READ—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the working of Municipalities in the Bombay Presidency during the year 1903-1904.

RESOLUTION.—During the year 1903-1904 the total number of Municipalities decreased from 166 to 165. Out of these 14 are City Municipalities and the rest Town Municipalities.

2. It appeared from last year's reports that the final figures of the Census of 1901 had already been taken into account, but a slight increase in population in the Northern Division is attributed to their adoption. The decrease in the Central Division is due to corrected figures in the Khándesh District. The boundaries of the Amalner, Byadgi and Karáchi Municipal Districts were extended and a hamlet was excluded from the limits of Od.

3. The constitution of several Municipalities was altered during the year with a view to bring it into conformity with the provisions of Section 10 of Act III of 1901. In the Northern and Southern Divisions all Municipalities have now been so constituted, some of them with effect from the current year. Triennial elections were held in a large number of Municipalities.

4. The main sources of revenue are octroi and taxes on property. Octroi schedules were revised in several Municipalities to give effect to the rates prescribed by the Government of India. At Gogha a light property tax and at Rajápur a conservancy cess were introduced; the house-tax in the Sátára Suburban Municipality was nearly doubled and the house-tax at Yaval, the water-tax at Dhulia and the tax on animals and vehicles and tolls at Hubli were revised. In Gadag-Bettigeri the rules relating to toll and wheel-tax were revised as it was found that toll was being levied on carts subject to wheel-tax. The conservancy cess levied by the Sátára Suburban Municipality was abolished, and the levy of the temporary increase of 25 per cent. in the house-tax by the Uran Municipality to liquidate its plague loan was discontinued. In Karáchi the house and water-taxes and the special water-supply charges introduced to meet plague expenditure in January 1899 were abolished with effect from the 1st April 1903.

5. The total gross income of the Municipalities during the year under review was Rs. 71,04,115 against Rs. 67,16,475 in the preceding year. Exclusive of the receipts under "Extraordinary and Debt," the net revenue amounted to Rs. 61,09,925 against Rs. 59,84,404. The net increase is made up of Rs. 1,53,387, Rs. 2,19,040 and Rs. 8,072 in the Northern, Central and Southern Divisions, respectively, counterbalanced by a decrease of Rs. 3,08,901 in Sind. This latter sum, however, does not indicate a reduction of revenue by that amount; an explanation will be found in subsequent paragraphs.

The following table shows the totals under the various heads :—

	1903-1904.	1902-1903.	Increase or decrease.
(1) Municipal rates and taxes—			
(a) Octroi ... ..	26,96,049	26,15,682	+ 80,367
(b) Tax on houses and lands ... ..	7,05,213	6,87,037	+ 18,176
(c) Tax on animals and vehicles ... ..	1,19,544	1,06,838	+ 12,706
(d) Tax on professions and trades ... ..	15,068	15,419	— 431
(e) Tolls on roads and ferries ... ..	2,68,549	2,28,326	+ 40,323
(f) Water rate ... ..	4,60,914	4,54,002	+ 6,912
(g) Lighting rate ... ..	154	293	— 139
(h) Conservancy (including scavenging and latrine rates) ... ..	3,36,504	3,15,278	+ 21,226
(i) Others ... ..	1,81,598	99,512	+ 32,086
(2) Realizations under special Acts ... ..	30,026	26,089	+ 3,937

(5) Miscellaneous ... ..	93,878	1,62,447	— 68,569
(6) Extraordinary and Debt ... ..	9,94,190	7,32,071	+ 2,62,119

