# INDIAN AGRICULTURAL STATISTICS

1939-40 to 1942-43 (Pre-partition)

## VOLUME I—PROVINCES

### INTRODUCTORY NOTE

#### SCOPE OF THE VOLUME

With a view to clearing the arrears in publication and in the interest of paper economy, this Volume, which is fifty sixth of the series, is being brought out as a combined issue containing information for four years 1939-40 to 1942-43 of pre-partitioned provinces of India and is being issued by the Directorate of Economics and Statistics which has taken over the work relating to Agricultural and Live-stock Statistics hitherto done by the Department of Commercial Intelligence and Statistics. In this issue figures for twenty years are shown in Summary Table No. 1, and for five years both in the provincial and the district tables. This volume, it may be noted, deals with the agricultural statistics of Indian Provinces, while Volume II deals with those of Indian States as far as they are reported.

#### SOURCES OF STATISTICS

The statistics are compiled from annual returns furnished by the Governments of Assam, Bengal, Bombay, the Central Provinces and Berar and the United Provinces; the Chief Commissioner, Coorg, the Deputy Commissioner, Ajmer-Merwara, the Directors of Agriculture, Bihar and Sind, the Deputy Commissioner, Delhi, Secretary to the Commissioner of Civil Supplies, Madras, the Revenue and Divisional Commissioner, North-West Frontier Province, the Director of Development, Orissa and the Director of Land Records, Punjab.

#### DESCRIPTION OF TABLES AND APPENDICES

The statistics are given in seven separate tables, namely, I.—Area; II.—Classification of area; III.—Area under irrigation; IV.—Area under crops; V.—Live-stock, ploughs, and carts; VI.—Land Revenue assessment; and VII.—Harvest prices. The totals of the figures given in these tables are shown in a series of summary tables, to which a table on world crops is added. In addition to these, there are two appendices, namely, Appendix A, giving the meaning of vernacular terms used in the volume; and Appendix B, containing an alphabetical list of crops cultivated in India and their classification in Table IV. Appendix A in the earlier issue of this Volume showing the average yield per acre of principal crops in India has been dropped, as a separate publication on the subject is being issued from this Directorate.

#### PERIODS TO WHICH PROVINCIAL RETURNS RELATE

The year to which the returns relate ends on 30th June, this being the generally recognised agricultural year, except in Assam where the year ends on 31st March and in the Central Provinces and Berar where it ends on 31st May. It should, however, be borne in mind that statistics relating to areas irrigated (Table III) and areas under crops and specification of crops (Table IV) generally include both the kharif (autumn) and the rabi (spring) crops, and therefore actually relate to the year ended with the harvesting of the rabi or spring crops.

## TOTAL AREA AND POPULATION OF INDIA

The total area of pre-partitioned India is 1,578,000\* square miles, or 1,009,663,000 acres with a population of 389 millions according to the census of 1941. This may be divided as follows :—

	Acres	Population
(1) Indian Provinces (including Indian States within the political jurisdiction of the Government of Assam).	521,985,000	295,994,000
(2) Indian States having direct political relations with the Crown Representative.	434,808,000	90,086,000
(3) Certain specially administered territories in the North-West Frontier Province (Tribal areas, etc.) not included under (1).	15,991,000	2,377,000
(4) Baluchistan, Andamans and Nicobars and Panth Piploda . . . . .	36,879,000	541,000
<b>TOTAL</b>	<b>1,009,663,000</b>	<b>388,998,000</b>

No returns of agricultural statistics are prepared either for item (3), certain specially administered territories in the North-West Frontier Province, or for item (4) Baluchistan, etc.

TABLE I—TOTAL AREA

The total area of the Indian Provinces (item 1 above) for the year 1942-43 shown in this volume—521,985,000 acres or 816,000 square miles—includes 7,881,000 acres, with a population of 726 thousands, belonging to Indian States, which are within the political jurisdiction of the Government of Assam, *viz.*, Manipur and the Khasi and Jaintia Hill States.

Deducting 7,881,000 acres belonging to Indian States in Assam from the total area of 521,985,000 acres included in Indian Provinces, the remainder, 514,104,000 acres, is shown in Table I, and this represents the area of Indian Provinces according to professional survey. The professional survey is that carried out by the Survey of India in Northern India, and by the corresponding departments in the southern provinces. The agricultural statistics are, however, prepared in a number of provinces or parts of provinces from "village papers", *i.e.*, papers prepared by the village accountants for the purpose of assessment and collection of land revenue. The area given in the village papers of the United Provinces, the Central Provinces and Berar, Madras, the Punjab, the North-West Frontier Province and Orissa differs to some extent from the area ascertained by professional survey. The causes of this difference are : (a) while the surveyed area of a district or province is calculated in block, the area by village papers represents the added total of field and village areas, and (b) the system followed as regards the inclusion or exclusion of areas covered by water, buildings, roads, and rail-roads is not uniform in the two sets of returns. Substituting the area by village papers for the area by survey in respect of provinces and tracts where the two sets of returns differ, the actual area of Indian Provinces for which statistics are given in this volume is 512,765,000 acres, as against 514,104,000 acres according to professional survey in 1942-43.

TABLE II—CLASSIFICATION OF AREA

This area is, for the purpose of Agricultural Statistics, classified as shown in the margin. Of the total area of 512,765,000 acres during the year 1942-43, the details classified in the margin are available for 511,920,000 acres. Of this area of 511,920,000 acres, 68,153,000 acres or 13 per cent, are occupied by forests; and the area not available for cultivation, *i.e.*, land absolutely barren or unculturable or covered by buildings, water, and roads, or otherwise appropriated to uses other than agriculture, amounts to 90,091,000 acres, or 18 per cent; while other uncultivated land, excluding current fallows amounts to 91,889,000 acres, or about 18 per cent and land kept fallow 45,859,000 acres, or 9 per cent.

\* The difference between this area and that shown in the Census Report of 1941 is due to the adoption of revised areas from the annual returns of Agricultural Statistics where available.

† Replaces the former head "Culturable waste other than fallow". Out of the total area sown under this head, 9,924,000 acres are definitely known to be culturable (*vide* column 11 of Summary Table No. 2 on page 4).

## NET AREA SOWN

The net area actually sown with crops during 1942-43 was therefore 215,928,000 acres, or 42 per cent as against 213,289,000 acres in 1941-42. If, however, areas

	Proportion of sown to total area	Popula- tion per 100 acres of sown area
	Per cent	
Delhi . . . . .	58	428
Bombay . . . . .	57	75
United Provinces . . . . .	54	149
Bengal . . . . .	53	229
Punjab . . . . .	49	96
Bihar . . . . .	40	206
Madras . . . . .	39	158
Central Provinces & Berar . . . . .	38	69
Orissa . . . . .	31	141
Ajmer-Merwara . . . . .	28	133
North-West Frontier Province . . . . .	23	129
Assam . . . . .	19	149
Sind . . . . .	19	91
Coorg . . . . .	15	112
India . . . . .	42	136

sown more than once during the year are taken as separate areas for each crop, the gross area sown in 1942-43 amounts to 253,198,000 acres as against 245,162,000 acres in 1941-42. The proportion of the net sown to total area and the number of population per 100 acres of sown area in each province during 1942-43 are stated in the margin. The proportion of sown to total area in the year under review was highest in Delhi and lowest in Coorg and the population per unit of sown area was the largest in Delhi and smallest in Central Provinces and Berar.

## FORESTS

The term "forests" in the returns of Agricultural Statistics means "any land classed or administered as forest under any legal enactment dealing with forests". Any cultivated area existing within such forests may, however, be excluded from that head and entered in the column "Net area sown". The forest areas returned in the Agricultural Statistics do not agree in most cases with those stated in the Reports on the Administration of the Forest Department for various reasons,\* the chief amongst which are (1) the forest administration reports and the returns of agricultural statistics relate in many cases to different periods, (2) the administration reports relate exclusively to forests worked by the Forest Department, while the tables of agricultural statistics include, in addition, forest areas administered by district officers, local boards, municipalities, etc., and (3) certain village and other lands not covered by forests but worked by the Forest Department and returned as forest lands by that Department, are not treated as forests in the returns of agricultural statistics but are included under the proper heads of cultivated or uncultivated lands as the case may be. Of the total forest area of 68,153,000 acres in 1942-43, 23 per cent lies in the Central Provinces and Berar, 20 per cent in Madras, 14 per cent in the United Provinces, 12 per cent in Bombay and 10 per cent in Bihar and the remaining 21 per cent in the other provinces.

## AREA NOT AVAILABLE FOR CULTIVATION

Most of the barren and unculturable lands lies naturally in the hilly tracts of southern India and in the dry and desert regions of north-western India. Of the total area not available for cultivation, *viz.*, 90,091,000 acres in 1942-43, Madras contains 16 per cent, Sind 14 per cent, the Punjab 14 per cent, the United Provinces 11 per cent, Bengal 9 per cent, Bihar, Bombay and Orissa 7 per cent each, the Central Provinces and Berar 6 per cent, Assam 5 per cent and the remaining provinces 4 per cent.

## OTHER UNCULTIVATED LAND EXCLUDING CURRENT FALLOWS

The head "Other uncultivated land excluding current fallows" † represents all uncultivated land other than that included in the heads, "Forests", "Area not available for cultivation" and "Current fallows". It is not possible to specify accurately how much of the area included under this head may be regarded as really fit for cultivation; and the portion which is definitely known to be culturable has, therefore, been shown under a separate head (*vide* column 11 of Summary Table No. 2 on page 4 and also column 8 of Table II, Nos. 22-34, pp. 42-72). Areas under bamboos and thatching grass when not forming parts of forest areas, as also groves not classed in the sown area, are included under this head.\* Of

\* For detailed information in respect of provinces, see notes at the foot of Table II, Nos. 22-34 (pp. 42-72).

† *Vide* footnote † on the preceding page.

the total area under the head "Other uncultivated land excluding current fallows" 91,889,000 acres in 1942-43, 20 per cent was in Assam, 15 per cent in the Central Provinces and Berar, 14 per cent in the Punjab, 13 per cent in Madras, 10 per cent in the United Provinces, 7 per cent each in Bengal and Bihar, 6 per cent in Sind and the remaining 8 per cent in the other provinces.

#### CURRENT FALLOWS

The maximum period for which land left uncultivated is reckoned as fallow varies according to local laws and customs in the different provinces, from two years in the Punjab and the North-West Frontier Province to ten years in Bombay. After this period the land, if still left uncultivated is treated as abandoned and included under the head "Other uncultivated land excluding current fallows". Owing to this diversity of practice, the classification of area as "other uncultivated land excluding current fallows" and "Current fallows" is of doubtful statistical accuracy; a plot of land, for instance, left uncultivated for, say six years, would be treated as fallow in Bombay, but as "other uncultivated land" in the Punjab. The total area returned as "Current fallows" in 1942-43 was 45,859,000 acres, as against 47,149,000 acres in the preceding year

TABLE III.—IRRIGATION

	Proportion of irrigated to total sown area	Per cent.
Sind	100	100
Punjab	56	56
N.-W. F. Province	41	41
United Provinces	30	30
Bihar	29	29
Madras	29	29
Ajmer-Merwara	27	27
Delhi	26	26
Orissa	26	26
Assam	9	9
Bengal	7	7
C. P. and Berar	7	7
Bombay	4	4
Coorg	3	3

The total area irrigated in 1942-43 was 55,734,000 acres, as against 56,750,000 acres in the preceding year. Of this area, 26,481,000 acres were irrigated from Government canals, 4,056,000 acres from private canals, 12,840,000 acres from wells, 6,101,000 acres from tanks, and 6,256,000 acres from other sources of irrigation in 1942-43. In India, irrigation is ordinarily resorted to on an extensive scale in tracts where the rainfall is most precarious. In Assam, Eastern Bengal, and the Malabar Coast (including the Konkan), where the rainfall is ordinarily heavy, the crops hardly need the help of irrigation, unless there is an unusual scarcity of rain. Of the total area irrigated in 1942-43, the Punjab accounted for 30 per cent, the United Provinces 20 per cent, Madras 16 per cent, Sind 10 per cent, Bihar 9 per cent and the other provinces for the remaining 15 per cent. The proportion of irrigated to total area sown in each province is stated in the margin.

The above figures of irrigated areas do not take into account areas sown more than once during 1942-43 with the help of irrigation, but indicate the extent of land actually irrigated. Counting areas sown more than once as separate (areas for each crop, the gross area of irrigated crops was 59,928,000 acres in 1942-43. Of this area, 84 per cent was under food crops and the remainder under non-food crops. Of the former, 19,143,000 acres were under rice, 12,305,000 acres under wheat, 3,007,000 acres under barley, 1,511,000 acres under jowar, 2,146,000 acres under bajra, 1,237,000 acres under maize, 2,251,000 acres under sugarcane, and the remaining 8,915,000 acres under other food crops. Of the irrigated non-food crop area, 3,366,000 acres were occupied by cotton. These statistics of irrigated crops are in some cases defective as explained in the notes at the foot of Table III (pages 74-133).

TABLE IV.—AREA UNDER CROPS

The areas under crops reported are inclusive of temporary bunds within the fields. The areas cultivated with the different crops represent the areas actually sown, whether the crop comes to maturity or not, except in cases where fields owing to the failure of the first sowings, have been devoted to other crops, and in these cases the area first sown is omitted. In cases where two or more crops are grown together on the same field, an estimate is made of the area covered by each, and the areas so estimated are separately returned under the respective crop headings. The estimate is made by the village accountant, or is subsequently determined on formulae prescribed by the provincial authorities. In certain tracts

where the village staff does not exist, estimates are framed on the best available information. An exception to the above rule is, however, made in the United Provinces where the area sown with unimportant mixed crops, for which no separate heading is provided in the provincial crop statements, is assigned to the principal crops by the village accountant. In the same province this procedure is also followed in the case of oilseeds thinly sown in combination with food-grains, and in this case the whole area of the mixed field is assigned to food-grains.

### CLASSIFICATION OF AREA SOWN

The gross area cultivated with crops covered, as stated before, 253,198,000 acres in 1942-43. The different classes of crops and the area occupied by each

	Acres (1,000)	Per cent of total	class are stated in the margin. Of the total sown area, food-crops occupied about 208,402,000 acres, or 82 per cent and non-food crops 44,796,000 acres, or 18 per cent. Of the food-crops, food-grains (cereals and pulses) covered as much as 197,923,000 acres†, or 78 per cent of the total area sown, and other food-crops (condiments
Food-grains . . . . .	197,923	78.2

and spices, sugar, fruits and vegetables, and miscellaneous food-crops \*together) some 10,479,000 acres, or 4 per cent of the total. Of non-food crops, fibres (such as cotton, jute, hemp, etc.) occupied 15,994,000 acres and oilseeds 15,110,000 acres†, or 6 per cent of the total area sown in each case. The other non-food crops\*—dyes and tanning materials, drugs and narcotics (tobacco, tea, coffee, opium, etc.), fodder crops, and miscellaneous non-food crops together-occupied about 13,692,000 acres, or 6 per cent of the total.

