GENERAL DEPARTMENT.

Resolution no. 9449

Bombay Castle, 11th November 1919.

Read—

The reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities in the Bombay Presidency for the year 1917-18.

RESOLUTION.

Number of municipalities and notified areas.—The number of municipalities, namely, 155, remained unchanged during the year under review. The Municipalities of Hyderabad and Vambori continued under super-session during the year, while the superseded Municipality of Erandol was reconstituted with effect from the 6th September 1917. The two first named municipalities have however been reconstituted since the close of the year. The number of notified areas increased from 32 to 35 on account of the constitution of notified areas at Jamner and Dondaicha-Warwada in the East and West Khandesh Districts, respectively, and at Indi in the Bijapur District. Of the fourteen notified areas in the Northern Division, eight exist merely for the control of buildings and have therefore no income to spend.

2. *Changes in the population and boundaries.*—The decrease of 6,349 in the total recorded population resident in municipal districts was due to the conversion of the Rajapur Municipality into a notified area. Excepting the alteration in the limits of the municipal districts of Tando Mahomed Khan and Larkana, the municipal boundaries remained unchanged.

3. *Municipal elections.*—During the year under report, triennial elections in the Northern Division were held in the Municipalities of Nadiad, and Borsad, the new boards having come into office on the 1st April 1918. The triennial term of each of the Municipalities of Ahmedabad, Anand, Umreth and Kapadvanj, which expired on the 31st March 1918, was extended by one year. In the case of the first three municipalities, the lists of voters were not prepared owing to the prevalence of plague, while in the case of the last named municipality, the question regarding the grant of an extended elective franchise was under consideration. The term of office of the Dakor Municipality, which expired on the 31st March 1918, was also extended up to the 30th September 1918. Triennial elections in the Central Division were held during the year in the Municipalities of Ahmednagar, Sangamner, Faizpur, Erandol, Bhusawal, Dhulia, Karmala, Pandharpur and Sangola and in all the municipalities in the Poona District, except Poona City, Lonavla and Poona Suburban. Owing to the prevalence of plague, the triennial term of the Dhulia Municipality was extended by six months up to the 30th September 1917, while the term of office of each of the Municipalities of Talegaon-Dabhade, Alandi, Junnar, Jejuri and Inlapur was extended by three months up to the 30th June 1917. The term of office of the Municipalities of Ahmednagar and Bhusawal, which expired on the 31st March 1917, was also extended by six and three months respectively, with a view to enabling those bodies to hold elections under the revised election rules. In the Southern Division, triennial elections were held

during the year in all the municipalities of the Ratnagiri District and also in the towns of Gadag-Bettigeri, Ranebennur, Navalgund, Honavar, Bhatkal and Matheran. The elections in the municipalities in the Dharwar and Ratnagiri Districts were well contested and aroused much local interest. On the other hand, only one candidate stood for election at Matheran and the remaining three elective seats had to be filled up by nomination. In all these towns the new boards were constituted with effect from the 1st April 1918, with the exception of Gadag-Bettigeri where the new board commenced its term of office on the 1st October 1917. In Sind, triennial elections were held in the Municipalities of Karachi, Tatta, Kotri, Tando Allahyar, Nasarpur, Hala, Matiari, Sukkur, Ghotki, Kambar, Ratodero, Bubak, Umarnot and Shahdadpur. The term of office of the Municipalities of Rohri and Larkana were further extended.

4. *Constitution of municipalities.*—In the Northern Division, the total number of municipal councillors during the year under review remained the same as that in the preceding year, *viz.*, 512. In the Central Division, it rose from 801 to 821, partly owing to the restoration of the superseded Municipality of Erandol with 14 councillors (7 elected and 7 nominated) and partly on account of the reconstitution of the Bhusawal Municipality with two-thirds elective franchise. (The reconstitution of the Municipalities of Bagalkot and Gadag-Bettigeri in the Southern Division with a similar franchise led to an increase of 14 in the total number of councillors in that Division, which was partly counterbalanced by a decrease of 5 due to the conversion of the Rajapur Municipality into a notified area. Thus the total number of councillors in the Southern Division rose from 497 to 506. In Sind it was 351 as against 353 in the preceding year, the decrease being due to the Karachi Municipality, which previously consisted of 42 councillors (23 elected and 14 nominated), having been reconstituted with 40 councillors (30 elected and 10 nominated).

5. *Changes in the system of taxation.*—Apart from the introduction of the system of terminal taxation in certain municipalities, the changes which the system of taxation underwent during the year under report are noticed below. The Municipalities of Bulsar, Wai, Nipani, Karwar, Honavar, Alibag, Panvel, Chiplun and Gadag-Bettigeri revised their octroi schedules. These were also revised by almost all the municipalities in Sind so as to charge a lower rate on *juari* and *bajri* which form the staple food of the poorer classes than on wheat which is mostly consumed by the richer classes and to subject both ghee and cocoanut oil to a uniform rate of duty. The Garhi-Yasin Municipality revised its toll and wheel tax rules. The Municipalities of Manjhand and Larkana imposed house-tax and those of Alandi, Haveri and Matheran amended their house-tax schedules. A similar tax, called the Shahukari tax, was introduced in Rohri. The Larkana Municipality abolished the halalkhore cess, while Saswad levied this cess for the first time. The Alandi Municipality imposed a general sanitary cess and a bhangi tax. A rate on cess-pools was imposed by the Municipalities of Hala, Tando Adam and Shahdadpur. The Municipalities of Ghatkopar-Kirol and Dharwar revised their special sanitary cess rules. The latter municipality also revised its general sanitary cess rules. The Byadgi Municipality amended its tobacco tax rules. The Kurla Municipality reduced its water rate in consequence of a lower rate being charged to that body by the Bombay Municipality from which it buys water. The Bijapur Municipality amended its general water-rate rules so as to impose the tax on houses having private water pipe connections, which had previously been exempted.