6. The total receipts from Municipal rates and taxes showed an increase of Rs. 211,227 to which all important sub-heads have contributed. The net receipts from octroi rose in the Presidency proper by Rs. 44,074, Rs. 55,850, and Rs. 32,182 in the Northern, Central and Southern Divisions respectively. The improvement is attributed to better harvests and more active trade and in the Southern Division to effective supervision of traffic. Revision of schedules in Dhulia, Poona City and Dhárwár, and large recoveries of arrears in Sátára also contributed. At Uran the difference between the figures of the two years is due to their representing 12 and 6 months receipts. The Municipalities of Rájápur, Bijápur and Ilkal show decreases owing to the prevalence of plague and the consequent depression of trade. In Sind is found a decline of Rs. 1,00,993 in gross octroi revenue attributed to the reduction of octroi rates to the standard prescribed by the Government of India, but a rise of Rs. 1,03,365 in net revenue which is reported to be due to the much more favourable character of the season than the one that preceded it. This large increase, however, is found almost entirely at Karáchi. A few other towns contributed, Sukkur being the most prominent. The fall in octroi revenue in Rato-dero from Rs. 7,060 to Rs. 3,298 deserved some explanation.

7. The receipts from taxes on houses and lands increased in the Presidency proper by nearly Rs. 85,600. The increase in most cases is due to the collection of arrears for past years. In Bándra the increase of Rs. 7,130 was due to the recovery of the tax for the whole year at  $5\frac{1}{2}$  per cent. instead of at 4 per cent. In Sind the collections show a decrease of Rs. 67,660 in Karáchi and Sukkur Municipalities. In the former the collections in 1902-1903 were made for 15 months in order to substitute the official for the calendar year, while in the latter the previous year's receipts were swelled by the recovery of arrears.

8. There was an increase of Rs. 12,706 in the collections under the tax on animals and vehicles mainly in the Northern Division and in Sind. In the former it was due to the arrears and current dues being systematically collected and in the latter to the Karáchi Municipality having substituted the official for the calendar year for the collection of taxes.

9. The income from tolls on roads and ferries shows a net increase of Rs. 40,323, which occurred in the Presidency proper. It is mainly due to brisker trade owing to good harvests and is noticeable at Virangám, Broach and Surat in the Northern Division, Jalgaon, Násik and Bári in the Central Division and Hubli, Gadag and Athni in the Southern Division. The larger demand for cotton is specially mentioned in the Southern Division reports, and it seems probable that the heavy cotton crop and its high price were the principal factor in all the towns above mentioned.

10. The net increase under water-rate amounts to Rs. 6,912. At Kurla and Bándra in the Northern Division the receipts amounting to Rs. 47,554 were shown under a different head in 1902-1903. There was actually a falling off in collections. In Ahmedabad, Surat and Thána more numerous water connections account for the rise in receipts. In the Southern Division the increase at Hubli is not explained while that at Panvel was due to collections of arrears. In Sind the decrease of Rs. 57,028 is stated to be due to the abolition of the "plague" water-rate formerly levied by the Karáchi Municipality, though the receipts from the ordinary water-rate were better, and also to the fact that in the previous year the receipts of the Hyderabad Municipality were swelled by the collection of arrears.

11. The receipts from conservancy cess rose from Rs. 3,15,278 to Rs. 3,36,504. At Ahmedabad, Virangam, Surat, Násik, Málegaon and Poona arrears were recovered and at Bándra the tax was enhanced by 50 per cent. with effect from January 1903.

12. Other taxes show an increase of Rs. 32,086, which is shared in by the Northern and Central Divisions. Out of this amount over Rs. 20,000 were due to the larger attendance of pilgrims at Dákore, Pandharpur and Násik especially and Rs. 1,100 were recovered from the tax for the removal of sullage water at Ahmedabad. The increase of over Rs. 5,000 from registration fees in the Poona Municipality is attributed to improvements in the local trade. The rise from

Rs. 1,011 to Rs. 5,981 under the head of plague tax at Násik should have been explained.

13. The increase of Rs. 3,937 under realizations under other acts which occurred mainly in the Central Division and in Sind calls for no remarks.

