# Annual Report of the Board of Audit to the Senate for 1926-27

(under Ordinance 27)

---

## 1 Meetings of the Board, etc.

1. The Board was reconstituted at the Senate meeting dated 19-11-26 as follows :—

1. Messrs. M. T. Naraniengar (*Chairman*)
2. M. A. Srinivasan
3. N. Madhava Rao

2. The *first* meeting of the Board was arranged to be held at Mysore on Thursday the 27th January 1927 at 3 P.M. to audit the Accounts of the University for the period ending October 1926. Meanwhile Mr. N. Madhava Rao resigned his membership on the Board and the meeting had to be postponed.

Mr. S. G. Sastry was appointed in place of Mr. Madhava Rao on 29-1-27 and the Board had its first meeting on 22-2-27 at Mysore and audited the accounts of the following institutions ;—

- |   |                             |
|---|-----------------------------|
| (i) Mysore University Office (3 to 6 P.M. on 22-2-27) |                             |
| (ii) University Library                               | } (8 to 12 Noon on 23-2-27) |
| (iii) Oriental Library                                |                             |
| (iv) Maharani's College (3 to 5 P.M. on 23-2-27)      |                             |

3. The Bangalore institutions were proposed to be inspected between the 18th and 23rd April 1927. In the interval Mr. S. G. Sastry resigned his place on the Board and Mr. M. Ramachandra Rao was appointed instead on 30-4-27. Mr. M. Ramachandra Rao having declined the appointment, Mr. B. K. Ramakrishnaiya was nominated on 7-6-27. On 16-6-27 Mr. M. A. Srinivasan resigned his place and his successor Dr. Kunhi Kannan was appointed on 23-7-27. Thus, the *second* meeting of the Board could not be held till the 12th September 1927 to audit the Accounts of the Bangalore Institutions.

The following programme was adopted at the second meeting :—

- (i) Central College (3 to 6 P.M. on 12-9-27)
- (ii) Central College Hostel ) (8 to 12 Noon on
- (iii) Engineering College Hostel } 13-9-27)
- (iv) Engineering College (3 to 6 P.M. on 13-9-27)
- (v) Medical College (8 to 11 A.M. on 14-9-27)

4. The *third* and *last* meeting of the Board was held at Mysore on the 23rd September 1927, when the following institutions were visited :—

- Maharaja's College Hostel (8 to 11 A.M. on 23-9-27).
- Archæological Office (2 to 3 P.M. on 23-9-27).
- Maharaja's College (3 to 6 P.M. on 23-9-27).

5. Detailed reports of inspection have been forwarded to the Registrar for the information of the University Council. The Board wishes to remark here that marked improvement was noticed in the system of keeping Accounts and Registers, as a result of the criticisms of the previous Audit Board.

## 2 Detailed running Audit

Regulation 19 contemplates a detailed audit of the University Accounts and the publication of the Accounts with the Auditor's report annually. We are not aware of any such Report having been published all these years.

The Comptroller's Auditor appears to have conducted the detailed audit of one or two institutions for parts of the year 1926-27, but his reports have not reached the University yet. We see no reason why the University should not insist on receiving the Auditor's Report *punctually* and publish the same.

## 3 Duties of the Board of Audit

The Board of Audit for 1925-26 raised the question of the functions of the Board being made analogous to those of "*Public Accounts Committees*." In view of the '*specific wording*' of Ordinance 27 authorising the Board "*to consider ways and means and the financial effects of any important measures in contemplation and make recommendations when necessary to the Council on all matters relating to the finances of the University,*" we are of opinion that the Board is a '*de facto*' financial committee and that the University Council ought to make

use of the Board more largely by taking the Board into confidence in all matters touching the finances of the University.

#### 4 Audit of University Hostels Accounts

The Board understands that the University Hostels are not included among the institutions to which the detailed running Audit referred to in Ordinance 27 A applies. If that be so, this Board does not see any justification for asking it to conduct the 'Test Audit' of these Hostels. From what the Board has seen of the Accounts of these Hostels, *detailed Audit* is absolutely necessary *periodically*.

#### 5 Important measures in contemplation

(i) *Intermediate Colleges* :—The University has resolved that there shall be no 'affiliated' *private* Intermediate Colleges. This resolution does not seem to be financially sound in view of the limited resources of the University. All the funds at the disposal of the University will be required for developments of the Degree courses in the constituent colleges. At the Intermediate stage, *private colleges* should be allowed to compete with State Colleges under suitable rules of affiliation.

(ii) *Amalgamation of the Higher Grade of the School of Engineering with the Diploma course of the College of Engineering* :—In the absence of details of the proposed amalgamation we cannot offer any useful remarks regarding the proposal.

(iii) *Transfer of Medical College to Mysore* :—Financially, the transfer will mean heavy expenditure (both *recurring* and *non-recurring*) in the matter of teaching of Science subjects (such as : Physics, Chemistry, Botany and Zoology) to Medical students. At present, these subjects are being taught by *part-time* professors of the Central College with the aid of the Laboratory Equipments of that institution.

(iv) *M.A. and M.Sc. Courses in Mathematics* :—The only provision made so far for these courses is an additional Lecturer for the Maharaja's College and a Demonstrator for the Central College. The Value of the courses depends upon the efficiency of the staff chiefly. An Assistant Professor of ripe experience is the minimum addition one would expect in this connection.

## 6 Special features of the finances of the year 1926-27

(i) The Board noticed that 'temporary Establishments' in the University Colleges bear a disproportionate relation to the 'permanent Establishments.' This disproportionate ought to be removed at the earliest opportunity.

(ii) The following is a 'Statement of Receipts and Expenditure' in connection with the 'University Magazine.'

	1919-20	1920-21	1921-22	1922-23
Receipts	691	592	824	1017
Expenditure	1613	1343	1293	1618

Receipts	620	458	378	393
Expenditure	1264	1237	1262	1051

(iii) The Board asked for details under "Ethnographical Survey" as noted below:—

(1) Progress of work so far, (2) at what stage it is and when the Survey is likely to be completed, and (3) what is the total amount of expenditure anticipated in excess of the estimated expenditure for this work.

The following particulars are available:—

(1) First volume is under print, matter for second volume is ready, third volume is being prepared.

(2) The Officer in charge has been requested to push on with the work and complete it as expeditiously as possible.

(3) Expenditure:
