

Report on Municipal Taxation and Expenditure in the Bombay Presidency including Sind for the year 1927-28.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P. 55.

Bombay Castle, 13th December 1929.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the Municipalities and notified areas in the Bombay Presidency for the year 1927-28.

RESOLUTION.

PART I—SUMMARY.

Number and Area.—The number of municipalities in the Bombay Presidency including Sind was 156 as in the previous year. The municipality at Vambori in the Ahmednagar District was abolished with effect from the 1st April 1927 and a new municipality was established at Manmad in the Nasik District with effect from the 1st January 1928. The numbers of notified areas in the various divisions of the Presidency proper, exclusive of those which merely exist for the control of buildings and do not levy taxes, were eight in the Bombay Suburban Division, one in the Central Division and four in the Southern Division. The establishment of three more municipalities in place of the existing notified area committees at Andheri, Vile Parle and Santa Cruz has, during the year, been administratively approved by Government. The changes are expected to come into operation during the year 1929-30.

2. *Change in the population and boundaries.*—There has been no appreciable change in the population resident in the municipal districts in the year under review. The total was 26,82,553. The municipal limits of Kapadvanj in the Northern Division, of Jalgaon, Malegaon and Sholapur in the Central Division and of Larkana in Sind were slightly altered during the year.

3. *Constitution of Municipalities.*—The terms of the municipal boroughs of Ahmedabad, Broach and Surat in the Northern Division expired during the year and the new boards came into office with the revised constitution in accordance with the provisions of the Bombay City Municipalities Act, 1925. Triennial elections were also held in the municipalities of Umreth, Anand, Borsad, Dakor, Mehmedabad, Kaira and Nadiad. By-elections due to death, resignation or disqualification of councillors occurred at Nadiad, Kapadvanj, Godhra, Thana and Bassein. The rules regarding the reconstitution of the Nadiad and Thana municipal boroughs were amended with a view to bring them into conformity with the provisions of the Act XVIII of 1925. The new arrangement will come into force at the time of the next general elections.

In the Bombay Suburban Division there was no change in the constitution of the municipalities.

In the Central Division triennial elections were held during the year in the municipalities of Ahmednagar, Jalgaon, Bhusawal, Dharangaon, Dhulia, Nasik, Manmad, Trimbak, Indapur, Sirur, Jejuri, Baramati, Lonavla, Poona Suburban and Sangola. The term of office of the Poona City Municipality was due to expire on the 31st March 1928, but owing to failure to observe the rules in the preparation of the electoral roll, the roll had to be prepared afresh and hence the term was extended to 15th August 1928. By-elections owing to death, resignation or disqualification of councillors were held at Bhusawal, Raver, Shirpur, Sindkheda, Shahada, Sinnar, Talegaon-Dabhade, Indapur, Poona City, Karad, Wai, Satara City

and Sangola. At Shirpur as no candidate came forward for the vacancy which occurred on account of the resignation of a Muhammadan councillor, no by-election was held and the vacancy was filled by nomination under section 10 (2) of the Bombay District Municipal Act, 1901.

In the Southern Division triennial elections were held at Saundatti-Yellamma, Matheran, Ratnagiri, Malvan and in all municipalities in Dharwar and Kanara districts except Hubli and Kumta. The elections were generally keenly contested. In Byadgi the voters' lists were manipulated by the President and the Returning Officer so as to secure a majority of their own party on the board. The matter is under the consideration of Government. In Ratnagiri an application to set aside the election of a councillor was dismissed by the Court. By-elections were held at Gokak, Bail Hongal, Belgaum, Athni, Ilkal, Hubli, Alibag, Pen, Roha, Uran and Chiplun. The constitution of the municipal boroughs was slightly modified by the addition of a separate constituency for the depressed classes in accordance with the provisions of the Bombay City Municipalities Act, 1925. The terms of office of the councillors of the Dharwar and Gadag-Betgeri municipal boroughs were extended in order to enable the boroughs to hold their elections under the Act XVIII of 1925.

In Sind the constitution of the municipalities remained unchanged.

4. *Attendance at Municipal Meetings.*—The number of meetings held was 3,783 against 3,854 in the previous year. The average attendance of members throughout the Presidency fell from 59.55 in the previous year to 50.3 per cent. in the year under report. Instances of failure to attend two-thirds of the total number of meetings were common.

5. *Changes in the system of taxation—House tax.*—There was no important change in this direction. Saundatti-Yellamma and Ghatkopar-Kirol municipalities revised their house-tax schedules and Matheran brought into force its revised tax on houses and lands. The report of the Bijapur municipality regarding the revision of the house tax assessment lists is still awaited, though it is now nearly three years since the matter was first brought to its notice.

Octroi.—The octroi schedules of the Manjhand, Matiari, Hala and Shahdadpur municipalities in Sind were slightly revised during the year.

Terminal Tax.—Terminal tax in place of octroi was introduced in Bulsar and Tando Adam. Broach, Kalyan, Kumta, Vengurla, Karad, Kotri and Larkana have re-modelled their terminal tax schedules. The Kalyan municipality reduced the rates of terminal tax on rice and cloth by about 50 and 25 per cent., respectively, on complaints from the Bhiwandi merchants that the tax operated as a mere transit-duty on goods intended for Bhiwandi.

Water rate.—The Ahmednagar and Poona City municipalities revised their water rates. The Matheran municipality brought into force its revised water rate.

Sanitary Cess.—Viramgaon, Ghatkopar-Kirol, Poona City, Ratnagiri and Uran have taken action to revise their schedules of special and general sanitary cess. The levy of a special sanitary cess by Bagalkot was sanctioned during the year.

Conveyance tax and tolls.—There is a disposition to impose toll and wheel tax in new areas and to increase the rates of levy of these taxes where they are already in existence.

Miscellaneous taxes.—The increase in the rate of pilgrim tax from one anna to one anna and a half at the station naka of the Dakor municipality was sanctioned during the year. Rules for the levy of a tax on dramas, cinemas, etc., were introduced by Gadag-Betgeri. The municipality's proposal to levy a tax on tea-shops, hotels, etc., was approved. Ranebennur has imposed a similar tax. The rates of dog tax were revised in Matheran.

6. *Municipal income.*—During the year under report the aggregate gross income of the municipalities increased from Rs. 339 lakhs to Rs. 378 lakhs. Deducting receipts under "Extraordinary and Debt" the net income amounted to Rs. 231 lakhs against Rs. 236 lakhs in the previous year. The decrease of 5 lakhs was mainly under the head "Miscellaneous."

There was an increase of Rs. 5.50 lakhs under "Rates and Taxes" and of Rs. 1 lakh under "Revenue derived from municipal property and powers apart from taxation."

7. *Octroi and Terminal tax receipts.*—Under this head there has been an increase of Rs. 2,13,000, which is shared by Sind and all the Divisions except the Southern Division which showed a decrease of Rs. 30,000. Of this increase as much as Rs. 1 lakh occurred in the Northern Division, Ahmedabad alone contributing Rs. 63,000. The increase in Sind and in the Central Division was Rs. 94,000 and Rs. 44,000, respectively. The increase was mainly on account of terminal tax and was due to improvement in trade conditions.

8. *Taxes on houses and lands.*—The receipts under this head showed an increase of Rs. 1,18,000. The decrease in the Southern Division amounted to Rs. 10,000 while in Sind and in the Central and Bombay Suburban Divisions the figures showed increases of Rs. 57,000, 41,000 and 29,000, respectively. The increase was due mainly to the assessment of new buildings and to better recovery of arrears.

9. *Water rates.*—The largest portion of the increase of Rs. 84,000 under this head was contributed by the Northern Division. The Ahmedabad municipality alone accounted for an increase of Rs. 71,000, the enhanced income being due to the general revision of valuation and also to a reduction in the rate of rebate from one-sixth to one-tenth under the Bombay City Municipalities Act, 1925. The Central Division also showed an increase of Rs. 32,000. These increases were set off by decreases in the Bombay Suburban Division, in the Southern Division and in Sind.

10. *Recovery of dues.*—There was no appreciable change in the total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year 1927-28. The arrears amounted to nearly 16 lakhs which was the figure for the year 1926-27. Inefficiency on the part of the staff employed on collection work and lack of energetic supervision were to a great extent responsible for the heavy arrears.

In the Northern Division Sanand, Umreth, Dakor, Godhra, Thanā and Kalyan have been responsible for large amounts of municipal dues in arrears.

In the Bombay Suburban Division the arrears were heaviest in the Kurla municipality where they amounted to Rs. 2,32,126, which represent nearly one year's current demand from taxation.

In the Central Division out of the total demand of Rs. 22,53,899, the outstandings at the end of the year amounted to Rs. 3,20,910, *i.e.*, 14 per cent. of the total. The major portion of these arrears is on account of house tax, the percentage of which to the total arrears is 48.4 per cent. The heaviest arrears were in Yawal (44 per cent.), Saswad (56 per cent.), Jejuri (63 per cent.), Sirur (61 per cent.), Mhaswad (35 per cent.), Ashta (38 per cent.), Sangola (37 per cent.), and Indapur (71 per cent.).

In the Southern Division, the heaviest arrears were in Athni (32.85 per cent.), Nargund (58.2 per cent.), Navalgund (34.2 per cent.), Dharwar (29.8 per cent.), Gadag-Betgeri (27.7 per cent.), Malwan (42.39 per cent.).

In Sind, the total outstandings amounted to Rs. 2,03,000, Karachi alone being responsible for arrears of Rs. 1,60,000.

In paragraph 26 of Government Resolution no. P. 55, dated the 3rd October 1927, reviewing the reports on the working of the municipalities in the Bombay Presidency including Sind for the year 1925-26, the Commissioners were requested to send a consolidated list for their Divisions to Government giving the names of the councillors of the various municipalities who were in arrears in regard to the payment of their municipal dues, the amount due from them and the dates from which they have been outstanding. It was stated that these details should be published in a Press Note by Government with their remarks so that the fear of publicity might have the desired effect on gentlemen who did not hesitate to use their local influence as municipal councillors to secure special immunities for themselves. Statements* showing the names of councillors who were in arrears of

*Vide Appendix I.

the municipal dues on the 31st March 1928, are appended. So long as the councillors themselves do not realise their civic responsibility and set a bad example to others by remaining in arrears, there is little hope of the general tax payer being alert in discharging his own liabilities without coercive measures. It is very disappointing to find from the statements that the Executive of the borough municipalities concerned have failed to make use of the provisions of section 28 (1) (e) of the City Municipalities Act, 1925, for if special notice had been served on the defaulting councillors, they would either have not continued to be in arrears or they would have been disqualified from continuing to be members. The only inference that can be drawn is that either the executive is too lax or weak to take effective action against the councillors.

11. *Revenue derived from municipal property.*—Under this head there was a decrease of Rs. 87,000. Of this decrease as much as Rs. 1,46,000 has been shown by Sind. The Southern Division also showed a decrease of Rs. 33,000, which is partly balanced by the increase of Rs. 50,000, 24,000 and Rs. 17,000 in the Central, Bombay Suburban and Northern Divisions, respectively. In Sind a large decrease was recorded in Karachi and Hyderabad and was due to absence of demand for building land.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors and for educational purposes, were Rs. 28,01,245 against Rs. 28,46,619 in the previous year. Sind and the Northern Division showed an increase of Rs. 78,000 and Rs. 13,000, respectively. This increase was counter-balanced by a decrease of Rs. 31,000, Rs. 44,000 and Rs. 60,000 in the Bombay Suburban, Central and Southern Divisions. The net decrease of Rs. 45,000 was due to the fact that educational grants hitherto given to municipal bodies were paid directly to the District Local Boards in consequence of the transfer of control of primary education to the latter bodies under the Primary Education Act, 1923.

13. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,31,26,000, Rs. 1,55,93,000 were realised from municipal rates and taxes compared with Rs. 1,50,50,000 in the preceding year, direct taxation yielding Rs. 94,31,000 or 60·65 per cent. and indirect taxation Rs. 61,62,000 or 39·45 per cent. The corresponding percentages in the previous year were nearly the same. The average incidence of taxation per head of population increased from Rs. 5-9-10 to Rs. 5-13-0. On the other hand the total income from all sources per head of population fell from Rs. 8-12-10 to Rs. 8-9-11.

14. *Working of Octroi and Terminal tax systems.*—In the Northern Division seven municipalities, *viz.*, Viramgam, Dholka, Ranpur, Gogho, Surat, Thana and Bassein continued to levy octroi. Seventeen municipalities elected to substitute terminal tax while five municipalities, *viz.*, Modasa, Borsad, Dakor, Kapadvanj and Rander have abstained from availing themselves of either of these systems of taxation. Out of the gross receipts of Rs. 4,06,459 from octroi during the year, a sum of Rs. 36,507 was granted as refunds as against Rs. 51,809 in the previous year.

In the Bombay Suburban Division, octroi is not imposed. Terminal tax is levied by the Bandra municipality and the income derived from this tax was Rs. 86,700 against Rs. 83,200 in the previous year, the increase being due to increased importation of livestock as well as other taxable articles by road.

In the Central Division the octroi system was in vogue in 34 municipalities while eight municipalities, *viz.*, Ahmednagar, Jalgaon, Raver, Dharangaon, Amalner, Chalisgaon, Dhulia and Nandgaon preferred a terminal tax. The collection from octroi amounted to Rs. 14,67,789, the net income being Rs. 12,92,354, the percentage of refunds being 11·2 against 7·58 of last year; the corresponding amount for the Southern Division was

Rs. 5,44,000 of which Rs. 18,000 were refunded, the percentage of refunds being 3.3 per cent. as compared with 4.9 per cent. in the previous year. Octroi system is in force in all municipalities with the exception of Dharwar, Hubli, Haveri, Byadgi, Kumta, Roha, Chiplun and Vengurla, which levy a terminal tax.

In Sind the system of imposing a terminal tax remained in force in the Karachi, Tatta, Keti Bunder, Kotri, Sukkur, Shikarpur, Garhi-Yasin, Ghotki, Larkana, Kambar, Mirpurkhas, Umerkot, Jacobabad and Tando Adam municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 362 lakhs as against Rs. 343½ lakhs in the previous year. Excluding the items of "Extraordinary and Debt" the expenditure amounted to Rs. 260¼ lakhs against Rs. 255½ lakhs of the previous year. The increase in the ordinary expenditure was, therefore, Rs. 4¾ lakhs.

16. *Water supply.*—The expenditure on water supply decreased by about Rs. four lakhs mainly under "Capital Outlay," Sind, Southern Division, and Bombay Suburban Division being responsible for a decrease of about Rs. 6¼ lakhs, Rs. 30,000 and Rs. 54,000, respectively. The decrease was counterbalanced by an increase of Rs. 2,06,000 and Rs. 40,000 in the Northern and Central Divisions, respectively. The decrease in Sind was mainly contributed by the Karachi municipality, where it amounted to Rs. 6,01,000 and was due to the construction of a new conduit and well at a cost of Rs. five lakhs and to enhanced expenditure on water supply arrangements in the preceding year. In the Northern Division the increase was due to a larger amount spent by the Ahmedabad municipality in carrying out its water supply project during the year under report.

17. *Financial working of water supply installations.*—In the Northern Division the income of the Ahmedabad municipality from water rates increased from Rs. 11,46,134 in the previous year to Rs. 12,17,685 in the year under report, of which Rs. 9,45,460 were derived from the direct sale of water and Rs. 2,72,225 from the general water rate. The expenditure including interest, sinking fund instalment and depreciation charges amounted to Rs. 4,00,185 against Rs. 3,54,050 in the previous year. The working of the water supply installation at Surat showed a net profit of Rs. 85,621 against Rs. 49,356 in the preceding year. Rander, Thana and Bhiwandi municipalities realised net profits of Rs. 1,492, Rs. 14,376 and Rs. 1,659, respectively, from their water supply schemes.

