jacob Circle and Phalton Road.

Recurrent	Rs. 73,007	Non-recurrent	Rs. 18,289
Total	,, 91,296	Ultimate annual recurrent ...	,, *Nil.*

Remarks.—On account of inadequate accommodation in the Police lock-ups in Greater Bombay, all the lock-ups were overcrowded with the result that difficult conditions prevailed in the lock-ups. The crowding also facilitated the escape of the undertrial prisoners. Two new lock-ups each comprising of 15 cells, were therefore constructed in the compounds of the office of the Superintendent of Police, 'D' Division, at Jacob Circle and of Grant House, Phalton Road, respectively, to relieve the congestion. The two lock-ups have been brought into use with effect from 13th May 1952 and 6th October 1952 respectively. A Sub-Inspector of Police who has also other duties has been entrusted with the additional charge of the lock-up at Jacob Circle and the Inspector of Police in charge of Phalton Road Police Station has been entrusted with the additional charge of the lock-up at Phalton Road. They are responsible for payment of bhatta to prisoners and maintenance of daily account of permanent advance account. They are assisted in their work by two constables each who have been temporarily provided from the sanctioned strength. An armed guard consisting of 2 Head Constables, 2 Lance Naiks and 12 Constables with relief after every 12 hours is required to keep guard at the two lock-ups by day and night and a further 36 unarmed constables to work in three shifts for custody of prisoners in the cells. The extra men required have been temporarily spared from the sanctioned strength. It is, however, not possible to spare these men permanently from the sanctioned strength as it would have adverse effect on the working of Armed Force and Police Stations from which the present staff is drawn and posted to these two lock-ups and hence an additional staff of four armed Head Constables and 68 Constables (including 28 armed) is absolutely necessary for duty at the two lock-ups. It is proposed to sanction the additional staff from the next financial year.

The following provisions will be necessary in the budget of 1956-57 for meeting the cost of the additional staff :—

	Rs.	a.	p.
Pay of Establishment—			
4 Head Constables in the scale of Rs. 60—1—75, average pay Rs. 66 per mensem.	240	0	0

Recurrent	...	... Rs.	16,200	Non-recurrent	...	... Rs.	*Nil.*
Total	...	... ,,	16,200	Ultimate annual recurrent		... ,,	*Nil.*

Remarks.—The Police Wireless Stations are meant for official use of the Police Department and their unauthorised use for other purposes is prohibited. In the Conference of the Police Wireless Officers held at New Delhi in 1950, the need for monitoring was emphasised in order to prevent unauthorised use of the Wireless Stations. Government has, therefore, decided to open a Central Monitoring Police Wireless Station at Poona and to appoint a staff of one Head Wireless Operator and nine Wireless Operators for the purpose for a period of one year in the first instance. The provision required on account of the staff during the year 1956-57 is as shown below :—

ITEM 46. Creation of a post of Sub-Divisional Police Officer for Dhulia Sub-Division in the West Khandesh District.

Recurrent	...	... Rs.	13,000	Non-recurrent	...	... Rs.	*Nil.*
Total	...	... ,,	13,000	Ultimate annual recurrent		... ,,	*Nil.*

Remarks.—At present the West Khandesh District is divided into two Sub-Divisions for Police purpose. The Dhulia Sub-Division is under the charge of the District Superintendent of Police and the Nandurbar Sub-Division is under a Sub-Divisional Police Officer. Much of the time of the District Superintendent of Police is taken up in the inspection of Police Stations and Outposts and in visiting scenes of serious offences in the Sub-Division with the result that he is unable to devote proper attention to administrative matters like departmental enquiries, general supervision over the prevention and detection of crime, etc. The crime in the West Khandesh District has increased. Normally, a Sub-Divisional Police Officer is given charge of a Sub-Division recording 50 visitable crimes per year. The average annual visitable crimes in the West Khandesh is now 120. In the circumstances, it is felt quite necessary to place the Dhulia Sub-Division in the charge of a Sub-Divisional Police Officer and to relieve the District Superintendent of Police from that charge.

29, POLICE—contd.

MINISTER IN CHARGE—SHRI MORARJI R. DESAI.

Normally, the complementary staff of a Sub-Divisional Office consists of a Reader Sub-Inspector, two Junior Grade Clerks, three Armed Constable Orderlies and one peon. It is proposed to draw one Reader Sub-Inspector and two Junior Grade Clerks from the existing strength of the District and to create the posts of three Armed Constable Orderlies and one Peon only, along with the post of a Sub-Divisional Police Officer (of the rank of a Deputy Superintendent of Police).

The following provision will have to be made in the budget estimates of the year 1956–57 for the implementation of this proposal :—

	Rs.
Pay of Officers	4,620
Pay of establishment	1,485
Allowances, Honoraria, etc.—

Recurrent	Rs. 66,000	Non-recurrent	Rs. 1,84,000
Total	,, 2,50,000	Ultimate annual recurrent ...	,, *Nil*

Remarks.—The work of detection and prevention of excise offences was transferred to the Police in September 1948. In 1949, the Inspector-General of Police submitted proposals for the staff and equipment required for the work. A part of the equipment costing Rs. 5,00,000 was sanctioned during 1949–50. Another part of equipment and staff costing Rs. 6,88,000 has been sanctioned during 1953–54. The remaining staff and equipment required to be provided for during the year 1956–57 is as under :—

Recurrent	...	Rs.	12,579	Non-recurrent	...	Rs.	4,267
Total	...	,,	16,846	Ultimate annual recurrent	...	,,	*Nil.*

Remarks.—The area between the Kingsway Police Station and the Sion Railway Station has developed a great deal in recent years. The crime in the jurisdiction of the Kingsway Police Station has also increased and the sanctioned strength of the Police Station has proved to be inadequate to cope with the increase in work which is also on increase due to the location of Relief Camps at Dharavi, Raoli and Kolwada. It is not possible to find the additional staff required to cope with this increased work from any other service. It is essential to have two additional fixed posts in the area in order to afford adequate protection to the people. An additional staff consisting of 2 Head Constables and 10 Constables to man the two fixed posts will also be necessary. The Government has accepted the necessity for the two Chowkies and for the additional staff. It is proposed to sanction the proposal for a period of one year in the first instance.

The following provision is accordingly required to be made for the purpose in the financial year 1956–57.

ITEM 49. Conversion of Poinad Police Out-post in the Kolaba District into a Police Station.

Recurrent	Rs.	21,117	Non-recurrent	Rs.	2,748
Total	,,	23,865	Ultimate annual recurrent ..	,,	*Nil.*

Remarks.—The area under the jurisdiction of the Police Out-post at Poinad under the Alibag Police Station in Kolaba District is a " Kharapet " land and is notorious for illicit distillation of liquor. The major portion of the population is backward, illiterate and indifferent and given to lawless acts. Moreover, due to lack of good roads in the area, the prevention of crime has become difficult. The crime is steadily on the increase. It is, therefore, proposed to convert the present Police out-post into a Police Station to effectively maintain law and order. The population of the area is about 29,000 and the proposed Police Station will have a jurisdiction over 72 Square miles. The following staff would be required for the proposed Police Station :—

1 Sub-Inspector of Police.
6 Head Constables (Un-armed).
12 Constables (Un-armed).
1 Head Constable (Armed).
3 Constables (Armed).

The staff attached to the present out-post consists of :—

2 Head Constables (Un-armed).
4 Constables (Un-armed).

The extra staff required, including reserve, is, therefore, as follows :—

1 Sub-Inspector of Police.
4 Head Constables (Un-armed).
10 Constables (Un-armed).
1 Head Constable (Armed).
4 Constables (Armed).

The following provision is accordingly required to be made for the financial year 1956-57 :—

ITEM 50. Additional posts of Sub-Inspectors on account of leave reserve in the Greater Bombay Police Force.

