 12675 G.O.1

TABLE OF CONTENTS.

PARA.		PAGE.
CHAPTER I.—INTRODUCTION.		
1.	Terms of reference	1
2.	Exclusion of Burma	2
3.	Resources and needs of Indian States included	3
4.	Definition of the scope of the enquiry	3
5.	Interpretation of the reference	3
	(i) Question of replacement of the export duty by an export cess	5
	(ii) Whether "articles" includes skins—raw or tanned or both	4
	(iii) Whether "industry as a whole" includes the raw stock trade	5
6.	Procedure. Questionnaire. Local inquiries by sub-committee. Co-option of certain Directors of Industries, and invitation to certain leather technologists to attend	5
7.	Reference made clear	5
8.	Local inquiries	6
9.	Total cost of Committee	7
10.	Terms defined	7
11.	Appreciation of the services of:—	
	(i) Secretary and staff	7
	(ii) Others	8
CHAPTER II.—THE INDIAN HIDE AND SKIN TRADE.		
12.	Reason for treatment	9
13.	Historical	9
14.	India's production	12
15.	An outline of the trade	14
16.	Work done by shippers	15
17.	Ports and markets	15
18.	Consuming markets	16
19.	Vicissitudes of the export trade and reasons for them	18
20.	Conclusions from recent statistics of the export trade	20
	Raw cow hides	20
	,, buffalo hides	21
	,, goat skins	22
	,, sheep skins	22
21.	Restrictions on the import of Indian stock	23
	Committee's certificates as substitutes for consular ones	22
23.	India's position in the world's markets for hides and skins	23
	Quantitatively a large producer of hides	23
	Big surplus available for export	23
	Influence on light-weight and kip market	23
	Alleged special qualities	23

PARA.	PAGE.
<i>22—contd.</i>	
Counter-allegations	24
Goat skins	24
Benefit from improvement of raw stock	25
CHAPTER III.—THE INDIAN TANNING INDUSTRY.	
23. Description of the industry. Three types	26
24. Outline of organisation of each type. System of work	27
Purchase, cure and storage of raw stock	27
Tanning and finishing processes	28
Marketing	28
25. Technicalities of the export trade in tanned goods	29
26. Comparison of export trade in tanned and in raw stock	29
Grading and specification	29
Consignment system. Auctions	30
27. An outline of some special features of the Indian tanning industry	30
28. Value and vicissitudes of the tanned export trade	31
Comparison of values of the tanned and the raw export trade	33
Importance of Madras in the tanned export trade	33
Extract from the "Travels of Marco Polo"	33
CHAPTER IV.—DEFECTS IN INDIAN HIDES AND SKINS. REMEDIES.	
29. Reasons for treatment of questions of breeding etc., of animals	34
Purposes of breeding at present	34
30. Factors determining the "classification" and the "selection" of raw stock	35
(a) DEFECTS DUE TO DISEASES, PESTS AND OLD AGE.	
31. Diseases affecting hides and skins	26
32. Subsidiary role of hides and skins in fight against diseases	36
Present veterinary organisation is for fighting epidemics	36
Development work is for provinces but cess fund can be spent on it and on research	37
33. Insects and vermin	37
34. Warble flies or cattle grubs	37
Practicability of remedial action	37
Life history	38
Indian species	38
Entry into the animal's body	39
Nature of damage to the pelt	39
Estimate of loss	40
Health also affected	41
Vulnerable stage	42
Need for research in India	42
35. Ticks	42
Species	42
Life history	42
Nature of damage to the pelt and of injury to the health	43
Estimate of loss	43
Practicability of remedial action	44

