Sir

Tha President and Council have ordered me to acknowledge their having received Your Letter to them of yesterdays date setting forth that you want twenty six Men of Yor. Complimt. That you apprehend your supplying that number with Black People may be attended with the utmost ill consequence to the Honble Company's Ship at this Critical Juncture, and that you are ready to take on board such as they shall order untill you have your Compliment, and in Answer thereto to acquaint you That they are under no Orders to supply you with the Men you may want: But that their Concern for the security of the Honble Company's Estate would at all times excite their best endeavours to assist you, or any other Commander in such Circumstances, but if you mean that they should furnish you with Men from the Garrison, The present Condition thereof, considered with the posture of Affairs in this Country will not admit of it, and that you must therefore supply your wants in the best manner you can agreable to the terms of yor. Honble Sir & Sirs

Having the latter part of my residence here laboured under a very ill state of Health, and finding no benefit from the Use of the Medicines, but that my Disorders encrease on me & it being the Advice of the Physicians that a Change of Climate is most likely to restore me to my former Health: I am under a necessity of desiring to leave the Honble Company's Service in order to take my Passage for England on the Walpole Captain Lowe, & to request Your Honour &cts. kind recommendation of me to my Honble Masters that if I should recover my Health so as to be able of serving them hereafter, I may hope to return again to my station. I am

John Legg.

To the Honble Richard Benyon Esqr.
President and Governr. &cr. Council of Fort Sr. George.

In obedience to your Honours Commands, I have taken a Survey of your City of Madrasspatnam, from Charles's Point to the Queen's Point, being that part of the Fortification, as it is called, which faces towards the island: But I must take the liberty to assure you, 'tis no Fortification at all, but rather an offensive than defensive Wall to your Garrison; Was it not for the support it has from the several Outhouses of the Inhabitants, which are all built against it, through the whole extent abovementioned, it could not stand, Nor was it more than sufficient for a Garden Wall when first erected. As to the River which runs by it, That neither is any Addition to the strength of your Works, but rather a Nusance to the Town, for I observe in every part of it 'tis continually forded at less than two foot deep.

—FORT ST. GEORGE, JANUARY 1742-43—

The Plan laid down for enlarging your City, and carrying a New Fortification cross the Island from Charles's Point to the Queen's Point abovementioned, I have by your Hon^rs. direction very carefully examined in regard to a Foundation by making small Wells a considerable depth from the Surface, & by boring several Foot deeper in the bottom of each of them, the whole extent of the intended Fortification; and find the soil is clay and sand, capable of sustaining any Weight, especially if assisted with a Few Wells under the Foundation near the River side where, 'tis a little spungy. As to the River, I will engage to turn that quite of from your Town, at a very small expence & supply it's place with a much better Fossee, by which the whole Island will be drain'd & become a very firm and solid tract of Land.

This is humbly submitted to Your Honour's and the Gentlemen of the Councills consideration by

—*FORT ST. GEORGE, FEBRUARY 1742-43*—

The President acquaints the Board that he had received a Letter from Mr. Jonathan Smart Resident at Syrian in Pegue representing that He had been obliged to submit to many affronts from the Government there, who would have been more troublesome if they had not stood in some awe even of the few People he had with him belonging to the Exeter, and if some further Countenance was not given from hence it would be impossible to continue the Trade thither any longer. Requesting therefore that a Supply of Twenty or Thirty Europeans might be sent him out of the Military, which he doubted not would be effectual to prevent any further ill usage from the Government which was then at Syrian.

A Party of Soldiers sent to Pegue.

Upon which the Board taking into consideration the great advantages which this place has formerly received from the Pegue Trade, and that the Exports thither, and Imports from thence pay a Duty of Five ℘ Cent to the Company, who have not been displeased that some of their Military have been lent where their own Interest was less concerned than in the present Case; It was Agreed to lend Mr. Smart Twenty Men with a Serjeant, Corporal & Drummer upon condition that he is at the Charge of transporting them thither and back again; But because we have but few Europeans in Garrison, Agreed that the Twenty Private Men be Topasses, who with the Serjeant, Corporal & Drummer may be sent on board the Exeter now bound to Pegue.

The President also acquainted the Board that by several Letters from Wandewash he is informed that it is taken much Notice of, that we have made no Complimt. to the Court there upon the Birth of the Nabob's Brother, & after some discourse about the State of Affairs in the Country, the Board agreed that the President might send to the amount of about six hundred Pagodas including the Charges.

A Present to the Nabob at Wandewash on the birth of his brother.

The President at the same time acquainted the Board that he beleived there would soon be occasion to put the Company to a more considerable Expence, for that it was no longer doubted but Nizam al Mulck would come to Arcot, in which Case it would be necessary to send Presents to him and his son Nazir Jung suitable to their Rank, and as it is also to be supposed he will either Confirm the Present Nabob or Appoint another, in either of which Cases we must pay our Compliment; It was Agreed that the Warehousekeeper assisted by Coja Petrus look about the Town & purchase such things as they have reason to beleive will be acceptable upon the several occasions.

Preparations to be made for Presents to Nizam Al Mulck.

To MESSRS THOMAS EYRE
SAMUEL HARRISON &
JOHN HOLLOND.

GENTLEMEN

We have appointed you to Attend the Presents now sending to Arcot for Nazim al Muluck, Nazir Jung and Coja Abdulla Khan. The Letters sent by you for them are meer Letters of Compliment and to inclose the Lists of Presents sent to each.

Those Lists must be formed at Arcot agreable to the Directions of Imaum Sahib to whom a List of the whole is sent to be divided as He thinks Proper.

You will acquaint Imaum Sahib, that as you are entire Strangers to the Customs and Ceremony to be observed at the Durbar. You must rely upon his information and Advice in those Matters. He will doubtless tell you that at your first Audience it will be proper for M^r. Eyre to present Nazam al Muluck &c^t. with some Gold Mohurs in the Governour's Name, and will tell you the number, as well as how many each of the rest of the Gentlemen should present at the same time.

We suppose your Audience will be but short, and that after the common Compliments are over you will have leave to retire. If nevertheless any Questions should be asked you about our Trade and Priviledges the more general your Answers are the better. As to our Trade they know how much Money We lay out in the Country, And we carry no money out but what We bring in & should carry away less if We could lay out more in these parts.

—*FORT ST. GEORGE, MARCH 1742-43*—

The Priviledges we have were granted Us by Zulpherker Caune and other great Men of the Country & afterwards confirmed to Us by the Great Mogul Furruckseer, and for what more is wanting to enable us to carry on our Trade with ease We must depend upon his Excellency's favour.

We know not what occasion you may have for Money to pay the Durbar Charges, But we have deliver'd Mr. Eyre, Five hundred Gold Mohurs, & Five hundred Pagodas in Rupees, Fanams and Pagodas. We also deliver you a Letter of Credit on Boocunjee Caushedoss who will supply you with what Money your occasions require. We are

TO THE HONBLE RICHARD BENYON ESQ^R^.
PRESIDENT & GOV^R^. &C^T^. COUNCIL OF FORT ST. GEORGE.

HONBLE SIR, & SIRS,

I now lay before Your Honour, &ct., an Account of the Damages sustained by the Honble Company's Ship Princess Augusta, coming down Bengal River on her Passage to this Place.

Our Pilot run us ashore on Pengelly sand, where we lay about four hours, when the flood made she soon fleeted off without any Visible damage.

Her second Misfortune was on the Middle Ground Abreast of the Upper Point of the Ganges, & Gives me more reason to fear it's Consequences as it happen'd on the Vigour of the Tide, with a fresh Gale of Wind: She struck first a Midships, & in an instand heaving quite round, notwithstanding we lett every thing fly, she lay down with her Starboard Gunwall under Water, at the same time every Beam of

the Upper Deck raised two, or three Inches, & while we were striking our Yards & Topmasts the Ship Righted, & taking two or three desperate Waddles cast off into seven fathom of Water, the reason of which I take to be her twisting out a large peice that was scarfed in her Keel, near sixteen foot long, & five Inches thorough, & what Confirms in this Opinion is the Ships not steering afterwards. We find she makes about eight Inches Water in twelve hours, tho' she before was absolutely tight nor did she make a Drop of Water all the while we had the Gale of Wind in which we lost our Masts.

One of our Helmsmen was thrown over the Wheel & was lamed, & a Lascar was killed by a Gun falling on him.

We also run over one of the Buoys, which hung between our Rudder & the Sternpost, it has tore off some of the Sheathing, if not strained the Sternpost.

I am with the Utmost Respect

FORT ST. GEORGE, 21st. MARCH 1742-3.

—*FORT ST. GEORGE, APRIL 1743*—

Orders to the Master of the Sloop Porto Bello upon a report that the Morattas are plundering about Ingeram.

Some of the Merchants in the Black Town having received Advices that the Morattas are plundering the Country about Metchlepatam & Ingeram, It's agreed to order the Master of the Sloop Porto Bello, in case Mr. Prince should not think it Advisable to go ashore at Ingeram, to proceed with him and the Treasure to Vizagapatam.