Recurrent	Rs.	41,490	Non-recurrent	Rs.	12,810
Total	,,	54,300	Ultimate annual recurrent ..	,,	*Nil.*

Remarks.—In 1945, Government decided that the leave and training reserve in the cadre of Sub-Inspectors in the Bombay City Police should be 14 per cent. of the combined total of the sanctioned strength of Superintendents, Inspectors, Deputy Inspectors and Sub-Inspectors of Police and accordingly 39 posts of Sub-Inspectors have been sanctioned as leave reserve, 37 additional posts still remain to be sanctioned. It is felt that the number of posts should be brought up to the prescribed percentage on account of the change in the Sub-Inspectors Training Course requiring students to undergo one year's practical training by attachment to different officers and offices. It is therefore proposed to sanction 12 posts in the next financial year and the remaining number of posts in the following years. The provision required in 1956-57 on this account will be as shown below :—

	Cost per mensem.	Provision for 1956-57.

Recurrent ..	Rs.	*Nil.*	Non-recurrent	Rs.	*Nil.*
Total ..	,,	*Nil.*	Ultimate annual recurrent ..	,,	2,04,500

Remarks.—The necessity of maintaining the State Reserve Police Force on a permanent basis has already been accepted by Government. Accordingly a part of the staff in each of the three groups in the State Reserve Police has been made permanent. The Motor Transport Section is an integral

part of the State Reserve Police and its permanent retention is considered essential. It is, therefore proposed to make the following posts in the Motor Transport Section permanent :—

Name of the post.	Number of posts—S.R.C. Groups				Scale of Pay.

(17) Carpenter, Class III ...	...	1	...	1	40—2—60.
(18) Cleaner ...	2	5	2	9	30—1—40.

The permanent retention of the above posts involves a recurring expenditure of Rs. 2,04,500. Provision for this expenditure has already been made in the budget.

ITEM No. 52. Purchase of a new Motor Launch in place of Motor Launch "May".

Recurrent	Rs.	*Nil*	Non-recurrent	Rs.	1,40,000
Total	,,	1,40,000	Ultimate annual recurrent ...	,,	*Nil.*

Remarks.—The prohibition Motor Launch "May" of the Greater Bombay Police Force was purchased second hand in 1946 at a cost of Rs. 8,000. This Motor Launch is slow moving on account of very low horse power and requires heavy repairs at an estimated cost of Rs. 40,000. It would not, therefore, be worthwhile to repair it at such a huge cost. It is, therefore, proposed to condemn this Motor Launch and to purchase a new one in its place. A provision of Rs. 1,40,000 is accordingly made.

ITEM 53. Conversion of Dombivili Police Out-post in Thana District into a Police Station.

Recurrent	Rs.	44,484	Non-recurrent	Rs.	1,000
Total	,,	45,484	Ultimate annual recurrent ...	,,	*Nil.*

Remarks.—At present there is a Police Out-Post at Dombivili under Kalyan Taluka Police Station in Thana District. During recent years, Dombivili has assumed greater importance on account of large increase in its population due to industrialisation of the area and proximity of the Chola Power House. There is a large scale smuggling of liquor and illicit distillation round about Dombivili. Due to the advantageous position of Dombivili and easy communications by rail and creek, smuggling of liquor becomes very easy and outsiders also commit offences and escape for want of sufficient Police vigilance.

29, POLICE—concld.

MINISTER IN CHARGE—SHRI MORARJI R. DESAI.

Besides committing prohibition offences, the villagers also commit offences against property and person, looting of railway wagons and stealing of telegraph wires. It is, therefore, proposed to convert the Police Out-Post into a Police Station with the following staff :—

1 Sub-Inspector of Police.
11 Head Constables... } Unarmed.
28 Constables ... }
2 Head Constables... } Armed.
6 Constables ... }

A staff consisting of 1 Sub-Inspector of Police, 3 Head Constables and 6 Constables (Unarmed) and 2 Constables (Armed) has already been made available from the sanctioned strength for the existing Police out-post. It would, therefore, be necessary to create the posts of 8 Head Constables and 26 Constables (Unarmed) and 2 Head Constables and 5 Constables (Armed) inclusive of leave reserve. The following provision is accordingly required to be made for the financial year 1956–57 :—

MINISTER IN CHARGE—SHRI Y. B. CHAVAN.

ITEM 54. Provision for works of the District Local Committee of Management, Dangs.

Recurrent	Rs. 12,200	Non-recurrent	Rs. 53,200
Total	,, 65,400	Ultimate annual recurrent ..	,, *Nil.*

Remarks.—The District Local Committee of Management, Dangs, is a statutory body nominated by Government. The Committee has been constituted under the Bombay Local Boards Act, 1928 and has been vested with all the powers and duties which are exercisable by or on behalf of a District Local Board under the Act. The Committee is not paid any forest revenue grant by Government nor is it paid any grants for village water supply, village approach roads or local public works. Lands in the Dangs District are not surveyed and settled and, therefore, no fixed land revenue or local fund cess is recovered. In the absence of fixed assessment after survey and settlement, no land revenue grant can be paid to the Committee. All the expenditure on works, etc., undertaken by the Committee is, therefore, borne by Government. For the budget for 1956-57 it is accordingly proposed to make provision for the works mentioned below to be undertaken by the Committee during that year.

The proposal involves a recurrent expenditure of Rs. 12,200 and a non-recurrent expenditure of Rs. 53,200 as follows :—

ITEM 56. Making permanent 80 per cent. of the staff of the District School Board, Mehsana.

Recurring	Rs.	*Nil.*	Non-recurring	Rs.	*Nil.*
Total	,,	*Nil.*	Ultimate annual recurring ...	,,	23,000

Remarks.—The District School Board, Mehsana has been very recently constituted for the merged area and the following Schedule of non-teaching staff has been sanctioned for that Board :—

One Office Superintendent in the scale of Rs. 150—10—250.
One Head clerk in the scale of Rs. 100—8—140—10—150.
One Accountant in the scale of Rs. 100—8—140—10—150.
Four Senior clerks in the scale of Rs. 100—8—140.
Thirteen Junior clerks in the scale of Rs. 46—130.
Four Peons for office in the scale of Rs. 30—½—35.

In the interest of smooth and efficient working, it is desirable to make some of the staff permanent. Government has already allowed, in the case of other new District School Boards, 80 per cent. of their staff to be made permanent. With a view to extend the same treatment to the District School Board, Mehsana, it is proposed to make 80 per cent. of the staff mentioned above permanent with effect from 1st April, 1956.

The posts proposed to be made permanent will be as follows :—

Serial No.	Designation of the Post.	No. of Posts.
1.	Office Superintendent	1
2.	Head Clerk	1
3.	Accountant	1
4.	Senior Clerks	3
5.	Junior Clerks	10
6.	Peons	3

The usual provision on account of the staff has already been proposed in the estimates for the year 1956–57 under the head "37-Education-C-Primary-K-Grants to Local Bodies for Primary Education-Grants to Local Bodies other than the Bombay Municipality". Since the proposal involves a new service, the same is brought to the notice of the Legislature by means of a new item.

Remarks.—The D.S.and B.B. Sarvajanik Agricultural High School, Abrama was taken over by Government from 1st June 1946. The School was converted into an Agricultural High School by introducing agricultural course in S T D VIII with effect from June 1946. The school was treated as one of the Agricultural High Schools to be set up under the P. W. R. Scheme No.94. It is proposed to run this Agricultural High School as a Government Agricultural High School as a permanent measure. The School has been doing good work and its continuance is necessary in the interest of a large no of pupils from South Gujarat intending to take agricultural education. It is now a full-fledged Agricultural High School sending up candidates for the S. S. C. Examination. The accompanying statement shows the average annual recurring cost and the cost on account of the school during 1956-57.

ITEM 58. Continuance of the scheme of Improvement to Municipal dispensaries.

Recurrent ..	..	Rs.	15,000	Non-recurrent ..	..	Rs.	*Nil.*
Total ..	..	,,	15,000	Ultimate annual recurrent ..		,,	*Nil.*

Remarks.—In the year 1946 Government sanctioned grants to the Municipal dispensaries in charge of Government Medical Officers and has continued it from time to time on the following basis :—

(*a*) a grant of Rs. 360 p.a. to a dispensary having no nurse or mid-wife, towards the pay of a nurse or of two ward boys if a nurse cannot be obtained.

