GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution no. P.—55.

Bombay Castle, 17th November 1926.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the Municipalities and Notified Areas in the Bombay Presidency for the year 1924-25.

RESOLUTION

PART I

Summary.

Number and area.—The total number of Municipalities in the Bombay Presidency including Sind was 156 as against 157 in the previous year. The decrease of one was due to the abolition of the Kharda Municipality in the Ahmednagar District in the Central Division. The Notified Area at Castle Rock was abolished with effect from the 15th August 1924. In the Bombay Suburban Division a new Notified Area was created at Ambernath. The number of Notified Areas in the Presidency proper thus remained the same *viz*: 12 (7 in the Bombay Suburban Division, 1 in the Central Division and 4 in the Southern Division) exclusive of those which merely exist for the control of buildings and do not levy taxes. It has been proposed to establish a Notified Area Committee at Chembur in the Bombay Suburban District. The proposal is still under consideration.

2. *Change in the population and boundaries.*—There was no appreciable change in the population resident in the Municipal Districts in the year under review. The total of 26,71,000 showed a slight increase of about 2,000 souls over that of the previous year. The Municipal limits of Bassein in the Northern Division, of Panchgani in the Central Division, and of Larkana and Mirpurkhas in Sind were slightly altered during the year.

3. *Constitution of Municipalities.*—With the exception of Broach and Surat, the constitution of all the Municipalities in the Northern Division remained unchanged. In the case of Surat, on the termination of the three years' period of supersession the Municipality was re-constituted from the 15th February 1925 with an elected President and a 4/5th elective element. The usual triennial elections were held in all the Municipalities in the Kaira District except Kapadvanj. The election rules of these Municipalities were amended in order to create separate constituencies for Muhammadans and Non-Muhammadans. As a result of the activities of the non-co-operation movement the candidates at Ward No. 1 at Nadiad were persuaded to withdraw their candidature; in consequence no candidate was elected in that Ward, and the Commissioner was required to proceed under section 10 (2) of the District Municipal Act. Suits were filed in the District Court contesting the legality of these nominations but they were dismissed with costs. By-elections due to the death or resignation of Councillors were held at Dholka, Viramgam, Prantij, Gogho, Godhra, Dohad, Ankleshwar, Bulsar and Kalyan. In general throughout the Northern Division seats were keenly contested.

In the Bombay Suburban Division the outstanding event was the dissolution of the Kurla Municipality with effect from the 1st February 1925, on the grounds of incompetency and inability to exercise control over their executive committees and officers. This necessitated a fresh triennial election.

In the Central Division triennial elections were held during the year in the Municipalities of Sangamner, Jalgaon, Dharangaon, Trimbak, Poona City, Poona Suburban and Baramati. A noticeable feature of the elections

at Sangamner was the action taken by the Brahmins and the Marwadis to put pressure on voters for suppressing the proper representation of the backward classes. In consequence of the success of this action, the deficiency had to be made up by nomination. By-elections were held at Taloda, Shahada and Sindkheda. The privilege of electing its own non-official President, which was withdrawn from the Trimbak Municipality, was restored by Government during the year. In the Nasik District it was found necessary to appoint a Committee of Management under section 179 (3) (b) of the Bombay District Municipal Act, 1901, to manage the affairs of the Nandgaon Municipality. The energy with which the Committee applied themselves to rectifying conditions and putting the affairs of the Municipality on a sound basis yielded such good results that Government were pleased to restore the Municipality on the understanding that if that body again exhibited inability to conduct its affairs, Government would be constrained to dissolve it.

In the Southern Division triennial elections were held at Saundatti-Yellamma in Belgaum District and at Ranebennur, Navalgund, Byadgi, Nargund and Haveri in Dharwar District, and in all permanent Municipalities except Kumta in the Kanara District, at Matheran in the Kolaba District and at Ratnagiri and Malwan in the Ratnagiri District. The elections in the Dharwar District were keenly contested in non-Muhammadan wards, but Muhammadan wards displayed great lack of enthusiasm. The elections in Karwar also aroused keen interest and an application from an unsuccessful candidate to set aside an election was dismissed by the District Court. Though the Matheran elections were specially held during Christmas week so as to afford an opportunity to the large number of qualified persons from Bombay to vote and compete, there was no competition. A by-election was held at Dharwar and another at Hubli. The triennium of the Vengurla Municipality which was due to expire on the 31st March 1925 was extended by two months owing to the incorrect publication of the electoral rolls. Gadag-Bettigeri and Chiplun Municipalities were re-constituted with an increased number of Councillors and the 4/5th elective element.

In Sind the Municipalities of Nasarpur in the Hyderabad District and of Sehwan in the Larkana District were re-constituted during the year on a four-fifth elective basis. Thus all the 26 Municipalities in the province have been re-constituted in accordance with the orders of Government of 1920 liberalising the constitution of Municipalities.

4. *Attendance at Municipal Meetings.*—In the Northern, Bombay Suburban, Central and Southern Divisions the total number of meetings held rose from 950, 75, 1,070, and 818, to 993, 102, 1,148, and 916, respectively. This increase cannot however be accepted as an indication of an increased interest in Municipal affairs, as the percentages of attendance fell and the number of abortive meetings rose in all the Divisions, except in the Northern Division, where the average attendance of members rose from 53·3 per cent. in the previous year, to 60·9 per cent. in the year under report; nevertheless instances of failure to attend 2/3rds of the meetings continued to occur. In Sind the total number of meetings held decreased slightly and the attendance of Councillors also was not generally satisfactory.

5. *Changes in the system of taxation: House Tax.*—The year witnessed unimportant changes in this direction. Nipani and Bhatkhal revised their house-tax schedules. The increase in the incidence of taxation in Bandra, Ghatkopar and Juhu in the Bombay Suburban Division was due to better recoveries and to the revision of the assessment list in Ghatkopar. The buildings in the slaughter house yard at Bandra were also assessed to house tax for the first time.

Octroi.—Dholka, Gogho, Belgaum, Nipani, Ilkal, Nargund, Halyal and Rohri revised their octroi schedules. Savda introduced octroi.

Terminal Tax.—In Ahmedabad the terminal tax rate on timber was reduced by 50 per cent. In Dhandliuka the levy of a terminal tax on imports and a few articles of export was sanctioned. Vambori introduced the system of terminal tax. Kumta, Sukkur, Shikarpur, Garhi Yasin, Larkana and

Mirpurkhas revised their terminal tax schedules and Chiplun and Tatta substituted a terminal tax for Octroi. In Sanand an export duty on pressed cotton was imposed and Hubli commenced the levy of a terminal tax on exported cotton and cotton seeds. In the Panch Mahals District the Dohad Municipality commenced the levy of terminal tax on exports by rail.

Water rate.—Hubli brought into force the revised water rates and rules sanctioned by Government in 1923. The Thana Municipality also enforced the amendments of its water rate rules.

Sanitary Cess.—The Sanitary Cess rules of the Anand and Dakor Municipalities were revised. In Kalyan the legality of a levy of a general sanitary cess in the case of those who paid the special sanitary cess has been confirmed in appeal by the Bombay High Court and this has increased the income of the Municipality. In the Central Division the Alandi Municipality revised its rate of special sanitary cess while the Ashta Municipality introduced this tax. In the Southern Division the Nipani and Kumta Municipalities revised their special cess and Hubli its general cess. Malad and Roha introduced a general cess, while Uran, which previously did not recover this cess from persons who paid the special cess, commenced to do so.

Conveyance Tax and Tolls.—Government observe with satisfaction a tendency on the part of Municipal bodies throughout the Presidency to exploit existing possibilities of increasing their income under this head. The reports of the Commissioners of Divisions contain several references to the imposition of Toll and Wheel tax in new areas and to the increase of the rates of levy of these taxes where they were already in existence.

