READ—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the administration of local boards in the Bombay Presidency during the year 1910-11.

RESOLUTION.—In the year under review the number of district local boards remained unchanged. The number of taluka local boards increased by one on account of the creation of a board for the newly constituted taluka of Mukeri in the Belgaum district. This area was formerly administered by the taluka local board of Chikodi.

2. The total area in charge of the boards increased by 2½ square miles owing to the inclusion of the village of Borpada in the Nandurbár taluka of West Khándesh. There was also a slight territorial adjustment between the districts of Thána and Kolába. The total population of the area administered by the local boards was 17,719,279 according to the recent census, an increase of nearly half a million over the previously recorded figures.

3. Owing to the formation of the Sálsette taluka into a separate charge there was an addition of one nominated official member to the Thána District Board and of one elected member to the Sálsette Taluka Board. The constitution of the Mukeri taluka local board necessitated an increase in the number of nominated and elected members in the Belgaum district, while the supersession of the Dhárwár taluka local board caused a corresponding decrease in the Dhárwár district. The term of office of the boards in the Kaira and Poona districts had to be extended by six months as the preliminaries prescribed by law had not been complied with in time to allow of the holding of fresh elections.

4. Triennial elections were held in the districts of Ahmedabad, Bijápur, Dhárwár, Kánara, East Khándesh, Násik, Sátára, Sholápur and Hyderabad. In most cases the elections aroused no interest and in a considerable number there was no competition between candidates. In one group of the Bidámi taluka no candidate came forward at all, and the appointment of a member had to be made by Government under section 24 of the Local Boards Act.

5. The number of meetings held during the year rose from 1,298 to 1,304, 30 being adjourned for want of quorum. The rule regarding half-yearly meetings was complied with by all the district boards. Eight taluka boards in the Northern Division, thirteen in the Central Division, four in the Southern Division and four in Sind failed to hold the minimum number of four meetings in the year. The average percentage of members attending the meetings in the Northern, Central and Southern Divisions and Sind, was respectively 62·9, 54·25, 54·8 and 50·73.

6. The aggregate income of the boards decreased from Rs. 68½ lakhs to 63 lakhs. The decrease in the receipts in the case of the Southern Division is only nominal, last year's figures being swollen by considerable recoveries of past arrears.

The following statement compares the receipts under the principal heads of revenue with those of the preceding year:—

| | 1910-11. | 1909-10. | Increase. | Decrease. |
|--|----------|----------|----------------------------|-----------|
| | | | (Rupees in the thousands.) | |
| Land Revenue | 3,25 | 1,74 | 1,51 | ... |
| Provincial Rates | 30,86 | 32,26 | ... | 1,40 |
| Interest | 16 | 18 | ... | ... |
| Police | 1,28½ | 1,06 | 17½ | ... |
| Education | 17,38 | 1,78 | 15,60 | ... |
| Medical | 1,06 | 10 | 96 | ... |
| Scientific and other minor Departments | 60 | 31 | 29 | ... |
| Miscellaneous | 1,58 | 33 | 1,25 | ... |
| Civil Works | 12,72 | 4,85 | 7,87 | ... |

7. There was a rise under the head "Land Revenue" due mainly to increased receipts in certain districts from quarries, etc.

Compared with the figures of the last year there was a very large increase under the major heads, "Education", "Medical", "Scientific and other Minor Departments", "Miscellaneous" and "Civil Works", a fact mainly due to the orders of the Government of India, cited in the preamble of Government Resolution No. 4298, dated the 14th July 1911, directing that "contributions from or to Government" and "other contributions" which were formerly shown in lump under the head "Contributions" should in future be shown under the heads most appropriate to the nature of the contributions. The contributions made by Government were chiefly towards the cost of primary education, the maintenance of dispensaries and communications, and the improvement of village water-supply.

8. The incidence of income per head of population fell from 6 annas 4 pies to 6 annas 2 pies, while that of taxation fell from 2 annas 11 pies to 2 annas 8 pies. These figures are of course affected by the change in population already noted.