14. The revenue derived from Municipal property and powers apart from taxation rose from Rs. 7,11,306 to Rs. 7,91,230, the increase being shared by Sind and the Northern and Central Divisions. As regards rent of lands, houses, etc., there was a decrease of Rs. 2,408 in the Northern Division mainly at Ahmedabad due to the falling off in the rents of shops. The Southern Division shows a reduction of Rs. 1,235 in Bijápúr and Kánara. The decrease nearly of Rs. 2,500 in Sind under this sub-head is not explained. Sale-proceeds of land, etc., show an increase of Rs. 1,037 at Surat. The Bijápúr Municipality is mainly responsible for a decrease of Rs. 3,249 in the Southern Division where sales were effected in 1902-03. In Sind the receipts of the Hyderabad Municipality under this head increased by Rs. 15,214, owing to the demand for better ventilated and open sites for houses. In the Larkána District however the revenue from this source was Rs. 7,325 less than the previous year when the Larkána Municipality realized Rs. 5,000 by the sale of some old buildings. Conservancy receipts other than rates, etc., rose from Rs. 58,368 to Rs. 1,05,642 in the Central Division, but most of this is due to the adjustment of the Government grant of Rs. 40,000 to the Sholápúr Municipality. In other districts the increase is ascribed to better prices fetched by the sale of night-soil and street-sweepings. Fees and revenues from educational institutions improved by Rs. 1,558 at Surat owing to the introduction of higher fees in primary schools from 1st April 1903. No explanation has been given for the increase of over Rs. 3,000 at Hubli under this head. The fees and revenues derived from medical institutions increased by Rs. 3,245 in the Thána, Kalyán and Kurla Municipalities on account of transfer of dispensary funds to those Municipalities. In the Central Division a net increase is found of over Rs. 3,500 under fees and revenues from markets and slaughter-houses mainly in the Poona District. Notice and warrant fees rose by Rs. 2,095 principally at Ahmedabad and Surat. A rise of over Rs. 1,300 occurred under the head of fines under Municipal and other Acts. At Ahmedabad the fall of Rs. 2,300 in the same head does not imply a relaxation of vigilance as such fines are credited to Government and the balance is paid over to the Municipality at the end of the year after deducting salary of the stipendiary Magistrate. A reduction of over Rs. 5,000 in Bundar fees occurred at Sukkur.

15. The total of the head "Grants and contributions for general and special purposes" fell from Rs. 5,62,096 to Rs. 4,61,097, but the grants for general and educational purposes were higher than in 1902-1903, and the difference is mainly due to a special grant of Rs. 1,67,000 for plague expenditure made to the Karáchi Municipality in 1902-1903 and a remission of Rs. 17,000 to the Hyderabad Municipality out of a loan taken for the same purpose. The grants from Government for educational purposes increased by Rs. 50,789, as, in accordance with Government Resolution No. 1749, dated the 29th August 1903, the rate of provisional contributions to Municipalities in aid of primary education was enhanced from one-third to one-half of the total expenditure with effect from 1st October 1903. Government grants-in-aid were given to three new dispensaries in the Northern Division, Thána District. Local Fund grants towards educational purposes fell from Rs. 23,017 to Rs. 18,725 in the Central Division owing to the absence in the year under review of certain special payments made in the previous year. In Sind the Municipalities of Mithi and Jacobabad each received a special grant of Rs. 6,000 from their District Local Boards to enable them to build new school-houses. In the Northern Division the net decrease of Rs. 6,695 in grants and contributions from other sources for general purposes is mainly due to a donation made in the previous year to the Bhiwandi Municipality.

16. The income under "Miscellaneous" decreased from Rs. 1,62,447 to Rs. 93,878, mainly in the Northern and Central Divisions, in the former of which the receipts on account of water-rate at Kurla and Bándra were shown under this head in the preceding year.

17. Of the total income Rs. 47,33,693 were realized from Municipal rates and taxes as against Rs. 45,22,466 in the previous year, indirect taxation yielding Rs. 26,96,049 or 56·9 per cent. and direct taxation Rs. 20,37,644 or 43 per cent. as compared with 57·8 and 42·1 respectively in the preceding year.

18. The incidence of taxation per head of population has fallen from Rs. 1-14-5 to Rs. 1-10-7 and the incidence of income from Rs. 2-13-2 to Rs. 2-3-10. Karáchi has again the highest rate of taxation (Rs. 5-7-11) and Ashta the lowest (Rs. 0-2-7).

