RESOLUTION

REVIEWING

THE REPORTS ON THE ADMINISTRATION OF THE  
LOCAL BOARDS

IN THE

BOMBAY PRESIDENCY,

INCLUDING

SIND,

FOR THE YEAR 1906-1907.

READ—

The Reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of the Local Boards in the Bombay Presidency during the year 1906-1907.

**RESOLUTION.**—In the year under review the number of District and Taluka Local Boards (236) increased by two owing to the division of the District of Khándesh and the constitution of a new Board in the Pano Akil Taluka of the Sukkur District.

2. The area and population of the Boards in the Presidency proper remained unaltered except in the Central Division, where the transfer of the village of Saygaon from the Nandgaon Taluka in the Násik District to the Chalisgaon Taluka in the East Khándesh District has caused variations under those heads in the figures for the two districts. In Sind also, owing to certain territorial changes in the Hyderabad and Thar and Párkar Districts, there were slight variations in the area and population of some of the Taluka Local Boards in those districts.

3. Triennial elections were held in the Presidency proper in the Districts of the Panch Maháls, Ratnágiri, Kolába, Kánara, Belgaum, West and East Khándesh, Ahmednagar and Sátára, but aroused no general interest among the voters.

4. In the Presidency proper 801 meetings were held during the year against 912 in the preceding year, 39 being adjourned for want of a quorum. The rule as regards half-yearly meetings was complied with by all District Local Boards except Kolába, where the Collector reports that the meeting to be held in March had to be postponed owing to the negligence and want of method in the Taluka Local Boards and their failure to comply with the instructions of the Huzur Deputy Collector regarding progress reports and accounts. Steps have since been taken by the Collector to set matters right. In Sind the presence of plague in Karáchi again prevented the District Local Board from holding two meetings during the year. Fourteen Taluka Local Boards in the Northern Division, 17 in the Central Division, and 4 in the Southern Division failed to hold the prescribed number of four meetings. It is, however, generally explained that the actual number of meetings held was found sufficient for the transaction of business. In the Northern Division and Sind the provisions of section 34 of the District Local Boards Act were made use of, whenever necessary, by circulation of papers among the members. There was a slight falling off in the average attendance of members in the Presidency proper, but a little improvement was noticeable in Sind.

5. The total income of the Boards increased from Rs. 56,85,096 in the previous year to Rs. 63,58,510 in the year under review.

The following statement compares the receipts under the principal heads of revenue with those of the preceding year :—

Rupees in thousands.

	1906-07.	1905-06.	Increase.	Decrease.
Provincial Rates	31,51	25,79	5,72	...
Interest	15	15	...	...
Police	1,12	1,20	...	8
Education	1,59	1,53	6	...
Medical	15	16	...	1
Scientific and other minor Departments	33	22	11	...
Miscellaneous	12	15	...	3
Civil Works	5,47	5,54	...	7
Contributions	23,07	22,03	1,04	...

The principal variations are explained below :—

6. *Provincial Rates.*—The increase under this head, which amounts to Rs. 5,72,000, occurred principally in the Central and Southern Divisions, which contributed more than Rs. 2,60,000 each. This is attributed generally to the favourable character of the season during the year under report, in consequence of which a considerable portion of the suspended arrears was collected and larger recoveries were made of current dues, and to the new rules for the suspension of land revenue, which allow for the collection of the cess even when the land revenue is suspended. In Sind the increase of Rs. 19,000 is due to a general extension of cultivation consequent on a favourable inundation. The districts of Karáchi and Hyderabad showed a decrease, which, in the case of the former District, is ascribed to the postponement of the payment of the one anna cess with the second land revenue instalment payable in July 1907, and in the latter to floods in the Guni Táluka, which necessitated the grant of large remissions.