9. The total expenditure of the boards was 68½ lakhs as against 69½ lakhs in the preceding year.

The following statement shows the distribution of the expenditure under the several heads compared with that of the previous year:—

| | 1910-11. | 1909-10. | Increase. | Decrease. |
|--|----------|------------------------|-----------|-----------|
| | | (Rupees in thousands.) | | |
| Administration | 1,55½ | 1,59 | ... | 3½ |
| Education | 25,20 | 23,77 | 1,43 | ... |
| Medical | 4,32 | 3,74 | 58 | ... |
| Scientific and other minor departments | 1,25 | 1,24 | 1 | ... |
| Stationery and Printing | 18½ | 18 | ½ | ... |
| Miscellaneous | 1,20 | 64 | 56 | ... |
| Civil Works | 33,53 | 35,47 | ... | 1,94 |
| Debt | 1,01 | 50 | 51 | ... |
| Interest on Debt | 5 | 5½ | ... | ½ |

10. The important variations in the above figures are noted below.

Education.—The educational charges rose from Rs. 23,77,000 to Rs. 25,20,000. The increase was general and was mainly due to the rise in the pay of teachers, the entertainment of additional teaching staff, grants to educational institutions, and the opening of new primary schools. In the Broach district 33 primary schools had however to be closed for want of funds. Female education has continued to receive attention particularly in Belgaum and Bijapur, but the want of trained female teachers is still a general obstacle to rapid progress. The education of the depressed classes was not overlooked but progress is necessarily slow. In Bijapur the total number of pupils belonging to aboriginal criminal tribes increased from 59 to 153, the latter figure including 12 girls. The six carpentry classes in Belgaum and the School of Industry at Ratnagiri are doing good work. The Karwar weaving class under the management of a private firm has continued to flourish and turned out 33 trained boys during the year.

Medical.—The expenditure under this head rose from Rs. 3,74,000 to Rs. 4,32,000. There was a general increase, attributed to a variety of causes, in all three divisions and in Sind. In the Karachi, Sukkur and Thar and Parkar districts this was principally due to the distribution of quinine in malarial tracts. In the first named district a sub-assistant surgeon was specially employed to organize the distribution of the drug and the measure is reported to have been highly beneficial.

Civil Works.—The expenditure under this head shows a net decrease of Rs. 1,94,000 on the preceding year's outlay of Rs. 35,47,000. There was a general decrease in all divisions except Sind which shows an increase of Rs. 35,000. The expenditure under this head for the whole Presidency represents 49 per cent. of the entire expenditure of the boards against 51½ per cent. in the preceding

year. The following statement compares the charges under the various sub-heads with those of the preceding year :—

The greater part of the outlay on civil works was as usual devoted to the construction and repairs of roads, bridges and culverts. The Surat district local board owing to lack of funds abandoned about 180 miles of unimportant roads out of the total mileage of 455 previously maintained. Among the works of construction carried out during the year were the buildings of the Ratnágiri School of Industry and a large number of school-houses, dharmshálas and medical and veterinary dispensaries. Satisfactory progress was made in planting and preserving of roads-side trees, especially in Sind, where 187 miles of road were newly planted.

The expenditure on water-supply and water-works showed a decrease of Rs. 71,000. In the Northern Division the boards spent Rs. 1,38,000 on improving village water-supply, constructing new wells and tanks and repairing old wells. In the Southern Division and Sind a large number of wells were sunk and several old wells were repaired or deepened. The district local boards of Bijápúr and Kolába paid Rs. 20,000 and Rs. 1,500 respectively to the Bijápúr and Alibág municipalities for the improvement of the water-supply of those towns. In the Central Division the local boards of Ahmednagar, West Khándesh, Násik, Poona and Sátára spent less than last year on water-supply. All these boards have large excess balances, and in the absence of explanation this reduction of expenditure on so important an object appears unsatisfactory. Government consider that the improvement of village water-supply is an important duty of local boards and a direct means of promoting sanitation and of securing the welfare of the rural population.