(*b*) a grant for diet charges of the patients and other contingent expenditure at the rate of annas 6 per bed per diem in the case of the dispensaries maintained by the Municipalities which have agreed to bear an additional charge of annas 2 per bed per diem and at the rate of 4 annas per bed per diem in the case of dispensaries maintained by other Municipalities.

The scheme was last continued for a period of three years from 1st April 1953.

The scheme is intended to be introduced in about 51 dispensaries, but so far about 25 dispensaries have taken advantage of the scheme. It is expected that some more dispensaries will take advantage of the scheme. As the scheme is in the interest of rural population and will relieve pressure on the District Head Quarter Hospitals, it is proposed to continue the scheme for a further period of 3 years with effect from 1st April 1956.

The proposal involves a recurring expenditure of Rs. 15,000.

Recurrent	... Rs.	31,350	Non-recurrent	... Rs.	*Nil.*
Total	... ,,	31,350	Ultimate Annual Recurrent	,,	*Nil.*

Remarks.—Under the Maternity and Child Health Project which is at present being implemented in the State in collaboration with the UNICEF, the WHO and the Government of India from the current year, it has been decided to establish 128 Maternity and Child Health Centres in the State during the two years 1955-56 and 1956-57. Out of these, 78 centres are being opned in Poona and Baroda Districts during the current year viz. 1955-56 and the remaining 50 in other Districts at the rate of two per District during the years 1955-56 and 1956-57. The Director of Public Health is finding it difficult to recruit the nursing staff required for the Maternity and Child Health Centres. It is, therefore, proposed to transfer some of the staff nurses from the Medical Department to the Public Health Department for work as nurse-midwives and midwives in the M. C. H. Centres. As far as possible the nurses will be deputed to the M. C. H. Centres located in the same Districts where they are already working.

During the period of deputation the staff nurses and midwives deputed from the Medical Department will get the scale of pay of Rs. 80—5—100 and Rs. 75—5—100 respectively plus usual allowances. It is also proposed that during the period of deputation they should be given the following allowances in addition :—

(i) Rs. 25 per month special allowance.
(ii) Travelling allowance per month as admissible to such staff in the M. C. H. Units.

The total additional cost in these proposals is worked out as follows :—

Nurse Midwife—

ITEM 61. Continuance of Fruit Nurseries at Puntamba, Dhari and Nandgaon in Bombay State on permanent basis.

Recurrent	.. Rs.	*Nil.*	Non-recurrent	.. Rs.	*Nil.*
Total	.. „	*Nil.*	Ultimate annual recurrent	.. „	22,386

Remarks.—The most important point in the development of horticulture is the use of right type of planting material for achieving the desired results. The fruit crops being perennial, come to bearing after a number of years and as such the quality and bearing capacity of the fruit trees selected for planting can only be ascertained after a lapse of 8 to 10 years. Any mistake committed in the selection of plants therefore, may result in very heavy loss to the grower and may cause considerable disappointment to him when he notices that his trees are bearing a poor crop and the fruits are also of indifferent quality The nursery business is also not well developed in the State and as such it is not possible for the growers to obtain reliable fruit plants from private sources at reasonable prices.

In order to meet the demand of the growers for reliable nursery plants, a scheme for the extension and organisation of fruit cultivation was sanctioned in December 1947. In the beginning, 13 nurseries were functioning under the scheme and it was not possible for them to meet the target of production of nursery plants owing to non-availability of facilities like irrigation, suitable sites, etc.

The work of the scheme was reorganised during the year 1951 with a view to increasing the production of the plant material at certain selected centre only, thus reducing the over-head expenses. Since then the work of the nurseries at Puntamba, Dhari and Nandgaon has been progressing satisfactorily and the number of plants propagated at each of these nurseries has also been considerably increased. These nurseries are actually self-supporting since 1953 and as such, Government has agreed to consider their continuance on a permanent basis. During the year 1954-55 also, all the nurseries were self-supporting. All these nurseries will continue to be self-supporting hereafter. In order, therefore, to meet the demand from cultivators for the reliable pedigreed planting material, it is very essential that all these nurseries should be continued on a permanent basis. The provision of Rs. 20,663 as shown in the apperded statement is required for the expenditure during the year 1956-57. This amount has been included in the Budget Estimates for 1956-57.

Recurrent	.. Rs.	*Nil.*	Non-recurrent	.. Rs.	*Nil.*
Total	.. ,,	*Nil.*	Ultimate annual recurrent	.. ,,	2,98,983

Remarks.—The 16 agricultural schools in the State, which are being continued from year to year from 1947, have been sanctioned up to 31st March 1958. The schools are serving a very useful purpose in so far as they impart agricultural training to the rural population. Even though there is no question of discontinuing the activities of these schools, Government has not yet made them permanent because many of the schools are not financially self supporting. The Manjri and the Puntamba schools however have been self-supporting for more than 5 years and are also expected to remain self-supporting in future. It is, therefore, proposed to make these two schools permanent with effect from 1st April 1956. The following provision is required on these schools during the year 1956-57 :—

	Rs.
Pay of officers	5,555
Pay of establishment	36,584
Allowances and Honoraria	23,688
Stipend	47,400
Contingencies	1,68,380
Total ..	2,81,607

The necessary provision has been included in the Budget estimates for 1956–57. No separate provision has therefore been proposed here on this account.

The following posts are proposed to be made permanent :—

	Manjri School. No. of posts.	Puntamba School No. of posts.

Remarks.—The scheme for training of primary reporting agencies in the State has been started in January 1955. Under the scheme, six officers of this Government have been trained by the Government of India at Delhi. These six officers are now training the primary reporting agencies in the State by holding training classes of the duration of a fortnight each at taluka headquarters. The target is to complete the training in a period of 24 months. A provision of Rs. 57,100 is required for the scheme during 1956-57, as detailed below. The Government of India are bearing 50 per cent. of the expenditure on the scheme.

ITEM 64. Continuance of the Fruit Research Station, Gandevi (District Surat), on permanent basis.

Recurrent	Rs. *Nil.*	Non-recurrent	Rs. *Nil.*
Total	„ *Nil.*	Ultimate annual recurrent ...	„ 19,800

Remarks.—The Fruit Research Station at Gandevi is one of the most important and well established Research Stations of the former Baroda State Government, which was established during the year 1938, on an area of about 23 acres. Out of this area, nearly 18 acres are planted with fruit trees. All the plantations have been well laid out and they include two well laid out experiments on mango and chiku—the two important fruit crops of the district. Besides some experiments on banana, another important crop of the district, have been recently initiated. The experiments have been designed on modern statistical lines and are very valuable and will furnish useful results for the benefits of especially the mango and chiku growers. Besides the experimental work, there is also a well planned nursery which meets the demand from the growers all over Gujarat for the supply of pedigree plants of various kinds of fruits.

40. AGRICULTURE—contd.

MINISTER IN CHARGE—SHRI B. S. HIRAY.

This important research station which had been sanctioned by the former Baroda State Government on a permanent basis was included in the temporary scheme for extension and organization of fruit cultivation in Bombay State since 1st August 1949 and is being continued from year to year. Since its transfer to Bombay State, the station has been fully re-organized and reoriented with the result that the station which was running at a great loss to Baroda State Government is now a source of profit to Government. The annual net loss which stood at about Rs. 13,000 in 1949-50 and 1950-51, has been decreasing progressively and since 1953-54 the station has been making a profit. Normally in a Research Station, where the staff is mostly engaged in research work, it is enough if major portion of contingent expenditure can be met out of receipt. In this research station after meeting the contingent expenditure, there has been a net profit of Rs. 5,000 to Rs. 6,000 per year. It is because of this position that Government has agreed to consider the proposal for continuance of this station on a permanent basis.

The Fruit Research Station at Gandevi has been (1) carrying out a number of research projects of a long range nature which are going to be of immense benefit to the fruit growers of the State, (2) supplying fruit plants of better quality to the growers which will bring in additional prosperity to the farmers, and (3) has for the last 3 years been making a profit. It is expected that this position will continue hereafter.

In view of the above, it is proposed to continue the Fruit Research Station at Gandevi, on a permanent basis, with effect from 1st April 1956. The necessary provision as shown below has been included in the next year's Budget Estimates.