7. *Police.*—Under this head there is a decrease of nearly Rs. 12,000 in the Southern Division and Rs. 2,000 in Sind, which is partly counterbalanced by an increase of Rs. 6,000 in the Central Division due to larger realizations under the Cattle Trespass Act in Khándesh and Násik. In the former district the increase amounted to Rs. 11,000 and is attributed to more numerous impoundings for trespass in forest areas. In the Southern Division the decrease occurred chiefly in the Districts of Belgaum and Dhárwár. In the former District the charges on account of repairs to, and construction of, cattle-pounds and the cost of collecting fees exceeded the gross cattle-pound receipts, and in the latter a diminution in the number of cattle owing partly to the fodder famine of the previous year and partly to rinderpest was responsible for the decline in receipts.

8. *Education.*—There was an increase of Rs. 8,600 under this head in the Southern Division due to the opening of new schools in all districts and a larger attendance of pupils consequent on the gradual abatement of plague. In Dhárwár alone there was an increase of 33 schools and nearly 3,000 scholars. In Sind the decline in revenue under this head is common to all the Boards except those of Karáchi and Hyderabad which received larger contributions from private persons.

9. *Civil Works.*—The income under this head is mainly derived from (a) tolls on roads and ferries and (b) popular contributions. Under the former sub-head, *viz.*, "Tolls," there was a decline in the Districts of Káira, Surat and Thána of the Northern Division, that in Surat being due to the transfer of the Billimora-Bansda Road from local to provincial jurisdiction. In the Central Division keener competition at the sales of the farms brought about an increase in the toll receipts in the Khándesh, Ahmednagar and Poona Districts, but elsewhere there were considerable decreases due to the provincialization of certain local fund roads, the result being a decrease of Rs. 9,500 under "Toll Receipts." In the Southern Division there was a net decrease of Rs. 5,000. The decrease in the Kolaba District is said to be due to a combination among bidders, and the Commissioner, Southern Division, considers the same fact to be the cause for the decrease of Rs. 6,000 in the Bijápur District. In Sind there was an increase of Rs. 900 under "Tolls and Ferries" in the Hyderabad District due to recoveries of arrears of ferry receipts for past years and to the payment in advance on account of these receipts for the year 1907-08. In the Northern Division popular contributions showed an increase in the Districts of Ahmedabad, Panch Maháls and Broach. In Ahmedabad a grant of Rs. 3,300 was paid by the Ahmedabad Municipality towards the improvement of the Veterinary Hospital buildings there. In the Central Division there was an increase of about Rs. 2,300, and in the Southern Division of about Rs. 10,000, which was shared in by the Districts of Ratnagiri, Belgaum and Dhárwár. The increase in Ratnágiri is reported to be due to the receipt of private contributions—Rs. 5,000 for the dispensary at Malwan and Rs. 560 for the weaving class in the School of Industry, and to the investment of Rs. 2,000 by Mr. M. B. Laghate for the benefit of the Ved Shala at Khershet in the Chiplun Táluka. In Belgaum a sum of Rs. 4,000 was received from the Gokak Falls Mills towards the cost of making a road from the Mills to Gokak.

10. The increase of one lách in the *Contributions from Provincial to Local* represents chiefly the special grants given by Government towards the cost of primary education and for the improvement of communications and village water-supply. In the Panch Maháls District the total receipt under this head is more than half the total income of the Board. But for this grant, as the Collector remarks, the Board could not meet even its most pressing wants. In the Southern Division there was an increase of about Rs. 7,000 in the Kolába District under sand and quarry fees, which originated in the growing demands of the Bombay Dockworks and in consequence brisker bidding at the sale.

11. The incidence of income per head of population decreased from 6 annas 9 pies to 5 annas 10 pies and that of taxation from 3 annas 1 pie to 2 annas 11 pies.

12. The total expenditure of the Boards amounted to Rs. 54,03,667 against Rs. 54,11,328 in the previous year, showing a decrease of Rs. 7,661. The following statement shows the distribution of the expenditure under the various heads as compared with that of the previous year :—

Rupees in thousands.

