## RECORDS OF FORT ST. GEORGE

### DESPATCHES TO ENGLAND 1711-1714

FORT ST. GEORGE GENERAL, DATED 20TH AUGUST & 4TH SEPT<sup>r</sup>. 1711. REC<sup>d</sup>. PER  
BOUVERIE, 9TH SEPTEMBER 1712 AND PER TANKERVILLE THE 17TH DITTO.

1. The last ship dispatch was the Frederick her Letter began the 27th December and was finish the 25th January 1710. She sail'd the 28th. Since then have received the Company's Generall Letters of the 9th January 1709 by the St. George of the 5th and 7th July 1710 by the Successe and the 3<sup>d</sup> January 1710 per Dartmouth Aurengzebe and Averilla with all the Papers in their Packetts to all which shall answer in the Company's prescribed method.

Coast & Bay  
Abstracts  
vol. I. p. 285.

2. Shall carefully peruse and observe all the Company's orders cautions and prohibitions and comply with all their promises in former Letters.

#### FIRST CONCERNING SHIPPING OUT AND HOME.

3. Shall comply with the Company's directions about the Howland gon for China when she arrives. Two Madrass ships now at Canton with large stocks besides severall summes sent on a Portuguez for Gold and a man of war of Goa with a stock also for Gold so fear the Howland will not be early dispatcht nor any of the ships gett profit, and they have as many ships already as can dispatch. Shall not fear the inconveniencys mention'd in the 8th Paragraph of taking up money at Interest having Pagodas 34,000 in Cash on the Presidents Arrivall 50,000 due from the Warehouse all the Stock brought by the Ships and the Revenues.

4. The 9th Paragraph advises the Company would send to the Bay 180,000*l*. to the Coast 90,000*l*. the residue of 270,000*l*. the Total to be sent to both places that season but having no Account of the Derbys Cargo dont know how much to send to the Bay could be glad this might be ascertain'd for the future to prevent disputes.

5. Shall endeavour to keep a good correspondence with the Bay and cooperate with them for the publick good and to that end shall advise them on all occasions. Cant report the Coast and Bay Goods as ordered occasion'd by the transactions of the late Presidency has not half Bales enough for the Hallifax to be dispatcht in October. The Sherborn on their hands and are in debt (for the Bales received from thence) to the Bay the President hopes to amend this hereafter.

6. Clause in Captains Instructions to keep company together outward bound very proper in these times the President by his remarks outward bound thinks it ought to be in charterparty with a Penalty as per enclosed Papers between him and Captain Upton, had he not been aboard the three ships had not kept company to Madrass.

7. Beg pardon for not advising of the French ships under Monsieur Grange-mont by the Heathcote anno 1709.

8. Shall write to the Bay to act in concert for the safety of the homeward bound ships.

9. They keep a good correspondence with Pondicherry and find it for the Companys Interest and the Countrey Ships.

10. Shall follow the Companys orders in the 16th Paragraph for employing their ships in India to satisfaction.

11. Shall take care all ships be survey'd and repair'd before they begin to lade.

12. Pardon beg'd for the Composition made with the Freighters of the Kent will study the Companys interest in all things which they hope is an answer to the 23th Paragraph.

13. The Councill at St. Davids blameworthy for not protesting against Captain Hudson and Captain Phripp because they would carry no Bales to Madrass such neglects shall be remedy'd hereafter.

14. The Heathcote was ordered to be dispatcht immediately Hallifax and Frederick arriv'd too late to be unladen and sent to the Bay to get there in December. Did not think it adviseable to send the secret orders overland but shall do it for the future since the Company seem to approve it if necessity requires. Hallifax did go the China voyage but might have been sooner dispatcht to the Bay.

15. Shall use words at length for numbers instead of figures the mistake in the Rupees sent to the Bay by the Summers was as the Company observed.

16. Have due supplys of Packing Stuff &c. from the Bay when wanted.

17. Shall supply St. Helena with Arrack, Rice &c. when reasonable or order more from the Bay.

18. Do observe the orders about lading Petre shall depend on the Bay for its fineness having their assurances to send only fine.

19. Shall observe the Secrett Committees orders.

20. Refer to the Consultations and former Generall Letter for the reasons for not despatching the Bouverie.

21. Copy of the Letter sent via Suratt the 31st March now in the Packett.

22. Glad to hear so many Ships arriv'd safe wish the same Successe annually.

23. They wish the number of ships taken up for all parts of India may succeed well.

24. The Successe arrived in the Bay the 4th March the 27th May received from thence the Companys Letters by her of the 5th and 7th June.

25. Have advised the Hallifax arriv'd the 22th March from China and being survey'd as per Consultations of the 26th March and 2d April advanced the Captain 2,000 Pagodas he having desir'd a supply. The Fredericks Letter promised when the Hallifax return'd from China her short tonnage and Dammage of Goods from the Bay should be adjusted. Three of the Council were ordered to adjust with the Captain as per Consultation of the 18th April, 9th May they reported the Captain having no power from his Owners desir'd the account might be determined in England this was thought sufficient and so rested till the new President arrived.

26. Refer to Consultations of the 3d, 7th, 9th and 14th March for account of Captain Raymonds seizing a vessell in Madrass Road come from Pondicherry belonging to the Moors-his submission is some attonement for his indiscretion and the affront to the Government of Madrass such proceedings terrify the Natives hurt the Revenues and may put the French upon retaliating if so the Bales from St. Davids may be seized and occasion great trouble and charge to free them. If the Captains were under a Penalty they would not take out letters of Marque as now they do the Governour (if the Company don't order the contrary) will fire on a ship that violates the freedom of the Port but can't answer for the tameness of the then Predecessor.

27. Have for three years past been surrounded with the French yet preserv'd the Companys Estate and shall still do so if the Captains rashness don't make the French alter their measures.

28. St. George arriv'd the 22th April last from Galley the 27th they asked his reasons for parting with the outward bound fleet and loosing his passage and an account of the souldiers put on board him in England of which have received but 31. his answer enter'd in the Consultation the 2d May very frivolous and unsatisfactory.

29. Refer to Consultations of the 7th, 10th and 21th May for an account of Captain Goodmans opening the Companys Treasure at Gallee or elsewhere some say it was at Madera the Consultation being not fully exprest have made the following remaks the Captain never gave any Account of it till the silver was found wanting nor show'd any attestation of the fact signed as usual by his Officers the Captains account is 91 oz. less than the Invoice of Chest N<sup>o</sup>. 142 and is the only Chest he owns he open'd the Chests N<sup>o</sup>. 54, 239, and 241 wanted 264 oz. Suppos'd to be open'd by his Officers following his example the bags of two appear'd plainly to have been open'd it is very strange Captain Goodman outward bound at a Dutch Port should be so pressing for money as if he had no stock of his own or the ships and that he should stay so long at Gallee hope the Company will enquire into it and prevent it for the future.

30. Refer to Consultation of the 21<sup>th</sup> May how the dammaged Cloth per St. George was adjusted the Captain sold it for less than half Invoice price.

35. Mr. Raworth sent down with the 5 Europe ships to Fort St. Davids to meliorate the State of affairs there with 100 of their best souldiers one Ensign 4 Sarjeants ammuniton and provisions as per List enclosed—they sail'd the 17th but by contrary winds did not arrive till the 9th August Sail'd thence the 12th and got into Madrass Road the 13th August forced to dispatch them so early that might get into the Bay and might also hasten home the Bouverie.

SECONDLY CONCERNING GOODS SENT AND TO BE SENT FROM EUROPE.

43. Hope to sell the woollen Manufactures as last at about 55 per cent on Invoice if the troubles and Warrs in the Countrey can be accommodated.

44. Shortness of time and hurry of business causes the List of Europe Goods demanded to be imperfect hope by the Hallifax to do it better the Merchants take them as invoiced and unopen'd from the Companys Godowns to their own, while the Companys carefull method of providing the goods in England continues can always keep up the same method their lists always drawn out by the Merchants consent who have no notion of the difference of Lists nor nicety in Manufacturing so as they be of the usuall fineness and Colours the President will when has time enquire more particularly about this.

Having Cash enough have no occasion to part with any of their woollen Manufacture can't at present tell how guilt Leather and other things will sell their custom is to sell all Europe goods by contract reserving only for Presents and the Garrisons use this encourages the giving a good price if sold by retail could not vend half the quantity nor keep up the price.

48. The Iron will turn to good account the low price of the Lead makes them desire so small a quantity have 537 Candy in warehouse can't dispose of what is in Bengall the Pegu Lead depretiating it which sells from 4½ to 5 Pagodas a Candy they will not sell the English under 6½ without the Companys order.

50. Have paid the Summs ordered in the Companys Letter.

51. Have received no wine fruit &c. or Horses from Persia for want of those supplys are forced to buy what can get at Madrass wherein shall be good husbands but it would have been cheaper to have been sent from England.

52. Desire 6 tons of Beer for the use of the Coast the cask full hoop'd the beer well hop't and stow'd in the Ballast to prevent broaching this will save 200

Pagodas a year. If wine is sent desire it may be good rough Florence White Mountain and Lisbon and some Canary for the sick propose this to save expenses which the President finds considerably increased which they will lessen as soon as possible.

57. Have coyn'd what Rupees they could to send to the Bay-understanding the Batty was 12 per cent in May and sent the rest down in Bullion rather than detain the ships-Calculate of the difference between Rupees Madrass and the Bay sent for the Company to judge of whether for the small advantage made in the Bay should ruine the Madrass Mint which brings in 10,000 Pagodas a year profit if the Company desert the Mint others will. The Mint more flourishing than that at Golcondah ever was. Those in the Bay desire silver uncoyn'd for the benefit of their country Voyages shall take care of the Mints credit till further orders.

58. Have sent to the Bay account of what Broadcloth is now at Madrass and to know whether any will sell there.

66. The Merchants say their accounts have not been settled with the Warehouse keeper since August 1706 and therefore they would not meddle very strange this should be in Governour Pitts time but it is certain by this letting matters run behind hand there is great confusion in the Accompts and 6 Chests Treasure delivered the 19th August 1706 to Colloway Chittees have not been accounted for as can yet be found.

67. Have sent 10,000 Pagodas to Vizagapatam Mr. Hastings promising to make large Investments.

Have publisht the Companys 65th Paragraph of their restraining the Companys servants and captains trade and paying in money into Cash at 2s. 9d. a rupee which they pray may be settled in Pagodas and at what rate Rupees are not the currant Coyn of Madrass and rise and fall 6 per cent the Currant Rupee of Bengall is 10 per cent less in value than that of Madrass which gives those in the Bay the advantage if buy them at Madrass and pay them in the Bay it will make the Pagodas nearest to ten shillings in England the midling price being 335 Rupees for 100 Pagodas and ten per cent Batty to Bengall.

74. In answer to the Companys 49th Paragraph Say Mr. Hastings advises that he employ'd the Rising Sun Smack to give advices of the French to the Kent and Summers bound up from the Bay by Governour Pitts order when he heard from Madrass they had past Vizagapatam out of sight of the Place he then sent her up with the Bales but she came a few days two late for the Summers have no great occasion since to complain of Mr. Hastings.

77. Letters from the Council at Suratt dated the 4th September 1710 advise they intend to apply for Phirmaunds for all the Companys settlements this will cost great presents to effect.

78. It seems as if the Generall at Bombay knew nothing of their application: such a sort of mannagement will be very expensive if carry'd on by two sorts of people and may be rendered ineffectual-the late President and Councils smart Letter to them enter'd N<sup>o</sup>. 107 it is hoped will stop their proceedings they have return'd no answer to it.

Syrup Sing is a Considerable Prince and a Rashpoot this Moguls mother was of that family it is likely he has complained to the Mogull can't find President Fraser endeavourd to waylay such complaints refer to a Letter from Arcot sent in the Packett advising the Duan is ordered to enquire into this Dispute hope to counter work the intended mischief.

88. Have ordered the Deputy Governour and Council of Fort St. Davids to enquire strictly into the originall causes of this trouble which hope to send speedily fear he who ought to make reparation for these dammages is escaped.

94. The Council say they only consented to build a Guard House and Mr. Fraser ordered all the rest the 49th Paragraph of the Fredericks letter mentions how this building disgusted the Countrey hear an order is come from the King to the Duan to demolish it and forbid the like for the future as per Letter N<sup>o</sup>. 20 had it been a guard house could not have been maintain'd being a mile and half from their works.

95. Governour Harrison has not had time to survey the Fortifications. The Gunner is dangerously ill Mr. Hugonin design'd to succeed is at St. Davids and must stay till the war is ended. St. Thomas's Point must be rebuilt other places want great repairs have order'd St. Davids and Cuddalore to be survey'd by a good Engineer at Pondicherry whom shall send for up to Madrass.

96. The Hospitall and free Guardhouse ready to fall better should be rebuilt than repaired.

97. The Godowns in a very bad condition for want of repairs the white Ants having eaten up the horses which the goods lay on and some of the goods have ordered new ones to be made of Teak Shall proceed further after the rains. The Colledge where the Factors lodg'd is falling to the ground for want of repair none dare ly in it the Companys servants double to what formerly and all single are forced to get them lodgings where they can being thus Separated can't be taken care of as if under the Superiours eye, when St. Thomas's Point is don. shall go about the Hospitall and Colledge will build strong plain usefull and with frugality, wonders Mr. Fraser should lay out so much at Egmore when he knew of these absolutely necessary works and recommended them to President Harrison on his first arrivall.

101. The Books not being ballanced can't write so well about the Revenues. but shall by the Hallifax Shall observe orders relating to their augmentation and raising new ones without oppression or offending the Government.

102. Mr. Fraser thô he wrote the Revenues amounted to Pagodas 105060 could not satisfy the Council that it was right suppose he meant the ballance of the account of Profit and loss the Revenues for 10 years past were never more than Pagodas 79382 : 34 : 2.

103. Refer to Consultations of the 9th and 13th about Mr. Frasers consenting to the landing Elephants at Trivlecan, paying only the St. Thoma duty-against the Councils opinion his reasons were the duty would otherwise have been lost refer to Consultations for what they have don on that affair till receive the Companys orders shall not permitt his departure without security to pay the money on demand.

When the Hallifax sail'd had hopes the war at St. Davids would have been ended, the Rajahs chief favourite coming in to their bounds the 20th October to treat, a truce concluded on their army withdrew on which got in all the grain and provisions procurable and a handsome quantity of Cloth by small parcells which enabled the dispatching the Averilla.

40. Near two months spent in endeavours to make a peace had consented to make up the matter as cheap as possible on Mr. Raworths writing they were come to the terms following.

41. Their lowest demand was Rupees 50,000, and to make over the Renters debt with the Interest to be recover'd of them or Mr. Roberts.

42. They offered to quit all claim to the Companys bounds to give villages &c. that would bring in Pagodas 2778 a year and a durable peace with release of the Prisoners and a present worth 500 Pagodas.

43. Mr. Raworth ordered to make an end as per Consultation 26th November but they retracted all and demanded Coddalore and Trepopolore as belonging to them, and sent an impudent letter as per Consultation of 3<sup>d</sup>. December and next morning laid an ambush and fired on the men who went to relieve the out guard thò none fell.

44. Their former success by the cowardly Ensign and the English keeping quiet during the Treaty made them so daring, whereupon the Deputy formed a design to attack their camp which was about 3 miles off in the night which was nobly executed as per account in the Packett.

45. On this the Enemy removed their Camp and intrenched themselves, and intercepted their Letters Goods and Provisions. 15th December being well recruited they came in a body near the bounds to attack them the Deputy Governour had thrown up a Mud work and mounted a whole Culverin Secretly with which as entering the bounds he kill'd them severall men and horses and made them retire, the next Morning Cannonaded them in their Camp which made them remove to 8 miles distance, where have been since quiet.

46. They have left no stone unturned to settle matters because must be sufferers by the war, and must pay money whenever it is ended but can't be Gainers.

47. Thò they will neglect no means to make an accommodation yet would do it on secure and honourable terms, and therefore insisted on an equivalent for what moneys were paid that it might look like a Purchase not a Peace offering, but they are such faithless people can't depend on their keeping articles.

48. Mr. Fraser and Mr. Farmer who managed this matter without a fair result of Council did not consider the power of the People, the Prince subject to the Mogull Governour of one of the strongest places in the Empire nor ought they to have ravaged the country burnt their villages and corn and kill'd the people, which could never regain the two Prisoners who were out of the bounds without leave and did not defend themselves as they ought when seized.

49. Syrup Sing did not seiz the 2 Prisoners till he had often apply'd to President Fraser for justice between Mr. Roberts and him, thò the Governour transacts affairs singly with the Countrey Governours as the Companys representative yet ought in all affairs of moment to consult the Council Mr. Roberts as the Companys Representative protects this Rajahs debtors and awards to his satisfaction but afterwards gives his word for their appearance to pay the money yet lets them escape after the Chief Peon had stopt them and secured them, he check'd them for so doing and ordered the Guards off of them whereupon they gott away.

50. From whence is concluded Mr. Roberts ought to be answerable for he bayled the Debtors had the money been paid all had been quiet but then he puts Mr. Fraser on a Scrutiny and to stop Farmers mouth proposes a match betweene his sonne and Farmers daughter and thereupon embarked for England, after the ravaging the Companys settlement of 50 or 60,000 Pagodas he left them exposed to a war.

51. Some of the Council proposed to stop Mr. Roberts but Mr. Fraser did not hearken, then by Mr. Farmers advice made presents to SIRRUP Sing to release the 2 Prisoners who believing them men of great value kept them, and the presents,

the late Deputy Governour and Council fell upon violent proceedings without orders, only alledging for excuse the Council at Fort St. George did not disapprove of them.

52. They only approv'd Mr. Farmers project of reprisall by seizing Syrup Sings Relations, instead of which they kill'd the Chief man who defended himself bravely.

53. Then Mr. Farmer alone orders the souldiers to kill burn and destroy all before them for 14 miles together this has made the Enemy implacable.

54. Those at St. Davids appealing to the Company makes it necessary to say so much on this head.

55. Have ever since President Harrisons arrivall endeavour'd to end these troubles honourably, thô thought it necessary as things had been carry'd to make a good figure, since the war was begun in defending the Companys bounds without advancing into the Enemys Countrey.

56. They want good Souldiers, of the 600 Europeans and Topasses at St. Davids only 100 fit to go on any dangerous Service, such as the attack on the Enemys camp, for when the 2<sup>d</sup>. detachment of 80 men were sent out to support the other they mistook them for enemys and run away from their captain which shows what sorry wretches come out as souldiers.

57. Are forced to be thus large to give a thorough information and prevent being deceived by false insinuations.

58. Refer to Fort St. Davids General Letter of the 25th October enter'd N<sup>o</sup>. 142 wherein they own Syrup Sings demands above the Renters Debt was on account of destroying 60,000 Pagodas of Grain and killing the Pandarum at Yemollum, and desire to disburse considerably out of the Companys Cash to make up the difference, thô they say they had not authority to kill burn and destroy.

59. Had they considered well before and stopt Mr. Roberts might have compounded all for 4 or 5000 Pagodas for the Renters debts and saved all the mens lives.

60. By letters from Mr. Hastings of the 11th December hear the Nabob Habib Caun plunders and burns all the Countrey, all trade stopt and can get in no more goods.

61. The free trade from Madrass to the Bay which used to increase the Revenue is lost to the English the Moors and Armenians get it all.

62. The Council in the Bay brag they put a stop to the English going up into the countrey by alledging to the Company it raised their investments.

63. The use they have made of this point gained is the President and Chief of Patna get 30 to 40 per cent on all goods brought from Patna to Calcutta besides what got on the goods up, can get no goods but from them, the same is don at all other the Companys settlements, and where the Company have none the Broker gets the profit because no European is suffered to make his own investment in the countrey.

64. This appears by the Moors and Armenians selling Bay goods at Madrass at the Sea Gate for good profit, when the English cant get their principall for the same sorts at the same prices.

65. This makes the Moors rich proud and dispute paying their Customs and ready to go to their Countrey Governours for redress, wish none had ever dwelt among them.

66. Desire the Company to consider what damage it can be for the English to go up into the Countrey for Ophium &c<sup>e</sup>. which the Company dont want for England, hope the Company will favour them therein, the Broker by his power secures all freights to be at the Presidents disposall, so that must pay ten per cent commission or can get no freight.

67. The great decay of the Trade at Madrass makes them sollicite the Companys favour.

GOVERNOUR HARRISONS LETTER, DATED 10TH JANUARY 1711-12. REC<sup>d</sup>. PER  
AVERILLA THE 25TH SEPT<sup>r</sup>. 1712. [*India Office transcript.*]

Coast & Bay  
Abstracts,  
Vol. 1, p.  
327.

1. Having wrote so fully of the Companys affairs should not have wrote again but that the Council being tacitly concerned in all the late mismanagements, which they excuse themselves is because of President Frasers obstinate perverseness if contradicted, and might have embroiled the Companys affairs, which were not in a good condition.

2. Refer to the Evidences by the ships gon home to prove Dubashes and Conicoplys govern'd Madrass the two last years, imprisoning fining and punishing the People at pleasure, which their Countreymen could not bear and complain'd to him and beg'd him to have but one Governour which he will grant them, they are so curbed now all seem easy, but if any should complain he hopes the Company will have good evidence before a Superior is condemned, for if they are kept to their duty they will be disobliged.

#### OF SHIPPING.

3. Begg the Company will consider their ships are not strong enough against the French, if the war continues fear shall have more French ships than usuall, two being expected by way of Peru and China.

4. Wishes the Company could get two fourth rates yearly to convoy the Coast and Bay ships out to cruiz from November to January and then convoy all home from Madrass this would also secure the Countrey trade and be a Credit to the Nation and Company.

5. And one fourth rate on Bombay side.

6. In the interim thinks it necessary to get 2 or 3 small vessells, good sailers, to gain and carry Intelligence.

#### MANUFACTURES OF EUROPE.

7. St. Davids Merchants poor by Mr. Roberts fleeing them, so take off the Broadcloth but slowly, the Madrass Merchants their Enemy's will endeavour to reconcile them, that may dispose of all the Cloth before more comes.

8. Heaps of woollen goods ly rotten in the Warehouse as per Consultation some have layn there severall years, this will be prevented in future.

9. Liberty given to the Companys servants to have Cloth &c. for their use has been abused of late, others getting things in their names, Writers of 2 years standing Debtors to the Warehouse 50 to 100 Pagodas each and not a farthing to pay, they sell it to other People at 50 per cent profit and so have the Companys goods and 50 per cent profit in their hands, if they should dy all is lost this abuse he hopes is remedy'd thō some Debts are doubtfull among which my Lord Coningesbys Sonne.

#### INVESTMENTS.

10. Are near making a Contract with the Merchants for the next years Shipping which can't delay thō Cotton is dear, and troubles in the Countrey encrease and the rains have destroyed the Crop of grain, the quantity's brought in from the Norward will not make it cheap because obliged to succour St. Davids.

#### TRADE OF INDIA & COUNTRY GOVERNMENT.

11. Their ships all abroad and the French expected at Pondicherry makes them afraid, Madrass can't bear losses as formerly, great part of the trading stock gone, when peace comes doubts not to make Madrass flourish, and the Revenues show it.

12. Has wrote respectfully to Zulphacar Caun, who mannages all. Letter without a present will not do much, his design was to repair Mr. Frasers omission and complain of Surrup Sing which ought to have been don long ago, severall husbulhookums to the Duan make the English the agressors.

13. The Duan being ordered to send up to Court the State and account of the quarrell, he is endeavouring to get it favourably represented which should have been don at first, and shows the supineness of former times he can only endeavour to get it well ended and soon.

14. Refer to the Général Letter about the originall of and false steps taken in this war, wishes to have found the author there.

15. An Armenian who has a prodigious ruby is going up to Zulphacar Caun who has wrote to the Duan to assist him in his Journey, he will go in March shall make use of him to do the Company service.

16. Mr. Fraser blamed for not having a Vackeel at the Moguls Court to advise of the Dutch &c. proceedings there, and prevent anything doing to the Companys prejudice.

17. Apologizes for his warmth about the St. Davids affair he has no prejudice against any only Zeal for the Company.

18. Have sent for good draughts of Vizagapatam River, hears may at small expence make a good harbour there.

#### FORTIFICATIONS, BUILDINGS & REVENUES.

19. Refer to these to what wrote in the General Letter, shall by his example prevail for Contributions towards the new Hospital, hopes what now about will not cost more than Egmore Redoubt, the Paymaster is honest but not experienced in that employ, will assist him.

20. Fearfull of promoting new taxes till the Countrey Government is better settled and the St. Davids troubles over, but is enquiring about the Dutys mentioned in the Generall Letter, severall Mogulls Persians and Patans are settled at Madrass which thinks is no pollicy or prudence to permitt, they being insolent and keep Correspondence with the Government and mutter at the Customs, shall permitt no more without order and be cautious of expelling these.

FACTORS SOULDIERS &C<sup>a</sup>.

22. Captain Roach commended for his actions at St. Davids.

23. Have a great many useless servants, shall keep them to work and hope they will be better. Have so many yoqug unmarried women hope no more will be suffer'd to come out.

## CONCERNING YOUR ACCOMPTS.

25. So many errors in the Accompts could not send them by the Hallifax. what now sent are not fully rectify'd.

26. Warehouse account and want of taking yearly remains occasions all the errors, the Warehousekeeper debits himself for what monthly delivered to others and as the money comes in he pays it and is credited people are not trusted a great while, Mr. Empson Warehousekeepers Account not yet settled and of so long standing hard to do it, he trusted all to his Conicoplys as others do who if knaves can never find out the truth.

27. In July last 70,000 Pagodas due to the Warehouse, and of long standing, but most is now got in, the rest secured.

28. In Aprill 1709 Mr. Hunt finding Empsons account Debtor in a great summe, enquires of his Conicoply who said Colloway and Vincatte Chittee ow'd Pagodas 16,400 which Hunt debits them for but dos not mention for what this summe carry'd forward in other books and their accounts being unadjusted now coming to Ballance with them the Article appears fictitious and can't be proved, so can't make it agree with the Generall books this mention'd to show why can't rectify all mistakes till the next.

Remedys proposed viz<sup>t</sup>:

1. Warehousekeeper and Storekeeper to keep each a Journall and Ledger to debit persons for what they receive and credit them as they pay and not let the Warehousekeeper only stand the Debtor by which means great losses may and have happen'd.

2. That these Debts be monthly examined and care taken to recover them.

3. That the Conicoplys be not trusted singly but a Covenant servant take account with them.

4. No Covenant servant to be trusted more than a years sallary by the Warehousekeepers.

5. That thõ alterations happen in Council no Employments be changed or altered till the Ballance in Aprill and that delivered into Council and perused and enter'd in the Accompts.

6. That Abstracts be delivered into Council of all debts and ballances due to the Company and how arising that may be gotten in.

The Joynt Stock Merchants Accounts to be yearly settled and the Ballance agreed before carry'd into new books.

29. This method will keep things regular and prevent the abuses of late crept in, which Mr. Fraser never attempted to cure. Tonnapa Conicoply owes between 3 and 4,000 Pagodas and has nothing ashore to pay, have secured his adventures at sea.

30. Shal endeavour to regulate the Companys affairs and act honestly to preserve the Companys good opinion.

31. The Jane not arrived so can't reform the West Coast having no power till she dos or hear she is lost no news from thence since September 1710.

32. The Council dilligent in their stations if well look'd after are sensible were too passive in the late Government, which he shall not desire in his, he hopes to answer the Companys expectations.

David, and left that place the 18<sup>th</sup>. of the same month, her cargo amounting to seventytwo thousand two hundred ninetyeight Pag<sup>S</sup>. two fanams and fourteen Cash, wee sent by her your Generall Books ending April 1711, with severall other materiall Books & paper[s] as by a Duplicate List that comes in this Packett; Our Generall [of] the said ship was begun the 22<sup>d</sup>. of December, and ended the 7<sup>th</sup>. of Jan<sup>RY</sup>. after which we had occasion to write two short Letters dated y<sup>e</sup>. 9<sup>th</sup>. & [10<sup>th</sup>.] Ditto, which were sent to Fort S<sup>T</sup>. David to be put in the Packett. We hope both this and all the other ships of the last season are safely arrivd, and that their Cargoes are to your Hon<sup>RS</sup>. Satisfaction.

Ship Dartmouth Capt. Thom<sup>S</sup>. Beckford Comm<sup>R</sup>. The Despatch of the Avarilla to & from Ft. S<sup>T</sup>. David and the Dates of our last Letters.

2. We have since been favour'd with a Letter from M<sup>r</sup>. Secretary Woolley dated the 17<sup>th</sup>. Decemb<sup>R</sup>. by the Arabella a Generall Letter from your Hon<sup>RS</sup>. dated the 28<sup>th</sup>. of December, a Letter from your Accomptants dated the 9<sup>th</sup>. of Jan<sup>RY</sup>. and one of the 6<sup>th</sup>. of Feb<sup>RY</sup>. from M<sup>r</sup>. Sec<sup>RY</sup>. Woolley accompanying a Copy of your Generall to the West Coast; wee have likewise receiv'd all the Invoices, Bills of Loading and other papers exactly conformable to the Lists that came in [y<sup>e</sup>.] Packetts by this years Shipping: and now we shall proceed to [answ<sup>R</sup>.] every thing materiall contained in the said Letters, and to give You a full acco<sup>t</sup>. of your Affairs under this Presidency, & elsewhere that are come to our knowledge, rang'd under the proper Heads according to your prescrib'd method; in which we shall use as much brevity as possible, or as the present posture of your Affairs will allow.

The Dates of the Letters rec'd this year.

FIRST CONCERNING SHIPPING SENT OUT & RETURN'D.

In which wee shall first answer what contain'd in your's and then add what has occur'd [here] among Us.

3. We most heartily congratulate your Hon<sup>RS</sup>. upon the safe arrivall of so many of your Ships, beseeching the Divine providence to bless all y<sup>r</sup>. Affairs with the like success; we are highly sensible how much 'tis for your interest during the warr, that as many of your ships as possible, should be dispatch'd in time to joyn the Dutch Fleet at the Cape; which was the reason that last year we chose rather to send away the Avarilla (tho' the least ship) early in Jan<sup>RY</sup>. than to have loaden one something bigger by the middle of feb<sup>RY</sup>. and had the Gentlemen at Fort S<sup>T</sup>. David complied with their Promise, the success had answerd our

Reasons why the Avarilla rather than a bigger ship was dispatch'd from Ft. S<sup>T</sup>. David.

expectation; but this they have to say for themselves that they were at that time streightly besieg'd and continually alarm'd by the Enemy which was a great hindrance to their business.

[An] Excuse  
for Negli-  
gence of  
former times.

4. Wee will do our utmost endeavours that neither the Bay nor any other of your Settlements, may go beyond Us in diligence & zeal for your Service; the 5<sup>th</sup>. paragraph of your Hon<sup>rs</sup>. Letter seems to relate wholly to the former Governm<sup>t</sup>. of this place, & the persons concern'd begg leave humbly to offer that of the five ships from the Bay Anno 1710 the biggest was the Loyall Bliss Loaden the year before, and that if the Bouverie had not been detain'd for the reasons formerly given You, the two ships from hence would have been in proportion to the four from Bengall, as our investment is in proportion to theirs.

Too much  
Tonnage sent  
out this year.

5. Wee return your Hon<sup>rs</sup>. thanks for the Acco<sup>t</sup>. you are pleased to give us of the Shipping intended for India this Season, but Wee fear by the Number of them, you are not appriz'd of the Tonnage remaining upon our hands, both here, in the Bay and on the Malabar Coast, from which wee are very sorry to say, wee can easily foresee a considerable Loss to your Estate.

The orders  
concerning  
the [Stre-  
tham] shall  
be comply'd  
wth. [if]  
possible.

6. Wee observe your Hon<sup>rs</sup>. orders concerning the Stretham bound to China: and this place, and should esteem ourselves very happy if circumstances will permitt Us to comply with them, we wrote [a] full acco<sup>t</sup>: in our Letters of last year how matters were like to go at Canton, in which wee were not at all mistaken, for the stocks belonging to this place are not above half return'd, and when the remaining half arrives, the proprietors will not see above fifteen  $\frac{1}{2}$  Cent for the two years: the last Acco<sup>t</sup>: wee receiv'd from the Howland was dated the 10<sup>th</sup>. Jan<sup>r</sup>: at Canton, when they expected to be dispatch'd in ten or fifteen days, since when she was seen and Spoke with near Achin on the 2<sup>d</sup>. of May by the Russell Gally a small Vessell belonging to Bengall, and had then been thirty-three Days from Malacca, from that time we have had no further news of her, nor can wee imagine where she can be; she was not arriv'd in Bengall the 15<sup>th</sup>. July, and all our hopes are that she return'd to Malacca for want of water and provisions.

We have not  
heard of the  
Howland  
Since ye. 2d.  
May.

The Stre-  
tham has an  
unusuall  
opportunity  
of getting  
early from  
China, but  
least she  
shoud not  
arrive here  
in time, we  
must keep  
another ship  
ready to load.

7. The Gentlemen upon the Stretham have an unusuall opportunity this year of getting a quick dispatch from Canton, because the great scarcity of Silver, and the bad success wee had last Season, prevented our sending any ship to China, but then there is an Armenian Vessell that arriv'd there in September last from Manhila with a very powerfull Stock to buy Gold, and wee are afraid the Merchants will not have purchas'd near their quantity before y<sup>e</sup>. Stretham arrives; we shall be sure to provide a suitable Cargoe ready for this ship according to your Directions; but your Hon<sup>rs</sup>. may please to consider that the timely arrivall of a China Ship [being so very uncertain, wee must of necessity keep another Ship [ready to] load, in case the other does not come by a convenient Day, [which] we take to be the last of Jan<sup>r</sup>. or thereabouts, otherwise the Cargoe will lye upon our hands till next season, and accordingly we have wrote to the Bay for either the Kent or some other Ship about her burthen, to be sent up hither in December.

5  $\frac{1}{2}$  Ct.  
shall be  
deducted out  
of Mr. Freder-  
rick's Gold &  
Mr Gumley's  
looking  
Glasses.

8. Wee shall take care according to your Order to deduct five  $\frac{1}{2}$  Cent out of Mr. Thomas Fredericks Gold when it arrives; as also out of the produce of Mr. Gumleys Looking Glasses, giving him Bills upon your Hon<sup>rs</sup>. for the remainder, and will not fail to advise you whether a quantity can be sold in China to advantage or not.

The Direc-  
tions con-  
cerns: the  
Sup<sup>r</sup>. Cargoe  
of y<sup>e</sup>. Stre-  
tham their  
concern in  
y<sup>e</sup>. Voyage  
& c<sup>a</sup>. shall be  
duely com-  
ply'd wth.

9. The Directions in the 12<sup>th</sup> paragraph, concerning what You have been pleas'd to permitt the Supra Cargoes of the Stretham to joyn with your Cargo upon the said ship, as also concerning the Commission that will be due to them upon the Nett proceed of the said Cargo here, the Bills of Exchange to be given for England, the Examination of their Acco<sup>t</sup>. &c<sup>a</sup>. shall be punctually complied with.

10. Wee have made it our business ever since your new Presidents arrivall to establish a usefull correspondence with the Gentlem[n] in the Bay, in which wee have succeeded so well as to convey our Letters overland as far as Ganjam which is good threefourths of the [way] to Ballasore in sixteen Days, and were in hopes that they in Bengall would have found means to meet Us with the same expedition, which they have not hitherto effected, however wee now receive their Letters in upwards of thirty Days, which before were wont to be two & three mo<sup>r</sup>: in their passage, and sometimes lost by the Death of their Cossids, that have not been able to perform the journey, so that the most materiall advices have often miscarried to the great prejudice of your Affairs; but we have now laid Tappy & peons at convenient stages as farr as Ganjam, half of which charge is born by private Merch<sup>ts</sup>. as wee have formerly advis'd you.

[To]wards settling a usefull Correspondence wth. ye. Bay we have laid [Tappys] as far as Ganjam.

11. Our last Letters from the Bay were dated the 15<sup>th</sup>. July wherein they advise Us that they have no prospect of dispatching more than one Ship or two at most, by reason of the present troubles w<sup>ch</sup>. will fall in more properly under another head; we have wrote them in Answer that if they cannot find a more advantageous employ for the ships that shall remain upon their hands, it would be better to send them up hither loaden with grain and other necessaries for your Acco<sup>t</sup>. then to lett them lye unemployed in y<sup>e</sup>. Bay till the next Season serves.

We have wrote to the Bay to send [some] Ships of yor<sup>s</sup>. they cant dispatch or employ better, up hither wth. Grain on your Acco<sup>t</sup>.

12. Wee observe the Amendments in the Cap<sup>ts</sup>. instructions relating to their keeping Company with each other for their mutuall security, and all the other repeated Orders containd in your 15<sup>th</sup>. paragraph, which wee shall be sure to comply with; the Arabella arrivd here the 8<sup>th</sup>. July, the Marlbro and Kent the 24<sup>th</sup>. & the Mary and Recovery the 29<sup>th</sup>. of the same month; by which Y<sup>r</sup>. Hon<sup>rs</sup>. will see how hard a matter it is, notwithstanding the severity of your Orders, to keep your ships together till they arrive upon this Coast where the greatest Danger is to be expected; they pretend they were seperated by bad weather the night after they left the Cape, which in our opinion is not fully made out, but that is submitted to your Hon<sup>rs</sup>. judgment when they return home, and their journalls are examin'd; this is most certain that if the French ships expected this year at Ponticherry had been arrivd before them, their seperation might have provd the Loss of all.

Our part in yor. Hon<sup>rs</sup>. orders relats. to the Cap<sup>ts</sup>. keeping comp<sup>ts</sup>. shall be perform'd, but it is very difficult to make them do theirs, The Marlbro [ & ] Kent arriv'd ye. 24<sup>th</sup>. July the Mary & [R]ecovery ye. 29<sup>th</sup>. they pretend they were seperated by bad weather off ye. Cape.

13. The Dartmouth has been carefully surveyd, and found to be in an extraordinary good condition, and as there is no doubt but she will come in Company with the Dutch Fleet, wee have endeavour'd to make her Cargo as considerable as wee could, she arrivd here from Persia the 7<sup>th</sup>. Au[gust as your] Hon<sup>rs</sup>. will observe in our Consult<sup>ts</sup>. Of the 11<sup>th</sup>. Ult<sup>o</sup>. that the Freight and Demorage due [for ton]age is paid into your Cash.

The Dartmouth being in good Conditn. we have made her Cargo very rich.

14. Wee shall take Care for the future that all matters of dispute w<sup>th</sup>. your Captains (where the subject will bear it) shall be transacted in writing, for the reasons your Hon<sup>rs</sup>. are pleasd to mention, but with submission we cannot think it becoming your Councill, to reply to the Captains in writing, unless it be by your possitive Orders, nor has it ever been the Custom of the place, that we can find upon record.

Matters of dispute wth. yr. Cap<sup>ts</sup>. shall be transacted in writing. Tho. it has never been customary.

15. Wee heartily wish the new measures your Hon<sup>rs</sup>. have taken to prevent frauds in letting out your ships to freight for the future may prove as effectuall as you intend them, tho wee must beg leave humbly to offerr our opinion, that the Captains sitting and voting in Councill, upon the proposalls and Resolutions relating to his own ship, will rather increase than cure the evill, provided your servants have any intention to deceive You; for if the Captain differs from them in opinion, they will undoubtedly take care that he shall not put aboard one maund more than his privi[ledge] and then we are apt to believe he will be very indifferent whether his ship be lett out or no; w<sup>ch</sup>. is humbly submitted to y<sup>r</sup>. Consideration.

We are of opinion the Cap<sup>ts</sup>. setting & voting in Councill upon ye. freighting their own ships will have no great Effect in preventing frauds if any are intended by yor. serv<sup>ts</sup>.

16. The informations Sr. George Matthews has been pleas'd to give your Hon<sup>rs</sup>. concerning the employment of his ship the Great London are most undoubtedly true, and now you have been pleas'd to give your Orders that your Ships shall be lett out in the same Manner, most certainly the Gentlemen in the Bay will think it their Duty to comply with them if possible, but wee must begg leave to represent that no such method is practicable here, because whenever we take up any of your ships for Suratt or Persia, it is at an uncertainty, and we must send them down to the Bay to seek for freight, because there are no goods of this Place [ . . . ] for Persia; this was the case of the Dartmouth last [Season] and those that freighted her, had the mortification [ . . . ] of the goods that were intended to be loaden upon [her were by in]direct means carry'd away by Country [Ships] [thro]ugh [some of the] leading men of your Council in the Bay [a few words lost] your Hon<sup>rs</sup>. cannot suppose that [a few words lost] imprudent to risque his estate [a few words lost] hundred Tunns, when he co[uld] [a few words lost] the Dartmouth for the [same] a few words lost Body here from meddling with any of your ships bound on those Voyages for the future; because on the one hand we are liable to your censure for letting your Ships at under rates, and on the other hand, those that are concern'd in them run the risque of making a ruinous Voyage for the Reasons before mention'd, all depending intirely upon the freight procurable in Bengall, which is not to be had with out the interest of those that are at the head of your affairs.

The method of letting out ships upon freight recommend- ed to the Bay is not practicable here.

Thro' indirect means of some of the Council in the Bay the freighters of the Dartmouth were sufferers, the freight that offer'd having been diverted other ways, & wch. is a great hardship upon us here, they can do the same when they will, wch. discourages Us from freighting yor. ships.

The Gentle- men here have never freighted yor. Hon<sup>rs</sup>. ships for China out[of] Choice, because they can send their stocks thither cheaper upon their own. And never will if they must be [ti]ed up to pay Demorage. However we will study yor. Int<sup>ts</sup>. in debates concerning ye. letting yor. ships or keeping them by us.

[Secret Com]mittee's orders will [be obey'd] we receive [ . . . Bay] yo. [ . . . ] [ . . . ] Board.

It will be very convenient to

17. And now we are upon this subject we begg leave to say something concerning the China Voyage in which some of your Ships have formerly been employed, but not to your satisfaction; the Gentlemen of this place have never yett taken up one Ship for China by their own Choice, because they can always send their Stock thither at a great deal less charge upon ships of their own; especially to Canton, from whence there has been of late years more profit upon Gold than upon gruff goods, so that what ships of yours have been employ'd on that Voyage, were recommended to the Town by the Govern<sup>r</sup>. and Council because they lay upon their hands, & could not be dispatch'd for Europe, and wee dare now assure your Hon<sup>rs</sup>: that the trading people of this place, will never ask one of your Ships for that service, nor ever take one to hire if they are tyed up by covenants to pay demorage in case they do not return hither time enuff to be dispatch'd for Europe, for that would ruine their voyage, however as it is our Duty to study your Interest & follow your Orders, whenever we have any of your Ships upon our hands, more than we are able to dispatch, wee will state the Acco<sup>t</sup>. in Consultation whether it will be most for your advantage to employ them upon such Voyage as offerr, or to lett them lie by till their Cargo is ready, & act accordingly.

18. The Directions of the Secret Committee will be most punctually obey'd, as also your orders concerning salt petre, & whenever we receive any quantity from the Bay, we have directed the Warehousekeeper to open some of the bags, and report y<sup>r</sup>. quality of it to the Board.

19. Pursuant to your Orders we have inclosed in the flying Packet [an abs] tracted Invoice of what goods wee have receiv'd from the [ . . . ] last Season and what we have sent them in return, [ . . . ] of which is likewise in the grand Packett, and the same method shall be carefully observ'd for the future, [ . . . ] Directions concerning Arrack for S<sup>t</sup> Helena.

20. As to what your Hon<sup>rs</sup>: are pleas'd to observe concerning sol[d]iers sent to and frô for the preservation of your Estates when there are any of the

Enemys shipping in these parts, we humbly offer our opinion y<sup>t</sup>. our Garrison Soildiers cannot be better employed, when your Factory[s] are in peace, their pay is the same at sea as ashore, Your Hon<sup>rs</sup>: are at no extraordinary charge worth mentioning, in comparison of the service they are upon, and if the Captains give them their Diets we cannot see what more can be demanded of them, and if they should refuse to Diets them, there is no obligatory Article in Charter party to insist upon, and we should be loath to lett your Estate run any risque by a dispute of this Nature, tho' we will never neglect any opportunity of lessening your Expeuce.

send soldiers to & fee upon your ships when there is danger from those of our Enemys,

but if ye. Capt<sup>ns</sup>. refuse to diet them, we cant oblige them to it by Charter-party.

21. Wee believe your 25<sup>th</sup> paragraph intended as an instruction [to us] in cases of the like Nature with the Rochesters, and shall observe it accordingly, but it seems a little strange to Us that they should be forced to give Soildiers off the Guard in Bengall, when English and Dutch Seamen are never wanting for our Country Shipping, & in greater numbers than we desire them; the Commanders of your Ships ought in Honour and justice to lay before You the true Reasons why they are so often unman'd and drove to such hard shifts to recruit when they are coming away richly laden with your Estates. We should swell this Letter to too great a Bulk in particularizing upon this affair, and therefore desire humbly to refer y<sup>ou</sup> to the Commander of this Ship, who had some of his men seduc'd away and conceal'd from him, by direct orders from some of your Servants, to be employ'd on an Expedition of their own to Maldiva, the Success of which will fall under another head.

The Reason why some ships going home from Bengall have wanted sev [all] of their Complint, is that some of yo<sup>r</sup>. Servts. there have entic'd the men away to go upon a Maldiva Expedition.

22. On the 6<sup>th</sup> of March last your ship President arriv'd here from Bengall, with a Cargo as directed, and the season not being then proper for her proceeding to the West Coast, wee took all her goods ashore except Kintilage, some of which were design'd a[s] stores for this place; and on the 19<sup>th</sup> of the same month arriv'd ship Toddington Cap<sup>t</sup>: Thomas Blow from Bencoolen, by whom we learnt the Death of your Dep<sup>ty</sup>: Govern<sup>r</sup>: Anthony Ettrick Esq<sup>r</sup>., with the sad condition your settlements were in, an account of which will come in more properly under the Head of the West Coast the Thistleworth Cap<sup>t</sup>. Small had taken in all the pepper they had got ready by the latter end of Jan<sup>y</sup>: so that not having where withall to load the Toddington for Europe, was the reason they sent her over hither; as soon as we could peruse the Letters, Books and papers that came by her, we took our Resolution to fill up y<sup>r</sup>. President and dispatch her away with proper Orders and a supply of bale goods very much wanted, and to keep the Toddington here till May in expectation of some news from the Jane, and determin'd in case wee heard nothing of her by that time, to send some proper person from hence upon the Toddington to take the necessary care of your affairs; accordingly on the 12<sup>th</sup>: Aprill the President was dispatch'd, which is as soon as any ship bound that way ought to sail, that could not be dispatch'd by the middle of Feb<sup>y</sup>.

The arrivall of the President from Bengall & how she has been dispos'd of,

also the Toddington's arrivall from Bencoolen with advices of yo<sup>r</sup>. affairs there.

The Resolutions we came to thereupon.

23. On the 11<sup>th</sup> of Aprill your Ship Darby Cap<sup>t</sup>. Thomas Wotton Commander arriv'd here from Bengall with Salt Petre & Stores, but having been detain'd so late in the Bay, that the season for bad weather was come on, so that he got clear of the River with much difficulty, he was oblig'd to leave severall Boats of Rice behind that were design'd to fill up the ship, some of which we understand since were cast away in the bad weather & their Cargoes lost so that the ship arriv'd here two thirds full.

The arrivall of the Darby from Bengall but 2/3 laden, with the Reasons why.

24. On the 12<sup>th</sup> of May we receiv'd Letters from Surat advising y<sup>r</sup>. Arrivall of the Ships Litchfield, Mountague & Heathcote at Bombay the 6<sup>th</sup> of Aprill, how or where they bestow'd their time so as not to gett thith<sup>r</sup> sooner, we cannot give your Hon<sup>rs</sup>. any certain Acco<sup>ts</sup>; but undoubtedly the Generall & Council will advise You; they could not well pretend any fear of the French, it being agreed on all hands that they went off the Coast in Decemb<sup>r</sup>. for Mocho.

News of the  
Howland's

25. On the 19<sup>th</sup> May the Ship Oxford belonging to the Merchants of this place arrivd here from Batavia, and brought advices that y<sup>e</sup>. Esther, Rochester and Thistleworth all left Batavia some time in Feb<sup>ry</sup>. bound for Europe and that they heard by a vessell from Macao that the Howland left Canton the latter end of Feb<sup>ry</sup>.

26. Your Ship Jane arriv'd here the 24<sup>th</sup>. May under the charge of Mr. Joseph Collett, and as your Hon<sup>rs</sup>. must undoubtedly have had a full Acco<sup>t</sup>. of that ship's being shamefully surrendered to the French in Rio Janeiro, from those people that went directly home, upon the french Squadron, and by what wee observe Mr. Collett wrote Your Hon<sup>rs</sup>. October the 15<sup>th</sup>. 1711 from Rio Janeiro, Of which he deliverd Us a Copy; we will say no more [ . . . ] than to begg you'll please to be refer'd to our Consultation [ . . . ] the same Month, where we have enter'd at large the Examinations of Mess<sup>rs</sup>. Collett, Yarborough & Cap<sup>t</sup>. Wotton, which will give a full insight into the whole management of [that] affair, by which you suffer so considerably, not only in the Loss of your Effects, but in the disappointment to your West Coast affairs, w<sup>ch</sup>. we dare answer will take quite another Turn upon Mr. Colletts arrivall & if the Jane had got thither last season, the necessary reformation had been so much sooner made.

27. Upon Mr. Joseph Colletts producing a Copy of his Letter wrote your Hon<sup>rs</sup>. from Rio Janeiro, by which we found he had drawn Bills of Exchange upon You for three thousand five hundred pound Sterling, we thought ourselves oblig'd to demand the ship and what she had on board her for security accord- ingly the goods were unladen into your warehouse, and a Committee of your Councill appointed to putt a valuation upon them, according to the Invoices that came out last year, because the Jane's Invoice was sunk amongst the rest of the papers, and wee had no Copy of it by any other Ship, Mr. Collett declar'd that when he bought the Ship and Cargo of the French, he valued the goods belonging to your Hon<sup>rs</sup>. at Fifteen Hundred pounds, which to the best of his remembrance was the amount of the foot of your Invoice, but when the Committee appointed to value the goods deliverd in their report, as your Hon<sup>rs</sup>. may please to observe is enter'd after Consultation, dated the 2<sup>d</sup>. of June, we could make the Amount according to the English prizes no more than Twelve hundred sixty four pounds five shillings & ten pence, wherefore we thought it more your interest to bring Mr. Collett under Articles of Agreem<sup>t</sup>. as entered after Consultation dated the 16<sup>th</sup> of June, whereby we have secur'd the Amount of the Bills drawn being seven thousand seven hundred and seventy seven Pag<sup>t</sup>. twenty eight fanams, to be paid into your Cash upon the sale of the Ship, and what belongd to her in private trade, deducting the value of the goods belonging to your Hon<sup>rs</sup>. out of the said sum; this matter is largely expressd in our Consultations of the Latter end of May and beginning of June to which we beg your Hon<sup>rs</sup>. will please to be referr'd and if we have err'd in any thing it is for want of having been conversant in cases of this Nature, of which not one of Us has ever seen an Example.

28. On the 17<sup>th</sup> of June the Toddington saild hence for Bencoolen, with your Dep<sup>y</sup>. Govern<sup>r</sup>. &c<sup>s</sup>. and had gone eight days sooner but that he was seiz'd with a violent fever, which we all believ'd would have carryed him off.

29. We advisd your Hon<sup>rs</sup>. in the sixth Paragraph of your general by the Avarilla, that wee had fitted out a sloop from Fort St. David for Batavia, with our Reasons for so doing, the said sloop returnd hither the 27<sup>th</sup> of May having left Batavia the beginning of April, upon receiving advices that the Howland saild from Canton the latter end of Feb<sup>ry</sup>. and not being arrivd at Batavia it was concluded on all hands that she had taken her passage thro' the streights of Malacca; wee sent a small Cargo of long cloth and Sallampores upon this Vessell

to defray her Expences, the returns of which were made in arrack, & Gold, & will be found in your next Books under a particular Head kept for that purpose.

30. On the 7<sup>th</sup> of June your Ship London Cap<sup>t</sup>. William Upton arrivd here from Bombay in his way to Bengall, where he is consignd to take in freight for Surat, and saild hence the 12<sup>th</sup> July, your Generall and Council, did not think fitt to mention any thing of this affair to Us, however the ship being here we perswaded the Captain to take aboard a parcell of redwood for Kintilaging your ships in the Bay, where there was none remaining last season, and upon Cap<sup>t</sup>. Upton's acquainting Us that his Orders are to stay no longer in Bengall than the 20<sup>th</sup> of November, being apprehensive that the freight goods will not be come down by that time, wee have made a proposall to the Gentlemen in the Bay to load her up hither with rice for your Acco<sup>t</sup>. rather than lett her return empty, which is very scarce here, and will sell to great advantage, besides the benefit to the place.

31. On the 5<sup>th</sup> of July we dispatched your Ship Darby for Bengall with orders to touch at Vizagapatam with treasure and stores, and sent upon her a parcell of redwood, and three hundred bales of Callicoes, in part of payment for what bales sent up by her, we have since receivd advices over land that she arrivd Vizagapatam the 10<sup>th</sup> of July; and had saild the 12<sup>th</sup>, but for advices from Ganjam that five large ships were seen off that place under french colours, wherefore they thought it prudence not to lett her [go to, i.e.] Bay, till they could gett certain intelligence from Ballasore[ . . . ] but sent her to Ganjam, where she lay a few days, and by the [news] of our Tappy peons receiving speedy advices from Ballasore, that they were Dutch Ships bound to Bengall, she proceeded on her Voyage the 30<sup>th</sup> of July.

32. By your out ward bound Ships that touch'd at the Cape we learn the Tankerville, Bouverie and Hallifax saild in Company w<sup>th</sup> the Dutch Fleet; that the Avarilla and Esther arrivd there after the Dutch were saild, and went in Company together for S<sup>t</sup> Hele[na] the 11<sup>th</sup> of Aprill; that the Windsor Cap<sup>t</sup>. Tovey arrivd there the 20<sup>th</sup> of December and saild a single Ship the first of Jan<sup>y</sup>; that they left the S<sup>t</sup>. George and Rochester at the Cape when they came away, but have no news of the Sherborne, Aurengzeb, Catherine and Thistleworth; we heartily pray that all the Ships may arrive well with you, but more especially the S<sup>t</sup>. 33. Your Ship Mary Captain Holden bound directly for Beng[all] arrivd here, as we have before mentiond, the 29<sup>th</sup> of July, we demanded his reasons for the deviation from your Orders, in answer to which he deliver'd in a Consultation signd by his Officers a Copy of which comes in the Packett N<sup>o</sup>. 29, and is submitted to your Consideration; and the Gentlemen in the Bay having advisd us in their Letter of the 27<sup>th</sup> of Aprill that the Mint was shutt up, and no rupees to be had, so that the silver remaining by them is of no use towards an Investment, desiring Us in the same Letter to coin what silver arrives here and send it down in Rupees, we immediately landed the Marys Treasure and put it into the mint, and were obligd to open the Bengall packett for the Invoice, which matter being transacted in Consultation of the 29<sup>th</sup> of July and 1<sup>st</sup> of August, we humbly beg to refer You thereto, and having one hundred and twelve thousand Rupees ready

The Mary  
touching  
here in  
her way to  
Bengall we  
took ashore  
her Treasure  
to be coined  
into Rupees,  
pursuant to  
our advices  
from Bengall,  
& she saild  
hence with  
112000 Rupees  
yo 5<sup>th</sup> August.

to come out of the Mint in three or four Days, we detain'd the Mary to carry them Down, because none of the other ships could be unloaden and ballasted in any reasonable time, & we apprehended your affairs might suffer for want of a speedy supply; accordingly she sail'd the 6<sup>th</sup> of August, but we did not give the Cap<sup>t</sup>: any Dispatches because he was consign'd directly to the Bay, and wee apprehended that the Owners might make some use of them, to insist upon Demorage for the time of his passage down.

We hear from Batavia that the [Stre]-tham & Herne sail'd thence [in] June for China.

34. By the Elizabeth Gally a small vessell belonging to this place that arriv'd here the 5<sup>th</sup>. August from Batavia, we learn that the Stretham and Herne were well there in June, and sail'd about the middle of the month forward for China.

On the 27<sup>th</sup> August, we dispatch the Marlbro for Bengall with 504000 Rupees 121 Bales & the stores that came upon her for that place.

35. On the 27<sup>th</sup> of August wee dispatch'd the Marlborough for Bengall with seventy two Chests containing Five hundred & four thousand Rupees, one hundred twenty one bales of Callicoes, which compleats the Number they sent Us up by the Darby, and the stores that came out upon her invoic'd for Bengall.

We hear of an English ships arrivall at Judda wh. we take to be ye Nathaniell, but [no] news of the Stringer Gally.

36. By the Mermaid that left Judda the 14<sup>th</sup> of July & arriv'd here the 18<sup>th</sup> of August, wee are advis'd that there was an English Ship arriv'd at Mocho directly from Europe, which we take to be the Nathaniell, but have no particulars of y<sup>e</sup> Stringer Gally.

The Vessells belonging to this Presidency are the President, Rising Sun & Maddapollam.

37. In Obedience to your Commands we shall now give you a particular Acco<sup>t</sup>: of the Vessells belonging to this Presidency; which are, the Ship President, the Briggantine Rising Sun, and Maddapollam Yatch; the President is now on her West Coast Voyage as beforemention'd, and M<sup>r</sup> Collett carry'd Orders with him to send her back immediately up on his arrivall there; The Rising Sun Briggantine we wrote in ours by the Halifax went hence in Octo<sup>r</sup>. was twelve month laden with Salt petre and Redwood for Bencoolen, with Liberty for the Dep<sup>ty</sup>: Govern<sup>r</sup>: and Council to employ her a Trip to Batavia for Arrack and other stores; we have since receiv'd advices of her being well at Batavia, where she fitted and took in a Cargo, and arriv'd safe back at Bencoolen, and by a generall Letter from York Fort dated the 22<sup>d</sup>. of June receiv'd by the Elizabeth Gally, they write us that having Receiv'd three hundred tubbs of Tea, sent them by M<sup>r</sup> Charles Douglass Supra Cargo of the Rochester from Batavia, they had putt them on board the Rising Sun and dispatch'd her hither the 19<sup>th</sup> day of May, which is now between three and four Months and no news of her, 'tis possible she may have been haul'd into Tutocareen Bay, or that she may have miss'd Zelon and fallen to Leeward, but wee rather fear she is lost, because we have no manner of Advices of her either from the Bay or Zeloan; The Maddapollam Yatch has been employ'd these last twelve months between ffort S<sup>t</sup> David and this place, in bringing bales & carrying grain & stores, and now We have sent her down with the last of the Monsoon to Vizagapatam to be clean'd fitted and return'd Us Loaden with grain, the Proffitt upon which will doubly pay her Expence.

An Acco<sup>t</sup>. how they are severally employ'd at present.

These Vessells are not fit for your service by reason of their heavy sailing, the most proper for this Coast are sloops of 50 or 60 Tonn that sail very

38. We must Confess that considering the Expence these Vessells have been at some years past, and the little Service they have done, it had been better to have sold them at first, and bought others fitter for your purpose, the Vessells that are proper for this Coast are Sloops of fifty or sixty Tunn that saile extraordinary well, so as to work up against the Monsoon, and can be manag'd by a few Lascarrs taken out of yo<sup>r</sup>. Gunroom Crew; by means of their sailing we can keep 'em constantly employ'd so as to bear their Expences, and bring mony into your Cash, besides the benefit that may accrue to your affairs by sending speedy intel-

ligence to and fro as occasion may require, we had thoughts of building some such vessells at Pegue, but by the late mismanagement at that Port, things are brought to such a pass that it is much dearer building, than buying vessells after they are built, and brought over hither; whatever we do in this affair we shall carefully study your Interest, and endeavour to gett rid of y<sup>e</sup> Vessells we now have on as good terms as possible, which are the very worst sailors in India, and consequently can never Ans[w<sup>r</sup>] your Hon<sup>rs</sup>. nor our Expectation.

39. Cap<sup>t</sup>. Thomas Blow Commander of the Toddington requested his Charter-party mony in Consultation of the 7<sup>th</sup>. of Aprill & was paid three hundred Eighty three pag<sup>s</sup>. twelve fanams for which he gave three receipts, one of them was forwarded to York Fort to be sent home by the Packett of the said Ship, and Another we now send home in this Packett N<sup>o</sup>. 12, and the said Cap<sup>t</sup>. in our Consultation of the 7<sup>th</sup>. of June appear'd, and register'd as by list that comes in the Packett N<sup>o</sup>. 13.

40. Wee have paid the Surgeons of this years shipping their usuall gratuity of ten shillings a head for every Soldier landed here, & taken receipts from them, one of each is inclosd in y<sup>e</sup>. Packett N<sup>o</sup>. 14.

41. In our Consultation of the 26<sup>th</sup>. June Cap<sup>t</sup>. Thomas Wotton of the Darby register'd six bales of Bengall goods, as <sup>is</sup> list that comes in the Packett N<sup>o</sup>. 15.

42. On the 17<sup>th</sup>. Ult<sup>o</sup>. arrivd Ship John & Elizabeth from Gombroon, w<sup>ch</sup>. place she left the 19<sup>th</sup>. day of July, and brought advices that the Troubles at Ispahan still continue, and that the Dutch are in the same circumstances with

Us, their Factory being shut up and no Body sufferr'd to go near them; On the same Day your Ships Kent & Recovery saild for Bengall with fifty eight chests containing four hundred and six thousand Rupees.

#### SECONDLY CONCERNING GOODS SENT AND TO BE SENT FROM EUROPE.

43. The Complaints contain'd in your Hon<sup>rs</sup>. first two paragraphs under this Head, relate wholly to the Penman of the Letter therein mention'd, however believing they are intended to warn us from splitting upon the same rock, we shall endeavour to comply with all your Directions so perfectly, that we may receive no such marks of your displeasure, and in Order thereto, as well as to avoid swelling this Letter, we have drawn our Lists of demands for Manufactures and Stores in a more perfect maner than usuall, with all the necessary Remarks we can think of and particularly those that are order'd in your Letter.

44. In Obedience to your Commands we shall lay before your Honours, the best Acco<sup>t</sup>. we can gett concerning the Consumption of Broad cloth and other Woollen Manufactures in the Mogulls Dominions. The course red & green broad cloth is cheify us'd among the soldiers and ordinary Moor Men for saddles, saddle Cloths, sumpture cloths, covers, Beds and Cushions for Pallancheens Carpets to sitt upon, Mantles to cover them from the Rain, and sometimes coverings for their tents of pleasure; the fine Broad Cloth as Scarlett, Aurora, some Blews & Yellows, is us'd for the inside of tents, for Vests or Mantles in the rainy season, Among the Great men, covering cloths for the Elephants and Hackarys, Cloths to hang round their Drums, for shoulder and waste Belts Scabbards to their swords and Jimdars or Daggers for slippers and for covers, Beds and Pillows for Pallankeens; The imboss'd Cloth is us'd to hang round the bottom on the inside of the great Mens tents three foot high, for spreadings to sit upon and Cushions

well, wherefore we shall endeavour to get These & dispose of Those.

Capt. Blow<sup>s</sup> at his request was paid Page. 383 : 12 his Charter-party mony.

The surgeons of this years shipping were paid the usuall gratuity for the soldiers.

Cap<sup>t</sup>. Wotton register'd six Bales Bengall Goods.

[On] the 17<sup>th</sup>. Ult<sup>o</sup>. we heard from Gombroon that y<sup>e</sup>. Troubles at Ispahan still continue.

[On] the same day y<sup>e</sup>. Kent & Recovery [saild] for Bengall wth 4,08,000 Rupees.

We shall be more exact & full in our Lists of demands [for] the future acco<sup>t</sup>. to y<sup>or</sup>. Hon<sup>rs</sup>. Directions.

An Acco<sup>t</sup>. how the Broad Cloth & other Woollen Manufactures are consumed in this country.

to lean against and for Cloths to cover the Elephants and Horses; Perpetuano's are only usd among the meaner sort of people for Caps, coats and covering cloths to sleep in during the Rains.

Nine tenths of the woollen manufacture is vendd among the Moors.

The Reasons of the Decay of ye. woollen manufacture Trade, &c. in these parts.

We have taken the Broad Cloth off the Merch<sup>ts</sup>. hands at Ft. St. David, and agreed w<sup>th</sup>. ours here for the same, with the reasons that induc'd us thereunto.

The Effect it has had upon yo<sup>r</sup>. Affairs.

45. And now we are upon this Subject, we must inform your Hon<sup>rs</sup>. that at least nine tenths of the woollen Manufacturs Vendd in these parts is among the Moors, the Gentues making very little or no use of them, the greatest Consump- tion is in the Mogulls Camp, which when at Lahore or Delhy is supplyd wholly from Suratt and Persia; but when at Agra, Partly from Suratt, and partly from Bengall by way of Patna, from which Ports the Conveyance to the Camp is easy and safe, but what is disposd of hereabouts, is, dispersd among the Nabobs flying Armys in this Cornatta Country, Vizapore and Golcondah, seldom reaching so farr as Aurengabad, because the carriage is very chargeable, and the Roads are difficult & Dangerous to pass, when King Shaalem came down to Golcondah w<sup>th</sup>. his Army in the year 1708, to destroy his Brother Cawne Bux, we immedi- ately found a Quicker vent than Ordinary for our Broad Cloth, and indeed for all other sorts of Goods consum'd among them and when Dowd Cawne was formerly Nabob of these parts, he allways kept a good Body of Horse in pay, which oblig'd the Neighbouring Governours to do the same, being allways jealous of each other, And among those Horsemen much the greatest quantity of our Broad cloth then imported was consum'd, the trade from this place to their Camps being very considerable; but now our Duan who is Suba of All this Country seldom keeps above five hundred horse w<sup>th</sup>. him and the Government in Generall being grown much weaker than in Aurengzebs time, none of the great men keep up the number of Horse allowd by the King, but apply the mony to their own use and this has brought a considerable damp to our trade in Generall, but more especially upon the sale of your Manufactures, for we have not only lost the Camp trade, but the roads are become impassible for want of these horsemen to scour them as usuall, so that the Merchants are discouragd from coming down with their mony and Diamonds to buy up and carry away our Europe and other goods as formerly, and we cannot see any likelihood of better times till the Government is well settled, and some active man employd in the Government of these Parts.

46. We acquainted your Hon<sup>rs</sup>. in ours by the Avarilla that we had then delivered no more than One hundred & Fifty bales of the Broad Cloth that came out last year, to your Fort St. David Merchants in part of their Contract; we are now to add that it was the 23<sup>th</sup>. Feb<sup>r</sup>. before we could perswade them to take two hundred bales more, tho' we were considerably in their Debt, and having waited patiently till the 12<sup>th</sup>. of May last we began to consider that we had upwards of four hundred bales upon our hands, and the Merchants one hundred and fifty bales remaining unsold of what we had deliver'd them, at the same time we observd that the goods came in very slowly upon the Fort St. David Contract the Merchants having advancd all the mony they were able, and could proceed no further with this weight of Broad Cloth upon their hands undispos'd of, wherefore we found ourselves under an absolute necessity of releasing them from their Contract, and prevaild w<sup>th</sup>. our own joynt Stock Merchants to take the cloth into their hands, who are indisputably best able to vend the quantity, and keep up the price, being men of good Substance that can stay for their mony, and carry on your Investments at the same time, besides as they are the persons that introduc'd the vent of such large quantitys at so good a rate, they are perfectly well skill'd in all the methods of putting it off with expedition; had we not fallen into these measures it would have been impossible for Us to have complated this Ships Loading, and we should have had six hundred bales of manufacture upon our hands when this year's shipping arrivd, likewise your Fort St. David Merchant's would have been utterly ruin'd, and unable to serve you for the future; whereas now as soon as we had cleard them of the Cloth and supplyd them with mony, they went currantly on with their Investment, and we have receivd between five and six hundred bales from them, towards loading of this Ship, so that all partys are satisfi'd, and your business goes currantly on.

47. We cannot (in answer to your Hon<sup>r</sup>. 39<sup>th</sup>. paragraph) be able to tell you how the new Sortments will sell, till the Jan<sup>r</sup>. Shipping, only we may venture to assure You, that there are more medlys come this year, than we shall be able to sell in Two at Invoice price, being there is no vent for them any where but among the Europeans by the Yard, except a peice now and then by Accident for some great Man in the Country.

We cannot till Jan<sup>r</sup>. tell how the new Sortment will go off only there are twice too many Medleys.

48. The Colour now most in demand both here and in the Bay, for course Cloth in Poppingay green of which we sent Patterns with our last years lists, and provided there are no deep greens, the people here make little or no distinctions among all the rest; it is about two years that green has been growing into demand, and since the Cloths of that Colour cannot be preserv'd from the worm above a twelve month, we are all ways glad to gett rid of them, so that when this years shipping arrivd, what we had left on our hands were all reds, and our case will be the same the next year, w<sup>ch</sup>. is the reason we have demanded so many greens to help them off and we are of opinion this Humour among the Moors will hold, not only because it is a favourite Colour, but because the Die is so much better than the Red.

Poppingay green is the Colour now in demand & likely to continue so, the rest will go off pretty well too if no deep greens among them.

49. When your new President arriv'd here, and came to dispatch the Bouverie he had occasion to call for the List of Europe Goods demanded the former Year, which was found with much difficulty, and just y<sup>e</sup>. counterpart of what describd in your Hon<sup>r</sup>. 38<sup>th</sup>. Paragraph; we could not forbear taking notice of it and the Warehousekeep<sup>r</sup>. was directed to draw the next more perfect, but we did not think there was any necessity of being so very particular as your Hon<sup>r</sup>. now direct, because as we then advis'd You, your Merchants take all by Invoice adding so much per Cent Profit to the foot of the acco<sup>t</sup>. and as they sometimes receive three or four hundred bales at a time without opening one, unless there is some appearance of Damage, we cannot think it prudence to lett them into any nice distinctions, which would occasion their Cavilling hereafter in hopes to beat down the price, whereas they now take all the Reds, Greens, Scarletts and Aurora's that are sent, without any Trouble.

Our Warehouse-keep<sup>r</sup>. was the last year directed to be more perfect in ye. List of demands, but we did not think it necessary to be so particular as your Hon<sup>r</sup>. now direct. The reasons why.

50. However they find fault this Year that the cloth in generall is worse than it us'd to be, we would have stopd their Complaints by telling them tis cheaper than Ordinary according to your Hon<sup>r</sup>. 33<sup>rd</sup>. Paragraph, but they keep so good a Register of all they have bou[ght] from the beginning, that looking into the Invoices by the Sommers and Fleet Friggat Anno 1704 at their Request, we find great part of the Popinjays invoiced at seven pound, seven pound ten & fifteen shillings, and reds by the Fleet Friggat particularly from seven pound five to nine pound, which the Merchants do assure Us were full as good for their purpose as what come now, tho' they think it was not altogether so thick.

Our Merchants complain this year that y<sup>e</sup>. Cloth in generall is worse than usual, we told them it was cheaper, but upon looking backwards it appears otherwise.

51. Since your Honours are pleas'd to order Us to make our Remarks upon what you have sent Us this Season, we humbly offer that in our Opinion the Scarlett and Aurora Dies are worse, and the Cloth Courser than usual; that Tailors Reds by the Marlbrô tho' charg'd as high as Others, are much worse both in cloth and Colour, as your Hon<sup>r</sup>. may please to see by the Patterns return'd in the Packett marked N<sup>o</sup>. 1 A there is likewise a very considerable difference among y<sup>e</sup>. Popinjays, tho' the price is much the same; we are not skilfull enuff to determine whether the Difference arises from the Dieing, pressing, packing or other workmanship; but this we are sure of that if our Merchants once come to be inquisitive, the inequality of the Cloth will occasion endless disputes.

The Scarlett & Aurora Dies are worse & y<sup>e</sup>. Cloth courser than usual. Tailors Reds are bad tho' as dear as the rest as y<sup>e</sup> patterns returnd. There is likewise great difference in the Poppingays tho' y<sup>e</sup>. price much y<sup>e</sup>. same.

52. Those that buy the Broad cloth of Us, sell it again up in the Country by the peice, so that if it should be stretch'd in England as your Honours propose (which we conceive would make it worse in quality and less in Repute) yet you would reap no benefit thereby, unless you please to invoice it by the yard instead

Stretching the Cloth will of no advantage to Your Hon<sup>r</sup>.

[ . . . ] of the peice; we find among the Musters sent Us this year a paper wrote Upon  
 he came  $\text{p}$  No B Marlbrô containing six Musters of Midleys numbered from 1 to 6 but no  
 Marlbro a muster of a such Bale came upon the ship, nor is it mentiond in the Invoice.

Bale of  
 Midleys, but  
 no such bale  
 aboard no  
 mentiond in  
 the Invoice.

We will  
 endeavour  
 that your  
 writing work  
 may be  
 better done  
 for the  
 future but  
 care must be  
 taken at  
 home who  
 are sent  
 abroad.

53. We read the just complaints in your 44<sup>th</sup>. paragraph with great concern, and will use our utmost endeavours that your writing work may be better done for the future, 'tis true we have a great many hands in your service but very few that can perform so well as your Hon<sup>rs</sup>. seem to expect, which makes Us [fear] that some of their petitions deliverd into Court are wrote for them, or else your Hon<sup>rs</sup>. would judge them fitter to go to the writing schooll than to be sent out hither.

Our Merchts.  
 woud not  
 ta ke off y.  
 Gold & Silver  
 thread, so  
 that we were  
 obligd to sell  
 it at outcry,  
 and it still re-  
 mains in town

 son is enuff  
 to last three  
 years.  
 The finest  
 does best here  
 being fittest  
 to weave in  
 Mnalta.

54. We endeavourd to perswade your joynt Stock Merchants to take off the Gold and Silver thread that came out last year at so much  $\text{p}$  Cent upon Invoice but the quantity was so large they did not care to meddle, and we were at last forced to sell it at publick sale, when the Town was fullest of people, an Acco<sup>t</sup>. of the sale comes in the Packett, by which your Hon<sup>rs</sup>. will see what it produc'd those that bought it have it all upon their hands, and with what come this year, which cannot be sold to much advantage at present, there is enuff in Town for three years, besides 'tis very apt to tarnish by lying, and our Batavia Ships bring a great deal yearly, which they buy near as cheap as ours is Invoic'd from England, and the Colour is much better, the very finest thread does here best in proportion, being used chiefly to weave in Muslin; and now we have told your Hon<sup>rs</sup>. how the case is, we submit to your judgment whether You will please to send any more or not for the present.

We sold at y.  
 same Outcry  
 Remants in  
 ye. Warehouse  
 wch. were so  
 worm eaten  
 that they  
 produc'd very  
 little. we shall  
 take care for  
 ye. future to  
 sell all off be-  
 fore 'tis so  
 spoilt.

55. We likewise sold at the same outcry, all the old Remnants in the Warehouse, some of which had lain many years and were so worm eaten that they produced little or nothing; we shall take due care for the future that nothing lies by so long as to perish but will take the opportunity when most Shipping is here to sell off all the remnants to the best advantage.

We now de-  
 mand a Sup-  
 ply of Lead  
 having little  
 by us.  
 & shall use  
 Pegue Lead  
 for the Ser-  
 vice of the  
 Garrison.

56. We have now no Europe lead on our hands but what came by the June, which is the Reason we now demand a supply for y<sup>e</sup>. Year 1714 and whereas Pegue lead is allways considerably cheaper than Europe, We shall for the future use no other in your Garrisons, because it does the business altogether as well.

We rec'd par-  
 cell of Tin by  
 ye. Toddin-  
 ton wch. we  
 woud have  
 sent to Surat  
 but opportu-  
 nity not offer-  
 ing we sent  
 it to the  
 Bay by y<sup>e</sup>.  
 Derby.

57. We receivd a parcell of tin by the Toddington from y<sup>e</sup>. West Coast which they Write Us came out upon the Thistleworth and was intended to have been putt on board the Surat Ships at Sea, had there been an opportunity, we would gladly have sent it to Surat [as] being the best Market, but the Season did not serve, and therefore we shipd it on the Darby for Bengall, and suppose they will sell it there if a good price offers, and if not they have a good opportunity of sending it by the London to Suratt.

Acco<sup>t</sup>. sales  
 of y<sup>e</sup>. Corall,  
 that could not  
 be sent

58. Your President could not send You a perfect Acco<sup>t</sup>. sales of the Corall last year because it was not all sold, thô he took up the Mony at Interest to make the Returns, but he hopes the Acco<sup>t</sup>. sales by this Packett will meet with your

approbation, there are abundance of Corral beads come from Surat and Persia this Season, which have lower'd the price of most sorts twenty five  $\frac{3}{4}$  Cent.

perfect last year comes this. The price thereof is much lower'd by the importations from Surat & Persia.

59. The Accot. Coinage of Gold by Ships Marlbrô and Recovery comes in the Packett N<sup>o</sup>. 20, by which your Hon<sup>rs</sup>. may please to observe that y<sup>r</sup>. whole parcell comes out better than invoic'd, and the Moidoes does best of all in proportion.

Accot. Coinage of Gold by Marlbrô & Recovery comes in y<sup>r</sup>. Packet, it produces better than Invo.

60. Of the Looking glasses that came this year one of the finest is broke, and the rest will be spoild before they can be sold, for there is no manner of Demand neither for them nor the glass ware, wherefore we desire you will please to send no more.

One of y<sup>r</sup>. looking glass was sent this year is broke & no demand for y<sup>r</sup>. rest.

#### THIRDLY TOUCHING YOUR INVESTM<sup>ts</sup>. IN INDIA.

61. Wee shall have due regard to the List your Hon<sup>rs</sup>. have sent Us for goods to be provided, as well as to all your former Orders, relating to this Head, and whenever the times will admitt of any Abatements, we will not fail to lay hold of the opportunity, one good point is already gain'd by keeping the Merchants to their musters, and we are pretty well assur'd your Hon<sup>rs</sup>. will find a very sensible Difference between the Goods of this place, that come upon the Dartmouth, and what have come for severall years past, and we heartily wish we could say the same of Fort S<sup>t</sup>. David.