In consideration of the loss the Purchasers of the Rupees are likely to sustain

The President, Messrs. Fowke and Morse, who have the care of the Treasury acquaint the Board, That the time being elapsed the 11th. Ultimo, in which the Merchants who bought the Rupees had agreed to pay the money for them: They had often since sent for them and insisted upon their bringing the money and taking away the Rupees, and as a further inducement had urged to them the probability that Rupees would still fall lower, and consequently the longer they delayed it the greater their Loss would be. To which the Merchants replied that they were very sensible of the Loss they must sustain, but the place, and indeed the whole Country was so drained of the Current Money, that it was absolutely impossible for them to raise near the value, and if the Board doubted the Truth of what they said, they were ready to leave it to us to dispose of the Rupees for the most they would fetch, and would make good the difference.

It's agreed to be easy with them in point of time.

The Board having upon many occasions been convinced of the scarcity of Current Money, owing principally to the demand for Gold Mohurs for Bengall; and Madrass Pagodas for the Northward, which the Remitters to those parts have all this season run upon; and therefore well convinced of the impossibility that the Merchants could have complied with their Contract AGREED that we are obliged to submitt to the necessity of the times, and allow them to take away the Rupees as they are able to pay for them, But that the President and Warehousekeeper continue to press them to be as expeditious as possible.

To the Hoñble Richard Benyon Esqr.
President and Governour &c^r. Council of Fort S^t. George.

The humble petition of Hyreonimo de Itta, Sallazar, Narberg Pedro de Itta, Maroot Joseph, & Owanjan Merchants, and Inhabitants of Madrass.

Sheweth

That your Petitioners have provided a Parcel of Goods both here and at Malacca proper for the Manilha Market, in expectation that your Honour &c^t. would have sent a Ship from hence to that Port; But your Petitioners find themselves disappointed therein & therefore will be obliged to keep their Goods to their very great Loss, or Freight them on the Portuguese Ship at an exorbitant rate. Your Petitioners further shew that there is now in the Road a Ship called the S^t. Carlos, on which they can Freight their Goods at a much more reasonable rate, and with greater Safety.

Your Petitioners therefore most humbly entreat Yo^r. Hon^r. &c^t. to permit them to Freight their Goods on the beforemen'd Ship S^t. Carlos.

And Yo^r. Petitioners &c^t.

Sail'd Ship S^cta. Catharina Andrew Mertins for Macao. 25

Last Consultation read and signed.

AGREED that One thousand 1000 Pag^s. be Advanced Molinga Kistna, and Two thousand 2000 to Ponapah Chitty on Account of Goods respectively brought in by them.

Money advanc'd on acc^t. the Investment to Molinga Kistna & Ponapa Chittee.

The President acquainted the Board that few days past he was informed that Meer Allim, Dorogha to the late Nabob's Lady was come into Town with Letters from Mahummud Hussain Khan Tahir, Budderdeen Hussain Khan & Mahummud Ally Sahib, acquainting him (the President) That they had agreed upon the sum they were to pay Nizam al Muluck for Confirming Mahummud Sied Cawn the late Nabob's Son in the Government of this Province, and had got most of the Money ready except a small matter, as they called it, which therefore they desired we would Advance and lend them, and which Meer Allim hinted was Ten Lack, 1000000, of Rupees, who was instructed to offer us as Security a Mortgage of the Rents of part of the Country, or a deposite of Jewels. But the Presid^t. considering that whatever hopes the Family may have, at present Faction and Party prevails so much in the Camp, that there was no certain dependance upon any promises which may have been made them, till the Grant has passed the Seals; But principaly that it is contrary to our Practice, and indeed our Orders, to have any dealings in Money matters with the Governing Powers: He had sent for Coja Petrus and instructed him in what manner to talk to Meer Allim before he made his Visit, and explain to him our reasons why We could neither Lend, or Borrow; And Meer Allim was so satisfied with those reasons, that when he came to the Fort, He said very little upon the Subject of his Errand; And all that the President had occasion to say in His Answers to the Letters was, only to Assure them in general terms that he never denied any thing to his Friends that was in his Power, and for the rest referred them to what they would be told by Meer Allim.

A Proposal from the late Nabob's Family to borrow ten Lack of Rupees of Us.

The Case of the Beetle and Tobacco Farmers as set forth in their Petition now again read and entered hereafter, being then taken into consideration; The President said he beleived they had suffered by large Quantities bro^t. in by the servants belonging to the Moors: For besides what they Conveyed into the Womens Pallankeens and Hackerys, which could not be searched: They often run in parcels under the Notion of Provisions, Fruit and Sweetmeats as Presents sent them from the Country: That the Farmers had Catched several of the Moors Servants in this last practice, which they had brought to him, the Presid^t. upon whose complaining thereof, their Principals were very willing and desirous the Beetle and Tobacco should be Confiscated, But were not inclined their Servants should be otherwise punished, and he could not insist upon it, without lessening the Respect We had always endeavoured to show them, and therefore as the Profit was so great, they, the servants, still continued to run it in, as they only run the risque of having it seized if they were Catched, which, considering the many Opportunities they have, was not equal to the Temptation of the Profit.

The Case of the Betle & Tobacco Farmers considered.

The Farmers who were in Attendance being called in, and having repeated the Circumstances of their Case in near the same Substance with their Petition: alledged, That what had most sensibly affected them was the high Rates they have been

—*FORT ST. GEORGE, MAY 1743*—

obliged to pay for Beetle and Tobacco since they have had the Farm, owing partly to a long drought, but principaly to the Rents being raised in the Country, which consequently affects the Produce and falls ultimately upon the Consumer; Adding that we knew very well they were limitted in the prices and obliged to supply the Town at certain Rates, but which they could no longer comply with under the difficulties they laboured at present.

The Farmers being ordered to withdraw the Board consider'd the difficulty we had in engaging them to take the Cowle, that is to say at the present Rate; That though there is a Power to revoke the Cowle, there is no Clause that obliges them to keep it to the full end of Five Years, it being always as we suppose intended they should gain a profit answerable for their trouble, which would be a sufficient obligation on their part to keep it. Upon the whole the Board were of opinion that if we could agree with them to hold on the Cowle to the end of the Term, in consideration of some abatement, it would be more for the Company's Interest than to have it flung upon our Hands, as we dispair in the present Circumstances of the Country of being able to get any Others who will give the present Rent for it. Upon which the Farmers being called in after several Arguments urged on both sides, it was at length agreed to abate them two Months Rent that is to say sixteen hundred sixty six Pagodas twenty four fanams, 1666. 24. — in consideration of all damages they have sustained hitherto, and that upon no pretence they make any further Application for releif during the remainder of their Term.

Two months rent remitted them.

TO THE HONOURABLE RICHARD BENYON ESQ^R.
PRESIDENT & GOV^R. &C^T. COUNCIL OF FORT S^T. GEORGE.

THE HUMBLE PETITION OF TRIVITEE SASHACHILUM AND SUBRAMONEY CHITTY FARMERS OF THE BEETLE & TOBACCO COWLE.

SHEWETH

THAT being directed to attend this day with their reasons for not having paid their Rent for the month ending the 5th. April your Petitioners beg leave in their excuse to offer to the consideration of your Honour &c^t. some of the many hard Circumstances they labour under, by which they can without difficulty make appear that since their taking this Farm in 1740, they have lost upwards of Five thousand Pagodas.

Your Petitioners need not remind Your Honour &c^t. of the great Concourse of Moors & other Strangers from the Country into this place, as well for some time before as since the death of the late Nabob, nor would they have mentioned it, but to introduce one of the hardships arising thereby (very sensibly and chiefly to your Petitioners) by which they have long suffered and still continue to suffer much damage. As it would probably give Umbrage and dissatisfaction to the greater sort of these Strangers (who during the disturbed state of the Country have chosen occasionally to make this their place of Resort) to be deprived of the liberty of bringing in Beetle and Tobacco for their own and the use of their Families, The Dooleys, Hackeries and Pallankeens together with the Bundles and Bandajoes (which are constantly passed the Mettahs between this place & S^t. Thomè under pretence of Victuals and other things belonging to them) have been & are exempted from all Search; By which means alone (though no more Beetle & Tobacco were so brought

—*FORT ST. GEORGE, MAY 1743*—

in than would serve them & their Families) Your Petitioners have suffered no inconsiderable damage in their Retail Trade being thereby deprived of the Vent of even those Quantities, but it is carried so much farther to the detriment of Your Petitioners by the Servants and others belonging to these, or pretending to be such, that notwithstanding the greatest Vigilance of the Peons Your Petitioners are obliged to keep at the Mettahs, such Quantities are brought in & sold by them privately in Town at an under rate that the vent from Your Petitioners Godowns is reduced very greatly from what it was before the Farm was subject to this inconvenience and Damage.

Though Your Petitioners might not unreasonably hope for some favourable Releif under the hardships above recited, they are much strengthen'd in those hopes in referring to the further Consideration of this Honourable Board the very high Rent they pay for this Cowle, and the very great Expence in Peons & other incumbent Charges they must unavoidably be at; For a clearer View of which they take the liberty to annex a State of the Produce of the Farm from the 5th. September 1740, when they first undertook it, to the 5th. of last month, and submit their Case to the Justice of this Honourable Board in hopes of some immediate releif therefrom, without which the burthen of Your Petitioners Losses must soon grow to Heavey for them to bear.

And as in duty bound Yr. Petitioners &ct.

The Beetle and Tobacco Farm from [5th.] September 1740, to 5th. September 1741.

Detail of our Transactions with the Country Government on the subject of Chindadre Pettah Mint & the New Villages.

