## PREFATORY NOTE

---

This volume contains all Letters and papers received from England in 1747-1748. The documents are printed in the order in which they are found in volume No. 51 of the series known as "Public Despatches from England".

The years adopted in dating the letters are what are called "Old Civil Years", and to convert a date of that old style into the corresponding historical date, the following rules should be observed:—

- (1) When any day from 1st January to 24th March (inclusive) is followed by figures denoting a single year, add one to them.

*Example*—25th February 1690 = 25th February 1691.

- (2) When any day from 25th March to 31st December (inclusive) is followed by figures denoting a single year, make no alteration.

*Example*—25th June 1690 = 25th June 1690.

- (3) When any day in the year is followed by figures denoting two years, adopt the second of these two.

*Example*—25th February 1690-91 = 25th February 1691.

25th June 1690-91 = 25th June 1691.

The original manuscript volume has been mended in this office and is in a fair state of preservation.

12th September 1931.