	1906-07.	1905-06.	Increase.	Decrease.
Administration	1,59	1,52	7	...
Education	19,13	17,98	1,15	...
Medical	2,94	2,69	25	...
Scientific and other Minor Departments	1,08	96	12	...
Superannuation allowances and pensions	5	4	1	...
Stationery and Printing	18	13	5	...
Miscellaneous	41	32	9	...
Civil Works	26,75	29,06	...	2,31
Contributions	1,42	1,25	17	...
Debt	39	8	31	...
Interest and Debt	7	7	...	...

The important variations in the above figures are noted below :—

13. *Education.*—Under this head there was an increase of nearly Rs. 1,15,000, which is shared in by all Divisions and is due to the utilization of the enhanced grants made by Government in furtherance of primary education. Many new schools were opened and the teaching staff was strengthened and improved in almost all Districts. Fifty-nine new schools were opened in the Ahmednagar District of the Central Division in the latter half of the year 1905-06, and 32 indigenous schools were registered and one new school was opened in the Dhárwár District of the Southern Division during the year. The six carpentry classes in the Belgaum District and three in the Bijápúr District are reported to be making steady progress. The question of placing the fly-shuttle loom class at Bijápúr under the proposed Municipal Technical School is still under consideration. The Collector of Kánara reports that the two carpentry classes opened at Bankipur and Ankola last year are not progressing well, but that the District Local Board has resolved to start weaving, carpentry and smithy classes at Kárwár. Weaving and smithy classes have been opened in the School of Industry at Ratnágiri. Scholarships of the value of Re. 1 and Rs. 2 per mensem each have been founded by the District Local Board, Bijápúr, for the encouragement of low-caste boys, and 17 pupils are reported to be in receipt of them. In Kánara the experiment of distributing quinine free through village school-masters to boys suffering from Malaria which is endemic in that district is reported to have proved more successful than last year.

14. *Medical.*—The increase of Rs. 25,000 under this head was general in all Divisions and is accounted for mainly by increased expenditure under vaccination due to the use of glycerinated lymph. In the Northern Division all Districts except the Panch Maháls contribute towards the excess expenditure of Rs. 7,000. The increase in Ahmedabad is attributed to the payment

for the first time of the annual grant of Rs. 500 to the Lely Memorial Nursing Association, that in Thána to the entertainment of two Hospital Assistants on cholera duty, and in the Kaira and Broach Districts to additional grants made to dispensaries and larger consumption of quinine and plague solutions. In the Central Division out of the increase of about Rs. 8,500 under this head, Sholápur alone was responsible for Rs. 5,558, which, however, is reported to be merely nominal and due (1) to the revised method of adjusting the provincial grant and charges on account of the pay of Hospital Assistants and (2) to the fact that nearly Rs. 2,000 were spent by the District Board on behalf of the Pandharpur Municipality on arrangements at Kurduwádi for pilgrims visiting the Pandharpur fairs. The Southern Division shows an increase of Rs. 4,700, which is partly due to the expenditure incurred on repairs to four dispensary buildings in the Division. The question of the working of the travelling dispensaries at Yellápur and Supa should be made the subject of a separate report.

15. *Scientific and other minor Departments.*—Under this head there was an increase of nearly Rs. 12,000, which was shared in by all Divisions. In the Central Division the District Board of Ahmednagar spent a sum of Rs. 2,400 on the new Veterinary Dispensary opened last year. This Institution is apparently performing good work, 8,500 cattle having been inoculated against rinderpest, while nearly 600 animals were located for various diseases. The Board also spent Rs. 1,000 on the purchase of stallions, and Rs. 750 on the cattle and agricultural show and purchased a khillari stud bull at the Mhaswad fair to be brought up and used as a village sire. In the Southern Division the increase is noticeable in the Dhárwár and Bijápur Districts and is accounted for by the opening of Veterinary Dispensaries. In Sind the increase is due to the maintenance of gardens and garden establishments.

