PREFATORY NOTE

VOLUME XVI

The extracts from oral evidence contained in this volume cover the more important portions of the evidence given, in the presence of the Press, by non-officials* in the following Provinces : Bombay, Punjab, North-West Frontier Province, Delhi, United Provinces, and Bihar and Orissa. Volume XVII contains that given in the Provinces of Assam, Bengal, Burma, Madras, and the Central Provinces.

In nearly every case the witnesses had previously submitted written memoranda; these documents formed the basis of their examination, and are printed at the beginning of their oral evidence.

A few of the written memoranda on which oral evidence was not taken, are also included in this volume.

As explained in the preface to Volume I of the Commission's Report, all evidence was taken by a Joint Conference consisting of the Statutory Commission, the Indian Central Committee and, in all the Governors' Provinces except the Central Provinces, a Provincial Committee. A list of the members of these Committees is given on page iv.

References in the evidence to pages of the various written memoranda have been altered to correspond with the paging in the present volume.

The Commission have suggested that the full text of the evidence given in the presence of the Press, including portions omitted from the present volume as being of less importance, and also copies of non-official memoranda not printed in these volumes, should be made available for inspection in London and India, and it is understood that this will be done.

- * Including officials, speaking for Service associations in their personal capacity, and not representing views of Government.
