No. 4720 OF 1899.

From

THE HONOURABLE MR. F. S. P. LELY, I. C. S.,
Commissioner, Northern Division;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

Ahmedabad, 18th October 1899.

SIR,

I have the honor to submit the Annual Report on the administration of the Local Boards in the Northern Division for the year 1898-99, together with the following statistical returns compiled in my office in the prescribed form:—

- I.—Statement showing the constitution of the Local Boards.
- II.—Statement showing the income of the Local Boards.
- III.—Statement showing the expenditure of the Local Boards.
- IV.—Statement showing the details of works for the improvement of sanitation.

Ahmedabad Collector's No. 364, dated 25th July 1899.
Kaira do. No. 295, dated 20th July 1899.
Panch Mahals do. No. $\frac{L. F. M.}{296}$, dated 27th July 1899.
Broach do. No. $\frac{L. F.}{185}$, dated 7th July 1899.
Surat do. No. 416, dated 29th July 1899.
Thana do. No. 6336, dated 30th August 1899.

2. I also append the reports as per margin, submitted by the Collectors and Presidents of the different Boards.

STATEMENT NO. I.

3. The area remained the same as last year. The population has been shown according to the Imperial census of 1891.

4. There was no change in the number and constitution of the Boards, there being 6 District Boards and 40 Taluka Boards as in the preceding year. The former are presided over by the Collectors of their respective districts and the latter by Assistant and Deputy Collectors in charge of sub-divisions. The Panch Mahals is the only district in this Division to which the elective franchise has not been extended owing to its backward condition.

5. The number of *ex-officio*, nominated, and elected members was the same as last year, viz. 11, 391, and 328, respectively. Of the total number of members, 173 were officials and 557 non-officials against 180 officials and 550 non-officials in the preceding year. The figures for the past 4 years given in the margin show a steady decline in the number of officials with a corresponding rise in that of non-officials. The number of Europeans and Eurasians increased from 37 to 41, while there was a proportionate decrease in the number of Natives, viz. from 693 to 689.

Year.	Officials.	Non-officials.
1-95-96 ...	191	539
1896-97 ...	188	542
1897-98 ...	180	550
1898-99 ...	173	557

6. The following table shows the number of meetings held in each district, the number of official and non-official members on the Boards, and the average attendance:—

District.	No. of Meetings.	MEMBERS			AVERAGE ATTENDANCE.		
		Officials.	Non-officials.	Total.	Officials.	Non-officials.	Total.
Ahmedabad	49	52	101	153	3.4	5.0	8.4
Kaira	36	33	111	144	1.9	7.1	9.0
Panch Maháls	9	11	21	32	2.5	2.8	5.3
Broach	21	19	77	96	2.3	6.6	8.9
Surat	41	27	108	135	2.0	6.4	8.4
Thána	62	81	139	170	2.2	6.3	8.5
Total	218	173	557	730	2.4	6.04	8.4

7. The number of meetings held by the several Boards was 218 against 214 in the preceding year. Only 4 meetings had to be adjourned for want of a quorum. The average attendance of non-official members shows a falling off in the Panch Maháls and Broach Districts, due mainly to the prevalence of plague, while it indicates some improvement in the districts of Kaira and Thána. The attendance of official members was much the same as last year everywhere, except in Surat, where an improvement in this respect is noticeable.

The number of meetings adjourned for want of a quorum has been included in column 14 of Statement No. 1, and they have also been shown separately in the column of remarks. There were only 4 such meetings during the year—one in Ahmedabad and 3 in Thána—against an aggregate of 13 in the year preceding.

The Táluka Local Boards of (1) Thasra, (2) Godhra, (3) Kalol, (4) Dohád, (5) Broach, (6) Ankleshwar and (7) Máhim held less than 4 meetings during the year. The number of meetings held by these Boards is, however, reported to have been found sufficient.

District.	Number of meetings	Average attendance.
Ahmedabad ...	3	14.3
Kaira ...	3	11.6
Panch Maháls...	2	5.5
Broach ...	4	9.5
Surat ...	2	9.0
Thána ...	5	11.25
Total ...	19	

8. The District Local Boards held 19 meetings against 22 in the preceding year. The number of meetings and the average attendance were as per margin. Ahmedabad and Kaira exhibit a marked improvement; Surat and Broach, on the other hand, show a falling off. All the Boards complied with the provisions of the law regarding the holding of half-yearly meetings.

STATEMENT NO. II.

9. The total income of the several Boards amounted to Rs. 12,38,999-8-7 against Rs. 12,43,518-2-0 in the year preceding, showing a decrease of Rs. 4,518-9-5. Adding to the total income the balance of Rs. 6,67,472-4-2 at the commencement of the year, the sum available for expenditure during the year was Rs. 19,06,471-12-9 against Rs. 19,53,052-5-10 in the preceding year.

10. The following table exhibits the principal items of income as compared with the receipts in the preceding year:—

11. *VI.—Provincial Rates.*—The net proceeds of the one-anna cess levied under the Bombay Local Funds Acts, 1869 and 1884, constitute the principal source of income of the Local Boards under this head. The following table shows the proportion of the net receipts from this one-anna cess to the total income and the incidence of the cess per head of population :—

District.	Total Income.	Revenue derived from One-anna Cess.	Percentage of Column 3 to Column 2.	Incidence of One-anna Cess per head of Population.

Total ...	12,39,019 12 10	7,71,290 0 11	62·2	0 3 2

12. As compared with the preceding year there is a net decrease of Rs. 9,496-1-11, for which the districts of Broach, Kaira and Surat are responsible. Ahmedabad, on the other hand, shows a large increase, and is followed by Thána and Panch Maháls in order. The large decrease in Broach is attributed to the fact that the figures of the preceding year included recoveries on account of the outstandings of the year 1895-96, whereas no arrears were recovered in the year under report. The decrease in Kaira is small, and is due to a certain extent to relinquishments of lands and to revenue remaining uncollected. The postponement of the recovery of the revenue instalments of the Jakálpur and Bádoli Tálukas is responsible for the decrease in Surat. Revenue of the preceding year which remained uncollected in that year, was recovered in the year under report, and hence the large increase in Ahmedabad.

The small increase in Panch Maháls is explained to be due to larger realizations of revenue, while that in Thána is owing to the introduction of revised assessments.

13. *XIX.—Education.*—Compared with the previous year this head shows a net decrease of Rs. 227-6-4, which is distributed over all the districts except Ahmedabad and Surat, which show increases of Rs. 571-2-7 and Rs. 49-6-9, respectively. The increase in Ahmedabad is due to the receipt of contribution from the Limbdi Darbár towards the Barwalla school for the year under report along with that for the preceding year which was in arrears. The decrease in Kaira is only Rs. 254-15-0, and need not be explained. The decreases in Broach and Thána are due to the prevalence of plague, and consequent fall in attendance and closing of schools. The fluctuations in Panch Maháls (—33-0-5) and Surat (+49-6-9) are small.

14. *XX.—Medical.*—The receipts under this head amounted to Rs. 5,755-9-5 against Rs. 12,112-2-7 in the preceding year, showing a total decrease of Rs. 6,356-9-2, which is shared more or less by all the districts except Ahmedabad, whose figures stand unchanged. The decrease is, however, mostly nominal, the receipts of the preceding year having swelled abnormally owing to unusual causes, such as in Panch Maháls the transfer of the Dohad Municipal Dispensary balance to the management of the District Local Board; in Broach the sale of a Government promissory note for the construction of the Kavi Dispensary; and in Thána the receipt of the Government grant for the Chinchni Dispensary for two years at a time. The small decrease in Kaira is due to the non-receipt during the year of the usual contribution towards vaccination from the Matar Municipality, owing to its abolition.

15. *XXXII.—Civil Works.*—The principal items credited to this head are receipts from ferries and tolls on roads, and contributions from private persons. The income under this head amounted to Rs. 1,66,197-7-11 against Rs. 1,62,129-2-3 in the preceding year, showing a net increase of Rs. 4,068-5-8, which is principally due to increased receipts from ferries and tolls owing chiefly to the relaxation of plague restrictions which encouraged traffic in most parts of the Division.

Toll Collections.—There was a net increase of Rs. 12,111-2-4 under this sub-head, which is shared by Surat principally, and by Ahmedabad and Kaira to a lesser extent. Panch Maháls, on the other hand, shows a large decrease, which is attributed to a decrease in traffic, owing to the continued prevalence of plague. Thána and Broach also show small decreases, due to much the same cause. The increase in Surat is in main due to the receipt from the Surat Municipality of the Local Fund share of the Hope Bridge toll for two years (1897-98 and 1898-99) together.

XXXII.—Civil Works—Miscellaneous.—The receipts under this head amounted to Rs. 5,936-3-1 against Rs. 6,000-9-5 in 1897-98, showing a slight decrease of Rs. 64-6-4. The sale-proceeds of roadside trees, grass, &c., are credited to this head as per Government Resolution No. 5130, dated 22nd September 1897.

Contributions under XXXII.—Civil Works.—The receipts under this sub-head show a decrease of Rs. 6,203-0-8, being Rs. 25,595-14-6 against Rs. 31,798-15-2 in the preceding year. The decrease occurs in all the districts except Panch Maháls and Thána, which show small increases. There has been a downward tendency in these receipts during the past few years, due doubtless to plague.

16. *Contributions.*—The receipts under this head show this year a net increase of Rs. 3,817-8-6, due chiefly to the transfer to the District Local Board, Kaira, of a portion of the balance of the defunct Municipality of Matar for the construction of a girls' school in that town. Ahmedabad, Broach and Surat show small decreases with a more than countervailing increase in Panch Maháls, Kaira and Thána.

17. The following table furnishes details of the items comprising these receipts—

District.	Fees for permission to remove Sand or to Quarry.	Fixed contributions in lieu of one-anna cess on Excise Revenue.	Government Grant for village sanitation and water-supply.	Government Grant for primary education.	Fisheries fees and fines.	Government Grant towards the construction of School buildings. * Exclusive of Rs. 2,454-7-6 on account of contribution from other Boards.

18. *Miscellaneous*.—The receipts amounted to Rs. 7,301-4-5 against Rs. 4,542-15-11 in the preceding year, and are made up of the following items :—

			Rs	a.	p.
Sale of old stores and materials	181	9	9
Staging bungalow fees	1,339	0	0
Serái fees	681	12	7
Other items	5,098	14	1
			<u>7,301</u>	<u>4</u>	<u>5</u>

The increase of Rs. 2,758-4-6 is mainly due to larger receipts under "Other items," which being of a fluctuating nature call for no remark.

19. *Cattle-pound Receipts*.—The receipts under this head amounted to Rs. 21,043-1-8 against Rs. 21,147-1-10 in the preceding year. The decrease is slight.

20. *Debt*.—The debt, which simply represents the moneys deposited by contractors and others and not repaid, amounted to Rs. 4,210 against Rs. 4,170-5-0 in the preceding year, exhibiting a small increase of Rs. 69-11-0. Ahmedabad and Broach show an increase, while Kaira and Broach show a decrease. The fluctuations are not worth notice.

21. The incidence of income per head of population in the several districts of the Division is as under :—

	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.

Thána	0	4	6	0	4	5

The figures need no comment.

STATEMENT NO. III.

22. The total expenditure of the several Boards amounted to Rs. 13,27,449-5-1 against Rs. 12,85,580-1-8 in the preceding year, showing a net increase of Rs. 41,869-3-5. In the following contrasted table are given the principal items of expenditure in both years :—

Heads.	Expenditure during 1898-99.			Expenditure during 1897-98.			Increase.			Decrease.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.

Total	13,27,449	5	1	12,85,580	1	8	54,096	14	7	12,227	11	2

23. *Administration.*—The expenditure under this head amounted to Rs. 34,738-9-4 against Rs. 34,102-14-2, showing an increase of Rs. 635-11-2. As usual the expenditure under this head includes charges on account of establishments entertained by the several Local Boards under section 38 of the Local Boards Act, as also the pay and allowances of clerks employed on Local Fund work in the offices of the Divisional Commissioner, the Collectors, the Accountant General and the Educational Inspectors. The fluctuations in all the districts except Kaira are comparatively small. The increase of Rs. 767-14-5 in Kaira is due to the transfer to this head during the year of charges on account of the contingencies of the Collector's Local Fund establishment, and of the Local Boards' establishment which formerly used to be debited under the head "30. Stationery and Printing."

24. *Education.*—The comparative table given below furnishes details of the expenditure incurred under this head during the year, exhibiting a slight increase of Rs. 292-11-8—

	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.
Primary Schools	3,97,526	13	10	4,01,010	11	11
Grants-in-aid to indigenous Schools and Schools transferred to Municipality	7,343	6	1	7,754	4	4
Scholarships	12,695	4	10	12,307	13	8
Miscellaneous	4,225	0	10		
Refunds	375	0	0	800	0	0
Total	4,22,165	9	7	4,21,872	13	11

Kaira, Broach and Thána show an aggregate increase of Rs. 2,512-5-0, coupled with a total decrease of Rs. 2,219-9-4 in the three other districts, the net result being an increase of Rs. 292-11-8. The fluctuations are due to increased or less expenditure on establishments, grants-in-aid and scholarships.

25. *Medical.*—The charges under this head are made up of the following items:—

	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.
Grant to Hospitals and Dispensaries	36,275	4	2	43,157	6	9
Vaccination Establishments and Charges	19,998	5	6	22,002	4	4
Sanitation Charges	56	13	6	939	10	7
Plague Charges	65,889	15	10	34,342	10	0
Total	1,22,220	7	0	1,00,441	15	8

The expenditure under the first three sub-heads was less than in 1897-98, but the plague charges, which increased by Rs. 31,547-5-10, caused a net increase under this head of Rs. 21,778-7-4, in which all districts except Ahmedabad, Broach and Thána share. Barring the district of Ahmedabad, which continued to enjoy immunity from plague, all the districts had to incur considerably increased expenditure on plague measures. The increase in Panch Maháls is also attributed partly to the transfer of the management of the Kálol Dispensary to the District Local Board, owing to the abolition of the municipality at that place.

26. *Scientific and other Minor Departments.*—The details of expenditure as compared with the preceding year are given below—

	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.
Veterinary Charges	4,512	10	6	5,570	1	7
Bull and Stallion Charges	1,251	5	0	1,601	14	7
Total	5,763	15	6	7,172	0	2

The decrease of Rs. 1,408-0-8 is distributed over all the districts incurring expenditure under this head. In Ahmedabad and Kaira the decrease is due to no expenditure having been incurred on medicines. In Kaira it is also partly due to a decrease in the number of stallions.

27. *Stationery and Printing.*—The expenditure under this head was Rs. 2,868-1-7 against Rs. 3,453-4-4, showing a decrease of Rs. 585-2-9. In the preceding year this head exhibited a noticeable rise owing to increased expenditure on printing charges in consequence of the triennial elections held in most districts of the Division. This year no such extra expenditure had to be incurred, and hence the decrease.

28. *Miscellaneous.*—The charges on account of dharmshāla and staging bungalow establishments, and petty establishments maintained by Local Boards, are included under this head. Charges on account of contributions to municipalities under section 47 of the Local Boards Act in the Ahmedabad and Surat districts, where they were formerly debited under this head, have been transferred to the head "Contributions," sub-head "To other Boards," in accordance with instructions conveyed in the Accountant General's No. $\frac{L.F.}{27}$, dated 7th December last. Last year these charges were shown under this head, which fact sufficiently accounts for the decrease of Rs. 4,457-8-4 as compared with the figures of the preceding year. The total expenditure under this head was Rs. 13,139-9-3 against Rs. 17,597-1-7 last year. The fluctuations in all the districts (except Ahmedabad and Surat) are small.

29. The charges on account of petty establishments amount to Rs. 8,713-11-9, out of which Rs. 4,465-6-7 were spent on account of the pay and contingencies of establishments entertained to watch and clean staging bungalows and dharmshālas, &c., in charge of Local Boards. The remaining sum of Rs. 4,248-5-2 was expended as detailed below:—

	Rs.	a.	p.
Pay of water-bearers to fill water in troughs for cattle, &c.	1,994	2	2
Pay of a servant to look after the fire-engine at Hālol in Panch Mahāls	24	0	0
Charges on account of establishment entertained to ply ferries in the Broach District	1,659	0	11
Other charges transferred from the head "24 Medical—Sanitation charges" to this head as per the Accountant General's No. $\frac{L.F.}{2410}$, dated 30th January 1900...	571	2	1
	4,248	5	2

30. *Civil Works.*—The total expenditure under this head rose from Rs. 6,65,128-10-11 to Rs. 6,71,610-12-7. The charges represent 50·6 per cent. of the total expenditure during the year against Rs. 51·4 per cent. last year. The following table furnishes details of the items comprised under this head as well as the agency by which the works were executed—

31. *Communications.*—It appears from the foregoing table that Rs. 4,26,990-10-8 or 32·2 per cent. of the total expenditure were spent on the construction and maintenance of roads against Rs. 3,66,743-10-1 or 28·4 per cent. in the preceding year.

32. The following table gives the expenditure incurred in each district by the Public Works Department and Civil Agency on communications:—

District.	PUBLIC WORKS AGENCY.		CIVIL AGENCY.	
	Original Works.	Repairs.	Original Works.	Repairs.
	Rs.	Rs.	Rs.	Rs.

Besides the buildings detailed above, 3 dharmshálas—two at Modasa and Talod in the Ahmedabad District and one at Samni in the Broach District—were constructed during the year at an aggregate cost of Rs. 8,586-15-0. An inspection bungalow was also built at Vaghra in the Broach District at a cost of Rs. 3,923-10-4. These have been debited under Communications, as per orders conveyed in Government Resolution No. 5130, dated 22nd September 1897, and are therefore entered further on in the details for Original Communications under the districts concerned.

Communications.

PANCH MAHA'LS.

In this district a sum of Rs. 12,420-10-10 was spent on communications and was wholly devoted to repairs. No new roads &c. were constructed during the year.

BROACH.

Of the total expenditure of Rs. 95,545-6-8 on communications, a sum of Rs. 32,996-7-0 was spent on repairs and the remaining sum of Rs. 62,548-15-8 on original communications as shown below:—

35. The expenditure under the head Improvement of Water-supply amounted to Rs. 1,33,305-13-3 against Rs. 1,96,677-15-7 in the preceding year. The details of the works are given in Statement No. IV.

36. *Contributions.*—The expenditure under this head amounted to Rs. 45,264-12-2 against Rs. 20,356-13-5 in the preceding year, showing a total increase of Rs. 24,907-14-9, which is spread over all the districts, but especially in Kaira and Panch Maháls, in which grants aggregating Rs. 15,000 were made to the Municipalities of Umreth, Od, Dákor and Godhra as per Government Resolutions Nos. 673 and 680, dated respectively the 13th and 14th February 1899. The increase in Thána also is due to contributions (of Rs. 5,000) made to Municipalities towards meeting Plague expenses. The increase in Panch Maháls is also due to a contribution of Rs. 966 made to the Provincial Revenues for the improvement of the Maláv Tank in the Kalol Táluka. The increase in Ahmedabad and Surat is mostly due to the grants to Municipalities under section 47 of the Local Boards Act having been shown under this head instead of under “32—Miscellaneous” as in the preceding year. The fluctuations in Broach do not call for any special remarks.

37. *Debt.*—The expenditure fell from Rs. 14,210-15-6 to Rs. 9,380-15-7 during the year under report. The decrease is distributed over all the districts, except Broach, which shows an increase of Rs. 1,176, due to more refunds of contractors' deposits. The decrease elsewhere is generally due to less refunds of contractors' deposits than in Ahmedabad, being also due to the fact that two instalments on account of the Ellis Bridge loan were paid in the preceding year.

38. *Interest on Debt.*—This item represents the amount of interest on the balance of the loan advanced to the District Local Board of Ahmedabad.

39. *Balance.*—The actual balance at the close of the year was Rs. 5,79,022-7-8 against Rs. 6,67,472-4-2 last year. The balances at the credit of the several Local Boards on the 31st March 1899 (and 1898) were as under :—

District.	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.
Ahmedabad	81,565	2	3	88,075	15	6
Kaira	1,57,006	5	6	1,52,075	5	5
Panch Maháls	12,362	11	4	26,912	8	2
Broach	74,672	14	4	1,53,813	1	4
Surat	1,53,821	4	1	1,52,263	8	3
Thána	99,594	2	2	94,331	13	6
Total	5,79,022	7	8	6,67,472	4	2

The total closing balance for the Division shows a satisfactory reduction of Rs. 88,449-12-6 as compared with the preceding year. The Broach District Board did all it could to reduce its balance, and besides utilizing the whole surplus was forced to draw upon the reserve to a slight extent, owing to an accidental omission to note that certain revenue expected in March could not be collected till after the close of the year. Panch Maháls shows a reduction in its balance which would probably have been further reduced and brought down to the prescribed minimum but for the outbreak of plague in the districts, which retarded the carrying out of certain works. The Ahmedabad balance also shows a reduction of Rs. 6,510-13-3. Kaira, Surat, and Thána, on the other hand, show increased surpluses. Prevalence of plague with the consequent necessity of keeping reserves for plague expenditure is, as usual, the reason assigned for the accumulation of balances in these districts. In the current year, however, it is anticipated that with the calls of plague on one hand and of the impending famine on the other, all the Boards will perforce have to use up all surpluses.

Statement IV.

40. The following is a brief abstract of the expenditure incurred in the different districts on village water-supply and sanitation:—

42. The total expenditure on water-supply amounted to Rs. 1,33,305-13-3 against Rs. 1,96,677-15-7 in 1897-98. Out of this, Rs. 31,889-7-7 were expended on 49 new tanks and Rs. 39,382-0-8 on 153 new wells and troughs. The existing sources of water-supply were improved at an outlay of Rs. 62,034-5-0.

It is to be regretted that, as compared with preceding years, the question of the improvement of water-supply received so little attention. The reason generally put forth is that no grants were made from Provincial Funds for the improvement of village water-supply. This, however, was never intended to be more than a subsidy. The more effective cause was plague making it necessary to limit other expenditure, and water-supply was the first to suffer.

43. Sums of Rs. 500 in Kaira, Rs. 50 in the Panch Maháls, and Rs. 44-5-0 in Ahmedabad were spent on the improvement of village sites. In Thána a sum of Rs. 571-2-1 was spent on the conservancy of towns and villages. In the Surat District a sum of Rs. 133-7-0 was expended on providing lamps on the road from Jalálpore to the Navsári Railway Station, for the benefit of the rural population. The subject of village sanitation otherwise receives the careful attention of all District Officers, and the charges incurred by the District Local Boards do not represent the entire value of work done.

44. I submit herewith the notes of the several Executive Engineers in this Division showing the original cost, mileage, and the present state of the Local Fund roads as directed in Government Resolution No. 779, dated 30th January 1890.

45. In accordance with the orders of Government conveyed in paragraph 15 of their Resolution No. 3179, dated 30th July 1895, a brief review is given below of the progress made during the year in material improvements in the several districts of the Division.

Ahmedabad.—A large amount has been expended on metalling with the Pali metal the undermentioned roads in the vicinity of Ahmedabad:—

1. First five miles of the Ahmedabad-Bareja Road.
2. Ahmedabad-Bavla Road portion, from the Ellis Bridge to near Surkhej (6 miles).
3. Road from Ahmedabad to Dholka outside Jamalpore Gate to mile No. 7.

The following important works were also carried out during the year:—

1. Dharmshála at Modasa.
2. Girls' school building at Kochrab.
3. School-house for boys at Naroda.
4. Road from Gujarát College to the Ellis Bridge.
5. Branch road from the village of Sahijpur Gopalpur joining the Dholka road.

The improvement of water-supply received much less attention this year, the total expenditure under this head having been Rs. 21,429-3-6 against Rs. 48,033-1-6 in the preceding year. Four new tanks and 25 new wells were constructed at a cost of Rs. 1,807-9-8 and Rs. 5,478-12-5 respectively, while 32 wells and 38 tanks, and other existing sources of water-supply were improved at an outlay of Rs. 14,142-13-5.

Kaira.—Of the total expenditure of Rs. 57,187 on communications, Rs. 52,097 were spent on repairing and maintaining existing roads and improving rural tracts, while a sum of Rs. 5,090 only was spent on original works, which mainly consisted of small roads. During the year 39 new wells were built at a cost of Rs. 10,859, and 48 tanks and 41 wells were maintained at an outlay of Rs. 19,196. The warehouse at Nadiád was improved at a cost of Rs. 1,852-6-7. The District Local Board of Kaira also maintains two Veterinary institutions with the help of a contribution from the Nadiád Municipality and a grant-in-aid from Government. The institutions are every year growing in usefulness.

Panch Maháls.—Completion of the dispensary building at Hálol mentioned in last year's report, at a total cost of Rs. 4,805-12-0 during the year under report, forms the only work of importance constructed during the year. The whole of the expenditure on communications was devoted to repairs and no works of an

original nature were constructed during the year. Under the head of water-supply, 9 tanks and 8 wells were constructed at an outlay of Rs. 1,857-13-10 and Rs. 3,977-11-4 respectively, while 18 tanks and 32 wells out of the existing sources of water-supply were repaired at a cost of Rs. 3,789-1-4.

Broach.—The following works of importance were constructed during the year at a total outlay of Rs. 60,956-15-6 :—

- (1) Bridge over the Tavra Khadi.
- (2) Metalling the Palej Bazár Road.
- (3) Metalling the road from Sahol to Ilav.
- (4) Raising and kunkuring the road from Derol to Bhukhi Bridge.
- (5) Bridge over the Dolia Creek.
- (6) Bridge across the Kim River at Sahol.
- (7) Inspection Bungalow at Vággra.
- (8) Dharmshála at Samni.
- (9) Dispensary at Kavi.

Besides the above, certain additions and alterations were made to the Hospital Assistant's quarters at the Vággra Dispensary at a total cost of Rs. 778. No new school-houses were built, but repairs to the existing schools were made at a total cost of Rs. 3,668-4-2. Along with the municipal bodies of the district the District Local Board liberally paid its quota towards the measures adopted for prevention of the spread of the plague epidemic where no municipalities existed. As regards works of water-supply 35 tanks and 10 wells were constructed at an outlay of Rs. 19,165 and Rs. 4,451 respectively, and of the existing sources of water-supply 51 wells and 4 tanks were repaired at a total outlay of Rs. 12,227.

Surat.—The roads from Olpad to Sahol, and Bárdoli Station to Bárdoli Town, and the Jubilee Bridge over Tena Khadi at Ichapor in the Olpad Taluka were the only works of importance in progress during the year. They are yet to be completed. A sum of Rs. 15,034-6-5 was spent on water-supply. Twenty-six new wells were built at a total cost of Rs. 6,660-10-3. No new tank was excavated. As for the existing sources of water-supply Rs. 8,373-12-2 were spent on repairing 42 wells, 15 tanks, and an ovava.

Thána.—Of the total expenditure of Rs. 96,293-13-9 on communications, Rs. 27,800-4-5 were spent on original works, and the remaining sum of Rs. 68,493-9-4 on the maintenance and repairs of existing roads. The only works of importance in hand during the year were two roads, one from Kalwa to Belapur 2nd section, and the other from Badlapur Railway Station to Badlapur village. Rs. 21,320-10-9 were spent on the improvement of water-supply. One new tank and 45 new wells were built at an outlay of Rs. 9,058 and Rs. 7,956 respectively. Of the existing sources of water-supply 28 wells and 9 tanks were repaired at a total cost of Rs. 4,255-6-10. Rs. 50-3-2 were spent on repairs to the water pipes at Andheri.

46. Works committees for the inspection of works in progress were duly appointed in all the districts. They were composed mostly of *non-official* members, and are reported to have worked satisfactorily everywhere except in Thána. As regards this district, the Collector, Mr. Wood, communicates the following remarks of his Assistant, Mr. Monteath, on this subject, and expresses his apprehension that they are typical of the district :—

“The Mámlatdárs (who are in each case the chairmen of the Board) and the Vice-Presidents have shown interest in the working of these committees, and energy in the supervision of such works as have been in progress during the year. I regret that I cannot say as much for the other members, who, save in one or two instances generally, where a particular work concerned any of them personally, have, as usual, manifested nothing but apathy.”

47. I summarize below the remarks of the several Collectors in this Division as regards the results with which it has been found possible to interest the villagers in the execution of works, in the manner explained in paragraph 2 of Government Resolution No. 2870, dated 19th May 1898.

Ahmedabad.—Efforts were duly made with the result that except in Daskroi and Modasa the villagers were observed taking interest in the execution of works and in some cases even evincing more than ordinary zeal in the supervision thereof. The Collector, however, adds that in order to bear fruit in the shape of any practical results, close and sympathetic supervision is required on the part of Presidents and Vice-Presidents of Boards, and that this cannot be done without a continuity of administration which would enable them to become more acquainted with the needs of their charge and with the leading inhabitants thereof.

Kaira.—The Collector reports that there was no sufficient opportunity to attend to this subject as almost every work was stopped with a view to reserve funds for meeting all possible plague expenditure.

Panch Maháls.—The Boards had not had a fair chance during the year, for many of the works were stopped and funds reserved for plague expenses. Moreover time and energy given to the combating of plague were not available for Local Board administration, and the Collector expresses his inability to give any opinion as to how far the villagers might have been induced to take interest in the execution of village works had normal condition prevailed.

Broach.—From this district nothing new is reported on the subject this year.