In the Bombay Suburban Division none of the municipalities own an independent water supply system. Bandra and Kurla municipalities obtain their water supply from the Development Department at the rate of annas 7 per 1,000 gallons.

In the Central Division the Dhulia, Trimbak and Satara City Water Works showed a profit while the Ahmednagar, Jalgaon, Vita and Nasik Water Works showed a loss. In the case of the Jalgaon municipality the water works are self-supporting, but the expenditure incurred during the year for the Girna Water Supply Works, which are yet in progress, resulted in a loss of about Rs. 2,000.

In the Southern Division the water works at Bijapur, Dharwar, Alibag, Roha, Matheran and Panvel worked at a loss. At Hubli the water supply accounts showed a profit of Rs. 5,588. Pen also showed a profit.

In Sind the water supply accounts of the Hyderabad municipality showed a total revenue of Rs. 1,58,000 and an expenditure of Rs. 1,16,000, leaving a closing balance of Rs. 42,000. In Sukkur, the revenue amounted to Rs. 84,000 and the expenditure to Rs. 69,000. A sum of Rs. 23,000 was derived from the direct sale of water.

18. *Drainage.*—The expenditure under this head for the year under report was Rs. 21,48,000 against Rs. 18,62,000 in the previous year, Sind

alone being responsible for an increase of Rs. 6,80,000 due to an expenditure of about Rs. 7 lakhs incurred by the Karachi municipality on a new drainage scheme. This increase was counterbalanced by a decrease in the expenditure in all the Divisions.

In the Northern Division the decrease of Rs. 1,06,000 was chiefly due to a smaller amount spent by the Ahmedabad municipality upon its drainage project during the year. No works were carried out in the Bombay Suburban Division.

In the Central Division there was a net decrease of Rs. 2,60,400 under this head, which was mainly due to less expenditure on works in connection with the Poona Drainage Improvement Scheme during the year. Jalgaon, Parola, Chopda, Dharangaon, Erandol, Ahmednagar and Nasik municipalities spent sums in constructing drains and gutters.

In the Southern Division the expenditure decreased by Rs. 5,000, Dharwar and Bijapur Districts being responsible for a decrease of Rs. 35,000 and Rs. 5,000, respectively. This decrease was counterbalanced by an increase of Rs. 37,000 in the Belgaum District.

19. *Consercancy.*—The expenditure under this head for the year under report was Rs. 33,58,000 against Rs. 32,84,000 in the previous year. This increase was contributed by Sind, Central and Bombay Suburban Divisions. Northern and Southern Divisions showed a decrease of Rs. 42,000 and Rs. 19,000, respectively. The expenditure represents—

- (1) the cost of construction of new latrines, gutters, etc.,
- (2) cost of new staff employed and increments in pay to staff,
- (3) purchase of motor lorries, dust bins and other requirements.

20. *Road expenditure and appropriation of wheel tax and road tolls for that purpose.*—The expenditure incurred under this head amounted to Rs. 23,79,000 against Rs. 23,34,000 in the previous year. The Central Division contributed about Rs. 1 lakh to the general increase while the Northern and Southern Divisions showed a decrease of Rs. 35,000 and Rs. 25,000, respectively. Variations in Sind and in the Bombay Suburban Division were insignificant. Several municipalities still persist in disregarding the rule that the whole of the net receipts from wheel tax and road tolls after making allowance for the cost of collection and one-third expenditure on watering roads should be expended on road repairs and road construction. In the Northern Division Dhandhuka, Gogho, Ankleshwar, Rander, Bulsar and Bassein Municipalities have made default in this respect. Rander, and Bassein again figured as the worst offenders. In the Central Division the majority of the municipalities spent more on their roads than their income from wheel and toll taxes—exceptions being Sangamner, Nandurbar, Shahada, Taloda, Sindkheda, Trimbak, Bhagur, Islampur, Karad, Satara City, Tasgaon, Barsi, Sangola, Saswad, Jejuri, Baramati, Indapur, Sirur, Talegaon-Dabhade, Alandi and Junnar.

In the Southern Division municipalities in general have recognised the importance of the rule and have spent more on their roads than the income derived from these sources. In Sind the Tatta, Garhi-Yasin, Kambar, Ratodero, Bubak, Umarnkot and Jacobabad municipalities failed to spend fully the income which accrued during the year from the levy of wheel tax and road tolls.

In the Northern Division no progress is reported to have been made by any of the municipalities in prescribing the regular lines of streets during the year. In the Bombay Suburban Division the Bandra municipality made progress in acquiring four set back lines on different roads. The Kurla and Ghatkopar-Kirol failed to take any action in the matter.

In the Central Division with the exception of Dhulia, Nandurbar, Nasik, Igatpuri, Sholapur, practically no progress was made.

In the Southern Division Haveri aligned a good number of streets; Matheran has aligned all its roads. During the City survey of the town the regular line of the main street was prescribed in Panvel. Dharwar took

action in respect of one street only. No action was taken by any other municipality in this Division.

In Sind, Karachi and Hyderabad prescribed regular street alignments. No action in this direction appears to have been taken by Garhi-Yasin and Rohri. The Jacobabad municipality promised to comply with the provisions of section 91-A of the Bombay District Municipal Act on receipt of the City survey map but failed to take any action although the map was received long ago.

21. *Public Instruction.*—The total expenditure under this head amounted to Rs. 50,44,000 against Rs. 45,96,000 in the preceding year. In the Northern Division the increase of Rs. 3,04,000 under this head was shared mainly by the municipalities of Ahmedabad, Surat, Broach and Kalyan. The increase of about Rs. 2 lakhs at Ahmedabad was mainly due to the construction of new schools. Broach showed the increase on account of the introduction of compulsory primary education. Kalyan was responsible for an increase of Rs. 26,000 due to the transfer of the control of primary education from the District Local Board to the Municipality.

In the Central Division the increase of Rs. 37,000 was shared by the municipalities in the districts of Ahmednagar, Nasik, Poona and Satara. In the Southern Division as a result of the transfer of the control of primary schools to the District Local Boards a decrease of Rs. 66,000 was recorded and was shared in by all Districts except Dharwar and Kanara. The figure for Sind has risen by Rs. 1,59,000, the increase mainly being distributed among the Karachi, Hyderabad, Sukkur and Shikarpur municipalities. The Bombay Suburban Division was responsible for an increase of Rs. 14,000 due to increased expenditure in Bandra and Kurla municipalities.

22. *Closing Balance.*—The year's working resulted in an increase of Rs. 17,70,000 in the total closing balances. Sind and the Central Division were responsible for increases of Rs. 16,04,000 and Rs. 1,95,000, respectively, while the Northern and Bombay Suburban Divisions showed decreases of Rs. 17,000 and Rs. 11,000, respectively. In the Southern Division, the total closing balance was practically the same as last year, *viz.*, Rs. 7,90,000. The aggregate closing balance of all the municipalities in the Presidency including Sind amounted to Rs. 1,31,62,000 against Rs. 1,13,92,000 in the preceding year. In Sind the total income rose by Rs. 16,86,000 and the total expenditure fell by Rs. 1,45,000. The actual balance excluding deposits amounted to Rs. 90.05 lakhs, of which Rs. 73.94 lakhs appertain to the Karachi municipality.

23. *Audit of Accounts.*—The Accountant General's Local Audit Department audited the accounts of all the municipalities in the Presidency including Sind during the year under review with the exception of Borsad, Belgaum, Guledgud, Byadgi, Sirsi, Fen, Ratnagiri, and two municipalities in Sind. The principal defects noticed in audit were (1) unsatisfactory finances, (2) heavy arrears, (3) arrears due from councillors, (4) disregard to rate-payers' interest, and (5) delay in disposal of audit notes. These have been common and persistent in the case of the majority of the municipal towns. Several irregularities were brought to light and methods of improvement suggested but compliance with the suggestions is always slow. The duty of seeing whether adequate action is taken on the audit notes has now been imposed on the Commissioners and District Officers. Government hope that the new system will be effective in stimulating the local bodies to be prompter in the disposal of the audit notes and objections. In the Northern Division serious irregularities were brought to light in the case of the Ahmedabad, Dholka, Modasa, Anand, Dakor, Nadiad and Godhra municipalities. In the Central Division the Karad municipality was asked to take strong measures for the recovery of arrears which were heavy. Owing to maladministration the municipalities of Indapur and Saswad in the Poona District were recently superseded by Government. Mainly as a result of the negligence of the executive the Poona Suburban municipality lost a large amount of interest by not re-investing at the proper time the monies due from expired securities and

deposits. In the Southern Division the audit of accounts in Bijapur, Panvel, Uran, Karwar, Bhatkal and Vengurla disclosed irregularities both in the administration of finances and in the maintenance of accounts. The state of affairs in Dharwar does not appear to have been so deplorable as at the last audit though the collection department still left much to be desired. In Sind the Examiner brought to notice large arrears in the case of three municipalities, *viz.*, Kotri, Tando Allahyar and Tando Adam.

24. *Grants for sanitary and town-improvement schemes.*—As usual a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, good roads, hygienic school buildings with adequate play grounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., are reported to be the pressing and general needs of the municipalities. Government have hitherto, so far as the state of their finances permitted, assisted these bodies towards the attainment of the more important requirements by granting loans and grants-in-aid. The grants made during the year were:—

Municipality	Purpose	Amount of grant-in-aid Rs.
Kapadvanj	Water supply	53,649
Surat	Water supply	12,000
Poona City	Drainage	2,03,574
Jalgaon	Water supply	60,000
Pandharpur	Drainage	12,096
Matheran	Water supply	18,021
Mahableshwar	Water supply	9,300
Karachi	Water supply	25,000
Tando Adam	Drainage	17,716

PART II.—REMARKS REGARDING THE PRINCIPAL MUNICIPALITIES.

25. *Ahmedabad.*—Government are pleased to note that the Ahmedabad municipality continued to carry out improvements in water supply and drainage. The rise of the figure of arrears of collection of taxes is regrettable and Government hope that the municipality will take vigorous measures to collect them. The fact that no arrears of taxes were due from any municipal councillor is satisfactory. There was a marked improvement in public health as the total number of deaths decreased from 13,339 to 11,356 and the rate of infant mortality dropped from 425.9 to 300.99 per thousand.

Surat.—Government note with regret that the arrears of municipal taxes continued to be heavy and that the efforts at collecting them by the employment of a special staff failed. They hope that the new municipal board will take immediate steps to remedy the defects in the rules and will make vigorous efforts to collect the arrears by resorting freely to the coercive processes provided by law.

It is satisfactory to note that there is a distinct improvement in public health. Government trust that the municipality will continue to make further progress in this direction. They agree with the Commissioner that it is desirable that the municipality should adopt an energetic policy in connection with the maintenance of the roads. It is regrettable that the roads should have been allowed to fall into such a disgraceful condition as has been reported.

Want of harmony between the municipality and its school board continued to hamper progress in primary education. Government trust that the new board with its newly elected President will strive to establish harmonious relations with its school board.

Poona.—The administration of the Poona City municipality was fairly satisfactory. In spite of the fact that the municipality were asked by Government to take effective measures to make speedy recoveries of the large arrears at the end of the year 1926-27, the arrears at the end of the year 1927-28 increased and amounted to Rs. 94,000 of which Rs. 40,500 were on account of the previous year. The continuance of heavy arrears discloses a

regrettable lack of efficiency in the collection staff and the municipality would be well advised if it overhauls its machinery and sees that the fullest use is made of the powers under sections 104-106 of the Bombay City Municipalities Act, 1925. It is satisfactory to learn that the municipality is taking steps to improve the registration of births.

Karachi.—The municipality is making reasonably rapid advance with its important water, drainage and other sanitary schemes. At the same time it is becoming increasingly clear that with the provision of these additional necessities and amenities, new sources of revenue will have to be discovered. Government are of opinion that the municipality should consider seriously the advisability of taking steps to clarify and improve its financial position. The first step necessary appears to be the complete separation for all account purposes of revenue from capital items. The improvement in the average attendance of councillors at meetings is a satisfactory feature.

Hyderabad.—The satisfactory progress noticed in the previous year in the administration of the municipality was on the whole maintained. It is regrettable that the attendance at municipal meetings was not satisfactory. The fall in the death rate, particularly among children, shows that the health of the city is improving. However, Government agree with the Commissioner that an inadequate amount is being spent by the municipality generally on medical relief.

PART III.—GENERAL REMARKS.

A satisfactory feature regarding municipal administration is the increasing realisation on the part of the public of the importance of public health and the growing demand for such amenities as municipal water supply, drainage, conservancy and electric lighting. The list of municipal wants grows year by year but the public have not yet fully appreciated the fact that without an increase in taxation they cannot expect to realise these aspirations. The demand for modern amenities has already outrun the resources of most municipalities. Nevertheless, the total income (excluding debt services) is less by Rs. 4½ lakhs than that realised in the previous year. It is no doubt true that the Presidency is passing through a period of trade depression and that the taxable capacity of large classes of the public is not at present expanding. Nevertheless, it is the duty of the municipal councillors themselves to give a definite lead in initiating such measures as will unquestionably enure to the health and convenience of the public even though the consequent additions to taxation necessarily entail some measure of unpopularity temporarily. During the existing financial stringency the resources of Government available for aiding municipal schemes are limited but it is possible to undertake many schemes which can be made self-supporting from the outset and which the municipalities are in a position to finance by floating loans independently of Government. Government are always prepared to assist municipalities by the provision of expert technical and financial advice on such proposals.

It is an unfortunate fact that the administration of many municipalities has been marred by communal and party factions and that many municipal councillors do not exercise their functions with a single eye to the public interest. A reference has already been made to the number of such councillors who have abused their positions and set a bad example to the public by defaulting in the punctual payment of their municipal dues. The frequent adjournment of municipal meetings owing to lack of quorum is another distressing symptom of slackness on the part of the councillors. The attention of Government has also been drawn to the reluctance of several municipalities to make special services (for instance, in the matter of conservancy) self-supporting and their tendency to transfer burdens on this account from those classes which primarily reap the benefit of them to the general ratepayer. If municipalities were more strict in observing the orders of Government regarding the earmarking of the income from wheel-tax and road-tolls for the upkeep and improvement of municipal roads and of the sanitary cess for purposes for which it is levied, this state of affairs would not continue.

to escape the attention of the electorate. With the gradual growth of education it may be anticipated that a sense of civic consciousness among the general public will become more acute, and it is to be hoped that as time goes on, self-seeking councillors who obtain election from other motives than a desire to serve the town in which they live, will find it more difficult to secure election. The efficiency of many municipal services leaves much to be desired, and it is regretted that in the course of the year no general improvement has been observed.

By order of the Government of Bombay
(Transferred Departments),

R. B. EWBANK,
Secretary to Government.

Accompaniment to Government Resolution, General Department, no. P. 55,
dated 13th December 1929.

APPENDIX I.

List showing the names of the Municipal Councillors of the various Municipalities in the Presidency including Sind who were in arrears in the payment of their municipal dues at the close of the financial year 1927-28.

