332	1,908	40	1,497	1,537	371	155	4,389	1,036	(a) The difference of Rs. 3 is due to the fact that the amount over-realised in 1922-23 was Rs. 8 and not Rs. 5 as shown in the last year's appendix. (b) Includes Rs. 15 paid in advance. (c) Includes Rs. 6 on account of unrecovered interest of last year and not included in last year's figures. (d) The difference of Rs. 156 is due to the refund of undischarged sum of Rs. 122, which was not shown in the appendix for 1922-23, and a refund of Rs. 34 during 1923-24.

GOVERNMENT OF BENGAL.

REVENUE DEPARTMENT.

Land Revenue.

CALCUTTA, THE 25TH NOVEMBER 1924.

RESOLUTION—No. 9510.

READ—

The Report of the Board of Revenue on the Land Revenue Administration of the Presidency for the year 1923-24.

THE office of the Member of the Board of Revenue was held by Mr. F. C. French, C.S.I., from the beginning of the year under report up till 18th June. He was succeeded by Mr. K. C. De, C.I.E., who remained in office till the 19th November. Mr. D. H. Lees, C.S.I., held the office during the rest of the year.

2. It is not easy to make a general estimate of the material condition of the people of so large an area as Bengal, but the opinion of the Board of Revenue is that the agricultural population on the whole did not fare badly in the year under review. The labouring classes continued to be benefited by high wages, but middle class people with fixed incomes again suffered from the high prices of necessaries.

3. The collection of land revenue was on the whole satisfactory. The current demand showed a decrease of about Rs. 4,32,000, but this was only apparent, as the demand for the previous year had been inflated by the inclusion of a portion of the revenue payable on account of the year 1921-22 in respect of temporarily settled tea estates and jotes in the Western Duars in the district of Jalpaiguri.

4. The cost of management of Government estates has risen owing to the increase in pay granted to the staff, and this has made it impossible to devote sufficient funds to agricultural and other improvements. Government, however, hope in future to allot to the Board of Revenue 13½ per cent. of the estimated collections from Government estates to defray the expenses of management and improvement, instead of the 12 per cent. now allowed. At the same time it is expected that the recent decision to replace Sub-Deputy Collectors by settlement kanungos in certain offices in Government estates will reduce expenditure on management and make more money available for improvements.

The interesting summary of twelve years' colonization work in the Sundarbans in the district of Bakarganj is a special feature of this year's report. It shows very satisfactory progress, and the Governor in Council is pleased to note the praise accorded by the Board of Revenue to the colonization officer, Khan Bahadur Quamaruddin Ahmad. Out of a total area of 178 square miles, 102 square miles have been fully colonized, assessed, and made over to the khas mahal department. Work is in progress in 63 square miles, and only 13 square miles still remain under virgin forest. The present annual demand of the assessed area is Rs. 91,000, and this will ultimately rise to Rs. 2,11,576. The expenditure incurred on the work from the commencement up to the end of the year 1922-23 amounts to Rs. 10,06,090, of which Rs. 8,91,555 has already been recovered in the form of rent and other receipts.

5. The Board of Revenue have again remarked on the not very satisfactory relations between landlord and tenant, and the prevalence of the practice of levying *abwabs* and illegal cesses. Such conditions, however, in the opinion of the Governor in Council, are far from being universal, and it is to be remembered that good management is less likely to come to notice than bad.

There is also good reason to believe that the publication of records of rights in districts in which settlement operations have been completed has resulted in a better appreciation of their rights by both landlords and tenants, and there are signs of a growing tendency not to demand nor pay more than is due.

6. The Bill for the amendment of the Bengal Tenancy Act, drawn up by the Committee appointed for that purpose, was subjected to much criticism. The opinions received have been considered by Government, and a revised Bill is being drafted. The production of a satisfactory Bill, however, is rendered difficult not only by the diversity of customs and conditions in various parts of the province, but also by the acute differences of opinion which prevail amongst all who are interested in the solution of the complicated questions involved in any attempt to amend the more important provisions of the Act. It is, however, hoped that one difficult problem has been solved by the passing of the Bengal Tenancy (Utbandi Amendment) Act, 1923, which provides means whereby a uniform annual money rent may be determined for utbandi lands on the application of either the landlord or the tenant.