Surat.—By the introduction of the Local Board Code the Ujliparaj villagers have been led to take an interest in, and watch over the progress of the Local Fund works in their villages, and in some cases they have helped the Boards by contributing some portion of the cost, and also by lending carts at a nominal charge.

Thána.—Villagers are keen enough on getting something for their Local Fund cess, but they have not yet been educated to the extent of feeling a personal interest in getting their works as well done as possible. They are forward, however, in calling attention to faults in construction after a work—wells in particular—is completed: wise after the event. This fact is said to be subject to exceptions, as where there are any influential residents in a village, members in some cases of their Táluka Local Boards themselves. The recent appointment, however, of a sufficient staff of trained overseers and sub-overseers in the district is, it is reported, not only a most desirable step in itself, but has a tendency to encourage villagers to take interest in their own works, because “the average Patil,” it is stated, “is much more likely to work for a paid servant of the *Sarkar* than for some *Vakil* or *Sawkar* who is appointed (he knows not why or by whom) to build his well for him.”

I have the honour to be,

Sir,

Your most obedient servant,

F. S. P. LELY,
Commissioner, N. D.

Executive Engineer, Thána District.

No. R.—4968 OF 1899.

From

THE HONOURABLE MR. P. C. H. SNOW, C.I.E., I. C. S.,
Acting Commissioner, C. D.;

To

THE SECRETARY TO GOVERNMENT,
General Department.

Poona, 13th November 1899.

SIR,

I have the honour to submit the report on the administration of Local Boards in the Central Division for the year 1898-99, and to append the prescribed Statements Nos. I to IV.

STATEMENT No. I.

2. The number of District Boards remains the same as in the last year *viz.* six. But owing to the splitting up of the Sáveda Táluka in the Khándesh District into the two tálukas of Ráver and Yáwal the number of Táluka Local Boards has increased by one.

3. The total population within the jurisdiction of the several Boards remains unchanged. But the area shows an increase of 5 square miles, owing to certain corrections having been made in the Ahmednagar District in accordance with the instructions of Government contained in their Resolution No. 3060 of 24th April 1897.

4. The total number of members serving on the Boards in the previous year was 1,214; it has risen to 1,232 in the year under report. The increase of 18 members is explained below:—

	Nominated.	Elected.	Total.
KHÁNDESH DISTRICT.			
<i>Increase.</i>			
Increase in the number of members of the District Board owing to the creation of the new Táluka Board of Yáwal	1	1	2
Increase due to the President of the District Board being counted as extra and not included in either elected or nominated members as was done previously.	1	...	1
Increase of one elected Inámdár member in each of the tálukas of Amalner, Pimpalner and Jalgaon and consequent increase of one nominated member in each of the said tálukas	3	3	6
Increase owing to the creation of a new Táluka Board at Yáwal	7	6	13
Total ...	12	10	22
<i>Deduct—</i>			
<i>Decrease.</i>			
Decrease of a municipal elected member and the consequent decrease of a nominated municipal member owing to the abolition of the Varangaon Municipality.	1	1	2
Remainder ...	11	9	20
SA'TA'RA DISTRICT.			
<i>Decrease.</i>			
The two Inámdárs in the Mán Táluka being minors, no Inámdár member could be returned at the new elections which caused the reduction of one nominated and one elected member	1	1	2
Net Decrease ...	10	8	18

5. Of the 1,232 members, 6 were *ex-officio*, 576 elected and 650 nominated. The official and non-official members numbered 293 and 934 respectively. The *ex-officio* members already referred to were confined to the Peint Táluka of the Násik District, a particularly backward tract of country to which the elective franchise has not yet been extended.

6. The average attendance of the official and non-official members at meetings of the Boards calculated in accordance with the instructions contained in Government Resolution No. 2843 of the 25th May 1897 is exhibited in the following table :—

Districts.	Number of Meetings.	MEMBERS.			AVERAGE ATTENDANCE.		
		Official.	Non-official.	Total.	Official.	Non-official.	Total.
Ahmednagar	71	50	152	202	2.78	6.07	8.85
Khándesh	92	56	262	318	3	8	11
Násik	54	90	121	211	4.11	5.07	9.18
Poona	52	31	124	155	2	7	9
Sátára	66	41	167	208	2	7	9
Sholápur	29	30	108	138	2.82	6.33	9.15
Total	364	298	934	1,232	2.8	6.5	9.3

7. As compared with the previous year the attendance of non-official members shows a slight improvement in Khándesh, Ahmednagar, Poona and Sholápur Districts. The attendance remained the same in Sátára and shows a slight decline in Násik. As regards official members the attendance in Khándesh Poona and Sátára remained the same, but increased in all the remaining districts, particularly in Násik.

8. None of the District and Táluka Local Boards failed to hold the prescribed minimum of two meetings.

9. All the Táluka Local Boards in the Poona and Sátára Districts held at least 4 quarterly meetings. The Táluka Local Boards of Násik, Sinnár and Peith in the Násik District failed to hold 4 quarterly meetings and the Collector reports that he has issued orders to the sub-divisional officer in charge of those tálukas to see that the Táluka Local Boards hold at least 4 quarterly meetings regularly in future. The Táluka Local Boards of Nagar in the Ahmednagar District and of Sholápur, Bársi and Mádha in the Sholápur District failed to hold 4 quarterly meetings. The attention of the Collectors concerned will be drawn to the advisability of holding at least 4 meetings in the year.

10. The Táluka Local Boards of Dhulia, Erandol and Táloda in Khándesh also failed to hold 4 quarterly meetings, but the Collector reports that these Boards had not sufficient business to transact and what they had they disposed of at the meetings held by them.

11. The triennial term of the Táluka Local Boards in all the districts of the Division except those of the Poona District expired on 31st March 1898 and new elections were held in the previous year. The interest evinced in the elections both by electors and candidates has been described in para. 6 of my report for the year 1897-98. The triennial term of the District and Táluka Local Boards having been extended by the orders of Government to 31st May and 30th April 1899 respectively new elections were held for the reconstitution of the Boards during the year under report. The measure of interest evinced in the elections both by electors and candidates may be judged from the following statistics :—

Name of Board.	Number of persons entitled to vote.	Number of persons who attended the Poll.	Percentage of Voters who attended the Poll to the total number of Voters.	Number of Seats.	Number of Candidates.	Number of Groups.
1. Junnar	992.	394	39	6	17	6
2. Indápur	520	250	48	6	13	6
3. Khed	1,084	339	31	6	20	6
4. Sirur	697	226	32	8	9	6
5. Purandhar	577	193	33	6	7	6
6. Bhimthadi	1,369	571	41	8	19	6
7. Haveli	1,221	375	30	6	11	6
8. Mával	611	256	41	6	13	6

12. It will be seen that the proportion of the voters who attended the poll in the several groups was highest in the case of the Indápur Táluka viz., 48 per cent. and lowest in the case of the Haveli Táluka viz., 30 per cent. which shows that a fair amount of interest was taken in the elections.

STATEMENT NO. II.

13. The total income of the Boards from all sources amounted to Rs. 13,78,956-6-8 being more by Rs. 70,978-9-2 than that realized in the year 1897-98. With the addition of the opening balance of Rs. 4,62,614-15-10 the sum available for expenditure during the year was Rs. 18,41,571-6-6. In the preceding year the funds at the disposal of the Boards were a little larger amounting to Rs. 18,43,379-1-6. In the following statement the receipts of the two years are contrasted under the various heads of accounts :—

Heads.	Income during 1898-99.			Income during 1897-98.			Increase.			Decrease.

				Not Increase ...			70,978	9	2			

14. The causes of the fluctuations in the various items are briefly explained below :—

I.—Land Revenue.—The receipts under this head are made up of Rs. 9-1-6 on account of the sale-proceeds of fruits in the nursery at Junnar in the Poona District and of Rs. 12-7-0 on account of those of grass in the Sholápur District. The decrease of Rs. 20-11-0 is chiefly due to smaller amounts of bids for grass which was cheap owing to a good harvest during the year under report.

VI.—Provincial Rates.—The proceeds of the one-anna cess are brought to account under this head. The collections during the year show an increase of Rs. 40,061-13-1 due to the realizations of the arrears of past years and the increase of land revenue demand owing to the introduction of revised rates. The incidence of the cess per head of population shows a proportionate increase, having risen from Re. 0-2-1 to Re. 0-2-2. These particulars as well as the proportion borne by the proceeds of the cess, the largest single item of revenue, to the total income of the District Boards of the Division will be seen from the following statement :—

Year.	Total Income.		Net revenue derived from the One-anna Cess.		Percentage of Column 3 to Column 2.		Incidence of the One-anna Cess per head of population.	
	Rs.	a. p.	Rs.	a. p.	Rs.	a. p.	Rs.	a. p.
1897-98	13,07,977	13 6	8,20,325	11 2	62 11 6		0 2 1	
1898-99	13,78,956	6 8	8,60,387	8 3	62 6 4		0 2 2	

XII.—Interest.—To this head is credited the interest accruing on Government securities pertaining to Dispensary Funds. The receipts amount to Rs. 121-10-0 in the Násik and Rs. 69-13-2 in the Sholápur District. The increase of Rs. 44-13-0 is due to the increase of Dispensary Funds in the Násik District.

XVII.—Police.—This item represents the net receipts from cattle-pounds, which fell off from Rs. 77,255-8-4 in the year 1897-98 to Rs. 63,445-3-9 in the year under report. The decrease has occurred in all the districts of the Division except Ahmednagar and is ascribed to diminished impounding of cattle by the Forest Department owing to the introduction of the regulations of grazing prescribed in Government Resolution No. 1668 of 8th March 1898, Revenue Department.

XIX.—Education.—The receipts under this head aggregating Rs. 42,013-7-10 were made up of the following items:—

	Rs.	a.	p.
(i) School fees	39,895	13	0
(ii) Contributions	1,513	1	6
(iii) Miscellaneous	599	9	4

In the preceding year the realizations were larger by Rs. 732-11-10. The decrease is comparatively small and requires no explanation.

XX.—Medical.—This item is composed of—

	Rs.	a.	p.
(i) Hospital and Dispensary receipts	1,970	0	6
(ii) Contributions	3,066	0	0
(iii) Miscellaneous credits	128	6	4

The total amounting to Rs. 5,164-6-10 is greater by Rs. 3,292-10-9 than the realizations of 1897-98. The increase has taken place chiefly under hospital stoppages in all the districts except Násik and under contributions in Ahmednagar, Khándesh and Sátára.

XXI.—Scientific and other Minor Departments.—The total receipts for the year amounted to Rs. 2,634-7-3, of which a sum of Rs. 2,197-0-9 was contributed by the Násik, Poona and Khándesh districts on account of veterinary fees, and Rs. 437-6-6 by Khándesh on account of interest on the Maheji Exhibition Endowment Fund. The recoveries rose by Rs. 580-2-6, veterinary fees having chiefly increased to that extent in Násik, Poona and Khándesh.

XXV.—Miscellaneous.—The total receipts under this head amounted to Rs. 4,224-14-0. The receipts of the previous year were much smaller. The increase of Rs. 2,322-3-6 is due to the rise in the receipts in the year under report under staging bungalow fees in the Násik District, under serái fees in the Khándesh District and under miscellaneous receipts in the Ahmednagar and Sátára Districts.

XXXII.—Civil Works.—The receipts during the year amounted to Rs. 1,77,458-11-5, made up as follows:—

	Rs.	a.	p.
Tolls on ferries and roads	1,64,116	3	6
Rent on buildings and lands	655	0	2
Sale-proceeds of stores and materials	268	11	6
Miscellaneous	3,892	6	9
Contributions	8,726	5	6

The total of the preceding year was Rs. 1,33,205-7-7. The increase of Rs. 44,253-3-10 is chiefly due to greater receipts under "Tolls" in all the districts except Sâtara and under contributions in Khândesh and Poona.

Contributions.—These fall under two heads, viz., Provincial Contributions and Contributions by one Board to the revenues of another. The latter item is a small one having amounted during the year to Rs. 1,060-7-3. The former amounted to Rs. 2,22,259-4-9. The details of this sum are given in the following table:—

Districts.	Fees for permission to remove sand and to quarry.	Proceeds from fees, fines and penalties under Bombay Act VIII of 1866.	Fixed contributions in lieu of one-anna cess on excise revenue.	Government grant for village sanitation and water-supply.	Government grant for primary education.	Government grant for dispensaries.	Government grant towards the construction of school buildings. Taking both classes of contributions together there was a decrease of Rs. 4,044-10-1 as compared with the previous year's figures. It was chiefly due to smaller grants by Government towards the construction of school buildings.

Debt.—There is a decrease of Rs. 968 under this head, of which however no detailed explanation is necessary. It represents contractors' deposits, permanent advances for Local Fund works and other items of a similar nature not really affecting the resources of Local Boards.

STATEMENT NO. III.

15. The total expenditure of several Boards amounted to Rs. 13,13,564-1-0 as compared with an outlay of Rs. 13,80,764-1-8 in the year 1897-98. There was thus a decrease of Rs. 67,200-0-8 during the year under report. The following statement gives the expenditure under different account heads for the last two years for purposes of comparison:—

16. *XVIII.—Administration.*—The charges during the year under report amounted to Rs. 42,619-13-8 as compared with Rs. 43,964-4-1 during the pre-

ceding year. The decrease of Rs. 1,344-6-5 is due to the reduction in the pay of office establishment and contingencies and to smaller charges on account of establishment in Government offices of control and audit charges as compared with those incurred in the previous year.

17. 22. *Education*.—The expenditure incurred during the year under report was Rs. 4,49,598-0-6, showing a decrease of Rs. 1,043-14-7 as compared with the previous year's figures. The decrease is comparatively very small and as it is the result of several fluctuating items does not call for explanation. The details of charges are as follows :—

	Rs.	a.	p.
Primary schools	4,02,286	9	9
Grants-in-aid	15,360	0	0
Scholarships	17,922	0	0
Miscellaneous	13,978	6	9
Refunds	51	0	0

18. 24. *Medical*.—The expenditure during the year amounted to Rs. 149,446-10-5 and was made up of the following items :—

	Rs.	a.	p.
General Medical Establishment	300	0	0
Hospitals and Dispensaries	38,783	14	9
Vaccination Establishment and charges	35,677	4	9
Sanitary charges	120	0	0
Medical Schools and Colleges	200	0	0
Bubonic Plague charges	74,365	6	11

As compared with the previous year's total there is an increase of Rs. 66,150-9-9, which is due to plague charges.

19. 26. *Scientific and other Minor Departments*.—The expenditure during the year amounted to Rs. 15,733-7-8, and is made up of the following items :—

	Rs.	a.	p.
Horse fairs	2,000	0	0
Veterinary charges	8,125	5	4
Bull and Stallion charges	5,527	6	4
Botanical and other Public Gardens	80	12	0

20. 29. *Superannuation Allowances and Pensions*.—The charge incurred during the year amounted to Rs. 95-13-1. The decrease of Rs. 2,101-14-7 is merely nominal there having been no transfer of any items to this head during the year of report from some other head of account as in the previous year.

21. 30. *Stationery and Printing*.—The charge incurred under this head amounted to Rs. 4,628-9-4. The decrease of Rs. 5,550-8-5 is due to the absence during the year of printing charges which were incurred in the previous year in connection with the triennial elections.

22. 32. *Miscellaneous*.—The expenditure under this head during the year amounted to Rs. 18,781-9-7. The increase of Rs. 2,963-14-6 is due to Staging Bungalows and Serai establishment charges and Miscellaneous Refunds.

23. 33. *Famine Relief*.—The amount of Rs. 20,000 shown under this head represents the contribution paid by the Poona District Board towards the famine expenditure previously incurred by Government—*vide* Government Resolution, F. D., No. 2077 dated 10th May 1898.

24. 45. *Civil Works*.—The amount of expenditure under this head during the year was Rs. 5,73,496-9-2. The expenditure during the previous year amounted to Rs. 5,89,540-4-5. The decrease of Rs. 16,043-11-3 is due to accumulation of funds to meet possible demands on account of plague expenditure.

Of the total outlay incurred during the year, a sum of Rs. 2,17,473-9-0 was spent on works carried out by Civil Agency and the balance on works executed by the Public Works Department. The details of expenditure incurred on

original works and repairs by both the agencies will be observed from the following statement:—

No new buildings were constructed in the Ahmednagar District, as Local Fund money was reserved for possible plague expenditure.

Contributions.

26. The total expenditure amounted to Rs. 32,581-6-4 against Rs. 1,37,539-4-6, showing a decrease of Rs. 1,04,957-14-2. In the previous year large sums paid to Provincial Funds for expenditure on plague measures in the Ahmednagar District and for famine expenditure in the Khándesh and Násik Districts were shewn under Contributions while this year such expenditure was debited direct to Local Funds. This fact mainly accounts for the decrease referred to above.

The contributions towards Provincial Funds consisted of the following items :—

	Rs.	a.	p.
Contributions to Hospitals	3,500	0	0
Do. for the construction of a sloping pavement and steps to the Irrigation Channel at Satána in the Násik District	1,008	0	0
Do. amounting to $\frac{1}{3}$ of the expenditure incurred for the construction of the Inspection Bungalow at Kheal in the Poona District	1,156	0	0
Do. towards the pay of the stud clerk, Poona District	140	0	0
Do. for the construction of Isolation ward, at the Veterinary Dispensary, Poona... ..	2,001	0	0
Do. to Government Famine Relief paid by adjustment in the Sholápur District	14,000	0	0
Total ...	21,805	0	0

Contributions to "Other Boards" are made up of the following amounts :—

	Rs.	a.	p.
Assignments to Municipalities and Cantonment Committees.	6,688	14	3
Contributions to Sanitary Boards in Ahmednagar, Khándesh, Násik and Sátára	3,207	12	6
Do. by the Ahmednagar District Board to the Násik District Board for the maintenance of a ferry boat at Ghoti	150	0	0
Do. to the Dispensary at Shirpur by the District Board Khándesh	200	0	0
Do. paid by the Sholápur District Board to the Poona District Board on account of the moiety of receipts of the ferry boat at Sarati in the Sholápur District	529	11	7
Total ...	10,776	6	4

Debt.

27. As stated in the reports for previous years the sum of Rs. 5,404-6-1 appearing under "Payment of Loans" represents the instalments, exclusive of interest, of three loans aggregating Rs. 53,000 obtained by the District Local Board of Poona—two for the construction of a bridge over the Indrayani river at Indori and the third for that of a bridge on the Sudnala on the Yadgaon-Shikrapur road. This last loan of Rs. 13,000 was wholly liquidated during the year of report. The authority for these loans is contained in Government Resolutions No. 1604, dated 3rd June 1885 and No. 4171, dated 1st December 1891.

The amount of Rs. 551-15-8 appearing under "Deposits and Advances" represents the repayments of contractors' security deposits.

28. *Interest.*—The amount of Rs. 625-11-6 appearing under this head represents the interest paid on the three loans mentioned in the preceding paragraph.

29. *Balances.*—The original balance at the beginning of the year was Rs. 4,62,614-15-10 and at the end Rs. 5,28,007-5-6. The following table shows separately for each district and for the whole Division the opening and closing balances as well as the receipts and expenditure during the year:—

The closing balances of the year under report as contrasted with those of the previous year increased in all the districts of the Division except Poona and Sholápur, where they decreased. They were also in excess of the minimum fixed by Government in all the districts of the Division except in Násik. Larger closing balances have been allowed to accumulate with a view to meet possible expenditure on account of plague.

STATEMENT NO. IV.

30. The following table shows for each district the total expenditure incurred under different heads for the improvement of village sanitation:—

Districts.	Improvement of water-supply.	Improvement of village site &c. including removal of rank vegetation.	Conservancy of towns and villages.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total.

Total	47,946 10 9	974 9 7	120 0 0	30 12 0	49,072 0 4

31. Inclusive of the sum of Rs. 5,000 annually paid by the Sátára District Board to the Local Municipality the amount spent in the year under report on the improvement of water-supply in the Division was Rs. 47,946-10-9 against Rs. 83,925-3-10 in the preceding year showing a decrease of Rs. 35,978-9-1. All the districts of the Division except Ahmednagar have contributed to the decrease which is due partly to smaller grants by Government for water-supply and partly to the reservation of funds to meet possible expenditure on plague measures.

32. The expenditure incurred on the improvement of village sites &c. during the year of report amounted to Rs. 974-9-7 against Rs. 1,237-8-10 in the preceding year. The amount was wholly spent on the removal of prickly pear in village sites in the districts of Násik, Poona and Sholápur.

33. The sum of Rs. 120 shown against the "Scavenging establishment" in the statement represents the pay of a sweeper engaged at the village of Kurduwadi in the Mádha Táluka of the Sholápur District.

34. The amount of Rs. 30-12 shown under "Other objects calculated to promote the public safety health &c." represents the sum paid by the Bhimthadi Táluka Local Board in the Poona District to the G. I. P. Railway Company for the supply of water to travellers putting up at the dharmshála near the Dhond Railway Station.

35. The material progress during the year, of which a sketch is to be furnished under the orders contained in paragraph 15 of Government Resolution No. 3179 of the 30th July 1895, compares unfavourably with that of the previous year. The reason of this was that all avoidable expenditure was curtailed and funds were reserved to meet probable expenditure on account of plague measures. Statistics of the last four years of which the year 1895-96 is a normal one are given below for comparison :

—	1895-96.			1896-97.			1897-98.			1898 99.

36. I also append an account of the more important original works carried out during the year to give some idea of the objects on which the funds were expended.

(1)—*Ahmednagar.*

As funds were reserved for plague expenditure the following works were constructed during the year at a cost of Rs. 7,377-3-4 :

27 wells, 2 dharmshálas and the Shrigonda-Jamkhed Road and drains.

(2)—*Khandesh.*

The following works were either completed or constructed during the year :—

Sakri-Ghorda Road.

The portion from Sakri to Ghorda $7\frac{1}{2}$ miles in length which was commenced as a famine work was completed with the exception of a quarter of a mile.

Road from Tapti River to Chopda.

This work was completed.

Amalner-Parola Road.

The whole of the earth-work has been completed, and 8 miles have been mured. Eight out of 22 masonry works have been completed.

Tapti approaches on Nandurbár-Taloda Road.

The masonry work of the south approach has been completed. Surfacing with murum is in progress.

Taloda-Nandurbár Road.

Nine out of eleven miles of earth-work, and two out of three masonry works have been completed.

Inspection bungalow at Sindkheda and *Hospital Assistant's quarters* attached to the Dispensary at Sávda were completed.

Schools.

One major and three minor schools were built and handed over for occupation.

A Veterinary Hospital at Dhulia.

16 *chávdís*, 5 *dharmshálas* and 27 wells were also constructed or completed.

The total cost on original public works of all descriptions during the year amounted to Rs. 48,826-10-2.

Násik.

The following works were either completed or constructed during the year:—

Completion of 2 school-houses.

Construction of a compound wall to a school-house.

Additions to the dispensary at Peint.

7 *chávdís*.

2 *dharmshálas*.

1 pavement.

Construction of the Dholbari-Shelbari Road.

The improvement of the surface of the Nanashi-Barhe Road.

43 wells.

The total outlay incurred on original works of all descriptions amounted to Rs. 14,742-8-1.

Poona.

Roads, the names and numbers of which are not given by the Collector were constructed at a cost of Rs. 2,683-14-0; 7 *dharmshálas*, 5 *chávdís*, school buildings, 2 small tanks, 26 wells, 6 *hels* and one spring were also constructed.

The total expenditure on original works of all kinds was Rs. 15,506-5-6.

Sátára.

The Sátára-Kondwa Road, the Wái-Dhom Road and the Tasgaon-Bhosa Road were substantially improved. The road from Mundha to Karad-Chiplun Road was extended. Compounds to 3 school-houses were constructed and additions and alterations to a school-house made. Two *dharmshálas*, 2 *chávdís* and 3 ferry-boats were constructed and the Sátára-Yeoteshwar Road was surveyed.

The total expenditure on original works of all descriptions amounted to Rs. 11,646-3-8.

Sholápur.

The list of original works in this district is a small one. Nineteen wells, 1 school-house, 6 *dharmshálas*, 3 *chávdís* and 1 dam were constructed.

The total expenditure on original works of all kinds amounted to Rs. 8,652-3-9.

37. There are two other points on which remarks are required by Government, *viz.* (1) the arrangements in force for the supervision and execution of works and (2) the measure of interest taken by the villagers in works.

38. As regards (1), there is nothing to add to what has been stated in paras 40 to 42 of the previous year's report.

39. As regards (2), efforts are being made in all the districts to interest villagers in local works, and the Collector of Khândesh reports that the villagers in that district have begun to take greater interest in the Local Board works.

40. As required by Government Resolution No. 779 of 30th January 1890 I append notes in original from the several Executive Engineers showing the original cost, mileage and present condition of the Local Fund roads in their respective districts.

I have the honor to be,
Sir,

No. 3925 OF 1899.

From

E. L. CAPPEL, Esquire, I.C.S.,
Acting Commissioner, S. D. ;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

Belgaum, 5th November 1899.

SIR,

I have the honour to submit the Annual Report on the administration of the Local Boards in the Southern Division for the year 1898-99 together with the usual statistical Statements I to IV.

STATEMENT No. I.—CONSTITUTION OF THE BOARDS.

2. Owing to corrections necessitated by the Revision Survey there is a slight change, as noted in the margin, in the area of the Táluka Local Board of Roha in the Kolába District. The population is shown according to the Imperial census of 1891. The number of Boards was the same as in 1897-98—six District and 50 Táluka Boards. Of the 896 members, 484 were nominated, 397 elected, and 15 ex-officio (in Kánara).

Sq. Miles.
200 in 1897-98.
203 in 1898-99.

3. The elective franchise was in force in the whole Division except in the six tálukas in the Kánara District noted in the margin,* where it has been withheld on account of the backwardness of the population. The total number of meetings held (including those adjourned for want of a quorum) was 322, *i.e.* four less than the number for 1897-98. In all the districts, except Kolába, meetings had occasionally to be adjourned for want of a quorum, the total of such meetings for the Division being 28 against 30 in 1897-98. The rule regarding the holding of half-yearly meetings was complied with by all the District Local Boards. Of the 20 meetings held by them 13 were general and 7 special. The average attendance at these meetings for the several districts is given in the following table :—

* Ankola. | Sirsi.
Honávar. | Supa.
Siddápur. | Yellápur.

District Local Boards.	1898-99.		1897-98.	
	Total number of members.	Average attendance.	Total number of members.	Average attendance.
Belgaum	19	8	19	11.1
Bijápur	21	9.7	21	7.5
Dhárwár	31	13.8	31	13.5
Kánara	17	10.5	17	9
Kolába	17	11	17	8
Ratnágiri	20	8.3	20	10.7

As compared with the preceding year, there was some improvement in attendance in Bijápúr, Dhárwár, Kánara and Kolába, and the reverse in Belgaum and Ratnágiri. As regards the Taluka Local Boards, those noted in the margin* failed to comply with the standing orders requiring them to hold at least four meetings during the year. The Taluka Local Boards that held the largest number of meetings were Ron (16), Sirsi (10) and Chiplun (10).

4. As regards average attendance, Vengurla and Karjat show nearly 73 per cent. The subjoined table furnishes information concerning the attendance of official and non-official members for the year under report and for 1897-98—

District.	NUMBER OF MEMBERS.		AVERAGE ATTENDANCE FOR 1898-99.		AVERAGE ATTENDANCE FOR 1897-98.	
	Official.	Non-official.	Official.	Non-official.	Official.	Non-official.
Belgaum	40	96	2.6	4.5	2.37	5.51
Bijápúr	33	115	1.8	5.4	1.87	4.63
Dhárwár	52	160	1.8	5.9	1.95	5.52
Kánara	30	77	1.5	4.3	1.42	4.

Ratnágiri	28	131	.92	6.1	1.17	7.08
For the Division	205	691	1.64	5.84	1.63	5.66

The official attendance shows no appreciable change except in Ratnágiri. Some improvement is noticeable in the non-official attendance in Bijápúr, Dhárwár, Kánara and Kolába.

STATEMENT NO. II—INCOME.

5. The divisional balance at the opening of the year amounted to Rs. 3,71,952-15-5. The total income of the several Boards from all sources aggregated Rs. 10,82,758-7-5 as compared with Rs. 10,89,902-0-10 in the preceding year, showing a decrease of Rs. 7,143-9-5. The subjoined table contrasts the receipts of the year under report with those of 1897-98—

	10,82,758	7	5	10,89,902	0	10	22,251	12	9	29,395	6	2
							Net Decrease ...			7,143	9	5

The decrease has principally occurred under the heads of (a) "Provincial rates" and (b) "Education." Under (a) it was due to the land revenue collections up to 31st March 1899 being less than those for the corresponding period in the preceding year owing to difficulties arising from plague. Under (b) it was caused by a fall in the receipts from school fees owing to decreased

attendance caused by plague. The several sources of income contributed as follows :—

	Per cent. in 1898-99.	Per cent. in 1897-98.
(1) One-anna cess	56.8	58.2
(2) Toll receipts	9.6	8.7
(3) Contributions from Provincial Funds ...	22.4	22.5
(4) Fee receipts	5.1	5.8
(5) Other receipts	6.1	4.8

The variations under the several heads of income are explained below :—

XVI—Provincial Rates.—The income under this head is derived from the net proceeds of the one-anna cess levied under the Bombay Local Funds Act. The decrease of Rs. 18,806-15-7 under this head is accounted for above.