6. *Municipal income.*—An increase was recorded in the aggregate gross income of the municipalities which amounted to Rs. 134½ lakhs during the year under review as against Rs. 129½ lakhs in the preceding year. Deducting the receipts under "Extraordinary and debt" the net income amounted to Rs. 106½ lakhs as against the previous year's total of

Rs. 92½ lakhs. The following table shows the fluctuations under the principal heads of income:—

	1917-18.	1916-17.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
1. Municipal rates and taxes:—				
(a) Octroi (net receipts, i.e., deducting refunds) and terminal tax...	31,89	27,98	3,96	...
(b) Taxes on houses and lands ...	11,02	10,60	42	...
(c) Water rate ...	13,78	12,94	84	...
2. Revenue derived from municipal property and powers other than those of taxation ...	20,14	15,50	4,64	...
3. Grants and contributions for general and special purposes ...	10,73	8,57	2,16	...
4. Extraordinary and debt ...	27,94	36,96	...	9,02

7. *Octroi and terminal tax.*—Under this head there was an increase of Rs. 3,96,000 to which the Northern, Central and Southern Divisions contributed Rs. 30,000, Rs. 76,000 and Rs. 2,000, respectively, and Sind Rs. 2,88,000. The increase in the Northern Division was mainly due to the larger earnings from octroi levied in the Municipalities of Surat and Broach. The increase of Rs. 30,000 under this head in the Northern Division has not been accounted for. In the Central Division all the districts, except Sholapur, participated in the increase of Rs. 76,000, which was principally due to the enhanced receipts from the terminal tax in Dhulia and Jalgaon and from octroi, especially in Poona City. In Sind the receipts of the Karachi Municipality from the terminal tax were swelled by Rs. 2,39,000. The Hyderabad Municipality also showed an increase of Rs. 31,000, which was due to the revision of the octroi schedule, while the Municipalities of Sukkur, Larkana, and Tando Adam together contributed Rs. 17,000 to the increase. A decrease of Rs. 8,600, however, occurred in Shikarpur and it was attributed to the dislocation of trade on account of the prevalence of plague.

8. *Taxes on houses and lands.*—The receipts under this head in the Northern, Central and Southern Divisions increased by Rs. 24,000, Rs. 14,000 and Rs. 10,000 respectively, while in Sind there was a decrease of Rs. 6,000. In the Northern Division, the Municipalities of Godhra, Kalyan and Bandra were principally responsible for the increase. The enhancement in the Central Division was chiefly attributed to the prompt recovery of the tax by the Ahmednagar Municipality and to the revision of the rental value of buildings by the Sholapur Municipality. (In the Southern Division, the Municipalities of Bijapur, Matheran, Bagalkot, Ranbennur, Karwar, Dharwar and Gadag-Bettigeri contributed to the increase.) (In the first two municipalities the increase is ascribed to the revision of the house-tax schedules, in Bagalkot, Ranbennur and Karwar to the revision of the assessment lists and in Dharwar and Gadag-Bettigeri to the recovery of arrears.) In Sind the decrease occurred in the Municipalities of Karachi and Sukkur. In Karachi the decrease of Rs. 4,000 is attributed partly to the recovery of the arrears of 1915-16 having inflated the receipts for 1916-17 and partly to the dues from the Port Trust not being recovered during the year under report. The falling off of Rs. 2,000 in Sukkur was due to incomplete recoveries owing to the temporary evacuation of the town on account of plague.

9. *Water-rate.*—The receipts in the Northern Division under this head fell by Rs. 25,000, while those in the Central and Southern Divisions and in Sind showed an increase of Rs. 41,000, Rs. 1,000 and Rs. 67,000, respectively. The Ahmedabad Municipality is chiefly responsible for the decrease in the Northern Division and it is ascribed to the fact that the tax could not be collected from the residents who had quitted the city on account of plague. In the Central Division the extra revenue was mainly due to

the prompt collection of the tax at Ahmednagar, to the metering of water given to factories at Dhulia, to the increase in the number of private water pipe connections at Nasik, Poona and Lonavla and to the enhancement of the general water cess by the Sholapur Municipality followed by a recovery of the past year's arrears. (The increase in the Southern Division occurred entirely in Dharwar and it is attributed to the municipality having taken vigorous steps for the recovery of the tax.) The increase in Sind was principally shared by the Municipalities of Karachi (Rs. 48,000) and Hyderabad (Rs. 18,000). In the former municipality, the additional revenue was due to an increase in the number of water connections and to the large consumption of water in war hospitals, while in the latter, it was due to the recovery of past arrears and to the raising of the water-rates.

10. *Recovery of municipal dues.*—In the Northern Division, the total arrears on account of taxes on houses and lands, which at the beginning of the year under review amounted to Rs. 20,464, increased to Rs. 28,690 at its close. The heaviest outstandings were noticeable in the Municipalities of Bandra, Kurla, Broach and Godhra. The outstandings on account of water rate also increased from Rs. 49,233 to Rs. 85,009, the Ahmedabad Municipality alone being responsible for Rs. 60,227, and the Municipalities of Kurla and Bandra for Rs. 13,586 and Rs. 8,584, respectively. The greater part of the arrears of Rs. 9,185 on account of the tax on animals and vehicles is claimed by the Municipalities of Surat, Broach and Bandra. The arrears of conservancy tax increased to Rs. 64,524, of which the Ahmedabad Municipality alone claimed more than two-thirds, while the Municipalities of Bandra, Kurla and Kalyan were mainly responsible for the rest. The necessity of recovering their outstandings without delay should be urged upon the municipalities concerned and they should be asked to take prompt and vigorous measures for that purpose. In the Central Division, out of the total demand of Rs. 9,80,171 on account of taxes, which included arrears for the previous years amounting to Rs. 84,216, a sum of Rs. 1,09,668 remained unrecovered at the close of the year. Of the unrealised amount, about 54 per cent. represented house-tax arrears, while 21 per cent. and 19 per cent. were respectively on account of water-rate and conservancy cess. The outstandings on account of these taxes were heavy in some of the municipalities in the Poona, Sholapur, Nasik and Ahmednagar Districts. The attention of the municipalities concerned has already been drawn by the Commissioner, C. D., to the need of greater energy in collecting their dues. In the Southern Division, the figures of demand for the year 1917-18 and of the previous years' outstandings were Rs. 3,24,000 and Rs. 35,000, respectively, while the total of the unrealised balances at the end of the year amounted to Rs. 42,000, the percentage of arrears on the total demand being 11.7. In spite of repeated instructions, the arrears of collection work is reported to be increasing every year in the Municipalities of Belgaum and Bijapur. The Dharwar Municipality showed a slight improvement, the percentage of arrears being 13 as against 15.6 in the preceding year. The other municipalities responsible for a high percentage of arrears were Guledgud (59), Athni (20), Bagalkot (19) and Alibag (16). The Commissioner, S. D., observes that the remarks made by the Examiner, Local Fund Accounts, in his audit notes are disregarded, that little attempt is made to correct the errors detected and that failure in this respect in the face of the ample remedies provided in Chapter VIII of the Bombay District Municipal Act, 1901, must be ascribed to the want of business habits and apathy on the part of both the office-bearers and their staff. The Governor in Council concurs in these remarks. The Commissioner has asked the Collectors to warn the municipalities concerned that persistent default in the performance of this important branch of their duties will entail serious notice being taken at the hands of Government. In Sind, most of the arrears of past years have been either written off or recovered. The figures against Karachi include arrears of house-tax amounting to Rs. 9,000 due from the Port Trust, which were paid after the close of the year, and of water-rate mostly due from the North-Western Railway who dispute liability.