We shall duly regard the Lists sent us, & make abatements, when opportunity will admit. One good point is gain'd in keeps. the Merch<sup>ts</sup>. up to their Musters.

62. The mistakes in the Hernes Invoice will be rectfy'd in the Answer to the Accomptant's Letter and wee are very sorry for y<sup>r</sup>. Just reasons you have had to Complain of the Package, especially at this Place, but the neglect has been so great in the Ware house that the packers have been suffer'd to pilfer part of the surplices and tear them so short that they are unserviceable, this abuse was discover'd some months ago and the Offenders have been severely punish'd, and whereas we have now order'd that each Embaler shall see the days sortment pack'd up before he stirrs, Your Honours will know whom to blame if the goods are not pack'd as they should be, we have wrote to Vizagapatam concerning their Package at two Pag<sup>es</sup>.  $\frac{3}{4}$  Bale, to which they make an Apology in their answer N<sup>o</sup>. 151 dated the 9<sup>th</sup>. August too tedious to incert here, but we have since wrote them y<sup>r</sup>. is not satisfactory.

We have taken measures to amend the Errors in package [so] justly complain'd of. We wrote to Vizagapatam, concerning y<sup>r</sup>. dearness of their Package.

63. Your Orders concerning the Fort S<sup>t</sup> David bales are communicat'd to the Dep<sup>ty</sup>. Govern<sup>r</sup>. & Council, we are of opinion that the yellowness of the Cloth proceeds from it's being ill cured and wash'd, for we observe their Cloth is never nigh so well wash'd as ours, and have us'd our utmost endeavours to have it better done for the future; when they are in a hurry to dispatch a Ship, the washers are forc'd to work night and Day, and the work is sadly slubber'd over, which makes Us believe it would be better to send you Brown Cloth upon a push, than that which is ill cur'd, and will never look well in the Eye of the buyer, but about this matter we shall wait your further Directions.

The Yellowness of the Ft. S<sup>t</sup>. David Cloth proceeds from its being ill [cur'd] when the washers are in hurry. It is better in our opinion to send you brown Cloth than w<sup>ch</sup>. is ill wash'd, but shall wait y<sup>r</sup>. further orders.

64. Mr. Fraser's Speculations concerning Investments in his Letter by the Frederick were not extraordinary well founded, when he complains of a Combination, for he must be a weak man that sits at the Head of your Affairs here, and cannot tell what a peice of Cloth will stand the Merchant in that makes it, which is certainly the best rule to go by in a Contract, since it is your Hon<sup>rs</sup>.

An opinion of Mr. Frasers relating to Investments controverted.

Intention no doubt that your Merchants should be reasonable gainers by doing your business, and that your business should be done as cheap and as well as time and Circumstances will allow of; so that if the Merchants are in a Combination to insist upon more than is reasonable, your servants must be combin'd with them if they cannot find means to break it, but as long as they combine together (that is we mean y<sup>e</sup>. joint Stock Merch<sup>ts</sup>.) To serve You as well and Cheaper than any body else will do, we must be oblig'd to support them, if we will have your business done as it should be.

Contracting  
wth. ye.  
Merch<sup>ts</sup>. is a  
safer way  
to provide  
for yor. Ship-  
ping than to  
buy up Goods  
of any one  
that offers  
for ready  
mony tho we  
shall not  
neglect the  
later when  
opportunity  
admits.

65. Your Hon<sup>rs</sup>. are pleas'd to say in the 50<sup>th</sup>. paragraph why don't we observe the Orders formerly sent, to be buying up goods all the year long, of them who would serve Us best and cheapest; Wee humbly offer to your consideration that if we should go that way to work instead of Contracting, we could never be at any certainty for the Dispatch of your Shipping; we should be very unworthy Servants if we at any time neglected buying up goods w<sup>th</sup>. ready money when they can be had better and cheaper than your Merchants bring them in upon Contract, but we have had no such opportunity hitherto, nor is there any likelihood of it till the Country is under better Government; The Gentlemen that come home upon these Ships must be so just as to say, that no private Man can invest so sure, so well and so cheap as we do at present; nor can any of our European Neighbours ou[t] doe Us, whilst we keep your Merchants up to their Musters.

Upon  
examining  
ye. old  
Comp<sup>as</sup> &  
Invoices &  
Books we  
find the  
course goods  
were then  
cheaper but  
the fine  
dearer.  
The reasons  
why goods  
have risen.

66. We have been examining the old Companys Invoices and general Books pursuant to your Hon<sup>rs</sup>. directions for the prizes of those times, and we find upon comparing that th<sup>o</sup> the course goods were considerably cheaper, the fine were much dearer in the same Contract; there are two Substantiall Reasons why the prizes of goods have risen for some years past; first the Dutch Investments and ours have been much more considerable since the year 1696 than ever they were before; and secondly the oppressions of the Moors have Annually increas'd in all these parts ever since the Conquest of the Country, which was not compleated till abo<sup>t</sup>. the year 1692, and since that time so many Juncans have been sett up all round about Us where the Cloth is made, then the Merchants are Oblig'd to pay when they pass their Goods, and this is an inconveniency no way to be remedied; however nothing shall be wanting on our parts to reduce the prizes of your Investm<sup>ts</sup>. as low as possible.

for the dis-  
patch of the  
Avarilla we  
obliged ye.  
Merch<sup>ts</sup>. to  
compleat a  
contract  
made by  
Mr. Addison  
rather than  
enter upon a  
new one.  
but for the  
Loading this  
ship we came  
to a new  
Agreem<sup>t</sup>.

67. In our Letter by the Avarilla we acquainted your Hon<sup>rs</sup>: that finding your Merchants had not compleated the Contract made with Govern<sup>r</sup>. Addison, which was upon cheaper terms than we had hopes of bringing them to, considering the dearness of Cotton and Grain, we thought it more advisable to call upon them for y<sup>e</sup>. remainder of that Contract towards the Avarilla's Loading than to Enter upon a new one, but when that Ship was dispatch'd we were oblig'd without Loss of time to provide for this September Ship: accordingly in our Consultations of the 14<sup>th</sup>. 17<sup>th</sup>. 18<sup>th</sup>. & 21<sup>st</sup>. of January your Hon<sup>rs</sup>: may please to observe the steps made towards an Agreement, the quantity agreed for, and the unfeign'd Reasons why we could not do it cheapr.

We have  
attempted to  
divide yor.  
Joint Stock  
Merch<sup>ts</sup>. into  
two sets in  
hopes of  
getting goods  
cheaper but  
they declare  
it will be an  
impedim<sup>t</sup>. in  
Business both  
on their part  
& ours and to  
end all dis-  
putes we  
were oblig'd to

68. Your present sett of Merchants are half of the Right & half of the Left hand Cast, as they were United by Mr. Addison upon his coming to the Government; however before we consented to this Contract, we made an Essay to divide them in hopes they would have vied with each other who should do your business best, or we should have ventur'd to sett up either side alone, that would have undertaken to serve you cheapest; but tho' they disagree in y<sup>e</sup>. business of their Casts, they were so honest and sincere in this case as to declare, That if they divided they should only increase the price of goods to their own detriment, that neither of them apart, had stock enuff to carry on the business without having money advanc'd them, and that they would rather choose to bring in the goods from the looms, and deliver them at price they bought them, if we would only allow common interest for their money; this method we apprehend<sup>d</sup>. would

involve Us in Endless troubles & Disputes, and therefore we chose rather to advance them 5  $\frac{1}{2}$  Cent for a thousand bales in consideration of the unusual difficultys they have to struggle with, and your Hon<sup>ty</sup>: shall see that when these Difficultys cease, we can as easily reduce the prizes to what they were before and may be lower.

advance them  
5  $\frac{1}{2}$  Cent wh.  
we doubt not  
to reduce  
ag<sup>n</sup>.

69. We are very well satisfied that the Merchants would not have insisted so strenuously for an Abatement, but that they found we were resolved to keep them strictly to their Musters, for they would very gladly have deliverd Us the Cloth your Hon<sup>ty</sup>. have so often complaind of at the usuall prizes; which in our humble opinion was at least ten  $\frac{1}{2}$  Cent worse than what we now send you, and since we have now brought them to work the Course cloth well, we reckon it a great point gaind, and shall be carefull not to loose our ground.

The reasons  
why y<sup>e</sup>.  
Merchts.  
insist on an  
abatement, is  
because we  
keep them so  
strictly to  
muster.

70. Wee have formerly given our reasons why we could not get the Chay goods you have been pleasd to demand made at Metchlepatam: at any reasonable Rates; we have since endeavour'd to encourage some of the Weavers removing thence to Vizagapatam, but that Country is at present in so much confusion that there is no security for them, our last shift was to gett people from Pullicat, and endeavour to make these Chay goods here; the root we can easily have in abundance, but the water is the main Article, and some extraordinary skill in fixing the Chay so as not to wash easily out; wee have made severall trialls of which the first not proving to our Expectations, we did not agree for any considerable quantity, nor shall we presume to venture till the goods can be made better and cheaper, or till we receive your further orders upon trial of w<sup>t</sup>. we now send, which is only a small quantity of every sort that can be manufactur'd here, except the Romalls which being as good as the Metchlepatam musters and as cheap, we have venturd to send as many as we could gett, tho not the quantity order'd in y<sup>r</sup>. List.

We have  
formerly told  
for Hon<sup>ty</sup>.  
why we could  
not procure  
the Chay  
goods of  
Metchlep<sup>m</sup>.  
we have there-  
fore at-  
tempted to  
get them  
done by  
Pullicat  
people but  
finding them  
not to answer  
except in the  
Romalls, we  
have only  
sent a small  
qt. of the rest  
for a tryall  
at home.

71. We have procur'd a parcell of fine Sallaupores fit for painting and may take the Liberty to say, the Chints we now send, are much better done than any you have formerly had, and we hope your Hon<sup>ty</sup>. will like them so well as to encourage the Manufacture by further Demands; We have procur'd abundance of painters from the Dutch Settlement at Sadrassapatam, and shall give them such encouragement as will keep them from ever returning thither again.

We now send  
some Chints,  
done upon  
Sallaupores  
wh. we hope  
y<sup>r</sup>. will like  
so well as to  
encourage y<sup>r</sup>.  
Manufacture.

72. We advisd your Hon<sup>ty</sup>. by the Avarilla that your Cheif & Council of Vizagapatam had wrote Us that they could procure a sett of Merchants at Dasheroon, which is an excellant Country for cloth near Maddapollam to contract for an Investment of Fifty thousand Pagodas, upon very reasonable terms considering the goodness of the Cloth, we could not refuse complying with such an advantageous proposall, and accordingly wrote them to come to an Agreement under severall restrictions, and cautions, as your Hon<sup>ty</sup>. may please to observe in our Letter N<sup>o</sup>. 17 dated the 14<sup>th</sup> Feb<sup>r</sup>. & on the 18<sup>th</sup>. March following we rec'd advises, that they had agreed with the said Dasheroon Merchants for thirty thousand Pag<sup>s</sup>. according to the Musters then sent Us, which upon viewing appeard to be incomparably good, such as we assure Y<sup>r</sup>. Hon<sup>ty</sup>. will never think you have too much of, and therefore we immediately sent away mony to further so good a work, and M<sup>r</sup>. Thomas Faucett third of Vizagapatam, was sent to Ingeram in the Dasheroon Country to receive and sort the goods, & send y<sup>m</sup>. to Vizagapatam or hither as the winds may serve, we have not as yet receivd any thing upon this Investment, but hope to send you a sample before this Ship is dispatch'd and y<sup>r</sup>. remainder in Jan<sup>r</sup>. together with what we have agreed for at Vizagap<sup>m</sup>.

According to  
w<sup>t</sup>. wrote yo<sup>r</sup>.  
Hon<sup>ty</sup>. by the  
Avarilla con-  
cerning the  
Dasheroon  
Cloth, we  
have con-  
tracted for  
30,000 Pags.  
and the Cloth  
is so good  
that we  
believe you  
will be glad  
to have as  
much as you  
can of it.

73. Upon a complaint made to Us by your joynt Stock Merch<sup>ts</sup>. in June last that they were not able to carry on your Business according to our Expectations, if the Gentlemen at Fort S<sup>t</sup>. David continued to take in Cloth so much worse than Muster which occasions the Weavors at Worriarpollam (where both setts make

was a hindrance to them in getting good, we veiw'd some of their bal's then by us & finding them as represented, we reprimanded yo<sup>r</sup>. Servts. these.

The Ft. St. David Merchants petition'd to be on the same footing w<sup>th</sup>. ours as to Custom & Dustore w<sup>ch</sup>. we have not yet granted because their Cloth has been worse than it ought to be; but given them so hopes upon completed a large investment for Jan<sup>y</sup>. next.

Upon Complaint of our Merchts. we have been oblig'd to prohibit some very ill made cloth being brot. into town in consid. of the Consequences laid before Us.

hearing from Bengall that they shall not be able to do w<sup>th</sup>. yo<sup>r</sup>. Hons. expect we are providing as many gruff goods as possible & hope to load two Ships in Jan<sup>y</sup>. & Febr<sup>y</sup>.

part of their Long Cloth and Sallampores) to weave a great deal worse than Ordinary, we found ourselves oblig'd to open and veiw what Fort St. David Goods we had in the Godowns, which was done the 25<sup>th</sup> June in Consultation, & M<sup>r</sup>. Phillip Baker being then here we summon'd him to see that our remarks were just and true, we humbly referr your Hon<sup>rs</sup>. to y<sup>r</sup>. said Consultation for the particulars, and to our Letter N<sup>o</sup>. 83, dated 6<sup>th</sup> July, wherein we have very plainly laid their faults before them, and assur'd them that if they do not sort better for the future, they must expect no favour from your Hon<sup>rs</sup>. or Us.

74. Your Fort St. David Merchants petition'd Us on the 22<sup>d</sup> July to putt them on the same footing with ours as to Custom & Dustore upon bringing in their goods, we have made the best enquiry we can into these Articles pursuant to your Hon<sup>rs</sup>. Directions, in your Letter by President Harrison, and cannot find them to be other than Notionall advantages, which the Merchants make an allowance for before they contract, and consequently you have your goods so much the dearer, so that they are the Debtors and your Revenues have a Notionall Credit, what makes these people so earnestly desire an alteration is only a punctilio of Credit, that they may be upon the same terms with our merchants here, however we have not yet granted their request, because their goods have been so much worse than they ought to be, but we have given them some hopes of relief, in case they will contract for a considerable investment ready for Jan<sup>y</sup>. on reasonable terms, and bring in their goods conformable to muster, this matter is enter'd at large in our Consultation of the 22<sup>d</sup> July, and our Letter to Fort St. David N<sup>o</sup>. 94 dated the 23<sup>d</sup>. of the same month.

75. We must not omitt to acquaint your Hon<sup>rs</sup>. that when y<sup>r</sup>. Manilha Ships were ready to depart hence, Calicoes were so scarce & dear that people bought up any thing they could lay their hands on at extravagant rates, which occasion'd the weaving and bringing in of such bad cloth, that our Merchants declar'd they were not able to carry on your investment, unless a remedy was apply'd to this evil, where upon we found ourselves oblig'd to prohibit any such cloth from passing the Choultry for the future, which might be a greivance to some particular people, but that we think ought not to come in Competition with your interest, and not knowing but that the persons who think themselves aggrev'd may complain of the hardship done them, we send by this Ship a peice of the foremention'd Longcloth in a parcell by itself, incerted in the close of the Invoice.

76. Finding by Letters from the Bay that the warrs will prevent their getting in a sufficient quantity of goods, to load so many Ships as you expect, we are setting all manner of Engines to work to procure as large quantity of gruff goods as possible, and if they can but send Us salt petre, of which we have now remaining but enuff for one Ship, we hope we shall be able to load two Ships by the beginning of Feb<sup>y</sup>. one of which may be dispatch'd so early as to have a chance of reaching the Dutch Fleet at the Cape, we cannot depend upon the Howland because she is a missing Ship, nor upon the Stretham because its odds whether she arrives in time or not, and therefore we have propos'd to your President & Council in Bengall either to send their Ships to fill up here because of the Salt petre, or to send Us up such Ships in December as they shall not be able to employ if the Rising Sun should happily arrive w<sup>th</sup>. the three hundred Tubs of Tea, they would be a great help to our Tonnage.

FOURTHLY TOUCHING THE TRADE OF INDIA IN GENERALL & THEREIN ANY TRANSACTIONS WITH THE COUNTRY GOVERNMENT.

77. We wrote your Hon<sup>rs</sup>. in our last years Letters that the trade of India in generall was in a decaying condition, and we are sorry [to] Add that this present Year has been the worst that Madrass ever knew, the Stocks sent to China as we said in the beg<sup>ing</sup> of this Letter are but half return'd, our Siam Ship makes less than principle, one of our Ships that went to Jahore had part of the

Stock plunderd by the King, and part forcibly seiz'd by y<sup>e</sup>. Dutch at Malacca, our good friends & Allies; the Manilha Ships brought Us little or no Silver, so that we could not drive the Trade to China, Malacca, Achin, Junck Ceylon & Quedah where we usd to trade considerably, are now grown places of so much villainy and Corruption, that the hazard is much too great for the little or no profit, the Armenians & Moors flock in such great Numbers to Pegue that the trade is overdrove, no body having seen their principle this Year, and the joynt Stock sett up by Govern<sup>r</sup> Addison is utterly ruind; in Bengall goods were twenty  $\frac{1}{2}$  Cent dearer than Ordinary last Year, and the hardships we labour under as mention'd in our Letter by the Avarilla are so great, that not one Pagoda Profit was made between that port and this last Season; We have no trade to the West Coast, and that to Batavia and the Eastern parts is totally lost; our Ships to Bengall and Surat returnd with ten  $\frac{1}{2}$  Cent Loss upon their principle, having been forc'd to bring back the greatest part of their Goods; the Persia Ships one with another will come out but very indifferently and the Ship to Judda makes about five  $\frac{1}{2}$  Cent, this is the real state of our trade at present, and tho' for the encouragement of it we have done so much that your Customs are as considerable as they were heretofore, yet we dare venture to affirm, that the town in generall have not seen five  $\frac{1}{2}$  Cent in an AVERAGE upon all the Voyages of this last Season, which is but poor profit considering the risque we run; however we live in hopes to see better times when a Generall peace is concluded, for the Trade of the Red Sea and Persia, and consequently that of Surat has been gradually decaying ever since the beginning of the war.

Shewing how & wherein the trade of India in Generall is so much decay'd of late years.

However we have done so much for y<sup>e</sup>. encouragement of Trade that your Customs are as great as ever.

78. On the 3<sup>d</sup>. of Aprill last we receivd advices by way of Golcondah that King Shaalem died at Lahore on the 17<sup>th</sup> Day of February, after very few Days Sickness, and most people are of opinion that he was poison'd, all his four sons being present when he died, immediately put themselves at the head of their friends to dispute the Empire; Azamodeen the Second of the four who had the Government of Bengall many years, where he amassd vast Treasures, was much more powerful both in men & mony than any of the other three, for which reason Zulphakur Cawn the Vizier, who (as we have formerly wrote your Hon<sup>ty</sup>.) was entirely in the interest of Muzzoodeen the eldest Brother, found means by fair promises to unite the Elder with the two younger Brothers against Azamodeen, a verbal Agreement being made between them, that Raphael Kudder the third Brother should have the Kingdom of Cabull, & Ckojusta Aektar the fourth, the Kingdom of Decan; upon these terms they joynd their Armys, and fought a bloody battle with their second Brotber, in which after a stout resistance, he and his eldest son were slain; Muzzoodeen having gaind so compleat a victory and being proclaiemd King, the two younger Brothers sent to him to make good their Agreem<sup>t</sup>. by a Phirmaund, that they might depart to their severall Kingdoms, to which he returnd Answer (as tis said by the advice of Zulphakur Cawn) that he was ready to put them in possession of their severall Governments, but that he would reserve to himself the stamp of all mony coind in his reign, & y<sup>e</sup>. Duroy, for which we have no word in English, but the sense of it is, that he would retain a Supream power and Command over them; these new terms enrag'd the two younger Brothers to such a Degree, that they immediately joynd their Forces, and invited the Elder to a Battle, declaring that they would be either real Kings or die in the Dispute; in this second Battle, fell the two younger Brothers & their Sons, after a very sharp engagement; & tis said that if the youngest Brother who was a very valiant Prince had not been kill'd by a chance shott just as he had surrounded the Eldest, he had taken him prisoner and won the Battle; Zulphakur Cawne having been the main instrument in promoting the Interest of Muzzoodeen & be [haved] himself with wonderfull Courage in both battles [ . . . im]mediately confirm'd Prime Vizier and [ . . . un]usuall Honours, one of which was perm[anent] . . . seat in the Kings presence; as soon as [ . . . ] Governm<sup>t</sup>. he slew severall great Omrahs [ . . . ] his Brothers interest & imprison[d] . . . march'd with his Camp to [a few words lost] disgusted most of the gre[at] [a few words lost] Honours done to Zulphakur Cawn.

An accot. of Muzzoodeen the Eldest Sons Succession to the Throne of this Empire Upon the Death of Ks. Shaallum his Father, who is supposed to have been poisond.

Farruckseer  
2d. son of  
Azemodeen  
ye. late K<sup>r</sup>'s  
2d. son sets  
up for the  
Throne.

79. Azemodeen upon leaving Bengall to go to his father Shaalems Court, left the Government of that Kingdom in the hands of his Second son Farrackseer, who no sooner heard the Death of his Father, but he immediately sett up for himself, raising forces and coining mony in his own name, and endeavoured to sieze upon the Kings Treasure in possession of the Duan, but we do not hear he has yet Effected it; the last advices we had from Bengall were dated the 26<sup>th</sup>. of July, and gave Us an Acco<sup>t</sup>. that he was then at Patna with a considerable Army where he waits for Muzzoodeens son, who is marching against him, and they were in hopes the affair would be decided before the rains were set in, but that we believe is impossible.

The Effects  
these revolun-  
tions have  
upon trade  
&ca.

80. These Revolutions have stopd the Mint and all Trade in the upper parts of Bengall. M<sup>r</sup>. Hedges and the Dutch have retir'd from Cassimbuzzar to Calcutta, and our Gentlemen at Patna have seald up their Doors and retir'd to Singy but the Dutch Cheif happening to die, the Prince has siezd upon all their Effects amounting to a very considerable sum; our boats that were bound up to Patna return'd immediately back when they heard the news, and all the Country is in the utmost Confusion and so little prospect of growing better that the President & Councill write Us in their last letter, that they are not sure of dispatching one Ship.

We hear  
from Gol-  
condah &  
Bombay that  
ye. New K<sup>r</sup>.  
Muzzodeen is  
poison'd.

81. Within these few days we have receivd fresh advices from Golcondah that y<sup>e</sup>. new King Muzzoodeen is poison'd, and that many of the great men were gone over to the Interest of Farrackseer, we have the same news from your Generall and Councill of Bombay by a Ship that saild thence the 19<sup>th</sup>. of August and arrivd here the 2<sup>th</sup>. ult<sup>o</sup>., this news wants confirmation, but we shall know the truth before the close of this Letter.

82. These sudden alterations of Government create a great deal of disturbance in the Country, all the great men being at Liberty to ra[vage] and do what they please, in so much that there is no travelling [ . . . ] w<sup>th</sup>. safety, no part of the Mogulls Dominions is [ . . . ] but God knows how long it will continue, for the [ . . . ] a]ctive man that minds nothing but mony, & [ . . . ] Rjahs will rise up against him in revenge for the ill Treatment they have recd at his hands.

We wrote yo<sup>r</sup>.  
Hon<sup>rs</sup>. con-  
cerning ye. 5  
villages  
granted by  
Dowd Cawn.  
It would be  
more for yo<sup>r</sup>.  
interest to  
have ground  
nearer Us &  
particularly  
St. Thoma.

83. We gave your Hon<sup>rs</sup>. our reasons by the Avarilla why we did not care to meddle with the five Villages formerly given by Dowd Cawn, unless we could have the grant confirmd from Court, and even then it would be better to have some ground that is nearer to Us, so that we may be able to defend it upon occasion, and if we could be so happy as to procure S<sup>t</sup>. Thoma, tho it cost a considerable Sum of [mony] it would be a very advantageous Article, for the ground is very fertile and good, it would bring Us in an encrease of Customes, & remove the Moors Government further from Us, besides we know both the French and Armenians have their eye upon it, & hope to settle there one time or other, which would be of infinite prejudice to your affairs.

It is lucky  
that our pre-  
sent was not  
set out before  
the Kings  
Death, as  
was the Fate  
of ye. Dutch.  
An acco<sup>t</sup>. of  
that Em-  
bassy.

84. It happens very luckily that the Present was not sent forward from Bengall before the Kings Death, otherwise it had infallibly fallen into some of the princes hands, and been swallowd up without any manner of advantage; the Dutch Ambassador was arrived at Lahore, and had his Audience before King Shah Allum died, their present was very magnificent, consisting in very fine Persia and Arabia Horses with rich Gold furniture finely wrought in Europe, Abundance of very fine broad cloth, curious Brass ordinance, large gold wrought dishes and abundance of curiosity[s] from China and Japan, the present was very well receivd and the Ambassador was promis'd all he ask'd, but we have reason to believe he must either renew his present or he will fall short of his expectations; 'tis in vain for our people to think of setting forward from Bengall till the Government is perfectly well settled nor even then unless they know first that the Articles they carry w<sup>th</sup>. them will be agreeable and kindly accepted, the Gentleman they propos'd to send last year is dead, and unless there is some well qualified person to accompany the present, and place it wisely.

among such as are best able to procure Us what we want, it will be so much money thrown away, and we shall remain just as we were before, this is an affair upon which the future prosperity of your Trade does in great Measure depend.

85. The Nabob Habib Cawne [that gov]erns the Carlingo Country round Vigapatam is in continuall warr with the Rajahs, plundering and destroying where ever he comes, which has been a very great hindrance to our Investments, and he has made some attempts to surprize M<sup>r</sup>. Hastings, and get him into his power as he did the Dutch Chief at Bimlepatam, and extorted a considerable Present from him, but M<sup>r</sup>. Hastings has allways been very well upon his guard.

Nabob Habib Cawne has given great trouble to our affairs about Viza-gapatam.

86. We have had an offer made Us of Due Island near Metchlep<sup>m</sup>. by one Upperow a Gentue free booter that has possession of it at present, and wants our force to maintain him in it, we returnd him a very civill answer but did not think it in our power to undertake a think of this nature without your Hon<sup>rs</sup>. permiss<sup>n</sup>. which would undoubtedly put Us to very considerable expences before we should be able to reap any advantage from it; y<sup>e</sup>. Island is very fertile and productive of a great many very valuable things particularly the best Chay root in great quantitys and the water is incomparably good for painting; if this Island and S<sup>t</sup>. Thoma could be procured by means of the Present, a few years time will reimburse Us, and we heartily wish the Island particularly is not one Article in the Dutch Embassadors project, which if they procure they have the trade of Metchlepatam for ever to themselves, besides the income of the Island which with their management and frugality would bring them in at least forty Thousand Pagodas  $\text{₹}$  Annum clear of all Charges.

We have had an offer of Due Island, wch. we did not think fit to accept, An acct<sup>t</sup>. of said Island & how advantageous an article it is capable of being made.

87. We must not omit to acquaint your Hon<sup>rs</sup>. that upon the first news of the Kings Death, severall considerable persons came down from Arcott with great Sums of money, to be lodg'd within our walls and among the Rest came the Nauvigeer or Collector generall to Zulphakur Cawne, and brought with him five or six hundred Thousand Pag<sup>as</sup>. which he kept in a house appointed for him and stayd till he had certain advices from his Master that Mazzooddeen was settled upon the Throne, we took particular care to oblige this man, as well in regard to Zelphakur Cawne as for the Credit of the place.

During these troubles Zulphakur Cawnes Collector repairs thither from Arcot with a vast sum of Money, & takes Sanctuary among Us till he had news of Mazodeens being on ye Throne; ye time he stayd we treated him very civilly.

88. In July last our Duan having been upon an Expedition to the Tanjore Country to levie money took a resolution to return back along the [ . . . ] and visit S<sup>t</sup>. Thoma, in which Journey he would Undoubtedly have pass'd very near if not thro' our bounds at Fort S<sup>t</sup>. David, or else we must have denyed him passage, and we were apprehensive if he had come to S<sup>t</sup>. Thoma, it would have been a great impediment to our Merchants investments, besides ceremony & disputes that allways end in considerable presents, for which reason we made use of the Nauvajeers Interest with him, and Sunca Rama one of your merchants that happen'd to be with him in the Camp, and with much ado they prevaild with him to lay aside his design, and go directly to Arcott, Our Garrison w<sup>ch</sup>. we expected him was very weak, which obligd Us to draw an hundred men from Fort S<sup>t</sup>. David, and much about the same time your recruits arrivd luckily from Europe.

Our Duan in a March from the So. ward designing to visit S<sup>t</sup>. Thoma, we made use of Zulphakur Cawne Collector & Sunca Rama's interest w<sup>ch</sup>. him to go directly to Arcot. Our Garrison being weak at that time we recalld 100 men from Ft. St. David.

89. We acquainted your Hon<sup>rs</sup>. in our last years Letters that y<sup>e</sup>. King of Pegues Embassadors were here, waiting an opportunity to go to Court with their Present, this year came orders from their King for them to go to Bengall, and proceed thence by way of Patna, upon which our Duan urgd us to detain them by force & send them up to him, which we did not think fitt to be done, however

The Pegue Embassadors here receiving orders from their King to go for Bengall,

our Duan writes to us to Stop them & send them to him, wch; we excusd ourselves from.

An old dispute between the Moors & Jentues about ye Mosquito reviving, we settled it upon ye same footing as before that having met your Hon<sup>rs</sup>. approval.

The Occasion of the troubles at Ispahan.

The Agent & Council there have proposd to us to sieze that King's Subjects & Effects by way of Reprisall wch. we do not think proper to go upon at this time.

We have rec<sup>d</sup> from Gombroon Wine & fruit to ye Amount Pa. fa. of 1,302-27.

An Accot. of some Military Actions done at Ft. St. Dd. after the breach of the last treaty by the Enemy.

excusd ourselves in the most civill manner we could, and gave him our reasons why we could not go against the Laws of all Nations; this affair is entered at large in our Consultation of y<sup>e</sup> 15<sup>th</sup> of July, and in our Letter to the Duan N<sup>o</sup>. 21.

90. The dispute that happend between our Moor Inhabitants & the Gentues, in Govern<sup>r</sup>. Pitt's time anno 1707 about the Mosquito was again revivd this year, the Mullahs Petitioning to have the Duty in their own hands, and refusing to do their function in a mutinous manner unless they could obtain their desires, upon enquiry into this affair we found your then Gov<sup>r</sup>. & Council decided it in favour of the Jentues, and your Hon<sup>rs</sup>. were pleased to approve what was done in your Letter by the Heathcote Anno 1708, wherefore we confirmd what was formerly decreed, making the Mosquito a better allowance out of the duty than formerly, but continuing the power still in the hands of y<sup>e</sup> Jentues Inhabitants, and indeed the Moors are too encroaching and Saucy, to have any encouragement given them more y<sup>n</sup> [ . . . ] requires.

91. The present troubles at Ispahan in Persia [ . . . ] have reachd your Hon<sup>rs</sup>. over land before the [ . . . ] News we had was dated in May when the Agent & all your Serv<sup>ts</sup>. were in Custody and not suffer'd to come at the King with their Complaints; it seems your Bannians or Brokers have made a practice of trading with the great peoples mony, and being much indebted to your Hon<sup>rs</sup>. the Agent thought fit to call them to Acco<sup>t</sup> & turn them out of your Service, upon which their Creditors being men in great power, demanded their Debts of the Agent, pretending these Bannians were your Hon<sup>rs</sup>. Vakeels or Factors, and that they trusted them on your Acco<sup>t</sup>. but the Agent refusing to answer for them, as not being any way obligd thereto, these men having the sole power over the King, have shut up the Factory & seem determind to force Us to a Compliance.

92. The Agent and Council have made a proposall to Us of siezing upon the King of Persia's Subjects and their Effects, which would put a stop to the frieghting any of your Ships this year, and drive away all the Armenians from your Settlements, besides we think it will be time enuff to reprize, when we see the issue of this affair & by that time we may have your Hon<sup>rs</sup>. Orders how to behave ourselves in so tickleish a point; we are in hopes that when the King learns the injustice of the cause he will relieve us.

93. Your Cheif and Council of Gombroon have sent Us this year one hundred and fifty Chests of Wine, twenty Chests of rosewater six Chests of Vineger five Chests of Atcharr, and fourteen bags of Almonds, but no other fruit was procureable, y<sup>e</sup> whole we have rec<sup>d</sup> amounting to thirty four thousand five hundred seventy four Shahees and five Coz for which they have drawn Bills upon Us, and we have paid to the Amount of Thirteen hundr<sup>d</sup>. Ninety two Pag<sup>s</sup> 27 fan<sup>s</sup>.

94. We gave your Hon<sup>rs</sup>. a very full Acco<sup>t</sup>. by the Avarilla of the rise and progress of the War at Fort St David, with the inconveniencys that were like to attend your affairs, unless a speedy end were put thereto; we also added the particulars of a Treaty which we thought had been concluded, when on a sudden the Enemy fell of from every Article, and treacherously attack'd our men during the time of the truce, which happend but little before the time of the Avarillas dispatch; on the 20<sup>th</sup> Jan<sup>ry</sup>. M<sup>r</sup>. Raworth sent out a detachment after day was shut in, to lie in Ambuscade without [the] bounds for a party of Horse that us'd to patrole every night Close to our hedge, but missing of them, they marchd four mile an entrenchment, where four hundred of the Enemy were lodgd within a double Wall, and beat them out, with their Granada's entring the place and

doing very great execution upon them and got safe back into our bounds, but not without great hazard of being intercepted by the Enemys Army.

95. About the same time your Dep<sup>y</sup>. Govern<sup>r</sup>. &ca wrote Us that being disappointed of the usuall Supplys of grain, by the Great Scarcity in all the neighbouring parts, occasiond by the dryness of the Season, and the continuance of the warr, their inhabitants deserted dayly in great Numbers, and the Garrison would be reduc'd to the last extremity, if we did not immediately supply them; this was very unwelcome news to Us for having sent them such large supplys last year, and our crop in these parts being intirely lost for want of rain, we were but in a very sad condition ourselves, however we did what we were able, and made shift to supply them so well before the Turn of the Monsoon, that all things were easy with the Garrison, but four fifths of the Inhabitants were forc'd to retire into other parts, and the want of what we were oblig'd to spare has been severely felt here.

We being acquainted from Ft. St. David that their inhabitants deserted daily for want of Grain in their bounds, we endeavour'd to remedie that Evill as well as our own indifferent circumstances would permit us.

96. On the 5<sup>th</sup> of Feb<sup>r</sup>. M<sup>r</sup>. Bernard Benyon return'd from Fort S<sup>t</sup>. David, and on the 7<sup>th</sup> deliverd us in a narrative of the pres<sup>t</sup>. condition of our bounds at that place, a copy of which comes in the packett N<sup>o</sup>. 22, and upon perusal of the said Narrative we thought convenient to order that severall new mud works thrown up in convenient places to hinder the Enemy from entring our bounds, should be fac'd with brick or Stone before the rains sett in which would otherwise wash them away and leave the passes open to the Enemy.

Upon a Narrative given in by Mr. Benyon of ye condition of ye Ft. St. David bounds, we agreed to face some mud works there w<sup>th</sup>. brick or stone to prevent their being wash'd away with the rains.

97. On the 23<sup>d</sup> Feb<sup>r</sup>. the Enemy made a generall attack upon our bounds with all their Forces, but were very bravely repuls'd with small Loss on our side, tho' they were so desperate (by the help of Bang as we suppose) to ride close up to our men cutting sever<sup>al</sup> of their Boyonets off their Musquetts, and some of the barrels above half thro', and this attack lasted severall days, our men being so miserably harass'd by doing Duty in the Sun all Day And little or no rest at Night, that they began to desert to the Enemy in great Numbers considering the smallness of the Garrison seven of the stoutest marching off at one time.

The Enemy make a Generall attack upon our bounds for severall days but are worsted be [at] off.

98. The warm work that had pass'd since the last Treaty, with the Great Number of men and Horses killd, had so exasperated the Enemy that we could not possibly bring them to another, tho' we had sett severall Engines at work for that purpose, the Duan was then marching between Chinjoe and our bounds in his way to Tanjore, and Serrop Sing had sent Embassadors to him to desire he would joyn his forces and beat Us out of our possession, which conjunction we us'd our utmost endeavours to prevent, well knowing the Duan to be an utter enemy to the English in his heart.

We endeavour to enter upon a [ 2d. ] Treaty but in vain. Serrop Sing desires our Duan to joyn him, w<sup>ch</sup>. we prevent.

99. On the 10<sup>th</sup> of March the Gov<sup>r</sup>. receivd a Letter from Mons<sup>r</sup>. Hebert Gov<sup>r</sup>. of Ponticherry, wherein he very civilly offerd his service as a mediator to bring this ruinous war to an end, which we thought fit to accept for severall reasons as mentioned at large in our Consultation of the same Day; accordingly a Cessation of Arms was agreed on, and on the 24<sup>th</sup>. we dispatchd away M<sup>r</sup>. Bernard Benyon to reside at Ponticherry, and act joyntly with M<sup>r</sup>. Raworth during the Treaty, and gave him proper instructions as enterd after our Consultation of the 22<sup>d</sup> March, Kittee Narran formerly Cheif Dubash, and employd by M<sup>r</sup>. Higginson to Zulphakar Cawn being thought a proper person to accompany him.

Mons<sup>r</sup>. Hebert offers himself as a mediator towards a peace w<sup>ch</sup>. we accept & send down M<sup>r</sup>. Benyon to act w<sup>th</sup>. M<sup>r</sup>. Raworth the 24<sup>th</sup>. March.

It was the  
5th May  
before we  
[could] bring  
matters to a  
conclusion.

100. We shall not detain your Hon<sup>rs</sup>. with all the particulars that passd during this treaty, but reserve them for an Acco<sup>t</sup>. to come apart by the next Ship, and only acquaint you that it was the beginning of May before we could bring it to any perfection, and the 5<sup>th</sup> we receiv'd advices from yo<sup>r</sup> Dep<sup>y</sup> Govern<sup>r</sup> and M<sup>r</sup>. Benyon that the Articles were sign'd, a copy of which comes in the Packett N<sup>o</sup>. 23.

It is w<sup>th</sup>.  
great reluc-  
tance that  
we part w<sup>th</sup>.  
mony on  
y<sup>e</sup>. occu-  
sions, but  
the following  
reasons we  
think make  
appear the  
Necessity of  
procuring  
peace some  
how or  
other.

101. We are not ignorant how disagreeable it is to your Hon<sup>rs</sup>. [to] part with any sums of mony on such like occasions as these and we Consider'd your Interest very thoroughly before we came to any resolution; the reasons that offerr'd themselves for a peace [are] breifly as follows.

The Expence of the place was encreas'd one way or other to five Thousand Pag<sup>s</sup>.  $\frac{1}{2}$  month, and your rents and Revenues intirely [ . . . ] that all was a dead charge.

Most of the Inhabitants had deserted, & the rest dayly following the ground untill'd and such a scarcity of grain, that this place was reduc'd to extream necessity in supplying them.

No possibility of getting in the remainder of the Investment, [so] as to have dispatch'd this Ship if the war had continued, nor to have made any more without great disadvantages, because the Enemy was master of all that part of the Country, thro' which most part of the Cloth is brought in; the Duan had besieg'd & take[n] Chilla Naigues woods, who was a confederate with Us, and us'd to pass our Cloth, and do Us many other signall services but now forc'd to fly his Country.

No likelyhood of the Enemys ever making a peace without a Sum of mony at last, tho' we should spend fifty thousand Pag<sup>s</sup>. more in continuing the warr.

The depravd principles of our Military, plainly evident by the barbarous murthers and other daily disorders committed among them, drunkenness upon their Guards & frequent desertion to the Enemy.

by these  
motives we  
were induc'd  
to make a  
peace, yet  
could not  
consent to  
buy it, but  
had some  
valuable  
considera-  
tions allow'd  
us.

102. These were the most prevailing reasons that induc'd Us to seek for peace, but we could not consent to buy it, and therefore the expedient was found, that the Rajah should make over the Renters debt to Us, and lend Us his assistance to recover it; & that he should give Us the mole and Ditch of Trevendeporum w<sup>th</sup> thirty foot of ground on each side of the ditch from the mole down to Edge of our bounds, which is two miles in length, y<sup>e</sup>. mole & Ditch waters the greatest part of our bounds and without it they would lett for little or nothing because of the want of water.

From yo.  
Renters  
Relations we  
shall recover  
about 5,000  
Pag<sup>s</sup> & have  
attach'd  
4,34, 19:  
58 of M<sup>r</sup>.  
Roberts's  
mony w<sup>th</sup>.  
w<sup>ch</sup>. we shall  
follow yo.  
Orders.

103. From the Renters Relations that M<sup>r</sup>. Roberts permitted to escape we shall in a little time be able to recover between four and five thousand Pag<sup>s</sup>., and we have attach'd of M<sup>r</sup>. Roberts's [mo]ny in the hands of M<sup>r</sup>. Raworth Four Thousand Nine hund[red] and thirty four Pag<sup>s</sup>. nineteen fanams and sixty eight Cash, which we hope your Hon<sup>rs</sup>. will order towards making you reparation, since he was the Originall cause of the warr by indirect practises, as we have before inform'd you, and if he had not found means to get away as he did, we might have been able to procure you further satisfaction.

This affair  
might easily  
have been  
made up at

\*103. We have formerly wrote your Hon<sup>rs</sup>. our opinion, that this troublesome affair might easily have been accommodated at first for a small matter in comparison of the Expences we have since been at, but sure the sequell will convince

\* This paragraph should bear the No. 104, but it is 103 in the original volume and it is retained.

your Hon<sup>rs</sup>. that you have been misinformed as to the Rajah of Chinjee's strength & power and we cannot imagine why he should not have dared to seize any of our people in President Pitt's time as well as in any others, for our resentments could not be carried further into his Country with a handfull of men, than Cap<sup>t</sup>. Roach carried them, when he march'd as far as Walldore by M<sup>r</sup>. Farmer's Order which is twenty long mile from your bounds, and killd burn'd and destroyd all that came in his way, but this was so far from humbling the Enemy, that it brought down all their force both Horse and foot from Chinjee fully determin'd for revenge, & we were glad to retire within our hedge for the defence of our bounds.

first in comparison of y<sup>e</sup> Expence since. And yor Hon<sup>rs</sup>. have been misinformed as to the strength & power of Serrop Sing as appears by the sequell.

104. We are of opinion that the wrong notion M<sup>r</sup>. Fraser had of Serope Sing's power encourag'd him to lett things go so farr as he did; it is not many years since Aurengzeb thought the conquest of the Chinjee Country of so much importance, that he sent down his own son with a very great army under the

conduct of Assid Cawne prime Vizier, & this Zulphakur Cawn his son upon that expedition, and they besiegd it severall years without Success, till Dowd Cawne formerly Nabob of these parts found means to take the City by Stratagem after having corrupted part of the Garrison to give him entrance; y<sup>e</sup> present Rajah is

Tributary to the Mogull, and has a very considerable revenue, with which he maintains a good body of Horse as brave as any in these parts of the world, of which you have an instance in the first action that happend, when M<sup>r</sup>. Farmer sent to seize some of his people by way of Reprizall, the Cheif of whom tho' he saw the Musquetts presented against him leaped upon the foremost of our men and cut him dead, continuing to lay about him till he was shott thro the body.

This maintains a strong Force [of] valiant men, an instance of their courage mentioned.

105. We humbly begg your Hon<sup>rs</sup>: to believe that no consideration for ourselves has inducd us to pay so much money for the foremention'd peace; if we were fearfull in our natures, we were farr enuff from the Danger, and had nothing to apprehend but the ruine of the Settlement and the consumption of your

Estate, the usuall objection against parting with mony, and indeed a very good one in most cases, is the badness of the Precedent which encourages our Encroaching Neighbours to make frequent demands; but with submission this

is a very different case, we had enjoyd perfect peace with the people of Chingy ever since we settled there, they never disturb'd us nor never thought of doing it, till your faithless Dep<sup>ty</sup>. Govern<sup>r</sup>. sacrific'd your interest to his own filthy Lucre protecting their just Debtors, and engaging his word to see them forthcoming, tho' at the same time he not only conniv'd at but contributed to their Escape, the Rajah however did not seize upon your people, nor attempt any act of hostility, before he had severall times demanded justice in a publick manner both here and in Fort S<sup>t</sup>. David; & finding no manner of notice taken of his demands, he proceeded to seize our men.

but this is a case of a partior. nature the injury being committed on our side first, & legall satisfaction being demanded was not given where it ought.

106. When your Hon<sup>rs</sup>: consider how many Thousand Pag<sup>s</sup>. extraordinary expence this war has put you to, you will easily believe [it] has cost the enemy a much greater Sum<sup>m</sup>, besides the vast Damages that were done to his Country, of which you have an Acco<sup>t</sup>: under the hands of the Fort S<sup>t</sup>. David Gentlemen by the last Ship, so that there is no manner of fear of their ever entering into a warr

Considering how expensive this war has been to us, 'tis easy to believe it has

cost them  
much more,  
besides y<sup>e</sup>  
damages of  
their Country  
so that there  
is no danger  
of a relapse  
into trouble.

with us again, unless they are encouraged to it by the sup[er]iority of your servants, or provoked by their unjust and faithless dealings; the country now is

perfectly quiet, the Expences are reduced the better half, your Investments go merrily on, a great many of the best of your Inhabitants are returned, the mole of Trevendeporam is repaired, and your bounds lett out long ago for three thousand Chuckrums the first year, tho' will produce much more the next, the Trade is open both by Sea and Land so that your Customs will increase, and nothing shall be wanting to make the place flourish, so that in few years time if it does not fall into such hands again, as put the Profits in their own pocket it will undoubtedly maintain itself and bring money into yo<sup>r</sup>. Cash; we humbly submit this affair to your Candid interpretation, solemnly protesting that we will never part with a Pagoda of your money, but when we are satisfied to the best of our judgments that it is for your advantage.

concerning  
the great  
Diamond we  
suppose the  
information  
to have been  
given by  
Cap<sup>t</sup>.  
Seaton, but  
all dispute  
about it is so  
well settled,  
that no  
trouble can  
attend yo<sup>r</sup>.  
affairs upon  
its being sent  
to England,  
if those who  
live under  
yo<sup>r</sup>.  
protection  
do not  
clandestinely  
endeavour to  
betray yo<sup>r</sup>.  
Interest.

107. In Answer to your Hon<sup>ty</sup>: 56<sup>th</sup> paragraph concerning the great Diamond, we are very well satisfied the Duan's Letter was wrote upon some informations given from hence, tho' we cannot positively name the person, we always believ'd it to be Cap<sup>t</sup>. Seaton by his own expressions, but he is sent off the Shoar according to your Hon<sup>ty</sup>. orders; if any body supported him in that affair it was your late president, but there is no danger of any trouble coming upon Us about it, because Vincattee Chittee one of Yo<sup>r</sup>. Joynt Stock Merchants who had a hand in procuring the Diamond, stopd the Duans mouth with a private present when first the enquiry was made, so that we have heard no further of the matter nor ever shall, unless it be from the malicious contrivances of those that live under your protection, the Diamond to the best of all our judgments, and some of Us know perfectly well, was very fairly and honestly bought of the head person that rents the Mines, who brought it hither himself and returned very well satisfied; we cannot apprehend that the buying it or carrying it to England, either has been, or can be any prejudice to your affairs, unless those who have the greatest obligations to you, should betray your interest and that of their Country, which we confess are no strange things now a Days, but we hope there are no such villains among Us.

Yo<sup>r</sup>.  
Inhabitants  
are in Peace  
& quietness  
tho have  
sufferd by  
the scarcity  
of Grain, &  
for ten mos.  
the place has  
been  
supplied by  
adventures

great hazard  
of their  
Fortunes,  
but to  
prevent the  
like disaster  
in future  
times we  
shall lay in a  
store as  
opportunity  
favours such  
an undertak-  
ing.

108. Your Inhabitants here are all peaceable and quiet tho' we have suffered extremely by the dearth and Scarcity of grain, having been supplied by Sea for ten months past, all means were us'd to bring it in, and our own money hazarded in the very worst season for the relief of the poor, in which tho' we have been great sufferers by the loss of severall loaden Vessells, we do not repine, because a great quantity came well in, and has been a means to preserve so many lives; we have formerly wrote that your new President found no store of grain on his arrivall, we only wait for a favourable opportunity to lay it in without prejudice to the poor, and for the future shall be better provided upon all emergencies, the scarcity in Bengall has made our case so much the worse, because we us'd to have large supplies annually from thence.

A Second  
Expedition  
to Maldiva  
under y<sup>e</sup>.  
direction of  
Mr. Calvert

109. Your Hon<sup>ty</sup>. will undoubtedly have heard of an Expedition set afoot in Bengall in the year 1710 to reinstate the Old King of the Maldiva Islands, and the ill success that attended it, however they made a Second attempt this last season with two good Ships and about one hundred and fifty Soldiers commanded

49757

by Mr. Calvert one of your Council and Lieutenant Gourdon that came out on the Darby; this last expedition succeeded no better than the former, for tho' they had possession of great part of the Chief Island, and severall of the Enemy's batterys, they were beat off again with the loss of abundance of their people, and Mr. Calvert died at Fort St. David the 12<sup>th</sup> of May in his way back to Bengall; these two expeditions have carryed off abundance of the men belonging to your Shipping & a considerable sum of the Projectors money.

attended with ill success. Mr. Calvert dies at Ft. St. David. Many of your Soldiers & Sailors have been diverted from your Service this way.

110. By the Josiah a Ship of ours that left Bombay in August we learn that the Mountague, Litchfield and Heathcote are order'd out with two of the Council to seize upon Abdull Gafores Ships that were dayly expected with the Mocho Fleet, tho' not a word is mention'd of it in our General Letter.

We hear that the Mountague Litchfield & Heathcote are going to seize Abdull Gafore's Ships.

#### FIFTHLY TOUCHING YOUR FORTIFICATIONS BUILDINGS AND REPAIRS.

111. By what we have formerly wrote your Hon<sup>ty</sup>. on this Head, you may please to judge whether Egmore Guard house merits your approbation, and as for the turn pikes to keep the horses from pillaging the Villages, the project was like the Contriver, and could be of little or no service because the villages are open on every side.

Turn pikes to preserve ye. Villages of Egmore won't answer ye. End.

112. Your Directions in the 59<sup>th</sup> Paragraph concerning the annual produce of every branch of your Revenues shall be comply'd w<sup>th</sup> cast up to the last of Decem<sup>r</sup>. and sent by the January Ship.

The produce of each branch of your Revenue shall be sent you in Jan<sup>r</sup>.

113. The Debt of six Thousand four hundred & thirty Pag<sup>s</sup>. owing by the Tobacco and Beetle Farmers happend in Govern<sup>r</sup>. Pitts time at least the greatest part of it, for finding that they did not comply with their monthly payments he imprison'd them, and afterwards upon consideration that if the Farm was taken from them all the debt would be lost they were employd again in hope they would gett wherewithall to pay it, but when Mr. Fraser came to the Government finding they still run further in arrears, he imprisond them, and let the farm to another person who has never missd a months payment since he had it, now how these people came first to be in arrears we are not able to tell, but beleive it must be remissness in those whose duty it was to call upon them, it is still a greater Mistery which way these old Farmers were undone by a Farm which the present possessor pays very punctually and remains well satisfied with his profit, but this is most certain they are now in a starving condition, and one of them perished in Goal some time ago, so that when Mr. Fraser wrote there was some hazard of the Debt, he might better have said there was little or no likelihood of recovering it.

The Debt of Pag<sup>s</sup>. 6430 due from ye. Tobacco & Beetle farmers arose part in Gov<sup>r</sup>. Pitt's time, & the methods agreed upon to recover it not succeeding it encreas'd in Mr. Fraser's time. They were then imprison'd where one died & the survivor now there not worth a fanam. The present farmers make payments & are satisfied w<sup>th</sup> the profit.

114. As to the Toddy Trees remaining in the burying place & the inconveniencys that arise from them according to the flourishes in the Frederick's Letter, we hope to find such an expedient that you need not be troubled again with such trifling complaints, but the planting of new Trees will hardly answer your Hon<sup>ty</sup>. Expectations at least not in this Age, for they are thirty years before they yeild any Liquor.

The Project for planting new Toddy trees in the burying ground wont do.

115. We have not yet had time to take the affair of Parriar Arack into Consideration, and therefore deferr our Answer till next Ship.

The affair of Parriar Arack deferrd.

116. Those who informd your Hon<sup>rs</sup>. concerning the frauds committed in the land Customes by running of goods and bringing the Conicoplys, would have done but honestly & fairly to have represented the matter to the Board when they were here 'tis very hard for any body to ascertain the annual amount of such frauds, unless they have themselves been concerned in them, but your new President soon after his arrivall finding that there were abuses practic'd between the black Merchants & Conicoplys; and that the goods run usd to be cleared upon payment of Double Custom which rather encreas'd the evill than otherwise the penalty being so insignificant, the very same methods were resolv'd upon in our Consultation dated y<sup>e</sup> 19<sup>th</sup> November last your Hon<sup>rs</sup> are now pleas'd to prescribe in your 64<sup>th</sup> parã to which consultation we humbly refer you.

117. It was a gross Mistake in the Penman of that Letter which told your Hon<sup>rs</sup>. the Revenues amounted to one-hundred & five thousand Pag<sup>s</sup>. as you will see by the abstract sent you in this packet, and Upon perusal of the generall books for many years wee cannot find that ever they amounted to more, the Sea & land Customes your Hon<sup>rs</sup>. very well know are always uncertain, but other Articles are considerably encreas'd, especially the Farms; we begg you to believe that we will cherish every branch, & we should before now have laid a small Duty upon Toddy & some other things, if the scarcity of grain allmost to a famine had not oblig'd Us to lay those thoughts aside for the present, in commiseration of the Poorer sort of people, upon whom such Dutys would intirely fall.

118. The Dep<sup>y</sup>. Govern<sup>r</sup>. and Councill of Fort St. David having laid before us the miserable Condition of their sick men for want of [an]Hospital as will appear in their Letter N<sup>o</sup>. 46 dated March [y<sup>e</sup>.] 11<sup>th</sup>, we have permitted them to build one not exceeding the value of a Thousand Pag<sup>s</sup>. w<sup>ch</sup>. we hope your Hon<sup>rs</sup>. will approve.

119. Upon a Complaint from your Receiver at the Sea Gate that sev<sup>n</sup>. strangers belonging to Shipping have gone off shoar without paying their Customs; we have order'd for the future that the goods shall not be taken away before the Custom is paid, unless some substantiall inhabitant of the place will be answerable for it.

120. In our last we acquainted your Hon<sup>rs</sup>. that we chose rather to buy a good convenient house and ground for the Mint than to repair the old one, and gave you our reasons which we hope were satisfactory and we have already found the good effects of it, both in the health of our Soildiers upon the Main Guard, & in the dispatch of our Coinage, for now the workmen have room enuff and all manner of conveniencys, whereas they were coop'd. up before, or ford to work in the street which was a very great offence, and we have coind this year near One third part in a mo<sup>th</sup>. more than ever was done in former times, or else

we could not have sent down your stock to Bengall in so good a season, considering it was all to be coined here, and some Laacks of Rupees besides for private Trade, of which we were loath to lose the coinage, and therefore by employing at least a thousand people day and night from the 24<sup>th</sup> July to the 20<sup>th</sup> Sep<sup>r</sup>. we made shift to coin One Million five hundred & eleven thousand Rupees, which cou'd never have been done in the place where the Mint formerly stood.

121. The New Hospitall is in a manner finish'd, but will cost Us something more in the end than we expected, because the Fortification Wall to the River side, was so very bad that we were forc'd to lay a new foundation and rebuild it, and half the Pegue Ships losing their passage Timber has been this year much dearer than Ordinary, which is the most considerable Article in building, when we ord[er]ed]. The subscription we wrote Fifteen hundred Pag<sup>s</sup> for your Hon<sup>rs</sup>. and are now pretty well advanc'd, but intend to keep it allways afoot, and have agreed a certain sum to be contributed out of all Profitable voyages, the whole building is plain, uniform, firm & usefully contriv'd to lodge an hundred or an hundred & fifty sick men upon Occasion, the Totall charge will amount to seven thousand Pag<sup>s</sup>. more or less, and tho' it swells your Paymasters Acco<sup>ts</sup>. at Present, you will have Credit for what is gather'd in upon the Contribution in your General Books; in which we promise our utmost care and Diligence.

The New Hospitall is nigh finish'd, but costs more than we expected, because we were oblig'd to rebuild ye. Fortification Wall to ye. River side, & Timber this year being very dear. We shall keep the subscription [even & make all good voyages contributors thereto in order to lessen the charge upon yo<sup>r</sup>. Hon<sup>rs</sup>.

122. The free Guard House will not cost altogether so much as the Hospitall, but is the same plain strong and usefull building, & if taken care of may stand an hundred year; but not being so forward as the other we will reserve a full Acco<sup>t</sup>: of it for the next Letter when we shall send compleat draughts of both.

The free Guard house will cost almost as much as the Hospitall but with a little care taken of it will stand 100 years.

123. When we came to pull down S<sup>t</sup>. Thomas's point in order to rebuild it, we found that the face off the Bastion next the Sea, and all y<sup>e</sup>. Saillant Angle had not above two foot foundation, which was the occasion of the Wall's bursting in severall parts from Top to Bottom, and if there had ever been occasion to have fired the Guns warmly in earnest, we are very sure that the whole Battery would have sunk or fallen to peices; when we came to lay the new foundation w<sup>ch</sup>. is full six foot under ground, and fifteen foot broad, we found a bed of soft mud of five foot deep, which we were forc'd to take out and fill the space up with sand, and to defend the work from the sea in case of a violent Monsoon, there are piles of redwood drove into the ground in the shape of the saillant Angle at a convenient distance in two rows, six foot distant from each other the space of which we have fill'd up with the rubbish of the old point; so that it is now the best and most substantiall work, belonging to the place, and we made a shift to finish it about the time the Duan talk'd of coming to S<sup>t</sup>. Thoma; it is all built with Chinam which indeed swells the Acco<sup>t</sup>. but otherwise it wou'd have been of no duration.

In the rebuilding St. Thomas's Point we found a necessity for laying out more money than we thought of, but it is now the strongest & best work [for] the Garrison.

124. We are very uneasy at all this necessary work's falling upon our hands, for fear your Hon<sup>rs</sup>. should think we take delight in lavishing your money, but when we have done what is absolutely necessary, we hope by a constant frugality to rivet ourselves in your good opinion, in the mean time we take all imaginable Care to work at as little Charge as possible.

We hope yo<sup>r</sup>. Hon<sup>rs</sup>. will not think we delight in lavishing yo<sup>r</sup>. money when ye. necessity of things is consider'd.

As for yo.  
Pa. Pa.

provis<sup>ns</sup>.  
for Gov<sup>r</sup>.  
Pitt's passage  
we suppose  
it to be a  
mistake  
of yo<sup>r</sup>.  
orders.  
We shall  
write to  
Mr. Faucet  
yo<sup>r</sup>. then  
Steward  
about it.

What  
Mr. Roberts  
refunded  
was an  
Acco<sup>t</sup>. of  
a wrong  
allowance  
made him.

125. We have receivd ten Writers by the Marlbrô and Kent; we had no manner of occasion for them, as your Hon<sup>rs</sup>. will observe by the lists sent home last Shipping, however tis some comfort since we must be at an extraordinary Expence to maintain them to find that they are most of them better qualified for your business than those that are usually sent abroad, what we are most at a Loss for is a convenient place to lodge them in, every hole being full before their arrivall, and the Colledge as we have before wrote [not] in a condition for any body to live in, however we shall make any shift till your orders arrive next year, we send in the Packett lists of your covenanted Servants and Military receivd by this years shipping according to your Directions, also a list of your Counc<sup>l</sup> and all covenanted Servants under this Presidency in the form prescribed by your 68<sup>th</sup>. par<sup>a</sup>., and the Acco<sup>t</sup>. of Marriages, Births and Burials sign'd by the Minister and Church Wardens.

126. All necessary Papers that come by the Packett shall be sign'd for the future by the Proper Officers with y<sup>s</sup>. quantitys in words [at] length as well as figueres.

127. Upon enquiry we find that it was thought reasonable by yo[ur] then President and Councill to pay half the Charges of Gov<sup>r</sup>. Addisons funeral, having bury'd him in a pompous manner by an Order of Consultation dated October the 17<sup>th</sup>., to which [para] to be ferr'd, but there could be no precedent for it because he was the first Govern<sup>r</sup>: that has died here in the memory of any man living, but since your Hon<sup>rs</sup>. seem to disapprove the Expence, be pleas'd to order what you will have done for the future upon the like occasions, that it may be a standing Rule for Us to go by; the case seems to Us to be, whether your Govern<sup>r</sup>. is to be buried as a Govern<sup>r</sup>. or as a private Man at his own Expence and as for the Three hundred twenty five Pag<sup>s</sup>. thirteen fanams for Provisions to the late Gov<sup>r</sup>. Pitt on his Passage, the best Acco<sup>t</sup>. we can gett of it (for there is none upon your Consultations) is, that it was done by Gov<sup>r</sup>. Addisons Order to the Steward, who put the provisions aboard, and accordingly the charge was brought in and paid in the Paymasters Acco<sup>ts</sup>. mistaking as we suppose your Hon<sup>rs</sup>. meaning in your 73<sup>d</sup>. paragraph by the Heathcote, where he is orderd to be allowd six months provisions and necessarys ashoar, M<sup>r</sup>. Thomas Faucett who was then Steward is now belonging to your Vizagapatam Factory and the only person able to give a further Acco<sup>t</sup>. of this matter, wherefore we will write to him about it & send his answer w<sup>th</sup>. our next.

128. What M<sup>r</sup>. Roberts refunded to the Paymaster &<sup>ca</sup>. was for so much that had been allowd him by an erroneous construction of the 80<sup>th</sup>. paragraph in your Letter dated the 4<sup>th</sup>. of Feb<sup>r</sup>. 1708 w<sup>ch</sup>. is in these words "What we have before directed concerning M<sup>r</sup>. Pitt as to his Accommodations and taking passage upon any of our Ships for England, we would have observd in Relation to "M<sup>r</sup>. Roberts." it had been better if the allowance had never been paid him, but since it was wrong paid, we hope your Hon<sup>rs</sup>. will approve his being obligd to refund it.

129. Mr. Thomas Balkleys Covenants and Bond to perform them are executed, and returned in the Packett.

[Mr.] Balkley has sign'd his Covenants.

130. We observe with due regard the 76<sup>th</sup>. paragraph of your Letter recommending Mr. Josiah Cooke, who has our particular Countenance and encouragement upon all Occasions, he is at present under the Land Customer, and has copied your Generall Leidger that comes by this Conveyence, we hope he will prove a worthy son of so good a father, and merit your future favour by his deoprtment in your Service.

Mr. Josiah Cooke shall have all [our] Encouragement.

131. We have your Orders for reducing the Officers pay under consideration, and shall be sure to Comply in the easiest manner we can, but the hurry of this Ships dispatch must plead our excuse, if we cannot compleat it before she sails.

we shall comply wth. your Orders for reducing the Officers pay.

132. On the 3<sup>d</sup>. of Feb<sup>r</sup>. died Mr. Francis Cooke eldest Brother of y<sup>e</sup>. two Essay Masters, a very good man that has serv'd you faithfully in his Employ; his brother John lays down your service and comes upon this Ship to look after his Brothers Effects and family in England he has likewise been a very diligent and faithfull Serv<sup>t</sup>. y<sup>e</sup>. Mint having been in perfect reputation ever since these two Brothers had the Charge of the Essay; there are two Gentlemen now upon the Place, that understand Essays very well Viz<sup>t</sup>. Mess<sup>rs</sup>. James Young and John Maubert, sober, diligent persons, whom we shall be oblig'd to employ for the present, and entreat your Hon<sup>rs</sup>. to conform them we shall take sufficient security here, and if you please to have further Security in England their friends will be ready to give in.

Upon the Death of Mr. Francis Cooke & Mr. John Cooke's going Mess<sup>rs</sup>. Young & Maubert made Essay masters.

133. Mr. Francis Cooke having been head Searcher at the Sea Gate was succeeded by Joseph Smart that had acted some time past as Secretary to this Board, but being troubled with the barbares was not so well able to discharge that Office, and therefore we have taken in John Mason Register at the Sea Gate, who has formerly serv'd as Under Secretary and behaves himself entirely to our satisfaction, wherefore we humbly hope that Your Hon<sup>rs</sup>. will give him some distinguishing mark of your favour, as we [ll] for a reward to his merit, as to encourage others in your Service to qualifie themselves for places of trust with the same Pains and Diligence.

Mr. Smart made head Searcher & Mr. Mason Secty. who is likewise recom- mended to encouragement.

134. On the 7<sup>th</sup>. of Feb<sup>r</sup>. Augustus Burton, Elisha Ellill & Stileman Gostlin writers were sent to Fort S<sup>t</sup>. David, and Elisha Ellill being a very ingenious capable young man that studdys Gunnery & Fortification, and was formerly employd in the Train in flanders; we have at his request made him Gunner at Fort S<sup>t</sup>. David, which trust he discharges admirably well, & performs his writing work besides.

Mess<sup>rs</sup>. Burton, Ellill & Gostlin sent to Fort St. David, Mr. Ellill to act as Gunner.

135. Richard Horden and Joseph Smart both Junior Merch<sup>ts</sup>: came out upon the Chambers Friggat Anno 1701 and that Ship touching here in her way (or rather out of her way) to China, they were taken ashoar (assistance being then much wanted) and immediately employd in your service, we cannot find them mentiond in any of your Letters, nor was there any list of covenanted Serv<sup>ts</sup>. by that Ship, wherefore we are at a Loss to decide their seniority, which is for that reason humbly refer'd to your Hon<sup>rs</sup>: one of them has lost the Copy of his Covenants or else we should have thought it equitable to prefer those of the oldest Date; & now we are upon this Subject, we wish your Hon<sup>rs</sup>: would please to give Us a clear standing Rule, for the Seniority of your Serv<sup>ts</sup>. for many disputes arise upon the Deviation of Captains in their [out]ward bound passage, by which it is not reasonable the innocent should suffer, we find an order in the old Comp<sup>ts</sup>. time relating to Cap<sup>t</sup>. Bromwell in the Sampson, but with submission that will not do in all cases, because if we should decide by that Rule Mess<sup>rs</sup>. Horden and Smart before mention'd would be postpon'd, till the return of y<sup>e</sup>. Chambers Friggat from China, tho they had been employd twenty three months in your Service, wherefore we pray the favour for y<sup>e</sup>. future that your Hon<sup>rs</sup>. would please

Mess<sup>rs</sup>. Horden & Smart disputing their standing the decision is refer'd to your Hon<sup>rs</sup>.

We desire a standing Rule to go by in cases of this Nature.

to give the preference in England as you think fitt, and then we have nothing to do but to follow your Orders.

Upon  
Mr. Cottrell's  
Death  
Mr. Wood-  
ward w<sup>o</sup>.  
made  
youngest  
of Council  
at F<sup>t</sup>. St.  
David.

136. On the 18<sup>th</sup>. of March we rec'd advices from Fort St. David acquainting Us that M<sup>r</sup>. Henry Cottrell one of your Council died on the 13<sup>th</sup>. D<sup>o</sup>., upon which we appointed M<sup>r</sup>. Thomas Woodward Factor youngest of that Council.

John Knap-  
ton sent  
writer to the  
West Coast.

137. John Knapton formerly School master of this place requesting to serve as a writer on the West Coast was entertain'd the 3<sup>d</sup> of April last and went thither on your Ship President.

M<sup>r</sup>. Hunt  
youngest  
of Council  
died ye. 23<sup>d</sup>  
April whose  
vacancy we  
shoud have  
filld up, but  
[for] ye.  
dispute  
between  
Mess<sup>rs</sup>.  
Horden &  
Smart.  
We desire  
yo<sup>r</sup>. Orders  
how to set in  
future when  
Vacancies  
happen in  
yo<sup>r</sup>. Council.

138. The 23<sup>d</sup>. of April died your old Serv<sup>t</sup>. M<sup>r</sup>. Richard Hunt youngest of Council, and By Will appointed Mess<sup>rs</sup>. Bernard Benyon and John Cooke his Trustees. We have not filld up the Council because the two next in degree are Mess<sup>rs</sup>. Smart and Horden between whom the dispute of Precedency lies, and further in looking over your old Orders we find that it is said, nobody taken in here shall be reckon'd of Council till approv'd in England, but by the Heathcote your Hon<sup>rs</sup>. are pleas'd to write in two lines paragraph 69 that you will have the Council consist of the President and eight persons, by which words, we should have ventur'd to fill up, had it not been for the dispute aforesaid, but we begg your possitive orders in this case for the future.

Richard  
Connell  
entertain'd  
Factor, [for]  
the West  
Coast.

139. Richard Connell Free Merchant offering his service to go Factor to the West Coast, and being a person that writes a good hand, and is well skill'd in Acco<sup>ts</sup>: we have entertain'd him the 9<sup>th</sup> of May last because they write from thence they cannot keep up their Acco<sup>ts</sup>. for want of help, he was intended to go before M<sup>r</sup>. Colletts arrivall and afterwards went with him.

Mr. Bour-  
cheir writer  
layd [down]  
the service.

140. Richard Bourcheir writer having very ill health & petitioning to lay down the Service it was agreed to, since we have more than we know what to do with.

Benjamin  
Russell for-  
th-Be-

upon signs  
of Amend-

to Vizaga-  
patam.

141. Benjamin Russell one of your writers that came out by the Aurengzeb proving very disorderly as mentiond in our Consultation the 26<sup>th</sup> June, we determind him for the West Coast & home, but upon his humble petition and some signs of Grace being a lad very fit for business we afterwards sent him to Vizagapatam upon his good behaviour, where he will be out of the way of ill Company, and M<sup>r</sup>. Hastings writes that he is much reformd.

Thos. Parker  
entertain'd  
Factor for  
ye West  
Coast.

142. Thomas Parker free Merchant being out of Service, & offering to go factor for the West Coast, in consideration of his being bred a Merch<sup>t</sup>. in England, and his Skill in Acco<sup>ts</sup>. he was entertaind the 4<sup>th</sup> of July for that Service.

Mr. Baworth  
at his  
request came  
up hither to  
settle his  
affairs w<sup>th</sup>.  
yo<sup>r</sup>.  
Hon<sup>rs</sup>. & co.  
return'd y<sup>e</sup>.  
4<sup>th</sup>. Sept<sup>r</sup>.

143. Your Dep<sup>ty</sup>. Govern<sup>r</sup>. of Fort St. David having settled all things in as good a manner as possible after so ruinous a war, on the 15<sup>th</sup> of July desired leave to come up hither and settle his own affairs y<sup>t</sup> were left in the utmost confusion upon his suddain departure to which request we easily consented for severall reasons that will fall in under the head of Acco<sup>ts</sup>: and are mentiond in our Consultation the 17<sup>th</sup> July; accordingly he arrivd here the 9<sup>th</sup> of Aug<sup>t</sup>: and after having adjusted his Acco<sup>ts</sup>: with your Hon<sup>rs</sup>. as well as possibly we could, we were obligd to hurry him away again the 4<sup>th</sup> Sep<sup>t</sup>. the Garrison being grown very mutinous by the slackness of Discipline in so short a time severall barterous murders committed, and both Officers and Solders dayly deserting, w<sup>th</sup>. may serve to give an idea of M<sup>r</sup>. Farmers Capacity to govern.

144. At the Particular request of your Dep<sup>y</sup>. Govern<sup>r</sup>. M<sup>r</sup>. Collett, we entertaind Mr. Peter Caulier a factor to go his Secretary being [a] man of capacity and M<sup>r</sup>. Collet declar'd to have had sufficient experience of him in the Voyage hither.

Mr. Peter  
Caulier  
entertaind  
Factor &  
Secy. for  
ye. Wt. Coast  
at M<sup>r</sup>.  
Collett's  
request.

145. Lieu<sup>t</sup>. Thomas Wallis came hither from Bombay particularly recommended by your Generall as a person of very good behaviour, and every way qualified for his Employ, but was oblig'd to leave the Island for the Recovery of his health, the Air of this place soon recoverd him, and upon laying his indigent Circumstances before Us, which were very well worthy commiseration we venturd to entertain him as Lieu<sup>t</sup>. at Ensigns Pay, at first designing him for Vizagapatam, but good officers being most wanted at Fort S<sup>t</sup> David, as your Hon<sup>rs</sup>. will observe by those we have been oblig'd to break for their [ . . . ] we alterd our minds and sent the said Wallis to Fort S<sup>t</sup> David, in the room of Lieu<sup>t</sup>. Courtney hereafter mentiond, and M<sup>r</sup>. Raworth gives him the Charecter of a very worthy Officer.

146. On the 28<sup>th</sup> Jan<sup>y</sup>. arriv'd here Lieu<sup>t</sup>. Hercules Courtney, Ensign Brooks and Serjeant Peterson who were sent up from Fort S<sup>t</sup> David by your Dep<sup>y</sup>. Govern<sup>r</sup>. and Councill, for sedition in the highest Degree, as sett forth at large in our Consultation of the 28<sup>th</sup> Jan<sup>y</sup>. to which we humbly refer You, and the said Courtney having had his Commission taken from him once before, which was redeliverd him upon his good behaviour, we thought ourselves oblig'd to turn him out of your Service for ever; the Ensign being a poor easy fellow that has serv'd you well many years, we first dismissed him and afterwards out of compassion took him in again a Serjeant, which he is much fittest for; and as for Serjeant Peterson, who is an extraordinary man in his employ finding upon Examination that he was a foreigner unskilld in our Language and seduced by Courtney not knowing the nature of the petition he got sign'd, after some months imprisonment we restored him to his halbert, such men being very scarce among Us.

Lieu<sup>t</sup>.

147. Lieu<sup>t</sup>. Edmund Howson that came out upon the Dartmouth having misbehav'd himself at Fort S<sup>t</sup> David was sent up hither under confinement in Aprill last; but upon the intercession of your Dep<sup>y</sup>. Govern<sup>r</sup>. and the offenders fair promises of better behaviour, we have restord him to his command because he is an able Officer, but the next offence sends him for England.

Lieu<sup>t</sup>.  
Howson  
having  
misbehav'd  
himself was  
sent up  
thither, but  
at ye. inten-  
cession of  
Dr. Gov<sup>r</sup>.  
is restord.

148. In the 65<sup>th</sup>. paragraph of our Letter by the Halifax we mention'd Jo<sup>h</sup>n Burnell taken into your service as an Ensign and the reasons for so doing, he has since prov'd an insolent offender & created abundance of disturbance in the Garrison, wherefore we were oblig'd to turn him out of your service.

Ensign  
Burnell  
broke for  
insolent  
Behaviour.

149. Lieutenants Tanfield, Orrell and Borlace arrivd here passengers upon the Jane, the first of the three is appointed by Commission to serve here, the other two made an Exchange by consent so that Borlace is gone to Bengall, and Orrell with your Dep<sup>y</sup>. yo<sup>r</sup>. Hon<sup>rs</sup>. to  
take this  
matter into  
serious con-  
sideration.

The Widow  
of Isaac  
Abendana  
making her

150. When the Troubles at Fort St. David were over, we call'd up Lieuten<sup>t</sup>. Francis Hugonin to be Master Gunner of this Garrison, in yo<sup>r</sup>. room of Gunner Atkinson deceas'd, accordingly he was entertain'd yo<sup>r</sup>. 9<sup>th</sup>. of June, and is a person admirably well qualified for that Employ.

151. The 15<sup>th</sup>. July Robert Presgrove was entertain'd Ensign in the room of John Burnell dismiss'd.

152. Serjeant Handlon at Fort St. David having distinguish'd himself in an extraordinary manner at an attack of the Enemies Entrenchment, insomuch that they term'd him the little devil, we thought it for your Service to make him an Ensign, for the Encouragement of others to do the like.

153. On the 14<sup>th</sup>. of August we receiv'd Letters from Fort St. David w<sup>th</sup>. an Acco<sup>t</sup>. of a most inhumane murther committed upon a mistees by Serjeant Fox, for the particulars of which give Us leave to refer you to the said Letter N<sup>o</sup>. 144 and on the 22<sup>d</sup>. of the same month came news of another murther, more barbarous if possible than the former committed by one Starcky a Corporall upon a poor innocent black fellow related at large in your Fort St. David Letter N<sup>o</sup>. 145, both the murthers were seiz'd and sent up hither, and we keep them under close confinement with rice and water, hoping your Hon<sup>rs</sup>. will not leave Us longer without a full power to try and execute such notorious offenders, who dayly make the[ir] brags that we have not a power to put them to death, we have now no less than four in prison for direct murther and George Brand mention'd in our Letter by the Avarilla, who kill'd Hughs in a rencounter; as for John Bailie who deserted from Vizagapatam and assisted the Moors against the place, he died in prison the 26<sup>th</sup>. of Feb<sup>r</sup>.

154. Our want of power to execute Criminals is so well known to all the inhabitants, that the very Lascars employ'd in our Shipping have had the impudence to attempt the lives of the Cap<sup>t</sup>. & Officers and to run away with the Ships, an instance of which happen'd in the Eugene bound to Tongqueen last season, where the Serang & Lascars rose in the night, and murthered the mate of the Watch & afterwards cut down the Boatswain and attempted the great Cabin where the Cap<sup>t</sup>. and Supra Cargo lay, but they waking in time made a hard shift to defend their lives with the fire Arms & the Villains finding they should not be able to compass their design, because there was another Ship in Company and dailight would discover their Actions, cut down the Yards and mangled all the rigging after which they made their escape in the long Boat & got to Jehore, where four of them were seiz'd by one of our Ships and brought hither, so that your Hon<sup>rs</sup>. may please to observe our goals are full, and how necessary it is that we should have a full power to make examples of such notorious Offenders, for the good Government of your Settlements and the preservation of your Estates.

