

RESOLUTION

REVIEWING THE

REPORTS ON MUNICIPAL TAXATION AND EXPENDITURE

IN THE

BOMBAY PRESIDENCY (INCLUDING SIND),

FOR THE YEAR 1906-1907.

(Including Statistical Statements Nos I to IV prepared by the
Municipal Commissioner for the City of Bombay.)

BOMBAY

PRINTED AT THE GOVERNMENT CENTRAL PRESS

1906

READ—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the working of Municipalities in the Bombay Presidency during the year 1906-07.

RESOLUTION.—During the year under review the Máyni Municipality in the Sátára District was abolished. The number of City and Town Municipalities in the Presidency was thus reduced to 14 and 147 respectively. There are seven notified areas.

2. The population of the Municipal Districts decreased by about 3,000, owing to the abolition of the Máyni Municipality. The limits of the Nandurbár, Málegaon and Bijápur Municipal Districts were slightly extended during the year.

3. The only change in the constitution of Municipalities was the raising of the number of Councillors at Bhatkal in the Kánara District from 10 to 12.

Triennial elections were held in many of the Municipalities, the terms of office at Kaira and Nadiád being extended by one year to permit of the revision of election rules and the reconstitution of the wards. In some of the larger Municipalities a fair interest was taken in the contest, 19 candidates appearing for 12 seats in Broach where 80 per cent. of the electors voted, and over 60 per cent. of the voters exercised their right in Ahmedabad.

4. The sources of revenue are unchanged. In the Northern Division, the Ahmedabad and Surat Municipalities revised their octroi schedules, the Máhim Municipality enhanced the rate of house-tax, the Kaira Municipality abolished the halálkhor cess, and the Kalyán Municipality abolished a tax on animals which had been levied since 1866. In the Central Division, the Ahmednagar Municipality revised the rates of house-tax and conservancy cess and imposed octroi on foreign sugar. The house-tax was also revised at Sháháda. The Násik Municipality abolished the plague tax, the Sátára City Municipality abolished the octroi duty on cloth, and the Bhingár Municipality increased the rates of water-tax. In the Southern Division, a special and general sanitary cess was introduced in the Bijápur and Uran Municipalities. In Sind, the Rato-dero Municipality revised their rules for the levy of halálkhor cess and several Municipalities revised their octroi schedules.

5. The aggregate gross income of the Municipalities during the year under review was 71½ lákhs compared with 70½ lákhs in the preceding year. Eliminating the receipts under "Extraordinary and Debt", the net revenue amounted to 61½ lákhs compared with 58 lákhs in 1905-06. The following table shows the noteworthy variations under each head of receipt:—

	1906-1907.	1905-1906.	Increase.	Decrease.
	Rs. in thousands.	Rs. in thousands.	Rs. in thousands.	Rs. in thousands.
(1) Municipal rates and taxes.—				
(a) Octroi (net receipts, <i>i. e.</i> , less refunds) ...	21,96	19,80	2,16
(b) Tax on houses and lands ...	7,25	7,35	10
(c) Water-rate ...	6,00	5,71	29
(2) Revenue derived from Municipal property and powers apart from taxation ...	10,52	9,37	1,15
(3) Grants and contributions for general and special purposes.	5,52	5,69	17
(4) Extraordinary and debt ...	9,76	12,44	2,68

6. The octroi receipts decreased in the Central Division by Rs. 65,700 and in the Southern Division by Rs. 30,000 owing to the prevalence of plague and famine and the consequent decline of trade. In the Northern Division the income from octroi increased by Rs. 32,000, and in Sind the increase amounted to nearly Rs. 2,79,000, 75 per cent. of which was received by the Karachi Municipality and was due almost entirely to the increase in the export trade of that port. The income of Karachi from this source was favourably affected by the Municipality taking over the work of collecting octroi on rail-borne goods.

7. The fluctuations in receipts from house and land taxes were unimportant. The increase in the income from water-rate (Rs. 29,000) mainly occurred in the Northern Division and Sind. In the former the receipts exhibited an excess of Rs. 12,000 contributed by the Surat, Thana and Bāndra Municipalities mainly as a result of the increased demand for water connections and the recovery of arrears. In Sind there was an increase of Rs. 18,000 in the Karachi Municipality, due not only to increased consumption of water but to the payment by the North-Western Railway of the enhanced rate of 9 annas per 1,000 gallons from 1st June 1906.