### FOOD-GRAINS

The area under food-grains, viz., 197,923,000 acres reported in 1942-43 showed an increase of 8,783,000 acres, as compared with 189,140,000 acres reported in 1941-42. The actual

	1942-43	1941-42	Increase (+) or Decrease (-)	increase or decrease under each food-grain is stated in the marginal table. It will be seen that the increase occurred under all the heads excepting wheat and jowar. Of the total area under food-grains in 1942-43, 20 per cent was in the United

Bajra . . . . .	16,768	14,183	+2,585	
Ragi . . . . .	3,567	3,493	+74	
Maize . . . . .	6,484	5,622	+862	
Gram . . . . .	14,979	12,744	+2,235	
Other grains and pulses . . . . .	30,702	29,033	+1,669	

\* For a list of these crops, vide Appendix B.

† In the United Provinces, the whole of the area sown with food-grains mixed with oilseeds is shown under food-grains. The area included under food-grains, which was really sown with oil seeds (as a mixed crop), is roughly estimated at 4 million acres in the whole province in 1942-43. Excluding this area of 4 million acres under oilseeds, the total area under food-grains in Indian Provinces in 1942-43 would come to 194 million acres instead of 198 million acres.

‡ The figures shown under the several heads of oilseeds in table IV against the United Provinces represent areas, under 'pure' oilseeds, i.e., oilseeds sown unmixed with any other crop, excluding the oilseeds which are thinly sown in combination with wheat, barley, gram and other food-crops. If the areas occupied by the scattered oilseeds plant were added up, it is estimated very roughly that they would amount in 1942-43 for the whole of the United Provinces to 4 million acres. Including this area, the total area under oilseeds in Indian Provinces in 1942-43 would come to 19 million acres.

## OILSEEDS

The total area under oilseeds, viz., 15,110,000 acres reported in 1942-43 showed an increase of 604,000 acres, as compared with 14,506,000 acres reported in 1941-42. The increase occurred under all the heads excepting other oilseeds. The actual increase or decrease under each kind of oilseeds is stated in the margin. Of the total area under oilseeds in 1942-43, 34 per cent was in Madras, 14 per cent each in Bombay, and the Central Provinces and Berar, 10 per cent in Bihar, 8 per cent in Bengal, 7 per cent in the Punjab, 5 per cent in the United Provinces\* and the remaining 8 per cent in other tracts.

	1942-43	1941-42	Increase (+) or Decrease (-)
	Acres (1,000)	Acres (1,000)	Acres (1,000)
Linseed . . . . .	2,028	2,015	+13
Sesamum . . . . .	2,299	2,201	+98
Rape and mustard . . . . .	3,381	3,303	+78
Groundnut . . . . .	5,058	4,465	+593
Coconut . . . . .	669	666	+3
Castor . . . . .	434	388	+48
Other oil seeds . . . . .	1,241	1,470	-229

## CONDIMENTS AND SPICES

The total area under condiments and spices in 1942-43 was 1,430,000 acres, as against 1,458,000 acres in the preceding year. Spices are grown mostly in southern India, Madras alone accounting for about 45 per cent of the total area under condiments and spices in 1942-43.

## SUGAR

The total area occupied by sugar-yielding plants in 1942-43 was 3,588,000 acres, as against 3,497,000 acres in 1941-42. Of this area in 1942-43, 3,436,000 acres were under sugarcane, as against 3,339,000 acres in the preceding year. Of the sugarcane area, 54 per cent was in the United Provinces, 13 per cent in the Punjab, 12 per cent in Bihar, 9 per cent in Bengal and 3 per cent each in Bombay and Madras. The other sugar-yielding plants, namely, date palm and palmyra palm, occupied a total area of 152,000 acres, which was 5,000 acres less than that in 1941-42. Of this area, Madras accounted for 58 per cent and Bengal 41 per cent.

## FIBRES

Fibre crops occupied 15,994,000 acres in 1942-43, as against 17,716,000 acres in the preceding year. The actual increase or decrease under the several kinds of fibres is shown in the marginal table. The area under cotton showed a decrease of 20 per cent. Of the total cotton area, 27 per cent was in the Central Provinces and Berar, 24 per cent in Bombay, 20 per cent in the Punjab, 19 per cent in Madras, 6 per cent in Sind and 3 per cent in the United Provinces. The area under jute showed an increase of 56 per cent. Of the total jute area, 82 per cent was in Bengal and the remainder was practically confined to the adjoining provinces of Bihar, Orissa and Assam. Other fibres together showed an increase of 3 per cent, as compared with the preceding year.

	1942-43	1941-42	Increase (+) or Decrease (-)
	Acres (1,000)	Acres (1,000)	Acres (1,000)
Cotton . . . . .	11,837	14,764	-2,927
Jute . . . . .	3,287	2,111	+1,176
Other fibres . . . . .	870	841	+29

## DYES AND TANNING MATERIALS

The total area under dyes and tanning materials was 80,000 acres in 1942-43. Of this, the area under indigo, which is now mostly grown for green manuring, was 55,000 acres, as against 51,000 acres in the preceding year. Other dyes and tanning materials covered an aggregate area of 25,000 acres.

\* Vide footnote † on the preceding page.

## DRUGS AND NARCOTICS

	1942-43	1941-42	Increase (+) or Decrease (-)	Drugs and narcotics occupied 2,114,000 acres in 1942-43, as against 2,250,000 acres in the preceding year. The actual increase or decrease under each kind is shown in the marginal table. There
	Acres (1,000)	Acres (1,000)	Acres (1,000)	
Opium . . . . .	32	18	+14	has been a significant variation in the areas under tobacco included under this head.
Coffee . . . . .	100	100	..	
Tea . . . . .	739	741	-2	
Tobacco . . . . .	1,053	1,197	-144	
Other drugs and narcotics . . . . .	190	194	-4	

has been a significant variation in the areas under tobacco included under this head.

## FODDER CROPS

The head "Fodder crops" shows only those crops which are used exclusively as fodder in normal times. These are oats, field vetch, guinea grass, lucerne, fodder jowar, and carob or locust tree. The total area under fodder crops in 1942-43 was 10,607,000 acres, as against 10,358,000 acres in the preceding year.

## FRUITS AND VEGETABLES INCLUDING ROOT CROPS

The total area under fruits and vegetable crops in 1942-43 was 4,126,000 acres, as against 4,066,000 acres in 1941-42. (For the names of the fruits and vegetable crops cultivated in India, see foot notes on page 139 and Appendix B).

## MISCELLANEOUS CROPS

The total area occupied by miscellaneous crops, that is, crops not classified under any of the heads specified above, was 2,226,000 acres in 1942-43. Of this, 1,335,000 acres were occupied by miscellaneous food-crops and 891,000 acres by miscellaneous non-food crops. (For the names of the crops included under these heads, see footnotes on page 139 and Appendix B).

## AREA SOWN MORE THAN ONCE

The total extent of land on which more than one crop was cultivated during 1942-43 was 37,270,000 acres, as against 31,873,000 acres in 1941-42.

TABLE V.—LIVE-STOCK, PLOUGHS AND CARTS

	Number in thousands					The census is taken annually in the Central Provinces and Berar and quinquennially in the other provinces. The first general quinquennial census was taken in 1919-20, the second in 1924-25, the third in 1929-30, the fourth in 1934-35 and the fifth in 1939-40. Two pro- vinces, United Provinces and Orissa, did not, however, take part in the 1939-40 census. Live-stock in cities and cantonments are inclu- ded wherever it is possible to secure their enumeration. The animals are divided into three classes, namely, (1) bovine, comprising oxen and buffaloes, (2) ovine, comprising sheep
	Bovine	Ovine	Others	Ploughs	Carts	
Ajmer-Merwara . . . . .	198	380	9	31	14

‡ Exclusive of portions of Raipur and Bilaspur districts transferred to the Orissa Province.

(a) Less than 500.

and goats, and (3) others, comprising horses and ponies, mules, donkeys and camels. The total number of live-stock of each of these three classes in each province, together with the numbers of ploughs and carts, according to the fifth census in each province, is stated in the margin on pre-page. The number of bovine generally decreased in almost all the provinces which took part in the census of 1939-40 as compared with the preceding census, the decrease in the case of Bengal and Madras being as high as two millions each. The stock of ovine class generally increased during the above period. Under ploughs, the Punjab showed a noticeable increase of 169 thousand and Bengal a noticeable decrease of 255 thousand. In the case of carts, the Central Provinces and Berar showed a noticeable increase of 63 thousand and Bengal a noticeable decrease of 38 thousand.

The table below shows the approximate number of live-stock of the bovine class (cattle proper), according to the fifth census in each province, per 100 acres of net sown area and per 100 of the population in each province :—

	Per 100 acres of net sown area	Per 100 of population
Ajmer-Merwara . . . . .	45	34
Assam . . . . .	95	64
Bengal . . . . .	90	39
Bihar . . . . .	88	43
Bombay . . . . .	35	47
Central Provinces and Berar (a) . . . . .	51	73
Coorg . . . . .	95	85
Delhi . . . . .	67	16
Madras (b) . . . . .	71	45

Sind . . . . .	42	52
United Provinces . . . . .	88	59
Orissa . . . . .	79	56

TABLE VI.—LAND REVENUE ASSESSMENT

The varieties of land tenure in the different provinces are included in Table VI and are given, as far as possible, under one or other of the following three heads, namely, (1) raiyatwari, (2) Zamindari and village communities (temporarily settled), and (3) zamindari (permanently settled). When the revenue is assessed by the State, permanently or temporarily, on an individual or community owning an estate, and occupying a position identical with or analogous to that of a landlord, the tenure is known as zamindari or village community ; and when the revenue is assessed on individuals who are the actual occupants, or are accepted as representing the occupants, of smaller holdings, the tenure is known as raiyatwari. Under either system there may be rent-paying sub-tenants. Zamindari tenure may be either permanently settled, *i.e.*, where the land revenue has been fixed in perpetuity, or temporarily settled, *i.e.*, where the land revenue is fixed for a limited number of years only. Village communities and raiyatwari tenures are, as a rule, temporarily settled, and the land revenue assessed on them is liable to change from time to time.

(a) Represents the reconstituted province of the Central Provinces and Berar.  
(b) Represents the reconstituted province of Madras.

The following table shows the position as regards the forms of land tenure in the surveyed areas of the various provinces, according to the latest statistics available, the figures roughly indicating the extent to which the different systems prevail:—

	Zamindari (individual proprietors or village communities) settled			Total Acres (1,000)
	Raiyatwari Acres (1,000)	Permanently	Temporarily	
		Acres (1,000)	Acres (1,000)	
Ajmer-Merwara	..	777	784	1,561
Assam	29,974	3,919	1,686	35,579
Bengal	..	39,158 (a)	10,100 (a)	49,258
Bihar	..	39,753	4,574	44,327
Bombay	44,684	..	3,957	48,641
Central Provinces and Berar	11,197	..	39,440	63,078*
Coorg	1,012	..	..	1,012
Delhi	..	..	371	371
Madras	58,515	21,246	..	79,761
North-West Frontier Province	..	..	8,577	8,577
Orissa	3,930 (b)	9,849	6,363	20,142
Punjab	..	..	60,200	60,200
Sind	30,206	..	..	30,206
United Provinces	..	7,195	60,849	68,044
<b>TOTAL</b>	<b>179,518</b>	<b>121,897</b>	<b>196,901</b>	<b>510,757*</b>

It will thus be seen that 36 per cent of the total area (excluding Government forests in the Central Provinces and Berar, *vide* footnote\* below) is held by raiyatwari proprietors, while 24 per cent is held by permanently settled and 40 per cent by temporarily settled zamindari proprietors.

The statistics for this table are collected annually in Assam, Ajmer-Merwara, the Punjab, Delhi, the North-West Frontier Province, and the Central Provinces

	Total revenue from land	Total population (1,000)	Revenue per head	and quinquennially in Bengal, Bihar, Orissa, the United Provinces, Bombay, Sind, Madras and Coorg. No statistics in respect of Bengal for the quinquennium 1942-43 have however been received as a result of which statistics for the quinquennium 1937-38 of Bengal have been adopted in this table.
	(R 1,000)	No.	Rs. As.	
Ajmer-Merwara	3,28	408	0 13	
Assam	1,65,38	10,205	1 10

Madras	7,65,60	44,154	1 12	
North-West Frontier Province	29,16	3,060	0 15	
Orissa	50,71	8,206	0 10	
Punjab	6,75,96	28,378	2 6	
Sind	2,28,26	4,535	5 1	
United Provinces	6,75,32	52,969	1 4	
<b>TOTAL</b>	<b>36,64,75</b>	<b>272,098</b>	<b>1 6</b>	

According to the latest statistics available, the total revenue from land (excluding cesses) for the whole of Indian Provinces amounts to over Rs. 37 crores. This represents the actual realisable demand† on account of the year, no account being taken either of the collection of arrears for past years, or of amounts remaining uncollected at the end of the year. The marginal table shows the total land revenue assessment, the total population, and the assessment per head of population in each province‡. For additional details, reference should be made to Table No. 74 on pages 302-309.

\* Including 12,441,000 acres of Government forests.

† Sums remitted on account of unoccupied lands, short crops, etc., are wholly excluded from this total amount in the case of provinces where all remissions are granted within the year to which the return relates, but in provinces where remissions are not granted or are only partially granted within the year, no deduction is made on account of remissions.

‡ Statistics of the incidence of land revenue assessment dealt with in this table show only the *average* amount contributed by each acre of land or per head of population in each province or district towards land revenue. They cannot be used for comparing the burden of land-revenue on land in the different districts and provinces as no valid comparison is possible without taking into account such factors as the nature of the soil, climate, facilities for irrigation, etc.

(a) Figures for latest quinquennial year ending 1942-43 being not available, the same for the previous quinquennium have been repeated.

(b) Including Gountiai and Malguzari.

## TABLE VII.—HARVEST PRICES

Table VII shows prices of staple crops at harvest-time. The provincial figures represent median averages of the district figures reported in the provincial Season and Crop Reports.

## APPENDIX A.—VERNACULAR TERMS: APPENDIX B.—CLASSIFICATION OF CROPS

Appendices A and B require little or no comment. Appendix A explains the vernacular terms used in this volume, and Appendix B, the classification in Table IV of the various crops cultivated in India.

## CHARTS

The map, charts, and diagrams exhibited in the volume illustrate:—

- (1) the departure of sown area and that of rainfall in 1942-43 from the average of the preceding ten years ;
- (2) variations in rainfall as compared with the normal in relation to the total area sown, food crops area, and current fallows (reversed) ;
- (3) total uncultivated area, net area sown and current fallows ;
- (4) total area sown, total area under food crops, total irrigated area sown and total area under non-food crops ;
- (5) area under rice, wheat, millets, oilseeds, cotton, jute, and other crops ;
- (6) total area sown and area under different crops ;
- (7) total live-stock divided between bovine, ovine, and others ;
- (8) shares of provinces in the total area under principal crops and
- (9) harvest prices of certain principal crops.