Miscellaneous Taxes.—The proposal to substitute a surcharge on railway tickets for the present pilgrim tax at Dakor was negatived by Government and the Municipality appointed a Committee to consider the proposal to increase its pilgrim tax in order to improve its finances and to provide better facilities for the pilgrims. The Committee of Management, Surat Municipality, abolished the education cess and revised the scale of fees for notices and distress warrants. The Kalyan Municipality levied fees for licenses for the mutton market. In the Central Division at Raver a tax on sale of cattle was introduced. In the Southern Division Gudguddapur revised its rates of capitation tax and introduced a rate on the sale of cattle. The illegal practice of farming out the right of collecting cattle and sheep market fees, which had been in vogue in Nipani, was ordered to be discontinued. Dharwar introduced the theatre tax and tax on hotels, tea-shops, etc. Market fees were introduced in Navalgund and revised in Byadgi.

6. *Municipal Income.*—During the year under report the aggregate gross income of the Municipalities increased to Rs. 307½ lakhs from Rs. 290½ lakhs in the previous year. Deducing receipts under "Extraordinary and Debt" the net income amounted to Rs. 223 lakhs as against Rs. 195 lakhs in the previous year. The following table shows the fluctuations under the principal heads of income:—

	1924-25	1923-24	Increase	Decrease
	In thousands	In thousands	In thousands	In thousands
	Rs.	Rs.	Rs.	Rs.
1. Municipal rates and taxes—				
(a) Octroi (net receipts, i.e., deducting refunds) and terminal tax.	65,03	59,16	5,87
(b) Taxes on houses and lands	24,70	22,96	1,74
(c) Water tax	29,02	26,44	2,58
2. Revenue derived from Municipal property and powers other than those of taxation.	33,72	29,62	4,10
3. Grants and contributions for general and special purposes.	28,30	22,79	5,51
4. Extraordinary and Debt	84,72	95,54	10,82

7. *Octroi and Terminal Tax Receipts.*—Of the substantial increase of Rs. 5,87,000 under this head, as much as Rs. 4,20,000 has been contributed by Sind. The increase in the Northern, Central and Southern Divisions being Rs. 87,000, 71,000 and Rs. 79,000, respectively; of the increase of Rs. 87,000 in the Northern Division as much as Rs. 60,000 and Rs. 13,000 have been contributed by the Municipalities of Broach and Surat, respectively, while Ahmedabad, Jambusar and Godhra showed an increase of Rs. 5,000 each. At Broach and Jambusar the large increase was due to increase in exports, especially Kapas, while at Surat the increase is attributed to imports. Improved trade and large exports by rail are shown to be the cause of the increased income at Godhra. Of the increase of Rs. 79,000 under this head in the Southern Division, Dharwar District alone contributed Rs. 57,000 consisting of Rs. 29,000 from terminal tax and Rs. 28,000 from Octroi. Importation of a larger volume of articles and closer supervision of the collecting staff resulted in an increase of Rs. 3,000 in Dharwar. Hubli levied a terminal tax on exported cotton bales and cotton seeds which brought in an additional revenue of Rs. 16,000. As regards Octroi receipts Gadag-Bettigeri showed a large increase of Rs. 22,000 due to better collection work and Byadgi an increase of Rs. 6,000 on account of larger imports. An increase of Rs. 15,000 in Bagalkot due to non-payment of octroi refunds was set off by a decrease of Rs. 11,000 in Bijapur owing to plague. Similarly, an increase of Rs. 5,000 in Belgaum and of Rs. 11,000 in Nipani due partly to large imports of grain, sugar, tobacco and tea and partly to revised rates of octroi were counterbalanced by decreases of Rs. 3,500 in Athni, Rs. 1,500 in Gokak and Rs. 9,000 in Bail-Hongal. In Sind, the increase of Rs. 3,56,000 in Karachi was due to increased imports. The increase of Rs. 32,200 in Sukkur and of Rs. 14,800 in Shikarpur was due to the revision of the terminal tax schedules and increased imports of foreign made articles. The increase of Rs. 14,600 in Tando Mahomed Khan was due to the opening of new rice husking factories there. There were corresponding decreases under this head in Tatta (5,000), Kotri (2,000), Hyderabad (13,000), Hala (2,000), Tando Allahyar (4,800), and Shahdadpur (1,500).

8. *Taxes on houses and lands.*—The increase of Rs. 1,74,000 under this head was general throughout the Presidency including Sind and was attributable mainly to the revision of the house tax schedules and better recovery of past arrears. In the Northern Division towards the increase of Rs. 52,000, the Municipalities of Godhra, Rander and Surat have chiefly contributed, Surat alone showing an increase of nearly Rs. 40,000. In the Bombay Suburban Division the increase of Rs. 17,000 accrued chiefly in Bandra, Ghatkopar and Juhu and was due to assessments on new houses, revision of assessment lists and better recovery. The Central and Southern Divisions showed increases of Rs. 32,000 and Rs. 15,000 respectively. In the latter Division Rs. 14,000 was contributed by Hubli owing to revision of assessment, Rs. 4,000 and 5,000 by Gadag-Bettigeri and Vengurla on account of past arrears. On the other hand, Bijapur showed a decrease of Rs. 8,000 due to the prevalence of plague during the collection season. In Sind the increase under this head is almost wholly contributed by the Karachi Municipality, where it amounted to Rs. 39,000 and was due to the revision of assessment in some quarters and the assessment of new buildings erected during the year.

9. *Water rates.*—The largest portion out of the total increase of Rs. 2,58,000 under this head was contributed by the Northern Division which was responsible for Rs. 1,48,000. The Ahmedabad Municipality alone accounted for an increase of Rs. 1,00,000, the enhanced income being due to the recovery of past years' arrears and to receipt of Rs. 25,000 from the Cantonment Authority, Ahmedabad, on account of the increased rate for water supplied to the Cantonment. The Municipalities of Surat, Rander and Thana also contributed to the extent of Rs. 25,000, 5,000 and 18,000, respectively, as a result of the recovery of past arrears. In the Bombay Suburban Division the increase of Rs. 5,600 was due to the Bandra Municipality having added a new main to increase the pressure in Naupada, while

in Kurla the income under this item decreased, due, it is reported, to slackness in recovery. The Central Division contributed Rs. 8,000 towards the increase. The increase of Rs. 10,000 in the Southern Division was mainly shared by Dharwar (Rs. 13,000) and Hubli (Rs. 6,000) owing to increased number of house-connections granted, assessment of new buildings to general water rate and revision of general and special rates. There was a decrease of Rs. 8,000 in Bijapur due to the closing of private pipe connections during the prevalence of plague. In Sind the increase of Rs. 86,000 was contributed wholly by the Karachi and Hyderabad Municipalities. In Karachi there was an increase of Rs. 68,000 due to revision of assessment and the levy of a consolidated 4 per cent. water rate from the 1st January 1925. The increase of Rs. 17,000 in Hyderabad was due to the recovery of arrears and additional house connections.

10. *Recovery of Municipal dues.*—In the Northern Division the Municipalities of Ahmedabad, Surat, Rander and Thana added considerably to their income under several heads by recovery of past years' arrears. Arrears are still reported to be heavy at Ahmedabad, Modasa, Umreth, Godhra, Surat, Thana and Kalyan. At Ahmedabad the arrears have decreased by nearly 2 per cent. of the total demand but the collection work still needs improvement. The attention of Godhra Municipality, which had large arrears, was specially drawn by the Collector to its palpable neglect of collection work. The Committee of Management, Surat, deserves credit for its action in recovering a part of its heavy outstanding arrears by enhancing its scale of warrant fees and penalties in spite of the ceaseless campaign of non-payment of taxes by a group of the public. In the Bombay Suburban Division, Bandra and Kurla showed each arrears of Rs. 81,000 and Ghatkopar-Kirol Rs. 10,000. In Kurla arrears increased from Rs. 43,000 to 81,000. The Collector has directed the Municipalities to submit weekly progress reports of collection of arrears and it is hoped that this procedure and other efforts will reduce the arrears to a considerable extent.