8. The revenue derived from Municipal property and powers apart from taxation rose by Rs. 1,16,000. Eighty per cent. of this increase occurred in Sind, and was due to the fact that the receipts from the "sale-proceeds of lands, etc." in the Hyderabad Municipality rose by one lakh in response to a keen demand for sites. The receipts under "sale-proceeds of lands, etc." increased by Rs. 7,000 in the Northern Division and Rs. 5,500 in the Central Division. In the former, the increase occurred in the Municipalities of Ahmedabad and Surat, and in the latter, in those of Dhulia, Pandharpur and Sholapur. In the Central Division, higher bids for stalls in Dhulia and better arrangements for the recovery of rents on weekly bazar days in Shirpur and Nandurbar resulted in an increase of Rs. 5,000 under fees from markets and slaughter-houses.

9. Grants and contributions for general and special purposes decreased by about Rs. 26,000 in the Northern Division and Rs. 40,000 in the Southern Division, but increased by Rs. 32,000 in the Central Division. The decrease in the Northern Division was due principally to the fact that in the previous year the Municipalities of Bāndra, Bulsar and Dhandhuka had received special building grants from Government. The heavy decrease reported in the Southern Division is also nominal, as in the previous year the Matheran Municipality had received from Government a grant of Rs. 42,055 for general purposes, while during the year under report it received only Rs. 70. The increase in the Central Division is principally due to the receipt by the Dhulia Municipality of a building grant of Rs. 17,000 from Government in connection with certain schools, and a contribution of Rs. 9,500 from the District Local Board towards the cost of filter-beds. The Nandurbar Municipality received a Local Fund grant of Rs. 5,000 in aid of a new dispensary, and the Poona Suburban Municipality received private contributions amounting to Rs. 5,000 for educational purposes. In Sind the increase was almost entirely due to the contribution made by "Sind-work" merchants for a musafarkhana and a reading room in Hyderabad.

10. Of the total income, Rs. 44,33,000 were realised from Municipal rates and taxes compared with Rs. 41,75,000 in the previous year, indirect taxation yielding Rs. 21,96,000 or 49.5 per cent. and direct taxation Rs. 22,37,000 or 50.5 per cent. compared with 47.4 and 52.6 per cent. respectively in the previous year. The incidence of taxation per head of population increased from Rs. 1-12-3 to Rs. 1-14-0, while the incidence of income decreased from Rs. 2-15-7 to Rs. 2-9-8. As in previous years, Karachi has the highest rate of taxation (Rs. 7-14-1) and Ashta the lowest (Rs. 0-0-7).

11. The net receipts from octroi duty amounted to Rs. 21,96,000 compared with Rs. 19,80,000 in the preceding year. There was an increase of nearly Rs. 2,80,000 in Sind and of Rs. 32,000 in the Northern Division, counterbalanced by decreases of Rs. 65,900 and Rs. 30,900 in the Central Division and Southern Division.

respectively. The octroi system generally worked satisfactorily, and refunds are reported to have been promptly paid by the majority of Municipalities. As was remarked last year, Belgaum again is one of the chief defaulters in this respect, having granted only Rs. 12 as refunds. It is stated, however, that the Municipality sacrificed a sum of Rs. 1,300 under the special rule applicable to goods in rapid transit. The amount refunded by the Surat Municipality on goods in transit, *i. e.*, on goods leaving the municipal limits within 24 hours of their entrance, was Rs. 57,590 against Rs. 57,250 in the previous year. The Commissioner remarks that octroi levied on such goods and refunded is not classed in the accounts as octroi revenue and octroi refunds, but is brought to account under the head "deposits," and that the amount so refunded exceeds

* *Grain*.—Ahmednagar, Jalgaon, Násik, Bársi, Bijápur, Karáchi, Tando Muhammad Khan, Tando Alahyár, Tando Adam, Matiári, Shikárpur, Garhi Yásin, Kambar, Rato-dero, Mirpur Khás and Jacobabad.