11. *Revenue derived from municipal property, etc.*—There were increases of Rs. 32,000, Rs. 36,000, Rs. 84,000 and Rs. 3,12,000 in the Northern, Central and Southern Divisions and in Sind respectively.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which chiefly consist of grants made by Government to municipalities for the improvement of water-supply and drainage, for the opening up of congested areas and for educational purposes, increased from Rs. 8,57,000 to Rs. 10,73,000. The increase was general, Rs. 1,02,000, Rs. 62,000 and Rs. 7,000 having been contributed by the Northern, Central and Southern Divisions, respectively, and Rs. 45,000 by Sind. In the Northern Division, the Ahmedabad Municipality received a grant of Rs. 37,500 for the relief of congestion in the city, while the Bandra Municipality was given a subvention of Rs. 16,000 in aid of the town planning scheme. In the Central Division a grant of Rs. 37,500 was sanctioned to the Poona City Municipality for the relief of congestion in the city, while another grant-in-aid of Rs. 12,292 was made for the chemical treatment of the water-supply of Sholapur. The increase in the Southern Division was due to the larger grants from Government for sanitary and other special purposes. The Dharwar Municipality received a grant of Rs. 21,291 for sanitary improvements. In Sind, an allotment of Rs. 10,000 was sanctioned to the Hyderabad Municipality for filling in tank no. 3 and of Rs. 8,724 to the Rohri Municipality for the pavement of the bazar. The Municipalities of Mirpurkhas and Manjhand were also given grants of Rs. 6,000 and 5,000, respectively, for the construction of a market. Grants from Government for educational purposes amounted to Rs. 5,99,400 as against Rs. 5,72,600 in the previous year. In the Northern Division the Broach Municipality was given a building grant of Rs. 9,825 for a girls' school at Broach. The receipt by the Municipalities of Dhulia and Sholapur of the building grants for schools chiefly accounted for the increase of Rs. 8,300 under this head in the Central Division. In the Southern Division a grant of Rs. 10,893 was made to the Gadag-Bettigeri Municipality for a school house.

13. *Nature of income and incidence per head of population.*—Of the aggregate income of the municipalities, Rs. 70,95,000 were derived from municipal rates and taxes as compared with Rs. 65,09,000 in the preceding year, direct taxation yielding Rs. 39,06,000 or 55.05 per cent. and indirect taxation Rs. 31,89,000 or 44.95 per cent. of the aggregate revenue from taxation. The corresponding percentages in the previous year were 57.09 and 42.91, respectively. The average incidence of taxation per head of population increased from Rs. 2-12-5 to Rs. 3-0-1 and that of income from Rs. 3-14-5 to Rs. 4-8-1.

14. *Working of the octroi system.*—In the Northern Division, the percentage of refunds to gross collections from octroi practically remained stationary at 9.3. In the Central Division, the percentage of refunds declined from 12 to 9.8, whereas it rose in the Southern Division from 5.6 to 12.8. In the Northern Division it was again highest in Kalyan, being 51.9 per cent., while Bhiwandi, Broach and Bulsar came next with percentages of 30.6, 21.7 and 20.6, respectively. The explanation furnished for the large refunds in Kalyan is that all goods intended for Bhiwandi pass through this town. With regard to Broach, it is reported that the refund rules are very liberal, that refunds are allowed even if the goods change hands or break bulk, that the period allowed for the claims is a year and that the minimum amount in respect of which claims may be made is as low as 8 annas. No explanations are forthcoming for the high percentages of refunds in Bhiwandi and Bulsar. The increase in the percentage of refunds in the Southern Division was mainly due to the fact that the Hubli Municipality, which had withheld payment of refunds in the past, paid off arrears for the years 1915-16 and 1916-17 to the extent of Rs. 30,700 or 38.7 per cent. of the gross collections. The municipality has at last decided to introduce the terminal tax in lieu of octroi. The percentage of refunds in Dharwar was only 13, but there were 902 applications for refund pending disposal. The municipality has been asked by the Commissioner to dispose them of

as early as possible. In Belgaum also a large number of refund applications remained undisposed of at the end of the year under review. The Commissioner, S. D., is, however, enquiring into the matter. Refunds were again very large in Sirsi, being 50 per cent. of the gross collections, and were due to the fact that the merchandise intended for the surrounding talukas and some talukas of Mysore passes through it. The Commissioner, S. D., has asked the Collector of Kanara to consider whether by totally exempting some articles of through trade and by enhancing, if necessary, the duty on articles of local consumption, the extra trouble of refunding such a large proportion of the collections can be saved without seriously impairing the municipal income. The only other municipality in the Kanara District which showed a high percentage of refund (*viz.*, 20) was Karwar.)