19. The gross receipts from octroi duty amounted to Rs. 26,96,049 against Rs. 26,15,682 in the preceding year, while the net receipts amounted to Rs. 18,38,613 against Rs. 15,76,242. Statement No. IV appended to this

*Grain.*—Ahmednagar, Jalgaon, Násik, Bársi, Karmála, Tando Mahommad Khán, Mirpur Khás, Garhiyasín.

*Sugar.*—Dholka, Anklesvár, Bassein, Baramati, Gokák, Hubli, Vengurla, Tando Mahommad Khán, Rato-dero, Tando Allahyar, Lárkána, Mirpur Khás.

*Ghee.*—Tatta, Tando Mahommad Khán, Tando Allahyar, Shikárpur, Mirpur Khás.

*Oils of sorts.*—Dholka, Sangamner, Sásvad, Indápur, Talegaon Dábháde, Bársi, Belganm, Athni, Mahád, Ketibundar.

*Drugs.*—Nandurbar, Bársi, Navalgund, Mahád, Sukkur.

*Tobacco.*—Bassein, Nipáni, Vengurla, Tando Mahommad Khán, Tando Adam, Kambar, Bubak.

*Cloth.*—Bársi, Tando Mahommad Khán, Tando Adam, Hála, Tando Allahyar, Kambar and Mirpur Khás.

*Metals.*—Dhulia, Násik, Tando Adam.

Resolution shows under what classes the standards of consumption prescribed by Government were exceeded. Very few Municipalities in the Northern Division have exceeded the prescribed standards under the various heads. In the other divisions several Municipalities have proved defaulters and those that have done so to a considerable extent are mentioned in the margin. The explanations given are the consumption of commodities by villagers in the vicinity of market towns without claiming refunds, exportation of imported articles in altered form, larger imports on account of marriages, fairs and temporary rise of population owing to plague in the neighbourhood, impossibility of disposing of the year's import during the same year, fall in the prices of articles leading to smaller exports, etc. In certain cases steps are being taken to have the schedules amended and elsewhere proposals for lowering the minimum of refunds are under consideration. Model rules for the levy and refund of octroi duty are at present under the consideration of Government.

20. The total expenditure of Municipalities in the Presidency was Rs. 68,04,992 against Rs. 66,49,308. Excluding "Extraordinary and Debt," the expenditure amounted to Rs. 58,03,053, showing an increase of Rs. 75,689 over the preceding year's figure (Rs. 57,27,364). The fluctuations in the various heads of expenditure will be seen from the following table:—

	1903-04.	1902-03.	Increase or decrease.
	Rs.	Rs.	Rs.
General administration and collection charges ...	14,15,951	15,88,306	—1,72,355
Public safety ...	2,53,372	2,31,722	+21,650
Public health and convenience ...	29,73,510	27,38,605	+2,36,935
Public instruction ...	7,99,723	7,45,904	+53,819
Contributions ...	36,373	35,006	+1,367

	85,89,419	81,25,904	4,63,515

21. The expenditure on account of general administration fell from Rs. 15,88,306 to Rs. 14,15,951. This includes however octroi refunds, the amount of which fell from Rs. 10,45,971 to Rs. 8,63,013. The reduction in octroi refunds belongs to Sind, where the revision of octroi schedules and

extension of bonded warehouses and other causes effected a reduction of the refunds by Rs. 1,98,819 mainly in Karáchi, Hyderabad, Sukkur, Jacobabad and Lárkána. In the Northern Division there was an increase in octroi refunds of Rs. 4,826 chiefly at Ahmedabad, Nadiád and Surat. In the Central Division there were refunds of water and conservancy taxes in Dhulia necessitated by the evacuation of the town during the epidemic of plague. In the Southern Division the Hubli Municipality paid off all outstanding claims for octroi refund during the year under report. Excluding refunds, there is little to be commented on under this head. In the Northern Division there was a net increase of Rs. 10,581 under the head of general administration. This is chiefly found in Ahmedabad, where an encroachment Inspector was appointed and the tax collection establishment was revised. The fluctuations elsewhere are of no importance.