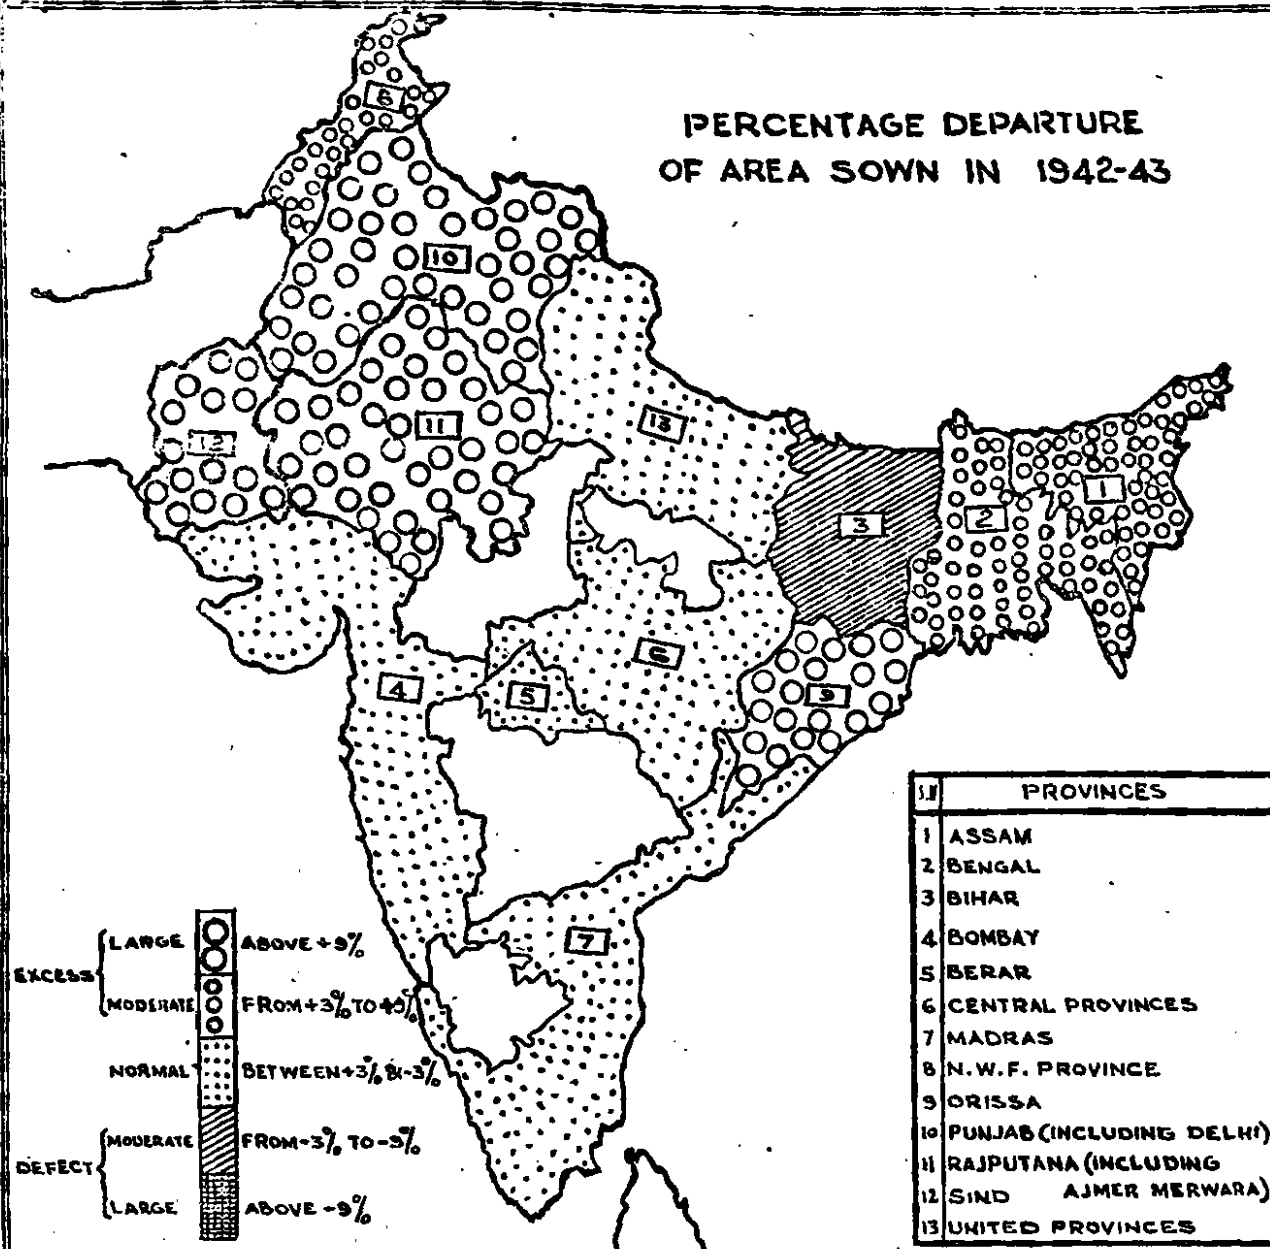

The detailed work in the preparation of this Publication has been done by the Land Utilization Branch of the Directorate of Economics & Statistics under the supervision of Shri I. D. Khanna.

NEW DELHI :  
January, 1950.

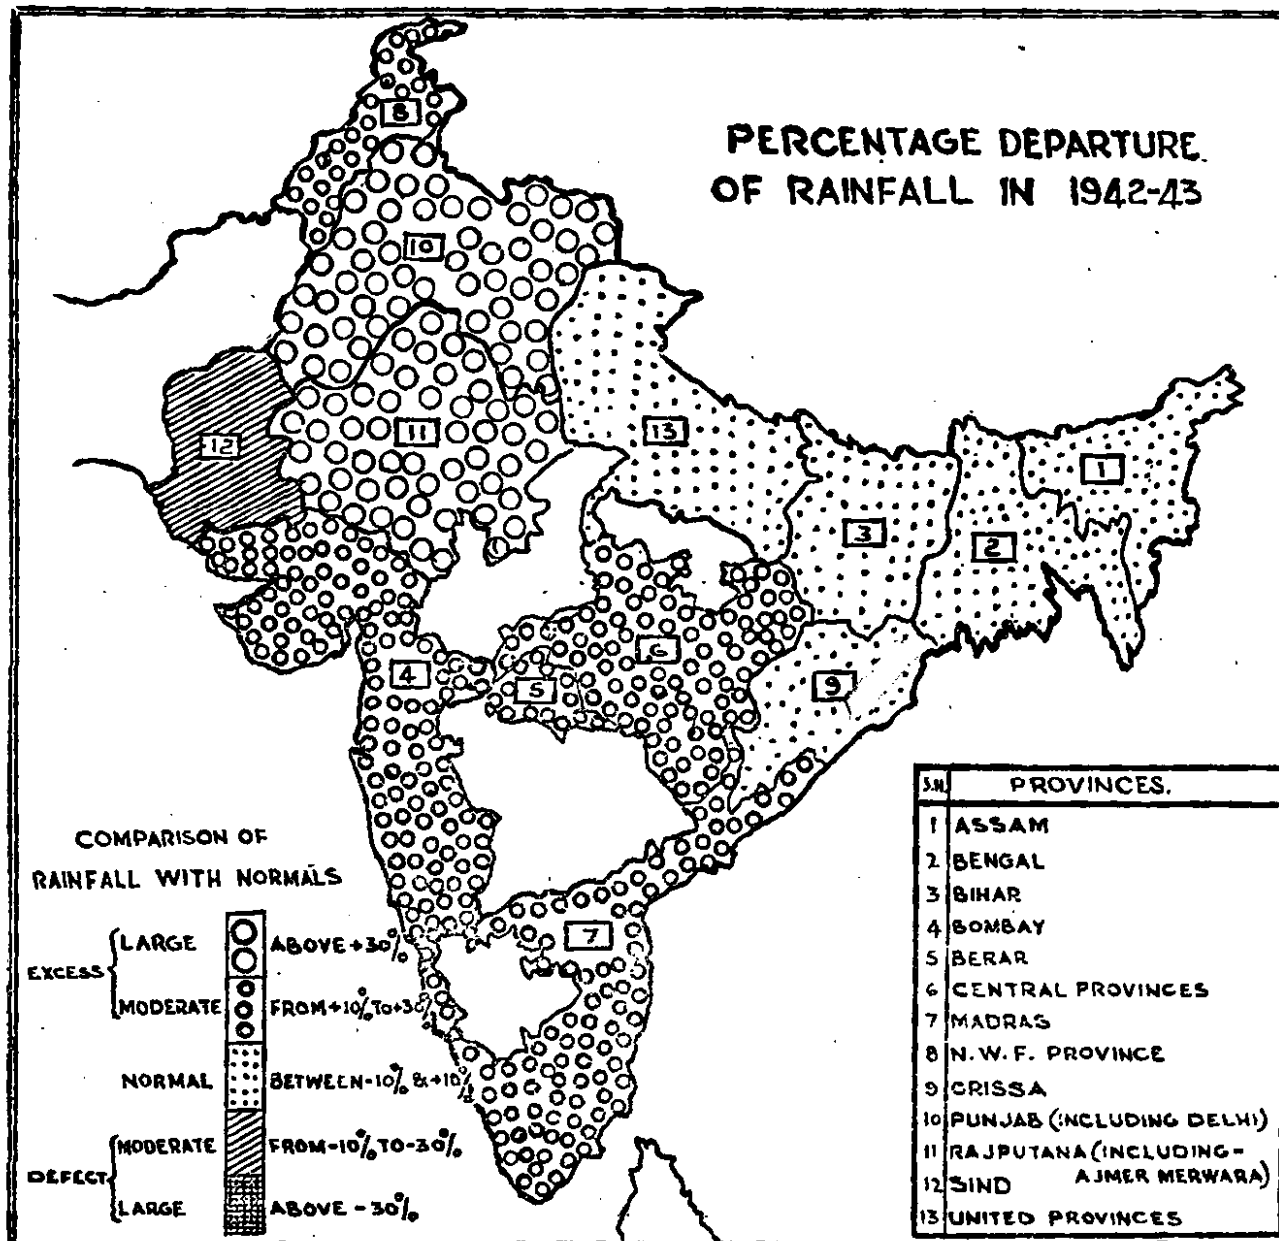

W. R. NATU,

Ministry of Agriculture.*

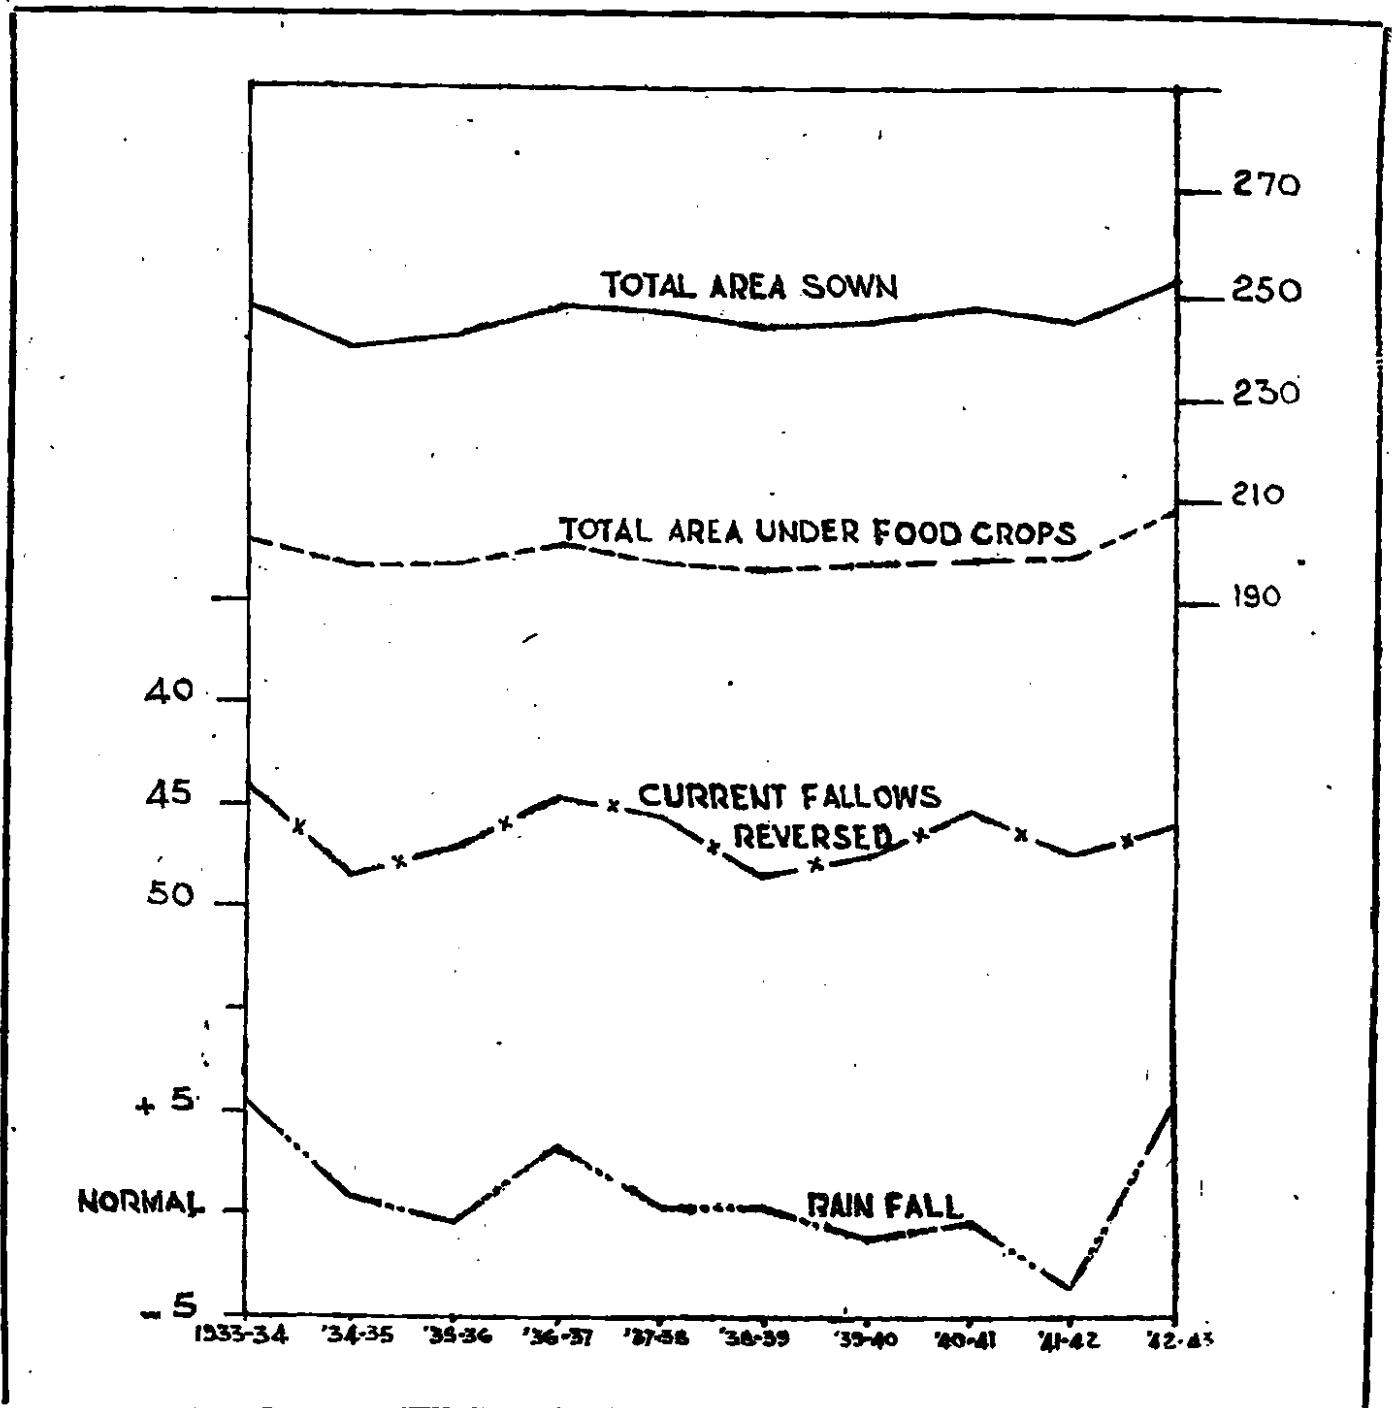

## PERCENTAGE DEPARTURE OF AREA SOWN IN 1942-43

## PERCENTAGE DEPARTURE OF RAINFALL IN 1942-43

2. Total area sown, area under food crops, current fallows (reversed) and variations in rainfall as compared with normal.