PARA.	PAGE.
36. Warble flies and ticks on buffaloes	44
37. Sheep tick	44
38. Sheep mite	45
39. Goat vermin	45
40. Old age	45
(b) DEFECTS DUE TO WOUNDS AND INJURIES.	
41. Branding	46
Extent of loss	46
Reasons for branding:—(i) cure, (ii) identification, (iii) protection of cattle against poisoning and (iv) decoration	46
42. Goad marks	48
43. Yoke marks	49
44. Jungle scratches, punctures etc.	49
(c) DEFECTS ARISING FROM FAULTY HANDLING OF THE CARCASS IN (i) THE VILLAGES AND (ii) THE SLAUGHTER-HOUSES.	
45. " Fallen " or " dead " stock	50
Causes	50
Estimate of proportions of " fallen " and " slaughtered " stock	50
Property rights in " fallen " stock	51
46. How far defects are remediable	51
47. The " throw " method	52
48. Flaying (also called " take-off ")	52
Views about standard of flaying in India	52
Effects of bad flaying	52
49. Reasons for faulty methods of flaying	53
(i) Personal.	
(ii) Material and environmental.	
(iii) Those connected with the conditions of meat supply, the system of buying the slaughtered hides and system of employment of flayers and their work.	
50. Lack of skill. General carelessness. Need for employment of juveniles and women. Pressure of work. Alleged employment of untrained soldiers as flayers	53
51. Material and environmental reasons	54
Wooden flaying hammers or knives	54
Flaying knives of steel	54
Cramped room	55
Insufficient lighting	55
Insufficient time	55
Lack of heating arrangements in the winter	55
Suspending tackle	55
52. Conditions of meat supply in India, system of buying the slaughtered hides, system of employment of flayers, and conditions of work	56
Hide a bye-product	56
Hide purchased before slaughter	56
Piece-wages for flayers	57

PARA.	PAGE.
<i>52—contd.</i>	
Lack of supervision by purchaser of hide	57
Licence seldom prescribed. Not designed to give control over quality of flaying	57
“Trade union” spirit	57
53. Flaying of skins	57
(d) DEFECTS ARISING FROM HANDLING AFTER THE FLAYING.	
54. Present practice	58
55. Preparation methods comparatively primitive	58
56. Defects	59
(i) adherence of foreign matter	59
(ii) freezing, blisters or burns and surface-drying	59
(iii) uneven cooling and drying	59
(iv) over-drying	60
(v) damage to grain by rubbing and scratching	60
57. Cure and preservation are important factors in the grading	60
58. Methods in use	60
59. Wet-curing	61
60. Pickling	62
61. Air-drying	62
Arsenication or poisoning	63
62. Dry-salting	63
63. Dry-brining	63
64. Dry-pickling	63
65. (i) Fire-drying or smoking. (ii) Re-salting and re-drying	63
66. Defects and remedies	64
67. Discussion of “best” cure	65
(e) DEFECTS DUE TO “LOADING” AND ADULTERATION.	
68. Distinction between “loading” and adulteration	65
69 “Loading”	66
70. Adulteration	66
71. Nature of damage done by each. Incidence of the resultant loss	67
CHAPTER V.—ORGANISATION OF THE RAW STOCK TRADE. ITS DIFFICULTIES AND DEFECTS. REMEDIES.	
A.—ORGANISATION.	
72. Existing organisation	68
73. Collection of “fallen” stock	68
Distribution	69
74. Handling of “slaughtered” stock	69
75. Transport	70
B.—DIFFICULTIES AND DEFECTS. REMEDIES.	
76. The producer and the production	70
77. Co-operative organisation	70
78. Grading	71
79. Inspection and selection	72

X

PARA.	PAGE.
80. Markets	72
81. Packing	73
82. Transport	73
83. Slow transport	74
84. Freights	74
85. Watering of stock before railing	75
86. Certificates of freedom from disease	75
87. Leases for collection of "fallen" stock	75
88. Combines	76

CHAPTER VI.—ESTIMATED COST OF SCHEMES.

89. Schemes only tentative and suggestive	77
90. Need for action by Government	77
Views as to amount needed	77
Only important schemes suggested	78
91. Principles governing expenditure of cess fund	78
(i) Producer's benefit the main consideration	78
(ii) Leather and allied industries must also be assisted	78
(iii) Proportions to be utilised for the benefit of the trade and for the tanning and allied industries	79

A.—THE RAW STOCK TRADE.