22. The increase of expenditure under the head of Public Safety is due in many cases to the higher cost of kerosine oil for lighting, to the provision of incandescent lamps at Bándra, and new lamps at Hyderabad. New fire engines were purchased at Viramgám, Ankleshvar, Pandharpur and Karmála. The higher charge of nearly Rs. 1,000 for Police in the Poona Suburban Municipality is not explained.

23. The total expenditure under Public Health and Convenience increased from Rs. 27,36,605 to Rs. 29,73,540, the difference being mainly contributed by additional expenditure on water-supply Rs. 4,000, drainage Rs. 1,81,438, markets and slaughter-houses Rs. 10,000 and arboriculture Rs. 4,000 and less on conservancy (Rs. 20,515), hospitals and dispensaries (Rs. 68,247), public works over Rs. 10,000 and on plague measures.

24. *Water-supply.*—Capital outlay on water works was limited to a few towns. Kurla and Bándra in the Northern Division spent over Rs. 15,000 in this manner, Poona over Rs. 10,000 and Karáchi Rs. 9,000. The fluctuations in establishment and repair charges are unimportant.

25. *Drainage.*—The only capital expenditure worth notice was at Ahmedabad where it amounted to Rs. 3,29,978 as against Rs. 1,33,556 in the preceding year. The expenditure in Poona, which has not been repeated, was explained last year.

26. Conservancy charges show a net decrease of Rs. 7,692 in the Northern Division. In Surat a saving of Rs. 4,716 was due to the abandonment of a distant night-soil depôt. The Central Division shows an increase of nearly Rs. 12,000 mainly in the Dhulia and Poona Municipalities. In the Southern Division the increase of Rs. 4,393 was chiefly contributed by the Municipalities of Dhárwár and Hubli. In Sind a substantial saving of Rs. 12,935 was effected by the Karáchi Municipality in the purchase of fodder for bullocks and last year's figures in Hyderabad were swelled by charges for plague and cholera erroneously shown under this head.

27. The charges under Hospitals and Dispensaries fell from Rs. 3,78,345 to Rs. 3,10,099, but the preceding year's figures include Rs. 1,10,040-12-3 on account of plague charges which have been shown separately in the year under report. On the whole the expenditure under this head is higher in all Divisions.

28. The expenditure on markets and slaughter-houses (Rs. 53,051) increased by Rs. 10,253, which is shared in more or less by all the Divisions. At Ahmedabad new market stalls were erected, at Hubli a new market was built and at Belgaum five Municipal shops were rebuilt which had been burnt down.

29. Arboriculture shows an increase of nearly Rs. 5,000 out of which Rs. 3,126 were spent at Ahmedabad in laying out the Victoria Memorial Garden at that place, and nearly Rs. 2,000 at Karáchi.

30. Under "Public Works Buildings" there is a net increase of Rs. 23,354. The entire expenditure in the Southern Division under this head amounted to only Rs. 3,278. In the Northern Division expenditure was incurred on the following works: at Ahmedabad on an extension of the office of the Health Officer; at Broach in rebuilding portions of the town wall; at Ránder on the construction of a new Municipal office; and at Bulsár in completing a

new school house. In the Central Division an increase of nearly Rs. 5,000 occurred chiefly at Baramati and Sholapur. In Sind there was an increase amounting to Rs. 18,837 at Karachi. Among other public works there a new dispensary building was constructed; and 5 grain godowns at Larkana.