16. *Stationery and Printing.*—Under this head there was an increase of nearly Rs. 5,000, which was specially noticeable in the Central Division and was due to printing and lithography charges incurred in connection with the triennial elections held during the year in that Division.

17. *Civil Works.*—This head shows a net decrease of about Rs. 2,31,000, which was distributed over all Divisions. The Central Division alone is responsible for a decrease of Rs. 1,60,000, the explanation being that the Boards in that Division did not expect the year to be as prosperous as it eventually proved and therefore did not provide for large expenditure on works. The aggregate charge under this head in the whole Presidency, including Sind, represents 49 per cent. of the total expenditure of the Boards as against 54 per cent. in the preceding year. The following statement compares the charges under the various sub-heads with those of the preceding year:—

Rupees in thousands.

		1906-07.	1905-06.	Increase.	Decrease.
Buildings	{ Original ...	1,02	2,14	...	22
	{ Repairs ...	95	86	9	...
Communications	{ Original ...	5,71	5,74	...	3
	{ Repairs ...	11,24	13,08	...	1,74
Water-Supply and Water-Works.	{ Original ...	1,87	2,15	...	28
	{ Repairs ...	1,21	1,79	...	58
Other Works of Improvement ..	...	11	6	5	...
Establishments, Contingencies...	...	2,33	2,54	...	21
Staying Bungalows	...	35	41	...	6
Tools and Plants	...	35	24	11	...

As usual the largest expenditure was incurred on "Communications," though the total amount expended thereon during the year under review was less by Rs. 1,76,000 than in the previous year. In the Northern Division the Ahmedabad-Bareja, the Ahmedabad-Gomtipur, the Ahmedabad-Naroda and

the Dholera-Whittle Bunder Roads in the Ahmedabad District were improved at a cost of Rs. 31,000. In the Kaira District the construction of the first section of the Mátar-Cambay Road was continued and Rs. 10,000 were spent on it. In the Panch Maháls the Kharsalia Station Vejalpur Road and the Derol-Kálol Feeder Road were constructed at a cost of nearly Rs. 5,000. The Collector states that a very large sum of money is required for putting communications in proper order. In the Broach District extensive repairs were undertaken on the Broach-Jambusar, the Ankleshvar-Hánsot, the Amod-Pálej and other roads. In the Surat District, in addition to rupees one lách spent on repairs to old roads, Rs. 8,500 were spent on the construction of the new Motlabai Road from Ichhápur to Suvali and Rs. 11,000 on the Bulsár-Khergaum Road. In the Thána District a large portion out of the Government grant of Rs. 23,000 was spent on forest roads. A very important road, the Sháhápur-Khotal Road, was started during the year by the District Local Board and about Rs. 2,000 were spent on it. In the Central Division the increase under "Communications (Original)" occurred in the Khándesh District where large amounts were spent by the Táluka Boards on the construction of new roads and rest-houses. In this District there was also an increase of Rs. 13,000 under "Communications (Repairs)." In Sátára there was a decrease of Rs. 19,000 under "Communications (Repairs)" due to the provincialization of the Sátára-Pandharpur, Malhar Peth-Pandharpur and Wái-Wathar Roads. In all, 26 new roads were constructed in the Central Division. In the Southern Division the amount spent on "Communications" represents 62 per cent. of the outlay on "Civil Works." In the Belgaum District nearly Rs. 13,000 were spent on the construction of the important ghat portion of the road from the Falls Mills to the town of Gokák. The completion of this road, it is observed by the Collector, will supply a long-felt want. In Dhárwár the construction of the Masur-Mundargi and the Kólhápur-Allur Roads was undertaken during the year. In Sind the decrease in the expenditure under "Communications" (Rs. 43,600) is partially due to the scarcity of labour, which prevented the carrying out of several works. The number and mileage of the roads constructed was 16 and 160, respectively.