Refined Sugar.—Ahmedabad, Dholka, Ránpur, Broach, Anklesvar, Bulsár, Jalgaon, Dhulia, Shirpur, Nandurbar, Násik, Pandharpur, Belgaum, Bijápur, Bágalkot, Ilkal, Kumta, Vengurla, Mabád, Panvel, Uran, Keti-Bundar, Hyderabad, Tando Muhammad Khán, Tando Alahyár, Tando Adam, Nasarpur, Matiári, Sukkur, Shikárpur, Garhi Yásin, Rohri, Ghotki, Lárkána, Kambar, Umankot, Mirpur Khás, and Jacobabad.

Unrefined Sugar.—Dholka, Ránpur, Anklesvar, Bassein, Dhulia, Shirpur, Bárámati, Indápur, Belgaum, Gokák, Dhárwar, Hubli, Vengurla, Mabád and Rato-dero.

Ghee.—Nipáni, Tatta, Hyderabad, Tando Alahyár, Tando Adam, Sukkur, Shikárpur and Mirpur Khás.

Oils.—Broach, Jalgaon, Dhulia, Shirpur, Indápur, Bársi, Belgaum, Nipáni, Sirsi, Vengurla, Chiplan, Mahád, and Jacobabad.

Drugs.—Gogha, Jalgaon, Dhulia, Shirpur, Sholápur, Bársi, Pandharpur, Sirsi, Haliyál, Vengurla, Rájápur, Sukkur, Rato-dero, and Jacobabad.

Tobacco.—Bassein, Nipáni, Kambar, Rato-dero, Bubak and Jacobabad.

Cloth.—Ahmedabad, Broach, Anklesvar, Jalgaon, Chopda, Shirpur, Sátára City, Karád, Bársi, Karmála, Belgaum, Hyderabad, Tando Muhammad Khán, Hala, Tando Alahyár, Tando Adam, Nasarpur, Matiári, Garhi Yásin, Lárkána, Kambar, Rato-dero, Umankot and Mirpur Khás.

Metals.—Broach, Nadiád, Jalgaon, Dhulia, Shirpur, Násik, Sátára City, Sholápur, Tatta, Hyderabad, Tando Muhammad Khán, Tando Adam, and Lárkána.

Yásin (51 maunds), Rato-dero (30 maunds) and Shikárpur (23 maunds). As usual the reasons ascribed for the excess are:—the consumption of commodities by the inhabitants of villages in the vicinity of market-towns without claiming refunds, the exportation of imported articles in an altered form, larger imports on account of marriages and the impossibility of disposing of the goods imported during the same year. Government have ordered special investigation into the actual causes of excesses in the case of a few selected Municipalities, and the Commissioner's reports on the subject are awaited.

12. The total expenditure of the Municipalities in the Presidency was 67 $\frac{3}{4}$ lakhs against 80 $\frac{3}{4}$ lakhs in the previous year. Excluding "Extraordinary and Debt," the expenditure amounted to Rs. 56 lakhs showing a decrease of 14 lakhs in the figures of the preceding year. The important fluctuations in the various heads of expenditure are shown in the following table:—

	1906-07.	1905-06.	Increase.	Decrease.
	Rs. in thousands.	Rs. in thousands.	Rs. in thousands.	Rs. in thousands.
General Administration and Collection charges ...	6,38	17,92	11,54
Public Health and Convenience ...	32,47	35,40	2,93
Public Instruction ...	9,70	9,72	2
Extraordinary and Debt ...	11,76	10,85	91