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 1,24,96,000 as compared with Rs. 1,30,69,000 in the preceding year. Excluding the item of "Extraordinary and debt", the expenditure amounted to Rs. 97½ lakhs as against Rs. 93½ lakhs in the previous year. The increase in the ordinary expenditure was therefore Rs. 3½ lakhs

The following table indicates the fluctuations under the principal heads of expenditure :—

	1917-18.	1916-17.	Increase.	Decrease.
	In thousands.	In thousands.	In thousands.	In thousands.
	Rs.	Rs.	Rs.	Rs.
1. General administration and collection charges ...	10,94	10,33	61	..
2. Public health and conveniences ...	55,36	59,55	1,81	..
3. Public instruction ...	16,76	16,43	33	..
4. Extraordinary and debt ...	27,85	37,12	..	9,27

16. *General administration.*—The increase of Rs. 61,000 under this head was shared by all the divisions, being Rs. 29,000 in the Northern Division, Rs. 9,000 in the Central Division, Rs. 2,000 in the Southern Division and Rs. 21,000 in Sind. It was due to the general revision of establishments of the several municipalities with a view to securing greater efficiency and better collections of municipal dues, and to the payment of charges on account of pensions and gratuities.

17. *Public health and convenience.*—The increase under this head which was contributed to by the Northern Division (Rs. 3,000), Southern Division (Rs. 1,06,000) and Sind (Rs. 1,36,000) is a sufficient indication of the fact that the municipalities are gradually paying more attention to the improvement of sanitation in their respective areas. The Central Division, however, showed a decrease of Rs. 64,000 which was mainly due to the absence of large items of expenditure on account of water works which appeared in the previous year's accounts of the Municipalities of Ahmednagar, Lonavla, Karad, Sholapur, Barsi and Pandharpur.

18. *Water-supply.*—In the Northern Division while the expenditure under the head "capital outlay" decreased from Rs. 35,000 to Rs. 22,000, that under the head "establishment, repairs, etc.," increased from Rs. 2,13,000 to Rs. 2,35,000. The falling off under "capital outlay" was due to a much smaller expenditure in Ahmedabad, which more than counterbalanced the special outlay (Rs. 13,735) incurred by the Thana Municipality for the improvement of the water-supply from the Pokhran tank. Under "establishment, repairs, etc.," the net increase of Rs. 22,000 is mainly ascribed to enhanced expenditure in Bandra, which, however, is not real, as it represents the payment to the Bombay Municipality of delayed water-supply bills for the preceding year. The decrease of Rs. 1,82,000 in the capital expenditure on water-supply in the Central Division was chiefly due to the fact that the previous year's figures were inflated by a large outlay incurred under this head by the Municipalities of Ahmednagar, Lonavla, Karad, Sholapur, Barsi

and Pandharpur. The increase under "establishment, repairs, etc.," amounted to Rs. 44,000. In the Southern Division there was a reduction of Rs. 4,000 under "capital outlay," but an increase of Rs. 88,000 under "establishment, repairs, etc." (The rise under the latter head was principally due to the payment by the Bijapur Municipality of the arrears from 1913-14 of the maintenance charges of the water works which are in charge of the Public Works Department.) In Sind, the increase of Rs. 40,000 under "capital outlay" in Hyderabad was only apparent and it was attributed to the adjustment during the year of the advances made in previous years to the Executive Engineer, Hyderabad Canals District, for expenditure on the water works improvement scheme. The Karachi Municipality diminished its expenditure under this head by Rs. 20,000. Insufficient rain coupled with a larger demand for the supply of water to the troops led to an increase of Rs. 12,000 in Karachi under the head "establishment, repairs, etc." The additional expenditure under this sub-head in Hyderabad is accounted for by the fact that it had to pay higher prices for coal and stores and that it carried out considerable repairs to the water-supply machinery. These increases were partly counterbalanced by a decrease of Rs. 7,000 in Sukkur, which was chiefly due to the non-recurrence of the expenditure incurred in the previous year on the purchase of spare parts for the pumping engines.

19. *Financial working of water-supply installations.*—In the Northern Division the total receipts from water rates in Ahmedabad decreased from Rs. 3,16,087 to Rs. 2,84,063, of which Rs. 1,93,765 as against Rs. 2,15,171 in the preceding year were derived from direct sale of water and Rs. 90,298 as against Rs. 1,00,916 from general water-rate. The total expenditure including the payment of interest on loans (Rs. 35,287), instalments of Rs. 45,645 and Rs. 12,000 towards the sinking and depreciation funds, respectively, and the cost of working and other expenses amounted to Rs. 1,82,295 as against Rs. 1,65,144 in the preceding year. The municipality therefore realised a net profit of Rs. 1,01,768 as compared with Rs. 1,50,943 in the previous year. The decrease is attributed to the arrears remaining at the close of the year owing to the prevalence of plague during which period collections could not be made as people had left the city. The Surat Municipality made a profit of Rs. 45,466 as against Rs. 33,274 in the preceding year, the total receipts being Rs. 1,22,456 and the total expenditure Rs. 76,990. The percentage of net profit on the total capital outlay of Rs. 10,78,122 was 4.21. The increased profit was due to the fact that the municipality purchased its coal direct from the colliery instead of through a local agent. The net profit earned by the Rander Municipality was Rs. 2,413. With a total income of Rs. 12,779 and an expenditure of Rs. 1,941, the Thana Municipality realised a profit of Rs. 10,838, which yielded a percentage of 9.02 on the total capital outlay of Rs. 1,20,100. The Bhiwandi Municipality gained 2.5 per cent. on the capital outlay of Rs. 44,436. In the Central Division, the total income of the Ahmednagar Municipality from its water works was Rs. 37,908, while the expenditure amounted to Rs. 19,662. The municipality thus derived a net profit of Rs. 18,246. The income of the Jalgaon Municipality from the Mehrun tank works was Rs. 20,504 and the expenditure Rs. 14,833, thus leaving a net profit of Rs. 5,671. The receipts of the Dhulia Municipality from its water-supply installations amounted to Rs. 28,823 and the disbursements to Rs. 18,612. The municipality therefore derived a net profit of Rs. 10,211. The water-supply accounts of the Nasik Municipality, however, showed a loss of Rs. 4,796, its income and expenditure on this account being Rs. 36,959 and Rs. 41,755, respectively. The installation is not yet self-supporting, but Government have recently sanctioned increased rates of water tax. The Commissioner, C. D., observes that the municipalities in general have, as a rule, yet to learn that their water works must be dealt with as a business proposition and that they must tax themselves sufficiently for their water so as to enable them to pay off their water works debt and to lay by something for drainage works which must inevitably follow. The Governor in Council concurs in these remarks. (In the Southern Division the income of the Bijapur Municipality from this source was Rs. 18,998, while the expenditure amounted to Rs. 91,277. The heavy expenditure was due to the payment