11. The table appended to this resolution shows the opening and closing balances of the boards of the different districts in each division. The closing balances of the boards in the Presidency amounted to Rs. 29½ lakhs against Rs. 28½ lakhs in the preceding year. The balances were generally in excess of the prescribed minima. The total accumulation in the Northern Division increased during the year from Rs. 7,70,000 to Rs. 8,30,600, the prescribed minimum balance for the division being Rs. 1,99,000. In the Central Division the total closing balance rose from Rs. 8,46,000 to Rs. 9,72,000, the minimum in this case being Rs. 2,39,600. In the Southern Division the total of the closing balances, though still much in excess, has fallen by Rs. 31,000. A similar reduction in Sind by about Rs. 96,000 is satisfactory, though the total closing balance is still nearly ten times the prescribed minimum. It is reported that a considerable proportion of the outstanding balances belongs to the Educational Fund. Scarcity of labour and the consequent difficulty in completing works in time are reported to be partly responsible for the inflated balances of some boards. The remarks made by the Collector of Thána regarding the excess balance in that district may well be regarded as of general application. That officer observes :—

“The fact that the balances of the boards are so high is not due to any desire on their part to lay up funds for future contingencies or for any defined programme of works,

but to a very large extent simply to the fact that the works budgetted for have not been carried out. . . . This inability to carry out the programmes is largely due to the fact that the executive is understaffed. This is a matter which the boards will have to take up seriously in the near future. The dearness and scarcity of labour is alleged as a reason for the failure to complete the budgetted works. But this only means that the boards are unwilling to pay wages on a scale likely to attract men to their works."

12. The works committees which have been formed in many districts are, with some exceptions, reported to have taken a fair amount of interest in their duties. Rules for the guidance of these committees are being framed and have already been adopted by some of the boards.

13. The general administration of the local boards was on the whole satisfactory. In Sind the boards are reported to have done much good work in improving the conditions of rural life, and no doubt the same can be said of the boards generally. But lack of interest on the part of the non-official members is the almost universal comment. The Governor in Council hopes that the new rules for the guidance of works committees, if properly applied, will effect some improvement in this respect. Control both of funds and correspondence must necessarily remain largely in the hands of Government officers, as the unofficial members rarely have any extensive acquaintance of a district or even of a single táluka. This and the fact that so large a proportion of the boards' funds are absorbed by such objects as education, establishments and upkeep which are entirely under Government control, while the openings for improving the revenue are so restricted, account to a certain extent for the non-official apathy so generally noted towards local fund administration. In one district it is proposed to stimulate interest by encouraging local press reporters to attend the board meetings, a suggestion which might well be adopted elsewhere. The Governor in Council is desirous that every effort should be made to enlist the intelligent co-operation of the non-official members. To this end full facilities should in particular be afforded them for acquainting themselves with the questions coming up for discussion by the boards and with the plans and estimates of the boards' works whether only sanctioned or in actual progress.

More extended communications and the improvement of the village water-supply continue to represent the principal needs of the areas administered by the boards. The latter necessity is urgently felt in certain tracts of the Northern Division and in the above-ghaut villages of Kánara. The administration of the Dhárwár táluka local board, which was superseded in 1910, is now in the hands of the Mámldár and the Assistant Collector. The remarks made by the Collector of Ratnágiri regarding the decay and the possibility of a revival of the old village system are of sufficient interest to merit quotation :—

"Owing to the weakening of the village system, villagers have got into the habit of doing nothing for themselves and looking with folded hands to Government or the Local Board to do everything, such as putting up petty bridges, repairing petty village roads, all of which works they used to do in their spare time and at their own cost twenty years ago. I am reviving the old system. Vice-Presidents, Mámldárs and other influential persons are asked to persuade villagers to do these works. It will take some time to revive the old system, but a beginning has been made. In course of time this policy should bring about the construction and maintenance by villagers of a net-work of cart-roads, one of the greatest needs of the district, giving access to most villages. It would be excellent if this system which is natural to the country were made universal to the Presidency. Villagers have plenty of spare time. The result is that local board revenue hitherto wasted largely on petty works will be made available for major and important works."

14. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and other officers and Departments concerned.

J. L. RIEU,
Secretary to Government.