Recurring	... Rs.	*Nil.*	Non-recurring	... Rs.	*Nil.*
Total	... ,,	*Nil.*	Ultimate annual recurrent	,,	15,480

Remarks.—The sheep breeding station at Anagwadi was established in 1942, with the object of evolving fine woolled white sheep which can withstand the rural conditions of Bijapur district and to introduce better woolled rams bred at this research sub-station amongst the rural flockowners. The work at this station has been one of the pioneering efforts in sheep improvement and has served as an incentive to the flockowners to convert the coloured and hairy sheep to yield superior white fleeces. A number of villagers in the Southern part of Bijapur district are engaged in the manufacture of finest kambalies, which enable them to earn their livelihood by the sale of these blankets. The rearing of Angora goats is also undertaken as an additonal work at this farm and the private goat herders are given facilities to breed to local goats to Angora bucks for the production of mohair.

In view of the important work carried out at this station, towards the development of sheep and wool industry it is proposed to continue it on a permanent basis.

A provision of Rs. 27,020 as shown below is required for the year 1956–57. The necessary provision has been included in the Budget Estimates for 1956-57.

ITEM 66. Making permanent the post of Joint Director of Agriculture.

Recurrent	... Rs.	*Nil.*	Non-recurrent	... Rs.	*Nil.*
Total	... "	*Nil.*	Ultimate annual recurrent	... "	18,000

Remarks.—In July 1949, Government issued orders constituting the Department of Agricultural Engineering, which was then a separate entity, into a sub-department of the Agricultural Department and converting the post of Director of Agriculture (Engineering) into that of Joint Director of Agriculture (Engineering) in the scale of pay of Rs. 1,300—60—1,600. In view of the expansion of the activities of the Soil Conservation Section of the Agricultural Department consequent on the launching of a very ambitious programme of undertaking new soil conservation works in this State, it was considered necessary to place the section directly under a senior officer of the status of Joint Director of Agriculture. So far, the Soil Conservation Section was in charge of a Bombay Agricultural Service Class I Officer viz. Soil Conservation Officer, under whose control there were 3 Divisional Soil Conservation Officers in the same class. This anomaly had also to be removed. In April 1954, the temporary post of Soil Conservation Officer in Bombay Agricultural Service, Class I, which was in existance since November 1942, was, therefore, abolished and the post of Joint Director of Agriculture (Soil Conservation) in the scale of pay of Rs. 1,300—60—1,600 was created by converting the post of Joint Director of Agriculture (Engineering). Adoption of measures to conserve moisture in the soil is a perpetual necessity in the Bombay State where by far the greatest portion of the land must continue to depend for crop production on the vagaries of rainfall. Soil Conservation has, therefore, of necessity to remain a permanent and a very vital activity of the State Agricultural Department. In the Second Five Year Plan it is, therefore, envisaged to undertake new bunding works over an area of 6·75 lakhs acres and rectification of 1·75 acres at a total cost of Rs. 2·98 lakhs. It is also proposed to take up certain Soil Conservation research schemes involving substantial expenditure. The Soil Conservation Section has been made permanent with effect from the 1st April, 1952. It is, therefore, essential that the post of head of this section, viz. Joint Director of Agriculture (Soil Conservation), should also be on permanent footing. As the work and activities of the Agricultural Department, which is treated as a major department, are increasing rapidly day by day, it has become necessary to have a senior officer at Headquarters to assist the Director of Agriculture in his administrative duties and policy matters. The designation of the temporary post of Joint Director of Agriculture (Soil Conservation) has, therefore, been changed to that of Joint Director of Agriculture, whose duties now consist of the control and administration of soil conservation works and also of assisting the Director of Agriculture in some of the important matters of policy and administration of the Agricultural Department as a whole. It is now proposed that the post of Joint Director of Agriculture in the scale of Rs. 1,300—60—1,600 should be placed on permanent footing with effect from the 1st April 1956.

ITEM 67. Continuance of the scheme for manufacture of Shark Liver Oil on a permanent basis.

Recurrent	... Rs.	*Nil.*	Non-recurrent	... Rs.	*Nil.*
Total	... „	*Nil.*	Ultimate annual recurrent	... „	2,30,524

Remarks.—The scheme for manufacture of Shark Liver Oil was undertaken by the department of Fisheries in 1945 and has been continued on a temporary basis for the last ten years. The Fisheries Technological Laboratory at Sassoon Dock was established in September 1946, primarily for investigation of problems relating to the utilisation of fishery by-products. The department undertook extraction, standardization and bottling of Shark Liver Oil and its marketing under different trade names. The specifications of the products are as under :—

"*Sharkovit*".—This contains 1,000 International Units of Vitamin "A" and 100 International Units of Vitamin "D" per gramme.

"*Elasmin Liquid*".—This is concentrated Shark Liver Oil containing 20,000 International Units of Vitamin "A" per gramme and 2,000 International Units of Vitamin "D" per gramme.

"*Elasmin Pearls*".—Each Pearl contains 3,000 International Units of Vitamin "A" and 300 International Units of Vitamin "D".

"*Sharkovit*".—is marketed in 10 and 16 ounce bottle and one gallon and four gallon tins and drums. "Elasmin liquid" is marketed in one ounce and one pound bottles, one gallon and four gallon tins or drums and "Elasmin Pearls" are marketed in bottles containing 50, 100 and 1,000 pearls. The last packing has been introduced for use in hospitals and by medical practitioners.

The object underlying the manufacture and marketing of the aforesaid products was to make available to the public the much needed vitamin A and D at a reasonable rate. The products gained quick popularity not only in Bombay State but in up country markets, with the result that the scheme has now been classified as a "Commercial" undertaking of Government.

The Scheme has not only been self-supporting but a source of revenue to Government. The following statement indicates the surplus realised from the scheme during the last five years :

Year.	Total Sales.	Surplus.
	Rs.	Rs.
1950–51	1,67,052	14,345
1951–52	2,03,075	37,753

1953–54	2,95,264	42,107
1954–55	3,02,870	55,410

It is accordingly proposed to continue the scheme and the posts created for the scheme on a permanent basis. The expenditure involved in the proposal is as follows :—

ITEM 68. Making permanent certain posts under the scheme for supervision over industrial co-operatives.

Recurrent	Rs.	*Nil*	Non-recurrent ...	Rs.	*Nil.*
Total	,,	*Nil*	Ultimate annual recurrent	,,	61,660

Remarks.—The following posts of Industrial Supervisors and peons under them have been continued by Government for the period ending 29th February, 1956 :—

No. of posts.	Designations.	Grade.
11	I Grade Industrial Supervisors ...	100—8—140.
23	II Grade Industrial Supervisors ...	85—4—125.
24	III Grade Industrial Supervisors ...	46—3—85.
19	Writer peons ...	30—½—35.

It is pointed out that the work of this Section of the Co-operative Department has increased to a great extent due to the implementation of the various schemes, sanctioned by Government from time to time for the development of cottage and village industries in the State. The number of industrial co-operative societies has gone up to 1,516. There are about 116 training schools and other institutions in addition to seven production centres which are working under this Section. The Industrial Supervisors are expected to supervise all these institutions by paying frequent visits to them and see that their accounts are maintained properly and systematically. The working of the industrial co-operative societies are of a complicated nature unlike other types of co-operative societies and as such one Industrial Supervisor can at the most supervise about 15 societies. They are also required to attend to the work pertaining to disbursement of loan and subsidies in the form of equipments and raw materials, under the various schemes sanctioned by Government, and recovery of Government loans from individuals and their societies. Looking to the increased work of the supervision and organisation of the Industrial Co-operative Societies, it is very necessary to make at least 80 per cent. of these posts, viz., eight posts of Industrial Supervisors in the grade of Rs. 100—8—140, 18 posts of Industrial Supervisors of Rs. 85–4–125, 19 posts of Industrial Supervisors in the scale of Rs. 46—3—85 and 15 posts of Attendants on a consolidated pay of Rs. 45 per mensem permanent and pensionable.

ITEM 69. Continuance of the scheme for development of Arts and Crafts on permanent basis.