of the arrears of working expenses of the water-supply installation in addition to the maintenance charges for the year under report. The total revenue from the Dharwar water works during the year under review plus Rs. 4,000 set apart out of octroi receipts to meet the anticipated loss on account of the works, amounted to Rs. 26,257 and the expenditure to Rs. 42,487, showing a deficit of Rs. 16,230. The question of increasing the water-rates which was raised in 1915 is still hanging fire. The Commissioner, S. D., has asked the municipality to submit its proposals in the matter without further delay. In Hubli, the year's working is shown as having resulted in a loss of Rs. 1,652, the total income being Rs. 37,123 and the expenditure Rs. 38,775 (exclusive of the instalment in repayment of the loan). The municipality recently proposed to increase its rates for half-inch and one-inch private water pipe connections from Rs. 12 and Rs. 24 to Rs. 16 and Rs. 36, respectively. As the additional income of Rs. 8,000 estimated from the proposed increase of the rates was not sufficient to make the water supply scheme self-supporting in view of the fact that during the year 1918-19 the annual cost of maintaining the water works exceeded the annual income from water rates by nearly Rs. 16,400, the Commissioner, S. D., has been requested to ask the municipality to reconsider its decision with a view to enhancing the proposed rate of Rs. 16 to Rs. 18 per tap for a half-inch pipe connection.

In Sind the earnings of the Hyderabad Municipality from water-rates rose from Rs. 54,000 to Rs. 72,000, while the expenditure increased from Rs. 68,000 to Rs. 1,14,000, the loss sustained by the municipality being Rs. 42,000. The figures of income and expenditure on account of Sukkur water works were Rs. 35,000 and Rs. 32,000 respectively. The Commissioner in Sind states that, as reported last year, water is still being supplied by the Sukkur Municipality far below cost price to owners of domestic connections and the working charges of the scheme are still recouped by the extra house-tax of 2 per cent. and the increased octroi rates introduced in 1895-96 to pay for the water works which were then constructed. The municipality has been asked by the Commissioner to increase the water connection rates so as to raise by direct taxation at least 80 per cent. of the working expenses.

20. *Drainage.*—The only municipality in the Northern Division which possesses a drainage system is Ahmedabad. Its expenditure showed an increase of Rs. 252 under "capital outlay" and of Rs. 16,311 under "establishment, repairs, etc." In the Central Division there occurred a decrease of Rs. 43,596 under "capital outlay" for which the Poona City and Suburban Municipalities were mainly responsible. The former municipality had to pay smaller contributions towards the capital cost of its drainage works, while the latter spent nothing on gutters as compared with the previous year's expenditure of Rs. 3,094. On the other hand, there was an increase of Rs. 67,644 under "establishment, repairs, etc.," for which no explanation has been offered. (In the Southern Division, the expenditure under the head "capital outlay" increased from Rs. 20,691 to Rs. 26,357, while that under the head "establishment, repairs, etc.," decreased from Rs. 8,418 to Rs. 6,741. The completion of the Hyder Buruz drain project by the Bijapur Municipality and the improvement of sullage gutters at Karwar, both with the assistance of Government in the shape of grants-in-aid, mainly accounted for the increase.) In Sind, the expenditure under "capital outlay" decreased by Rs. 3,800, while that under "establishment, repairs, etc.," increased by Rs. 8,800. The enhancement under the latter head was due to the Shikarpur Municipality having incurred larger expenditure on the disposal of the storm water and to the Karachi Municipality having given annual increments to the drainage staff.

21. *Conservancy.*—The total expenditure under this head during the year under report increased by Rs. 66,000. The Northern Division contributed Rs. 39,000 and the Central and Southern Divisions each Rs. 17,000 to the increase, which was counterbalanced by a decrease of Rs. 7,000 in Sind. The increase in the Northern Division was mainly shared by the Municipalities of Ahmedabad and Surat. In the Central Division, the Municipalities of Ahmednagar, Amalner, Dharangaon, Dhulia, Nasik, Satara City and Wai were chiefly responsible for the enhanced expenditure. It was due

partly to the construction of new latrines, partly to the purchase of carts and bullocks for the removal of night-soil and town refuse and partly to the employment of additional sweepers. (In the Southern Division, the Municipalities of Hubli, Bijapur, Belgaum, Gagad-Bettigeri, Nipani, Mahad and Panvel contributed to the increase. In Bijapur it was ascribed to the construction of additional public latrines, in Mahad to the erection of a chawl for bhangis) and in Panvel to the enhanced pay of bhangis. The increase of Rs. 4,000 at Matheran was due to the previous year's figures being swelled owing to the purchase of additional hand-carts and to the construction of new latrines. In Sind, the Hyderabad Municipality was mainly responsible for the falling off in expenditure under this head. It was ascribed to the purchase of bullocks and carts in smaller number than in the preceding year.

22. *Road expenditure.*—In the Northern Division, the expenditure under this head fell off by Rs. 43,000. The Commissioner, N. D., observes that heavy reductions of expenditure on this important item in nearly all the larger cities and towns in his division has resulted in a very unsatisfactory condition of the roads in these places. In the Central Division, the increased outlay of Rs. 21,000 on roads was mainly due to larger expenditure having been incurred on roads by the Municipalities of Amalner, Dhulia, Shahada, Nasik, Igatpuri, Barsi and Poona City. The last named municipality had to meet during the year under review a larger number of claims for compensation on account of lands acquired for road widening. (The Municipalities of Dharwar, Bagalkot, Byadgi and Haveri were mainly responsible for the decrease of Rs. 10,000 in the expenditure under this head in the Southern Division.) In Sind the decrease of Rs. 49,000 in the expenditure on roads was shared by the Municipalities of Sukkur, Jacobabad and Hyderabad. In Sukkur acquisitions for road widening were effected to the extent of Rs. 14,500 in the previous year, while during the year under report Rs. 600 only were spent for the purpose. The decrease in Jacobabad was due to the fact that in the preceding year four main roads were metalled, but no such charge was incurred during the year under review. In Hyderabad the contractors failed to carry out the contemplated works of road improvement. The Karachi Municipality, however, recorded an increase of Rs. 22,000, new roads having been constructed and the existing roads remetalled during the year.