Name of the Municipality.	Name of Councillor.	Name of the Municipality.	Name of Councillor.
<i>Sind.</i>		<i>Northern Division</i> —contd.	
Karachi	K. S. Alidina. Mr. Bundali Mukhi Muhammad Lada. " Fakir Muhammad Durakhan. " Naraindas Anandji Bechar, M.L.C. " Muhammad Khan. Dr. G. T. Hingorani.	Ankleshwar	Mr. Chimanlal Nathabhai. " Hussein Khan Sujatkhan.
		Bulsar	Mr. Dharamdas Kausalyadas. " Fakribabi Ismail. " Gopalji Govindji. " Narotamdas Vanmalidas.
Tatta	Syed Piaralishah. Mr. Motumal. " Manghanmal. " Haji Inayatallah. " Rupchand.	Surat	Mr. Manchbaram Ranchhoddas as Vahivatdar of the firm of Patel Ranchhodas Hargovandas. " Mohmed Kadar Shaikh.
Sukkur	Mr. Abdul Hamid Khan. R. S. Bhagchand Tecomal. Agha Husseinalikhan.	Bassein	Mr. Damodar Laxman Purandare.
Robri	Mr. Hassanand Hemraj. " Chimanadas Bulchand. " Dewandas Laldas. Seth Chandiram Verhomal. Mr. Chandiram Jethanand. Khalifo Bakhtallah. Kazi Ali Hyder Ali Muhammad.	Bhiwandi	Mr. Tayab Karimbakas. " Baliram Rambhaushet Shete.
Larkana	Mian Muhammad Shah Nadir Shah. Mr. Muhammad Ayub Khuro, M.L.C. Serai Ali Muradkhan.	Kaiyan	Mr. Shankerrao Jaysaramrao Zunzar- rao, M.L.C. " Abdul Gaffur Gulam Sahib Don. " M. B. Kazi, Vahivatdar, Maho- medan Jamat. " Mahomed Gulam Husein Mirsinge. " Gulab Balaram Teli. " Abdul Gaffur Abdul Rahiman Najya.

* Total of columns 63 (a)—63 (f) in Northern Division on pages 12-13.

† The incidence of taxation and income is columns 73 and 74 in calculated on census figures of 1921. The revenue from water is derived not only from the population of the Municipal District but also from the cantonment area, Military, Shipping in the harbour and the N. W. R. for conveyance of water outside Municipal limits. The population so served not being included in the census figures, the item of incidence of taxation per head of population is therefore misleading as it is calculated on a smaller population than which contributes to the revenue shown.

STATEMENT

Statement showing the Expenditure of the Municipalities in the

Name of Division and District	Serial Number of Municipality	Name of Municipality	General Administration and Collection Charge							Total
			General Administration (Office Establishment, Inspection, Honorary Magistrates' Establishment, etc.)	Collections of taxes, including bonded warehouses (establishment, purchase of account-books and paper, money-boxes, repairs to outposts, etc.)	Collection of tolls on roads and ferries	Survey of Land	Refunds (other than Outrot)	Pensions and Gratuities and General Provident Fund

* Besides this a sum of Rs. 32,735 was recovered as Terminal Tax on articles exported from Ahmednagar Railway Station and the incidence has been arrived at on the total receipts.

† The incidence of taxation is worked out on including export terminal tax on cotton bales, viz., Rs. 25,864. The incidence of taxation excluding export terminal tax on cotton bales is Rs. 1-5-5.

‡ The figures of gross and net imports under Classes IV, V, VII and VIII in respect of Nasik Municipality are given in maunds as the Municipality is unable to furnish them in rupees. In taking the totals of the figures of gross and net imports under these classes the figures of the Nasik Municipality which represent maunds have therefore been shown separately in maunds below the total of other Municipality.

STATEMENT No. IV

Statement showing the Quantity and Value of the Principal Articles imported into and taxed by the Bombay Municipality during the year ending 31st March 1928, the average consumption or expenditure per head and the incidence of taxation per head of population—as per census of 1921

	Division	1	
	District	2	
	Serial Number of Municipality	3	
	Name of Municipality	4	Bombay.	
	Population	5	1,175,914.	
GRAIN	(a) Gross Imports	6	Bengal Maunds 29,210,526.	
	(b) Gross amount of Tax collected	7	Rs. 8,42,105.	
	(c) Net Imports	8	Bengal Maunds 12,774,825.	
	(d) Net amount of Tax collected	9	Rs. 5,32,284.	
	(e) Net average consumption per head of Population	10	Bengal Maunds 10	Lbs. 70
SUGAR (REFINED)	(a) Gross Imports	11	Bengal Maunds 3,905,064.	
	(b) Gross amount of Tax collected	12	Rs. 14,39,532.	
	(c) Net Imports	13	Bengal Maunds 794,302.	
	(d) Net amount of Tax collected	14	Rs. 2,68,807.	
	(e) Net average consumption per head of Population	15	Bengal Maunds 0	Lbs. 51
SUGAR (UNREFINED)	(a) Gross Imports	16	Sugar is not differentiated as refined and unrefined in the accounts of this Municipality. The collections from this source are shown under the general head "Sugar".	
	(b) Gross amount of Tax collected	17	Do.	
	(c) Net Imports	18	Do.	
	(d) Net amount of Tax collected	19	Do.	
	(e) Net average consumption per head of Population	20	Do.	
GHEE	(a) Gross Imports	21	Bengal Maunds 118,471.	
	(b) Gross amount of Tax collected	22	Rs. 2,16,844.	
	(c) Net Imports	23	Bengal Maunds 113,279.	
	(d) Net amount of Tax collected	24	Rs. 2,07,341.	
	(e) Net average consumption per head of Population	25	Lbs. 7.90.	
CLASS I Including grains, sugar, khico and articles used for food and drinking for man and animal, wines and spirits	(a) Gross Imports	26	Bengal Maunds 24,234,061.	Wines, Spirits and Beer Gallons 2,019,275.
	(b) Gross amount of Tax collected	27	Rs. 24,88,481.	Rs. 2,18,261.
	(c) Net Imports	28	Bengal Maunds 13,622,405.	Gallons 1,555,702.
	(d) Net amount of Tax collected	29	Rs. 10,06,432.	Rs. 1,91,792.
	(e) Net average consumption per head of Population	30	Bengal Maunds 11	Lbs. 48
CLASS II Animals for slaughter	(a) Gross Imports	31	No. 904,190.	
	(b) Gross amount of Tax collected	32	Rs. 3,94,566 8-0.	
	(c) Net Imports	33	No. 901,449.	
	(d) Net amount of Tax collected	34	Rs. 3,90,838.	
	(e) Net average consumption per head of Population	35	No. .77	
OIL	(a) Gross Imports	36	NIL.	
	(b) Gross amount of Tax collected	37	NIL.	
	(c) Net Imports	38	NIL.	
	(d) Net amount of Tax collected	39	NIL.	
	(e) Net average consumption per head of Population	40	NIL.	

STATEMENT No. IV—concl'd.

CLASS III	Including oil, oils and articles used for fuel, lighting and washing	(a) Gross Imports	41	Bengal Maunds 3,629,374.
		(b) Gross amount of Tax collected	42	Rs. 53,186.
		(c) Net Imports	43	Bengal Maunds 3,629,374.
		(d) Net amount of Tax collected	44	Rs. 53,186.
		(e) Net average consumption per head of Population	45	Bengal Maunds 3 Lbs. 21.
CLASS IV	Articles used for construction of building	(a) Gross Imports	46	Rs. 95,78,600.
		(b) Gross amount of Tax collected	47	Rs. 2,39,340.
		(c) Net Imports	48	Rs. 78,04,435.
		(d) Net amount of Tax collected	49	Rs. 1,95,111.
		(e) Net average consumption per head of Population	50	Rs. 6-10-0.
CLASS V	Drugs, Gums, Spices and Perfumes	(a) Gross Imports	51	Nil.
		(b) Gross amount of Tax collected	52	Nil.
		(c) Net Imports	53	Nil.
		(d) Net amount of Tax collected	54	Nil.
		(e) Net average consumption per head of Population	55	Nil.
CLASS VI	Tobacco	(a) Gross Imports	56	Bengal Maunds 15,741.*
		(b) Gross amount of Tax collected	57	Duty is not recovered on quantity despatched up-country by rail.
		(c) Net Imports	58	Bengal Maunds 59,935.
		(d) Net amount of Tax collected	59	Rs. 4,93,107.
		(e) Net average consumption per head of Population	60	Lbs. 4.
CLASS VII	Cloth and piece-goods and articles of clothing	(a) Gross Imports	61	Nil.
		(b) Gross amount of Tax collected	62	Nil.
		(c) Net Imports	63	Nil.
		(d) Net amount of Tax collected	64	Nil.
		(e) Net average consumption per head of Population	65	Nil.
CLASS VIII	Including cloth, piece-goods, articles of clothing and manufacture and articles of drugs	(a) Gross Imports	66	Nil.
		(b) Gross amount of Tax collected	67	Nil.
		(c) Net Imports	68	Nil.
		(d) Net amount of Tax collected	69	Nil.
		(e) Net average consumption per head of Population	70	Nil.
CLASS VIII	Metals and articles of metals	(a) Gross Imports	71	Nil.
		(b) Gross amount of Tax collected	72	Nil.
		(c) Net Imports	73	Nil.
		(d) Net amount of Tax collected	74	Nil.
		(e) Net average consumption per head of Population	75	Nil.
		Composition of Octroi	76	Nil.
Incidence of Taxation	Class I. Net collection	77	Net collection ... Rs. 12,00,224. Incidence of Taxation ... Rs. 1-0-4.	
	Total Octroi. Net collection	78	Total Net collection ... Rs. 23,32,466. Incidence of Taxation ... Rs. 1-15-9.	
	Remarks	79	

* This figure is exclusive of Tobacco imported by rail into the Port of Bombay during 1927-28 as the statistical branch of the office of the Government Examiner of Accounts of B. B. & C. I. Railway, Bombay, which has so far been furnished in this information has been abolished since 1922-23.

Municipal Commissioner for the City of Bombay.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 17th March 1936.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities and notified areas in the Bombay Presidency for the year 1934-35.

RESOLUTION.

PART I.

Summary.

Number and area.—The total number of municipalities in the Bombay Presidency including Sind at the close of the year under report remained the same as in the previous year, viz., 154 (excluding the Karachi Municipal Corporation). Of these, thirty were governed by the Bombay Municipal Boroughs Act, 1925, and the rest by the Bombay District Municipal Act, 1901. The number of notified areas (exclusive of those which merely exist for the purpose of enforcing building regulations and do not levy taxes) were six in the Bombay Suburban district, one each in the Poona and Satara districts of the Central division and five in the Southern division. The long pending question of the reorganisation of local bodies in the Bombay Suburban district was settled during the year by a portion of the Santa Cruz notified area together with Kole-Kalyan village being amalgamated with the Bandra municipality, the remaining portion, viz., the Tara area, with the Juhu municipality, and the Andheri notified area, together with some adjoining villages with the Vile Parle municipality. These changes were given effect to from the 15th February 1935 and have been showing good results since the close of the year, inasmuch as the new drainage scheme of the Bandra municipality is likely to be extended to Santa Cruz, which could not have hoped for such an amenity as a notified area.

2. *Change in the population and boundaries.*—The total population resident within municipal areas was 29,88,328 as against 29,66,956 in the preceding year. The increase was due to the extension of the limits of the Bandra, Vile Parle and Juhu municipalities. There was an alteration in the boundaries of the municipalities of Mannad, Poona City, Bandra and Vile Parle in the presidency proper, and of Manjhand in Sind.

3. *Constitution of municipalities.*—In the Northern division the municipal borough of Broach, which was superseded in November 1932, was re-established with effect from 1st November 1934. Triennial elections were held during the year at Dholka, Viramgam, Modasa, Sanand, Ranpur, Kapadvanj, Broach, Ankleshwar, Jambusar, Godhra, Dohad, Surat, Kalyan, Bassein and Bhiwandi. The voting was brisk in all these municipalities except in Surat.

In the Central division the extension of the areas of the Bandra, Juhu and Vile Parle municipalities necessitated a change in their constitution. The superseded municipality of Nandurbar in the Nasik district continued to be administered by a committee of management up to 15th December 1934 when it was reconstituted with 6 nominated and 6 elected councillors with the mamlatdar as ex-officio president. Owing to the incapacity of the Shirpur municipality to administer its affairs properly, its constitution was revised with effect from 1st April 1935 by reducing the number of elected councillors

from 16 to 4 and increasing the number of nominated councillors from 4 to 8, with the mamlatdar as ex-officio president. The Kurla municipality in the Bombay Suburban district was superseded for mal-administration for a period of three years from the 1st November 1934. Triennial elections were held in 31 municipalities of this division and were well contested in the majority of cases.

In the Southern division the period of supersession of the Navalgund and the Kumta municipalities was extended so as to enable the committee of management at Navalgund to recover the arrears of taxes and prepare a fresh register of demand and that at Kumta to revise the house tax and assessment lists. Triennial elections were held in 19 municipalities and were well contested. The electoral rolls of the Dharwar municipality were found to have been fraudulently prepared by the insertion of names of persons who were wrongly shown as tenants in order to ensure the re-election of particular candidates. An even more flagrant case of the same kind has come to light since the close of the year in the Gokak municipality.

In Sind, the affairs of the superseded municipality at Shikarpur continued to be satisfactorily managed by the administrator appointed by Government.

Triennial elections were held at Hyderabad, Matiari, Sukkur, Ghotki, Larkana, Kotri, Tando Adam, Shahdadpur, Mirpurkhas and Umarnot and were well contested in most cases.

A consolidated statement* showing the number of voters who exercised the franchise at the general elections in the presidency proper and Sind, is appended.

4. *Attendance at municipal meetings.*—The number of meetings held was 3,904 as against 3,977 in the previous year; but the average percentage of attendance at the meetings increased from 60.22 to 62.49. The rise in the percentage of attendance and the decrease in the number of adjourned meetings from 1,434 to 1,357 indicate a keener interest on the part of members in municipal affairs and better despatch of work.

5. *Changes in the system of taxation—house and drainage taxes.*—In the Central division the Manmad municipality increased the rate of its house tax, but did not enforce it during the year. In Sind the Dadu municipality imposed house tax, while at Shikarpur the drainage tax was increased from 3½ per cent. to 5 per cent. of the annual letting value while the house tax levied at 5 per cent. of the annual letting value was abolished.

Octroi.—The Belgaum municipality in the Southern division and the Rohri municipality in Sind revised their octroi schedules during the year.

Terminal tax.—The Mahad municipality in Kolaba district and the Thana municipality introduced the system of terminal tax in lieu of octroi in order to do away with the refund system. The Bhiwandi and Bulsar municipalities in the Northern division and the Hyderabad, Sukkur and Tando Adam municipalities in Sind amended their terminal tax schedules.

Water rate.—A general water rate was imposed by the Nandurbar municipality for the first time during the year.

Sanitary Cess.—The Bijapur, Ilkal, Manmad and the Garhi Yasin municipalities revised their special sanitary cess rules with a view to making the special sanitary service self-supporting. The Erandol municipality revised its rules so as to withdraw the exemption previously enjoyed by payers of the special sanitary cess from liability to pay the general sanitary cess.

Conveyance tax and tolls.—The Poona City, Dhulia, Bandra and the Chiplun municipalities revised their wheel and toll tax schedules. The Nasik, Bandra and the Tatta municipalities revised their rules in order to exempt through traffic on provincial roads from the payment of toll tax. The Dadu municipality imposed wheel and toll taxes for the first time. The Kotri municipality imposed a wheel tax on motor lorries and buses while the Bandra municipality reduced the wheel tax on carts fitted with pneumatic tyres to half the scheduled rates.

Miscellaneous taxes.—The Dadu and Guledgud municipalities introduced the levy of a tax on shops, and the Jalgaon municipality imposed a tax on hotels. The Guledgud municipality also raised the amount of license fees levied on dangerous and offensive trades. The Amalner municipality revised its lighting and cotton manufacturing taxes.

6. *Municipal income.*—The aggregate gross income of the municipalities rose from Rs. 3,47 lakhs to Rs. 4,00 lakhs. Deducting receipts under "extraordinary and debt" the ordinary income amounted to Rs. 2,22½ lakhs against Rs. 2,10½ lakhs in the previous year. Sind and all the three divisions shared the increase.