XVII—Police.—The proceeds under this head represent receipts under the Cattle Trespass Act. The decline is the result of fewer impoundings and smaller realizations on account of sale-proceeds of stray cattle.

XIX—Education.—The falling off in receipts is due to small realizations from school fees for reasons referred to above. The details are :—

	Rs.	a.	p.
(1) School fees	55,752	6	9
(2) Contributions (for purchase of furniture, &c.)	1,406	15	9
(3) Sale-proceeds of wood work from the Ratnā-giri School of Industry	5,367	8	8
(4) Miscellaneous items	421	8	7
Total	62,948	7	9

XX—Medical.—The income under this head consists of contributions from Municipalities for the maintenance of vaccination establishments and of hospital and dispensary receipts. There is a small decrease of Rs. 273 4-11, which needs no explanation.

XXI—Scientific and other Minor Departments.—There is an increase of Rs. 229-2-6, due to increased Government grants to cover the annual increments of pay of the two Veterinary graduates employed by the Belgaum District Local Board.

XXV—Miscellaneous.—The income under this head is made up of occasional and fluctuating items. The large increase of Rs. 8,744-14-8 is the result of (1) refund of unexpended sums placed at the disposal of Plague officers and (2) of recoveries from Government of the cost of Plague establishments debited to Local Boards in the first instance.

XXXII—Civil Works.—The increase under this head occurs chiefly under the sub-heads "Tolls on roads and ferries" and "Contributions." The total revenue of Rs. 1,17,717-10-10 is composed of the following items :—

Rs.	a.	p.	
1,04,748	7	6	Tolls on roads and ferries.
791	12	3	Rent of buildings and lands.
80	0	0	Sale of buildings, &c.
42	12	9	Sale of stores and materials.
857	15	6	Miscellaneous (sale-proceeds of roadside trees, &c.)
11,196	10	10	Contributions.

Total ... 1,17,717 10 10

There are considerable increases in Belgaum and Dhárwár under "Tolls," and are reported as due to the recovery during the year of the later instalments for the preceding year from the farmers. The net increase for the Division under "Tolls" is Rs. 9,194-11-2.

The annexed table furnishes particulars of the amounts paid by private persons and Municipalities :—

It may be mentioned that a sum of Rs. 2,000 was contributed by the Kolhápur Darbár to the Belgaum Board for roadside trees on the Nipáni-Mahálingpur road and a sum of Rs. 4,000 was contributed by Doctor Vishram Ramji Gholey of Poona to the Ratnágiri District Local Board for the construction of a new Technical School at Wankaoli.

Contributions.—The receipts under this head are detailed in the following table :—

District.	Fees for permission to remove sand or to quarry.	Proceeds from fees, fines and penalties under Bombay Act VIII of 1866.	Fixed contributions in lieu of one anna cess on Excise revenue.	Government grant for village sanitation and water-supply.	Government grant for primary education.	Government grant for special instruction. Debt.—The items of income under this head are on account of the repayment of advances made to meet emergent famine expenses.

Incidence.—The incidences of taxation and that of income (excluding balance) per head of population for the Division were annas 2 pies 8 and annas 3 pies 7 respectively; against annas 2 and pies 1·5 and annas 3 pies 7·9 in the preceding year.

STATEMENT NO. III.—EXPENDITURE.

6. As exhibited in the following table, the total expenditure incurred by the several Boards during the year was Rs. 11,10,290-5-11 as compared with Rs. 12,32,288-15-7 spent in 1897-98, showing a net decrease of Rs. 1,21,998-9-8 :—

Net Decrease ...										1,21,998	9	8

Only those items under which noticeable increase or decrease has occurred are referred to below :—

18. *Administration.*—The charges under this head amounted to Rs. 34,338-11-9 as under—

(a) Rs. 10,421-14-5 and Rs. 4,505-7-1 were spent respectively on the salaries of establishments and on office contingencies by the several Boards as compared with Rs. 11,653-10-4 and Rs. 4,438-4-5 in the preceding year.

(b) Rs. 19,411-6-3 were expended during the year against Rs. 19,677-2-1 in 1897-98 on account of Establishments in Government offices of control, viz. those of the Commissioner, S. D., the Accountant General, the Collectors, and the Educational Inspector, S. D.

22. *Education.*—The expenditure under this head aggregated Rs. 4,27,525-12-0 against Rs. 4,35,563-15-1, showing a decrease of Rs. 8,038-3-1. The details of the former item are—

(a) Rs. 8,687-8-8 on account of the Ratnágiri School of Industry.

(b) Rs. 3,73,980-10-8 on account of establishment charges of primary and secondary schools.

(c) Rs. 13,802-14-4 on account of grants towards primary education. The expenditure under this sub-head rose from Rs. 12,536-14-1 in 1897-98 to Rs. 13,802-14-4 in the year under report. The increase is due to the fact that the amount of grants-in-aid paid in the Dhárwár District during the year is Rs. 1,150, while no such expenditure was incurred in that district in 1897-98.

(d) Rs. 11,149-3-0 on account of scholarships awarded to students attending training colleges, special schools and middle and primary schools.

(e) Rs. 19,591-3-4—*Miscellaneous.*

(f) Rs. 314-4-0—*Refunds.*

The number of primary and secondary schools maintained by the District Local Boards during the year 1898-99 as well as in the previous year is contrasted in the following table. Twelve primary schools had to be closed during the year for want of sufficient attendance.

24. *Medical.*—The total expenditure under this head amounted to Rs. 1,74,528-0-8 against Rs. 69,127-2-5 in 1897-98 and Rs. 55,930-6-4 in 1896-97. The increase of Rs. 1,05,400-14-3 is wholly on account of cost of measures for the suppression of plague. The details of the expenditure are given below :—

	Rs.	a.	p.
(1) Grants to dispensaries ...	24,485	7	5
(2) Vaccination establishments and charges.	32,220	7	0
(3) Sanitation charges (including charges on account of plague) ...	1,17,822	2	3

26. *Scientific and other Minor Departments.*—The expenditure under this head amounted to Rs. 5,529-11-10 against Rs. 5,055-11-5 in 1897-98, and occurs mostly under the sub-head “Veterinary charges.”

29. *Superannuation Allowances and Pensions.*—These charges are due to the payment of pension to a teacher in the Roha Taluka.

30. *Stationery and Printing.*—The expenditure under this head fell from Rs. 4,614-5-8 to Rs. 4,122-1-10 during the year under report.

32. *Miscellaneous.*—The details of the expenditure under this head (Rs. 15,684-15-5) are given below :—

Rs. a. p.	
400 0 0	Annual contribution from the Belgaum District Local Board for the support of two leper-homes paid to the Roman Catholic Chaplain, Belgaum.

Total ...	4,00,832 14 6
Total for 1897-98 ...	6,16,207 5 2
Decrease ...	2,15,374 6 8

The decrease of Rs. 2,15,374-6-8 is due to the curtailment of expenditure on civil works with a view to meet plague requirements.

The necessary details of each head are given below :—

(1) *Civil Buildings.*—A sum of Rs. 27,401-14-0 in the aggregate was spent under this head as shown in the following table which contrasts the figures of the year under report with those of 1897-98 :—

(3) *Miscellaneous Public Improvements.*—Rs. 919-6-3 were expended under this head both on original works and on repairs as contrasted with Rs. 1,740-15-2 in 1897-98, the chief objects of improvements being construction of and repairs to piers and dams, removal of prickly pear, repairs to ferry-boats, &c.

(4) *Establishment and Contingencies.*—Out of the expenditure of Rs. 47,229-3-11 incurred under this head, Rs. 23,648-5-9 were spent by the several Boards on their own establishments such as overseers, maistries, &c., entertained for the execution of works and Rs. 23,580-14-2 were paid by the Boards to the Public Works Department on account of establishment charges against Rs. 24,256-2-3 and 25,561-3-5 respectively during the preceding year.

(5) *Tools and Plant.*—The tools and plant purchased for the use of the Local Board establishment and the Government Public Works establishments cost Rs. 2,089-6-8 and Rs. 3,323-9-4 respectively against Rs. 2,199-5-1 and Rs. 4,973-5-5 in the previous year.

(6) *Water-supply and Water Works.*—The expenditure on water-supply declined from Rs. 1,12,276-13-5 in the preceding year to Rs. 41,411-15-6 during the year under report. Full details of the works carried out by the several Boards will be found in Statement No. IV.

In compliance with paragraph 2 of Government Resolution No. 4876, dated 8th September 1897, details of the expenditure on public works carried out

through the agency of the Public Works Department and through the establishments entertained by the several Boards are given below :—

Debt and Interest on Debt.—Of the total outlay of Rs. 21,766-2-1 shown under “Debt,” Rs. 3,440-7-2 were paid by the Bijapur District Local Board in liquidation of the loan of Rs. 50,000 granted by Government to that Board for expenditure on the Begum Tank at Bijapur in the famine of 1876-77 and Rs. 8,353-10-11 by the Ratnágiri District Local Board towards the repayment of the loan made to that Board by Government for the construction of the

Ambaghát and subsidiary roads. The balances of the loans still due by these Boards on 31st March 1899 were respectively Rs. 4,171-6-4 and Rs. 4,461-1-9. The Dhárwár District Local Board also paid Rs. 9,772 in repayment of the loan made to it under Government Resolution No. 1043, dated 26th March 1895. The following sums were paid during the year under report on the interest account:—

Balances.—Exclusive of the amount of deposits and permanent advances to the several Boards in the Division, the total balance amounted to Rs. 3,44,421-0-11 at the end of the year against Rs. 3,71,952-15-5 in 1897-98. The subjoined statement gives the details regarding the income and closing balance of each District Local Board for the last two years as well as the minimum balance prescribed by Government:—

The excess of the divisional balance over the prescribed minimum was 46 per cent. on 31st March 1898 and has been reduced to 35 per cent. on 31st March 1899. The balance of the Belgaum Board is below the prescribed minimum. As regards the other districts the excess is the result of postponement of public works with a view to provide for plague expenditure. Part of such expenditure incurred during the year could not be accounted for before 31st March 1899, and this together with the plague charges incurred during the current year will therefore lead to a considerable reduction of the balance.

7. The following table shows the proportion of their respective expenditure which the several Boards contributed during the year under report to educational and medical objects, to public works and to administration:—

It will be seen that the Ratnágiri Board incurred the largest proportion of its total expenditure on educational objects. The Kánara Board, which usually spends a high percentage on medical objects, has this year taken the last place. The percentage of expenditure on public works is highest in Bijapur and that of expenditure on administration in Kánara.

STATEMENT NO. IV.

8. A comparative statement for the years 1897-98 and 1898-99 of the expenditure incurred under the principal heads of village sanitation is given below—

Year.	Improvement of water-supply.	Improvement of village sites, &c., including removal of rank vegetation.	Conservancy of towns and villages.	Sanitary arrangements at fairs and festivals.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total expenditure on sanitary objects.

The decrease of Rs. 74,213-7-3 in the Divisional total of the outlay on sanitary objects is chiefly due to non-payment of the Provincial grant for water-supply, during the year, and to the curtailment of expenditure on public works. Three tanks and 71 wells were undertaken during the year against 12 tanks and 127 wells in the preceding year. The number of existing works repaired or otherwise improved during the year was 227 against 303 in the preceding year. The Dhárwár Board spent Rs. 402 on the removal of rank vegetation from village sites and the Kánara Board a sum of Rs. 815-10-0 on the pay of sweepers maintained for cleaning the streets in the towns of Siddápur, Yellápur, Ankola and Supa, and the village of Bilgi.

10. On the subject of interesting villagers in local works there is nothing special to mention, the minds of the people having been distracted by plague and its attendant inconveniences.

Interesting villagers in works near their villages.

11. During the year little progress in material improvements has been made. Famine in 1896-97, famine combined with plague in 1897-98, and a widespread epidemic of plague in 1898-99 have strained the resources of the Boards. Nearly all the Boards had to be content with maintaining existing institutions. The more important works of improvement which were undertaken during the year are noted below :—

Progress in material improvements.

Communications.—In the Belgaum District out of the total outlay of Rs. 10,029-9-0 incurred on original works, Rs. 3,864-9-0 were expended on new works such as the Kudchi-Terdal road and the Saundatti-Dhárwár road. Rs. 50,783-13-5 were laid out on the repairs to the existing roads in the district. The most important roads in the Bijápur District, namely, the Bijápur-Sindgi, Huvhippargi-Telgi and the Indi-Sindgi roads, which have been in progress for some years past, were improved during the year. All the existing roads, especially (1) the Bigalkot-Hungund, (2) the Guled-gud-Kerur, (3) the Maddebihal-Chimulgi and (4) the Bijápur-Bagewádi roads were maintained in good condition. A great portion of the muram collected during the late famine and handed over to the Local Board under Government Resolution No. 306-A—1001 of 18th June 1898 (Public Works Department) was spread on those roads through the Public Works Department Agency. The Dhárwár District Local Board spent Rs. 47,685-0-7 through the Public Works Department on the construction and improvements of some important roads within its area. It also laid out a sum of Rs. 2,535-9-4 on the planting and preservation of roadside trees. The Kánara Boards incurred an outlay of Rs. 1,596-3-2 on special repairs to some of their roads. The only work that the Kolába District Local Board carried out was the completion of the Pen-Panvel Road. In the Ratnágiri District also the only important work undertaken during the year was the Chikhali-Guhágar Road.

Water-supply—Improvement of village sites, &c.—The absence of any Government grant for water-supply prevented the Boards from making any considerable progress in this direction.

Schools and other buildings.—Ten new schools and 10 other buildings such as chávdis, dharmshálas, &c., were constructed during the year at a cost of Rs. 15,475-13-11 against 16 schools and 16 other buildings costing Rs. 22,769-13-10 in 1897-98. Repairs to the existing buildings were duly carried out at a cost of Rs. 13,517.

Medical objects.—In the Dhárwár District the dispensary at Kalghatgi was re-opened during the year and the travelling dispensary at Hubli was shifted to Bankápur. All the Boards in the Division were considerably handicapped by their having to carry out plague preventive measures which cost them in the aggregate Rs. 1,17,656-9-9. The Veterinary dispensaries at Belgaum, Dhárwár, Alibág and Ratnágiri have been doing very useful work.

12. Works committees are reported to be in existence in all the Táluka Boards to look after the Local Fund works in progress. A code of rules similar to that in force at Surat

Works Committees.

has been brought into operation in Kánara, and is about to be introduced in Dhárwár. In Belgaum, Bijápur, Kolába and Ratnágiri a draft code is under consideration. In Belgaum, the members on Works Committees inspect works in the neighbourhood once in a quarter instead of once a month. In Bijápur, the members of Works Committees make monthly inspection of the works and are reported to take an interest in their duties. In Dhárwár, the supervision of the Works Committees, except at Kalghatgi and Gadag, was satisfactory. A complete reorganization was effected in the executive staff of maistries and sub-overseers, the men having been replaced by passed men. The Collector remarks that the villagers still show little personal interest in the works carried out near their villages, but in the circumstances of the year more could not be expected. He further observes that the members of the Táluka Local Boards are generally indifferent and irregular. In Kánara, none of the Works Committees are reported to have held any meetings, but the members occasionally inspected the works in the neighbourhood. In Kolába, there appears to be general indifference on the part of the members of the Works Committees. In Ratnágiri, the Works Committees exhibited commendable energy, those at Dápoli and Khed having held 11 and 8 meetings, respectively. In this district village committees entrusted with supervision of works in and about their villages have been appointed in some tálukas and are reported to have made a good beginning.

13. The observations of the several Collectors on the subject of the working of the Boards and of the interest taken by individual members in Local Board matters are as under :—

About the Belgaun Board, Mr. Carmichael expresses regret that the non-official members of the District or Táluka Boards do not generally take much interest in their work, but remarks that there is some excuse for them in the exceptional circumstances of the year. The Collector of Bijápur mentions Ráo Babádur A. R. Chitre, Mr. Sheshgiri Ráo, Government Pleader, and Mr. Basangowda Sadashivgowda Patel of Mángoli for the interest taken by them in Local Board matters. In the Dhárwár District, Mr. McNeill expresses his satisfaction at the good work and zeal of Mr. Rámrao Belláry, Chairman of the District Local Board Managing Committee, and of the non-official Vice-Presidents of Dhárwár, Ránebennur, Hangal and Hubli. The Collector of Kánara makes prominent mention of Ráo Sáheb Narayanráo R. Udiavar, a non-official member, who took great interest in drafting a code of rules for the Kánara District on the lines of the Surat Code. Mr. Boyd has a word of praise also for Messrs. G. V. Bhagwat, Shivram Subrao Nagarkatti, Damodhar Pandurang Prabhu, Ganapbhatta Annayabhat, Venkatráo Gururáo Nadig, and Anant Yeshwant Kamat, for having taken interest in Local Board affairs. The Collector of Kolába commends the services of Mr. Dosabhai Shápurji of the Alibág Táluka Local Board Works Committee. In the Ratnágiri District, Mr. Bapat, Vice-President of the Deogad Táluka Local Board, Mr. Anant Yeshwant Prabhu Desai, Vice-President of the Rájápur Táluka Local Board, and Mr. Hari Sakháram Joshi, Vice-President of the Ratnágiri Táluka Local Board, are mentioned for having taken interest in their work.

14. On the whole, the working of the several Boards during the year was satisfactory. The calls made on them in respect of plague were loyally responded to, and nowhere was there any indication of an obstructive spirit on the part of the Boards or any of its members.

I have the honor to be,

Sir,

Your most obedient servant,

E. L. CAPPEL,
Acting Commissioner, S. D.

No. 2562 OF 1899.

GENERAL DEPARTMENT.

Commissioner's Office, Karachi,
10th October 1899.

MEMORANDUM.

The Acting Commissioner in Sind has the honour to submit the Annual Report on the administration of the Local Boards in the Province of Sind for the year ending 31st March 1899, together with the Statistical Tables Nos. I to IV compiled in his office.

2. The following table gives the dates of receipt of reports from the Collectors and Deputy Commissioners and of their final replies to references made for further information or explanation:—

District.	DATE OF RECEIPT OF	
	Report.	Final reply.
Karachi	24th June 1899.	24th June 1899.
Hyderabad	19th June 1899.	12th August 1899.
Shikarpur	18th July 1899.	22nd August 1899.
Thar and Parkar	16th June 1899.	30th June 1899.
Upper Sind Frontier	3rd July 1899.	22nd August 1899.

STATEMENT No. I.—CONSTITUTION OF BOARDS.

3. The number of Local Boards during the year continued the same, viz. 5 District and 49 Taluka Boards.

4. There were variations in the area of some of the Boards owing partly to certain corrections in the Thar and Parkar District, which were supplied by the Survey Commissioner and Director, Land Records and Agriculture, from the agricultural returns, and partly to the transfer of certain areas from the Tando Bago, Badin and Dero Mohbat Talukas of the Hyderabad District to the Thar and Parkar District with effect from 1st August 1898, under Government Notifications Nos. 147 and 147A., dated 10th January 1899, published at pages 35 and 36 of the *Bombay Government Gazette* dated 12th idem. There has been no change in the population of Boards.

5. The elective system is in force in the districts of Karachi, Hyderabad and Shikarpur only and in the taluka of Mirpur Khás in the Thar and Parkar District, to which the elective franchise was extended when it formed part of the Hyderabad District. In the rest of the Thar and Parkar District and in the whole of the Upper Sind Frontier District the Boards consist of nominated members only.

6. The number of nominated as well as elected members remained the same as in the previous year.

7. The number of meetings, including 16 adjourned meetings, held during the year was 357 against 367 in the previous year, showing a decrease of 10. The business of the Boards in which the number of meetings decreased was conducted by circulating papers among the members, and there does not appear to be any reason to fear that the efficiency of the Local Board administration suffered to any material extent.

8. The average attendance of the members during the year under report was 5.75 against 5.88 in the preceding year, showing a very slight decrease that requires no explanation.

STATEMENT II.

9. The following table shows the income of the several Local Boards in Sind :—

10. The year's income showed an increase of Rs. 23,922-12-5, for which the Hyderabad and the Upper Sind Frontier Districts are mostly responsible.

11. *VI.—Provincial Rates.*—The realizations under this head, which constitute the principal source of the income of the Local Boards, amounted to Rs. 5,42,089-8-3 as against Rs. 4,94,361-15-0 in the preceding year, showing a net increase of Rs. 47,727-9-3. This increase was shared by all the districts, excepting the Thar and Parkar District, where there was a decrease of Rs. 5,566-3-0, attributable chiefly to the failure of the crops in the desert talukas of this district, which forced people to migrate to other parts of the country. The large increase of Rs. 28,008-13-0 in the Hyderabad District was partly due to the fact that arrears were collected from the Zamindars who had left their homes during the previous year when plague was prevalent, and partly by reason of fewer remissions having been granted.

12. *XII.—Interest.*—The income under this head amounted to Rs. 2,387-13-5 as against Rs. 2,510-8-10 in the preceding year.

13. *XVII.—Police.*—The total receipts under this head, which are composed of receipts under the Cattle Trespass Act, amounted to Rs. 18,805-8-1 as compared with Rs. 22,490-12-1 in the previous year, showing a decrease of Rs. 3,474-4-0. Of this amount the great proportion is accounted for in the Shikarpur District, in which the decrease (Rs. 3,396-14-11) was chiefly due to greater expenses incurred during the year on the construction and repair of cattle-pounds (only net receipts, after deducting expenditure, being assigned to Local Funds), whilst elsewhere in some parts the contraction of the area under cultivation resulted in the impounding of fewer cattle and consequently in some decrease of revenue from pounds.

14. *XIX.—Education.*—The receipts of Rs. 5,643-6-2 under this head are made up of the following items :—

1. Fees received from students attending schools	Rs.	a.	p.
2. Contributions	2,362	8	3
3. Sale-proceeds of books, furniture, &c.	300	0	0
	2,980	13	11
Total	5,643	6	2

As compared with the previous year there is a decrease of Rs. 1,036-14-10. The decrease is mainly due to the action of the Hyderabad Municipality in withholding their contribution to the Female Training College owing to a misunderstanding which, it is hoped, will soon be satisfactorily settled.

15. *XX.—Medical.*—The total receipts under this head, as detailed below, amounted to Rs. 1,421-14-4, showing a decrease of Rs. 1,949-11-8 :—

1. Hospital and Dispensary receipts	Rs.	a.	p.
2. Contributions	117	1	7
3. Miscellaneous—Other receipts	499	0	0
	805	12	9
Total	1,421	14	4

The decrease was chiefly attributable to the inclusion under this head during 1897-98 of popular contributions towards the Johi Dispensary Fund.

16. *XXI—Scientific and other Minor Departments.*—The revenue realized under this head showed a decrease of Rs. 672-13-1, the total receipts being Rs. 11,539-6-5 against Rs. 12,212-3-6 in the previous year. The small decrease was the result of the partial failure of the fruit crop and of a change in the terms of the contract for the Local Fund Garden at Khipro in the Thar and Párkar District. The receipts were made up as follows :—

	Rs.	a.	p.
(1) Botanical and other Public Gardens	6,805	8	11
(2) Veterinary receipts	1,774	13	7
(3) Receipts on account of experimental cultivation	867	14	4
(4) Public Exhibitions and Fairs	2,091	1	7
Total ...	11,539	6	5

17. *XXV—Miscellaneous.*—The receipts under this head amounted to Rs. 2,878-11-11 as against Rs. 4,215-8-6, showing a decrease of Rs. 1,336-12-7. As the income under this head is made up of occasional and fluctuating items, such as sale-proceeds of old stores and materials, staging bungalow receipts &c., the decrease calls for no remark.

18. *XXII—Civil Works.*—The receipts under this head fell from Rs. 56,204-1-11 to Rs. 55,275-9-11 as per details subjoined :—

19. The only item that showed an increase was the "Tolls on Ferries and Roads," and this increase is general to all the districts except Thar and Párkar.

20. *Contributions.*—The receipts under this head amounted to Rs. 2,25,758-0-2 against Rs. 2,39,830-1-5 in the preceding year. Of these, Provincial contributions amounted to Rs. 2,20,570-0-2 as shown in the subjoined table against Rs. 2,34,002-0-4 in the preceding year, or a decrease of Rs. 13,432-0-2 mainly accounted for by the falling off of Rs. 11,889-14-0 in fishery receipts due to the poor inundation :—

21. Of the sum of Rs. 5,188 shown in Statement II under "Contributions from other Boards," Rs. 1,000 were contributed by the Shikarpur District Local Board to Upper Sind Frontier on account of the Sind Horse Show held at Jacobabad during the year under report. The remaining contributions were received from the Local Boards of Karachi, Shikarpur, Thar and Parkar, and Upper Sind Frontier and the Karachi Municipality towards— Rs.

24. *XVIII—Administration.*—The expenditure under this head amounted to Rs. 25,227-4-11 against Rs. 25,255-2-8 incurred in the preceding year. The decrease is very slight and needs no remarks.

25. *XX—Police.*—No expenditure was incurred under this head during the year under report or in the previous year.

26. *XXII—Education.*—The total expenditure was Rs. 2,40,492-0-1 as against Rs. 2,41,063-8-11, showing a small decrease of Rs. 571-8-10.

27. *XXIV—Medical.*—The expenditure under this head consists of the following items :—

Items.	Karachi.	Hyderabad.	Shikarpur.	Thar and Parkar.	Upper Sind Frontier.	Total.

28. As compared with the expenditure incurred last year under this head, there was an increase of Rs. 2,419-6-1, of which over Rs. 1,500 occurred in the Karachi District, and is explained by the fact that the figures for this district include the grant paid to the Lady Dufferin Hospital for the whole year, whereas those of the last year include the grant paid for four months only.

The plague charges have also been included in this head, but have not been shown in the above table. The total expenditure incurred on plague amounted to Rs. 61,492-12-2 against Rs. 53,767-3-3 in the preceding year, and was distributed as shown below :—

District.	1897-98.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.
Karachi ...	11,540	9	0	9,936	9	7
Hyderabad ...	12,631	14	11	1,182	15	3
Shikarpur ...	27,340	8	8	40,745	5	9
Thar and Parkar ...	2,112	5	6	119	6	7
Upper Sind Frontier ...	141	13	2	9,508	7	0
Total ...	53,767	3	3	61,492	12	2

The variations in the plague expenditure are explained as follows :—

(1) In the Karachi District the decrease was due to (1) no necessity having arisen during the year for paying contributions to any minor municipality in aid of plague charges, and (2) to the fact that no detention camps were established during the year at the cost of Local Funds, as the plague was confined to Karachi City.

(2) In the Hyderabad District the decrease was the result of less expenditure on the construction of landhis and purchase of disinfectants, as the district enjoyed immunity from plague during the year under report.

In the Shikarpur and Upper Sind Frontier the seemingly large expenditure was due to the inclusion of the contribution made by the Boards to the Karachi Municipality for the heavy expenditure incurred by that body in connection with the plague. The amount contributed by each Board was Rs. 35,000 and Rs. 9,500, respectively.

In the other districts the amounts contributed by the Boards to the Karachi Municipality have been shown under the head "Contributions."

29. **XXVI.—Scientific and other Minor Departments.**—The expenditure under this head consisted of the following items, and is compared with the preceding year :—

	1897-98.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.
Experimental cultivation ...	405	9	10	381	9	5
Public Exhibitions and Fairs ...	13,671	2	2	12,752	0	0
Veterinary Charges ...	11,464	4	8	12,743	8	11
Bull and Stallion Charges ...	6,500	1	11	5,864	2	8
Botanical and other public gardens ...	21,643	15	0	19,820	1	9
Provincial statistics ...	589	13	5			
Total ...	54,274	15	0	51,561	6	9

From the above table it will be seen that there was a decrease in all items excepting the "Veterinary Charges," which showed an increase of Rs. 1,279-4-3. This increase occurred chiefly in the Hyderabad and Thar and Párkar Districts. In the former district it is due to the fact that under this head the expenditure of two dispensaries, viz. the Veterinary Dispensary at Hyderabad and Itinerating Veterinary Dispensary at Naushabro, is shown. The latter dispensary was opened in November 1897. Hence in the year 1897-98 the expenditure which was shown on account of this dispensary was for four months only, whereas during the year under report the expenditure shown is for the whole year. In the latter district it is owing to the Veterinary student having been in the College for the full year. The expenditure on his account during the last year was only incurred for two months. Leaving the "Veterinary Charges" out of account, the decrease, aggregating Rs. 3,992-12-6, is distributed between the districts of Hyderabad (Rs. 1,491-9-1), Shikárpur (Rs. 1,114-3-5) and Upper Sind Frontier (Rs. 885-1-3), and does not call for any special remark.

30. **XXX.—Stationery and Printing.**—The expenditure under this head amounted to Rs. 2,219-3-11 against Rs. 1,690-4-4 in the preceding year. The items are of a fluctuating nature and call for no remarks.

31. **XXXII.—Miscellaneous.**—The expenditure on account of establishments for travellers' bungalows, &c., amounted to Rs. 4,876-0-4. A comparison of the details with those of the previous year is given in the subjoined table :—

District.	1898-99.			1897-98.			Increase.			Decrease.			Remarks.
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	
Karáchi ...	1,226	2	1	1,243	10	5	...			17	8	4	
Hyderabad ...	110	6	0	814	14	3	...			704	8	3	
Shikárpur ...	1,692	2	7	1,507	7	7	184	11	0	...			
Thar and Párkar ...	1,002	15	3	929	9	8	73	6	0	...			
Upper Sind Frontier ...	844	6	5	767	6	5	77	0	0	...			
Total ...	4,876	0	4	5,262	15	11	335	1	0	722	0	7	Net decrease, Rs. 386-15-7.