Then it was considered in what manner to comply with the request of the Gentlemen of Calcutta to Coin half the silver designed them by the first Ships into Arcot Rupees; A consideration of Importance, because of the Advantages which will accrue to the Company by Coining the Silver into that Specie, And on the other side the Obstructions we have met with in Coining Arcot Rupees at Chindadre Pettah by Virtue of the Grant from Mahomud Sied Khan, concerning which we chuse to be full here that we may not be too prolix in our next General Letter to England. It is not necessary to repeat here how We came to obtain the Grant from Mahomud Sied Khan; But upon Nazam-al-Muluck's coming into the Province it was thought proper to endeavour at Obtaining a confirmation of it from him, As what would fix it upon such a foundation, that whatever Changes there might be hereafter in the Government, it might not be liable to be revoked or disputed; And that the President should enter into a negotiation for that Purpose with Emaum Sahib.

Soon after Nazam-al-Muluck arrived at Arcot the President sent one Vencatachelum a Braminy, a Person that had often been employ'd to attend upon Emaum Sahib at such times as he came to Madrass, to Attend him now at Arcot. The

—*FORT ST. GEORGE, JUNE 1743*—

President's Letter by him to Emaum Sahib was in Substance, That as he beleived he must be very busy, and might often want to say somewhat to him that he had not time to write, and might also want Several things from Town: He had sent Vencatachelum to stay by him to receive his Orders; This was the pretence; But Vencatachelum's private Instructions were to observe what passed in the Camp & the Durbar, and to Communicate the same to the President. It is needless to say he was neither empowered or instructed [to] enter upon any particular Negotiation, such being designed to be carried on in another manner and by a different Person. However Vencatachelum had not been long at Arcot, but being with Emaum Sahib one day he, Emaum Sahib, told him that he heard the Governour had taken possession of some Villages belonging to the Surcar, and was Coining Rupees in Chindadree Pettah, and both by a Grant from Mahomet Sied Khan; That he wondered at it, and that the Governour should be at any expence about a parcel of Fugitives, for that he must not expect to keep either one or the other. Vencatachelum replied, that as to the Villages the Governour had never Asked for them, but the Family pressed him to take them, and in a manner forced him to Accept them And as to the Coining Rupees in Chindadree Pettah, He knew very well the English always Coined Money in Madrass, and it was much the same whether they Coined in Town or at the Pettah. To this Emaum Sahib said that the Villages belonged to Nazam al Muluck, and nobody else had power to give them away. And as to the Coinage, I am not, says he, so ignorant, but that I know the difference between the Coinage in Madrass & at the Pettah and wherein it consists. Vencatachilum in return told him, That as the Governour had received a Grant for the Villages and taken possession of them it would be a disgrace to have them taken away, and as the Govern^r. and he were all one, He hoped he would prevent their being reclaimed, and if there was any thing else that was not quite right, he hoped he would make it so Well says Imaum Sahib, I'll see what can be done about the Villages; But the Governour must not Coin any more at the Pettah, for tomorrow Nazam al Muluck's Sunnods will be Issued out to forbid the Coinage at all the Mints except S^t. Thomé and Covelong. To which Vencatachilum replied, it would be better he sent the Governour a Sunnod for Coining at the Pettah. No says Imaum Sahib that cannot be

Tis not to be wonder'd at, that Imaum Sahib opposed the Validity of our Grant from Mahommet Sied Khan for Coining Arcot Rupees, his own Interest being so much concerned in it; For when the late Nabob established a Mint a [*sic*] Pullamalee, from whence it was removed to the Pettah, Those at Covelong & S^t. Thomé were put down; And as the profit of the last had been long before possessed by Imaum Sahib: One of the first things he did after Nazam came to Arcot was to get leave to open it again, And he knew well by how much the more We Coined at the Pettah, the less would be Coined at S^t. Thomé.

Though the Villages have not any immediate relation to the Coinage, yet as they are part of our transactions with the Country Government We chuse to insert here what has passed concerning them. Soon after Nazam al Muluck Arrived at Arcot, it was said he had given Imaum Sahib a Grant for the Managing of his Jageer and some Horsemen came down from Imaum Sahib to take possession of the Villages as part of it. Emaum Sahib's Sister who had long lived with us in Town sent to them to be quiet, and that she would take upon her to settle the matter with her Brother, and soon after she sent the President an Order signed by Imaum Sahib to the Havildar of S^t. Thomé directing him only to keep some People at the Villages without turning out ours, and upon the whole that he should Conduct himself in such manner that it might Appear as much as possible that We were in possession of the Villages, 'till such time as he could obtain a full Grant of them for us: Accordingly things remain'd quiet 'till it was reported Coja Abdulla Cawn was appointed Subah of the Province, and then there came a *Superseedeas* from him, which certainly Imaum Sahib might have prevented if he pleased, however it was not of consequence enough to make any Noise about, or oppose it, because we beleived sooner or later we should have a Grant for them from Nazam al Muluck: Accordingly some days

—*FORT ST. GEORGE, JUNE 1743*—

ago Imaum Sahib wrote his Sister that the Petition for them was signed by Nazam al Muluck, and there was nothing more wanting but Coja Abdulla Cawn's Seal, which he should get as soon as he returned from the Moorcha and therefore he had sent her an Order to the Havildar of St. Thomé to withdraw his People from the Villages and put us in possession of them. As he thought we should be m[uch] pleased with it, and being desirous also to let us see, that [he] claim'd some merit to himself, he directed his Sister to send the Order by his little Son, for him to deliver it to the Governour but besides that the receiving of it in that manner would have been attended with some Expence: The Governour was willing to let Emaum Sahib see that he Stomach'd the Slight which was put upon him by the *Superseedeas* from Coja Abdulla Cawn, and therefore sent to Imaum Sahib's Sister that she had no occasion to give her Nephew the trouble [of] coming to the Fort, and if she sent the order by the Dorogha it would do as well: For as a *Superseedeas* had come after his former order he did not care to run the risque of a Second Affront, besides as the Value of the Villages was not much he was in no hast to take possession of them till the Firmaund came, but however he was very much obliged to Imaum Sahib, and would receive the Order to the Havildar of St. Thomé, though he did not design to make any use of it: Accordingly she sent it a day or two after by the Dorogha. Thus much concerning the Villages.

As to the Mint, he has hitherto spoke of it as a thing Attended with difficulties, but for the most part evaded giving any direct Answer to Coja Petrus, who has often mentioned it to him: However no Sunnod has yet come from Court to Prohibit our Coining; But the Havildar of Covelong some time last month, wrote the President two Letters about it: The Answer to the first was wrote with a design that the Havildar should send it to his Principal, But the second being looked upon as impertinent, it was Answered accordingly; Perhaps though we might have heard somewhat from his Superiours about it, if we had gone on with the Coinage in the manner it was intended, when We first received the Grant from Mohommet Sied Khan, that is to say, followed the practice of the Country Mints, and kept pace with them in altering the Standard. Why we did not, will Appear by what follows.

Upon the death of the late Nabob there was no Silver in any of the Mints except what remain'd in that at Palamalee, which as was Advised the Company last season, was brought into the Pettah and Coin'd there, what more Silver was in Town was only in the Company's Warehouse, which also was Coin'd at the Pettah; No more Silver was expected 'till the Arrival of the Manilha Ships, and when that by them came from Pondicherry, the Shroffs who bought it up had offers from the Minters at St. Thomé to deliver them more Rupees for One hundred Ounces than those at the Pettah would, that is to say they would Coin them of a lower Touch, but as the Shroffs knew the Coinage at the Pettah belonged to the Company, they were for that reason in doubt whether there might not be some prohibition against carrying the Silver out uncoined to St. Thomé, and therefore some of them applied to Emaum Sahib's Family to pass it out in their Name: This was easily seen through, and therefore the Minters at the Pettah applied to the President to know if they might not reduce the touch as low as what they Coin'd at St. Thomé, as otherwise no body would Coin at the Pettah, but he only told them he would consider of it. The truth is, it was foreseen at the beginning, that if we were tyed up in the Grant to a particular Weight and Fineness, it would be of very little use to us, and there can be as little doubt, that if we would Coin of the same Weight and Fineness, as they do in the Country Mints, the Merchants would be easy under any obligation which we should lay them under to Coin in the Pettah Mint; But considering the circumstances of the Case, it was thought more proper not to be so Eager and greedy as to run the risque of an absolute prohibition from Court, untill the Country and the Interests of the Several Competitors were settled. Coja Abdulla Khan who has at present the Advantage of the Mint at Covelong and Imaum Sahib that at St. Thomé, would doubtless make Strong Interest to have a prohibition sent us, and if we should not regard it, The Government would not want other pretences as well as Opportunities to disturb us, in other Branches of our Business. On the

—*FORT ST. GEORGE, JUNE 1743*—

contrary it was hoped, if the Government beleived we did not intend to Coin any of a lower Touch than We did at the beginning, they would in consequence conclude that by Coining of a lower Touch in their Mints, they should have the Coinage of most of the Silver, and from thence look upon our Grant as a Bagatelle, & if not to be prevail'd upon to give us a Confirmation of it, that they would not think the Use we made of it, of so much consequence as to Quarrell with us about it, and if no prohibition is sent us We may when the Government is Settled, especially if Mahommed Sied Khan is established, go on Coining by Virtue of the Grant we received from him, though it should not be confirmed by Nizam al Muluck.