13. The large decrease of Rs. 11½ lakhs in the expenditure on account of general administration and collection charges is due mainly to the elimination from the statement of figures of octroi refunds.
- General administration and collection charges.
14. The total expenditure under public health and convenience (Rs. 32½ lakhs) showed a decrease of 3 lakhs, due mainly to the Karáchi and Ahmedabad Municipalities not requiring so large an outlay on their drainage works as in the previous year.
- Public Health.
15. In the Northern Division, the increase in expenditure on water-supply amounted to Rs. 13,000, including establishment and repairs charges, which is shared chiefly by Ahmedabad, Viramgám, Borsad, Anklesvar, Thána and Bándra. In the Central Division there was a large excess of about Rs. 73,000, including Rs. 4,500 under establishment and repairs charges. The increase occurred chiefly in Dhulia, where filter-beds were constructed, in Jalgaon, where a sum of Rs. 49,000 was spent on the improvement of water-supply, and in Poona City where the Municipality paid Rs. 30,000 to Government for the extra water taken from the Mutha Right Bank Canal. In the Southern Division, the decreases in several Municipalities were due to the fact that extensive repairs were carried out by them in the previous year, whereas no such works were undertaken during the year under review. In Sind there was a decrease of Rs. 12,500 in Karáchi under "Capital Outlay" and increases of Rs. 4,000 and 1,600 in Hyderabad and Sukkur, respectively. The decrease in Karáchi is reported to be due to a large sum having been spent on the Dumlotte well in 1905-1906. The increase of Rs. 10,000 in "establishment and repairs charges" occurred in Hyderabad and Sukkur. The increase in Hyderabad was mainly due to the expenditure of Rs. 10,000 more on fuel and Rs. 4,000 more on repairs to the water-works plant of the Gidu lift, and that in Sukkur to the purchase of machinery and plant costing Rs. 5,000 for the purpose of a workshop for repairs. The decrease of Rs. 9,000 in Karáchi under this sub-head is attributed to good rainfall, which obviated the necessity of any expenditure for pumping water into the Dumlotte well.
- Water-supply.
16. The decrease of about 4 lakhs under this head was in capital outlay, and was shared in equal proportion by the Northern Division and Sind. In the former, Ahmedabad and Nadiád are mainly responsible for the decrease, Nadiád having delayed further progress in its drainage scheme pending the decision of an engineering question, and in the latter Karáchi, which spent only Rs. 1,30,000 on its drainage extension works against Rs. 3,30,000 in 1905-1906.
- Drainage.
17. In the Central Division, as also in the Southern Division, the principle of devoting the whole of the proceeds under tolls and wheel-tax exclusively to the maintenance of roads does not appear to have been strictly followed by many Municipalities. The Collectors concerned have been asked to take steps to ensure stricter compliance with the orders issued by Government on the subject.
- Roads.
18. The cost of Public Instruction was Rs. 9,70,000, which varies little from that incurred in the previous year. The large reduction of Rs. 30,709 in the expenditure under the sub-head "Schools and Colleges" in the Northern Division is accounted for by the fact that in the previous year new school-buildings had been constructed in Dhandhuka and Bándra, special purchases had been made in Viramgám and special repairs undertaken at Godhra. In the Central Division there was an increase of Rs. 7,000 under the same sub-head, which was due to the erection of new school-buildings at Deopur in Dhulia and at Bársi and to promotions to teachers and purchase of extra furniture in Ahmednagar and Násik. There was a marked rise of Rs. 3,000 in the Poona City Municipality, attributed to the fact that the contributions for teachers in primary schools and payment of salaries of temporary teachers due in 1905-06 were disbursed in the year under report. In the Southern Division the fluctuations under the head "Public Instruction", which showed an increase of nearly Rs. 4,000, calls for no special
- Public Instruction.

remarks. In Sind, all Municipalities except those in the Thar and Parkar District increased their expenditure on education, more especially on the provision of school-buildings. The Karachi Municipality contributed Rs. 5,000 towards the Ghulam Husein Khalikdina Hall and Library.

19. The charges under "Extraordinary and Debt" increased by Rs. 91,600, Extraordinary and Debt. Sind alone contributing over Rs. 1,00,000 and the Central Division Rs. 28,000. The increase in Sind of Rs. 92,000 under "Repayment of loans" was due to the redemption by the Sukkur Municipality of 195 debentures of Rs. 500.

20. The result of the year's operation is an increase of Rs. 4,44,000 in the total of closing balances, which increased in the Northern Division and in Sind, but decreased in the Central and Southern Divisions.

