**TABLE II.**

---

**VARIATION IN THE POPULATION OF TALUKS AND  
DIVISIONS SINCE 1891.**

---

This table compares the population as ascertained by the Census of 1921 with that of the last three censuses. The figures of previous years for many taluks and divisions differ from those published on former occasions; for during the past decade new taluks have been formed, and changes have been made in the boundaries of others; the effect of these changes on the population has been calculated, and the figures of previous years have been revised so that they represent the population found at the time of enumeration in the area which now constitutes the taluk or division.