This being the Case at present with regard to the Coinage at the Pettah it was agreed to continue quiet as we have hitherto done with regard to private Silver, but as to the Company's, it was proposed and agreed to bring the Stamps which have been made use of in the Pettah from thence, and to Coin the Company's Quantity in our Silver Mint in Town. Resolution about Coining the Company's Arcot Rupees in town.

First, that though the Silver may be Coined with safety in the Country Mints, some unexpected Accident may happen, and we should have the less to say in such Case, because it is contrary to the Company's Orders received last year.

Secondly, that from an Attention to what the Gentlemen in the Bay wrote us last Season with regard to the Weight and Fineness of the Arcot Rupees, we do not care to send them any of so low a Touch as what they Coin now in the Country Mints, which is no better than Standard.

Thirdly, by Coining in our Town Mint (and all that we so Coin will be Sent to the Bay) it will be more private and less Subject to remark by the Country Government, and if they should have any intimation of it, and indeed considering how many must of necessity be employed in it, some will probably be rascalls enough to divulge it, We may write them that We are only Coining the Company's Money according to Annual Custom, of which they need no other proof than the Quantity of Silver which has been carried from hence and Coined in their own Mints; At worst before they can say much about it our business may be done, that is what we want to Coin for the Company, and when that is over, they will have occasion to say no more, at least for this year.

The Board agreeing to Coin the Company's Quantity in their own Mint, the President said he was not quite satisfied in respect to the method in which We had been used to Contract with the Shroffs for the Coinage, or rather the Exchange of the Compy's Silver for Arcot Rupees, that so long as their Silver was Coined in the Country Mints, that method was unavoidable, and in the same manner as every body else agreed with the Minters, but at the same time he was convinced either the Shroffs or the Minters were considerable gainers, over and above the Charges of Coinage and the Duties to the Government, and therefore proposed it to the consideration of the Board whether it would not be for the Compy's Interest since we were resolved to Coin the Arcot Rupees in our Mint to direct the Coinage of them somewhat in the same method as our Madrass Rupees were Coined; Upon which Linga Chitty was sent for, and having explain'd to him what we meant he was ordered to bring in an estimate of what an hundred Ounces of Standard Silver would produce reckoning One thousand Rupees to weigh 30. lb. 6 ozs. and to be $4\frac{1}{2}$ dwt. better than Standard and then the Board Adjourned. The method of coining them debated. Linga Chittee to deliver in an Estimate of the produce of 100 Ozs. Standard Silver.

The Lusitania under Portuguese Colours arrives at St. Thomé.

A Prohibition against trading with her affixed at the Gates of the Town.

The Duke being to sail for the Bay in few days & the Princess Amelia soon after, it's agreed not to send any Treasure to the Bay on the Pultney as we before purposed.

Our Intention of sending Treasure to the Bay on [the] Pulteney, altered.

As from the Orders contain'd in the 18th. paragraph of the Company's Letter of the 4th. February 1742, We shall not want such supplies of salt petre as we apprehended when We wrote to the Bay the 25th. April last by the Princess Augusta, it's AGREED to desire of the Gentlemen there, that when they return that Ship to Us, after putting on board the Fine Patcharee Rice We before requested for the West Coast, they fill up her Tonage with Rice on the Honble Company's Account, which there is reason to apprehend will be much wanted here.

The President added, that on observing the Renters to be so many Payments behind, he had pressed them somuch for the Money that in order to raise it, they had been obliged to sell their Houses, and therefore when they brought him the Money, they brought him at the same time the Cowle, protesting they could not hold it any longer without going into Goal for the next year's Rent; owing as they said to the great drought there has been for some years, and that the Wells in the Garden are turned salt. As the Renters are ruined the Board beleived it would be to little purpose to insist upon their keeping the Garden, to the end of the Term, and therefore Ordered that Notice be given at the Sea Gate for the sale of a new Term of Five years at Out Cry.

The Renters throw up their Cowle.

The Farm to be put up at Outcry.

Mr. Eyre who was Appointed the 24th. RICHARD BENYON ESQR. GOVERNOUR PRESIDENT.

Last Consultation read and Signed.

The President acquaints the Board that two days since Coja Miguel de Gregorio had sent to him for leave to bring a parcel of Bugles from the Lusitania in St. Thomé Road, that was consigned to him the said Miguel on that Ship by One David Serriman at Leghorn: To which the President return'd Answer, it was an Affair so circumstanced, that he could do nothing in it of himself, and therefore he must apply to the Board, accordingly this morning, (the said Gregorio being sick and unable to attend) had sent him a Petition which is now read and entered hereafter, & which being taken into consideration and debated, The Board were of opinion that it was very possible Mr. Sherriman might not be acquainted with the Orders we have here relating to Foreign Ships, and that it was probable (considering the War with Spain and the risque of sending them to England & from thence by one of the Company's Ship's hither) He thought the Lusitania a better and safer Conveyance. Upon the whole the Board considering they are Goods which do not interfere with the Company's Trade, and that Miguel promisses to write Mr. Sherriman not to send him any more Goods in future but upon the Company's Ships, agreed that he has leave to land them here, provided he makes returns for the same by the way of England, and also that besides the usual Customs, he pay three ℔ Cent which the Company would have received for freight had thay come on one of their Ships, which last will also be a Memorandum to prevent his forgetting to write Mr. Sherriman to send him no Goods in future but by them.

[Con]tract Gregorio petitions to bring into town some Bugles consigned him from Europe on the Lusitania.

Petition consider'd & [Gran]ted on certain [cond]itions.

Mr. Foxall delivers in Ten thousand 10000 Madrass Pagodas purchased in Town at Nine and five Eighths 9⅝ ℔ Cent Batta pursuant to order of Consultation of the 13th. instant and nine hundred and sixty two Pagodas and a half 962. 18. —. the amount thereof is now paid him.

Mr. Foxal delivers in 10000 more Mas. Pags. @ 9⅝ ℔ Ct. the Batta paid.

He also delivers in as entered hereafter his report of the Coinage of One hundred Ounces of Standard Silver into Arcot Rupees, and as We beleive from the reason mentioned therein that we shall not be able to procure any better terms Linga Chitty was sent for and acquainted that we were satisfied therewith and that the Silver would be sent into the Mint forthwith.

& His remarks on Linga Chittee's Calculate of the produce of 100 oz. silver in Arcot Rupees.

Linga Chittee's Terms accepted.

The Board then proceeding to consider whom to send Chief to Vizagapatam it was agreed to order Mr. Richard Prince to remove thither from Ingeram as soon as he can without detriment to his present Investment That in that interim the care of the Company's Affairs at Vizagapatam be recommended to Messrs. Saunders and Goodere, and that on Mr. Prince's taking on him the Chiefship at Vizagapatam, Mr. Thomas Saunders take charge of the Company's Affairs at Ingeram.

Mr. Prince appointed Chief of Vizagapatam.

Mr. Saunders Resident at Ingeram.

AGREED to transmit to the three Northern Settlements the several remarks respecting the Cloths from thence, Extracted from the List of Investment and Letter received this Year from England, enjoining their regard thereto.

Extracts of the List of Investment receiv'd this year transmitted to the Northern Settlements.

—*FORT ST. GEORGE, JUNE 1743*—

The Gentlemen at Vizagapatam ordered to send us more particular Information respecting the Money extorted from Mr. Pitt.

The Board then taking under consideration [what] orders to give concerning the insult offered Mr. Pitt at Upparra as represented in the Vizagapatam Letters of the 20th. May and 9th. June which has been hitherto deferred in expectation of hearing something of the matter on the Nabob's part [the] President told the Board that it had been hinted to him and some of the other Members had also heard that it was urged in excuse for the Nabob's proceeding, That he had been induced to grant his Phirmaund for the Security of the Wreck to the English, upon it's being represented to him from Vizagapatam, that the Ship belonged to the English, but that he afterwards received information the Ship did not belong to the English, and therefore finding himself imposed on, demanded and insisted on what was saved of the Wreck as his property, which if really true varies the Case, and makes the Infringement of our Phirmaunds on the Nabob's part, not quite so Dear to us as it seems to Appear to the Gentlemen at Vizagapatam, It's therefore agreed to suspend our Judgements upon the matter and any Instances with the Country Government till we can be more fully informed of the circumstances of the Case.

Mr. Eyre to receive the Paymaster's Employ from Mr. Stratton.

And Your Petitioner as in duty bound shall
EVER PRAY.

—*FORT ST. GEORGE, JUNE 1743*—

To the Honourable Richard Benyon Esqr.
President & Governour &c^r. Council of Fort S^t. George.

Honble. Sir & Sirs

In obedience to your Commands I have perused Linga Chittee's proposal for Coinage of Arcot Rupees & with great difficulty have prevail'd on him to reduce it ¾ ℔ Cent as Your Honour &c^a. will see in the calculate at foot of this but cannot perswade him to undertake to coin them at the same rate as the Madrass Rupee by ¼ ℔ Cent which he has added upon the Coinage being in this Account 17½ ℔ Mill, whereas the Hon̄ble Company allow but 15 ℔ Mill Coinage on the Madrass Rupees.