21. The net aggregate liabilities of the Municipalities in the Northern Division, Central Division and Southern Division on account of loans amounted to Rs. 25,25,326, Rs. 8,81,623 and Rs. 2,87,534 respectively, equal to nearly half as much again as the annual net income of the Municipalities in the Northern Division and one-half and one-third of that of the Municipalities in the Central and Southern Divisions respectively. In Sind the balance on account of the loans raised by the Karachi, Hyderabad and Sukkur Municipalities stood at Rs. 11,13,833. The total amount repaid during the year by the Municipalities in the Northern, Central and Southern Divisions was Rs. 51,377, Rs. 1,01,061 and Rs. 9,480, respectively, while in Sind the Karachi, Hyderabad and Sukkur Municipalities together repaid Rs. 1,43,000 of their loan debts.

22. In the beginning of the year under report arrangements were made for the audit by the Local Audit Department of the Accountant General's office of the accounts of all Municipalities having an annual income of Rs. 5,000 and upwards. The fees levied for such audit have recently been abolished. In some Municipalities in the Northern Division the audit has fallen into arrears. In the Sholapur District the new audit brought to light several irregularities, including certain defalcations committed by an Inspector and a Karkun at Sangola.

23. The chief Municipal needs are better water-supply, improved drainage, public latrines, school-houses, dispensary buildings, markets, slaughter-houses, etc., progress being delayed generally on account of the want of adequate funds on the part of the Municipalities concerned. His Excellency the Governor in Council trusts that in connection with sanitary improvements, municipal progress will be facilitated by the recent offer of loans, and grants-in-aid up to 50 per cent. of the total cost of the scheme, in deserving cases. The extension of the drainage system is the most urgent need of the Ahmedabad Municipality, where an extension of the water-supply is also called for. The scheme begun in 1905 for the extension of drainage works in the town of Karachi has made rapid progress and should shortly be completed. The Municipality has raised a loan of Rs. 2 lakhs for the improvement of the Ranchore and Machi Miani quarters which should enable substantial progress in this respect to be reported in their next report. The question regarding the improvement of the water-supply of the towns of Sholapur, Bijapur, Dhárwar, Hyderabad and Sukkur is also receiving the attention of the Municipal Boards concerned.

24. The following are the noteworthy features of the administration of the larger municipal towns during the twelve months :—

Ahmedabad.—The elections during the year witnessed a record of votes of over 60 per cent. of the electors. A revised scheme of octroi and tolls was formulated and adopted, the introduction being sanctioned from the commencement of 1907-08. The Municipality received a record income of Rs. 5,65,000, being an increase of Rs. 15,600 on any previous year. The consumption of cloth per head calculated from octroi statistics reached Rs. 20, or five rupees in excess of the Government standard. It should be separately considered whether, in view of the increasing prosperity of the City, the standard of Rs. 15 per head is not too low. The city was provided with a fire-engine during the year. His Excellency the Governor in Council notices with satisfaction that, owing to the careful enquiries conducted by a committee of the Councillors, the house valuation was satisfactorily revised and made to yield a substantial increase of

revenue. The proposal of the Municipality to reduce their $4\frac{1}{2}$ per cent. loan to 4 per cent. by borrowing in the open market has been favourably considered. Important additions were made to the sewage farm by the provision of a septic tank, and extension of the area. An effort was made to combat plague by inoculation; but the number of inoculations (85) was insignificant. The Municipality might with advantage devote their efforts to popularizing this measure.

Broach.—The Municipality expended Rs. 3,500 on a Victoria Memorial Clock Tower. The excess in the average cloth consumption (Rs. 15) over the standard (Rs. 12) again suggests the desirability of a revision in the standard fixed in 1893.

Surat.—The revised octroi rates led to an increase of Rs. 9,800 in octroi receipts. Sales of land were numerous (+ Rs. 6,700). The town benefited during the year by the public spirit of its citizens, of whom Mr. Isabhai Motabhai presented a fire-engine, Messrs. Heptullabhai and Taherbhai Esoofalli Haiderally found the cost of a new park, and Dr. Burjorji Behramji gave the funds for a new dispensary.