Recurrent	.. Rs.	*Nil.*	Non-recurrent	.. Rs.	*Nil.*
Total	.. ,,	*Nil.*	Ultimate annual recurrent	.. ,,	22,500

Remarks.—Government has sanctioned the continuance of the scheme for development of Arts and Crafts for a further period of one year in the first instance from 1st April 1955. The scheme for the development of arts and crafts *inter alia*, provides for (*i*) training of 10 selected hereditary artisans in two years course in arts and crafts at the Reay Art Workshop of the Sir J. J. School of Arts, with scholarships of Rs. 40 per mensem each, from Government tenable for a period of 2 years and Rs. 10 each for to and fro journey to Bombay and back, and (*ii*) training of such of the cottage workers as are unable to leave their work or homes for training at schools through technical staff at their own villages.

2. Under the first part of the scheme, 8 artisans who were undergoing training at the Department of Art and Crafts of the Sir J. J. School of Art, Bombay, in the second year course in 1954 completed their training in May, 1955. Ten candidates were selected for the award of scholarships in 1955-56 of whom 9 have joined the class and are at present undergoing training at the Department of Art and Crafts of the Sir J. J. School of Art, Bombay, and one more is still to join. They would be completing their two years course in 1957. In all, 142 selected artisans were trained in the various arts and crafts since the inception of the scheme in 1938-39.

3. For the Second part of the scheme, Government has sanctioned the following staff :—

(*i*) One Artist Designer in the grade of Rs. 150—10—300.

(*ii*) Two Master Craftsmen for Metal and Sandalwood work in the grade of Rs. 70—3—85—4—105.

(*iii*) One peon in the grade of Rs. 30—½—35 now converted into the post of Attendant of a consolidated pay of Rs. 45 per mensem.

The work done by the Artist Designer and the Master Craftsmen is given below :—

(*a*) *Artist Designer.*—The Artist Designer undertook extensive touring all over the State. He continued to help and guide the artisans in the adoption and introduction of new patterns and designs and in effecting improvements in the quality of their products. He also paid attention to the development of new designs in Cane and Bamboo work as it was in great demand from the public. In the initial stage the experimental work of cane furniture was carried out at the departmental schools from the point of view of increasing the efficiency of teaching standard in the school. This was proved to be a good success and there were many enquiries from public for supply of finished goods. He also introduced new designs in the sandalwood carvers', societies metal workers, carpentry and smithy schools, lacquer work schools, and got the new designs prepared from them under his personal supervision. Various suggestions were received from Marketing Officers and other Departments and they were considered from time to time and articles were manufactured at the Departmental institutions according to the changing tastes of customers. Different charts and posters were prepared for the use of the Departmental work as well as for the propaganda work under the scheme for the development of handloom industry in this State, financed by the All India Handloom Board, Government of India. It is now proposed to develop the lacquer work industry during the year 1956-57 (Sankheda type of work). Gokak lacquer work is a specialised type of industry in this State and new types of designs are proposed to be introduced through these industries. It is intended to introduce the toy work from Banaras in Lacquer work schools. It is also intended to introduce new designs of different religious photos images through the Sandalwood Worker artisans and their societies.

(*b*) *Master Craftsman (Metal work).*—He continued to attend to the work of collecting old designs from the historical buildings and temples and supplying them to the metal and sandalwood worker in the Bombay State. He also undertook extensive touring in the Bombay State and gave guidance and necessary instructions to the past trainees. He visited the metal centres in U. P. at Banaras and Moradabad and studied the process of manufacturing of cast utensils and art-wares. These designs and the type of work is proposed to be introduced in the metal were industry at Nasik and other places in Bombay State. In addition to this, it is also proposed to develop the image making industry which

is a dyeing industry in this State. There is a great demand for the copper articles manufactured at Nasik by the past trainees and it is found that these articles are having a good demand in foreign countries.

(c) *Master Craftsman (Wood work)*.—He continued to work at Kumta in North Kanara District under the direct supervision of the Artist Designer and rendered technical advice to the societies at Kumta, Sirsi and Honavar. He has furnished 33 designs for use of Sandalwood articles to the various artisans and their co-operative societies in Kanara District. He visited the Government Sales Depot at Bombay and supplied art and crafts goods worth Rs. 4,000. For the all round development of Art-Crafts industry it is proposed that the Master Craftsman for Sandalwood should tour in North Kanara district for about 10 days during the month for giving technical advice to the societies and to collect goods ready for sale. He would tour for about 10 days in the whole State for selling the goods. It is considered that if remunerative markets are explored it will be possible to revive the sandalwood producers' co-operative societies in the North Kanara district. He also renders necessary assistance in the matter.

4. The need for revival and development of the art-crafts has been very great as it is necessary to keep a constant touch with the artisans with a view to give them assistance for preparing the designs as per changing tastes of the public. It is also considered desirable to take concrete steps to encourage and develop production of high quality art-wares and to improve and to ensure profitable marketing thereof. The Art Education Committee recommended the establishment of additional schools of Art at divisional level, design classes with suitable workshop etc. The present position of Art-Crafts in this State and the manner in which the skill of Art-Crafts is to be improved require special attention. It is, therefore, considered necessary to continue this scheme as a permanent feature of the Cottage Industries Section of the Co-operative Department.

5. A provision of Rs. 24,852 has been made for the scheme in the Budget Estimates for 1956-57. The details of the expenditure are given below :—

Remarks.—The post of the Deputy Registrar for Industrial Co-operatives and Village Industries, Poona, and the peon under him have been continued for the period ending 29th February 1956. In view of the duties and responsibilities attached to the post of Deputy Registrar for Industrial Co-operatives and Village Industries, necessary proposals were received by Government in the past to convert the post into a permanent and pensionable one but they were not accepted then and the post has been continued for the period ending 29th February 1956. The Deputy Registrar as a Secretary of the Committee for Planning the Development of Forest Labourers Societies has to convene all the meetings of the Committee and prepare agenda and notes of the subjects to be discussed at such meetings. He has also to take suitable action for implementation of the decisions taken at these meetings. The Deputy Registrar has also to deal with a number of problems of Industrial Co-operative Societies which stands at 1,516 as on 30th June 1955. As it is not possible for the Joint Registrar for Industrial Co-operatives and Village Industries alone to undertake extensive touring, the Deputy Registrar has to tour and pay visits to important Industrial Co-operative Societies and assist the Joint Registrar in the administration work relating to such societies. The Industrial Societies have got special problems and each type of society has to prepare some sort of development schemes of village industries which are required to be scrutinised from financial, marketing and other points of view. He has also to make efforts to see how more and more Industrial Co-operative Societies can take advantage of the Government policy to meet the requirements of various departments from the products of cottage industries. The Deputy Registrar is also required to visit all the District Industrial Co-operative Associations in respect of the re-organisation of their affair wherever necessary and this work is required to be paid special attention. In addition to the District Industrial Co-operative Associations, this office has to organise more District Industrial Co-operative Banks and Regional Co-operative Banks than already existing in this State. The Deputy Registrar has to attend to the work of detailed scrutiny of the registration proposals of such Associations and Banks which is of a complicated nature. The duties and responsibilities attached to this post are likely to be increased due to the various schemes that are likely to be sanctioned by Government under the Second Five-Year Plan.

2. The Deputy Registrar, Industrial Co-operatives and Village Industries, is also expected to assist the Joint Registrar in performance of his day to day duties.

3. Looking to the above duties and responsibilities which the Deputy Registrar has to perform and which are more or less of a permanent nature, it is absolutely necessary to convert this post into a permanent and pensionable one. It is, therefore, proposed to place the posts of the Deputy Registrar and his peon on a permanent footing with effect from 1st April 1956.

4. The details of the cost involved on the posts of the Deputy Registrar for Industrial Co-operatives and Village Industries and his peon during the year 1956–57 are given below :—

Remarks.—The three posts of Textile Inspectors, one Head Clerk and one peon, have been continued up to a period ending 29th February 1956.

2. The posts of Textile Inspectors have been created to assist the handloom industry which is the major cottage industry of this State. The Textile Inspectors are required to visit the various District Industrial Co-operative Associations and the weavers' societies and guide their members in the manufacture of handlooms of various designs. They also impart training to the weavers in the use of improved tools and equipments.