His arguments, which I must own carry reason with them, are as Follow

That when they are about to coin the Madrass Rupee, they by long use & experience have found that by putting a certain quantity of Lead in the Test with a certain quantity of Silver in proportion to the Touch, they seldom fail by fumigation (for they never run off the Course Mettle as we do in England) to bring off their Silver Madrass Rupee Matt of 14½ dwt. or rather better, so that once Melting serves, 'till it is Assayed & then it is Melted into bulletts singly for Rupees; Whereas in making Arcot Rupees they are obliged to Melt the Silver twice & some times thrice & Linga Chittee Assures me he allways Allows Six ℔ Mill every time it is Melted: If so, he cannot get so much by the coinage of the Arcot according to the calculate annext, as by the Madrass Rupees at ¼ ℔ Cent less; & so far I can say from my own knowledge that when I have reported the Silver designed for Madrass Rupees 15 dwt. better than Standard, he has allways desired me to let it pass so, telling me that he should loose more by Melting it overagain, than he could gain by adding the proper quantity of allay to it.

And since Your Honour &c^a. have been pleased to Ask my Opinion in relation to the said Coinage, I must confess I think according to the manner of Working here, the undertaker can receive very little profit thereby, as he is obliged to stand to all wast & Charges, & deliver the Rupees of their due weight & Finess.

I am

Last Consultation read and signed.

General Letters read Vizt.

Letters from Anjengo, duplicate Packet for Bombay. The Dutch & Kg. of Travencore agree.

No. 56 from the Chief and Council of Anjengo of the 11th. Ultimo, accompanying a duplicate Packet for Bombay and advising that the King of Travencore and the Dutch were come to terms much the same with those before the War.

Vizagapatam Mr. Westcot & the money arrive there further mention of the insult to Mr. Pitt.

No. 57 from Messrs. Saunders & Goodere at Vizagapatam of the 9th. Ultimo inclosing their Cash and Paymasters Accounts for May advising the Arrival of Mr. Westcott with the Treasure and Stores sent them on the William and Sarah; That they despair of redress for the insult offer'd Mr. Pitt, but that not withstands. the badness of the Government they hope the Investment will not suffer.

Ingeram Complaint of the Government.

No. 58 from Mr. Prince at Ingeram of the 15th. Ultimo inclosing his Journal Parcels and Cash Account for May and giving hopes, notwithstanding the Impediments he meets with from the badness of the Government, of Two hundred and twenty 220 Bales by the middle of August.

Fort St. David abot. [Ordn]y. Blue Cloth. Indent for Stores &c. [Ships] arrive at [Pon]dicherry from [Fra]nce. [Mr. A]llen permitted [to come] up.

No. 59 from the Deputy Governour & Council of Fort St. David of the 2d. instant remarking that Ordinary Blue Cloth will cost near as much as middling: Enclosing Indents for Wares and Stores which are ordered to be got ready: Advising the Arrival of Ships from Europe at Pondicherry, and that Mr. Allen requests permission to come up hither, which is granted.

Directions to St. David's concerning the Investment & about raising the prices.

The Board then taking into consideration what to write to Fort St. David in answer to several Letters from thence, advising the Steps they had taken in the Investment, It's agreed to observe to the Gentlemen there that our Honourable Masters remark the Salem Cloth they received by the Ships in 1742, was more rowey and uneven than in former years & that they add further, that though they have indented for a large quantity of Long Cloths, they would not have us insist upon them if we found it would raise the prices, which in some measure Answers the question proposed to Us in the Fort St. David Letter of the 5th. June about advancing the prices or continuing only to get what they could at the last Years rates: As to the other proposal from St. Davids about endeavouring to lower the prices by

—*FORT ST. GEORGE, JULY 1743*—

discontinuing to provide any more at the present rates, the Gentlemen there cannot but remark that the Cloths of last year and this are dearer than what went home in 1741, but considering the present Circumstances of the Country, the Board see no reason to expect that Cloth can be got cheaper than at the last rates; [and] as to any further Advance, We think the Company's directions this year are plainly against it, besides, when the prices a[re] once advanced, however the dearness of Cotton and Grain are alledged for it, yet when both are fallen considerably, We perhaps get a larger Quantity of Cloth, but never Cheaper, at least it has not fallen within our Experience.

The President reads the Cash Account for last month, ballance remaining now compared with the Cash Chest, Twenty seven thousand one hundred fifty one Current Pagodas ten fanams & seventy two Cash 27151. 10. 72, & twenty One thousand One hundred & two 21102, Madrass Pagodas. June Cash Acco^t. read.

FRIDAY THE 29TH.

RICHARD BENYON ESQR. GOVERNR. PRESIDENT.
NICOLAS MORSE. RANDALL FOWKE.
THOMAS EYRE. EDWARD HARRIS.
WILLIAM JOHNSON. JOHN SAVAGE.

Last Consultation read and Signed.

Correspondence with Pulliacat & Negapatam about 3 soldiers deserted from hence to Pulliacat.

The President acquaints the Board that a few days ago three of our Soldiers, namely Hard Wilson, John Robertson & Thomas Murphew having deserted to Pulliacat, he thought it needless to trouble the Board with the matter, not doubting but the Chief there would return them on his request, and therefore he had wrote a Letter to the Chief to that effect, and promising a full pardon to the People; But he found himself disappointed when two days since he received an Answer thereto which is now read [&] in its translate as entered in our Letters Received No. 67 declaring that by Orders from Negapatam they are not to deliver up any of our Deserters.

AGREED to transmit a Copy of the said Letter to the Governour and Council of Negapatam & to recommend this Affair to their Serious Attention as we think that when they have recollected what passed between us and them last Year on occasion of a Man deserting from them & fully considered the Terms on which we have demanded these three Men they will revoke the Order Mr. Fonseca writes he has received from them and direct them to be returned Us.

Mr. Stratton requests & is permitted to go to Bengal

Letter from Mr. Stratton read as entered hereafter representing the necessity of his going to Bengall, & requesting the permission of the Board to go thither on the Vizagapatam, Agreed to grant his request as he purposes to return to his Station in December next.

RESOLVED AND ORDERED, That no Foreigners or Strangers, or any others than the Natural subjects of the King of Great Britain shall be permitted from and after this time to purchase or inhabit any house or Houses, Godowns or other Buildings within the Walls of the White Town, except only Such as they have heretofore been permitted to purchase, & that even those Houses &c. shall not be sold again to, or Inhabited by any other Foreigners and Strangers than such as are already possessed of them without the permission of the President and Council of this place for the time being, to that end first had and obtain'd.

A Proposal for renting the Compy's Old Garden.

The Secretary acquaints the Board that the only Application yet made to him about Farming the Company's Great Garden was by one Permall commonly reputed a Man of Substance, who would not be brought to offer more than Two hundred and fifty Pagodas ℔ Annum, insisting on the Garden's having been much neglected and being at present in so bad a condition that it must cost two Years produce to put it into any tolerable Order; That many of the Trees were Old and Quite useless, And the Tanks & Wells were rendered almost Unserviceable by the Salt Springs rising in them.

A Survey of it ordered.

The Board beleiving there was some Ground for the Man's Assertion judged it better to let the Farm for this price to one who would take care of the Garden than to keep it longer unimployed, And therefore agreed not to refuse this Offer but to suspend discoursing the Man about it at the Board 'till a survey of the present state of it can be made & laid before Us, as possibly some better offer may intervene. AGREED that Mr. Charles Savage Norris, attended by the Compy's Head Bricklayers and some Persons versed in such matters, both on the part of the Company and of the said Permall, do make such survey and report the same to the Board.

TO THE HONBLE RICHARD BENYON ESQR.
PRESIDENT & GOVERNOUR, &Cr. COUNCIL OF FORT ST. GEORGE.

HONBLE SIR & SIRS

Having some Grounds to beleive You have been advised from Bombay & Tellicherry of my Design to lye the Monsoon out on this Coast, founded on the Improbability of my receiving my Dispatches for England within the Time limitted by my Charterparty or within such Time as might give me any hopes of securing my Passage round the Cape I shall not waste Your Honour, &cts Time on that Subject.

—*FORT ST. GEORGE, AUGUST 1743*—

But as I flatter myself you will be fully sensible that the not being able to save a season (from whatsoever Impediments proceeding) must occasion a no inconsiderable & extraordinary Expence of Stores & that some additional Provision must necessarily be made for my Voyage to Europe (whither, I take this opportunity to acquaint Your Honour, &ct, I propose to proceed about the 20th. of next Month) I find my self under a necessity in Obedience to my Instructions from my Owners & on their Behalf to have recourse to the following Clause in my Charter Party whereby I presume the Honble Company oblige themselves on their Part. In Case the Ship Salisbury "arrived at her consigned Port within Eight Months after delivery "of the Said Ship's Dispatches" (meaning from England which I can make appear she did) "shall not on or before the 31st. Janry. 1742, be dispatched for England" (which I need not remind Your Honour, &ct, She was not) "Then the Said United "Company, their Presidents, Agents, Factors, or Assigns shall over and above the "value of the said 498 Pound Sterling before mentioned to be Allowed to be carried "out, supply unto the Master of the Said Ship for the Time being so many Pagodas, "&ct, as need shall require, for buying Victuals or other Necessary Provisions for "the Said Ship not exceeding the Value of 300 Dollars for every one hundred Tons "the said Ship is let for" Valuing the Money so supplied as ℔ the Written Clause at the End of the said Charter Party herewith Offer'd to the Perusal of Your Honour &ct. and from the foregoing Clause to request (hereby declaring that I have not hitherto taken up any Money on behalf of the Said Ship, or her Owners) That Your Honr. &ct. will Supply me with a sum of Pagodas to enable me to lay in Victuals & other Necessary Provisions for the Said Ship's Voyage to England to the Amount of the said 300 Dollars for every hundred Tons she lets for,

I am with Respect

Hollond Goddard & Samuel Greenhaugh which the Secretary is ordered to demand.