Poona.—The revenue was reduced by over half a lakh owing to the ravages of a severe plague epidemic which drove the population outside Municipal limits, and involved the Municipality in a plague expenditure of Rs. 23,000. A substantial sum (Rs. 20,000) was devoted to the much needed widening and straightening of roads in the City.

Sholapur.—The Municipality is already faced with the necessity of adding materially to the existing means of supplying water to the town. The available income was devoted to completing the Victoria Market and to the widening of Municipal roads.

Dhárwad.—A satisfactory reform during the year was the introduction of a scale of notice and warrant fees for failure to pay the house-tax, which led to an increase of Rs. 6,000 in collections. It was also found possible to reduce the Municipal establishment for the collection of the tax on animals and vehicles, while maintaining the receipts at their former level.

Hubli.—The Municipality did useful work in extending the cotton market and providing additional precautions against fire therein. The improvement of the town water-supply and the provision of a drainage scheme are under consideration. A sum of Rs. 10,000 was devoted to much needed improvements in widening Municipal roads.

Karachi.—It is to be observed that of the octroi levied (18 lakhs) over two-thirds ($12\frac{1}{2}$ lakhs) are refunded. The Municipality attempted to deal with plague by the destruction of rats, on which an expenditure of Rs. 10,000 was incurred, but the number destroyed was comparatively insignificant. Funds (Rs. 16,000) have been devoted to road widening, and good progress is reported with the extension of the drainage. A loan for expenditure on further useful work in street improvements has been sanctioned.

Hyderabad.—The water-rate was revised during the year, with satisfactory results. A vigorous demand for sites in the Municipal area brought in over one lakh of rupees for the sale of land. Two citizens, Bhai Hiranand and Vassiamal, presented the town with Rs. 14,000, for expenditure on a Musáfar-khána and reading-room. A sum of Rs. 10,000 was devoted to road improvements.

Shikárpur.—A mosquito brigade was entertained at a cost of Rs. 1,180 to cope with malaria; but the results of their efforts are not reported. A revision in the octroi led to an increase of 16 per cent. in the Municipal income. The Municipal opening balance Rs. 47,000 nearly doubled during the year, leaving a substantial asset to devote to Municipal wants.

25. In concluding this review of Municipal Administration His Excellency the Governor in Council desires to invite the attention of the reviewing officers to the necessity of curtailing their comments on the Municipal Reports, which would equally benefit by some judicious omissions. The object of an annual review is to bring into prominence important changes in the Municipal area, consti-

tution, taxation, revenue and expenditure. It is not necessary to record minute variations or unimportant changes, nor is the normal increase in cost of administration, or of expenditure on education and other legitimate objects of Municipal expenditure ordinarily a fit subject for detailed comment. Such increases are to be expected, and may be ascertained from the tabular statements. It is not desired to lay down a final test for the limit of variation that calls for remarks; but His Excellency the Governor in Council is of opinion that ordinarily a variation of 10 per cent. in any head of receipt or expenditure might well be treated as an insignificant fluctuation, and that individual items of less than Rs. 500 call for no special notice beyond inclusion in the tabular forms. It would be an improvement in Municipal Reports if statements such as "annas 2 were paid for the destruction of snakes" were permanently excluded. Further, His Excellency the Governor in Council desires to impress on all who submit or comment on Municipal Reports that remarks to the effect that the sum spent on refunds was higher owing to more refunds being granted, and that the pilgrim-tax brought in more revenue owing to more pilgrims attending the annual fair, are of little value. Normal fluctuations may be expected; and if no special reason is forthcoming to explain more considerable differences, meaningless explanations should at least be avoided. His Excellency the Governor in Council trusts that if the spirit of these instructions is followed in the future, both the Municipal Reports and the comments thereon will be found capable of considerable curtailment, thus giving effect to the orders of the Government of India for greater conciseness in reporting.

26. His Excellency the Governor in Council considers that the record of Municipal Administration for the year was on the whole satisfactory, and in some instances encouraging.

R. E. ENTHOVEN,
Acting Secretary to Government.

*Abstract of Statement No. 1 accompanying the Review of the District Municipal Reports
for the year 1906-1907.*

Particulars.

Number of Municipalities constituted under Bombay District Municipal Act III of 1901	161