In the Central Division out of a total demand of Rs. 19,13,000 outstanding arrears at the end of the year amounted to Rs. 3,02,500, *i.e.*, about 15·8 per cent. The heaviest arrears were in Yawal (26 per cent.), Chopda (37 per cent.), Erandol (25 per cent.), Sindkheda (53 per cent.), Yeola (46 per cent.), Poona City (21 per cent.), Jejuri (44 per cent.), Indapur (56 per cent.), Junnar (38 per cent.), Saswad (42 per cent.), Sirur (52 per cent.), Lonavla (15 per cent.), Ashta (47 per cent.), Karad (41 per cent.), Sholapur (18 per cent.), Karmala (35 per cent.), and Sangola (30 per cent.). Approximately half of the total amount of arrears was on account of house-tax.

In the Southern Division the heaviest arrears were in Athni (61 per cent.), Belgaum (19·5 per cent.), Bijapur (45·5 per cent.), Hubli (20 per cent.), and Gadag-Bettigeri (43·7 per cent.). The arrears in Athni have now become chronic and the same hackneyed explanation is offered every year, *viz.*, that they are due to former suspensions of house tax and general sanitary cess on account of frequent bad seasons. It has already been pointed out to this Municipality and others that the excuse of famine cannot be accepted when the amounts due are small, and non-payment is due to negligence or contumacy. The Presidents have been asked to take disciplinary action. The situation in Belgaum shows little improvement. The arrears in Hubli, Gadag-Bettigeri and Malwan have increased while Uran is reported to be as indifferent as ever. It is satisfactory to note that Panvel has made progress and that Ranebennur, Haliyal and Honavar show a clean sheet.

In Sind the total outstandings amounted to Rs. 2,73,000 as against Rs. 2,38,000 in the preceding year. The arrears amounting to Rs. 2,37,000 in the Karachi Municipality were explained by the delay in issue of bills owing to the late disposal of appeals, and the non-payment of the bills for February and March before the close of the year. These large arrears are unsatisfactory. They are principally due to (1) lack of interest on the part of councillors who are often among the last to pay their dues, (2) lack of courage on the part of the Municipal staff, and (3) failure to use coercive

processes and impose penalties for late payment. Once again Government desire to emphasize the necessity of energy in the collection of taxes and to point out that it is the common duty of councillors to give a lead to the public in payment thereof, and to support the collecting staff in taking vigorous action against defaulters.

11. *Revenue derived from Municipal property.*—Under this head there was an increase of Rs. 4,10,000. Sind alone showed an increase of Rs. 3,94,000. The figures for the Central and Southern Divisions are Rs. 47,000 and 1,000, respectively, below the figures for the previous year: however this drop is offset by an increase of Rs. 35,000 in the Northern Division and Rs. 20,000 in the Bombay Suburban Division. In the Ahmedabad Municipality an increase of Rs. 52,000 over the figure for the year 1923-24 was due to the enhanced rents of Municipal shops, increased receipts from fines, interest realised from investments of Municipal money and the premium realised on the 2nd instalment of the New Water Works and Drainage loan.

In the Bombay Suburban Division an increase of Rs. 16,000 accrued in Kurla chiefly on account of fees from markets and slaughter houses.

In the Southern Division a large decrease of Rs. 11,000 was recorded in Belgaum. There were decreases also in Bijapur (13,000) and Hubli (Rs. 8,000) but increases occurred in Gokak (4,000), Bagalkot (5,000) and Gadag-Bettigeri (8,000). The chief items which contributed to the increase in Sind were (1) rents of lands and houses in the Karachi and Kambar Municipalities, (2) sale proceeds of lands mainly in the Karachi, Shahdadpur and Mirpurkhas Municipalities and (3) interest of investments for general purposes, chiefly in the Karachi Municipality.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to Municipalities for the improvement of water supply and drainage, for the entertainment of health officers and Sanitary Inspectors and for educational purposes, increased from Rs. 22,79,000 to Rs. 28,30,000. The Northern Division showed an increase of Rs. 86,000, the Central Division Rs. 4,78,000, the Southern Division Rs. 20,000 and the Bombay Suburban Division Rs. 17,500. This increase was counterbalanced by a decrease of Rs. 33,000 in Sind. In the Northern Division the net increase of Rs. 86,000 was the difference between an increase of Rs. 1,30,000 shared by the Municipalities of Ahmedabad, Viramgam, Surat and Godhra and a decrease of nearly Rs. 44,000 for which Kaira, Nadiad, Kapadvanj, Broach and Thana were responsible. Ahmedabad received an increased Government subsidy on account of the amalgamation of National Schools with Municipal Schools and Viramgam received a building grant of Rs. 25,000 towards the construction of its Municipal Hall. At other places the variations were due to the fluctuations of the Government educational grants, except at Kapadvanj where a large building grant was made by Government in the previous year. At Godhra a popular contribution of Rs. 4,000 was received by the Municipality for constructing a canal for improving the water supply of the tank. In the Bombay Suburban Division the increase of Rs. 17,500 was due to the educational grant for the previous year being obtained during the year under report by the Kurla Municipality and to additional educational grant being sanctioned by Government to the Ghatkopar Municipality. In the Southern Division, Belgaum accounts for Rs. 22,000 towards the increase on account of larger educational grants. Guledgud received a grant of Rs. 14,000 for the construction of a dispensary building, Chiplun Rs. 1,17,000 as a provincial educational grant for two years and Uran a grant of Rs. 45,000 for its water supply scheme. In Sind, Karachi showed an increase of Rs. 1,15,000 under this head. On the other hand Hyderabad and Sukkur showed a decrease of about 1,00,000 and 1,17,000, respectively. The other variations were small.

13. *Nature of income and incidence per head of population.*—Of the total income of the Municipalities amounting to 1,95,00,317, Rs. 1,46,12,000 were realised from municipal taxes and rates as compared with Rs. 1,33,85,000 in the preceding year, direct taxation yielding Rs. 81,09,000

or 55.4 per cent. and indirect taxation Rs. 65,03,000 or 44.6 per cent. of the total. The corresponding percentages in the previous year were 55.8 and 44.2, respectively. The average incidence of taxation per head of population increased from Rs. 5-7-1 to Rs. 5-7-6 and that of income increased from Rs. 7-15-4 to Rs. 8-5-5.