NOTE.—1. In the above chart figures of area represent million acres while those for rainfall inches.  
2. The curves relating to "current fallows" and "rainfall" should be read with reference to scales, shown on the left hand side.

3. Total uncultivated area, net area sown and current fallows.

Note.—Total uncultivated area comprises area under forest, area not available for cultivation, and other uncultivated land excluding current fallows.

4. Total area sown, total area under food crops, total irrigated area sown and total area under non-food crops.

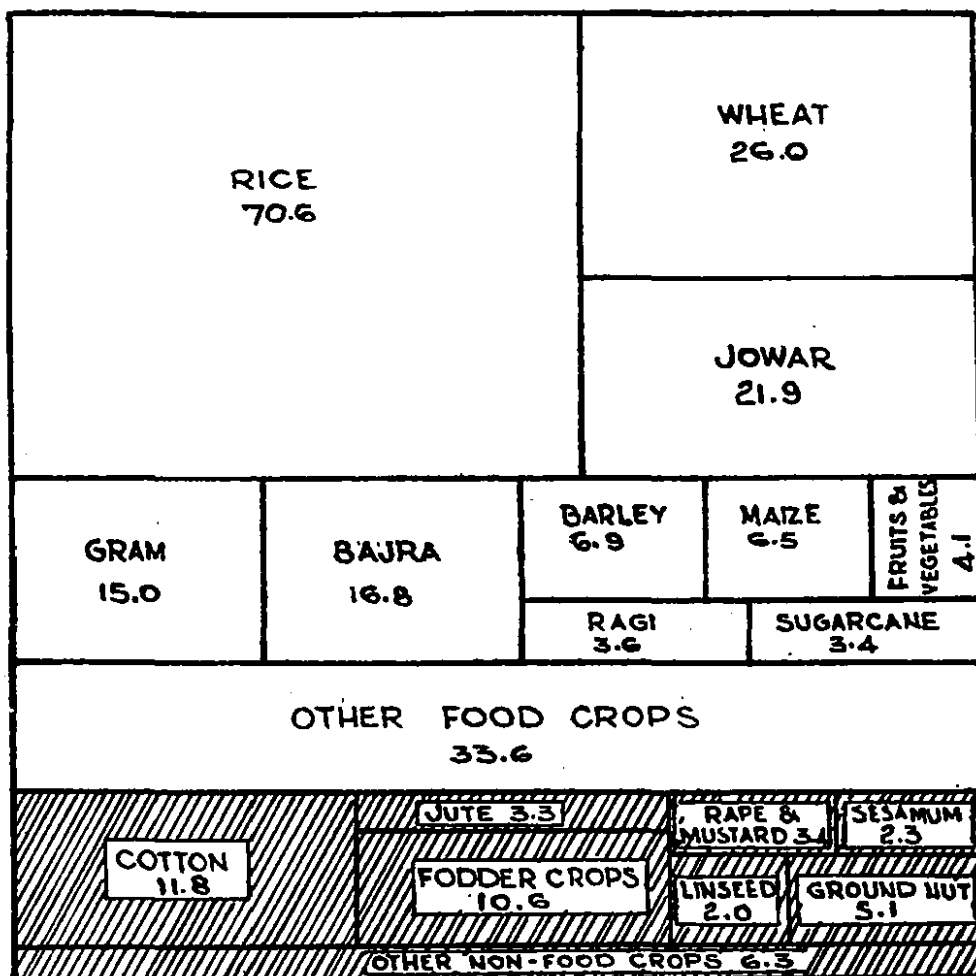

5. Area under rice, wheat, millets, oilseeds, cotton, jute & other crops.

NOTE.—Millets represent jowar, bajra & ragi.

6. Total area sown in 1942-43.

Total area sown	2532 million acres
Area under food crops (unshaded)	2084 " "
Area under non-food crops (shaded)	448 " "

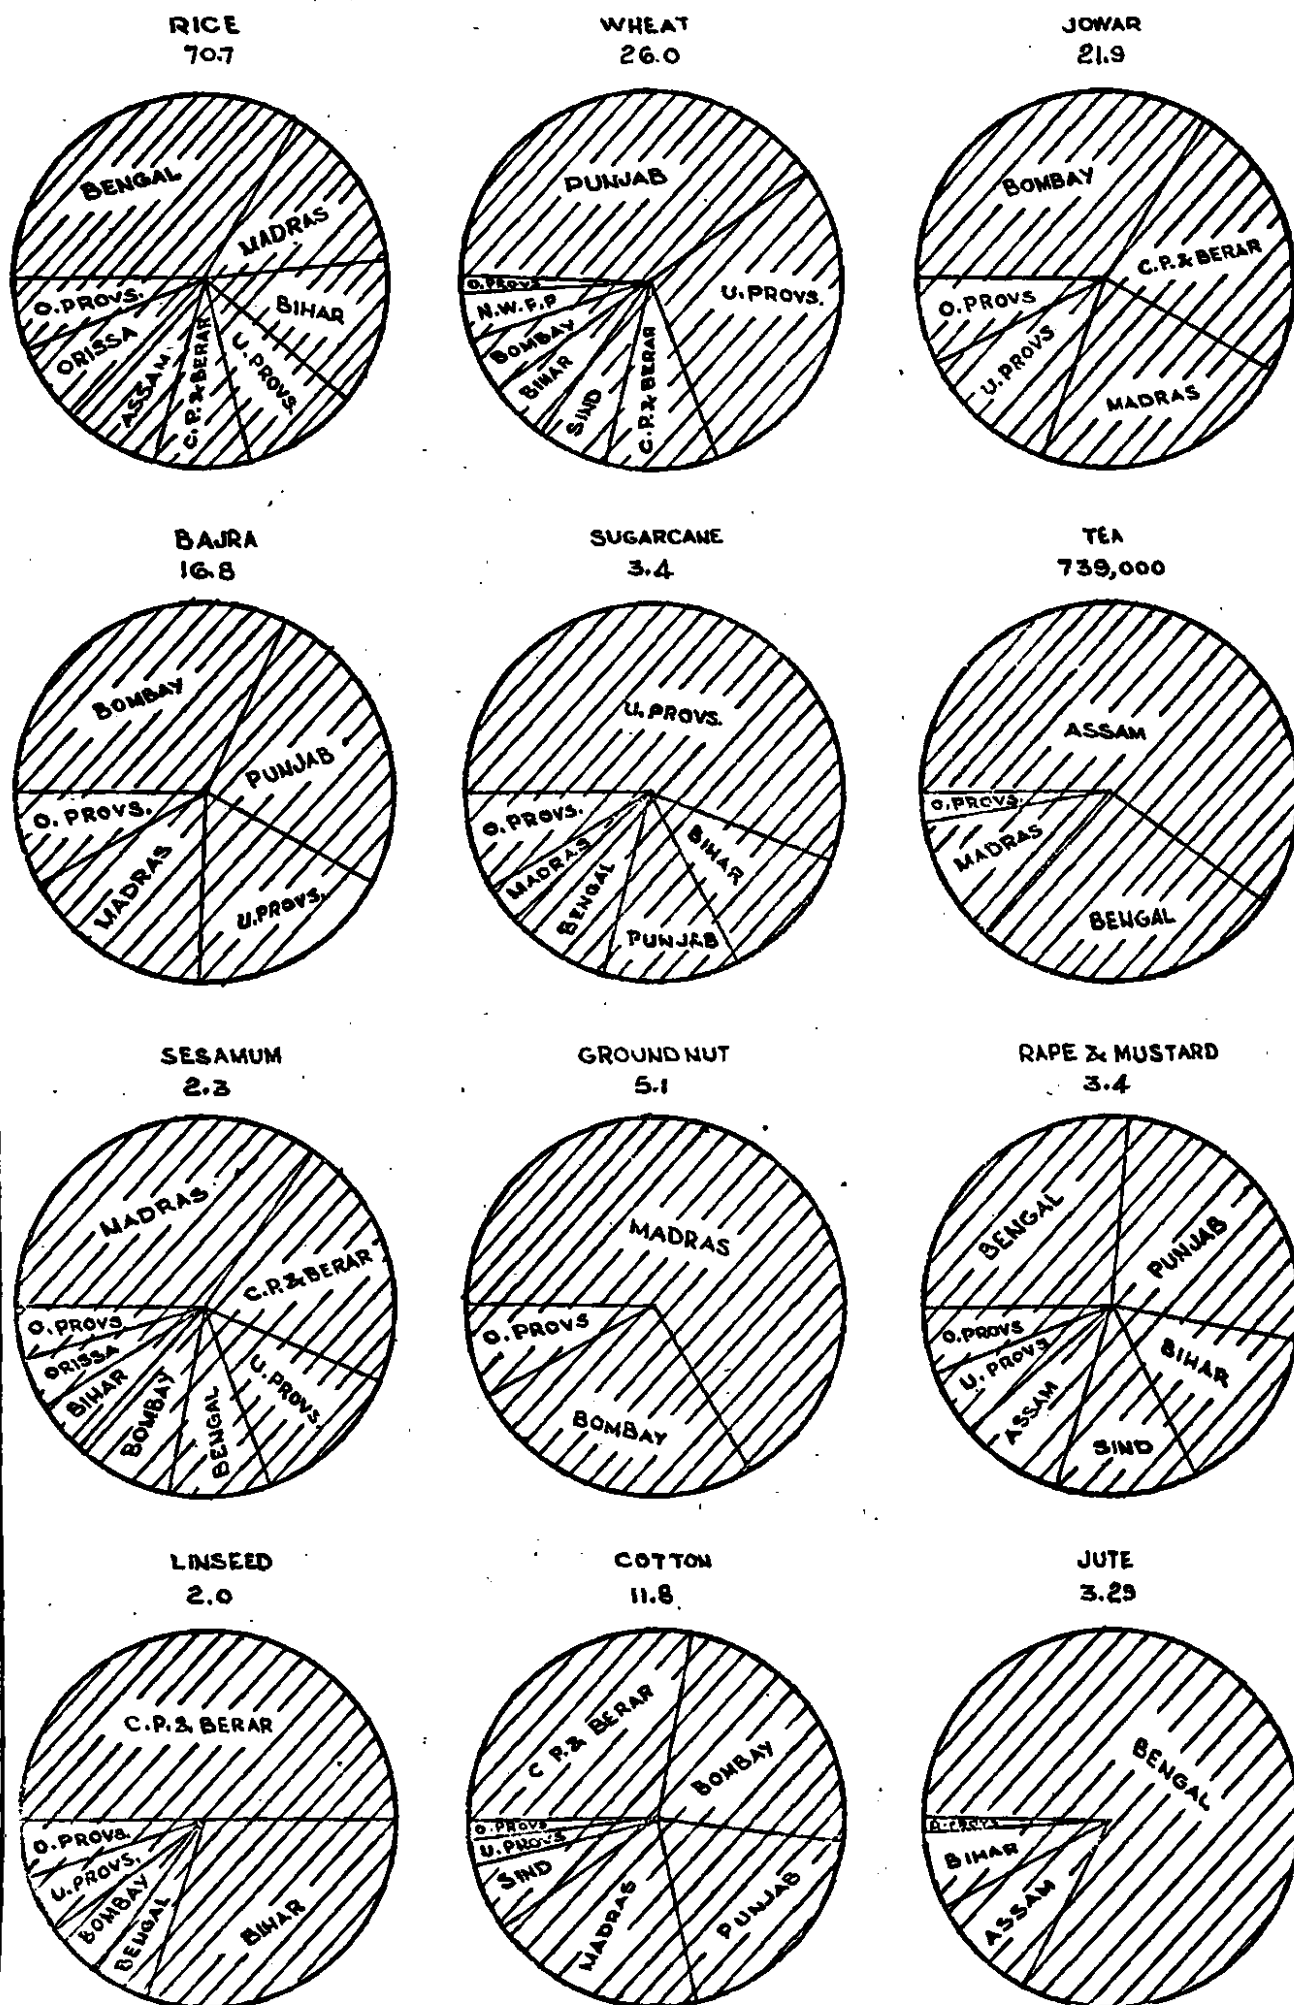

NOTE.—“ Other food crops ” are minor food-grains, condiments and spices and miscellaneous food crops.  
 “ Other non-food crops ” are oilseeds other than sesamum, linseed, rape & mustard and groundnut ; fibres other than cotton and jute ; dyes, drugs and narcotics ; and miscellaneous non-food crops.