32. The fluctuation was small in all the districts except Hyderabad, where the difference is due to the fact that as furniture was purchased for the travellers' bungalow in the previous year, no such charge was necessary during the year under report.

33. The expenditure under "Other Petty Establishments" amounted to Rs. 13,625-9-7 against Rs. 12,813-1-1, due chiefly to heavy bills having been paid on account of fuel stacked for the Syedpur-Tanka ferry steamer in the Karáchi District.

34. The expenditure on account of miscellaneous and unforeseen charges amounted to Rs. 2,437-12-5 against Rs. 2,749-6-10 in the preceding year, showing a decrease of Rs. 311-10-5. Charges under this head include the following items:—

- (1) Contributions paid to Municipalities under section 47 of the Bombay Local Boards Act.
- (2) Cost of medicines.
- (3) Ferry charges.

35. *XLV.—Civil Works.*—The total expenditure under this head amounted to Rs. 4,21,488-1-11, of which Rs. 3,52,128-9-0 were spent on works carried out by Civil Agency and Rs. 69,359-8-11 by Public Works Agency. In the preceding year the total expenditure was Rs. 3,89,265-13-6, or Rs. 32,222-4-5 less than in the year now under review, in which it has been less necessary to husband the resources of the Boards to meet possible plague expenditure.

36. *Contributions.*—The amount shown under this head is made up of two items, *viz.* contributions to Provincial, Rs. 22,115, and contributions to other Boards, Rs. 9,674-5-4.

(1) *Contributions to Provincial.*—The amount of Rs. 22,115 was contributed as under:—

	Rs.	a.	p.
1. Contribution on account of repairs to Bagotero road ...	415	0	0
2. Contribution towards the construction of a Bund round the village of Bannu, taluka Mirpur Batoro ...	200	0	0
3. Contributions paid by the Hyderabad and Thar and Párkar Districts towards the heavy expenditure incurred by the Karáchi Municipality on the repression of plague ...	21,500	0	0
Total ...	22,115	0	0

Contributions amounting to Rs. 8,500, 35,000 and Rs. 9,500 were given by the Karáchi, Shikárpur and Upper Sind Frontier Districts, respectively, towards plague expenditure incurred by the Karáchi Municipality, but the items have been shown under the head "24.—Medical—Plague expenditure."

(2) *Contributions to other Boards.*—This is made up of the following items:—

	Rs.	a.	p.
1. By the District Local Board, Karáchi, to the Hyderabad District Board towards the pay of the care-takers of Tug D and barges ...	96	0	0
2. By the District Local Board, Karáchi, to the Hyderabad District Local Board towards the maintenance of the Female Training College at Hyderabad ...	500	0	0
3. By the Schwan Taluka Board to Sanitary Board ...	550	5	4
4. By the Hyderabad District Local Board to the Hyderabad Municipality towards the cost of clearance of suction channel at Gidu Bandar ...	300	0	0
5. By the Hyderabad District Local Board to Village Sanitary Committees ...	1,854	0	0
6. By the District Local Board, Shikárpur, to the District Local Board, Upper Sind Frontier, on account of the Sind Horse Show held at Jacobabad ...	1,000	0	0
7. By do. to the do. towards the maintenance of the Female Training College at Hyderabad ...	1,100	0	0
8. By the Mirpur, Labdaria, Mehar, Kahar and Nasirabad Taluka Local Boards to Village Sanitary Committees ...	1,902	0	0
9. By Thar and Párkar Boards to certain Sanitary Boards ...	1,372	0	0
10. By the Upper Sind Frontier District Local Board to the Hyderabad District Local Board towards the maintenance of the Female Training College at Hyderabad ...	500	0	0
11. By the Thar and Párkar Boards to do. towards do. ...	500	0	0
Total ...	Rs. 9,674	5	4

37. The following table shows the opening balances at the beginning of the year under report, together with the receipts and expenditure incurred during the year, and the closing balances of each district and for the whole Province :—

District.	Opening Balance.		Receipts.		Total Income during the year.		Total Expenditure.		Closing Balance.		Remarks.

38. The balances of all districts have materially decreased, except that of the Upper Sind Frontier District, which showed an increase of nearly Rs. 2,000, and this resulted from holding in abeyance (on account of the possibility of funds being required for famine and plague) certain works for which provision had been made in the budget estimate of the year under review. In the Shikarpur District the closing balance has been very largely reduced on account of the unforeseen item of Rs. 35,000 in aid of the plague expenditure incurred by the Karachi Municipality.

STATEMENT IV.

39. The following table shows the details of the expenditure incurred for the improvement of village sanitation under the different heads in each district of the Province :—

District.	Improvement of water-supply.	Improvement of village sites, &c., including removal of rank vegetation.	Conservancy of towns and villages.	Sanitary arrangements at Fairs and Festivals.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total.
						Rs. a. p.
Karachi ...	5,723 2 0	94 0 0	239 0 0	6,056 2 0
Hyderabad ...	4,265 0 8	125 9 0	252 0 0	4,642 9 8
Shikarpur ...	12,569 4 3	828 0 0	116 8 7	13,513 12 10

	25,117 4 4	679 2 2	1,222 3 2	369 8 7	27,387 2 3

40. The total expenditure was less by Rs. 1,362-10-1 than that in the preceding year, while a decrease is exhibited in the districts of Hyderabad, Thar and Parkar and Upper Sind Frontier, the Boards of Karachi and Shikarpur Districts have spent more than they did in the preceding year. The expenditure on water-supply amounted to Rs. 25,117-4-4, of which a sum of Rs. 10,374-1-1 were spent on sinking 29 new wells; 3 new tanks have also been dug at a cost of Rs. 763-10-10, and Rs. 12,589-8-5 have been spent on improving the existing sources of water-supply, while Rs. 1,390 were expended by the Shikarpur District Local Board in entertaining watchmen for guarding the sources of drinking water.

41. Out of the total expenditure of Rs. 679-2-2 spent on "Improvement of village sites, &c., including removal of rank vegetation," the Boards of Hyderabad and Upper Sind Frontier Districts have incurred Rs. 585-2-2 on improving 52 village sites, the remainder, *viz.* Rs. 94, was spent by the Karachi District on the removal of rank vegetation.

42. The conservancy of towns and villages cost Rs. 1,222-3-2 against Rs. 1,077-8-6 in the preceding year.

43. The sum of Rs. 368-8-7 shown under "Other objects calculated to promote the safety, &c., of rural population," is shared by the districts of Hyderabad and Shikarpur, each of them contributing Rs. 252 and Rs. 116-8-7 respectively.

44. Excepting a few roads which are in charge of the Executive Engineer, Central Hyderabad Canals District, all the roads are looked after by the Mukhtyárkars, who, under the orders of the Assistant or Deputy Collectors, carry out repairs. The replies of the Superintending Engineers, Indus Right and Left Bank Divisions, Nos. 2044 and 2234, dated the 8th July, as well as the statement showing the roads in question, are appended as required by Government in their Resolution No. 779, dated 30th January 1890.

45. The following resumé of the reports of the Collectors and Presidents of the District Local Boards in Sind, showing the progress made in material improvements and describing the more important works undertaken, is subjoined in accordance with the orders of Government contained in their Resolution No. 3179, dated 30th July 1895 :—

13. Improving the existing sources of water-supply	1,355	4	10

46. The reports from the several Collectors and Presidents of District Local Boards in the Province are appended.

47. The system described in paragraphs 36 and 37 of the last year's report as regards the execution and supervision of works still prevails in the whole Province, and it is not therefore necessary to recapitulate it here.

48. The administration of the Local Boards during the year was, on the whole, satisfactory. As plague was throughout the year practically confined to the Karachi Municipal District, the Boards were enabled to devote more of their income to carrying out useful works, and owing to this and to the large contribution made by each Board towards the burden of protecting the Province from plague that fell on the Karachi Municipality. The closing balances of the Boards show a material decrease in each case, with the exception of the Upper Sind Frontier District. In view of the already large balance it possesses, that Board appears to have economized its resources to an unnecessary extent.

The liberality of the District Local Boards in responding to the appeal made to them by Government with a joint contribution towards plague expenditure of one lakh has already been cordially acknowledged by Government

LOCAL FUNDS DEPARTMENT.

From

J. SLADEN, ESQUIRE, B.A., I. C. S.,
Acting Collector and President, District Board, Karáchi;

To

R. GILES, ESQUIRE, M.A., C.I.E.,
Acting Commissioner in Sind.

President's Office,
Karáchi, 23rd June 1899.

SIR,

I have the honour to submit my report on the administration of the Local Boards in this district for the year 1898-99, together with the Statistical Tables I to IV, and to offer the following remarks on the same.

Local Boards' Administration Report for 1898-99.

STATEMENT NO. I.

2. The area and population of the district and the number of members of the several Boards are the same as in the previous year, and there has been no change in the constitution of the Boards during the year.

3. The number of meetings held was 71 against 76 in the previous year (including those adjourned for want of a quorum during both years), showing a decrease of five, as detailed below.

Names of District and Táluka Local Boards.	1898-99.	1897-98.	More in 1898-99.	Less in 1898-99.	Remarks.
Karáchi District Local Board ...	1	1	(a) The number of meetings adjourned for want of a quorum during 1897-98 and excluded from that year's report and Statement No. I, has been added here for the sake of comparison.

The District Board could not, as explained in the last report, hold more than one meeting, owing to the prevalence of the plague in the early part of the year which made it inconvenient to convene the meeting generally held in May every year, but the provisions of section 34 of the Act were largely availed of, and the business was transacted by circulating papers among the members. The fact that the Ghorábári Táluka Board held only one meeting during the course of the year is explained by the Assistant Collector of Jerruck to be due to the appointment of Vice-President being vacant for long intervals on various occasions owing to frequent changes in the personnel of the Mukhtyárkar of the táluka. The business of the Board is reported to have been conducted by circulating papers among the members.

4. There is a slight decrease in the average attendance, but it is not real, as the figures for the year under report include the attendance at the meetings adjourned for want of a quorum, while those of the previous year are exclusive of such meetings and the attendance thereat.

STATEMENT No. II.

5. The opening balance on 1st April 1898 was Rs. 93,839-12-9 for the whole district.

6. *VI.—Provincial Rates—Local Rates.*—Receipts under this head amounted to Rs. 76,186-1-6 against Rs. 70,482-7-6 in the previous year, showing an increase of Rs. 5,703-10-0, which is chiefly due to the increased area brought under rabi cultivation, owing to the exceptionally favourable inundation of 1897-98, and a proportionate increase in the local cess collected during the year under report.

7. *XII.—Interest on Dispensary Securities.*—Under this head there is a decrease of Rs. 173-12-4, the receipts during the year being Rs. 55-1-10 against Rs. 728-14-2 in the previous year. The decrease is due to the fact that the interest which accrued during 1896-97 on Government promissory notes of the Jati Dispensary and Sháhbandar Medical Relief Funds was recovered and credited in 1897-98.

8. *XVII.—Police—Receipts under Cattle Trespass Act.*—Receipts under this head amount to Rs. 2,285-2-1 against Rs. 2,048-5-4, showing an increase of Rs. 236-12-9, which is due to a larger number of cattle having been impounded during the year under report, owing to increase in rabi cultivation.

9. *XIX.—Education.*—Receipts under this head amount to Rs. 1,162-11-2 against Rs. 1,216-8-9, showing a decrease of Rs. 53-13-7, which occurs chiefly in miscellaneous receipts, and is due to fewer refunds of pay, allowances, &c., made during the year.

10. *XX.—Medical Hospital and Dispensary Receipts.*—Receipts under this head, which are usually composed of hospital stoppages, sale-proceeds of old and unserviceable articles, and refunds of pay, &c., amounted to Rs. 15-15-3 against Rs. 47-13-1 in the previous year, showing a decrease of Rs. 31-13-10, which is chiefly due to no refunds of pay, &c., having been made during the year.

Contributions.—Rs. 40-0-0 were recovered and credited in 1898-99 on account of popular contributions towards the Johi Dispensary Fund, in addition to Rs. 2,355-8-0 credited in 1897-98.

Miscellaneous—Rs. 2-8-9.—This amount represents sale-proceeds of vaccinators' old boxes, &c.

11. *XXI.—Scientific and other Minor Departments—Botanical and other Public Garden Receipts, Rs. 238-6-1.*—This represents sale-proceeds of fruit and vegetables in gardens not connected with roads.

12. *Veterinary Receipts, Rs. 1,410-8-0.*—This sum is made up of the following items:—Fees on account of treatment of horses Rs. 728-0-0 against Rs. 947-6-0 in 1897-98 ;

Shoeing forge receipts Rs. 673-0-0 ;

Other sundry receipts Rs. 9-8-0 ; as compared with the previous year. The figures given under the first item show a decrease of Rs. 219-6-0, which is due to the unsettled state of Karáchi for the last two years, owing to the prevalence of the plague. The shoeing forge has not, as already reported, proved a success; but as, owing to the abolition of the post of the Head Farrier reported last year, the forge has become self-supporting, the District Board, at their last meeting held on the 26th September last, decided to continue it.

13. *Other Exhibitions or Fairs.*—Rs. 133-14-1 against Rs. 64-2-8 in the previous year. The receipts for 1898-99 comprise the fees for stalls erected at the fairs named in the margin, while those for 1897-98 are on account of the fair held at Mughilbin in March 1898.

Shah-Yakik, Shahbandar Taluka... Rs. 129-8-1
Fir Patho, Ghorábári Taluka ... Rs. 9-6-0

14. *XXV—Miscellaneous Receipts.*—Receipts under this head amount to Rs. 981-1-7 against Rs. 1,524-6-11 in the previous year. The latter amount includes Rs. 407-8-8, being the balance of the money advanced for the purchase of pankhas in connection with plague measures and Rs. 460-8-0 on account of sale-proceeds of the furniture of travellers' bungalows at Karáchi and Rukan abandoned by the District Board. Deducting these amounts the ordinary receipts of the previous year amount to Rs. 656-6-3, while those for the year under report amount to Rs. 981-1-7, showing an increase of Rs. 324-11-4, which is chiefly due to increase in staging bungalow fees.

15. *XXXII—Civil Works—Tolls on Ferries.*—Rs. 18,473-9-5. This amount consists of —

	Rs.	a.	p.	against	Rs.	a.	p.	in
(1) District Ferries ...	5,553	15	0		5,426	10	0	1897-98.
(2) Kotri-Gidu Ferry ...	5,185	9	9	„	4,093	1	5	„
(3) Syedpur Tanka Ferry .	7,734	0	8	„	7,401	10	6	„

The total increase under this head amounts to Rs. 1,552-3-6, which is distributed and explained as under—

(1) *District Ferries.*—Rs. 127-5-0. The increase is chiefly due to keen competition at the sale of farms in Sehwan Taluka.

(2) *Kotri-Gidu Ferry.*—Rs. 1,092-8-4. This ferry is managed by the North-West Railway authorities, who, after deducting all expenses, make over half of the net profits to the Karáchi and Hyderabad District Boards.

(3) *Syedpur Tanka Ferry.*—Rs. 332-6-2. This ferry was worked departmentally up to 31st July 1898. The right of collecting tolls thereon was farmed out for Rs. 10,590 for one year commencing with 1st August 1898. The increase in receipts would have been much more than the amount shown above had not the farmer failed to pay the instalments due by him for January to March 1899, and eventually applied for remission on the ground of his having sustained loss owing (1) to the impassable state of the road from Belo to Machhi-jo-Gothe caused by the flooding of the Ganj forest, and the breach that occurred in the old disused bund of the Public Works Department in the early part of the past inundation season and (2) to the detention of the steamer at Kotri for repairs from 14th January to 8th May 1899.

16. *Sale of Stores and Materials.*—Rs. 88-10-0. This represents sale-proceeds of old materials of wells, dharmshálas, and bridges.

17. *Miscellaneous.* — Rs. 1,222-14-0. This comprises the following items —

	Rs.	a.	p.
(1) Sale-proceeds of roadside trees and their loppings ...	670	4	6
(2) Do. - produce of nurseries connected with roads.	164	5	11
(3) Recoveries on account of over-payments made to contractors for works. ...	186	15	7
(4) Value made good of missing tools and plant ...	1	4	0

18. *Contributions from Provincial to Local and from other Boards.*—Receipts under this head consist of the following items:—

(1) District Board, General.

	Rs.	a.	p.
Fishery receipts	40,210	8	0
Grant in lieu of one anna cess on Excise Revenue ...	6,876	10	8

Do. Mirpur Batoro do.	1,300	0	0
Do. Jati do.	700	0	0
	4,112	0	0
	59,303	13	8

(4) Karachi Veterinary Dispensary.

	Rs.	a.	p.
Government grant towards the pay of the Veterinary Officer	500	0	0
Government grant towards the Dispensary.	400	0	0
<i>Add—</i>			
Local Fund grant towards the Dispensary	2,000	0	0
Karachi Municipal contribution towards the Dispensary	1,500	0	0
	4,400	0	0
<i>Add—</i>			
Táluka Local Boards' sand and quarry fees	983	1	6
Total ...	64,686	15	2

There is a decrease of Rs. 2,614-6-0 in fishery receipts, which is chiefly due to low inundation of 1898-99

19. The incidence of taxation and of the income per head of population for the last two years is compared as follows:—

	1897-98.			1898-89.		
	Rs.	a.	p.	Rs.	a.	p.
Incidence of taxation per head of population ...	0	2	7	0	2	9
Incidence of income per head of population ...	0	6	2	0	6	1

The increase in incidence of taxation is proportionate to the increase in the cess and the slight decrease in that of income is due to decrease in fishery receipts, &c.

STATEMENT No. III.

20. (18) *Administration—Office Establishment.*—The expenditure under this head amounts to Rs. 3,025-8-0, against Rs. 2,971-0-0, showing an increase of Rs. 54-8-0, which is due to the increment earned by the Accountant during the year.

21. *Office Contingencies.*—This item amounts to Rs. 236-0-0 against Rs. 219-12-9 in the previous year. The increase of Rs. 16-3-3 is chiefly due to the purchase of a copy of a Portfolio of Type-drawings of works of Sanitary Improvements.

22. *Payment of Establishments for Offices of Accounts, Control, and Audit.*—Rs. 945-0-8 against Rs. 985-0-8 in the previous year. This represents the expenditure on account of the following establishments —

	Rs.	a.	p.
Establishment in the Commissioner in Sind's Office ...	314	1	0
Do. Accountant General's Office ...	538	0	0
Do. Educational Inspector in Sind's Office ...	94	15	8

The decrease Rs. 40 is due to the decrease in the claim preferred by the Accountant General on account of contribution towards his office establishment.

23. (22) *Education—(1) Training and Special Schools.*—Rs. 1,756-15-0 against Rs. 1,954-10-7 in the previous year. The decrease (Rs. 197-11-7) is due to smaller expenditure on materials purchased for Technical Schools.

24. (2) *Primary Schools.*—Rs. 26,732-14-1 against Rs. 26,450-14-8 in the previous year. The increase of Rs. 281-15-5 is due to appointment of a larger number of trained teachers.

25. *Grants-in-Aid.*—The following grants amounting to Rs. 9,077 were paid during the year as contrasted with those made in the previous year:—

From District Board, General.

	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.
(1) Grant to Dayaram Jethmal Sind College.	2,000	0	0	2,000	0	0
(2) Do. Sind Madressah ...	2,000	0	0	2,000	0	0
(3) Do. Medical School, Hyderabad ...	500	0	0	500	0	0
(4) Do. Karachi Museum ...	600	0	0	600	0	0
(5) Special grant for repairs to, and improvement of, Madressah buildings ...	1,767	0	0		

From Educational Local Funds.

(6) Grant to the Karachi Municipality for Female Normal School ...	1,100	0	0	1,100	0	0
(7) Do. Tatta Municipality for their schools.	560	0	0	560	0	0
(8) Do. Schwán do.	200	0	0	200	0	0
(9) Do. Bubak do.	300	0	0	300	0	0
(10) Do. Manjhand do.	50	0	0	50	0	0

26. *Scholarships.*—Scholarships amounting to Rs. 1,614-10-11 were paid as under:—

	Rs.	a.	p.
(1) Stipends to students in the Training College at Hyderabad.	1,118	5	0
(2) Do. in Middle and Special Schools ...	222	0	0
(3) Do. in Technical School at Jati ...	274	5	11

Expenditure under this head in the previous year amounted to Rs. 1,602-12-8. The increase, Rs. 11-14-3, is too small to need any remark.

27. *Miscellaneous.*—Expenditure under this head amounts to Rs. 2,580-11-3 against Rs. 3,776-2-6 in 1897-98, showing a decrease of Rs. 1,195-7-3. Deducting from this Rs. 295-12-3 on account of printing charges transferred to the more appropriate head "Printing" subordinate to "30. Stationery and Printing," the real decrease amounts to Rs. 899-11-0, which the Educational Inspector in Sind explains to be due to the fact that fewer books and articles of furniture were purchased owing to lack of funds.

24.—*Medical.*

28. *Hospitals and Dispensaries.*—Expenditure under this head amounts to Rs. 6,649-6-5. It consists of the following items which are contrasted below with those of the previous year :—

	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.
(1) Grant to the Dispensary at Sehwan ...	800	0	0	800	0	0
(2) Do. do. Tatta ...	700	0	0	700	0	0
(3) Do. do. Kotri ...	600	0	0	600	0	0
(4) Do. North-Western Railway Dispensary at Dádu ...	400	0	0	400	0	0
(5) Grant to the Lady Dufferin Hospital at Karáchi ...	2,000	0	0	666	10	8
(6) Cost of dead-stock articles, e.g. cots, mattresses, cooking utensils, &c., pur- chased for the in-patients' ward at- tached to the North-Western Railway Dispensary at Dádu ...	95	7	6	Nil.		
(7) Expenditure of the Local Board Dispen- saries ...	2,053	14	11	1,687	5	11
Total ...	6,649	6	5	4,854	0	7

The grant paid to the Lady Dufferin Hospital during 1898-99 is for the whole year, whereas that paid during 1897-98 was, as explained in paragraph 29 of last year's report, for the last four months of that year only.

A ward was added to the North-Western Railway Dispensary at Dádu by the District Board at a cost of Rs. 2,268 during the year under report for the treatment of the general public in the neighbourhood as in-patients and was furnished with the necessary articles of furniture, &c., costing Rs. 95-7-6 as shown above.

The increase of Rs. 366-9-0 in the expenditure of Local Board Dispensaries is chiefly due to purchase of dead-stock articles for the dispensary at Jati, and the branch dispensary at Ladiun; which have been opened to the public from the commencement of the current official year.

Sanitation and Vaccination.

29. (1) *Vaccination Establishment and charges.*—Rs. 5,707-6-5 against Rs. 6,025-11-10 in the previous year. The decrease, Rs. 318-5-5, is chiefly due to the figures for 1897-98 including Rs. 313 recovered from Local Funds on account of the pay of vaccinators for February 1895—*vide* paragraph 31 of last year's report.

30. (2) *Sanitation charges.*—Rs. 94 against Rs. 7-13-0 in the previous year. The increase of Rs. 86-3-0 is chiefly due to expenditure incurred by the Mirpur Batoro Taluka Board in removing rank vegetation.

31. (3) *Plague charges.*—Rs. 1,436-9-7 against Rs. 11,540-9-0. The decrease, Rs. 10,103-15-5, is due to (1) no necessity having arisen during the year for paying contribution to any minor Municipality in aid of plague charges, and (2) to the fact that no detention camps were established during the year at the cost of Local Funds, as the plague was confined to Karáchi City, while all the other parts of the district enjoyed immunity from the scourge. The comparatively small expenditure of Rs. 1,436-9-7 during the year under report

consists chiefly of the salary of the Hospital Assistant stationed at Jati for inspection of travellers from Cutch, cost of disinfectants, and huts erected at several places as precautionary measures.

32. As the immunity from the plague enjoyed by the other parts of the Province of Sind was due to the establishment of the detention camp at Malir, Government in their Resolution No. 5624, dated 9th December 1898, called upon Local Boards in Sind to contribute Rs. 1,00,000 to Government for the benefit of the Karáchi Municipality. Towards making up this one lakh, the Karáchi District Board contributed Rs. 20,000, of which Rs. 8,500 was paid in the year under report and the balance in the year 1899-1900.

26.—*Scientific and other Minor Departments.*

33. *Veterinary charges.*—The expenditure under this head amounts to Rs. 5,084-13-5 against Rs. 5,034-8-7 in the previous year, showing an increase of Rs. 50-4-10, which is too small to call for any explanation. The dispensary has completed the seventh year of its existence and has maintained the reputation of being a very useful institution.

34. *Botanical and other Public gardens.*—The expenditure under this head consists of—

	Rs.	a.	p.
(1) Grant to the public garden at Karáchi ...	1,000	0	0
(2) Grant to the Sehwan Garden ...	200	0	0
(3) Expenditure on arboriculture not connected with roads, i.e. gardens ...	2,127	7	1
Total ...	3,327	7	1

The grants are the same as in the previous year, while the expenditure on Local Fund gardens shows an increase of Rs. 185-4-10, the expenditure in the previous year being Rs. 1,942-2-3. The increase is chiefly due to (1) payment of water-tax charged by the Karáchi Municipality for the first time during the year on account of water supplied to the District Board nursery in the katcheri compound, and (2) to repairs to the mud wall enclosure round the garden at Mirpur-Sakro.

35. *Stationery and Printing.*—Expenditure under this head amounts to Rs. 1,154-5-6 against Rs. 656-5-8 in the previous year. The increase of Rs. 497-15-10 is due (1) to transfer to this head of Rs. 295-12-3 on account of printing charges of the Educational Local Funds as explained in paragraph 27 *supra*; (2) to increase in the cost of stationery purchased by the Tatta and Kotri-Munjhand Taluka Boards, and (3) to increase in printing charges on account of increased supply of revised Treasury and other forms indented for during the year under report.

32.—*Miscellaneous.*

36. *Staging Bungalows and Serai Establishment and charges.*—Expenditure under this head amounts to Rs. 1,226-2-1 against Rs. 1,243-10-5 in the previous year, showing a decrease of Rs. 17-8-4, which is too insignificant to need explanation.

37. *Other petty establishment and charges.*—The amount expended under this head is Rs. 12,062-4-5 against Rs. 11,215-2-3. The increase, Rs. 847-2-2, is chiefly due to heavier bills paid during the year under report on account of fuel stacked for the Syedpur-Tanka ferry steamer.

38. *Miscellaneous and Unforeseen charges.*—Rs. 871-4-11 against Rs. 1,106-11-0. This comprises the following items of expenditure:—

	1898-99.			1897-98.		
	Rs.	a.	p.	Rs.	a.	p.
(1) Amount assigned to Municipalities on account of cess on lands under section 47 of Local Boards Act I of 1884 ...	863	9	8	982	6	0
Cost of medicines ...	7	11	3	124	5	0

The decrease in item No. I is proportionate to the decrease in cess on land collected within Karáchi municipal limits. The decrease in the cost of medicines is due to the fact that several Táluka Boards had in stock the medicines purchased by them in the previous year.

39. *Miscellaneous Refunds, Rs. 60.*—This represents the amount refunded to the Tatta Municipality in accordance with the Commissioner in Sind's No. 4517, dated 26th November 1898, on account of the contribution paid by the Mahomedan community of Tatta towards the pay of the caretaker of the Jamai Musjid and originally credited to Local Funds.

45.—*Civil Works.*

40. *In charge of Civil Officers, Rs. 65,486-9-4.*

			<i>Original Works.</i>	Rs.	a.	p.
(1) Civil buildings	680	0	0

Kassi (water-course)	1 do.
Bathing gháts	6 do.

These are shown in detail in Statement IV.

41. *Civil Works in charge of Public Works Officer, Rs. 20,097-8-3.*

<i>Original Works.</i>		Rs.	a.	p.
(1) Civil buildings	...	12,574	0	8
(2) Communications	...	1,926	13	2
<i>Repairs.</i>				
(3) Communications	...	3,259	5	9
(4) Establishment and audit charges appertaining to Public Works	...	1,942	15	8
(5) Tools and Plant	...	394	5	0

(Iron Roller for the Jungshahi-Baghr road.)

The following are the particulars of works and repairs :—

Original Works.

<i>Civil Buildings.</i>		Rs.	a.	p.
(1) Adding a ward to the North-Western Railway Dispensary at Dádu for the treatment of the general public as in-patients	...	2,268	0	0
(2) Completing the Dispensary building at Jati	...	8,485	7	3
(3) Constructing quarters for Hospital Assistant, Mirpur Batoro	...	1,649	6	2
(4) Constructing latrines, Hospital Assistant's quarters, Mirpur Batoro	...	171	3	3

Work No. 1 was executed by the Executive Engineer of the North-Western Railway, and the rest were entrusted to the Executive Engineer, Karáchi Canals District.

The Dispensary building at Jati was commenced late in 1897-98, and completed during the year under report at a total cost of Rs. 10,485-7-3. Works Nos. 3 and 4 are under construction.