The expenditure on "Water-Works" and "Water-Supply" shows a decrease of Rs. 87,000. In the Northern Division there was an increase on this account in the Ahmedabad and Panch Maháls Districts. In all 125 wells, 7 tanks and 11 dams were constructed in the Division. In the Central Division the major portion of the expenditure in the Ahmednagar District was absorbed by the Miri tank. In the Southern Division the Districts of Belgaum, Bijápur and Kánara showed an increase and in the Bijápur District, where a general want of good water-supply is felt, the construction of six original water-works was undertaken. In Sind all the districts showed a decrease except Karáchi and Sukkur.

New school-houses, dispensaries, dharamshalas and inspection bungalows were constructed in all Divisions, including Sind.

The amount expended on Public Works carried out by the Local Boards establishments was Rs. 13,43,320 against Rs. 13,77,650, while the amount expended on works executed through the agency of the Public Works Department was Rs. 13,07,146 against Rs. 15,11,362 in the previous year.

18. *Contributions.*—Under this head there was an increase of nearly Rs. 25,000, of which the Central Division alone is responsible for Rs. 14,000. In the Northern Division the net increase of Rs. 9,000 resulted from the increased amounts contributed by the Ahmedabad, Panch Maháls, Surat and Thána Districts. In the Ahmedabad District the increase of nearly Rs. 17,000 is accounted for by the fact that the Government debt was repaid to the extent of Rs. 15,000. A special grant of Rs. 1,000 was made to the Fardunji Sorabji Parekh School of Art and Industry at Surat for the purpose of constructing residential quarters for the students, and in Thána a contribution of Rs. 16,000 was given by the District Local Board for the construction of forest roads. In the Central Division the District Local Board contributed Rs. 20,000 towards the cost of filter beds and school-buildings in the Dhulia Municipality. The Sholápur District Board made a special contribution of Rs. 3,000 towards the construction of the Pratt Free Veterinary Dispensary and also paid its last instalment of Rs. 3,300 towards the Victoria Memorial Market.

19. *Debt*.—The rise of nearly Rs. 27,500 under this head in the Central Division occurred chiefly in the Sátára District owing to the liquidation of the plague loan due to Government.

20. The appended table A shows the opening and closing balances of the Boards of the different Districts in each Division. The closing balances of the Boards in the Presidency amounted to Rs. 30,52,000 against Rs. 20,97,000 in the previous year. In all Districts the balances are much in excess of the prescribed minima. In the Northern Division the large accumulations of Rs. 9,54,000 exceed those of the previous year by Rs. 2,34,000 and amount to nearly thrice the total of the minimum balance prescribed for that Division (*viz.*, Rs. 3,28,000). This heavy increase is reported to be due principally to the recoveries of past years' arrears of the one anna cess. In the Central Division the closing balance rose from Rs. 5,48,000 to Rs. 8,58,000, which is again more than double the total of the minimum balance prescribed for that division (*viz.*, Rs. 3,39,500). This large excess arose from the fact that the year under report proved to be one of unexpected prosperity for the Boards, which, in addition to the larger receipts from the one anna cess due to the orders of Government authorizing the collection of the cess even when the land revenue was suspended, had been prevented by uncertain prospects at the time of passing the original budget from committing themselves to large expenditure. In Sholápur the heavy excess of Rs. 64,000 over the fixed working balance is explained as being due to the recovery of suspended and unsuspended arrears of local fund cess at the close of the year. The excess of nearly Rs. 70,000 over the preceding year's total in Sátára is ascribed to the special grants from Government, which enabled the Board to wipe off its plague debt to the extent of nearly Rs. 30,000 and to the provincialization of three roads which freed the Board from an annual expenditure of Rs. 15,000. In Násik about half of the balance of nearly Rs. 1,17,000 is classed under Education in the accounts. It had been wrongly held that this portion should be excluded from the prescribed working balance. This error has now been corrected and steps have been taken with the view of expending it on road construction. In Khándesh a sum of Rs. 1,39,000 out of the large balance of Rs. 3,12,000 has been provided in the supplementary budget for expenditure on school-buildings and roads. In Ahmednagar it is proposed to utilize part of the educational balance, which is considerable (Rs. 36,500), on the introduction of the Mokhada scheme of popularizing primary education among the Kolis and Thákurs of the Akola Dangs and in providing the schools attended by numerous scholars with suitable buildings. In other Districts efforts are being made to utilize unexpended balances on useful works such as roads and village water-supply. In the Southern Division the accumulations amount to Rs. 5,26,000 and are nearly double the total of the minimum balance prescribed for that Division (*viz.*, Rs. 2,54,000). The excesses are heavy in the Districts of Kolába, Ratnágiri and Kánara. The Collector of Kánara reports that many of the works budgetted for in the year under report could not be executed owing to want of labourers and contractors. The excess at Kolába is explained to be due to the amount of Rs. 28,000 provided for works to be carried out by the Public Works Department having been surrendered by that Department, to the non-execution by civil agency of works and repairs which were provided for in the budget, and to excess of actual receipts over the estimated ones. The Commissioner has issued instructions with the view of ensuring a proper utilization of unexpended balances. In Sind the closing balance (Rs. 7,13,700) is nearly 14 times as large as the total of the minimum balance prescribed for that Province. The scarcity of labour consequent on the favourable inundation coupled with the lack of efficient establishments and the want of enterprise on the part of several Local Boards is assigned as the chief cause of the increase, especially in the Lárkhána and Thar and Párkar Districts, where endeavours are being made to reorganize the existing establishments. The Commissioner reports that efforts are now being directed to interest the non-official members of the Boards more closely in the actual execution of sanctioned projects. Government trust that the current year's report will show a marked improvement in this respect. The attention of the Presidents of the different Boards should again be drawn to the code of rules adopted by the District Board of Surat regarding the execution of works.