92. Breeding, feeding and keeping of animals	79
(i) Research	79
(ii) Application and development	80
93. Diseases and insects	80
(i) Research	80
(ii) Application	81
94. Flaying	81
(i) Utility of bonus system	81
(ii) Divergent views as to who should pay bonus	82
(iii) Supervisor-instructors	82
(iv) Licences to be prescribed	82
(v) Municipal employment of flayers to be tried	83
(vi) Other experimental work	83
(vii) Lighting. Room. Tackle	83
(viii) Competitions. Prizes	84
95. Preparation and cure	84
(i) Research	84
(ii) Application	84
(iii) Experiments on co-operative curing	85
96. Loading and adulteration	85
97. Markets and exchanges	85
98. Trade usages	85
(i) Grading and specification	85
(ii) Weights	85
(iii) Other matters	86
(iv) Discussion of proposal for a central association or associa- tions	86

PARA.	PAGE.
B.—THE TANNING AND ALLIED INDUSTRIES.	
99. Improvement of raw stock must benefit the tanning industry	86
100. Difficulties and defects of the industry. Action needed	87
101. Technological research	87
102. Technical advice	88
103. Training	88
104. <i>Avāram</i> , wattle and other tanstuffs	89
105. Transport facilities	90
106. Development of markets	91
107. Adulteration, loading etc.	91
108. State purchase of stores. Liaison work	92
Synopsis of the approximate estimated recurring cost of the schemes	93

CHAPTER VII.—FINANCE.

109. Estimate of national loss	95
110. Size of the cess fund	97
111. Schemes for raising it. Some suggestions. Why rejected	97
Allocation from general revenues	97
Cess on tanned goods	98
Finance to be found by local administrations	98
112. Our proposal for finance	99
113. Specific <i>versus ad valorem</i> system	99
114. Cess Committee's relations with Local Governments, States and public and local bodies	99
115. Reserve fund	101

CHAPTER VIII.—THE INDIAN HIDES AND SKINS CESS COMMITTEE.

116. Appropriate agency for the work indicated	102
Reasons for rejecting suggestions regarding alternative agencies	102
Proposal for a Cess Committee	102
117. Should be statutory, permanent and fully representative	102
Sub-committees—(i) statutory, (ii) provincial and local	103
118. Discussion of views as to the principle, character and extent of representation	103
119. Our conclusions. Principle should be—"how to" spend most effectually"	104
120. Official minority. Nomination for representation of primary producers	105
121. Indian States	105
Need for representation	105
Mode of representation	105
Cess should be called a sea customs duty	105

PARA.	PAGE.
122. Proposals regarding the constitution of the Cess Committee . . .	106
A. Six representatives of primary producers	106
B. Six representatives of dealers, commission agents and shippers	106
C. Five representatives of the tanning industry	107
D. Two representatives of the Madras shippers of tanned goods	107
E. One representative of the Madras commission <i>mandi</i>	107
F. Seven officials	107
G. One representative of the co-operative movement	108
H. Three representatives of the Indian States, one to be a tanner	108
I. Nomination by the Governor-General in Council up to three more	108
J. Co-option by the Committee up to three more	109
Experts as visitors	109
Nomination by the Governor-General in Council in default	109
123. Sub-committees	109
Departmental and local	109
Some to be statutory	109
Co-option to sub-committees	109
124. Members' term of office	109
Allowances and remuneration	109
125. Headquarters to be at Calcutta	110
126. Chairman	110
127. Secretary	110
128. Staff. Technologist not needed at first	111
129. Estimate of the cost of general administration	111

CHAPTER IX.—FUNCTIONS OF THE CESS COMMITTEE.

130. Functions only broadly indicated	113
With reference to present conditions only	113
131. Control over expenditure	113
Grants-in-aid	113
132. Control over staff	114
133. Meetings. Delegation of powers and duties	114
134. Control of central research institute (if any)	114
135. Markets. Grading. Arbitration	114
136. Test, analysis and certificates	115
137. Propaganda	115
138. Trade journals and price bulletins	116
139. Advertisement	116
140. Trade representation abroad	117
Show rooms	117
Participation in exhibitions	117
141. Training	117
Principles to be followed	117
142. Statistics and intelligence	119
143. Annual report and periodical review	119
144. Advisory functions	119