Section 91-A of the Bombay District Municipal Act, 1901, as amended by Bombay Act VIII of 1914, imposes upon municipalities the duty of prescribing the regular line of every public street within their areas. In the Central Division, all the municipalities in the Ahmednagar and Sholapur Districts, except Sangola in the latter district, and the Municipalities of Dhulia, Karad, Wai and Islampur are reported to be taking action under this section. The Municipalities of Satara City, Malcolmpeth and Satara Suburban have finished the work, while some progress has been made by the Municipalities of Nandurbar, Yeola and Igatpuri. The Malegaon Municipality is still awaiting the introduction of a city survey. In the Southern Division, the Municipalities of Nipani, Gokak, Bijapur and Vengurla are reported to have taken action under the section. Progress in this direction was neither made by the remaining municipalities in the Belgaum, Bijapur and Ratnagiri Districts nor by any of the municipalities in the Kolaba District. The Commissioner, S. D., has asked the Collectors to impress upon the defaulting municipalities the necessity of complying with the duty imposed on them by law. In Sind, the Karachi Municipality is reported to have laid down regular lines of streets in many quarters as far back as 1900. Since the enactment of section 91-A, the municipality has, from time to time, modified the alignments referred to above after following the procedure prescribed in the new section. The Sukkur Municipality is also reported to have maintained alignments of streets as required by the section. The work of preparing an alignment of public streets in Hyderabad has been taken in hand and is in progress. The Shikarpur Municipality has not taken action under the section pending the introduction of the city survey. No information on the subject has been furnished by the Commissioner, N. D., who should

be requested to notice in his future municipal administration reports the action taken in this matter by the several municipalities in his division.

23. *Appropriation of wheel-tax and road tolls.*—In the Northern Division, the Municipalities of Ahmedabad, Dholka, Viramgam, Godhra, Dohad, Kalyan, Bassein and Bhiwndi failed to comply with the rule that the whole of the proceeds of the wheel-tax and road tolls should be expended on the maintenance of roads. In Ahmedabad, the receipts from the wheel-tax and road tolls amounted to Rs. 73,819 during the year under review, while the expenditure incurred was only Rs. 25,399. The Godhra Municipality is reported to have provided in its budget for the year 1918-19 the unspent balance for expenditure on roads. The Dohad Municipality also proposed to spend the balance in the ensuing year. The Kalyan Municipality earmarked the unspent balance for expenditure on repairs to a culvert and on widening roads, while the Municipalities of Bassein and Bhiwndi promised to spend the full amount on roads next year. In the Central Division the Municipalities of Kharda, Sangamner, Vambori, Dharangaon, Sindkheda, Taloda, Shahada, Jejuri, Baramati, Indapur, Sirur, Khed, Alandi, Junnar, Wai, Islampur, Sangola, Nasik, Yeola, Malegaon, Trimbak, Saswad, Karad and Mhaswad incurred smaller expenditure on the maintenance of their roads than the income derived by them from the levy of tolls and wheel-tax. The last named seven municipalities were the worse defaulters in this respect and the Commissioner, C. D., has drawn the attention of these bodies to the necessity for complying with the rule that the whole of the proceeds from the wheel-tax and road tolls should be utilized on the maintenance of roads. In the Southern Division, the Municipalities of Athni, Guledgud, Navalgund, Haveri, Bagalkot, Dharwar, Nargund, Chiplun, Karwar, Sirsi, Alibag, Roha-Ashtami, Kumta, Haliyal, Mahad, and Vengurla did not observe the rule referred to above. The Commissioner, S. D., reports that these defaulting bodies have either credited or have been asked to credit the unspent balances to a special fund for eventual expenditure on roads and that he has asked the Collectors concerned to see that the money is actually spent on the maintenance of roads. In Sind, the Municipalities of Tatta, Shikarpur, Garhi Yasin, Rohri, Kambar, Tando Adam, and Shahdadpur were the offenders against the rule. At Tatta the income from other sources was not sufficient to meet the current administration charges, while the Shikarpur Municipality spent less on roads owing to the prevalence of plague. The Kambar Municipality has resolved to spend the surplus on roads. The Tando Adam Municipality, which spent Rs. 3,000 on roads during the previous year, did not consider it necessary to spend more during the year under report. The explanation offered by the Shahdadpur Municipality for non-compliance with the rule is that the contract given for repairs to the metalled road could not be carried out as the contractor was unable to bring ballast from Hyderabad owing to the stoppage of waggons.

24. *Expenditure on buildings.*—In the Northern Division, the expenditure under this head during the year under review amounted to Rs. 19,000 as against Rs. 31,000 in the preceding year. In the Central Division, the decrease of Rs. 22,000 was shared by all the districts except those of West Khandesh and Nasik where small increases occurred. In the Southern Division, the extra expenditure on buildings incurred in the preceding year by the Municipalities of Bagalkot, Matheran, Ranebennur and Chiplun accounts for the decrease of Rs. 9,000 under this head during the year under report. In Sind, many new works were carried out by the Karachi Municipality, its expenditure under this head having increased by Rs. 1,04,000 during the year under review. The noteworthy works carried out by it partly or wholly during the year were (a) filling in of the Rambaugh tank and the Lyari bed, (b) construction of Irish bridge at Bunia's crossing, (c) extension of the municipal office and (d) construction of quarters for nurses and of three wards in the plague and epidemic hospital compound.