7. Total livestock divided between bovine, ovine & others in 1942-43 as compared with the year 1933-34.

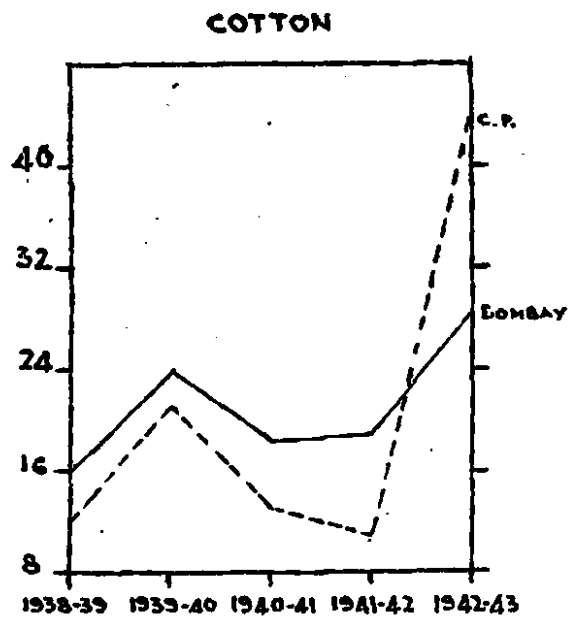

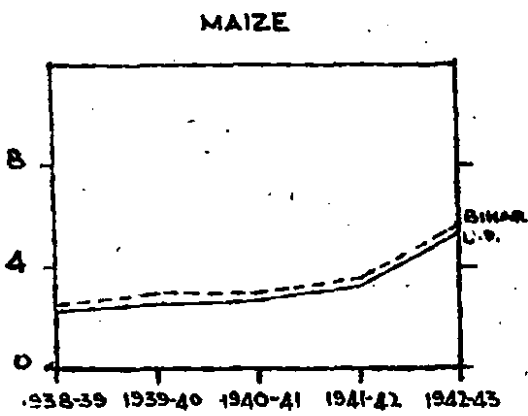

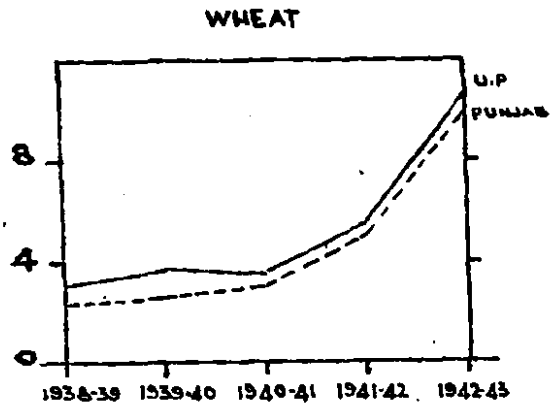

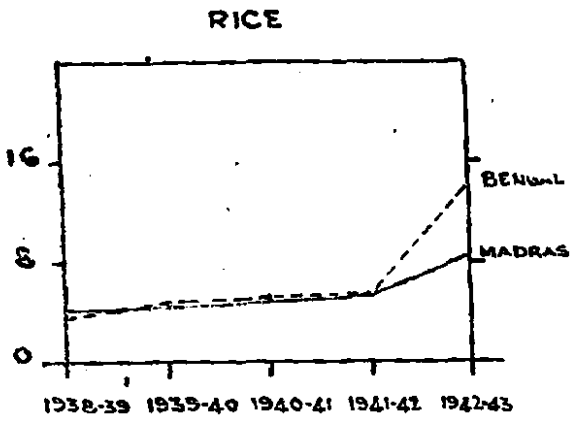

NOTE —(i) “ Bovine ” includes bulls and bullocks, buffaloes, calves and buffalo-calves.  
 “ Ovine ” includes sheep and goats.  
 “ Others ” includes horses and ponies, mules, donkeys and camels.  
 (ii) The figures for 1942-43 include the 1935-34 census figures of Orissa and 1934-35 census figures of U. P. and exclude those for the two Agency districts of N.-W. Frontier Province.

8. Shares of provinces in the total area (in acres) under Principal crops in 1942-43.

NOTE.—(i) In this diagram, the circles for the different crops have no relation to each other; they simply show the relative importance of each province in respect of each crop.  
(ii) The share of the United Provinces in respect of sesamum, rape & mustard and linseed crops has been calculated on the basis of areas under "pure oilseeds", i. e., oilseeds sown unmixed with any other crop (vide the foot note † on page V of introductory note).

9. Harvest Prices (Rs. per maund) of Certain Principal Crops in India.

## Land Revenue Assessment

Thousand rupees

	1923-24	1924-25	1925-26	1926-27	1927-28	1928-29	1929-30	1930-31	1931-32	1932-
Total revenue from land excluding cesses . . . . .	32,45,17	31,94,74	32,41,67	32,76,25	32,76,65	33,42,82	33,40,18	32,86,12	32,95,21	33,13,8

(a) Condiments and spices, fruits and vegetables, and miscellaneous food crops.

(b) The total of food crops and non-food crops shown here up to the year 1929-30 does not agree with the total sown area as the latter area includes certain areas in the United Provinces for which details are not available.

(c) Cinchous, Indian hemp, other dyes and tanning materials, other drugs and narcotics, and miscellaneous non-food crops.

\* Includes 333,000 acres for which details are not available.

† Replaces the former head, "Culturable waste other than fallow".

Column 5.—Where the land revenue includes the zamindar's share, the net demand is entered, and the table states the payments wholly realised during the year or not, is entered after excluding arrears for past years. Sums remitted on account of unoccupied lands, where provinces remissions are not granted or are partially granted within the year, no deduction is made on account of remissions. This column revenue from canals in Sind, fluctuating collections (including nazarana), over-collections (Bombay), surplus collections, from Government cess; (5) Moturpha (house tax) collections; (6) assessment of alienated lands less quit-rent; (7) recoveries on account of survey and settlement; Government estates (Bengal); and (11) miscellaneous, comprising receipts on account of land registration fees, receipts from quarries and miscellaneous receipts, rents of railways class C. land, and rents of buildings situated on such lands.

Column 6.—The population is that of the last general census.

\* Miscellaneous revenue.

† Excludes 5,555,403 acres in the districts of Bankura, Khulna, Murshidabad, Pabna and Rangpur for which details are not available.

‡ Excludes 4,031,200 acres in the districts of Patna, Ranchi and Saran for which details are not available.

(a) Incomplete.

(b) Figure not available.

(c) Represent Zamindari (permanently settled) and whole Inam villages. ■

due by the zamindars to Government, not those due by raiyats to the zamindars. The actual realisable demand on account of the year whether crops, etc., are excluded in the case of those provinces where all remissions are granted within the year to which the return relates, but in includes all the heads classed as "Land Revenue" in the Civil Accounts. The heads are:—(1) ordinary revenue, comprising fixed collections on rent estates; (2) sale of Government estates; (3) sale proceeds of waste lands, and redemption of land tax; (4) redemption of summary settlement (Bengal); (5) rents, etc., of fisheries; (6) receipts for the improvement of Government estates; (7) 12 per cent on collections from mineral products in forests and lands not under the management of the Forest Department, water mills rent, huccoba tax (Sind), *malikana* or *petroleum* well revenue, jade and amber revenue, recoveries in India of law charges in England on account of appeals from India, 864.

Column 8.—As in column 5, but only ordinary land revenue on fully assessed areas is entered.

(d) See footnote † on page viii of the Introductory Note.

Column 2.—The professional survey is that carried out by the Survey of India in Northern India, and by the corresponding Departments in the southern Provinces. The provincial areas in this column exclude Indian States in direct political relations with the Crown Representative, but include States politically controlled by the Provincial Governments, with the exception of the Tribal areas in the North-West Frontier Province.

Column 3.—In this column is entered the area of Indian States included in column 2.

Column 4.—Prior to 1908-09 this column showed the entire area (exclusive of Indian States) for which the statistics required for Tables II, III and IV were not forthcoming in whole or in part. This area comprised chiefly estates held in permanent settlement or on privileged tenure, which were not surveyed or which possessed no agency for the annual collection of agricultural statistics. But arrangements have since been made to prepare statistics, for the whole of this area, based either on regular returns or on estimates as has been found practicable. There is therefore no longer any unreturned area to be shown in this column.

Columns 5 and 6.—Column 5 is a check on the accuracy of column 6. In the latter "village papers" mean "the papers prepared by the village accountants." The village papers do not in several provinces relate to the whole area included in column 5; for instance, the village returns sometimes do not include the forest areas. There are also tracts in many provinces for which no village papers exist and for which estimates have to be made to complete the statistics. In all such cases, column 6 must be taken to be the total area corrected by the village papers in respect of the areas for which such papers exist. The areas of provinces and districts, which are calculated from village papers, are necessarily somewhat different from those given by the Survey Department, (a) because, while the survey area of a district or province is calculated in block, the area by village papers represents the added total of field and village areas; and (b) because the system followed as regards the inclusion or exclusion of areas covered by water, buildings, roads, and railroads, is not uniform in the two sets of returns. In provinces where no village papers exist, the figures in column 5 have been repeated in column 6. In that case they represent the area of which the details are stated in columns 2 to 6 of Table II.

\* This figure is that of settlement as there is no record of area according to professional survey.

\*\* Includes area of the newly constituted district of Tirap Frontier Tract viz., 814,800 acres for which details in other tables are not available.

Column 2 states the area as returned by the provincial Revenue Survey and Settlement Department.

Columns 5 and 6.—The figures of column 5 are repeated in column 6, because the areas in village papers are derived from the revenue survey records. The figures for all unsurveyed villages are based on estimates. Of the total area 48,719,481, 48,719,850, 48,709,134 and 48,721,814 acres entered in columns 5 and 6 for the years 1939-40, 1940-41, 1941-42 and 1942-43 respectively (page 24), 45,079,026, 45,072,517, 45,058,199 and 45,287,688 acres are based on actual returns and 3,640,455, 3,647,333, 3,650,935 and 3,434,126 acres on estimates.

Columns 2, 5 and 6.—For the unsurveyed areas of zamindari estates and waste land grants for which accurate statistics are not available, the figures are based on estimates. In the Central Provinces, the zamindars are landlords of high local standing and old family, whose estates, commonly large and compact were originally held on quasi-feudal tenure, but who are now ordinary proprietors to whom certain concessions are allowed in consideration of their previous history.

Column 2 states the area as ascertained by the provincial Survey Department, supplemented, for tracts which have not come under the operations of that Department, by areas obtained with the computing scale from the Survey of India Atlas sheets of the localities concerned.

Columns 5 and 6.—The statistics for the major portion of the zamindari estates and certain *raiyatwari* and whole *inam* villages are based on estimates, owing to the absence of adequate agency for the collection of statistics in these tracts and the absence of detailed survey. Of the total area (79,843,525, 80,012,442, 80,059,541 and 80,011,546 acres) entered in column 6 for the years 1939-40, 1940-41, 1941-42 and 1942-43 respectively (page 29), 77,201,689, 77,394,552, 77,441,651 and 77,446,257 acres are based on actual returns and 2,641,856, 2,617,890, 2,617,890 and 2,565,289 acres are based on estimates.

1942-43	30,207,758			30,207,758	30,207,758

Column 2.—The revenue survey being incomplete, the exact area is not known; the column states the area of surveyed tracts plus the estimated area of unsurveyed tracts.

Columns 5 and 6.—The figures of column 5 are repeated in column 6, because the areas in village papers are derived from the revenue survey records. The figures for all unsurveyed villages are based on estimates. Of the total area (30,179,073, 30,185,952, 30,193,559 and 30,207,758 acres), entered in columns 5 and 6 for 1939-40, 1940-41, 1941-42 and 1942-43 respectively 27,538,010, 27,570,817, 26,791,849 and 27,166,537 acres are based on actual returns and 2,641,063, 2,615,135, 3,401,710 and 3,041,221 acres on estimates.

NOTE.—The variations in the areas shown in different years under the same item in the same province do not necessarily represent an actual increase or decrease on the area in question. In many cases, a revised classification or the correction of a faulty estimate is responsible for the change.

Column 2.—"Forests" mean "any land classed or administered as forests" under any legal enactment dealing with forest. Any cultivated areas existing within such forests may be excluded and entered in column 6 (net area sown). The forest areas do not agree in most cases with those stated in the reports on the administration of the Forest Department for various reasons, the chief amongst which are these: (1) because the Forest Administration Reports and the statements of agricultural statistics relate in many cases to different periods, (2) because the administration reports relate exclusively to forests worked by the Forest Department, while the tables of agricultural statistics exhibit in addition forest areas administered by district officers, local boards, municipalities, etc., and (3) because, on the other hand, certain village and other lands not covered by forest but worked and returned as forests by the Forest Department are not treated as forests in the returns of agricultural statistics and are therefore excluded from this column.

Column 3 includes all land absolutely barren, and also all land covered by buildings, water, roads, or otherwise appropriated to uses other than agriculture.

Column 4 includes groves not classed in the sown area. Areas under bamboos and thatching grass, when not forming parts of forest areas, are included in this column.

\*\*Replaces the former head, "Culturable waste other than fallow."

§ Figures given in this column represent areas definitely known to be culturable.

(a) Includes as area of 844,800 acres of the newly constituted district of "Tirap Frontier Tract" for which details for cols. 2 to 6 are not available.

Table II—continued

1942-43	401,509	240,850	1,276,532	85,671	583,598		

Column 2.—The figures represent reserved forests, but exclude the areas of forest villages within the reserves which are entered under the appropriate heads of this table.

Columns 3 and 4.—The figures for unsurveyed tracts in Cachar and for permanently settled tracts in Sylhet are based on estimates. In the Assam Valley unsurveyed waste is divided into culturable and unculturable on the assumption that their proportion in the surveyed area holds good.

Column 5.—Includes generally all lands which are thrown out of cultivation or not cultivated for three years. Figures for the hill districts (except the plains portion of the Garo Hills) and Sadiya and Balipara Frontier Tracts are rough estimates.

Column 6.—The figures are obtained from the abstract crop statement for districts which have been cadastrally surveyed. The figures for the permanently settled states of Sylhet and Goalpara and for the hill districts and the Sadiya and Balipara Frontier Tracts are based on estimates.

(a) The figures relate to the plains portion only.

(b) Figures given in this column represent areas definitely known to be culturable.

(c) See footnote\*\* on page 42.

Column 2.—The figures represent Government forests and estimates of other forest areas furnished by District Officers.

(a) Excludes the Bakarganj Sundarbans, "protected forests".

(b) Figures given in this column represent areas definitely known to be culturable.

(c) See footnote\*\* on page 42.

NOTE.—Figures for unsurveyed villages are based on estimates.

Column 2 includes land administered by the Forest Department whether formally declared forest under an Act or not, and differs from the area stated in the forest reports, because in certain localities, where the settlement is incomplete, the original areas are still returned by the Forest Department, while revised areas are returned in this table; also because the revenue records do not always state the most recent revisions.

Column 3 includes all land recorded at the survey and settlement as unculturable, although at times a very small quantity of this land is cultivated.

Column 5.—The maximum period for which land thrown out of cultivation is reckoned as fallow is ten years.

\* Figures given in this column represent areas definitely known to be culturable. †See footnote \*\* on page 42.

Column 2 shows the area administered by the Forest Department, plus the areas in the Chhattisgarh and Chanda zamindaris which are outside the boundaries of surveyed villages. These latter areas are almost wholly under high forest and include only a negligible proportion of sparse and shifting cultivation. In Berar, the forest area includes that administered by the Forest Department but excludes a large area of cultivated land in the Melghat taluk in Amraoti district shown as forest in the forest report.

Column 3 states areas covered with water, hill or rock and land occupied by buildings and roads. For Berar, it includes village sites, tanks, and land taken up for public purposes or devoted to uses other than agriculture; it also includes unculturable portions of culturable fields.

Column 4 states (1) the waste area within holdings (including fallows of more than three years), (2) land under tree forest which is not administered under any Act dealing with forests, (3) land under scrub, jungle or grass, and (4) grasses not included in holdings. For Berar, it includes land available for cultivation but not given out.

Column 5.—Land which has been fallow for not more than three years is reckoned as "Current fallows". For Berar, it includes occupied culturable land left fallow for private reasons such as grazing, rotation, etc.

\* Figures given in this column represent area definitely known to be culturable. † See footnote \*\* on page 42.

Column 2.—Includes the area cultivated within forests. The area cultivated with coffee, tea and rubber within forests is, however, excluded from this column and is shown under column 6.

Column 4.—Includes areas occupied by *babul* and *casuarina* trees when they do not form parts of forest areas.

Column 5.—Includes all occupied waste, that is to say, waste portions of land for which revenue is paid.

\* Figures given in this column represent areas definitely known to be culturable. †See footnote \*\* on page 42.

Column 2.—Includes all lands specially allotted to forest growth under the control of Government or any Local Board or Municipality, and protected village waste in Hazara administered by the district officer and other waste lands in Peshawar.