(a) *Octroi and terminal tax receipts.*—There was an increase of about Rs. 2,56,000 under this head, which is shared by all the divisions and Sind. The largest portion of the increase was contributed by the Northern division, the Ahmedabad municipality alone accounting for an increase of Rs. 1,15,000 under terminal tax due to the continued trade activity in that city. The Central and Southern divisions and Sind showed increases of about Rs. 73,000, 26,000 and 54,000, respectively, due to improved trade conditions generally and effective supervision of collection work.

(b) *Taxes on houses and lands.*—The receipts under this head showed an increase of about Rs. 2,95,000, which was shared by all the divisions and was due mainly to the recovery of the arrears of past years. The Central division alone showed an increase of about Rs. 2,09,000, of which Rs. 1,25,000 were contributed by the Bombay Suburban district.

(c) *Water rates.*—The receipts under this head showed a decrease of about Rs. 1,10,000, the Ahmedabad municipality being mainly responsible for the fall (*vide* paragraph 12 *infra*).

(d) *Revenue derived from municipal property.*—Under this head there was an increase of about Rs. 2,02,000, which was shared by Sind (Rs. 1,21,000), the Central division (Rs. 87,000) and the Northern division (Rs. 32,000).

(e) *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes, amounted to Rs. 16,56,531 as against Rs. 15,23,862 in the previous year. The increase occurred in all the divisions, the Northern division alone accounting for about Rs. 92,000.

7. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,22,74,376, Rs. 1,63,86,264 were realised from municipal rates and taxes, compared with Rs. 1,56,51,045 in the previous year. Direct taxation yielded Rs. 98,32,676 or 60 per cent. of the total and indirect taxation Rs. 65,63,588 or 40 per cent. The corresponding percentages in the previous year were 59.77 and 40.23.

The following table shows the average incidence of taxation and income per head of population during the year under report as compared with the previous year in the presidency as a whole and in each of the 3 divisions and Sind :—

	Incidence of taxation.		Incidence of income.	
	1933-34.	1934-35.	1933-34.	1934-35.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Presidency (including Sind) ...	5 4 5	5 7 9	7 1 5	7 7 3
Northern division ...	7 4 10	7 5 8	8 11 2	8 18 6
Central division ...	4 14 6	5 4 3	6 14 3	7 5 4
Southern division ...	8 7 7	8 9 11	4 9 8	4 11 4
Sind ...	8 6 8	8 9 7	5 15 0	6 11 9

8. *Recovery of dues.*—Though some improvement is noticed in the collection of dues by municipalities, many municipalities still showed large amounts of arrears at the close of the year. In the majority of these cases the arrears are reported to be due chiefly to reluctance of these bodies to take prompt and effective measures for recovery and to the inefficiency of the municipal executive and collecting staff. The question of finding ways and means for preventing the accumulation of arrears of municipal taxes was considered by the Commissioners in conference and the proposals made in their joint report are under consideration.

The total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year was about Rs. 24·83 lakhs i.e., a decrease of about Rs. 7·29 lakhs in the figures of the preceding year.

In the Northern division, the arrears showed a marked increase in Viramgam, Sanand, Umreth, Borsad, Nadiad, Kalyan, Bassein and Bhiwandi municipalities. The work of recovery in the Ahmedabad and Surat municipalities was creditable.

In the Central division the outstandings on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate at the end of the year amounted to Rs. 11,40,475, as against Rs. 13,39,584 in the preceding year. The decrease was due to the good progress in collection work made by the Poona City, Sholapur, Barsei and Kurla municipalities. In the Kurla municipality the administrator succeeded in reducing the arrears which amounted to Rs. 3,97,475 at the beginning of the year to Rs. 2,32,735 at the end of the year.

In the Southern division, the municipalities had to recover in all Rs. 11,15,000 including the arrears of previous years amounting to Rs. 3,41,000. Out of the total dues Rs. 7,73,000 were recovered, leaving about 30·67 per cent. of the total demand outstanding. The arrears were specially heavy in the Athni, Gokak, Bail Hongal, Saundatti-Yellamma, Bijapur, Dharwar, Nargund, Haveri, Navalgund, Byadgi, Gadag-Betgeri, Hubli, Gokarn, Kumta, Honavar, Uran, Pen, Panvel, Malwan, Ratnagiri and Vengurla municipalities.

In Sind the work of collection of taxes showed some improvement as the total arrears at the close of the year under report were Rs. 93,698 as against Rs. 98,758 on 31st March 1934. The administrator of the Shikarpur municipality succeeded in reducing its arrears from Rs. 17,835 to Rs. 1,374 only.

9. *Working of octroi and terminal tax systems.*—In the Northern division the municipalities of Dholka, Viramgam, Ranpur, Surat and Bassein continued to levy octroi. Seventeen municipalities including the Thana municipality imposed terminal tax. The Thana municipality imposed this tax in lieu of octroi during the year. Out of the gross collections of Rs. 5,10,740 from octroi in the Northern division a sum of Rs. 1,66,923 was refunded on account of goods re-exported from municipal limits, as against Rs. 1,27,967 in the previous year, the Surat municipality alone being responsible for a refund of Rs. 1,65,702. The Godhra municipality which used to collect terminal tax through the agency of the Railway administration is now collecting it departmentally.

In the Central division the octroi system was in force in 34 municipalities while ten municipalities levied terminal tax. Karad is the only municipality in the Central division which levied octroi as well as terminal tax. The gross octroi collections amounted to Rs. 16,39,683, the net income being Rs. 15,39,332. The percentage of refunds in respect of re-exported goods was 6·1 as against 5·4 in the preceding year.

In the Southern division the octroi system was in force in 21 municipalities, while 12 municipalities levied terminal tax. The gross receipts from octroi amounted to Rs. 6,32,343, of which Rs. 15,920 were refunded in respect of re-exported goods, the percentage of refunds being 2·51 as against 2·90 in the previous year.

In Sind, the system of terminal tax was in force in 15 municipalities. The remaining municipalities except Dadu levied octroi. Hyderabad is the only municipality which levied terminal tax as well as octroi.

10. *Expenditure.*—The total expenditure of the municipalities during the year was Rs. 3,97,49,000 as against Rs. 3,55,23,000 in the previous year. Excluding the item "extraordinary and debt", the expenditure amounted to Rs. 2,12,23,000 as against Rs. 2,02,99,000 in the preceding year.

(a) *Water supply.*—The total expenditure on water supply increased by about Rs. 51,000, mainly under establishment, repairs, etc.

(b) *Drainage.*—The expenditure under this head increased by Rs. 28,000. The increase was mainly accounted for by Sind under "Capital Outlay".

(c) *Conservancy.*—The expenditure under this head which represents money spent on road cleaning and watering, and on public latrines, but excludes expenditure on special sanitary service amounted to Rs. 24,43,000 as against Rs. 24,41,000 in the previous year.

(d) *Hospitals and dispensaries.*—The following 29 municipalities failed to spend on medical relief the minimum 4 per cent. of their expenditure as enjoined by Government:—

Ahmednagar, Jalgaon, Nasik, Manmad, Bhagur, Poona City, Satara City, Satara Suburban, Ashta and all the five municipalities of the Bombay Suburban district in the Central division; Belgaum, Nipani, Bijapur, Dharwar and Karwar in the Southern division; Kaira, Godhra, Dohad, Broach, Surat and Thana in the Northern division; and Nasarpur, Larkana, Dadu and Jacobabad in Sind.

(e) *Road expenditure.*—The expenditure on roads amounted to Rs. 17,51,000 against Rs. 15,41,000 in the previous year. The Central and Northern divisions and Sind accounted for increases of Rs. 1,10,000, 85,000 and 59,000, respectively.

In the Northern division, the Ahmedabad municipality spent a sum of Rs. 3,27,440 on road improvements and has now a length of about 35 miles of asphalt roads. Nine municipalities in this division failed to observe the principle of devoting the whole of the proceeds from wheel tax and tolls to the construction and maintenance of roads.

In the Central division, as a whole, the total expenditure on roads was more than twice the income derived from the wheel tax and road tolls but 19 small municipalities spent on roads much less than the income derived from these taxes.

In the Southern division, 17 municipalities did not spend the whole of their income from wheel tax and tolls on the construction and maintenance of roads while some of these municipalities merged their road fund balance in their general balances.

In Sind, the Hala, Garhi Yasin, Larkana and Sehwan municipalities failed to appropriate fully their income from tolls and wheel tax to expenditure on roads while the first named two municipalities did not create separate funds for the purpose. The Commissioner in Sind and the Commissioners, Northern division, Central division and Southern division should be requested to impress upon the municipalities concerned the desirability of devoting as far as possible the whole of their net income from wheel tax and tolls to expenditure on roads.

(f) *Public Instruction.*—The total expenditure under this head amounted to Rs. 45,44,000 as against Rs. 44,34,000 in the preceding year. Sind and the Southern and Central divisions showed increases of about Rs. 52,000, Rs. 43,000 and Rs. 17,000, respectively, due mainly to the opening of new schools and the construction of school buildings.

11. *Closing balance.*—The aggregate closing balance of all the municipalities in the Presidency including Sind, amounted to Rs. 58,59,000 as against Rs. 55,80,000 in the preceding year.

12. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from the water rate fell from Rs. 19,45,990 in the previous year to Rs. 16,64,917 in the year under report. The decrease was due to the fact that in the previous year a major portion of the arrears of water tax was recovered from the mills. Out of the total income, Rs. 7,35,352 were derived from the direct sale of water and Rs. 9,29,565 from the general water rate. The expenditure, including interest, sinking fund, and depreciation charges amounted to Rs. 4,89,082 as against Rs. 4,42,653 in the preceding year, thus showing a profit of Rs. 11,75,835. The working of the water supply installation at Surat showed a net profit of Rs. 1,78,051 as against Rs. 1,29,472 in the preceding year. The water supply accounts of the Kapadvanj, Thana and the Bhiwandi municipalities showed a profit, whilst the Rander municipality incurred a loss.

In the Central division the water works at Ahmednagar, Dhulia, Nasik, Trimbak, Sirur, Satara City, Karad and Vita yielded a profit whilst those at Jalgaon were run at a loss.

In the Southern division the water works at Dharwar, Hubli, Pen, Roha-Ashtami, Matheran and Panvel showed a profit whilst those at Bijapur and Alibag worked at a loss.

In Sind, the water works at Hyderabad worked at a loss whilst those at Sukkur showed a profit. In view of the defective system of maintaining the water works accounts by these municipalities the correct financial position of the works cannot be ascertained.

13. *Audit of accounts.*—The principal defects noticed in the audit of the accounts were, as usual, the accumulation of arrears, incomplete maintenance of demand and assessment registers, slack supervision by officers over the work of their subordinates, and failure to take proper disciplinary action for negligence on the part of the staff.

In the Northern division audit disclosed cases of misappropriations or defalcations in the accounts of the Dholka, Bassein, Surat and Nadiad municipalities. The municipalities of Nadiad, Mehmedabad, Kapadvanj, Borsad, Umreth, Dakor, Rander, Dhandhuka, Ranpur, Modasa and Prantij have been called upon to take suitable measures to improve their financial resources or to effect economy in the required directions.

In the Central division several municipalities had to be warned that action under section 10(5) of the Local Fund Audit Act would be taken if replies to the audit notes were not given by the prescribed dates. The audit of accounts of the Amalner and Pandharpur municipalities disclosed misappropriation of funds and serious financial irregularities.

In the Southern division want of proper supervision over the subordinates in the Gadag-Betgeri municipality rendered possible the falsification of accounts in respect of the cattle-pound receipts and misappropriation of money by the collection clerks.

In Sind no serious irregularities were detected.

14. *Grants for sanitary and town improvement schemes.*—The majority of municipalities are alive to the needs of efficient water supply and drainage, but are generally prevented from launching schemes in this direction owing to lack of funds. In the year under report as in the previous year financial stringency prevented Government from giving any substantial assistance to municipalities. The only help that is now ordinarily given by Government in the case of sanitary works of local bodies carried out by Government agency is a rebate of 13 per cent. out of the full centage charges of 28 per cent. in

respect of establishment, tools and plant. The following special and ordinary grants were given by Government during the year :—

Municipality.		Purpose.			Amount.
					Rs.
Mahableshwar	...	Road improvement	6,000
Trimbak	...	Sanitary arrangements for pilgrims	6,576
Poona City	...	Drainage	1,679
Alandi	...	Water supply	769
Matheran	...	Water supply	965

PART II.

REMARKS REGARDING MORE IMPORTANT MUNICIPALITIES.

15. *Ahmedabad*.—The financial position of this municipality is perhaps the strongest among municipal boroughs in the Presidency including Sind. After meeting the extraordinary expenditure of about Rs. 7 lakhs from general revenues the municipality had at the close of the year Rs. 32,37,681 in fixed deposits, while the average surplus of income over expenditure works out at Rs. 9,41,574 per year. The recovery of arrears also showed good progress during the year.

The municipality made continued efforts to increase its water supply and to improve its distribution system in order to meet the ever increasing demand from the public. It also pushed on its plans to remove congestion by developing areas included in the various town planning schemes and by widening roads. It has succeeded in asphaltting nearly 35 miles of roads.

The municipality has not however been able to tackle successfully the problem of the disposal of sewage from the city and suburban areas. The increasing quantity of sewage for disposal far exceeds the capacity of the absorption beds provided by the municipality, with the result that all the surplus sewage is directed into the Sabarmati river. This has given rise to bitter complaints from the residents of the riverine villages below Ahmedabad which are dependent on the river for their water supply. Government hope that the municipality will devote as much attention to this problem as it has devoted to the question of water supply and roads.

The financial administration of the municipality in respect of its investments and the utilization of its accumulated balances is however not above criticism. The matter has been brought to its notice by the Commissioner, but Government regret to find that the municipality is not inclined to listen to the advice given by that officer.

Surat.—The financial position of the municipality was sound and there was substantial reduction in the arrears of taxes. The municipality made good progress in improving its water supply by enlarging the water mains from the station to the Athwa Gate; and it is anxious to carry out its scheme of discharging sewage into the Mindhola river instead of its present unsatisfactory disposal at a sewage farm.

Poona City.—The municipality is to be congratulated upon formulating a comprehensive scheme to asphalt all its important roads measuring about 40 miles in length at a total cost of Rs. 11 lakhs. Substantial progress was made in the recovery of arrears, and measures to remedy the defects pointed out by the Government auditors have been taken in hand. The question which demands early attention of the municipality is that of adequate expenditure on medical relief. Government trust that it will not be long before the municipality decides to spend at least 4 per cent. of its total income on this important item.

Sholapur.—The financial position of the municipality was on the whole satisfactory. The municipality is to be congratulated upon maintaining the standard of efficiency and public spirit that it evinced in the previous year. The questions of the internal drainage of the city, asphaltting of roads and electric lighting are receiving careful consideration at the hands of this progressive municipality.

Hyderabad.—It is gratifying to note that after a long series of deficits the municipality was able to keep its expenditure within its income; but the financial position cannot yet be said to be satisfactory. It is hoped that the municipality will not relax its efforts towards further improvement in this direction and that it will soon surmount its reluctance to tap available sources of direct taxation.

It is satisfactory to note that the municipality has under consideration projects for an under-ground drainage scheme and of filtration of water.

PART III.

16. *General Remarks.*—The administration of the municipalities as a whole was as satisfactory as could be expected within the limits imposed by financial stringency. It is encouraging to find that financial difficulties did not deter certain progressive municipalities from applying for permission to raise loans in the open market for their public health and other improvement schemes.

As a result of the warning conveyed by Government last year there was some improvement in the recovery of arrears of taxes during the year. The success achieved by the administrators of the superseded municipalities of Kurla and Shikarpur in substantially reducing the accumulated arrears of past years shows what strict and impartial methods of administration can do in this direction.