PARA.	CHAPTER X.—OBJECTS.	PAGE.
145.	Integration of the trade	121
146.	Organisation, direction and co-ordination of research	122
	Grants-in-aid to existing institutes	122
	Specialisation is possible	123
	Scope of research	123
147.	Propaganda	123
	Museum or museums	124
148.	Training	124
149.	Miscellaneous objects	124
150.	Exclusion of certain objects	125
	Reasons for exclusion	125
 CHAPTER XI.—CONCLUSION. 		
151.	Question of export duty left alone	126
	Attempt to solve it	126
152.	Position of members signing the Report	126
153.	Rejection of suggestion for a committee with allocated funds	127
154.	Proposals regarding articles and rate of cess	127
155.	Members' reasons for accepting the rate of 1 per cent.	128
	Provision for the future	128
156.	Mr. Price's proposals	128
157.	Special importance of our proposals on three other issues	128
	(i) Constitution of the Committee	129
	(ii) Committee not to concern itself with the question of the export duty	129
	(iii) No cess on tanned goods	129
158.	Conclusion	129
	Mr. Price's Minute of Dissent	131
	Summary of work, findings and proposals	154.
	Appendices:	
	1. Questionnaire with forwarding letter	169
	2. Statement showing details of the work done by the Committee and the sub-committee at different centres	175
✓	3. List of persons, private or public bodies and Governments or their departments or officers, who supplied written memoranda	180
✓	4. Classified list of bodies, persons or officers examined orally	183
	5. Detailed cost of Committee	185
✓	6. A note on the term "half-tan" and its synonyms	186
	7. A note on the technicalities of the raw hide export trade with special reference to Calcutta	188
	8. A note on the Hamburg "classifications" or "descriptions"	190
	9. Extracts relating to the marking of animals by clipping the ears	192
	10. A statement of flaying wages and earnings at Bombay, Calcutta, Madras and Jullundur	194
✓	11. Extracts relating to two tried systems of bonus for good flaying	195
	12. Glossary of technical terms current in the hide and skin trade and the leather industry	197
	Tables and Charts (see page ix for a list).	
	Photographs and illustrations (see page xi for a list).

L-1.—Redrying hides from Northern India	25
L-2.—Fleshing hides	27
L-3.—Skins in lime pits	28
L-4.—Fluffing skins (i.e., cleaning the flesh side)	29
L-5.—Handling of hides in bark	30
L-6.—Setting out hides with brass slickers	31
L-7.—Staking skins	31
L-8.—Selection of skins in merchants' godowns	90
L-9.—Selecting and crushing myrobalans	34
R-1.—Ill-feeding. Thin flimsy hide without substance	35
R-2.—Skin diseases	36
R-3.—Sore marks	37
R-4.—Pox marks	33
R-5.—Insect bites	33
R-6.—Warble holes	<i>Frontispiece.</i>
R-7.—Air-dried Agra cow hide. Satisfactory flay and trim but with warble holes	40
R-8.—Warble-holed portion of same hide	41
R-9.—Ironbrands	46
R-10.—Portion of an ordinary air-dried hide showing ironbrands of fantastic shapes	47
R-11.—Goat marks	48
R-12.—Vulture marks	51
R-13.—Portion of a dry-salted Agra cow hide showing butcher- cuts	52
R-14.—Bad flaying	53
R-15.—Ordinary air-dried cow hide with flesh, showing head, claws etc.	59
R-16.—Showing irregular shape through careless treatment	60
R-17.—Dry-salted hide loaded with salt and mud	63
R-18.—Same as No. R-17 being scraped, losing between 20 to 30 per cent. of total weight	66
R-19.—Same as No. R-17 after scraping, showing the heap of salt and mud that was scraped off	67
ILLUSTRATIONS.	
1.—Graphic illustration of the life cycle of the common cattle grub	39
2.—Diagram showing the life history of the warble-maggot or larva within the body of the ox	39
3.—The position of a cattle grub beneath the skin	39
4.—Portion of "grubby" hide of a cow after being tanned. Practi- cally ruined by holes made by cattle grubs in the most valuable part	95
5.—Using forceps to enlarge grub hole preparatory to extracting the grub	43
6.—Extracting a cattle grub from the back of a cow by pressing down around the cyst	42

Note.—Illustrations 1, 3, 4, 5 and 6 have been reproduced from the U. S. Department of Agriculture Farmers' Bulletin No. 1536 and Illustration 2 is taken, with acknowledgments, from a pamphlet entitled "The Warble Fly Pest: A New Method of Eradication", published by Messrs. Cooper McDougall and Robertson, Ltd., Berkhamsted, Herts.