The Accot. of Arrears of Salary &c^t. to be repaid by Messrs. Goddard & Greenhaugh delivered in.

The Justices appointed to the Registry of Houses remark to the Board that one great & principal end proposed by the establishing that Registry in 1735 was to prevent the Moors purchasing too much in the Black Town, and that in prosecution of such purpose the Said Justices had made it a Rule to themselves not to Register any Bills of Sale or Conveyances to Moormen without the particular leave of the Board notwithstanding which Caution they find themselves obliged to apply for the opinion and directions of the Board upon a method Several Moormen have lately endeavoured to put in practice to evade the prohibition laid against them in the intintion of the said Registry, who finding they must not appear as the Purchasers procure Some of the Malabars or Gentues to buy Houses for them in their own Names, after which the Conveyances are entered in the Registry without any Objection, and then the Moormen under pretence of having lent Money on the Premisses specified in Such Conveyances bring their Mortgages to be registered and by that means possess and inhabit as uninterruptedly as if the Original Titles were made to themselves. A practice to which if some stop is not put, that end proposed by the Establishment of the Registry will be soon disconcerted and rendered of no Effect. The Board being sensible of the many inconveniencies that may arise to the place by not discouraging Such practices it's agreed and ordered that the Justices do not attest or permit any Mortgages of the Nature of those above described or of a like Tendency to be registered.

The Justices appt^d. to the Registry of houses at the Choultry not to register any Mortgages to Moormen.

M^r. Norris having pursuant to our order attended the Survey of the Company's Old Garden delivers in his report thereof as now read and entered hereafter upon which the Secretary acquainted the Board that in further discoursing Permall concerning the said Garden the latter had told him that if the President and Council thought fit to grant him the Farm, it was his firm resolution immediately to Set about putting it into the best order and repair by planting near Fifteen hundred New Trees, making two New Wells, cleansing those which are there already and the Tanks & mending the Fences, the expence of which must be very considerable, and which when the Board had considered as well as that he should reap no benefit from any of the New Trees under five years, and that those now in the Garden will yearly decay, he hoped they would be induced to renew the Grant to him for five years longer on the Same terms, if he should request it; He desired the Secretary also to add a further request to the Board which was that the Grant might be made to one Ravenapah for whose due and full performance of his Covenants he, Permall would enter into a Security Bond, but as his reasons for making this request were such as concerned himself only, to know, he hoped to be excused dellaring (*sic*) them. The Board looking upon the first request as reasonable and seeing no material objections to the other agreed to comply with them and ordered a Cowle to be drawn comformable thereto against next Consultation, together with a Security Bond to be executed by the said Permall.

N°. 101, from the Chief and Council of Vizagapatam of the 17th. Ultimo, advising the Sumatra's putting in there the 13th. from the West Coast, and that the Captain of her purposed to proceed for the Bay as soon as her Leak could be Stopped, and accompanying the Packet by her from thence, containing,

West Coast Occurrences there.

N°. 102, from the Deputy Governour and Council of Fort Marlborough dated the 18th. August last, Advising their Transactions in the Honble Company's Affairs to that time, and inclosing the several papers mentioned in the List entered after the Said Letter.

The Sumatra ordd. up hither & to bring up Northern Bales.

The Season of the Year being considered it's agreed to order the Sumatra up hither as soon as possible after the 5th. of next month as she may earn somewhat by bringing up the Northern Bales and get to Bengall from hence very near as Soon as if she were to put for it at this time from Vizagapatam.

Request to the Bay to return her with a full Loding of Patcharee-Rice for the West Coast. Indent to the Bay for West Coast Stores.

But it being possible that the Captain in compliance with his Sailing Orders from the Wt. Coast may have left Vizagapatam before these our orders reach him, It's agreed to desire the Gentlemen in Bengall by the way of Vizagapatam to return her hither with a full loading of Patcharee Rice for the West Coast which we observe is much wanted there; And that they will get ready against we return her to them such part of the West Coast Indent as is procurable in the Bay agreable to an Extract thereof now sent them.

Further Information to be sent hither concerning The Timbers forced on Mr. Prince & the Treatment of Mr. Pitt at Upparra.

The Complaint in the Vizagapatam Letter of the 13th. October of the Impositions of the Nabob of Rajahmundrum falling then under consideration, it's agreed to suspend our Instances with the Governing Powers till we are more particularly inform'd from Vizagapatam of the Quality of and the Loss that may probably be sustain'd by the Timbers forced on Mr. Prince, reminding the Gentlemen there also of their promise to send us the fullest Authorities concerning the treatment of Mr. Pitt at Upparra.

Timbers bought of Mr. Stratton. Estimate of Repairs &ct. wanting at Vizagapatam ordd. to be sent up.

The Gentlemen at Vizagapatam representing the Timbers mentioned in their Letter of the 30th. August to serve a very necessary purpose, it's agreed to permit them to purchase them of Mr. Stratton if they think them reasonable, and to direct them to send us an Estimate of what the building a Powder Magazine and Guard Room & other necessary Repairs to their Fortifications will amount to.

—*FORT ST. GEORGE, NOVEMBER 1743*—

Nicolas Morse Import Warehousek^r^. pays in Five thousand 5000 Pagodas in further part for Silver Sold. Money paid in for Silver Sold.

What the Gentlemen at Fort S^t^. David wrote us the 4th. instant concerning the Sloop Carolina and her situation, having been shewed to some Persons esteemed pretty good Judges of such matters, they not only declare it as their opinion that the getting the Sloop into the Sea from where she lyes is practicable, but give in also a Plan of the Method whereby they think it may be effected, which appearing to the Board plausible, and the charge computed within One hundred Pagodas : It's agreed to transmit it to Fort S^t^. David in order to it's being put in practice. Directions sent to S^t^. David's about getting the Sloop Carolina into the Sea.

The Gentlemen at S^t^. David's having in one of their late Letters represented the necessity of some repairs to the Buildings at Cuddalore and Tevenepatam which they compute will cost about Three hundred Pagodas, it's agreed to permit them to be set about. Repairs at Cuddalore & Tevenepatam permitted to be set about.

Purposing to give one of Our Honble Masters Ships that come hither to fill up in December the earliest dispatch possible it's agreed to direct the Gentlemen at S^t^. David's to transmit us their Merchants Accounts for England closed to the last of this month. Fort St David Merch^ts^. annual Accounts to be sent up closed to the 30th. Novem^r^.

—*FORT ST. GEORGE, DECEMBER 1743*—

DIARY OF OCCURRENCES IN THE JOURNEY TO TRICHNOPLY WITH A PRESENT TO NIZAM AL MULUCK NAZIR JUNG & COJA ABDULLA KHAN.

March 8th. 1742/3 In the Evening set out for St. Thomas's Mount and Lodged there.

The 9th. Early this Morning Muster'd the Coolys, and finding several had left us in the Night, and that some Parcels were not come. Wrote to Town for them, and for Coolys in the room of those Deserted, for which We waited there' till Evening and then sparing some from the Pallenqueens &c^a. went forward to Conditore. From whence Wrote again for the Peons and Coolys wanting, waited for them all Day, Wrote also for some Broad cloth for Presents to the Nabob's Officers.

The 11th. Late this Morning arrived at Perimbadore In the Evening from Sunca Rama's Choultry, wrote to advise Imaum Saib That we were endeavouring to reach the Camp as fast as we could bring the Present.

The 12th. About Noon arrived at Conjeverum where Hussan Saib the Phousdar came to see us and told us the Camp was on the March, and that there was no knowing where it would make any stay, Therefore advised us to follow as fast as we could; After having got some Oxen and more Coolys here in room of others also Deserted from this place, in the Evening went forward for Choulumbade and there received advice from the Vakeel of the 8th. That the Camp was then removing from Trinomly to Maulore Petta. But, with hopes that it might make some stay thereabouts. We judged it our Duty to Proceed after it.

The 13th. We were detained for want of more Conjeverum Coolys 'till the Afternoon, and at Night arrived at Trivitore.

The 14th. This Morning the Hovildar Ordered the Goods to be stopp'd at the Metta Sent the Dubash to know the reason of it, who brought Word that the Hovildar said he was informed we had some Goods belonging to Private Merchants and for Sale, But Paupa denying it, and by some Acquaintance with the manageing Braminy, after a stay of about two hours, found credit to get them passed, As also for an Hircara and Ten Coolys, and then proceeded to Marapanaick's Tope, from thence in the afternoon to Vizamunglum at 8 o'Clock, Where more Cooly's having left Us, we sent to Chitaput to get others.

The 15th. March. Waited for Coolys & Straw for the Oxen 'till the Afternoon, arrived at Gongavarum, From whence we wrote to the Kiledar of Chingee for leave to wait upon him.

The 16th. Arrived in Chingee at Noon, the Kiledar sent his Braminy to welcome Us & with some Provisions. In the Evening We Visited the Kiledar, who received us kindly, At Night 22 Coolys Deserted.