<i>Communications.</i>		Rs.	a.	p.
(1) Improving the road from Gharo to Daheji	...	1,513	14	8
(2) Constructing quarters for Syedpur Tanka Ferry Superintendent	...	412	14	6

These two works have not been completed and are estimated to cost Rs. 5,659 and Rs. 2,729, respectively. Work No. 1 was commenced in 1897-98, and the Executive Engineer explains that the delay in its completion was due to difficulty in getting contractors to take it up.

Repairs.—Communications.

		Rs.	a.	p.
(1) Maintaining the road from Jungshahi to Baghar mouth	...	2,037	1	0
(2) Special repairs to the road from Jungshahi to Baghar mouth	...	118	10	7
(3) Repairing the abandoned portion of bund beyond Aghimani Bridge up to Baghar Bank	...	1,103	10	2

42. The total expenditure on account of works and repairs, &c., both by Civil and Public Works Agencies, amounts to Rs. 85,584-1-7 against Rs. 77,496-7-1, showing an increase of Rs. 8,087-10-6, which is chiefly due to the

completion of the Dispensary building at Jati, resulting in an expenditure of Rs. 8,485-7-3 during the year under report.

Arrangements for the execution and supervision of the works carried out by the Local Boards.

43. As reported last year the District and Táluka Local Boards are not rich enough to employ a professional staff of their own, and they therefore depend on the assistance of Government Executive Engineers for the execution of all works requiring professional skill.

Road repairs and other works not requiring professional skill are, as usual, carried out by the Boards concerned by contracts under the supervision of Mukhtyárkars, who are also Vice-Presidents of Táluka Local Boards. The Mukhtyárkars are assisted by members of Local Boards in checking measurements and by maistries temporarily employed to superintend the works while in progress.

44. As desired by Government in paragraph 2 of their Resolution No. 2870, dated 19th May 1898, efforts have been made to encourage residents of villages to take interest in the execution of works in progress in their villages. The residents of some of the villages are reported to have evinced interest in water-supply works. In some villages they are reported to have limited their exertions to petitioning for improvements, but it is hoped that they will also gradually take interest in superintending works in progress. It may be noted here that the leading residents of larger villages are themselves Táluka Local Board members.

45. *Contributions to Provincial, Rs. 9,115.*—This comprises the following items:—

	Rs.	a.	p.
(1) Contribution on account of repairs to Bago-Taro Road...	415	0	0
(2) Do. towards the construction of Bund round the village of Bannu-Mirpur-Batoro Táluka	200	0	0
(3) Do. towards the expenses incurred by the State on the repression of the plague ...	8,500	0	0
Total ...	9,115	0	0

46. *Contributions to other Boards, Rs. 1,146-5-4.*—This is made up of the following items:—

	Rs.	a.	p.
(1) Contribution to the Hyderabad District Board towards the pay of the care-taker of Tug D, the joint property of the Karáchi and Hyderabad District Boards ...	96	0	0
(2) Contribution to the Hyderabad District Board towards the maintenance of the Female Training College at Hyderabad	500	0	0
(3) Contribution paid by the Sehván Táluka Board to Sanitary Boards and Committees under section 40 of the Village Sanitation Act, 1889, as per details given below—	550	5	4
Sanitary Board, Talti ...	150	5	4
" Committee, Jhanghar ...	133	5	4
" " Bajar ...	133	5	4
" " Bhan ...	133	5	4

47. The total receipts of the year, including balance, amounted to Rs. 2,61,328-3-8 and the expenditure to Rs. 1,79,392-15-0, leaving a closing balance of Rs. 81,935-4-8. The balance at the close of the year would have been much smaller if all the works and grants budgetted for in 1898-99 had been completed and utilised within the year, and if Government had not directed the stoppage of new works in the districts in which the plague was prevalent. The

District Board have, however, since the close of the year, appropriated Rs. 26,900 by sanctioning a supplementary budget for the current year, and most of the Táluka Boards have also to provide funds for such works as are urgently needed within the area subject to their authority by means of supplementary budgets.

I have the honour to be,

Sir,

Your most obedient servant,

J. SLADEN,

Acting Collector of Karíchi,
and President, District Local Board.

No. 610 of 1899-1900.

LOCAL FUND DEPARTMENT.

From

THE COLLECTOR OF HYDERABAD;

To

THE COMMISSIONER IN SIND.

Collector's Office,
Hyderabad, 16th June 1899.

SIR,

Local Board Administration Report for the year 1898-99.

I have the honour to submit the Annual Report on the administration of Local Boards in the Hyderabad District for the year ending the 31st March 1899.

2. I was in charge of the district throughout the year except for the period of two months and ten days, viz. from 23rd June to 2nd September 1898, when Mr. Mules held charge.

3. The District Local Board held two meetings and the Executive Committee held also two.

4. A comparative statement showing the number of meetings and the average attendance is given below:—

	1897-98.		1898-99.		1898-99.			
	Number of Meetings.	Average attendance.	Number of Meetings.	Average attendance.	Increase.		Decrease.	
					Meetings.	Attendance.	Meetings.	Attendance.
District Local Board, Hyderabad.	2	18	2	15	3
Táluka Local Board, Hyderabad	5	8	7	7	2	1
Do. Tando Alahyar.	6	7	9	7	3
Do. Shahdádpur ...	8	7	8	5	2
Do. Hála ...	6	7	9	7	3
Do. Guni ...	5	7	8	6	3	1
Do. Badin ...	7	7	6	7	1	...
Do. Tando Bágó ...	6	7	7	5	1	2
Do. Dero Mohbat...	9	7	5	8	...	1	4	...
Do. Sakrand ...	11	7	8	7	3	...
Do. Moro ...	13	6	15	6	2
Do. Naushahro ...	13	6	8	7	...	1	5	...
Do. Kaudiáro ...	8	7	11	6	3	1
Total ...	99	101	103	93	17	2	13	10

The above table shows that there has been an increase in the number of meetings. The number of meetings held by each Board during the year which were adjourned for want of a quorum are noted against each Board in the remark column of Statement No. I, in terms of Government Resolution No. 3954, dated 12th July 1898, General Department.

5. The population and the area of the district remained unchanged, the number of members of the several Boards is also the same as last year, and there has been no change in the constitution of the Boards.

STATEMENT II.

6. The year opened with a balance of Rs. 78,819-4-5 as shown below :—

	Rs.	a.	p.
General	27,573	8	0
Educational	16,179	5	8
Dispensaries	4,258	10	5
Veterinary Dispensaries	6,909	13	0
Talukas	27,511	15	4
Advances	3,650	0	0

The following remarks explain the causes of increase and decrease as well as the figures under the various heads as compared with those of the previous year.

7. *VI.—Provincial Rates—Local Rates.*

	Rs.	a.	p.
1897-98	1,11,475	1	0
1898-99	1,39,483	14	0
Increase	28,008	13	0

The increase is partly owing to the fact that in consequence of the district being free from plague all dues were collected from the Zemindars who had left their homes during the previous year, and partly by reason of fewer remissions having been granted.

The following amounts were transferred by the District Local Board during the year :—

	Rs.	a.	p.
Contribution towards the Sind Arts College and Madressah	4,000	0	0
Contribution to the Educational portion on account of share of cost of Establishment employed in the office of the Educational Inspector in Sind	198	6	2
Dispensaries—	Rs.		
Tharushah	850		
Boulton	400		
Badin	550		
Naushahro	750		
Shahdadpur	900		
	3,450	0	0
Veterinary Dispensary at Hyderabad	2,100	0	0
Itinerating Veterinary Dispensary	1,000	0	0
Taluka Local Board, Sakrand	663	0	11
Total	11,411	7	1

8. *XII—Interest.*—The receipts under this head were the same as last year, viz. Rs. 883-4-10, and relate to interest received on investments of dispensary funds.

9. XVII.—Police.

Receipts under Cattle Trespass Act—					Rs.	a.	p.
1897-98	4,120	14	1
1898-99	3,384	4	5
Decrease					736	9	8

The decrease is due to a smaller number of cattle having been impounded during the year under report. An explanation for the falling off has been called for.

10. XIX.—Education—School-fees.

					Rs.	a.	p.
1897-98	1,271	6	6
1898-99	1,384	1	6
Increase					112	11	0

The increase is due to improved attendance in the Middle School at Tháru-sháh.

Contributions, Rs. 2,900.—These constitute the amounts received from the following Boards towards the maintenance of the Female Training College—

					Rs.
Karáchi	Local Board...	500
Thar and Párkar	do.	500
Shikárpur	do.	1,100
Upper Sind Frontier	do.	500
Shikárpur Municipality	200
Lárhána	do.	100
					<u>2,900</u>

The decrease of Rs. 1,000 noticeable under this head as compared with the figures of the last year is due to the Hyderabad Municipality having adopted the extraordinary course of withholding their contribution to the Female Training College in the furtherance of an attempt to secure a modification of the constitution of the Board. The tenor of the Resolution passed by the Municipality was that a larger representation of the Municipality on the Consultative Committee of the College was necessary in order to provide for a more direct control on the part of the Municipality. An annual report of the working of the College was also required. The action taken by the Municipality does not seem to have been brought to the notice of the Acting Collector [I was away at Quetta at the time], but from a communication recently received from the Educational Inspector, it appears that that officer has made certain representations on the subject which, it is hoped, will result in the matter being disposed of satisfactorily.

Miscellaneous, Rs. 2,271-11-11.—This sum is made up of the following items:—

					Rs.	a.	p.
Industrial schools produced	1,997	10	3
Sale-proceeds of books	3	4	6
Sale-proceeds of old stores and materials	142	11	0
Batta received from Courts by schoolmasters	3	9	0
Certificate fees from boys leaving schools	0	12	0
Unexpended balance of amounts drawn for repairs to schools—							
					Rs.	a.	p.
Khokhar	10	0	0
Bukero	11	13	0
Chaneja	13	11	0
					<u>35</u>	<u>8</u>	<u>0</u>
Unexpended balance of amounts drawn on account of contingencies for Technical School, Moro	86	12	9
Refund of pay of Naib Master, Shahádpur School	0	7	5
Refund of the house-rent of the Bhambhrai School	1	3	0
Sale-proceeds of dead-stock articles of Tando Ghulam Hyder School	0	1	0

The decrease of Rs. 208-3-8 as compared with the figures of the last year under "Miscellaneous Receipts," is due to fewer articles having been manufactured in the Industrial schools of Naushahro Division for want of materials, as Karáchi was closed on account of plague.

11. *XX—Medical.*—The sum of Rs. 155-0-2 shown under this head is made up of the following items:—

	Rs.	a.	p.
Dispensary receipts	41	11	11
Municipal contribution for vaccination	52	0	0
Other receipts	61	4	3
Sale-proceeds of boxes by vaccinators	0	12	0
Unserviceable records	0	5	6
Value of lymph	3	3	0
Excess sum drawn on account of plague disinfectants	56	14	9
Sale-proceeds of a tin-case of quinine	0	1	0

12. *XXI—Scientific and other Minor Departments—Garden Receipts.*

	Rs.	a.	p.
1897-98	2,532	3	9
1898-99	2,674	11	1
Increase	142	7	4

The receipts under this head show an increase of Rs. 142-7-4, which is due to larger realizations from the Economic Garden, Hyderabad.

The Taluka gardens, on the other hand, yielded less as compared with the receipts of the past year.

Veterinary Receipts.

The receipts under this head amount to Rs. 300, being the contribution by the Hyderabad Municipality towards the Veterinary Dispensary at Hyderabad.

Receipts on account of Experimental Cultivation.

	Rs.	a.	p.
1897-98	915	10	6
1898-99	867	14	4
Decrease	47	12	2

The receipts have in fact increased under other heads, but, owing to insufficiency of water the farm land was not brought under cultivation to the same extent as in the previous year.

Public Exhibitions and Fairs—Horse Fairs.

The receipts under this head amount to Rs. 610-9-6, which form the unexpended balance of the amounts provided for horse shows.

Other Exhibitions and Fairs.

	Rs.	a.	p.
1897-98	1,245	14	0
1898-99	1,341	10	0
Increase	95	12	0

The increase is due to the fairs having been held during the year, whereas they had been stopped last year on account of the risk of plague spreading to the district.

13. *XXV—Miscellaneous.*—Rs. 61-5-0 were realized from the sale of old stores and materials and Rs. 524 were received on account of staging bungalow fees.

14. XXXII—Civil Work—Tolls on Ferries.

					Rs.	a.	p.
1897-98	8,268	9	5
1898-99	8,944	0	10
				Increase	675	7	5

The above sum of Rs. 8,944-0-10 is composed of the following items:—

				Rs.	a.	p.
Gidu-Kotri ferry receipts	3,901	4	10
Other ferry receipts in the district	1,769	5	0
Ferry receipts from other districts	3,273	7	0

As compared with the figures of last year there has been a decrease of Rs. 491-4-7 in the Gidu-Kotri ferry receipts, while an increase of Rs. 1,184-5-0 appears in the receipts of other ferries in the district. On the other hand, there has been a falling off in the receipts in the share from ferries in other districts, amounting to Rs. 17-9-0. The net result shows therefore an increase of Rs. 675-7-5.

The decrease in the earnings at the Gidu-Kotri ferry is due to the fact that the plying of the launch at night was stopped owing to the recrudescence of the plague at Karachi.

It may here be noted that the North-Western Railway, after deducting all expenses, makes over half of the net profits to this Department, out of which one-half is credited to the District Local Board, Karachi.

Miscellaneous.

Receipts under this head are composed of the following items:—

				Rs.	a.	p.
Sale-proceeds of trees and lopping thereof	1,028	12	2
Batta received by a Local Fund employé from the Civil Court	2	0	0
Refund of the amount on account of cost of mathematical instruments returned rejected to Messrs. T. Cosser & Co.	40	0	0
Refund on account of pay of a Syce	2	14	10
Amount drawn in excess on account of Local Fund works by the Taluka Boards	202	13	7
Cost of tender forms supplied to Contractors	1	0	0
Refund of the amount on account of carriage of furniture of Talhar bungalow	3	0	0
Sale-proceeds of lotus from tank at Kandiáro	24	3	5
Total	...	Rs.	1,304	12	0	

Contributions Rs. 2,250 0 0

The details of this item are as follow:—

				Rs.	a.	p.
Contribution by the towns-people of Hyderabad for providing additional accommodation for the Veterinary Dispensary at Hyderabad, to be named after Mr. Steele	1,500	0	0

Do. to Itinerating Veterinary Dispensary	375	0	0
Do. to Moro Horse Show	600	0	0
Do. to Talhar do.	400	0	0
Total ...	Rs. 77,114	6	2

The sum of Rs. 88 was received from the District Local Board, Karachi, towards the pay of caretakers employed to look after the ferry plant, which was the joint property of both the Boards.

STATEMENT III.

The total expenditure during the year amounted to Rs. 2,65,970-4-10, as under, against Rs. 2,64,056-1-1 last year:—

	Rs.	a.	p.
General	74,480	2	6
Educational	86,889	13	6
Dispensaries	11,320	1	1
Talukas	93,280	3	9

16. 18.—Administration Office Establishment, Local Board's Establishment—

	Rs.	a.	p.
1897-98	1,073	1	2
1898-99	1,787	8	2
Increase ...	Rs. 714	7	0

The increase under the Local Board's Establishment arises from the employment of a temporary Local Fund clerk in the office of the Assistant Collector, Hala, throughout the year, and in the Collector's Local Fund office for a period of four months.

Office Contingencies.

	Rs.	a.	p.
1897-98	1,320	11	0
1898-99	661	3	9

The decrease is due to extraordinary expenditure having been incurred during the year 1897-98 by the Taluka Local Boards on the purchase of furniture.

The total expenditure on account of payment of establishment for offices of account, control, and audit during the year amounted to Rs. 4,722-15-1 against Rs. 4,899-9-9 last year.

The decrease is due to a less amount having been charged by the Accountant General on account of his audit fees.

The sum of Rs. 4,722-15-1 is made up of the following items:—

	Rs.	a.	p.
Collector's Office Establishment	3,412	10	10
Share of Establishment in the office of the Commissioner in Sind	497	4	3
Share of Establishment in the office of the Accountant General	733	0	0

22.—Education.

17. The sum of Rs. 86,889-13-6 was expended by the District Local Board on education, and is made up of the following items:—

Training and Special Schools.

				Rs.	a.	p.
1897-98	15,174	8	2
1898-99	13,346	13	5
Decrease ...				Rs. 1,827	10	9

The decrease is due to reduced expenditure in connection with materials supplied to the Technical Schools.

Middle Schools.

				Rs.
1897-98	1,162
1898-99	1,274
Increase ...				Rs. 112

Increase is due to the appointment of an additional assistant master at Tháru Sháh.

Primary Schools.

The total expenditure on account of these schools amounted to Rs. 49,237-14-2 against Rs. 47,552-5-7 in the previous year, showing an increase of Rs. 1,685-8-7 in consequence of the appointment of a larger number of trained teachers.

Grants-in-Aid.

				Rs.
1897-98...	7,809
1898-99...	6,976
Decrease ...				833

The latter sum of Rs. 6,976 was spent as follows:—

			Rs.
Grant to Nasarpur Municipality	645
Do. to Dayaram Jethmal Sind Arts College	2,000
Do. to Sind Madressah	2,000
Do. for repairs to Madressah building	2,301
Do. to Indigenous Schools	30
Total ...			Rs. 6,976

The decrease is arrived at as under:—

In 1897-98 Rs. 3,164 were paid on account of grants to Indigenous Schools for the year 1896-97 against Rs. 30 this year. During the year under report Rs. 2,301, a special grant on account of repairs to the Mahomedan Madressah, was made in addition to the annual grant of Rs. 2,000. The net decrease thus comes to Rs. 833.

The total expenditure on account of *Scholarships* amounted to Rs. 4,531-1-9 as compared with Rs. 4,293-5-9 in the previous year, showing an increase of Rs. 237-12-0, which is due to the Training College having been kept open throughout the year, whereas it had been closed on account of the plague during the previous year.

Miscellaneous.

					Rs.	a.	p.
1897-98	7,828	11	4
1898-99	6,357	12	5
Decrease					Rs. 1,470	14	11

The decrease is attributable to the discontinuance of allowances given to the pupils of the Mir's school at Mir Ali Mardan-jo-Tando.

The details of Rs. 6,357-12-5 are as follows:—

					Rs.	a.	p.
Rent	845	1	6
Books	555	6	0
Furniture	672	6	6
Fixed contingencies and miscellaneous, including boarders' expenditure at Ali Mardan-jo-Tando School	2,994	9	2
Prizes	930	1	0
Printing charges	360	4	3

A sum of Rs. 5,166-3-9 was spent on educational works as detailed in paragraphs 22 and 23.

24.—Medical.

18. *Hospitals and Dispensaries.*—The expenditure under this head amounted to Rs. 14,200-3-10, and consists of the following items:—

					Rs.	a.	p.
Women's Hospital and Dispensary	4,250	0	0
Tando Muhammad Khan do.	200	0	0
Hála Dispensary	300	0	0
Tando Alahyar Dispensary	425	0	0
Tando Adam do.	250	0	0
Matari Dispensary	400	0	0
Private Dispensary at Sakrand	500	0	0
Do. do. at Moro	500	0	0
Do. do. at Kandiáro	400	0	0
Cost of Badin, Boulton, Tháru Sháh, Naushahro and Shadád-pur Dispensaries	6,862	6	4
Purchase of medicines	112	13	6

Vaccination Establishment and Charges.

A sum of Rs. 5,222-3-7 was spent under this head during the year under report against Rs. 5,235-1-5.

The decrease being insignificant calls for no special remark.

Sanitation Charges.

The sum of Rs. 195-9-0 spent under this head is composed of the following items:—

					Rs.	a.	p.
On account of constructing a bund of Moriwah in Sakrand Táluka	70	0	0
Clearing jungle in and around the sites of villages	125	9	0
Total					Rs. 195	9	0

A sum of Rs. 1,500 was granted towards the maintenance of the Medical School at Hyderabad.

The sum of Rs. 1,182-15-3, shown under expenses during epidemics, is on account of cost of disinfectants and the construction of landhis in connection with the plague operations.

26.—*Scientific and other Minor Departments.*

19. <i>Experimental cultivation—</i>				Rs.	a.	p.
1897-98	326	14 1
1898-99	295	1 5
				<hr/>		
Decrease ...				Rs.	31	12 8
				<hr/>		

The decrease does not call for any special comment.

Horse and Cattle Shows.

Horse shows were held, as usual, at Moro and at Talhár.

The former was held on the 17th January 1899 and the two following days.

The total amount placed at the disposal of the Horse Show Committee was Rs. 3,600, of which Government contributed Rs. 600 and the District Local Board Rs. 2,000.

The Taluka Boards provided the balance in the following proportions:—

					Rs.
Kandiáro	50
Naushahro	150
Moro	400
Sakrand	400
				Total ...	Rs. 1,000
				<hr/>	

The details of expenditure were as follows:—

					Rs.
1. Prizes	3,245
2. Races and wrestling	100
3. Miscellaneous expenditure incurred in connection with the Show.					255
				Total ...	Rs. 3,600
				<hr/>	

The show was a most successful one, and the arrangements reflected credit on Khán Bahádúr Mirza Kalich Beg and those associated with him in its management.

The number of exhibits was 942 against 392 last year, showing an increase of 550.

The increase in number was due no doubt to there having been a plentiful harvest as well as to the interest taken by the local officials and others in procuring exhibits, which, on the whole, bore favourable comparison in point of quality also with those of the preceding year.

The increasing popularity of the show may be inferred from the fact that 149 exhibits were brought from other districts, inclusive of His Highness the Mir's territory. The most satisfactory features of the show were that 74 mules and 105 yearlings and foals, mostly sired by Government stallions posted in the Naushahro Division, were exhibited.

Mule-breeding has made satisfactory progress, and there seems to be every reason to believe that, if properly fostered, the industry will thrive in this district.

It is to be regretted that there were no buyers on behalf of Government. The number of remounts purchased was 10. These were bought by the District Superintendent of Police, Hyderabad. As local horse-breeders need and deserve every encouragement, it is to be hoped that arrangements will be made in future so that purchases may also be made for the Police of the neighbouring districts of Karáchi and Thar and Párkar.

The show at Talhar was held on the 27th January 1899 and the two following days.

The total amount placed at the disposal of the Horse Show Committee was Rs. 3,900, of which Government contributed Rs. 400 and the District Local Board Rs. 1,500. The various Taluka Local Boards gave Rs. 2,000 in the following proportions :—

				Rs.
Guni	400
Badin	750
Tando Bāgo	600
Dero Mohbat	250
Total				2,000

The details of expenditure were as follows :—

				Rs.	a.	p.
1. Prizes	2,575	0	0
2. Miscellaneous expenditure incurred in connection with the Show	714	6	6
3. Savings	610	9	6
Total				3,900	0	0

The total number of exhibits rose from 823 in 1897-98 to 1,318. The increase was particularly noticeable in Classes II, VII and XII (unbranded mares, 4 years old and upwards, fit for breeding purposes, horses 14 hands and over, 4 and over, donkeys).

Though many of the exhibits were worthless, there was a very large proportion of useful animals, particularly in the broodmare class, and it was evident that progress in horse-breeding, which was noticed in the last year's report, was being maintained.

Nine remounts were purchased at the show. It is to be regretted that buyers were not present on behalf of the Thar and Pārkar Police as in former years.

Mr. Page, the Assistant Collector, took a keen interest in the general management of the show. The arrangements were under the direct control of R. S. Jhamrai, and the way in which they were carried out was creditable to that officer.

A sum of Rs. 252 was spent on sanitary arrangements on fairs this year, against Rs. 388-3-2 last year.

Veterinary Charges.

The total expenditure incurred under this head amounted to Rs. 4,296-1-9, against Rs. 3,394-12-11 last year. Government contributed Rs. 775 towards maintenance of the Veterinary Dispensary at Hyderabad and Rs. 375 for the Itinerating Veterinary Dispensary at Naushāhro. The total sum of Rs. 1,150 has been shown under the head of "Provincial contributions."

Veterinary Dispensary at Hyderabad.

The number of in-patients was 134 against 216 last year, and of out-patients 977 against 907 last year. Out of those treated—

993 were cured.	22 died.
42 relieved.	30 unknown.
7 incurable.	15 remaining.

The total number of cases during the year was 1,111 against 1,123 last year. The decrease being small, calls for no explanation.

This popular institution has now completed the sixth year of its existence. The dispensary is still located in the same place as last year, but the construction of the new building is fast approaching completion, and it is hoped will be ready for occupation next month.

Itinerating Veterinary Dispensary.

The number of patients treated by the Itinerating Veterinary Assistant was 396.

Of these 25 were in-and 371 outpatients.

Out of those treated—

241 were cured.	103 died.
22 relieved.	21 unknown.
6 incurable.	3 remaining.

The Itinerating Veterinary Graduate has proved himself useful in detecting and treating cattle diseases, and in explaining to the Zamindárs the advantages of adopting preventive measures when an outbreak appears.

Bull and Stallion Charges.

The expenditure under this head was Rs. 2,218-11-1 against Rs. 2,304-9-3.

The decrease is due to the prices of food-grains having been lower.

One of the donkey stallions (Yarkand) was shot on the 1st October 1898, as it was found to be past use.

The thorough-bred English stallion Spero was transferred to Sibi on 30th January 1899. On the other hand the undermentioned horses and donkey stallions were received—

Horse Stallions.

Name.	Date of arrival.
1. Quitewell, Arab 10th February 1899.
2. Queensbrook, Arab Do.
3 & 4. Donkeys Nos. 131 and 132 10th March 1899.

A bull (Sukhri) was also presented to the District Local Board for breeding purposes, and was accepted on being favourably reported upon by the Veterinary Assistant.

The stallions employed in the district are the following :—

Horse Stallions.

Name.	Class.
1. Minstrel Arab.
2. Maxim Arab (Local Fund).
3. Madina Arab.
4. Quitewell Arab.
5. Queensbrook Arab.

	Rs.	a.	p.
1897-98 ...	11,381	2	4
1898-99 ...	9,831	15	10
Decrease ...	1,549	2	6

The decrease is due to the expenditure on gardens having been curtailed.

20.

XXX.—Stationery and Printing.

Stationery purchased in the country—				Rs.	a.	p.
1897-98	78	15	4
1898-99	100	2	9
Increase				21	3	5

Printing.

A sum of Rs. 298-5-9 was spent during the year against Rs. 152-4-11. The increase of Rs. 146-0-10 is due to the revised forms introduced by the Accountant General having been purchased.

21.

32.—Miscellaneous Petty Establishments.

Staging bungalows and Serái establishment and charges were Rs. 110-6-0 against Rs. 814-14-3 last year. The decrease of Rs. 704-8-3 is due to the fact that furniture had to be purchased for the travellers' bungalow in the previous year, whereas there was no such charge this year.

Miscellaneous and Unforeseen charges.

Rs. 337-13-6 spent under this head represents charges on account of pay and contingencies of the establishment entertained at Gidu Bandar to look after the ferry plant, being the joint property of the District Local Boards of Hyderabad and Karáchi.

22.

45.—Civil Works in charge of Civil Officers.

CONTRIBUTIONS.

Contributions to Provincial.—The sum of Rs. 12,000 shown under this head represents a contribution to Provincial Revenues in terms of Government Resolution No. 5624, dated 9th December 1898, Financial Department, on account of the heavy expenditure incurred by the Karáchi Municipality in connection with the precautionary measures taken to prevent the spread of plague.

Contribution to other Boards.—The sum of Rs. 2,154 shown under this head is made up of the following items:—

	Rs.	a.	p.
Contribution to the Hyderabad Municipality towards the cost of clearance of suction channel at Gidu Bunder for the year 1897-98 and 1898-99	300	0	0
Contribution to village sanitary committees for the year 1898-99	1,854	0	0
	2,154	0	0

25. *Debt Accounts, Rs. 3,650.*—The debt accounts consist of the permanent advances of Rs. 300 for Local Fund works given to each of the Boards and of the sum of Rs. 50 advanced to the District Board, General.

The closing balances on the 31st March 1899 at the disposal of the Board were as under:—

26. The minimum balance required to be maintained by the District Local Board and Táluka Local Boards is Rs. 19,000 only—*vide* this office No. 665, dated 24th October 1894, to the Commissioner in Sind.

STATEMENT IV.

27. This statement shows the number of wells sunk, the sources of water-supply repaired, and the improvements effected in sanitation at a total cost of Rs. 4,642-9-8, details of which are given in Statement III.

28. The following is the progress made in material improvements in the district during the year under report:—

(1) Engine shed and the driver's room in the Economic Garden was completed and the remaining sum of Rs. 762 was paid for it out of the total cost of Rs. 1,062, as Rs. 300 were paid during the last year.

(2) Additions and alterations to the engine house at Gidu Bunder were carried out at an outlay of Rs. 615.

(3) Re-roofing of the boarders' quarters at Tharusháh School at a cost of Rs. 276-8-0 was carried out.

(4) The roof of the school-house at Bhelani was renewed at an outlay of Rs. 493.

(5) Compound wall round the school-house at Kandiáro was constructed at a cost of Rs. 150-11-5.

(6) Rs. 1,250 and Rs. 1,261 and Rs. 100 were spent for the construction of musafirkhánas at Bandhi and Lal Udero stations and Sadhuja village.