14. *Working of Octroi and Terminal Tax systems.*—In the Northern Division 8 Municipalities, *viz.*, Viramgam, Gogho, Ranpur, Surat, Bulsar, Thana, Kalyan and Bassein levied octroi. Out of the gross receipts of Rs. 4,71,800 from octroi, a sum of Rs. 47,300 was granted as refunds, equivalent to a percentage of 10.03 as against 5.7 in the previous year, this rise being due to the grant of refunds to the extent of Rs. 43,000 at Surat. The working of the Terminal tax system is reported to be satisfactory in the remaining 28 Municipalities and at Broach it yielded an increased revenue of Rs. 60,000 during the year of report. None of the Municipalities in the Bombay Suburban Division levied octroi. Terminal tax is levied by the Bandra Municipality and the income derived from this tax during the year under report was Rs. 81,000. The Municipality revised the schedule of rates reducing greatly the tax on wood, thereby giving a stimulus to building in the Khar and Chapel Road Suburban Schemes. In the Central Division octroi was levied in 33 Municipalities, while nine Municipalities, *viz.*, Ahmednagar, Vambori, Jalgaon, Raver, Dharangaon, Amalner, Chalisgaon, Dhulia and Nandgaon imposed a terminal tax. At Ahmednagar and Vambori this tax was introduced during the year under review. The gross collections from octroi amounted to Rs. 12,72,065, the net income being Rs. 11,76,000, the percentage of refunds being 7.5 against 5.6 of last year; corresponding amount for the Southern Division was Rs. 5,31,000 of which Rs. 19,400 was refunded, the percentage of refunds decreasing from 6.9 to 3.6. The percentage was highest in Chiplun 55.9, in Karwar 16.9, and 16.01 in Honavar and low in other places. The tendency to supersede Octroi by the imposition of Terminal Tax is satisfactory as the reports of District officials indicate that the Refund system as at present worked by the Municipalities is not only an open door to fraud but frequently operates harshly as delay occurs in demanding conclusive proof of identity of goods before a refund is made. Saundatti-Yellamma and Bail Hongal have submitted proposals for the introduction of a terminal tax, but they have been shelved pending the completion of the enquiry of the Indian Taxation Enquiry Committee. The introduction of terminal tax was given effect to at Chiplun from the 1st October 1924. In Sind the terminal tax system already in force in the Karachi, Keti Bunder, Kotri, Sukkur, Shikarpur, Garhi-Yasin, Ghotki, Larkana, Kambar, Mirpurkhas, Umarnot and Jacobabad Municipalities was extended to the Tatta Municipality.

15. *Expenditure.*—The total expenditure of the Municipalities during the year under report was Rs. 305 lakhs against Rs. 260 lakhs in the preceding year. Excluding the items of "Extraordinary and Debt" the expenditure amounted to Rs. 218½ as against Rs. 192½ lakhs. The increase in the ordinary expenditure was therefore Rs. 26½ lakhs. The following table indicates the fluctuations under the principal heads of expenditure:—

	1924-1925	1923-1924	Increase	Decrease
<i>In Thousands.</i>				
1. General Administration and Collection charges.	20,80	19,16	1,64	...
2. Public Health and conveyance.	1,20,44	1,08,89	11,55	...
3. Public instruction	45,41	40,83	4,58	...
4. Extraordinary and Debt	85,93	67,48	18,45	...

16. *Public Health and Convenience.*—There were increases of Rs. 4,46,000, Rs. 1,02,000 and Rs. 6,56,000 under this head in the Central and Southern Divisions and in Sind, respectively, counterbalanced by decreases of Rs. 39,000 and Rs. 10,000 in the Northern and Bombay Suburban Divisions, respectively.

17. *Water supply.*—The expenditure on water supply in the Presidency increased by 2.44 lakhs. This was due in the main to the following items, *viz.* :—

- (a) construction of water works at Kapadvanj,
- (b) laying of a new main by the Bandra Municipality,
- (c) payment of a water loan instalment by the Barsi Municipality,
- (d) construction of a water supply scheme by the Vita Municipality,
- (e) maintenance and repairs of the Karad Water Works,
- (f) increased expenditure by the Nargund Municipality in the Southern Division on its water supply scheme,
- (g) expenditure by the Karachi Municipality on a new conduit and purchase by it of a new boiler and engines,
- (h) enhanced expenditure by the Karachi Municipality on account of pumping at Dumlotte.

18. *Financial working of water supply installations.*—In the Northern Division the income of the Ahmedabad Municipality from water rates increased from Rs. 10,32,537 to Rs. 11,32,438 of which Rs. 5,61,440 as against Rs. 5,07,342 in the previous year were derived from the direct sale of water and Rs. 5,70,998 as against Rs. 5,25,195 from the general water rate, etc. The expenditure including Rs. 42,496 as interest on loans, Rs. 19,216 as sinking fund instalment and Rs. 12,000 for depreciation charges amounted to Rs. 3,11,172 as against Rs. 2,76,000 in the previous year. The Surat Municipality is reported to have made a net profit of Rs. 36,309, as against Rs. 2,649 in the previous year and the financial working of its water supply installation thus showed a steady improvement. The Rander Municipality with its income of Rs. 11,207 made a net profit of Rs. 8,647 in the year under review as against a loss of Rs. 194 in the previous year. In the Thana District the Municipalities of Thana and Bhiwandi realised net profits of Rs. 9,421 and Rs. 2,299, respectively, which yielded 7 per cent. and 5 per cent. on their capital outlay of Rs. 1,33,957 and Rs. 44,724, respectively. The percentage of actual profit at Thana would have been still greater but for the fact that during the year of report the Municipality incurred a capital expenditure of Rs. 11,900 on extending its water mains over a wider area of supply. During the year of report the Kapadvanj Municipality commenced the construction of a water supply installation with the help of a Government grant.

In the Bombay Suburban Division the Municipalities do not own independent water systems. Bandra and Kurla obtain their supplies from the Bombay Municipal main at a cost of 8 annas a 1,000 gallons and charge the public 12 annas and 10 annas per 1,000 gallons respectively which permits of a small profit.

In the Central Division the Ahmednagar, Jalgaon and Dhulia Water Works showed a profit. Of these Jalgaon and Dhulia had no Government loans to repay while Ahmednagar could only repay Rs. 12,500 out of the Water Works loan. The Nasik Municipality still owe a considerable balance to Government while they are running their water works at a loss.

In the Southern Division the total revenue from the water works at Bijapur amounted to Rs. 19,801, the incidence per head per annum being Re. 0-9-4 only while the expenditure was Rs. 65,509, of which Rs. 15,451 is the amount of instalment towards repayment of the loan. The water works thus worked at a loss of Rs. 45,708. In Dharwar the income rose from Rs. 36,221 to Rs. 45,944 and the expenditure fell from Rs. 44,890 to Rs. 43,086, of which Rs. 10,754 represents the instalment due towards repayment of loan and Rs. 25,551 the working expenses. The water works at Hubli worked at a profit of Rs. 7,870, the income being Rs. 49,806 and the expenditure Rs. 41,936. The working expenses were Rs. 29,010. The Municipality purchased a boring plant which accounted for an increase under Capital outlay. As usual the water works at Alibag and Roha-Ashtami worked at a loss. Panvel and Pen showed a profit.

In Sind the water supply accounts of the Hyderabad Municipality showed a total revenue of Rs. 1,52,800 and an expenditure of Rs. 70,300, leaving a closing balance of Rs. 82,500. In Sukkur a sum of Rs. 15,600 was derived from the direct sale of water, while the expenditure amounted to Rs. 57,200.

19. *Drainage.*—In the Northern Division the Ahmedabad Municipality alone was responsible for the increase of Rs. 83,000 under this head. The increased expenditure on "Capital Outlay" was due to the construction of new underground drains in the undrained wards of the City and the increase under "Establishment and repairs" was mainly due to the purchase of a weigh-bridge and the construction of bath-rooms at the Jamalpur Pumping Station. In the Bombay Suburban Division a decrease of Rs. 10,600 occurred in Kurla as no drains were constructed by the Municipality during the year of report. In the Central Division the increase under this head was shared by the districts of East Khandesh, Nasik, Poona and Sholapur. The Poona City Municipality spent Rs. 1,30,000 for carrying out new works in connection with the Remodelling drainage scheme. In East Khandesh the increase was at Bhusaval, Jalgaon and Amalner. In Sholapur the increase was due to the fact that the Sholapur Municipality spent Rs. 30,000 for the upper and lower Lendki Nalla Drainage Scheme.