155. Whatever Commission your Hon<sup>rs</sup>. think fitt to send us, wee would be glad to have full directions drawn up by able Lawyers for our proceedings, with the forms of the warrants & necessary writs to summon juries, and what printed Books you think usefull to guide Us upon such occasions, the rest we will endeavour to supply with the best reason GOD ALMIGHTY has given Us, & we humbly pray once more that you will take this matter into your serious consideration, for as we have no copys of your Charters granted by Virtue of the Act of Parliament, nor no particular Commission or Directions from your Hon<sup>rs</sup>. concerning Criminal cases, we know not what our power is.

156. The Widdow of Isaac Abendana late Hebrew Merch<sup>t</sup>. of this place having liberty to go to Paliacat on a visit, was there privately married to a German and retired from thence to Trincombar in order to embarque for Europe,

which did not come to our knowledge till the 4<sup>th</sup>. Feb<sup>r</sup>. last, and this Board being appointed Trustees to her husband's Will in case of her marrying again, we thought ourselves oblig'd to interpose in the affair & accordingly wrote to the Govern<sup>r</sup>. & Council of Trincombar to return her hither; several Letters pass'd between Us upon this Subject but we could not prevail to have her deliver'd up; we begg leave to refer your Hon<sup>rs</sup>. to our Consultations of the 4<sup>th</sup>. & 7<sup>th</sup>. of Feb<sup>r</sup>. and to our letters to and from Trincombar N<sup>o</sup>. 12. 33 & 50 in our Letter book sent, and N<sup>o</sup>. 40, & 74 in that receiv'd for a full Acco<sup>t</sup>. of this affair.

Escape to Trincombar & marrying, and we thereby becoming Trustees to her husbands will, tho<sup>t</sup> proper to demand her of the Danes, but they refuse to deliver her.

157. Padre Milton who was turn'd out of the Cuddalore Churches By your Hon<sup>rs</sup>. Orders, offering his service to accompany M<sup>r</sup>. Collett to Bencoolen, where nobody else would go, we could not in conscience refuse him, the Padre that resided there being dead, your Hon<sup>rs</sup>. seem to be apprehensive that being an Englishman he might easily seduce his Countrymen from the true faith, but we assure you there is no manner of Danger for he is a meer plain Priest w<sup>th</sup>out any manner of Qualifications for making of Converts, he humbly submits his Case and that of the Theatine Order to your Consideration, in the papers that come by this Packet N<sup>o</sup>. 26.

Padre Milton offering his service to accompany M<sup>r</sup>. Collett to the W<sup>est</sup>. Coast, we permitted him to go.

158. Reuben Smith Serjeant having been accus'd to the Gov<sup>r</sup>. of loathsom Actions with a black fellow, of which there is sufficient Proof we have thought better to send him away by this Ship, y<sup>e</sup>. to expose the Charecter of the British Nation by bringing him to a publick tryall and punishment.

Reuben Smith Serjt. sent off shore for loathsom Practices.

159. We will close this head with recommending Lieut. John Roach to your Hon<sup>rs</sup>. favour, he is a brave, able & diligent Officer that has distinguish'd himself on all occasions in the Fort S<sup>t</sup>. David Service, and is very fit to have a Superior Command over all the rest with the Title of Cap<sup>t</sup>. Major if your Hon<sup>rs</sup>. think fitt, and to be employ'd in going from one Garrison to another as there shall be occasion; we have now return'd him to Fort S<sup>t</sup>. David to establish a strict discipline & see the Outworks compleated.

Lieut. Roach recommended to be Capt. Major, he is sent to Ft. St. David to establish strict discipline among the Military.

## SEVENTHLY TOUCHING YOUR ACCOUNTS.

160. The Answer to your Accomptants Letter rec'd by the Bouverie went by the same Ship and might as well have gone by the Frederick if M<sup>r</sup>. 161. By carefully perusing all your former letters your President soon after the dispatch of the Avarilla, came to find that he might act pretty safely by the former Powers given M<sup>r</sup>. Addison and Council to compound the debt with the Metchlepatam Merchants, accordingly he has sounded them at a distance to find out their inclinations, and lately receiv'd a Letter from the Cheif of them at Metchlepatam, desiring to know what encouragement he would give him to come up hither, to which your President return'd answer by a Second hand, that he should be very wellcome, and have his Utmost assistance to provide people amongst ourselves that would buy the debt, but that he had no Orders to discharge it, we do not doubt but they will come, and shall take care to end the business as much to your advantage as possible, but it is with great greif we read in your Letter by the Heathcote pag<sup>e</sup> 77, that M<sup>r</sup>. Pitt and M<sup>r</sup>. Raworth wrote the new Company they hop'd they should buy off the Debt for twenty or twenty five thousand Pag<sup>e</sup>. what reason they had for those hopes we cannot tell,

P Strettham.

neither can M<sup>r</sup> Raworth inform us, and your new President assures you that to his knowledge M<sup>r</sup> Pitt offer'd them Forty thousand, & told him he would upon occasion venture to fifty if he was sure to conclude the Business, 'tis true if it was to be paid in Broad cloth at sixty or seventy P Cent advance the Originall Sum would not be above thirty thousand, which we suppose to be their meaning when they wrote that Letter.

162. M<sup>r</sup> Pitt would have done well to have left the papers relating to this affair in the Secretarys Office, or in some other hands y<sup>t</sup> we might have known which way they stated the Acco<sup>t</sup>; & what the ill practises were which they discoverd in Iapa Chittys Acco<sup>t</sup>. but there is not one Scrip of Paper to be found, not so much as the Copy of what wrote the new Company upon this subject; we have examind M<sup>r</sup> Raworth who tells us that tho he signd the Letter he was very little acquainted with the affair, and could not satisfie us in any one particular, so that we are obligd to hunt in the Dark, which will make the affair very tedious to conclude, tho we promise to use our utmost endeavours, and your President has already taken the proper measures to prevent any disturbance from the Government on Acco<sup>t</sup>. of this Debt.

163. The Paper mentiond in your 80<sup>th</sup>. Paragraph entitled an Acco<sup>t</sup> of what owing to the old Tobacco Farmers, by what we can gather was put into the Packett by your late President just as it was shutting up, but no copy to be found nor can we learn the particulars of it from him.

164. We hope the method in which your Consultations are now margined and Index'd will be to your satisfaction.

165. The Acco<sup>t</sup>. of goods wanting in severall Ships shall be strictly scrutinied into, as soon as this Ship is saild.

166. The severall parcells of silver orderd in your 87<sup>th</sup>. Paragraph for Particular Persons, are all deliver'd, and we shall punctually observe your direc- tions concerning the silver sent on the Stretham on [Acco<sup>t</sup>.] of Mr. Thomas Frederick, but his fathers orders are directed to the President only and not to the Board.

167. We have made a Demand of the two hundred and fifteen pounds five shillings and six pence which M<sup>r</sup>. Fraser receiv'd for salary as Second of Fort S<sup>t</sup>. George, to which he return'd an answer in writing as enter'd after our Consultation dated the 8<sup>th</sup>. Septem<sup>r</sup>. and upon examining your Letter by the Heathcote we observe that after finding fault with the manner of his being turn'd out, & forbidding such methods for the future, your Hon<sup>rs</sup>. are pleas'd to reinstate him, so that we humbly conceive he has then a right to his Salary during suspension, and upon Examination of the Books we find that no person receiv'd Salary as Second all that time till the 1<sup>st</sup> of Feb<sup>r</sup>: 1709 so that there was no Seconds Salary paid from y<sup>e</sup> 22<sup>d</sup> August 1707 (the time of M<sup>r</sup>. Frasers suspension) to the 1<sup>st</sup> of Feb<sup>r</sup>: 1709 when M<sup>r</sup>. Martin was made Second, which is seventeen months nine days, wherefore with humble Submission since your order to demand the money back is grounded upon some body else having receiv'd the Seconds Salary, which appears to be a mistake in your Accomptant, we hope you will not be angry if we only oblige M<sup>r</sup>. Fraser to refund one hundred forty five Pag<sup>s</sup>. two fanams and one cash, which is what salary was paid to Mess<sup>rs</sup>. Martin and Mountague during his Suspension.

Mr. Fraser gave an answer in writing to our dem<sup>d</sup>. of £. 215: s. d. 5: 6 pd. him as 2d. during his suspension & since his orders seem to be grounded on some body's else receiving 2ds. Salary we think we can only oblige him to refund Pag<sup>s</sup>. 145: 2: 1, that was paid Mess<sup>rs</sup>. Martin & Mountague as 2ds.

168. John Mason our Secretaries Covenants and bond to perform [y<sup>m</sup>.] are sign'd and come by the Packett.

John Mason has sign'd his coven<sup>t</sup>. Fleet Aynsworth Petition'd to go home w<sup>ch</sup>. we dissuaded him from.

169. M<sup>r</sup>. Fleet Answorth petition'd Us some time ago to lay down y<sup>e</sup>. Service and come for Europe upon this Ship, but we have perswaded him to stay till he hears from his friends, your Hon<sup>rs</sup>. are pleas'd to say in your 90<sup>th</sup>. Paragraph that he may enter into Covenants as a Factor sooner than the usual time if we find him Capable, but the time of commencement in the Covenants is already fill'd up, so that it is out of our power to alter it.

170. Able and ingenious Men are so scarce among Us notwithstanding the great number of your Covenanted Servants, who are most of them too young to be employ'd in the most valuable part of your Business, that we gladly lay hold of the opportunity you give Us to entertain M<sup>r</sup>. William Nanny Factor in your Service, and intend him for the Accomptants Office, for which he is very well qualified; and now having, answer'd every thing in your Hon<sup>rs</sup>. Letter under this Head, we must begg your patience while we relate some particular passages touching your Acco<sup>ts</sup>. that have given Us a great deal of trouble and concern.

M<sup>r</sup>. Wm. Nanny entertain'd Factor, pursuant to the Liberty granted by the Comp<sup>s</sup>.

171. Upon your Presidents arrivall here and the changing the severall Offices belonging to the Councill, and particularly that of the Warehouse from M<sup>r</sup>. Martin to M<sup>r</sup>. Davenport an Acco<sup>t</sup>. of remains was taken and pass'd from one to the other, but not compar'd w<sup>th</sup>. the Generall Books because we had resolv'd to establish an Order that there should be a thoro' acco<sup>t</sup>. of remains annually taken before the ballance of the Books in Aprill, not doubting but that M<sup>r</sup>. Hunt who had so universall a good Charecter for his exactness in Book keeping, had taken care that the adjustments were right when he ballanc'd the year before, but when we came to adjust the remains in Aprill last with y<sup>e</sup>. Ballance of your books that come by this Ship; we were greatly surpriz'd to find one hundred thirty two thousand six hundred twenty two Rupees and three Anas and six hundred Eighty seven pounds two ounces nine penny weights and fifteen grains of Silver wanting, besides Broad Cloth and severall other articles as the List enter'd after our Consultation of the 29<sup>th</sup>. of August; this being a matter of so great importance and M<sup>r</sup>. Hunt dead who ballanc'd the Last Books, and was the only person who could give us any insight into the matter, your present Accomptant was oblig'd to revise all the Warehouse Acco<sup>ts</sup>. and three setts of Books Backwards in order to fix these considerable wants so that it was the 4<sup>th</sup>. of July before he could deliver in his report upon sure grounds, with an abstracted Acco<sup>t</sup>. Currant and an Explication thereof when immediately the President w<sup>th</sup>. y<sup>e</sup>. Accompt<sup>t</sup>. Warehousekeep<sup>r</sup>. and M<sup>r</sup>. Benyon went thorô the said acco<sup>t</sup>. carefully comparing every article with the Warehouse and Mint

Upon changing the warehouse employ from M<sup>r</sup>. Martin to M<sup>r</sup>. Davenport an acco<sup>t</sup>. remain<sup>s</sup> was taken w<sup>ch</sup>. coming to compare w<sup>th</sup>. the Genl<sup>l</sup>. Books in Aprill last, there appear'd to be wanting Rupees. 132622: 3: lb. Silver 687: 8: 9: 15, besides Broad Cloth & other things. hereupon the Genl<sup>l</sup>. Books & Warehouse Acco<sup>ts</sup>.

are revised & examined by ye. Presid<sup>t</sup>. Acco<sup>ts</sup>. Warehousek<sup>r</sup>. & Mr. Benyon.

From whence these deficiencies are prov'd to arise in Mr. Raworths time, upon wch. he comes up hither & being call'd upon for them declares himself to be abus'd by ye. conicopl, desires time to examine him & the Warehouse acco<sup>ts</sup>. wch. done, he acknowledges the exactness of our report.

Mr. Raworth acknowledges ye. Rupees & Silver wanting and is condemn'd to make them good.

Several frauds of Tonapas discovered.

The Broad Cloth, white Lead &c<sup>a</sup> wanting cant be fix'd upon (a)ny particular Warehousek<sup>r</sup>. but having recourse to ye. conicoply [he] owns to have sold ye. two former & to be acco<sup>ts</sup>. for ye. mony.

In ye. next place Mr. Raworths Warehouse

Acco<sup>ts</sup>. and the Generall Books, and reported the whole to the Board in Consultation of the 17<sup>th</sup>. of July to which he pleas'd to lett us refer You, only taking notice that the whole quantity of rupees and Silver to a Trifle, appear'd to be wanting in Mr. Raworths time, which [he] having some intimation of wrote for leave to come up, and easily obtain'd it upon the foregoing consideration, severall steps in the meantime were made towards unravelling this mistery, as your Hon<sup>rs</sup>. may please to observe in our Consultation of the 22 July, but we were not able to make any discovery before Mr. Raworth arriv'd from Fort St. David, which was the 9<sup>th</sup>. of August, and the 11<sup>th</sup>. in Consultation the President calls upon him for the Rupees and Silver wanting, upon which he profess'd he had been notoriously abus'd, desiring some time to examine [T]onapa the Conicoply and to look over the Warehouse Acco<sup>ts</sup>. which was agreed to, and upon perusing the Report made in Consultation the 17<sup>th</sup>. July he acquiesc'd to the exactness of it without any exception.

172. On the 22d. of August Mr. Raworth deliver'd in a memoriall [as] enter'd after that Consultation, wherein he acknowledges the who[le] quantity both of Rupees and Silver wanting, thro' the ill practise[s] of the Conicoply in whom he had put too great a Confidence; our Consultation of the 25<sup>th</sup>. of August will shew your Hon<sup>rs</sup>. our reason[s] why we have condemn'd him to pay the mony, which we hope will meet with your approval, as well as the other particulars therein Contain'd, the 2<sup>d</sup>. of Sep<sup>r</sup>. last Mr. Raworths makes plain proof in Consultation of Thirty nine thousand nine hundred seventy seven Rupees taken out of ye. Warehouse at Severall times by Tonapa th[e] Conicoply, with the persons names to whom sold, and when & where he receiv'd the mony, and since Mr. Raworths departure from hence we have discover'd another parcell which the said Tonnapa sold to one of your joynt Stock Merchants, for which he receiv'd five thousand Pag<sup>s</sup>. we do not doubt but time will bring more of his villainy's to light, but it is a great Misfortune that he is not in circumstances to make preparation, which indeed Mr. Raworth ought to have considered before he put so unreasonable a Confidence in him, all y[e] villain has to say for himself is that he paid the Rupees in again within two months after he took th[em] out, but your Hon<sup>rs</sup>. will be convinc'd to the Contrary upon perusi[ng] Our Consultations.

173. The next thing that offer'd was the List of other particulars wanting in the Warehouse, as enter'd after our Consultation of the 29<sup>th</sup>. of August, of which the most considerable Articles are the white Lead & Broad cloth, which we could not fix upon any particular Warehousekeepers time, because there has been no thorô Acco<sup>ts</sup>. of remains taken upon the adjustment of the generall Books since Mr. Thomas Wright left that Employ Anno 1706, so that we were oblig'd to have recourse to the Conicoply, who very impudently told Us in Consultation that he had sold the cloth and white Lead & was accountable for the mony.

174. In the next place Robert Raworths warehousekeep<sup>r</sup>. Acco<sup>ts</sup>. came to be consider'd upon which there was a ballance due of Pag<sup>s</sup>. Ten thousand four hundred fifty nine, twenty fanams and four Cash, ever since the last of August.

Anno 1710, when he deliverd the Warehouse over to Mr. Martin, upon examination of the Warehouse Acco<sup>t</sup>, it appear'd very plainly that great part of this sum, was likewise due from Tonapa, for mony receivd of Outcry & never paid in, but having been so long neglected and transported from Books to Books without any complaint ever made to the Board, we have likewise orderd this to be chargd to Mr. Raworths particular Acco<sup>t</sup>:

Acco<sup>t</sup>, was considered. [in] wch. these was Pags. 10466: 20: 4. due ever since Aug<sup>t</sup>. 1710, wch. we charge to his Acco<sup>t</sup>.

175. Next we came to consider a ballance of seven thousand three hundred seventy two Pag<sup>s</sup>. seventeen fanams due from William Martin and Robert Raworth joynt Warehousekeep<sup>r</sup>. which is of a longer standing than the other, having been due ever since the last of Jan<sup>y</sup>. Anno 1708/9 and upon Examination of the Warehouse Acc<sup>t</sup>. of that time, this Debt likewise Plainly appears to be due from Jonapa for mony which he receivd on Acco<sup>t</sup>. goods sold at Outcry & kept in his own hands thro' the remisness of the Warehousekeep<sup>r</sup>: we thought in justice that this ballance with the interest ought also to have been made good by the joynt Warehousekeep<sup>r</sup>. and should have so determind but that Mr. William Martin deliverd in a memoriall as entered after our Consultation of the 29<sup>th</sup> of August wherein he sets forth that Mr. Raworth was forcibly put in joynt Warehousekeep<sup>r</sup> with him by Gov<sup>r</sup> Pitt and the Keys wholly entrusted to him, tho' it was Mr. Martin's Station to have been sole Warehousekeep<sup>r</sup> so that since the management was taken out of his hand he hopes he shall not be accountable, with other Arguments for which we begg you will be referd. To the said Memoriall, to which Mr. Raworth returnd Answer the 2<sup>d</sup> of September as enter'd after Consultation of the same date, & Mr. Martin replied the 4<sup>th</sup> a copy of which comes in the Packett no. 23, in these three Papers your Hon<sup>rs</sup>. will see their severall Arguments what appears to Us to be matter of fact is, that Mr. Raworth in a manner did all the Business, but whether this was with Mr. Martins approbation or not we cant tell, only we observe that there is no complaints made by Mr. Martin in Council, and that he voluntarily set his hand to the severall months Warehouse Acco<sup>t</sup>. some of this Board remember very well that Gov<sup>r</sup> Pitt joynd Mr. Raworth w<sup>th</sup>. Mr. Martin, upon the death of Mr. Empson, as thinking the trust too great for Mr. Martin Singly, however if he had thought any wrong was done him, he might have complaind in a publick Manner, which would now have appeared for his justification we have at both their requests agreed to refer this matter to [your] Hon<sup>rs</sup>. decision, Mr. Raworth having already acquiesc'd to [make] good his proportion as soon as mony comes in.

Next there appears a ballance of Page 7873. 17: due from Wm. Martin & Rob<sup>t</sup>. Raworth Joynt Warehousekeep<sup>r</sup>. wch. We should have condemn'd them to have paid joyntly but Mr. Martin disputes the case & desires the matter may be referd to your Hon<sup>rs</sup>. decision, wch. we do accordingly only Mr. Raworth acquiesces to pay his share.

176. In the last place we came to Mr. Martin's Ballance due when he was sole Warehousekeep<sup>r</sup>, which was to the time your President arrivd, and this amounts to four thousand nine hundred & Six pag<sup>s</sup>. six fanams and four Cash, which it is true Tonapa confesses himself to be Debtor for, and indeed there is no room to doubt it, but we did not think that Mr. Martin would have disputed making it good, after having so readily consented and sign'd to w<sup>h</sup> we have done in the Case of Mr. Raworth, but instead of that he has given Us the Trouble of two memorialls enter'd after our Consultations of the 11<sup>th</sup> and 15<sup>th</sup> of Septemb<sup>r</sup>: every article of w<sup>h</sup> (in regard that he was a member of this Board) we debated while he was present, giving him a fair opportunity to reply, & we humbly begg your Hon<sup>rs</sup>. will be refer'd to our Consultations of the 11<sup>th</sup> & 19<sup>th</sup> for our candid opinion of the Matter, we could not refuse him an appeal upon his giving Security to make good the Debt if your Hon<sup>rs</sup>: shall order it to be paid by him.

Lastly we came to Mr. Martin sole Warehousekeep<sup>r</sup> ballance amounting to Page 1906. 6. 4 wch. we have award'd him to pay, but he desiring an appeal to your Hon<sup>rs</sup>. we have granted y<sup>e</sup> same upon his giving Security.

177. And now we have laid these Matters before your Hon<sup>rs</sup>. it will undoubtedly be expected we should tell you how so many & so considerable abuses have been introduc'd among your Affairs, & what methods we propose to prevent the like mismanagements for the future.

It may now be expected we should tell your Hon<sup>rs</sup>. how these abuses have been introduced and the methods we have taken to prevent the like in future.

Had yo<sup>r</sup>. former President employed his Thoughts on yo<sup>r</sup>. Business he would have missed so large a qt. of rupees, & yo<sup>r</sup>. Book-keeper must know it if he made any manner [of] adjustment but we fear Mr. Hunt was in the secret.

There has been an unreason'd Trust repos'd in ye Conicoply, who gave no Security, & he has not been call'd to acct. as he ought.

To prevent these hazards of yo<sup>r</sup>. Estate for ye future. We have established these following Rules.

And if yo<sup>r</sup>. Warehouse-keeper does not keep to these rules he is accountable himself.

It is hard to believe such a strange confidence should be put in a Conicoply w<sup>th</sup> out private views or that such large sums could be hid w<sup>th</sup> out yo<sup>r</sup>. Acco<sup>ts</sup>. month was stop'd.

178. Had your former President been man that carry'd any scheme of your business in his head, he would easily have miss'd one hundred and thirty two thousand Rupees, when we never coin any but to send down to the Bay, and now and then sell a few here after the Season is over, and 'tis a wonder the Gentlemen in Bengall did not miss them out of their Stock to which they actually belong'd but it was impossible your Book-keeper could be ignorant of the matter if he made any sort of adjustments when he came to a ballance, and we have shrewd reasons to believe yet M<sup>r</sup> Hunt was in the Secret.

179. There has been an unwarrantable trust repos'd in the Conicoply who it is true was put in by the Govern<sup>r</sup>. & Council when M<sup>r</sup>. Wright was Warehouse-keep<sup>r</sup>. upon his offering to give good Security as your Hon<sup>ty</sup>. may please to read in Consultation dated the 17<sup>th</sup> Decem<sup>r</sup>. 1702, but no Security was ever given, and therefore the more care ought to have been taken of him, instead of which he has had the sole disposall of every thing in the Warehouse, and has not been call'd to Acco<sup>t</sup>. so frequently as he ought to be, which is the best security that can ever be had for people in that Employ.

180. To prevent your Estates from running these unnecessary hazards for the future we have order'd that when a new Warehousekeep<sup>r</sup> enters upon that Employ he shall choose his own Conicoply provided he will be security for him and the Board has no just reason to except against him.

181. That if the Warehousekeep<sup>r</sup> will not recommend, and the Conicoply is put in by the Board, security shall be taken and enter'd upon the Consultations, w<sup>th</sup> yo<sup>r</sup> Persons names and yo<sup>r</sup> Sum.

182. That the Conicoply shall never be permitted to go into the Silver Godwn without the Warehousekeep<sup>r</sup> or his assistant.

183. That the Conicoply be not permitted to buy himself at any outcry nor to take any goods out of the Godown without paying ready money.

184. That all Outcryes be made for ready money if possible, without manifest prejudice to the sales, and if we are forc'd to sell for time that all persons shall clear their goods by a note of their hand payable at the time appointed, which notes the Warehouse-keep<sup>r</sup>. shall indorse when he receives the money.

185. That notice be given throughout the town not to pay any money to Conicoplys without such notes, upon penalty of paying it over again.

186. That if the Conicoply delays paying in any money receiv'd, he be immediately clapt up and the Board made acquainted.

187. That if the warehousekeep<sup>r</sup>. does not keep to these rules he is & always ought to be accountable for all Losses and frauds of the Conicoplys, and we are very sure if they are duly observ'd no Conicoply can ever get money enuff into his hands to make it worth his while to play the knave so that a very small Security would serve.

188. It is very easy for your Hon<sup>ty</sup>. to imagine that there are some extraordinary reasons when such a strange trust and confidence is repos'd in a Conicoply, and it is hardly credible that such considerable ballances as these, should lye so long undiscover'd and uncall'd for unless the Bookkeepers mouth was stop'd but we hope effectually Methods are taken to prevent the like hereafter.

189. We need not expatiate upon the negligence in the Warehouse Acco<sup>ts</sup> that is sufficiently demonstrated by the abuses that could not otherwise have happen'd those that have been faulty will suffer sufficiently in their fortunes, and particularly Mr. Raworth who will be strip'd of a very pretty fortune when these Debts are paid, for Tonapa the Conicoply has sent all to Sea in a ridiculous manner so that of between eighteen and nineteen Thousand Pag<sup>s</sup>. which we have laid our hands on, we can hardly ever hope to recover one quarter part, and Mr. Raworth has already made good to your Cash Forty five thousand Pag<sup>s</sup>. which we humbly hope (his good Services in the Fort St. David war consider'd) will entitle him to your Compassion:

We have sized on Page. about 18000. of Tonapa's in adventures abroad but they are so ridiculously disposed that we fear we shant recover 1 part. Mr. Raworth has already made good 45000 Pag<sup>s</sup>.

190. Your President humbly hopes you will not censure him because these discoveries were not made before the last Ships saild, things were in generall in so much confusion when he arrivd, that w<sup>t</sup>. with the necessary regulations in the Government of the Place the Dispatch of your Shipping and revising all your former orders and Letters, he had not a liezure day till after the Avarilla saild, and all the world will bear him witness very few since; but besides there was a great deal of pains taken to concea[1] the affair of the Rupees and Silver as long as it was possible to be done.

Yor. Presidt. hopes you will not censure him because these discoveries were not made sooner, for he has been in continual fatigue ever since his arrivall in making other necessary regulations.

191. Matthew Empson Warehousekeep<sup>r</sup>. stands Debtor upon your Books a ballance of Pag<sup>s</sup>. two thousand eight hundred Forty six, thirty five fanams and five Cash which ballance has stood so long without due enquiry, that your President can get little or no light into the Matter only 'tis agreed on all hands that Mr. Empson could not be indebted himself, because he never touch'd any thing belonging to the Warehouse, nor never receiv'd one Pagoda of mony whilst he had the Warehouse under his charge, but all was Transacted by Tonapa, and consequently the Ballance must lie in his hands, but it is very strange that seing this Gentleman died intestate, and Mess<sup>rs</sup>. Martin & Raworth were order'd in Consultation of the 8<sup>th</sup>. of Jan<sup>y</sup>. to settle the Warehouse Acco<sup>ts</sup>. yet not one word should ever be enter'd upon any of the Consultations relating to the Warehouse ballance, what was done in settling it, or from whom they judg'd it to be due; and it is yet more unaccountable that upon the Arrivall of the Heathcote your new President Addison should so readily pay away the ballance of Mr. Empson's Estate remaining in your Cash to the Widdow's attorneys, as your Hon<sup>ty</sup>. will find in Consultation of the 28<sup>th</sup>. of Sep<sup>r</sup>. 1709, pretending that it was conformable to your Orders when upon perusal of your Letter by the Heathcote, we find it directly contrary to the very words of your 66<sup>th</sup>. paragraph; we intend as soon as this Ship is dispatch'd to make one essay more towards unravelling this Acco<sup>ts</sup>. and the six Chests of Silver formerly mention'd which was so misterious an Article, that when Mr. Hunt your Book keep<sup>r</sup>. was living, he either could not or would not give Us any Satisfaction therein, but in our opinion the truth of the matter is, he us'd to take the adjustments of the Books from the Warehouse Conicoply instead of a true Acco<sup>ts</sup>. of remains, by which means the said Conicoply had an opportunity of doing just what he pleased and this has been one of the Chief causes of all the disorders & mistakes that have happend, so hard to be found out and amended.

Relating to a ballance of Pag<sup>s</sup>. 2846: 35: 5. wch. Mattw. Empson Whsekr. stands Dr. for the discovery of wch. we shall go upon w<sup>ch</sup> this ship is dispatch'd.

As also six Chests of Silver wanting.

192. There is an old debt upon your books under the head of Comrapa & ca weavers, which upon enquiry we find was for mony lent them in Mr. Higginson's time to build houses in Tribicane the Principalls are dead but your President found upon his Arrivall two old men that have layn many years in goal upon that Acco<sup>ts</sup>. very poor and miserable, wherefore we thought it both charitable and

193. When your Dep<sup>ty</sup>. Govern<sup>r</sup>. Collett arriv'd here in the Jane he deliver'd Us a memorial concerning his Silver paid into your Hon<sup>rs</sup>. Treasury which he thought had come upon the Dartmouth; the said memorial is enterd after our Consul- tation of the 16<sup>th</sup>. of June, and in Answer thereto, we shew'd him the paragraph N<sup>o</sup>. 133 of your generall Letter by the Dartmouth relating to that affair upon which he humbly refers it to your Consideration; at the same time M<sup>r</sup>. Collet likewise deliverd in an Acco<sup>t</sup>. of wages and expences for bringing the Ship from Rio Janeiro humbly requesting reasonable allowance for the freight of your Hon<sup>rs</sup>. goods and twelve passengers, officers and Soldiers which he brought hither on your Acco<sup>t</sup>. all these papers are enterd after Consultation of the 16<sup>th</sup> of June and submitted to your pleasure whether we shall make him any allowance or no, we may venture to say in his favour that he has behav'd himself much like a man of parts in this affair & is no gainer by the purchase of the Ship, which he bought more for the benefit of your affairs on the West Coast than out of any prospect of private advantage to himself.

194. We have now extracted all your standing orders & Rules out of what generall Letters we could find and have raing'd them in Alphabetical order with a proper index for the perusal of all your Servants, but we are very sorry to tell you so little care has been taken of your most considerable records, that not one half are to be found, and among those that are missing are your generall Letters from that of the 11<sup>th</sup> of Aprill Anno 1688 to that of the 10<sup>th</sup> of Aprill 1693 which we desire may be copied and sent Us by y<sup>e</sup> next Shipping and we promise better Care shall be taken for y<sup>e</sup> future.

195. We likewise humbly desire Duplicates of all your Invoices during the Warr, for we have been much puzzled for want of the Janes and such accidents may happen again as the Captains are obligd to sink their papers in case of Danger.

196. If any thing is deficient in this head, it shall be supply'd in our Letter to your Accomptant by the next Ship.

#### EIGHTHLY TOUCHING THE WEST COAST.

197. We have carefully perus'd the Copy of the West Coast Letter sent Us dated the 6<sup>th</sup>. of Feb<sup>r</sup> and shall make use of all the hints you have been pleas'd to give Us therein as occasion serves.

198. Our last years Letters inform'd your Hon<sup>rs</sup>. what methods we had taken to supply the West Coast with Kentilage, upon information that there was no salt petre left in your Godowns, and that we had receiv'd no letters from them since the Frederick Sep<sup>r</sup>. 1710, on the 19<sup>th</sup>. of March arriv'd here the Toddington with an Acco<sup>t</sup>. that your Dep<sup>ty</sup>. Govern<sup>r</sup>. Ettrick, M<sup>r</sup>. William Douglas one of the Councill, and Henry Griffith your Accomptant were dead: that M<sup>r</sup>. Ettrick being of a cruell temper and quarrelsome disposition had embroild your affairs ten times worse than ever any body did before him, by murdering a Pangran in cold blood, and severall skirmishes with the Natives, in which he took more delight y<sup>e</sup>. in the management of your Mercantile affairs, he tyranniz'd over all your Servants,

monopoliz'd the Arack and other Farms, particularly Salt, which he engross'd almost to the ruin of the place, and died indebted to your Cash upwards of nine Thousand Dollars.

199. The same Letter adds that if there were not some speedy good methods taken, all the northern Settlements would be entirely lost, whereupon we dispatch'd away your Ship President as soon as possible with provisions, necessary Stores, bale Goods to truck for Pepper, and proper instructions for their Conduct till they heard further from Us, as in Letter Book N<sup>o</sup>. 47, resolving to keep the Toddington till the beginning of May in hopes by that time to hear some news of the Jane, that we all along believ'd was gone to Brazile, however that we might be prepar'd we sent for M<sup>r</sup>. Philip Baker up from Fort St. David, a person well skill'd in Acco<sup>m</sup>. intending to send him with an independant power to examine the Books and Acco<sup>m</sup>. because we did not find ourselves qualified by your Orders to make any alteration in the Government till we had certain news what was become of the Jane, and M<sup>r</sup>. Baker being out of Order it was the 24<sup>th</sup> of May before he was in a condition to proceed at which time the Jane arriv'd and occasion'd our taking new Resolutions.

in Yor.  
affairs.

They likewise add that all their N<sup>o</sup>. them settlements, if we do not send them speedy help, upon w<sup>ch</sup>. we dispatch ye. Presid<sup>t</sup> w<sup>th</sup>. w<sup>ch</sup>. most necessary, but keep ye; Toddington in hopes to hear of ye. Jane & had sent for M<sup>r</sup>. Baker to go Supervisor there [and] as soon as he was ready the Jane arriv'd.

200. Before we go any farther we must acquaint your Hon<sup>rs</sup>. that M<sup>r</sup>. Ettrick before his decease had turn'd Mess<sup>rs</sup>. Kingsley & Stother'd out of his Council, and M<sup>r</sup>. Daniel who succeeded him without much enquiry into the Merits of the Cause, sent them both over hither upon the Toddington with their familys, the crimes they charg'd them with were so imperfectly explain'd in their Letter that for want of the General Books which they pretended could not be got ready to send, we were not able to make a true judgment whether they were guilty or not, and finding great appearance of malice and revenge, as well as some mistakes in w<sup>ch</sup> Acco<sup>m</sup>. they did send, we resolv'd to send these people back for a thoro<sup>g</sup> examination of their cause, and have given full direction concerning them in our Instructions to M<sup>r</sup>. Collett and Council N<sup>o</sup>. 73 to which we humbly begg you will please to be refer'd, as also to our Consultations of the 24<sup>th</sup> and 27<sup>th</sup> March, for a full relation of this affair.

Messrs. Kingsley & Stother'd being turn'd out of the Council were sent over hither upon the Toddington, & are returned upon her for a rehearing by M<sup>r</sup>. Collett.

201. The Toddington likewise brought one Daniell Evans turn'd out of your Service for the shameful surrender of Manduta Paggo and all your effects to Rajah Sillemon, of which he had the charge upon Examination into this matter we could not find in the Consultations that this Evans had any fair hearing and having a great deal to say in his own justification, we have likewise permitted him to return with M<sup>r</sup>. Collett in order to have a fair tryall and to be dispos'd of according as his behaviour appears to have been.

Daniel Evans likewise return'd for a rehearing.

202. As soon as M<sup>r</sup>. Collett was arriv'd we proceeded to the settling of the West Coast Council, in which we regulated ourselves by the late advices receiv'd from thence, and had sent him away in very few Days, but that he was unexpectedly taken ill, however we made shift to dispatch him the 16<sup>th</sup> June, with full instructions grafted upon your Hon<sup>rs</sup>. orders out of England, to which we begg leave to refer you being enter'd in our Letter Book N<sup>o</sup>. 79.

We dispatch'd M<sup>r</sup>. Collett ye. 16<sup>th</sup> June & had done it sooner but for his illness.

203. Cap<sup>t</sup>. Blow Commander of the Toddington having upon Examination given Us a very particular Acco<sup>t</sup>. of your West Coast affairs & particularly severall abuses that have been committed, we tho<sup>t</sup> him a proper person to sit third in Council of Benocolen & Second at Bentall during the time he stays upon y<sup>e</sup>. Coast, Whereby he will be the better able to give You full information of y<sup>e</sup>. affairs at his Return.

Cap<sup>t</sup>. Blow order'd to sit 3<sup>d</sup>. of Council at Benocolen & 2<sup>d</sup>. at Bentall.

204. The main reason why we have entertain'd so many people here to send over, was upon Complaint that they had not hands to do the necessary writing work which has allways been the excuse for not keeping up your Acco<sup>m</sup>. besides tis necessary to make provision for Mortality before hand, otherwise when a usefull person or two come to drop all your business runs behind hand till they

can have a fresh Supply, and we do assure you that such persons as we have now sent are not allways to be had.

We sent y<sup>r</sup>  
Ship  
Toddington  
Sundry  
Goods  
amont<sup>g</sup>. to  
Pag<sup>o</sup>. 7178:  
fa<sup>o</sup>. 35:  
cash 52.

205. We sent upon Ship Toddington sixty seven bales of Longcloth white and Blew, shirts, quilts and Soldiers cloths, four hundr<sup>d</sup>. bags of Salt petre, two hundred of Salt and six hundred of Rice, ten chests of Syrash wine, fourteen hundred fifty three small peices of red wood, a chest of Medicines, twenty Candy of Gunpowder with severall other Factors provisions amount<sup>g</sup>. to seven Thousand one hundred seventy Eight Pag<sup>o</sup>. thirty five fan<sup>o</sup>. and fifty two Cash; which will be a considerable help to the loading home of this years Shipping; and we must acquaint your Hon<sup>rs</sup>. we observ'd so many good qualifications in your Dep<sup>y</sup>. Govern<sup>r</sup>. whilst he was here, that if it pleases God to spare his Life, there is no manner of doubt but your West Coast Settlem<sup>ts</sup>. will flourish.

We have  
advices from  
y<sup>r</sup>. Wt. Coast  
dated 28<sup>th</sup>  
July, when  
y<sup>r</sup>. Tod-  
dington was  
not arriv'd,  
They tell us  
Mr. Daniel  
is dead  
& succeeded  
by Mr.  
Hunter:  
Savil. parti-  
culars of y<sup>r</sup>.  
latters good  
Management,  
We will  
do all in  
our power  
to make y<sup>r</sup>.  
affaires there  
flourish.

206. On the 21<sup>st</sup> Ultimo we receivd our last Letters from Bencoolen by a Ship bound to Bengall that put them ashoar at Vizagapatam they bear date the 23<sup>d</sup>. & 28<sup>th</sup> of July, at which time we are surpriz'd that the Toddington was not arriv'd because she saild hence the 17<sup>th</sup> of June which is a very long passage at that Season; they write Us that M<sup>r</sup>. John Daniel is dead & that M<sup>r</sup>. John Hunter succeeds him, who by his mild treatm<sup>t</sup>. to the Natives has very well reestablishd your affairs, and reduc'd near half the Expences; all the Godowns were full of pepper, & your Ship Success Cap<sup>t</sup>. Keble that arrivd there the 23<sup>d</sup>. of July was preparing to load for England, but we suppose the Toddington will arrive time enuff to be first dispatch'd your Ship President was employd in fetching pepper from the Subordinate places, and we do not doubt but you will have a large quantity home this Season; nothing shall be wanting on our parts to contribute towards making your West Coast Settlements as flourishing as they are capable of, and we shall have an hundred Bales of proper Goods ready to send them, by the first Ship that comes over hither, the profit upon which will be a main help to defray their Expences, and in our next we hope to give your Hon<sup>rs</sup>. more Satisfaction upon this Subject.

We hope you  
will think  
fit to send  
one of y<sup>r</sup>.  
outward  
bound Ships  
for y<sup>r</sup>. Wt.  
Coast first  
hith<sup>r</sup>.

207. We hope you will be pleas'd to consider how much it is your Interest, that at least one of your West Coast Ships should touch here outward bound to carry the necessary Supplys of Kentilage & Cloth which otherwise must go upon freight at a considerable Expence.

We cannot  
prevail with  
our Lascars  
to go Ben-  
coolen.

208. We cannot prevail with any Lascars to go over & Settle at Bencoolen, being terrified with the badness of the Climate, but when we come to hear from M<sup>r</sup>. Collett, we do not doubt but some other method may be found to save great part of the Expence of Boat hire, having fully discoursd him upon that Subject, and every thing else we could think of for the good of the place.

#### OF THE FRENCH, DUTCH, DANES & SEPERATE STOCK SHIPS.

The two  
french Ships  
that took the  
Dutchess  
proceed for  
Mocho there  
take in a  
loading of  
70000 &  
depart for  
France.

209. The two french Ships that took the Dutchess on y<sup>r</sup>. Malabarr Coast last year, went to Mocho in Decemb<sup>r</sup>. with both their prizes, where we are advisd they took on board seven thousand Bales of Coffee, and after having sold the Dutchess to one Bonner Master of a Ship belonging to M<sup>r</sup>. Adams of Calicut for five thousand Eight hund<sup>d</sup>. Dollars, they left Mocho the latter end of July, intending for Don Mascarsen and thence directly for France; they carry back with them Eighty thousand Spanish Dollars or thereabouts, which they were not able to lay out.

We expect  
to see Mons<sup>r</sup>.  
Boynot with  
two large  
Ships in  
these parts  
next Season.  
The french  
Settlem<sup>ts</sup>.  
are in great  
Streights  
to subsist.

210. We have not heard of any other French Ships in India this Season, but the Jane met at Isle de Grand near Brazile with one Mons<sup>r</sup>. Boineau (a person well known in these parts) comm<sup>d</sup>. of two stout Ships bound to Peru and from thence to Canton in China and Pullichery, so that we may expect to see them her[e] next Season; The Factorys of Pullicherry, Bengall & Surat are reduc'd to very great necessitys for want of mony to Subsist.

211. The Dutch continue to sail every where in Squadrons so y<sup>t</sup>. they are out of fear of the french attacking them, and in continuall hopes that the storm will fall upon Us; Batavia is observd to decline very much & their Investments upon this Coast, have not been so considerable this last year as usuall.

The Dutch sail in Squadrons to secure themselves & hope the Storm will fall on us. Batavia begins to decline & their Investments on this Coast lessen.

212. The Danes have had no Ship from Europe this year or the last, nor have they any to send home this Season, they make hard shift to maintain their Garrison, and if not reliev'd this next year will be in most miserable Circumstances.

The Danes have had no Ship these 2 years & can hardly maintain their Garrison.

213. The Sperate Stock Ships now remaining in India are the John and Elizabeth, Mermaid & Arabella; the John & Elizabeth has made every year a successfull Trip to Persia and is now lately arriv'd here from thence, having touch'd at Muscat by the way, where they purchas'd two hundred & fifty bags of Coffee w<sup>th</sup>. which & what they can pick up here they intend home this Season.

The Sperate Ships among us are y<sup>e</sup>. Jno. & Eliz<sup>a</sup>. Mermaid & Arrabella, how the said Ships have been employ'd & w<sup>th</sup> they intend to do with themselves.

214. The Mermaid arriv'd here in August from Judda making a miserable Voyage, she sail'd for Bengall the 20<sup>th</sup>. of Sep<sup>r</sup>. in order to load for Europe; The Arabella is now here, but intends in few Days to sail for Batavia where the Cap<sup>t</sup>. proposes to load her w<sup>th</sup>. Arrack and return for Europe with the Dutch Fleet they would have all three stay'd another year in India if we would have Employ'd them, but finding your Orders so severe upon that Subject, we would by no means incur your displeasure, th<sup>t</sup> the Gentlemen in Bengall that had our money in their hands as usual to employ at discretion were pleas'd (notwithstanding the assurances given your Hon<sup>rs</sup>. which you are pleas'd to mention in y<sup>e</sup> 59 paragraph of yours by the Heathcote 1708) to interest sev<sup>al</sup>. of Us in the Mermaid without our Knowledge or consent, for which we are no way culpable, and th<sup>t</sup> the fault has been laid usually upon your Servants here, 'tis well known that those Ships have been cheifly supported in Bengall; and if your Council there would annually have let out a Ship of yours, we might have had the Separate Ships up at the Sea gate for sale long agoe, and have bought them good penny worths, we are glad to find there are no more of them to come Among Us, for we have more good Ships of our own than we can find profitable employment for.

Your Serv<sup>ts</sup>. in the Bay are in fault that these Ships have fared so well.

SUPPLEMENT OF WHAT HAS BEEN OMITTED IN FOREGOING & WHAT HAS HAPPEN'D SINCE.

215. One of your Ensigns at Fort St. David by name Thomas Kirkbred whom we had preferr'd for his Bravery in the time of the Warr deserted from his Guard the 5<sup>th</sup> Ultimo, with a Sergeant two Corporalls and Two private Centinels, and March'd directly to the Duan at Arcott, who has entertain'd them into his Service, but we are using all possible means to retrieve them.

An Ensign w<sup>th</sup>. 5 Men deserted from Fort St. David.

216. In our Consultation of the 11<sup>th</sup> Ultimo Cap<sup>t</sup>. Thomas Beckford requested Seventy four Tuns of Salt Petre over and above his Kentilage to make the Ship sail worthy; for which his Original request comes in the Packett N<sup>o</sup>. 30.

Capt. Beckford requested 74 tons of Salt petre more than Charter-party.

217. When Mr. Raworth went hence to Fort St. David, we deliver'd him your List for providing goods, that came out by this years Shipping; and order'd him to make the Contract for every sort of goods in proportion thereto; but to our

When Mr. Raw<sup>th</sup>. went hence we deliver'd

in a list of Investmt. for 1,000 Bales, but he deviated from the same, taking in so great a No of fine Goods that we could not agree to his Contract, & a months time has been lost in dispute.

Mr. Martin requests leave to go for England, wch. we could not consent to.

We have allow'd Mr. Legg his standing from his arrivall at Banjarr & hope Your Honrs. will approve the same.

We had Storm here on ye 4th in wch. severall Ships founderd & severl. drove from their Anchors.

On ye 5th inst. Capt. Martin return'd into the Road having been chased back from Point Palmerus by 3 french Ships. An Acct. of his engagemt. wth. & escape from them.

We have recd. advices from Bengall that have dispat- ch'd a small

great Surprize they wrote Us on the 16th Ult<sup>o</sup>. that they had agreed for a thousand bales to be ready by the 10<sup>th</sup> of January, but had taken eight thousand five hundred peices of Betteelas and Neckcloths, to Fifteen thousand p<sup>r</sup>. of Long Cloth, whereas the whole proportion is but eleven thousand p<sup>r</sup>. [*Lacunas* peices of Betteelas & Neckcloths to Fifty thousand of Long cloth, so that if we contract in proportion here your Hon<sup>rs</sup>. will have about twenty nine thousand peices of Beteelas instead of Eleven thousand peices [*Lacuna*] which you have order'd; for which reason, we were oblig'd to refuse our consent to the said Contract; w<sup>ch</sup>. affair they have contested with Us so long, as you may please to observe by their Letters, that at least a months time has been lost for providing goods.

218. On the 23<sup>d</sup> Ultimo M<sup>r</sup>. William Martin requested in Consultation that rather than give security for the payment of the Warehouse Debts, he might be permitted to embarque for England in January, which we thought we could not consent to, because of y<sup>r</sup>. repeated Orders that Nobody should be permitted to go off the Shoar till all his Debts were paid, and especially those due to your Hon<sup>rs</sup>.

219. M<sup>r</sup>. John Legg Register of the Mayors Court and a very deserving Person, who came out of England intended for Banjarr, & retir'd hither because that Factory was cutt off, petitioning Us that his standing might commence from his Arrivall at Banjarr; in consideration of his good Services we have consented in hopes of your Hon<sup>rs</sup>. Approvall.

220. On the 4<sup>th</sup> instant we had a sort of Monsoon, in which severall Ships lost their Anchors and putt to Sea; by good Providence it did not last long, but two Ships founderd at an Anchor, one of six hundred Tuns richly loaden belonging to Abdull Gafore of Surat; and the other about two hundred Tuns, loaden with grain & other goods from Vizagapatam, the Ship and part of the Cargo belonging to Tonapa the Conicoply; one small Vessell was cast away near Sadrass; which is all the Damage we hear of, except that the vast rains which fell at the Fort St. David in the same storm have intirely laid all our bounds under water, and wash'd down some of the works.

221. On the 5<sup>th</sup> instant arriv'd Ship Marlbrô Cap<sup>t</sup>. Matthew Martin and acquaints Us that on the 4<sup>th</sup> Ult<sup>o</sup>. he mett off the false point of Palmeras with three french Ships two of fifty to sixty Guns and one of twenty six or thereabouts; when he first saw them, they were so farr seperated from each other that he did not take them to be Enemies, thô his Ship was prudently made ready for defence; the biggest Ship & the little one gott well up with him about noon, and severall Broadsides were exchang'd, till a fresh Gale springing up the Marlbro had the advantage of Sailing, but so very little, that they chas'd her all that Day and the two following almost as farr as Bimlepatam, and on the 7<sup>th</sup> in the morning she lost them in a Squall of wind and rain, and made the best of her way hither, because they spread themselves in such a manner, that she could not gett to the Northward of them, without being tore to peices, and if they had chasd her into Ballasore road, she must have Run a shoar for want of a Pilot or been taken; we have unladen the Treasure that was on Board her, and wait to here further advices of the Enemy before she proceeds: Cap<sup>t</sup>. Martin requested Us in behalf of his Ships Company, to give them a gratuity of two  $\frac{1}{2}$  Cent upon the Cargo, according to Act of Parliament, for the Defence of it, which we think is an affair more proper to come before Your Hon<sup>rs</sup>. when the Ship returns, which was y<sup>r</sup>. answer we gave Him.

222. The 8<sup>th</sup>. instant arriv'd a Gentue Ship from Bengall, & brought Us Letters dated the last of August, advising us of the foremention'd fr<sup>en</sup>. Ships, and that they had sent a small vessell that sails very well to gett without them if possible, and give timely Notice to the expected Shipping, which we hope will

be a means to secure the Kent & Recovery from falling into their hands; the same Letters advice Us that the London, Darby and Mary are arriv'd that they

vessell that sails well to watch the french Ships motions & give Notice of them to any of our Ships they [may] meet.

hop'd to dispatch the Darby in time for the Dutch Fleet, and the Mary some time in January, and that they will use their endeavours to get freight for the rest of the Shipping; but that the Troubles of the Country are worse than ever, and especially at Patna, as your Hon<sup>ty</sup>. may please to observe by a Copy of a Letter from thence, which comes in the packett N<sup>o</sup>. 31.

Several other advices concern- the disposition of Yo<sup>r</sup>. Shipping &c.:

223. They write Us further that the Howland was seen & spoke with in Acheen road the 17<sup>th</sup>. of May by a vessell belonging to Bengall, she was then under sail bearing back for Malacca, and Cap<sup>t</sup>. Cooke told the Supra Cargoe of the said Vessell that he would come round by way of Batavia hither.

The Howland was spoke with in Acheen Road Ye. 17<sup>th</sup>. May.

224. The Rev<sup>d</sup>. Mr. Robert Jones your deceas'd Minister's Acco<sup>t</sup>. Curr<sup>t</sup>. & Outry acco<sup>t</sup>. settled by the Paymaster comes in the Packett N<sup>o</sup>. 32.

the deed, Mr. Jones's Acco<sup>t</sup>. Curr<sup>t</sup>. comes in the packet.

225. We must not omitt acquainting your Hon<sup>ty</sup>. that all the paper in general by this last Shipping is very bad, and particularly that sort on which this Letter is wrote, and is a very great hindrance to our business as most of our Scribes are but Ordinary, & not able to write upon it; and we have receiv'd but half the Penknives mention'd in the Invoice.

The paper sent this year is bad.

226. Your Surgeons request that for the future what medicines you are pleas'd to order for the use of this place, may be divided into two Chests, one containing two thirds of the quantity for the use of the Hospitall, and the other one third for your Covenanted Servants, because they practise distinctly, and dividing the Medicines here is hardly to be done as it should be for want of prope[r] things to put them in.

Yo<sup>r</sup>. Surgeons request that the Medicines may be divided into 2 Chests one q<sup>ty</sup>. 200. as much as the other.

227. Mr. Josiah Chitty formerly of your Council in Bengall, came up hither upon the S<sup>t</sup>. Andrew to settle his Acco<sup>t</sup>. with severall inhabitants of this place, whose Factor he had been for some years past; your President and Council in Bengall before they would le[t] him come oblig'd him to surrender up his houses, his own & his wives jewels, and all the effects he had by him to the Amount of forty or fifty thousand Rupees; and to make over all the adventures he had abroad of which they sent Us up a List, & desired Us to recover them for the use of his Creditors in the Bay, but as soon as this was known severall of his Creditors Inhabitants of this place appeared and demanded justice of Us praying that he might be oblig'd now he was here to settle his Acco<sup>t</sup>. with them, and that they might attach what effects they could find towards making them Satisfaction, which we thought very reasonable as we are under obligation to be as solicitous for the welfare of our Inhabitants as the Gentlemen in the Bay for theirs, and there is this difference in the case that the Creditors here are Europeans, & those in the Bay black Brokers and Bannians; the Gentlemen in y<sup>e</sup>. Bay are very Angry pretending they would not have lett Mr. Chitty come up, had they not thought we would have secur'd the mony for them; what fell into our hands was before he arriv'd here, and would have been put to the same uses, whether he had come or not, we humbly lay this affair before your Hon<sup>ty</sup>. for fear it may be misrepresented from the Bay.

Mr. Josiah Chetty came up here to settle his Acco<sup>t</sup>. with his Creditors, but was first oblig'd in the Bay to make over all his Effects both at home and abroad for Satisfaction of debts there, & y<sup>e</sup>. Gentlemen desire us to recover the same, but we do w<sup>t</sup>. we can for our own inhabitants for the follow- reasons. W<sup>t</sup>. makes y<sup>e</sup>. People in y<sup>e</sup>. Bay very Angry.

228. By the Dutchess that arriv'd Calicut in September we learn that the Stringer Gally was safe in Mocho, and that both she & the Nathaniell are like to have an early dispatch.

We hear that the Stringer Gally & Nathaniell are likely to have an early Dispatch from Moos

We have rec'd about 100 bales brown Goods from Vizam. & Ing<sup>m</sup>.

The Report of ye. New Mogull's death is false.

Mr. Fraser &ca owners of ye. Satisfaction whose cargo the Dutch seized desire us to lay their case before yor. Hon<sup>rs</sup>.

An Accot. of the Silver sent out for Mr. Rudge comes in the Packett.

This Ships Cargo amo<sup>ts</sup>. to Pag<sup>s</sup>. 180145 1: 40 as <sup>is</sup> Invoice.

An Accot. of Goods register'd by capt. Beckford comes in ye. Packett.

229. We have lately receiv'd about an hundred bales of Severall sorts of goods from Vizagapatam and Ingeram, but they are all Brown and could not be washd in time for this Ship, and therefore 'tis well we had made provision to fill her up without them.

230. The Report of the new Mogulls Death proves to be false by severall Perwanna's that are lately receiv'd from him by the great men in these parts.

231. Mr. William Fraser &ca: Owners of Ship Satisfaction, which is the Ship out of which y<sup>e</sup>. Dutch Government of Malacca seizd & confiscated severall chests of Ophium; have desir'd us to lay their case before your Hon<sup>rs</sup>. which is indeed a very hard one, & we humbly hope you will lend them your assistance towards recovering the mony so unjustly taken from them contrary to the Laws of all Nations, the owners petition comes in the packett N<sup>o</sup>. 33 and one Mackdonall that was mate of the Satisfaction comes passenger upon this Ship to prosecute the Dutch Company in behalf of y<sup>e</sup>. Owners.

232. The three hundred and two Ounces of Silver mention'd in your Hon<sup>rs</sup>. 87<sup>th</sup>. paragraph to be sent out to John Rudge deceas'd is receivd by your Paymaster, who has deliver'd in an Accot. of the same, Copy of which comes in the Packett N<sup>o</sup>. 58.

233. Wee have loaden upon this Ship Fourteen hundred & fifty eight bale[s] which with Redwood and Salt Petre amount to One hundred & Eighty Thousand one hundred and forty-five Pag<sup>s</sup>. one fanam & forty cash as by the Accompanying Invoice, of which a Duplicate comes in the flying Packett, which we hope will prove to your Satisfaction and we have deliverd the Cap<sup>t</sup>. a small Bale writt upon musters which is incerted at the foot of the Invoice, and mention'd in the Bill of Loading; we should have dispatch'd this Ship four or five days ago, but for the incessant rains that have fallen.

234. Cap<sup>t</sup>. Thomas Beckford Commander of the Dartmouth has deliver'd Us in an Accot. of goods to be register'd here, which comes in the Packett N<sup>o</sup>. 62.

235. We most heartily wish a safe arrivall to this Ship in particular prosperity to all your affairs in generall; being w<sup>th</sup> due Respect & Submission.

GENERAL LETTER FROM FORT SAINT GEORGE TO THE COMPANY, PER DARTMOUTH.  
OCTOBER 15, 1712. [*Public Despatches to England, Vol. 3, p. 72.*]

TO THE HON<sup>BLE</sup> THE COURT OF DIRECTORS FOR AFFAIRS OF THE R<sup>Y</sup>. HON<sup>BLE</sup>.  
UNITED COMPANY OF MERCHANTS OF ENGLAND TRADING TO THE EAST INDIES.

Hon<sup>BLE</sup> S<sup>RS</sup>.

Since signing our generall of yesterdays date upon Discourse w<sup>th</sup>. Cap<sup>t</sup>. Matthew Martin of the Marlbro' we have agreed that it is by no means convenient or safe for his Ship to lye in this road the approaching moon but that it will be better to ply the sea and come in again after the bad weather is over, and whereas we are not sure what the designs of the French are, tho' in all probability they are gone to fitt at Mergen, we have order'd the Marlbro' and Dartmouth to keep comp<sup>ss</sup> together till they are clear of the Track of Ponticherry, and have put a Serjeant and twenty good Souldiers on board the Marlbro' to strengthen their Ships Company; we have taken the Treasure and bales out of her but the weather is so uncertain, that we could not take out the Iron and other heavy trade, without manifest danger of ruining the Ship in shifting her, and our Boats being employ'd in dispatching the Dartmouth, the other must have been forc'd to ride out the Monsoon in a dangerous Condition, as the Cap<sup>t</sup> will inform your Hon<sup>RS</sup>. more at large.

Relating to the sending Cap<sup>t</sup>. Martin 2 or three days sail to the Eastw<sup>d</sup>. w<sup>th</sup>. Cap<sup>t</sup>. Beckford as the security of that rich Ship Dartmouth from Y<sup>e</sup>. French.

We make no doubt but that as soon as the French Ships have fitted at Mergen they will go directly to y<sup>e</sup> Streights of Malacca, because we have yesterday rec'd advices that they fitted out at Merseilles w<sup>th</sup>out any Stocks purely for purchase, and therefore we have agreed to dispatch a small Vessell that happens by accident to be in this road and sails tolerably well with proper advices to Malacca, otherwise there is great danger of the Strethams falling into their hands and the Howland if she should happen to come that way, and Cap<sup>t</sup>. Reid in the Arabella intending for Batavia in three or four days, we shall likewise give the necessary advices thither and by these means we hope to secure your Estates from falling into the Enemies hands; tho' we heartily wish we were in a condition to look them in the face, and beat them out of India; they have no place to fitt at but Mergen and there a superiour force would easily destroy them, the Port not being capable of giving them any Succour. We are w<sup>th</sup>. great respect.

Hon<sup>BLE</sup>. S<sup>RS</sup>.

Your most obed<sup>t</sup> faithfull hum<sup>BLE</sup> Sery<sup>MS</sup>.

TO CAP<sup>T</sup>. THOMAS BECKFORD,  
COMMANDER OF SHIP DARTMOUTH.

Your Ship being full Laden whereof you have given us notice of firing a Gun and spreading Your Colours; you are hereby order'd to [repair] on board your Ship, and with the first opportunity of wind and we[a]ther to weigh Anchor set sail and make the best of your way [for] your most speedy attaining the Port of London, and when you arrive at any Port of Great Brittain, you are to send by your P[ur]ser our Packett directed to the Hon<sup>BLE</sup>. the Court of Directors for affairs of the R<sup>Y</sup>. Hon<sup>BLE</sup>. United Company of Merchants of England trading to the East Indies to whom your Ship goes consig[ned] which Packett is in a Box mark'd A.

Cap<sup>t</sup>. Beckford's dispatch.

We here deliver you a Packett mark'd B, which you are to for[ward] by post or otherwise, from the first Port of your Arrivall in Great Brittain, Ireland or Holland, writing yourself to the Hon<sup>ble</sup>. D[irectors] giving them an Account what has happen'd materiall in your Voyage; and the Box Markd C, you are to send by the first safe conveyance after you are in the River of Thames, containing book[s] of Accounts; The Hon<sup>ble</sup>. Directors have complain'd that whilst their Ships have lain in Ireland or Holland for want of Convoy they have wanted our advices which has been a great prejudice to them, tho' at the same time the Comm<sup>rs</sup>. have had our possitive orders to forward a small Packett of ours to them on [the] first Arrivall in any of those Ports, which we admire has no[t] been obey'd and therefore we enjoyn you again to send the foremention'd Packett B, as you will answer it to them att your Arrivall in England.

You will herewith receive a packett sign'd by the Gov<sup>r</sup>. only, and directed to yourself, containing secrett orders for the homeward bound passage, which the Hon<sup>ble</sup>. Directors command you strictly to observe, and your are not to open it till you come into ten degrees South Latitude on this side the Cape, and then tis to be done in the presence of your Mates and Purser, whose attestations you must take of the same in order to make oath thereto if requird on your Arrivall in England.

'Tis the Comp<sup>ys</sup>. order that if any Ship should be so late dispa[tched] hence, or that by any other misfortune she has no hopes of getting about the Cape, that they winter at Galle on the Island of Zelone and stay no longer there than the beginning of July; but if it so happens they gett up with the Cape or near it, tis then their Orders that they go to Mauritius to the South east side, which is on y<sup>e</sup> windward part of the Island, where the Dutch had a Settlem<sup>t</sup>. taking great care of your going in; tis further order'd that you do all possible to avoid going to the North West Harbour or Carpenters Bay where tis likely the French Ships will look in, we are very credibly inform'd the Dutch have left the Island Mauritius, so that you must be very carefull how you make it and be allways on your Guard, and keep constant looking out to prevent being surpriz'd by an Enemy, securing yourself in the best manner you can during your stay there.

The Company have sent out a Standing Order to St Helena, w<sup>ch</sup>. they order us to incert in all your Instructions, that whoever of you touch at that Island you bring your Ship to an Anchor before you come, open with chappel Valley near Mundens point if you dont Meet with good Anchor hold sooner, and then send y<sup>r</sup>. boat on Shoar to give the Gov<sup>r</sup>. intelligence who you are, for he is orderd to let no Ship pass that point, and come into the Road, before he knows what they are and whence they come, and if any Ship should attempt to break this order the Govern<sup>r</sup>. has the Companys possitive order to fire on them.

The Company orders us to lay a strict injunction on their Commanders to avoid if possible speaking with any Ship at Sea, which we more particularly do now, there being severall French Ships expected abroad, so it behoves you to keep a good Look out that you dont fall in with them.

The Severall Packetts we now deliver you, you are allways to keep at hand, and in case you are in Danger of falling into the Enemies hands, (which God forbid) you are to throw them overboard with sufficient weights to sink them, and all private Letters in your Ship.

Cap<sup>t</sup>. Matthew Martin of the Marlbrô agreeing with us in opinion, that it is safer for y<sup>e</sup>. Ship what she has on board to put to Sea than to continue at an Anchor here, and run the hazard of the approaching Monsoon, we have given him orders to sail in Company with You twenty or thirty Leagues to y<sup>e</sup>. E<sup>st</sup>ward of this Road, when you will be out of the Track of any french Ships bound from Bengall to Ponticherry; we would have you observe his Signalls whilst you keep him Company, both for sailing and Battle in case you meet with an Enemy, and require you to clear your Ship with all Expedition if you find there is any likelihood of your being Attack'd and we have putt aboard him a Serjeant w<sup>ch</sup>

twenty Soldiers for your joynt security ; We wish you a Successfull Voyage, & date these in Fort St. George this fifteenth day of October One thousand seven Hundred and Twelve.

LETTER FROM FORT S<sup>t</sup>. GEORGE TO THE COMPANY. OCTOBER 27, 1712. RECEIVED  
PER JOHN & ELIZABETH. [*Despatches to England, Vol. 3, pp. 80.*]

TO THE HON<sup>ble</sup>. THE COURT OF DIRECTORS FOR AFFAIRS OF THE R<sup>oy</sup>. HON<sup>ble</sup>.  
UNITED COMPANY OF MERCHANTS OF ENGLAND TRADING TO THE EAST INDIES.

HON<sup>ble</sup>. S<sup>rs</sup>.

The foregoing is an Abstract of our Generall Letter by the Dartmouth, that said hence the 16<sup>th</sup>. ins<sup>t</sup>. we would have sent a Duplicate but that this Ship John & Elizabeth was then intended to have follow'd in three or four Days, but meeting with some disappointments, we have an Opportunity to add what has happend of moment since that time.

Our last advices from Ballasore are of the 17<sup>th</sup>. Sep<sup>r</sup>. and confirm what we before suspected, Viz<sup>t</sup>. the unfortunate Capture of the Sherborne near Cape Bo'n Esperance Cap<sup>t</sup>. Cornwall & good part of the Ships Company were then on board the French Ships, y<sup>e</sup>. remainder they have set ashoar near Ganjam, they tell us M<sup>r</sup>. Welden and his family were gone to France but do not mention how or which way; after these french Ships came into their Station off Point Palmeras, the Marlbrô was the first Ship of consequence that fell in with them, & we have before inform'd your Hon<sup>rs</sup>. how narrowly, she escap'd which was purely owing to the Courage, and good Conduct of the Cap<sup>t</sup>. and his Ships Company and a very inconsiderable advantage in point of sailing, the great Ship that engagd him has fifty six Guns mounted and a numerous Ships Company.

After they left chasing the Marlbrô in their Return to their old station, they mett with a Ship and Briggantine belonging to Bengall and this place, returning from their Voyage to Jehore & Batavia, these they took and we believe may amount in value to seventy or eighty Thousand Rupees; likewise the Russell Gally, that was sent out of Bengall purposely to bring us advices of these Ships, fell into their hands, but whether they threw over board their packets or no, we cannot tell; they have not been seen since the 17<sup>th</sup>. and y<sup>e</sup>. English prisoners they put ashoar give an Acco<sup>t</sup>. that they were forc'd to leave the Coast and go for Mergen for want of Water, which if true there is no Manner of fear that the Kent & Recovery will fall in with them.

The Ship John & Elizabeth Capt. Wm. Hamilton Commdr.

The Dartmouth saild ye. 16<sup>th</sup>. ins<sup>t</sup>.

by Advices from Ballasore of the 17<sup>th</sup>. Sep<sup>r</sup>. we learn the Sherbornes being taken off the Cape.

The same french Ships take a Ship & Briggantine of this place & y<sup>e</sup>. Bay returning from Jehore and Batavia, also the Russell Gally, that was dispatched to us w<sup>th</sup>. advices. We hear that they have put for Mergen.

We shall propose to the Bay that ye. Ships dispatched too late for the Dutch Fleet may rendezvous here; tho' we fear our united forces will be too weak for y<sup>e</sup>. french & therefore hope you will procure men of war to convoy yo<sup>r</sup>. Ships during y<sup>e</sup>. war.

Being apprehensive that ye. french Ships will make for ye. Streights of Malacca, we have agreed to give Capt. Reid 600 Pag<sup>s</sup>. to take his passage thro those Streights & lodge advices at Malacca to preserve ye. rich Ships that may come that way.

The Rising Sun is arrivd Ballasore.

This Ship has pick'd up some Coffee, Redwood, Arrack & Bengall Goods.

We send Duptes. of sevill. papers & Dartmouth, herewith.

We shall propose to the Gentlemen in the Bay that what Ships are dispatched too late for the Dutch Fleet may rendezvous here, and proceed in Company to the Cape; for there is no doubt but the taking of the Sherborne will encourage the French to cruize off that place, in the proper Season for intercepting them; tho' we cannot but apprehend that our United force will be too weak for them [that] come fresh out of Europe with Ships too strong for ours to deal with and therefore we hope you will be pleas'd to procure men of warr to ply on and off the Cape in the months of Aprill and May, or to be sent hither to convoy your Ships to the Cape if the war continue otherwise the Enemy is now so well acquainted with all our methods and Stations, that it is almost impossible to prevent your Estates falling into their hands.

We are still at a loss to know how these French Ships intend to dispose of themselves, after they have fitted at Mergen, but 'tis most likely the Streights of Malacca will tempt them, we wrote yo<sup>r</sup>. Hon<sup>ty</sup>. in the foregoing that we had gott ready a small Vessell to send with advices to Malacca, but this being an affair of so much consequence, and the Season very late, that we might act w<sup>th</sup>. the greatest Security, we have since prevailed with Cap<sup>t</sup>. Reid in the Arabella an excellent sailer, to take his passage thro the Streights of Malacca, for which deviation we have allowd him a gratuity of six hundred Pag<sup>s</sup>. to be fairly levied upon the Stocks of those Ships expected that way, that are so happy to escape falling into y<sup>e</sup>. Ene[my's] hands; and if Cap<sup>t</sup>. Reid performs this peice of Service well, we hope you will be pleas'd to take notice of him when he arrives in England for his extraordinary willingness to undertake it, tho' it must of course disappoint him in his intentions of reaching y<sup>e</sup>. Dutch Fleet at the Cape.

We are very glad to acquaint your Hon<sup>ty</sup>. that your Vessell Rising Sun is arrivd safe in Ballasore River with the three hundred Tubbs of Tea from Bencoolen, having narrowly escap'd foundering in the Sea, as well as being taken by the Enemy.

This Ship John & Elizabeth has pick'd up a small matter of Coffee more, some redwood, Arrack, and a few Bengall goods that were sent up hither for them last year, very dear bought, but wee have taken care to prevent him getting any quantity of goods belonging to this Coast.

We send here with Duplicates of our Warehousekeepers and Storekeepers Lists of Demands an Abstract of the Dartmouths invoice Copy of the List of her packett, an Acco<sup>t</sup>. of goods recd from and sent to the Bay, Copy of a Letter from the Cheif & councill of Patna to the President & Council in Bengall giving an Acco<sup>t</sup>. of y<sup>e</sup>. posture of affairs there, and our Consultations to y<sup>e</sup>. 25<sup>th</sup> ins<sup>t</sup>.

We heartly wish Success to all your Affairs and are with due respect.

GENERAL LETTER FROM FORT S<sup>t</sup>. GEORGE TO THE COMPANY DATED THE 11 JANUARY 1713. RECEIVED PER MARY. [*Despatches to England Vol. 3, pp. 83—103.*]

TO THE HON<sup>BLE</sup>. THE COURT OF DIRECTORS FOR AFFAIRS OF Y<sup>e</sup>. R<sup>e</sup>. HON<sup>BLE</sup>. UNITED COMP<sup>Y</sup>. OF MERCHANTS OF ENGLAND TRADING TO THE EAST INDIES. HON<sup>BLE</sup>. S<sup>RS</sup>.

We have wrote your Hon<sup>ty</sup>. largely this Season by the Dartmouth under the 14<sup>th</sup> Octob<sup>r</sup>. and a short Letter of the 15<sup>th</sup>. the said Ship sailed hence the 16<sup>th</sup> in the morning in Company with the Marlbro who left her on the 18<sup>th</sup> forty Leagues to the Eastward of this place and clear of the Tract of Pontichery, we likewise sent a large abstract of the Dartmouth's Letter by the John & Elizabeth Sperate Stock Ship that Sail'd hence the 27<sup>th</sup> of Octob<sup>r</sup> w<sup>th</sup>. an addition what had happend material to that time, a copy of the Dartmouth's Invoice and other papers of the greatest Consequence.

The Dates of our last Letters.

Capt. Martin left ye. Dartmouth 40 Leagues to ye. E<sup>st</sup>. ward.

## FIRST CONCERNING SHIPPING SENT OUT &amp; RETURN'D.

2. On the 23<sup>rd</sup> of Novemb<sup>r</sup>. a small sloop arrivd here from Malacca, which the Supra Cargoes of the Howland purchased there to bring us advices of their Safety, and that having receivd intelligence accidentally of the French Ships being in these parts they had determind to stay and come in Company with the Dutch, who were daily expected to the number of six or seven sail, when y<sup>e</sup>. sloop left Malacca the 26<sup>th</sup> of Octob<sup>r</sup>. the Howland having been dispatch'd from Macao late in Feb<sup>r</sup>. met with a tedious passage thro, the Streights, insomuch that it was some time in May before she reach'd Acheen, when the S. W<sup>t</sup>. Winds being hard set in they could not weather the Nicobars, and so bore back to Malacca, intending to go round by way of Batavia, but afterwards alter'd their mind, for what reasons we cannot tell, & Cap<sup>t</sup>. Cooke died at Malacca the 16<sup>th</sup>. of Septemb<sup>r</sup>.

On ye. 23<sup>d</sup>. Nov<sup>r</sup>. arrivd a sloop

Malacca bringing us News of the Howlands safety & that they intend hither in Comp<sup>y</sup>. w<sup>th</sup>. the Dutch, also that Cap<sup>t</sup>. Cooke was dead.

3. We sent the foremention'd sloop call'd the Expedition into Fort S<sup>t</sup>. David river to be examin'd and well fitted in order to cruize and look out for the French Ships, but when she came to be strip'd she was found so crazy and rotten, that nothing but her sheathing had held her together, and therefore we have thought it more your Interest to break her up, than keep her at a constant Expençe for repairs.

We sent y<sup>e</sup>. said sloop to Ft. St. D<sup>d</sup>. to be examin'd & was found so rotten y<sup>t</sup>. we thot, it y<sup>ou</sup>. interest to break it up.

4. We wrote your Hon<sup>ty</sup>. in our last that the Marlbrô put to sea with the Dartmouth for fear of y<sup>e</sup>. Monsoon, and on the 24<sup>th</sup>. of November she returnd into this road the Danger being over, wee keep her here in a readiness to carry down our Rupees as soon as we are sure that the French Ships are not in the way to intercept her, for as she must of necessity go down along shore w<sup>th</sup>. y<sup>e</sup>. land and sea winds, which will take up at least a months time, & 'tis very probable

the Marlbro returnd to us ye. 24<sup>th</sup>. Nov & we intend her for the Bay as soon as ye. danger of

the french  
is over.

the french may drive up the Coast in their passage to Pontichery, we think the hazard too great since they are now clean Ships, and will undoubtedly have the advantage in sailing.

5. The Sherborne prize arriv'd at Pontichery the 9<sup>th</sup> Ult<sup>o</sup>. and left the two french Ships, at Negrais Island the 21<sup>st</sup> of Octob<sup>r</sup>. where they intended to water and careen with all Expedition in order to return a cruizing, and since we have receiv'd no news of them by our Bengall Shipping we must conclude they design for the Streights of Malacca, however we hope such measures are taken that they will be totally disappointed.

On ye. 30th.

6. Your Ships Kent and Recovery arriv'd safe at Ballasore the beginning of Octob<sup>r</sup>. the French having quitted their station sometime before for want of water, they write us from Bengall that the Recovery is intended for Persia, and the Kent to be partly loaden and fill'd up here, for which we shall make all possible preparation.

the Derby  
not being un-

directions,  
the Capt. had

not to stay  
for ye. Mary  
but to sail ye.

he might be  
sure of reach-  
ing ye. Dutch  
Fleet.

7. On the 30<sup>th</sup>. Ultimo arriv'd Ships Derby, London and Mary from Bengall, the Derby being fully laden and under her dispatches for Europe, the Mary kentilag'd with salt Petre and five hundred & two Bales of fine goods to be filled up here, and the London bound to Bombay, an empty Ship in a manner, having been disappointed of her expected frieght, by the General Letter that these Ships brou<sup>t</sup>. us from four Presid<sup>t</sup>. and Council in the Bay, a copy of which comes inclos'd it seems as if the Derby had been intended to part with the other two Ships before they came into this road, and no copy of the Captain's dispatches being sent us, we were oblig'd to demand his reasons for coming in here, upon which he produc'd his dispatch, wherein he has positive orders to accompany the London and Mary hither, and if the Mary could be fill'd up in few days to stay and go in company with her, but by no means to hazard coming up w<sup>th</sup>. the Dutch Fleet at the Cape; which orders leave the Cap<sup>t</sup>. intirely at his Liberty to stay here just as many Days as he pleases; The Dutch Fleet for these three years past have sail'd from the Cape on or about the 20<sup>th</sup>. day of March, and therefore we could not but be of opinion with Cap<sup>t</sup>. Wotton that in order. To be sure of joyning them, a ship ought to sail from hence the 1<sup>st</sup>. of January at farthest, and your Hon<sup>rs</sup>. may please to observe upon our Consultation dated the 30<sup>th</sup>. Ultimo, that finding it would take up at least ten days to take ashoar the goods from the Mary & fill her up, we determin'd to leave the Cap<sup>t</sup>. of the Derby to his Bengall dispatches, that he might not run any hazard of being too late for the Dutch, accordingly he filled his water and intended to have sail'd the first instant.

On ye. 1st.  
inst. arriv'd  
ye. Howland  
whose Sup<sup>r</sup>.  
Cargoes &  
Capt. tells Us  
they were  
assurd at  
Batavia that  
ye. Dutch  
Fleet wou<sup>d</sup>.  
sail thence a  
mo. later  
than usual  
wh. com-  
municated  
to Cap<sup>t</sup>. he  
agrees to  
stay for the  
Mary & We  
perswaded  
Capt. Upton  
to bear them  
Compa<sup>n</sup>. as far  
as lay in his  
way, for their  
mutual Secu-  
rity from  
ye. french.