Column 4.—Includes large areas of Government waste not allotted for cultivation.

Column 6.—The maximum period for which land is reckoned as fallow is two years; but, as a change in classification is not generally made until the year for quadrennial statements comes round, the old classification may be retained from one to three years longer than the prescribed period. In Dera Ismail Khan classification is amended according to area of each class of soil actually cultivated each year.

\* Figures given in this column represent areas definitely known to be culturable.

† See footnote \*\* on page 42.

Column 2.—Includes all lands specially allotted to forest growth under the control of Government or any Local Board or Municipality.

Column 3.—This column includes 23,690 acres of river beds in Gurgaon, 15,360 acres of mountain tracts in Simla, and 3,896,960 acres of mountain tracts in Kangra (mostly forest areas). These areas are not accounted for in the village papers, and the figures are based more or less on estimates.

Column 4.—Includes large areas of Government waste not allotted for cultivation.

Column 5.—The maximum period for which land is reckoned as fallow is two years, but as a change in classification is not generally made until the year for quadrennial statements comes round, the old classification may be retained from one to three years longer than the prescribed period. In certain districts in the south-west of the province, however, the classification is amended annually.

\* Figures given in this column represent areas definitely known to be culturable.

† See footnote \*\* on page 42.

NOTE.—Figures for unsurveyed villages are based on estimates.

Column 2.—The figures in Sind do not agree with those in the Forest Administration Report, because the revenue records do not state the most recent alterations of area due to erosion by the Indus which the forest report does, and because, on the other hand, the forest report does not always exhibit the most recent alteration of area effected by the revision of survey, which the revenue records do.

Column 3.—Includes all land recorded at the survey and settlement as unculturable, although at times a very small quantity of this land is cultivated.

Column 5.—The maximum period for which land thrown out of cultivation is reckoned as fallow is ten years.

Column 6.—Of the total net sown area (4,945,843, 5,370,008, 5,320,493 and 5,601,915 acres) in Sind included in this column for 1939-40, 1940-41, 1941-42 and 1942-43; 4,913,277, 5,311,740, 5,270,745 and 5,526,329 acres are based on actual returns and 32,566, 58,268, 49,748 and 75,586 acres on estimates.

\* Figures given in this column represent areas definitely known to be culturable.

† See footnote \*\* on page 42.

NOTE.—The statistics for Almora, Garhwal, and the hill portion of Naini Tal are based on estimates.

Column 2 includes forest areas administered by the district officers of some districts. Hence the figures do not agree with those in the Forest Administration Report which excludes these areas. This column also includes the Siwalik Range in the Dehra Dun district.

Column 5.—The maximum period for which land left untilled is reckoned as fallow is three years.

\* Figures given in this column represent areas definitely known to be culturable.

† See footnote \*\* on page 42.

Columns 8 to 19 state the gross area of irrigated crops, areas sown more than once being counted as separate areas for each crop. The excess in some cases of the total area of crops irrigated (column 19) over the total area irrigated (column 7) is thus due to the inclusion in column 19 of the area irrigated at both harvests.

NOTE.—The figures are only estimates except in the case of areas irrigated from Government canals. In the case of Ganjam and Koraput districts, the term "Tanks" refers to a particular kind of dammed reservoirs. These reservoirs are formed by enclosing depressions or throwing dams across the valleys of small rivulets and streams to intercept water during the rains.

(a) Included under Tanks.

NOTE.—(1) This table shows the areas actually sown, whether the crop comes to maturity or not, except in cases where fields, owing to the failure of the first sowings, are devoted to other crops; in such cases the area first sown is omitted. In cases where two or more crops are grown together, an estimate is made of the area covered by each and the areas so estimated are separately returned. The estimate is made by the village accountant, or is subsequently determined on formulae prescribed by the provincial authorities.

(2) The variations in the areas shown in different years under the same crop in the same tract do not in all cases represent an actual increase or decrease in the area under that crop. In certain cases a revised classification or the correction of a faulty estimate is responsible for the change.

Column 10 (other food-grains, including pulses).—Arhar (pigeon pea), Barbati, lobia or chowli (asparagus), mung (green gram), kulthi (horse gram), urad (black gram), field ram, cheik (job's tear), lentils, cheena (common millet), kangni (Italian millet), kodo or varagu, kutki (little millet), kahudi, peas, pigeon or bottle grass, swank or shama, hickling vetch, buck wheat, wudalu or barti, beans (sutri or ghurush, French or baricot, val, moth, lima, and so on).

‡ Included under 'Other food grains, including pulses'.

Column 30 (other dyes and tanning materials).—Arnatto, chayroot, divi-divi, henna, madder, morinda, saffron.

Column 33.—In certain cases, notably in Madras, the areas stated under "Tea" differ from those given in the special report on "Indian Tea Statistics" published separately. The principal reason is that the special report is prepared from returns received from managers and owners of estates; and these returns, especially in Southern India, are in many cases inaccurate and defective. Minor discrepancies are also due to the fact that the figures in this table deal with the agricultural year; while those in the special report deal with the calendar year.

Column 37 (other drugs and narcotics).—Aloes, arec nut, ajwan or bishop's weed, sweet basil, betel-vine, country horage, bogoda, brinjal, nela mlaka, dhatura, purple flea-bane, isafgul, kolinji or vampali, senna, sweet flag.

Note—The areas of crops except cotton and tea are collected by the Land Records staff for the temporarily settled plains districts and by the district officers except in case of forecast crops for which estimates have to be made annually. In the permanently settled tracts and estimated in Sylhet by the Deputy Commissioner on the basis of the population figures, and the surveyed areas of the temporarily settled parts proprietors. The areas of cotton are obtained in Cachar from *patwaris* for the plains subdivisions and for the North Cachar Hills an estimate Nowgong from the supervisor kanungo of hill sub-circle, in Sibasagar and Goalpara from *mandals* or other village officers, in Khasi and Jaintia.

\* Included under 'Other food grains, including pulses'.

plains portion of Garo Hills, and those for the Hills and the Sadiya and Balipara Frontier Tracts are based on estimates revised quinquennially. For other crops except cotton and tea the areas are reported by the village *chaukidari panchayats*. Tea statistics in all districts are supplied by the tea-garden managers and in Goalpara they are obtained from zamindars. In Sylhet information is obtained from the Collector of *dao-tax*, in the Garo Hills from hill *mauzadars*, in the Naga and Lushai Hills from intelligent chiefs.

NOTE.—For the greater part of the provinces the figures are estimates framed by the district officers on information obtained through the agency of the police and from the revenue staff of the local landlords. Where available, the figures collected during the cadastral survey serve as a check on the estimates framed.

NOTE.—The area sown with unimportant mixed crops, for which no separate heading is provided in the provincial crop statements, is assigned to the principal crops by the village accountants. The areas of important mixed crops, namely, wheat and barley, wheat and gram, barley and gram, jowar and arhar, bajra and arhar, and cotton and arhar, for which separate headings are provided in the crop statements, are distributed in accordance with prescribed formulae and entered under the crops of which they are composed.

Columns 3, 4, 5, 6, 9 and 10.—The whole of the area of the land planted with food-grains, wheat, barley, etc., mixed with oilseeds, is shown under food-grains in this table. The area shown under food-grains which was really planted with oilseeds (as a mixed crop) is roughly estimated to have been 4,111,000, 4,058,000, 4,508,000 and 4,321,000 acres in the whole of the United Provinces in 1939-40, 1940-41, 1941-42 and 1942-43 respectively.

\*There is no agency for the collection of statistics in Almora, Garhwal, and the hill tracts of Naini Tal. Estimates have, however, been made for them and included in the table.

Columns 12, 13 and 14.—The figures shown in these columns represent areas under "pure" oilseeds, i.e., oilseeds sown unmixed with any other crop. Besides these, oilseeds are thinly sown in combination with wheat, barley, gram and other crops. If the areas occupied by the scattered plants were added up, it is estimated very roughly that they would amount in 1939-40, 1940-41, 1941-42 and 1942-43 for the whole of the United Provinces to 630,000, 585,000, 646,000 and 707,000 acres of linseed, 979,000, 997,000, 1,346,000 and 1,174,000 acres of sesamum, and 2,502,000, 2,476,000, 2,816,000 and 2,440,000 acres of rapeseed respectively.

Table IV—continued

Note—(i) Live-stock in cities and cantonments are included wherever it is possible to secure their enumeration. Oxen, buffaloes, horses and ponies not old enough for work or to produce young are treated as "young stock".  
(ii) Further details of the 1940 census may be had from the Report on the Cattle Census, 1940.  
\* Figures for 1929-30 relate to "Bihar and Orissa".

See explanation given in the footnote (page 254).

\* In Coorg a census is taken every five years. The last census was taken in January, 1910, by the circle *shambogs* and the particulars entered in a register maintained under Rule 45 of the Rules framed under the Coorg Land and Revenue Regulation, 1899. Animals in municipal towns are included.

† See footnotes on page 280.

‡ Excludes North Waziristan and Kurram districts.

(A) Excluding provinces where no census was taken in 1939-40.

(B) Total for the provinces of Orissa and the United Provinces where no census was taken in 1939-40 and previous census (1935-36 in case of Orissa and 1931-35 in case of the United Provinces) figures are repeated.

(a) Excluding provinces of Bengal and Bihar and Orissa for which 1934-35 census figures are not available but including statistics for 1935-36 of portions of the Central Provinces transferred to the newly constituted Orissa Province.

(b) Total for the provinces of Bengal and Bihar and Orissa. Figures relate to 1929-30.

Note.—In the Central Provinces the figures are collected annually, between the 15th November and the 15th March, by the village *patwaris* or the areas in their respective charges. The figures for each village are sent to the *tahsil* and the numbers of plough cattle are entered by the *sanungo* in a village register. The *patwari* takes into account all animals including those temporarily sent elsewhere (e.g., for grazing), which belong to residents of the village, and excludes animals which are temporarily in the village for grazing or other purposes, but do not belong to residents. Stocks in cities, large towns, cantonments, and in forest villages are included being enumerated by special arrangement.

In Berar, a census is made annually by the village officers. All cattle belonging to one owner are entered against his name even though the animals are temporarily absent from the village. When an owner cultivates land in more than one village, the actual number in each particular village on the night of enumeration is entered in the statement for that village. Cattle belonging to other villages, but temporarily in the village or grazing, are not entered in the statement for that village.

*Note.*—The last quinquennial census was taken in January, 1940, throughout the Presidency. The census was taken in all villages, Government, Inam and Zamindari. Stock in cities, cantonments, and that employed in Government departments and municipalities were included. Oxen, buffaloes, horses and ponies not old enough for work or breeding were treated as young stock.  
\*Figures for 1934-35 for the province as reconstituted since 1st April, 1936, may be obtained by excluding from the total for the province for 1934-35, the figures for the former Vizagapatam and Ganjam districts and including figures for the reconstituted Vizagapatam district shown on pages 234-285.

NOTE.—The province had not been constituted when the last All-India Cattle Census was held in 1935. In the absence of later estimates the latest available census figures for the tracts from which the districts have been constituted are given. The province did not take part in the All-India Cattle Census held in 1940.

\*Includes buffalo calves for the area transferred from the Central Provinces and Berar.

Note.—The varieties of tenure are included, as far as possible, under one or other of the following heads, namely, (1) rajyatwari, (2) zamindari and village communities (temporarily settled), and (3) zamindari (permanently settled). Areas under forests are included under the prevailing tenure of the province. Areas under Government forests in the Central Provinces and Berar, and the forest area of one district in the United Provinces, are, however, shown separately.

Column 3.—Areas held revenue-free or at privileged rates are deducted, but the deduction need not be made where such areas are in any case less than an entire village and where there is any difficulty in estimating the corresponding deduction to be made in the population (column 7). In Madras, Bombay and Berar: all land on which a full assessment has not been leviable during the year (for instance, assessed unoccupied land) is classed for the purposes of this column as "Area not fully assessed". Area should not be entered under this head merely because the assessment due from them has been suspended or remitted on account of short crops or for other special reasons.

Column 4.—This head is sub-divided into (a) total fully assessed area for which returns are available, and (b) area cultivated out of the area given in head (a). The latter head should be equal to the former after deducting current fallows and fully assessed waste, and should be either equal to or less than the net sown area as shown in column 6 of Table II.

\* Included under Rajyatwari.

† Incomplete.

‡ The land revenue assessment necessarily differs from the land revenue collections which include collections on account of former balances and exclude so much of the assessment as has not been collected during the year.

Column 5.—Where the land revenue includes the zamindar's share, the net demand is entered, and the table states the payments due by the zamindars to Government and not those due by raiyats to the zamindars. The actual realisable demand on account of the year is entered after excluding areas for past years. This column includes all the heads classed as "Land Revenue" in the Civil Accounts. The heads are:—(1) ordinary revenue comprising of fixed collections revenue from canals in Sind, fluctuating collections (including nazarana), over-collections (Bombay), surplus collections, collections from Government estates; (2) sale of Government estates; (3) sale-proceeds of waste lands, and redemption of land tax; (4) redemption of summary settlement cess; (5) moturpha (house tax) collections; (6) assessment of alienated lands less quit rent; (7) recoveries on account of survey and settlement charges (Bengal); (8) rents, etc., of fisheries; (9) receipts for the improvement of Government estates; (10) 12 per cent. on collections from Government estates (Bengal); and (11) miscellaneous, comprising receipts on account of land Registration fees receipts from quarries and minor mineral products in forests and lands not under the management of the Forest Department, watermills rent, huccoba tax (Sind), mailkana or allowances to excluded proprietors, fines and forfeitures of Revenue Courts (except in Bengal and Assam), receipts under Madras Act II of 1864, petroleum well revenue, jade and amber revenue, recoveries, in India of land charges in England on account of appeals from India, miscellaneous receipts, rents on Railway Class C land and rents of buildings situated on such lands.

Column 6.—The population is generally that of the last census.

Column 8.—As in column 5, but only ordinary land revenue on fully assessed areas is entered.

Column 9.—To be, column 8 divided by column 4(a).

Column 10.—To be, column 8 divided by column 4(b).

Statistics of the incidence of land revenue assessment dealt with in this table shown only the average amount contribute by each acre of land or per head of population in each province or district towards land revenue. They cannot be used for comparing the burden of land revenue on land in the different districts and provinces as no valid comparison is possible without taking into account such factors as the nature of the soil, climate facilities for irrigation, etc.

(a) Information not available.

(b) Defective owing to incomplete data.

(c) Excluding figures for Ajmer city.

NOTE.—The table is prepared annually.  
 Column 1.—The *khalsa* area has been classed as "Zamindari and village communities (temporarily settled)" and the *jagir* and *istamrari* areas as "Zamindari permanently settled".  
 Column 2 includes in the case of the *khalsa* villages the assessed cultivated area including assessed fallows.  
 Column 5 states ordinary and miscellaneous land revenue appearing in the Civil Accounts.  
 (a) Exclusive of the statistics of Ajmer city.