31. The expenditure on roads decreased from Rs. 4,88,306 to Rs. 4,52,510; in the Central and Southern Divisions Rs. 12,000 and Rs. 9,000 more were spent, and Rs. 10,000 less in the Northern Division, and in Sind Rs. 45,580 less. In the Northern Division the decrease of Rs. 10,140 occurred principally at Broach, Surat and Bāndra where fewer new roads were constructed and less was spent on repairs than in the previous year. The repairs to roads at Bāndra, Virangām and Dobad were more extensive than usual. In the Central Division there was an increase of nearly Rs. 12,000 participated in by the Ahmednagar, Nāsik, Baramati, Sholapur and Pandharpur Municipalities. In the Southern Division the expenditure rose by Rs. 8,765 mainly in the Dhārwar District. In Sind the decrease is due to the extensive road repairs necessitated at Karachi in the preceding year by two cyclones. The difference between the amount of revenue derived from tolls and taxes on animals and vehicles, and the sums spent on road improvement, is very large in several Municipalities, and the attention of the Commissioners is being invited to it.

32. The expenditure on plague increased by nearly Rs. 11,000. Out of the total of Rs. 1,33,975, Rs. 86,938 was incurred in the Central Division, an increase of Rs. 10,000, and a large proportion of that in the Sholapur District. In the Sholapur Municipality itself the charges were higher by Rs. 18,000 and in Ahmednagar by Rs. 7,000. In the Southern Division the Bijapur Municipality was attacked by plague for the first time, and a large outlay was incurred on protective measures. The plague charges in the Northern Division were small and were mostly incurred at Ahmedabad. At Karachi and Tatta in Sind the expenditure fell by nearly Rs. 5,500, while in the Hyderabad, Sukkur and Larkana Districts there was a total increase of over Rs. 3,500.

33. The charges on account of Public Instruction rose from Rs. 7,45,904 to Rs. 7,99,723 and the rise is noticeable in all Divisions. In the Northern Division the decrease of Rs. 13,344 at Mahudha is due to the fact that expenditure was incurred in the preceding year on the vernacular school. New schools were opened at Kaira, Umreth and Surat. The Central Division shows a net increase of Rs. 18,000 which is participated in by all districts, and was due among other causes to the opening of additional schools in certain localities, to heavier outlay on repairs to school buildings and to the purchase of books and appliances. The decrease of over Rs. 10,000 under contributions chiefly occurring at Lonāvla and Sholapur is not explained. In the Southern Division there was an increase of Rs. 14,400 which was shared in by all districts except Belgaum and Bijapur. In Dhārwar the large increase of Rs. 11,390 was due to the opening of the Hubli High School, and the consequent increase of the staff there as well as in the other primary schools at that place, and to the purchase of kindergarten and other articles for object lessons at Gadag-Bettigeri and Dhārwar. In Sind the high expenditure under this head is explained by the expenditure of Rs. 14,959 by the Jacobabad Municipality on account of a school building and the purchase by the Mithi Municipality at a cost of Rs. 3,584 of materials for a new school house which will possibly be completed during the current year. The percentage on the total expenditure, excluding extraordinary items, of the expenditure on Public Instruction was 12·3, 17·2, 26·2 and 9·1 in the Northern, Central and Southern Divisions and Sind respectively, a slightly higher percentage everywhere except in the Northern Division.

34. Contributions for general purposes rose by nearly Rs. 2,000 in the Northern Division owing to the fact that the Bassein Municipality collected from the Kolis and paid into the Bassein Sub-treasury to the credit of the District Local Board a sum of Rs. 1,500 for the construction of the Koli Bridge and supplemented the payment by a grant from its own funds of Rs. 500.

35. Under Miscellaneous the expenditure decreased from Rs. 3,89,822 to Rs. 3,24,092 and the decrease is shared in by all Divisions. In the Northern Division the net increase in the sub-head "Interest on loans" (Rs. 3,474) is due

to the additional loan of Rs. 2 lakhs raised at Ahmedabad in the preceding year for the extension of its drainage system.