Government regret to note that the electioneering methods employed by certain municipalities during the year were of a very questionable character. In the instances noticed the chief officers showed a lamentable disregard of their responsibilities by allowing themselves to be made the tools of the party in power and fraudulently manipulating voters' lists in the interests of that party.

Government are glad to note the commendation bestowed by local officers upon the administration of certain municipalities and the public spirited work of the non-official presidents of those bodies. Government would also like to place on record their appreciation of the efforts of their officers in the Revenue, Public Health and other departments in helping and guiding the municipalities in various directions.

By order of the Government of Bombay
(Transferred Departments),

H. K. KIRPALANI,
Secretary to Government.

G. R., No. P. 55, G. D., dated the 17th March 1936.

The Kurla Municipality has been superseded from 1st November 1934. *The increase in population is due to the limit of these Municipalities being extended during the year.

*Municipality reconstituted from 14th December 1934. *Committee of management from 1st April 1934 to 14th December 1934. †The population figures reported last year were incorrect.

*The difference of Rs. 78 between the closing balance of the previous year and this balance is due to the fact that this amount was added to the balance in accordance with the Accountant General's intimation on account of conveyance fund after the annual accounts were closed.

This is a temporary Municipality.

Rs.
(1) 18,913
- 80

Rs.
(2) 14,943
+ 79

18,833
- 15,027

(1) The amount of Rs. 80 was shown as deposit last year, but actually there was no deposit in column 58 and so the figure has been deducted from the balance and only the actual balance is shown.

(2) The amount of Rs. 79 on account of the balance of the Public conveyance fund of 1933-34 has been credited as per Accountant General's letter.

* It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.

No. III.

Bombay Presidency during the year ending 31st March 1935.

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 25th March 1937.

Read the reports from the Commissioners of Divisions and the Revenue Commissioner for Sind on the working of the municipalities and notified areas in the Bombay Presidency including Sind for the year 1935-36.

RESOLUTION.

PART I.

Summary.

Number and area.—The total number of municipalities in the Bombay Presidency including Sind at the close of the year under report remained the same as in the previous year, viz. 154. Of these, thirty were governed by the Bombay Municipal Boroughs Act, 1925, and the rest by the Bombay District Municipal Act, 1901. Of the latter, seven, viz. Godhra, Viramgam, Yeola, Malegaon, Barsi, Bagalkot and Guledgud were City municipalities constituted under section 181 of the Act. A new municipality was established during the year at Dhond in the Poona district of the Central division but it had not commenced to function before the end of the year under report. The number of notified areas (exclusive of those which merely exist for the purpose of enforcing building regulations and do not levy taxes) were six in the Bombay Suburban district, one each in the Poona and Satara districts of the Central division and five in the Southern division. The notified area of Ambernath which was formerly in the Bombay Suburban district was transferred to the Thana district during the year under report.

2. *Change in the population and boundaries.*—The total population resident within municipal areas was 30,40,491 as against 29,88,328 in the preceding year. An increase of about 52,211 has been recorded by the Surat municipality as a result of a fresh census taken in April 1935. The boundaries of all the municipalities remained unchanged during the year under report.

3. *Constitution of municipalities.*—In the Northern division the constitution of all the municipalities remained unchanged in the year under report. The affairs of the Kurla municipality in the Bombay Suburban district, continued to be managed by the Administrator appointed by the Commissioner under section 219 (2) (b) of the Bombay Municipal Boroughs Act, 1925, Triennial elections were held during the year at Prantij, Dhandhuka, Nadiad, Bulsar, Rander, Thana and Ghatkopar-Kirol. Voters are said to have displayed keen interest at these elections.

In the Central division, the following changes were made in the constitution of the municipalities of Chalisgaon, Shirpur and Bhagur. At Chalisgaon the number of elected seats was raised by one which was allotted to the depressed classes. Owing to the incapacity of the Shirpur municipality to administer its affairs properly, its constitution was changed with effect from the 1st April 1935, by reducing the number of elected councillors from 16 to 4 and increasing the number of nominated councillors from 4 to 8 with the mamlatdar as ex-officio president. The Bhagur municipality which consisted of 6 elected and 7 nominated members was reconstituted under section 14 (1) (b) of the Act from the 15th October 1935 so as to consist of 13 nominated councillors. Triennial elections were held for 10 municipalities during the year as against 32 in the preceding year. By-elections were held in the case of 12 municipalities.

In the Southern division, the superseded municipality of Navalgund, was reconstituted with 6 elected and 6 nominated councillors. The period of supersession of the Kumta municipality which had been extended to 31st July 1936, was subsequently curtailed to 31st March 1936. The Gokak municipality which was found to have defaulted in the performance of its duties was at last superseded for a period of two years and a committee of management was appointed to carry on its affairs. Triennial elections were held in ten municipalities and the voting was brisk in all cases except in Guledgud. By-elections were also held in eight municipalities.

In Sind there was no change in the constitution of municipalities. Triennial elections were held during the year at Tatta, Manjhand, Sehwan and Garhi-Yasin. The Shikarpur municipality continued to be under suspension during the year.

A consolidated statement showing the number of voters who exercised the franchise at the general elections in the Presidency proper and Sind, is appended.

4. *Attendance at municipal meetings.*—The number of meetings held during the year was 3,864 as against 3,904 in the previous year; but the average percentage of attendance at the meetings increased from 62.49 to 65.12.

5. *Changes in the system of taxation—Property taxes.*—The increase in the rate of house tax sanctioned in 1934 was brought into force during the year by the Manmad municipality in the Central division. In the Southern division the Bijapur, Kumta and Panvel municipalities revised their house tax rules and schedules. In Sind the Larkana municipality introduced a drainage tax which is in the form of a tax on houses and lands.

Octroi.—The Sholapur and Satara City municipalities in the Central division and the Haliyal municipality in the Southern division revised their octroi schedules with a view to realise more income. The Saundatti-Yellamma municipality in the Southern division and the Dadu municipality in Sind introduced the levy of octroi for the first time.

Terminal tax.—The Karwar municipality levied terminal tax in lieu of octroi. The Larkana, Sukkur, Garhi-Yasin and Ghotki municipalities revised their terminal tax schedules. Government suspended the levy of terminal tax by the Thana municipality on goods in transit passing along through provincial roads.

Water rate.—The Jalgaon, Satara City, Sholapur and Bijapur municipalities revised their water rates.

Sanitary cess.—The Pandharpur municipality levied a general sanitary cess on all houses and properties in order to make its sanitary service self-supporting. The Bijapur municipality revised the rates of its general sanitary cess whereas the Amalner, Chopda, Raver, Maumad, Vile Parle, Nipani, Chiplun and Rohri municipalities revised their rates of special sanitary cess.

Conveyance tax and tolls.—The Faizpur and Nandgaon municipalities imposed a wheel tax on motor vehicles. The Vile Parle and the Manjhand municipalities introduced the levy of wheel tax. The Amalner, Bijapur, Haliyal and Chiplun municipalities revised their schedules of wheel tax and toll. The Kumta municipality granted exemption to carts fitted with pneumatic tyres from the payment of wheel tax.

Other miscellaneous taxes.—The levy of ground rent by the Bhusaval municipality was declared illegal by the High Court and its recovery was accordingly stopped. The Raver municipality imposed fees for the use of the municipal motor stand. The Nipani municipality introduced a lighting tax. The Hubli municipality imposed license fees on certain offensive trades such as tanning and dyeing. The Juhu municipality began to levy a special tax on tents, huts and other temporary structures with effect from the 1st April 1935.

6. *Municipal income.*—The aggregate gross income of the municipalities fell from Rs. 4,00 lakhs to 3,87 lakhs. Deducting receipts under "extraordinary and debt" the net income amounted to Rs. 2,22½ lakhs against Rs. 2,22¾ lakhs in the previous year.

(a) *Octroi and terminal tax receipts.*—There was an increase of about Rs. 83,000 under this head, which is shared by the Central and Northern divisions and Sind. The Southern division showed a decrease of Rs. 59,000. The increase was generally attributed to improved trade conditions, better supervision over the collecting staff and the imposition of octroi and terminal tax on many new articles. In the Southern division, a decrease of Rs. 51,000 occurred in the Dharwar district and was due to smaller imports resulting from the partial failure of crops and general depression in trade.

(b) *Taxes on houses and lands.*—The receipts under this head showed a net decrease of about Rs. 4,000 which was shared by Sind and the Central division. In the latter division the Poona City municipality was mainly responsible for a decrease of Rs. 30,000 due to past arrears not being recovered during the year.

(c) *Water rates.*—The receipts under this head showed a decrease of about Rs. 61,000, the Ahmedabad municipality in the Northern division being mainly responsible for the fall.

(d) *Revenue derived from municipal property.*—Under this head there was an increase of about Rs. 1,33,000, which was shared by the Central division (Rs. 1,01,000), the Southern division (Rs. 39,000) and Sind (Rs. 20,000). The Northern division showed a decrease of about Rs. 27,000.

(e) *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes, amounted to Rs. 15,34,366 as against Rs. 16,56,531 in the previous year. The Northern division and Central division accounted for the decrease (in round figures) of Rs. 86,000 and Rs. 38,000, respectively.

7. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,22,47,559, Rs. 1,64,97,403 were realised from municipal rents and taxes compared with Rs. 1,63,86,264 in the previous year. Direct taxation yielded Rs. 98,61,045 or 60 per cent. of the total and indirect taxation Rs. 66,36,358 or 40 per cent. The corresponding percentages in the previous year were the same.

The following table shows the average incidence of taxation and income per head of population during the year under report as compared with the previous year in the presidency as a whole and in each of the three divisions and Sind:—

	Incidence of taxation.		Incidence of income.	
	1934-35.	1935-36.	1934-35.	1935-36.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Bombay Presidency (including Sind).	5 7 9	5 5 10	7 7 8	7 5 1
Northern division ...	7 5 8	7 2 10	8 13 6	8 11 1
Central division ...	5 4 3	4 14 7	7 5 4	6 14 6
Southern division ...	3 9 11	3 8 11	4 9 8	4 11 8
Sind ...	3 9 7	4 12 1	6 11 9	8 6 4

8. *Recovery of dues.*—As remarked in previous reviews the collection of taxes has continued to be unsatisfactory in several municipalities. In the majority of cases this was due to unwillingness to resort to the coercive measures provided by law for the recovery of dues and to the inefficiency of the executive and collection staff. The question of finding ways and means for reducing and preventing the accumulation of arrears of municipal taxes was considered by the Commissioners in conference and one of their recommendations was that all Collectors should insist on the submission of certain periodical reports by municipalities showing the steps that have been taken at different stages for the recovery of their dues. Government have accepted this recommendation

✓ and have directed that Collectors should require borough municipalities under section 213 (2) (a) of the Bombay Municipal Boroughs Act and district municipalities under section 173 (1) (b) of the District Municipal Act, whose uncollected arrears at the end of any official year amount to more than 15 per cent. and 25 per cent. respectively to submit certain progress reports on prescribed dates. It is hoped that the submission of these reports will result in a substantial improvement in collection work in the near future. It will at least enable Government to watch more closely the actual progress of municipal taxation throughout the year.

The total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year was about Rs. 26·83 lakhs, i.e. an increase of about 1·35 lakhs in the figures of the preceding year.

In the Northern division arrears particularly increased in the Ahmedabad, Anand, Nadiad, Dohad, Rander, Bandra, Ghatkopar-Kirol, Vile Parle and Juhu municipalities. The municipalities of Viramgam, Modasa, Sanand, Umreth, Borsad, Dakor, Mehmedabad, Nadiad, Godhra, Dohad, Rander and all the municipalities of the Thana and Bombay Suburban districts had also heavy arrears at the close of the year. The heavy arrears at Ahmedabad (Rs. 6,86,223) were to a great extent due to delay in the disposal of objection petitions from mills and factories. The state of collection work at Godhra and Rander is deplorable. There was a welcome decrease in the arrears at Kurla due to the energetic measures adopted by the Administrator.

In the Central division the outstandings on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate at the end of the year amounted to Rs. 7,67,902. The outstandings in the Poona City municipality are reported to be due to several items having been brought on the assessment register as arrears at the suggestion of the auditors. The ✓ Sholapur and Amalner municipalities showed appreciable progress in collection work, the arrears at Sholapur representing only 6·6 per cent. of the total demand.

In the Southern division the municipalities had to recover in all Rs. 13,05,931 including the arrears of previous years amounting to Rs. 4,00,615. Out of the total dues, Rs. 8,93,560 were recovered, leaving a balance of ✓ Rs. 4,08,592 or 31·28 per cent. of the total demand outstanding. Though efforts were made by several municipalities towards the reduction of the arrears, arrears were still heavy in the case of the Gokak, Bail-Hongal, Guledgud, Bijapur, Dharwar, Byadgi, Hubli, Gadag-Betgeri, Haveri, Dharwar, Kumta, Honavar, Gokarn, Haliyal, Karwar, Bhatkal, Roha-Ashtami, Uran, Malwan and Vengurla municipalities.

In Sind the work of collection of taxes showed some improvement inasmuch as the total arrears at the close of the year under report were Rs. 74,430 as against Rs. 93,698 on the 31st March 1935.

9. *Working of octroi and terminal tax systems.*—In the Northern division the municipalities of Dholka, Viramgam, Ranpur, Surat and Bassein continued to levy octroi. Eighteen municipalities including the Bandra municipality imposed terminal tax. Out of the gross collections of Rs. 4,94,705 from octroi, a sum of Rs. 1,47,342 was refunded on account of goods re-exported from municipal limits, as against Rs. 1,66,921 in the preceding year. The Surat municipality alone was again responsible for the major portion of the refund, its share amounting to Rs. 1,46,883.

In the Central division the octroi system was in force in 34 municipalities while nine municipalities levied terminal tax. ✓ Karad is still the only municipality which levies octroi as well as terminal tax. The gross octroi collections amounted to Rs. 17,16,710, the net income being Rs. 16,41,605. The percentage of refunds in respect of re-exported goods was 4·4 as against 6·1 in the previous year.

In the Southern division the octroi system was in force in 22 municipalities, while 12 municipalities levied terminal tax. The gross receipts from octroi amounted to Rs. 6,20,161 of which Rs. 21,526 were refunded on account of the re-export of goods, the percentage of refunds being 3·49 as against 2·51 in the previous year.

In Sind the system of terminal tax was in force in 15 municipalities. The remaining municipalities levied octroi. ✓Hyderabad is still the only municipality which levies terminal tax as well as octroi.

10. *Expenditure.*—The total expenditure of the municipalities during the year was Rs. 3,82,72,000 as against Rs. 3,97,49,000 in the previous year. Excluding the item "extraordinary and debt", the expenditure amounted to Rs. 2,14,76,000 as against Rs. 2,12,23,000 in the preceding year.

(a) *Water supply.*—The total expenditure on water supply increased by about Rs. 15,000 mainly under establishment, repairs, etc.

(b) *Drainage.*—The expenditure under this head decreased by about Rs. 6,000.

(c) *Conservancy.*—The expenditure under this head which represents money spent on road cleaning and watering and on public latrines, but excludes expenditure on special sanitary services amounted to Rs. 30,55,500 as against Rs. 24,43,000 in the previous year.

(d) *Hospitals and dispensaries.*—The following 28 municipalities failed to spend on medical relief the minimum 4 per cent. of their expenditure as enjoined by Government:—

Ahmednagar, Amalner, Jalgaon, Dhulia, Betawad, Nasik, Bhagur, Manmad, Poona City, Satara City, Satara Suburban and Vita in the Central division; Bijapur, Nipani, Belgaum and Dharwar in the Southern division; Godhra, Kaira, Bandra, Kurla, Vile Parle, Juhu, Broach, Dohad and Surat in the Northern division, and the Larkana, Tando Adam and Rohri in Sind.