(7) Rs. 7,588-11-6 were spent on the construction and improvements of the following bridges:—

			Rs.	a.	p.
(1) Raising of the bridge over Lakhiarwah	223	0	0
(2) Do. do. Sarangwah	985	0	0
(3) Do. do. Bhourkowah	399	12	3
(4) Construction of a bridge over Kario Aludo	441	15	3
(5) Do. do. Sarhadi	424	15	10
(6) Do. do. Bhambhai	495	14	7
(7) Part payment for the cost of construction of a bridge over Ghaluwah	1,666	0	0
(8) Construction of a bridge over Mubarakwah on road from Nasarpur to Matli in the Guni Táluka	172	13	2
(9) Construction of 7 small bridges in the Badin Táluka	969	9	7
(10) Do. of a bridge over Rajirah Kadhan	1,453	10	10
(11) Do. do. Muradwah on road from Moro to Bandhi	356	0	0

(8) Road from Alahdino Sand station to Sheikh Tihar in the Hala Táluka was constructed at a cost of Rs. 277-12-0.

(9) Rs. 2,698-3-4 were spent on the construction and improvement of the undermentioned sources of water-supply —

			Rs.	a.	p.
(1) Improving the embankments of the water-course in the Economic Garden at Hyderabad	113	10	10
(2) Petty improvements to wells and tanks in Guni, Badin, and Moro tálukas	265	13	10
(3) Constructing a new well at Fakirji Khubi	439	0	0
(4) Do. do. Umer Bodlo	395	0	0
(5) Do. do. Loung Dahri	982	0	0
(6) Do. do. Pad Idan village	502	10	8

Repairs to the existing roads and bridges were carried out at a cost of Rs. 58,251-5-5.

The work of planting and preservation of trees also received attention, and Rs. 7,207-7-6 were spent on it.

29. *Execution and supervision of Works.*

The works undertaken by the Boards are carried out either by Public Works Agency at a charge of 12 per cent. or by the overseers employed by the Board. The system is regulated by the Bombay Local Board Act I of 1884 and the rules framed thereunder, by which

(1) Works costing Rs. 500 and less are executed by the Boards, who make their own plans and estimates.

(2) Works costing over Rs. 500 and up to Rs. 2,500 are also executed by the Boards, but the plans and estimates are reviewed by the Public Works Department at a charge of one per cent. on the cost of the work.

(3) Works costing over Rs. 2,500 are executed by the Public Works Department at a charge of 12 per cent. on the cost of the works.

(4) In the case of roads the cost of which exceeds Rs. 50 per mile, the plans and estimates are reviewed by the Public Works Department at a charge of one per cent. on the cost of the works. To assist the Boards in carrying out the works to be undertaken by them, overseers, sub-overseers, and maistries are employed, by whom plans and estimates for the works to be carried out either by Public Works or Civil Agency are also prepared.

30. Works Committees are furthermore appointed to supervise works in progress and to attest the certificates of completion of the works. Experience has shown that non-official members rarely take interest in the carrying out of the works, consequently the work of supervision falls practically on the Mukhtyarkars, who are the Vice-Presidents of the Boards. The Collector and President of the District Local Board and the Presidents of the Taluka Boards, *i.e.* the Assistant and Deputy Collectors, also inspect the works during the touring season, and the initiative in works of improvement is in reality taken by them. Public spirit is a plant of slow growth in the rural areas owing to there being less solidarity of interest.

31. The work of the Local Fund Office has been carried on by Mr. Narain-sing, the Local Fund Accountant, who was transferred here from the Frontier District in May 1898. The high reputation earned by him in that district (*vide* annual report for 1896-97) for careful conscientious work has been fully maintained here, and with only a small establishment to assist him, he has carried on the heavy work of this office with zeal and ability, with the result that mistakes have now been reduced to a minimum.

I have the honour to be,

Sir,

Your most obedient servant,

C. E. S. STEELE,

Collector of Hyderabad.

To

R. GILES, ESQUIRE, C.I.E., M.A.,
Commissioner in Sind.*Collector's Office,
Sukkur, ¹⁵/₁₇th July 1899.*

SIR,

Statement No. I.—Constitution.
Do. No. II.—Income.
Do. No. III.—Expenditure.
Do. No. IV.—Sanitation.

I have the honour to submit my Annual Report on the working of the Local Boards in this district for the year 1898-99, together with the usual statements noted in the margin.

STATEMENT NO. I.

Constitution.

2. The area and population of the district and the number and constitution of the Boards underwent no change. There is a vacancy in the Lárkhána Táluka Local Board, the holders of entire alienated villages not having yet returned their representative. The President has now been requested to see to this and to call upon the Vice-President to explain the Board's omission.

Two elected members of the Mehar Táluka Local Board and one elected member of the Nasirabad Táluka Local Board died during the year, and steps have been taken to hold elections in consequence. One nominated member of the Rato-dero Táluka Local Board representing that Board on the District Board died, and the nomination of his successor is under consideration. The vacancies will all be shortly filled up.

3. The number of meetings held was 99 against 106 in the preceding year, showing a decrease of 7 as shown in the following statement:—

	1898-99.	1897-98.
District Board, General	2	2
Táluka Local Board, Shikárpur	7	8
Do. Sukkur	6	3
Do. Naushahro	6	6
Do. Rohri	8	5
Do. Ghotki	4	7
Do. Mirpur	5	6
Do. Ubauro	7	8
Do. Lárkhána	7	12
Do. Labdarya	10	14
Do. Kambar	11	10
Do. Rato-dero	12	13
Do. Mehar	6	6
Do. Kakar	4	3
Do. Nasirabad	4	3
Total	99	106

From this it appears that of 15 Boards, 5 show an increase and 7 a decrease, the remaining 3 showing the same results as last year. The decrease far exceeds the increase, and the Boards mainly responsible are Lárkhána, Labdarya and Ghotki. They account for it by saying Lárkhána had no work.

Labdarya and Ghotki that they resorted to the provisions of Section 34 of the Act and obtained sanction by circulating propositions on three and two occasions respectively. The District Board also made use of these provisions on two occasions owing to the urgency of the business and the difficulty of calling a meeting. In point of fact, however, circulation with a large widely scattered Board like that of Shikárpur is not a speedy mode of obtaining a resolution.

STATEMENT No. II.

Income.

4. The opening balance was Rs. 58,457-2-1 for the whole district and the closing balance Rs. 29,645-12-7.

5. The following remarks explain the figures under various heads of receipts and the causes of their increase and decrease.

6. *VI.—Provincial Rates—Local Rates.*—This is the principal source of revenue of the Local Boards. The receipts amounted to Rs. 2,13,212-15-7 against Rs. 2,02,368-9-6 in the preceding year, giving an increase of Rs. 10,844-6-1. The increase was due to the increase of Land Revenue, which of course this head automatically follows.

7. *XII.—Interest.*—The interest on Government securities belonging to Dispensary Funds was Rs. 98-3-2 against Rs. 98-13-10 in the previous year, showing a decrease of Re. 0-10-8, a sum too insignificant to require explanation.

8. *XVII.—Police.*—Receipts under Cattle Trespass Act fall under this head. They amounted to Rs. 7,248-10-5 against Rs. 10,645-9-4 in the preceding year. The decrease of Rs. 3,396-14-11 is due partly to there having been no river floods and partly to larger expenses incurred on the construction and repair of cattle-pounds in this year than in the last. Only net receipts after deducting expenditure are assigned to Local Funds.

9. *XIX.—Education.*—Receipts under this head are—

			Rs.	a.	p.
School fees	193	12	0
Miscellaneous receipts	293	13	0
Total	487	9	0

—against Rs. 211-13-9 under the former head and Rs. 183-8-11 under the latter in the previous year. The small decrease in school fees is due to several village schools having been closed from the 1st December 1898. The increase in miscellaneous receipts is mainly due to the fact that at the recommendation of the Executive Engineer, Shikárpur Canals, an excess payment was recovered from a contractor and credited to Local Funds during the year under report.

10. *XX.—Medical.*—Receipts under the head "Hospitals and Dispensaries" amounted to Rs. 35-1-5 excluding Rs. 9-0-0 erroneously credited to this head as explained in paragraph 24 against Rs. 22-15-4 in the previous year, showing an increase of Rs. 12-2-1, which is accounted for by the fact that, unlike the last year, Hospital Assistants were not ordered off on plague duty, and the dispensaries remained open, and also to increased hospital stoppages. (b) Contributions showing no difference require no explanation. (c) Miscellaneous other receipts amounted to Rs. 665-5-2 against Rs. 19-4-0 only in the preceding year, the cause of so large an increase being the sale of disinfectants by the District Boards to Municipalities and to Government for Reti Camp.

XXI.—Scientific and other Minor Departments.

11. Botanical and other garden receipts amounted to Rs. 2,566-7-3 against Rs. 2,470-3-11 in the last year, the increase being due to larger realizations from the "Shahí Bágh" at Shikárpur and the Pavo Akil Garden, managed respectively by the District Board and the Ghotki Táluka Board.

II.—Veterinary Receipts.—The receipts under this head amounted to Rs. 9-14-0 against Rs. 6-0-0 in the preceding year. The increase is explained

by the fact that the travelling allowance of the Veterinary Graduate, who was on one occasion sent to treat animals in the Khairpur State, was recovered from that State and credited in accounts. This amount of Rs. 9-14-0 does not agree with that shown in Statement No. II, which includes Rs. 11-4-0 on account of sale-proceeds of 3 bullocks belonging to the Ubauro Taluka Local Board ordered by the Accountant General, Bombay, in his objection statement for July 1898 to be shown against the entry "Veterinary receipts."

XXV.—Miscellaneous.

12. The receipts under this head are made up of—

	Rs.	a.	p.
Sale of old materials and stores ...	102	0	0
Fees of Staging Bungalows ...	8	0	0
Other items ...	457	1	5
Total ...	567	1	5

—against Rs. 183-8-9, Rs. 9-8-0, and Rs. 1,202-13-9 in the preceding year, showing a decrease in all the three items, which is accounted for as follows:

(a) The realizations from old materials belonging to Local Board Schools were much less than last year. There were none in the Robri and Nasirabad Talukas, against Rs. 45-8-9 and Rs. 27-3-6 respectively last year.

(b) The staging bungalows were occupied less frequently than in the previous year.

(c) The decrease is due to the fact that no such adjustment was made this, as was in the preceding year, on account of overpaid cost of disinfectants.

XXXII.—Civil Works.

13. The total realizations under this head amounted to Rs. 17,340-1-6 against Rs. 20,983-10-3 in the previous year as detailed below:

	Rs.	a.	p.
(1) Tolls on ferries ...	11,911	2	11 in 1898-99.
" " ...	10,923	11	4 in 1897-98.
Increase ...	987	7	7

The receipts are of a fluctuating nature, and the increase requires no special remark. The item is one of assigned revenue and the net proceeds are credited to Local Funds after the expenditure is deducted.

	Rs.	a.	p.
(2) Rent of buildings and lands ...	1,403	10	0 in 1898-99.
" " ...	1,273	13	0 in 1897-98.
Increase ...	129	13	0

These receipts represent rents of shops belonging to several Local Boards. The increase is mainly due to the shops in the Sadar Bazar at Mehar, and partly to the shop in the Shikarpur Shahi Bagh, which had no existence in the previous year. The shops in the Bugri Bagh of the Rohri Taluka showed a slight decrease.

(3) *Sale of Lands.*—There were no realizations under this head against Rs. 315-0-0 in the preceding year, in which some building sites were sold in the village of Dokri, the site of which was extended at the expense of Local Funds.

	Rs.	a.	p.
(4) <i>Miscellaneous</i> —			
1898-99 ...	2,329	10	6
1897-98 ...	4,433	1	11
Decrease ...	2,103	7	5

The above figures represent the sale proceeds of roadside trees, babul pods and dead wood. The decrease is due to the fact that no such misfortune occurred as in the past year, when a number of trees were blown down, thus becoming available for sale.

(5) *Contributions*.—These amounted to Rs. 1,695-10-1 in the year under report against Rs. 4,038-0-0 in the previous year. The decrease of Rs. 2,342-5-11 is explained as follows :—

Rs.	a.	p.	
2,996	0	0	was the total decrease, distributed thus :
1,700	0	0	were credited on account of popular contributions in the Shikárpur and Mehar Tálukas in the preceding year for the construction of new wells. No such sums were collected and credited this year owing to there being no prospect of the Government share being obtained.
996	0	0	were credited on account of popular contributions for sanitary works in the Mehar, Kakar and Nasirabad Tálukas in the preceding year, owing to the Government share of the grant for the previous year having lapsed, and the people's share for that year was held as available for the year under report, and no new collections were made.
300	0	0	were credited as contribution from the Shikárpur Municipality for repairs to roads in the Shahi Bágh at Shikárpur in the previous year, and there was no such receipt this year.
<u>2,996</u>	<u>0</u>	<u>0</u>	Total decrease.

Deduct increase of—

Rs.	a.	p.	
600	0	0	paid as contribution by the Shikárpur Municipality towards the maintenance of Veterinary Dispensary, Rs. 300 for the past year and Rs. 300 for the year of report, the past year's contribution having remained in arrears.
53	10	1	an excess in the Rato-dero Municipal contribution towards the construction of the dispensary, over that paid in the preceding year as follows :—
			Rs. a. p.
			1898-99 807 10 1
			1897-98 754 0 0
<u>653</u>	<u>10</u>	<u>1</u>	<u>53 10 1</u>

Rs. 2,342 5 11 net decrease as above.

Contributions.

14. Contributions from Provincial to Local—

	Rs.	a.	p.
In 1898-99	48,374	9	7
„ 1897-98	57,068	2	0
Decrease	<u>8,693</u>	<u>8</u>	<u>5</u>

Since the contributions are granted for several objects, the mere expression "Contributions from Provincial to Local" does not convey any idea as to the nature of the grants. It is therefore necessary to specify them in detail in a tabular statement in the subjoined form, giving the figures for the year under report and for the previous year, with the amounts of increase and decrease in the same.

Nature of Contribution.	1898-99.		1897-98.		Increase.	Decrease.	
	Rs.	a. p.	Rs.	a. p.		Rs.	a. p.
I.—Sand and Quarry Fees ...	9,522	9 8	10,490	4 1	...	967	10 5
II.—Fishery Fees ...	23,416	5 0	31,142	3 0	...	7,725	14 0
III.—Provincial Contributions towards the repairs of roads ...	2,491	0 0	2,491	0 0	
IV.—Grants to Primary Schools ...	5,863	10 11	5,863	10 11	
V.—Grant in lieu of one-anna cess in excise revenue ...	3,630	0 9	3,630	0 0	
VI.—Grant to Local Board Dispensaries ...	3,355	0 0	3,355	0 0	
VII. Provincial grant to village sanitation ...	96	0 0	96	0 0	
Total ...	48,374	9 7	57,068	2 0	...	8,693	8 5

It will be seen from the foregoing statement that all the grants are the same this year as in the preceding year, except under "Sand and Quarry fees" and "Fishery fees," both of which show a decrease, due to the fluctuating nature of receipts and to the fact that there was less competition than in the preceding year.

VII.—The only other item in the statement which requires explanation is the grant to village sanitation, the sanctioned amount of which for the year under report was Rs. 599 (*vide* Commissioner in Sind's No. 5672 of the 18th December 1898). This was distributed among several talukas and credited to sanitation in their own books of account. The share of the Ubauro Taluka only, Rs. 96, was credited to Local Funds as was done last year, because the people's contribution had been credited to the same fund. To observe uniformity, however, this taluka also has kept its own account from the current official year, and therefore these grants will no longer appear in this report. In the preceding year Rs. 156 only were sanctioned, of which Rs. 96 were paid to the Ubauro Taluka and Rs. 60 to the Mirpur Taluka.

VI.—Government contributed Rs. 3,355 towards the maintenance of dispensaries as last year as follows:—

	Rs.	a.	p.
Mehar Dispensary ...	700	0	0
Dokri " ...	600	0	0
Ubauro " ...	600	0	0
Veterinary " ...	1,455	0	0
	<u>3,355</u>	<u>0</u>	<u>0</u>

Local Funds also contributed the following amounts to these dispensaries—

	Rs.	a.	p.
Mehar Dispensary ...	1,000	0	0
Dokri " ...	600	0	0
Ubauro " ...	600	0	0
Veterinary " ...	2,900	0	0
	<u>5,100</u>	<u>0</u>	<u>0</u>

This amount is shown under "Local Rate" subordinate to "VI. Provincial Rates" as was done last year.

15. The incidence of taxation and of the income per head of the population for the last two years is compared as follows:—

	1898-99.		1897-98.	
	Rs.	a. p.	Rs.	a. p.
Incidence of taxation per head of population ...	0	4 3	0	4 1
Incidence of income per head of population ...	0	5 10	0	5 11

The increase in incidence is due to the increase in income of the year under report over that of the previous year, the population being taken as recorded at the last census.

STATEMENT III.

Expenditure.

16. The expenditure of all the Boards taken together amounted to Rs. 3,19,188-8-0 as compared with Rs. 2,84,922-5-2 in the previous year, the increase of Rs. 34,266-2-10 being explained under the several sub-heads as follows—

18.—*Administration.*

17. Office contingencies—				Rs.	a.	p.
In 1898-99	1,109	8	9
„ 1897-98	742	4	3
Increase				367	4	6

This increase is mainly due to the purchase of bent-wood chairs for the use of the District Local Board on occasions of their meetings and other public demonstrations at head-quarters and other furniture required for the Collector's Local Fund Office, Rs. 202-10-0, as also to the disbursement by the Rohri Taluka Board to the Rohri Municipality on account of a moiety of expenses incurred by the latter body on the occasion of the visit of His Excellency the Governor of Bombay in 1895 and the commemoration of the Diamond Jubilee of Her Majesty the Queen-Empress in 1897, Rs. 259-0-2—*vide* Commissioner in Sind's No. 2790, dated 17th June 1898.

18. *Payment of establishment for Offices of accounts, control and audit.*

				Rs.	a.	p.
In 1898-99	5,942	15	8
„ 1897-98	6,040	0	11
Decrease				97	1	3

The Local Funds paid Rs. 48 less on account of the audit fee of the Accountant General, and Rs. 49-1-3 less on account of the Collector's Local Fund Establishment during the year under report than in the preceding year, which accounts for the small decrease shown above. These charges are determined by the Accountant General, Bombay, and on his requisition usually adjusted to the debit of Local Funds.

XXII.—*Education.*

19. The total charges under this head amounted to Rs. 77,824-10-5 as compared with Rs. 74,716-9-11 in the previous year. The increase of Rs. 3,108-0-6 is distributed among several sub-heads and explained in their proper places in the following detail:—

				Rs.	a.	p.
Primary Schools.	{ 1898-99	57,377	2	1
	{ 1897-98	55,389	0	4
Increase				1,988	1	9

These figures represent the pay and allowances of head masters and teachers, pay of servants and the travelling allowance of teachers. The increase falls chiefly under the sub-head "Masters and Teachers," due evidently to the increased pay of teachers as a whole, the Deputy Educational Inspector, Shikarpur Division, having shown in his annual report that the average pay of a trained head master is Rs. 28-2-2 and an untrained one Rs. 13-14-7 as compared with Rs. 27-5-4 and 11-4-0 respectively in the previous year.

During the year under report 3 day and 8 night schools were closed. The former because they were found to be doing no good and the latter for want of funds, as to use the words of the Deputy Educational Inspector, the closing of these schools could not be helped, the financial position of the District Board being far from satisfactory. The net decrease in the number of pupils was, however, only 37. Other schools might have been opened in the district, but the question of funds prevented this.

				(b) Grants-in-Aid.	Rs.
1898-99	12,292
1897-98	10,754
				Increase	... 1,538

Rs.	
2,000	were paid as a grant to the Sind Arts College ;
2,000	to the Muhamadan Madressah ;
2,500	to the Sukkur Technical School ;
1,210	to Municipal Schools, the same amounts as were paid in the previous year ;
3,082	were paid as contribution to special repairs proposed to be effected in the Madressah at the urgent request of the Commissioner in Sind ; and
1,500	as contribution to the above-named two institutions, viz.,
	Rs. 750 to Madressah ;
	„ 750 to the Sind Arts College ;

on behalf of the Sukkur Municipality, which could not pay its annual grants to these institutions owing to financial embarrassment caused by plague expenditure. These special grants make up an increase of Rs. 4,582, against which there is a decrease of Rs. 3,044 paid last year, but not this, towards indigenous schools, leaving a net increase of Rs. 1,538 as shown above.

(c) Scholarships.

Scholarships proper, *i.e.* scholarships to primary and middle class schools, were paid as follows :—

				Rs.
Middle and Special Schools	216
Do.	do.	in 1897-98	...	252

The decrease of Rs. 36 is due to the payment of a scholarship for a quarter having been allowed to remain in arrears, and Rs. 27 paid on account of contingencies having in the last year been erroneously included in this sub-head.

				Rs.	a.	p.
Scholarship in the Training College at Hyderabad	2,147	6	5
Do.	do.	1897-98...	...	1,593	0	5

The increase of Rs. 554-6-0 is due to the fact that scholarship was drawn not only for all the twelve months of the year under report, but also for the three months of last year, shown as arrears in that year's report.

There is another scholarship paid to a student sent by the Board to the Bombay Veterinary College, which amounted in the year under report to Rs. 235-4-11 as against Rs. 256-2-0, showing a decrease of Rs. 20-13-1, due to the fact of the student having forfeited his stipend for the period he overstayed his leave. If the total decrease of Rs. 56-13-1 thus arrived at be deducted from the total increase of Rs. 554-6-0, the net increase will be Rs. 497-8-11 as accounted for above.

Although, as stated by the Deputy Educational Inspector, the demand for trained teachers in this district is greater than the supply and much greater

than in other districts, yet we have 101 trained hands only against 102 in the previous year.

				<i>(d) Miscellaneous.</i>		
				Rs.	a.	p.
1898-99	5,792	1	11
1897-98	6,728	9	2

The decrease of Rs. 936-7-3 is detailed below :—

Less paid during the year of report on account of printing charges	861	4	6
Do.		purchase of books	...	546	1	2
Do.		rent	...	73	5	5
				<hr/>		
				1,480	11	1

<i>Deduct—</i>				Rs.	a.	p.
More paid on account of contingencies	185	10	10
Do.		furniture	...	358	9	0
				<hr/>		
				544	3	10

—leaving a net decrease as above.

20. *XXIV—Medical.*—The expenditure under this head amounted to Rs. 20,258-12-3 in 1898-99 and Rs. 18,184-12-3 in 1897-98, showing an increase of Rs. 2,074.

It consists of the following items—

Grants to hospitals and dispensaries :				Rs.
In 1898-99	6,800
In 1897-98	6,800

—the Local Fund grants to the Municipal dispensaries and the Victoria Jubilee —Female Medical Institute at Shikárpur were the same as in the previous year.

<i>Purchase of Quinine.</i>				Rs.	a.	p.
In 1898-99	570	1	0
In 1897-98	535	3	1
				<hr/>		
Increase				34	13	11

The increase is due to a larger quantity having been purchased owing to increasing popularity of the drug and its free distribution to the poor classes, the well-to-do being made to pay for it.

Maintenance of Local Fund Dispensaries.

				Rs.	a.	p.
1898-99	3,143	13	8
1897-98	3,242	13	6
				<hr/>		
Decrease				98	15	10

The small decrease requires no explanation.

Vaccination Establishment and Charges.

				Rs.	a.	p.
In 1898-99	6,398	5	0
In 1897-98	6,258	15	8
				<hr/>		
Increase				139	5	4

The increase is partly in the Local Fund contributions to vaccination, which is adjusted according to the instructions received from the Accountant General, Bombay, and partly in contingent charges, and is not so large as to require any detailed explanation.

Sanitation Charges.

	Rs.	a.	p.	
In 1898-99	2,730	0	0	plus Rs. 116-8-7 for lighting charges as explained in the last paragraph.
In 1897-98	817	12	0	
Increase	1,882	4	0	

The increase is large and is explained by the fact that, except Labdarya and Mirpur, all the villages to which the Sanitation Act has been partially extended evinced greater interest in sanitary matters, and secured larger sums in the shape of popular contributions, which caused an increase in the Local Fund contributions as the following details will show:—

	1898-99.	1897-98.
	Rs.	Rs. a. p.
Ubauro	528	377 12 0
Nasirabad	280	Nil.
Kakar	632	120 0 0
Mehar	1,140	180 0 0
Mirpur	120	120 0 0
Labdarya	30	50 0 0

Medical Schools and Colleges.

The only contribution of the kind which the District Board paid during the year under report was Rs. 500 to the Medical School at Hyderabad as in the previous year.

Plague charges in the—

	Rs.	a.	p.
Year 1897-98	27,340	8	8
„ 1898-99	40,745	5	9
	13,404	13	1

The following is the detail of the expenses incurred in connection with plague:—

	Rs.	a.	p.
Pay of subordinate officers	343	1	3
Contribution in aid of plague expenses incurred by Karáchi Municipality	35,000	0	0
Do. do. by Sukkur Municipality	4,500	0	0
Erection of landhis	219	1	0
Cost of disinfectants	412	8	6
Cost of photos of Plague officials	98	8	0
Compensation for property destroyed	65	0	0
Other miscellaneous charges	107	3	0
	40,745	5	9

There was no plague in the district in the year under report. The charges were all, except the contribution to Karáchi Municipality, outstanding from the previous year and paid this year. Taking the whole plague expenses to belong to this year, the increase over the previous year's expenses is entirely due to the contribution of Rs. 35,000 to the Karáchi Municipality.

XXVI.—Scientific and other Minor Departments.

21. The Sind Horse Show was held at Jacobabad again, agreeably to the orders contained in Government Resolution No. 6237, dated 21st August 1897, and the Shikárpur District Board contributed Rs. 1,000 as usual.

Under the above orders the show has to be held at Jacobabad for three successive years, the first of which appears to be 1898, the last therefore will be 1900. Thereafter, if it be decided that the show should be alternately at Shikárpur and Jacobabad, the District Board will have to spend much more on this account.

(b) *Veterinary Charges.*—These amounted in—

			Rs.	a.	p.
1898-99	2,586	0	8
1897-98	2,700	5	2
Decrease	114	4	6

This item consists of establishment charges, contingencies and travelling allowance on account of the Veterinary Dispensary. The decrease appears only in the travelling allowance, and is due to the fact that the Veterinary graduate in charge of the dispensary at Shikárpur had less frequently to be called away from head-quarters to attend on sick animals in the district than in the last year.

The working of the Veterinary Dispensary is compared as follows :—

Number of Animals.		1898-99.	1897-98.
Admitted	932	768
Relieved	49	30
Cured	844	698
Died	8	10
Unknown	2	6
Incurable	3	8
Remaining	26	16

Of the number admitted, 115 were in-patients and 817 out-patients against 144 and 624, respectively, in the preceding year.

The complaints common among the animals during the year of report are said to be abscess, contusion, fever, manges, indigestion, slit-foot, sprain, tympanitis, ulcers, wounds. No case of rinderpest was treated by the Veterinary Assistant during the year against 10 in the preceding year. The attendance appears satisfactory, and denotes a marked improvement on the previous year, though the number of in-patients is less in the year of report than in the preceding year.

The treatment of the animals also appears successful, and the institution may be expected to become far more popular when removed, as already proposed, to a more convenient place nearer the town. It is hoped that this will be done in the current year. Delay has been caused by financial considerations, and a question as to the best site being under consideration.

(c) *Bull and Stallion Charges.*

			Rs.	a.	p.
In 1898-99	1,752	5	3
In 1897-98	2,192	15	2
Decrease	440	9	11

The decrease finds explanation in the fact that no gear was purchased during the year under report, while Rs. 60 were spent on this account in the preceding year, and also in the fact that higher prices were paid for fodder last year.

The history of services rendered by stallions is briefly as follows :—

There were 3 horse and 11 donkey stallions in the district in the beginning of the year. Two donkey stallions were destroyed in January 1899 by order of the Inspector-General, Civil Veterinary Department, and were replaced by two others which were received in the same month.

One more donkey stallion was received in November 1898 to replace one that refused to cover, and was considered a bad stock-getter and was consequently transferred to the Upper Sind Frontier District. It will thus be seen that the number of stallions in the end of the year remained the same as at the beginning of the year, *i.e.* 3 horses and 11 donkeys.

The number of mares covered by horse stallions was 51 and by donkey stallions 368, giving averages of 17 mares per horse stallion and 33·55 mares per donkey stallion—a truly wretched return, far below the maximum number fixed for each, *i.e.* 50 mares per horse and 80 per donkey stallion. In the preceding year the average number of mares covered was 22·5 per horse stallion and 32·9 per donkey stallion. These figures were not satisfactory, but the figures of the year under report are still more unsatisfactory specially as regards horse stallions. This is partly due to restrictions of communications on account of plague, partly to apathy of District Officers, who, I believe, do not take sufficient interest in this part of their duty, and in a great measure to the fact that the stallions sent are not popular. Mares do not hold to them and the preponderance of the Beluch element at the horse-shows has caused so much disappointment to Sind men that those who were at the time keen in horse-breeding have now nearly ceased to take any interest therein. I have been constantly drawing attention to this matter since taking charge of the district. The Superintendent, Civil Veterinary Department, has lately pointed out that in districts in which Imperial stallions are kept, other animals should necessarily be castrated as much as possible, and as an officer is to be attached to the district for this duty, which is a practical step towards attaining the object in view, it may be hoped that Government stallions will do better work hereafter than they have been hitherto doing, but at present the horse-breeding industry is in a bad way.