21. The following remarks are made by the Commissioner in Sind and the Commissioners, Northern Division and Southern Division, on the working of the Local Boards in their respective charges :—

#### SIND.

The several boards continued efforts in the extension of primary education as is evidenced by the increase in the number of new schools which were opened during the year and much-needed improvements were effected in a number of the existing schools. The Pithoro-Madrasah was completed during the year under report and will be opened shortly. The Hur School in the Thar and Parkar District and the Boarding House at Jacobabad in the Upper Sind Frontier District continue to work satisfactorily. It is gratifying to note that the following Mahomedan zamindars of the Upper Sind Frontier District have commenced to take a practical interest in the education of their community by the grant of scholarships—

Wadero Illahibux Bhutto, three scholarships of Rs. 6 each per mensem.

Wadero Nur Khan Khoso, one scholarship of Rs. 5 per mensem.

Khan Bahadur Ali Murad Khan Sundrani, one scholarship of Rs. 6 per mensem.

Special grants received from Government during the year were utilized on roads and communications and other works of improvement. The Collectors of Hyderabad and Larkhāna alone have made mention of the necessity of encouraging villagers to take an interest in the execution of works in progress in their villages. The Collector of Hyderabad states that he has drawn the attention of the Sub-Divisional Officers to the orders on the subject embodied in Government Resolution No. 2370 of 19th May 1895. The apathy of the Taluka Local Board members may be summed up as stated by the Collector of Larkhāna.

“The non-official members of the Local Boards no doubt take an interest in local fund works which greatly affect their convenience, but not sufficient interest to make them insist on improvements in the face of the official apathy. A stimulus from above is needed. No zamindar really likes to lame his horse, to swallow dust, or to go miles out of his way to avoid a flooded road; but even those who are on terms of great intimacy with district officers will hardly ever mention these grievances unless definitely asked about them.”