8. On the first early in the morning arriv'd the Howland from Malacca which place she left the first of Decemb<sup>r</sup>. in Company with six sail of Dutch Ships bound to Bengall, and parted with them off the Andeman Islands, the Supra Cargoes and Cap<sup>t</sup>. infor[med] us that they had very good assurances from the Commanders of the Dutch Ships who left Batavia in Octob<sup>r</sup>. that their Fleet bound for Europe would sail at least a month later this year y<sup>e</sup>. usual from Batavia, and consequently they will not be able to go so early from the Cape as they did last year; this advice being communicated to Cap<sup>t</sup>. Wotton, together with our opinion that he might stay for the Mary, without any hazard of being too late to join the Dutch he readily agreed to it, as being conformable to his Orders, and to what your Hon<sup>rs</sup>. have wrote in yo<sup>r</sup>. last Letters concerning your Ships rendezvousing homeward bound, and these two Ships being very rich, we have perswaded the London to go in Company with them as far as lies in her way to the Malabar Coast, there being no hopes of her getting time enuff to Bombay to save her passage for Europe, and [as] there are more Ships on that Coast than can be loaden home this Season it cannot be any disappointment to yo<sup>r</sup>. affairs.

9. We wrote your Hon<sup>rs</sup>. by the Dartmouth that being apprehensive your Ship London might be disappointed of a freight in y<sup>e</sup>. Bay because of the troubles, we advised the Presid<sup>t</sup>. & Council how dear Rice was w<sup>th</sup>. us, and what profit might be made in loading her therewith, but th<sup>o</sup> we receive'd an Answer to our Letter wherein they promise us if freight was not procureable, that they would load her w<sup>th</sup>. rice, to our very great surprize and disappointment she is come up hither without one bag of rice or any thing else for your Acco<sup>t</sup>. and nothing for Bombay that we can learn except about fifteen hundred bags of Sugar; their excuse is contain'd in the inclosed copy of their Letter, which is humbly submitted to your Hon<sup>rs</sup>. judgment and particularly to such as are acquainted with the Bay; her cargo of rice would have clear'd between four and five thousand Pagodas, besides the benefit to the place, and now after a twelve months Loss of time the Ship returns in a manner empty, and too late to be dispatche'd for Europe this Season.

Th<sup>o</sup> we wrote to y<sup>e</sup> Bay, that if y<sup>e</sup>. London could not get freight, to load her w<sup>th</sup>. grain for this place & they told us they would, She is come almost an empty Ship w<sup>th</sup>. out a bag on yor. Acco<sup>t</sup>. w<sup>ch</sup>. has been a loss to y<sup>e</sup> place & about 5000 Pag<sup>as</sup>. out of y<sup>e</sup>. way.

10. We may very well suppose that the Gentlemen in the Bay have given your Hon<sup>rs</sup>. some reasons (th<sup>o</sup> they did not think fit to give us any) why they have sent up no more than five hundred bags of rice upon the Mary when they might as easily have sent two thousand, what they have sent us is old and damag'd sweepings of their Godowns, such as was the wheat which they sent us up by the Presid<sup>t</sup>. we should not trouble your Hon<sup>rs</sup>. with these complaints if they were otherwise to be remedyd, but when we wrote concerning the wheat, they answer'd us that there was no better to be had, th<sup>o</sup> the same Ship brought as good as ever was seen for other people, and when we make any other Complaints, we find it occasions endless disputes to the apparent prejudice of your affairs; the Gurrabs sent us up for package of our Bales are abominable thin, full of holes, and not fit for wrappers to the Longcloth, as will appear when severall of the bales come to be open'd in your Warehouse, and we hope you will take effectual methods that we may be better supplyd for the future, since it will appear by our Letters that we have found fault in vain.

The Mary came hither w<sup>th</sup>. only 500 bags of Rice when She might have bro<sup>t</sup>. 2000.

Complaints of y<sup>e</sup>. Grain & packing Stuff sent us from the Bay.

11. In ours by the John and Elizabeth we acquainted your Hon<sup>rs</sup>. y<sup>e</sup>. y<sup>e</sup>. Vessell Rising Sun was safe in Ballasore with the three hundred Tubs of Tea from Bencoolen, and we have since receiv'd advices that the Tea is loaden aboard the Derby, and the Vessell having been surveyd and found not worthy repair, is order'd to be broke up, which ought to have been done long ago as she was a very heavy and unprofitable bottom.

The Tea by the Rising Sun from Bencoolen is put aboard y<sup>e</sup>. Derby & y<sup>e</sup>. Vessell broke up.

12. On Christmas day we receiv'd Letters overland from Anjengo, advising the arrivall of Ships Somers and Grantham at that place the 21<sup>st</sup>. Nov<sup>r</sup>. the Cap<sup>ts</sup>. were not so kind to write us a line, so that we dont know any Particulars of their passage, nor what is become of the rest of y<sup>e</sup>. Ships that were to come out in Comp<sup>y</sup>. with them.

The Somers & Grantham arrivd Anjengo y<sup>e</sup>. 21<sup>st</sup>. Nov<sup>r</sup>.

13. The Howland brought us advices from Malacca by way of Batavia that the Toddington arriv'd Bencoolen the 9<sup>th</sup>. of Aug<sup>r</sup>. [*Lacuna*], and that both she and the Success would in all likelihood, be dispatch'd time enuff to joyn the Dutch Fleet, but of this more under y<sup>e</sup>. head of the W<sup>t</sup>. Coast.

The Toddington arrivd Bencoolen y<sup>e</sup>. 9<sup>th</sup>. Aug<sup>r</sup>. & tis supposed both She & y<sup>e</sup>. Success will be dispatche in time.

14. Your Ship President is still employed on the W<sup>t</sup>. Coast Service, and y<sup>e</sup>. Maddepollam Yatch has made a Trip to Vizagapatam & back hither with a loading of Rice that will bear her Expences for y<sup>e</sup>. Season.

the Presid<sup>t</sup>. is employd on the W<sup>t</sup>. Coast & y<sup>e</sup>. Maddapollam is gone to Visa.

## SECONDLY CONCERNING GOODS SENT &amp; TO BE SENT FROM EUROPE

15. Having wrote so fully under this head by the Dartmouth, we are now only to Trouble your Hon<sup>rs</sup>. in compliance with our promise, in the 47<sup>th</sup>. Paragraph of the said Let[ter for ] an Acco<sup>t</sup>. of y<sup>e</sup>. new Sortments mention'd in the 39<sup>th</sup>. para of yours by last years Shipping.

The Medleys are unserviceable to y<sup>e</sup>. Natives & will only of amg. those that wear Europe habits, & we have enow on our hands for 2 years.

16. We have pursuant to your Orders made a tryall of the few Bales of cloth you sent Us of severall Sorts and Colours, they are altogether unserviceable for the Natives, and can only be vended among our Europe inhabitants, and such as wear Europe habits, the quantity is too large, and they lie at present very heavy upon our hands; when they (*sic*) Shipping comes in part of it will go off, but so slowly that we are of opinion what we have by us will not be disposd of in less than Two year, so that your Hon<sup>rs</sup>. will be able to judge, by this and what more you will have sent before this Letter comes to hand, whether to send any further Quantitys or no.

We have disposed of y<sup>e</sup>. Embossed Cloth at 40 Pags.  $\Psi$  pce, and are of opinion that about 60 p<sup>cs</sup>. yearly will do well.

17. As for the imbossd cloth we have disposed of the whole quantity, except a few peices that we keep for presents, at forty Pag<sup>s</sup>  $\Psi$  Peice which is about 100  $\Psi$  Cent upon Invoice, and we chose to let it go all into one hand rather than to sell it at Outcry in order to keep up the price of what may come hereafter, we are of opinion fifty to sixty peices yearly will sell at the same rate, if a larger quantity comes, it will not only lessen the price very considerably, but put it quite out of esteem among the great Men that now make use of it, and if it lyes by any time in your Godowns, it will infallibly be spoild.

We could not sell y<sup>e</sup>. imbossd Callimancoes for prime cost neither by private nor at public sale. The Gold & Silver thread have been try'd at publick sale but will not sell for prime cost we shall enquire if that & y<sup>e</sup>. imbossd callimancoes will do at the Bay.

18. The imboss'd callimancoes cost much dearer in proportion than the Cloth, and are not att all in esteem, we have endeavour'd all in our power to sell them to our Merchants, and were at last oblig'd to put them up at publick Sale for a tryall, where no body bidding up to prime cost they remain still unsold.

Y<sup>or</sup>. Hon<sup>rs</sup>. may send that sort of Iron y<sup>e</sup>. costs least, only keeps to y<sup>e</sup>. proport<sup>n</sup>. of square & flat Barrs y<sup>e</sup>. Price now here is 11 Pags.  $\Psi$  Candy.

19. Since what we wrote by the Dartmouth concerning the gold & silver thread, we have put the quantity which came out by this last Shipping up to sale, but the town being glutted with what came out the year before, no body bid within Twenty  $\Psi$  Cent of the Invoice price, wherefore it remains unsold, and we shall write to Bengall to know if they will give us any encouragement to send it together with the imbossd Callimancoes down thither.

We see no reason to alter the demand of Broad Cloth  $\Psi$  Dartmth. either in q<sup>t</sup>. or sort.

20. In answer to your Hon<sup>rs</sup>. 43<sup>d</sup>. paragraph concerning Iron, y<sup>e</sup>. Persons that buy it here never make any distinction, so that you may be pleased to send that sort w<sup>ch</sup>. costs you least in England, only we desire that you will be pleased to keep to the proportion of square and flat Barrs demanded in our Storekeep<sup>r</sup>. List the price here has seldom ever exceeded, Twelve Pag<sup>s</sup>. the Candy, and never been under ten, we sell now at eleven and there it has stood severall months if no very great quantity comes next Season there is no doubt but [we] may keep up the price.

21. We see no reason to make any alteration in the quantity or sortment of Broad Cloth demanded by the Dartmouth, only desire that we may have at least the full quantity of greens to put off the Reds that will infallibly be remaining upon our hands.

THIRDLY TOUCHING YOUR INVESTM<sup>ts</sup>. IN INDIA.

[We] have read an answer from [Visign.] relating to their pack<sup>ts</sup>.

22. We have receivd a further answer concerning the Vizagapatam Package in their Letter dated the 17<sup>th</sup>. of Octob<sup>r</sup>. which is enter'd in our Letter Book N<sup>o</sup>. 190, to which we begg you will please to be referr'd, & we hope y<sup>or</sup>. Serv<sup>ts</sup>. at that place will be as good as their words.

23. In our last we acquainted you with our undertaking of Long cloth and Sallampores in the Dasheroon Country, which being the first essay has not altogether succeeded to our Expectation, tho' we must needs say the Merch<sup>ts</sup>. that undertook it have done their part, but the Nabob Habid Cawne having march'd that way in August last with his Army terrified the weavers from their habitations, and we had much ado to secure what cloth was then come in from falling into his hands we have lately receiv'd about two hundred bales from those parts, but the better half being brown, and having receiv'd some Damage by the sudden transportation of it for fear of the Nabob, we could not get it wash'd to come by this Ship, having more cloth in the washers hands before than they were able to dispatch.

Our Undertaking for Lo Cloth & Sallampores in the Dasheroon Country has not with some disappointment occasioned by y<sup>e</sup>. troubles from y<sup>e</sup>. Nabob in those parts, tho' y<sup>e</sup>. Merch<sup>ts</sup>. have done their duty & we have rec'd near two hundred Bales.

24. In our 76<sup>th</sup>. paragraph by the Dartmouth we wrote your Hon<sup>rs</sup>. that we had set all Engines at work to procure as large a quantity of gruff goods as possible, and we may assure you that no time has been lost, but the vast quantity of rains that fell in Octob<sup>r</sup>. and part of Novemb<sup>r</sup>. has been a great hindrance both to weavers & washers but more especially the latter, who have been kept at work night and Day for the Dispatch of this Ship.

The rains in Octobr. & Novr. have been a great hindrance to our curing Goods for this Ship.

25. From the time of the Dartmouth's sailing that swept our Godowns, we have got ready about Eight hundred Bales upon our former Agreement, and now that we have the prospect of a plentiful Crop, and grain is every Day falling, we shall proceed no further without an abatement; our last Letter from Fort St.

We have ready 800 bales upon a former Contract, & shall proceed no further with out an Abatement.

David advises that they have between six and Seven hundred bales made up, and shall have a full loading for the Howland by the 20<sup>th</sup>. of this month, but we are very apprehensive that the arrivall of y<sup>e</sup>. expected French Ships at Pontichery, will make it impracticable for her to take in her loading with safety, since they are not under M<sup>r</sup>. Heberts orders but come abroad without Stocks purposely to seek for Prey, and having hitherto had little or no Success will attempt any thing rather than return empty for Europe, we dare not venture to bring our Goods up under Gentue marks for the reason, y<sup>t</sup>. the French Ships are no ways depending upon Pontichery; we shall act with all imaginable prudence and caution, and leave no stone unturn'd to dispatch the Howland if it may be done with safety, her time expires the last instant, and we have sufficient ready to fill her up by that time, but if it is not to be done without an apparent hazard of the whole, we hope your Honours will not be in pain for the Ship in case she should not arrive, nor angry with us for the disappointment since we shall be sure to act what we judge most for the Security of your Estate.

They have about 700 bales at Pt. St. Dd. & shall have now to load y<sup>e</sup>. Howland by the 20<sup>th</sup>. but how to get at ym. we cant tell because y<sup>e</sup>. frch. now lie at Pontichery to intercept us, wherefore if she should not arrive in y<sup>e</sup>. Season we hope yor. Hon<sup>rs</sup>. will not be uneasy, for y<sup>e</sup>. do not think of running an unreasonable risque.

26. If the Howland had arriv'd here ten or twelve days sooner, we cou'd have dispatch'd her from hence instead of the Mary time enuff to have joyn'd the Dutch Fleet, but the Cap<sup>t</sup>. assuring us that he could not got his Ship shifted before the 15<sup>th</sup>. or 20<sup>th</sup>. of the month, and consequently she could not be dispatch'd before the latter end, we have thought it more your interest to let two such rich Ships make the best of [their] way in Comp<sup>t</sup>. to joyn the Dutch, which there is no doubt (barring unavoidable Accidents) but they will accomplish, and tho' y<sup>e</sup>. Howland has been longest abroad she is in very good condition and at

Reasons why we could not dispatch the Howland before the Mary.

much less demorage than the Mary, wherefore we hope you will excuse this necessary deviation from your Standing Order, since if we had unladen the Mary to fill up the Howland, neither of them could have had any hopes of reaching the Dutch Fleet.

sum of money  
from ye. St.  
Juan for  
Manila that  
had our pass.

27. If the ware should continue in Europe, we humbly propose that we may always have a dead stock by us, at least for the Investm<sup>t</sup>. at Fort St. David, by which means the Bales will allways be ready to be sent up hither in the months of March, Aprill and May, when there is no danger of an Enemy upon the Coast, in the meantime till we have your Answer we will make a Shift for this Season by stretching our Credit if there be occasion, and had not M<sup>r</sup>. Roberts struck that fatal Stroke to the Hon<sup>ble</sup>. Companys Credit upon the Union, by buying up the Merchants bonds at discount with the interest to himself, after he had advices that your Ships were upon the way and might be dayly expected, we could never have wanted a much larger Sum at a short warning than ever your occasions require, however we hope in a little time to retrieve the ground we lost by that unjustifiable Conduct (not to give it a worse title) and in the meantime we are ready to serve you with our own fortunes rather than let your Shipping lie upon our hands.

28. Your President and Council in the Bay wrote us by the London & ca that they would send the Kent to fill up here, but we have since receivd another Letter dated the 20<sup>th</sup>. of Decemb<sup>r</sup>. wherein they tell us they shall be able to dispatch her a full Ship by the latter end of this month directly for Europe, but that they have no salt Petre to Kentilage her, and therefore they design to do it with redwood, we heartily wish she may get safe home, but some of us know by experience that Redwood is a very dangerous kentilage; if the troubles in the Bay continue we shall not have a bagg of salt Petre for our next years Shipping.

29. We have Travers'd the Tea that came upon the Howland on board ye. Mary, that it may be with you as soon as possible for we fear it has lain already long enuff upon the Sea, we send also forty Chests of Raw silk which came upon the same Ship from China, and is said to be the very best that could be procur'd.

30. The Howland's Cargo not being yet all landed, nor the Acco<sup>ts</sup>. examin'd we must deferr giving you any Acco<sup>t</sup>. of that Voyage till our next, our present thoughts are to try the Market here and if we do not find it answer our Expectation, to send the Copper and Tutanage down to the Bay by the Marlbró, taking the value of it out of their Rupees which at present sell very well here.

#### FOURTHLY TOUCHING THE TRADE OF INDIA IN GENERALL AND THEREIN ANY TRANSACTIONS W<sup>th</sup>. THE COUNTRY GOVERNMENT.

31. There is very little alteration in the Trade of India since our last, if any it is for the worse, the Howland left Gold at Eighteen above touch in China, and all other goods extravagantly dear occasion'd by the French Ships that come annually over from Peru, which likewise Ruins the Trade between this place and Manilha; the warr in Bengall still continues and there are armys afoot as low as Hughly, which is a very great Obstruction to all manner of Trade, especially those Branches of Patna and Cassimbuzzar, and will prevent both your Ships and all others from getting any considerable freight this Season.

32. We are very sorry to acquaint your Hon<sup>rs</sup>. that whilst we are labouring under these calamitys, surrounded by Enemies on all sides, we should suffer by our friends; the little notice that was taken of our complaint when Beaws in the Arlbemarle extorted a Sum of money from the Manhila Ship at Malacca, has undoubtedly encourag'd Cap<sup>t</sup>. George Cooke Comm<sup>dr</sup>. of the Howland to do the same,

the Ship S<sup>t</sup>. Juan saild hence in July freighted by the Armenians and your black Inhabitants for Manhila and arrived at Malacca in August, Cap<sup>t</sup>. Cooke immediately got his Ship in a readiness, remov'd close to the S<sup>t</sup>. Juan threatening to accompany her out to sea and seize her, which so terrified the Armenians that they durst not leave the Port (tho late in the Season and their passage was in danger) till they accommodated the matter for a round Sum of money, but how much we cannot justly tell till the Ship returns; these rash Actions to Ships that sail under our passes and your Hon<sup>rs</sup>. protection will terrifie all strangers from frequenting your Ports, and your inhabitants from sending their money to Sea, the ill consequence of which will soon be felt in your Revenue; we know very well that your Hon<sup>rs</sup>. have often forbid your Captains taking out [Letters] of Mart, yet there is not one Ship that comes abroad [ . . . ] if the war continues we humbly request in behalf of the Trading people under this presidency that you will be pleas'd to take effectuall methods for preventing those Commissions being taken out for the future, which may very easily be done if you think us worthy of so much favour.

The methods to be taken to prevent ye. like in future.

33. The Country round about us is in peace and quietness, the Duan our Suba is lately made a Nabob by the new King, and march'd some time since up into the Country at 15 Days distance to raize contributions among the Rajahs, so that we are not apprehensive of any immediate Troubles nor have we yet been call'd upon for the usuall present upon his encrease of Hon<sup>r</sup>. which we take care to stave off as long as possible with small Piscashes to his under Officers that have most power with him.

The country about us is in peace new Hon<sup>rs</sup>. confer'd upon our Nabob.

34. The Peace is firmly settled to Fort S<sup>t</sup>. David, and all thoughts of the blood that was shed during the warr seems to be bury'd in Oblivion, your Merchants bring in goods apace now they are fed with ready money, and we are dayly endeavouring to recover the Renters Debt, of which we hope to send you a more Satisfactory Acco<sup>t</sup>. by the Howland, your revenues will daily encrease, and there is no doubt but by Prudent management and mild behaviour to your inhabitants, That place (which is capable of great improvem<sup>t</sup>.) may be brought to maintain itself, as it once did in M<sup>r</sup>. Hatsell's time, there is not a better spot of ground upon this Coast, and all the adjacent Country is famous for many usefull manufacture[s] but most especially Longeloth and Sallampores.

The Peace at Ft. St. David continues we already reap many good Effects from it & have promising hopes of more.

35. Habid Cawne Nabob of the Carlinga Country has this year attack'd and taken Maddapollam, Narsapore Fort and other Strong places in those parts, plunder'd and destroy'd all the Country round about belonging to Rajah Ranjeraze, he has pull'd down all the gates and windows of our Factorys, and laid them open for his soldiers To lodge in, and by the Acco<sup>t</sup>. we have lately receiv'd from thence, we are afraid it will not be worth while to repair them; we have not been wanting to express our Resentments in writing for this ill usage, but words avail little with these men of power, and it is not worth our while to seek for any other Satisfaction, we suppose when he has done as much mischief as he can he will return to his usuall residence further Northward.

Habid Cawne has plunder'd & destroy'd ye. Country about Maddapollam belong<sup>t</sup>. Ranjeraz & has almost demolish'd our Factorys so that we fear they are hardly worth repairing. Can get no redress at ye. distance.

36. Our Endeavours to Supply this place with grain have met with th[is] desir'd success, vast quantities are dayly imported, and there is a very promising crop upon the ground all round about us, when it is at the cheapest, we shall take care to lay in a Sufficient Store which is the only method to prevent so dangerous a Scarcity for the future.

Our Endeavours to supply this place with grain have provid successfull & we shall lay in a store [ . . . ]

37. We have lately receiv'd Letters from Surat, advising that Generall Aislable lyes before the mouth of that river with the Ships Mountague and Heathcote and three Ships that they have seized belonging to Abdull Gafore, endeavouring to get all differences adjusted with the owner.

We are advis'd that Genll. Aislable is at Surat bar endeavouring to adjust differences wth. Abdall Gafore.

By Virtue  
of our  
Corporation  
charter we  
have tryd ye.  
& Pirats that  
attempted  
ye. Eugene  
condemnd &  
executed one  
& banished  
ye. others to  
ye. Wt. Coast  
as Slaves.

38. In our last we mention'd an attempt made by the Lascars belonging to Ship Eugene to have run away with the Ship and Cargo, after having murther'd the Cheif Mate and desperately wounded the Boatswain, & finding it absolutely necessary for the Security of Trade and Navigation in these parts of the world, that the Malifactors should be brought to a publick tryall, we had recourse to our Corporation Charter granted by King Charles the Second and confirmd by King James, wherein we find a full power to try and execute for felony & murder by a majority of votes of the Court of Aldermen the Mayor allways to be one; accordingly four of these Lascars were brought to their Tryall, and the person who mortally wounded the Mate was condemn'd and Executed, the rest are banish'd to the West Coast, but might also have been found guilty by our Laws, however the Court was satisfied with making an Example of the most notorious Offender in hopes to deterr others from the like barbarous crimes, and we do not dispair but it may have some good Effect upon our own Country men, among whom there are many that would be ripe for any mischeif if they were not severely kept under; but having formerly wrote so much upon this Subject, we shall patiently wait to know your Hon<sup>rs</sup>. Pleasure concerning it.

#### FIFTHLY TOUCHING YOUR FORTIFICATIONS BUILDINGS AND REPAIRS.

In ye. late  
rains one of  
ye. inner  
Fort Basi-  
tions fell  
down & we  
are of  
o<sup>n</sup> i<sup>n</sup> i<sup>n</sup> i<sup>n</sup>  
o<sup>n</sup> i<sup>n</sup> i<sup>n</sup> i<sup>n</sup>  
rest will  
shortly  
follow, &  
the whole  
buildings  
are in such a  
condition  
that it won'd  
be endless  
work to  
repair them.

39. We are finishing the Buildings we have in hand with all possible Expedition, and are very sorry to acquaint your Hon<sup>rs</sup>. that in the late Severe rains one of the Bastions of our inner Fort tumbled down, and we are of opinion that the rest will follow in a very little time, the Lodgings under the Courtin are in a most lamentable condition, as well as the Armory, Storerooms and Godowns, it would be endless work to repair them and consequently mony thrown away, and as we shall be under an absolute necessity to erect a proper building for the accommodation of your covenanted Servants, severall of whom are dispers'd about in very inconvenient places, and some obligd to hire lodgings at their own Expenca, we humbly offer the following proposalls.

The Bastions  
of ye. inner  
Fort are of  
no use for  
defence &  
only serve to  
make a noise  
in Country,  
Wherefore  
we propose.

40. The inner Fort has four pretty large bastions each with ten Guns of great weight mounted upon them, which are no way usefull for the defence of the place either to land or sea ward, it [was so] when we first settled here, and was very usefull to protect our [men] before the town was walld in, but now only serves to make some noise in the Country of a Fort within a Fort, which convenience (if any) will be much better provided for by what we are going to propose.

To pull down  
this & build  
another more  
usefull.  
The manner  
of it.

41. We would pull down all the inner Fort, and take in the whole square with a very strong wall, taking care to lay a good foundation which was very much wanting in the present buildings, as appears by the Bastion lately fallen down; we propose to carry out a small Semicircle at each Angle proper for mounting large Pattareroes or small Brass Guns with swivells to traverse round, and down into the Streets to clear them upon occasion, and the same we would mount at convenient spaces round the Courtin, which would be a much better defence than the Guns now upon the points, that can only serve to batter down the houses in the Town.

In this we  
propose to  
accomodate  
all your  
Covenanted  
Servts. wch.  
will save  
ye. entire  
charge of wt.  
was calld a  
Colledge.  
Severall  
other usefull

42. We propose to accomodate all your covenanted Servants within y<sup>e</sup>. compass of this square, by which means they will allways be under our Eye much easier kept to their business, and allways obligd to conform to the regular hours of the Fort, the Gates being shut at half an hour after ten; we shall save the intire charge of what was formerly calld a colledge, and the materialls of this present Fort will all be usefull (except the timber which is rotten) towards the new building we shall have room likewise for the Gold mint, Treasure Ware-house, Armory, Cookroom and other proper officer within the Compass of this Building, as your Hon<sup>rs</sup>. may please to observe by the Accompanying Draughts;

we will wait your pleasure before we venture upon so considerable an undertaking, and have in the mean time secur'd the fallen Bastion as well as we can on y<sup>e</sup>. inside, the whole building has been carefully survey'd and all people of judgment agree in opinion that it cannot stand such another rainy Season, all which is humbly, Submitted to your Consideration.

43. It gives us double concern that at the same time we are oblig'd to lay out so much money on your Buildings here, there appears to be y<sup>e</sup>. same necessity for going to work at Fort St. David, where the same violent rains have wash'd down the best part of the Fort Lodgings, the Stair case and part of the Consultation room, the powder Magazines, Warehouses and severall other necessary Buildings are propp'd up and daily expected to fall upon their Heads of all which your Hon<sup>rs</sup>. will have a full Acco<sup>t</sup>. in their Letter to us dated the 22<sup>d</sup>. of November No. 194 so that they have neither conveniencys for lodgings, magazines nor Warehouses for your goods neither at the Fort nor at Cuddalore; we have sent down Mr. Thomas Way, a very able man in building to survey the whole and bring us a plan of y<sup>e</sup>. work necessary to be done, which we hope to send your Hon<sup>rs</sup>. by the Howland, and shall only do as much as is absolutely necessary for the preservation of your Servants lives and the security of your goods and Magazines till we have your further Orders; this unexpected work falling upon our hands has prevented our getting ready the Draughts of our Hospitall and free gard house which we promis'd in our last.

44. 'Tis universally confirm'd by all that were under M<sup>r</sup>. Roberts when Deputy Govern<sup>r</sup>. of Fort St. David, that upon severall representations (made by Persons that understood Building) of the slightness of the work, he always Answer'd it would last his time, which shews the generous regard he had for Posterity and the interest of his Employers.

45. Your Deputy Govern<sup>r</sup>. of Fort St. David having no place to lodge in was oblig'd to repair the Garden house, which was also tumbling down with the rains, being a building that was wholly contriv'd and manag'd by M<sup>r</sup>. Roberts to last his time; M<sup>r</sup>. Raworth writes that he has compleated it for five hundred and fifty Pagodas, which is so very reasonable that we could not deny reimburseing him out of your Cash, but not without a decent reprimand for his undertaking it without our Consent least it should be made a precedent of hereafter, this affair will appear at large upon our Consultation of the first of Decemb<sup>r</sup>.

49. The Officers pay will be reduc'd this month pursuant to your Orders, and we have hopes of recovering Ensign Kirkbred from the Moors, w<sup>th</sup>. the rest of those vile wretches mentiond in our last deserted w<sup>th</sup>. him from Fort S<sup>t</sup> David; they are now in the service of the Nabob at a great distance from us, and upon some advices that arrivd here of their good entertainment and large salarys, we had like to have lost great part of our Garrison, Seven deserted at one time, Three at another and about fifty more were in a Combination to follow, but we had the good fortune to overtake and bring back those that were gone, and by severe punishment inflicted upon the Ringleaders, we hope others will take warning, the whole number was too considerable to be punished; and this may serve to convince your Hon<sup>rs</sup>. what sort of Soldiers we have to depend on.

51. Your late Provisionall Govern<sup>r</sup>. Mr. William Fraser takes his passage on this Ship, we have oblig'd him to deposite the sum mention'd in our last on Acco<sup>t</sup>. Salary, and likewise the full Custom of y<sup>e</sup> Elephants mention'd in our Letter by the Bouverie.

52. Mr. William Martin has requested to lay down your Service & come home upon the Derby to plead his cause concerning the Warehouse Acco<sup>t</sup>. which we consented to for reasons that will more properly fall in under the head of Accounts.

53. Mr. Philip Baker one of your Council at Fort St. David a person that has been long famous for a Scurrilous Tongue and disobedience to his Superiours, having lately behavd himself very abusively to your Deputy Govern<sup>r</sup>. upon his having discover'd some unwarrantable practises in the Paymasters Employ, and particularly clothing the poor Soldiers at Extravagant rates as will appear by the Deputy Govern<sup>r</sup>. Letter dated the 6<sup>th</sup> of December N<sup>o</sup>. 207, and another Letter from the Council dated the 22<sup>d</sup> Ditto No. 217, wherein the Accusation is fully Prov'd we have thought ourselves obligd to Suspend him for the present in order to keep up good Government in your Settlements, and we have directed for the future that your Poor Soldiers may have the benefit of your Hon<sup>rs</sup>. Generosity in being cloath'd at prime cost, as well as the rest of your Servants. some of whom have much less occasion for it.

54. Lieut. James Hugonin that lay so long prisoner in Chingy has petition'd us for some allowance towards his Expences, as enter'd after Consultation of the 29<sup>th</sup>. of Decemb<sup>r</sup>. we humbly offer it to your Hon<sup>rs</sup>. consideration as he has been a good old Servant, and sufferr'd very much, we have promis'd him that in case he can discover any money or effects belonging to the Renters he shall be considerd.

Lieutt. Hugonin has petition'd us for an allow<sup>ance</sup>. towards his Expences when prisoner wch. we have promis'd if he can discover any Effects of the renters.

55. There are now Two vacancys at this Board, and upon reperusal of your Orders by the Heathcote, we think we ought to fill y<sup>m</sup> up, and therefore shall make choice of Richard Horden and Joseph Smart who are the two Senior Servants, tho' there is a dispute of Seniority between them, which we hope your next Letters will decide, they are both Sober men and diligent in your Service, wherefore we hope You will please to confirm them.

We have fill'd up ye. vacancys in councill according to yor. orders by the Heathcote wth. Mess<sup>rs</sup>. Horden & Smart.

## SEVENTHLY TOUCHING ACCOUNTS.

56. Mr. William Martin having severall times represented to us the hardships he shall lye under, in being made accountable for one half of the Warehouse Ballance, due under himself and Robert Raworth joynt Warehousekeep<sup>r</sup>. altho Mr. Raworth was forcibly joynd w<sup>th</sup>. him in that Employ, and kept the Keys by Mr. Pitt's particular Order; and having repeated his request that we would permitt him personally to appear and lay his case before Your Hon<sup>rs</sup>. we have consented to his laying down the Service and coming home by this Ship, upon condition that he deposites here sufficient to make good the ballance due to the Warehouse under his management, and gives us an obligation to stand to what your Hon<sup>rs</sup>. shall award concerning the Ballance due from him and Robert Raworth.

We have permitted Mr. Martin to come home upon his depositing sufficient to make good his Whse. Ballance & giving Bond to stand by yor. determination as to ye. joynt Ballance due from him & Mr. Raworth.

57. We must do Mr. Martin so much justice as to say that Mr. Raworth did keep the Keys by Govern<sup>r</sup>. Pitt's order, the pretence for which was that he lay in the Fort and would always be at hand, and 'tis likewise well known that Mr. Raworth did act in all respects as if he had been sole Warehousekeep<sup>r</sup>. but how far Mr. Martin's signing the Acco<sup>ts</sup>. and making no Exceptions may make him liable in equity, is humbly Submitted to your Hon<sup>rs</sup>. determination.

We must say this from Mr. Martin yt. Mr. Raworth kept ye. Keys & acted in a manner as sole Warehousekeep<sup>r</sup>.

58. We have in our Letter by the Dartmouth laid this and severall other unfortunate mismanagements of the same Nature before your Hon<sup>rs</sup>. with great plainness and truth, and we are (by some discoveries since made, which we have not now time to enlarge upon) confirm'd in our Opinion that the Warehousekeep<sup>r</sup>. must be Answerable and not the Conicoply, where such unwarrantable trust has been reposed in him, or otherwise it will be better to make the Conicoply Warehousekeep<sup>r</sup> at once under the inspection of the Govern<sup>r</sup>. and Council; Mr. Martin has often urg'd that the Consult<sup>ion</sup> (when Tonapa was made Conicoply) directs security to be taken, and from thence would infer that the Board meant he the said Conicoply and his security should be answerable; 'Tis true the said Consultation did so direct but it was never done, and whose fault that was we leave your Hon<sup>rs</sup>. to Judge, but if security had been taken, we cannot think by the Experience we have had that any Conicoply can find Security for such a Sum as Five Thousand Pagodas, which is nothing considering the Trust this Tonapa has had reposed in him, and if the Warehousekeeper does his duty a Thousand Pagodas would be sufficient Security for the Conicoply, who need never be suffer'd to have that Sum in his hands, and cannot defraud us of so much money any other way, unless by the downright Negligence and carelessness of the Warehousekeep<sup>r</sup>. This Conicoply has but two Pagodas & a half a month wages for

Reasons why the Warehousek<sup>r</sup>. & not ye. Conicoply, ought & must be accountable for ye. charge committed to him.

Relating to taking security of Conicoply, but that no Security had ever be had in any proportion to the trust of late reposed in Conicoply.

himself and servants under him, and which way then can he perswade sufficient persons to be security for him in proportion to the Trust of the Warehouse, which if left to him, according to the practise of late years, is sometimes three or four hundred Thousand Pagodas at a time, and it is plain such a Sum as one hundred Thirty Thousand rupees, and Seven thousand Pag<sup>l</sup>. in Bullion has been conveyed away.

Upon comparing y<sup>e</sup> conduct of ye 2 Warehousekeepers, we think Mr. Martin has been hardly dealt with, but submit his case to your Hon<sup>rs</sup>.

59. We have not time now to enlarge upon this unpleasant subject but submit Mr. Martin and his case to your Hon<sup>rs</sup>. Consideration and clemency, only adding that it does not appear to us that he has been guilty of any fraud in his Employ, and in the Business of the joynt Warehousekeep<sup>rs</sup> (all things fairly consider'd) we think he was very hardly dealt with, and so it will appear to your Hon<sup>rs</sup>. when you compare the Conduct of the two Warehousekeepers together at the time when they acted singly by themselves.

Martin having been asked if he had any thing further to offer in his defence or favr. & answer No. we hope your Hon<sup>rs</sup>. will hearken to no misrepresentations that may be made at home, till we can answer for ourselves.

60. M<sup>r</sup>. Martin has been ask'd at the Board if he has any thing to offer in his own favour more than what already has been enter'd, if he has any witnesses to be examin'd as to matter of Fact, or if he has been denied any favour that was in our power to shew him, to all which he answered in the Negative, as will Appear by our Consultation dated the 31<sup>st</sup> of December, and therefore we humbly hope that if any thing new is trumped up on his Arrivall in Eng<sup>l</sup> your Hon<sup>rs</sup>. will be pleas'd to suspend your Judgment till we can answer for ourselves, that we may not fall under your displeasure nor have our just Actions misrepresented, whilst we are labouring to procure your Satisfaction from those that when in our presence have little or nothing to say in their own justification.

We have been employ'd in examining the Warehouse Acco<sup>ts</sup>. to find how Mr. Empson's ballance arises & how the joynt Stock Merchants Acco<sup>t</sup> differs from y<sup>e</sup> Genl. Books & will send a report by y<sup>e</sup> Howland.

61. We have already wrote so fully in answer to your Accomptants Letter by this year's Shipping that we have the less to add under this head; all the Warehouse Acco<sup>ts</sup>. have been very carefully examin'd more than once, and compar'd with your General books by those among us that are best skill'd in Acco<sup>ts</sup>. from the time of M<sup>r</sup>. Empson's coming into the Warehouse in the year 1706 in order to find which way M<sup>r</sup>. Empson's ballance became due & how the difference arises between your joynt stock Merchants Acco<sup>t</sup>. & the generall Books, we are almost asham'd to say we have not yet discover'd so much as to make a perfect report, but will not fail to send it by the Howland.

Mr. Rawth. has paid in no more y<sup>e</sup> wt. mentioned in Dartmouth

62. M<sup>r</sup>. Raworth has not yet paid in more than what mention'd in our former Letter by the Dartmouth but we hope to get that Acco<sup>t</sup>. clear'd before our next Books are ballanc'd.

The Vizagapatam Books came so late that they could not be thordly examin'd, but we can perceive there wants a reformation in y<sup>e</sup> Expences &c. there wch. we shall go upon when these Ships are dispatch'd.

63. The Vizagapatam books that were sent upon the Dartm<sup>th</sup>. came so late that we had not time to give them a thord Exam<sup>n</sup>. and as they were Transcrib'd in great haste, the Copy remaining with us is found so defective, that we are forc'd to wait for another from Vizagapatam, however we can see enuff to convince us that there wants a thord reformation in the Expences and management of that Settlement, and as soon as our Ships are dispatch'd we purpose to go through with that work, in w<sup>ch</sup>. if we do not find the Success we hope for that Settlement will prove a sort of W<sup>l</sup> Coast canker to your Estate.

In examining y<sup>e</sup> Warehouse Acco<sup>ts</sup>. we find his

64. Among other inconveniencies that we have discovered in Examination of your Acco<sup>ts</sup>. for past years, none is greater nor has contributed more to the Confusion of them, than the old method of the Warehousekeepers paying into

Consultation sums of money in a lump Specified to be for Goods and Silver sold, so that as it was the practise to trust for Silver as well as goods, it is impossible for any body to discover what the money stands out for, or who it is that owes it, and therefore we have thought it a much better method, that all Silver sold be paid for apart, and so enter'd in Consultation: Your Hon<sup>ty</sup>. will undoubtedly reflect that all these cautions are needless since the Warehousekeep<sup>r</sup>. debts himself and consequently is Accountable; but this particular method will help us the better to call upon the Warehousekeep<sup>r</sup>. for what Stands out, and as what has since happen'd may so fall out again, that the Warehousekeep<sup>r</sup>. may suddenly die insolvent, we shall be the better able to recover the money from other people. We have made Severall other regulations as enter'd upon our Consultation Books, that will make it impossible for such things to be done hereafter as we have lately discover'd, unless by the Supine negligence of him that is at the head of your affairs.

paying in Sums in a lump for Goods & Silver sold has contributed much to ye confusion of them, wherefore we have agreed for future that all silver be paid for a part & mentioned upon Consult<sup>ns</sup>.

65. We have made a happy beginning by buying a part of the new Company's Debt to the Metchlepatam Merchants, in which we have acted with great caution and integrity, and that we may not swell this Letter too much, we begg leave to refer your Hon<sup>ty</sup>. to our Consultations of the 28<sup>th</sup>. of November and fourth of Dec<sup>r</sup>. The present unsteadiness of the Country Government, and the late Troubles that have cost you so dear at Fort St. David and Vizagapatam were prevailing motives to hasten our taking this work in hand, and we do not doubt but in a little time we shall make a further progress, tho' the Merchants are in a very Strict combination under severe penaltys to act joynly, and not dispose of any of their Shares apart.

We have bought up a part of the Metoblem<sup>um</sup>. debt and are in hopes of making a further progress.

#### EIGHTHLY TOUCHING THE WEST COAST.

66. By the Howland we received the Acceptable news of your Deputy Govern<sup>r</sup>. Collet's safe Arrivall at Bencoolen on the 9<sup>th</sup>. of August and by the ingenious Letter we have rec'd from him (such a one as we are sure is not to be found upon your records here) we are confirm'd in opinion, that if it pleases God to continue his health, the West Coast will soon be in a more flourishing Condition than it has ever been from the time of the first settlement: it shall be our constant care to supply them from hence with every thing necessary, and to give them our best Advices upon all occasions.

By the Howland we heard of Mr. Collet's arrivall at Bencoolen & doubt not but your affairs will prosper under his Management.

67. They write us that they do not doubt dispatching the Toddington and Success in time to reach the Dutch Fleet, and if the Abington arrives we suppose they will send her hither, but that is not certain, and then we shall want a Conveyance for a necessary Supply of Stores and bale goods, tho' at present they have more upon their hands than they can put off to advantage.

They dont doubt of dispatching the Toddington & Success in time.

68. It is in our humble opinion absolutely necessary that one of your West Coast Ships should annually touch here outward bound, which would be no manner of hindrance to her being dispatch'd home the same Season, and we shall have an opportunity of Reading your Orders and giving speedy directions upon them, as well as of supplying them w<sup>th</sup>. goods and necessary Stores without any charges Extraordinary, and if we mistake not, this will prevent them sending your Ships over hither, w<sup>th</sup>. may be attended with severall inconveniencys.

It will be necessary that one of your West Coast Ships should touch here outward bound.

69. We observe that there will be a necessity of entering upon that heavy Article of Building, but we have so intire a confidence in your Deputy Govern<sup>r</sup>. that we do believe he will do nothing but what is absolutely necessary and that as cheap as possible, we shall not repeat what he has wrote us on this Occasion not doubting but you will have a large Acco<sup>t</sup>. (from him directly) to your Satisfaction.

We observe there is a necessity for Building likewise at ye. West Coast, but we depend much on your D Govers frugality.

70. Your Ship President remains still upon the West Coast to transport pepper from the subordinate Factorys to Bencoolen and we know not where she can be better employ'd we will do our endeavour to procure proper Sloops for

that service, and if you could find means to send them fifty or an hundrd<sup>4</sup>. Coffrees from Madagascar, they would, under this Gentleman's good management, prove a very advantageous Article to yo<sup>r</sup>. Affairs.

71. They have promis'd us their generall Books with a full Acco<sup>t</sup>. of Skingles affairs, and what else we recommended to them by the next Conveyance; they found a great deal of Confusion in all your Business, but M<sup>r</sup>. Collett has both capacity and application enuff to sett all to rights.

#### OF SEPERATE STOCK SHIPS.

The  
Mermaid has  
got a loading  
in Bengall,  
weh, we  
suppose to be  
the reason  
why ye  
Gentlemen  
there could  
send us but  
5 bales  
Gurrahs for  
package.

72. Under this head we shall only take notice that the Mermaid has made shift to get her full loading in Bengall, which may be one reason why Gurrahs were so scarce that they could afford us but five bales towards the package of all your goods; we would not be thought malicious on this Occasion: but the Supra Cargo declar'd publickly before he went from hence that he was sure of his loading, whether your Ships could get goods or no. This is y<sup>e</sup>. last we have now among us, and we hope there are no more to come.

#### OF THE FRENCH DUTCH & DANES.

We ha<sup>v</sup> recd  
news from  
Pontichery  
that one of  
their Ships  
is arriv'd  
the other  
daily  
expected &  
yt. they  
intend to sail  
very shortly  
for Europe.

74. Yesterday we receiv'd advice from Pontichery that Mons<sup>r</sup>. De Roquemadeau Commadore of the Two french Ships was arriv'd in the Eclatant from Mergy, and that the other is expected in 3 or four days, and what is best of all that they intend to return in few Days for Europe, Thank God they have met with no further success than what formerly wrote you, and if they are as good as their word, we make no doubt but to give the Howland a timely dispatch from Fort St. David.

The Dutch  
affairs on y<sup>e</sup>.  
Coast go  
but heavily  
on, they  
have  
attempted  
to borrow  
mony of our  
Armenian  
Inhabitants.

75. The Dutch continue to sail in Squadrons all over India; their affairs seem to go heavily in generall, but more particularly on this Coast, and they have lately made an Essay to borrow a Sum of mony at interest of our Armenian inhabitants, but they are in no condition to supply them, and if they were we should not permitt it, since it is come to our Knowledge.

The G. &  
Council of  
Negapatam,  
desird us  
to deliver up  
one of our  
Inhabitants  
of their  
Nation weh,  
we did not  
think fit to  
comply with,  
he producing  
a discharge  
from them.

76. The Govern<sup>r</sup>. and Council of Negapatam thought fit some time ago to desire we would deliver up a free man of their Nation that is marryed and has been an Inhabitant here for some years, upon pretence that he was formerly a comp<sup>ss</sup>. Serv<sup>t</sup>. but upon his producing a fair discharge when he left the Service, we thought ourselves oblig'd to continue him under your Hon<sup>r</sup>. protection, and gave them a civill refusall as you may please to observe in our Letter dated the 15<sup>th</sup>. Decemb<sup>r</sup>. No. 164, which we hope will meet with your approbation.

77. The Danes have as yet no Ships arriv'd and will in a little time be reduc'd to very pressing circumstances, we must needs own that we have many obligations to them, for giving advices concerning our Enemies on all Occasions, and for their readiness to protect any of our Shipping or prevent them from falling into their hands.

The Danes have no Ship arriv'd & are in very bad circumstances, tho' they are very friendly Neighbours.

SUPPLEMENT OF WHAT HAS OCCUR'D SINCE THE FOREGOING HEADS WERE CLOS'D.

78. The Supra Cargoes of the Howland not having cut y<sup>e</sup> Marks into the Lids of the Chests of Tea and Rawsilk, most of them are rubbd off with the paper, and the chests of Both being alike we could not distinguish the one from the other in the Traversing of Them, from Ship to Ship, but as the number of Chests is Right in the whole, we do not doubt but they will come out so in England, but want of time and convenience would not permit us to examine them here.

The Supra Cargoes of y<sup>e</sup>. Howland not having cut marks on y<sup>e</sup> Chests of Tea & Rawsilk we can't distinguish y<sup>e</sup>. one from y<sup>e</sup>. other, but the number of both comes out right in gross.

79. M<sup>r</sup>. William Fraser upon his departure has return'd us sev<sup>l</sup>. of your Hon<sup>rs</sup> Books which he had in his Possession unknown to us tho' he has been often ask'd for them by y<sup>e</sup>. Accountant, & among the rest we find those Europe Generall Letters from y<sup>e</sup>. year 1688 to 1692 which we wrote your Hon<sup>rs</sup>. word by the Dartmouth were wanting to compleat our Abstract of your Hon<sup>rs</sup> standing Orders, we shall keep a Register for the future of what Books are deliver'd out for the Govern<sup>rs</sup> use, and take receipts for such as there is occasion to deliver out to other people.

M<sup>r</sup>. Fraser has deliver'd us some of Y<sup>r</sup>. Hon<sup>rs</sup>. Books w<sup>ch</sup>. he had unknown to Us, tho' he had been ask'd for them.

80. M<sup>r</sup>. William Martin has Register'd a Bulse of Diamonds amounting to One thousand & Seven Pagodas, Twenty two fanams, and forty cash, which consequently will be deliver'd into your Hon<sup>rs</sup> possession, and by the Darby we send one of his Obligations, with the List of what deposite he has made annexed thereto, and we assure you we should not have accepted of the adventures abroad, if he had been possess'd of any thing better.

M<sup>r</sup>. Martin has register'd a Bulse of Diamonds value Pa. 1007-22: & by y<sup>e</sup>. Darby comes one of his Obligations; we should not have accepted his Adventures if he had any thing else.

81. No Witness appearing against George Brand who had the misfortune to kill John Hughes at Fort St. David in a Rencontre, and it appearing to us by all Circumstances that what he did was in his own defence, to which add that he has behav'd himself peaceably and well for Several years in your Service, we would not let him perish in prison, where he has lain a twelve month in the worst of circumstances, and therefore have agreed to put him aboard the Howland.

No witness appears against Brand, who kill'd Hughes in a Rencontre, w<sup>ch</sup> shall send him on the Howland.

TO Y<sup>r</sup>. HON<sup>OR</sup>. Y<sup>r</sup>. COURT OF DIRECTORS FOR AFFAIRS

Letter, dated  
9<sup>th</sup> Jan<sup>y</sup>.  
1711.

The  
Vizagapatam  
Books C,  
went with  
Bouverie.  
The Article  
in our  
Journall H  
relating to  
Mess<sup>rs</sup>.  
Martin &  
Rawth. is  
wrong by  
mistake of  
yo<sup>r</sup>. Coppyer  
the Ledger  
Sum is right.  
We will take  
care that no  
such large  
Sums shall  
stand out in  
the hands of  
yo<sup>r</sup>. Serv<sup>ts</sup>.  
for yo<sup>r</sup>.  
future.

We have  
und<sup>r</sup>.  
Consider<sup>d</sup>.  
yo<sup>r</sup>. rectify-  
ing our  
Books with  
those of Fort  
St. David.

As also.  
Those of  
Vizagapatam

1. Your Accomptants Letter dated the 9<sup>th</sup> Jan<sup>y</sup>. 1709 was answerd by the Bouverie, and now we shall proceed to answer that rec<sup>d</sup>. by this years Shipping dated the 9<sup>th</sup> of Jan<sup>y</sup>. 1711.

2. The Vizagapatam Books Letter C beginning the 1<sup>st</sup> of May 1704 and ending the 30<sup>th</sup> of Aprill 1705, were sent by Ship Bouverie & had come the year before had not the said Ship been detaind, and as to the Article in our Journall H page 131 of William Martin and Robert Raworth Warehousekeep<sup>r</sup>. the Leidger Sum of Pag<sup>s</sup>. Twelve thousand five hundred twenty six & twenty six fanams is right and the Journall Sum of Eighteen hundred forty six Pagodas, thirty five fanams and five Cash must be a strange mistake in him that copied the Books, being right in our Journall here; Tis very true such vast Sums of mony ought not to continue in any of your Servants hands, your then Gov<sup>r</sup>. and Council are best able to give the reasons why it was so then, and we will take effectuall care that it shall be so no more, our Consultations and what we have already wrote you on this Subject since your present Gov<sup>r</sup>. arrivall, will fully explain the inconveniencys that have happen'd by this unwarrantable proceeding.

3. We have under Consideration the rectifying our Books with those at Fort St. David, in which as your Accomptant observes there is a great difference in the Stock great part of which arises by the Negligence of your former Accomptants who has left out a whole years Account with Fort St. David. This shall be fairly adjusted in our Books that will end in Aprill next, and better care taken for the future.

4. We have wrote to Vizagapatam for a particular Acc<sup>t</sup>. how that difference of Stock arises, and shall take care it be rectify'd also in our next Books.

5. Ever since your new Gov<sup>r</sup>. arrivall we have pass'd yearly Accounts Cur-rants, not only with our subordinate ffactorys but also with Bengall, by which means all mistakes will be avoided for the future, and our Journall parcels shall particularly explain which way the differences you mention have risen, tho' we can see already that it must be imputed to the downright negligence of your former Accountants.

Since y<sup>e</sup>.  
New Gov<sup>r</sup>.  
arrivall we  
have pass'd  
yearly  
Acco<sup>t</sup>s.  
Curr<sup>t</sup>. with  
y<sup>e</sup>. Subordi-  
nate  
Factorys and  
Bengall.

6. We have already given directions to Fort S<sup>t</sup>. David and Vizagapatam, for observing the Rules mention'd in your 6<sup>th</sup>. Paragraph and we shall be sure to do the same here, that you may have a view at once of the charge those ffactorys stand the Hon<sup>ble</sup>. Company in.

We have  
directed Ft.  
St. David  
and Vizaga-  
patam, to  
follow the  
rules of  
y<sup>r</sup>. 6<sup>th</sup>  
Parag.

7. As for the Ballance of Priaman Settlement we have lately agreed to let it stand, and open a new Acco<sup>t</sup>. under the head of York Fort, and to commence from the time that your new Dep<sup>y</sup>. Gov<sup>r</sup>. Collett opens his new Books, having receiv'd advices from thence that they intend to begin a new Acco<sup>t</sup>. of Remains, in order thereto as soon as we have receiv'd their old Books, of which none are yet come, we will endeavour to settle the old Account, and have already directed them to send us all their Books of Accounts &c. Yearly.

We have  
agreed to  
let y<sup>e</sup>.  
Ball<sup>ce</sup>. of  
Priaman  
Settlement  
Stand &  
open a New  
Acco<sup>t</sup>.  
und<sup>r</sup>. y<sup>e</sup>.  
head of  
York Fort.

8. Your Hon<sup>ble</sup>. will see by severall of our Letters to Fort S<sup>t</sup>. David and Vizagapatam, that we are not wanting to endeavour as much as in us lies retrenching their Expences, & particularly those Extravigant Articles of Peons and Servants wages, the Reformation is now in hand, and your President Promises all imaginable care and frugality for the future both in this and other depending Settlements.

We are  
endeavour-  
ing to  
retrench y<sup>e</sup>.  
Expences  
of y<sup>r</sup>.  
Settlements.

9. As to those remarks in the 9<sup>th</sup> Paragraph concerning your Ship President &ca., we must confess those Accounts have been very irregularly kept, and the Vessells themselves as disadvantageously employ'd, however they have not been credited for the freight of many Trips they have made, your Pres<sup>t</sup>. Gov<sup>r</sup>. finding upon his arrivall the ill method that had been us'd in keeping these Acco<sup>t</sup>s. it was determin'd to close and write them off, and to open new ones for the future in a better method, so that your Hon<sup>ble</sup>. may see at one view how each Vessell is employ'd and the annuall charge thereon; the observation in the 10<sup>th</sup> Paragraph concerning the Rising Sun and the Maddapollam yatch is very True, but the Bookeeper has neglected to credi[t] them for severall Trips Backward and forward, more care shall be taken for the future and proper vessells procur'd if possible.

Relating to  
keeping the  
Acco<sup>t</sup>s. of  
our Vessells.

10. As to the Severall debts standing out at the close of Books G we shall answer Article by Article.

An Answer

Thomas Marshall can inform you, who was then Paymaster, strict enquiry has been made about it, but we cannot discover any such persons, and are inclinable to believe that it was a loss sustaind in making bricks for the town wall, which ought to have fallen upon the paymaster & not the Hon <sup>ble</sup> . Company.
	-:	8: 3	Robert Raworth Land Customer was brought into y <sup>e</sup> . said Raworth's Acco <sup>t</sup> . when he enterd upon y <sup>e</sup> . Sea Customs <sup>r</sup> . Emphy, w <sup>ch</sup> . we must confess was a very foolish practise.
1716:	18:	3	King of Cochin China for detension of Sloop Diana drove upon his coast when employ'd with advices for your China Ships; this Article has been kept upon your Books, to reserve a right for the future demands unless you order it to be wrote off.

114:	7:	2	Pera Powder Maker, to whom we are always oblig'd to advance mony towards the making of powder, we take care not to let him run too much in Arrears, but as he is constantly employed he will allways stand indebted something.
238:	27:	-	Deago &ca for the fishing Farm at fifty Pag <sup>s</sup> . $\Psi$ ann <sup>m</sup> . due the 30 <sup>th</sup> . of April 1709, they continue in the Farm and will duly clear their Acco <sup>t</sup> . in Books L.
400:	-:	-	Peter Pomar Farmer of the wine Licence is paid off in the month of May in Books M, ending 1710.

May 1709, this received by the Rentall Gen <sup>l</sup> . but not brought to her credit in the Books till he delivers in his Acco <sup>t</sup> . which makes her appear a debtor when she is not, wherefore for y <sup>e</sup> . future we shall debt y <sup>e</sup> . 25720:	1:	1	Colloway & Vincatte Chittys former joynt Stock Merchants is an Acco <sup>ts</sup> . that has cost us some months labour and pains since your present Gov <sup>rs</sup> . Arrivall, we have made a good progress therein and hope to send a perfect report by the Howland, but there has been so much negligence in the Warehouse Acco <sup>ts</sup> . of late years, so much unwarrantable trust repos'd in the Black Conicoplys and so little care has your Accountant taken to make true adjustments at the yearly ballance of your Generall Books, that tho' we cannot possitively affirm it was done with design to abuse You, no reasonable man that understands Acco <sup>ts</sup> . can put any other construction upon such proceedings, and we have already too much reason to fear the event will justifie what we say.
4:	31:	-	Robert Baworth Paymaster in Books M he is credited by Gulston Addison Paymaster four Pag <sup>s</sup> . twenty six fan <sup>s</sup> . so that there remains five fan <sup>s</sup> . which is paid into Cash in Books K ending 1712.

18433:	27:	2	Thomas Frederick Sea Customer, that Acco <sup>ts</sup> . is carried on in Books Letter M and I, when the Ballance is Pag <sup>s</sup> . seven hundred seventy six, Eleven fa. & two Cash which is clear'd in Books K, the reason why that Ballance was carried to [the] third pair of Books, was from the Receivers Sickness, for tho' the Sea Customer debts himself for every months Custom the money is collected in by the Receiver and by him deliverd to the Sea Customer, who never has it longer in Custody than a few hours before it's paid into Consultation, and tho' the ballance of his Acco <sup>ts</sup> . is considerable, yet the Receiver is not able to get it in, in some time, there being always a reasonable time allow'd to the Merchants, who never sell their goods for less than a month's trust, and sometimes two or three so that they think it hard they should be called upon for their Customs, before they have receivd their money, your Hon <sup>ty</sup> . however may please to observe you have rarely suffer'd in this Branch of your Revenue.
1202:	22:	2	Richard Hunt Land Custom <sup>r</sup> . is clear'd in Books Letter M.
973:	29:	5	Henry Davenport Storkeep <sup>r</sup> . carried on into Books Letter I, where it is clear'd.
52:	23:	-	Kistnama Conicoply is dead insolvent & his house seizd which we hope will clear the debt in the next Books.
3483:	12:	-	Gruapa & ca. Arrack Farmers from y <sup>e</sup> . 15 <sup>th</sup> . of March 1708/9 at Pag <sup>s</sup> . three thousand eight hundred $\text{₹}$ annum, you may please to observe at the close of the books they are charg'd w <sup>th</sup> . a whole years rent, and that they had paid in one month's amounting to three hundred sixteen Pag <sup>s</sup> . Twenty four fa. so remains three thousand four hundred eighty three Pag <sup>s</sup> . twelve fanams which is duly clear'd in the next books M, by their monthly payments, when at the close of them books they are again charg'd with a years rent, which has been the usuall Custom, but seeing it represents to your Hon <sup>ty</sup> . as if they were debtors for so much at the close of the Books, when in reality they are not till the expiration of the year, we shall for the future charge those farmers at the opening the Books, and not at the close, when it will appear that if they make their due

Pag <sup>o</sup> . fa. ca.	
	payments, upon the ballance of the Books they will be indebted no more than one months rent, which falls out of Course.
1750: -- :-	Colloway & Vincattée Chittee farmers of Egmore &ca Towns from p <sup>mo</sup> . July 1708 at 1750 Pag <sup>o</sup> . $\text{₹}$ annum, this Rent is paid yearly, and as your Hon <sup>rs</sup> . will see by the following Books M, it was paid in the month of August 1709, which is a month after it was due, this rises likewise from debting them the whole years Rent upon the Close of y <sup>o</sup> . Books which shall be rectify'd.
1200: -- :-	Colloway & Vincattée Chitty Farmers of Trivitore &ca five towns from y <sup>o</sup> . 16 <sup>th</sup> . Oct <sup>r</sup> . 1708 at 1200 Pag <sup>o</sup> . $\text{₹}$ An <sup>o</sup> . This is a debt of y <sup>o</sup> . same nature as the former, being paid in Novemb <sup>r</sup> . 1709.
200: -- :-	Simon Kilpatrick & Lewis Lewis Malique farmers of the wine Licence from the 25 <sup>th</sup> . of March 1709 at Pag <sup>o</sup> . two hundred, this likewise arises as the forementioned Article and is paid into Cash by severall payments and clear'd in April 1710, the method of which shall likewise be alter'd.

We will do our utmost to recover all debts standing out, but some there unavoidably must be.

[11.] And thus we have Answer'd to the Debts mentiond in the 11<sup>th</sup>. para, no care shall be wanting in us to recover all debts standing out and we will endeavour that your Accountant shall have no occasion to send us such long lists for the future only we begg you to observe, that your Warehousekeeper Store keeper Land Custom<sup>r</sup>. & Sea Customer must of Necessity stand debtor more or less when the Books are clos'd and especially the Sea Customer it being the time of year for the greatest Import, but it is our Business to take care that no ballance remain in their hands, but that all be paid in as fast as it is receiv'd and this we promise your Hon<sup>rs</sup>. shall be effectually perform'd.

We have the following Accot. of ye. Ft. St. David Debts.

[12.] We have wrote to Fort S<sup>t</sup>. David concerning their Debts standing out, to which they return the following Answer:

6: - - -	Due from Manuell Cordeiro from y <sup>o</sup> . 20 <sup>th</sup> . November 1708 will be recovered this year.
24: - :-	Manuell Gonsalves receivd in Books Letter I.
217: - :-	Woodee Naigue Reddee &ca, forgiven them on Acco <sup>t</sup> . of Losses in Books Letter K.
6: 20: -	Shewella Parera Watchman of the Bounds will be recover'd if Possible.
112: 9: -	Chillemander Powderman will be rectify'd at the close of y <sup>o</sup> . next Books and is not a reall Debt.
60: - :-	Batsua Gruapa will be clear'd.
12731: 2: -	Omar Nina &ca Merchants was clear'd when the goods upon Contract were brought in, and since we now pay them no mony till their goods are brought in, they cannot be in our debt hereafter.
64: - :-	Mockdam Nina a good debt and will be recover'd this Year.
175: - :-	Cootah Arrack Renters is adjusted and paid.
763: 20: -	Eram Rauz &ca. Adjusted in Octob <sup>r</sup> . last, and will be paid in Books L.
75: - :-	Peram Rauz a prisoner for y <sup>o</sup> . said debt which is likely to be clear'd this year.

We have made it a standing Ord<sup>r</sup>. to balloo. ye. Merch<sup>ts</sup>. Acco<sup>t</sup>s. at ye. close of the Books.

[13.] We have made a standing Order [in] all Settlements und<sup>r</sup>. this Presidency, that the joynt Stock Merchants Acco<sup>t</sup>s. shall always be ballanc'd with the generall Books, which we dont find has ever been practied before, but as cloth is usually coming in at that time, We think it will be sufficient that the ballance be agreed to on both sides, and the Acco<sup>t</sup>. sign'd by y<sup>o</sup>. Merchants in an Acco<sup>t</sup>. Curr<sup>t</sup>. Book kept for that purpose.

Para: No. 13 Requires No Answer.

14. Most certainly the great Sum your Hon<sup>rs</sup>. mention need not have been borrow'd at Interest, if all debts had been call'd in, and we assure your Hon<sup>rs</sup>. you shall have no cause to complain on that head for the future.

The Mony your Hon<sup>rs</sup>. mention need not ha been borrow'd at Interest if all debts had been collect- ed.

15. The Sums mention'd in that paragraph shall be wrote off according to your Order.

16. The paragraph is already answer'd in our Generall Letter by y<sup>e</sup>. Dartmouth, and more will be said upon the same subject in our report, which we hope to perfect and send by Ship Howland, concerning the said Empson's Warehouse Ballance, and Colloway and Vincatte Chittee your joynt Stock Merchants Acco<sup>t</sup>. Current.

Relating to Mr. Empson's Balloe. & Colloway & Vincatte Chitty's Acco<sup>t</sup>. a report shall come by the Howland.

17. We have already wrote to Vizagapatam concerning M<sup>r</sup>. Holcomb's Ballance and hope we shall have an Answer to come by the Howland.

We ha wrote to Vism. concerning Holcomb's Balloe.

18. Our Present Accomptant begs pardon for an Omission in y<sup>e</sup>. two last generall books; M<sup>r</sup>. Richard Hunt who ballanc'd those ending in 1711 before he dyed Ship'd an Article of Five thousand nine hundred ninety two Pag<sup>s</sup>. six fanams and three Cash, paid your old joynt Stock Merch<sup>ts</sup>. Colloway and Vincatte Chitty for interest due on mony advanc'd towards your Investments as also Pag<sup>s</sup>. 298: 18 - for what short credited them on callicoes bought, in which is the Reason they were forgot in last years Books that came by the Dartmouth; when they have credit for that sum which will be brought into our present Books they will stand Debtors Pag<sup>s</sup>. eight thousand six hundred twenty seven, and twenty two fanams, which is the Article that we propose to make a full report of by the Howland.

relating to some Errors committed by Mr. Hunt in y<sup>e</sup>. old joynt Stock Merch<sup>ts</sup>. Acco<sup>t</sup>.

19. Our utmost Endeavours shall not be wanting to procure yo<sup>r</sup>. Hon<sup>rs</sup>. Satisfaction from those that have embezzled your Estate, and your business shall be kept up in such a manner that those who come after shall meet with none of that plague and trouble, which has almost constantly employ'd us ever since your present Govern<sup>rs</sup>. Arrivall. We are

We shall do our utmost to procure your Hon<sup>rs</sup>. Satisfaction of those that have wrong'd you & to prevent such Confusion as has happend.

To CAP<sup>t</sup>. RICHARD HOLDEN  
COMM<sup>dr</sup>. of SHIP MARY

Your Ship being laden you are hereby order'd to repair on board, and with the first opportunity of wind and weather to weigh anchor, set sail and make the best of your way for your most speedy attaining the Port of London, and when you arrive at any Port of Great Britain, you are to send by your Purser our Packett directed to the Hon<sup>ble</sup>. y<sup>e</sup>. Court of Directors for affairs of the Rt. Hon<sup>ble</sup>. United Company of Merchants of England trading to the East Indies, to whom your Ship goes consign'd, which packett is in a Box mark'd A.

We here deliver you a Packett mark'd B, which you are to forward by Post or otherwise from the first Port of your Arrivall in Great Britain, Ireland or Holland, writing yourself to y<sup>e</sup>. Hon<sup>ble</sup>. Directors giving them an Acco<sup>t</sup>. of what

has happen'd materiall in your Voyage; and the Box mark'd C, you are to send by the first safe conveyance after you are in the river of Thames, containing Books of Acco<sup>ts</sup>. the Hon<sup>ble</sup>. Directors have complain'd that while their Ships have lain in Ireland or Holland for want of Convoy, they have wanted our advices, tho' at the same time the Commanders have had positive orders to forward a small packett of our's to them, on their first safe Arrivall in any of those Ports which we admire has not been obeyd, and therefore we enjoyn you again to send the foremention'd packett B, as you will answer it to them on your Arrivall in England.

You will herewith receive a Pacquett sign'd by y<sup>e</sup>. Gov<sup>r</sup>. only and directed to yourself containing Secret orders for your homeward bound passage, which the Hon<sup>ble</sup>. Directors command you strictly to observe and you are not to open it till you come into ten Degrees South Latitude on this side the Cape and then it is to be done in the presence of your mates and purser, whose attestations you are to take of the same in order to make Oath thereto if requird on your arrivall in England.

'Tis the Company's orders that if any Ship be so late dispatch'd hence or that by any other misfortune she has no hopes of getting about the Cape, that they winter at Galle on the Island of Ceylon and stay no longer there than the beginning of July, but if it so happens that they get up with the Cape or near it, 'Tis then their orders that they go to Mauritius to the South East side, which is on the windward part of the Island, where the Dutch had a Settlement taking great care of their going in, 'tis further orderd that you do all possible to avoid going to the north West harbour or Carpenter's Bay where it is likely the French Ships will look in, we are very credibly informed that the Dutch have left the Island, so that you must be very carefull how make it and be always upon your Guard and keep constant looking out to prevent being surprizd by an Enemy, securing yourselves in the best manner you can during your Stay there.

The Company have sent out a standing order to S<sup>t</sup>. Helena w<sup>ch</sup>. they order us to incert in all your instructions that whoever of you touch at that Island you bring your Ship to an Anchor before you come open will Chappell valley near Munden's point if you don't meet with good anchor hold sooner, and then send your Boat ashore to give the Gov<sup>r</sup>. intelligence what you are, for he is orderd to let no Ship pass that point and come into the road before he knows what they are and whence they come, and if any Ship should attempt to break this order, the Gov<sup>r</sup>. wou'd not fail to fire on them.

We strictly enjoyn you from coming near any Ship at Sea there being several French Ships abroad & more daily expected.

You must allways keep the severall Packetts herewith deliver'd you at hand, and in case you are in Danger of falling into y<sup>e</sup>. Enemies hands (which God forbid) you are to throw them over board with suffioient weight to sink them, together with all private Letters in your Ship and whereas you sail hence in Comp<sup>ny</sup>: with the London and Derby, the former of which will leave you near Ceylon, we positively direct that you keep Company with the Derby to y<sup>e</sup>. Cape and if any Accident should prevent your reaching the Dutch Fleet we would have you make all possible speed to S<sup>t</sup>. Helena (with as many of our Hon<sup>ble</sup>. Masters Ships as you find there) in Comp<sup>ny</sup>: together, and be sure to have your Ship clear for defence at all times but more especially when near the Land.

We wish you a prosperous Voyage, and date these in Fort S<sup>t</sup>. George this Eleventh Day of Jan<sup>ry</sup>: one thousand seven hundred and twelve thirteen.

GENERAL LETTER FROM FORT SAINT GEORGE TO THE COMPANY FEBRUARY 4, 1713.  
[Despatches to England Vol. 3, pp. 116-127.]TO THE HON<sup>BLE</sup>. Y<sup>e</sup>. COURT OF DIRECTORS FOR AFFAIRS OF THE R<sup>T</sup>. HON<sup>BLE</sup>UNITED COMPANY OF MERCHANTS OF ENGLAND TRADING TO Y<sup>e</sup>. EAST INDIES.  
HON<sup>BLE</sup>. S<sup>RS</sup>.

I. Our last to your Hon<sup>ty</sup>. was by Ship Mary that fill'd up here and saild in Company with the Darby the 11<sup>th</sup>: Ultimo, a Duplicate of our Letters with some of the most material papers went in a flying packett by the Darby; and we make no doubt but they will arrive time enuff at the Cape to joyn the Dutch Fleet.

The Date  
of our last.

## FIRST CONCERNING SHIPPING SENT OUT &amp; RETURN'D.

2. We have receiv'd no news concerning your Shipping in any part of India since our last, except from Bengall, whence they write us under the 15<sup>th</sup>. Ult<sup>o</sup>. that the Kent would be fully laden and dispatch'd for Europe by the latter end of y<sup>e</sup>. month, and that the Recovery will sail in Comp<sup>t</sup>: with her as far as lyes in her way to Persia, they add that they are forced to Kentilage the Kent with a thousand maund of Tincall for want of Salt Petre, and that they can expect none from Patna till Novemb<sup>r</sup>. next, so that we shall be utterly disabled from sending you a Ship in Octob<sup>r</sup>. the Cap<sup>t</sup>. of this Ship having made a Demand of a thousand Baggs more than his Charterparty Kentilage, which has swept our Godowns; nothing should have prevail'd with us to let him have so large a quantity but that the Ship is well known to be so very crank in her built, that she cannot safely sail with less, and the want of sufficient weight in her bottom, would undoubtedly hazard her passage about the Cape.

We heard from Bengall that y<sup>e</sup>. Kent would sail for Europe & y<sup>e</sup>. Recovery for Persia y<sup>e</sup>. latter end of Decr. They add that they shall have no Salt petre come down from Patna next year till Novr. so that we cannot send you an October Ship for want of Kintilize this Ship having swept our Godowns.

3. If we should find by this Years Shipping that the war continues in Europe we have thoughts of sending what Bales we can get ready down to Bengall to be sent away from thence in time for the Dutch Fleet, for if their Petre does not come down till Novemb<sup>r</sup>. we cannot expect any before January and then they may send their Ships to fill up here.

If the Warr continues we have thos. of sending our bales to the Bay.

4. This ship Howland was ready to have proceeded to Fort St. David, by the middle of last month, where there were Bales sufficient to fill her up; but as the biggest french Ship of 60 Guns was then in Ponticherry Road and the other hourly expected, we chose rather to desist having very good Assurances that they intended to sail in few Days for Europe; accordingly the Commadore went away a single Ship the 22<sup>d</sup>. and 'tis generally believ'd intends to try his fortune off the Cape; the other Ship call'd the Fendent of fifty Guns arriv'd Pontichery the 24<sup>th</sup>. and we had just timely notice to detain the Howland here a few Days longer, and she now lies Ready to proceed the moment we receive News that the Coast is clear.

The Howland might have gone for Ft. St. David y<sup>e</sup>. middle of 1<sup>st</sup> mo<sup>th</sup>. but for the french Ships, one of w<sup>h</sup> arriv'd y<sup>e</sup>. 22<sup>d</sup>. the other daily expected to go, when she shall immediately proceed.

5. We are very glad to Acquaint your Hon<sup>o</sup>. that these two french Ships have met with no further Success than what mention'd in our former, tho' they have seperated themselves in their passage over from Mergen in hopes to have a better chance for meeting with some of our Ships; the Howland was but five Days a head of them, and severall others of our Ships have narrowly escap'd them, we heartily wish the same good fortune may Attend them home to Great Brittain, tho' 'tis but too like[ly] that these disappointed Ships will wait for them about the pitch of the Cape, and some Leagues to windward of St. Helena.

These french Ships have met with no further success than what mentioned in our former.

6. The Commander of the Howland being uneasy at our detaining him longer than the time limited in Charterparty we made him sensible of our readiness to dispatch him, if he insisted, and of the Danger both Ship and Cargo would be expos'd to, if he went to Fort St. David before the french Ships were off the Coast. We begg leave to refer you to our Consultation of the 10<sup>th</sup>. Ultimo for what pass'd further on this Occasion.

The Capt. of y<sup>e</sup>. Howland being uneasy at staying longer than his Charterparty time, we laid before him y<sup>e</sup>. Danger of his proceeding till y<sup>e</sup>. french were gone off y<sup>e</sup>. Coast.

Capt. Cornwall having come back to India to ransom his Ship but being disappointed takes passage on this Ship, he has deliver'd us a Narrative of his capture wch. comes in ye. Packt.

We have examin'd the Howlands Cargo & Books.

We send 100 tubs of Camphire by the Howland it bearing no price here.

We intend good part of the Howlands Copper & Tutang for the Bay, there being too much for the market & we expecting more of Strotham.

We shall send ye. Marlbro with the Howland to Ft. St. David for fear of an Accident.

We have put aboard this Ship 16½ Leagers Arrack & 5 Cannisters Sugar for St. Helena.

Our Subah's Warrs put Trade into ye. Country to a stand.

7. Cap<sup>t</sup>. Henry Cornwall late Comm<sup>r</sup>. of y<sup>e</sup>. Sherborne having as he tells us return'd to India after y<sup>e</sup>. Loss of his Ship, upon a promise made him by the french Commodore that he would let him ransom her for so small a Sum as 500 Pag<sup>s</sup>. but finding himself deceiv'd in his Expectations arriv'd here from Pontichery the 26<sup>th</sup>. Ult<sup>o</sup>. and comes home Passenger upon this Ship having deliver'd us in a Narrative of his misfortune which comes in the Packett No. 25, and thereby your Hon<sup>rs</sup>. may please to observe that if he had stood to the Eastward when he first saw the three french Ships, there had been a chance for his escaping in the Night.

8. The Howland's Cargo from China having been weigh'd off & examin'd we begg leave to refer your Hon<sup>rs</sup>. to the Warehousekeep<sup>r</sup>. report enter'd after Consultation of the 2<sup>d</sup>. inst. the Supra Cargoes were call'd upon to see it done, but alleg'd it was no part of their Business, as they were not intended to have come hither upon the Ship. Our Accountant has likewise examin'd their Books, and made a report as enter'd after Consultation of the same date, we are of Opinion by y<sup>e</sup>. advices we had from our own people that Negotiated in China the same Season with the Howland, that their Business was as well done as time and Circumstances would admitt; but considering the disappointment of Demorage &ca your Hon<sup>rs</sup>. will be no gainers in the end by this round about Voyage.

9. The Dutch have lately imported such large quantitys of Camphire that the price is very much fallen, and what is come upon the Howland will not sell for near what it cost in China, wherefore finding by the last price Curr<sup>t</sup>. that it was worth Sixteen pounds an hundred we have ventur'd to send yo<sup>r</sup>. Honours an hundred Tubs, being well assur'd that the remaind<sup>r</sup>. will sell the Better here.

10. The Dutch Comp<sup>ys</sup>. settled price for selling Japan Copper upon this Coast is fifty three Pag<sup>s</sup>. Candy at Present, and the last Tutanague was sold here at 74 Pags. but this great quantity by y<sup>e</sup>. Howland will undoubtedly make a considerable alteration in the price, and therefore we continue our resolutions to send good part of it down to the Bay upon y<sup>e</sup>. Marlbrô, making no doubt but that the Stretham will bring a further supply since Gold is both scarce and dear in China.

11. We have determin'd to send the Marlbrô in Comp<sup>y</sup>. with y<sup>e</sup>. Howland to Fort St. David for fear of any Accident, & to hasten her dispatch as well as to Supply that place with stores which if put aboard the Howland would take up some time to unlade them, and be a hindrance to her Departure.

12. We have pursuant to your Orders put aboard this Ship for the use of St Helena 16 & ½ Leagers of Batavia Arrack and eight Cannisters of Sugar weighing net pounds 2195 of which we have advis'd the Gov<sup>r</sup>. and Council.

SECONDLY CONCERNING GOODS SENT AND TO BE SENT FROM EUROPE.

13. Having wrote largely under this Head in our former Letters we have now very little to add; our Suba is at present engag'd in a war with the Misore people very prejudicial to the Trade of these parts, the roads into the Country being impassable so that little or no broad cloth goes off at present, nor indeed any other Sort of goods, we hope the Fate of the Empire will be soon decided and that we shall have some Active men to govern in these Parts, till when Trade cannot flourish.

