# Shakespeare's Chart of Life.

BEING STUDIES OF

HAMLET, KING LEAR, OTHELLO & MACBETH.

By the Rev. Dr. William Miller, C.I.E.,

*Principal, Madras Christian College.*

*The Christian College Magazine*:—Dr. Miller's Shakespearean studies, which have already been noticed in our pages, have now been issued in one volume. He has called it *Shakespeare's Chart of Life* because he regards the four great dramas with which it deals "as the supreme outcome of their author's insight into the cosmos of existence and the forces which control it."

*The Madras Mail*:—Dr. Miller has taught Shakespeare for over 40 years to hundreds of students who have passed through the Christian College. And in his classes if he has enforced one lesson more than another, it has been that these plays must have been written with the object, among others, of making plain the moral principles which underlie the ordinary occurrences in human life, and that it is this feature of Shakespeare's plays which makes them not only an intellectual discipline but a means of real benefit to those upon whom they have their full and proper influence.

*The Mahratta*.—It is a delightful task to have to review a work like 'Shakespeare's Chart of Life.' It consists of thoughtful monographs on Shakespeare's four great tragedies—King Lear, Macbeth, Hamlet and Othello. It is unique both in style and treatment, is thoroughly practical and marks a much-needed departure in studying poetry. It eminently serves the purpose set forth by the author, viz., of reading the innermost meaning of Shakespeare's tragedies to Indian students.

Price Rupees Four only.

*To subscribers of the "Indian Review," Rs. 3 only.*

*To those who purchase two copies at a time, Rs. 2-8 each.*