In the Southern Division construction of masonry gutters by Dharwar, Hubli and Ranebennur, accounted for an increase of Rs. 6,000 under Capital Outlay. Roha received a grant of Rs. 7,330 from the Sanitary Board for an open surface drain. In Sind there was a net increase of Rs. 13,000 under "Capital Outlay" of which Rs. 7,000 and 54,000 were contributed by the Hyderabad and Shikarpur Municipalities, respectively, for the construction of new drains. This increase was counterbalanced by a decrease of Rs. 45,000 due to the special expenditure by the Karachi Municipality last year in the purchase of a new plant for the compressor and laying out of a 24' discharge main over a large area in the preceding year. There was an increase of Rs. 37,000 under "Establishment, repairs, etc." mainly contributed by the Karachi Municipality.

20. *Conservancy.*—In the Northern Division there was an increase of Rs. 85,000 in the expenditure under this head contributed chiefly by the Municipalities of Ahmedabad and Broach. In the Bombay Suburban Division there was a decrease of Rs. 7,500 due to reduction in non-recurring expenditure by the Bandra and Kurla Municipalities. In the Central Division all districts except West Khandesh and Poona contributed to the increase under this head. The heaviest increase was in the Sholapur District. In the Southern Division the expenditure under this head rose from Rs. 2,74,000 to Rs. 2,80,000. The increase was mainly contributed by Bagalkot, Pen and Matheran Municipalities. For the increase of Rs. 71,000 in Sind under this head Karachi was mainly responsible, in consequence of increments earned by the conservancy staff and entertainment of additional sweepers.

21. *Road expenditure and appropriation of wheel-tax and road tolls for that purpose.*—The expenditure incurred under this head amounted to Rs. 18,06,000 against Rs. 15,57,000 in the previous year showing an increase of Rs. 2,49,000 for the major portion of which Sind (1,18,000) and the Southern Division (76,000) are responsible. The Central and Northern Divisions also contributed Rs. 35,000 and Rs. 24,000, respectively, to the general increase while the Bombay Suburban Division showed a decrease of Rs. 4,000. There is still much diversity of practice in the application of the rule that the whole of the net receipts from the wheel tax and road tolls should be expended on road repair and road construction. In the Northern Division Dhandhuka, Rander and Bulsar were the worst offenders. In the Central Division the majority of the Municipalities failed to observe the rule—exceptions being Sholapur, Jalgaon, Bhusaval, Amalner, Chalisgaon, Nasik, and Poona. In the Southern Division the rule appears to have been honoured as much in the breach as in the observance. In the case of Mahad the Commissioner, S. D., found it necessary to recommend suspension of the levy of toll by the Municipality until that body undertook to revise its

irregular practice of deflecting receipts under this head. Separate accounts however were with two exceptions, *viz.*, Mahad and Saundatti Yellamma, generally maintained.

In Sind there was a very large increase of Rs. 1,18,000, Karachi alone spending Rs. 62,000 more than its expenditure in the year previous on the construction of new roads and footpaths and acquisition of land. There were increases aggregating Rs. 57,000 also in the municipalities of Tatta, Hyderabad, Tando Allahyar, Tando Mahomed Khan, Sukkur, Shikarpur, Rohri, Ghotki, Larkana, Kambar, Ratodero, Shahdadpur and Jacobabad. On the other hand the reports of the Municipalities of Garhi Yasin and Mirpurkhas show reductions amounting to Rs. 42,000. The Tatta, Garhi Yasin, Rohri, Ghotki and Tando Adam Municipalities failed to spend fully the income which accrued during the year from the levy of wheel tax and road tolls.

Section 91-A of the Bombay District Municipal Act, 1901, as amended by Bombay Act, VIII of 1914, imposes upon Municipalities the duty of prescribing a regular line for the boundaries of public streets. The Act as amended by Bombay Act, IV of 1924, restricts this obligation to City Municipalities and to town Municipalities only when they are notified by Government in this behalf. In the Northern Division in the Ahmedabad District practically no progress was made as regards fixing street lines by any of the Municipalities. In the Kaira District the Mehmedabad and Nadiad Municipalities appointed sub-committees for prescribing road lines but the other Municipalities have done nothing. In Broach no progress had been made by the Jambusar and Ankleshwar Municipalities but the City Municipality of Broach reports the alignment of about 40,705 square feet of street lands. The Surat Municipality has prescribed a regular line of boundaries in the case of about one-fifth of its public streets. In the Thana District the Municipality of Kalyan aligned one more road during the year while the Bassein Municipality has practically completed the work. The Municipalities of Thana and Bhiwandi made no progress.

In the Bombay Suburban Division the Bandra Municipality has made appreciable progress by prescribing regular lines for 13 roads. Kurla and Juhu Municipalities have done nothing in the matter and the Collector states that he has invited the attention of these Municipalities to this omission on their part.

In the Central Division also with the exception of Sholapur practically no progress has been made.

In the Southern Division the position is a trifle more satisfactory as Belgaum has aligned 4 streets, Bijapur 6, Bagalkot 3 and Gadag 2. Hubli also aligned a few. Gokak set back encroachments in 4 cases and Bagalkot spent Rs. 9,445 in this respect. In Panvel a regular alignment of the streets was drawn up during the City Survey of the town and Matheran prescribed an alignment of buildings on either side of the road from the centre of the road in the Bazar area and 30 feet on all other roads. Ratnagiri was the only Municipality in that district which took any action in the matter. In Sind the fact that most of the Municipal towns are not surveyed prevents compliance with the provisions of section 91-A of the Bombay District Municipal Act. In Karachi and Hyderabad the regular lines of certain streets were prescribed under the Act. The provisions of this section have been complied with in Sukkur, but the action promised in the previous year has not yet been taken in Shikarpur, Garhi Yasin and Rohri.

22. *Public Instruction.*—The total expenditure under this head amounted to Rs. 45,41,000 against Rs. 40,83,000 in the preceding year. The largest increases occurred in the Northern Division (Rs. 2,22,000), Central Division (Rs. 1,10,000) and in the Southern Division (Rs. 72,000). In the Northern Division the Municipalities of Ahmedabad, Surat, Borsad, Anand, Mehmedabad, Kaira, Nadiad, Godhra, Dohad, Kalvan, Bhiwandi and Bassein were chiefly concerned in the increase under this head. The largest share was contributed by Ahmedabad, due to the amalgamation of National schools with the Municipal schools at a cost of Rs. 31,000 and to the payment of

a subvention of Rs. 1,50,000 to the National schools during the year under review. In the Central Division the increase was shared by all districts except Ahmednagar. In East Khandesh, West Khandesh, Nasik and Satara, the increase was generally due to the payment to teachers of arrears and of increased pay in accordance with the revised scale and also to the payment of arrears of pension contributions. In Sholapur the increase was due to the payment of compensation for lands purchased for school buildings by the Sholapur Municipality and the employment of extra establishment in primary schools and High Schools by the Pandharpur Municipality. In the Southern Division the increase was shared by all Districts except Bijapur. Nipani and Gokak established High Schools and were each responsible for an increase of Rs. 6,000. Hubli, which contributed Rs. 30,000, constructed a new school house and four additional rooms in the High School building. Gadag Bettigeri spent Rs. 68,000 as against Rs. 60,000 in the previous year on primary and secondary education. Nargund paid arrears of pension contribution on account of primary teachers. A new primary school building was erected in Haveri. There was an increase of Rs. 14,000 in Kanara owing to payment of arrears of pay and pension contribution of teachers. The increase in Kolaba was general and mainly occurred in Uran, Pen, Mahad and Matheran. Chiplun, Malegaon, Vengurla and Ratnagiri revised the salary of their teachers.

In Sind, Karachi is responsible for an increase of Rs. 10,000 under this head on account of additional contributions to private primary schools and of a grant of Rs. 6,000 to the Ida Rieu Poor Welfare Association. Hyderabad contributed Rs. 4,700 towards the increase on account of payment of additional grants to the secondary schools. There were small decreases in Sukkur, Shikarpur, Larkana and Kambar Municipalities.