(e) *Road expenditure.*—The expenditure on roads amounted to Rs. 19,64,000 against Rs. 17,51,000 in the previous year. Sind and the Northern division accounted for increases of Rs. 1,58,000 and Rs. 96,000, respectively, which were slightly counterbalanced by decreases in the Central division (Rs. 53,000) and in the Southern division (Rs. 10,000).

In the Northern division the Ahmedabad and Surat municipalities contributed to the increase. ✓The Surat municipality undertook an extensive programme of roads in the year and spent about Rs. 2,45,500 for this purpose. Thirteen municipalities in this division however failed to observe the principle of devoting the whole of the proceeds from wheel-tax and tolls to the construction and maintenance of roads.

In the Central division the total expenditure on roads amounted to Rs. 5,29,500, which was in excess of the total income derived from the wheel-tax and road tolls which amounted to Rs. 3,24,000. Twenty-two municipalities in this division, however, spent on roads much less than the income derived from these taxes.

In the Southern division the expenditure on roads amounted to Rs. 2,10,000. Twenty-one municipalities did not spend their whole income from wheel-tax and tolls on the construction and maintenance of roads, some of these bodies merging their road fund balance in the general balances.

In Sind the Hyderabad municipality accounted for the largest amount of the total expenditure on roads which was Rs. 4,26,000. In Shikarpur the street pavement was renewed at a cost of Rs. 53,000. The Larkana municipality failed to utilise its whole income from tolls and wheel-tax for expenditure on roads.

(f) *Public instruction.*—The total expenditure under this head amounted to Rs. 45,46,000 as against Rs. 45,44,000 in the preceding year.

11. *Closing balance.*—The aggregate closing balance of all the municipalities in the Presidency including Sind amounted to Rs. 63,39,000 as against Rs. 58,59,000 in the previous year.

12. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from the water rate fell from Rs. 16,64,917 in the previous year to Rs. 15,14,884 in the year under report. The decrease was due to the fact that the bills for the amounts due from mills could not be issued in the year under report owing to certain

objections raised by them. Out of the total income, Rs. 7,76,119 were derived from the general water rate and Rs. 7,38,765 from the direct sale of water. The expenditure including interest, sinking fund and depreciation charges amounted to Rs. 4,66,675 as against Rs. 4,89,082 in the preceding year. The Ahmedabad water works thus showed a profit of Rs. 10,48,209 as against a profit of Rs. 11,75,835 in the previous year. The working of the water supply installation at Surat showed a net profit of Rs. 1,72,537 as against Rs. 1,78,051 in the previous year. The water supply accounts of the Kapadwanj, Rander, Bandra, Thana and Bhiwandi municipalities also showed a profit during the year.

In the Central division the water works at Ahmednagar, Dhulia, Nasik, Trimbak, Satara City, Karad, Vita and Barsi yielded a profit while those at Sirur were run at a loss. At Jalgaon there are two systems of water supply—the Girna water works and the Meharun Tank supply. The former worked at a profit, while the latter showed a loss.

In the Southern division the water works at Dharwar, Pen, Roha-Ashtami, Matheran and Panvel showed a profit, whilst those at Bijapur, Hubli, Alibag and Nipani worked at a loss. The Dharwar water works are reported to be in an inefficient state and the municipality will at no distant date have to spend a large amount on renewals and replacements. Government hope that municipalities will realise the importance of crediting annually out of profits sufficient amounts to a separate reserve fund for depreciation charges so as to build up the capital required for renewals and replacements. The necessity of doing this was recently brought to the notice of several municipalities at the instance of the Consulting Public Health Engineer to Government.

In Sind the water works at Hyderabad and Sukkur are shown to have worked at a profit. The accounts of the Sukkur water works do not however represent the true state of affairs since the municipality credits 50 per cent. of its income from house tax, and the collections of terminal tax (on all grains except wheat) to its water works accounts. But for these appropriations, the water works would have shown a loss.

13. *Audit of accounts.*—No appreciable improvement was noticed in respect of the following items to which audit is chiefly confined:—

(i) prompt disposal of audit notes and ready adoption of the suggestions made therein,

(ii) prompt recovery of municipal dues and taking resort to compulsory processes in the case of defaulters,

(iii) periodical revision of assessment lists,

(iv) adequate supervision over the administration of public funds,

(v) strict observance of rules, by-laws and standing orders for safeguarding the municipal revenue. It is disheartening to find that the majority of municipalities in this Presidency and Sind do not yet realise the importance of setting right irregularities without delay in spite of the fact that the principal defects of their financial administration are being pointed out to them by the auditors and local officers year after year.

In the Northern division audit disclosed cases of misappropriations and defalcations in the accounts of the Viramgam, Surat, Rander, Bhiwandi, Juhn and Bandra municipalities. The municipalities of Dhandhuka, Nadiad, Dohad, Rander, Kapadwanj, Borsad, Umreth and Dakor have been called upon to take suitable measures to improve their financial resources or to effect economy in the required directions.

In the Central division, the Lonavla, Poona City, Alandi and Jejuri municipalities were again dilatory in the disposal of audit objections in spite of repeated warnings. The audit of accounts of the municipalities of Nasik, Poona City and Pandharpur revealed misappropriations of funds and serious financial irregularities.

In the Southern division, the cases of embezzlements and short credits in respect of cattle pound receipts of the Gadag-Betgeri municipality which were

noticed in the previous year's report are still under investigation. Two more cases of misappropriation by clerks came to light and the offenders were prosecuted and convicted.

In Sind no serious irregularities or embezzlements were detected during the year under report.

14. *Grants for sanitary and town improvement schemes.*—The majority of municipalities are alive to the needs of efficient water supply and drainage but are generally prevented from embarking on such schemes owing to lack of funds. In the year under report as in the previous year, financial stringency prevented Government from giving much substantial assistance to municipalities in this direction.

PART II.

Remarks regarding more important municipalities.

15. *Ahmeabad.*—The Ahmedabad municipality had to its credit another year of financial stability and progressive work. The financial position of the municipality was so strong that it was able to meet from its general revenues the extraordinary expenditure of Rs. 14½ lakhs towards repayment of loans. The work of recovery of dues was also satisfactory.

The work of improvement of roads is progressing steadily in Ahmedabad city; asphalt treatment was given during the year to 13 roads totalling 22,147 feet in length. The municipality now possesses a length of about 40 miles of dustless roads.

Public health was on the whole good and no epidemic in a serious form visited the City. The water supply was also satisfactory and there was no complaint regarding shortage during the year. The municipality has undertaken the suburban drainage scheme at a total cost of about Rs. 45½ lakhs. The fact that the municipality invited experts to advise it on the question of the best method to be adopted in the disposal of sewage shows that it is keen to improve the present unsatisfactory method of disposal.

Surat.—The financial administration of this municipality was above criticism. It had no loans to repay and no debt to redeem while the recovery of arrears showed good progress during the year. Government note with satisfaction that the municipality is making substantial progress towards improvement of roads and the extension of electric street lighting to the remaining parts of the city. The chief problems which engaged the attention of the municipality during the year, were (1) the necessity of securing increased pressure in the existing water mains, and (2) the launching of a drainage scheme. The proposed scheme of a sewage outfall into the Mindhola river was dropped and the municipality is now considering the alternative scheme of a sewage farm to the east of the City.

The municipality has adopted an excellent plan of providing one new school building every year.

Poona City.—Government regret to observe that the financial administration of this municipality during the year was of a retrograde nature. In order to enable it to meet its loan obligations and to expand its public activities at the same time it is necessary that this body should seriously consider the question of expanding its revenues by a slight increase in its taxation for which there is considerable scope. The increase in the arrears of taxes was also a disquieting feature of the year and it is hoped that the municipality will take urgent steps to effect improvement in this direction.

Government view with concern the high rate of infant mortality in Poona City but they are glad to note that the municipality has already realised its responsibilities in this matter.

It is regrettable to note once more that this leading municipality in the Deccan spent less than 4 per cent. of its total income on medical relief.

objections raised by them. Out of the total income, Rs. 7,76,119 were derived from the general water rate and Rs. 7,38,765 from the direct sale of water. The expenditure including interest, sinking fund and depreciation charges amounted to Rs. 4,66,675 as against Rs. 4,89,082 in the preceding year. The Ahmedabad water works thus showed a profit of Rs. 10,48,209 as against a profit of Rs. 11,75,835 in the previous year. The working of the water supply installation at Surat showed a net profit of Rs. 1,72,537 as against Rs. 1,78,051 in the previous year. The water supply accounts of the Kapadvanj, Rander, Bandra, Thana and Bhiwandi municipalities also showed a profit during the year.

In the Central division the water works at Ahmednagar, Dhulia, Nasik, Trimbak, Satara City, Karad, Vita and Barsi yielded a profit while those at Sirur were run at a loss. At Jalgaon there are two systems of water supply—the Girna water works and the Meharun Tank supply. The former worked at a profit, while the latter showed a loss.

In the Southern division the water works at Dharwar, Pen, Roha-Ashtami, Matheran and Panvel showed a profit, whilst those at Bijapur, Hubli, Alibag and Nipani worked at a loss. ✓ The Dharwar water works are reported to be in an inefficient state and the municipality will at no distant date have to spend a large amount on renewals and replacements. ✓ Government hope that municipalities will realise the importance of crediting annually out of profits sufficient amounts to a separate reserve fund for depreciation charges so as to build up the capital required for renewals and replacements. The necessity of doing this was recently brought to the notice of several municipalities at the instance of the Consulting Public Health Engineer to Government.

In Sind the water works at Hyderabad and Sukkur are shown to have worked at a profit. The accounts of the Sukkur water works do not however represent the true state of affairs since the municipality credits 50 per cent. of its income from house tax, and the collections of terminal tax (on all grains except wheat) to its water works accounts. But for these appropriations, the water works would have shown a loss.

13. *Audit of accounts.*—No appreciable improvement was noticed in respect of the following items to which audit is chiefly confined :—

(i) prompt disposal of audit notes and ready adoption of the suggestions made therein,

(ii) prompt recovery of municipal dues and taking resort to compulsory processes in the case of defaulters,

(iii) periodical revision of assessment lists,

(iv) adequate supervision over the administration of public funds,

(v) strict observance of rules, by-laws and standing orders for safeguarding the municipal revenue. It is disheartening to find that the majority of municipalities in this Presidency and Sind do not yet realise the importance of setting right irregularities without delay in spite of the fact that the principal defects of their financial administration are being pointed out to them by the auditors and local officers year after year.

In the Northern division audit disclosed cases of misappropriations and defalcations in the accounts of the Viramgam, Surat, Rander, Bhiwandi, Juhu and Bandra municipalities. The municipalities of Dhandhuka, Nadiad, Dohad, Rander, Kapadvanj, Borsad, Umreth and Dakor have been called upon to take suitable measures to improve their financial resources or to effect economy in the required directions.

In the Central division, the Lonavla, Poona City, Alandi and Jejuri municipalities were again dilatory in the disposal of audit objections in spite of repeated warnings. The audit of accounts of the municipalities of Nasik, Poona City and Pandharpur revealed misappropriations of funds and serious financial irregularities.

In the Southern division, the cases of embezzlements and short credits in respect of cattle pound receipts of the Gadag-Betgeri municipality which were

noticed in the previous year's report are still under investigation. Two more cases of misappropriation by clerks came to light and the offenders were prosecuted and convicted.

In Sind no serious irregularities or embezzlements were detected during the year under report.

14. *Grants for sanitary and town improvement schemes.*—The majority of municipalities are alive to the needs of efficient water supply and drainage but are generally prevented from embarking on such schemes owing to lack of funds. In the year under report as in the previous year, financial stringency prevented Government from giving much substantial assistance to municipalities in this direction.

PART II.

Remarks regarding more important municipalities.

15. *Ahmedabad.*—The Ahmedabad municipality had to its credit another year of financial stability and progressive work. The financial position of the municipality was so strong that it was able to meet from its general revenues the extraordinary expenditure of Rs. 14½ lakhs towards repayment of loans. The work of recovery of dues was also satisfactory.

The work of improvement of roads is progressing steadily in Ahmedabad city; asphalt treatment was given during the year to 13 roads totalling 22,147 feet in length. The municipality now possesses a length of about 40 miles of dustless roads.

Public health was on the whole good and no epidemic in a serious form visited the City. The water supply was also satisfactory and there was no complaint regarding shortage during the year. The municipality has undertaken the suburban drainage scheme at a total cost of about Rs. 45½ lakhs. The fact that the municipality invited experts to advise it on the question of the best method to be adopted in the disposal of sewage shows that it is keen to improve the present unsatisfactory method of disposal.

Surat.—The financial administration of this municipality was above criticism. It had no loans to repay and no debt to redeem while the recovery of arrears showed good progress during the year. Government note with satisfaction that the municipality is making substantial progress towards improvement of roads and the extension of electric street lighting to the remaining parts of the city. The chief problems which engaged the attention of the municipality during the year, were (1) the necessity of securing increased pressure in the existing water mains, and (2) the launching of a drainage scheme. The proposed scheme of a sewage outfall into the Mindhola river was dropped and the municipality is now considering the alternative scheme of a sewage farm to the east of the City.

The municipality has adopted an excellent plan of providing one new school building every year.

Poona City.—Government regret to observe that the financial administration of this municipality during the year was of a retrograde nature. In order to enable it to meet its loan obligations and to expand its public activities at the same time it is necessary that this body should seriously consider the question of expanding its revenues by a slight increase in its taxation for which there is considerable scope. The increase in the arrears of taxes was also a disquieting feature of the year and it is hoped that the municipality will take urgent steps to effect improvement in this direction.

Government view with concern the high rate of infant mortality in Poona City but they are glad to note that the municipality has already realised its responsibilities in this matter.

It is regrettable to note once more that this leading municipality in the Deccan spent less than 4 per cent. of its total income on medical relief.

Sholapur.—The record of municipal administration continued to be satisfactory. Good progress has been made in asphaltting roads and in solving the problem of housing the depressed classes. The municipality has also under consideration a new water supply project to supplement the present supply from the Ekruk tank.

Hyderabad.—The Hyderabad municipality has improved its financial position to some extent and there are signs of further improvement. The municipality has however so far failed to introduce direct taxation, in spite of repeated advice to the contrary. It seems very desirable that the municipality should consider the question of tapping the resources which are within its reach in order to obtain funds for the important schemes of water filtration and underground drainage which have been under contemplation for some time.

PART III.

General Remarks.

16. The Commissioner, Central division (Mr. Smyth), who states that he has been away from municipal administration for several years, remarks of the municipalities in his division :—

“ The perusal of the Collectors’ reports leads to the conclusion that there has during this period been no real development of a civic sense on the part of councillors of the majority of the boards, and that there exists the same inability to dispose of work promptly, to appoint a strong executive and to leave to it the details of administration, and in the case of the smaller boards to collect arrears. It seems to be the case that the only local bodies which are tolerably efficient are those in which the president is a man of marked individuality and has a steady backing in the board. In most cases a party spirit is rife and the interests of the municipal taxpayers are not always the first consideration.”

Although Government would not go so far as to assert that there has in the recent past been no development of a civic sense on the part of councillors on the majority of the boards, they must reluctantly admit that progress during the last decade in municipal administration, particularly in the case of the smaller boards in the Central division, which contains the greatest number of municipalities in the Presidency, has been very disappointing.

In the case of the two other Presidency divisions and Sind also, Government cannot do better than quote from the general remarks made by the Commissioners, Northern division and Southern division, and the Revenue Commissioner in Sind, because, in their opinion, these remarks present a true picture of municipal administration in the areas in question during the year under report.

