The author wishes to acknowledge his indebtedness to Rao Bahadur B. Viswanath, F.I.C., F.C.S., F.N.I., Imperial Agricultural Chemist and Director, Imperial Agricultural Research Institute, New Delhi, for guidance and suggestions in connection with this work. His grateful thanks are also due to Rao Bahadur C. V. S. Narasimha Raju Garu, B.A., B.L., President, The Etikoppaka Industrial and Credit Society, Ltd., for deputing him to carry out these investigations, and for placing at his disposal the Etikoppaka Sugar Factory where the laboratory findings were tested.