36. Under "Extraordinary and Debt" the charges increased from Rs. 9,21,944 to Rs. 10,01,939 and the increase occurs in all Divisions. In the Northern Division the increase of Rs. 40,000 in investments and Rs. 4,766 in payments to sinking funds is contributed entirely by the Ahmedabad Municipality. The Bándra Municipality has paid off the last instalment of its plague loan and the Bhiwandi Municipality has become free from debt during the year. In the Central Division the repayment of loans by the Ahmednagar, Dhulia, Násik, Poona City, Sirúr, Talegaon Dábláde, Sátára City, Karád and Sholápur Municipalities accounts for the increase under this head. In the Southern Division a decrease of Rs. 3,863 occurs under repayment of loans and an increase of Rs. 4,242 under deposits. The smaller repayments of loans were mainly due to the absence of any such expenditure in the Belgaum Municipality, and inquiries are being made why the instalment due on account of the plague loan was not paid. In Sind there was a net decrease of Rs. 79,936. An increase of Rs. 13,560 under investments represents the amount credited by the Hyderabad Municipality to its reserve fund opened two years ago for funding the proceeds from sales of land which is intended to be utilized in repayment of loans or in reproductive public works. The decrease in the payments to sinking funds is due to the Karáchi Municipality having reduced its annual payment from Rs. 32,500 to Rs. 20,000 as the latter sum was found sufficient to meet their loan liabilities as they fall due. The large difference under the head "Repayment of loans" also occurs in this Municipality.

37. The closing balances of Municipalities in the Presidency rose from Rs. 14,76,595 to Rs. 17,84,429.

38. The net aggregate liabilities of the several Municipalities in the Presidency on account of loans amounted to Rs. 43,26,794 which was distributed in the several Divisions as follows :—

	Rs.
Northern Division ... ..	21,10,239-15-5
Central Division ... ..	8,22,029
Southern Division ... ..	3,88,506
Sind ... ..	10,06,019

39. Small plots of Municipal land were sold in many Municipalities for additions to existing buildings, &c.; the Municipality of Hyderabad realized substantial amounts by sales of land on the outskirts of the town for building purposes. Land was purchased to provide sites for Municipal schools in a few towns, for providing quarters for Municipal servants and open spaces, and strips were acquired for widening roads. Land and buildings for school purposes were provided in a few instances by private donors, and in others were handed over to Municipalities by Government and Local Boards for public purposes on the usual conditions.

40. The accounts of 22 Municipalities in the Northern Division, of all Municipalities in Sind, and of the Malcolmpeth Municipality were audited by the Accountant General. In the remaining Municipalities in the Northern Division stipendiary auditors were employed, and in the Central Division in addition to such auditors Municipal Councillors and Honorary Auditors audited the Municipal accounts. No serious irregularities were discovered. The accounts of the Municipalities of Betavad, Pandharpur, Wái, Mhaswad, Hubli, Nargund, Ilkal, Alibág and Panvel and of all the Municipalities in Kanara except Bhatkal, Sirsi and Ulvi were not audited, and orders have been issued to have them examined at an early date.

41. The general rise in Municipal balances throughout the Presidency indicates that on the whole the year has been favourable with reference to Municipal revenues. In parts of the country, more especially in towns in the Central Division, the plague epidemic interfered with administration, and it was found difficult even to provide funds for ordinary requirements. The financial

position of several Municipalities has been under the notice of Government and relief by means of loans, grants-in-aid and remission and reduction of interest has been given.

42. Ahmedabad is the only Municipality which has any large work in hand. The drainage of the town is progressing. A loan has recently been obtained by Karachi to extend the Shone system there and in Poona a scheme for drainage is becoming annually a more pressing necessity, which is fully recognised by the Corporation. His Excellency the Governor in Council is glad to observe that municipal administration has been pronounced upon favourably by the Commissioners; there are exceptions, but it is unnecessary to single out particular bodies for unfavourable comment. His Excellency will merely express a hope that the factiousness and jealousies which are said to retard progress in more than one town and city of importance will give way to a spirit of earnest endeavour for the public good, which he is gratified to find is displayed in many of the Municipalities of the Presidency.

43. Copies of the Resolution should be submitted to the Secretary of State, and the Government of India, and should be forwarded to Commissioners and Collectors and other Officers and Departments as usual.

J. SLADEN,  
Acting Secretary to Government.