The provisions of the Bengal Tenancy Amendment Act, 1918, by which restrictions may be imposed on the transfer of lands by certain aboriginal peoples have proved successful, and have now been extended to the Sonthals of Malda and Rajshahi districts and to the Garos, Hadis, Hajangs and Koches in the northern part of the district of Mymensingh.

7. The thanks of the Governor in Council are due to the Board of Revenue for the efficient administration of the Land Revenue Department.

W. S. HOPKYNs,

Secretary to the Government of Bengal (offg).

FROM

THE HON'BLE MAJOR W. M. KENNEDY, I.A.,
INSPECTOR-GENERAL OF REGISTRATION,
EASTERN BENGAL AND ASSAM,

To

THE SECRETARY TO THE GOVERNMENT OF
EASTERN BENGAL AND ASSAM.

Shillong, the 15th April 1910.

SIR,

I HAVE the honour to submit the statistics of the Registration Department of the province of Eastern Bengal and Assam for the year 1909, together with the prescribed four Imperial and two Provincial statements.

2. I was in charge of the Department throughout the year under report.

3. Thirteen new Sub-Registry offices were opened during the year, *vis.*, Joint offices at Chittagong Sadr, Sylhet Sadr and Bogra Sadr, and at Kaliakair and Jaimantab in Dacca, Nalitabari in Mymensingh, Krishnanagar in Faridpur, Aura, Parerhat and Bamna in Bakarganj, Mahadebpur in Rajshahi, Panchanandpur in Malda and an office with separate jurisdiction at Srimangal in Sylhet. The offices at Krishnanagar and Panchanandpur were temporarily sanctioned, each for a few months only, in connection with certain settlements, and were closed during the year. There were, therefore, altogether 247 offices at work as compared with 234 in the previous year.

4. One Special Sub-Registrar was appointed to the Provincial Civil Service during the year. One Sub-Registrar under the commission system and five under the salaried system died. Two salaried Sub-Registrars resigned, five retired and one was dismissed. The *ex-officio* Sub-Registry office at Kanairghat was converted into a regular office and a wholetime Sub-Registrar appointed.

5. The total number of deeds registered during the year under report rose to 8,89,311 from 8,88,558 in 1908, being an increase of 753, or .08 per cent. The following are the most notable variations :—

		Number.	Percentage.
Sales of immoveable property, both compulsory and optional.	—1,054	—47
Mortgages ditto	+16,072	+6.1
Term leases, both compulsory and optional.	—16,095	—5.9
Obligations for payment of money	+2,668	+5.9
Sales of moveable property	—170	—7.1
Miscellaneous registrations in Book IV.	—1,670	—3.9

The smaller number of sales is an indication of the improved condition of the people. For the increase under mortgages the Rajshahi Division is chiefly responsible, the cause being the partial failure of crops. Bonds were also more numerous in that and the Chittagong Divisions. In the Chittagong district the increase is attributed to a greater tendency to insist on the registration of bonds and to the growth of trade.

In the districts of Dacca, Mymensingh, Cachar and the Khasi and Jaintia Hills, and in all districts of the Rajshahi and Assam Valley Divisions, except Rangpur and Goalpara, respectively, registration increased. In all other districts there was a decline in the number of documents registered. The decrease was most marked in the Chittagong Division, the fall in the district of Chittagong alone being 10,070 deeds. In Noakhali, Tippera, Bakarganj, Faridpur, Sylhet and Rangpur registrations were less by 3,078, 3,834, 4,744, 222, 1,616, 2,471 deeds, respectively. The District Registrars of Dacca and Mymensingh attribute the increase in registration to high prices, the opening of new offices and the failure of the jute crop. In Mymensingh the opening of the regular survey and settlement operations helped to swell registrations. The District Registrars of Faridpur and Bakarganj attribute the decrease in registrations in their districts to a fall in the number of private zemindary settlements and to the gradual termination of Government survey and settlement operations. The conditions of scarcity which prevailed in the districts of Rajshahi, Malda, Dinajpur and Bogra sufficiently account for the increase in those districts. In Jalpai-guri the rise in registrations is assigned to the bad harvest, and in Pabna to ryots in the Sirajganj subdivision disposing of their holdings in order to take up land in Rangpur and Goalpara, to the low price of jute, to the unwillingness of money-lenders to lend money on simple bonds and to the impending survey and settlement operations in a portion of the district. The Registrars of those districts in which registrations declined generally attribute this result to good crops and low prices, and in Sylhet the increasing tendency of the Muhammadan community to resort to Muhammadan Registrars for the registration of marriages and divorces is alleged as an additional cause. The office at Boalkhali in Chittagong is alone responsible for a decrease of 2,612 deeds, and it has lately been reported that this heavy fall was largely due to the rudeness of the Sub-Registrar, whose case is now under consideration. It is a weak point of the salaried system that the incomes of Sub-Registrars are not dependent upon the number of documents registered by them, as was the case under the commission system. I am, therefore, making further enquiries as to the cause of the decrease in registrations in those areas where it was most marked.