The Commissioner, Northern division (Mr. Collins) says :—

“ Although the year has been generally one of steady progress, there is still an aversion on the part of almost all municipalities, except Ahmedabad, to face the larger issues which involve an increase of taxation and punctual collection of dues. The majority of councillors regard their position as one of prestige which has to be held without giving any cause to court unpopularity. As the Collector of Kaira remarks the administration is conducted along the lines of least resistance Except for a few notable instances party spirit has shown a tendency to disappear after the election of the president, but it has one regrettable feature which is common to almost all the municipalities. The committees and sub-committees in which the real work is carried on are composed in almost every case entirely of the majority party which elected the president and the other members have no chance of election. There is thus a great contrast between the local self-governing bodies in India and those of England and other Western countries where every member irrespective of parties and politics is given the chance of doing some useful work on one of the sub-committees. Here the minority councillors have no scope except to speak and vote at the general meetings.”

The Commissioner, Southern division (Mr. Madan) says :—

“There was no new scheme of town improvement or public utility. The day-to-day administration was therefore a routine affair and consequently the interest shown by the members in civic affairs marks a decline..... With the exception of a few municipalities, such as Ilkal, Chiplun and Matheran, the majority of the municipalities are barely able to make both ends meet. Their position is serious on account of the present depression and the accumulation of arrears. The arrears are assuming very large proportions The present day economic depression which has reduced the earning capacity of the people is advanced to explain the existence of the arrears, but the real reason appears to be the failure to adopt timely and adequate measures to recover the dues Adequate water supply, efficient drainage, good roads and lights are the principal needs of a number of municipalities. Paucity of funds to finance such works is a general complaint but the municipalities are as a rule averse to additional taxation with the result that the residents of municipal areas have to content themselves with the primitive form of municipal service”.

The Revenue Commissioner in Sind (Mr. Gibson) says :—

“The municipalities continued to hold themselves aloof from political movements and did not exhibit any tendency to go outside the sphere assigned to them in the Municipal Acts or to allow their administration to be warped unduly by political considerations. However, the spirit of party faction and communal intrigue continued. Almost every attempt to grapple with the more serious problems of local self-government is side-tracked into a communal or party issue. The Revenue Commissioner regrets he is unable to notice any improvement in this unwelcome and regrettable state of affairs”.

17. Government feel that the Commissioner, Central division, has laid his finger on one of the main defects of municipal administration in this presidency when he points out that the boards failed “to appoint a strong executive and to leave to it the details of administration”. It is perfectly legitimate for the elected majority of a particular municipality to lay down the lines of policy to be followed during its term of office; but once that has been done, it is essential, in the interests of good administration, that the municipal executive should be left to carry out that policy without unnecessary interference from individual councillors belonging to the party in power. The bane of local self-government in this presidency is that there is constant interference by elected representatives even in the day-to-day administration of local affairs, with the result that it is often almost impossible to expect the healthy development of a strong and independent executive staff which can act without fear or favour.

18. A disappointing feature of the year under report was the fact that as many as 28 municipalities in the presidency and Sind failed to spend even 4 per cent. of their total expenditure on medical relief. This number includes important headquarter municipalities like those of Ahmednagar, Bandra, Belgaum, Bijapur, Broach, Dharwar, Dhulia, Godhra, Jalgaon, Larkana, Nasik, Poona City, Satara City and Suburban and Surat. Government are of opinion that there is no excuse for the failure of a municipality like Bandra to provide more money for one of its most important obligatory duties like medical relief when it can afford to spend so large a sum as half a lakh of rupees on a new municipal hall.

Some of the municipalities in the presidency appear to be under the erroneous impression that it is the business of Government primarily to promote medical relief and public health in their areas. The correct position however is that medical relief and public health are obligatory responsibilities laid upon all municipalities by statute, and that Government can, at the most, render only auxiliary support. Thus if a municipality has within its area localities infected with plague it is its obligatory duty to spend as much as it possibly can on anti-plague measures even at the expense of other things, many of which fall under heads of expenditure which are purely discretionary.

19. Though the remarks contained in the above paragraphs make discouraging reading, Government have no desire to conclude their report on a note of pessimism. They are glad to be able to endorse the commendation bestowed by the Commissioner, Northern division, on the Ahmedabad municipality for maintaining its financial stability and for its progressive administration. Although there have been occasions when certain acts and proposals of this municipality had to be criticised, its record of public work has on the whole been praiseworthy. Government also note with satisfaction the good work done during the year by the Sholapur and Surat municipalities.

Government hope that the example of sound and progressive administration set by these three municipalities will be followed by other boards in the presidency and that the advent of provincial autonomy on 1st April will act as an impetus to local bodies in general, and municipalities in particular, to strengthen their financial position and to administer their affairs in a spirit of public service as opposed to a spirit of party faction and communal intrigue.

20. Government have great pleasure in acknowledging the valuable services rendered by certain non-official presidents who have been singled out for praise by the Collectors and Commissioners concerned. Government would also like to convey to the Commissioners and Collectors and to their officers of the other departments, particularly the Public Health department, their appreciation of the ready help and advice given by these officers to the municipalities whenever required.

By order of the Government of Bombay
(Transferred Departments),

H. T. SORLEY,
Secretary to Government.

G. R. No. P. 55, G. D., dated the 25th March 1937.

The total balance at the close of the last year was Rs. 6,524. It was made up of a cash balance of Rs. 5,122 and deposits of Rs. 412. As these deposits were invested in Government securities and cash certificates, it was pointed out in audit that they should be shown separately as investments. Hence the opening balance has been reduced by Rs. 412.

The difference in the opening balance of this year and the closing balance of the last year is due to the fact that the deposits in the Central Co-operative Bijapur (Rs. 10,000) and the purchase of Postal Cash Certificates worth Rs. 7,500 were not included in the balance of the previous year. It includes Rs. 1,839 representing draw back on refunds allowed.

No. II—contd.

It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.

No. III.

Bombay Presidency, during the year ending 31st March 1935.

Public Safety					Public Health and Convenience

GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 23rd June 1938.

Read the reports from the Commissioners of Divisions on the working of the Municipalities and notified areas in the Province of Bombay for the year 1936-37 :—

RESOLUTION.

PART I.

Summary.

Number and area.—Owing to the separation of Sind with effect from the 1st April 1936 the total number of municipalities in the Province of Bombay at the close of the year under report was 130. Of these twenty-seven were governed by the Bombay Municipal Boroughs Act, 1925, and the rest by the Bombay District Municipal Act, 1901. Of the latter, six, viz., Godhra, Viramgam, Yeola, Malegaon, Bagalkot and Guledgud were City municipalities constituted under section 181 of the Act. The Barsi municipality was raised to the status of a borough municipality from the 1st October 1936. The municipality at Dhond, which was established during the previous year, began to function actually on 26th September 1936. The number of notified areas (exclusive of those which merely exist for the purpose of enforcing building regulations and do not levy taxes) were five in the Bombay Suburban district, one each in the Thana, Poona and Satara districts of the Central division and five in the Southern division. Rules for the levy of taxation in the Kankaria notified area in the Ahmedabad district were sanctioned by Government in March 1936 but it was not until 1st April 1937 that the committee was able to complete its work of the valuation of properties.

There was no change in the areas of any of the municipal bodies except in that of the Ahmedabad borough municipality, the area of which increased from 9.13 square miles to 11.54 square miles.

2. *Change in the population and boundaries.*—The total population resident within municipal areas was 26,45,509 as against 26,37,204 (excluding that of Sind) in the preceding year. The increase was due to the establishment of a municipality at Dhond. The boundaries of the Ahmedabad municipality, the Shahada municipality in the West Khandesh district and of the Raver municipality in the East Khandesh district were extended during the year under report.

3. *Constitution of municipalities.*—In the Northern division the constitution of all municipalities remained unchanged in the year under report. The affairs of the Kurla municipality in the Bombay Suburban district continued to be managed by the Administrator appointed by the Commissioner under section 219 (2) (b) of the Bombay Municipal Boroughs Act, 1925. Triennial elections were held during the year at Ahmedabad, Umreth, Anand, Borsad, Dakor, Mehmedabad and Kaira.

In the Central division the Dhond municipality was constituted so as to consist of 4 elected and 8 nominated councillors with the mahalkari as ex-officio president. Triennial elections were held for 17 municipalities during the year as against 10 in the previous year. By-elections were held in the case of 12 municipalities.

In the Southern division the supersession of the Gokak municipality continued during the year under report. Triennial elections were held in the municipalities of Saundatti-Yellamma, Matheran and Ratnagiri. The elections were keenly contested. By-elections were also held in eight municipalities.

A consolidated statement showing the number of voters who exercised the franchise at the general elections in the province is appended.*

4. *Attendance at municipal meetings.*—The number of meetings held during the year in the three divisions was 3,174 as against 3,311 in the previous year, of which 487 proved to be abortive for want of a quorum and 1,120 were adjourned. The average percentage of attendance of members at the meetings in the year under report was 65·93. The corresponding percentage in the previous year was the same.

5. *Changes in the system of taxation—(a) Property taxes.*—The schedule of house tax was revised by the Ratnagiri municipality. Mill premises in the Ahmedabad municipality were charged the drainage tax on the valuation fixed at a prescribed percentage.

(b) *Octroi.*—The Bhatkal municipality brought into force its revised schedule of octroi. The Chopda, Wai and Sholapur municipalities revised their octroi schedules with a view to increasing their income. The Faizpur and Savda municipalities in the East Khandesh district introduced a joint levy of octroi during the year.

(c) *Terminal tax.*—Owing to the complaint of the G. I. P. Railway Administration that the levy of a tax on rail borne goods, but not on road-borne traffic, resulted in loss both to the Administration and the municipality, the Raver municipality introduced the levy of a tax on goods imported by road. The Bhiwandi municipality levied terminal tax on grains of all kinds, except paddy and rice, at four annas per Bengal maund. The Ahmedabad municipality amended its rules so as to allow exemption to manure.

(d) *Water rate.*—The Matheran municipality reduced its water rate and introduced the levy of water tax on animals. The Ahmedabad municipality amended its rules so as to enable the levy of water rates at a uniform percentage on the actual annual letting value.

(e) *Sanitary cess.*—The special sanitary cess levied by the Kurla municipality was increased from 2 per cent. to 4 per cent. on the annual letting value. The Sangamner, Raver, Wai, Barsi and Ratnagiri municipalities revised their rates of special sanitary cess. The first two municipalities also revised their rates of general sanitary cess. The Belgaum municipality increased its special sanitary cess and introduced the general sanitary cess in lieu of bhangi cess. Though the levy by the Hubli municipality of special sanitary cess was sanctioned by Government, it was not introduced during the year under report.

(f) *Conveyance tax and toll.*—The most important change during the year was the abolition of the tolls levied by municipalities on motor vehicles and trailers as required by section 15 of the Bombay Motor Vehicles Tax Act, 1935. The municipalities have, however, been compensated by grants-in-aid under section 9 of the said Act. The Manmad municipality granted full exemption while the Nasik municipality granted partial exemption from the payment of wheel tax to bullock carts fitted with pneumatic tyres. The Sangamner municipality exempted carts with pneumatic tyres from the payment of toll tax.

(g) *Other miscellaneous taxes.*—The proposals of the Hubli and Amalner municipalities for the levy of a tax on hotels, tea shops, etc., were sanctioned but they were not actually given effect to during the year.

6. *Municipal income.*—The aggregate gross income of the municipalities in the three divisions fell from Rs. 347 lakhs to Rs. 313 lakhs. Deducting the receipts under "extraordinary and debt" the net income amounted to Rs. 189·78 lakhs as

* Vide Appendix A.

against 188·62 lakhs in the preceding year. The important variations are set out in the following paragraphs :—

(a) *Octroi and terminal tax receipts.*—There was a decrease of about Rs. 68,000 under this head, which was shared by the Central and Southern divisions, the former alone accounting for a decrease of Rs. 1,39,000 due to scarcity conditions, and depression in trade in Ahmednagar, Poona and Sholapur districts and the diversion of rail borne traffic to the roads in the East and West Khandesh districts. The Northern division showed an increase of about Rs. 73,000 which was shared mainly by the Ahmedabad (Rs. 44,000) and Surat (Rs. 18,000) municipalities.

(b) *Taxes on houses and lands.*—The receipts under this head showed a decrease of about Rs. 22,000 which was shared by the Northern and Central divisions and is attributed generally to slackness in effecting recoveries. The Southern division showed an increase of about Rs. 8,000.

(c) *Water rates.*—The receipts under this head showed an increase of about Rs. 3,71,000 which was shared by the Northern and Southern divisions. The largest portion of the increase was contributed by the Northern division, the Ahmedabad municipality alone accounting for an increase of about Rs. 3,88,000 by reason of the recovery of past years' arrears from the mills.

(d) *Revenue derived from municipal property.*—The receipts under this head showed a decrease of about Rs. 2,22,000 which was shared by all the divisions. In the Central division, the Poona City municipality was mainly responsible for a decrease of Rs. 1,68,000 (in round figures) which was due to the non-adjustment of amounts received from the sale of plots and to smaller receipts on account of contributions from the holders of plots in the town planning schemes.

(e) *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for water supply and drainage, for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes amounted to Rs. 14,18,513 as against Rs. 12,65,792 in the previous year. The increase occurred in all the divisions, the Northern division alone accounting for about Rs. 96,000 owing to the receipt of larger educational grants from Government.

7. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 1,89,78,784, Rs. 1,47,64,030 were realised from municipal rates and taxes as compared with Rs. 145,80,356 in the previous year. Direct taxation yielded Rs. 95,67,612 or 64·1 per cent. of the total and indirect taxation Rs. 51,96,418 or 35·9 per cent.

The following table shows the average incidence of taxation and income per head of population during the year under report as compared with the previous year in the province, as a whole and in each of the three divisions :—

	Incidence of Taxation.		Incidence of Income.	
	1935-36.	1936-37.	1935-36.	1936-37.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Bombay province (excluding Sind)	5 5 2	5 9 4	6 14 3	7 2 9
Northern division	7 2 10	7 9 3	8 11 1	9 2 3
Central division	4 14 7	4 10 4	6 14 6	6 8 7
Southern division	3 8 11	3 8 9	4 11 3	4 10 5

8. *Recovery of dues.*—During the year under review there were few signs of any improvement in the collection of taxes. With some notable exceptions, there was hardly a municipal board which was fully alive to its responsibilities in this

respect. It is impossible to lay the blame for the heavy arrears on any defects in the municipal acts. The trouble is that there is no proper system in the organisation of the collection work which is at present being done in an haphazard manner.

The total amount of arrears of taxes and dues in all the municipalities of the province at the end of the year was about Rs. 22·30 lakhs, i.e., a decrease of about 4·53 lakhs in the figures of the preceding year.

In the Northern division arrears were heavy in the Godhra, Surat, Rander, Thana, Kalyan, Bhiwandi, Bandra, Ghatkopar and Vile Parle municipalities. The work of recovery in Ahmedabad and Kurla was creditable. In Ahmedabad the arrears which stood at Rs. 6,86,223 were reduced to Rs. 2,97,553. A sum of Rs. 1,30,000 is still outstanding from the mills and factories pending disposal of objection petitions by arbitrators.

In the Central division the outstandings on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate at the end of the year amounted to Rs. 8,84,421 as against Rs. 7,67,902 in the preceding year. The increase is mainly due to unsatisfactory collection work in almost all the municipalities. The administration of the Amalner municipality was specially notable for the excellent recovery of arrears which at the end of the year represented only 0·76 per cent. of the total demand. The Sholapur municipality also showed good work in this direction.

In the Southern division the municipalities had to recover in all Rs. 12,72,218 including Rs. 3,94,091 on account of past year's dues. Out of the total dues Rs. 8,68,247 were recovered leaving about 31·53 per cent. of the total demand outstanding. The arrears were particularly heavy in Bailhongal, Athni, Belgaum, Nipani, Guledgud, Ilkal, Bijapur, Dharwar, Haveri, Ranebennur, Nargund, Byadgi, Sirsi, Karwar, Kumta, Honavar, Bhatkal, Gokarn, Uran, Panvel, Roha-Ashtami, Pen, Malvan and Vengurla municipalities.