Total revenue from land per head of population (cols. 5 and 6)	Land revenue assessed on fully assessed area [col. 4(a)]	INCIDENCE PER ACRE OF LAND REVENUE (COL. 8) ON FULLY ASSESSED AREA (b) (COL. 4)		Population of fully assessed area	Land revenue assessment per head of population of fully assessed area (cols. 8 and 11)	TOWNS OF OVER 10,000 INHABITANTS		DISTRICT AND NATURE OF TENURE
		For total area	For cultivated area			Number of towns	Aggregate population

Note.—The table is prepared quinquennially, and the figures were last collected in 1941-42.

Column 1.—The following classification of estates has been adopted:—

(1) Zamindari (permanently settled) including estates managed for proprietors by Government.

(2) Zamindari (temporarily settled) comprising (a) all temporarily settled estates, namely, those settled for periods with proprietors, and estates leased to farmers for periods and (b) all estates owned by Government as proprietor.

Column 5.—Includes all the items falling under the head "Land Revenue" in the Civil Accounts.

Total revenue from land per head of population (cols. 5 and 6)	Land revenue assessed on fully assessed area (col. 4(a))	INCIDENCE PER ACRE OF LAND REVENUE (COL. 8) ON FULLY ASSESSED AREA † (COL. 4)		Population of fully assessed area	Land revenue assessment per head of population of fully assessed area (cols. 8 and 11)	TOWNS OF OVER 10,000 INHABITANTS		DISTRICT AND NATURE OF TENURE

The table is prepared quinquennially, and the figures were last collected in 1940-41.  
 COLUMN 1.—Lands held under special tenures, such as *talukdari*, *mehwasi*, *udhad-jamabandi*, *narcadari*, and *bhagdari* in Gujarat and *khotti* and *isafat* in the Konkan, as classed as "Zamindari and village communities (temporarily settled)".  
 COLUMN 3 (a).—Includes alienated area and the area held free of revenue or the revenue which has been reduced by special agreement and also the fully assessed unoccupied area.  
 COLUMN 3 (b).—Includes alienated cultivated and zamindari cultivated (estimated) land.  
 COLUMN 4.—Includes land under temporary cultivation, also *potinams* paying full assessment.  
 COLUMN 5.—States ordinary and miscellaneous land revenue appearing in the Civil Accounts. On the average of the last five years, about 7.22 per cent of the total revenue entered in this column was remitted on account of assessed unoccupied lands, short crops, etc.

**LAND REVENUE**  
(BOMBAY)

See explanations given in the foot-note (page 332).

Column 2.—Zamindari (temporarily settled) includes *malguzari* and *thakdari*.

Column 3(a).—Zamindari estates properly so-called (that is, excluding *malguzari*) are classed as not fully assessed in the Central Provinces.

In Berar, this column states *pagir, izara* and *palampal* villages, all unassessed lands, forest areas, village sites, roads, rivers, etc.

Column 4(a).—In Berar, *pal, khirab* lands are excluded from this column, which includes only occupied lands available for cultivation.

Column 4(b).—Excludes fallows in the Central Provinces. In Berar, it states the cultivated area in *khatus* villages only.

\*See foot-note ¶ on page 303.

(a) Included under Raiyatwari.

Column 8 for Berar shows assessment on occupied lands only as stated in the explanation for column 4(a)

Column 10.—The cultivated area included for the Central Provinces in this column is the fully assessed portion of the net sown area.

In Berar, the incidence is calculated on the area entered in column 4 (b), that is, the cultivated area in *Khasia* villages only.

Column 11.—Excludes population of *jagir* and *tsara* villages of Berar.

Raiyatwari . . . . .	18,685	8,082	..	10,603	..	1,49,902	647,230

NOTE.—The table is prepared quinquennially. Estates comprises both "Zamindari tracts" and "whole *inam* villages".  
 Column 3 (a).—In the case of Raiyatwari tracts this column states the areas of unoccupied assessed lands, of all unassessed *poramboke*s, of minor *inam* lands in Government villages held rent-free or subject to quit-rent, and of forest lands, excluding portions of the first mentioned two classes occupied under "Miscellaneous"; and in the case of zamindari tracts the areas of hills, *poramboke*s, and minor *inams* are entered. The entire area of whole *inam* villages is deducted in this column.  
 Column 3 (b).—Raiyatwari includes the area of certain Agency tracts in Vizagapatam and Godavari, and also the difference between the area by professional survey and the area according to village papers.  
 Column 4 (a).—The figures for the Raiyatwari tenures in this Column represent the total occupied area stated in village papers which differ in some cases from the resultant of preceding columns.  
 Column 4 (b).—The areas shown in this column represent the actual areas cultivated except in the case of Vizagapatam and East Godavari districts where actuals are supplemented by estimates.  
 Column 5 includes all the items falling under the head "Land Revenue" in the Civil Accounts.

Total revenue from land per head of population (cols. 5 and 6)	Land revenue assessed on fully assessed area [col. 4 (a)]	INCIDENCE PER ACRE OF LAND REVENUE (COL. 8) ON FULLY ASSESSED AREA (COL. 4)		Population of fully assessed area	Land revenue assessment per head of population of fully assessed area (cols. 8 and 11)	TOWNS OF OVER 10,000 INHABITANTS		DISTRICT AND NATURE OF TENURE
		For total area	For cultivated area			Number of towns	Aggregate population

Column 8 shows only the "Ordinary revenue", as defined in the Civil Accounts, on area fully assessed.  
 Column 10.—The cultivated area is, in the case of rajyatwari and zamindari lands, the net cropped area out of the area given in column 4 (a).  
 Column 11 states the entire population of rajyatwari and zamindari villages, respectively.  
 † See footnote on page 303.

## APPENDIX A

## VERNACULAR TERMS USED IN VOLUME I OF INDIAN AGRICULTURAL STATISTICS

- Agasi, agati, or avati* (*Sesbania grandiflora*)—A vegetable crop.
- Agmud* (*Carum Roxburghianum*)—A kind of spice.
- Ajwan* (*Carum copticum*)—A kind of spice, "Bishop's weed".
- Akurkura or jevandi* (*Chrysanthemum coronarium*)—A non-food crop.
- Amada or mamidi allam* (*Curcuma amada*)—A condiment.
- Ampazham* (*Spondus magnifera*)—The hog plum.
- Arhar* (*Cajanus indicus*)—The pigeon pea.
- Arunelli* (*Phyllanthus distichus*)—Country star gooseberry.
- Bajra* (*Pennisetum typhoideum*)—The spiked millet.
- Bané* (Coorg)—Forest land granted for the service of the holding of rice-fields to which it is allotted, to be held free of revenue for grazing, leaf manure, firewood, and for timber required for the farm.
- Barbati* (*Vigna catjang*)—Asparagus, a food grain.
- Barti* (see Wudalu).
- Bel* (*Ægle Marmelos*)—A fruit.
- Bhagdari* (see Narvadari).
- Bilimbi* (*Averrhoa Bilimbi*)—A fruit.
- Bimb* (*Cephalandra indica*)—A fruit.
- Chaplash* (*Artocarpus Chaplasha*)—A tree grown mainly for timber.
- Chayroot* (*Oldenlandia umbellata*)—A dye.
- Cheena* (*Panicum miliaceum*)—The common millet.
- Cheik* (*Coix lachryma-jobi*)—A food grain, "Job's Tear".
- Chikkukukayalu* (*Dolichos lablab*)—The Indian or popat bean.
- Cholanathu* (*Andropogon sorghum*)—Fodder jowar.
- Chohum* (see Jowar).
- Chowli* (see Barbati).
- Cumbu* (see Bajra)
- Dani* (*Nipa fruticans*)—A soboliferous palm, the leaves of which are used for thatching purposes, also for matting.
- Dao-tax* (Assam)—A tax levied in Sylhet upon male Tepperas who cultivate by jhamming.
- Dhaincha* (*Sesbania aculeata*)—A plant cultivated mainly for green manure.
- Dhatura* (*Datura alba*)—A drug.
- Dividivi* (*Cassalpinia coriara*)—A tanning material.
- Dolois* (Assam)—The Headman of a group of villages in the Jowai Sub-division of the Khasi and Jaintia Hills District.
- Gajar*—Carrot.
- Garmal* (*Coleus barbatus*)—A fruit.
- Gondli* (see Kutki).
- Gorait* (United Provinces)—Village watchman.
- Gountiai* (Orissa).—A form of village headman tenure in which the land revenue assessed on a village is collected and paid to Government by the village headman. As remuneration for the work of collection of the land revenue, the village headman receives in revenue-free home-farm land or, in cash, 25 per cent. of the rents settled as payable by the raiyots. He possesses no proprietary rights in the village except on the home-farm lands. He has certain rights of management over the whole village and can alienate his tenure if accompanied by a transfer of the home-farm land.
- Henna* (*Lawsonia alba*)—A dye.
- Inam* (Madras)—Alienated villages or lands granted rent-free. *Whole inam* villages are entire villages held on such tenure; *minor inams* are portions of villages, generally a number of fields, held on *inam* tenure.
- (Coorg)—A grant of land by Government as a reward for services rendered or for religious or charitable purposes.
- Isafat* (Bombay)—A form of service tenure.
- Ishagul* (*Plantago ovata*)—A drug.
- Istamrari* (Punjab, Ajmer-Merwara)—A tenure which, though the revenue is assigned, is charged with a permanently fixed quit-rent.
- Izara* (Berar)—Land leased under the waste-land rules on stipulated terms.
- Jagir* (Berar)—Alienated villages or lands granted as rewards for service either rent-free or on payment of a quit-rent; such lands are hereditary.

## APPENDIX A—continued

## VERNACULAR TERMS USED IN VOLUME I OF INDIAN AGRICULTURAL STATISTICS—continued

- Jagir* (Ajmer-Merwara)—Land granted revenue-free on condition of military service or as a charitable endowment.
- (Bombay)—Estates held hereditarily or for one or more generations on political considerations, no condition of service being attached to them.
- (Coorg)—Lands granted rent-free (1) to individuals on account of services rendered to the State by themselves or their ancestors, and (2) to some religious institutions.
- Jambo or naval*—Black plum.
- Jamma* (Coorg)—A tenure under which lands are held on half the ordinary assessment on condition that the holders should perform certain services to Government if required, such as escorting Government treasure and rendering assistance to revenue officers on tour. These lands are inalienable without special sanction.
- Jemjulu*—Asparagus.
- Jingili* (*Sesamum indicum*)—An oilseed.
- Jira*—Caraway.
- Jodi* (Madras)—Portion of the assessment reserved or left unalienated when lands were originally granted on favourable assessment. It is distinguished from quite-rent, which represents an additional charge (generally a certain proportion—one-eighth, one-fourth, one-half, or five-eighths—of the full assessment, minus the *jodi*) imposed when the tenures were enfranchised or converted into free-holds.
- Jowar* (*Sorghum vulgare*)—The great millet.
- Kalpayaru*—Kidney bean.
- Kamranga* (*Averrhoa Carambola*)—A fruit.
- Kanda* (*Dracontium*)—A vegetable crop.
- Kangni* (*Panicum Italicum*)—Italian millet.
- Kankrol* (*Momordica cochinchinensis*)—A vegetable crop.
- Katola* (*Momordica Charantia*)—A vegetable crop.
- Karuvapilai* (*Murraya Koenigii*)—A condiment.
- Kavali* (*Sterculia urens*)—The Indian katura, a fruit.
- Kavathu* (*Dioscorea alata*)—A tuber used as a foodstuff.
- Khalsa* (Bombay)—Government occupancy or raiyatwari tenure.
- (Central Provinces)—Areas settled on malguzari or thekadari tenure, in contradistinction to zamindari.
- (Berar, Ajmer-Merwara)—Land paying full revenue to Government.
- Khatedar* (Berar)—A registered occupant whose name is entered by authority in the Government records as holding unalienated land.
- Khiraj* (Assam)—Land assessed to full revenue.
- Khoti* (Bombay)—A form of tenure, found chiefly in the Konkan, the holder of which is in return for certain semi-proprietary rights, held responsible for payment of assessment on the area held.
- Kirni* (*Mimusops hexandra*)—A large tree cultivated chiefly in north-western India. It produces an olive-shaped yellow berry which is eaten chiefly during times of scarcity, and in the hot weather.
- Kodo or Kulki* (*Paspalum Scrobiculatum*)—A kind of millet.
- Kolinji* (*Tephrosia purpurea*)—A drug.
- Koorka* (*Strobilanthes*)—A vegetable crop.
- Korai*—The Indian matting sedge.
- Kuhudi* (*Panicum trypheron*)—A food grain.
- Kulthi* (*Dolichos biflorus*)—Horse gram.
- Kulhi* (see Kodo).
- Lakhiraj* (Assam)—Revenue-free land.
- Lobia* (see Barbati).
- Madder* (*Rubia tinctorum* and *R. cordifolia*)—A dye.
- Mahalkari* (Bombay)—A revenue and police officer in charge of a sub-division of a taluka.
- Makhamsim*—The sword bean.
- Malguzari* (Central Provinces)—A form of tenure, the holder of which is responsible for the payment of the revenue assessed on a village.
- (Orissa)—A form of proprietary tenure, where the estate is held either revenue-free or at a nominal quit-rent. The holder possesses full proprietary rights in the estate.

## APPENDIX A—continued

## VERNACULAR TERMS USED IN VOLUME I OF INDIAN AGRICULTURAL STATISTICS—continued

- Mamlatdar* (Bombay)—The chief revenue and police officer (native) in charge of a taluk.
- Mankachu* (*Alocasia indica*)—A root crop.
- Marua* (*Elusine coracana*)—A kind of millet.
- Marukkolundu* (*Artemisia vulgaris*)—The Indian worm wood.
- Mehwasi* (Bombay)—A proprietary tenure assessable to revenue at a lump sum.
- Muafi* (Manpur)—Any kind of land held revenue-free either for a fixed period or in perpetuity, but the term does not ordinarily apply to jagirs.
- Mung* (*Phaseolus Mungo*)—Green gram.
- Munsarim* (Berar)—A head native revenue officer.
- Narvadari, Bhagdari* (Bombay)—Forms of proprietary tenure involving joint responsibility for the assessment: the revenue in the former case being fixed in the lump and in the latter distributed by rates over fields.
- Neem or margosa* (*Melia azadirachta*)—A non-food crop.
- Neerali* (*Gynocordea odorata*)—An oilseed.
- Nela mulaka* (*Solanum xanthocarpum*)—The bogoda brinjal, a drug.
- Nisfkhirej* (Assam)—Land liable to pay half the revenue which is ordinarily payable for the term of settlement.
- Odamula* (*Ochlandra Rheedii*)—A reed.
- Ol or zaminkand*—The elephant foot, a root crop.
- Palampat* (Berar)—Land held on payment of a quit-rent, but not necessarily hereditary.
- Panchayat* (Bengal)—A committee of five respectable persons nominated or appointed by local officers of Government in a village or group of villages for the settlement of petty disputes among the people and for dealing with other small local matters, such as caste, occupation, sanitation, etc.
- Papay* (*Carica papaya*)—A fruit.
- Parpattigar* (Coorg)—A revenue officer in charge of a sub-division of a taluk.
- Parvar* (see Patol).
- Parol* (Coorg)—Village headman appointed by Government.
- Patol* (*Trichosanthes dioica*)—A vegetable crop.
- Peshkash* (Madras)—The fixed land revenue payable to Government on all permanently settled estates.
- Pinnakottai or ponna*—The mast-wood.
- Ponnagantikura* (*Alternanthera sessilis*)—A vegetable crop.
- Porambok* (Madras)—Land reserved for public or village communal purposes.
- Pót ináms* (Bombay)—Plots of alienated land in Khalsa villages.
- Pót kharat* (Berar)—The unculturable area included in a survey number.
- Puliyavara* (*Oxalis corniculata*)—A vegetable crop.
- Ragi* (see Marua).
- Randhuni* (see Ajmud).
- Rayatwari*—State lands leased to cultivators for a fixed term. A form of tenure in which the settlement of revenue is made by Government with each individual occupant or cultivator of the land for a given term, without the intervention of a third party.
- Sabai grass* (*Ischaemum Augustifolium*)—A fibre plant.
- Sank-ahu* (*Pachyrhizus angulatus*)—A root crop.
- Sapodilla* (*Achras Sapota*)—A fruit.
- Sebestan* (*Cordia Myza*)—A fruit.
- Shanbóg* (Coorg)—A village accountant appointed by Government.
- Shrotriem* (Madras)—Village held on grant (originally to Brahmins), wholly or partially revenue-free.
- Siris tree or vagai* (*Albizzia Lebbek*)—A non-food crop.
- Sorrell* (*Rumex vesicarius*)—A vegetable crop.
- Sother*—Radish.
- Swank* (*Panicum frumentaceum*)—A food grain.
- Tabukdari* (Bombay)—A form of proprietary right in force in the northern districts of Bombay.
- Tejpat* (*Cinnamomum Tamala* and *C. obtusifolium*)—A spice.
- Thattan payara* (see Barbati).