(d) *Botanical and other Public Gardens.*

Rs. 4,663-10-2 were expended under this head during the year under review against Rs. 5,202-2-1 in the preceding year. None of the charges such as the purchase of chaff-cutting machine by the Mirpur Taluka Local Board, repairing of compound walls and pillars in the Dokri garden, the landhi for bullocks and clearance of Mirpur garden, incurred last year were repeated this year; hence the decrease. More than Rs. 500 spent annually on the purchase of seeds ordered from England and distributed among Local Board and Municipal gardens and private growers usually come under this head. The price of seeds supplied to Municipalities are usually recovered from them.

22. *XXIX.—Superannuation Allowances and Pensions.*—Rs. 240 against Rs. 450 in the preceding year. The decrease is due to the fact that no arrears were due for payment this year and no gratuity was paid from the Local Funds against Rs. 30 in the last year.

23. *XXX.—Stationery and Printing.*—Stationery purchased in the—

			Rs.	a.	p.
Country	401	7	10
against	312	7	0

Under printing the expenditure amounted to Rs. 111-0-2 against Rs. 212-2-5. The items are of a fluctuating nature and call for no remarks.

24. *XXXI.—Miscellaneous—(a) Staging bungalow and serái establishments and charges :—*

				Rs.	a.	p.
1898-99	1,692	2	7
1897-98	1,507	7	7
				<hr/>		
				184	11	0

The increase is due to the pay of some of the watchmen having been increased and to the purchase this year of beds and other articles of furniture for the mussáfirbhána at Ghotki, as also to some arrears of the pay of watchmen for the last year having been drawn.

(b) *Other petty establishments and charges—*

			Rs.	a.	p.	
In 1898-99	1,330	0	0	
In 1897-98	1,415	5	11	
				<hr/>		
				25	5	11

The decrease is too small to require remark.

(c) Miscellaneous and unforeseen charges—				Rs.	a.	p.
1898-99	1,195	11	0
1897-98	716	10	0

This represents one-anna cess assigned to Municipalities under section 47 of the Bombay Local Boards Act I of 1884. There is an increase over the amount assigned in the preceding year, which is due to more cultivation having been undertaken within municipal limits.

Miscellaneous Refunds.

A building site was sold in the Labdarya Taluka, and the occupancy fee of Rs. 15 was credited to Local Funds by mistake, which coming to notice subsequently, the amount was refunded to Government and the necessary adjustment was made. No such item was paid in the preceding year. Also Rs. 9 erroneously credited to the Ubauro Dispensary Fund and Rs. 12-1-6 to Ubauro Taluka Local Board were refunded to Provincial Fund by adjustment of balance.

25. *XLV.—Civil Works in charge of Civil and Public Works Officers.*—The total expenditure under this head amounted to Rs. 1,56,719-7-1 and that in the preceding year to Rs. 1,40,825-7-10, showing an increase of Rs. 15,893-15-3, which is explained by the full details of expenditure given below for each separate sub-head.

There is thus under this sub-head a large increase over the previous year's figures. This is partly due to the fact that in the preceding year the expenditure under this head was much restricted to save money for precautions against plague and partly to the expenditure on new trees included in this sub-head in the year under review having been in the previous year included in the sub-head "Repairs."

These figures represent the cost of Overseer's establishment entertained for the preparation of plans and estimates and for repairs and supervision of Local Fund works. The increase is due to the entertainment of some additional establishment and some arrears pay of the last year having been disbursed in the year of report.

Constructing dispensary building and bathing platform at Ráto-dero as also the mortuary and latrine attached to the dispensary Rs. 1,420-10-4 against Rs. 11,623-4-8 in the previous year. This work was commenced in the preceding year and finished in the year under review. The Ráto-dero Municipality contributed the entire cost of the mortuary and latrine which was credited to the Local Funds (*vide* last annual report) and one-third of the cost of the dispensary building and platform credited in the year under report, *vide* paragraph 13, and the Local Funds were debited with the entire expenditure.

Total works carried out by Public Works Agency Rs. 18,444-15-5 against Rs. 24,333-11-7 in the preceding year.

The amount of percentage on account of establishment charges and audit fees for works carried out by Public Works Department was Rs. 2,328-11-5 against Rs. 2,980-11-0 in the previous year, the decrease being due to less expenditure having been incurred through the Public Works agency.

Contributions.

26. As explained in paragraph 21, Rs. 1,000 shown under this head against the District Board, General, represents the contribution of that Board to the Sind horse-show held at Jacobabad, Rs. 1,100 is the contribution paid by the Board to the Hyderabad Female Training College, and Rs. 184 towards the construction of Kambar Municipal Dispensary.

The closing balance of the year under report was Rs. 29,845-12-7 against Rs. 53,457-2-1 of the preceding year, being less than the estimated balance shown in the Budget for 1898-99, which is due to the fact that the Board had to pay an unexpected item of Rs. 35,000 in aid of the plague expenses incurred by the Karáchi Municipality as already shown in paragraph 20 above. While pointing out the desirability on the part of the District Board to constitute a fair share towards these expenses, Government in their Resolution No. 5624 of the 9th December 1898 suggested that to provide the amounts other interests may be sacrificed or works otherwise desirable may be postponed. But as the year had far advanced when the Resolution was received and most of the works provided for had been taken in hand and materials for some were on the ground, it was considered inexpedient and detrimental to the interests of the Local Boards in the district to postpone them. The balances of the District and Taluka Local Boards were therefore drawn upon to make up the amount asked for, which considerably affected their finances and consequently very much reduced the opening balances of the current year, with the result that several of the works provided for in the budget estimate for 1899-1900 will have to be allowed to stand over.

STATEMENT No. IV.

This statement shows in detail the works undertaken for the improvement of village sanitation.

Fifteen new wells were sunk during the year under review at a total cost of Rs. 5,778-4-0 against 8 in the preceding year at a cost of Rs. 2,384-15-11. Rs. 5,401-0-3 were spent on improving 121 existing wells, 8 tanks with their steps &c., against Rs. 4,259-14-5 on 96 wells and 3 tanks with steps. Besides the above charges Rs. 1,390 were spent on the entertainment of watchmen for watching the sources of water-supply.

The Mehar and Kakar Taluka Boards spent Rs. 300 on the maintenance of their conservancy establishment as in the preceding year. In the same way the Ubauro Taluka Local Board spent Rs. 528 in maintaining conservancy establishment and Rs. 116-8-7 on account of lighting charges. In addition to the above, Rs. 1,902 were paid by Local Boards in the shape of contributions towards sanitation at such villages as have Sanitary Committees established in them, bringing the total outlay in connection with sanitation of villages to Rs. 2,846-8-7 as shown in Statement No. III.

LOCAL FUND DEPARTMENT.

From

THE DEPUTY COMMISSIONER,

Thar and Parkar ;

To

THE COMMISSIONER IN SIND.

*Deputy Commissioner's Office,
Hyderabad, 15th June 1899.*

SIR,

I have the honour to submit my report on the administration of the Local Boards in this district for the year 1898-99 together with the Statements Nos. I to III, and to offer the following remarks on the same.

STATEMENT No. I.

2. With the exception of the Mirpur Board transferred from the Hyderabad Collectorate with effect from 1st August 1894, the District and Taluka Local Boards were constituted under Government Resolution No. 1293, dated 12th February 1885, as modified by Government Resolution No. 4389, dated 29th June 1891.

3. The area and population of the district according to the census of 1891 shown in columns 4 and 5 are as follows:—

Area	13,437 square miles.
Population	333,631 souls.

The area shown in the last year's report was 13,434.72 square miles; the increase is due to corrections in the figures supplied by the Survey Commis-

sioner and Director, Land Records and Agriculture, from the agricultural returns, and to the transfer of certain areas from the Tando Bago, Badin and Dero Mohbat Tálukas of the Hyderabad District to the Thar and Párkar District from 1st August 1898, under Government Notifications Nos. 147 and 147-A, dated 10th January 1899, published at pages 35 and 36 of the *Bombay Government Gazette* dated 12th idem.

The total population is shown to be the same as last year, as the figures for the areas transferred to this district from the Hyderabad District are not known, the area and population of the municipal towns of Umarnkot and Mithi having been omitted from these columns.

4. The total number of members constituting the District and Táluka Boards has been the same as last year, *viz.* 68, of which 60 are nominated and 8 elected. Owing to the comparatively backward condition of the people, the elective system (exclusive of Mirpur Khás Táluka) has not been introduced into this district. Of the 8 elected members, 6 were returned on the Mirpur Khás Board, in which táluka the elective system is in force, the remaining 2 are representatives of the Umarnkot and Mithi Municipalities.

5. The number of meetings held was 56 against 61 in the previous year, showing a decrease of 5 as shown below :—

Name of Board.	1898-99.	1897-98.	Increase in 1898-99.	Decrease in 1898-99.	Net Decrease.
District Board, General	2	2
Táluka Local Board of Umarnkot	16	10	6
Do. Chachro	4	9	...	5	...
Do. Khipro	8	9	...	1	...
Do. Sanghár	9	10	...	1	...
Do. Thar	5	5
Do. Párkar	6	7	...	1	...
Do. Mirpur Khás	6	9	...	3	...
Total	56	61	6	11	5

The number of meetings held during the year under report was sufficient in consideration of the work done. The funds at the disposal of some of the Táluka Local Boards were so insignificant that it was not necessary to hold many meetings: The provisions of section 34 of the Act were had recourse to on 25 occasions for the circulation of propositions among the members of the District Local Board.

The business of the Board is practically carried on by the official members. The non-official members take comparatively little interest in their duties, but content themselves generally with attending the meetings and agreeing to the proposals brought forward by the official members, who have on the whole worked satisfactorily.

6. The inadequate attendance of members at the meetings is to be accounted for in a measure by the fact that some of them reside at long distances from the head-quarter station.

STATEMENT NO. II.

7. The year opened with a balance of Rs. 41,912-5-5. The income of the several Boards during the year amounted to Rs. 74,378-10-1 against Rs. 77,349-1-5 in the previous year. The total amount at the disposal of the Boards was thus Rs. 1,16,290-15-6. The items of income and the reasons for increases and decreases as compared with the last year are given below :—

8. *VI—Provincial Rates.*—Under this head the decrease of Rs. 5,566-3-0 is chiefly due to the failure of crops in the desert tálukas of this district in conse-

quence of which the people emigrated in large numbers to other parts of the country. It has consequently been found necessary to postpone the collection of the one-anna cess.

9. *XII—Interest.*—The sum of Rs. 715-11-2 is on account of the interest on the closing balances of certain minor Municipalities which have been abolished. The balances were invested in Government paper, and the interest is annually credited to Local Funds, in consideration of which the District Local Board have undertaken to maintain certain institutions.

The sum of Rs. 104-1-7 against dispensaries under the same head is on account of the interest on Rs. 3,000 invested in Government paper on account of the following dispensaries:—

					Rs. a. p.
Cháchro	86 13 7
Sanghar	17 4 0
					104 1 7

10. *XVII—Police.—Receipts under Cattle Trespass Act.*—The receipts under this head represent the net profits of the pounds in non-municipal towns. There is an increase of Rs. 630-12-4 under this head, which is due to the presence of large herds of cattle brought by their owners from the desert into the Nára Valley in search of fodder.

11. *XIX—Education.*—The sum of Rs. 50-5-6 represents fees levied in Khan and Mirpur schools in Táluka Mirpur Khás. In other tálukas of this district no regular school fees are levied, as the district is generally in a backward condition as compared to other parts of Sind. It is most satisfactory to note that these institutions were maintained despite the scarcity that unfortunately prevailed.

12. The sum of Rs. 21-0-4 shown under miscellaneous is made up as follows:—

	Rs. a. p.
1. Sale-proceeds of unserviceable articles belonging to the school at Cháchro, Railo, Mendro, Mirpur and Nagar Párkar	15 0 4
2. On account of examination fees levied under the middle and special school scholarship rules	6 0 0
	21 0 4

13. The sum of Rs. 8,752-12-4, including balance and other receipts against dispensaries, is composed of the following items:—

Dispensaries.	Balance.	Grant-in-aid from Government.	Contribution from Local Funds.	Interest.	Hospital stoppage fees.	Miscellaneous such as sale of unserviceable articles, &c.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Nagar Párkar	274 12 1	400 0 0	640 0 0	1,314 12 1
Cháchro	396 0 1	700 0 0	700 0 0	86 13 7	...	24 2 3	1,906 15 11
Khipro	341 1 6	500 0 0	697 0 0	4 9 6	1,542 11 0
Sanghar	243 1 5	700 0 0	700 0 0	17 4 0	9 7 0	14 1 1	1,677 13 6
Mirpur Khás	321 1 4	250 0 0	1,726 0 0	...	7 8 0	5 14 6	2,310 7 10
Total	1,576 0 5	2,550 0 0	4,463 0 0	104 1 7	10 15 0	48 11 4	8,752 12 4

As compared with the last year's figures, there is an increase of Rs. 757-2-4, which is partly due to large actual balances at the end of the year and partly to Local Fund contribution having been increased from Rs. 4,137 to Rs. 4,463 during the year.

14. *XX—Medical—Contributions, Rs. 66.*—This sum was received from the Umarkot and Mithi Municipalities towards vaccination charges under Government Resolution No. 975, dated 14th March 1891, General Department.

15. *Miscellaneous.*—The sum of Rs. 27-15-3 shown under "Other receipts" is made up of the following items :—

	Rs. a. p.
1. Refunded by the Deputy Sanitary Commissioner, Sind Registration District, on account of the travelling allowance of the candidate vaccinator of Cháchro drawn erroneously during the month of May 1898 from the Local Funds instead of from the Provincial Funds	6 15 3
2. Refunded by Mr. Asumal, late Hospital Assistant of Mirpur Khás, on account of plague allowance, drawn by him and objected to by the Accountant General, Bombay	21 0 0
	27 15 3

16. *XXI—Scientific and other Minor Departments.*—There is a decrease of Rs. 730-6-4 under Botanical and other Public Garden receipts arising from the partial failure in the fruit crop and also to a change in the terms of the contract for the Local Fund Garden at Khipro.

17. *XXV—Miscellaneous.*—The sum of Rs. 89-13-9 is on account of sale-proceeds of old materials. The "Serái Fees" are rents paid by Government servants for occupying quarters built by Local Funds and include the rent of a market at Nagar Párkar. The decrease under this head as compared with last year's figures is Rs. 18-3-11, which is chiefly owing to the diminished occupancy price received for the market in consequence of failure of crops in the desert. The sum of Rs. 12 under "Other items" is on account of pay drawn in excess by the Local Fund servants employed to look after trees during January 1899 in Cháchro Táluka and subsequently refunded.

18. *XXVII—Civil Works—Miscellaneous.*—The sum of Rs. 176-2-3 shown under this head is made up as follows :—

	Rs. a. p.
1. On account of sale-proceeds of trees and their loppings	109 15 0
2. Refunded by the contractors on account of insufficient repairs to roads	66 3 3
	176 2 3

As compared with last year's figures, there is an increase of Rs. 91-2-3, which is partly due to an increase in the number of trees sold during the year and partly to the receipt of the sum of Rs. 66-3-3 above mentioned.

19. The sum of Rs. 2,043 represents the contributions from the Zamindárs for the following works :—

	Rs.
(1) On account of constructing a culvert over the Karia of Pir Vilayat Shah on Khai road ...	43
(2) On account of constructing a dispensary at Khipra by Haji Khudabuksh Khan Mari ...	2,000
	2,043

The District Local Board, Thar and Párkar, at their meeting held on the 21st October 1897, proposed to construct a dispensary building at Khipro according to the standard plan at a cost of Rs. 8,121. Mian Khudabuksh Mari, one of the influential Zamindárs of the Nára Valley, and a member of the District Local Board, offered Rs. 2,000 as a contribution towards the construction of the dispensary, on the condition that this dispensary be named after him. His offer was accepted and was also approved of by you—*vide* your No. 5241, dated the 16th November 1897.

Contributions.

20. The sum of Rs. 15,759-13-8 shown under contributions is composed of the following items :—

	Rs.	a.	p.
1. Net proceeds of fees and fines and penalties levied under Bombay Act VIII of 1866 (Poisons) ...	25	0	0
2. Fees for permission to remove sand or to quarry. ...	4,573	10	0 -
3. Grant in lieu of one-anna cess on Excise Revenue ...	433	0	0
4. Grants to Primary schools ...	7,345	3	8
5. Do. to Provincial roads ...	833	0	0
6. Do. do. dispensaries ...	2,550	0	0
	15,759	13	8

As there is no special column provided for the above items in Statement No. II, they have been shown under this head as directed by Government in their Resolution No. 3847, dated 5th June 1891. As compared with last year's figures, there is an increase of Rs. 1,882-0-3, which is chiefly due to the recovery of outstanding balances on account of the contract for Phuli Chainha.

21. The incidence of taxation, and that of income per head of population, is shown against each Board. The incidence of taxation on the whole district population is Re. 0-2-4 per head, and that of income (excluding opening balances) is Re. 0-3-7 per head. This shows a decrease of pies 4 on the former and pies 2 only on the latter as contrasted with the figures of the preceding year.

STATEMENT NO. III.

22. The sum of Rs. 2,991-0-8 shown under "18. Administration" is on account of pay and batta to the establishments entertained in the following offices :—

Offices.	Expenditure.		Increase.	Decrease.
	1898-99.	1897-98.		
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Deputy Commissioner, Thar and Párkar.	2,474 13 2	2,677 14 2	203 1 0
Deputy Collector, Nára Valley ...	516 3 6	277 13 4	238 6 2
Total ...	2,991 0 8	2,955 11 6

The decrease of Rs. 203-1-0 on account of pay and batta of the office of the Deputy Commissioner is chiefly due to the adjustment of a sum of Rs 293-5-6 during the year 1897-98, on account of the difference between the amount recoverable, and that actually recovered from the District Local Board of Thar and Párkar, on account of the Deputy Commissioner's Local Fund Establishment for the year 1896-97. The increase of Rs. 238-6-2 is owing to the Local Fund Establishment in the Deputy Collector Nára Valley's office having been entertained for the full year, while in the previous year the establishment was only maintained for 7 months and 27 days.

Office Contingencies.

23. This item amounts to Rs. 730-4-8 against Rs. 898-9-0, showing a decrease of Rs. 168-4-7, due to the purchase of fewer dead-stock articles.

*Payment of Establishment for office of Accounts, Control and Audit—
Rs. 368-13-9.*

24. This represents the expenditure on account of the following establishments :—

		Rs.	a.	p.
1.	Share on account of the Establishment in the office of the Commissioner in Sind ...	130	13	9
2.	Do. do. in the Accountant General's office ...	238	0	0
		<hr/>		
		368	13	9

As compared with last year's figures there is a decrease of Rs. 7-0-0 only, which needs no explanation.

25.

22.—EDUCATION.

Middle and Primary Schools.

Names of Schools.	Expenditure.		Increase.	Decrease.
	1898-99.	1897-98.		
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Middle Schools	430 0 0	875 0 0	445 0 0
Primary Schools	14,716 6 6	13,665 0 6	1,051 6 0

The decrease of Rs. 445 under Middle Schools is due to the Anglo-Vernacular School at Miran-jo-Tando near Mirpur Khás having been closed.

The increase under Primary Schools is chiefly due to the employment of more trained teachers.

Grants-in-Aid.

26. The sum of Rs. 2,985 is on account of the following grants made during the year under report :—

		Rs.	a.	p.
1.	Contribution towards the Medical School at Hyderabad	300	0	0
2.	Contribution towards the Midwifery School at Hyderabad	200	0	0
3.	Contribution towards the Mahomedan Madressah at Karáchi	1,207	0	0
4.	Contribution towards the Dayaram Jethmal Sind College, Karáchi	200	0	0
5.	Contribution towards the Umárkot Municipal School	430	0	0
6.	Contribution towards the Technical School	210	0	0
7.	Contribution towards the Vernacular School at Mithi	120	0	0
8.	Contribution towards the Indigenous Schools	318	0	0
		<hr/>		
		2,985	0	0

As compared with the last year's report, there is an increase of Rs. 1,125. Out of this the sum of Rs. 807-0-0 is on account of an extra grant made to the Sind Madressah, Karáchi, for the repairing and improving of the Madressah

buildings, and the balance of Rs. 318-0-0 is due to the adjustment in the accounts for the year 1898-99, under instructions from the Accountant General, Bombay, as contained in his No. ^{L.F.}_{21,223}, dated the 8th October 1898, of grants to indigenous schools for the year 1897-98.

Scholarships.

27. The sum of Rs. 662-1-7 represents the pay of students at the Training College, Hyderabad and Ahmedabad, and also the scholarships given in the Primary, Middle and Special Schools. As compared with last year's figures there is an increase of Rs. 52-11-10, which is due to the increased number of stipends tenable at Training Colleges.

28. The sum of Rs. 2,470-15-4 under Miscellaneous is composed of the following items :—

	Rs.	a.	p.
(1) Rent	299	8	0
(2) Cost of Books	243	4	2
(3) Furniture	373	11	6
(4) Fixed contingencies and miscellaneous ...	1,147	9	3
(5) Printing charges	111	10	2
(6) Prizes	295	4	3
	2,470	15	4

As compared with last year's figures there is a decrease of Rs. 201-2-7, which is chiefly due to the diminished expenditure on books and prizes distributed to the pupils.

Hospitals and Dispensaries.

29. The sum of Rs. 1,076-10-0 shown against the District Board, General, represents the following grants to charitable dispensaries, and on account of the cost of medicines :—

	Rs.	a.	p.
(1) Umámkot Municipal Dispensary	600	0	0
(2) Mithi do. do.	300	0	0
(3) On account of the cost of medicines... ..	176	10	0
	1,076	10	0

30. The sum of Rs. 6,384-15-9 represents the total expenditure on the following Government grant-in-aid dispensaries :—

As compared with last year's figures there is a decrease of Rs. 34-9-10 only, which calls for no explanation.

31. The sum of Rs. 3,436-7-6 represents the cost of the vaccination establishment, which consists of a vaccinator and a peon, for each of the eight talukas.

As compared with last year, there is a decrease of Rs. 102-0-7, which is chiefly due to the entertainment of additional temporary establishment during the year 1897-98, in order to assist the vaccinators in the small-pox affected talukas.

Plague charges—Rs. 119-6-7.

32. As in previous years the district has fortunately remained free from plague.

In view of the outbreak of plague in Cutch and Palánpur, all the border observation camps were reopened this year, in order to protect the district against infection from those quarters. Precautions on a greater scale were however taken at Mirpur Khás, owing to the reappearance of plague at Karáchi and Hyderabad. All passengers were here carefully examined and disinfected, under the personal supervision of Ráo Sáheb Bhagchand Vasonmal, who has been in charge of the taluka since the first outbreak, and has done highly creditable work on this occasion.

The bills paid during the year on account of the expenses in connection with precautions taken were for Rs. 119-6-7. Bills to the amount of Rs. 227-8-11 incurred during the year have since been paid, and the following are the details of the total expenditure incurred up to date:—

	Rs.	a.	p.
1. Establishment	81	3	1
2. Constructing and repairing observation camps ...	9	3	0
3. Medicines	36	0	0
4. Allowance paid to the Hospital Assistant, Mirpur Khás, for conducting examination of passengers at railway station, Mirpur Khás ...	148	6	11
5. Miscellaneous charges	72	2	6

26.—SCIENTIFIC AND OTHER MINOR DEPARTMENTS.

33. The sum of Rs. 86-8-0 shown under experimental cultivation is on account of the cost of English vegetable and flower seeds obtained for experimental purposes.

Veterinary Charges.

34. The sum of Rs. 541-4-2 shown against the District Local Board, General, is on account of pay and contingencies of a student by name Wahidbuksh walad Faiz, who has joined the Veterinary College on the condition that on finishing his course at the College, he will serve in this district for a period of not less than three years on a salary of Rs. 50 per mensem.

The Principal, Veterinary College, Bombay, has intimated in his No. 97 of 17th January last, that Mr. Wahidbuksh has passed the first year's examination in the College.

As compared with the last year's figures there is an increase of Rs. 462-12-2, which is due to the student having been in the College for the full year, while the expenditure on his account during the last year was only incurred for two months.

Bull and Stallion charges—Rs. 122-4-0.

35. The sum of Rs. 122-4-0 shown under the "Bull and Stallion charges" is on account of the feeding charges of the Donkey stallion "Pharaoh," who arrived at Mirpur Khás in this district on the 7th February 1896. Although this stallion covered a large number of mares, yet the results proved unsatisfactory. He has now been transferred to Hyderabad for treatment under the Veterinary graduate of that place.

As compared with last year's figures there is a decrease of Rs. 27-4-11 under this head, being due to the cheapness of grain.

36. The sum of Rs. 1,971-14-8 shown under Botanical and other public gardens, is made up as follows:—

	Rs.	a.	p.
(1) On account of contribution towards the Zoological garden at Karáchi	50	0	0
(2) Expenditure on public gardens	1,921	14	8
	<u>1,971</u>	<u>14</u>	<u>8</u>

As compared with last year's figures, there is an increase of Rs. 98-8-4, which is chiefly due to the purchase of bullocks for the gardens.

37. The sum of Rs. 90-11-10 is on account of the cost of forms as under:—

	Rs.	a.	p.
(1) Government Presses	63	11	10
(2) Private Presses	27	0	0
	<u>90</u>	<u>11</u>	<u>10</u>

38. The sum of Rs. 1,002-15-3 represents the pay of the watchmen employed at dharmshálas.

As compared with last year's figures, there is an increase under this head of Rs. 73-6-0, due to the appointment of watchmen for the dharmshálas at Jhudo in taluka Umámkot, and at Jhole in taluka Sanghar.

39. The sum of Rs. 173-5-2 under "Other Petty Establishment" represents the expenditure on account of the maintenance of two boats at the 18th and the 24th miles of the Mithrao Canal. Originally there were wooden bridges at the places where the boats now ply, but as they obstructed the flow of water, and would not also admit of the passage of large boats, the bridges were removed, and two ferry boats provided instead, by the Public Works Department, the working expenses of which are, however, borne by the Local Funds.

40. The sum of Rs. 18-15-0 shown under miscellaneous and unforeseen charges, was assigned to Mithi Municipality under section 47.

Miscellaneous Refunds—Rs. 49-12-1.

41. This sum was credited to Local Funds during March 1897 as unclaimed, in consequence of the absence of the contractor of the tank at Chachi in taluka Nagar Pákar, and was subsequently refunded to him during the year under report.

45. CIVIL WORKS IN CHARGE OF CIVIL OFFICERS.

42. The sum of Rs. 23,489-11-9 has been spent on lines of communication, buildings, &c., as detailed below:—

Civil Works in charge of Public Works Officers.

43. The expenditure under this head is Rs. 1,219-6-5, which was incurred on the following works :—

	Rs.	a.	p.
(1) Constructing Khudabukhs Khan Mari Dispensary at Khipro
(2) Repairs to road along the bank of the Mithrao Canal
(3) Repairs to Thar Canal road
	1,219	6	5

The total expenditure on account of works and repairs, both by Civil and Public Works agencies, amounted to Rs. 24,709-2-2, showing a decrease of Rs. 564-7-10, which calls for no explanation.

As desired in your No. 1733, dated the 6th August 1895, I here bring to notice the progress made in material improvements in this district during the year. Ten bridges were made on the road from Umarnkot to Sufi at an aggregate cost of Rs. 3,615, and the sum of Rs. 2,484 was spent in improving the road from Goth Shadi-Pali to Pir Pitharo in Khipro Taluka in order to facilitate traffic between Umarnkot and Shadi-Pali. Two new dharmshālas, one at Kandiyari in Sanghar Taluka and the other at Kharak in taluka Diplo, were constructed at an aggregate cost of Rs. 914, and a sum of Rs. 84 was also spent in constructing a road in the desert portion of the Diplo Taluka.

A sum of Rs. 682-1-5 was spent in constructing a school-house at Goth Shadi-Pali in taluka Khipro, and a verandah to the school-house at Mirpur-Khās, as also the renewing of the roof of the schoolmaster's quarters at Sanghar.

In order to improve village water-supply a sum of Rs. 849-4-7 was spent in constructing two wells in taluka Sanghar, the work of which is still in progress, and one well in taluka Diplo and two tanks in taluka Mithi.

A dispensary building according to the standard plan at the cost of Rs. 8,121 is to be built at Khipro, of which the sum of Rs. 13-5-5 only has been spent during the year under report.

A sum of Rs. 876-9-7 has been spent in repairing the road along the bank of the Mithrao Canal to facilitate communication with the railway at Shadi-Pali.

Contributions from Local to Provincial—Rs. 9,500.

44. In consequence of the heavy expenditure of upwards of 6 lakhs of rupees incurred by the Karāchi Municipality towards the suppression of the plague in 1897-98, and to prevent the infection being imported into the rest of the Province, Government in their Resolution No. 5624 of the 9th December 1898 desired that the various District Local Boards in Sind should bear a share of the burden to the extent of one lakh of rupees. Accordingly the Thar and Pārkar District Local Board during the year paid their quota of Rs. 9,500.

To other Boards.