6. The total receipts of the department rose from Rs. 9,51,004 to Rs. 9,66,485, or by 1.63 per cent. The increase is due mainly to the registration of documents of higher value, and to larger receipts for searches and copies.

7. The total expenditure, including charges for supervision, during the year under report amounted to Rs. 6,19,575, as compared with Rs. 5,77,410 in 1908—an increase of Rs. 42,135, or 7.3 per cent., and the net surplus was reduced from Rs. 3,73,564 in the previous year to Rs. 3,46,910 in the year under report. This large increase in expenditure calls for special explanation. The charges under "Superintendence" were Rs. 30,591, against Rs. 26,932 in 1908. The increase is due to the inclusion of a sum of Rs. 4,082 paid from my office on account of the printing and binding of a large number of register books for Sub-Registry offices at private presses owing to the inability of the Central Jail Press to supply them in time. Deducting this amount, the expenditure under "Superintendence" was less than in the previous year, notwithstanding the fact that hill allowances to my office establishment absorbed Rs. 3,020, as compared with Rs. 683 in 1908. The total district charges were Rs. 5,88,984, or, adding Rs. 4,082 for printing register books, Rs. 5,93,066, against Rs. 5,50,508 in 1908. The increase chiefly occurred under "Salaries", "Establishments", "Temporary Establishments", "Cost of remittance of Registration Fees" and "Rents, Rates and Taxes". The increase of Rs. 18,272 under "Salaries" was accompanied by a decrease of Rs. 9,813 under "Sub-Registrars' commission" and is due to the reorganisation of the Department in the Surma Valley which was in force for only nine months of 1908. Another cause of the larger expenditure was the opening of 11 new offices during the year and to the appointment of a salaried Sub-Registrar in place of the Sub-Registrar under commission system who died during the year. The increase under "Establishments" is due to the same causes, but that of Rs. 4,694 under "Temporary Establishments" is less easy to explain, since the rise in registrations was nominal and the number of certified copies granted was less than in the previous year. The introduction of the salaried system in the Surma Valley was no doubt a partial cause, but there seem to be some grounds for believing that the increase was partly due to insufficient control over the entertainment of extra muharrirs, and I am making further enquiries into the matter. There was an increase of Rs. 1,674 under "Cost of remittance of fees" which was due to the issue of revised orders directing the remittance of fees by money-

order from offices situated at a distance of over ten miles from the nearest treasury. The larger expenditure under " Rents and taxes " is mainly due to the payment of arrear rents during the year. The furnishing grant for the year 1909-1910 was expended early in that year, instead of towards the close of the financial year as had been the custom in many districts. This accounts for the increase of Rs. 1,904 under " Purchase of furniture. " Besides the above there was an unusual charge of Rs. 3,023 on account of the Royal bonus granted to ministerial establishments drawing less than Rs. 50 per mensem. With a view to effecting economies I am making enquiries regarding the expenditure under the different heads in other provinces.

I have the honour to be,

SIR,

Your most obedient Servant,

W. M. KENNEDY,

Inspector-General of Registration, Eastern Bengal and Assam.

No. 2300.

FROM THE HON'BLE NAWAB SYUD MAHOMED, KHAN BAHADUR,

Inspector-General of Registration, Bengal,

TO THE SECRETARY TO THE GOVERNMENT OF BENGAL,

GENERAL DEPARTMENT.

Dated Calcutta, the 12th April 1910.

SIR,

I HAVE the honour to submit herewith the four statistical statements, prescribed by the Government of India, showing the operations under the Registration Act, XVI of 1908, in Bengal during 1-09.