25. *Public instruction.*—The total cost under this head amounted to Rs. 16,76,000 as against Rs. 16,43,000 in the preceding year. There were increases of Rs. 7,000, Rs. 24,000 and Rs. 4,000 in the Northern and Central

Divisions and in Sind, respectively, counterbalanced by a decrease of Rs. 2,000 in the Southern Division. In the Central Division, the extra expenditure was shared by all the districts except those of East Khandesh and Sholapur, and it was chiefly due to the construction of an anglo-vernacular school building in Nandurbar, to the repairs to the old school-house and the payment of compensation for a site acquired for a new school-house and a play-ground at Trimbak, and to the transfer of schools to the Kharda Municipality for management. The raising of salaries of teachers by some municipalities and the grant of grain compensation by most of the municipalities also contributed to the increase. (In the Southern Division, the Bagalkot Municipality, which incurred a large expenditure on school-houses in the preceding year, showed a decrease of Rs. 11,000 during the year under review.) The expenditure under this head in Mahad also fell by Rs. 2,000 owing to the transfer of the anglo-vernacular school to S. P. Mission. These decreases were counterbalanced by the additional expenditure of Rs. 8,000 and Rs. 2,000 incurred by the Municipalities of Belgaum and Hubli, respectively. (The increase in Belgaum was due to the purchase of a school-house and in Hubli to the contribution by the Municipality to private institutions and to the grant of grain compensation to school masters.)

26. *Closing balances.*—The year's working resulted in an increase of Rs. 10,08,000 in the total closing balance. The Northern and Central Divisions and Sind contributed Rs. 3,01,000, Rs. 59,000 and Rs. 6,57,000, respectively, to the increase, while the Southern Division showed a decrease of Rs. 9,000. The aggregate closing balance of the municipalities amounted to Rs. 50,60,000.

27. *Audit of accounts.*—The Accountant General's Local Audit Department audited the accounts of all the municipalities with the exception of Pen and Roha-Ashtami in the Southern Division. Serious irregularities were disclosed in the accounts of the Municipalities of Bandra, Barsi, Bijapur, Guledgud and Belgaum. In Bandra a very widespread embezzlement of money practised by the late accountant was detected by the Chief Officer with the result that the man was prosecuted and convicted. Serious deficits in the accounts of the Barsi Municipality, especially in the Kadba (fodder) account, were detected. This matter has since been thoroughly investigated by the Collector and the Commissioner. The chief irregularity in Bijapur was the failure to dispose of previous audit notes containing remarks on the illegal exercise of powers by individual councillors, etc. The Commissioner has called for explanation for the delay and has ordered prompt disposal. He has also discussed the matter personally with the President. The Guledgud Municipality had to account for the disposal of more than 100 kerosine oil tins, for irregularities in connection with certain miscellaneous funds and for the delay in the disposal of audit notes. The Commissioner has informed the President of the Municipality that he is responsible for the financial condition of the municipality and that the audit notes are to be promptly attended to and the faults remedied. In Belgaum, numerous irregularities were disclosed in the maintenance of accounts, registers, etc., and the Commissioner has asked the municipality to remedy the defects.

28. *Municipal needs.*—As usual a plentiful and wholesome water-supply, efficient drainage, the opening up of congested and insanitary areas, widening of narrow roads, hygienic school buildings with adequate play-grounds, improved conservancy arrangements, municipal office buildings, markets, slaughter-houses, etc., are among the most pressing and general wants of the municipalities in the Presidency. Government have hitherto, so far as the state of their finances permitted, assisted these bodies by sanctioning loans and liberal grants-in-aid in attaining a few of these objects.

In the Northern Division the Commissioner, N. D., has been requested to ask the Ahmedabad Municipality to take up seriously the question regarding the extension of the underground drainage and to submit to Government proposals for financing the scheme. The receipt of a scheme for the supply of water to Borsad is awaited from the Sanitary Engineer. Arrangements have been made with the Bombay Municipality for the supply of filtered water to the several villages in the Salsette Taluka from the Pawai Lake.

The plans and estimate for the improvement of the Thana water-supply have been technically approved. The Surat Municipality has been asked to take up again the question of financing the schemes for the provision of an underground drainage system and hygienic school buildings for the city, which was postponed on account of the conditions brought about by the war. As the boring operations at Broach have failed, the Sanitary Engineer has been requested to undertake the preparation of a scheme for the supply of water to the town. In the Central Division, the question of the extension of the Poona drainage scheme and of remedying the existing defects in the scheme is at present under consideration. In view of the increase in the price of materials, the sanctioned estimate for the Dhulia sewerage scheme is being revised by the Sanitary Engineer. In the Southern Division, the Belgaum Municipality purchased two houses for a central model school, while the Bagalkot Municipality erected a dharmashala. The Nipani Municipality has improved its water-supply and has taken steps for the town extension. The Hyder Buruz drain project in Bijapur and special repairs to a nalla in Saundatti-Yellamma were carried out with the aid of Government grants. In Sind, the plans and estimate for the improvement of the Hyderabad water-supply have been approved, and orders have been issued for the execution of the work. Owing to the development of the city, the Karachi Municipality is also in need of augmenting its existing water-supply with a view to meeting the increased demands for the supply of water. The question of executing the partial scheme for the improvement of the Sukkur water-supply is at present under consideration. The Tatta Municipality, to which the Town Planning Act has been extended, is reported to be in need of a city survey. The Sukkur Municipality also requires a new city survey. City survey operations are in progress at Shikarpur.

29. *Grants for sanitary and town-improvement schemes.*—In view of the financial situation created by the war, a sum of Rs. 4,85,000 was provided in the budget for the year 1917-18 under the head "24-B—Sanitation" to meet the absolutely necessary demands from local bodies for sanitary projects. The principal grants made during the year under review are mentioned below :—

<i>Northern Division.</i>		Rs.
Original works in connection with the development of Salsette as a residential area	...	50,000
<i>Central Division.</i>		
Chemical treatment of the Poona City water-supply	...	18,258
Additional grant-in-aid in connection with the Nasik water-supply scheme	...	16,481
Grant-in-aid to the Alandi Municipality for constructing a drain along the Bhagirathi Nullah	...	14,264
Further grant-in-aid in connection with the Sholapur water-supply scheme	...	12,292
Additional grant-in-aid in connection with the Poona water-supply and drainage schemes	...	5,267
<i>Southern Division.</i>		
Further grant-in-aid towards the cost of the improvement of the Panvel water works	...	1,084
<i>Miscellaneous.</i>		
Purchase of boring tools and plant in connection with the improvement of water supply	...	33,566
Purchase of the Laboratory buildings of the Poona Cantonment water works	...	10,719
Trial surveys for preliminary investigations of sanitary projects	...	3,760
Total	...	<u>1,65,691</u>

During the year under review, an allotment of Rs. 1 lakh was also placed

at the disposal of the Sanitary Board, who have been authorised by Government to sanction sanitary projects which do not cost more than Rs. 20,000 and to make grants up to a limit of Rs. 10,000 for any single work. Out of this allotment Rs. 80,161 were sanctioned by the Board as grants-in-aid towards the cost of minor sanitary works in the several districts.