23. *Closing balance.*—The year's working resulted in an increase of Rs. 2,99,000 in the total closing balance. Of this amount Sind, Southern Division, Central Division and Bombay Suburban Division contributed Rs. 1,61,000, 1,04,000, 76,000 and 12,000, respectively, whereas the Northern Division showed a decrease of Rs. 54,000. The aggregate closing balance of the Municipalities amounted to Rs. 1,20,86,000 as against Rs. 1,17,87,000 in the preceding year. In Sind while the total income fell by Rs. 14,34,000, the total expenditure rose by Rs. 8,96,000. The actual balance excluding deposits amounted to Rs. 86.96 lakhs, of which Rs. 68.28 lakhs represented the closing balance of the Karachi Municipality.

24. *Audit of Accounts.*—The Accountant General's Local Audit Department audited the accounts of all the Municipalities in the Presidency including Sind during the year under review with the exception of Mahableshwar in the Satara District. Several irregularities have been brought to light, the most common and persistent being heavy arrears, disregard of municipal rules and Government orders, omission to obtain the Commissioner's sanction to changes in establishment and taxation and worst of all contumacy on the part of the Councillors themselves in paying up their dues. The Audit note of the Belgaum Municipality reveals a bad financial condition, heavy arrears, the sacrifice of the ratepayers' interests out of sympathy for an influential councillor, the appropriation of a large portion of the grant sanctioned for town extension for general purposes and last but not least that 15 councillors including the President himself are in arrears with their rates. Several councillors in Bijapur are again in arrears though the fact that they were in arrears in the preceding year had been brought to their notice. Gadag Bettigeri is another instance where councillors including the Vice-President are in arrears. Saundatti Yellamma has persisted in utilizing the receipts from Pilgrim tax for general purposes. In Nandgaon the Audit disclosed so many cases of irregularities and defalcations that the Collector ordered the prosecution of the then Secretary and the President. Examination of the affairs of the Kalyan Municipality shows heavy arrears and that many of the councillors were among the defaulters; so much so that the President has

been asked to take early steps for the rectification of this public scandal. In Godhra Municipality it has been discovered, that only one or two of the 200 warrants signed by the Chairman, Managing Committee, have been executed. At Rander a tax collector was prosecuted for misappropriation of a sum of Rs. 2,297.

The reports of the Commissioners are unanimous in criticising the persistent neglect on the part of almost all Municipalities in disposing of Audit notes. The necessity for audit is increasingly demonstrated and unless signs of improvement are visible, it will shortly be necessary to examine more particularly the causes of these instances of a lack of probity and this absence of a civic sense in councillors and to adopt measures which will tend to prevent the consequences that must follow from a lowering of the standard of morality in the conduct of municipal affairs.

25. *Grants for Sanitary and Town Improvement Schemes.*—As usual a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, good roads, hygienic school buildings with adequate play grounds, improved conservancy arrangements, Municipal office buildings, dispensary buildings, markets, slaughter houses, etc., are reported to be the pressing and general needs of the Municipalities, most of which suffer from want of funds. For this the Municipalities have primarily themselves to blame. Government have hitherto, so far as the state of their finances permitted, assisted these bodies towards the attainment of the more important desiderata by granting loans and liberal grants-in-aid from time to time. The principal grants made during the year were:—

Northern Division.

	Rs.
Grant-in-aid to the Thana Municipality for improvements to its water supply scheme	6,235
Grant-in-aid to the Virangam Municipality towards the construction of the Municipal Hall	25,000

Central Division.

Grant-in-aid to the Vita Municipality being 50 per cent. of the estimated cost of its water supply scheme ...	29,558
Allotment for the construction of an additional Service Reservoir and Infiltration Gallery at Pandharpur ...	31,489
Grant-in-aid to the Dhulia Municipality in connection with its market	9,972
Allotment for maintenance and repairs of Poona City Pumping station	5,000
Grant-in-aid to the Poona City Municipality towards the cost of the Poona Drainage Improvement project ...	1,30,000
Allotment for installing 8" Orivent metre tube on the water works, Karad	5,744

Southern Division.

Allotment for current repairs to the Water Works, Ratnagiri	2,137
--	-------

Sind.

Grant-in-aid to the Sukkur Municipality for its water works	53,000
Grant-in-aid to the Karachi Municipality on account of improvement of the storm water drain from Burns Garden to the Railway Embankment	45,700

PART II.

Remarks Regarding the Principal Municipalities.

26. *Ahmedabad.*—The present Board which came into power on the 9th February 1924, consists of 60 councillors. Of these 48 are elected, the rest being nominated. The revenue from "Rates and Taxes" rose from Rs. 21,43,878 in the previous year to Rs. 22,93,558 in the year under report. The financial condition of the Municipality shows a steady growth of revenue from direct taxes which increased during the year under report to Rs. 16½ lakhs from Rs. 9¾ lakhs in 1921-22. Out of a total demand of Rs. 16,34,140, the Municipality recovered Rs. 14,09,424, the amount remitted during the year being Rs. 72,971. The arrears at the end of the year amounted to Rs. 1,51,744. The ratio of collection to the total demand was 90¼ per cent. as against 88½ per cent. during the previous year.

Surat.—The administration of the Municipality was in the hands of the Committee of Management till the 15th February 1925. When the Committee of Management took charge of the administration of the Municipality, its finances had been seriously disorganised and crippled by the conduct of the superseded Municipality. Several taxes were revised and the Municipal revenue from taxes, rates and fees increased from Rs. 6,31,067 to Rs. 7,45,473. The increase was due to the revised valuations, increase in the Special Sanitary Cess, levy of the General Sanitary Cess and increased revised rates of octroi on ghee and sugar. Several minor fees like the shop boards, slaughter fees, fees for water supply for building purposes were also increased which contributed to the rise in revenue. Arrears, on the other hand, rose from Rs. 3,27,366 in the previous year to Rs. 3,69,827 at the close of the year under report. Taking into consideration the ceaseless "no-tax" campaign carried on against the Committee of Management which had to work against very heavy odds, this cannot equitably be attributed to bad or defective administration on the part of the Committee; in fact credit is due for the efforts they made and the results they obtained. Under the revised election rules separate constituencies for Muhammadans and Non-Muhammadans have been formed and the Municipality was reconstituted with effect from the 15th February 1925.

Poona.—The closing balance at the end of the year was Rs. 1,08,063 as against Rs. 2,05,329 in the preceding year. The decrease is due to larger expenditure on general administration, collection of taxes, public safety, water supply, drainage, hospitals and dispensaries, contributions and election in the year under report than in the preceding year. It is satisfactory to note that the Municipality has liquidated all the outstanding demands of Government. The year witnessed a solution of the difficult question of the Poona Drainage which has been under discussion since 1919.

The main terms of settlement are :—

(1) Subject to the approval of the Legislative Council to the proposed expenditure, Government have agreed to bear the maintenance charges of the Central Pumping Station for a period of five years with effect from 1st April 1923 or until the new drainage scheme is finished whichever is earlier, provided the Municipality contributes a sum of Rs. 40,000 a year towards the expenditure not later than the 30th June in each year commencing in 1923.

(2) When the scheme is complete, the maintenance of all drainage works within City Municipal limits should be in the sole control of the Municipality. Outside these limits the maintenance should be in the hands of Government pending the formation of a joint board of representatives of Government and of the local bodies concerned, the whole cost being met by the local bodies including the Poona City Municipality.