14. Our joynt Stock Merchants have at this time between four and five hundred bales of Broad Cloth in the Godowns besides about 150 Bales of Red which we have lying by us & cannot be dispos'd of till a Supply of green Arrives.

Our Merch<sup>ts</sup> have by them betw<sup>n</sup>. 4 & 500 bales bred cloth, & we 150 of red wch. won't go off till we receive y<sup>e</sup>. green.

15. Our Naval Stores are at Present a very profitable Article as any your Hon<sup>ty</sup>. send out, besides the Encouragement of y<sup>e</sup>. Naval Trade, & we do not doubt but by good management they may so continue. We desire ten or a Dozen Culverin Guns the longest that can be got and very well fortified for the use of the Sea Side, and that particular care be taken that the Bores be true, we have not any that will fling a Shot so as to do any Execution where the Ships usually ride nor indeed where they can safely come in upon Occasion, & upon a late Survey we find the best Guns in the Garrison, and especially those to the Sea Side are hony Comb'd in the mussels, and have been fill'd up with melted lead which we are very sure was never done here, a few long Demi Culverin & Sacar Guns are likewise much wanted, there is never an Anchor in the place of above ten hundred should any of your Ships be in the greatest Distress, and very few of that weight, what we have are most two to four hundred, and we are told there is the same want of large Anchors in Bengall, we hear they have more at Bombay and Surat than they know what to do with, and shall speedily write to desire (if it be so) to send what they can spare hither this monsoon.

Navall Stores a very profitable Article. We desire some Culverin, Demi Culverin & Sacar Guns, for the use of y<sup>e</sup>. Sea Side, most of what we have are hony combd. We are in want of large Anchrs.

& hearing they have more at Bombay than they have occasion for we shall [write for some.]

Complaints of the Paper sent out

16. We must again assure your Hon<sup>ty</sup>. that we can hardly pick out of all the paper sent us by this last Shipping wherewithall to do our most materiall Business, we are not very sure whether the fault be Originally in the Paper, or in the Damp contracted during the Voyage, for want of being more carefully put up, but this is most certain very little of it will bear Ink on both Sides, and great part is fit for no use at all but waste paper.

#### THIRDLY TOUCHING YOUR INVESTMENTS IN INDIA.

17. We have got all the Vizagapatam and Ingeram Cloth washd to come by this Ship, and as each Sort is particularly expressed in the Invoice your Hon<sup>ty</sup>. may please to observe which turns best to Account, that we may have your Directions how to proceed hereafter; we have viewd it carefully here and cannot say it is altogether answerable to our Expectation nor so well sorted as it should be, for which M<sup>r</sup>. Thomas Faucet employd at Ingeram alledges that he was forced to Ship it off in a hurry as it came in from the weavers for fear the Nabob should sieze it when he plunder'd the Neighbouring Country however we have sorted it by our masters here and shall give Directions to Vizagapatam that when the Merchants Acco<sup>t</sup>. is settled reasonable abatements may be made.

The Vizagapatam & Ingeram Cloth comes by this Ship.

Remarks thereon.

18. It is absolutely our Opinion that unless we can encrease yo<sup>r</sup>. Investments to the Northward in those valuable Articles of long cloth and Sallampores, Vizagapatam Factory will prove a Canker to your Estate, for as there is an absolute Necessity to maintain a Garrison sufficient to protect them against the Insults of the Nabob, the Expence will be allways more than the mean Investments hitherto made in those parts will bear, we are at work to retrench the Expence as low as possible, of which we shall be able to give a full Acco<sup>t</sup>. in our next; M<sup>r</sup>. Hastings has long ago promis'd us a Draught of the River and a project for making a Peer to shelter Ships of burthen but we have not yet receiv'd it nor do we believe by what we can learn from those who have seen it that the undertaking can ever quit cost.

It is our opinion that unless we can enlarge y<sup>e</sup>. Investments in longcloth & Sallampores to y<sup>e</sup>. Northward, Vizagapatam Factory is not worth keeping.

If this Ship arrives safe we hope we shall have answered yo<sup>r</sup>. Expectat<sup>ns</sup>. & we have 4 or 500 Bales left wch. we design for the Bay.

When this Ship is gone we shall proceed upon new investments & hope to procure an Abatem<sup>t</sup>.

We send 2 Sorts of handkerchiefs by this Ship, yo<sup>r</sup>. Paliacat are best of wch. we can get 2000<sup>rs</sup>. yearly & shall wait your Orders concerning them.

We have not seen yo<sup>r</sup>. Ft. St. David Goods that come by this Ship but shall view w<sup>t</sup>. they send us Maribro.

We send 2 Bales of fine Betteelaes by this Ship for a tryall if you approve them we can get about 10 Bales in a year.

'Tis believ'd the Patna Prince will obtain yo<sup>r</sup>. Empire.

The Dutch Ambassador is returning from Court, as we hear, with large Grants, but if Farrackseer overcomes the King, they will want confirmation.

19. If it pleases God to send this Ships Cargo well to your hands, we hope we have pretty well Answer'd your Expectations and we shall have left between five and six hundred Bales which were design'd as a Reserve to fill up the Kent upon their writing from the Bay, that they should not be able to do it, and those we propose to send down thither by all opportunity.

20. As soon as this Ship is dispatch'd we shall proceed vigorously with a new Investment both here and at Fort St. David, and providence having bleas'd us with a plentiful crop of grain and large Supplies by Sea so that the poor are at present intirely easy, we do not doubt but to procure a proportionable Abatement upon the prizes of our Goods; we hope the Stretham will be here in time to supply us with money, if not we will make the best shifts we can that your Shipping may not lye upon our hands, we send by this Ship three different sorts of Cotten Romall handkerchiefs, one sort made here, another at Paliacat, and a third Right Metchlepatam which are particularly distinguish'd in the Invoice; we look upon those made at Paliacat to be much the best and cheapest, and believe we can procure at least two thousand peices yearly, and something cheaper than those that now come, which were the first Essay and consequently something dearer than Ordinary, there will be five hundred peices more for the next Ship, and we shall wait your further Orders concerning this Article.

21. We have not seen any of the goods that come from Fort St. David by this Ship, but your Deputy Govern<sup>r</sup>. and Council assure us that they have been very carefull in keeping the Merchants to their Musters when the Remainder of the Bales come up hither after the Howland is dispatch'd, we shall be sure to view them and when your Hon<sup>rs</sup>. have seen the rest in England you will be best able to judge of their performance they ha[ve] very great Advantages in the Cotten manufactures beyond [what] we can pretend to here, so that it is their own faults if they take in goods worse than Muster, and therefore we give them as large a proportion of your Investments as they can undertake to do and at the same time we give our Merchants here as full Employment as the Country will afford.

22. We have presum'd to send by this Ship two small Bales each containing fifty peices of fine Betteelaes made at different Places for a Tryall, which we were encourag'd to do because we find them so much finer than the Oringall in proportion to your Severall prizes; if your Hon<sup>rs</sup>. Approve of them, we can procure six to ten Bales in a Year, and not more, they are particularly distinguish'd in the Invoice.

FOURTHLY TOUCHING THE TRADE OF INDIA IN GENERALL AND THEREIN ANY TRANSACTIONS WITH THE COUNTRY GOVERNMENT.

23. We have very little to add to what we wrote your Hon<sup>rs</sup>. in our Last under this head; Our Suba is engag'd in a Contribution Warr at a great distance from us, so that we are at present very easy and quiet; the Patna Prince Farrackseer is said to have pass'd Agra after having defeated the King's Forces, the Suba in Bengall has coin'd money in his Name and 'tis Generally believ'd he will obtain the Empire.

24. The Dutch Ambassador is upon his Return from Court to Surat, having, as it is reported obtain'd large Phirmaunds of the present King, we have no certain Acco<sup>t</sup>. of the particulars, but hope you will receive them by the Surat Shipping as there is no doubt but the Ambassador will be arriv'd before they sail, but if Farrackseer should carry the Crown, 'tis believ'd what the Dutch have obtain'd will want a Confirmation, we hope the Gentlemen at Bombay will send your Hon<sup>rs</sup>. a particular List of the Dutch present, for we are humbly of Opinion

that ours ought to be near an equivalent whenever we set about that work, that is to say, if we expect to be upon an equal footing with them.

25. We have no further Advices of General Aislabie's Proceedings before Surat River's mouth, but having recover'd good Part of the Effects out of Abdull Gafore's Ship that was wrack'd in this Road last October, we propose to detain what is and shall be sav'd, till we hear the issue of that Affair except what is due to the Undertakers of the Wreck, by their Agreement.

Our present ought to be near an equivalent to theirs.

We shall keep wt. recovered out of Abdull Gafores Wreck till we hear how ye. Genl. has settled matters with him.

26. There is no further Alteration in the Trade of India since our last, worth detaining your Hon<sup>rs</sup>. longer on this Subject.

#### FIFTHLY TOUCHING FORTIFICATIONS BUILDINGS AND REPAIRS.

27. Our last by the Mary gave a full Acco<sup>t</sup>. of the Condition our inner Fort is reduc'd to; and now M<sup>r</sup>. Way being return'd from Surveying the Buildings at Fort S<sup>t</sup>. David, his report thereof comes in the Packett N<sup>o</sup>. 26, and is very well worth your Hon<sup>rs</sup>. consideration; there has been such an apparent Neglect of Repairs for Many Years past, and what little was done in M<sup>r</sup>. Roberts his Time, was so scandalously perform'd that th<sup>o</sup> great Sums of Money have been squander'd away, all is tumbling down and not worthy repair, we shall be forc'd to do something very speedily for the Security of your goods and the safety of your Servants and propose to begin with y<sup>r</sup>. Godowns as the most necessary work all in hopes that may be finish'd before the next rains, but we shall wait your further Orders before we take the main Business in hand, & whatever you think fit to permitt, we will take care it shall be done with all possible frugality, not only to last our time but as long as any Buildings can stand in this country.

Mr. Ways report of ye. Fort St. David Buildings comes in ye. Packet, by wch. you will see they are past repair, we shall do no more than is necessary for ye. Security of yor. Goods & safety of yor. Servts. till we have yor. orders, wch. shall be carefully executed.

28. We send in the Packett a Draught of Fort St. David, with Two plans for the necessary Buildings, one of which is already fix'd in the Square of the Fort, and the other in a Draught apart, with the proper references, whereby your Hon<sup>rs</sup>. will be able to judge of the Design, two of the Fort Bastions are yet unfinished as you may please to observe by y<sup>r</sup>. Draughts, and it is highly necessary that they were compleated as well as the Wall at Cuddalore; we cannot think it convenient that the Hospitall should be within the fort, w<sup>ch</sup>. would be very offensive to those in health, and therefore propose that a convenient one be built at some Distance, on a wholesome Spot of ground with an Adjacent Lodging for the Doctor and his Mates, that they may be allways at hand to take care of the sick the whole is humbly Submitted to your better judgment, and shall be glad if you will please to send us a Plan from some abler hand in England for our Direction, in case you think fit that the work should be taken in hand, we can do very well with the Executive part, having M<sup>r</sup>. Tho<sup>s</sup>. Way a person well skilld in Building, Your Gunner of this Place, and him at Fort S<sup>t</sup>. David, ingenious Men & tolerable good Engineers.

In ye. Packett come a Draught of Ft. St. David & plans of ye. Necessary Buildings which will show you our design. The whole is submitted to you for wt. alterations You think fit to make.

29. M<sup>r</sup>. Joseph Bullock and the persons that come home upon this Ship will have an opportunity of being eye Wittnesses to the Truth of what we write concerning Fort S<sup>t</sup>. David, if yo<sup>r</sup>. Hon<sup>rs</sup>. please to examine them upon that Subject.

Mr. Bullock & on upon this Ship will be eye witnesses to wt. we write of Ft. St. David.

30. M<sup>r</sup>. Way return'd so late from fort S<sup>t</sup>. David that he has had no more time than to compleat the Draughts now sent, w<sup>ch</sup>. was so necessary a work that we would not take him off to finish those of our New Buildings here, which we promis'd to send in our Last.

Mr. Way has not had time to finish the Draughts of our new Buildings.

34. Lieutenant Thomas Wallace at Fort St David, whom we entertain'd at Ensigns pay for reasons mention'd by the Dartm<sup>th</sup>. thinking himself hardly us'd that we do not encrease it, has petition'd us to lay down the Service and come for England, w<sup>ch</sup>. we as readily Agreed to.

36. We sent a full answer to your Accountant's Letter by the Mary, and a Duplicate comes by this Packett No 3 & now we have with much Labour and pains revis'd and thoroughly examin'd the Generall Books and Warehouse Acco<sup>t</sup>. from the time of M<sup>r</sup>. Matthew Empson's commencing Warehousekeep<sup>r</sup>. Anno 1706. in order to find out the difference between the old joynt Stock Merchants Collo-way and Vincatte Chitty's their Acco<sup>t</sup>. Curr<sup>t</sup>. as they state it and as it stands in the Gen<sup>l</sup>. Books, the whole affair is fully set forth in a report enter'd after our Consultation of the 2<sup>d</sup>. ins<sup>t</sup>. with Schedule of the said Acco<sup>t</sup>. Curr<sup>t</sup>. annex'd thereto, which we humbly request may be carefully examin'd by your Accountants or whom else you please to direct; and for the proof of great part of what is asserted in the said report, we send in the Packett Copsy of the Warehouse keep<sup>r</sup>. Acco<sup>t</sup>. for the time that Matthew Empson was Warehouse keep<sup>r</sup>. whereby it will be easily seen in what manner [his] ballance became due, and that the erroneous method in which those Acco<sup>t</sup>. were kept by his wicked Conicoply, has so puzzled matters that it is impossible to fix the sum wanting, any otherwis<sup>e</sup>. than upon that Conicoply and himself.

37. As for the Ballance now standing out in Matthew Empson's Name, which is Pag<sup>ts</sup>. Two thousand Eight hundred forty six, thirty five fanams and five Cash, the same Conicoply impudently acknowledges that it is due from him, for mony that he receiv'd and never paid in; we keep him under Close confinement, and shall proceed to sell his houses and all we can lay our hands on, what effects he has abroad that are yet come to our knowledge, are to the Amount of about Eighteen thousand pagodas, but one Ship with about three thousand pag<sup>ts</sup>. was wreck'd on Ceylon in Sep<sup>r</sup>. last and nothing sav'd another founder'd in the Road here in Octob<sup>r</sup>. last with about one thousand Pagodas; The remainder is in Manhila, and has been three Years in peoples hands of the same principles with himself, we have given powers to recover what we can, and shall know the issue when any Manhila Ship arrives this Season, this fellow livd with great Splendour, and at a Scandalous Expence during the time of M<sup>r</sup>. Fraser's Government squandering away great Sums of this ill gotten mony, and was so far from being suspected to have abus'd his Trust, that never any person of his colour and cast in this country ever had half so much confidence repos'd in him; We shall use all means to recover what we can from him, and secure it till we have your Hon<sup>rs</sup>'s Judgement upon the foremention'd report; as for M<sup>r</sup>. Empson's Estate, That in our Opinion ought to be always liable for what Tonapa cannot pay, we are sorry to acquaint you that there are only a couple of indifferent houses out of which the poor widow and family at present Subsist.

As for Mr. Empson's Balloe. of Pag<sup>ts</sup>. 2846: 85: 5, the conicoply owns it to be due from him. Concerning ye said Conicoply & his Effects.

38. It will undoubtedly appear strange to your Hon<sup>rs</sup>. that this matter of the Merchants Acc<sup>ts</sup>. and Empson's Ballance which was begun upon in Consultation of the 2<sup>d</sup>. of August 1711, should not have been perfected before, for which we humbly offer the following reasons.

Reasons why we could not make this report sooner, tho' we began upon the Business so long ago.

39. In the said Consultation Colloway Chitty desir'd a liberty to examine all the Warehouse Cadjans, and to revise his own which was a work of a considerable time, and not perfect'd before your Accomptant had his hands full in bringing up the General Book[s] that were so much behind hand when your President arriv'd.

Colloway Chitty took up a great deal of time in revising his own Acco<sup>ts</sup>.

40. When we had Liezure after the Ships were dispatch'd, Colloway Chitty produc'd a Cadjan Acco<sup>ts</sup>. how and in what manner he paid for the six Chests of Silver, which put us upon a thoro' review of all the warehousekeeper's Acco<sup>ts</sup>. wherein we soon found that there could be no such Article of Silver unpaid for, and when we were employ'd in this Scrutiny the rogueries committed by Tonapa the conicoply under Mess<sup>rs</sup>. Raworth and Martin began to come to light, and oblig'd us to leave hunting the smaller game in order to recover and get in the more considerable Articles, and do assure your Hon<sup>rs</sup>. that all our spare hours have been employ'd in Scrutinys of this nature.

When we came to examine the Warehouse Acco<sup>ts</sup>. Tonapa's Rogueries appear'd, wh. took us off from ye other Business.

41. We must further remark that the good Old Custom of the Warehouse-keep<sup>rs</sup>. giving Notes of his hand for all mony's paid in has been long discontinued, which has occasion'd us and your Hon<sup>rs</sup>. all this Trouble, we would not be too Severe in our Censure, but 'tis hard to imagine that so commendable and safe a method for the person concern'd should have been left off for any honest reason; However we have reviv'd it, and shall now publish at the Sea Gate and elsewhere that no person do pay any Sum of mony without such a note, under pain of being liable to another payment if he should be call'd upon and not produce his note; And this w<sup>th</sup>. other Regulations we have made, will we hope secure your Estates for the future, and save a great deal of Trouble to those that are to come after us.

We have reviv'd the old Custom of giving Notes for mony paid, that had been left off, & given publick Notice that no person pay mony without a Note.

42. We shall go Stedily on, to keep up your Business in a safe and regular method, with a due regard to all your Orders in hopes our Labours will be

We shall continue our Care & diligence in yor. Affairs.

Acceptable, And entitle us to the continuation of your favour. We heartily wish this and all the rest of your Ships a safe arrivall, and are with the greatest respect,

To CAP<sup>T</sup>. SAMUELL LEWIS,  
COMM<sup>DR</sup>. SHIP HOWLAND.

1. Your Ship being compleatly loaden you are hereby Order'd to repair on Board, and with the first opportunity of wind and weather to proceed and make the best of your way for the Port of London, and whatever Port of great Britain you arrive first at, we order you to send away your Purser with our Packett deliver'd you in a Box mark'd A, directed to the Hon<sup>ble</sup>. the Court of Directors for affairs of the R<sup>ty</sup>. Hon<sup>ble</sup>. United Company of Merchants of England trading to the E<sup>t</sup>. Indies, To whom your Ship goes consign'd.

2. We likewise deliver you a flying Packett Letter B, which you are to forward by Post or Express immediately upon your arrivall at any Port in Europe where conveyance can be had, taking care to write yourself to the Hon<sup>ble</sup>. Directors with an account of what has happend material in your Voyage.

3. We also deliver you a Box mark'd Letter C, containing Books of Acco<sup>ts</sup>. which you are to send by the first safe Conveyance after you get into the River of Thames.

4. The Hon<sup>ble</sup>. Directors have complain'd that while their Ships have been detain'd in Ireland or Holland for Convoy, they have wanted our Advices, tho' at the same time the Comm<sup>dr</sup>. have had our positive Orders to forward a small Packett in the manner before directed, which we admire has not been obeyd, and strictly enjoyn you once more to send away the Packett Letter B, as you will answer it to them on your Arrivall.

5. You have already received from the Gov<sup>r</sup>. a small Pacquett directed to yourself containing Secret orders for your homeward bound passage, which you are strictly to observe, and not to open them till you come into ten degrees South Latitude on this side the Cape, and then it must be done in the presence of your Mates and Purser, whose attestations you are to take in order to make Oath thereto if requir'd upon your Arrivall in England.

6. The Company's orders are that if any Ship should be so late dispatch'd hence, or that by any other misfortune she has no hopes of getting about the Cape, that they winter at Galle on the Island of Ceylon & stay no longer there than the beginning of July; but if it so happens that they get up with the Cape or near it, their Orders then are, that they go to Mauritius to y<sup>e</sup>. South E<sup>t</sup>. Side, which is on the windward part of the Island, where the Dutch had a Settlement, taking great Care of your going in; 'Tis further ordered, that you do all possible to avoid going into the North West Harbour or Carpenters Bay, where 'tis likely the french will look in; we are very credibly inform'd the Dutch have left the Island Mauritius, so that you must be very careful how you make it, and be

always on your Guard, and keep constant looking out to prevent being surpriz'd by any Enemy, securing yourself in the best manner you can during your stay there

7. The Company have sent out a standing order to S<sup>t</sup>. Helena, to be incerted in all your instructions Viz<sup>t</sup>. That whoever of you touch at S<sup>t</sup>. Helena that you bring your Ship to Anchor before you come open with Chappell Valley near Mundens point if you do not meet with good anchor hold sooner, and then send your Boat on Shoar to give the Gov<sup>r</sup>. intelligence who you are, for he is orderd to let no Ship pass that point and come into the Road before he knows what they are and whence they come, and if any Ship should attempt to break this Order, the Gov<sup>r</sup>. has the Company's positive Orders to fire on them.

8. We strictly enjoyn you from coming near any Ship at Sea, there being severall French Ships abroad and more dayly expected.

9. You must always keep the severall Packetts herewith deliver'd you at hand, and in case you are in Danger of falling into the Enemy's hands (which God forbid) you are to throw them over board with all private Letters in your Ship.

10. And whereas there are two french Ships of great force gone away from Pontichery some time before you, which we are apprehensive may cruize to windward of S<sup>t</sup>. Helena, we think it safest that you should remain at the Cape a reasonable time in hopes that one or more of our men of war may come up and carry you with safety to S<sup>t</sup>. Helena.

11. We have put aboard your Ship pursuant to your Charterparty Covenants and the Hon<sup>ble</sup>. Companys Orders sixteen and half Leagers of Arrack and eight Canasters of Sugar for the use of the Island S<sup>t</sup>. Helena, which you are to deliver in good condition together with our Letter to the Deputy Govern<sup>r</sup>. and Council upon your Arrivall there, and if by Accident you should not touch at that Island you may make use of all or any part thereof for your Ships Company upon Occasion, for which you are to Acco<sup>t</sup>. with our Hon<sup>ble</sup>. Masters in England. We wish you a prosperous Voyage and date these in Fort St. George this fourteenth Day of Feb<sup>r</sup>. 1714.

GENERAL LETTER FROM FORT SAINT DAVID TO THE COMPANY, FEBRUARY 13, 1713,  
PER HOWLAND. [*Public Despatches to England, Vol. 3, pp. 133-138.*]

TO THE HON<sup>BLE</sup>. THE COURT OF DIRECTORS  
FOR AFFAIRS OF THE R<sup>T</sup>. HON<sup>BLE</sup>. UNITED  
COMPANY OF MERCHANTS OF LONDON  
TRADING TO THE EAST INDIES.

Hon<sup>BLE</sup>. S<sup>R</sup>.

The last time we did Ourselves the Hon<sup>R</sup>. to write to you was by Cap<sup>T</sup>. Hurst on the Averilla, whose Invoice amounted to thirty two Thousand seven hundred and ninety Pagodas, the Duplicate of which with the Copy of our Letter and second Bill of Loading, We forwarded to the Hon<sup>BLE</sup>. Govern<sup>R</sup>. & Council of Fort St. George to be sent on the Dartm<sup>th</sup>. by which conveyance we suppose your Hon<sup>R</sup>. will receive it, and therefore will not trouble you with them now, but proceed as briefly as possible to give You a suscinct Acco<sup>t</sup>. of what has happen'd relating to your Affairs in this place, which we hope will be sufficient, since we have from time to time wrote our Superiours very particularly of them, who from thence have to be sure enlargd on them themselves.

& Ship  
Howland  
Capt. Samuel  
Lewis.

We continued our dayly Skirmishes with the Enemy, w<sup>th</sup>.out any Extraordinary Loss on either Side till the 22<sup>d</sup>. Feb<sup>r</sup>. when at five a Clock in the Morning they Attackd us in all Quarters and stood our fire, very resolutely both from the Cannon and small Arms till three a Clock in the Afternoon, before we could compell them to retire, which we were so fortunate at Last as to do; but they renewd their Attack again the next morning, upon which, finding it impossible for our men constantly to endure such violent fateagues, we were obligd to fling up another Mud Bullwork which we effected in Six days, during which time they endeavourd to drive the work men from it what possible, but without success, and th<sup>o</sup> we lost but one of our men in all the Engagem<sup>t</sup>. yet by the best Advices we could procure, the Enemy seldom retired without the destruction of about fifty of theirs, after this they made no more such bold Stroaks as these were upon y<sup>r</sup>. Bounds but contented themselves with Entring the unguarded passes in them with small Partys, when they seldom did us any more prejudice, than the driving away a few Cattle, which we had most commonly the good fortune to recover from them again by the vigilance and courage of your Officers and Soldiers, who, th<sup>o</sup> they are not able to perform impossibilitys, underwent the hardships we never Expected they could endure, nor did any of them seem to murmur at what they sufferd, except one of your Lieutenants, M<sup>r</sup>. Hercules Courtney, who because the Dep<sup>y</sup>. Govern<sup>R</sup>. confin'd him to his Chamber, for Assaulting and wounding an Ensign upon his Post, grew so very impatient for his enlargement, that he prevaild w<sup>th</sup>. the Party he commanded consisting of an hundred & thirty Men the best we had in y<sup>r</sup>. Garrison, to subscribe to a Petition wherein they declar'd that unless he was immediately put at the head of them again, they should very unwillingly bear arms any longer in your Hon<sup>R</sup>. Service; on which we immediately sent the Penman of it, the Lieutenant abovementiond, with an Ensign and Serjeant his two Accomplices to Fort St. George, where the Hon<sup>BLE</sup>. Gov<sup>R</sup>. & Council so far approv'd of what we had done, that they immediately dismiss them their Employs; after which the rest of the Military remaind very quiet, and under very good Discipline, which, we should be very unjust to Lieutenant John Roach if we did not chiefly attribute to him, of whose merit we have often Spoke in our Correspondence with Fort St. George, to which we begg your Hon<sup>R</sup>. to be referr'd, and will therefore say no more of him in this L<sup>r</sup>e than to assure your Hon<sup>R</sup>. that when you think convenient to conferr such an Employ, on any of your military Officers he far before the rest deserves to be made y<sup>r</sup>. Adjutant Generall.

This is in breif an Acco<sup>t</sup>. of our Troubles till the 25<sup>th</sup>. March when M<sup>r</sup>. Bernard Benyon arrivd at Pontichery with pow<sup>r</sup>. to Accommodate the differences between us, and the King of Chingee by the Mediation of S<sup>r</sup>. Andrew

Hebbert the Gov<sup>r</sup>. there, which with a great deal of difficulty he effected by the 4<sup>th</sup>. June N.S. and in consideration of their Assigning over to your Hon<sup>ty</sup>. the Mold of Trevendaporum which turns the Waters in your Bounds, the Ditch with ten foot of ground on Each Side of it, and our presenting them with twelve thousand Pag<sup>s</sup>. they withdrew all their Forces, and we have since that enjoyd perfect tranquillity, for any Molestation we receivd from them within our Bounds and wherever our people have Occasion to go in Order to Negotiate your affairs, and thô the Country has been so long harrassd w<sup>th</sup>. Warr, yet we have hopes that the trade of it will Shortly flourish as much as usuall, for most of the towns and Villages which were either destroy'd or uninhabited before, are rebuilt & People[d] again, and they shew a very good inclination towards forwarding it what lyes in their Power, which we promise your Hon<sup>ty</sup>. we will encourage them in as much as possible that your revenues may be encreased and some Amends made for the great Losses and Expences we have ben at for the Maintainance of this Settlement, and we have further in Order to it been making Strict Enquiries of what Effects Chivee Naigne Redde &<sup>ca</sup>. Renters (whose flight was the Cause of all our misfortunes) have within your Bounds, but have not at present been able to discover more in houses and Debts than to the value of one thousand Pagodas, but are pretty well assur'd that one Tonapa Chitte a substantial inhabitant here, has above six thousand Pag<sup>s</sup>. more in his keeping, w<sup>th</sup>. we shall use our utmost endeavours to prove upon him, and then oblige him to pay the Amount into your Hon<sup>ty</sup>. Cash here; and that he may not make his escape, whilst we are prosecuting him, there is sufficient Security given for his appearance when it shall ever be requir'd by us.

Our Troubles being thus ended, by Permission from Madrass we immediately orderd the Collectors of your Sea & Land Customs to receive the usuall impositions on Grain, which by reason of the Scarcity of it, and for the encouragement of Merchants to bring it, whilst they continued, were taken off, and as soon as the Cowl which was granted to Eram Raw the Renter of your bounds by M<sup>r</sup>. Roberts in the year 1707 was expir'd we renew'd it, but in Consideration that the Mold was demolished and must be repar'd, the Water courses stop'd up, and all other ingredients out of Order, We were forc'd to consent to an abatement of two thousand Chuckrums, but before us'd our utmost Endeavours to procure the Accustom[ary] Rent thô in vain, and then advised our Superiours the reasons why we were so unsuccessful, who upon due Consideration on the Matter approv'd of our proceedings and we hope the next year, when this present Cowl is out of date, to make your Hon<sup>ty</sup>. amends by procuring an Addition to the Late Rent to as great an Amount as what has been abated now; and that this Settlement may be as little burthensome to your Hon<sup>ty</sup>. as possible. we have retrench'd the Numbers of our Peons and Servants as much as can be, and will if to be Effected still lessen the Expences of it, but we are very sorry to Acquaint your Hon<sup>ty</sup>. that there is not either in the Fort or Cuddalore so much as one room for your Dep<sup>y</sup> Govern<sup>r</sup>. or the Company's Servants fit to lodge in, neither is there any Apartments for your Soldiers, but thê greatest inconveniency of all is that our Magazines are so entirely out of repair, that it is with great hazard our Ammunition is kept in them, of all which we have wroto at large to the Hon<sup>ble</sup> Govern<sup>r</sup> & Councill of Fort St. George, who to be sure have particularly recommended those Letters to your Hon<sup>ty</sup>. perusal which is the Reason we don't enlarge more on this Subject.

The Deputy Govern<sup>r</sup>. for reasons he will trouble your Hon<sup>ty</sup>. with in a Letter from himself, desir'd permission in July to repair to Fort St George, which having obtain'd he left this Place the 7<sup>th</sup> of August and return'd to his Station again the same day in September, when he brought with him Instructions about making a new Contract, which was a work so necessary, that we immediately enter'd upon it, and in few days brought our Merchants (thô with a great deal of difficulty) to engage to procure the Quantitys of goods we wanted, time enuff to fill up what Ships it should be thô<sup>t</sup>. convenient to be dispatch'd this Season, but our Superiours

believing we had taken to our Share, more fine goods than we ought, disapprov'd of our proceedings which oblig'd us to cancell all that we had done before, and try if it was not possible to bring our Merchants over to their terms, w<sup>ch</sup>. we at last effected, but could not possibly do it before the 24<sup>th</sup> Octob<sup>r</sup>. when it was so very late that we almost despair'd of their performance, notwithstanding they went so very industriously to work that by the latter end of Decemb<sup>r</sup>. we had twelve hundred Bales in the Washers hands and by the middle of January a thousand of them made up, since which our Contract is compleated and we hope to be able to procure a considerable quantity of Course goods more which the gentlemen under whose directions we are, have permitted us to do; and thō the Cloth last sent by the Averilla was not quite so good as we desir'd, which the war was the Cause of, yet we now hope our Merchants have made Amends for that fault, for we assure your Hon<sup>rs</sup>. in our Opinions, that thō it's not so well wash'd which is a fault our water here wont suffer us to remedy, yet it is both fine and Course when brown as good as any sent your Hon<sup>rs</sup>. from Fort St George.

Your Servants here both Civil and Military are all in very good health and Order, in which disposition we shall endeavour to preserve them, and it is with a great deal of Concern we acquaint your Hon<sup>rs</sup>. that none of them but one, who is a member of this Board has misbehav'd himself, M<sup>r</sup>. Philip Baker who ever since his being in these Parts, has been notoriously remarkable for disobedience to his Superiours, but more particularly now than ever for believeing the Deputy Gov<sup>r</sup>. to be under the frowns of his Super<sup>r</sup>. he laid hold of the opportunity not only to asperse his Charecter in all Companys behind his back but being encouraged by his Long sufference of such treatment; he at last very grossly affronted him to his Face, which was that he thought the Duty to his Station oblig'd him not to bear, and for that reason only apply'd himself to Madrass for Justice which was given him, and he no[w] stands suspended the Service till your Hon<sup>rs</sup>. pleasure is further known, we are very far from designing the Ruin of an[y] one, and the Deputy Govern<sup>r</sup>. does as to himself very heartily forgive this Gentleman, but with submission we cannot upon this Occasion avoid desiring your Hon<sup>rs</sup>. to consider how capable any person may be of turning a well Govern'd Place into an Annarchy, if a Person of his Levelling Principles does not meet with some Singular Marks of your Hon<sup>rs</sup>. displeasure.

Enclosed We send your Hon<sup>rs</sup>. the list of covenanted, Serv<sup>ts</sup>. and the muster Roll of your Military here, with the Copy of our Account cash to the 31<sup>st</sup> Ultimo and all other necessary Papers as <sup>the</sup> List enclos'd with the Invoice and Bill of Loading for one thousand Eighty three Bales Amounting to Pag<sup>s</sup> One hundred and four thousand Eight hundred Eighty five, Eleven fanams & Sixty Two Cash; and Cap<sup>t</sup>. Lewis having th[is] morning by hoisting his Colours, and firing a Gun signified he is [full] and ready to sail, we have given him his dispatch, and wishing him a Prosperous Voyage, With Success to all your Hon<sup>rs</sup>. other Affairs. GENERAL LETTER FROM FORT SAINT GEORGE TO THE COMPANY, DATED SEPTEMBER 16, 1713, PER LONDON. [*Public Despatches to England, Vol. 3, pp. 189—192.*]

To Y<sup>r</sup>. HON<sup>RS</sup>. THE COURT OF DIRECTORS  
FOR AFFAIRS OF Y<sup>r</sup>. R<sup>Y</sup>. HON<sup>RS</sup>. UNITED  
COMPANY OF MERCHANTS OF ENGLAND  
TRADING TO Y<sup>r</sup>. EAST INDIES.

Hon<sup>ble</sup>. S<sup>r</sup>.

Ship  
London  
Capt. Wm.  
Upton  
Comm<sup>dr</sup>.  
The Date of  
our last &  
the receipt of  
y<sup>r</sup>. Comm<sup>rs</sup>.  
Ks. William,  
&c.

No. 1. The last opportunity we had of writing your Hon<sup>rs</sup>. was by the Howland under the 4<sup>th</sup>. Feb<sup>r</sup>. which Ship was dispatchd from Fort St David the 14<sup>th</sup>. of the same month with a Cargo amounting to Pag<sup>s</sup>. One hundred four thousand, Eight hundred eighty five, Eleven fanams and Sixty two Cash, a Duplicate List of what Books & papers went by her comes in This packett N<sup>o</sup>. 7. We have since been favourd w<sup>th</sup>. your's dated y<sup>e</sup>. 2<sup>d</sup> Feb<sup>r</sup>. 1713 by the King William with Duplicate & Triplicate by Ships Hanover and Frederick with y<sup>r</sup>. accompanying Papers and Bengall Packetts exactly conformable to y<sup>e</sup>. Several Lists.

We shall by  
this Conveya.  
write as  
fully as we  
can, in y<sup>e</sup>.  
order pre-  
scribd.

2. We propose by this accidental Conveyance to go as far in answering the forementioned Letters as time and circumstances will permitt, and what is wanting shall be fully made up by our own Ships, we shall also add the most material passages that have occur'd since the dispatch of the Howland, and endeavour to range them in exact order according to your directions, we will for the future allways date our Letter the day it is signd, and every paragr[aph] shall have it's true date expressd as your Hon<sup>rs</sup>. are pleasd to direct, the Copyes of all our Letters shall be made originals by signing them, and we are sorry to find your Hon<sup>rs</sup>. displeasd at the writing Work by the first Ships we dispatchd, we hope and believe the next was better, & shall still endeavour to mend, but your President found many raw unexperienced hands in the Office at his Arrivall; The Supplement shall as near as possible be rangd und<sup>r</sup>. the Proper heads, but as we continue writing to the last we shall hardly be able to keep exactly in that Method.

We hope the  
writing work  
since, is  
better done  
than that  
complaid  
off.

FIRST CONCERNING SHIPPING SENT OUT & RETURN'D.

Relating to  
Capt.  
Upton's  
coming  
hither.

3. This comes by Ship London Cap<sup>t</sup>. William Upton, that arrivd here the 7<sup>th</sup>. of June fully laden from Bombay, for which deviation your Hon<sup>rs</sup>. will find his Reasons in a paper enterd in Consultation the 13<sup>th</sup>. of the same month, the Ships that visit us annually in this manner not being any way under our Directions, we can only offer them our Advice, & they can chuse whether they will follow it or not.

The Seperate  
Ship Windsor  
arrivd here  
the 12<sup>th</sup>. May,  
made a sale  
& departed  
for China y<sup>e</sup>.  
10<sup>th</sup>. June.

4. On the 12<sup>th</sup>. May arrivd the Seperate Ship Windsor from Great Britain, and on the 20<sup>th</sup>. the Sup<sup>r</sup>. Cargo produc'd his Licence in Consultation for tradeing in these parts; he sold here a parcell of Madera Wines & other goods mentiond in his Licence, and being disappointed in letting the Ship to freight, she saild hence for China the 10<sup>th</sup>. of June w<sup>th</sup>. no more than the Produce of what she brought out to the best of our knowledge, intending to load at Amoy w<sup>th</sup>. gruff China Ware & Tea for Great Britain.

The Seperate  
Ship Joseph  
arrivd here  
the 8<sup>th</sup>. June  
& bro<sup>gt</sup>. news  
of sevl. of  
our Ships  
being well  
at the Cape,  
She is  
designd for  
Bengall &  
Moco if  
they can get  
freight.

5. The Seperate Ship Joseph arrivd here the 8<sup>th</sup>. of June having touchd at the Cape and bro<sup>gt</sup>. us the good news of our Ships Dartmouth, Derby, Mary, Toddington, Nathaniell & Stringer Gally, being safe at that place & ready to sail in Company with the Dutch; Cap<sup>t</sup>. Mocher Comm<sup>dr</sup>. of the Joseph dyed here the 23<sup>rd</sup>. July; the Survivers design w<sup>th</sup>. the Ship for Bengall & Moco if they can meet with any freight: we were in hopes to have seen no more of them in these parts, but they tell us they may stay abroad & trade till the 28<sup>th</sup>. of Septem<sup>r</sup>. 1714. This Ship also brought Madera wine, which sold at very low rates, & unless they find frieght to Employ the Ship their Voyage must be entirely ruin'd.

6. The King William Gally arrivd here the 19<sup>th</sup>. June, the Hanover on the 21<sup>st</sup>. and the Frederick on y<sup>e</sup>. 25<sup>th</sup>. July the two Latter touchd at the Cape, where they met w<sup>th</sup>. the Howland and receivd advices that the Heathcote and Mountague were gone for St. Helena some days before their Arrivall: the Loyall Bliss parted with the rest of your Outward bound Ships the 1<sup>st</sup>. of March in 44° North since when We have not heard of her; the Cardigan parted with the Hanover between Zeloan & this place & went on directly for Bengall; and thus having given your Hon<sup>rs</sup>. the good news of the Arrivall of your Shipping we shall proceed to answer that part of your Letter und<sup>r</sup>. this Head.

The arrivall of y<sup>e</sup>. K<sup>ing</sup>. William Hanover & Frederick, w<sup>th</sup>. News concerng other Ships.

7. The Sherborne had undoubtedly been better employd to the West Coast, than to have layn so long useless and in danger of the French at Fort St. David, but we thought [it] more adviseable, when we knew the Thistleworth and Toddington were come out upon that Service, and the Jane was dayly expected here, to send the Sherborne down to Bengall in Company w<sup>th</sup>. so many good Ships, not supposing that the Gentlemen in the Bay who were so well acquainted with her would have put aboard so rich a Cargo, she went for the Bay early in Septemb<sup>r</sup>. which was sooner than we could have expected the Jane to arrive if she had been safe, & if we had the least Notion of her intentions for Brazill, we should infallably have made use of y<sup>e</sup>. Sherborne for y<sup>e</sup>. West Coast Service.

What inducd us to send the Sherborne to Bengall rather than the West Coast.

8. Tho' there is no particular mention in the agreement for Cessation of Arms touching Acts of Hostility on this side the Line, the French are so far from pretending to meddle with any of our Ships, that they caress & entertain all they meet w<sup>th</sup>. in a very friendly manner.

The french entertain our Ships as friends.

9. We have receivd no Directions from the Secret Committee this Season, but Cap<sup>t</sup>. Winter of the King William telling y<sup>e</sup>. President, he had a packett which should have been left at the Cape (if he had touchd there) for the homeward bound Ships, he thought it his Duty to demand it of him.

The Presidt. demanded y<sup>e</sup>. Secret Committee's packet of Cap<sup>t</sup>. Winter.

10. We observe your Hon<sup>rs</sup>. Reasons for sending out so little Tonnage and Stock this Year, in Comparison of what was usuall, most certainly we have Tonnage enuff upon our hands, considering the three Ships remaining of the last Season, but by our Advices from the Bay and particularly in their Letter of the 26<sup>th</sup>. of June N<sup>o</sup>. 92 we have reason to fear they will not have stock to load above two of the biggest Ships at most, and if they make no better use of the rest than they did of the Recovery last Season, we cannot see which way the eating charge of Demorage will be sav'd.

with y<sup>e</sup>. small Stock sent out this year we believe y<sup>e</sup>. Bay will not be able to dispatch above 2 Ships.

11. We have pursuant to your Orders in the 16<sup>th</sup> parag<sup>r</sup>. enquired of your three Cap<sup>ts</sup>. severally, what were the reasons of their parting Company in their outward bound Passage to this place, the Substance of their answer is that having French passes they apprehended no danger and therefore were not so solicitous for keeping Company to the prejudice of their Severall Owners.

The Capts. reasons for not keeping Company.

12. As it happens this year that we have no Salt petre in the Godowns, the Bay ships will be obligd to fill up here so that we have no occasion to send any Bales down for reparting the Cargo's and the risque of the voyage down and up & over the Braces will be sav'd: in our humble opinion as long as it is peace, it will allways be best for the Bengall Ships to fill up here, which we can easily regulate so as to cost you no extraordinary Demorage, but our Septemb<sup>r</sup> Ship can never have any Bengall Bales on Board unless they have a dead Stock to provide them, and even then they must have a Conveyance up hither in y<sup>e</sup>. month of March after all your Shipping is dispatch'd for Europe.

The Bay Ships touchng here y<sup>e</sup>. Season to fill up, y<sup>e</sup>. Cargos will be reparted w<sup>th</sup>. out risquing our Bales down, & it will be best for them always to do so in time of Peace: but our Sept<sup>r</sup>. Ship cannot have any Bengall Goods.

We can have none of y<sup>r</sup>. Ships from y<sup>e</sup>. Malabar Coast this Season, & when they do come, we hear they have no money to bring with them.

We have paid the Surgeons of y<sup>r</sup>. Ships the head money for the Soldiers according to y<sup>r</sup>. orders.

13. We observe your Hon<sup>ty</sup>. intentions to order two Ships from the Malabar Coast this place or the Bay, w<sup>th</sup> each sixty thousand pound, the Litchfield will be dispatchd home in September, the Sommers cannot be back at Bombay from her present Voyage till Feb<sup>r</sup> and tho the Grantham may return from Batavia in November, neither of them can get about hither till Aprill and when they do come, we cannot learn that there is a Rupee to send with them, every body that comes from y<sup>r</sup>. side assuring us that when the Litchfield is dispatch'd there will be little or no money left.

14. In Compliance w<sup>th</sup> your orders in the 21<sup>st</sup> paragr<sup>h</sup>: we now advise that we have paid to the Surgeons of the King William, Hanover & Frederick as follows.

Thomas Atkinson	Surgeon of y <sup>e</sup> . King William	44 men,	Pag <sup>r</sup> . 48 : 32 :-
Daniel Sullivan	do. of y <sup>e</sup> . Hanover	51	do. 56 : 14 :-
Oliver Colt	do. of y <sup>e</sup> . Frederick	45	do. 50 :

Pag<sup>r</sup>. 155 : 10 :

by which your Hon<sup>ty</sup>. may please to observe there has been little or no mortality, and we must add that never Men came ashore in better Condition the Surgeons Receipts come in y<sup>e</sup>. Packett N<sup>o</sup>. 9.

The Gentlemen concernd in former mismanagements, now at this Board ask pardon, & y<sup>e</sup>. orders are now drawn into such form yt they may be easily perusd.

St Helena may be supplyd with Arrack & Sugar cheaper from y<sup>e</sup>. Bay than here: they have wrote for L. Cloth & w<sup>ch</sup>. we shall send them.

Concerning our Vessells & the method of keeping their Acco<sup>ts</sup>.

The Maddapollams Acco<sup>t</sup>. Curr<sup>t</sup>. comes in y<sup>e</sup>. Packett. she is in Vis<sup>a</sup>. River.

List of Ships arrivall & Departure shall come by Every Ship.

The Sperate Ships have not exceedd.

15. In answer to those paragr<sup>h</sup>. under this head which contain your Hon<sup>ty</sup>. just Displeasure at past mismanagm<sup>ts</sup> the Gentlemen concernd now at this Board humbly ask Pardon, and promise to regulate their Conduct in all things for the future by your standing orders, which are now drawn into so compleat a form, that they may be perus'd with very little Trouble.

16. We sent a Supply of Arrack, Sugar & ca to S<sup>t</sup>. Helena by the Howland, and shall do y<sup>e</sup>. same by all Ships that load here, but such as take in part of their Cargo at the Bay may be supplyd w<sup>th</sup> it much Cheaper than here, the Gov<sup>r</sup>. & Council of S<sup>t</sup>. Helena have wrote us by way of the West Coast for long cloth and other things which we shall be sure to supply them w<sup>th</sup> this Season.

17. The Acco<sup>t</sup>. of your vessels und<sup>r</sup>. this Presidency was kept in so much confusion before your Presid<sup>t</sup>. arriv'd that it was impossible to state the annual Charge, The Ship Presid<sup>t</sup>. has been upon the West Coast Service ever since we sent her thither in Aprill 1712, so that we know nothing of her Expence, we wrote your Hon<sup>ty</sup>. by the Mary that the Rising Sun was broke up in Ballasore so that the Maddapollam Yatch burthen about twenty five Tonns is the only Vessell now employd on this Coast, her Acco<sup>t</sup>. Curr<sup>t</sup>. will stand very plain in the next Gen<sup>l</sup>. Books, however since it seems most conformable to your Order, we send it in the Packett N<sup>o</sup>. 11, she is at present gone to lye up in Vizagapatam River, till the North East Monsoon will let her return hither loaden with Rice or Bales.

18. We Thought it would have been sufficient to send the List of all Ships. Arrivall and Departure, at & from this Port once a year, but since your Hon<sup>ty</sup>. require it, we will not fail to send it by every Ship.

19. We have persuant to your Directions in y<sup>e</sup>. 38<sup>th</sup> parā: taken particular Notice of the Sperate stock Ships Import this Season, and cannot find that they have any way exceeded their Licence, unless in laying out their money

at Madiera, of which your Hon<sup>rs</sup>. are best Judges none of your Servants Effects, shall come home upon them if we can help it, and all free Merchants are made acquainted with the risque they will run of forfeiting what Goods they load upon them at present and we do not find any among us inclin'd to be concern'd.

their  
Licence,  
unless in  
Madeira.  
Yor. orders  
concerning  
them are  
made known  
to you.  
Inhabit<sup>ts</sup>.

20. We shall pay due regard to your Hon<sup>rs</sup>. Orders in your 39<sup>th</sup> paragr<sup>f</sup>: concerning licenc'd Goods, of which we have always been carefull to receive the full Custom, the Corall that is come out this year will not yield prime cost, there being a very large quantity arriv'd at Pontichery besides what imported here by way of Persia.

We shall  
duely regard  
yor. Orders  
concerning  
licenc'd  
Goods.  
Corall is not  
worth here  
prime Cost.

21. In our last we advis'd your Hon<sup>rs</sup>. that we had sent the Marlbro w<sup>th</sup> the Howland to Fort S<sup>t</sup>. David, with our Reasons for so doing, she return'd hither the 25<sup>th</sup> Feb<sup>r</sup> with Two hundred eighty-four Bales, and on y<sup>e</sup> 10<sup>th</sup> March we dispatch'd her for Bengall w<sup>th</sup> Five hundred fifty three Thousand Rupees, and the Stores that came upon her from Europe, for that place, we likewise sent upon her about two hundred Candy of the Howland's Tutanague which we oblig'd ourselves to export for the Encouragement of the Buyers here, not doubting but such a quantity woud do well in Bengall, we are since advis'd that she arriv'd Ballasore the 19<sup>th</sup> March & got safe up the River; your President & Council in the Bay have with much ado procur'd Salt petre enuff att Hughly to kentilage her, and intend to send her hither w<sup>th</sup> half her loading as soon as the Season will permit, we have already wrote them, that we have Bales enough in y<sup>e</sup> Godown to fill her up, Gov<sup>r</sup>. Russell is pretty well recover'd and intends home upon her.

We dispatch'd  
ye. Marlbro  
for Bengall  
ye. 10<sup>th</sup>  
Marob w<sup>th</sup>  
Rups. 568000,  
Europe  
Stores & 200  
Candy  
Tutanag.  
We since  
hear of her  
arrivall &  
that having  
got kintilage  
for her they  
her hither  
& loaden  
early in the  
Season.

22. On the 9<sup>th</sup> of March we were advis'd by the Gov<sup>r</sup>. & Counc<sup>l</sup> of Negapatam, that the Govern<sup>r</sup>. of Ceylon had siez'd a Ship belonging to your Joynt Stock Merchants of this place for not having our pass as usual, but upon our interceeding in a Letter dated the same day N<sup>o</sup>. 22, they immediately released her; this Ship stole privately out of the Road without a Pass, but we have given publick Notice that we will interceed for no Ship hereafter, but such as take our passes and pay the Tonnage.

The Dutch  
having siez'd  
a ship  
belong<sup>g</sup> to  
our In-  
habit<sup>ts</sup>. not  
having dar  
pass, we got  
her releas'd,  
but have  
given pub-  
lick Notice  
that we will  
not meddle  
hereafter  
w<sup>th</sup>. any  
Ship that  
sails without  
our pass.

23. On the 2<sup>d</sup>. of Aprill we receiv'd advices from Bengall, that the Kent & Recovery were dispatch'd thence the 14<sup>th</sup> Feb<sup>r</sup>. the former for Great Britain and the Latter for Persia, the Kent had not been at the Cape the 27<sup>th</sup> May, when the Hanover came from thence.

The Kent  
sail'd ye  
14<sup>th</sup> Febr<sup>y</sup>  
from Bengall  
w<sup>th</sup> ye.  
Recovery,  
but we do  
not hear of  
her from  
y<sup>e</sup>. Cape.  
We are  
advic'd from  
Bombay that  
the Sommers  
& Gran-  
tham are let  
out to  
freight, &  
y<sup>e</sup> Blenhiem  
sent to  
Moco.

24. Letters from Bombay dated the 23<sup>d</sup> Aprill advis'd us that they had let out the Sommers to Persia, Bengall & Surat for twenty thousand Rupees, the Grantham for Batavia & back to Bombay for Nine thousand Rupees, and that they had dispatch'd the Bleuhiem to Mocho for Coffee.

Three mates  
of yor Ships  
London &  
Mary taken

25. The French Ships of the last Season that took the Sherborne, very inhumanely turn'd ashore in Mergen, three Mates belonging to your Ships London and Mary, whom they took prisoners in the Russell Gally, sent out of Bengall to

by y<sup>e</sup> french  
in y<sup>e</sup> Russell  
Galley &  
by them left  
at Mergen,  
were bro<sup>t</sup>.  
hither by a  
Noquedah of  
this place,  
who have  
supplyd  
them w<sup>th</sup>.  
100 Rupp  
in their  
Necessitye,  
we repaid  
him.

The  
Stretham  
arrivd here  
in comp<sup>s</sup>.  
w<sup>th</sup>. y<sup>e</sup>.  
Dutch y<sup>e</sup>.  
24<sup>th</sup> June,  
her Cargo  
has been sold  
at Outery  
& y<sup>e</sup>.  
Voyage is  
making up  
she saild for  
Bengall y<sup>e</sup>.  
13<sup>th</sup> Augs.

We have  
advicd that  
Capt. Ried  
did not  
perform his  
obligation  
whereof we  
we desire  
y<sup>e</sup>. Hon<sup>r</sup>.  
to y<sup>e</sup>. Bond.  
the Capt.  
Ried seems  
incluable to  
pay Prin-  
cipall with  
Respa.

We hear  
from y<sup>e</sup> W<sup>th</sup>.  
Coast that  
y<sup>e</sup>. Toddington  
&  
Success were  
dispatchd  
& that y<sup>e</sup>.  
Abingdon  
was arrivd  
there.

We paid  
Capt. Gough  
his Charter-  
party mony.

The K<sup>s</sup>  
W<sup>m</sup> saild  
for Bengall  
the 6<sup>th</sup>  
July w<sup>th</sup>  
Rupp 801000

observe their motions; after suffering great hardships y<sup>e</sup> Poor men made shift to get over hither in May, and the Noquedah of the Ship that brought them having generously supplyd them w<sup>th</sup> an hundred Rupees to keep them from Starving we could not refuse to reimburse him.

26. On the 24<sup>th</sup> June your Ship Stretham arrivd here from Batavia, in Company with six sail of Dutch Ships bound to Bengall, and Cap<sup>t</sup>. Gough being askd his Reasons for comeing round that way, deliverd us his Sup<sup>r</sup> Cargo's dispatches from China, which are enterd after Consultation of y<sup>e</sup> 6<sup>th</sup> of July, her gruff Cargo has been sold at publick Outery, and the acco<sup>t</sup>. of the Voyage is now making up in order to pay y<sup>e</sup> Supra Cargos their proportion, but cou'd not be perfected in time to come by this Conveyance, the Stretham saild for Bengall the 13<sup>th</sup> of August, and we hope she will be dispatch'd soon after the Marlbro to fill up here.

27. In ours of the 27<sup>th</sup> Octob<sup>r</sup> 1712 by the John & Elizabeth we acquainted your Hon<sup>r</sup>. that we had prevaild with Cap<sup>t</sup>. Ried in the Arabella to pass thro' the Strieghts of Malacca in his way to Batavia and lodge our Advices of the French Ships at Malacca, for w<sup>th</sup>. Service we had agreed to pay him Six hundred Pagodas and by Ship Mary we sent your Hon<sup>r</sup>. an Obligation which he gave us to forfeit 600 Pound in case he did not perform the Voyage. Your President has since receivd Letters from him at Batavia, wherein he pretends he did his Endeavours but cou'd not gain the Streights, which is impossible because two Country Ships Barrington and Chinnapatam that went hence Eight days after him, by standing to y<sup>e</sup> Eastward gain'd their passage to Bengall & consequently they could have gone to the Streights of Malacca before the wind; the truth of the matter was Cap<sup>t</sup>. Ried found he cou'd not do the thing in the time he expected and therefore bore away for Batavia, we humbly request your Hon<sup>r</sup>. to sue the Bond in ours as well as your own behalf, & by next Ship we shall be able to send an Acco<sup>t</sup>. of what proportion will be due to the Trading Inhabitants of this place, who as we wrote you by the John & Elizabeth, were to pay their Share of the 600 Pag<sup>s</sup>. advanc'd in proportion as their Stocks are to yours, by what Cap<sup>t</sup>. Ried has wrote the President, he seems inclinable to compound y<sup>e</sup> Bond for Principall & y<sup>e</sup>. Respondentia rather than stand a Suit.

28. By the Stretham and by a Small Sloop directly from Bencoolen we receivd advices from your Dep<sup>ty</sup> Govern<sup>r</sup>. & Councill dated 22<sup>d</sup> Octob<sup>r</sup>. 20<sup>th</sup> Novem<sup>r</sup>. 1712, the 27<sup>th</sup> Feb<sup>r</sup>. & 13<sup>th</sup> May 1713 advising y<sup>e</sup> Dispatch of Ships Toddington and Success in time to joyn the Dutch Fleet & that the Abingdon arrivd there y<sup>e</sup> 18<sup>th</sup> of March, Cap<sup>t</sup>. Lesley dying on y<sup>e</sup> 25<sup>th</sup> of Aprill after.

29. Cap<sup>t</sup>. Harry Gough of the Stretham demanding his Charterparty mony in Consultation of the 6<sup>th</sup> July, we paid it him and his Receipt comes in the packett No. 10.

30. Your Ship King William Gally saild for Bengall the 16<sup>th</sup> of July w<sup>th</sup> three hundred one thousand Rupees, & the Remaind<sup>r</sup> of the Tutanague receivd by the Howland being about two hundred and twelve Candy, which we were encouragd to send by receiving advices that what went by the Marlbro, turn'd to

good Account, before her departure at the Request of Cap<sup>t</sup>. Winter, we took from aboard his Ship one Joseph Horner a foremast man, who had been guilty of severall mutinous Expressions tending to Piracy, as your Hon<sup>rs</sup>. may please to observe in our Consultation of y<sup>e</sup> 6<sup>th</sup> July, he remains in safe Custody and we intend to send him off y<sup>e</sup> Shoar by this Ship.

& 212  
Candy  
Tutaneg.  
We took  
from on  
board her  
one Joseph  
horner  
accus'd of  
mutinous  
behaviour  
and intend  
him home  
by this  
Ship.

31. Three French Ships arrivd Pontichery the 23<sup>d</sup> July, for Account of Mons<sup>r</sup>: Croisac & the new Comp<sup>rs</sup>: of S<sup>t</sup>. Malo's they put ashoar fifty Chess of Corall, with wine, broadcloth & Treasure amounting by the best Advices we can get to One hundred & forty thousand Pag<sup>s</sup>: or thereabouts, & after having made a contract for Longcloth, Sallampores, Betteelæs & other goods of this Coast to amount of y<sup>e</sup> forementio'd Sum, they proceeded to Bengall the 6<sup>th</sup> August to invest the remainder of their Stock which amounts to near three hundred thousand Dollars, the least of the three Ships is intended for Manhila when the Season serves, having brought a Cargo with her from France proper for that Place, three Dutch Ships of a Superiour Force, accidentally fell in with the French between Fort St. David & Pontichery, but neither side show'd any inclination to engage.

Three  
French Ships  
arrivd  
Pontichery  
ye 23<sup>d</sup> July  
& having put  
ashore about  
140,000 Pag  
in Goods &  
Treasure to  
be Invested  
in ye Goods  
of this Coast  
proceeded for  
Bengall wh.  
ye remdr  
of their  
Stock being  
near 300,000  
Dollrs.  
The best  
of these  
Ships is  
design'd for  
Manila.

SECONDLY CONCERNING GOODS SENT & TO BE SENT FROM EUROPE.

32. The Woollen Goods & Stores sent us by this years Shipping not being all examin'd we must deferr giving your Hon<sup>rs</sup>: a particular Account of their Condition till the first Ship we dispatch from hence, and by that time we shall be able to form a List of Demands for the next Shipping with much more exactness than we can pretend to do, now we have such large quantitys upon our hands.

We cannot  
give at  
particular  
Account of ye  
Woollen  
manufactures  
till our next.

33. However we must not omit to acquaint your Hon<sup>rs</sup>: in the meantime, that notwithstanding all our Endeavours to get rid of what came abroad last Year, we had three hundred forty-three bales of Reds upon our hands, when this years Shipping arrivd, and our Merchants had one hundred Bales of all Sorts remaining in their Godowns; this has been chiefly occasion'd by the Surprizing Revolutions of Government, which will be related at large under the proper head, and could not be foreseen when we made our demand in the year 1711: The whole quantity now on our hands is Eleven hundr<sup>d</sup>: & five bales and we will take the best methods we can think of to put them off to the best advantage, before they suffer any damage in lying by: all the art of man cannot prevent the worm breeding in the Cloth if it lyes any long time in the best Godowns, and especially in the green Colours, which never fail to breed the worm if they lye by a twelve month.

We must  
acquaint yo<sup>r</sup>  
Hon<sup>rs</sup> that  
we had 343  
bales reds by  
us when this  
Shipping  
arriv'd & our  
Merchs.  
100 bales -  
unsold, we  
have now in  
all 1105, wh.  
we shall  
dispose of  
as well &  
soon as we  
can, that it  
may not be  
damaged by  
y<sup>e</sup>. worm.

34. We are advisd both from Persia and Bombay that yo<sup>r</sup>: Estate is like to suffer very considerably by the very large quantitys of Woollen Goods lying perishing upon their hands, the Troubles at Ispahan are pleaded as an excuse by the Gentlemen in Persia, but if we are rightly inform'd as to the great quantity remaining at Bombay it is because they will not lower the price on any Account, being of opinion they had better let the Goods decay than set so ill a Precedent; this does not seem to be your Hon<sup>rs</sup>: Opinion in the 37<sup>th</sup> par<sup>a</sup>: of your Letter

Great quan-  
titys of

Manufactures

at Bombay

Gents being  
of Opinion

price, but by  
the 37<sup>th</sup>  
Paragr. of  
y<sup>or</sup> by the  
Dartmouth you  
seem more  
desirous of  
large sales  
than great  
Gains, by  
wh<sup>ch</sup>. we shall  
byass our-  
selves.

We have  
begun &  
shall con-

Merchs.  
have been  
eas'd of y<sup>e</sup>.

by the Dartmouth, where you are pleas'd to tell us you are more desirous of a large annual Sale than of a great profit; we will not lower the price of ours, if we can help it, but we shall never be of Opinion to keep a perishable Commodity by us, when we can dispose of it to any tolerable advantage.

35. In answer to the 42<sup>d</sup>: 43<sup>d</sup>: 44<sup>th</sup>: 45<sup>th</sup>: & 46<sup>th</sup> Paragraphs of your Hon<sup>rs</sup>: Letter the Severall Articles of our demands were wrote at length in words last Season, and we shall carefully continue that method for the future both in Originalls and Duplicates, the mistake in the List by the Hallifax was by trusting him that copyd it, which shall be so no more; by fine reds we meant Scarlets, Aroras & Crimsones, which are best lik'd w<sup>th</sup>: white Lists, the Distinctions as to Colours shall be made hereafter according to your Directions.

36. If the complaint of the dyes made by our Merchants had been particular, we should not have failed to distinguish which bales were complain'd of, but as it was generall, and after the Goods had been some time out of our hands, we thought it might be sufficient to note the Complaint only, in hopes the Dye might be mended hereafter, but last year we had occasion to make some particular Distinctions, as there was a very great Difference in Cloth of the same price.

37. Your Hon<sup>rs</sup>: packers no doubt are very skillfull men in their own Climate, but 'tis probable they may not know that if we once open a Bale of Cloth here and let the Air come to it, breads the worm in half the time 'twill do when kept in the Close Europe Package, none of the Cloth ever mildews if well cur'd & dried in England, except dark Cloth Colours, and they hardly ever escape being both mildew'd & spotted in such a manner, that neither the Sun nor brush will fetch it out.

38. Your 47<sup>th</sup> Paragr: touching Colours shall be fully answer'd by our next List of Demands to avoid swelling of Letters, in the mean time it may be made use of as a Generall Rule, that no greens will sell but Popinjahs, or such colours as border upon them, the names of which we are not vers'd enuff in colours to distinguish, and as for the deep greens we only use a very few pieces in a year to cover Tables and writing desks the Mazarines, Skys Blacks and Medleys, never sell but by the yard for clothing to Europeans & mistezes, and the Embos'd cloth seems to be less in Demand than formerly; but we shall be able to write more certainly of these matters by the next Ship.

39. We wrote your Hon<sup>rs</sup>: by the Dartmouth, the inconveniences we were like to have lain under by contracting with our Merchants at Fort St. David for the whole quantity of Broad Cloth, Anno 1711, and the means we us'd to extricate them out of the Difficultys they were engag'd in for want of money; their

Investments have gone on much better since with ready money, and the price of your Broadcloth has been hitherto kept up, which could not have been under their management: That your Merchants get by the broadcloth is not to be doubted, but the risque of sending great part of it many Leagues into the Country, and bad debts considerd, their profit is no more than what they can barely live by, and that we dare believe your Hon<sup>ty</sup>. will never think unreasonable.

40. The great scarcity of Silver in Persia occasiond the Armenians to bring near one hundred Bales of your Broad Cloth this way, in the Shipping of last Season in returns of their Cargo's, it was not in our power to hinder this going down to the Bay, nor much about the same quantity that came round from Surat, and was sold by Rustom your Broker for 25 %C. less than it cost him in Contract, we don't yet hear that these Supernumerary Bales have affected the price in Bengall, and indeed it would be strange if so rich and Spacious a Country as that is, with a Cheap conveyance by water to the Northern parts should not be able to vend three times the Quantity of what goes off here in this sultry Climate, especially considering that it is in the same use thro' out all the Mogull's Dominions; but so long as the person called your Broker is generally speaking both buyer & Seller of all that is either imported or Exported to & from that noble Port of Bengall, by our Nation, as your Hon<sup>ty</sup>. may be well inform'd by all Persons coming from thence, that Article of your Manufacture will never be enlarged to it's full extent, nor can the extravag<sup>t</sup>. prices of Bengall Goods be reduc'd at Calcutta, tho' they shou'd be never so cheap at y<sup>e</sup>. 41. Nothing could more sensibly afflict us, than to have the exactness of the Gentlemen in Bengall, set us for a Pattern in your 50<sup>th</sup>. Para: however it is our Duty to imitate it according to your Orders, and if in any other Articles we are so happy as to have the same advantage over them we cannot doubt of the same justice; we can offer nothing in excuse for what is past, but that their List is drawn by the Brokers Directions, and ours w<sup>th</sup>. the approvall of your Joynt Stock Merchants, except only the Medleys & imbossd Cloth; if they had demanded more Colous, we shou'd have been more exact; but we beg leave to remark that in the Bengall List they have been so over nice as to send Patterns for what they do not demand, as well as for what they do.

42. According to our Establishd Rule, we have made an outcry this year of Medleys and other cloths remaining upon our hands, such as did not interfere w<sup>th</sup>. our Joynt Stock Merchants Contract, the Acco<sup>t</sup>. of Outcry comes in the Packett N<sup>o</sup>: 28, & considering that most of the Medle[ys] were mildew'd & spotted, the sale was much more advantageous than we could have expected.

There have been such large importations of Corall that it will not fetch Cost & Charges.

43. Altho the Jews had not applyd to your Hon<sup>m</sup>. for liber[ty] to export- Corall, when the 55<sup>th</sup>. Para: of your Letter was wrote, the quantity they got leave- to send afterwards has so glutted the Markett that they will never see prime Cost. and Charges; fifty Chests are this year imported at Pontichery & larger quantity- than ever come tumbling in upon us from Persia & Surat; as for what remains- unanswerd under this head we must beg your Patience till our next for the- Reasons containd in our 32<sup>d</sup>. parag<sup>r</sup>:

THIRDLY TOUCHING YOUR INVESTMENTS IN INDIA.

We shall observe yor orders in our next contract, but before they arrivd we having contracted for 1,200 bales & there being [ne]ar 1,000 more upon an old Ft . St . David contract, we shall be obligd to send home those Goods you forbid relating to our dispute with Ft . St . David upon their taking too many fine Goods.

44. We will be very carefull in our next contract to keep to the orders we have receivd by this years Shipping, but as we made our Agreement soon after the- Howlands dispatch for twelve hundred Bales according to the last years List- (much the greatest part of which are now in our Gdowns and the rest all in hand)- we shall be obligd to send home of those Sorts which you now forbid, and so it- will happen in the Fort St. David Goods, for we shall have near a Thousand- Bales of their Contract made in September last year, which should hâ been in- proportion to last years List; but we acquainted your Hon<sup>m</sup>. by the Dartmouth- with the Liberty they had taken to exceed it in fine goods and we hope you have- been pleas'd to peruse the letters that passed upon that Occasion, because we- therein gave the same Reasons for not consenting to encrease the fine Goods, as- your Hon<sup>m</sup>. now do for not sending any more of their Bettelaes, not but that at- the same time, we tho<sup>t</sup>: Your Orders & Ours sufficient to have exacted their- Obedience without further Explanation.

We had made provision for the early dispatch of yor . Ships by contract- ing for 1,200 bales here [at] 1,000 at Ft . St . David upon last years List, to be brot . in in 8<sup>mo</sup>.

45. We had so good a Notion of what your Hon<sup>m</sup>: recommend in your 63<sup>d</sup> - parag<sup>r</sup>: namely an early provision for the Dispatch of your Ships and saving- Demorage that after We had obligd our Merchants to bring in twelve hundred Bales by the 1<sup>st</sup>. of Octob<sup>r</sup>: we venturd upon a new Contract at Fort St. David: for one thousand more according to the last years List, the Councill advising us- in March that all the Remainder of their last years Contract was then in the- Bounds, tho we since find it was not so; this we thought a noble provision for the- month of Octob<sup>r</sup>: & had we been supplyd w<sup>th</sup>. petre from the Bay, two Ships woud' infallably have left this Place fully laden in that month, tho fort St. David has- grievously disappointed us.

Ship Marlbro bringing us (284) bales from Ft . St . David we [viewd] them according to order & found ye . 15 . Cloth & Sallampores so ill cured that we have been obligd to new wash 500 p<sup>cs</sup> .

46. Your Ship Marlbrô returning from Fort St. David after the Howland was- dispatch'd brought us two hundred Eighty-four Bales, which we open'd & viewd' according to your Directions & if what they sent home by y<sup>r</sup>. Howland comes out- no better, we are sorry to say you will have greater cause to complain than ever; all the Longcloth and Sallampores in Generall were so ill washd and cur'd, that we have been forc'd to put you to the charge of new washing about five hundred- Pieces Which has been a great hindrance to our Business; and It was as much as- we cou'd do to cure it tolerably well at last, without boiling the Cloth to pieces, the brown being fix'd among the white in streaks like a Chay.

We likewise found the Cloth to have many holes & Darne in it some in the

47. This was not all, for upon opening the Cloth we found many pieces that- had large Rents darnd up, severall others with holes as big as ones hand, and- some of these in the outside & Second folds, which we cannot attribute to any- thing, but inexcusable negligence in all the persons concern'd which are, the-

Merchants themselves, those that measure the Cloth out to be wash'd, the Washers & the peons that look after them, the Beaters and last of all the Sorters, who if they had done their Duty, could not have failed to have made some discovery, since we found it out here upon opening the first two or three Bales as will appear in our Consultation of the 12<sup>th</sup> March held in the Cloth Godown.

48. We were not wanting immediately to represent such gross mismanagement, in it's true Colours, and several Letters passed between us as your Hon<sup>rs</sup> may please to observe in our book of Letters sent N<sup>o</sup>. 27, 29, 34, 35, 41, 45, 48, & 53, and in the other of Letters receiv'd N<sup>o</sup>. 47, 52, 62, 66, 69, 73, & 89, the Contents of which are too tedious to be inserted here, and therefore we beg they may have a particular Examination, this Business having laid a foundation for a great deal of unnecessary Trouble, that is not yet at an End; we might have expected that the Gentlemen concerned would have acknowledgd their Errors and promis'd better performance for the future, instead of which you will find them insisting & justifying themselves against all Sence and Reason in very unbecoming Language, and sometimes contradicting in one Letter, what they wrote but the very Letter before.

49. First they lay the fault intirely upon their Merchants, and say, they ought to forfeit all the bad cloth and bring in as much more good, or be hang'd; in another Letter they excuse the Merchants, by affirming that the cloth was damag'd by being crowded into the washers hands during the violent Rains, and add that if we shou'd be too severe upon the Merchants they will be ruin'd & consequently not able to carry on your Affairs, we hope in a Little time to unravell this mistery of their so sudden Change in Opinion, and as for the assertion, that the Damage happen'd by lying in the washers hands during the Rains, it cannot hold, because all the Cloth they had in their hands during the rains, which hapend in Octo<sup>r</sup>. and Novem<sup>r</sup>. went home upon the Howland, what came up here was wash'd in January & February, two of the fairest months in y<sup>e</sup> Year, and y<sup>r</sup>. Hon<sup>rs</sup>. will find in their Letter of the 10<sup>th</sup> of Aprill they are forc'd to confess that they discovered by a Sudden Suprize five hundred pieces then in their washers hands of the same torn cloth full of holes and this discovery was made in the fairest Season of the Year.

50. Upon the whole, we have been so trifled with in this Affair, that we found ourselves oblig'd intirely to lay aside the Opinions of your Fort S<sup>t</sup>. David Council and follow our own Judgments back'd by the Experience of your Joynt Stock Merchants here that have serv'd you in a better manner so many years, we agree that this Damage has hapen'd chiefly by the hurry & carelessness of the washers, and the negligence or knavery of those employed to look after them, for the rest of the Cloth being sound, the holes must have been beat in it by wrong management, in which we are further convinc'd because when we open'd it, great quantities of sand were found in the folds press'd into the very threads by the Screws, w<sup>ch</sup>. could not have been had the washers done their Duty.

51. Notwithstanding what we have said of the washers the Merchants are no way to be excus'd, because they cou'd not be ignorant of what had happen'd, & ought to have inform'd the Deputy Gov<sup>r</sup>. wherefore we have oblig'd them to take back the Damag'd Cloth, and give us good in the room of it, the quantity is about three thousand pieces, and as for the washers they are a wretch'd poor tribe of People that only subsist from hand to mouth incapable of making any Reparation.

52. We have been the longer upon this Subject, to justifie ourselves for the time that has been unnecessarily thrown away upon this unhappy dispute that might as well have been ended at first, if your Servants at Fort S<sup>t</sup>. David, had dealt ingenuously with us, but you will perceive by the Dates of their Letters, how

outmost Folds, w<sup>ch</sup>. could not have happ'd. but thro' inexcus'd Negligence of all the persons concern'd

Several Letters relating to this affair refer'd to, whereof in those Gent<sup>ls</sup>. instead of acknowledging their Error endeavour to justifie themselves in a very unbecoming manner.

They first accuse the Merchants, as guilty of this knavery, they] excuse them again & lay the fault on the washers, the reasons of w<sup>ch</sup>. change we can't yet unravel, but the blame cannot lye upon the latter.

We have been so trifled with, in this Affair, that we were oblig'd to follow our own & [y<sup>r</sup>.] Merchants Judgments, and [agree] that y<sup>e</sup>. damage must happen by over hurrying y<sup>e</sup>. Washers &c.

But y<sup>e</sup>. Merchants are not to be excus'd & therefore we have oblig'd them to take back y<sup>e</sup>. bad [cloth] & give us good in y<sup>e</sup>. room.

We have said thus much to show how so much time has been lost by

with no progress is made in the new Investment.

There have been groundless complaints for want of money, which our Cash book will disprove.

There is yet time to do something at Ft. St. David, but we are considering whether to drop that contract or burthen you with goods you forbid. We sent money early to Vizagapatam this Season & they have contracted for 32,000 Pagas. We should always be early with Goods here if we had a dead Stock.

What sent last year and what we shall send this we dare say will be found better than what we sent to Bouverie & Halifax. Complaints of ye Goods when Mr. Martin was Warehousekeeper ought to answer and is gone home.

The Betteelaes Capt. Hurst carryd were Madrapauks of which now we know you. Minds shall send you some yearly, but must advance money to provide them

long ours upon this Subject have lain unanswered & how unsatisfactorily they were answered at last by which means no progress is yet made in the new Investment, nor could y<sup>e</sup>. old one be wound up, till this Article of the Damage was adjusted.

53. Some groundless complaints will appear in the Fort St. David Letters that we have not sufficiently supplied them with money to make their Merchants easy; we had indeed a pretty hard task to carry on both our Investments, before the Streatham arrived, however our Acco<sup>t</sup>. of Cash, will show what large Sums, we remitted them till this discovery of the Damage was made & some afterwards, but we could by no means think it adviseable to pay the Ballance of their Acco<sup>t</sup>. till we had adjusted y<sup>e</sup>. Damage; as it happens that we must fill up the Beng<sup>l</sup>. Ships this year instead of loading any from hence, there is yet time enough for some thing considerable to be done at Fort St. David, but we have it at present under consideration, whether we had not better let that Contract drop, than burthen you with sixteen hundred sixty five pieces of Betteelaes not fit for your Market.

54. Upon the Representation made by your Chief & Council of Vizagapatam, mentioned in your 64<sup>th</sup> para: we do now yearly send them money in Feb<sup>r</sup>. or March (which is the soonest the Season will permit) to begin their Investment; we shall always be very forward in our Investment here, if we have money left of the Year before, which is not likely to be our case unless you will permit us to have always a dead Stock of one hundred thousand Pagodas: And this year they wrote us under y<sup>e</sup>. 15<sup>th</sup> Aprill, that they had contracted for Longcloth & Sallampores to y<sup>e</sup>. Amount of thirty-two thousand Pagodas, twenty thousand at Ingerum and the rest at Vizagapatam one half to be delivered by September the other by Christmas & the money went down in good time to forward y<sup>e</sup>. Business.

55. If the Sortments by the Bouverie & Halifax were tolerably good, we flatter ourselves that what we sent You last year & what we shall now send, will upon an impartial examination be found much better & intitle us to the continuance of your favour.

56. By the Acco<sup>t</sup>. of the Fort St. David Goods mentioned in your 66<sup>th</sup> Parag<sup>r</sup>: 'tis very likely they must have come up hither in the same condition, w<sup>th</sup>. what we have before mention'd, Mr. Martin then Warehousekeeper, ought to be able to give your Hon<sup>rs</sup>. the best Acco<sup>t</sup>. of that matter, but as he is gone home we hope he will give you satisfactory Reasons, why the goods were not better cur'd here, and how the oringall Betteelaes were damaged, 'Tis our duty to prevent the Like hereafter & we beg you to believe it shall be done effectually.