APPENDIX A—*concluded*VERNACULAR TERMS USED IN VOLUME I OF INDIAN AGRICULTURAL  
STATISTICS—*concluded*

*Thattan payara* (see *Barbati*).

*Thekadar* (Central Provinces)—A farmer, a leaseholder, a middleman ; one who receives the rents from the cultivators and pays stipulated sum to the proprietor.

*Theke grass* (*Imperata arundinacea*)—A Small perennial grass used chiefly for thatching purposes.

*Til* (*Sesamum indicum*)—An oilseed.

*Uchhte* (*Momordica muricata*)—A vegetable crop.

*Udai* (*Acacia eburnea*)—A thorny tree used as fuel or for fencing purposes.

*Udhad-jamabandi* (Bombay)—A proprietary tenure subject to fixed assessment.

*Umbli* (Coorg)—Lands granted on reduced rates to individuals on account of services rendered to the State by themselves or their ancestors.

*Unda* (*Pongamia glabra*)—An oilseed.

*Urad* (*Phaseolus radiatus*)—Black gram.

*Wudahu or barti* (*Panicum flavidum*)—A food grain.

*Zamindar*—The holder of an estate on a fixed assessment under a deed of permanent ownership granted by Government.

———(Central Provinces)—A chief of minor importance who, while usually holding a large and compact estate on privileged tenure, has been restricted to the rank of an ordinary subject.

*Zamindari*—An estate held on a fixed assessment under a deed of permanent ownership granted by Government.

———(United Provinces)—An undivided estate held in joint tenure.

## APPENDIX B.

## ALPHABETICAL LIST OF CROPS CULTIVATED IN INDIA AND THEIR CLASSIFICATION IN TABLE IV

NAME OF CROP		Heads of classification in Table IV
English or Vernacular	Botanical	
Agasi, agati or avati . . . . .	<i>Sesbania grandiflora</i>	40. Fruits and Vegetables including root crops.
Agave . . . . .	<i>Agave spp.</i>	25. Fibres—others.
Ajmud or Randhuni . . . . .	<i>Carum Roxburghianum</i>	20. Condiments and Spices.
Ajwan or Bishop's weed . . . . .	<i>Carum Copticum</i>	37. Drugs and Narcotics—others.
Akurkura ( <i>see Chrysanthemum</i> ) . . . . .	.....	.....
Al ( <i>see Morinda</i> ) . . . . .	.....	.....
Aloes . . . . .	<i>Aloe vera</i>	37. Drugs and Narcotics—others.
Alya ( <i>see Cress</i> ) . . . . .	.....	.....
Amada or Mamidi allam . . . . .	<i>Curcuma Amada</i>	20. Condiments and Spices.
Amaranths . . . . .	<i>Amarantus</i>	41. Miscellaneous food crops.
Ampazham ( <i>see Plum</i> ) . . . . .	.....	.....
Anise seed . . . . .	<i>Pimpinella Anisum</i>	20. Condiments and Spices.
Apple, wood . . . . .	<i>Eronia elephantum</i>	40. Fruits and Vegetables including root crops.
„ Rose . . . . .	<i>Eugenia Jambos</i>	40. „ „ „
„ Custard . . . . .	<i>Anona squamosa</i> and <i>A. reticulata</i> .	40. „ „ „
Arecanut or Betelnut . . . . .	<i>Areca Catechu</i>	37. Drugs and Narcotics—others.
Arhar or pigeon pea . . . . .	<i>Cajanus indicus</i>	10. Other food grains, etc.
Arnatto or Arnotto . . . . .	<i>Bixa Orellana</i>	30. Dyes and Tanning Materials—others.
Arrowroot, West Indian . . . . .	<i>Maranta arundinacea</i>	41. Miscellaneous food crops.
„ Wild or East Indian . . . . .	<i>Curcuma angustifolia</i>	41. „ „ „
Artichoke . . . . .	<i>Cynara Scolymus</i> or <i>Centaureia Cardunculus</i> .	40. Fruits and Vegetables including root crops.
Arum (edible), Kachu or Kachalu . . . . .	<i>Colocasia Antiquorum</i>	40. „ „ „
Arunelli ( <i>see Gooseberry, country star</i> ) . . . . .	.....	.....
Bajra ( <i>see Millet</i> ) . . . . .	.....	.....
Barbati, Lobia, Jenugulu, Thattan-payara or Chowli (Asparagus) . . . . .	<i>Vigna Catjang</i>	10. Other food grains, etc.
Barley . . . . .	<i>Hordeum vulgare</i>	4. Barley.
Barti ( <i>see Wudalu</i> ) . . . . .	.....	.....
Basil, sweet . . . . .	<i>Ocimum Basilicum</i>	37. Drugs and Narcotics—others.
Beans—		
„ Sim . . . . .	<i>Canavalia sp.</i>	40. Fruits and Vegetables including root crops.
„ Sutri or Ghurush . . . . .	<i>Phaseolus calcaratus</i>	10. Other food grains, etc.
„ Asparagus ( <i>see Barbati</i> ) . . . . .	.....	.....
„ Cluster ( <i>see Vetch</i> ) . . . . .	.....	.....
„ French or Haricot . . . . .	<i>Phaseolus vulgaris</i>	10. Other food grains, etc.
„ Garden . . . . .	<i>Vicia Faba</i>	40. Fruits and Vegetables including root crops.
„ Goa . . . . .	<i>Psophocarpus tetragonolobus</i> .	40. „ „ „
„ Indian, Chikkudukayalu, Popat or Val . . . . .	<i>Dolichos Lablab</i>	10. Other food grains, etc.
„ Kidney, Moth or Kalpayaru . . . . .	<i>Phaseolus aconitifolius</i>	10. „ „ „
„ Lima . . . . .	„ <i>Lunatus</i>	10. „ „ „
„ Soy . . . . .	<i>Glycine hispida</i>	10. „ „ „
„ Sword or Makham Sim . . . . .	<i>Canavalia Ensiformis, C. gladiata</i> .	40. Fruits and Vegetables including root crops.
„ Velvet . . . . .	<i>Mueuna Pruriens</i>	40. „ „ „
Beetroot . . . . .	<i>Beta vulgaris</i>	40. „ „ „
Bel . . . . .	<i>Ægle Marmelos</i>	40. „ „ „
Betel nut ( <i>see Arecanut</i> ) . . . . .	.....	.....
„ vine . . . . .	<i>Piper Betle</i>	37. Drugs and Narcotics—others.

## ALPHABETICAL LIST OF CROPS—continued

NAME OF CROP		Heads of classification in Table IV
English or Vernacular	Botanical	
Oats	<i>Avena sativa</i>	39. Fodder crops.
Odamula (reeds)	<i>Ochlandra Rheedii</i>	42. Miscellaneous non-food crops.
Ol ( <i>see</i> Elephant foot)	.....	.....
Onion	<i>Allium Cepa</i>	40. Fruits and Vegetables including root crops.
Opium	<i>Papaver somniferum</i>	31. Opium.
Orache, garden ( <i>see</i> Spinach)	.....	.....
Oranges	<i>Citrus Aurantium</i>	40. Fruits and Vegetables including root crops.
Palm, Date	<i>Phoenix sylvestris</i>	22. Sugar—others.
„ Palmyra	<i>Borassus flabellifer</i>	22. „ „
Papay	<i>Carrica papaya</i>	40. Fruits and Vegetables including root crops.
Parvar or Patol	<i>Trichosanthes dioica</i>	40. „ „
Peach	<i>Prunus persica</i>	40. „ „
Peant ( <i>see</i> Groundnut)	.....	.....
Peas	<i>Pisum sativum</i> or <i>Pisum arvense.</i>	10. Other food grains, etc.
Pepper	<i>Piper</i> or <i>Caysicum</i>	20. Condiments and Spices.
„ Black	<i>Piper nigrum</i>	20. „ „
„ Long	<i>Piper longum</i>	20. „ „
Pigeon or bottle grass	<i>Setaria glauca</i>	10. Other food grains, etc.
„ pea ( <i>see</i> Arhar)	.....	.....
Pinnakottai, Ponna ( <i>see</i> Mast-wood)	.....	.....
Pine apple	<i>Ananas sativa</i>	40. Fruits and Vegetables including root crops.
Plantain	<i>Musa sapientum</i>	40. „ „
Plum, black, Jambo tree or Naval	<i>Eugenia Jambolana</i>	40. „ „
„ Hog, or Ampazham	<i>Spondias mangifera</i>	40. „ „
Poi ( <i>see</i> Spinach)	.....	.....
Pomegranate	<i>Punica granatum</i>	40. Fruits and Vegetables including root crops.
Pomelo	<i>Citrus decumana</i>	40. „ „
Ponnagantikura	<i>Alternanthera sessilis</i>	40. „ „
Potato	<i>Solanum tuberosum</i>	40. „ „
„ Sweet	<i>Ipomoea Batatas, Batatas edulis.</i>	40. „ „
Pudina ( <i>see</i> Mint)	.....	.....
Puliyavara	<i>Oxalis corniculata</i>	40. Fruits and Vegetables including root crops.
Pumpkin	<i>Cucurbita pepo</i>	40. „ „
„ Melon ( <i>see</i> Gourd red)	.....	.....
Purslane	<i>Portulaca Oleracea</i>	40. Fruits and Vegetables including root crops.
Radish or Souther	<i>Raphanus sativus</i>	40. „ „
Ragi ( <i>see</i> Millet)	.....	.....
Randhuni ( <i>see</i> Ajmud)	.....	.....
Rapeseed	<i>Brassica sp.</i>	14. Rape and Mustard.
Raspberry	<i>Rubus lasiocarpus</i>	40. Fruits and Vegetables including root crops.
Rhea	<i>Boehmeria niva</i>	25. Fibres—others.
Rice	<i>Oryza sativa</i>	2. Rice.
Rose apple ( <i>see</i> Apple)	.....	.....
Roselle	<i>Hibiscus sabdariffa</i>	40. Fruits and Vegetables including root crops.
Rubber (India)	<i>Hevea brasiliensis, Manihot Glaziovii.</i>	42. Miscellaneous non-food crops.
Sabai grass	<i>Ischcemum angustifolium.</i>	25. Fibres—other.
Safflower	<i>Carthamus tinctorius</i>	18. Oilseeds—others.

**APPENDIX B—continued**  
**ALPHABETICAL LIST OF CROPS—continued**

NAME OF CROP		Heads of classification in Table IV
English or Vernacular	Botanical	
Saffron	<i>Crocus sativus</i>	30. Dyes and Tanning Materials—others.
Sage	<i>Salvia officinalis</i>	20. Condiments and Spices.
Sam tree or Chaplash	<i>Artocarpus Chaplasha</i>	42. Miscellaneous non-food crops.
Sank-alu	<i>Pachyrhizus angulatus</i>	40. Fruits and Vegetables including root crops.
Sapodilla	<i>Achras Sapota</i>	40. " " "
Sawan (see Swank)		
Sebestan	<i>Cordia myxa</i>	40. Fruits and Vegetables including root crops.
Senna	<i>Cassia angustifolia</i> and <i>C. ovata</i> .	37. Drugs and Narcotics—others.
Sesamum, til or jinjili	<i>Sesamum indicum</i>	13. Sesamum.
Shahjira (see Caraway, black)		
Shama (see Swank)		
Singhara or water caltrop	<i>Trapa bispinosa</i>	40. Fruits and Vegetables including root crops.
Siris tree or vagai	<i>Albizia Lebbek</i>	42. Miscellaneous non-food crops.
Sisal hemp (see Hemp)		
Soapnut or Kumkudu-Kaya	<i>Sapindus trifoliatus</i>	42. Miscellaneous non food crops.
Sorguja (see Niger seed)		
Sorrel	<i>Rumex vesicarius</i>	40. Fruits and Vegetables including root crops.
Sother (see Radish)		
Sowa (see Dill)		
Soy bean (see Bean)		
Spelt wheat (see Wheat)		
Spinach	<i>Spinacea oleracea</i>	40. Fruits and Vegetables including root crops.
" Indian or poi	<i>Basella alba</i>	40. " " "
" Mountain, or Garden Orach	<i>Atriplex hortensis</i>	40. " " "
Strawberry	<i>Fragaria vesca</i>	40. " " "
Sugarcane	<i>Saccharum officinarum</i>	21. Sugarcane.
Sunflower	<i>Helianthus Annuus</i>	18. Oilseeds—others.
Swallow-wort	<i>Calotropis sp.</i>	25. Fibres—others.
Swank, Sawan, or Shama	<i>Panicum frumentaceum</i>	10. Other food grains, etc.
Sweet flag	<i>Acorus Calamus</i>	37. Drugs and Narcotics—others.
Sweet potato (see Potato)		
Tamarind	<i>Tamarindus indica</i>	20. Condiments and Spices.
" Manila	<i>Pithecolobium dulce</i>	40. Fruits and Vegetables including root crops.
Taramira	<i>Eruca sativa</i>	14. Rape and Mustard.
Tea	<i>Camelia Thea</i>	33. Tea.
Tejpat	<i>Cinnamomum Tamala</i> and <i>C. obtusifolium</i> .	20. Condiments and Spices.
Tepari (see Gooseberry)		
Thattan-payara (see Barbati)		
Thetke (grass)	<i>Imperata arundinacea</i>	42. Miscellaneous non-food crops.
Til (see Sesamum)		
Tobacco	<i>Nicotiana Tabacum</i> and <i>N. Rustica</i> .	34. Tobacco.
Tomato	<i>Lycopersicum esculentum</i> .	40. Fruits and Vegetables including root crops.
Tori, Toria	<i>Brassica Napus</i>	14. Rape and Mustard.
Turmeric	<i>Curcuma longa</i>	20. Condiments and Spices.