30. *Remarks regarding the principal municipalities.—Ahmedabad.*—In regard to the administration of this municipality during the year under report, the Commissioner, N. D., observes:—"He who runs may read in this report alone the manifold imperfections of municipal administration in Ahmedabad. The municipality has many councillors who are inspired by a keen desire for progress and improvement, but there is very little comprehension of the mechanics of good administration."

Surat.—The Commissioner remarks:—"Mr. Dow has submitted a most interesting report which is full of evidence of good work accomplished for the Surat Municipality both inside and outside the council chambers and committee rooms. The liberality with which the municipality revised the scale and the salaries of its executive establishments has been rewarded by a marked increase of efficiency and better financial results. If the problems of finance are boldly faced and if the improvement in the efficiency of executive administration is maintained, the municipality may hope to make steady progress in raising and educating their city up to higher standards of health and efficiency in civic life."

Broach.—The Commissioner observes:—"This municipality continues to be conspicuous for its neglect of conservancy and in spite of frequently reiterated advice has hitherto refused to introduce any sort of conservancy taxation. This city of 40,000 inhabitants has practically nothing in the shape of building by-laws or regulations except a provision about the arrangement of roof water gutters". The Governor in Council notices with regret the Commissioner's remarks to which the attention of the municipality should be drawn.

Poona and Sholapur.—Government note with satisfaction the Commissioner's remarks that both Poona and Sholapur have shown improvement and that though it is only the beginning of what ought to be, it is in the right direction.

Karachi.—With regard to the working of this municipality the Commissioner in Sind observes:—"Mr. Harchandrai Vishindas, C.I.E., the President of the Municipality, has continued to conduct the administration smoothly and tactfully. The heavy burden that falls on the Chief Officer, Mr. Measham Lea, has been discharged with great assiduity and devotion to duty."

Hyderabad.—Government note with satisfaction the administration of the Hyderabad municipal affairs by the Committee of Management during the year under report.

31. *General remarks.*—The Governor in Council is gratified to note that, with a few exceptions, there have not been wanting, during the year under report, signs of a distinct increase of efficiency and of progress in the general administration of the municipalities in the Presidency. An increased interest in municipal affairs is also generally noticeable amongst councillors, notwithstanding the fact that the spirit of faction and self-interest is still in evidence here and there to the detriment of work and progress. During the year under report, the net income of the municipalities increased by about Rs. 14 lakhs. The ordinary expenditure also rose by about Rs. 3½ lakhs, and was, generally speaking, equitably distributed in satisfaction of the various public requirements.

From time to time Government had received petitions from the Mahomedan community that the system of mixed electorates in the municipalities in Sind did not provide proper representation for protection of their interests. An attempt was made by the re-arrangement of wards and by the system of single votes in a multiple constituency to increase the number of Mahomedan elected members, but this did not prove successful. To some extent the balance was corrected by nomination, but this would become more

and more difficult with the policy now adopted of increasing, wherever possible, the elected members in municipalities to two-thirds of the whole number. In view of these facts and of the desirability of ensuring that schemes for taxation are considered and approved by persons representing all classes of the population, His Excellency the Governor in Council decided to adopt the principle of communal representation for municipalities in Sind. Accordingly the municipalities of Karachi, Hyderabad, Shikarpur, Sukkur, Rohri, Kotri and Larkana have been reconstituted on this basis. The Karachi Municipality has, at the same time, been given the privilege of electing three-fourths of the total number of its councillors.

During the year under review Government cancelled their previous orders regarding the grant of the privilege of an extended elective franchise to municipalities constituted under section 10 (1) of the Bombay District Municipal Act, 1901, and enjoying the privilege of selecting their president by a two-thirds majority, as steps are being taken to amend the Act so as to give an increased elective element to the district municipalities. In the meantime, municipalities are being freely reconstituted with two-thirds elective element without any restrictions being imposed. Government have also declared that they are prepared to subsidise district municipalities to the extent of paying one-third the pay of their chief executive officers provided (i) that they appoint as their Chief Executive Officer a person approved by Government, (ii) that they pay him an adequate salary and (iii) that they delegate to him adequate powers. Government have further declared that in the case of municipalities which appoint a Government servant as their Chief Executive Officer on conditions (ii) and (iii) mentioned above, they will be prepared to further subsidise them by making a grant equivalent to his pension and leave contributions.

32. Copies of this Resolution should be submitted to the Secretary of State and the Government of India, and should be forwarded to all Commissioners and Collectors and to the other officers and departments concerned.

G. A. THOMAS,

Secretary to the Government of Bombay.

G. R. no. 9449, G. D., dated the 11th November 1919.

Abstract of Statement no. 1 accompanying the Review of the District Municipal Reports for the year 1917-18.

Number of municipalities constituted under the Bombay District Municipal Act, 1901	155
Population within municipal limits	23,60,045
Number of towns of which the municipal committees are appointed partly by election and partly by nomination	119
Number of towns of which the municipal committees are appointed by nomination only	86
Aggregate number of members of municipal committees—				
<i>Ex-officio</i>	865
Nominated	798
Elected	1,027
Of the above—				
Officials	420
Non-officials	1,770
Europeans	93
Indians	2,097

STATEMENT No. I.

Statement showing the Constitution of the Municipalities in the Bombay Presidency during the year 1917-1918.

..... ween cheques issued during the year.	3,40,279 5 9 48,553 0 1	11,35,532 5 10	85,35,122 2 11	51,22,529 1 4	*10 14 2	*16 2 9	*Note—The incidence of taxation in columns 75 and 76 is calculated on the census figures of 1911. The population in the interval has considerably increased. Further the revenue from water is derived not only from the population of the Municipal district but also from the Cantonment area, Military Shipyards in the Harbour and the North Western Railway for convenience outside Municipal limits the population so served not being included in the census figures. The item incidence of taxation per head of population is therefore misleading as it is calculated on a smaller population than that which contribute to the revenue shown.