(3) The expenditure of the scheme should be met by a loan of half the cost and by a grant-in-aid of the same amount from Government. The loan should be repayable in 40 years at 7½ per cent. interest by half-yearly instalments. Half the expenditure incurred every year should be treated as grant-in-aid and the other half as loan from Government, the two being

used side by side. The Municipality will be at liberty to repay the loan within a shorter period and to raise a loan for the purpose provided financial considerations allow when permission to raise the loan is applied for, but Government reserves the right of withdrawing this concession for any special reason.

Karachi.—A general increase of income under all heads was a noticeable feature of the year. The total income, excluding opening balance, extraordinary and debt, was Rs. 54½ lakhs as against Rs. 38½ lakhs in the preceding year. An unsatisfactory feature of the Municipal administration is the large amount of arrears, which appear to reach 11·4 per cent. of the income from direct taxation. The increase in the expenditure, although considerable, is not more than the present finances of the Municipality justify. The expenditure under Public Health and Convenience was largely due to the construction of a new conduit and the laying of water mains in the newly developed area. There has been a remarkable growth in expenditure on hospitals and dispensaries. It has reached the figure of Rs. 1,50,000 equivalent to an increase of 224 per cent. over the expenditure of 1915-16. The Municipality has continued its policy of opening new dispensaries and has thus brought free medical relief within the reach of a large proportion of the population. The necessity of giving the Municipal officers adequate powers is becoming increasingly apparent. The draft Karachi Municipal Bill is still under the consideration of the Municipality. The present system demands more than can fairly be expected from any President. It throws an altogether undue burden upon the present incumbent Mr. Jamshed N. Mehta who has devoted himself to the service of the Municipality with an entire disregard of his private undertakings.

Hyderabad.—The financial position of the Municipality continued satisfactory income more than covering expenditure. While receipts during the year fell by nearly 2½ lakhs, there was a decrease in expenditure of about the same amount, the difference in both cases being principally connected with the dealings between the Municipality and the Public Works Department in regard to the Water Works Scheme. Octroi continued to be the main source of income. Some advance has been made within the year towards the solution of the congestion problem. The Commissioner in Sind observes that the administration of the Municipality has on the whole been efficient and progressive during the year under report. The Municipality has not however taken any steps to give effect to the suggestion made by the Commissioner last year and concurred in by the Government that important capital works should be undertaken and financed by loans instead of from current revenue.

PART III.

General Remarks.

Apart from the unpleasant features revealed in Audit the record of general administration of most of the Municipalities has not been unsatisfactory. Though it is evident that the majority of Municipalities are barely able to provide for their irreducible current necessities and that very few have at their disposal funds to pay for capital improvements or for the introduction of the higher standard of Municipal administration which the advance of education and the spread of progressive and modern ideas are leading the people to demand, yet it is satisfactory that the net income of the Municipalities in the year under report has increased by 28 lakhs over the previous year's income. The ordinary expenditure which amounted to 218½ lakhs also exceeded the corresponding figure for the previous year by 26½ lakhs and was, generally speaking, equitably distributed over the various items of the public requirements.

The question of Municipal finance is at present engaging the careful attention of Government. Schemes for sanitary improvements in the major Municipalities have now reached such magnitude that it is clearly impossible for the Provincial Government to be as liberal as hitherto in giving grants-in-aid, nor would it be fair to the general taxpayer to divert a large portion

of the general revenues to the exclusive benefit of the inhabitants of a few wealthy industrial cities. Government have been very favourably impressed by the action of certain Municipalities recently in raising loans in the open market for such schemes, and the fact that they have been able to obtain the money at 5 per cent. is a proof of their good financial standing and their ability to finance their schemes without assistance from the general revenues. Government hope that the excellent example set by these Municipalities will soon be followed by others, and are confident that, if this is done, a great improvement in the sanitary conditions of the larger cities will be effected.

28. Copies of the Resolution should be submitted to the Secretary of State and the Government of India and should be forwarded to all Commissioners and Collectors and to other officers and Departments concerned.

By order of the Government of Bombay
(Transferred Departments),

C. W. A. TURNER,
Secretary to Government.

**Appendix to Government Resolution, General Department,
no. P.—55, dated the 17th November 1926.**

THE PROGRESS OF MUHAMMADAN EDUCATION.

Northern Division.—In the Ahmedabad District each of the Municipalities, viz., Dholka, Viramgam, Prantij, Modasa, Dhandhuka and Ranpur, maintains at least one Urdu school while at other places the Muhammadan boys and girls attend the Municipal schools. In Ahmedabad the number of Muhammadan pupils in Municipal schools was 3,184 (2,481 boys and 703 girls) as against 2,235 in the previous year showing an increase of nearly 950 pupils. At Prantij, Dholka and Viramgam Muhammadan education is making satisfactory progress. Viramgam maintains an Arabic knowing teacher while Modasa makes an annual grant-in-aid of Rs. 30 to each of the two Urdu Arabic Madressahs in the town. Prantij and Dhandhuka have each a girls' class attached to their Urdu schools for boys. The Ranpur Municipality spent Rs. 3,200 on Muhammadan education as against Rs. 3,300 in the preceding year. In the Kaira District there is at least one Municipal Urdu school in each Municipal town, except at Dakor. The Umreth Municipality maintains in addition a separate Urdu school for girls.

At Godhra in the Panch Mahals District there are 3 Urdu schools, 2 for boys and 1 for girls. In these schools education is free and in addition scholarships are given in the infant classes. Dohad has 2 Urdu schools, one for boys and the other for girls, on which the Municipality spent Rs. 5,631 against Rs. 5,376 in the previous year.

In the Broach and Surat Districts the number of Urdu schools maintained by the Municipalities was the same as in the preceding year except that the Municipality of Surat opened two new

schools for Muhammadan girls. The Municipalities of Thana, Kalyan, Bassein and Bhiwandi maintained, as in the previous year, 1, 1, 2, and 2 Urdu boys' schools, respectively. Bhiwandi has in addition two Urdu schools for girls and one Urdu night school. No appreciable improvement in Muhammadan education is reported at Thana, though Kalyan and Bhiwandi are making progress in this direction.

Bombay Suburban Division.—Only two Municipalities out of four in this Division, *viz.*, Bandra and Kurla maintained Urdu schools. The former as was reported in the previous year had two schools for boys and two for girls, and the latter three schools for boys only. In Bandra the average attendance of boys was 93 as against 90 for the previous year, while that for girls was 51 against 42 for the previous year. In Kurla there was an increase in attendance of boys from 169 to 180 while that of girls fell from 101 to 60. There is a very small Muhammadan population in the other Municipal areas.

Central Division.—The Collector of Ahmednagar reports that Muhammadan education has progressed in all the Municipalities. In East Khandesh all the Municipalities maintained Urdu schools for boys and girls and the Collector reports that generally all the Urdu schools except at Faizpur are found to be progressing well. In West Khandesh there are 15 Urdu schools—9 for boys and 6 for girls. The progress of the schools except at Shirpur was not satisfactory. In Nasik the Municipalities of Nasik, Malegaon, Sinnar, Igatpuri and Nandgaon maintain Urdu schools. The number of children receiving education in the schools in Malegaon is not up to the mark owing to the attitude of Momin weavers, who form the majority of the Muhammadan population and have no real desire for education. The Poona City Municipality as reported in the previous year continued to maintain 9 Urdu day schools—5 for boys and 4 for girls. Having regard to the increase in the number of pupils and teachers it has also created a post of a Muhammadan Urdu Inspector. The School Board of the Municipality has resolved to appoint female instead of male teachers in the Urdu girls' schools as soon as they are available. The Junnar Municipality maintains 2 Urdu schools. The Collector reports that the Municipality has not achieved very satisfactory results in imparting primary education to the Muhammadan boys and girls and considers that any improvement is unlikely until some of the leading persons of the community interest themselves in the matter. The Baramati Municipality continued to maintain one Urdu school. The Poona Suburban, Lonavla and Sirur Municipalities have Urdu classes attached to their vernacular schools. In the Satara District the Municipalities of Karad, Islampur, Ashta and Satara City maintained separate Urdu schools. The Vita Municipality has lately opened an Urdu class attached to its school. There is a private Urdu school at Rahimatpur to which the Municipality pays a grant-in-aid. In the Sholapur District there are 11 Urdu schools; in view of the large Muhammadan population in Sholapur City (*viz.*, 23,000) the number of pupils attending the Municipal schools is not satisfactory. The Collector reports that the absence of an Urdu central school and an Urdu Anglo-Vernacular school and want of trained Urdu teachers and the general apathy of Muhammadan parents towards the education of their children is responsible for this unsatisfactory state of things. The Barsi Municipality opened a branch school close to the Muhammadan locality.