#### NORTHERN DIVISION.

The good season and the recovery consequently of arrears of revenue placed the Local Boards of the Northern Division in a very satisfactory financial position. They did not, however, sufficiently make use of the available funds, but accumulated balances not only far in excess of the prescribed minima, but also far in excess of the large balances of the previous year to which attention was called by the Accountant-General in August 1906. Thus, though many useful improvements were undertaken during the year under report, the improvements were not so considerable or so numerous as they ought to have been. Gujarāt is exceedingly badly provided with *pakka* roads and the heavy cost of metal has, for many years, been given as an excuse for not undertaking the requisite improvements, but as the Boards of the six Districts (combined) have to budget for an aggregate minimum balance of little over three and a quarter lakhs, whereas last year their net actual balance was nearly seven and a quarter lakhs, and this year it was over nine and a half lakhs, it is clear that this excuse can no longer be accepted as sufficient.

#### SOUTHERN DIVISION.

There is no subject particularly calling for notice in the year's administration of the Boards. The administration has, on the whole, been satisfactory. The year under report was fairly prosperous. Arrears of revenue were realised

during the year. Under Government Resolution No. 2467 of 5th May 1905 the following roads were taken over from the Local Boards concerned for maintenance by the Public Works Department from provincial funds, with effect from 1st April 1906 :—

*Bijápur District.*

1. Shirdom-Almel Road.
2. Bijápur-Sindgi Road.
3. Chimalgi-Muddebihal Road.
4. Bijápur-Bágewádi Road.

*Ratnágiri District.*

5. Guhágar-Chiplun Road.

The Collector of Bijápur reports that this gave a substantial relief to the Board and enabled it to open up new and important roads, such as the Hippargi-Talikot, Badami-Kaulgi and Bilgi-Konnur roads. The resources of the Boards were supplemented by grants from Government towards primary education and also grants from provincial towards the improvement of communication and village water-supply. The Boards were thus in a position to undertake several important and urgent works of public utility. In Belgaum four new school-buildings were undertaken—two have been completed and two are in progress. The construction of a portion of the road from the Falls Mills to the town of Gokák was undertaken at a cost of Rs. 12,853. In Bijápur, where the want of good water-supply is felt, Rs. 24,462 were spent on water-works. In addition to the ordinary repairs, the construction of six tanks was undertaken. In Dhárwár two school-houses and one dharamshala were erected; two new roads were constructed; repairs costing over Rs. 5,000 were done to three roads; and two water-works costing over Rs. 1,000 were undertaken. In Kánara two new roads and four new dharamshalas were constructed; five new wells were also constructed. The Local Boards of Kolába constructed four school-buildings. New dispensary buildings were also built. An effort was made to improve the means of communication in the Karjat Táluka. In Ratnágiri, where want of good roads is felt, work was done by the Public Works Department upon nine roads which have hitherto not been in their charge. These are all important lines of communication and should be made passable for carts at all seasons of the year. It is questionable whether it could not be better to concentrate the work in two or three of them and complete them before continuing the others. Special repairs to several roads in the northern subdivision of the Ratnágiri District were made. The Collector observes that "In a year or two these roads will, to a very large extent, remove the present difficulties of travelling and transport in these parts. Roads are the great want of this District, and for the next 20 years it will be necessary to devote the greater part of the District Local Board's funds to this object."

I notice a tendency in some districts to build district bungalows which are not a legitimate charge on local funds. It also appears to me that Public Works rest-houses are built more freely than is necessary to provide for the upkeep of roads.

Though the main burden of the work is reported to fall on the official members, yet mention has been made of the names of several non-official members as having taken an interest in the affairs of the Boards. The Collector of Belgaum remarks: "I have also taken steps to secure a large non-official element and control in the Táluka Boards, but it is discouraging to find that in this, as in other matters, the real land-owner allows the legal professions, whose members frequently pay no cess, to obtain at his expense a much larger share of representation and control than that to which it is entitled."

22. The Commissioner, Central Division, has not similarly reviewed the working of the Local Boards in his Division. He may be requested to do so in future reports.

23. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and other Officers and Departments concerned.

R. E. ENTHOVEN,

Acting Secretary to Government.