9. *Working of octroi and terminal tax systems.*—In the Northern division the municipalities of Dholka, Viramgam, Ranpur, Surat and Bassein continued to levy octroi. Eighteen municipalities imposed terminal tax, while the rest of the municipalities, viz., Modasa, Kaira, Borsad, Dakor, Kapadvanj, Rander, Kurla, Vile Parle, Ghatkopar-Kirol and Juhu levied neither octroi nor terminal tax. Out of the gross collections of Rs. 4,95,681 from octroi, a sum of Rs. 1,29,048 was refunded on account of goods re-exported against Rs. 1,47,342 in the preceding year, the Surat municipality alone being responsible for a refund of Rs. 1,28,626.

In the Central division the octroi system was in force in 35 municipalities while nine municipalities levied terminal tax. Karad is the only municipality which levied octroi as well as terminal tax. The gross octroi collections amounted to Rs. 16,41,354, the net income being Rs. 15,30,225. The percentage of refunds in respect of re-exported goods was 6·7 as against 4·4 in the preceding year.

In the Southern division the octroi system was in force in 21 municipalities while 13 municipalities levied terminal tax. The gross receipts from octroi amounted to Rs. 5,81,156 of which Rs. 15,019 were refunded in respect of re-exported goods, the percentage of refunds being 2·58 as against 2·51 in the previous year.

10. *Expenditure.*—The total expenditure of the municipalities in the Province of Bombay excluding Sind was Rs. 3,15,72,000 as against Rs. 3,44,20,000 in the previous year. Excluding the item of "extraordinary and debt" the expenditure amounted to Rs. 1,85,13,000 as against Rs. 1,79,81,000 in the preceding year:—

(a) *Water supply.*—The total expenditure on water supply increased by about Rs. 1,26,000 mainly under establishment, repairs, etc.

(b) *Drainage.*—The expenditure under this head increased by about Rs. 71,500 mainly under Capital Outlay.

(c) *Conservancy.*—The expenditure under this head which represents money spent on road cleaning and watering and on public latrines but

excludes expenditure on special sanitary services amounted to Rs. 26,12,000.

(d) *Hospitals and dispensaries.*—The following 27 municipalities failed to spend on medical relief the minimum 4 per cent. of their expenditure as enjoined by Government :—

Broach, Godhra, Dohad, Kaira, Surat, Bandra, Kurla, Vile Parle, Juhu, Ahmednagar, Jalgaon, Dhulia, Nandurbar, Betawad, Nasik, Manmad, Bhagur, Satara-Suburban, Mahableshwar, Vita, Pandharpur, Belgaum, Bijapur, Dharwar, Navalgund, Karwar and Ratnagiri.

(e) *Road expenditure.*—The expenditure on roads amounted to Rs. 15,37,000. In the Northern division despite a large expenditure by the Ahmedabad and Vile Parle municipalities, the expenditure under this head decreased by Rs. 34,000, which was due to the adoption of a less expensive road programme than in the previous year by the Surat and Broach municipalities. Twelve municipalities in this division, however, failed to observe the principle of devoting the whole of the proceeds from the wheel tax to the construction and maintenance of roads.

In the Central division the total expenditure on roads increased by about Rs. 37,855 mainly owing to the construction of asphalt roads by the Sholapur municipality and to the construction of additional roads and the purchase of new road rollers by the Nandurbar, Barsi and Pandharpur municipalities. Twenty-four municipalities in this division spent on roads much less than the income derived from the wheel tax and tolls.

In the Southern division the expenditure amounted to Rs. 2,07,000. Ten municipalities not only failed to spend the whole of their income from wheel tax and tolls on the construction and maintenance of roads but even neglected to create separate funds for the purpose.

(f) *Public instruction.*—The total expenditure under this head amounted to Rs. 41,09,000 as against Rs. 39,05,000 in the preceding year. All the divisions showed increases, owing mainly to the opening of new schools and the construction of school buildings.

11. *Closing balance.*—The aggregate closing balance of all the municipalities in the Presidency excluding Sind amounted to Rs. 40,49,500 as against Rs. 42,93,500 in the previous year.

12. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from the water rate rose from Rs. 15,14,884 in the preceding year to Rs. 19,03,236 in the year under review. The increase was due to the fact that the municipality recovered past years' arrears from the mills. Out of the total income, Rs. 10,61,776 were derived from the general water rate. The working of the water supply installation at Surat showed a net profit of Rs. 1,72,653. The water supply accounts of Rander, Thana and Bhiwandi also showed a profit during the year. Bandra and Kurla municipalities obtained their supply of water from the Bombay municipality through Government in the Public Works Department.

In the Central division, the water works at Dhulia, Trimbak, Karad, Satara City and Barsi yielded a profit while those at Ahmednagar, Nandurbar, Nasik, Sirsi and Vita worked at a loss. At Jalgaon there are two systems of water supply—the Girna Water Works and the Mehrun Tank supply. The latter worked at a profit while the former showed a loss.

In the Southern division, with the exception of the water works at Bijapur, Dharwar and Alibag, the installations at Nipani, Hubli, Pen, Roha-Ashtami, Matheran and Panvel showed a profit. The Alibag municipality levies no water tax and the expenditure incurred was on account of establishment only. The installation at Bijapur has been working all the while at a loss and in order to minimise the loss, the municipality raised its special water tax. The water

supply in Dharwar is quite unsatisfactory and the question of taking up an adequate supply scheme is reported to be under the consideration of the municipality.

13. *Audit of Accounts.*—The audit notes disclosed that barring a few exceptions the tone of the municipal administration did not show any improvement over that of the preceding year. The principal defects noted were :—

- (i) unsatisfactory finance,
- (ii) heavy arrears,
- (iii) incomplete maintenance of demand and assessment register,
- (iv) non-compliance with the suggestions made in audit,
- (v) lax supervision over the work of subordinates,
- (vi) failure to take proper disciplinary action in instances of negligence with the consequent loss of the rate-payers' money.

In the Northern division audit disclosed cases of misappropriations, defalcations and irregularities in the accounts of the Ahmedabad, Viramgam, Modasa, Broach, Surat, Rander, Thana, Bandra and Bhiwandi. The financial position of the municipalities of Sanand, Kaira, Dakor, Broach and Bhiwandi was reported to be such as would need special attention and prompt efforts with a view to bring about improvement.

In the Central division, the accumulation of arrears is a growing evil. The presidents of the municipalities have been asked to submit to the Collector monthly progress reports of collections and of the coercive measures adopted to recover the dues. The accounts of the municipalities of Nasik, Bhagur, Trimbak, Sholapur and Pandharpur revealed defalcations and embezzlements and steps were taken to deal with the offenders.

In the Southern division, the case of embezzlement in the Gadag-Betgeri municipality reported in the preceding year has resulted in the prosecution of the offender. The accounts of the Dharwar municipality disclosed defalcations of rate-payers' monies. The affairs of this municipality in general are going from bad to worse and at the end of the year the Collector was asked to take up with the president the question of improving the whole administration.

14. *Grants for sanitary and town improvement schemes.*—The majority of the municipalities are alive to the needs of efficient water supply and drainage but are generally prevented from embarking on such schemes owing to lack of funds. In the year under report as in the previous year, financial stringency prevented Government from giving much substantial assistance to municipalities in this direction.

PART II.

Remarks regarding more important Municipalities.

15. *Ahmedabad.*—The financial position of the Ahmedabad municipality showed steady progress during the year. The municipality repaid a loan of Rs. 13 lakhs during the year under report. The recovery of arrears also showed remarkable progress. Government observe with pleasure that close and careful consideration is being given to the improvement of the city's water supply. It is reported that the municipality is also taking necessary steps to improve the present position regarding the disposal of sewage. The works included in the town planning schemes are being vigorously executed.

Public health was on the whole good and no epidemic in a serious form visited the city.

The municipality is to be congratulated upon providing various amenities for the good of the public, such as public parks, hospitals and other public buildings. In fact the administration report of the Ahmedabad municipality is a most interesting document which indicates the careful consideration which is being bestowed on every detail of the municipal administration.

Surat.—The financial position of the municipality was satisfactory. The recovery of arrears, however, showed little progress during the year. The municipality made good progress by asphaltting 7·284 miles of its roads at a cost of about Rs. 1,33,000. In view of the objections raised by the Baroda and Sachin States, the scheme of outfall in the Mindhola river was dropped and the municipality has resolved to adopt the alternative scheme of disposal by the sewage farm method at some suitable site to the east of Surat, at a cost of 60 lakhs of rupees.

Poona City.—The financial position of the municipality cannot be said to be satisfactory. Government regret to observe that very little progress is made in the recovery of arrears. The outstandings rose from Rs. 1,17,535 in the preceding year to Rs. 1,61,288 at the end of the year under review. Public health was on the whole good and no epidemic visited the City. However, the total infant and child mortality was high as usual. Government view with concern that the municipality has not yet realised its responsibilities with regard to this matter.

Sholapur.—The financial position of the municipality was above criticism. It continued to maintain a satisfactory standard of administration. The recovery of arrears showed also good progress during the year. Government note with satisfaction that the municipality has completed almost the whole of its water supply scheme and is preparing a scheme for obtaining additional water supply from the Sina river. Plans and estimates for a drainage scheme have also been prepared.

General Remarks.

16. Government regret to observe that during the year under report, the standard of administration of the municipalities in the Province as a whole hardly shows any improvement. The Commissioner, Northern Division (Mr. Garrett), summarising the position in that division observes "With some notable exceptions most of the municipalities have carried out their administration in the usual routine manner and have failed to show any substantial progress". The Commissioner, Central Division (Mr. Smyth), also has nothing very encouraging to say regarding the working of municipalities in his division and states "The Commissioner regrets that during the past year he has seen few signs of any improvement in municipal administration. It is not too much to say that with the exception of about half a dozen municipalities.....there is hardly a municipal board which is fully alive to its responsibilities". The record of the Southern division is equally uninspiring as will be seen from the remarks of the Commissioner (Mr. Madan) who observes that "the year under review has not been one of general progress in the matter of municipal administration". The causes of this comparative lack of success in the administration of civic affairs are not far to seek and are being emphatically stressed, year after year, in the administration reports, the general absence of a sense of civic responsibility among the municipal councillors, the dissipation of energy in factious feuds based on personalities, and above all the tendency to look upon the membership of the board merely as a personal distinction and not as an opportunity of rendering disinterested service to the local community. Government regret to observe that barring the notable exceptions of Ahmedabad and Sholapur municipalities, even the larger borough municipalities which are in a position to raise the necessary finance, hardly show any initiative or keenness in the matter of the provision of better civic amenities in their respective areas. When the larger bodies are so apathetic, it is hardly a matter of surprise that the small town municipalities—of which there are so many in the Province particularly in the Central division—are merely content to drag on their weary uninspiring existence from year to year in a state of chronic financial stringency which they do nothing to set right.

17. Government feel that the problem presented by the smaller municipalities of the Province is becoming more complicated and difficult year by year. These municipalities are tending to become the least efficient units in the whole structure of local self-government and though they are, from the very nature of the case, constantly in need of advice and guidance from the Collector and the Commissioner, they are precisely the bodies which strongly resent such advice when it is tendered. As the Commissioner, Northern Division, has very aptly put "the

amount of trouble arising out of control and audit varies inversely with the size of the municipality". The Commissioner, Central Division, writing in the same strain observes "the very small municipalities which are mainly to be found in the Satara and West Khandesh districts are completely inefficient bodies in which, even if the will to work is present, the capacity to do so is absent; most of them could be abolished with advantage and replaced by sanitary committees or village panchayats". Now that the Village Panchayat Act is well on the way to being completely overhauled and remodelled, Government hope to take up for consideration in due course, the whole question of the proper administration of the smaller municipalities with a view to setting up machinery for local government suitable to the real needs of the locality concerned.

18. The fact that a large number of municipalities failed to earmark the prescribed minimum of 4 per cent. of their annual expenditure for medical relief was prominently brought out and commented upon in the review for the year 1935-36. It seems that the municipalities concerned have practically taken no steps to make the necessary adjustment in their expenditure during the year under report and no less than 27 bodies have again failed to devote even 4 per cent. of their expenditure to medical relief. Government earnestly hope that municipalities will show rapid improvement in this respect hereafter and trust that it will not become necessary for them to take stringent steps against the repeated recurrence of such defaults.

19. Another disquieting feature of the year is the growth of arrears. "The accumulation of arrears is a growing evil" states the Commissioner, Central Division. Similar slackness as regards the collection of municipal dues has also become noticeable in the other two divisions of the Province and the position of the Dharwar and Haveri municipalities in the Southern division has almost become desperate, the percentage of arrears in respect of past years having gone up to 71.1 and 75 respectively. Government would like to point out that slackness of a municipality in the matter of the collection of its legitimate dues is apt to prove peculiarly mischievous in its long term effects; while the law abiding citizen who pays his dues promptly is virtually penalized, the contumacious defaulter who, by his selfishness, holds up the execution of beneficent schemes, receives indirect encouragement in his antisocial behaviour. Government would therefore enjoin upon municipalities the imperative necessity of unflinchingly taking prompt coercive steps whenever defaults are committed in respect of their dues.

20. While there is much that is discouraging in the foregoing paragraphs, the year's record of municipal administration is not a picture of unrelieved gloom; Ahmedabad City continues to show remarkable progress year after year in every department of beneficent civic activity and its record in this respect fully conforms to the best standards observable in Europe. In municipal work, this city in fact furnishes an admirable pattern for other cities of a comparable size to follow. In the Central division, the Sholapur municipality is showing commendable vigour in pushing on the initiation of the improved water supply and drainage schemes. The Poona City municipality has also taken steps in the right direction by the initiation of its River Improvement Scheme which is likely to have a beneficial effect on the sickness rate of the city. Among the medium sized municipalities, Government desire to mention Amalner; the collection of arrears in this city during the year under report has been truly remarkable and the outstandings at the end of the year represented only 0.76 per cent. of the demand. As regards epidemic diseases Government are happy to note that none of the municipalities concerned has given any cause for complaint and the few actual or threatened outbreaks have been promptly dealt with in full co-operation with the officers of the Public Health Department. Again with regard to the treatment given to Harijans, with the unenviable exception of Trimbak, all the municipalities are trying to do the right thing by these classes and no distinctions are allowed to be observed as regards the use of public places like wells, dharamshalas, dispensaries and places of public entertainment. During recent months moreover distinct signs of a helpful awakening, both on the part of rate-payers on the one hand and existing and prospective municipal councillors on the other, have become observable and they constitute a good augury for the future. Government also have reason to hope that the spirit of idealism and disinterested public service which now informs several higher spheres of public

life in the Province, will not fail to permeate gradually the region of local self-government as well and the occasions for lamenting the deficiencies of the institutions concerned will become fewer hereafter.

21. Government acknowledge with pleasure the signal services rendered by the non-official gentlemen mentioned by the Collectors and Commissioners; Government also desire to convey to the Commissioners, Collectors and officers of other Departments their appreciation of the help, advice and guidance given by them to municipalities whenever necessary.

By order of the Governor of Bombay,

M. D. BHANSALI,
Secretary to Government.

G. R., No. P. 55, G. D., dated the 23rd June 1938.

* It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.

No. III.

Province of Bombay during the year ending 31st March 1937.

Public Safety					Public Health and Convenience					
Fire (establishment, purchase of fire engines, buckets, repairs, etc.)	Lighting (establishment, purchase of lamps, oil, repairs, etc.)	Police (establishment, purchase of clothing, lanterns, etc., repairs to outposts)	Rewards for destruction of wild animals and snakes	Total	Water Supply		Drainage		Conservancy (including road cleaning and watering, latrines)