The 17th. Sent the Dubash with a Present to the Kiledar of 9 Yards Scarlet, 1 peice of Aurora & a Chest of Rosewater, as an acknowledgement for the Assistances he had offered Us.

The 18th. Mr. Eyre observing that by the frequent occasions for taking up Coolys and the time and distance exceeding what was thought necessary when we left Madrass, If we proceed we shall want Money to pay the People. Agreed therefore that the Dubash enquire where we may take it up for Bills on Fort St. George or Fort St. David & let us know the Rates.

The 19th. Arrived a Letter from the Honourable the Governour acquainting that as the French have sent a Present so far as Trichanopoly he thinks it necessary that we should not fall short of them in respect, but proceed thither also, And the Kildar offering Us about the value of two thousand 2000 Arcot Rupees in Wolandore fanams, for our Bill on the Deputy Governour and Co. of Fort St. David payable to Rangapilla of Pondicherry, agreed to accept it and pay the Necessary Advances to the Coolys for Trichanopoly directly.

—*FORT ST. GEORGE, DECEMBER 1743*—

The 20th. Having now got a supply of Oxen and Coolys The Latter in room of those that left us here in the night & for the former, discharged those taken at Conjeverum, and as we have heard some stragling parties of Moratta Horse have been about plundering the Villages, Agreed to take with us five & twenty Horse the Kiledar offered Us as a Guard to the Goods & one of the Hircaras to shew the Road. Gave Babarow the Kiledar's Braminy 5 Yards of Scarlet Cloth; and the Kiledar being Sick sent the Dubash with our Compliment of leave and went forward to Anandaporum.

The 21st. Got at Noon to Veracholavarum from whence having Traveled too far in the Heat, for want of water, we cannot get the Oxen to proceed further 'till the Morning.

The 22d. Travelled all day for want of Water 'till 4 in the Afternoon, Arrived at Yeliva Noorsore. Sent the Dubash with a Compliment to the New Kiledar there And to enquire News of the Camp. That it was on the Banks of Colerone River.

The 23d. As the Goods were here Passing the Mettas they were stop'd upon some intelligence that there was private Merchants Goods among them. But upon application to the Kiledar and declaring that we knew of none, After some Detention he acquiesed to let them go on. Travelled for want of good Water 'till three in the Afternoon (in which Six of the People feinted) And arrived at Chile Nessalore where about forty of Imaum saibs Peons joyn'd us and brought their Masters Answer to ours from Conjeverum. That he should be glad to see us as soon as possible. The Cooly's too much fatigued cannot proceed 'till the Morning.

The 24th. March. About one o'Clock arrived at Toolore River, the People here also too much overcome with Heat to go on in the Afternoon.

The 25th. In the Morning got to Wolgundaporum where in the Afternoon came in Share Mahmud Cawn Kiledar of Tagagara with some Horse & Peons from Imaum Saib as a further Convoy for us.

The 26th. Set forward at near Noon and towards Sunset reached Octatore where hearing of some Robberies and Murther there the Night before by the Callar People kept as good a guard as we could all Night.

The 27th. Set out early this Morning and after a rest in the Middle of the Day arrived at Mardoor in view of the Camp at Sunset, where the Nabobs Hircaras coming to enquire who we were, We sent to advise Imaum Saib that we were ready to come into Camp to such place as he should appoint for us.

The 28th. This Morning paid and Dispatched the Chingee Horsemen, And in the Afternoon went through the Camp to the place Assigned us, and Pitched all the Tents that Evening in view of Trichenoply Town Surrounded at some distance by Nizam's Forces under the Command of Coja Abdulla Cawn, Raja Shandrasein, Raja Janozie, Meer Assud & Shaik Lutfula Cawn, Sent our Compliments which were returned by Imaum Saib That he would come to Us in the Morning.

The 29th Buckanjee Cossidas the Camp Shroff coming to see us, gave us advice as to Affairs in the Camp. We mentioned our Letter of Credit to him from his Gomastas which he said he was ready to comply with, accordingly we sent for 2000 Rupees on it in the Evening. Presented Share Mahmud Cawn who attended us from Wolgundaporum with one Peice of Aurora, and gave 150 Rupees for Provisions to this Horse and Peons. In the afternoon received a Visit from Inaum Saib Presented him some Gold Moors and delivered the Governour's Letter to him. He told Us he had acquainted the Nabob of our Arrival and that Meer Mucktada Cawn was ordered with a Partie of 4000 Horse and as many foot to Conduct us to the Nabob in the Morning and desired we would be ready to receive him in a proper manner and after some discourse he received Beetle and took leave.

The 30th. About 8 this Morning the Nabob's Officer came to us with a Guard of Horse and Foot and two Elephants with Drum and Colours and told us the Nabob was glad to hear of our arrival in Camp and had ordered him to conduct us to him.

—*FORT ST. GEORGE, DECEMBER 1743*—

After the usual Compliments we presented him as by the List of Presents and after his taking Beetle we Proceeded with him and was carried to the Publick Durbar Where the Nabob was siting attended by his Omras, Nabobs, Rajas, & other great Men, and making our Obeisances in Front at a Considerable distance, We were shewn a place on the Carpets. and to sit down there. About an Hour after when the Nabob rose from the Durbar he sent for Us into Private Appartments. where upon his Speaking our Welcome, We paid the Governours respects to him, and he bid us sit down and then Honoured Us with a great deal of free discourse on indifferent matters. Coffee was also served to Us with the Honour of the Fans. This being the first Audience nothing was said of the Present, And in something more than an Hour he gave us Beetle and we withdrew and returned to our Tents. Where the Nabob and Imaum Saib each sent us a Dinner. In the Afternoon received a List from Imaum Saib of what goods he had Assigned for the Present to Nizam which we got unpacked and sorted out that Night, and sent early next morning to the Nabob.

The 31st. The goods being sent and opened at the Nabob's Tents. Went to wait on him at the Durbar, and that business being over the Nabob sent for us to a Private Tent, where the Goods lay opened, and we were desired to sit, The Nabob observed them very nearly and took many of the Parcels in hand, and said they were very good. and. of the Painted Looking Glasses and some others. That he would keep some himself, and send also of them to the Mogul and would tell him he had them of the Governour of Chinnapatnam. Imaum Saib upon seeing That notice taken of them (which was not then Interpreted Us) Got up and made his Salams. Coffee was served and after about an Hours discourse we retired

In the Evening happen'd a very Violent Squall of Wind & Rain which blew down some of the Nabobs Tents and a great many others And ours were with much difficulty kept from falling which made us think it Lucky that we had delivered the Nabobs goods And that those remaining with Us were kept from any Damage by the Weather.

April the 1st. Sent the Mulla and Warehouse Conicoply to Count out the Present to the Nabobs Doroga or Warehousekeeper. Sent the Dubash to attend Imaum Saib and see if he should have any other Commands for Us. He asked if We were satisfy'd with our Reception, and bid him to get us to write advice of it to the Governour and to request of him some Concave Looking Glasses, which as by the Sample sent Us he said would be very acceptable to the Nabob. agreed therefore that we write his said request to the Governour and send the Glass as he desires with it.

The 2d. About 9 o'Clock We attended the Durbar, was afterwards sent for to a Private Tent, where sat sometime was served with Coffee and the Fans while the Nabob's discourse was chiefly on Enquiry into the Customs of the Europeans and their Discipline in War.

The 4th. Sent the Dubash again to ask Imaum Saib when we should deliver the Governour's Letter to the Nabob, as also when we may expect to be introduced to Nazir Jung. To which he said, Desire the Gentlemen to come to Durbar and I will do it for them. Attended the Durbar and was sent for Afterwards to sit in the Private Appartments had the usual Honours of Coffee &ca. but nothing done in the Business Promised by Imaum Saib.

Came in 5 Oxen with Broad Cloth for Presents to the Nabob's Officers some Oil and other necessaries that were detained by some troubles on the Road.

The 5th. Sent the Dubash again to Imaum Saib desireing to know when we may present the Governours Letter to the Nabob. He Answered there was no occasion to be in a Hurry for it That he would get an Answer to it when we were ready to return. And that he would take a fit oppertunity to ask the Nabob's leave to Visit Nazir Jung.

—*FORT ST. GEORGE, DECEMBER 1743*—

The 5th. being Tuesday no Durbar held received Lists from Imaum Saib of particulars for Presents to be got ready against he should send for them.

The 6th. At 10 o'Clock attended the Durbar and was afterwards called to the Private Tents as usual.

Imaum Saib moved for the Nabob's leave for us to Visit Nazir Jung & presented a List of what designed for him, To which after some perusal the Nabob dismissed it by reserveing him to another time, Retiring from thence.

Went with Imaum Saib on a Visit to Mahud Anwar Cawn, Where we were very kindly received, after a small stay there and receiving some Otter, Perfumes & Beetle took leave and went Home.

The 7th. Imaum Saib having so often put us off in our request to deliver the Nabob's Letter 'till it is grown so late that we begin to be doubtful whether he design's it shall be done or not, and as we thought it odd That he did not call for it on the Delivery of the Present it recommends, It would be much more strange if We should not deliver it at all. Agreed therefore that we attend the Durbar this Morning and that Mr. Eyre take an oppertunity to present it there. And accordingly making the usual Overture for approach he presented it to the Nabob, who laid it by him, Were afterwards called to the Honour of the Private Appartments & after being treated as before returned to our Tents. Received of Buckanjee Cossidas Arcot Rupees 1000, in full of the Letter of Credit on him, to pay Batta to the Peons and Coolys &ca. Disbursements.

