BY THE SAME AUTHOR.

The History of Rome,

From the Earliest Times to the Period of its Decline. By Professor THEODOR MOMMSEN. Translated (with the Author's sanction and Additions) by the Rev. W. P. DICKSON. With an Introduction by Dr. SCHMITZ.

The POPULAR EDITION, in 4 vols. crown 8vo, £2:6:6; or sold separately—Vols. I. and II., 21s.; Vol. III., 10s. 6d.; Vol. IV., with Index, 15s.

Also, a LIBRARY EDITION, in 4 vols. demy 8vo, 75s. These Volumes are not sold separately.

'Dr. Mommsen is the latest scholar who has acquired European distinction by writing on Roman History. But he is much more than a scholar. He is a man of genius, of great original force, and daring to the extreme in his use of it; a philosopher in his power of dealing with facts; a painter in his power of reproducing men; witty, with a dash of poetic fancy; and humorous after a dry, sarcastic fashion, which, combined with his erudition, recalls Scott's Oldbucks and Bradwardines. His elaborate portrait of Caesar is, we venture to say, one of the best pieces of biographical delineation that this century has produced. Dr. Mommsen's style of character-drawing is his own. He neither reveals a face by lightning flashes, like Mr. Carlyle, nor sets it in a framework of epigrammatic oil lamps, like Mr. Lamartine, nor dashes it off with bold crayon-strokes, like Lord Macaulay. But his keen and rather naturally satirical genius softens in the presence of what he admires. He analyses skilfully, describes with fine pencil-lines, and colours with a touch that is not too warm, and yet quite warm enough to give the hues of life.'—PALL MALL GAZETTE.

'Since the days of Niebuhr, no work on Roman history has appeared that combines so much to attract, instruct, and charm the reader. Its style—a rare quality in a German author—is vigorous, spirited, and animated. Professor Mommsen's work can stand a comparison with the noblest productions of modern history.'—DR. SCHMITZ.

'An original work from the pen of a master. The style is nervous and lively, and its vigour fully sustained. This English translation fills up a gap in our literature. It will serve as a sample of historical inquiry for all ages and all lands.'—WESTMINSTER REVIEW.

'A work of the very highest merit; its learning is exact and profound; its narrative full of genius and skill; its descriptions of men are admirably vivid. We wish to place on record our opinion that Dr. Mommsen's is by far the best history of the decline and fall of the Roman Commonwealth.'—TIMES.

'The best history of the Roman republic, taking the work on the whole—the author's complete mastery of his subject, the variety of his gifts and acquirements, his graphic power in the delineation of natural and individual character, and the vivid interest which he inspires in every portion of his book. He is without an equal in his own sphere.'—EDINBURGH REVIEW.

'Mommsen's History of Rome is so fine that I count all minds graceless who read it without the deepest stirrings.'—GEORGE ELIOT.

ANCIENT HISTORY.

AT ALL BOOKSELLERS.

THE HISTORY OF ANTIQUITY.

From the German of the late Professor MAX DUNCKER, by EVELYN ABBOTT, M.A., LL.D., of Baliol College, Oxford. In 6 vols. demy 8vo. Each Volume can be obtained separately, price 21s.

'The History of Antiquity' is a faithful record of the form of culture earliest attained by mankind. Besides including the book of Genesis in its historical progress, and indicating as far as inference and sure analogy allow each phase and period of that remote epoch, its duty is to unite the culture of the ancient Orientals with that of the nearly allied Greeks; to gather together the fragments of monuments; to unravel truth from the tangled web of tradition woven around each prominent life; to place before our eyes a distinct picture of the East, with its religion and social state, its art and its industry; and to investigate its political struggles and earnest fanaticism. At the present day, more than at any previous time, historical research is aided by the study of ancient monuments. Egyptian, Babylonian, Assyrian, Syrian, and Persian tablets have been deciphered, and Roman and Greek inscriptions collected, which, while diversifying the subjects, have yet had the same purpose in view, that of educing from the darkness of tradition the light of the life of that remote period—so that he who runs may read.

Such is the task undertaken by Professor Duncker in writing his 'History of Antiquity.' He has spared no pains to make the results of his investigations trustworthy, and the most unwearied patience and labour have characterised the researches which he has enriched and enlivened by his erudition, before presenting them to his readers. 'He understood how to throw fresh light on the subject, and how to enrich it from the stores of his profound historical and political knowledge,' remarks an able critic. 'His work will be perused with eager avidity, and the unlearned as well as the learned will read his book with enjoyment and delight.'

'My narrative embraces those independent civilisations of the ancient East which came to exercise a mutual influence on each other. First we follow the kingdom on the Nile and the kingdoms of Hither Asia as far as the point where the nations of Iran began to influence their destinies. Then I attempt to set forth the peculiar development of the Aryan tribes in the valleys of the Indus and the Ganges, down to the times of Ishandragupta and Azoka. Then follows the history of the Bactrians, the Medes, and the Persians, until the period when the nations of the table-land of Irana were united by Darius with the countries of Western Asia; when Aryan life and Aryan civilisation have gained the supremacy over the whole region from Ceylon to the Nile and the Hellespont. The forms of life among the great kingdoms of Asia are finally brought face to face with the more youthful civilisation attained by the Hellenes in their mountain cantons. This new development we follow down to the first great shock when East and West met in conflict, and the Achemenids sought to crush the Hellenes under the weight of Asia. With the failure of this attempt my history of the ancient world concludes.'—AUTHOR'S PREFACE.

THE HISTORY OF ROMAN CLASSICAL LITERATURE.

By R. W. BROWNE, M.A., Ph.D., late Prebendary of St. Paul's, and Professor of Classical Literature in King's College, London. A new Ed., in demy 8vo, 9s.

'Professor Browne is not only a classical scholar, but one of the most graceful of English modern writers. In clearness, purity, and elegance of style, his compositions are unsurpassed; and his sketches of the lives and works of the great authors of antiquity are models of refined taste and sound criticism. We esteem very highly the value of a work like this. It is the result of great research and profound study; but it is also popular and entertaining.'—MORNING POST.

THE HISTORY OF GREECE.

From the Earliest Time down to 337 B.C. From the German of Dr. ERNST CURTIUS, Rector of the University of Berlin. By A. W. WARD, M.A. In 5 vols. demy 8vo, with Index, 90s.; or each Volume separately, price 18s.

'A history known to scholars as one of the profoundest, most original, and most instructive of modern times.'—GLOBE.

'We cannot express our opinion of Dr. Curtius's book better than by saying that it may be fitly ranked with Theodor Mommsen's great work.'—SPECTATOR.

THE HISTORY OF GREECE.

From the Earliest Times to the overthrow of the Persians at Salamis and Plataea. From the German of Professor MAX DUNCKER. In demy 8vo (Uniform in size with 'The History of Antiquity.') Vol. I., translated by S. F. ALLEYNE, 15s. Vol. II., translated by S. F. ALLEYNE and Dr. EVELYN ABBOTT, 15s.
