FEDERAL RECLAMATION BY IRRIGATION

MESSAGE

FROM

THE PRESIDENT OF THE UNITED STATES

TRANSMITTING

A REPORT SUBMITTED TO THE SECRETARY OF
THE INTERIOR BY THE COMMITTEE OF
SPECIAL ADVISERS ON RECLAMATION

Dhananjayrao Gadgil Library

GIPE-PUNE-038073

APRIL 21, 1924.—Read; referred to the Committee on Irrigation and Reclamation and ordered to be printed with illustrations

APRIL 24 (calendar day, MAY 2), 1924.—Action of April 21, 1924, rescinded and document ordered to be printed without illustrations

WASHINGTON
GOVERNMENT PRINTING OFFICE
1924

38073

SUBMITTED BY MR. McNARY

IN THE SENATE OF THE UNITED STATES,
April 24 (calendar day, May 2), 1924.

Ordered, That the order to print as a Senate document the message of the President of the United States, with accompanying report and illustrations, relative to the necessity of revising the present reclamation law, transmitted to the Senate on April 21, 1924, be rescinded, and that the said message and accompanying report be printed without the illustrations.

Attest:

GEORGE A. SANDERSON,
Secretary.

J:1:11, 73

Message of President.....	ix
Order of transmittal.....	xi
Recommendations.....	1
Origin and purpose of the inquiry.....	24
Summary of the committee's activities.....	27
Functions of Reclamation Service.....	29
Land and crops.....	29
Land new State created by irrigation.....	29
Settlement.....	30
Engineering structures.....	30
Organization.....	31
Organization and supervision of the Reclamation Service.....	31
Organization.....	31
Action on findings.....	34
Legislative enactments.....	34
Need for Federal aid.....	34
The reclamation act.....	36
Errors in the reclamation act as developed by experience.....	36
The Curtis Act.....	39
The Warren Act.....	39
The extension act.....	39
Emergency acts.....	39
Other legislation.....	40
Conclusion.....	40
Recommendations.....	40
Departmental rulings.....	40
Necessity.....	40
Volume.....	40
Variability.....	41
Conclusions.....	41
Recommendations.....	41
Choice of projects.....	41
Early studies of water supply.....	41
First locations.....	43
Investigations of conditions.....	44
Effects of early selections.....	45
Law of selection.....	46
Recommendations.....	47
Secondary projects.....	47
Meaning.....	47
How financed.....	47
Nature of secondary projects.....	48
List of secondary projects.....	48
Need of continued investigation.....	48
Scope of investigations.....	49
Frequent review of findings.....	49
Shall the reclamation fund pay for secondary project investigations?.....	49
Recommendations.....	49
Public notice.....	50
Importance.....	50
Delivery of water.....	51
Delayed public notices.....	51
Conclusions.....	52
Recommendations.....	52

The acre cost.....	53
How determined.....	53
Present acre cost.....	54
Use of noninterest-bearing money.....	54
Compared with acre incomes.....	55
Compared with original estimates.....	56
Need of adjustments.....	57
Recommendations.....	57
Operation and maintenance.....	59
Meaning.....	59
Cost of operation and maintenance.....	59
Supervision of operation and maintenance by water users.....	59
Protection of major structures.....	60
Conclusions.....	60
Contracts for supplemental irrigation.....	60
Private-project lands.....	60
Extent.....	61
Recommendations.....	61
Soils and climate.....	62
Introduction.....	62
Climate.....	62
Soils.....	64
Water.....	65
Crop yields on projects.....	66
Future projects.....	66
Recommendations.....	67
Seepage, alkali, and drainage.....	68
Seepage.....	68
Alkali.....	68
Drainage.....	69
Canals.....	70
Conclusions.....	70
Recommendations.....	72
Markets and transportation facilities.....	73
Need of markets.....	73
Project markets.....	73
Transportation facilities.....	73
Importance of concentrated crops.....	74
Consumption on the farm.....	74
Prices received by project farmers.....	75
Conclusions.....	75
Irrigation practice.....	76
Water, the real issue.....	76
Relation of water to crops.....	76
Methods of irrigation.....	76
Systems of irrigation.....	77
Duty of water.....	77
An approved system of irrigation practice.....	79
Conclusions.....	79
Recommendations.....	79
✓ Agricultural conditions and practices.....	80
Crops grown.....	80
Livestock on project farms.....	81
Systems of agriculture.....	82
The livestock situation.....	84
Acre yields of crops.....	86
Prices of crops.....	87
Cash returns per acre.....	88
✓ Cost of production.....	89
Crop and livestock census.....	89
Conclusions.....	89
Settlement and settlers.....	91
Conditions of settlement.....	91
Density of population.....	92
Nationality of settlers.....	92
Experience of settlers.....	93
Previous occupation of settlers.....	95