45. The sum of Rs. 1,372 is on account of contributions to the following Boards under Government Resolution No. 1171, dated 11th March 1896 :—

	Rs.	a.	p.
(1) Sanitary Board, Mirpur Khās
(2) Do. Chāchro
(3) Do. Diplo
(4) Do. Khipro
(5) Do. Sanghar
(6) Do. Nabisar
(7) Do. Nagar Pārkar
	1,372	0	0

A sum of Rs. 500 shown against Educational is on account of contribution towards the Female Training College, Hyderabad.

Debt Accounts.—Rs. 1,500.

46. The debt account consists merely of the permanent advance for Local Fund works given to the following Boards :—

	Rs.	a.	p.
(1) District Local Board, Thar and Párkar	...	50	0 0
(2) Umarkot Board	...	200	0 0
(3) Khipro do.	...	50	0 0
(4) Párkar do.	...	150	0 0
(5) Cháchro do.	...	300	0 0
(6) Mirpur Khás do.	...	300	0 0
(7) Sanghar do.	...	300	0 0
(8) Thar do.	...	150	0 0
		1,500	0 0

47. The opening balance of the Boards on the 1st April 1898 amounted to Rs. 41,912-5-5 and the income during the year under report amounted to Rs. 74,378-10-1, making a total of Rs. 1,16,290-15-6. The expenditure of the year amounted to Rs. 76,178-15-7, leaving a closing balance of Rs. 40,111-15-11. The maximum balance for this district is fixed at Rs. 8,000. The excess over this fixed maximum is due to the fact that under the Government orders contained in their circular No. 69-P, dated the 6th January 1899, a close watch had to be kept on the balances of the Boards in order to meet possible emergent expenditure in the event of the outbreak of the plague in the district.

48. As desired by Government in paragraph 1 of their Resolution No. 4876, dated the 8th September 1897, regarding arrangements for the execution of works carried out by the District Local Boards, I have the honour to state that works over Rs. 2,500 are executed by the Executive Engineer, Public Works Department—*vide* section 61 of the Bombay Act I of 1884,—and those below Rs. 2,500 are carried out under the supervision of the Mukhtyárkars of the tálukas, who give out works to petty contractors. Where, however, professional agency is necessary, as for instance in the construction of bridges or new buildings up to Rs. 2,500, the Local Fund Overseer, who is employed on Rs. 40 pay and Rs. 15-0-0 travelling allowance, prepares plans and estimates (which are approved by the Executive Engineer of the Division as required by section 57 of the Local Boards Act I of 1884) and also supervises and measures up the works. The Deputy Collectors, Nára Valley, and of the desert tálukas exercise supervision, and the Deputy Commissioner general control.

Statement IV.

49. In the year under report one well has been constructed and the work of the two others begun is still in progress. Two tanks were also sunk and 22 wells repaired.

General Remarks.

50. I have on the whole been satisfied with what I have seen of the administration of the Local Funds of this district during my tour. The present Local Fund Overseer has shown himself capable of carrying out the works entrusted to him. I can fully endorse the remarks made by my predecessors regarding the ability and industry of Mr. Ghanshamdas, the Local Fund Accountant, whose long connection with this district render his services and experience especially valuable. The rest of the establishment have given satisfaction.

I have the honour to be,

Sir,

Your most obedient servant,

J. L. RIEU,

Deputy Commissioner, Thar and Párkar.

No. 313 of 1899-1900.

LOCAL FUND DEPARTMENT.

From

THE DEPUTY COMMISSIONER,
Upper Sind Frontier;

To

THE COMMISSIONER IN SIND.

*Deputy Commissioner's Office,
Jacobabad, 30th June 1899.*

SIR,

I have the honour to submit the Annual Administration Report on the working of the Local Boards in the Upper Sind Frontier District with Returns Nos. I to IV. Annual Administration Report on the working of the Local Boards in the Upper Sind Frontier District for the year 1898-99, together with the statistical Tables I to IV in the form prescribed by the Government of India.

STATEMENT NO. I.

2. This statement shows the strength of each Local Board, the number of meetings held and the average attendance at each. The Local Boards of this district are constituted in accordance with Government Resolution No. 9547, dated the 3rd December 1884.

3. The total population and the area of the district are the same as shown last year.

4. The number of meetings held during the year were sufficient.

5. The District Local Board held two half-yearly meetings. On 16 occasions the provisions of section 34 of the Local Boards Act were availed of.

6. The business of the Board is as usual carried on by the official members; the others do little more than attend meetings and acquiesce in the proposals placed before them. They occasionally make suggestions, but with one or two exceptions they do no supervision, and are apathetic to a degree. They have been addressed on this subject, and with regard to certain arrangements it is hoped that some slight improvement will be made by degrees.

STATEMENT II.

Income.

7. The year opened with a balance in hand of Rs. 69,410-1-9 as against Rs. 61,633-4-1, opening balance of the previous year. The items of income and the reasons for increases and decreases as compared with the previous year are given below:—

8.		<i>IV.—Provincial Rates.</i>		Rs.	a.	p.
Local Rate, 1898-99	63,959	13	2
Do. 1897-98	55,222	14	0
			Increase	8,736	15	2

This represents the net proceeds of the one anna cess levied under the Sind Local Fund Act, 1865. The increase in the cess is due to the expansion of cultivation in the district, a very large area of land having been given out during the year.

9.		<i>XII.—Interest.</i>		Rs.	a.	p.
On Dispensary securities, 1898-99	31	6	10
Do. 1897-98	31	6	10

The receipts relate to interest received on investments of dispensary funds

10.	<i>XVII—Police.</i>			Rs.	a.	p.
	Receipts under Cattle Trespass Act for 1898-99	1,725	3	4
	Do.	do.	1897-98	1,933	7	10
			Decrease	<u>208</u>	<u>4</u>	<u>6</u>

The receipts under this head represent the net profits of the Pounds in non-municipal towns. The decrease is due to the impounding of fewer cattle during the year under report.

11. *XIX—Education.*—The income under this head is composed of the following items:—

				Rs.	a.	p.
(1)	Examination fees	3	0	0
(2)	Other items	12	14	9
	Total	<u>15</u>	<u>14</u>	<u>9</u>

12. *XX—Medical.*—The sum of Rs. 244-6-0 shown under this head is made up of the following items:—

				Rs.	a.	p.
	By hospital stoppages	4	6	0
	By municipal contribution, vaccination	240	0	0
	Total	<u>244</u>	<u>6</u>	<u>0</u>

Botanical and other Public Garden Receipts.

13. The sum of Rs. 41-4-11 represents sale-proceeds of the Táluka nursery garden-produce not connected with roads.

Veterinary Receipts.

14. The sum of Rs. 43-3-7 under this head represents the sum paid by the Jacobabad Municipality this year for hire of the donkey stallions to work their well.

15. *XXV—Miscellaneous Receipts.*—Staging bungalow fees amounted to Rs. 122-8-0 as compared with Rs. 141-8-0 collected last year.

16. The sum of Rs. 172-9-4 shown under "Other items" is made up of the following items:—

				Rs.	a.	p.
	Sale of chunam saved from Horse Show expenses	8	8	10
	Sale-proceeds of empty boxes	1	4	0
	On account of cost of repairs to roads inundated from Zamindari Canals	20	0	0
	Refund of the amount of contingent drawn in excess of the Cash Balance of the Dispensary Funds	16	10	6
	Refunded by a contractor on account of executing less work of sinking wells at Shergarh	30	0	0
	Refunded by a contractor on account of repairs to Musafferkhana, Thul, drawn in excess	1	2	0
	Refunded by a contractor on account of repairs to well at Kumbri, drawn in excess	10	0	0
	Refunded by a contractor on account of repairs to well at Imambaksh, drawn in excess	25	0	0
	Total	<u>172</u>	<u>9</u>	<u>4</u>

17.	<i>XXXII—Civil Works.</i>			Rs.	a.	p.
	Tolls and Ferries for 1898-99	1,198	8	0
	Do.	1897-98	...	968	7	0
			Increase	<u>230</u>	<u>1</u>	<u>0</u>

The increase is due to the sale of the farm at a higher bid than last year.

				<i>Rent of Buildings and Lands.</i>		
				Rs.	a.	p.
1898-99	119	14 8
1897-98	133	8 0
			Decrease	...	13	9 4

The decrease is due to less competition for occupancy of the market stalls during the year under report.

18. The sum of Rs. 371-10-0 shown under miscellaneous subordinate to "XXXII" "Civil Works" is on account of sale-proceeds of trees.

				<i>Contribution.</i>		
				Rs.		
1898-99	1,603	
1897-98	2,450	
			Decrease	...	847	

The sum of Rs. 1,603 is made up of the following items:—

Grant by the Jacobabad Cantonment on account of repairs to roads	Rs. 1,000
Contribution from the Jacobabad Municipality on account of repairs to roads	300
Contribution from the Panchyat of Old Thul on account of conservancy charges	122
Contribution from a private person on account of construction of a bridge over Jind-Wado Burrio's Karia	181
			Total	...	1,603

The decrease is due to less contributions received from private persons.

The fixed annual contribution by the Jacobabad Municipality on account of repairs to roads amount to Rs. 150, which was twice credited erroneously by the Jacobabad Municipality during the year under report. The adjustment of the same is under reference to the Accountant General, Bombay.

				<i>Contributions.</i>		
				<i>(a) Contributions from Provincial to Local:—</i>		
				Rs.	a.	p.
In 1898-99	16,222	3 7
In 1897-98	16,045	11 7
			Decrease	...	176	8 0

	1898-99.			1897-98.			Increase.			Decrease.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
(1) Government grant on account of Provincial grant.	3,429	0	0	3,429	0	0		
(2) Government grant in lieu of one-anna cess on Excise...	1,732	0	0	1,732	0	0		
(3) Government grant to Schools	6,389	12	7	6,090	12	7	299	0	0		
(4) Government grant to Local Fund Dispensaries	1,100	0	0	1,100	0	0		
(5) Government grant to Horse Show	2,000	0	0	2,000	0	0		
(6) Fishery receipts	1,562	0	0	1,683	0	0			121	0	0
(7) Sand and Quarry fees	9	7	0	10	15	0			1	8	0
Total	16,222	3	7	16,045	11	7	299	0	0	122	8	0

The increase in grant to schools is owing to Rs. 209 having erroneously been debited to the Educational Local Fund, which has since been credited by the Accountant General, Bombay, to the Local Fund by adjustment.

The decrease in the Fishery Receipts is due to less bid having been offered at the auction sales during the year under report.

Sand and Quarry Fees.—The item is of a fluctuating nature and calls for no explanation.

(b) *Contribution from other Boards.*—Under this head are shown grants to the following dispensaries paid from Local Funds:—

	Rs.
Kashmor	600
Shahdádpur	800
Total	<u>1,400</u>

In addition to these items a sum of Rs. 1,000 received from the Shikárpur District on account of Horse Show grant is shown under this head.

21. The income of the year from all sources was Rs. 86,896-12-11 as against Rs. 78,437-2-1, which when added to the closing balance of the last year, Rs. 69,410-9-9, gave a total of Rs. 1,56,307-6-8.

22. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is Re. 0-6-4 and that of income excluding opening balance is Re. 0-8-8.

This shows an increase of 11 pies in the former and of 11 pies in the latter as contrasted with preceding year.

STATEMENT No. III.

23. The following details are explanatory of each of the items in Statement III as stand in need of further elucidation.

24. *XVIII—Administration.—Office contingencies—*

	Rs.	a.	p.
In 1898-99 amounted to	300	1	9
In 1897-98 do.	359	9	9
Decrease	<u>59</u>	<u>8</u>	<u>0</u>

The decrease being insignificant calls for no explanation.

25. *Payment of Establishments for offices of accounts, control, and audit—*

	Rs.	a.	p.
1898-99	2,501	3	8
1897-98	2,508	13	7
Decrease	<u>7</u>	<u>9</u>	<u>11</u>

The amount expended under this head represents cost of the Deputy Commissioner's and Commissioner's Local Fund Establishments and the Accountant General's audit fee.

The details of the amounts expended during the two years are given below:—

Items.	Amount, 1898-99.			Amount, 1897-98.			Increase.			Decrease.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
(1) Deputy Commissioner's Local Fund Establishment	2,092	3	2	2,078	13	1	13	6	1
(2) Commissioner's Local Fund Establishment	157	0	6	157	0	6
(3) Accountant General's audit fees	252	0	0	273	0	0	21	0	0
Total	2,501	3	0	2,508	13	7	13	6	1	21	0	0

The consolidated sum of Rs. 1,898-12-0 fixed in terms of Government Resolution No. 1536, dated 2nd April 1892, was credited to Government in April 1897 on account of Deputy Commissioner's Local Fund Establishment instead of the actual expenditure. The remaining sum of Rs. 193-7-2 was according to the Accountant General's intimation credited subsequently to Government.

The increase is due to difference in amount of previous years having been debited to Local Funds as per Accountant General, Bombay's No. T.A.—15-279, dated 17th January 1899.

The increase or decrease for charges shown against items 2 and 3 above requires no explanation, as they are of a fluctuating nature and are based on the income of the years.

26. *XXII—Education.*—The expenditure on primary schools amounted in—

					Rs.	a.	p.
1898-99	16,236	5	3
1897-98	16,445	14	8
				Decrease	209	9	5

The decrease is due to the fact that in 1897-98 mattings were purchased, while during the year under report no such expenditure was necessary.

Grant-in-aid—					Rs.
1898-99	1,499
1897-98	1,200
				Increase	299

The items comprised under this head are—					Rs.
1. Sind Arts College	250
2. Mahomedan Madrassa	250
3. Medical School	200
4. Midwifery School	200
5. Technical School	300
6. Indigenous School	299
				Total	1,499

The increase is due to the sum of Rs. 299 on account of grant for the indigenous school having erroneously been debited to this head and since credited by adjustments to the Local Funds as intimated by the Accountant General. The sum of Rs. 500 was contributed to other Boards, as usual towards the Female Normal School, Hyderabad.

Scholarships.

The expenditure on this head amounted in—					Rs.	a.	p.
1898-99	1,054	11	6
1897-98	788	7	9
				Increase	266	3	9

The sum of Rs. 1,054-11-6 shown under this head is composed of the following sums:—

				Rs.	a.	p.
1. Hyderabad Training College	946	14	7
2. Scholarship, Special and Middle Schools	107	12	11
			Total	1,054	11	6

The increase is due to the Local Board scholarships having been filled to a fuller extent and to the amount of contribution on account of medical supervision of the college having been raised.

The amount shown under sub-head "Miscellaneous" subordinate to "22. Education" represents the cost of prize-books. The expenditure under this head amounted in—

				Rs.	a.	p.
1898-99	326	0	6
1897-98	323	9	2
Increase	...			<u>2</u>	<u>7</u>	<u>4</u>

The increase is too small to need any remark.

27. *XXIV.—Medical.*—The expenditure under this head amounted in—

				Rs.	a.	p.
1898-99	14,518	10	7
1897-98	5,349	6	9
Increase	...			<u>9,169</u>	<u>3</u>	<u>10</u>

The increase is due to the sum of Rs. 9,500 having been contributed during the year under report towards the plague expenses under Government Resolution No. 5642, dated 9th December 1898.

28. *XXVI.—Scientific and other Minor Departments.*—Under the head "Horse Fairs" the expenditure was as follows:—

				Rs.	a.	p.
1898-99	5,000	0	0
1897-98	5,782	15	0
Decrease	...			<u>782</u>	<u>15</u>	<u>0</u>

Last year platforms at the race-course, and bridges at the show-ground, were constructed; hence decrease under this head during the year under report.

				Rs.	a.	p.
				<i>Bull and Stallion Charges.</i>		
1898-99	1,770	14	4
1897-98	1,853	0	7
Decrease	...			<u>82</u>	<u>2</u>	<u>3</u>

The decrease is due to the prices of grain having gone down during the year under report, while last year grain was selling at higher rates.

29. The figures under this head represent two-fifths of the entire expenditure incurred on the feed and keep of the horse and donkey stallions in this district, being the proportion of the charges due by Local Funds, as sanctioned by Government in terms of their Resolution No. 4613, dated 11th July 1888. The charges have since been wholly debited to "Imperial." The Local Board will only have to defray for the constructions and repairs to stables.

In all 9 horses, 1 pony, and 7 donkey stallions are maintained.

30. The sum of Rs. 25-2-0 shown under the "Botanical and other public gardens" represents the cost of vegetable and flower seeds purchased for planting in the nursery gardens in the taluka head-quarter stations in this district.

31. Under "Printing" the expenditure during the year under report amounts to Rs. 63-2-1 against Rs. 183-14-6 in 1897-98. The decrease is due to less number of forms required.

32.—*Miscellaneous—Other Petty Establishment Charges.*

				Rs.	a.	p.
1898-99	844	6	5
1897-98	767	6	5
Increase	...			<u>77</u>	<u>0</u>	<u>0</u>

The increase is due to full establishment having been entertained throughout the year.

The sum of Rs. 881-5-4 shown under "Miscellaneous Refunds" is made of the following items:—

	Rs.	a.	p.
Refund of the contribution made by Rajokhan on account of sinking a well...	324	0	0
Refund of the contribution made by Tenmal Pheriomal on account of sinking a well	233	5	4
Refund of the contribution made by Bauhokhan on account of sinking a well.	324	0	0
Total	881	5	4

<i>Repairs—Civil Buildings.</i>			Rs. a. p.
Two dispensaries, two staging bungalows, one stallion stable, and 31 musaferkhanas were repaired at a cost of 1,785 2 3
And 23 school-houses at a cost of 846 11 3

Communications, Repairs.

Repairs 870 $\frac{3}{4}$ miles of roads, and 273 bridges cost Rs. 16,235-6-6, and a sum of Rs. 3,174-9-6 was also expended on planting and preservation of road-side trees. The latter sum has been shown under this head, in accordance with the instructions contained in Government Resolution No. 2843, dated 25th May 1897.

Water-supply and Water-works.

The following expenditure was incurred in connection with works constructed wholly at Local Fund cost:—

	Rs. a p.
Pavement to a well at Shergarh in Thul Taluka ...	262 0 0
Repairs to 44 wells ...	1,093 4 10
Total ...	1,355 4 10

The full details are given in the Statement No. IV herewith attached.

33. The sum of Rs. 1,681-2-3 shown under the sub-head "Establishment and Contingencies" appertaining to "Public Works," subordinate to "45 Civil Works" in charge of Civil Officers, represents the pay, travelling allowance and contingencies of the Overseer's Establishment. As the expediency of employing the overseer has been questioned, I would here take the opportunity of remarking that he has not only been extremely useful on emergencies, and for the purposes of consultation, but also for inspecting works. He prepares plans and estimates and thereby causes a distinct saving to the Board of 12 per cent.

Public Works Charges.

The works under each Board in my district are inspected by Works Committees appointed for each Taluka Local Board in terms of rule 2 of the Local Board Rules, consisting of not less than 5 members. The several works in progress in each taluka are inspected by them at the request of the Presidents and Vice-Presidents. In consequence however of the members being very illiterate, the measurement of works and assistance of every description such as is obtainable in the more advanced districts of the Province, is unobtainable here.

34. The total expenditure on Civil Works amounted to Rs. 39,110-0-9 against Rs. 33,885-6-3 last year, showing a decrease of Rs. 5,224-10-6. In view of the prevailing famine and plague, several works which were provided in the Budget Estimate of the year under report were held in abeyance in order to reserve as large a balance in the treasury as possible, as desired by Government in their Resolution No. 4046, dated 28th November 1896.

35. The entire expenditure of the year under report was Rs. 84,631-0-2 against Rs. 70,982-12-5 last year, leaving a balance of Rs. 71,676-6-6 at the close of the year.

STATEMENT IV.

36. This statement shows the number and cost of new wells and other sources of water-supply repaired by each Board, and requires no comment.

37. The Village Sanitation Act is not in force in any of the villages in this district, though in certain selected villages sanitary books are kept.

38. No special grants were made by Government during the year for water-works in this district.

39. The progress made in material improvements in this district during the year under report is detailed below:—

			<hr/>		
Total outlay on material improvement	37,595	0	8

40. The present arrangement for the execution of Local Fund works in the Upper Sind Frontier in the case of bridges over Karias crossing the roads, and such other original work as require professional skill, is that they are carried out by the Board themselves by their trained overseer, whilst works of petty construction, such as landhis for travellers, repairs to roads, musaferkhanas, travellers' bungalows, bridges, schools, are executed through the local contractors, or through Establishment entertained by the Boards and superintended by the Vice-Presidents and members of the Boards.

41. Plans and estimates for all original works which require engineering skill are prepared by the Board's overseer; and those estimated to cost over Rs. 500 each are sent to the Government Executive Engineer for review under the rules for which a percentage of one Rupee is paid to the Public Works Department.

General Remarks.

42. The chief wants of the district are fairly well attended to, but our resources have been crippled owing to the heavy demand on account of plague, a representation which I thought it necessary to make on account of the position of this Board owing to horse-show expenditure, and plague demands, and the method of calculating proportional costs, did not, I regret to say, meet with approval. Considering our wants in the way of communication it is to be hoped that demands for the ensuing year will be considerably lessened.

I have the honour to be

Sir,

Your most obedient servant,

M. D. MACKENZIE,

President Local Boards, Upper Sind Frontier.

DHÁRWA'R.

Statement showing the Original Cost, Mileage and present Condition of all Local Roads in charge of the Executive Engineer, Dhárwár District, for the year 1898-99.

No.	Name of Local Road.	Length in Miles.	Original Cost.	Remarks as to present condition.
			Rs.	
1	Navalgund-Annigiri Road ...	11½	1,10,226	Metalled throughout and in fair order. Three unbridged nálas cause little trouble. The necessity of a drain is being felt between 2nd and 3rd furlongs of the 1st mile.
2	Navalgund-Ron Road ...	28	1,49,007	A fair weather road with large nálas unbridged is in fair condition.
3	Masur-Mundargi Road ...	47	32,248	A fair weather road with breaks of unmade portions. From Masur to Dankihalli, a distance of about 10 miles, the road is in fair order, from there on for about 3 miles the road is unmade and has a few most intricate nálas to cross. It is very desirable that this portion should be constructed, then from Halgiri up to Guttal the road is in fair order and from Guttal, a distance of about 25 miles running through Native States is unmade. A portion of 9 miles near Mundargi is again made.
4	Palla-Bádámi Road ...	78	1,45,600	The portion of road from Kanára Frontier to Bankapur is good. From Bankapur to Yalvigi the road is fair, but intercepted by portions in Savanur State, which also are being repaired. From Yalvigi for a distance of about 15 miles it runs through some Native States, but is in good order. Then from Mulgund to Gadag, a distance of about 13 miles, the road is metalled and in fair order. From Gadag it passes through black soil and though in fair order the Nálas often become impassable by heavy floods.
5	Tadas-Gundi Road ...	34½	Not known.	A fair weather road mostly unbridged. The portion of this road (the 10 miles) is not in good order but is being attended to.
6	Harihar-Sámasgi Road ...	51½	Do. ...	A fair weather road metalled in places and mostly unbridged. The unmetalled miles are being metalled so far as funds admit.
7	Byádgi-Hávasbhávi Road ...	16½	24,690	A fair weather road metalled in portion. The unmetalled portions are being metalled so far as funds admit. In fair condition.
8	Dhárwár-Tadas Road ..	29½	37,138	A partially metalled road but bridged throughout. The portion from Kalaghatgi to Tadas is in a bad state but is being attended to.
9	Dhárwár-Haliyál Road ...	ft. 17.556	21,980	A metalled road bridged and drained throughout in fair order.

APPENDIX V—*continued.*

No.	Names of Local Roads.	Length in Miles.	Original Cost.	Remarks as to present condition.
		ft.		
10	Dhárwár-Saundatti Road ...	13·1,425	29,825	Partially metalled but unbridged, in fair order.
11	Matchenner-Byádgi Road ...	3 0 inches.	6,720	A metalled road bridged and drained, in good condition.
12	Karajgi Railway Station Road...	3 239	14,300	Drained with paved crossings, large Nallás. This road connects the village of Karajgi with Southern Marátha Railway Station, Karajgi. It is in good order.
13	Ketumchgi-Gajendragad Road	20 0	Still in- complete.	This was undertaken during the last Famine and is still in an incomplete state. Only earth-work and murraining being complete. Has a portion in Nizám's Territory unmade.
		ft.		
14	Nargund-Mallapur ...	13·1,675	Do. ...	This was undertaken like the above in famine for relief purposes and is in much the same condition.
		ft.		
15	Ron-Gajendragad Road ...	16·3,168	Do. ...	This was undertaken to afford relief to the distressed in the late famine and has been constructed up to Sudi only.

HUGH WRAY,
Executive Engineer, Dhárwár District.

	<i>Village or cleared roads with some Nálás drained and bridged.</i>					
1	Road from Aminhally to Kumta <i>via</i> Nilkund Ghát.	32	* Unknown ...	3,200	82	Moderate, except in Nilkund Ghát portion, which is very bad. Bridges that were in bad order are gradually being put in order. River crossing bad.
2	Road from Yellápur to Kodkaney <i>via</i> Sirsi.	63	Do. ...	4,852	78	Moderate. Some steep gradients require improving between Yellápur and Sirsi.
3	Road from Siddápur to Nilkund ...	21	Do. ...	1,499	71	Fair, except where a very large slip has occurred for which a deviation is proposed to be carried out.
4	Road from Ankola to Madras frontier <i>via</i> Mirjan, Kumta and Honávar.	62	Do. ...	4,515	73	Fair, but the steep gradients at the Hebbankary and Wandoor Gháts for which a project is in hand. Bridges that were in bad repairs are put in order.
5	Road from Sadáshivgad to Kadra ...	19	Do. ...	599	30	Condition varying from fair to indifferent; latter especially towards Kadra side, where nálá crossings are impassable in rains. Is narrow in width. The improvements to the road are put in hand.

* The roads were constructed by Local Fund Agency and transferred to this Department for repairs only.

No. 3919 of 1899.

Karwar, 18th July 1899.

Forwarded to the Commissioner, S. D., with reference to his No. 2425, dated 13th July 1899.

G. V. GAYATONDE, L.C.E.,
Executive Engineer, Kanara District.

APPENDIX V—continued.

RATNA'GIRI AND KOLA'BA.

Statement showing the Local Fund Roads in charge of the Executive Engineer, Ratnágiri and Kolába Districts, with the Original Cost, Mileage and Present Condition for the year 1898-99.

No.	Names of Roads.	Length in Miles.	Original Cost.	Present condition.	Remarks.
			Rs.		
1	Road from Alibág to Revas.	15	1,54,188	In good order; bridged and drained throughout. Last three miles embanked through salt marsh. The pitched embankment is gradually settling in some places. Good in all seasons.	It would be well if the pitching be renewed by special repairs as much cannot be done at a time from current repairs allotments.
2	Alibág-Revd and a Road (portion from Sakhar to Kevdanda).	8	Not known.	This road is in some places merely a narrow lane winding through the villages and gardens of the locality. The road being in some places lower than the gardens and compounds, the water in rainy season collects in pools over its surface or becomes a running stream. Good in fair weather and fairly good in rains.	Some encroachment of the creek at Raiwari is going on and threatens to affect the embanked road. Plans and estimates for constructing stone groynes and a retaining wall in Ruiwara Creek for the protection of this road have been submitted for approval to the Superintending Engineer, S. D., with this Office No. 1749 of 3rd June 1899.
3	Salao-Korlaie Road.	2½	5,359	In very good order and passable at all seasons.	
4	Pen-Panvel Road. (Portion from Pen to Khorepada).	8	Not known.	In very good order, but crosses three unbridged creeks which, at sometimes in rainy season, are quite unpassable and in fair season at high tides more or less so. The approaches of the first creek on the Pen side are much cut up. They require to be re-made with a coat of blasted metal. The bed is also very rocky and uneven.	
5	Pen-Panvel Road. (Portion from Dusviford to Palaspe).	9½	...	This road from the creek at Khorepada to Palaspe is bridged and drained and completed in every respect as a murum road and is in very good order.	Good road throughout.
6	Pen-Panvel Road. (Portion from Palaspe to Kolka).	1	...	A good fair weather road requires one náia to be bridged and owing to the defects in construction is susceptible of much improvement, especially the Palaspe village portion, which is narrow and rocky.	Good road in fair weather. There is a famine project prepared for a much better and shorter line which might be taken up without waiting for the next famine.

APPENDIX V—concluded.

No.	Names of Roads.	Length in Miles.	Original Cost.	Present condition.	Remarks.
7	Uran-Karanja road.	5	Rs. ...	In good order, but the masonry is old and has a dilapidated appearance, most likely owing to faulty or a very cheap class of construction originally.	Good in all seasons. The surface is in course of further improvement by substituting blasted metal for murum, when annual repairs are made.
8	Road from Guhagar to Chiplun, (Section from Guhagar to Chikoli).	8	20,163	The length of the road from Chiplun to Guhagar is 27 miles, out of which a portion of 8 miles from Guhagar to Chikoli has been improved by this Department. The first portion is bridged and drained throughout, except in 7 places, where water courses are large and, therefore, causeways are built over them.	
9	Road over Mutholi Khind (Section from Indapur-Tale road).	2½	17,066	The road commences from a point about one mile west of Nagotna-Mahad Road near Indapur, and runs towards Talla through Mutholi Khind. The length through the hills, which is repaired by the Public Works Department, is surfaced with murum and is bridged and drained throughout and is in good condition.