57. With Submission the Betteelaes which Capt. Hurst carryd home were not Oringalls but Madrapauks, which have a quite different thread from the Oringalls and cost Eighty six Pagodas per Corge, we sent your Hon<sup>rs</sup>. some of the same last year that were cheaper bought for a tryall, but had we ventur'd upon a quantity without and Orders and they had not hapen'd to turn to Acco<sup>t</sup>. we should have been justly to blame: this is no new manufacture, many Bales have gone home at times in private Trade, & as we wrote your Hon<sup>rs</sup>. by the Howland, when we have your Orders, we can procure ten Bales in a year, the Betteelaes of three covids wide mentiond in your 69<sup>th</sup> paragraph are likewise Madrapauks & of the Dutch Sortment made for the use of Paliacat; now we know your minds we can as easily procure them as They, and shall not fail to send some for a tryall this Season, if well performd they will cost from a hundred to a hundred & ten Pag<sup>s</sup>. per Corge, which if your buyers are not mistaken must render a very profitable Account, money must be given out many months beforehand to provide these Goods, which makes it very hazardous, and sometim[e] we are disappointed by the Goods coming in too late for our Shipping.

58. In answer to your 70<sup>th</sup> Parag<sup>r</sup>: we have not been wanting to lay before the Gentlemen att Fort S<sup>t</sup>. David the badness of their Sortments as our Letters will fully make appear and particularly under date of the 20<sup>th</sup> March your Hon<sup>rs</sup>: may please to take notice, how much we said to them concerning their Oringall Betteelaes, w<sup>ch</sup>. have cost you for several years considerably dearer than those of this place, tho' far inferiour to them in Goodness, they are of a Woolley spungy thread & not worthy the name of an Oringall, we are sorry to say, that what we have so often wrote them upon this subject has had little or no effect, you will find by their answers what sort of a Spirit is at the head of your affairs at that place and what submissive Gentlemen those are under him, [to]sign implicitly to whatever he indites, we have now sent them a Copy of your 70<sup>th</sup> Par<sup>a</sup>: which ought to convince them that our reprimands, have been just, and if we don't find a speedy amendment, we shall think ourselves obligd to use rougher measures to make them sensible we are in earnest.

In answer to wt. yr. Hon<sup>rs</sup>. write have not fail'd to let the Gent<sup>l</sup>. at Ft. St. D<sup>avid</sup>. know their faults, and upon perusal of our Letters, you will see ye. Effect it had if we do not find amendment we shall use rougher measures.

59. We dare venture to say (tho' we did not see the Avarilla's Cargo) that you will find the assurances in the Fort S<sup>t</sup>. David Letter by that Ship, to be as ill grounded as the rest of their Assertions, and particularly that wonderfull one in their letter by the Howland, where they have the confidence to assure your Hon<sup>rs</sup>. that tho' their Cloth is not so well washd, which is a fault their water won't suffer them to remedy, yet it is both fine and course when brown as good as any sent you from Fort S<sup>t</sup>. George: we do assure your Hon<sup>rs</sup>. not seen o[ne] piece that went from hence these two years, and we have seen the same that went by the Avarilla & by the Howland, of which you have our Opinion, and will find it rather worse than we have describd it, but the most unaccountable Article of all is laying the fault upon their water, which is allowd by every body that know it to be far exceeding ours; and we have found upon opening their goods here, some pieces incomparably well washd, and others very badly performd in the same Bale; which is a convincing Argument that the faults cannot lye in the Water; we did not see this Letter till the Howland was sail'd otherwise should have been obligd to protest against the foregoing Article as well as sev<sup>l</sup>. others altogether as erroneous.

We dare say the Assertions in the Ft. St. David Letters by Avarilla and Howland concerning their Goods are groundless and the fault charged upon their water is known to be false. If we had seen the Howland's Letter before it went we should have protested agast it.

60. In answer to your 71<sup>st</sup> Parag<sup>r</sup>: concerning Contracts the Complaints of the Fort S<sup>t</sup>. David Merchants that ours are indulg'd in fine goods are set aside by this years orders for Investments where in their Betteelaes are forbidden, as to our Contracts here, due care has been taken ever since your Presidents arrivall to keep the Merch<sup>ts</sup> to the just proportion of every Specie, which is done by keeping a waste Liedger, in which each Specie has it's head debted for the Contract and credited as the goods come in, the same Orders we have given to Fort S<sup>t</sup>. David, however it may happen that the Sortment cannot come exact by every shipping, because some goods come in faster than others & we are glad to fill up without Loss of time, as for the Merchants signing their Contracts they would readily do it, for the Sortment, but not for the quantity unless we advance them money, they will only engage to provide as near what we demand as possible by a limited time, which agreement being minuted in Consultation with their assent is every whit as binding as the most solemn Contract, & you must either have a very weak Government here or worse if they pretend they cannot oblige them to a Compliance allowing for the casualties of Government &c. this has been our method in the last Contract we made, which in all likelihood will be fulfill'd by the time agreed on.

Yor. Orders have set aside yr. complaints of ys. Ft. St. David Merch<sup>ts</sup>. concern<sup>g</sup>. fine Goods. [A]nd in order to keep ye. just proportion of each specie [w]e have orderd both here & [at] Ft. St. David that a waste Liedger be kept. We can keep ye. Merch<sup>ts</sup>. to their [a]greem<sup>t</sup>. by minuting in Consult<sup>n</sup>. with their Consent as well [as] by making them sign a Contract.

61. Your 73<sup>d</sup>. Par<sup>a</sup> has in great measure been answerd by our former Letters & especially in that by the Howland under the head of Acco<sup>ts</sup> your joynt Stock Merchants Acco<sup>ts</sup> is constantly adjusted every month by the Warehousekeep<sup>r</sup> as

62. Your 74<sup>th</sup> Parag<sup>r</sup> relating to your Warehousekeep<sup>r</sup> and their Conicoplies is fully answerd in our former Lett<sup>rs</sup> whereby it will appear your Hon<sup>ty</sup> have not been misinform'd as to the trust reposed in Conicoplys, we can only assure You that practise is entirely abolishd, and shall never be reviv'd in our time.

63. We shall not have occasion to make any new Contract till Octo<sup>br</sup>. and then our utmost Endeavours shall be exerted to procure as good terms as possible; Cotton is very dear as your Hon<sup>ty</sup> may be informd by such as come from hence and the french have already contracted for an hundred and forty thousand pagodas at Pontichery, besides M<sup>r</sup>. Du'Livier is daily expected w<sup>th</sup> another Ship & as large a Stock for a further investment, we are very sure they will be disapointed in their quantity of goods that cannot be ready in time for the Ships to save their passage home; however they have given a price far exceeding ours, and we must be very vigilant to prevent our Cloth being diverted into that Channell.

[complaints]

construed.

64. We have often complaind to the Bay of the ill packing Stuff they send us, as well as of other Stores, which has been resented as if we acted by a Spirit of Contention, when we are only studying to discharge our Duty in Obedience to your Orders; when your Hon<sup>ty</sup> are better servd from thence directly, we may expect to be better supplyd here.

Moorees of  
88 & 40  
Pags. the  
Corge the  
best cloth  
for paint.

65. Three Pagodas seems to be a very great price for a piece of Sallampores, considering the Sortments Your Hon<sup>ty</sup> allways dealt in, but we can make them to be really double that price, and it is very common at Metchle<sup>p</sup> and Maddapollam to give twelve and fourteen Pagod[as] a piece for long cloth, however we are of Opinion th[at] no Cloth is better for painting than fine Moorees of [the] Six to forty Pagodas a Corge, which take the Chay comparably well.

66. Your Orders in the 83<sup>d</sup> parag<sup>r</sup> are communicat[ed] to those that sort your Goods and will be complyd w<sup>th</sup>.

We cannot  
invest at  
Vi . without  
advancing  
mony.

67. Vizagapatam being a place of very little trade, [there] are no Merchants under your Protection qualified [to] carry on an Investment, without mony being ad[vanced] for which Reason we are forc'd to acquiesce af[ter] having done all in our power, to put matters upon [the] same foot as recommended in your 86<sup>th</sup> Paragrap[h].

The orders  
in yo<sup>r</sup> 88  
para are  
provided for  
& shall be  
observd.

Mr. Martin  
shall be  
debtd for  
the damagd  
Goods.

68. Your Orders in the 88<sup>th</sup> Parag<sup>r</sup> touching damag[ed] goods in the Warehouse, and the settling of Remain[der] on the decease of any Warehousekeep<sup>r</sup> or the deliver[y of] the Warehouse to another person, we had before pro[posed] for, and during our time they shall be religiously ob[servd] M<sup>r</sup>. Martin being gone home to plead his cause before your Hon<sup>ty</sup>. we shall debt him for the damage upon [the] Longcloth and the Sallampores, for the Reasons [you are] pleased to give, and we are perswaded that if the [ . . . ] we are now in with the Warehouse be strictly obser[ved] your Hon<sup>ty</sup> need not be under any Apprehension [of the] West Coast Management being introduced here, tho' [it] must be confesd things were tending that way in [the] Warehouse when your President arrivd.

69. Your Orders relating to Salt petre & Redwood in [the] 89<sup>th</sup>, 90<sup>th</sup>, & 91<sup>st</sup> parag<sup>m</sup> shall be carefully observ'd, and [we] will give orders to Cap<sup>t</sup>. Phrip now bound to the West Coast, to take in the Salt petre if there be any left [which] will be a furtherance of his dispatch when he return[s] hither; your Cap<sup>t</sup>. are made acquainted w<sup>th</sup>. your [Petition]s concerning Donnage that they may provide Acc[ord]ingly.

We shall give directions to Cap<sup>t</sup>. Phrip now going to ye. W<sup>est</sup>. Coast concerning Salt Petre. We have acquainted yo<sup>r</sup>. Cap<sup>t</sup>. concerning Donnage.

70. As to what your Hon<sup>rs</sup>. are pleased to write concerning Rupees, we now govern ourselves by what they write from the Bay, and they have this year desir'd us to Coin them, w<sup>ch</sup>. was we suppose upon our making appear to them that they were mistaken two  $\frac{1}{2}$ cent in their Calculate, which is what sav'd in the coinage of Rupees; we had no Rup<sup>s</sup>. to send down when the Avarilla was dispatch'd, and therefore our Letter made no mention of that Affair.

[We hear] the Bay Generals are [aware of] their mistake of having order'd us to coin [ . . . ]

71. We have signify'd to the Bay that we are ready to fill up Ships as fast as they send them Kentilag'd & half Loaden with Bales, recommending at the same time the Dispatch of the Marlbrō, Stretham and Recovery as Ships that lye at the greatest Charge, and this method will likewise answer your Expectation as to the repartition of your Cargoes.

We advis'd ye Bay that [We are ready] to fill up Ships [as fast as] they send them us.

72. Thus having answer'd such Articles under this head, as required it, we shall have the less to trouble you with by our own Shipping.

#### FOURTHLY TOUCHING THE TRADE OF INDIA IN GENERAL, & THEREIN ANY TRANSACTIONS WITH THE COUNTRY GOVERNMENT.

73. It is not only our misfortune at present, but all ports and places in India Complain of a Generall decay of trade, the troubles of Spahawne still continue notwithstanding yo<sup>r</sup>. new Agent's Arrivall, and no prospect of their being ended at last without great Damage to your Estate, and some of our ancient Priviledges must be lost in the Squabble, which has given the Persians too great an insight into the management of our Affairs, the Dutch are much in the same circumstances with us or worse thro' the ill Conduct of those persons that are at the head of their Affairs, that have fallen out among themselves, and made the Persians Umpires of their quarrell, by which means their books are fallen into their hands, and all the mysteries of their Trade disclos'd one ill consequence of these fatal differences, we have already felt by the visiting and sealing up all Goods that come down from Ispahan, so that no Silver can pass conceal'd as usuall; this puts a Generall dam[p] on the trade at Gombroon goods bearing no price & Sil[ver] not being to be had, they impose Gold in payment at [any] price they please, and the Ships are kept so late as [to] run the hazard of loosing their passage.

The Genl. decay of trade & particularly the ill [consequence] of ye troubles at [Ispahan.]

74. We have venturd a Ship to Moco again this ye[ar] that is not yet return'd, tho' we may hope to acquain[t you] with her good or bad Success before this Letter is close [d; we] have likewise attempted to renew the Trade w<sup>th</sup> Mus[cat] where our Ships have mett w<sup>th</sup>. very good Treatment [and] return'd with considerable advantage.

We have venturd again to Moco & are endeavouring to renew ye. trade to Muscat.

75. The Trade of Surat is reduc'd to worse Circumstan[ces] than ever by the Rapaciousness of the Government [there] the ill practises of the Custom house, we sent but [one] Ship from this place and the Bay last year, and [she] has] not yet return'd being oblig'd to winter in Bombay, [The] Success your Generall met with at the Barr of that [place] must undoubtedly have reach'd your Hon<sup>rs</sup>. by the [Heath]cote and Mountague, there have been two or three new [changes] since the Treaty was made, and we fear they will [have to] stand to what was agreed by their Predecessors.

The trade of Surat is very bad there went but one Ship last Season & she oblig'd to stay ye. year round. There are also frequent changes of Government

Empire.

76. We return your Hon<sup>rs</sup>. our most hum<sup>bl</sup>. thanks in [the] name of all your Servants and Inhabitants of this [place] for the consideration you have been pleas'd to have [of] them in forbearing to send a Ship round by way of [China] the extravagant price of Gold, Copper and Tutenag[ue] by your Ship Stretham, tho' there was no competi[tion] from this place for want of silver, sufficiently [demon]strates that Trade has been over drove, and that we[were] not wrong in our Judgement, when we took the [liberty] to petition your Hon<sup>rs</sup>. concerning the China Voyage wee have only sent two Ships this year w<sup>th</sup>. small s[ums] not having silver enuff in time to send for Gold as. [well] so that we have reason to hope this year's breathing [will] give a new life to the Trade, unless the French shoud [go] round from Peru to Canton and this Coast, which Project they have been forming for some time.

77. We make it our Endeavours to Employ as many Ships [as] the Trade will bear and no more, and had the same m[ean]s been practis'd for some years past there wou'd not have [been] such loud complaints of unprofitable Voyages, we have now God be prais'd a fair prospect of better times, and tho' we cannot boast of any great Advantage made this last seasons, 'tis with a great deal of pleasure we can assure your Hon<sup>rs</sup>. that your Article of Sea Customs will be very considerable, the month of May having bro<sup>t</sup>. you in upwards of Eight Thousand Pag<sup>s</sup>.

78. In answer to your 97<sup>th</sup>. 98<sup>th</sup>. and 99<sup>th</sup>. Paragr<sup>ph</sup>. we have laid severe injunctions on all your serv<sup>ts</sup>. not to have any Dealings w<sup>th</sup>. those of the Moors Government in many matters and if ever we have the least information of any such thing in Agitation we shall put your Orders in Execution. We likewise forbid all your Inhabitants under our Presidency to rent under the Government, assuring them that they shall not be protected in case of any disputes; one Telesinga Cook of the Fort has been discovered to rent a Village unknown to the former Govern<sup>r</sup>. for which he has been imprisond and find fifty Pagodas, which will terrifie others from doing the like hereafter.

79. We shall be sure to check the first Appearances of extravagant Pomp and figure in your Subordinate Factorys, being very sensible how much you have sufferr'd by M<sup>r</sup>. Holcombs pride and vanity at Vizagapatam.

80. We have wrote M<sup>r</sup>. Hastings for a full narrative of the Debts due to M<sup>r</sup>. Holcombe which shall be sent y<sup>r</sup>. Hon<sup>rs</sup>. by the next Ship, and if any of them are recoverable, no Endeavours of Ours shall be wanting.

81. The Peace and quietness we have enjoy'd at this place since your Presidents arrivall, and the inconsiderable Expence we have been at for Presents to the men in power we hope will convince your Hon<sup>rs</sup>. that we have your Interest at heart and that we have governd ourselves by your former instructions; what you have now been pleas'd to add in your 101<sup>st</sup> Paragr<sup>ph</sup>. on this subject shall likewise be duely regarded.

82. We wrote your Hon<sup>rs</sup>. by the last years Shipping the great Revolution that happend, in this Empire upon the Death of Shah Aalem, and particularly by the Howland, We added that Prince Furruckseer Son to Azamod[dowla] that governd Bengall had passd Agra w<sup>th</sup> his army, [and de]feated the King his Uncle, Jahawn Dor Shah, which [has] been since confirmd as follows.

83. This young Prince hearing the sad Fate of his ffather by advice of an old Sied call'd Abdulla Cawn, whom [Aurang]zeb had given him for a Tutor, immediately causd [him]self to be proclam'd King, and with his Fathers Treas- [ures] what he reaisd in Patna among the Merchants of [all other] Nations

he got a pretty good Army together, and hear[ing] his uncle had disobligh'd most of the great Omrahs, [with] barbarous crueltys, and vicious Course of life, he ma[r]ch'd directly for Agra, near which City the Kings Army [gave] him battle and was intirely defeated, many great [men] going over to Furrockseer's side; the King w<sup>th</sup> Zulpha[kar] Cawn fled to Delhi, but Furrockseer with his victori[ous] Army followed them close at the heels, surrounded [the] City, that immediately Surrenderd, and took them prisoners; few days after they were both murther'd and [Fur]ruckseer remains peaceable possessor of the Empire [and] has made the Sied Abdulla Cawn his prime Vizier [and] Gousdeen Cawn, who came over to him in the battle [as] Nabob of all the Dacan Country which includes th[e] Cornatta, Vizapoor & Golconda, he has the Charecter [of] a brave generous man and a friend to the Europeans[;] we have news of his Arrivall at Oringabad, and ex[pect] him to take his Residence near Vizapoor at a pla[ce] call'd Burhanpoor, where when arrivd it will be absolutely necessary for us to address to him, because he [has] a very great Interest with the present King, and in[fluence] throughout the Empire; whatever we are obligd to do [well] be manag'd with the greatest frugality.

Sied Abdulla Cawn prime Vizier. Gousdeen Cawn Nabob of the Dacan Country.

84. Your Hon<sup>rs</sup>. will have heard from Bengall that [our] old friend Zoodee Cawn came early into this new King[s] Interest, and made a very brave defence in Hughly [against] a much Superiour force on the side of the former [King] He is now rewarded by being made Duan of all [the] Dacan Country under Gousdeen Cawn, which is a [very] great Employment, the Gentlemen in Bengall, who [were] very assisting to him under hand at Hughly seem to [have] their Chief dependance upon Him, for introducing our Present to the New King.

Our friend Zoodee Cawn having come early into ye New Kings Interest is made Duan of the Dacan.

85. Zulphakur Cawn being cut off, there came immediate Orders from court to reassume all the Lands and Villages that were granted him in these parts by Aurengzeb in consideration of his good Services in the Conquest of the Chinjee Country; accordingly the Duan our Suba sent us a Summonds to deliver up Egmore & Coa Villages granted us by Zulphakur Cawn on Acco<sup>t</sup>. of the assistance we gave him w<sup>th</sup>. Ammunition and what else he wanted to carry on his designs; we have hitherto staid this Business off w<sup>th</sup>. good words and pleading our rights, and when the new Nabob comes nearer, we will endeavour to get our grant confirm'd, in the mean time if any Force is us'd to take them from us, we resolve to defend them as well as we can; we are in dayly expectation that our Duan will be turn'd out, as having been a Creature and Vassall of Zulphakur Cawn, for which reason, we avoid purchasing his friendship in this matter by Presents.

There being a resumption of ye Grants made to Zulphakur Cawn our Villages of Egmore & Coa given us by him were demanded, but we plead our right & are resolv'd to hold them as yet w<sup>th</sup>. out a present.

86. In our 87<sup>th</sup> Parag<sup>r</sup>: by the Dartmouth, we advisd that upon the News of Shah Aalem's death, the Collector Gen<sup>l</sup>: of Zulphakur Cawn's Rents in this Country, being apprehensive of great Troubles took Sanctuary here with his Masters Treasure; we treated him with great civility, and when the news came that Jahawn Dor Shah had obtain'd the Throne, he return'd to Arcot very well contented; upon the late Revolution when he heard that Furruckseer was upon his March to Delhi after the Battle, he return'd to us again with a greater treasure than before; soon after his Arrivall the news came that the King and Zulphakur Cawn were cutt off, and at the same time we rec'd a perwanna from the Duan, demanding the aforesaid Person w<sup>th</sup>. all his Treasure to be immediately sent to Arcott for what passd in this affair we beg leave to referr you to our Consultation of y<sup>e</sup>. 26<sup>th</sup> March, and our Letter to the Duan which you will find in the Country Letter book N<sup>o</sup>. 84, the Duan remaind well satisfi'd w<sup>th</sup>. our Conduct in y<sup>e</sup> Affair, & we have heard nothing further of it since.

Zulphakur Cawns Collector comes here again after ye. late King & his Master were out off. & is sent for back by y<sup>e</sup>. Duan.

87. The New King is a young Man of About twenty six years of age, he has the Charecter of being brave, prudent & generous and is the last of the race of Aurengzeb except some young Children, imprisond in the Fortress of Goualeor where when once they have enter'd they never come out, & have potions given

The Charecter of ye New King.

them to destroy their Sences, this seems to be the King for whom, Providence has designd your Present, which leads us to touch upon that Affair.

The News we have rec'd. from Bengall concerns ye. Present.

We have not faild to give this in our best advice in ye. Affair.

But fear the Success will not be equal to the charge.

This present was prudently designd at first when the King was at Golcondah, & the Charge woud have been small, but his sudden departure from thence dis-appointed ye. project.

Since ye. Conclusion of ye. Peace at Ft. St. Dd. ye. country has been very quiet.

Yor. D. Govr. & Council, have fallen far short of their promises to recover ye. Renters debt &c. & wt. we write about matters our ordrs. are slighted.

Wherefore if we shoud remove D. Govr. from thence we hope'twill meet yo<sup>r</sup>. Approvall.

The Extrava-gant praises of ye. military at Ft. St. Dd. in their Letter to Howland, very unjust.

88. Mr. Fowkes that was intended to accompany your present to Court is dead and by our last letters from Beng<sup>l</sup>. dated the 26<sup>th</sup> June, your President & Council write us that they intend to send it forward to Patna under the Conduct of Cojah Serhad, an Armenian, w<sup>th</sup> whose Charecter your Hon<sup>rs</sup>. cannot be unacquainted; he is no doubt a Capable person to negotiate at the Mogulls Court, but deeply indebted both to your Hon<sup>rs</sup>. and other People, they do not write us what Europeans they intend to send along with him, nor can we think of any Persons in your Service fit for Such an undertaking, except Mr. Hedges that does not seem to have any inclination thereto, nor do we believe the rest woud ever consent to send him; we have not been wanting in our advices to them upon this occasion, and now we write them our Sentiments very fully by the Hannover, as your Hon<sup>rs</sup>. may please to observe in our Book of Letters sent N<sup>o</sup>. 56, to which we beg leave to referr you for severall particulars of moment, that must otherwise have been incerted here, however we cannot forbear expressing our fears that you will be put to a much greater Expence than ever you tho<sup>t</sup>. of or intended, w<sup>th</sup>. out reaping any Benefit that will be worth one quarter part of the mony.

89. This Present was very prudently intended by Mr. Pitt to have mett the King when he came down to the Destruction of his Brother Cawn Bucks at Golcondah; the Expence woud then have been trifling to what it is like to be now, and the King was so apprehensive of his Bro<sup>r</sup>. getting down to the Sea Ports, that he woud readily have granted us very valuable priviledges, but his sudden departure from thence by hasty Marches renderd that Project Ineffectual, as Mr. Pitt will inform You; and now all our hope is, that the present King will have some Consideration for us, on Acco<sup>t</sup>. of the sum of Mony so readily supplyd him with upon his March from Patna to Agra, which he then said (or at least we are told so) he would never forgett.

90. Our last letters acquainted your Honours with the happy End we had put to the Warr of Fort St. David, in w<sup>ch</sup>. Gov<sup>r</sup>. Hebert was very assisting; the Country has been as quiet and Peaceable ever since as if no such thing had happen'd and there is no doubt but under good Management, it will so continue; we wish we coud acquaint You that the promises made by your Dep<sup>ty</sup>. Gov<sup>r</sup>. & Council to recover a large Sum due from Severall persons to the Renters was complyd with, our Letters will shew we have not been wanting to refresh their memories in this affair as well as for the retrenching their Expences, improving their Revenues and encouraging their Inhabitants, the Arguments and evasions in their Answers are no way satisfactory to us, nor can we think they will meet w<sup>th</sup>. your Approbation, and unless we can have our Orders better complyd with, we shall hardly be able to bear such usage till the arrivall of your next Shipping, we have had a great regard to your Dep<sup>ty</sup>. Gov<sup>r</sup>. in Consideration of his Activity in the warr, and that he is appointed by your Hon<sup>rs</sup>. Successor to this place; but if he continues in the same temper and gives us so much disturbance in your Affairs as he has done of late, we cannot think you will blame us if we should call him from thence; three thousand Pag<sup>s</sup>. per month which is the least That place stands you in, and no Revenues worthy Notice to Support the Expence, is more than your yearly investments will bear.

91. Upon perusing the Copy of the ffort S<sup>t</sup>. David General Letter wrote your Hon<sup>rs</sup>. by Ship Howland, after her departure, we were extreemly surprizd at the great Charecter and unlimited Commendations bestowd upon yo<sup>r</sup>. military Servants of that place in General for their behaviour during the warr without any Exception, because we could not so soon forgett the barbarous Murthers, Mutinys and Desertions, of which their General Letters as well as private ones from the Dep<sup>ty</sup>. Gov<sup>r</sup>. to our Govern<sup>r</sup>. here had so frequently complaind, and

lamented as their greatest misfortune; we wou'd do all manner of Justice to those Officers and Soldiers that behav'd themselves well, yet we must not at the same time forget, that the frequent desertions from our out guards to the Enemys Camp were one main inducement to us for putting an End to the war as we did, tho' at the Expence of so Considerable a Sum of Mony.

92. In Answer to your 105<sup>th</sup>. Paragr we have been often promis'd from Fort S<sup>t</sup>. David, that we should have sufficient Evidence to prove their Charge against M<sup>r</sup>. Roberts, at other times we have been told it would be impossible to prove any Sum taken by him to let the Renters go, since the Arrivall of your Shipping we have transmitted them this paragr: and pressd them to get something done effectually as your Hon<sup>rs</sup>. may please to read in the 24<sup>th</sup>. Paragr: of our Letter dated the 3<sup>d</sup>. July in our Book of Letters sent N<sup>o</sup>. 41, to which they answer that they will use all their Endeavours to procure Affidavits, and have not ceas'd to do so, since they protested against him.

We are  
trified with  
by Ft. St.  
David in yo.  
Affair of Mr.  
Roberts.

93. In the 65<sup>th</sup>. paragr of our Letter by the Mary, we acquainted your Hon<sup>rs</sup>. that we had made a happy beginning by buying part of the new Comp<sup>ys</sup>. debt to the Metchlepatam Merch<sup>ts</sup>. and that we expected we should be able in a little time to make a further Progress, we have from that time been in Expectation that the principall Creditors residing at Metchlepatam wou'd come up hither having had frequent Advices of their being ready to sett out; but we find by what has lately happen'd, they never intended it, till after the Arrivall of this years Shipping having unknown to us employd the Armenians to sollicite your Hon<sup>rs</sup>. in England, and we were greatly surpriz'd upon the Arrivall of the first Seperate Stook Ship Windsor; to find a confident report spread about the Town at once that the Armenians had receivd advices, of your Hon<sup>rs</sup>. having orderd this debt to be fully dischargd; which we took no Notice of, till after the Arriv<sup>l</sup>. of the King William, when Aga Pera Calendar Inhabitant of this place, came to your Gov<sup>r</sup>. & produced an Original Letter to Cojah Babba de Sultanum dated y<sup>e</sup>. 29<sup>th</sup>. Jan<sup>r</sup>. 1712, by order of the Court, to acquaint him, that we had receivd Directions to satisfye the Merchants Demands on the New Company, as far as the same are just, and that therefore they must apply themselves to us: with Submission this quite oversets the project we had in hand, of pretending to buy in the said debts on our own Acco<sup>t</sup>. besides that it gives them a mean opinion of our Integrity, having all along pretended that we had no such Orders, we must now proceed in another method, and treat w<sup>th</sup>. their above board, which shall be enterd upon w<sup>th</sup>. all convenient Speed, and managd with as much discretion as we are masters of, tho' we cannot hope to come off so cheap as we shou'd have done, cou'd the former method we were in have been persued.

The hopes we  
had of buy-  
ing up the  
Metchle-  
patam debt  
at an under  
rate frus-  
trated by  
yo<sup>r</sup>. Hon<sup>rs</sup>.  
Orders to  
King  
William.

94. We have all due regard to yo<sup>r</sup>. Hon<sup>rs</sup>: 77 Paragr. by the Heathcote; as well as what wrote since upon this subject but we have formerly wrote You that nobody here knows anything of the ill practises in Iapah Chitty's Acco<sup>t</sup>. nor can we find any Papers to explain them; we applyd to M<sup>r</sup>. Raworth by word of Mouth when he was here, but he cou'd give us no light into the Affair, at least he told us so, nor cou'd he produce any Copy of what wrote the New Comp<sup>y</sup>. on this Occasion, all we have to guide ourselves by, is an Acco<sup>t</sup>. Curr<sup>t</sup>. Book of M<sup>r</sup>. Tillard's wherein the Merch<sup>ts</sup>. Acco<sup>t</sup>. are settled, ballanc'd and signed by him without any Exception; upon the whole whatever we transact shall be done with the greatest Integrity and regard to your Interest, and we hope by the next Ship to acquaint you that the Business is done.

We must  
now proceed  
on Anoth<sup>r</sup>.  
footing.

In this affair  
we shall  
regard yo<sup>r</sup>.  
Orders by  
yo<sup>r</sup>. Heath-  
cote as well  
as these.  
We can get  
no light into  
yo<sup>r</sup>. ill prac-  
tises in  
Iappa  
Chittys  
Acco<sup>t</sup>.  
We shall  
end the  
matter as  
well as we  
can.

#### FIFTHLY TOUCHING FORTIFICATIONS, BUILDINGS AND REVENUES.

95. We gave your Hon<sup>rs</sup>. a full Acco<sup>t</sup>. by the last Shipp<sup>r</sup>. of our proceedings in that chargeable Article of Building, and do now reassure you that we have acted with all possible frugality; the Hospitall and guard house are finished to a Trifle, and the People removd into them, we were not able to undertake the Colledge at the same time, and having made you a proposall in our Letter by the Mary, for building an inner Fort that will accommodate all your Servants much better than

shall wait

can be done by rebuilding the Colledge, that stands upon no more than sixty foot square of ground, we determine to expect your further orders and in the meantime make the best shift we can for accommodations.

Varnishing  
will not  
preserve ye.  
Timbers  
from ye.  
white Ants.

96. We observe what your Hon<sup>ty</sup>. write concerning varnishing with Red Earth and Oil, and do use the very best methods known in these parts for the preservation of our Timber work but the greatest damage done by the white Ants is in the Ends of the Timbers that lodge in y<sup>e</sup>. Walls, and there it is not any varnish that will secure them.

The New  
guard house  
stands on [a]  
part of ye.  
ground of  
ye. old mint  
& ye. bricks  
were used  
in it's  
foundation.  
Deadness of  
trade has

our hitherto

ye. mint  
Braminys  
but it be  
done this  
Season  
Many are  
ye. good  
Effects of  
removing ye.  
Mint.

97. In Answer to your 112<sup>th</sup>. parag<sup>r</sup>: the ground on w<sup>ch</sup>. y<sup>e</sup>. old mint stood, is now part of the free guard house, and the bricks were us'd in the foundation of it, as for other materials they were rotten and useless; the deadness of Trade and Coinage for these three or four years past, has withheld us from assessing the mint Braminys as we promis'd towards the new mint, but it shall be done before this Season is spent, and we do assure you the good Effects of removing the mint are very apparent, your Garrison having been much more healthy ever since it was done and we have double the convenience we had before, besides a great deal of annual Charge sav'd in rep<sup>ty</sup>. and building sheds into the Street.

Your Presidt.  
has been  
to view ye.  
founda. of  
ye. mount  
house that  
was propos'd  
to be built  
for 3,000  
Pag<sup>s</sup>. but  
we are  
certain it  
must stand  
you in 8 or  
10,000 &  
therefore  
shall not  
set about it,  
but are  
repairing ye.  
Garden  
house to  
answer that  
End.

98. Your President has been at the Mount to view the foundation of the intended house, that was laid in M<sup>r</sup>. Fraser's time, projected by M<sup>r</sup>. Roberts upon a vain presumption that the whole building would not stand you in more than Three thousand Pag<sup>s</sup>. this foundation is what your Hon<sup>ty</sup>. mention to have stood you in six hundred pag<sup>s</sup>. in your 113<sup>th</sup>. Parag<sup>r</sup>: By the best computation we are able to make, the whole work can never be completed for a less sum than Eight to Ten thousand pag<sup>s</sup>. which we think so extravagant a Sum that we have no heart to set about it, especially at this time of Day when your trade labours under so many Difficultys, and we are oblig'd against our will to wor[k] upon other more necessary and profitable Buildings; in the mean time we are repairing your Garden house, the Beams of which were falling in, as you may please to observe in our Consultation of the 23<sup>rd</sup>. March, which w<sup>th</sup>. the addition of one upper room will pretty well answer the End intended by building at the Mount.

The subscrip-  
tion ye.  
Hospitall  
shall come  
this Season,  
& we shall  
till keep it  
on foot.

99. The subscription to the new Hospitall shall come by this years Shipping, when we hope it will be considerably Augmented, and we shall keep it afoot in hopes after the Building is paid for to have a sufficient Stock, for the relief of such poor People as are taken in to be cur'd and have nothing to help themselves.

Jearsey  
house is  
so much  
out of repair  
that we fear  
shall be  
oblig'd to  
pull it down.

100. Jearsey house that was purchas'd in Gov<sup>r</sup>. Higginson's time is so much out of Repair that no body can lye dry in it, we have thoroughly survey'd it, as your Hon<sup>ty</sup>. may please to observe in our Consultations of the 6<sup>th</sup>. & 20<sup>th</sup>. July and finding it will cost a great sum of money to Repair, the intire roof being decay'd and ready to fall in, and the floor of the 2<sup>d</sup>. story as bad, we have laid aside all thoughts of repairing and fear we shall be forc'd to pull it down.

Having  
permitted  
them as

101. We have permitted them to begin upon new Godowns at Fort St. David, for fear your Bales should be damag'd; they have not hands even for that work.

so that we have been forced to Supply them from hence, tho' a great hindrance to our own Building; We first proposd to them to seek for Assistance among their Neighbours and particularly at Pontichery, where they had few years ago five to six hundred people constantly at work on their new Fortifications; in their Letter to us dated the 26<sup>th</sup>. July N<sup>o</sup>. 89, we desire You will please to observe what an impertinent answer they returned Us.

Fr. St. Dav. to begin upon new Godowns for yo<sup>r</sup>. Bales, & proposing to them to get workmen from Pontichery we desire you'll observe their impertinent Answer.

102. We wrote your Hon<sup>rs</sup>. in our 45<sup>th</sup>. Parag<sup>r</sup>: by the Mary that M<sup>r</sup>. Raworth had unknown to us repaid the Garden house at Fort St. David and afterwards upon his writing that it cost no more than five hundred & fifty Pag<sup>s</sup>: We permitted him to be reimbursd because the lodgings in the Fort were tumbling down, but since, upon inspecting their Paymasters Acco<sup>ts</sup>., we find more than three times that Sum laid out, and have orderd in ours of the 14<sup>th</sup> August N<sup>o</sup>. 53, that all it amounts to more than the 550 Pag<sup>s</sup>. be repaid into your Cash.

[Pe<sup>r</sup> raising y<sup>e</sup>. Fort St. Dav. Paym<sup>ts</sup>. (Acco<sup>ts</sup> to) we find that M<sup>r</sup>. Raworth laid out (three times) the sum he told us & therefore we have orderd to repay y<sup>e</sup>. overplus.

103. We neglect no Opportunity of cultivating your Revenues, and may say without vanity they were never so punctually collected as now, which will appear upon our Consultations and in your Acco<sup>t</sup>: of Cash; we suffer no person to run in Arrears, only in the Article of Sea Customs we are obligd to allow Merchants a reasonable time till their goods are sold; but this is only to such as we call sure men; we had it in our thoughts to lay a small duty upon Toddy, Tamerin and Salt, but upon enquiry among the principall inhabitants, we found it wou'd fall very heavy upon the poor labouring People, and among the rest Your Washers, Beaters, Cooleys and all sorts of workmen that subsist but very indifferently already, and therefore we have thought it more adviseable, to forbear putting further hardships upon them.

Yo<sup>r</sup>. revenues are punctually Collected. We forbear laying a duty on Toddy, Tamerin & Salt because twill fall too heavy on y<sup>e</sup>. poor.

104. We bought up as much grain this year in the cheapest time as we durst venture to do for fear of raising the price, and shall be carefull to sell off what we do not want for the use of the Garrison before the new Crop comes in; we have no Godowns fit to lodge any quantity of Rice or Paddy in, which is a very great inconvenience; this place was in a manner wholly supplyd the last Monsoon by Sea, which is a glorious Article in yo<sup>r</sup>. Revenue and has greatly disappointed the Country renters that expected to have made their own terms.

We layd in a Store of Grain this year, wh<sup>ch</sup> we shall dispose of as y<sup>e</sup>. new Crop comes in.

105. We salt up no provisions here at present, finding it an unnecessary Expence, but if the Troubles of the Country come too near us will go to work: what little they sent us from Bengall prov'd very good.

We think it an unnecessary Expence to Salt up provisions here at present.

106. In answer to your 118<sup>th</sup>. parag<sup>r</sup>: it was upon information given your President by a very understanding Person in the Service of the Duan, that he sent to Sunca R[eddi] to take out of the Kings Register books at Arcott the Annuall income of the five Villages formerly given us by Doud Cawn, which he did, and made it appear to be the sum we wrote You; The same was confirmd by Zulphakur Cawns Collector, when he resided here, as also that Doud Cawn made good the Rent for the time the Villages were in our possession, and why they did not let for more when we had them might be occasion'd by the great distance some of them lay from us, and the hazards they were exposed to.

What we wrote you of y<sup>e</sup>. Income of Doud Cawn's 5 Villages was made appear to us by very good hands. We could let them for no more they being at such a distance.

107. The Two hundred Eighty six pagodas due for Custom on the Elephants past by M<sup>r</sup>. Fraser, will be made good by his Order.

the money due on Elephants past by M<sup>r</sup>. Fraser will be paid.

We shall enquire into y<sup>e</sup>. loss of time upon expiration of a sowl, & will suffer no such thing hereafter.

There is only one Survivor of y<sup>e</sup>. old Tobacco Farmers, whom we think to release under restrictions. The List of debts due to them is found to signifie Nothing.

The Quit rent is under good Regulation & duly collected.

While Mr. Benyon acted as Sea Cust<sup>r</sup>. he made severl. good regulations in collecting that Revenue.

The Regulations in the Land [Cus]toms have increased y<sup>e</sup>. Revenue.

We shall enter y<sup>e</sup>. Ball<sup>s</sup>. of Acco<sup>t</sup>. read in Consult<sup>s</sup>. but y<sup>e</sup>. money [is not] Always be paid in th<sup>e</sup>. We advance y<sup>e</sup>. Paym<sup>t</sup>. no money till he is obligd to pay it away.

We will not permit our Inhabitants to apply to y<sup>e</sup>. Moors for Justice.

We now send y<sup>e</sup>. Charter wrote for y<sup>e</sup>. Dartmouth.

108. We shall be carefull to give sufficient warning before any cowle for Farming your Revenues is expir'd that a new one may Commence without Loss of time or money, the Three months your Hon<sup>ty</sup>. mention to have been lost shall be enquir'd after in time for our next Letter.

109. In our 113<sup>th</sup>. Parag<sup>r</sup>: by the Dartmouth, we gave a ful[1]l Acco<sup>t</sup>. of the old Tobacco Farmers Debt and their present Circumstances, another of them is since dead in prison, so that there is one only survivor that is not worth a Pagoda in the world, and therefore we think to give him his liberty under some restrictions: the Paper N<sup>o</sup>. 31, in the Pacquets by the Bouverie and Frederick, was a list of Debts which these people pretended were due to them, and amus'd M<sup>r</sup>. Fraser with it; but upon enquiry every person therein mention'd was found either to be dead or in as bad circumstances as themselves.

110. The Business of your Quit Rents is at present under so good a Regulation that the mony is allways collected in due time, and with as much equality as Possible.

111. Upon M<sup>r</sup>. Martin's going for England we appointed M<sup>r</sup>. Bernard Benyon Provisionall Sea Customer, to act in that station till the close of the Books in April, during which time he propos'd severall very necessary regulations as your Hon<sup>ty</sup>. may please to observe in our Consultation the 26<sup>th</sup>. March, for collecting that Revenue With greater Certainty and dispatch, and for preventing frauds in the Conicoplys: which were unanimously agreed to, and are now put in practise.

112. The good Effects of our Regulations in the Land Customs are apparent by the encrease of that Revenue, and if some unexpected damp does not fall upon our Trade, we may hope still to enlarge it.

113. Upon looking back we find that it has not been the Custom when people read their Acco<sup>t</sup>. in Consultations to enter the Ballances: that Omission is now remedyed, but the mony cannot allways be paid in when the Acco<sup>t</sup>. is read, for th<sup>o</sup> the Person debts himself, he does not receive it till some time after good care and vigilance at the Board, will prevent any inconveniences by often calling for the Mony, what your Hon<sup>ty</sup>. complain of in the Paymasters Acco<sup>t</sup>. has not happen'd since your Presidents Arrivall, unless when mony has been advanced to buy materialls for building, and that is now done by the Storekeeper who issues them to the Paymaster as their is occasion, and we never advance the Paymaster any mony, till the very time he is obligd to pay it away; we have formerly given our Reasons why the Sea Customer must allways be in Arrears.

114. We shall suffer none of our Inhabitants of what Nation soever to apply for Justice to the Country Government, some Essays of that kind have been made, but they were nip'd in the Bud, and if we find any Moors, Persians or Patans amongst us that are traitors to your Interest we shall not scruple to turn them out of the Place.

115. We beg pardon for the mistake in the Copy of the Charter, and now send what your Hon<sup>ty</sup>. wrote for by the Dartmouth.

SIXTHLY TOUCHING FACTORS & WRITERS, OFFICERS & SOLDIERS,  
& THEIR ACCOUNTS.

The persons to whom y<sup>e</sup>. Hon<sup>ty</sup>. have

116. The Seven Gentlemen whom your Hon<sup>ty</sup>. have been pleas'd to distinguish, in your 132<sup>d</sup>. parag<sup>r</sup>: upon our Recommendation, by one years advance

in their Standing, return their most hum<sup>ble</sup>. thanks and promise their utmost Endeavours to merit the continuance of your favour, there is no doubt but this Encouragement will excite all those that have any ingenuity to greater diligence and application.

117. When we acquainted you by last Shipping that we had made M<sup>r</sup>. Woodward youngest of Council at Fort S<sup>t</sup>. David, we omitted to add that we were encourag'd thereto by his having alterd his course of life, and firm promises to apply himself Strictly to Business; we have since had no complaint of him from Fort S<sup>t</sup>. David, your orders concerning idle, wicked and unprofitable Servants, shall be obey'd and we fear M<sup>r</sup>. Whichcote must come by the next Ships for we can make nothing of him.

118. When Thomas Thomson was taken into your Service the Accomptants Office was so weak that we tho<sup>t</sup>. it a real benefit to your Affairs, and fear this matter may have been misrepresented to your Hon<sup>or</sup>. he never has been placd above any of your Servants, nor is he entitled to any standing, the salary he has receiv'd is but bare subsistence, so that he is not in a capacity to pay the 20 £ you order, his debts in England having obligd him to list a Soldier in your Service; M<sup>r</sup>. William Nanney being now in the Accomptants Office and some others pretty well improv'd since your President's arrivall, Thomson may very well be spar'd and so his Salary ceases.

119. We will send a particular Acco<sup>unt</sup>. of the Liquors and provisions received this Season by the next Conveyance, the seperate Stock Ships bringing a quantity of Madera Wine it was sold at half the usuall price, which encourag'd us to lay in a Store to supply the subordinate Factorys and the West Coast.

120. We waited with patience till y<sup>e</sup>. 30<sup>th</sup> March last in hopes M<sup>r</sup>. Alexander Bennett your Steward wou'd lessen the Expencc by his thrifty management in that Employ but on the contrary having occasion to find fault with severall Articles he told your Gov<sup>er</sup>. in few words, he cou'd not do it cheaper, upon which we made tryall of one Henry Spackman formerly steward to Gov<sup>er</sup>. Pitt, who reduc'd the Expencc of April month very near two hundred Pagodas, for which reason we continue him in the Employ, and have had the same success in all the succeeding months: severall of your covenanted Servants not at all qualified for that Business thought it a hardship put upon them, but we can never think ourselves wrong in saving you two thousand Pag<sup>as</sup>. a year by paying five Pagodas a month, and when there is any among your servants as well qualified to do the same, he shall be sure to be employed; we are of Opinion that M<sup>r</sup>. Bennett is very fit for ether branches of your Business and he is a sober diligent man, but the Business of a Steward has some thing particular that very few here will ever attain to.

121. The Persian Master whom we entertain'd to teach yo<sup>r</sup>. Servants is since dead and very much regretted, as he was a good man and very capable of that Employ, there is never another in the place that can speak a word of English or Portuguese, which is a great misfortune to those that had made a beginning and especially to young John Turton who had made an unusual progress in that Language for the time; in our humble opinion there can be no greater encouragement for such as make themselves masters of the Eastern Languages than to give them the preference to such as do not think it worth their while to take the same pains.

given a year return thanks.

Mr. Woodward much mended since our last. We believe, must send home Mr. Whichcote.

Misrepresentation concern<sup>ing</sup> Thomson. He is not able to pay y<sup>e</sup>. 20 £ orderd. He is taken from y<sup>e</sup>. Office and his Salary ceases.

We shall send an Acco<sup>unt</sup>. of Liquors &c. recd<sup>d</sup> next Conveys, but we had supplyd ourselves with Madera out of y<sup>e</sup>. seperate Ships, it selling for 1/2 y<sup>e</sup>. usuall price.

Mr. Bennett acquainting the Gov<sup>er</sup> that he could not lessen y<sup>e</sup>. Stewards Expencc. We have tryd one Spackman, who saves You 2000 Pag<sup>as</sup>. a Year.

The Persian Master dead & never Another in y<sup>e</sup>. Place. John Turton made unusual Progress therein for y<sup>e</sup>. time.

Your Orders concerns  
ye Warehouse shall be observd. As also w<sup>t</sup> relates to Mr. Ward.

122. Your Orders in the 140<sup>th</sup> paragraph that none shall have credit in the Warehouse but by order of Council shall be duely observd as also what follows in the next paragraph relating to My Lord Chief Baron's Son, who promises very well, but is so frequently visited with terrible fits of the Stone, that it is impossible he can sett long to Business, thō he is very willing and oblig<sup>d</sup>.

Mr. Lewis goes home w<sup>th</sup> next ship. We return thanks for ye two Gentlemen now sent, who at present answer ye good Character given them.

123. Your minister M<sup>r</sup>. Lewis is determin'd home by the next Ship, and we return your Hon<sup>rs</sup>. thanks for the two Gentlemen now sent us, by the little experience we have had, they answer the good charecter you have been pleas'd to bestow on them, and they shall want no encouragement that is in our power to give whilst they continue to behave themselves as becomes their Sacred function, the Service of this place is too hard for one Minister, however M<sup>r</sup>. Long shall visit fort S<sup>t</sup>. David at least once or twice a year; your Orders relative to M<sup>r</sup>. Lewis his passage home shall be observd, and we will have due regard to your 144<sup>th</sup> Paragr<sup>f</sup>: extracted out of the new Companys Charter relating to Ministers and Schoolmaster.

Concerning erecting a Charity School, our Endeavours shall not be wanting, but we hope ye persons sent out on this Occas<sup>n</sup>. will be English<sup>r</sup> for we do not think ye Danes answer Expect<sup>d</sup>.

124. The design of erecting a Charity School or Schools at this place, is a very noble one and worthy that Hon<sup>ble</sup>. Society for promoting Christian knowledge, we will not only be ready to assist them with the power you have given us, but also with our purses, and do not doubt but many of your Inhabitants will do the same, if the persons they send out are of tempers and qualifications fit for the undertaking, but we hope they will be English and not foreigners; the Danish missionaries have not wanted for our assistance on all Occasions, thō we must still continue of Opinion y<sup>t</sup>. they spend a great deal of the Societys mony to little or no purpose, and thō there may be some good men among them, there is one very Turbulant Person, of whose principles you may please to judge, by his contriving the escape of M<sup>r</sup>. Abendana's Widow from her Creditors here to Trincombar, and marry<sup>g</sup>. her thō a Jew to a Christian by the way.

There is no such distinction here betw<sup>n</sup>. ye Doctors, as Chief & Mr. Robson declares to know nothing of any complaints made of hardships done him.

125. When we wrote that we had taken Doct<sup>r</sup>. Suplee into Doctor Chadsley's place, we did not mean as chief Surgeon, not having known any such distinction here, their provinces are distinct, one has the Charge of the Hospitall, and the other attends your covenanted Serv<sup>ts</sup>. if they please, and assists in the Hospitall if there is too much work for one; we gave Doctor Robson the choice in regard of your Orders by the Dartmouth, and he declares it is not with his knowledge, if any Complaint has been made to your Hon<sup>rs</sup>. of hardship done him.

The soldiers sent this year are the best we ever rec<sup>d</sup>. Lieut<sup>t</sup>. Johnston sent to Ft. St. David. Having 8 Lieut<sup>ts</sup>. we h<sup>av</sup>e given each ye charge of a Comp<sup>ny</sup>. Ensign Pearson has desired to return w<sup>th</sup> this Ship.

126. The Soldiers you have been pleas'd to send us this year are the best recruits we ever receiv'd only one of them had the misfortune to loose both his Legs in the Downs. We have sent Lieut<sup>t</sup>. Johnson to Fort S<sup>t</sup>. David, where there was a vacancy, and having three Lieut<sup>ts</sup>. here have divided our Garrison into three Companys, that they may be the better train'd and every officer have something to do, Ensign Pearson is too high flown to live upon your three pound a month, and having ask'd his discharge to return by this Ship, we very readily granted it, finding nothing in him extraordinary either of Soldier or any thing else; as for Van Itton, we can hear nothing of him, the Serjeants are good men and understand their Business.

Serjt Cogh-  
ran made  
Ensign at  
Fort St. Dd.  
in ye room  
of Kier who  
dyed.

127. Ensign Henry Kier dyed at Fort S<sup>t</sup>. David the 19<sup>th</sup> of Jan<sup>y</sup>. last, and Serjeant Henry Coghraun being recommended by the Dep<sup>y</sup>. Govern<sup>r</sup>. & Council as a person that behav'd himself well in the late warr, we consented to the making him an Ensign.

128. When we had reduc'd the Commission Officers pay according to your Orders by the Marlbrô, and came next to the Serjeants, we cou'd not find upon computation that they wou'd be able to subsist and go decently clad for less than what they now receive, we have reduc'd the Number of them, and humbly beg in their favour that you will be pleas'd to continue them their usu<sup>l</sup>. pay.

We desire that y<sup>e</sup>. Serjts. pay may continue as they cant subsist & go decently clad for less & we have reduc'd their Number to make an Equivalent.

129. Serjeant Samuel Gardener being a very diligent Officer that distinguish'd himself in the Fort S<sup>t</sup>. David Warr, we have given him an Ensigns Commission upon Ensign Hobbs his going to Fort S<sup>t</sup>. David; we have pretty well cur'd the Itch of Desertion by severe punishment upon the Offenders, and making them pay the Charges we are at to recover them.

Serjt. Gardener made Ensign [we have pretty well cur'd y<sup>e</sup>. Itch Desertion.

130. On the 17<sup>th</sup>. of June dyed David Symms, and on the 17<sup>th</sup>. August John Castor, both Ensigns of this Garrison; we shall take care to promote such as are most deserving to these Vacancys.

Ensigns Symms & Castor dead.

131. Mr. Philip Baker remains still under suspension, we have examin'd his Acco<sup>ts</sup>. and cannot find, but that he discharg'd his Office very well, the undue stoppages of which he was accus'd, are not well made out, and we know by experience the Souldiers are ready enuff to deny what has been advanc'd them, as for over charging the men for cloths and Caps, which is another Article laid to his charge; it appears to us upon Examination, that he never did sell them any Caps, and charg'd no more for Coats than his Predecessors; upon the whole his Chief crime being disrespect to the Dep<sup>y</sup>. Gov<sup>r</sup>. upon his Offer of submission we wrote to Fort S<sup>t</sup>. David our thoughts of reinstating him, to which they returned answer in the 10<sup>th</sup>. paragraph of their Letter dated y<sup>e</sup> 19<sup>th</sup>. Aug<sup>st</sup>. N<sup>o</sup>. 96, which we humbly refer to your perusal for something very extraordinary, and indeed both that and another Letter dated the 21<sup>st</sup>. Ditto, are such as woud incline one to believe the Penman was out of his senses.

Mr. Baker remains under Suspension, but y<sup>e</sup>. charge against him not being well made out we wrote to Ft. St. David concerning him. Refer yor. Hon<sup>rs</sup>. to their Answer of y<sup>e</sup>. 19<sup>th</sup>. Aug<sup>st</sup>. as also another Letter of y<sup>e</sup>. 21<sup>st</sup>.

132. Mr. Matthew Weld one of your Fort S<sup>t</sup>. David Council stood D<sup>r</sup>. upon the last Books as paymaster Twelve hundred forty Pagodas, twelve fanams and one Cash and as Storekeeper Seven hundred Pagodas sixteen fanams, w<sup>th</sup>. sums were ballances of those Employs when he quitted them Anno 1711—first we made enquiry how a paymast<sup>r</sup>. could be indebted, which is quite out of the course of your Business, but could have no satisfactory Answer, in the next place we order'd him to pay the money w<sup>th</sup>. interest before the Books were ballanced in April last, but find<sup>g</sup>. ourselves slighted and contemn'd to money being paid in, we have suspended him, and now he is here he affirms that he paid seven hundred fifteen Pagodas of the Sum to Mr. Raworth above a year and half ago, and when your council at Fort S<sup>t</sup>. David found we were in earnest, they sent us up by the said Weld a scrip of paper of which we send you a true Copy in the Packett N<sup>o</sup>. 20, and write us in their Letter dated the 20<sup>th</sup>. July N<sup>o</sup>. 89; that he has paid so much money to the Dep<sup>y</sup>. Gov<sup>r</sup>. and if we reinstate him he will find friends for the Remainder, but to this day they have not made appear, that the money is paid into your Cash, and so he stands suspended till we are better satisfied.

The Suspension of Mr. Weld w<sup>th</sup>. our reasons for so doing being now here he affirms to have paid Mr. Raworth in part of his ball. 715 Page. a year & 1/2 ago w<sup>th</sup>. not appearing to have been paid into cash. He stands suspended till we are further satisfied.

133. Upon Repeated complaints from Fort S<sup>t</sup>. David that they were not able to do the Business of the Place w<sup>th</sup>.out more help, we appointed Mr. Joseph Houghton youngest of Council, being a diligent young man in the writing Business and one that behav'd well during the Warr; we beg leave to refer your Hon<sup>rs</sup>. to our Consultation of the 13<sup>th</sup>. August for the Behaviour of Mr. Thomas Gray Sec<sup>y</sup>. of Fort S<sup>t</sup>. David upon this occasion, we were oblig'd to suspend him, but upon a very handsom submission and acknowledgement of his fault he is again restor'd.

We having appointed Mr. Houghton youngest of council at Ft. St. Dd. We must refer yor. Hon<sup>rs</sup>. to our Consulta. of y<sup>e</sup>. 13<sup>th</sup>. Aug<sup>st</sup>. for the Behaviour of Mr. Gray on the Occasion.

We order'd  
Mr. Farmer  
to rem<sup>n</sup>. at  
Ft. St. David  
till ye. Books  
were ballac<sup>d</sup>.  
He may be  
usefull in  
some parts  
of yo<sup>r</sup>.  
Business.

134. Mr. Richard Farmer having the Ballance of the Fort St. David Books in hand, we order'd him to remain there till they were compleated, and then he will repair hither as you have been pleas'd to direct, he may be a usefull Serv<sup>t</sup>. in other branches of your Business; tho' his conduct in the unhappy warr at Fort St. David is no way to be excus'd.

## SEVENTHLY TOUCHING ACCOUNTS.

Our Books  
will be ready  
for the first  
Ship.

135. We shall deferr answering that part of your Hon<sup>ty</sup>. Letter under this head till we send our General Books, which are now ballancing & will be ready for the first Ship.

Touching our  
proceedings  
& Mr.  
Raworth's  
Behaviour in  
the Affair  
of Mr.  
Chittys Bond  
upon him  
recommen-  
ded to Us  
from  
Bengall.

136. In the mean time we must acquaint your Hon<sup>ty</sup>. that in April last we receiv'd a Letter from the President & Council in Bengall inclosing a Bond of Mr. Robert Raworth's to Mr. Josiah Chitty for thirteen thousand Eight hundred four Pag<sup>s</sup>. nineteen fanams & forty cash, which was the ballance of an Acco<sup>t</sup>. depending between the said Persons, settled and adjusted here, to both their Satisfactions last year; this bond Mr. Chitty having made over to the President and Council in Bengall, to satisfye a debt due from him to a great Shroff at Patna, they have recommended to us to procure payment, being apprehensive that the said Shroff if not satisfiyed might bring some trouble upon your Affairs; we sent the Bond to Mr. Raworth as soon as we receiv'd it, and he return'd answer it should be discharg'd as soon as possible, we have since been press'd upon this Matter from Bengall in their Letter dated the 27<sup>th</sup> of May, which we communicated to Mr. Raworth a month ago, but he has not thought fit to return any answer; so that we are forc'd to write back to y<sup>e</sup>. Bay that they must not discharge Mr. Chitty, for we can have no dependance upon the Bond being paid.

The Ballance  
of Mr.  
Raworth's  
Warehouse  
Acco<sup>t</sup>. has  
been paid in,  
there now  
only remains  
ye. Sum in  
dispute  
between him  
& Mr.  
Martin.

137. On the 20<sup>th</sup> of April Mr. Raworths Attornies paid in four thousand Pag<sup>s</sup>. more on Acco<sup>t</sup>. of his debt, of which we wrote you by the Dartmouth, and in Consultation of the 13<sup>th</sup> August your Hon<sup>ty</sup>. will find they paid in the Ballance, there remains now only the dispute between him and Mr. William Martin upon the Ballance of their Joynt Warehouse, concerning which we wait your further Orders, Mr. Raworth having made good his half, which is as much as we dare venture to charge him.

We have  
settled ye.  
Affair of ye.  
Present;  
except a few  
Articles  
under charge  
of Mr.  
Raworth  
concerning  
wh<sup>ch</sup>. we have  
wrote him  
but can get  
no Answer.

138. Upon receipt of the invoice of the intended present to the Mogull, which your Hon<sup>ty</sup>. were pleas'd to send us, we have been able to set that matter to rights, as you may please to observe in a Report made by Mess<sup>rs</sup>. Frederick and Davenport in Consultation the 23<sup>rd</sup> of June, except some Articles of Pearl and other things mention'd in the said Report, concerning which we wrote Mr. Raworth in whose Custody they were as Warehousekeep<sup>r</sup>. under date of the 18<sup>th</sup> July, to which we humbly referr you, but to this day he has not thought fit to return any Answer.

Concerning  
the  
Behaviour  
of our  
Subordinates  
at Ft. St.  
David, in  
Generall  
in partic<sup>lar</sup>.  
their Letters  
of ye. 19<sup>th</sup>  
& 21<sup>st</sup>  
August, with  
y<sup>e</sup>. accom-  
panying pap<sup>rs</sup>.

139. It wou'd be very troublesom to your Hon<sup>ty</sup>. to swell this Letter with all the particulars of what has happend between us and our Subordinates at Fort St. David since the Howland was dispatch'd, some passages we have been oblig'd to touch upon under other heads, and the rest will lye very fairly before you in our Letters and Consultations, and as we have condescended to expostulate w<sup>th</sup>. them very often where your Interest has been concern'd rather than put the severity of your Orders in Execution, when we have been sufficiently provok'd by the levity of their Trifling Answers and their unbecoming comparisons, we dare hope for your approbation of what has pass'd hitherto, and of what we may hereafter determine upon their intemperate Letters of the 19<sup>th</sup> and 21<sup>st</sup> August, and the accompanying paper, wherein Mr. Raworth wildly appeals to your Hon<sup>ty</sup>. with a further reserve of appeal hereafter to a Superior power in a case that will not bare a dispute, as you will see in the former part of our Letter under the head of Buildings.

140. What falls under this head is their Acco<sup>t</sup>. Cash and Pay[masters] Acco<sup>t</sup>. the former we have orderd to be sent us monthly, as soon as ballanc'd and read in Consultation; but for some Reasons best known to the Dep<sup>y</sup>. Govern<sup>r</sup>. we never can get it till the latter end of the next month and hardly then, and as for the Paymasters Acco<sup>t</sup>. they are kept so long back, and have so many extraordinary charges in them, that we have been forc'd to find fault, but hitherto have been told that they know not where to lessen the charge upon any one Article.

They do not send their Cash & Paym<sup>rs</sup>. Acco<sup>t</sup>. according to order. When we complain of ye. extraordinary Expense in ye. latter, they tell us they dont know Where to lessen it.

141. Twelve of your Fort S<sup>t</sup>. David Merchants having by severall Letters to your Govern<sup>r</sup>. desird they might be sent for up hither to lay some matters of importance before us, in which if they cou'd not be redress'd they were not able to continue longer in your bounds, we thought ourselves oblig'd to call them up hither; of the twelve only four were sent us, the other being detain'd on Acco<sup>t</sup>. of Debts due to your Hon<sup>rs</sup>. and other people, this we think a great presumption in Mr. Raworth and have now sent Lieut<sup>t</sup>. Roach down to demand them as you may please to observe in our Letter dated y<sup>e</sup>. 21<sup>st</sup> August, but he is not yet return'd; the four that are arriv'd defer their complaint till the rest come up; they are old Inhabitants of Fort S<sup>t</sup>. David, that have dwelt under your protection ever since the place was settled, which makes us the more ready to hear their Complaints the Copys of their severall Letters to the President come in the Pacquett N<sup>o</sup>. 19.

12 of yer. Ft. St. David Merchants, hav. by sever. Letters desird to come and lay before us some matters of importance we call'd for them but Mr. Raworth would send only four, wherefore we ha dispatch'd Lieut<sup>t</sup>. Roach for the rest, who is not yet return'd.

142. We wou'd not let them come up, on Acco<sup>t</sup>. of the Investment, but that we are assur'd they will do nothing in it till their grievances are redress'd and their Acco<sup>t</sup>. settled; besides we think it more your Interest to make a new Contract since nothing is done in the former one made in March last and to agree only for gruff Goods, leaving out their good for nothing Betteelaes, according to your Hon<sup>rs</sup>. Directions.

We wou'd not let them come up on Acco<sup>t</sup>. ye. Investment, but that we know they'll do nothing till their grievances are redress'd.

143. In our Consultation of the 12<sup>th</sup> Feb<sup>y</sup>. last your Hon<sup>rs</sup>. will find the Conditions of the sale made of Ship Howland's Cargo, and the Acco<sup>t</sup>. Outcry comes in the Pacquett N<sup>o</sup>. 21, we obligd ourselves to send half the quantity of the Tutenague at least to the Bay, by which means the Remainder sold the better there; such a quantity never came in one Ship before.

We obligd ourselves on sale of ye. Howland's Cargo to export half ye. Tutenag.

144. The Stretham's gruff Cargo was put up to sale here the 10<sup>th</sup> of July as your Hon<sup>rs</sup>. will find in our Consultation of that Date, and all things considerd sold very well, the Acco<sup>t</sup>. of Outcry comes in the packett N<sup>o</sup>. 22, and the Acco<sup>t</sup>. Curr<sup>t</sup>. of the Voyage, w<sup>th</sup>. Sup<sup>r</sup>. Cargo's proportions adjusted is Enter'd after Consultation of the 24<sup>th</sup> August; your Orders relating to said proportions as well as their Commission, shall be carefully complied w<sup>th</sup>. and our Accomptant having examin'd their Books made his Report in Consultation of the 28<sup>th</sup> July, to which we humbly refer you.

The Stretham's Cargo sold very well, the Voyag. is made up we will follow your orders concerning ye. Sup<sup>r</sup>. Cargoes proportions and Commission.

145. The Sup<sup>r</sup> Cargoes aforesaid having consign'd their Cargo hither could not pay themselves their Charges at Batavia where they lay by our Order to wait for the Dutch Fleet, and therefore applied to us in Consultation of the 10<sup>th</sup> August giving in an Acc<sup>t</sup>. amounting to Rix Dollars three hundred Eighty four: 12<sup>th</sup>. which we have agreed to pay them w<sup>th</sup>. some deduction upon Mr. Penrice's giving his note to repay it in England, if your Hon<sup>rs</sup>. do not approve of what we have done.

The sup<sup>r</sup>. Cargoes deliver in an Acco<sup>t</sup>. Charges at Batavia w<sup>th</sup>. we pay them upon their Note to refund if you disapprove.

EIGHTHLY TOUCHING Y<sup>e</sup> WEST COAST.

We have  
advis'd from  
yo. W<sup>t</sup>.  
Coast that  
yo. Success  
was dis-  
patch'd &  
that they  
had pepper  
enuff for  
the Abing-  
don.  
The good  
Effects of  
yo. Pres<sup>t</sup>.  
D. Gov<sup>r</sup>.  
managem<sup>t</sup>.  
among yo  
Natives.

146. Since what we wrote by the Mary under this head we have rec'd severall Letters from yo<sup>r</sup>. Dep<sup>y</sup>. Gov<sup>r</sup>. & Council of York Fort, the last of which is dated the 13<sup>th</sup>. May & came to our hands the 5<sup>th</sup> of July; the Success was: dispatch'd before she enterd upon Demorage, and they further assure us that there will be pepper enuff to dispatch the Abingdon before her Demorage commences, these will be convincing proofs to your Hon<sup>ty</sup>. of the Capacity and diligence of your Present Dep<sup>y</sup>. Gov<sup>r</sup>. who is universally allow'd to have gain'd so much upon the Affection of the Natives by his steady good management and even Temper, that they resign themselves entirely to his good advice, and vie with Each other which shall bring in the greatest quantities of Pepper, and if it pleases God to continue his life, we cannot doubt but the West Coast Settlements will soon be improv'd far beyond whatever they were from the beginning.

They have  
given you  
a full Acco<sup>t</sup>.  
of Affairs of  
Toddington  
& Co.  
Mr. Collet  
has not  
err'd but  
in one  
Article.

147. We observe by the Copys receiv'd that they have wrote your Hon<sup>ty</sup>. by the Toddington and Success a very full and ingenious Acco<sup>t</sup>. of the condition your Affairs were in when M<sup>r</sup>. Collett first arriv'd, and of what has been done persuant to your Instructions and Ours to re-establish them; his Conduct has been so regular that we can find no fault with him except in one particular that will be hereafter mentioned.

Not being  
able to pro-  
cure sloops  
fit for their  
service we  
shall write  
them to get  
(some) from  
Batavia.  
The Presi-  
dent is now  
there & can't  
be better  
employ'd.

148. We have endeavour'd to procure Sloops or small Vessells to send over for the Transportation of Pepper from Port to Port, but have not been able to meet w<sup>th</sup>. any fit for that Service, and therefore we shall now write them to purchase one or two at Batavia, where they build so strong w<sup>th</sup>. Java Teak that if well look'd after, they will last a great many years, for want of such Sloops, yo<sup>r</sup>. Ship President that went over in April 1712 has been detain'd ever since upon that Station, and indeed she cou'd not any where else have been better employ'd, they write that they intend to send her over hither the latter end of the year, and as we can put her to no better use, we shall immediately return her with the most necessary things they write for.

We intend  
the Frede-  
rick thither  
with a  
supply of  
w<sup>t</sup>. stores  
are most  
wanting.

149. In the mean time finding by their Letters that sev<sup>l</sup>. stores are wanting as well as goods to supply the Coast, we have determin'd to send over the Frederick since we have more Shipping upon our hands than we can pretend to dispatch home this Season and if it should so happen that the Gentlemen in Bengall can find an advantageous Employment for two of your Ships in the Country, we do not doubt but the Frederick will be back in Jan<sup>ry</sup>. so that we may load her in time to save her passage of which we have advis'd them in Bengall, that they may take their measures accordingly.

We shall  
order yo<sup>r</sup>.  
Frederick  
to bring w<sup>t</sup>.  
Salt petre  
they have  
left.

150. Observing by our Letters receiv'd that they had remaining in Their Godowns One hundred & twenty Tonn of salt petre after the Success was dispatch'd which we hope will be more than sufficient for the Abingdon we have order'd the Frederick to bring away the remainder, since your Hon<sup>ty</sup>. write us that the Susanna has her Iron Kentilage, & that such Ships as you send hereafter shall be so provided, if this should succeed the Frederick will be so much the forwarder towards her dispatch when she returns hither.

As also p<sup>er</sup>.  
if they have  
more than  
will despatch  
yo. Susanna

151. We have also order'd that if there is more pepper than will serve to dispatch the Susanna before she comes upon Demorage, it shall be put aboard the Frederick to come home by her.

Mr. Yarbro  
being very  
ill has desir'd  
leave to  
return to  
England.  
We cou'd  
wish there

152. M<sup>r</sup>. Richard Yarborough who came out second w<sup>th</sup>. your Dep<sup>y</sup>. Govern<sup>r</sup>. is in so dangerous a Condition that he has desir'd leave to quit your Service and return for England, which will be no great disappointment to your Affairs considering his uneasy temper & incapacity for Business; but we cou'd wish there was another or two next in Succession to M<sup>r</sup>. Collett of the same.

of the same qualifications, least any sudden Accident should happen to him we are sorry to say we cannot supply them from hence so well as we could wish or as that Service requires.

was one or two like Mr. Collet, to succeed in case of an Accident. We cannot supply them from hence as that service requires.

153. Their greatest Complaint is generally for want of writing Assistance, and that serves as an excuse when yo<sup>r</sup>. Business is not kept up, to obviate which, we shall take all opportunitys to send over capable persons from hence for a Provision against mortality, because we have observed that when there happens a sickly Season and People drop off a pace, your Business runs so far behind hand before we can supply them, that it is hardly ever brought up again as it should be.

There great complaint is for want of writing assistance where we shall take all opportunitys to supply them.

154. We now send by the Frederick Captain William Wathen, formerly your Gunner at Fort S<sup>t</sup>. David, youngest of Council he has been employed Master and Sup<sup>r</sup>. Cargo of Country vessells upon that Coast, and is a sober honest man that will be very usefull in the Fortifications and Buildings which we find must of necessity be gone about w<sup>th</sup>. all expedition.

We send Frederick Capt. Wathen youngest of council.

155. We likewise send Richard Charlton a very capable writer, and have appointed Cap<sup>t</sup>. Richard Phrip whose experience upon that Coast your Hon<sup>rs</sup>. are very well acquainted with to set second during his stay there, That he may be the better qualified to give you a true Acc<sup>t</sup>. of your Affairs when he returns to England, and if any Accident should have happend to your Dep<sup>y</sup>. Gov<sup>r</sup>. (which God forbid) we shall invest him w<sup>th</sup>. a power to supervise and settle the Government before he comes away.

We likewise send Richd. Charlton Writer, in case of an Accident to yo<sup>r</sup>. D. Gov<sup>r</sup>. we shall appoint Capt Phrip to supervise.

156. Your Hon<sup>rs</sup>. will have been informd by your West Coast Letters that one Stephen Bailhon formerly Chief of Bantall was dismissed the Service, and sent over hither for his irregular Conduct in that Station, please to be referred to our Consultation of the 13<sup>th</sup> Aug<sup>r</sup>. for our Reasons why we send him back upon the Frederick, he is indeed very capable and well vers'd in your Affairs.

We send back Stephen Bailhon.

157. We have formerly propos'd to your Hon<sup>rs</sup>. that one of your Ships intended for the West Coast, might annually call here, which would be but very little extraordinary charge, and of great Benefit to your Affairs for as we do not know what stores and necessarys you supply them w<sup>th</sup>. from England, we may chance to send the same at their request from hence, by which they will be double supplyd and many things may be spoild before they can use them; 'Tis fit likewise we shou'd know w<sup>t</sup>. persons you send out and in what Stations, that we may regulate ourselves thereby and not send too many from hence, which will putt you to great charge and inconvenience, if you approve of this method we are sure the service will be better carryed on, and the Ship need not stay here above ten days, but she must sail from England in January or February at farthest.

The great Benefit it will be to yo<sup>r</sup>. Affairs to let one of yo<sup>r</sup>. W<sup>t</sup>. Coast Ships call here in her way.

158. Your Hon<sup>rs</sup>. will have been inform'd that Mr. Bullard and his wife who came out upon the Abingdon are dead, and have left behind them too young Daughters which are intended to be sent hither by the first conveyance, we would gladly have your Orders what Allowance to make for subsistance to such objects of Charity.

We desire to know w<sup>t</sup>. allowance to make to yo<sup>r</sup>. orphans of Mr. Bullard.

159. Your Dep<sup>y</sup>. Gov<sup>r</sup>. and Council have sent us a complea[t] Acco<sup>t</sup>. of their Stock as it stood the first of Nov<sup>r</sup>. 1712, and promise a set of Books by the next Conveyance, which were very near ballancing when our last Letters came away.

Yo<sup>r</sup>. D. Gov<sup>r</sup>. & Council promise a set of Books by next Conveyance.

We have  
rec'd from  
y<sup>e</sup>. W<sup>t</sup>. Coast  
8 bags of  
fan<sup>s</sup>. for w<sup>ch</sup>.  
they have  
drawn bills  
at 16 Doll<sup>rs</sup>.  
for 10 Pag<sup>a</sup>.  
w<sup>ch</sup>. we shall  
tell them  
we do not  
approve  
because y<sup>e</sup>.  
Ex[change]  
use to be at  
17.

They have  
likewis  
drawn bills  
on us for  
Pag<sup>s</sup>. 1070<sup>d</sup>.  
7: at y<sup>e</sup>.  
same rate  
for value  
rec'd into  
their Cash,  
w<sup>ch</sup>. seems  
to us directl<sup>y</sup>  
against y<sup>o</sup>r.  
Orders &  
therefore we  
have return'd  
them  
protested.

But we ob-  
serve in y<sup>o</sup>r.  
L<sup>tr</sup> y<sup>e</sup>.  
Susanna you  
direct us to  
supply them  
with Dollars  
to buy  
pepper,  
[T]h<sup>o</sup> this we  
take to be  
meant  
only when  
we believe  
they have  
not mony  
enuff to pay  
for w<sup>t</sup>.  
pepper y<sup>e</sup>.  
country  
produces.

The incon-  
veniences  
that may  
attend y<sup>o</sup>r.  
Affairs in  
keeping too  
strictly to  
this order.

160. We have receivd three bags of West Coast fanams by severall Conveyances, for the value of which they have drawn bills upon us at the Rate of 16 Doll<sup>rs</sup>. to 10 pag<sup>a</sup>. w<sup>ch</sup>. we have complyd w<sup>th</sup>. but shall write them by the Frederick that we do not approve of their encreasing y<sup>e</sup>. Exchange, which was formerly 17 Doll<sup>rs</sup>. to 10 Pag<sup>a</sup>. their reasons for making this alteration are expressed in the 25<sup>th</sup> paragraph of their Letter to us dated the 13<sup>th</sup> May.

161. We come now to the Article wherein we think your Dep<sup>y</sup>. Gov<sup>r</sup>. & Council have exceeded thier Commission by dr[aw]ing Bills upon us as advisd in their Letter of the 13<sup>th</sup> May payable to severall persons and amounting to Pagod<sup>l</sup>. Ten thousand seven hundred & four, seven fanams, for value receiv'd into their Cash in Dollars, at the rate afor[e]said of 16 Dollars to 10 Pag<sup>a</sup>. we have not your orders to them to govern ourselves by, but upon revising our ow[n] we find in the 93<sup>d</sup>. Paragr<sup>f</sup>: of your Letter by the Hall[i]fax Anno 1708, you positively order that we shall pa[y] no Bills except such as we have given leave to draw upon us, & you have forbid us giving leave unless your Ships intended thither shou'd have miscarried, or that y[ou] shou'd not have sent any out, and not in [this] case neither except they can give a good Reason for Our supplying th[em] w<sup>th</sup>. some further limitations; This We think ties up our hands from accepting the forementioned Bills under [the] present circumstances because we gave no such Order[s] to draw & because the Abingdon was newly arrivd and we know the Susanna may be expected w<sup>th</sup>. a fur[ther] supply, likewise the Ballance of their Cash in the [month] of March was Doll<sup>rs</sup>. fifty seven thousand three [hun]dred, six fanams & three Cash, wherefore we now send Back the Bills protested by the Frederick.

162. However we must remark that in your 70<sup>th</sup> parag<sup>f</sup> by the Susanna Anno 1709, you order us to supply the West Coast so far as we judge fit w<sup>th</sup>. proper Doll<sup>rs</sup> not to be lavished away but to buy pepper; this we take to be meant only in case we have reason to believe they are not supplyd from Europe w<sup>th</sup>: Cash enuff to pay for what pepper the Country produces, and this is the construction we shall put upon that Order untill your Hon<sup>rs</sup>: shall think fit to contradict it.

