CONTENTS

CHAPTER	PAGE
I—INTRODUCTION	1
The New Industrial Revolution	1
Sanctions, Sources and Problems	5
II—PRE-WAR PRINCIPLES AND METHODS	7
The So-Called "Law" of Supply and Demand	7
Free Play of Supply and Demand Offset by Organi- zation	8
Mediation and Arbitration Unaffected by Fundamental Principles	9
Cost of Living as a Factor in Wage-Fixing	10
Standardization of Occupations and Rates of Pay	11
Practical Results	15
New Principles Advocated	17
The "Subsistence Minimum"	19
The Results of Budgetary Studies	20
Minimum Requirements and Prevailing Wages	23
Basic Standards Developed	25
Labor Officially Declared Not to Be a Commodity	25
The Standard of "Health and Modest Comfort"	26
The Seattle and San Francisco Awards, 1917	27
The Packing House Award	30
Subsistence and Minimum Standards Compared	31
The Theory of Increased Productive Efficiency	32
The Situation When We Entered the World War	40
III—THE WAR PERIOD—AN INTERREGNUM	42
Necessary Control of Capital and Labor	42
Cost-of-Living Method of Wage Adjustment Adopted	43
Budgetary and Cost-of-Living Investigations	44
Standardization of Rates of Pay	45
The "Living Wage"	47
The Effects of the War	50
IV—POST-WAR CONFLICT AND RECONSTRUCTION	53
Progressive Opinion and Constructive Industrial Statesmanship	53
Reversion to Industrial Conflict	55
Wage Adjustments of Mineworkers and Railway Employees	57
The "Health and Decency" Budget of the United States Department of Labor	58
Official Sanctions of the Cost-of-Living and Living- Wage Principles	62

CHAPTER	PAGE
The United States Railroad Labor Board	63
The United States Bituminous Coal Mining Commission	63
The United States Anthracite Coal Mining Commission	64
Federal Electric Railway Commission Sanctions Living Wage	65
The Industrial Breakdown of 1920-1921	67
Deflation of Wages Temporarily Adopted	67
Proceedings Before the United States Railroad Labor Board	68
Senator Cummins' Interpretation of the Transportation Act in 1922	70
General Protests Against Extreme Deflation	71
Deflation Policy Adopted	76
V—THE EMERGENCE OF A NEW CONSTRUCTIVE POLICY	77
New Definitions of "Normalcy"	77
A New Theory of Prosperity	78
Revolutionary Changes in Attitude of Financiers, Industrialists, and Labor Leaders	83
VI—ABANDONMENT OF THE COST-OF-LIVING AND SUPPLY-AND-DEMAND THEORIES	85
The General Change in Attitude	85
Actual Experience Shows Abandonment of Old Theories	91
Wage Adjustments in Leading Industries Have Disregarded Cost-of-Living Factor	92
VII—ACCEPTANCE OF THE THEORY OF AN ADEQUATE BASIC WAGE	93
Origin of the Term "Living Wage"	93
Its Development in America	94
Widespread Sanction of the Living-Wage Principle	95
Labor Provisions of the Treaty of Peace	96
Letter of President Wilson to Railroad Workers, 1920	97
The Transportation Act of 1920	98
President Wilson's Industrial Conference, 1920	98
Philadelphia Bureau of Municipal Research	100
The Declarations of Economists, Statesmen and Publicists	100
Jacob H. Hofflander	100
J. Noble Stockett, Jr.	101
John A. Ryan	102
Wm. S. Kenyon	102