3. As regards the post of a Head Clerk, the post was created for giving assistance of an experienced hand to the Deputy Registrar for Industrial Co-operatives and Village Industries. The post of the Deputy Registrar for Industrial Co-operatives and Village Industries has been separately proposed to be made permanent. With the increase in the number of co-operative societies and with the increasing assistance being rendered to the handloom weavers' co-operative societies by the State Government and by the Government of India under the Handloom Development Scheme, it is very necessary to continue the posts of Textile Inspectors on permanent basis.

4. We have, during the last three years, been receiving liberal grants from the Government of India for the develoment of handloom industry and financial assistance to the extent of about Rs. 32,00,000 has already been sanctioned to the weavers' co-operative soci. ties and the central associations etc. under different schemes. With this assistance, the development of handloom industry in this State has gathered momentum and the work regarding technical guidance such as production of cloth of standard specifications, new designs, use of improved tools and equipment and labour saving devices is absolutely necessary. It is, therefore, imperative that the posts of two Textile Inspectors, should be made permanent with effect from 1st March 1956. In this connection it may also be pointed out that these posts are being continued from time to time for the last 10 years or so. Necessary provision has been made for continuance of the posts of one Textile Officer, one Head Clerk and one peon during 1956–57.

5. The details of expenditure involved on account of this item with effect from 1st March 1956 during 1956-57 are given below:—

Remarks.—Shri Shahu Chhatrapati Mills, Kolhapur, a Textile Mill owned by Ex-Kolhapur Government has come into the possession of the Government of Bombay owing to the merger of Kolhapur with this State. The steam engine of the Mill was found to be obsolete and out of date. Government therefore decided that the Mills should be run on electricity. The scheme for electrification of the Mills was estimated to cost Rs. 3,25,000 and the installation is to be undertaken in three stages as under :—

	Rs.
Stage I—	
4 Transformers	37,835
H. T. Switch Boards	27,400
L. T. Switch Boards	30,400
Stage II—	
Service connection charges	42,330
Lightening Transformers	4,070
Sub-Station equipment	25,000
Stage III—	
Sub-Distribution boards, wiring to the various Departments and supply of certain electric motors.	1,11,056
Construction of building for sub-station	29,752
Power Factor correction equipment	13,324
Total ...	3,21,167
or in round figures ...	3,25,000

During April 1955, the Managing Agents, Messrs. James Finlay and Co. Ltd., Bombay, reported that certain items of additional expenditure had arisen such as provision for a new power house, cost of service line to bring the power supply to the Mill and provision for octroi duty, sales tax, transport, etc. which had not been taken into account while preparing the original estimate. A further sum of Rs. 1,50,000 was required in this connection. The total expenditure on this item would thus be Rs. 4,75,000. The expenditure on this account is to be admitted against the Depreciation Fund of the Mills. The Managing Agents have already credited to Government the extra amount of Rs. 1,50,000 in the accounts for the year 1954.

2. Government has already sanctioned an allotment of Rs. 2,25,530 during the year 1955-56. The Managing Agents have requested for a provision of Rs. 2,50,000 being included in the budget estimates for 1956-57 in this connection to enable them to complete the scheme for electrification of the Mills.

ITEM 73. Supply of uniforms to Drivers and Mazdoors of the Milk Transport Service.

Recurring	... Rs. 25,000	Non-recurring	... Rs. *Nil.*
Total	... ,, 25,000	Ultimate annual recurrent ...	

Remarks.—Drivers and Mazdoors of the Milk Transport Service are not at present provided with any uniforms and while on duty these men use different types of dress which many times are untidy, old, unclean and often torn. These men have to go on milk delivery trucks and appear before public and the present state of their dress gives a shabby appearance. Moreover, in the handling of milk, cleanliness and tidiness are two essential requirements and the trucks carrying pasteurised milk should have staff dressed in clean uniforms. It is, therefore, proposed to provide the Drivers and Mazdoors of the Milk Transport Service with uniforms. Each man will have to be given 2 sets of uniforms and the cost of the uniforms is estimated at Rs. 25,000 for approximately for 485 persons.

ITEM 74. Purchase of 40 Insulated Motor trucks for Milk Distribution Scheme.

Recurrent	... Rs. *Nil.*	Non-recurrent	... Rs. 14,60,000
Total	... ,, 14,60,000	Ultimate annual recurrent ...	

Remarks.—About 70 per cent. of the vehicles of Milk Transport are old improvised open type (1939 models) vehicles previously used for grain transport and are unserviceable for transport of pasteurised milk. They have already been fully depreciated and being old are not reliable for repairs. They, therefore, require immediate replacement. It is, therefore, proposed to purchase 40 new vehicles with insulated aluminium bodies at a total cost of Rs. 14,60,000 (each costing Rs. 36,500).

MINISTER IN CHARGE—SHRI SHANTILAL H. SHAH.

ITEM 75. Retention of certain temporary staff in the offices of the Commissioner of Labour (including the Government Labour Officer, Bombay) and the District Labour Officers at Ahmedabad, Sholapur, Jalgaon, Surat, Baroda and Kolhapur on a permanent basis.

Recurrent	... Rs. *Nil.*	Non-recurrent	... Rs. *Nil.*
Total	... ,, *Nil.*	Ultimate annual recurrent	... ,, 44,200

Remarks.—The adequacy of the staff in the offices of the Commissioner of Labour, Bombay and the Government Labour Officers was examined by the Officer on Special Duty (Retrenchment) and the recommendations made by him were implemented by effecting the retrenchment suggested by him. Since then, there has been no diminution in the work of those officers ; in fact the work has actually increased. The temporary staff in these offices comprises 43 Class III and Class IV posts, some of which were first sanctioned in 1947 and 1948 and have been continued on a temporary basis for the last seven or eight years. It is, therefore, proposed that such of the Class III posts as were sanctioned prior to 1st April 1952 should be made permanent with effect from 1st March 1956. Provision in respect of all these posts has been claimed in the regular budget estimates for 1956–57. The ultimate annual recurrent cost is Rs. 44,200.

Details of the posts proposed to be made permanent are given below :—

The work done by this office covers inspection of sites for the proposed buildings with a view to ascertaining their proper location in regard to orientation, economy, etc., collecting the necessary data required for preparation of tentative and final schemes, preparation of working and isomatic drawings and perspectives of schemes showing therein the proper alignment of roads, paths, etc., drafting short specifications and use of building materials district-wise. Besides, the office of the Architect to Government has to render architectural advice and scrutinise building projects referred to them by Divisional Offices and Government from time to time. The work of preparation of working drawings, designs, etc., of building projects has increased tremendously. Due to this, it has not been possible for the Architect to Government to supply the drawings in time and as a consequence budget allotments are partly or wholly surrendered in several cases. In order to cope with this increased volume of work, it is proposed to sanction the following additional establishment for the Architect's Office from 1956–57.

Serial No.	Name of the post.	No. of post	Scale.

Remarks.—As part of a comprehensive policy for communications and transport and as part of the Centre's contribution to the financing of the Post-War Developments in the State fields, the Government of India has assumed liability for the development and maintenance of National Highways, in accordance with the estimates to be approved by them from time to time, and with effect :

(a) from the 1st April 1947 in respect of maintenance,

(b) in respect of original Works, from the date of specific sanction in each case.

2. The estimated expenditure in 1956–57 on Original Works in connection with National High ways, inclusive of 7·5 per cent. agency charges is Rs. 2,10,70,000 made up of :—

	Rs.	
(i)	1,93,50,000	for works in progress,
(ii)	17,20,000	for New Works.

The Government of India had invited from the State Government a phased programme of National Highway Capital Works covering the five years 1956–57 to 1960–61. Such a programme has accordingly been furnished to the Government of India and is awaiting their approval. In the meanwhile, new items for 1956–57 have been proposed on the basis of essential works most likely to find a place in the National Highway Programme.

A provision, as under, is accordingly proposed for New (Original) Works on National Highways for 1956–57.

	Rs.
New Original Works (major and minor works)—	
Work Portion ...	16,00,000
Establishment charges and Tools and Plant charges at 7·5 per cent. ...	1,20,000

50, CIVIL WORKS.—contd.

MINISTER IN CHARGE—SHRI M. M. NAIK-NIMBALKAR.