163. At the same time that we have protested these Bills according to the Letter of your Orders, we beg leave to lay before you the inconveniences that may attend y<sup>o</sup>r: Affairs hereafter if this Order must be taken in the Strictest Sence; as it now happens that the pepper Trade is considerably encreasd, and great quantities come tumbling in upon them, if their cash should fall short The Natives would be discouragd, and endeavour to divert what they have left upon their hands into another channell, for want of ready mony: When their Cash does fall short it is very seldom that they can be supplyd by Bills, and therefore tis absolutely necessary to take the mony when they can get it; if they must wait for Orders from hence, it may often happen (for want of Conveyance) that they can not have an answer in a twelve month, which no Body will wait for that can help it and so that opportunity is lost. In short we suppose these orders were given when you did not think your West Coast servants fit to be trusted further than from hand to mouth: but now you have a good man at the head of

your Affairs, it wou'd be pittie his hands shou'd be tied for want of mony, or that the present warm inclinations of the Natives to plant and bring in pepper shou'd be sufferr'd to cool by not having Doll<sup>r</sup>: in your Cash to take it in.

164. We must further add that the Major part of the amount of the Bills now drawn is on Acco<sup>t</sup>: of deceas'd Persons Effects, on whom your Hon<sup>rs</sup>: have no demands, part of the remainder is what M<sup>r</sup> Collett orderd to be remitted home at Respondentia for the maintainance of his family in England, a thing not to be done upon that Coast, and part of it is to pay what your President lent him here, that he might go w<sup>th</sup>: a light heart to the head of your Affairs, yet he chooses rather to protest the Bills than break thro' your standing Orders; But we think it highly necessary to permitt by the Frederick that they may take in the Estates of deceased Persons and give bills after their Acco<sup>m</sup>: with your Hon<sup>rs</sup>: are clear'd, otherwise the mony will be sunk by mortalit[y] in private hands, and discourage any people in good circumstances from ever going upon that Service, we hope for your Approvall of what we have done, & plain Directions how to behave ourselves hereafter in such like cases.

165. A small Vessell goes usually every year from Bengall and another from this Coast to trade along the Coast of Sumatra, but we may venture to assure you that no[t] a Candy of Pepper has been imported here in return for severall years, & we never heard of any Carried to Benga[l].

166. When the President arrives we shall be able to give your Hon<sup>rs</sup>: a further Acco<sup>t</sup>: of your West Coast Affairs.

SUPPLEMENT OF WHAT OMITTED IN THE FOREGOING AND WHAT OCCUR'D

171. We have receivd of Cap<sup>t</sup>: William Upton Comm<sup>dr</sup>: of the London twenty two Soldiers belonging to the Garrison of Bombay, who he says were conceald on board his Ship without his knowledge, and not discover'd till he came out to sea; we shall advise the Generall and Council of it and follow their Directions concerning y<sup>m</sup>.

172. The Shaalem that arrivd here yesterday from Bombay met Cap<sup>t</sup>: Arlond in the Duke of Cambridge near Zeloan, and by a Vessell from Mocho we have news of your Ship Success being well arrivd there; but the Country is involvd in a troublesome war, which will undoubtedly prove a great hindrance to their dispatch.

SECONDLY AS TO GOODS &CA.

[The] Stationary Ware is still worse [than] ever partic<sup>l</sup>rly. ye Paper.

173. We are sorry we have still occasion to complain of the Stationary ware sent us, which comes out this year worse than ever, and particularly the Paper is so very bad, that we cannot find enuff for common use that will bear Ink and what to do for our books that are the most material Articles of all we do not know.

Essay Masters report yt ye un[sadoes] D<sup>ws</sup> come out & worse y<sup>t</sup>. [sta]ndard we have allowd [only] D<sup>ws</sup> s.

174. In our Consultation of the 6<sup>th</sup> of Aug<sup>t</sup> yo<sup>r</sup> Hon<sup>rs</sup> may please to observe the Report made by your Essay masters that the Crusadoes come out 4: worse than standard, we have agreed that only 3: be allowd them, and send in the packett a piece cut off of a parcell promiscuously melted, both for our and their Justification.

175. We advisd your Hon<sup>rs</sup>: in our 140<sup>th</sup> Parag<sup>r</sup>: that we had sent Lien<sup>t</sup>: Roach to Fort St. David to bring up the rest of those Merchants that had desir'd permission to come hither; accordingly he return'd w<sup>th</sup> as many of them as were able to perform the Journey, but we have been oblig'd to deferr the Examination of their Complaints, till after this Ship is sail'd; and shall be sure to give your Hon<sup>rs</sup>. a full Acco<sup>t</sup>. in our next.

176. Your Hon<sup>rs</sup>. may please to observe in the 84<sup>th</sup> parag<sup>r</sup> of this Letter that the Duan our Subah had sent a Perwana to demand Egmore &ca Villages, and our Resolutions thereupon, he has since sent us another message in more pressing Terms, which we have endeavoured to stave off in hopes of his speedy removall, however have thought it necessary to promise a small present to his Sec<sup>y</sup>. if we receive no molestation on this Acco<sup>t</sup> in the meantime we keep a party lodgd in Egmore to prevent any sudden Surprize.

177. Since writing out 92<sup>d</sup> parag<sup>r</sup>. the new companys Metchlepatam Merch<sup>ts</sup>. arriv'd here, we deferr setting leave about Business till this ship is sail'd, and beg leave again to assure you that whatever we do therein shall be with the greatest Integrity & Regard to your Hon<sup>rs</sup>. and Interest, but they now face us w<sup>th</sup>. assurances they have receiv'd from England, that your Hon<sup>rs</sup>. have order'd them to be fully satisfied with Principall and Interest, which we assure them is not so.

3. We have had no Dutch Ships upon this Coast since July, nor have the Danes had any Ship from Europe for these three Seasons past, which has reduc'd them to very great necessities insomuch that they are hardly able to Subsist.

& no Danish  
Ship these  
three years

4. This Ship Marlbrô arrivd with us from Bengall the 22<sup>d</sup> Ult<sup>o</sup>, having on board her Charty party Kentilage and six hundred Bales for Europe, also thirteen hundred forty Eight bags of Petre with wheat, packing Stuff, and other Stores for this place, all which we shou'd have taken ashore had not the Cap<sup>t</sup>. made a Demand of Six hundred forty Eight Bags of Petre more for the Security of his Ship, in Consultation of the 24<sup>th</sup> Ult<sup>o</sup>. the said Demand comes in the packett No<sup>s</sup>. (25) we had much rather your President & Councill in the Bay had supply'd Cap<sup>t</sup>. Martin w<sup>th</sup>. his full quantity of Kentilage being under some apprehension that we shall not have enuff to send you a large Ship in September next, however we think so rich a Cargo as this cannot be too well secured.

5. Our Bengall Letters inform us that they will dispatch the King William the last Ship directly home from thence after having sent the Stretham & Recovery with a poor quantity of Bales to fill up here, God be praised we are now ready to compleat their Loading and make no doubt but we shall be able to send you the Frederick in time to save her passage about the Cape, provided she arriv[<sup>s</sup>] here by the 20<sup>th</sup> of Jan<sup>r</sup>.

How they  
intend to  
dispose  
of the  
Shipping in  
Bengall

6. Since we wrote our 12<sup>th</sup> Parag<sup>f</sup> by the London concerning the Repartition of your Cargoes, we find occasion to [add] that if your Presid<sup>t</sup>. and Councill in the Bay do not se[nd] their Bales up in March, we cannot send them any down upon your Ships by the South West Monsoon without disabling ourselves from sending you home a Septemb<sup>r</sup>. Ship.

Relating  
to the  
Repartition  
of Cargoes

7. Your Ship President still continues on the West Coast Service and we have receivd no Acco<sup>t</sup> of her Expen<sup>c</sup>e; the Maddapollam Yatch is dayly expected from Ingeram, & shall be kept employ'd so as to earn her charges.

The Ship  
Presid<sup>t</sup>.  
continues  
on the W<sup>st</sup>  
Coast, y<sup>e</sup>  
Madda-  
pollam  
dayly  
expected  
here.

The stocks of this place y<sup>e</sup> came thro' y<sup>e</sup> Streights of Malacca are about 1/4 in proportion to yours wch is paid into Cash.

The Gold & Silver Thread will not sell, wherefore we desire [you] will forbear sending We will try it at publick Sale when the Shipping comes in

Embossed cloth not so much in esteem as formerly We desire it may be without borders & only of two colours the ground red.

We disposed of 700 bales brod. Cloth at 45 %Ct. upon makg. a new Investment

We can make no remarks on the quality of the Cloth, because the Merchts. rood these 700 bales with out opening We have 804 bales Reds remg. wch. is the reason we write for so few now.

The Bay writing us for money we offerd them 800 bales brod. Cloth, to wch. they have given no answer, but Mr. Russell says the Broker wont consent.

8. As we promised your Hon<sup>ty</sup>. in our 27<sup>th</sup> parā by the London we have computed the value of what came thro' the Streights of Malacca last Season, belonging to our Inhabitants and find it to bear nearest a quarter part in proportion w<sup>th</sup>. yo<sup>r</sup>. two China Cargo's accordingly the proprietors have paid it into your Cash and we hope you will be able to recover the principall w<sup>th</sup>. at least the Usual Respondentia from Cap<sup>t</sup>. Ried.

SECONDLY CONCERNING GOODS SENT & TO BE SENT FROM EUROPE.

9. We are first to acquaint your Hon<sup>ty</sup>: that the Gold & Silver thread lies by and will not sell for near Invoice price, the Market is glutted both here and in Bengall, and the only way to bring the price up again is to forbear sending for a year or two, what we received this year was a little tarnish'd and will grow worse by keeping wherefore we shall dispose of it at publick sale when the Country Shipping comes in.

10. The Embossed Cloth of this year is very good of the kind, but not so much in esteem as formerly, there is no fear however but we shall dispose of it somehow or other to good Advantage before the next Shipping arrives. We now desire good part may be only flowerd without borders, and only of two Colours, which is chiefly for covering to Elephants: We are likewise very much press'd for Scarlet grounds with green, white or gold colourd flowers, but never more than one colour besides the ground. If this shou'd grow into wea[r] for covering Elephants it may in time greatly increase the Consumption.

11. In our last we advis'd your Hon<sup>ty</sup>. what a large quantity of Broad cloth we had upon our hands with the Reasons: It was the 3<sup>d</sup>. of Novemb<sup>r</sup>. before we cou'd prevail with our Merchants to doe any thing, and then your President being call'd away for Fort St. David there was a Necessity of agreeing an Investment before his departure, all the goods due upon the last Agreement being measur'd into the washers hands; This opportunity we made use of, and struck up a Bargain for Seven hundred Bales at forty five %Cent upon Invoice as will appear in our Consultation of the 3<sup>d</sup>. of Novemb<sup>r</sup>. to which we must beg to refer you for our Reasons why we made the abatement rather than keep such a Load damaging in our Godowns when in seven months more we must expect a large and fresh Supply.

12. These Seven hundred Bales being deliverd without so much as opening one of them, and no objection on the Merchants side, we have no opportunity for remarks upon the quality of The Sevrall Species, and therefore shall only add, that of what remains in the Godowns three hundred and four Bales are Reds and till we have a supply of Greens by the next Shipping, we shall be able to put few or none of them off; the Reds are at Present very much out of Demand and therefore we desire no more than fifty Bales till we see next year how the humour held what we have by us, what we wrote for last Year and the few we now demand will be full as many as we can dispose of before the worm gets among them.

13. However your President and Councill in Bengall having wrote us under the 26<sup>th</sup>. of June as you may please to observe in the Book of letters receiv'd N<sup>o</sup>. (92) for a supply of money to defray the Charges of the Present, tho' for Reasons given them in our answer of the 28<sup>th</sup>. Sept<sup>r</sup>. we cou'd not assist them with Cash, yet we made them an offer of three hundred Bales of Broad Cloth, to w<sup>ch</sup>. they have not hitherto thought fit to return any answer, but Gov<sup>r</sup>. Russell tells us the Broker will not give his Consent,

14. Your Hon<sup>ty</sup>. may please to observe we make a large Demand of Auroras, which are very much in esteem, and will be a considerable Article in your Export, if the dye can be a little brighter they will be more acceptable, our ordinary Red Perpetuanos are at Present quite out of demand, and therefore we desire only fine Scarlet and Popinjays.

Auroras  
much in  
Esteem  
Perpetuanos  
Red out of  
demd.

15. The oyl and pickles you were pleas'd to send us this year were either so carelessly put up in England or so roughly handled aboard Ship that great part of them came ashore broken and Spoil'd, one pipe of Mountain was two thirds out, the others full, sound and good, of the Beer seven Puncheons were sower, the rest very good, and as for the florence Wine in Bottles, not being able to say much in the praise of it, we only desire the next may be better or that you will please to let us furnish ourselves out of the French Ships here, that brought us large quantities of Excellent Claret this Season at fifty Pag<sup>s</sup>.  $\Psi$  hogshead and next year it will undoubtedly be cheaper.

Concerning  
y<sup>e</sup>. Factors  
provisions,  
sent out this  
year.

We desire to  
supply our-  
selves [w]<sup>th</sup>.  
Claret from  
Ponichery.

16. The rich Saddles were a little tarnish'd by putting the Le[a]ther work, that is to say the Stirrups, bridles holsters &c in the same box w<sup>th</sup>. the Embroidery that should have been apart, because they give in the passage over, and we are of opinion that well dried flannell is better to secure Gold & Silver Embroidery &c. than paper, with which these were pack'd.

The rich  
Saddles a  
little  
tarnish'd  
thro' ill  
package.

17. We are at Present a little glutted with Iron and the price of lead is rising, for which reason we encrease our demands of the latter & abate of the former.

The price of  
Iron falls, &  
of Lead rises.  
Velvets will  
turn to  
Acco<sup>t</sup>.

18. The Velvets if well chosen bright colours and reasonably cheap will turn to very good Advantages.

19. We find the Tarr to come out much worse in these large Casks, than it us'd to do in the usuall Barrels, and believe if care be taken to drive on good Iron hoops very well upon them, there will not be so much leakage in the true Tarr barrels as in this new package.

The Tar  
came out  
better in y<sup>e</sup>.  
usuall barrils  
than this  
new package.

20. In our last we complain'd of the badness of the paper sent us, we are now to advise that the package was not at all conformable to the Invoices, neither in that sent for the use of your Factorys, nor in that which came for sale, as by the Storekeepers Acco<sup>t</sup>. of what receiv'd, which comes, in the Packet N<sup>o</sup>. (29) we use more paper than ordinary because We oblige the Warehousekeep<sup>r</sup>. Sea Customer, Storekeep<sup>r</sup>. &c: to Deliver in Duplicates of their Books to be lodg'd in the Accountant's Office which was not formerly done, and therefore hope you will supply us with paper according to the list of Demands now sent: what we have hitherto sold has been for fifty  $\Psi$ Cent advance upon Invoice.

Neither y<sup>e</sup>.  
Paper for  
use or sale  
came out  
according  
to Inve.

We use more  
than for-  
merly so  
desire to be  
supply'd as  
 $\Psi$  List

What sold  
has been  
for 50  $\Psi$ Cent.

21. The long Saker Guns sent us this year are the best we have in the Garrison, and the reason why we demand so many more is, that what we have not occasion for will sell to very good Advantage; none of the small Guns sent us are of a length for field pieces, if you please to send us a few such as are us'd with detachments from the Camp they may be very usefull upon Occasion.

the Saker  
Guns y<sup>e</sup>.  
best in y<sup>e</sup>.  
Garrn. w<sup>t</sup>.  
we dont  
want we can  
sell well  
None of y<sup>e</sup>.  
small Guns  
long enuff  
for field  
pieces,  
a few of w<sup>ch</sup>.  
would be  
usefull.

22. Our Storekeeper's List is drawn according to your Directions in the 59<sup>th</sup> paragr<sup>f</sup>: and we do take all possible Care that no Stores lye by till they are spoild.

keep<sup>r</sup>'s list

23. What little cannon powder we do write for annually is absolutely necessary for any extraordinary Service, what we make here is considerably cheaper and serves very well for Salutes but there is a vest difference when we have occasion to fire in earnest.

insinuations  
of Mr.

tion of wt.

happend.  
but we hope  
such dark  
contrivances  
will not

just Actions  
being duely

into

Interest only  
on their  
mony.  
No private  
persons can

do nor indeed  
can they get  
ye. Goods

24. The Screws not coming is a very great disappointment, for we have none but one pair, and they are good for little, we have tried all sorts of wood, but find none that will doe, & if you please to send us a pair made after the manner your workmen like best, undoubtedly they will perform better than our modell that was made here by a Smith that came among us by chance.

25. We have heard nothing of M<sup>r</sup>. Gumlys consignment of looking glasses and therefore are humbly of Opinion that after he had prevaild with your Hon<sup>ty</sup>. to send a few for you<sup>r</sup>. own Acco<sup>ts</sup>. he considerd better and kept his at home, we find no manner of vent for what we receivd these two last years, and-lying by in the Godowns any considerable time spots them so that they are not fit for Service.

26. Before we conclude this head we find ourselves oblig'd to acquaint your Hon<sup>ty</sup>. that when your President was lately at Fort St. David, the Merchants and Chief dubash came and beg'd his pardon for having been prevaild on by severe threatening to declare in the presence of M<sup>r</sup>. Joseph Bullock that we took the broad Cloth out of their hands and gave it our Merchants for private advantages of our own; with severall other Notorious falsitys of the same kind, and extorted from them in the same manner, by threatening to pistol them if they did not answer. yes and no to such questions as M<sup>r</sup>. Raworth demanded of them; all which were wrote down and a Copy given them the night before.

27. Tis not hard for us to guess what wicked use is intended to be made of such dark and unhandsome practises in England by that honest Gentleman M<sup>r</sup>. Bullock, who when he was at Fort St. David laid the foundation of all the Trouble and mischief that has since happend at that Settlement by perswading M<sup>r</sup>. Raworth that he was independant and that we had no power to turn him out, and that by appealing to a Superiour Court in England he might have restitution of the mony we obligd him to refund into your Cash on Acco<sup>ts</sup>. of the Warehouse &ca. last year; we can't easily believe our fair and just proceedings will be condemn'd without an impartial enquiry, especially when Such trains as these are laid and sent home unknown to us, for at that rate no man can be secure be their Actions never so upright.

#### THIRDLY TOUCHING INVESTMENTS IN INDIA.

28. The Agreement we made here in Novemb<sup>r</sup>. last was twelve mo<sup>ts</sup>. for 1200 bales to be ready by the latter end of Sep<sup>r</sup>. was so well complied with that all the Cloth was deliverd the washers by the beginning of Octob<sup>r</sup>. yet th<sup>o</sup> we us'd our Utmost Endeavours as will appear upon our Consultations, we cou'd not bring our Merch<sup>ts</sup>. to a new Agreement for five hundred Bales more upon the same terms to be ready in all January before the 3<sup>d</sup>. of Nov<sup>r</sup>. when your President was setting out for Fort St. David, and then we do assure yo<sup>r</sup>. Hon<sup>ty</sup>. they beg'd us very heartily to let them deliver in the Cloth as they purchase it from the loom allowing them only the Common Interest for their mony; we shou'd think ourselves very happy in bringing down the prizes to your Satisfaction, but all we can do at present is to keep the Merchants up to the Musters and every body that comes from hence ought to be so just to acknowledge that no private person can invest his mony so cheap nor so well in Longcloth and Sallampores as your's is done nor indeed is there any quantity to be procur'd.

29. As soon as we had heard the Complaints of the Fort S<sup>t</sup>. David Merchants after the London was saild, and found that we must be fore'd to change hands at that place, least an[y] time should be lost we immediately made an Agreement with them and sent some of them away to provide goods, as will appear in perusing our Consultation of the 25<sup>th</sup> Sept<sup>r</sup>. & in Consultation of the 22<sup>d</sup>. Novemb<sup>r</sup>. you may please to observe that we deliverd them the torn Cloth wrote of in our last, that has been the occasion of so much trouble & dispute which they very willingly receivd back obliging themselves to deliver us good Cloth in lieu of it.

When we had heard y<sup>e</sup>. Ft. St. David Merch<sup>t</sup>s. complaints, we enterd upon a new agreement. They readily receive back the torn cloth to give us good in [lieu]

30. We send by this Ship some fine Betteelaes of two & three Covids for a triall, which if the Markett holds up we dare believe will answer your expectation, being such as you were pleasd to recommend in your 69<sup>th</sup> parā by this years Shipping.

We now send some fine Betteelaes of 2 & 3 covds. for a tryal.

31. What more offers under this head shall be added by the last Ship we dispatch, which in all likelyhood will be the Frederick from Fort S<sup>t</sup>. David; your Merchants bring in goods apace there since they are deliver'd from persecution; but that will come in properly under another head.

W<sup>t</sup>. more offers under this head shall be added by y<sup>e</sup>. last Ship wch. we think will be y<sup>e</sup>. Frederick.

FOURTHLY TOUCHING THE TRADE OF INDIA IN GENERALL, & THEREIN ANY TRANSACTIONS W<sup>th</sup>. THE COUNTRY GOVERNMENT.

32. Since our last nothing has happend worthy your Notice in the Country Trade it being the dead time of the year & no shipping yet come in; but according to our promise we are to acquaint your Hon<sup>rs</sup>. that our Ship from Mocho brought back good part of her Cargo that cou'd not be disposd of at any price by Reason of the war between the two contending Kings, however what was sold turnd to very good Acco<sup>t</sup>.

Our Mocho Ship brot. back good part of her Cargo.

33. In our 80<sup>th</sup>. paragraph by the London we promis'd a full Narrative from M<sup>r</sup>. Hastings & ca. of the Debts due to M<sup>r</sup>. Holcombe, which your Hon<sup>rs</sup>. will now find in the Book of Letters receivd under date of the 5<sup>th</sup>. of Nov<sup>r</sup>. N<sup>o</sup>. (162) they seem very much surpriz'd it shou'd be wrote you from hence, that the debts were good and easily recoverable when the Acco<sup>t</sup>. with Fuckerla Cawn was settled and have sent us an extract out of their Letters to this Board upon that Subject of which we send a Copy in the packet N<sup>o</sup>. (30) the work we have had upon our hands wou'd not permit us hitherto to give this Affair a thorō Examination, but M<sup>r</sup>. Hastings has promis'd his utmost Endeavours to recover what is practicable, and we shall not fail to refresh his memory by all convenient Opportunities; undoubtedly the Charges of that Unhappy dispute at Vizagapatam are justly due from M<sup>r</sup>. Holcombe's Estate and whenever any thing is recover'd it shall be carried to that Acco<sup>t</sup>. we have rec'd from the Rev<sup>d</sup>. M<sup>r</sup>. George Lewis four hundred seventeen Pag<sup>s</sup>. three fanams & thirty Cash the Ballance of what came into his hands by the decease of M<sup>r</sup>. Holcombe's Widow as appears in our Consultation of the 6<sup>th</sup>. of Novem<sup>r</sup>. which Sum was the produce of her Outcry of moveables & ca. after very reasonable funerall Charges deducted.

We send in y<sup>e</sup>. Packet a Narrative relating to y<sup>e</sup>. debts due to M<sup>r</sup>. Holcombe.

Mr. Hastings promises to recover w<sup>t</sup>. practicable. w<sup>t</sup>. is got shall be carried to y<sup>r</sup>. Acco<sup>t</sup>. M<sup>r</sup>. Lewis has pd in . . . Pag<sup>s</sup>. 417 : 3 : 30 : y<sup>e</sup>. balloo. of w<sup>t</sup>. y<sup>e</sup>. widow Holcombe left.

34. The Metchlepatam Merchants have continued here ever since our last in Expectation of their whole Debt being dischargd as we have already acquainted You, after severall Disputes we agreed to Offer them their principall Sum, with assurances that we neither cou'd nor wou'd exceed it, we beg leave to refer you to our Consultation of the 25<sup>th</sup>. of Septemb<sup>r</sup>. for what passd between us and the said Merchants; they st[ill] insist that without the principall Sum and interest due they cannot satisfye their Creditors at Metchlepatam and consequently must forsake their habitations for ever & be ruin'd, they further add that they have full

The Metchlepatam Merchants continue here, we have offerd them principall. but they insist on that with interest M<sup>r</sup>. Davon.

port can inform you what pains we have taken, & what a fair way we were in before your Orders arriv'd, but wch. appears positive we shall end it as well as we can, touching a promise formerly made by those that had your management of this affair.

We are advis'd from Bengall of great difficulties they met with, in bringing down their salt petre Boats.

We may hope for some Remedy to those Evils from our Present. The well doing whereof depends [upon] your persons attending it.

Our Duan being confirm'd we were oblig'd to make a present.

The manner & Consequences of it.

Touching your Bengall Expeditions to Maldivia.

The old King is gone to beg Succour of your Mogull

assurances we have receiv'd orders to pay the whole Debt: Mr. Davenport that comes by this conveyance will fully inform your Hon<sup>ty</sup>. what pains we have already taken and what a fair way we were in to conclude it before the last Shipping arriv'd; your Orders now before us are very positive to end it as well and as soon as we can, and the original Letter to Cojah Babba d[eceas'd] Sultanum mention'd in our last, expresses that you have given us Orders to pay them what is justly their due, by all which we conclude that you are under some uneasiness till this Business is ended, and therefore we cannot be easie [till] it is done, the only Remora in our way is the promise for [it] made You by those to whom you entrusted the Management, with which we heartily wish they had comply'd and cannot comprehend what good reasons they cou'd give for not doing it upon such advantageous Terms; we look upon it a great misfortune to us that we have no prospect of serving you so well as those Gentlemen propos'd but it is our duty to obey your Orders and we will end it as well as possible before the last Ship is dispatch'd if to be done upon such terms that we can hope for your Approbation.

35. Our last Advices from Bengall give an Acco<sup>t</sup>. of great Difficultys in bringing down your Salt petre &c. from Patna, they have been oblig'd to send up strong partys of Soldiers to convoy the Boats and some Skirmishes have happen'd with the forces of a potent Rajah that lyes in the way, wherein severall of our people were kill'd and wounded but the Boats got all safe to Calcutta; your Hon<sup>ty</sup>. will undoubtedly have a full Acco<sup>t</sup>. of these matters from your President and Council and from Mr. Russell that comes home by this Ship, for which reason we need not enlarge.

36. A Remedy to these unhappy disturbances may be hop'd for from your present now ready to be sent forward to the Mogulls Court, we have contributed our best Advices but the good of the whole depends entirely upon the Persons to whom the management is intrusted, and we do not yet find it is positively determin'd who they are to be, but Mr. Russell will best inform you what measures were agreed on before he left the place.

37. In the 85<sup>th</sup>. par<sup>a</sup>. of our last we advis'd that our old Villages has been demanded of us as part of Zulphakur Cawn's Jaggiar, and the means we us'd to secure them; it was then universally expected that the Duan our Subah woud have fallen amongst the rest of Zulphakur's friends, but he has bou<sup>t</sup>. his peace and is reestablish'd in his Employ w<sup>th</sup>. an encrease of Dignity, upon w<sup>th</sup>. all our Europe Neighbours according to Custom made their usuall presents, and the Demands for the aforesaid Villages being renew'd we forbore our Addresses till we got assurances that your Duan woud give us no further disturbance in our Affairs in the mean time we lodg'd our Present amounting to about five hundred Pag<sup>s</sup>. privately in Sunca Rama's hands at Arcot, who negociated this Affair, very much to our Advantage and dissuaded the Duan from coming to S<sup>t</sup>. Thoma or else your President cou'd not have gone with any safety to Fort S<sup>t</sup>. David.

38. In our Letter by Ship Dartmouth we gave your Hon<sup>ty</sup>. Advises of the Maldivia Expedition, and we find by your Letter now before us, you have so good an Acco<sup>t</sup>. of the undertaking that there is little or nothing material for us to add, Mr. Welden set it afoot and Mr. Russell now coming home carried on the Second equipment; they have paid dearly for the project as he is well able to inform you; That many of the Seamen were intic'd away from your Ships is not to be doubted, but whether the Soldiers were taken off your guard we cannot justly say, we have been told great part of them were Dutch men; the old King of Maldivia is gone up to demand Succour of the Mogull by means of Zoodee Cawn, and we are of Opinion our Gentlemen in the Bay are not at all dispos'd for a third Expedition.

39. We humbly thank your Hon<sup>ty</sup>. for your Condescension in answering what we wrote touching the private trade between Bengall and this place; It has been allow'd by all disinterested Persons then in Bengall, that the generous Liberty you were pleas'd to grant the free Traders upon the union occasion'd that unjust complaint against M<sup>r</sup>. Petty and other[s] for making use of your Distock to load the Seperate Ship and for raising the prizes of goods by their unskillfulness, whereby those that made that complaint carried their point and brought all the Business into their own hands. We are very sure we can propose no methods nor regulation[s] to the Gentlemen in the Bay upon this head that wou'd be acceptable, because it is their Interest to disapprove them and therefore to avoid entering into disputes with them to the prejudice of your Affairs we have only desird them in ours of the 27<sup>th</sup>. of August to give you their real Settlements upon the Matter, that you may have a Specimen of their Sincerity; In the mean time we do assure you this Branch of Trade once so beneficiall to the English Inhabitants of this place as M<sup>r</sup>. Pitt can very well inform you, is intirely diverted into the hands of the Moors and Armenians, for the Reasons we [have] before acquainted you with.

Relating to  
ye. liberty  
of trade in  
Bengall  
granted us  
by the  
Compa.

We can settle  
no regula-  
tions with ye  
Gent<sup>l</sup>. in ye.  
Bay, because  
out of In-  
st. they will  
disapprove  
all we  
propose,  
therefore  
have desird  
them to give  
you their  
settlements  
tho' you may  
judge of  
their sincere-  
rity.

This Trade  
is now  
diverted into  
ye. hands of  
ye. Moors &  
Armenians.

The Bengall  
Gent<sup>l</sup>. will  
right or  
wrong com-  
plain of our  
Facto<sup>r</sup>.

But as to  
damages  
that may be  
done yo<sup>r</sup>.  
Affairs, we  
desire you  
to compare  
whether yo<sup>r</sup>.  
Goods have  
been cheaper  
since you  
recalld yo<sup>r</sup>.  
Orders for  
our free  
trade than  
before.

40. There are more difficultys in the regulations you are pleas'd to propose than ever we can be able to get over, considering how easy a matter it is for those Gentlemen that are disoblig'd in the Bay to Load our Factors with what Complaints they please, be they never so carefull and Circumspect in their Behaviour; all we can say is, we woud employ the most prudent Persons upon such an Occasion, well knowing that if any real damage should befall your Affairs by their rashness or folly, our good Friends in the Bay woud not scruple to do your Hon<sup>ty</sup>. Justice out of our Effects; Upon the whole, if ever this place is to enjoy that happiness again it must be by your Bounty and not their good will in the Bay, and we only beg you will be pleas'd to examine whether your goods have been cheaper bought since you recalld your Orders given upon the Union than they were before, and whether your Estate has ever sufferr'd so much from the Liberty given to free traders as from those that have had all the power in their own hands; but all is humbly Submitted to your Judicious Consideration.

#### FIFTHLY TOUCHING FORTIFICATIONS, BUILDINGS, REPAIRS AND REVENUES.

41. Those Gentlemen now of your Council that are concern'd in the 109<sup>th</sup>. para. of your Letter relating to the house at Egmore readily Acknowledge they were to blame in relying as they did upon the Single Conduct of your late Gov<sup>r</sup>. Fraser for carrying on of that Building for w<sup>ch</sup>. they humbly ask pardon and promise they will never be drawn into such unprofitable Schemes hereafter and hope you will be pleas'd to mitigate the penalty orderd in your Letter, since there was a model produc'd in Consultation of the 15<sup>th</sup>. of Feb<sup>r</sup>. 1714 for the present guard house, which the Board unanimously approv'd, not believeing it wou'd amount to near the money it has; your Hon<sup>ty</sup>. have not been pleas'd to mention in what proportions the surplus charge should be reimburs'd; your late Gov<sup>r</sup>. Fraser ought undoubtedly to be assess'd according to his Salary at least as the Chief Contriver, but he was gone for England before the Order came, and tho' you are pleas'd to mention only six of the Council, we don't suppose you intended M<sup>r</sup>. Raworth [who] was then at the Board to be excus'd in case the others refund; [M<sup>r</sup>.] Martin being gone home indebted to yo<sup>r</sup>. Warehouse and M<sup>r</sup>. Hunt dead w<sup>th</sup>. out any visible Estate, the only persons remain<sup>g</sup>. are Mess<sup>rs</sup>. Frederick, Bulkley, Jennings and Warre, who crave leave to wait your further orders, and as for the Building since it has cost so much money, we propose to finish it at as little charge as possible, and to make it as usefull as it is possible for any thing so ill contriv'd to be.

The Gentle-  
men con-  
cern'd in ye.  
building  
Egmore  
house ask  
pardon &  
hope you  
will mitigate  
the penalty  
orderd.

since this  
building has  
already cost  
so much, we  
shall finish  
it.

We keep the subscription to ye. Hospital till ye. last Ship.

The repair of the Garden house compleated.

We have orderd ye. new Whses. at Ft. St. David to be finish'd w<sup>th</sup>. [s]peed, & an Acco<sup>t</sup>. of them to be kept apart.

There will be a necessity for building a Fort house, & we have given orders to provide.

Three month's measuring duty lost happend thro' two [con]tending Bidders for that [f]arm. But great amends is made in [re]ising sd. Duty.

Mr. Ward comes home upon this Ship to get relief for ye. Stone.

Fleet Aynsworth dismissed ye. service & to be sent home by [one] of ye. Succeeding Ships.

Lieut. Roach & Gunner Hugonin [are] deserving men & we shall [re]ward them according to their [m]erit

42. We keep the Subscription to the New Hospital here till the dispatch of the last Ship in hopes of an Addition from those Gentlemen bound home.

43. We have compleatly finish'd the repair of your Garden house here, and the work is so substantially perform'd that if kept in good repair, which may be done at very small Expence, it will in all probability stand many years; it [was] an usefull ornament to the place, and has been manag'd w<sup>th</sup>. all possible frugality.

44. The New Warehouses in Fort St. David were just cover[d] from the Weather, when the Troubles began; we have orderd them to be finish'd w<sup>th</sup>. all possible Expedition and to keep the Acco<sup>t</sup>. of them apart (for your particular inspection) if possible to be pick'd out of the Paymasters Acco<sup>t</sup>. in Mr. Raworth's [time] we gave them orders more than once to keep all Buildings under particular heads, but that wou'd not agree so well [with] their Clandestine practises and therefore it was neglected among a great many more of the same good use and intent.

45. There will be an Absolute Necessity for building a Fort House at the foremention'd place for the Accommodation of your Dep<sup>y</sup>. Gov<sup>r</sup>. and Covenanted Servants, we have given orders to make timely Provision of all materials at the best hand being in expectation of your Orders by the next Ships and very unwilling to undertake matters of so much consequence without them.

46. In Answer to that part of your 122<sup>d</sup>. parā: touching the three month's measuring Duty lost between the expiration [of] one Cowle and the Commencement of the other, we have made strict enquiry and find it was Occasion'd by the contention between two Bidders that took up so much time and the Gov<sup>r</sup>. neglecting to appoint proper persons to receive the Duty during the dispute, however there is large amends made in raising the said Duty to four times as much as it was before, and the three months according to the old Cowle wou'd have amounted to no more than fifty Pag<sup>r</sup>.

#### SIXTHLY TOUCHING FACTORS, WRITERS, OFFICERS AND SOLDIERS & THEIR ACCOUNT'S.

47. The Lord Chief Baron's Son Mr. Samuel Ward comes home upon this Ship at his request and by the Advice of all his good friends here, to see if he can get any help for that racking distemper the Stone. The fits have come so frequently upon him since our last, and with so much violence, that it is impossible he could hold out another hot Season in this Climate; it is great pitty he has not a better constitution being otherwise very well qualified for your Service and for raising his fortune in the world.

48. Fleet Aynsworth writer having behav'd himself in a very disorderly manner ever since his arrivall here for which he has often been reprimanded and confined and on the 14<sup>th</sup>. Sept<sup>r</sup>. last having been guilty of a very unpardonable crime as you may please to observe in Consultation of the 16<sup>th</sup>. Ditto, we have dismiss'd him the Service and intend him home by one of your Ships: he has often solicited us to discharge him before, but out of regard to his Hon<sup>ble</sup>. grandfather and other friends we were willing to bear with him as long as possible, and are now sorry to find ourselves under a necessity of making him one of the first Examples.

49. We return thanks for the liberty you have been pleas'd to give us of rewarding Lieutenant Roach and Gunner Hugonin, they have both been very faithfull to your Interest and diligent in their Duty at Fort St. David tho' they were Mr. Raworth's particular friends and wish'd him as well as any of those that stood by him in that unjust dispute, we shall not fail to reward them according to their merit.

50. In answer to your 180<sup>th</sup>. para. the Eight pounds advanc'd the Corporall and his wife shall be paid into your Cash being rais'd by a charitable Contribution because it wou'd be impossible for them to subsist if we had deducted it out of h[is] pay.

The 8 £ advanc'd y<sup>e</sup>. Corporall & his wife shall be pd. into cash.

51. Mr. Richard Farmer presented a Remonstrance Consultation of the 15<sup>th</sup>. Ult<sup>o</sup>. wherein he lays claim to the Dep<sup>y</sup>. Government of Fort S<sup>c</sup>. David, we beg leave to refer you thereto for the Answer we made him, he [re]mains without any allowances till we receive your further orders.

Mr. Farmer lays claim to the Dep<sup>y</sup>. Government of Fort St. David.

52. We have found it absolutely necessary to encrease the Number of Ensigns in this Garrison, as well for the Security of the black Town by keeping continuall rounds in the Night under their inspection as for having an Eye upon the free guard men that no wicked Contrivances are set on foot, we have preferr'd the oldest and most diligent Serjeants the extraordinary charge is very inconsiderable and we are sure to keep the black town in better order.

We have found it necessary to encrease Our Number of Ensigns.

53. John Morgan, Peter Tahourdin & Simon Holcombe Writers are order'd to Fort S<sup>c</sup>. David, that there may be no complaint for want of sufficient Assistance to keep up their Business and to encourage all young men to be faithfull and diligent in your Subordinate Factorys we promise that su[ch] as do well shall have liberty to return hither and take their standing after three years if they desire it, which we hope will have the desir'd Effect.

Joe. Morgan, Peter Tahourdin & Simon Holcombe sent to Ft. St. David & to return in 3 years if their behaviour is deserving.

54. In our last we had occasion to mention an insolent Letter wrote the President by Mr. Thomas Gray Sec<sup>y</sup>. at Fort S<sup>c</sup>. David, Mr. Raworth has since own'd to M<sup>r</sup>. William Warre and Lieut<sup>t</sup>. Roach, that he dictated the Letter and order'd h[im] to send it, which is no more than what we suspected by [the] stile of it when it was read; the young man is truly penit[en]t and capable of doing you good Service under a better tutor.

The Lie wrote The Presids. by Mr. Gray was by M<sup>r</sup>. Raworth's order & dictated by him.

55. Francis Barnard writer his Acco<sup>t</sup>. Curr<sup>t</sup>. signed by the [Pay]master comes in the packet N<sup>o</sup>. (31) th<sup>o</sup> there is no ballan[ce] due, it may serve to convince his Relations he died worth nothing more than barely enuff to lay him decently in y<sup>e</sup>. grave.

Francis Barnards Acco<sup>t</sup>. Curr<sup>t</sup>. comes in y<sup>e</sup>. Packet.

56. On the 21<sup>st</sup>. of Octob<sup>r</sup>. James Young one of your Essay masters departed this life, there remains now only John Maubert to officiate, wherefore we request to be supply'd w<sup>th</sup>. Another able person by the next Shipping, and that you will please annually to send 24 quarts of the very best Aqua Fortis, for what we get made here is not good enuff to be depended upon for the Essays and consequently the Mint Braminys, cannot be so narrowly look'd after as they ought; this leads us to acquaint your Hon<sup>rs</sup>. that since M<sup>r</sup>. Joseph Bullock went hence your Mint master (that is the Gov<sup>r</sup>. has been inform'd by some of his Acquaintance, that he cut off a piece of gold from a Bar about which he had a dispute with the mint Braminys, and carried it home with him to be essay'd in the Tower; surely he ought first to have complain'd to the Gov<sup>r</sup>. as Mintmaster to see whether the grievance cou'd not have been redressd here and then he might have appeal'd home; we hear since by our Shipping from y<sup>e</sup>. Cape, that he has taken the liberty to reflect very much upon the Management in the Mint, but as he is the only complainant we have yet heard of since your Gov<sup>r</sup>. Arrivall, we hope it will be regarded accordingly assuring your Hon<sup>rs</sup>. there is as much care or more taken than ever to look after y<sup>e</sup>. Braminys, th<sup>o</sup> at that time our Aqua Fortis was not good, consequently the Essays cou'd not so well be depended on, and this M<sup>r</sup>. Bullock very well knew by his conversation with M<sup>r</sup>. Benyon, we coin gold as currently and w<sup>th</sup> the same reputation as ever, which our mint Books will make appear.

[James] Young Essay Master is dead, [we] desire an able man from Engl [and] some good Aqua Fortis. w<sup>e</sup>. [we] get here not being fit to do [pend] on Touching an Action of Mr. Bullocks upon a difference with our Mint Braminys in essaying also reflections of his cast upon [the] Gov<sup>r</sup>. at y<sup>e</sup>. Cape.

57. M<sup>r</sup>. Henry Davenport having petition'd in Consultation of the 31<sup>st</sup>. Ult<sup>o</sup>. to lay down your service in order to imbark with his family for England, it was agreed to, and he takes his passage upon this Ship, with the Rev<sup>d</sup>. M<sup>r</sup>. George

Mr. Davenport with his Family, &

[Ed]ry  
Lewis  
come upon  
y<sup>e</sup>. Ship.

Lewis and your orders concerning the latter in the 143<sup>d</sup>. parā : of your Letter are fullfilld ; we have no Reason to doubt hitherto but that the Gentlemen who Succeed him will answer both your Hon<sup>rs</sup>. and our Expectation and it shall be our constant Care to Support them.

The Mr.  
Raworth  
in his  
Apology  
of Dartm<sup>th</sup>.

58. We are now according to our promise to answer that part of your Letter under this head omitted by the London ; we send your Generall Books by this Ship, thō with much difficult[y] as they were kept open in hopes of : bringing in those of Fort St. David, which we were promis'd from time to time but found them not half copy'd when M<sup>r</sup>. Raworth surrenderd the Fort, so that we are oblig'd to reserve them to be brought in next year but have made Shift to get a set of them copyd to come with this packett and thereby your Hon<sup>rs</sup> : may be pleas'd to observe the Expences of that Settlement amounts to no less than thirty thousand pag<sup>s</sup>. althō the peace was made about the time the Books commenc'd and neither our orders nor their promises were wanting to retrench them, we are asham'd of this management when we look into former Acco<sup>ts</sup>. and hope you will be of Opinion that we had patience enuff in letting things run on so far as they did without applying an effectuall remedy, our Letters will shew that we were not wanting in our Duty and the Presid<sup>t</sup>. declares he frequently wrote to M<sup>r</sup>. Raworth in private Letters on the same subject, but all to no purpose, nor shou'd we ever have bee[n] able to do you justice had he continued in that Station, [at] our remonstrances thō never so reasonable and exactly agreeable to your Orders being regar'd by him as so many Affro[nt] proceeding from malice and a design to lessen him in your Opinion.

59. In answer to your 157<sup>th</sup>. parā touching the Journall parcells not being read in Consultation those of the Councill at that time do assure your Hon<sup>rs</sup> : that they were often ask'd for and if the motions they made were not enter'd in Consultation the omission was made by the then Gov<sup>r</sup>. that [drew] them up, there can be no complaint of this nature since your President arriv'd.

60. The Business of the Warehouse is divided into two branches of Import & Export according to your Directions upon M<sup>r</sup>. Davenports laying down which seem'd to us the most proper time as one Acco<sup>t</sup>. of Remains wou'd serve and you may please to observe in our Consultation of the 31<sup>th</sup>. of Decemb<sup>r</sup>. by this Ship that the Warehouse is deliverd over in a more regular method than usuall which if carefully kept up in the same cases hereafter it is impossible any such confusion and Abuses can happen as what we have lately complain'd of.

61. Your covenanted Servants have always been Assistants to the Warehouse and other employments under the Management of the Gentlemen in your Council, and we do not find any Complaints enter'd in Consultation that more help was denyd them when they requir'd it, but if the Warehouse-keep<sup>r</sup>. (which has been the case) will pass by the Covenanted Servants, and for Reasons best known to himself (thō we may easily guess at them) confide entirely in the Conicoply that serves for two and half Pag<sup>s</sup>. a month, your covenanted Servants can be of little use and no doubt but the Warehousekeep<sup>r</sup>. is guilty of mismanagement and breach of trust and ought to be accountable for the Conicoply.

62. But this is not all for thō in M<sup>r</sup> Raworths Apology sent you by the Dartmouth he seems to lay the load of the vast wants and imbezlements in the Warehouse upon the Conicoply which we did not then comment upon because of

his readiness to make good the money and for want of sufficient proof to condemn a man in his Station, besides that great part of the Rupees were prov'd upon the Conicoply yet we are now fully inform'd (and he will not pretend to deny it) that he made use of for his own Acco<sup>t</sup>. upwards of Seventy thousand Rupees and the two chests and half of Silver, the former being chiefly employ'd in Country Voyages and the latter let at Respondentia to Cap<sup>t</sup>. Hudson in the Halifax, both in the year 1709/10 and never made sold in Acco<sup>t</sup> till they were found wanting in the Acco<sup>t</sup>. of Remains upon ballancing your generall Books last year as we have advis'd you; so that we need not wonder if the Conicoply made bold with your Treasure who had the Keys unwarrantably intrusted to him & saw M<sup>r</sup>. Raworth convert such large Sums to his own use, when he knew by the Standing Rules of this Presidency that he had no more right to do it than himself, no Treasure being to be medled with or dispos'd of, without an order of this Board.

63. M<sup>r</sup>. Raworth will pretend that there was an Order to Sell Rupees for defraying the Charges of this Garrison and [to] dispose of Silver for the Halifax's Voyage to China, but upon examination we find that there were other Rupees sold at that time and made good in the Warehouse Acco<sup>t</sup>. sufficient for the use of the Garrison and were it as he says we don't see those allegations make at all in his favour because what he stands now charg'd with were never made sold in Acco<sup>t</sup>. nor offer'd to be paid for till the abuse was discovered.

64. We write thus particularly upon this Subject as well to inform your Hon<sup>rs</sup>. of the real truth, as to justify our proceedings in case M<sup>r</sup>. Raworth should pursuant to M<sup>r</sup>. Bullock wholsome advice appeal to the higher powers in England for relief, after consenting under his hand as you may please to observe in our Consultations to abide by our Judgment rather than stand a further Scrutiny, and after having given positive orders in writing to his Attorneys to make good the Debt out of the first money that came to their hands notwithstanding all which he has unmercifully arraign'd us in all publick and private Conversations for robbing him of his Estate and pulling him to pieces; but before this Season is spent we hope we shall find time to lay this matter so clearly before you, that both we and his Attorneys which are Mess<sup>rs</sup>. Benyon and Warra may be fully justified before your Hon<sup>rs</sup>. and then we doubt not but you will be pleas'd to vindicate our proceedings if that Gentleman thinks fit to apply to a Superiour Power.

65. The Directions you are pleas'd to give us in those paragr<sup>phs</sup> of your Letter from N<sup>o</sup>. 159 to N<sup>o</sup>. 168 inclusive relating to your Books and Acco<sup>t</sup>. of all kind, we had been so happy in a great measure to provide for before as will appear in our Consultations, and what we had not is since put in practise the severall par<sup>ts</sup>: are distributed to those Offices which the[y] relate to, it shall be your Presidents particular Care to see the whole comply'd with and as soon as these Ships are gon[e] the orders shall be all plainly transcrib'd into our new Collection of all your Rules and standing orders for the perns<sup>ts</sup>. of your covenanted Servants.

66. We have already felt the good Effects of our Regulation[s]. In the Business of the Warehouse, and M<sup>r</sup>. Davenport has given sufficient demonstration that the best Security for a Conicoply is to watch him narrowly and let no money lye in his hands, the ballance of the Warehouse under his Managem<sup>t</sup>. is fairly discharg'd, and no bad debts nor anything spoild by negligence or missing in the Acco<sup>t</sup>. of Remains.

OF FORT ST. DAVID & THE OCCURRENCES THERE SINCE OUR LAST.

77. We had occasion under Severall heads in our last letter to complain of your Dep<sup>y</sup>. Govern<sup>rs</sup>. intemperate Behaviour and mismanagement in your Affairs, we likewise advis'd your Hon<sup>rs</sup>. that the Joynt Stock Merchants were sent for up hither upon their repeated complaints, of which we sent you copies in the Packet; in our Consultation of the 25<sup>th</sup>. of Septem<sup>r</sup>: you may please to observe how hardly they had been us'd, by imprisonment and extortion at the Same time that we were wrote to, not to proceed against them with Severity, least we shou'd disable them from carrying on your Business thus a full stop was put to the Investment that was made in March last not one Bale being brought in, and about two hundred remaining due upon the last Contract.

Mr Rawth's  
usage of  
ye Merchts,  
as [ex]press

Sept that  
a full stop to  
ye Investm<sup>t</sup>.  
of March  
last, & 200  
bales were  
due upon ye  
old contract.

78. The excuse made by the Dep<sup>y</sup>. Gov<sup>r</sup>. for the Investm<sup>t</sup>. not going forward was want of Cash which put us upon a narrow Scrutiny into that Article, we sent them down Twenty thousand Pag<sup>s</sup> in the month of June of which no more was paid the Merchants than twelve thousand and the ballance at the End of June was thirteen Thousand seven hundred twenty three Pag<sup>s</sup>. notwithstanding which they wrote us for more mony and drew severall Bills of Exchange which made us so uneasy that we forbad them drawing any more, but the Dep<sup>y</sup>. Govern<sup>rs</sup>. conceald that Letter from his Councill and afterwards gave a Bill to M<sup>r</sup>. Richard Farmer upon his coming hither for Pag<sup>s</sup>. Seven hundred Eighty five, & sixteen fan<sup>s</sup>. which Bill we refusd to pay as being drawn contrary to our orders, and directed the mony to be repaid out of your Cash in ours of the 25<sup>th</sup>. of Septem<sup>r</sup>: M<sup>r</sup>. Farmer's Attorney applyd to the Dep<sup>y</sup>. Govern<sup>rs</sup>: for the mony but never cou'd receive a Pagoda.

The D. Gov<sup>r</sup>.  
Excuse was  
want of cash,  
weh put us  
upon a  
Scrutiny,

We sent them  
down 20,000  
Pag<sup>s</sup> in June,  
& at ye end  
of that  
month their  
balloo was  
Pag<sup>s</sup>. 13723,  
notwith-  
standg weh,  
they drew  
bills on us,  
weh, we

ye, D. Gov<sup>r</sup>.  
conceald our  
orders &  
drew  
another,  
weh we  
refusd to  
pay, ordering  
him to  
refund, but  
he never did.

79. Upon this and some other private Notices that Bills had been drawn and the mony not paid in, we calld w<sup>th</sup>. more earnestness than ordinary for their Acco<sup>t</sup>. of Cash to be sent us, thō they had before a standing Order to send it up monthly as soon as read and passd in Consultation but whenever we wrote on

Upon  
Notices that  
Bills had  
been drawn  
& ye mony  
not paid

in, we wrote more earnestly for their [Acco<sup>t</sup>] Cash. In their Letter of y<sup>e</sup>. 19<sup>th</sup>. Aug<sup>t</sup>. they tell Us their cash acco<sup>t</sup>. is inclosed but was not. In another Lre of 25<sup>th</sup>. Aug<sup>t</sup>. they ask pardon for y<sup>e</sup> omission, but still omit to send it. And we could get none since that of June.

We discover a bill of Exchs. for 5000 Pag<sup>s</sup>. drawn in Janry. that had not been accounted for by end of June.

These Proceedings with some advices brot. from Ft. St. Dd. by Capt. Roach made us think it high time to look out for y<sup>e</sup>. preserv<sup>n</sup>. of y<sup>or</sup>. Estate. Accordingly y<sup>e</sup>. 6<sup>th</sup>. Octobr. a charge was drawn up against y<sup>e</sup>. D. Gov<sup>r</sup>. and we agreed to suspend him. & Mr. Frederick having y<sup>e</sup>. Books in hand pitchd upon Mr. Davenport down.

Severall other advices against Mr. Raworth, that were not set [down] in y<sup>e</sup>. Charge because we [could] not then have that proof [which] is since come to light.

this Subject our Letters lay m[any] days unanswer'd and at last we receivd one of the 19<sup>th</sup> Aug[ust] wherein they write that their Acco<sup>t</sup>. of Cash and other Acc[o<sup>t</sup>.] come inclosd, tho there was not one paper in it and seve[rall] of your Council have since declar'd that they saw the D[ep<sup>y</sup>.] Govern<sup>r</sup>. open the Letter after it was seal'd and take our Acco<sup>t</sup>. in Another Letter of the 25<sup>th</sup> Aug<sup>t</sup>; he makes an A[po]logie for the Sec<sup>y</sup>. omission in not sending the foremention'd Acco<sup>t</sup>. as promis'd, but still omits to send them and thus we were trifled w<sup>th</sup>. till the latter end of Sept[emb<sup>r</sup>.] having receivd no Acco<sup>t</sup>. since the latter End of June.

80. Much about the same time we discover'd upon the ballance of our Books that the Dep<sup>y</sup>. Gov<sup>r</sup>. and Council had drawn a Bill of Exchange upon us for 5000 Pag<sup>s</sup> on the 24<sup>th</sup> of Jan<sup>y</sup>. was twelve months which Sum was not brought into their Cash when their Books were ballanced to the last of April, and upon further inspection we found it not brought in by the ult<sup>o</sup>. June, which as we said before was the last Cash Acco<sup>t</sup>. we had to look into.

81. These unaccountable proceedings made us very uneasy but when Lieut. Roach returnd from Fort St. David w<sup>th</sup>. the Merchants we sent for, and told the Gov<sup>r</sup>. that M<sup>r</sup>. Richard Harrison Paymaster askd him what mony he had brought down [with] him, for that they were in want to pay the Garrison, [and] further when we were credibly informed that the [men] were in Arrears for August and Septem[er] we thought it high time to look out for the preservation of your Estate, and the provision of Goods for the Shipping upon our hands.

82. Accordingly in our Consultation of the 5<sup>th</sup> of Octob<sup>r</sup>. your Hon<sup>rs</sup>. may please to observe the Dep<sup>y</sup>. Gov<sup>r</sup>. extraordinary Conduct was taken into Consideration and a charge drawn up against him of such Articles that were fully prov'd without any room for a dispute, after which we had recourse to your standing orders and agreed unanimously to sespnd him and revoke his Commission; [M<sup>r</sup>.] Frederick had the Books in hand to ballance and therefore we pitchd upon M<sup>r</sup>. Davenport for this Service, the rather because he was determin'd home by the first Ship and woud be able to give you a full Acco<sup>t</sup>. of the Condition that Settlement was in; we did not suppose it wou'd take him up more than twenty days Employment, by which time we computed the Books woud be completed and M<sup>r</sup>. Frederick might go to rem<sup>n</sup>. there till your further Orders.

83. Besides what containd in our charge against M<sup>r</sup>. Raworth we had receivd severall other materiall Advices, that we did not incert for want of sufficient Proof tho all are since but too fully made appear, First we had from very good hands that he had receivd severall Sums at time due from the persons that Rented your Bounds, without bringing a Pagoda into y<sup>e</sup>. Cash or passing any Receipts; Secondly that he frequently receivd other Sums due from the Arrack farmers Beetle Collectors and other Revenues without any mention made in Consultation or any mony paid into your Cash, at the same time never gave any receipts for what he receivd, which is putting your Affairs into irrecoverable Confusion, and if any Body disputed paying him mony in this unwarrantable manner they were threaten'd to such a degree that they dare not for their lives

but Comply; Thirdly that notwithstanding he wrote us under the 26<sup>th</sup> of July that he had receivd Sevente[en] hundred and thirty pag<sup>s</sup>. of Matt<sup>r</sup>. Weld paymaster and Sto[re]keep<sup>r</sup>: towards his ballances due to the Company, yet not a penny of that mony was brought into the Cash, nor for severall Bills of Exchange drawn upon us in July and August last. Fourthly that he held no Consultations but transacted every thing by himself not so much as communicating the Letters we laterly wrote him upon matters of the greatest moment. Fifthly that he kept no Acco<sup>t</sup>. Cash himself, but trusted all intirely to a black slave Dubash. Sixthly that he publickly rail'd at and expos'd our proceedings to all your Servants in generall both Civill and military, declaring that he was as much Govern<sup>r</sup>. of Fort S<sup>t</sup>. David as your Govern<sup>r</sup>. here was of Fort S<sup>t</sup>. George, that he was made so from England & that we had no power over him; and lastly that he was hard at work to draw over the Officers and Souldiers to stand by him up[on] some apprehensions that we design'd to remove him. A[ll] these particulars duly considered (tho not mentiond in our Charge) help'd to determine us in our Resolutions that there was a necessity for taking the administration immediately out of his hands and calling him to Acco<sup>t</sup>. for his Cash.

Wch. determine us in our Resolution, of ye. necessity of removing him.

84. We could not think it prudent nor necessary to send M<sup>r</sup>. Raworth a copy of his Charge, the Evill seem'd to us to require a more expeditious Remedy-By his manner of Behaviour we could expect no more than a flat denial of every Article th<sup>o</sup> never so fully prov'd even from their own Letters, and if he had vouchsaf'd an Answer we must have been the Judges of that Answer, in the mean time [he] wou'd have had more Liezure to perfect his Scheme for resisting our power, which the sequel will shew was wh[at] he all along intended; However your Hon<sup>rs</sup>. may please to observe that the principall Articles we charge him[w<sup>th</sup>.] are no more than what we had charg'd upon him before in our Generall Letters to which he gave such Answer that were no way satisfactory; and the Chief among them being contempt and breach of your Hon<sup>rs</sup>. and our Ord[ers] we know no way to govern your subordinate Settlement according to your Directions but by displacing such dispute with us when it is their Business to obey; The Reason why we say so much to this particular is, because M<sup>r</sup>. Raworth accuses us of not giving him a Charge, which [he] calls hanging a man and trying him afterwards: but [that] we cannot think to be the case, and your Hon<sup>rs</sup>. will [easily] see by what follows that we shou'd have had enuff to a[ct] to try him at the head of 600 Men, had we given him a little more time.

Reasons why we did not th[ink] it prudent to send Mr. Raworth a copy of his charge.

85. Having commission'd M<sup>r</sup>. Henry Davenport our Commissary and Provision<sup>l</sup>. Dep<sup>y</sup>. Gov<sup>r</sup>. by the same commission we revok'd that which we formerly gave M<sup>r</sup>. Raworth pursuant to your Orders, and to remove all pretences for disputes as much as in us lay, we wrote him a Letter acquainting him with what we had done and the Reasons in brief that induc'd us to it, requiring him to summon the Council and deliver up his Charge according to the usuall method, a copy of the said Letter will be found in our book of Letters sent N<sup>o</sup>. (71.) and having occasion to send down a Sum of mony to further the Investment, we order'd Lieut<sup>t</sup>. Poirier, Gunner Hugonin and twelve Horsemen for a guard to accompany the Dep<sup>y</sup>. Govern<sup>r</sup>. and secure the mony; we & likewise reestablish'd M<sup>r</sup>. Philip Baker of Council, formerly suspended on Allegations not fully prov'd sent down M<sup>r</sup>. Matthew Weld to be reinstated if his Acco<sup>t</sup>. were fairly clear'd; all these Gentlemen set out from hence the 5<sup>th</sup>. of Octob<sup>r</sup>. in the Evening, and arriv'd the Edge of your Bounds at Fort S<sup>t</sup>. David the 8<sup>th</sup>. at Night.

By the same Commission, given Mr. Davenport we revok'd that given Mr. Raworth & prevent dispute acquainted Mr. Raworth, w<sup>th</sup>. w<sup>ch</sup>. we had done [in] a private Letter. having occasion to send mony [by] ye. D. Gov<sup>r</sup>. we sent likewise guard. Mess<sup>rs</sup>. Baker & Weld also accompany him arrives ye. 8<sup>th</sup>. at Night. Mr. Davenport sends Capt. Poirier w<sup>th</sup>. our Lee

86. Early in the morning M<sup>r</sup>. Davenport sent away Lieut<sup>t</sup>. Poirier with our Letter and another from himself to M<sup>r</sup>. Raworth, who some how or other had receivd Advices of M<sup>r</sup>. Davenport's coming the day before, and got such Officers

nearest to him as he cou'd most confide in, himself was on horseback at break of day, and rode to one of the Outguards near which such people as come from hence allways enter the bounds, and as soon as he discoverd M<sup>r</sup>. Davenport's coming forward, he fire'd the Signall Gun himself and alarum'd all the Bounds, as usual in time of war when they saw the Enemy appear, the same was answer'd from the Fort and all the rest of the outworks, after which he mounted his Horse rode up to Poiriers Pallankeen and receivd our Letter, which having read he carry'd him to the Fort and answerd M<sup>r</sup>. Davenports Letter after near two hours consideration delivering it to Lieut<sup>t</sup>. Poirier with these words, "You may tell M<sup>r</sup>. Davenport I will not deliver up this Government as long as I have a drop of blood in my Body." We beg leave to refer you to the Fort St. David Diary and to our Consultation of the 11<sup>th</sup>. October for the Answer before mentiond [wherein] M<sup>r</sup>. Raworth declares that thô he had rather resign the Government to M<sup>r</sup>. Davenport than any man in India, yet he wou'd not allow him any Authority to rule there by whatever commission he could receive from us—we are the more particular in repeating these words, because this is the position upon which he founded his resistance.

87. M<sup>r</sup>. Davenport finding Lieut<sup>t</sup>. Poirier stay longer than expected began to be under some uneasiness, and went Liezurely forward towards the Fort, till coming to the Gate of Tevenapatam the Serjeant of that guard flung the Gate too and coming out of the wicket, told him publickly, that he had orders from the Govern<sup>t</sup>. to deny him entrance, upon which he sent Gunner Hugonin into the Fort to expostulate with M<sup>r</sup>. Raworth upon this extravagant way of proceeding; in the mean while Poirier return'd to M<sup>r</sup>. Davenport with M<sup>r</sup>. Raworth's Answer, and by that time all the Gentlemen of the Councill except M<sup>r</sup>. Richard Harrison finding M<sup>r</sup>. Raworth did not summon them and that resistance was intended were come over to joyn M<sup>r</sup>. Davenport, but all the military stood firm at their Severall posts, and M<sup>r</sup>. Harrison remaind in the Fort as active as any one declaring he wou'd stand and fall by M<sup>r</sup>. Raworth.

Mr. Daven-

his guard at

88. M<sup>r</sup>. Davenport rode up to your Garden house, and demanded entrance, but the Ensign posted there with about Sixty or Seventy Men declar'd he had orders to admit him only by himself and if any body else offerd to enter with him he must fire upon them.

Mr. Hugonin

who swore he  
woud not

89. Soon after, Gunner Hugonin returnd and gave Acco<sup>t</sup>. that he found M<sup>r</sup>. Raworth determind not to resign to M<sup>r</sup>. Davenport or any Body else, having assur'd him in so many words; and clinchd them with a bloody Oath, that he wou'd not deliver up the Fort to him nor any Body else as long as he had a drop of blood in his heart; as the Gunner came out of the Fort, he told the men that serv'd formerly under him, they knew not they were going to rebel against the Queen and your Hon<sup>ty</sup>. and bid them have a care being hangd; upon which they were going to shoot him by the Dep<sup>y</sup>. Govern<sup>t</sup>s. order; but he got on horse back and made his escape.

90. Under these Circumstances it was thought convenient for M<sup>r</sup>. Davenport to retire with the mony he had along with him towards the Edge of your bounds for security; However he stopd at a convenient place in the way and publickly read his Commission to those few that accompany'd him; much about the same time a single peon came and told him the Gate of Tevenapatam was open and he might go in if he pleas'd; but considering the Letter he had received as before mention'd from M<sup>r</sup>. Raworth w<sup>ch</sup>. the verbal answers he gave to Lieut<sup>t</sup>. Poirier and Gunner Hugonin as also the Acco<sup>t</sup>. he had receivd from M<sup>r</sup>. Berlu and the rest of the Councill with him of what orders were given out to the Officers the day before in order for his reception, he could not think it advisable to run that

hazard upon a Message by a Single peon, but by advice of the Council and the rest that were with him, retir'd out of the bounds to a small Choultry or place of shelter at about two Miles Distance and dispatchd away Letters to acquaint us with what had happen'd and require our further orders.

91. In the Diary of these transactions and also among our Consultations, your Hon<sup>ty</sup>. will find cōpys of the originall orders given out by M<sup>r</sup>. Raworth upon this Occasion, in which (tho pen'd w<sup>th</sup>. a good deal of Caution) 'tis easy to discern his intentions to resist, for otherwise there cou'd be no occasion to issue them to all the guards just at this Critical juncture, and 'tis further very remarkable that the Evening before he took away the command of the Company in the Fort from old Lieut<sup>t</sup>. Hugonin, after having tamperd with him and found him not fit for his purpose and put Patrick Johnston at the head of it, an Officer that came [over] upon the last Ships fit for any mischief; to this [man] he gave the very gold buttons and cloths off his back upon [Oaths] and promises to stand by him and old Lieut<sup>t</sup>. Hugonin [was] confin'd to close imprisonment in the Fort, w<sup>th</sup>. his wind[e] shut up and almost stifled to Death.

In the Diary  
of these  
transactions  
are to be

of all papers

92. As soon as we receivd advices of this generall Revolt (for we cannot call it by any other title) we immediately orderd M<sup>r</sup>. Davenport to return with the money out of their Reach, your President intending to go down with what force we cou'd spare out of this Garrison, tho the Scituation of your Affairs at that Juncture cou'd very ill bear with his Absence as your Hon<sup>ty</sup>. will observe upon our Consultations, but he did believe his presence woud bring over a great many to their Duty, tho' M<sup>r</sup>. Raworth had left no Stone unturn'd to seduce them.

As soon as  
we receivd  
these advices,  
we agreed to  
recall Mr.  
Davenport &  
the Presid<sup>t</sup>.  
intended to  
go down  
himself.

93. But before he cou'd put things in order for his departure fresh advices came that the Officers and Souldiers came over every night in great numbers to M<sup>r</sup>. Davenport; Also all the considerable black inhabitants, the Peons, Chief Dubash &<sup>cs</sup>. in your Hon<sup>ty</sup>. pay, which was chiefly brought by spreading cōpys of our Commission to M<sup>r</sup>. Davenport, with other necessary papers in the night among all the outguards, proper to undecieve the deluded men that had been made to believe they were doing their Duty when taking up Arms against your Authority. Every Day brought us fresh advice[s] that our numbers encreas'd and therefore to loose no time we gave immediate Orders as you may please to observe upon our Consultations for M<sup>r</sup>. Davenport to remain near the Bounds, and support such as wou'd return to their Duty, we shipd off a party of sixty chosen men upon a small Vessell and sent them to land at Pontichery with a supply of arms and Ammunition for such as came over and cou'd not bring their Arms with them; next we wrote M<sup>r</sup>. Raworth a Letter and sent him a protest dated the 14<sup>th</sup> of October, Duplicate of which comes in the packett N<sup>o</sup>. (32) and orderd M<sup>r</sup>. Davenport to send it by two European Wittnesses, for which he demanded a safe Conduct, but M<sup>r</sup>. Raworth returnd Answer that he woud not receive any message from him nor any Letter that did not stile him Deputy Gov<sup>r</sup>. of Fort S<sup>t</sup>. David & accordingly returnd [the letter] unopen'd we likewise sent down a General [pardon under] your seal to be dispersd among the Men, which had so good an Effect, that it brought over all the Garrison, except those that were with M<sup>r</sup>. Raworth in the Fort and at the Garden house, and those seduc'd with large promises and kept warm with strong Liquor took a solemn Oath to stand by him to the last, being in Number about two hundred, of which one hundred or thereabouts were the ablest Men of the Garrison.

Reasons why  
the Presid<sup>t</sup>.

& renew our  
protest.

We refer  
yor. Honrs.  
to Mr. Lewis  
for an Account  
of yr.  
Negociation,  
the result of  
wh. was,  
that he  
wou'd deliver  
to none but  
ye. Presid<sup>t</sup>.

Mr. Rawth.  
promises to  
commit no  
acts of  
hostility but  
never the less

Cuddalore,  
but wth. out  
doing  
Mischief.

to leave the place before that matter cou'd be accommodated, for if he had come between us and Fort St. David during the President's Absence, it would have been impracticable for him to return hither by Land, and by Sea their cou'd be no Conveyance till Feb<sup>r</sup>. and therefore upon receipt of fresh Advices that Cuddalore and all the outguards were quitted and expos'd by the Men coming over to Mr. Davenport, we forthwith order'd him to March into your Bounds and defend them against our old Chingy Enemies in case of any attempt, Mr. Raworth, having advis'd in a Letter of the 17<sup>th</sup>. of Octob<sup>r</sup>. that they were coming down with all their Force; and there is no doubt but he gave them a fair invitation.

95. On the 17<sup>th</sup>. of Octob<sup>r</sup>. Mr. Davenport enter'd the bounds with about three hundred men of the Garrison of which he left part to secure the most considerable of the outguards and went with the rest to take possession of Cuddalore, & in his way thither being oblig'd to pass in fair view of the Fort was saluted with two Culverin shot that fell very near but did no harm; that same Evening Mr. Raworth, thô he complain'd of the outguards being Expos'd, hearing there was a guard put into one of them call'd Quondapa Choultry, he sent ten of his best men on horseback, under pretence of a civill visit to seduce them over to his side, w<sup>th</sup>. orders if they saw an Opportunity to sieze the post in case they did not surrender, accordingly they were arm'd with Carabines, pistols and Granadoes with quick Matches, and being half drunk they advanc'd very boldly and flung in their Granadoes which wounded severall of our Men and kill'd one black fellow outright, upon which the Officer that command'd fir'd a Gun loaden with patridge that kill'd two & wounded three of the Attackers the rest making the best of their way back to the Fort, and our Men expecting a second attack in the Night by way of revenge considering they cou'd not be reliev'd from Cuddalore that was at too great a distance quitted their post and retir'd thither.

96. As soon as we had determin'd to order Mr. Davenport into the Bounds, we dispatch'd away Mr. William Warre one of your Councill, and the Rev<sup>d</sup>. Mr. George Lewis our Minister with proper Instructions to expostulate with Mr. Raworth, and lay before him the very ill consequences that wou'd attend this unnaturall and unjustifiable way of Proceeding, we likewise wrote him a Letter and repeated our protestation against him for all dammages tha[t] might ensure upon further resistance, as for the said Instructions and Letter we humbly refer you to our book of Letters sent N<sup>o</sup>. (83) & (86) and dare believe that when you have been pleas'd to puruse them, you will be of Opinion we went as far as Men cou'd go to accommodate this unhappy Affair without further mischief.

97. As the Rev<sup>d</sup>. Mr. Lewis comes home upon this Ship, we take the Liberty of referring your Hon<sup>rs</sup>. to him for a particular Account of what pass'd in that Negociation between them and Mr. Raworth, all offers were rejected, all Perswasion was in vain, and after some days spent in endeavouring to calm his mind and make him easy, the result was, he wou'd deliver the Fort to no man but the President himself.

98. All this while Mr. Davenport sat quiet at Cuddalore, upon a promise made by Mr. Raworth to Mess<sup>rs</sup>. Warre and Lewis that he wou'd commit no Act of hostility, notwithstanding which on the 24<sup>th</sup>. of Octob<sup>r</sup>. about Eleven at Night in the hight of the treaty, he flung a Bomb at Cuddalore that fell near to the town Wall, and wou'd have done mischief had the fuze been good; the Rains being set in prevented a great deal more harm, and the Merchants finding themselves pretty safe from the Shot of the Fort, in Cuddalore, assembled and contracted there-

with M<sup>r</sup>. Davenport for Eight hundred forty Eight Bales of Long Cloth and Sallampores only, at the former prizes, notwithstanding all difficultys and particularly that Great one, of no fine Goods, so often urg'd in former Contracts.

M<sup>r</sup>. Davenport contracts with the Merchants at Cuddalore for 848 Bales.

99. This Contract being made and goods coming daily in, we were in no pain for the dispatch of your Shipping, and upon Receipt of a Letter from Mess<sup>rs</sup>. Warre & Lewis wherein they declare it to be their Opinion that if the President cou'd come down all things wou'd be easily accommodated, a Resolution was taken for his going in Consultation of the 1<sup>st</sup>. Nov<sup>r</sup>. and on the 4<sup>th</sup>. he set out having first accommodated the disputes with the Nabob, by means of Sunca Rama, with assurances that there shoud be no disturbance du[r]ing his Absence, and having likewise contracted with our Merchants for five hundred Bales of Callicoes and as many more as they cou'd possibly provide by the middle of February.

Receiving advices from Mess<sup>rs</sup>. Warre & Lewis that they believed Mr. Rawth. wou'd resign if the Presidt. came down, he sets out on ye. 4<sup>th</sup>. Nov<sup>r</sup>. having first settled matters with ye. Nabob contracted [?] for 500 bales.

100. Tho' We all agreed in Opinion for the President to go down believing the men wou'd not stand out any longer in so wrong a cause after his Arrival, yet we cou'd not think M<sup>r</sup>. Raworth sincere in his intentions, because he still insisted in a Letter to Mess<sup>rs</sup>. Warre & Lewis that he was the Dep<sup>y</sup>. Gov<sup>r</sup>. and we had no power to displace him.

Tho' we agreed that ye. Presidt. presence might bring over the Men, yet we did not believe Mr. Rawth. sincere because he insisted we had no power to displace him.

101. Passing thro' Pontichery Gov<sup>r</sup>. D'Ulivier coming out of the Fort to meet your President he cou'd not refuse to go in for a few hours, in which time he got a solemn promise that M<sup>r</sup>. Raworth shou'd have no assistance from thence of provisions nor anything else till he return'd to his Duty, which was afterwards faithfully complied with, tho' they had supplied him before Underhand.

The Presidt. passing thro' Pontichery got a promise from Gov<sup>r</sup>. D'Ulivier not to assist Mr. Raworth with any thing.

102. On the 7<sup>th</sup>. in the Evening your President arriv'd the Edge of your Bounds where he was met by M<sup>r</sup>. Davenport from Cuddalore, and the next morning sent a summons to M<sup>r</sup>. Raworth to meet him according to Custom upon his entering the Bounds not thinking it advisable after what had happen'd to go directly to the Fort; it was towards Evening before M<sup>r</sup>. Warre & Lieut<sup>t</sup>. Roach that carried the Message return'd with an Answer, we must beg leave to refer you to the Fort S<sup>t</sup>. David Diary for the forementioned Letter and Answer, only observing the most material points, that is, the insufferable terms demanded by M<sup>r</sup>. Raworth, and his firm promise that if your President insisted on his coming to him with the Keys, he wou'd do it next day without fail, in Expectation of which the President took up quarters at the garden House, from whence upon the news of his coming down M<sup>r</sup>. Raworth had drawn the usual guard into the Fort, leaving the house totally unfurnishd, and the Garden plunderd of every thing that was in it, w<sup>ch</sup>. did not look as if his promises to surrender were sincere.

the Presidt. arrivs ye. Edge of ye. bounds on ye. 7<sup>th</sup>. where he sent Mr. Rawth. a summons to meet him by Mess<sup>rs</sup>. Warre & Roach, & receives answer that if ye. Presidt. insisted on it he wou'd come. The Presidt. takes up his quarters at ye. Garden house.

103. In the morning M<sup>r</sup>. Warre and Lieut<sup>t</sup>. Roach returnd into the Fort to claim M<sup>r</sup>. Raworth's promise, but the scene was chang'd, he grew more unreasonable than ever and refus'd to keep his word in coming to the Presid<sup>t</sup>. insisting that he wou'd receive Him in the Fort and no where else, that he shoud enter the Fort

Mess<sup>rs</sup>. Warre & Roach return to claim Mr. Rawth's.

promise, but his mind was alter'd, & he woud receive ye Presid<sup>t</sup> no where but in ye Ft without any guard & co. but this it was agreed ye Presid<sup>t</sup> could not consent to w<sup>th</sup> any safety.

With Mess<sup>rs</sup>. Warre & Roach at length comes over Mr. Harrison who upon examin<sup>n</sup>. of his conduct is suspended till yo<sup>r</sup>. furthr. Orders.

This contest lasted all Nov<sup>r</sup>. during wch. all Endeavours were us'd to bring over ye Men to their Duty, but he had still rem<sup>t</sup>. [in] ye Fort about 150.

Our Men were employ'd in looking up ye Fort to keep them from plundering ye Towns & getting provisions, in wch. we [me]t with Resistance.

We refer yo<sup>r</sup>. Hon<sup>rs</sup>. to Mr. Davenport for a partic<sup>l</sup>. Account of all [re]markable passages. Our only design was to get Mr. Raworth out of ye Fort, his intent<sup>s</sup>. for ruining ye Settlem<sup>t</sup>. appear<sup>s</sup>. by his actions

Some of wch. related

without any guard or attendants, and then his Garrison, as he call'd it, should acknowledge him for their Gov<sup>r</sup>. these and severall other passages of the same kind being duely consider'd as yo<sup>r</sup>. Hon<sup>rs</sup>. may please to observe in the Fort St. David Consultation of the 9<sup>th</sup> of Novem<sup>r</sup>. it was unanimously agreed that the President could not go into the Fort with any safety without shifting the Garrison or sending in some of his own Men, which M<sup>r</sup>. Raworth had absolutely [refused] to permit; and it was therefore determin'd that if he continued to act in this unreasonable manner he must be reduc'd to his duty either by Stratagem or force.

