## CONTENTS

Summary .....	112
Introduction .....	113
Methods .....	113
Manufacture of blue cheese .....	113
Manufacture of cheddar cheese .....	114
Plating cheese .....	114
Determination of pH .....	115
Determination of moisture and salt .....	115
Preparation of mold powder .....	115
Experimental .....	115
Black discoloration of blue cheese .....	115
General observations .....	115
Historical .....	115
Experimental .....	116
Identification of dark mold .....	118
Additional observations .....	118
Discussion .....	118
Gas formation in blue cheese .....	119
General observations .....	119
Historical .....	119
Experimental .....	120
Trial 1 .....	120
Trial 2 .....	121
Trial 3 .....	122
Trial 4 .....	123
Discussion .....	123
Soft edge defect of blue cheese .....	124
General observations .....	124
Experimental .....	127
Trial 1 .....	127
Trial 2 .....	127
Trial 3 .....	128
Trial 4 .....	129
Trial 5 .....	129
Comparative analyses of normal and defective cheese .....	129
Discussion .....	132
Lack of mold growth in blue cheese .....	133
General observations .....	133
Experimental .....	135
Trial 1 .....	135
Trial 2 .....	136
Trial 3 .....	136
Identification of mold in defective powder .....	137
Discussion .....	137
Gray discoloration of blue cheese .....	138
General observations .....	138
Historical .....	139
Experimental .....	141
Additional observations .....	144
Discussion .....	144
Literature cited .....	146