In the afternoon sent to Imaum Saib for leave to Visit him he Answered that we should not come out in the Heat, but that he would come to Us in the Evening, When in a discourse chiefly tending to shew the Grandeur of the Nabob his Master He desired of Us the Proper Titles of our Governour for that they should be augmented by the Nabob. He asked also what would be agreeable to the Governour That the Nabob should do for him, and particularly what Villages he whould have Granted We Reply'd we had no Instructions in that respect & could therefore say nothing to it but that we understood the Governour had wrote him fully as to all he would ask of him He then asked what may be the annual amount of the Juncans on the Companys Goods, To which we could only say, 'twas always more or less according to their success in the Investment, and therefore seldom any two Years near the same amount, and desired we would write to the Governour to instruct him more particularly. After this he said he would come early in the Morning and conduct us to the Quarters of Coja Abdulla Cawn as he lay before the Town and receiving Beetle he returned Home.

Agreed to write and advise the Governour of that part of Imaum Saibs discourse regarding the Villages and Juncans.

April the 8th. Early this Morning Imaum Saib came according to appointment attended with about 50 Horse and 100 foot, and by Monsr. Bosett (a Gentleman who carried the Present from the French) and we directly proceeded with them. On our Arrival we were introduced to Coja Abdulla Cawn's Durbar, and after some stay there he came in and Saluted as in the usual way, And making our Offerings in Gold Moors he Seated Us near him. We delivered the Governour's Letter and his respects to him, Upon which he enquired his Health and made several kind Professions of a Friendship for him, And after about an Hours Discourse; On Imaum Saib's telling him That some of the Villages that were near us & in his Nabobship would be acceptable he directly wrote a few Lines in our favour to the Nabob, which Imaum Saib took from him, And then made Apology that he was sorry he had not a warning to be better provided to receive Us, but that he would send Us for Dinner such as he could get in the Camp, And then presenting Us with Sirpaws We acknowledged the Honour done us and withdrew to a Tent he had order'd for that purpose, but having sent one of our's and seeing Imaum Saib wanted that for himself We desired him to get it excused that we made use of Our's, and inviting the French Gentlemen to go with Us to our Tent, We there received a Dinner also from Coja Abdulla Cawn. and about an Hour after Imaum Saib sent

—*FORT ST. GEORGE, DECEMBER 1748*—

for Us to come and take leave of Coja Abdulla Cawn where after some discourse and Compliments on the Treatment received he gave Beetle and Perfumes and we took leave about two o'Clock, When being excessive Hot and at that Hour in the Camp unable to find above half our Coolys had many of them feinted in the way, and was soon sat down under almost every Bush we came to, had a most Irksome and Sultry Journey to our Tents, and unable to reach them 'till Sunset.

April the 9th. Thought it unnecessary to go to the Durbar to Day.

The 10th. Attended the Durbar and was afterwards received and treated in the Nabob's Appartments as before.

The 11th. Imaum Saib having told the Dubash that he would this Morning move for leave to get what was proper prepared for our taking leave of the Nabob. We attended the Durbar But seeing there was nothing said of it, He then told the Dubash that to Morrow being Tuesday and no Durbar he would go to Coja Abdulla Cawn and Consult upon forwarding our Affairs.

Finding we shall be in want of more money to pay Durbar Charges and those of the returning Journey Agreed that the Dubash go and see if Buckanjee Cossidas is willing to let Us have 2000 Rupees on the Honourable the Governour and Council; The Dubash returning told Us that finding he made some Hesitation he said no more of it. As he could get us such a sum of the Guzerat Merchants, and accordingly in the Evening he brought Us 2000 Arcot Rupees of Poor Chatamdoss Govardan doss for which agreed to give him a Bill accordingly and payable to Ragoor Verago Chitty of Madrass.

April the 12th. Imaum Saib went to Coja Abdulla Cawn and we waited at Home for his returning.

The 13th. Imaum Saib being some thing indisposed on his return had no Oppertunity to speak with him.

The 14th. Made our Compliments at the Durbar, and seeing nothing done for Us we returned to our Tents.

The 15th. Wrote a Letter to Imaum Saib complaining that the Death of several of our People, and the Sickness of many others so freightens the rest That they Declare they cannot stay longer with Us, And that if so, they would leave us destitute of any way to get Home. To intreat therefore that he will get our Business done, And leave for our return. He wrote in Answer that it should be done to morrow, And that we might prepare to send away our things.

In the Afternoon Imaum Saib sent each of us a Sirpaw by hands of Sheer Mahmud Cawn Kiledar of Tagagara Upon which Tashereifd the Kiledar with 4 Yards of Scarlet and gave Eleven Rupees to his Servants.

The 16th, Attended the Nabob at Durbar, after a short stay there he retired and sent for Us to an Inner Tent, where we were served with Coffee and the Fans, and after some discourse the Nabob told Us, That as he was always desirous to have our Company, It could not be pleasing to him to think of our leaving him, But that as he was informed It was necessary to our Health and other Engagements, he ought to allow it; and then told us if we came to Morrow Morning We should have Audience of Leave.

The 17th. April. About 10 o'Clock this Morning attended according to Yesterdays Appointment and after sitting about half an Hour at the Durbar, The Nabob rose up and sent for Us within, where we were treated with the usual Honours, After which he told Us he had reason to be pleased with the Governours Courtisie in sending Us with Presents for him at so great a Distance, That though he may be in want of some things from Chinapatnam, he expects no more presents from him And that if the Governour should not let his People pay for them it would forbid him ever asking any thing more of him. After this he said particularly he should want a few Great Guns and some Powder, Mortars and Shells, with a Gunner Practised in the Use of them; We Answered that we should not fail on our Arrival to acquaint the Governour of His Excellencies Pleasure; And Sirpaws being Ordered

—*FORT ST. GEORGE, DECEMBER 1743*—

for the Governour and ourselves we were conducted by Imaum Saib to another Tent to receive them, and being there Invested with them, were led back again to the Nabob where making our Obeisances We took our Seats on the Carpets and making a short stay there, took leave of the Nabob and returned to our Tents.

This Afternoon sent all the remaining Goods to Imaum Saib agreeable to a Message received from him to that purpose, Among which were those also Designed for Coja Abdulla Cawn. and Imaum Saib having also said That to save us a great of deal trouble) If we sent the Money for the Durbar Charges to him He would see it properly distributed. We thankfully received that Proposal, and thinking 500 Rupees as little as could serve for that Purpose, We accordingly sent him that Sum to be so Distributed.

In the Evening received the Nabob's Serpaw for the Governour made up in a Bundle covered with a White Cloth, As also a Fine Horse with a Slight Furniture upon him Which we ordered to be taken care of.

Hussen Cawn Tahir who has the Management of Affairs of Sahib Zadda Son of our late Deceased Nabob of Arcot having taken some Notice of Us in Camp, Agreed 'twill be proper that we send the Dubash to wait on him and see if he has any Commands for us to Madrass, He returned our Compliments and desired his respects to the Governour And after expressing a Dissatisfaction at the Slow Success of Sahib Zaddas hopes for the Succession to his Fathers Province, and with a Person who had been Officious to obstruct him in it, He ordered a Sirpaw to the Dubash and so Dismissed him.

Imaum Saib having said Yesterday that we might send away our things early this Morning, and again that we should do well to proceed ourselves after them directly upon taking leave of the Nabob, and that he would get the Synods intended for us Executed when in a few days Coja Abdulla Cawn would come to see the Nabob and send them after Us, which would be better than keeping us to stay for them any longer. Upon which considering that we have no particular Instructions to ask for any thing but in General to follow such directions as we should receive from Imaum Saib; Agreed therefore and for the reasons mentioned the 15th. instant. That we set out on our return early to Morrow Morning, and, as the Coolys will not be able to carry us through so long a Journey as to Madrass directly, & without some stay to refresh them in the way; That we go the Fort St. David Road believing it as near a way as any, and because we may from thence send a considerable part of our Luggage up by Sea and discharge the Coolys.

April the 18th. Having agreeable to directions from Imaum Saib Tashereif'd the Nabobs Coffee and Fan Servants and paid One Hundred Rupees for Batta to Share Mahmud Cawns Peons and Servants, We set out from the Camp at about Six this Morning with a few Horse and Peons sent us by Imaum Saib and at Night got to Ootatore.

April the 19th. Came to Runjengudda in the Evening.

The 20th. To Chepauk.

The 21st. Discharged Imaum Saib's Horse and in the Evening got to Trunama Nellore.

The 22d. In the Evening lodged at Patumbauk.

The 23d. Went into Fort St. David & stay'd there three days to refresh the People, Sent the Tents &ca. by a Sea Conveyance to Fort St. George and discharged the Oxen and Coolys that carry'd them.

The 27th. Set out for Fort St. George, for leaving Mr. Harrison considerably indisposed.

The 29th. Receiving Advice that Imaum Saib had desired the Horse and Sirpaw we have got with Us from the Nabob may be Lodged at St. Thome, and that his Son may carry it into Town.

May the 1st. Sent the Horse and Sirpaw to be Lodged with the Hovildar of St. Thome, Proceeded and arrived in Town and waited on the Governour in the Evening.