3. In addition to Original Works, the Centre has accepted liability for the maintenance and repairs of the lengths of National Highways in the Bombay State. The estimated cost on this account for 1956–57 aggregates to Rs. 48,37,500 inclusive of 7·5 per cent. agency charges.

A provision, as under, is accordingly proposed for the maintenance and repairs of National Highways :

Maintenance and Repairs—

	Rs.

ITEM 81. Payment of grant to Gujarat Vidyapith for management of the Mahatma Gandhi Memorial at Kochrab.

Recurrent	.. Rs.	15,000	Non-recurrent	.. Rs.	35,000
Total	.. ,,	50,000	Ultimate annual recurrent	.. ,,	15,000

Remarks.—Government has established a memorial at Kochrab, where Mahatma Gandhi started his Ashram. Government has acquired land admeasuring about 7,804 sq. yds at a cost of Rs. 93,000. Government has also spent about Rs. 70,682 on the improvement of the existing buildings. The Memorial has now been completed. So far the management of the memorial was of a small committee consisting of the following persons

Shri Bhogilal Lala M.L.C.	Chairman.
Shrimati Maniben Patel M.P.	Members.
Shri Parikshitlal Mazumdar	
Shri Muldas Vaishya M. P.	
Shri Gulam Rasul Kureshi M.L.A.	
Shri Chinubhai Chimanbhai Mayor, Ahmedabad Municipal Corporation.	
The Collector of Ahmedabad	
The Executive Engineer, Ahmedabad Division ..	

The Committee has recommended to Government that now that the work of erection of the memorial is over, its management should be handed over to the Gujarat Vidyapith. Government, after due consideration accepted this recommendation and has decided to hand over the management of the Mahatma Gandhi Memorial to the Gujarat Vidyapith. A trust deed is being executed in the matter. It has also been decided that after the transfer of the management of the memorial, a non-recurring grant of Rs. 35,000 should be made to the Vidyapith for some additional works of capital nature, together with a recurring grant of Rs. 15,000 per annum towards the expenditure in connection with the day to day affairs of the Memorial.

The grant is proposed to be sanctioned on the following conditions that —

(*a*) The Gujarat Vidyapith keeps a separate account of the Memorial which will be subject to audit by the O. A. D.

(*b*) Unspent balance, if any, of the annual recurring grant for one year is adjusted against the grant for the following year.

(*c*) Posts and Pay scales attached thereto required for the Memorial are got approved by Government before they are filled.

(*d*) All expenditure which is of a non-recurring nature is got approved by Government before incurring it.

It is therefore proposed to provide an amount of Rs. 50,000 for the purpose during the next year 1956-57.

MINISTER IN CHARGE—SHRI Y. B. CHAVAN.

Recurrent	.. Rs.	*Nil.*	Non-recurrent	.. Rs.	87,000
Total	.. ,,	87,000	Ultimate annual recurrent	.. ,,	*Nil*

Remarks.—According to the policy of decentralisation, Government has decided that the village Chavdis now controlled by the officers of the Revenue Department should be transferred to the District Local Boards for maintenance and repairs, etc., from 1st April 1955 or as soon thereafter as possible for a period of 3 years on certain terms and conditions. Upto now, orders have been issued for the transfer of Chavdis to District Local Boards in the following 15 Districts—

1. Kaira.	2. Panchmahals	3. Surat.
4. Thana	5. Sabarkantha	6. Baroda
7. Banaskantha	8. Mehsana	9. Amreli.
10. West Khandesh	11. Ahmednagar	12. Sholapur.
13. South Satara.	14. Bijapur.	15. Kanara.

Government has agreed to place at the disposal of District Local Boards grants-in-aid for maintenance of and repairs to chavdis. It is, therefore, necessary to make a provision in the next years' Budget for payment of such grants-in-aid. A provision of Rs. 87,000 is accordingly proposed to be made in the next years's Budget.

ITEM 84. Loans to the Bombay Electricity Board for execution of schemes of electricity schemes in displaced persons' townships and colonies.

Recurrent	.. Rs. *Nil.*	Non-recurrent	.. Rs. 10,00,000
Total	.. „ 10,00,000		

The work of execution of electricity schemes in the Bombay State was formerly done by the Electricity Division of the State Public Works Department. The Bombay Electricity Board having been established, however, the schemes of electrification in displaced persons' townships and colonies, are also proposed to be entrusted to this Board for execution. Funds will be placed at the disposal of the Board by way of loans. The terms and conditions on which the loans will be sanctioned to the Board will generally be the same as those prescribed by the Government of India for loans to State Government for expenditure on housing schemes for displaced persons. It is expected that loans aggregating Rs. 10 lakhs may have to be sanctioned to the Board in the next financial year. It is therefore proposed to make a provision of Rs. 10 lakhs subject to funds being made available by the Government of India.

ITEM 85. Loans for starting industries in displaced persons' Townships and Colonies.

Recurrent	.. Rs. *Nil.*	Non-recurrent	.. Rs. 50,00,000
Total	.. „ 50,00,000		

The Government of India in the Ministry of Rehabilitation have formulated a scheme for providing financial assistance and other facilities to industrialists for starting industries in displaced persons' Townships and Colonies to relieve unemployment therein. The following facilities are to be provided to the Industrialists.

(*a*) Allotment of land and building for the factory on rental basis. Building will be constructed according to specifications of the industrialists. Rent will be charged at 4 per cent. on the cost of land and 5½ per cent. on the cost of building. The industrialists will have the option to purchase the land and building—land at its market price and building at its depreciated price.

(*b*) Supply of electricity at rates charged from industrialists by the Delhi State Electricity Board.

(*c*) Loan upto 50 per cent. of the value of the machinery installed by the industrialists. Period of loan will be 5 to 7 years and rate of interest about 4½ per cent.

2. As regards the manner in which the financial assistance will be provided to the industrialist by the Government of India the Central Government will advance loans to the State Government and bear all *bona fide* losses if any sustained in the recovery of the loans from the Industrialists. A Budget provision of Rs. 5,00,000 for this scheme has been made in the current year budget. The actual amount to be paid will however depend upon the financial assistance that will be provided by that Government. Government of India have under consid ration schemes costing Rs. 87,68,400 out of which an amount of Rs. 7,50,000 is likely to be spent in 1955–56. Although the scheme has been sanctioned in the First Five-Year Plan, it is expected that the Government of India will continue the scheme in the Second Five-Year Plan period as the scheme is expected to be implemented fully in the Second Five-Year Plan period only. It is therefore proposed to make provision of Rs. 50,00,000 lakhs under the head "P—Loans and Advances", in the budget estimate for 1956–57 subject to availability of funds from Government of India.

MINISTER IN CHARGE—SHRI SHANTILAL H. SHAH.

ITEM 86. Loans to the Bombay Labour Welfare Board.

Recurrent	... Rs. *Nil.*	Non-recurrent	... Rs. 8,00,000
Total	... „ 8,00,000	Ultimate annual recurrent	... „ *Nil.*

Remarks.—The State Advisory Board for Labour recommended in 1949 that a Labour Welfare Board be formed for the purpose of carrying out the welfare work which was being conducted by the State. This recommendation was accepted by Government and in pursuance thereof the Bombay Labour Welfare Fund Act was passed which provided for the required Boa d and a Fund. The Act was brought into force in certain areas of the State with effect from 24th June 1953. The Fund *inter alia* consists of the following :—

(*a*) all fines realised from the employees;

(*b*) all unpaid accummulations;

(*c*) any voluntary donations.

P—LOANS AND ADVANCES BY STATE GOVERNMENT—contd.

MINISTER IN CHARGE—SHRI SHANTILAL H. SHAH.

The Board was set up on 1st July 1953, from which date Government transferred to it the Labour Welfare activities which were conducted by Government at its 54 Labour Welfare Centres (together with the staff employed therein), situated at different industrial centres in the State. In acco dance with the rules made under the Act, the Board could start the realisations towards the Fund only from 1st July 1953. As, however, it was expected that recoveries would take time, and as in the meantime it was necessary for the Board to incur expenditure on its day to day activities for which purpose it had no money, the Board approached Government on 1st July 1953, for a loan of Rs. 50,000. This loan was granted to the Board at 4½ per cent. interest per annum.