Southern Division.—In the Belgaum District there were 7 schools and 1 class for boys and 3 for girls. The attendance was 755 and 409 as against 695 and 302 in the preceding year. In the Bijapur District the number of schools remained unchanged, *viz.*, 8 and 1 class in Bijapur, 3 in Bagalkot, 2 in Guledgud and 1 in Ilkal, but the total attendance declined from 1,207 to 1,124 owing to the prevalence of plague. There was no change of any importance in the Dharwar District. The Anjuman Committee of Hubli is making laudable efforts to promote the cause of Muhammadan education. The attendance in the schools in Kanara was 534 in Karwar, and 305 and 177

in the two schools at Kumta. The total number of pupils on the rolls at Sirsi was 103, at Haliyal 72 and at Bhatkal 102. An Urdu class has been started by some enthusiastic Muhammadan residents at Matheran which promises to develop into a separate school under the patronage of the Municipality. An Urdu school has been established at Uran by the Muhammadans of the town. There was no change in the Ratnagiri District.

Sind.—During the year under report in the Karachi Municipality 1,803 Muslim boys and 1,106 Muslim girls received instruction in Municipal primary schools at a cost of Rs. 1,02,267 as against 1,594 boys and 865 girls at a cost of Rs. 97,954 last year. 21 new schools were opened of which 7 are mainly attended by Muhammadan pupils and of these 2 are for boys and 5 for girls. There were six stipendiary Muslim girls in the female normal class out of a total of 14 in all classes. The Municipality also paid grants-in-aid amounting to Rs. 21,915 to 27 Muslim boys' schools and 13 girls' schools as against Rs. 12,000 in the previous year. In the Tatta Municipality the number of Muhammadan pupils in the English and vernacular schools was 34 and 150, respectively, as against 31 and 101 during the previous year; 16 boys attended the night school as against 13 in the preceding year. The Kotri Municipality maintains two schools as against at Nango Lane and Khanpur which are attended mostly by Muhammadan boys. Muhammadans also form 55 per cent. of the pupils on the rolls of the main vernacular school at Kotri. There is a separate school at Nango Lane for Muhammadan girls only. The proportion of Muhammadan students in the town of Manjhand to the total number of boys is 17 per cent. No fees are charged to any of the Muhammadan students. At Keti Bunder the number of students was 39. In the District of Hyderabad the number of Muhammadan boys and girls attending the Municipal schools in Hyderabad was 1,477 and 665, respectively, out of a total number of 2,420 boys and 668 girls attending them. The small number of Muhammadan boys receiving education in the Municipal schools of the Municipalities of Hala, Tando Allahyar, Nasarpur, Matiari and Tando Mahomed Khan is due in part to the existence of Mulla schools in those areas. In the Sukkur District the number of pupils in primary and secondary schools is on the increase on the whole. The indifference towards education of the Muhammadans is diminishing gradually. In the Larkana District there was no appreciable change in the percentage of Musalman pupils attending the schools of the Larkana Municipality. The Municipality as usual contributed a sum of Rs. 300 to the Madressah for Muhammadan students. In the Kambar Municipality the number of Muhammadan students increased by 7 in the vernacular school and 2 in the girls' school, the chief reason for the increase in the number of boys being the provision of a boarding house in conjunction with the school. In the Ratodero Municipality there was an increase of one Muhammadan student in the girls' school. The number of Muhammadan students increased by six in the Anglo-Vernacular school and decreased to the same extent in the vernacular school. In the Shewan Municipality the number of Muhammadan students decreased by 4, *i.e.*, there were 33 students against 37 in the preceding year. The number of students exempted from payment of fees rose from 15 to 17. The number of Muhammadan students in the Anglo-Vernacular school decreased from 15 to 13, of whom 7 received free education. In the Bubak Municipality the number of Muslim students diminished from 62 to 56, while 32 were exempted from payment of fees. In the Nawabshah District the number of Muhammadan boys attending the Municipal schools at Tando Adam and Shahdadpur was 45. There were also 9 boys in the two private schools at Tando Adam. There is also one Mulla school in which there are 33 boys and 16 girls. The school receives a grant of Rs. 100 from the Municipality. There is also one Mulla school at Shahdadpur with 19 boys and 2 girls. The usual grant of Rs. 50 was not paid by the Municipality to this school as the teacher in charge is reported not to be teaching regularly. The Mirpurkhas Municipality has only one primary school where the attendance of Muhammadans was again poor.

There is however a Madressah managed by the District Local Board at Mirpurkhas which is very popular among the Muhammadans who prefer to send their children to this institution. This Madressah has now been converted into a Government High School, but it continues to have Sindhi classes attached to it. In the Upper Sind Frontier District the number of Muhammadan boys on the rolls is now 56 per cent. This is the result of the efforts of the Jacobabad Municipality to encourage Muhammadan education. On the whole few signs of improvement in Muhammadan education are to be found in the Municipal schools in Sind, the main cause being the apathy displayed by the poorer classes of the community towards education.

STATEMENT No. I.

Statement showing the constitution of the Municipalities in the Bombay Presidency during the year 1924-1925.

* Closing balance for the last year was shown as Rs. 8,628. The difference of Rs. 19,800 is due to Rs. 19,000 of the Ghatkoper Notified Area Committee (as shown in the remarks column of the last year's statement No. 3) being now included in the balance. The balance for the last year having been erroneously shown in excess by Rs. 200, the correct figure is now put in.

† There is a difference of Rs. 38 in the closing balance of the last year and opening balance of this year due to the municipality having erroneously left out the contingent petty amount from the balance for the last year.

‡ Represents duty on export of cotton.

*The President States that the figure of balance reported last year was wrong as it was inclusive of Rs. 2,023 (Rs. 3,411 Educational grant for schools minus Rs. 1,422 for pension contribution which were not actually received before 31st March 1921 but were taken into account as received and hence the difference of Rs. 2,022.)

† On account of elimination of fractions of a rupee there was last year a discrepancy of Rs. 2 which instead of reconciling in the proper columns, the President states was reconciled in the figure of actual balance by showing it less by two Rupees and hence the difference Rs. 2.

‡ Out of this Rs. 1,389 were credited to Government on account of the police charges in connection with the Motor control.

* See columns 4-57 of 1923-24. The difference from last year's figures is due to deduction of 4524 from each of these columns which was wrongly added by Gadag-Betgiri Municipality. It was however shown correctly in columns, 85 (last year) as it was an Educational Grant.

* Last year's closing balance consisted of Rs. 73,065 in Government Securities and Rs. 15,749 actual balance. The amount of Government Securities included one 3 per cent. war bond of the face value of Rs. 700 but its actual cost was Rs. 665 which figure was taken for showing last year's closing balance. The auditors pointed out that this was a faulty procedure. The face value of the bond has now been shown which has resulted in an increase of Rs. 35.

* It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.

† Figures should be shown in distinctive type.