104. We must not omit to acquaint you that w<sup>th</sup>. M<sup>r</sup>. Warre and Lieut<sup>t</sup>. Roach came M<sup>r</sup>. Richard Harrison out of the Fort, pretending he had stay'd so long there for want of a particular summons, your President orderd him to his house at Cuddalore and afterwards upon examination into his Conduct finding him to have been a main Instrument in setting M<sup>r</sup>. Raworth on, as well as active in all the mischief that has been done as you may please to observe in the Fort St. David Consultations and depositions thereunto annexd, he was first suspended at Fort St. David, which we have since confirm'd and shall continue it till your further orders.

105. This unnatural Contest lasted all the remaining part of Novemb<sup>r</sup>. during which time all endeavours were us'd to draw away M<sup>r</sup>. Raworth's Adhærents from him, and to perswade them to deliver up the Fort, since we cou'd not prevail upon him. About fifty of them came over to their duty but there still remaind in the Fort about one hundred and fifty, of which Eighty Europeans, Dutch, Irish, Scotch & very few English, who had taken a solemn Oath to stand by him to the last.

106. Our men were employ'd in Tevenapatam and other proper Stations (as soon as we cou'd get into possession of them) to keep people from coming out of the Fort and plundering the Town as they had done for many days before, and to hinder all manner of provisions from going in; we did not get these posts without resistance from our honest Countrymen as will be seen in the Diary of our Transactions, thô we allways took care to summon them to their Duty before a stroke was struck and likewise had so much patience as always to let them strike first, severall men were wounded on both sides, but God be praisd all are very well recover'd.

107. We will not trouble your Hon<sup>rs</sup> in y<sup>r</sup>. Lre with all the remarkable passages that happend during this dispute, our Diary contains them at large and M<sup>r</sup>. Davenport that was an Eye witness from the beginning as well as a party concern'd will give you a full narrative of every particular, our only aim was to get the mad Gentleman out of the Fort with as little blood shed as possible and before he had completed the ruin of the Settlement, all his Actions will show he stuck at Nothing nor car'd what mischief was done provided he cou'd avoid coming to an Account: his people had free plunder in the Town of Tevenapatam till your President drove them out and took possession of it, all the Inhabitants hav<sup>s</sup>. left their houses, when the Fort first began to fire upon Cuddalore M<sup>r</sup>. Berlu's house was plunderd as a Deserter and all his provisions carried into the Fort, your joynt Stocks Merchants Godowns were broke open and plunderd as Traitors for complaining of hard usage, three of them were confined in the Fort and barbarously treated to extort mony for payment of the Souldiers, and when he found they cou'd not come at any to supply him with, he turnd them out a few days before he surrenderd the greatest objects of Compassion that ever were seen, one of them is an old man upwards of four score that has serv'd you at Conimeer long before Fort St. David was settled they were all three so terrified and ema[ci]ated with their sufferings that they cou'd hardly speak to give an Account of what they had undergone.

108. If any man in the Fort desir'd to come to their Duty, they were cut and slash'd and turn'd out, one Man came to the President with a great piece cut out of his Skull, and a terrible wound in one of his Arms, which they call'd giving him a pasport, and another man was shot dead in the Fort with a bl[un]derbuss by one of the faithfull serjeants as M<sup>r</sup>. Raworth[calls] them upon a suspicion that he intended to desert, the Serjeant name is Murray and thank God we have him under close confinement for that inhumane Action.

109. These and Severall other passages of the like kind consider'd it was thought high time for the preservation of what [was] left and for preventing further mischief and noise in the Country to make amend some how or other; the President [can] not learn exactly what provisions they had in the Fort, [but] he had certain advices that M<sup>r</sup>. Raworth intended to [turn] out all the Garrison to forty or fifty of the boldest Villains by which means he woud have been able to subsist and hold out for a longer time than your Affairs at this place wou'd have permitted y<sup>e</sup> President to stay at Fort S<sup>t</sup>. David; likewise the fair weather being set in, and grain Boats daily expected upon the Coast we were not in a capacity for want of proper Sloops and Boats to prevent Supplys getting in by Sea; for which and other reasons set forth at large in the Fort S<sup>t</sup>. David Consultations, The Rev<sup>d</sup>. M<sup>r</sup>. William Stevenson who accompany'd your President down upon this Expedition, was sent to M<sup>r</sup>. Raworth to know once for all what it was he intended to do at last, and to endeavour to perswade him by fair promises to submit before things were drove to further extremity.

These things consider'd we thot. it high time for prevent. a total ruin to accomodate matters some how or other, & Thereupon Mr. Stevenson was sent to him to know w<sup>t</sup>. he [aim'd] at in fine.

110. Some days pass'd in Messages to and frô before he could be fix'd to any thing, and the result at last was that he must be permitted to go to Pontichery, where he wou'd pass his Accounts to our Satisfaction in fifteen days after his Arrivall or else he freely consented to be deliver'd up and sent hither; he likewise insisted upon pardon for those that had adhærd to him, which we the more readily consented to because they were too many in Number to suffer exemplary punishment, and indeed it did not seem reasonable that the deluded Underlings should be made examples of, when we were under a necessity of letting him that Commanded and seduc'd them go unpunish'd.

The Articles he insisted on.

111. The great Difficulty was to permit M<sup>r</sup>. Raworth's going to Pontichery after all that had happen'd and without first stating and adjusting his Acco.<sup>t</sup> of your Cash: Your President knew very well he had not a Pagoda left, and thô no Acco.<sup>t</sup> of Cash had been seen since June, yet having got an Acco.<sup>t</sup> of what issued to the Paymaster and what paid the Merch<sup>ts</sup>. on Acco.<sup>t</sup> of the Contract, he was well satisfied there ought to have been upwards of twelve thousand Pagodas in Cash, and therefore M<sup>r</sup>. William Warre was sent once more into the Fort to discourse M<sup>r</sup>. Raworth upon that head to lay before him how unreasonable it was for him, and indeed scandalous to retire to a foreign place without first rendring an Acco.<sup>t</sup>. To promise him all manner of Civility and good treatment in case he woud stay and doe it in the usuall manner and to endeavour to see his Cash book if possible and what condition his Acco.<sup>ts</sup>. were in.

The greatest difficulty was the permitting his going to Pontichery. [On] w<sup>ch</sup>. Mr. Warre is sent to [discourse] him & to examine into [state] of y<sup>e</sup> Cash.

112. This Message had no better success than usuall, all kind offers were to no purpose, he must either be permitted to go to Pontichery directly, or he solemnly swore he would take his Fate in the Fort, and we might bomb him or starve him out, he car'd not which, with many other extravagant and desperate Expressions too tedious to be incerted, M<sup>r</sup>. Warre us'd all manner of Arguments to prevail with him to show his Cash book assuring him it was the Chief Difficulty that obstructed his going where he desir'd but he obstinately refus'd to show any, declaring at the same time that he had no mony and that the Cash was indebted to him; but as for his Acco.<sup>t</sup> he made no Scruple to own that he cou'd not adjust it w<sup>th</sup>out the help of the Chief Dubash and other black Servants whom he desir'd might be sent to him at Pontichery.

This mess. meets with no Success. Mr. Rawth. declares he has no mony nor can he make up y<sup>e</sup> Acco<sup>t</sup>. without y<sup>e</sup> help of his black Serv<sup>ts</sup>.

113. Finding therefore that no good could be done with him [that] the Evil encreased every day, and that the longer the affair [was] depending the greater

The Reasons that induc'd us to let him

to go to  
Pontichery &  
the terms on

the prejudice and confusion wou'd [be] at last it was resolv'd to let him go to Pontichery, if Mon[s.<sup>r</sup>] D'Ulivier wou'd consent to receive him upon the forementioned condition accordingly your Presid<sup>t</sup>. wrote him a Letter upon the subject and sent him a copy of the Article agreed on to which he return'd a satisfactory Answer as you may please to observe by the paper No. (34) sent in the Pacquett, bec[ause] it was forgot to be enterd in the Diary, Mr. Raworth likewise wrote Mons<sup>r</sup>. D'Ulivier at the same time the conditions upon which he desir'd his permission to reside there and that he consented freely to be deliver'd up in case he did not Account [in] fifteen days to our Satisfaction; thus we tho<sup>t</sup>. ourselves [very] secure of Mr. Raworth's person well knowing he was not in a Condition for want of mony to render in Acco<sup>t</sup>. [with] which it was possible for us to be satisfied and if we had [not] permitted him to go on these terms he had got a Boat re[ady] in the river under the Guns of the Fort, w<sup>th</sup> which he wou'd [have] made his Escape in the dark Nights notwithstanding any thing we cou'd do to Hinder him and have thrown himself under their protection at Pontichery, without our being able to retrieve him.

The Presid<sup>t</sup>.

he found 150  
Men.

114. It was the 2<sup>d</sup>. of Decemb.<sup>r</sup> before your President enterd the Fort, having first orderd in Lieuten<sup>t</sup>. Roach w<sup>th</sup> one hundred of our Madrass party: and disarm'd the Rebels that were in number about 150, of which Eighty the stoutest Europeans in your Service the rest Topasses, they were most of them red hot with drink and declar'd that they had been kept so ever since the beginning of the troubles, and that Mr. Raworth had promis'd them all preferment when he came to be Gov.<sup>r</sup> of Fort St. George, which he assur'd them by Letters receiv'd from Mr. Bullock at the Cape wou'd be orderd out of England by a Runner some time in January; this had bewitch'd the people and made them so firm to his interest thō they underwent great hardships laterly: and had no less than four months pay due to them the last of November.

Rawth. ye  
manner in  
wh. [it]  
was found.  
The Letter  
declares he  
has not a  
Pagoda in  
mony.

115. As soon as the President was in the Fort he demanded the Cash book of Mr. Raworth who deliver'd him one that ended the last of June and neither that nor one Acco<sup>t</sup>. in six besides sign'd or pass'd in Consultation; the President ask'd him publicly before all the Councill and Officers if that was all the Acco<sup>t</sup>. he had, and if he had made up none since June, he answer'd that was the last; then he ask'd him if he had any ballance in his hands, to which he replied not one Pagoda.

The Presid<sup>t</sup>.  
endeavours  
to persuade  
Mr. Rawth.  
to stay &  
settle his  
Acco<sup>t</sup>. but  
could not  
prevail.  
he declar'd  
he would  
come [and]

not have

of his pro-  
ceedings  
sooner.

116. The President us'd all the Arguments he was master of to persuade him (notwithstanding the Agreement) to stay and settle his Acco<sup>t</sup>. before he went, promising him every thing he cou'd desire, but he complain'd of the great fatigue he had undergone, that he wanted rest and refreshment, and solemnly protested that he went only to Pontichery to repose himself, and that he wou'd not fail to come of his own accord and see the President at Fort St. George when the time limited was expir'd. Thus at last with much ado we got rid of this mischievous Man, that had been for severall months making preparation to resist, in case we sho<sup>d</sup>. call him to account<sup>t</sup>, which he well knew he had but too much reason to expect, your Hon<sup>rs</sup>. will wonder no doubt at our not being appriz'd of his intentions and irregular proceedings much sooner, indeed we might have expected it from the Gentlemen of the Councill, but they were all so intimidated by His violent temper (at least this is what they say for themselves) that they dared not for their lives offer to write least their Letters should be intercepted; This is certain what advices we did get at last were underhand by the Dutch peons, for Mr. Raworth kept a strict Watch for all Letters and Cadjans that pass'd hither, and fetch'd back severall persons that were got half way to this place in order to complain.

The condi-  
tion in wh.  
ye. Fort was  
found.

117. The Fort was found in a most miserable and poisonous Condition, the first work was to clean it and search for all your records and papers which were immediately examin'd and new listed but cou'd not all be

found, next an Account was taken of the warehouse and all manner of Stores of which great quantities had been consum'd since the beginn<sup>s</sup>. of this revolt, and as soon as it can be done, all the extraordinary consumption will (as in Justice we think it ought) be charg'd to M<sup>r</sup>. Raworths Acco<sup>t</sup>. The Obstinate Crew found in the Fort were dispers'd to several Guards where they cou'd best be look'd after and least capable of doing mischief; Several Depositions were taken as will appear in the Diary, whereby Lieut<sup>t</sup>. Patrick Johnston was found guilty of forcing his men to ravish a poor Malabar woman with severall other barbarities for which he was confin'd close prisoner, and we intend him home by some one of your Ships also Serjeant Murray that murder'd a man in the Fort as heretofore mention'd was put in iron and orderd hither by the first Sea Conveyance, some [other] ring-leaders in plundering of houses were confin'd and every thing remain'd very quiet.

Our first proceedings towards setting matters to rights.

118. When this Agreement was in a fair way of being conclud[ed] M<sup>r</sup>. Davenport return'd hither to act as Chief in the Govern<sup>mt</sup> absence and M<sup>r</sup>. Thomas Frederick went down to Fort St. David with our Commission to rule there as our Deputy till further order, he arriv'd there the 5<sup>th</sup> in the Evening and on the 6<sup>th</sup>. your President accompany'd him into the Fort and had his Commission read in the hearing of the Garrison as well as your covenanted Servants, taking that opportunity to convince every body on what a wrong bottom M<sup>r</sup>. Raworth had engag'd himself and all his adherents.

Upon conclusion of yr. Agreement M<sup>r</sup>. Davenport return'd to Ft. St. Geo: yr. M<sup>r</sup>. Frederick might come hither, where he arriv'd yr. 5<sup>th</sup> & on the 6<sup>th</sup> his Commission was read yr. Cash deliver'd him &c.

119. In the afternoon your President set out from Fort St. David, having first deliver'd over the Cash to your Dep<sup>y</sup>. Govern<sup>r</sup>. in Consultation, & made as many regulations as the few days time he had wou'd admit of and orderd severall others as soon as they cou'd be made with convenience to yo<sup>r</sup>. Affairs, on the 9<sup>th</sup>. at sun rise he return'd to this Govern<sup>mt</sup>. (without meeting any thing remarkable in his way except some visits from the Pulligars of the Country) and found all in peace and good Order, with two thousand four hundred Bales ready in the warehouse, though Eight months time had actually been lost at Fort St. David, from whence we might have had Eight hundred Bales more by this Time.

the President set out in yr. Afternoon for Ft. St. Geo: & arriv'd there yr. 9<sup>th</sup> in yr. morning.

sending 2,400 bales ready.

120. We are next to acquaint your Hon<sup>rs</sup>. that when your President came to examine your Books and papers at Fort St. David, no Consultations were found sign'd since July, and in those that were sign'd from the time of M<sup>r</sup>. Raworth's coming to that Government, no entries have been made of any Sums of money paid your Merchants upon Contract, nor no Receipts to be found in the receipt Book for upwards of One hundred & fifty thousand pag<sup>s</sup>. by which confus'd method, many Errors have arisen in Acco<sup>t</sup>. with the Merchants difficult to be rectified; all payments ought according to our method here to be made them by order of Consultation and the Receipt Book is the voucher for what paid out of Cash: This M<sup>r</sup>. Raworth well knew to be the rule, but never kept up to it, and so there is a difference of upwards of five thousand pag<sup>s</sup>. betw<sup>n</sup>. his and their Account which for want of their Receipts cannot be adjusted.

The irregularity & deficiency the President found upon Examina. of their Books & papers & particularly no notes having been taken for some time. there is a difference of 5,000 Pag<sup>s</sup>. with Mr. Raworth's & yr. Merchants' Acco<sup>t</sup>.

121. It is likewise the prescribed Rule in all your Factories, that all sums of money due for rents, Revenues and indeed on any other Acco<sup>t</sup>. whatsoever, shall be paid into Consultation and your Govern<sup>r</sup>. here always writes what receiv'd on a Sheet of Paper kept by the person that pays in y<sup>r</sup>. money, but M<sup>r</sup>. Raworth has intirely inverted this method by compelling all persons to pay him the money singly as his private Occasions requir'd it without giving any manner of Receipt

Sev<sup>l</sup>. other irregularities practis'd by Mr. Raworth, in yr. receipt of money.

and by this means nothing being mention'd on the Consultations nor in the Cash book he denies to have receiv'd any money on those Acco<sup>s</sup>. and the others cannot prove they have paid it but by their own books of Acco<sup>s</sup>. that are very regularly kept according to their way. It wou'd be hard for us to force these people to pay the money a Second time, when it was as much as their lives were worth to have refus'd paying it upon the Dep<sup>y</sup>. Govern<sup>r</sup>. demand, yet he does not think fit to credit you for a fanam in his Acco<sup>t</sup>. Cash, th<sup>o</sup> the renters make Oath to have paid him Three thousand two hundred Thirty three Pagod<sup>s</sup>. twelve fanams.

122. The Abuse in Buildings upon Enquiry was found to be very extraordinary, we formerly order'd every one of the outworks to have a head in their Books, that we might see their true cost and what was expended upon comparing them this method has been kept pretty well up, but then they brought in a monthly charge besides of between two and three hundred pag<sup>s</sup>. for repairs of fortifications which no body can give any Acco<sup>t</sup>. of only in general terms that it was for odd Buildings order'd by the Dep<sup>y</sup>. Govern<sup>r</sup>. and among the rest, a model of an Italian Portico built on the inside of the Fort gate w<sup>th</sup>. must cost near three hundred Pag<sup>s</sup>. but no particular Acco<sup>t</sup>. of it to be found; as for the Garden house, we shall send an exact Acco<sup>t</sup>. of that charge a part by the last Ship we dispatch; in the mean time we assure your Hon<sup>r</sup>. there is much more laid out upon it than what we mention'd in our last, and if we finish the wall and other things according to the plan M<sup>r</sup>. Raworth has laid it will cost fifteen hundred pag<sup>s</sup>. more at least before 'tis finish'd.

123. On the Ground which M<sup>r</sup>. Raworth took in to enlarge this Garden there stood a pretty little Village Inhabited by Weavers, all their houses were pull'd down and the poor inhabitants turn'd a grazing with fair promises of houses and ground to be given them in another place; but this was never done nor any notice taken of their complaints till your President went down when they threw themselves at his feet for Justice, and a piece of ground is order'd for their speedy reestablishment.

124. There have been severall other abuses particularly in the article of bricks and buying in Timber, the former th<sup>o</sup> burnt at your Expence (with the wood cut down in the bounds to y<sup>e</sup>. great prejudice of them) and the cooley hire-charg'd in Acco<sup>t</sup>. yet stand in as much money upon the Books as if they had been bought outright; and as for the Timber th<sup>o</sup> bought up at Negapatam very reasonably, we find it charg'd in Acco<sup>t</sup>. at very dear rates; we have order'd a very particular enquiry into all these matters, in hopes to have it perfected so soon as to be sent by the last Ships and where we can get reparation no Endeavours of ours shall be wanting, in y<sup>e</sup>. mean time our main Concern is to take care it may be so no more.

125. But the most unbounded Extravagance of all has been in the Stables, where the late Dep<sup>y</sup>. Govern<sup>r</sup>. had most an End twenty Horses of his own that stood some of them in five and six Pag<sup>s</sup>.  $\frac{1}{2}$  month keeping, whereas our Allowances to those of your Council here for every horse is no more than fifty fanams  $\frac{1}{2}$  month in this one Article there will now be sav'd above an hundred pag<sup>s</sup>.  $\frac{1}{2}$  month, and in the Totall Expence of Fort St. David at least one thousand pag<sup>s</sup>.  $\frac{1}{2}$  month, th<sup>o</sup> we have been so often told by M<sup>r</sup>. Raworth and your Council, that the charge cou'd not be retrench'd w<sup>th</sup>. out exposing the place, and every thing shall be as safe & as well taken care of as before, we hope better, if we can but prevent any ill consequences from the late inconsiderate behaviour of Mr. Raworth and his Adhærents, which we do assure you shall be our Study day and Night. We are sorry to add that [none] of your Council at Fort St. David are any way to be excus'd for their tar e and shamefull Submission to M<sup>r</sup>. Raworth's Arbitrary

proceedings; things could never have gone so far, if they had had Spirit enough to do their Duty in opposing him, or in acquainting us sooner with his irregular way of proceeding; we have before told you what a poor apology they make for themselves and shall confide in them no more than needs must hereafter.

The Ft. St. David Council not excusable

126. It is impossible for us to lay before your Hon<sup>ty</sup>. (in one Letter) all the Abuses and irregularities that have been (and are still daily) discovered; but Mr. Henry Davenport that was upon the spot and an Eye witness to the proof of a great many will give you a full Acco<sup>t</sup>. of all whenever your Leisure will permit him a hearing; The Zeal he has shown for your Service upon this unhappy occasion at Fort St. David, the faithful discharge of his trust in the Warehouse since your Presidents Arrivall, and his long experience in your Affairs in Generall we hope will gain him sufficient Credit when he has the Hon<sup>ty</sup>. to appear before you; and therefore not to detain you longer on this displeasing Subject, we shall only add what has happend since Mr. Raworth's being at Pontichery as briefly as possible.

We refer your Hon<sup>ty</sup>. to Mr. Davenport for a more particular Acco<sup>t</sup>. of matters, Mr. Davenport's good Services.

127. When the fifteen days were near expir'd he sent us an Erroneous Acco<sup>t</sup>. of Cash from the last of June to the last of November accompanyd with a letter. copy of the said Acco<sup>t</sup>. attested comes in the packet N<sup>o</sup>. (35) and your Hon<sup>ty</sup>. will observe he makes a ballance due from him Pag<sup>e</sup>. One hundred sixty nine, the letter is enterd in the Book of Letters receivd N<sup>o</sup>. (178) and there is something in it very remarkable for w<sup>th</sup>. reason we refer thereto.

After 15 days Mr. Raworth sends us an erroneous Acco<sup>t</sup>. Cash, w<sup>th</sup>. a Letter.

128. This Acco<sup>t</sup>. was far from being satisfactory and therefore we made our demand in a letter of the 18<sup>th</sup>. of Decemb<sup>r</sup>. & sent down a proper person immediately to Gov<sup>r</sup>. D'Olivier to negotiate the manner of delivering Mr. Raworth up at the same time appointing Lieut<sup>t</sup>. Roach then at Fort St. David to accompany him hither, and as we were privately inform'd that he pretended his life was in danger. That we were his mortall Enemies and intended to assassinate him, we gave a full power to our Agent to sign any Articles that Gov<sup>r</sup>. D'Olivier should demand for his Security, but all would not doe, he gave in a request in writing wherein he demanded the King of Frances Protection and passage upon their Ships, and notwithstanding all Gov<sup>r</sup>. D'Olivier's Engagem<sup>ts</sup>. to our President when at Fort St. David, his request was granted upon pretence that as the King's Gov<sup>r</sup>. it would be his utter ruin to refuse it. We are still in contest about the matter, and should show a great deal more resentment at this unfaithfull dealing, but that we are at no certainty of the Peace being concluded in Europe, however we have given them our Opinion very freely in writing and shall not fail to send Coppies of all that passes either by this Ship or the next, not doubting but the french Company when they come to be informd of Mr. D'Olivier's ill Conduct, will highly resent his setting so pernicious an Example for th<sup>o</sup> we know very well Mr. Raworth has no mony with him, yet he ought to have been deliverd up to settle his Accounts here according to agreement.

This Acco<sup>t</sup>. being Satisfactory we demanded the delivery of Mr. Raworth, & sent a person to negotiate ye. affair w<sup>th</sup>. Gov<sup>r</sup>. D'Olivier. Mr. Raworth requests ye Kings protection in writing w<sup>ch</sup>. is grant<sup>ed</sup> him contrary to Mr. D'Oliviers Engagem<sup>ts</sup>. to ye. President.

We expostulate w<sup>th</sup>. them, but to no Eff<sup>ect</sup>.

129. We have drawn out his Account of Cash as it really ought to be, which comes in the packet N<sup>o</sup>. (36) and the true ball<sup>nc</sup>. is sixteen thousand seven hundred Eighty three Pag<sup>e</sup>. nine fan<sup>ts</sup>. four Cash and three quarters, there may be further discoveries made here after, but this is what we can learn at present, the necessary remarks to explain it are wrote upon the same paper, and Copyes of the Bills of Exchange not made good come attested in the packet N<sup>o</sup>. (41) we likewise send a Copy of the Fort St. David Cash from April 1712 to April 1713 inclusive that you may see they are not enterd there: our Acco<sup>t</sup>. of Cash has been sent to Mr. Raworth at Pontichery by proper witnesses to know what objections he had against it, but he positively refus'd to receive or look in it, declaring he would Acco<sup>t</sup>. with nobody but yo<sup>r</sup>. Hon<sup>ty</sup>. in England; he is no doubt asham'd to see it well knowing that he can make no just Objections against any one Article contained therein.

We have drawn out his acco<sup>t</sup>. Cash as it should be whereby ye. ballance [is] Pag<sup>e</sup>. 16783 : 9 : 4<sup>1</sup> w<sup>ch</sup>. & severall other necessary papers come in [ye.] packet. We sent this Acco<sup>t</sup>. to him but he refused to receive it, declaring he will acco<sup>t</sup>. w<sup>th</sup>. none but yo<sup>r</sup>. Hon<sup>ty</sup>.

By ye. next  
Ship we  
shall send  
yo. Hon<sup>rs</sup>. a  
List w<sup>ch</sup>.  
he has in  
these parts  
to make you  
Satisfaction.  
We suspect  
he sent money  
home by  
Mr. Bullock.  
How greatly  
he is in-  
debted to  
other people  
in India of  
wh<sup>ch</sup>. we shall  
send a List  
by next Ship.

It will seem  
strange w<sup>ch</sup>.  
he has done  
w<sup>th</sup>. this  
money.

But he never  
kept any  
Acco<sup>ts</sup>.

His Dubash  
y<sup>t</sup>. serv'd  
him not  
above a year  
got 5,000  
Pag<sup>s</sup>. under-  
him w<sup>ch</sup>. wh<sup>ch</sup>.  
he is gone  
off: we shall  
endeavour to  
recover him.

We assure  
yo<sup>r</sup>. Hon<sup>rs</sup>.  
nothing but a  
sense of  
our duty  
for yo<sup>r</sup>. pre-  
servation of  
yo<sup>r</sup>. affairs  
mov'd us to  
this altera-  
tion & there-  
fore can't  
doubt of your  
approvall.

The Presid<sup>t</sup>.  
declares  
against a  
private  
Tr[an]s[ac]tion in  
this affair.

but if we  
must be  
answerable  
for yo<sup>r</sup>. [well]  
being of yo<sup>r</sup>.  
affairs [then]  
we must  
have one that  
will follow  
orders.

We shall do  
our Endeav-  
ours [to] pre-  
vent any ill  
consequences  
from this  
Action, wh<sup>ch</sup>.  
we think  
sufficiently  
demonstrates

130. By the next Ship we shall be able to get ready an Acco<sup>t</sup>. of what he has in these parts to make you satisfaction, we cannot be sure if he has sent any thing home to England, but we suspect he did by honest M<sup>r</sup>. Bullock, because this bill of Exchange of five thousand Pag<sup>s</sup>. was drawn much about that same time, and M<sup>r</sup>. Bullock wrote him from y<sup>o</sup>. Cape as he himself has publickly declared, that if it cost him Ten thousand pound he wou'd carry the point for him in England; please to read a Copy of a Letter that comes in the packett N<sup>o</sup>. (37), what we can find here shall be secur'd; but there are great clamours for private debts amounting to no less than thirty thousand Pagodas, and among the rest, the money rais'd by Charity and fines for building a Chapell at Fort St. David upwards of five hundred Pag<sup>s</sup>. and about seven hundred more of the Corporation money of this place, w<sup>ch</sup>. he had out of the Chest when he was Mayor, and never yet accounted for, we shall be able to send a list of what he [owes] by the next Ship.

131. It will seem a great Mistery to your Hon<sup>rs</sup>. what he has done with all this money, he says we have rob'd him of [his] estate, but we shall make appear that he used us very inhumanely in those false asperitions, the real truth is he never kept any Acco<sup>t</sup>. of all the vast Sums that pass'd thro' his hands for two years after M<sup>r</sup>. Pit's departure. the same Care he took of yo<sup>r</sup>. Warehouse, the same he took of all private concerns, he trusted entirely to black Servants and that [has] been his ruin.

132. A Slave fellow his Dubash at Fort St. David that had not served him above a twelve month and came to him not worth a Pagoda, run away from the Fort upon a [cata]maran during the Troubles and escaped to Porto Novo with four or five thousand pag<sup>s</sup>. pick'd up in his Service we had done our Endeavours to recover him and the money, [but] have not hitherto been able to succeed, he was the Man [who] had the handling both of his Cash and yo<sup>r</sup>. Hon<sup>rs</sup>. of which your President had sufficient proof when at Fort St. David.

133. And now to wind up this tedious and ungratefull Story, We do most solemnly assure yo<sup>r</sup>. Hon<sup>rs</sup>. in the first place, that nothing but a true regard to yo<sup>r</sup>. Interest, and a just sense of our Duty mov'd as to make this Considerable Alteration in your Settlement of this Presidency; we are well satisfied of our power by the Tenour of all your Orders and Cannot doubt of your Approbation when all things have been duely and impartially examin'd.

134. Your President further declares that tho' he has receiv'd Injurys and insults innumerable, such as no man in power at the head of Affairs ought to bear from an inferiour, yet he never brought those matters upon the stage against him, nor ever wou'd have proceeded in this manner if he had not laid such a Skeem of confusion in your affairs, we must be accountable for what is done at Fort St. David we plainly find by all your Letters and Directions, & therefore we must have a person to rule there that will obey our Orders, and not lavish and squander away your money as he pleases, and One that when he is reprimanded for a fictitious Acco<sup>t</sup>. of Cash, will not draw up such an insolent Consultation as we send you an Extract of in y<sup>o</sup>. Packett N<sup>o</sup>. (38) which there needs no Comment upon only that it is a Composition of wickedness and folly, and of a piece with the rest of the penman's Actions.

135. We shall do our Endeavours to prevent any future ill Consequences attending this unprecedented Action of M<sup>r</sup>. Raworth's, but your Hon<sup>rs</sup>. must allow the foundation of all your Government in these parts of the world is struck at, and we have already felt some of the ill Effects by, a new Spirit that appears among some of the military, since they are made sensible that they cannot be hang'd for resisting your Authority sure such a Settlement as this requires a Court of Justice for the punishment of such flagrant crimes and there can be no

doubt, but an honest Jury may be found here as tender of a man's life as those that use the old Baily, we are far from being fond of any part in that administration and heartily beg their may be some person learned in the law to superceed if ever a Commission comes out, but this we may venture to affirm that if some speedy care is not taken after what has happen'd at Fort. St. David, there is no man living can answer for the Security of your Estate nor other Peoples under your Protection. We will be watchfull over those that we have been obliged to forgive, and take all opportunitys to get rid of them; we have ten in prison that were surprizd in Tevenapatam, and had the impudence to insist that they knew no Gov<sup>r</sup>. but M<sup>r</sup>. Raworth; all this humbly submitted to your Hon<sup>ty</sup>. perusal and now we make no doubt but your Mercantile affairs will go on in a regular manner as they ought; we wish and pray for prosperity to them both at home & abroad, and to your Hon<sup>ty</sup>. in particular, being w<sup>th</sup>. great Respect

ye. [no] necessity there is for a court of justice here to punish w<sup>th</sup>. Death.

TO CAP<sup>t</sup>. MATTHEW MARTIN  
COMMANDER OF SHIP MARLBOROUGH.

1. Your Ship being full laden you are hereby orderd to repair on board and with the first opportunity of Wind Weather to proceed and make the best of your way for the Port of London, and whatever port of Great Britain you arrive first at, we order you to send away your Purser with our packett deliverd you in a Box markd A, directed To the Hon<sup>ble</sup>. the Court of Directors for Affairs of the R<sup>oy</sup>. Hon<sup>ble</sup>. United Company of Merchants of England tradeing to the East Indies, To whom your Ship goes Consign'd.

2. We likewise deliver you a flying packett Letter B, which you are to forward by post or Express immediately upon your Arrivall at any port in Europe where Conveyance can be had, taking care to write yourself to y<sup>r</sup>. Hon<sup>ble</sup>. Direct<sup>rs</sup>. w<sup>th</sup>. an Acco<sup>t</sup>. of what has happen'd materiall in your Voyage.

3. We also deliver you a Box markd Letter C, containing Books of Accounts, which you are to send by the first safe Conveyance after you get into the River of Thames.

4. The Hon<sup>ble</sup>. Directors have complained that while their Ships have been detaind in Ireland or Holland for Convoy, they have wanted our Advices, tho' at the same time the Commanders have had our positive orders to forward a small packet in the manner before directed, which we admire has not been obeyd, and strictly enjoyn you once more to send away the packet Letter B, as you will answer it to them on your Arrivall.

5. As there was a Cessation of Arms in Europe when our last Ships came from thence and great dependance upon a speedy peace, the Worsh<sup>ps</sup>. the Secret Committee have not thought fit to send us any orders for our homeward bound Shipping as usuall, but gave them to the Commanders of the Ships bound out to be lodg'd for you at the Cape, and Cap<sup>t</sup>. Nehemiah Winter in the King William Gally having passd by that Port without calling in, our President demanded the

forementioned Secret orders of him and herewith delivers you a Copy thereof sealed up, by which you are to guide Yourself in your passage home, unless you receive fresher Orders from the said Committee or from our R<sup>t</sup>. Hon<sup>ble</sup>. Masters.

6. The Company's Orders are, that if any Ship should be so late dispatched hence or that by any other misfortune she [has] no hopes of getting about the Cape, that they winter at Gall[y] on the Island of Ceylon, and stay no longer there than the beginning of July, but if it so happens that they get up [w<sup>th</sup>.] the Cape or near it, their Orders then are, that they go to [Mau]ritius to the South East side, which is on the Windward part of the Island where the Dutch had a Settlement, tak[ing] great care of your going in, 'Tis further ordered that you do all possible to avoid going into the North west Harbour or Carpenters Bay where 'tis likely the french will look in; we are very credibly informd the Dutch have left the Island Mauritius, so that you must be very carefull how you make it, and be always on your guard and keep constant looking out to prevent being surprizd by any Enemy, securing yourself in the best manner you can during your stay there.

7. The Company have sent out a standing order to S<sup>t</sup>. Helena to be incerted in all your instructions. Viz<sup>t</sup>. that wh[<sup>o</sup>]ever of you touch there, that you bring your Ship to an anchor before you come open with Chappell Valley near Mundens' point if you do not meet with good Anchor hold sooner, and then send your boat ashore to give the Govern<sup>r</sup>. intelligence who you are, for he is ordered to let no Ship pass that point and Come into the road before he knows what they are and whence they come, and if any Ship shou'd attempt to break this order, the Gov<sup>r</sup>. has the Companys positive orders to fire on them.

8. We strictly enjoin you as formerly not to come near any Ship at Sea if possible to be avoided unless you have secur[ed] signalls concerted beforehand so as to know they are [of your] Companions (because we are not sure the peace is [concluded] and there may be pirats abroad as forme[rly] reported).

9. You must always keep the Severall packet[s] to be] deliverd you at hand, and in case you are in danger [of falling] into any Enemies hands, you are to throw them over[board] with all private Letters in your Ship. We wish you [a][pros]perous Voyage and date these in Fort St. George this [ . . . day] of January 171 $\frac{1}{2}$

☞ Our last was  
 ☞ Maribró.

1. Our last was by the Maribró that sail'd hence the 21<sup>st</sup>. and a Duplicate thereof comes in the Packet with all other materiall papers; we are now to acquaint your Hon<sup>rs</sup>. as briefly as possible w<sup>th</sup>. what has happen'd since that time.

## FIRST CONCERNING SHIPPING SENT OUT AND RETURN'D

2. On the 22<sup>d</sup>. instant arriv'd your Ship Recovery from Bengall with her Kentilage and two hundred Bales for Europe and Stores for this place, which are all landed and we hope to dispatch her fully loaden by the 16<sup>th</sup>. of next [month] at farthest.

The Recovery arriv'd here the 22. inst. & we hop'd to dispatch her the 10th. insuing.

3. We expected a Thousand bags of Salt Petre at least by this Ship, but to our great Surprize not one is come and when the Frederick is kentilag'd we shall not have two hundred bags in the Godown, we wrote to Bengall under the 3<sup>d</sup>. of June that the Howland had swept our Godowns & that we were forc'd to buy up what there was in town at a extravagant Price to keep our powder Mills at work, we likewise advis'd them in subsequent Letters that we hop'd to dispatch the Frederick and that we must have provision in Season for our next Septemb<sup>r</sup>. Shipping, Govern<sup>r</sup>. Russel when here told us that they had made a Computation Accordingly and we might except the Remainder upon the Recovery but we have only receiv'd thirteen hundred forty Eight bags by the Marlbrö and five hundred fifteen bags by the Stretham out of which we were forc'd to Supply the former as advis'd you in our last to make her sailworthy w<sup>th</sup>. they [ . . . ] in Bay must be done as you may please to observe in the Script [ . . . ] by the said Ship.

We expected 1000 bags of Petre by Recovery but ha not rec'd one thö we gave them notice of our wants in June, so that we have none for a Ship next Sept<sup>r</sup>.

4. To remedy this disappointment as well [as possible we] [dis]patch'd away Letters as soon as we knew of it, [thinking] they may send us a sufficient quantity before this [month is] spent, because afterwards they can send us none till Aug[us]t and that will arrive so late in Septemb<sup>r</sup>. that the Ship we intend to dispatch must run the hazard of the Octob<sup>r</sup>. Monsoon before we can be able to load her; the Recovery bro<sup>t</sup>. us no more than five hundred bags of Rice, thö she might very well have taken in a thousand more, since she brought no Salt Petre.

To remedy this evil we dispatch'd letters that they might send [us] some if possible this Season. The Recovery bro<sup>t</sup>. us but 500 bags rice, thö she might ha. taken in 1600

5. Cap<sup>t</sup>. Harry Gough requesting Permission to shoot the Turmerick loaden upon him in the Bay, that he might be the better able to bring his Tea between decks, we consented thereto upon a further Consideration that it wou'd pay but half freight, in which we hope we are not mistaken. The Recovery has likewise Turmerick on board, and the Tea wou'd infallably have been spoild if put in the hold of either Ship.

Capt. Gough is permitted to Shoot the Turmerick that he may carry the Tea betw. Decks.

6. Your Ship Frederick has brought us a Serang and nine Lascars prisoners from the West Coast that were the principalls concern'd in running away with a Vessell call'd the Mary Gally Cap<sup>t</sup>. Andrew Gatt belonging to M<sup>r</sup>. Adams yo<sup>r</sup>. Chief of Calicut after having most inhumanely butcher'd the Cap<sup>t</sup>. and all the Europeans on board in the dead of Night, your Hon<sup>r</sup>. will have a full Acco<sup>t</sup>. of this bloody Affair your West Coast Consultation, we hope we shall not be thought cruel in making severe Examples of such wicked Villains, without which it will be impossible to trade longer in these parts with any manner of safety, since the Shipping cannot be sail'd w<sup>th</sup>. out these Lascars; four of the Prisoners died in the passage over and we have pritty good Assurances that this is the very Serang concern'd in murdering the men aboard the Tonqueen Ship of which we advis'd you in our last years Letters.

By yo. Frederick were sent a Serang & 9 Lascars pirates taken in yo. Wt. Coast.

If we must not make Examples (of) such Villains it will be impossible to trade wth. safety.

7. On the 25<sup>th</sup>. inst we were honour'd with your Letter dated the 24<sup>th</sup>. Aprill bringing us the joyfull News of a Peace in Europe, which we have communicated to all our Neighbours and publish'd here with the usuall solemnity, the Letter [came] by way of Ceylon to Negapatam and from thence was [sent] us by the Govern<sup>r</sup>. & Council with a handsom Compliment and no mention of any Charges, nor do we apprehend there can be any, since their peons like ours are Station'd for [the] transportation of Letters all the way from Columbo as far as Metchlepatam we have forwarded your two Letters receiv'd at the same time for the

[We] rec'd yo. News of yo. Peace on y<sup>e</sup>. 25<sup>th</sup>. inst. & dispers'd it to all parts.

Generall and Council of [Bombay] and President and Council in Bengall, that which you please to mention for Bencooler not coming to our hands we suppose it to be lodg'd at Batavia, however we have a Ship bound that way in few days by which we shall not fa[il] to advise them.

8. The three french Ships are still at Pontichery and propose to sail the 5<sup>th</sup>. of next month.

9. By the Frederick we learn that your Ship Susanna arrivd Bencoolen the 17<sup>th</sup>. of Octobr. and they did not doubt of dispatching her so as to save her passage, but by rea[son] of the Warrs in the Northern parts about Bantall, from whence the greatest part of the Pepper is supply'd th[ey] cou'd not venture to spare any towards the Frederick loading, they write us that the Abingdon clear'd all the Godown's of Salt Petre, and what redwood there was [left] they have sent us upon the Frederick which Ship is [now] ready kintelag'd and we will dispatch her in time [if poss]ible if not she must be a winter Ship, but we shall [be] able to determine th[is] matter by that time the Recovery sails.

#### SECONDLY CONCERNING GOODS SENT AND TO BE SENT FROM EUROPE.

10. We have little to add upder this head, only that we have sent Duplicates of our Warehouse and Storekeep<sup>r</sup>s. List of demands in this packett, and we see no Reason to make any Alteration, only desire that the Belts and other Leather furniture for the Military may be better taken care of, because those we have [lately] receivd are generally rotten and unserviceable by that time they come [to hand].

We desire

[Capt.

Looks.  
Glasses.

11. In Answer to what your Hon<sup>rs</sup>. wrote us [ . . . ] [con]cerning Mr. Gumleys looking Glasses on the [ . . . ] and Herne, we have particularly examin'd Cap<sup>t</sup>. Goug[h] who gives the following Acco<sup>t</sup>. Viz<sup>t</sup>. That those intended upon the Herne were not shipd that he knows of and that what he had aboard were consign'd singly to him; at Batavia in his passage to China he says he was credibly inform'd that he shou'd never be able to dispose of them and therefore Shipd them upon a Spanish Vessell bound to Manhila in hopes of finding a better Market there, the returns will be made by way of Batavia, and consequently it is not in our power to comply with yo<sup>r</sup>. Order; if your Hon<sup>rs</sup>. do not approve what the Gentlemen concern'd have done Mr. Gumley must make you Satisfaction, we find upon Strict enquiry that they were not sold in China nor brought hither; and we can assure you that there is no manner of demand neither in China nor here at present for that brittle Ware.

They are  
out of  
demand  
both [here]  
& in China.

#### THIRDLY TOUCHING INVESTMENTS IN INDIA.

12. The Cloth comes in very expeditiously upon the New Contract now at Fort S<sup>t</sup>. David, but the Washers having thro' Negligence or connivance been suffer'd to go to Pontichery with their Familys upon the french Ships Arrivall, that dammage is not easily to be repair'd, we have taken the properest methods we could think of to get a supply, but as they are raw [and] unexperienced in comparison of those that left us, the work goes but heavily on and we cannot submit to [have] the cloth so wretchedly cured as it was last Season.

The Cloth  
comes in  
expeditiously  
at  
Ft. St. David,  
but having  
lost some  
[of the]  
washers,  
that work  
goes [but  
heavily] on.

13. As soon as your Ships are dispatchd we shall immediately proceed upon a new Contract both here, at Fort S<sup>t</sup>. David and Vizagapatam in hopes of being able to load one of the biggest Ships you have abroad from hence in Sept<sup>r</sup>. tho the french comi[ng in] between us with such large stocks will be a great hin[drance] and prejudice to your Affairs.

When your Ships are dispatchd we shall enter upon a new Contract in order to provide for a large Ship next Sept<sup>r</sup>.

14. We [daily] expect a Vessell from Ingeram with about One hundred and Ninety Bales, having receivd Advice[s] over land of her being dispatch'd but the winds are set [in] southerly almost a month sooner than usuall.

We are in daily expect<sup>n</sup> of 180 Bales from Ingeram.

15. We have sent upon this Ship two bales of the finest Betteela's one of which of three Covids broad and hope th[at] will answer your Expectation, we expect more to come in, in time for the Recovery.

We send 2 Bales fine Pettiles  $\Psi$  this ship.

FOURTHLY TOUCHING THE TRADE OF INDIA IN GENERALL AND THERREIN ANY TRANSACTIONS WITH THE COUNTRY GOVERNMENT.

16. Under this head we have only to add that the Government round about us is peaceable and quiet that Serop Sing the Rajah of Chinjee is lately dead and a new Govern<sup>r</sup>. expected to Succeed him and they write us from Vizagap<sup>m</sup>. that their Nabob Habib Cawne is displac'd tis impossible for a worse to come in his room.

Serrop Sing lately dead, [&] Habib Cawne displac'd.

17. The Metchlepatam Merchants stand stifiy to their demands, we have never yet offerr'd them more than mention'd in our last but still hope to do something before the Recovery sails.

We send do nothg with ya. Metchm. Merchts. since our last.

18. We have receivd advices that two french Ships commanded by Mons<sup>r</sup>. Boyneau, which came from France by way of Peru took the Ship Jane in her Voyage to Tonqueen some time in June last and narrowly missd severall others of our Ships bound to China and Manhila, the Jane was admitted to ransom but we have heard nothing of her nor of the french since that time, however we hope by Virtue of the Cessation, and the peace concluded in Aprill to get the ransom excus'd.

We hear of one of our Ships being taken by Mons<sup>r</sup>. Boynor last June.

FIFTHLY TOUCHING FORTIFICATIONS, BUILDINGS, REPAIRS AND REVENUES.

19. What we see Occasion to add under this head is that we have in a manner done with tha[t] expensive Article [of] Building [here] till [we know your p]leasure concern[ing] proper Lodgings for your covenanted Servants, we shall endeavour to keep what we have done in good Repair.

We have done w<sup>th</sup>. ye. expensive article of Building till we hear further from you.

SIXTHLY TOUCHING FACTORS, WRITERS, OFFICERS & SOULDIERS & THEIR ACCOUNTS.

20. Upon this Ship we send M<sup>r</sup>. Patrick Johnston that came out upon the King William, with a Commission for Lieut<sup>t</sup>. under this Presidency, our former Letter by the Marlbr<sup>o</sup> as well as the Fort S<sup>t</sup>. David Diary and Consultations will show how unfit he is to carry a Commission in your Service, and in our humble Opinion he deserves a severer punishment than We are impower'd at present to inflict upon him, wherefore we are very glad to rid your Settlements as fast as we can of such ill principled and ungratefull Men, and hope you will be pleas'd for the future to make strict enquiry into the lives and Conversations of the Military Officers you send abroad because we are inform'd from good hands that this Gentleman had but a very loose Charecter in England and was only sent abroad to disburthen the family.

[Upon] this Ship comes Patrick [Jo]hnston, you have an Ascot. of his behav<sup>r</sup>. in our's  $\Psi$  Marl[br]o & ya. Ft. St. David Diary. care in ye. choice of Officers [from] home recommdet.

21. Not knowing what Alterations your Hon<sup>rs</sup>. may be pleased to make at this Board by the next Shipping on Acco<sup>t</sup>. of M<sup>r</sup>. Bulkleys laying down and the discoveries made relating to the Warehouse of which you had a full Acco<sup>t</sup>. by the Dartmouth &ca., we have determind not to fill up the vacancy's till we hear further from you.

22. In our Consultation of the 22<sup>d</sup>. ins<sup>t</sup>. Mess<sup>rs</sup>. Benyon & Warre late Attorneys to M<sup>r</sup>. Rob<sup>t</sup>. Raworth, deliverd a remonstrance and laid their Acco<sup>t</sup>. depending with him before the Board in order to justifie themselves for what they have acted in his affairs upon which we orderd a Committee of the Europe Comm<sup>dr</sup>s. and other persons skild in Acco<sup>t</sup> to examine them and report their observations thereupon, which is complyd with and the whole put into Such a method as will be easiest [unders]tood by such persons as you shall be pleasd to appoint to examine them, and sent in a stitch'd book apart in the pa[cket] N<sup>o</sup>. (37); the Gentlemen concern'd humbly request that if M<sup>r</sup>. Raworth shou'd load them in England with such foul Accusations as he has done in these parts of the world w<sup>th</sup>.out any manner of Reason, you will be pleasd to peruse and consider the true-state of the matter before you entertain an ill opinion of the proceedings, which they humbly think they are able to justifie before any Court of Equity in the world.

Raworth had any thing to object against it, but he refus'd so much as to look into it, and declar'd that he woud not correspond with us but clear himself of the Ballance before yo<sup>r</sup>. Hon<sup>rs</sup>. in England, which we know is impossible for him to do, hav<sup>e</sup>. chargd him with no one Article but what he is justly accountable for, and therefore we are determin'd to Secure all we can lay our hands on towards making You Satisfaction.

REMARKS UPON THE ACCOUNT OF CASH ANNEX'D.

TO THE HON<sup>ble</sup>. THE COURT OF DIRECTORS FOR AFFAIRS OF THE R<sup>oyal</sup>. HON<sup>ble</sup>. UNITED  
COMPANY OF MERCHANTS OF ENGLAND TRADING TO THE EAST INDIES.

Hon<sup>ble</sup>. S<sup>rs</sup>.

As to the Ballance brought from the month of June it is taken from the Fort S<sup>t</sup>. David Account of Cash as sent us up hither signed by M<sup>r</sup>. Raworth and the Secretary as having been pass'd in Consultation.

The Next Article of five thousand Pag<sup>as</sup>. M<sup>r</sup>. Raworth swears he will n[ever] own and that it is a fictitious Bill of Exchange impos'd [upon] him, but the rest of the Council acknowledge their h[ea]ds to it, and we are very good Judges of his writing, besides they advise us of the said Bill in their Generall Letter of the 26<sup>th</sup>. January, which leaves no room for a dispute since he has no where debted the Cash for the mony as will plainly appear by their Cash Acco<sup>t</sup>. for the last twelve months sent home by the Marlbrô.

As to the next Article of Seventeen hundred and three Pag<sup>as</sup>. we have wrote so fully concerning it in the Generall Letter that it needs no further explanation, only the point in dispute is, whether your Hon<sup>rs</sup>. will allow of a payment of that kind made the Dep<sup>ty</sup>. Gov<sup>r</sup>. singly to be good, if not, Matthew Weld is still Accountable [for] Equity, thô not worth a Pogoda in the world, 'tis our humble opinion that no payment of this kind ought to stand good unless made in Council, otherwise many such inconveniencys as these now before us may frequently happen.

The three subsequent Articles of Pag<sup>as</sup>. twelve hundred forty five and twenty six fan<sup>ams</sup>., Pag<sup>as</sup>. Seven hundred, and Pag<sup>as</sup>. Seven hundred eighty five and sixteen fanams are what M<sup>r</sup>. Raworth himself allows to have drawn upon us, but because the last of the three was drawn after we forbid them to draw any more, and we order'd the mony to be repaid out of y<sup>r</sup>. Cash, he pretends to credit his Acco<sup>t</sup>. of Cash, tho' he never repaid one Pagoda; as for the first Bill of Pag<sup>as</sup>. twelve hundred forty five and twenty six fanams, it was drawn before our Orders to the Contrary and therefore we paid it to M<sup>r</sup>. Henry Davenport, the Second article of Seven hundred Pag<sup>as</sup>. we accepted as being a dead persons Effects that died insolvent thô it is not yet paid in to the Mayors Court, however we think ourselves Answerable for it, as we always give a liberty on that Account.

The next Article of Pag<sup>as</sup>. two hundred one, ten fanams and three Cash as receiv'd by M<sup>r</sup>. Richard Harrison Paym<sup>nt</sup>. but he credits M<sup>r</sup>. Raworth for it as mony paid him out of Cash and M<sup>r</sup>. Raworth omits to credit M<sup>r</sup>. Farmer who paid it in According to Custom, so that he is undoubtedly Accountable.

As to the following Article of Pag<sup>a</sup>. Nine hundred paid in by Eram Rauz bound Renter, we can have no more than his Oath for it, since M<sup>r</sup>. Raworth never Sufferr'd any of [the] payments to be made in Consultation, but for private Reasons best known to himself compelled them to pay the mony privately, and that any Govern<sup>r</sup>. may very easily do, especially one of his Outrageous Temper, but there is one thing further to be remark'd that if Eram Rauz had not paid this mony, some complaint or Other wou'd have appeard and we can find none.

The next Article of three hundred pagodas needs no Explaining being a downright fraud as the mony was paid [in] Consultation & not enter'd in Cash, and sure [ly . . . ] tend but that the Cashkeeper is Accountable.

The two following Articles of six hundred sixty [seven] Pagodas and twenty four fanams, and Sixteen hundred sixty six pagodas & twenty four fanams, are exactly of the same Nature with the foregoing of nine hundred paid in by Eram Rauz we have their severall Oaths for the payment of the mony, copys of which come in the packet N<sup>o</sup>. (39), and we desire particular Orders concerning these Sums; the severall persons concern'd plead, that if they had refus'd payment, they must have fled your bounds, that in this Country they allways look upon the Govern<sup>r</sup>. as the Companys Representative, and did believe that they were safe in paying the mony to him; they are no rich men, th<sup>o</sup> very usefull in your Business, and we apprehend that obliging them to pay it over again wou'd be their utter Ruin.

The following Article of four hundred & fifty Pag<sup>a</sup>. we do find to be passd in a private Acco<sup>t</sup>. between M<sup>r</sup>. Raworth and Berriman, but that is not a regular payment, and if M<sup>r</sup>. Raworth does not make it good, it is our opinion that Berriman must whenever he is able.

The Next Article of Pag<sup>a</sup>. twelve hundred forty five, twenty two fanama and one Cash for customs not paid by M<sup>r</sup>. Raworth, plainly appears from the Custom house Book, the severall goods been shipd off, landed and enter'd in his Name and for the first and largest Article of Pag<sup>a</sup>. five hundred fifty five Pag<sup>a</sup>. four fanams & one Cash, Gov<sup>r</sup>. Harrison makes appear that he had paid it M<sup>r</sup>. Raworth in Acco<sup>t</sup>. and produces the Customers certificates that came hither with the goods to prevent him paying custom a second time here.

As for the Article of four hundred Pagodas Charges Garrison we think it very unreasonable to allow it him for defending the Fort against his Superiours and the Hon<sup>ble</sup>. Comp<sup>ss</sup>. Orders.

The last Article is the most Scandalous of all & needs no further remark than that he who refuses to be Accountable for such a ffund deposited in his hands for Charitable uses, will hardly ever stick at any thing else.

As for the Articles on the Creditor's side we allow [y<sup>e</sup>] Each having sufficient Vouchers, and therefore they need no further Remarks.

As for the Merchants Acco<sup>t</sup>. Curr<sup>t</sup>. enter'd at the foot of the Cash, we must defer giving judgment upon it till our Shipping is dispatch'd, and we have time for a thorough Examination, but by what we have seen, we fear he will be likewise indebted to them.

Thus we have fairly explain'd the Accompanying Cash Acco<sup>t</sup>. and if M<sup>r</sup>. Raworth can clear himself of the Ballance without paying the mony, he has a secret that we are unacquainted with. We are with all submission & Respect

To CAP<sup>t</sup>. HABBY GOUGH,  
COMM<sup>dr</sup>. OF SHIP STRETHAM.

Your Ship being full laden You are hereby orderd to repair on bo[ar]d, and with the first Opportunity of Wind and weather to proceed and make the best of your way for the Port of London, and whatever Port of Great Britain you arrive first at, we order you to send away your Purser with our Packet deliverd You in a Box markd [H] directed To the Hon<sup>ble</sup>. [the] Court of Directors for Affairs of R<sup>o</sup>. Hon<sup>ble</sup>. United Company of Merchants of England Tradeing to the East Indies, To whom your Ship goes consignd.

We likewise deliver you a flying Packett Letter B, w<sup>ch</sup>. you are to forward by Post or Express immediately upon your arrivall at any Port in Europe where Conveyance can be had, taking care to write yourself to the Hon<sup>ble</sup>. Directors w<sup>ch</sup>. an Acco<sup>t</sup>. of what has happen'd material in yo<sup>r</sup>. Voyage.

The Hon<sup>ble</sup>. Directors have complaind that while their Ships have been detaind in Ireland or Holland, they have wanted our Advices, tho at the same time the Commanders have had our positive orders to forward a small packet in the manner before directed, which we admire has not been obey'd and strictly enjoyn You once more to send away the pecket Letter B, as you will answer it to them on your Arrivall.

The Company's orders are that if any Ship shou'd be so late dispatch'd hence or that by any other misfortune she has no hopes of getting about the Cape, that they winter at Galle on the Island of Ceylon, and stay no longer there than the beginning of July; but if it so happens that they get up w<sup>ch</sup>. the Cape or near it, their Orders then are that they go to Mauritius to the South East side which is on the windward part of the Iland, where the Dutch had a settlement taking great care of your going in; 'tis further order'd that you do all possible to avoid going into the South West harbour or Carpenter's Bay, where tis likely the Pirats will look in; we are very credibly informd the Dutch have left the Island Mauritius so that you must be very carefull how you make it, & be always on your [guard] and keep constant looking out to prevent being surpriz'd securing yourself in the best manner you can during your stay there.

The Company have sent out a standing order to St. Helena to be inserted in all your Instructions, Viz<sup>t</sup>. that whoever of you touch there, that you [bring] your Ship to an Anchor before you come open with Ch[a]ppell Valley near Munders point if you do not meet with good Anchor hold sooner, and then send yo<sup>r</sup>. Boat ashore to give the Govern<sup>r</sup>. intelligence who you are, for he is orderd to let no Ship pass that point and come into the Road, before he knows what they are and whence they come, and if any Ship shoud attempt to break this Order the Govern<sup>r</sup>. has the Companys positive orders to fire on them.

We strictly enjoyn you as formerly not to come near any Ship at Sea if possible to be avoided, unless you have secure signalls concerted [before hand, as there may be pirats abroad as formerly.

You must allway keep the severall packets herewith deliver'd you at hand. and in case you are in danger of fa[l]ling into the Enemies hands, you are to throw them over board with all private Letters in your Ship, we wish you a prosperous Voyage and date these in Fort S<sup>t</sup>. George this 31<sup>st</sup> day of January 1714.

GENERAL LETTER FROM FORT SAINT GEORGE TO THE COMPANY PER RECOVERY.  
FEBRUARY 11, 1714. [*Public Despatches to England, Vol. 3, pp. 261-263.*]

TO THE HON<sup>ble</sup>s, THE COURT OF DIRECTORS  
FOR AFFAIRS OF THE R<sup>oy</sup>. HON<sup>ble</sup>s. UNITED  
COMP<sup>ny</sup>. OF MERCHANTS OF ENGLAND  
TRADEING TO THE EAST INDIES.

By Ship  
Recovery  
Capt.  
Richard  
Heathfield.

HON<sup>ble</sup>s. S<sup>rs</sup>.

Our last to your Hon<sup>rs</sup>. was dated the 31<sup>st</sup> Ult<sup>o</sup>: by Ship Stretham dispatchd hence the 1<sup>st</sup> ins<sup>t</sup>. thō the Winds hung so contrary that she did not get out of Sight till the 3<sup>d</sup> following; We wish her a speedy and safe Arrivall, & shall add what has occur'd of moment since, passing over those heads under which we have nothing to write.

Our last was  
By Stretham.

FIRST CONCERNING SHIPPING SENT OUT & RETURN'D.

2. This comes by the Recovery fully laden as by the Accompanying Invoice Amounting to Pagodas Eighty two Thousand Nine hundred fifty, Eleven fanams & seven Cash. The Frederick is ready kentilag'd and we will [—] night and day to dispatch her, but there have happend so many disappointments that we cannot be sure [she] will save her passage; great part of the Vizagapatam Goods are unexpectedly and contrary to promise com[ing] brown, when our washers hands are full of our own cloth, and one hundred Bales less than we depended [on] we have already informd you how our washers were [sent] from us at Fort S<sup>t</sup>. David, which has been so great a hindrance, that from the beginning of November (at which time the Merchants began to bring in goods upon the[ir] Contract) they have been able to wash no more than the hundred Bales, we can only say that no Endeavou[r] be wanting, and we are in a manner certain to [fit her] up in all this month so that her passage about the Ca[pe] depend chiefly [upon] the good performance of the Ship & the Resolutions [of] the Cap<sup>t</sup>. & officers, whether they will[ ] for it or no [so late] in the Season.

The  
Recovery's  
Invo. amts.  
to Pag.  
82950: 11: 7.

The dispatch  
of the

thro Sevill.  
Disappoint-  
ments.

3. The French Ships saild from Pontichery the 6<sup>th</sup> ins<sup>t</sup>. in the morning, having on Board about fourteen hundred Bales of Callicoes of this Coast, the most part midling long-cloth and a good quantity of Oringall Betteelaes, the late Govern<sup>r</sup>. of Pontichery M<sup>r</sup>. Hebert w<sup>th</sup>. his Son, & M<sup>r</sup>. Raworth are gone Passengers upon them.

chiefly  
carried.

THIRDLY TOUCHING INVESTMENTS.

4. Our last Investment is very near compleated, that is, the Cloth is in our bounds, but the Washers cannot go so fast as our present Occasion requires without spoiling y<sup>e</sup> Cloth.

Our last  
Investment  
near  
Compleated.

5. Our Merchants have brought a parcell of Long cloth and Sallampores from the Tanjore Country near Trincombar for a triall, which appearing to us to be very good of the kind, we have bought it for ready mony and now send Twenty two Bales upon this Ship under the Letter T to see how it proves & if it should answe<sup>r</sup>. Expect<sup>r</sup>. a greater quantity may be procur'd.

We send 22  
bales of  
Tanjore  
cloth for a  
tryall, w<sup>ch</sup>.  
if answe<sup>r</sup>  
we can  
procure  
more.

[We] send  
likewise 5  
Bales of  
[fine]  
Madrapauk  
Bettelas.

6. We have likewise sent five bales of fine Madrapauk Bettela's one of which is three Covids broad, but not so fine as what sent on the Stretham, the French interposing and giving greater prizes than Ordinary has made these goods difficult to be procur'd.

FIFTHLY TOUCHING FORTIFICATIONS, BUILDINGS & REVENUES.

Subscription  
to ye. new  
[Hos]pittall  
comes in ye.  
Packet.

7. All we have to add under this head is, that According to promise we now send the Subscription to the New Hospittall, which if Voyages come out well this next Season will be very considerably encreas'd.

SIXTHLY TOUCHING FACTORS & WRITERS, OFFICERS & SOULDIERS & THEIR ACCOUNTS.

[Ay]nsworth  
comes upon  
[this ship].

8. There has happen'd no Alteration under this head, only Fleet Aynsworth writer, of whose irregular Behaviour we have given an Acco<sup>t</sup>. in our former Letters comes passenger upon this Ship, and we can find no other way to reform loose Livers, but by letting them [see] we are in [Ear]nest and will put your orders in Execution.

SEVENTHLY TOUCHING ACCOUNTS.

We send a  
List of  
Debts due  
from Mr.  
Rawth, to  
yo<sup>r</sup>. Hon<sup>rs</sup>.  
& others.  
We have  
warranten  
his Attor-  
neys  
for paying  
in the  
Balce, of  
wt. remain  
in their  
hands.  
We send  
likewise a  
Dup<sup>te</sup>. of  
his Acco<sup>t</sup>.  
stated by  
Arbitration,  
by wch, it  
will appear  
how basely  
he has  
wrong'd us.

9. According to promise we send yo<sup>r</sup>. Hon<sup>rs</sup>. [a list of debts and] Mr. Raworth appears justly indebted to you [and other] persons except the Article of Interest which [we leave] Blank in Expectation of your further order's, you [are] to observe in our Consultation of the first Feb<sup>r</sup>. that [we] have warranten his Attorneys for paying in the Bal[lance] remaining in their hands into yo<sup>r</sup>. Cash, and if we can find any thing more belonging to him we shall not fail [to] secure it, th<sup>o</sup> he has already publickly charg'd us with plundering his Estate when we have only been doing our duty in [ob]ligeing him to make restitution for plundering yours, and we are of Opinion he cannot make appear by any fair Acco<sup>t</sup>. that ever he was master of an Estate or anything like it, we send in the packet a Duplicate of his Acco<sup>t</sup>. [sta]ted by fair Arbitration from the time of your Presidents Arrivall, by which it will appear how basely he has wrong'd this Board the Govern<sup>r</sup>. in particular, Mess<sup>rs</sup>. B[ernard] Benyon & William Warre his last Attorneys.

We send an  
Acco<sup>t</sup>. of  
wt. pass'd  
between Us  
& Pontichery, to  
lay that  
matter  
before you  
in one view.

10. We likewise send in this packet an Acco<sup>t</sup>. of what passed between us and the Gentlemen at Pontichery in [order] to lay that Matter before your Hon<sup>rs</sup>. in a true light at one view which must otherwise have picked out of the Letter books with farr greater Trou[ble], We flatter ourselves that we have the Advantage of [them] in the Argument and that they have done what will [never] be approv'd by such as have any true regard to the saf[ety] of Commerce in these parts of the world.

The Metohm.  
Merch<sup>ts</sup>.  
seem more  
tractable,  
They have  
had  
encouragem<sup>t</sup>.  
given them  
of recover-  
ing their  
debt by suit,  
but we have  
disswad'd  
them from  
such a  
project.

11. We are very glad to acquaint your Hon<sup>rs</sup>. that Metchlepatam Merchants seem more tractable upon the [despatch] of this Ship, they have had some extraordinary Encourage[ment] given them from England to expect the whole debt, and Interest, if they wou'd give full power to Sue, but [we are] so well satisfied [that] of the inconveniencys & disappointments that wou'd attend [their] proceeding in that [ . . . ] to have lain all [that to be set] aside, & as soon [ . . . ] promise [ . . . ] to [ . . . ].

## EIGHTHLY TOUCHING THE WEST COAST.

12. Not having wrote any thing in our former Letters under this head we shall now collect the most material passages out of your Dep<sup>y</sup>, Govern<sup>r</sup>. & Councill's Letter to Us by the Frederick with the substance of our Answer and what measures we have taken to Supply them.

Ltr from  
West Coast.

13. But first we must observe in their copy of what wrote your Hon<sup>ty</sup>. by the Abingdon, that they have begun a new method of drawing Bills home upon You at the Rate of six Shillings & Dollar, which we know not well what to say to, having no directions on that Article, but we shall by the next conveyance require them to forbear drawing any more till they know your pleasure.

[We] observe  
they have  
drawn on you  
at 6s. & Dollr.  
wh. [we]  
shall forbid  
till we know  
yor.  
[p]leasure.

14. Under the head of Shipping they write us, that on the 21<sup>st</sup>. of June they hired the Elizabeth Brigantine for the Bantall service, which we thought very strange considering the Abingdon was there and had lain idle from the time of her Arrivall in March, we have represented this matter to them and forbid it's being so any more.

[Report]ing  
their hiring  
ye. Eliza.  
[Bri]gantina.

15. They complain that Several Stores intended for them by the Susanna, were taken out by the Gov<sup>r</sup>. & Councill of St. Helena, which is a great disappointment and therefore we hope you will be pleas'd to forbid it hereafter.

[They]  
complain of  
Stores  
designd  
[for them]  
& Susanna,  
taken out  
[for St.]  
Helena.

16. We have directed them instead of advising your Hon<sup>ty</sup>. w<sup>t</sup>. Tonnage they can be able to dispatch, to mention only how many [Bahar of Pepper] can be depended on and to leave it to you to suit the Tonnage; we observe the Abingdon took the Advantage of putting out her iron Keutillage & thereby carried home an unprofitable quantity of Salt Petre.

We directed  
them to  
men[ti]on  
yor. Hours.  
we pepper  
they can  
[send]  
leaving ye.  
Tonnage  
to you.

17. We have acquiescd to their keeping your Ship President for the use of that Coast, not knowing how she can be better employ'd they press us very earnestly for more vessells from hence, which will be very chargeable, and therefore we press them as much to procure Sloops if possible from Batavia we hope to send them [in] this season for a tryall and when we see the Acco<sup>ts</sup>. [we will be] able to judge whether or no y<sup>e</sup>. [ . . . ] make [ . . . ] the Expence.

Ag<sup>ts</sup>. [to  
their keepe.]  
ye. Preside.  
[and pressing  
for more  
Vessels.]

18. We cannot forbear once more desiring the [ . . . ] annually touch here before she proceeds for the West Coast [for] otherwise your Affairs cannot be carried on with so mu[ch] exactness and frugality as they ought to be, we have at present no trade to the West Coast, and consequently whenever there is the least Occasion to transport Soldiers. Stores and Ammunition a Vessell must be equip'd out on purpose and will cost a considerable sum of Mony, whereas when one of your Ships arrives here in May or June, we shall [see] what provision you have made of Covenanted servant[s] and by our last advices from thence we can add what we find will be wanting and no more, in the next place by knowing how many soldiers you send out, we can the better judge how many it will be necessary for us to send from hence, as a supply till the Ensuing season, for it may sometimes happen that great part of them die in the [Voy]age, further by knowing what stores you are pleas'd to send from England we shall by their last list of dema[nd] know what will be necessary to supply them with, and this will be done at once without any extraordinary [cost] besides the Benefit of carrying over as many Bales as [we] supply the market for a twelve month.

We again  
desire yor.  
Hon<sup>ty</sup>. to  
order [some]  
of yor. We  
Coast Ships  
to touch  
here in her  
way.

The  
Conveni-  
encies that  
will attend  
it &  
advantage  
it will be  
to yor. Aff<sup>r</sup>.

19. We must further hint to your Hon<sup>ty</sup>. that be the m[ortality] never so great, [we d]are not hazard any Considerable Number of Men upon our Country Vessells, since [they ge]nerally go with an ill will, and that may be attended with the worst of Consequences.

There has been a great Mortality among them this year. We have sent over one Thos. Clopton 4th. & James Morris Factor to their Assistance.

We have supplyd them with a Surgeon & mate also 16 Soldiers (being as many as we dare [venture] on a Country Ship, all wch. with Ye. Stores wrote for, went [?] Dolbin. Copper Cash are made Curr.

[Better] they may be supplyd direct from England.

[Many] unhappy differences [among] Natives in ye. Northn. [parts] for composing wch. [requires] necessity for us to [interpose].

We have rec'd their Cash acct. [to] ye. 1st. Novembr. Ye. balloe. of wch. is Dollrs. 60584. 2 - 86, also their Books wch. we have not [now] time to examine.

We have accepted their Bills [?] Frederick amos. to Page. 3549-36.

Capt. Phrip's opinion of the Depty Governr.

20. There has been this year a raging Pestilence tha[t] swept away most of your Military, and the greatest [part] of your Covenanted Servants, and M<sup>r</sup>. Collet complain[ing] very much for want of able assistance, we have [provided him] with one M<sup>r</sup>. Thomas Clopton free Merchant of this [place] a sober, staid & sensible Man, well vers'd in Acco<sup>ts</sup>. to [be] fourth in Council and one James Morris a young [man] very well qualifi[ed] for Business to go as a Factor, and we are forc'd [ . . . ] because the good usefull [ . . . ] our own [ . . . ] than [strange] affairs, and as for the Other Sort they desire us by no means to send them, Since they may happen by sudden Mortality to arrive at trusts, which they are no way capable of discharging.

21. We have likewise supplyd them with a Surgeon and Surgeon's Mate, there being but one Man upon the Coast of that Faculty, and he at death's door when the Frederick came away; Sixteen Soldiers were as many as we durst venture upon a Country ship, and all these together with the Stores they wrote for, are shipd upon the Dolbin that touch'd here by Accident in her Voyage from Bengall to Batavia, so that we shall have the Business done for a small matter, which woud otherwise have stood us in a Considerable sum of Mony.

22. The Affair of Copper Cash is very well settled and they go as Curr<sup>t</sup>. as any other mony, the Supernumerary quantity being sent us over by the Frederick, as also the remainder of their Fanams.

23. We beg you will be pleas'd to supply the Coast with as many Stores as possible directly from England, for they draw more from us than we are able to supply without prejudicing ourselves.

24. There is an unhappy disturbance among the Natives in the Northern Settlements, which is a great hindrance to the increase of pepper, much the larger quantity usually coming out of those Rivers, the quarrell is of a long standing between the hereditary Prince and the Rajahs, and our own people have been too buisy in fomenting the differences for private Ends of their own, your Present Dep<sup>ty</sup>. Gov<sup>r</sup>. has endeavour'd to compose them by ffair Means, but not being able to succeed, necessity now requires him to interpose with a sufficient force, or else both the Pepper Plantations and your Settlements will be entirely ruin'd, Cap<sup>t</sup>. Richard Phrip having been present when this Affair was debated at Bencoolen will be able to give your Hon<sup>rs</sup>. a particular account [of the] Condition your Northern Settlem<sup>ts</sup>. are in, and the [necessity] there is for us to interpose.

25. We received the West Coast Acco<sup>t</sup>. of Cash, [ . . . ] Fredericks coming away which was the 1<sup>st</sup> Novemb<sup>r</sup>. our [Europe] dispatches will not at Present permit us to examine the Bo[oks] we have receiv'd, but we shall immediately set about it as soon as this Ship is saild, the Ballance of their Cash was Fifty thousand five hundred Eighty four Dollars, two fan<sup>s</sup>. & Eighty six Cash, besides the goods remaining in [their] Godowns which we sent them by the Frederick.

26. We have Accepted and promis'd payment of severall B[ills] of Exchange drawn on us by the Frederick amounting to Dollars five thousand six hundred Seventy nine, three fan<sup>s</sup>. and forty two Cash at Sixteen Dollars to Ten Pag<sup>s</sup>. make three thousand five hundred forty nine Pag<sup>s</sup>. and thirty fi[ve] fanams and is for the Acco<sup>t</sup>. of decesad Persons Effects sold and the money paid into your Cash in Specie, wich Cap<sup>t</sup>. Phrip Assures us to be true, and that he does believe the present Dep<sup>ty</sup>. Gov<sup>r</sup>. a Man of so much integrity and uprightness in his Actions, that he woud never be guilty [of] such practises as were frequent with his predecessors.

27. In our Letter by the Frederick we found fault [with] Exchange at Sixteen Dollars for Ten Pag<sup>a</sup>. for which [they] have now given us a Satisfactory Reason; which is [that] formerly all sort of light pieces were taken in at sev[er]al by Tale upon which they found a great loss when they [had] to pay them away by weight and therefore to make [quantit]ys easy they take in none but by weight of sevent[een] & half penny w<sup>th</sup>. at sixteen Dollars for ten Pag<sup>a</sup>. which [is] very moderate Exchange hither.

They have given us Satisfactory reasons for their altering <sup>the</sup> Exch<sup>g</sup>. from 17 to 16 Doll<sup>rs</sup>. for 10 Pag<sup>a</sup>.

28. In the 20<sup>th</sup> parag<sup>r</sup>: of their Letter by the Frederick [they] earnestly press us for a few Chests of Mexico Dollars to [pur]chase pepper or else that we will give them a liberty on us as Opportunity offers, otherwise they shall be [reduced to] great Streights before Supply can come from [Europe] we have return'd [Answer by the Dolbin, that we have [no Mex]ico Dollars by us [nor] indeed any money appropriate [for the] Service of that [Coast] however we have permitted the [ . . . ] they find a [ . . . ] being reduc'd to want [ . . . ] the next [Ship] [a line lost] draw [ . . . ] dollars which we reckon sufficient for one Ships Cargo of Pepper, and this ill convenience will be remedied if one of your Ships touches here outward bound, by which means we shall know what Stock you send & whether any further Supply will be necessary from hence.

They press us for Mexico Doll<sup>rs</sup>. or else to give them to draw w<sup>th</sup>. opportunity offers.

Wob. considers. yo. ill consequences of a restraint, we have agreed to as far as 12,000 Dollars. ill convenience will be [re]medied by one of yo<sup>r</sup>. Ships touching here.

29. The Affairs of this Coast in generall have taken quite a new turn under the Management of M<sup>r</sup>. Collet; the people all round about them are entirely satisfied with his conduct and even Temper, the Pepper Plantations are wonderfully increas'd and if it pleases God to continue his health, there is no doubt but you will reap a Considerable benefit from these happy alterations, however we hope You will consider the uncertainty of the Climate and make some Provision of Persons endow'd with the same good Qualities to succeed him in case of Accidents, otherwise we must always be supervising from hence which will be a chargeable article attended with many other inconveniencys. We have no more to add at present except our Sincere wishes that your trade may flourish, and with the greatest Respect, We are,

The good Effects in generall of Mr. Collets management.

We have receiv'd yours dated the 18<sup>th</sup> Novemb<sup>r</sup>. 1712 and June the 29<sup>th</sup> 1713. the Ships that fill up here this Season had their Tonnage for your Place put aboard them in Bengall for which Reason we have no opportunity of sending you any thing from hence.

If you had look'd into the Invoice by the Howland [be]fore your Letter was wrote you wou'd have seen sixteen ha[lf] Leagers of Arrack and then there had been no occasion for [the] word, Crop'd, which is a term of the Cooper's Art unknown [ & ] unpractis'd here.

We shall take care to send you a muster of Arrack [ . . . ] up hereafter, and what else we have orders to supply you [with] shall be both good and Serviceable when you tell us for what.

We know very well you are not depehdant on us, [how]ever we address to you in the same stile that we find upon our Register to your Predecessors and so we must [con]tinue to do till our R<sup>t</sup>. The R<sup>t</sup>. Hon<sup>ble</sup>. [Directors have complaind] that while the Ships have been detaind in Ireland or Holland they [have] wanted our Advices thò at the same time the Commander[s] have had our positive Orders to forward a small packet [in] the manner before directed, which we admire has not been obeyd and strictly enjoyn you once more [to send] away [the] Packet Letter B, as you will answer it to them on yo<sup>r</sup>. Arrivall.

The Companys Orders are that if any Ship [by . . . ] should be [so late] dispatched from hence or if that by any other misfortune [she has] no hopes of getting about the Cape, that they then [winter] at Galle on the Island of Ceylon, and stay no longer there than the beginning of July, but if it so happens that th[ey] get up with the Cape or near it, their Orders then are [that] they go to Mauritius to the South East Side, which is [on the] Windward part of the Island where the Dutch had a settlement, taking great care of your going in; Tis further order'd that you do all possible to avoid going into the [North] West Harbour or Carpenters Bay, where<sup>t</sup> tis likely [the french] will look in; We are very credibly inform'd the [Dutch] have let the Island Mauritius, so that you must [be very] carefull how you make it, and be always on your [guard] and keep constant looking out to prevent being su[rprized] securing yourself in the best manner you can during [your] stay there.