Soon after its enforcement the validity of the Bombay Labour Welfare Fund Act, 1953, was challenged by certain employers and hence the Bombay Labour Welfare Board was not able to make any substantial recoveries under the provisions of the Act read with the Rules thereunder. A further loan of Rs. 2 lakhs had therefore to be sanctioned to the Board to enable it to conduct its activities. The High Court of Judicature at Bombay has since upheld the validity of the Act, but the employers have gone in appeal to the Supreme Court against the decision of the High Court. A provision of Rs. 4 lakhs has been made for giving loans to the Board in the current year's budget. This provision was made on the basis that the decision of the Supreme Court would be available by the end of August 1955. So far Government has sanctioned a total loan of Rs. 12½ lakhs to the Board (Rs. 2½ lakhs in 1953–54, Rs. 6 lakhs in 1954–55 and Rs. 4 lakhs in 1955–56). The provision of Rs. 4 lakhs, made in the budgets for 1954–55 and 1955–56 was for 6 months only and hence it was found to be inadequate.

It is expected that some time will elapse before the Supreme Court gives its judgement, but until that judgment is received, it is necessary to provide finance to the Board for enabling it to continue its activities. A provision of Rs. 8 lakhs is therefore being proposed in the budget for 1956–57 to enable the Board to continue to carry on its activities for the full year.

			FORESTS			
1	Thana ...	Thana ...	Construction of combined office for the Divisional Forest Officer, West Thana and Range Forest Office, Salsette at Thana.	74,938	65,500	The office is at present accommodated in a hired building. Plans and estimates for this work have been administratively approved by Government. It is absolutely essential to take up this work as the present building is most inconvenient especially during sales etc. when a large number of public gather at the office. It is also too small to accommodate the full staff and records of the Office.
			GENERAL ADMINISTRATION			
2	All Divisions of the Public Works Department.	.....	Construction of Treasury Strong Rooms.	7,00,000	2,18,340	As a result of the merger of states with the State of Bombay in the year 1949 new treasuries and sub-treasuries were required to be opened at many places. At most of these treasuries and sub-treasuries no properly constructed strong rooms existed. For the safety of Government money adequate strong room arrangements at treasuries and sub-treasuries are absolutely necessary. Therefore in 1953-54 Government decided that strong rooms should be constructed at such places at an estimated cost of Rs. 7 lakhs spread-over several years. Accordingly from 1953-54 a provision of Rs. 1,50,000 is made every year for the construction of strong rooms. For the next year it is proposed to make a provision of Rs. 2,50,000. For the construction of new strong rooms and also for the completion of those which are under construction.

6	South Gujerat Circle.	Sub-Jail Building, Surat.	Additions and alterations to the sub-jail building at Surat for converting the same into the office of the District Inspector of Land Records and District Survey Office, Surat.	1,47,8>6	1,29,260	The proposed work is urgently necessary for the safety and proper maintenance of the valuable survey records. Administratively approved under G. M., R.D., No. BLD-2053-A, dated 6th June 1955.
7	Poona ...	Poona ...	Expansion of Collector's Kacheri, Poona.	1,62,000	1,41,480	Estimate was approved and sanctioned under G.M., R.D., No. BLD-2654/3380-A, dated 15th June 1955.
8	Banas Kantha.	Banas Kantha ...	Constructing district bungalow at Agathala, Taluka Deesa.	65,000	17,470	The distance from Deesa to Tharad is 42 miles and there are no camping facilities. in the entire tract which is sandy and barren throughout and hence the necessity. Plans and estimates are administratively approved under G.M., R.D., No. BLD-1154/36816-A, dated 13th January 1955.
9	Do. ...	Do. ...	Constructing a district bungalow at Dhanera.	57,040	49,780	There are no camping facilities at Dhanera and elsewhere in the interior. Visiting officers are much inconvenienced. Hence the necessity. The plans and estimates have been administratively approved under Government Memo, R. D., No. BLD-1155/A, dated 6th September 1955.
10	North Satara Division.	Satara ...	Constructing Registration Record Room and Office in the compound of Hazeri Bungalow at Satara.	71,072	34,930	Plans and estimates have been administratively approved under G.L., R.D. No. 3990/49/100838—A, dated 13th April 1954 as per G.L., R.D., No. 3990/49/100838-A, dated 13th April 1954.
11	Presidency Division.	Bombay ...	Water proofinig the basement of "Majestic".	60,000	52,400	The work is most urgent for the convenience of the M.L.A.'s who are already occupying the Hotel. The plans and estimates are yet to be approved.

15	Bombay ...	Greater Bombay ...	Rewiring and conversion of electric installation from D. C. to A. C. and necessary addition and alteration to the electric installation in the High Court building.	1,49,745	1,31,000	Administrative approval accorded in Government Resolution, Home Department No. EIC-3255/27966, dated the 13th June 1955. The electric installation is very old and consequently this has caused short circuits some times resulting in fires. Thus this is necessary.
			POLICE			
16	Ahmedabad.	Ahmedabad City ...	Waterproofing of hollow block Police Lines at Ahmedabad.	2,53,691	2,21,830	During rainy season, walls as well as joints in between the blocks in the Police Lines at Ahmedabad leak badly and this causes great trouble to the inmates. It is proposed to carry out the work of waterproofing of the Poilce Lines at Ahmedabad during the year 1956-57.
17	Baroda ...	Rangpur in Baroda District.	Construction of a Police, Station Building with a lock-up, three blocks of 7 quarters each for constabulary, one Quarter the Sub-Inspector and two aqua-privy blocks of 4 Seats, each.	90,000	78,600	Rangpur is an isolated place on the border of Madhya Bharat and hired accommodation is not available there. It is, therefore quite essential to construct these buildings. The work was administratively approved in September 1955.
18	Baroda ...	Baroda ...	Additions and alterations to the two barracks from the Lalbag Police Lines, Baroda.	65,020	56,770	The Regional Training School at Baroda is to be accommodated in two barracks from the Lalbag Police Lines. These barracks require additions and alterations for the use of the school. The work has been administratively approved in August 1955.
19	Ahmedabad-Livision.	Shahijpur, Ahmedabad.	Construction of Administrative block at Shahijpur Headquarters, Ahmedabad Rural.	53,320	46,290	There is shortage of accommodation for the office of the Additional District Superintendent of Police, Ahmedabad Rural at Shahijpur Headquarters. It is, therefore, proposed to provide accommodation for the Police Sub-Inspector's Office, Bell of Arms, Guards' quarters, Store, Store of weapons, Record Room and Recruit Law Class Room. The work has been administratively approved.
20	Presidency Division.	Shahijpur Ahmedabad.	Construction of a canteen for the armed policemen at the Police Head quarters at Naigaum, Dadar, Bombay.	1,46,996	1,28,380	Although Naigaum is one of the Headquarters of the Greater Bombay Police Force where a detachment of armedmen is stationed and also having a recruiting and training centre for the recruits, it has no refreshment and messing arrangements of its own and the men have to go outside for the purpose. It is, therefore, essential to start a canteen and a Mess at this Headquarters and to construct a building for the purpose. The work was administratively approved in April 1955.

			MISCELLANEOUS DEPARTMENTS			
28	Nasik ...	Nasik ...	Construction of a building for the Office of the Regional Transport Officer, Nasik.	1,66,724	1,45,850	The Regional Transport Officer, Nasik has been facing the problem of seeking new accommodation at Nasik since June 1946 as the owner of building in which the office was housed was not prepared to renew the lease which expired on 30th June 1946. The office has therefore to be shifted to another bungalow. The building now occupied by the Regional Transport Officer is requisitioned by the Collector of Nasik in December 1949 under the Bombay Land Requisition Act, 1948. Even that building is not really suitable for the Regional Transport Officer's office as there is no room for inspection of vehicles which at present has to be done at a distance. It is therefore, very necessary to have a new building for the Regional Transport Office. The Plans and estimates have been approved by Government *vide* Government, Resolution, Home Department, No. 8659/4, dated 18th November, 1953. They were forwarded to the Executive Engineer, Nasik Division on the same date.