2. The total number of registrations in Books I, III, and IV decreased from 1,057,647 in 1908 to 1,035,965 in 1909, *i.e.*, by 2·6 per cent.

The total income of the Department decreased from Rs. 13,96,938 in 1908 to Rs. 13,71,673 in 1909, *i.e.*, by 1·8 per cent., a natural consequence of the decrease in registrations.

The total expenditure decreased from Rs. 7,76,142 in 1908 to Rs. 7,28,690 in 1909, *i.e.*, by 6·1 per cent.

Burdwan Division.—Registrations decreased in 1909, as compared with 1908, in all the districts of the Division. The crops of 1909 were satisfactory and as a result mortgages and sales fell off. In Burdwan and Birbhum, however, perpetual leases increased by 30·5 per cent. and 55·8 per cent. respectively and leases for terms of years also increased by 27·1 per cent. and 14·9 per cent. The increases in Burdwan are ascribed partly to the settlement of *chakran* lands and partly to the dullness of the coal trade, which led to the leasing out of colliery lands to tenants. The increase in perpetual leases in Birbhum is reported to be due to the fact that *patni* leases are looked upon with favour by landlords and middlemen in that district. The fact seems to be that with the return of agricultural prosperity, raiyats and middlemen were able to take settlement of more lands.

Presidency Division.—The districts of this Division tell the same tale of agricultural prosperity, leading to decrease in sales, mortgages and bonds. In the district of the 24-Parganas, simultaneously with large decreases in these classes of documents, the number of perpetual leases was nearly the same in 1909, as compared with 1908, and the number of leases for terms of years increased by 6·9 per cent. The Registrar considers these facts as indicating returning prosperity and normal conditions. It is reported that there was a greater demand for lands for cultivation and that the completion of the Diamond Harbour Drainage scheme proved a boon to cultivators, as it enabled them to bring under cultivation lands, which had remained uncultivated for successive years. A bumper crop was the result of such cultivation in 1909.

Patna Division.—In the district of Patna the total number of registrations decreased by 5·2 per cent. in 1909, as compared with 1908, while in Shahabad, registrations increased by 6·5 per cent., and in Gaya there was only a nominal decrease (2·3 per cent.). It is reported from Gaya that the distress of the previous years continued to be felt. The bulk of the decrease in Patna was contributed by a large fall in the number of leases for terms of years. The Registrar has written that in the previous year a large number of leases was registered, with a view to their production before settlement officers as evidence of the rents paid, but as they were not accepted, the registration of such leases came to a close. The increase in Shahabad is said to be due partly to the scarcity which prevailed in parts of the district and partly to the Survey and Settlement operations.

Tirhut Division.—Registrations increased in all the districts of the Division, the increases in Champaran, Darbhanga and Muzaffarpur (35·5 per cent., 30·9 per cent., and 24·7 per cent. respectively) being remarkable. The increases are said to be due chiefly to the fact that scarcity and high prices of food-grains prevailed in the early part of 1909, conditions improving only during the latter part of the year. In Champaran, however, the bulk of the increase was due to an accidental cause, viz., the registration of a large number of agreements for supplying sugarcane and for paying irrigation charges at Rs. 3 per bigba per annum, executed by the tenants of Sathi, Matiara, Passa, Sirikohia and Harpur Indige concerns. A temporary office had to be opened at Sathi to facilitate such registration. In Darbhanga, 1909 was a famine year and the registration figures of the year have beaten all past records, even those of 1907. A temporary office had to be opened at Madhubani to meet the pressure of registration and the Registrar has reported that no district in Bengal had the misfortune to face such distress as prevailed in Darbhanga.

Bhagalpur Division.—Registrations increased in 1909, as compared with the previous year, in Bhagalpur (25·4 per cent.), Monghyr (13·8 per cent., and Purnea (16·6 per cent.) and decreased in Darjeeling (43 per cent.) and Sonthal Parganas (14·9 per cent.) The increases are mainly ascribed to high prices of food-grains, which continued till late in the year under review, and occurred principally under heads "mortgages" and "sales." In Bhagalpur, there was also a large increase in leases for terms of years (65·9 per cent.), chiefly due to the fact that a large number of *kabuliyats* were executed by the tenants of certain zamindars, to facilitate the registration of which a temporary office had to be opened at Narayanpur. The decrease in Darjeeling is ascribed to the absence of the special cause of increase in 1908, viz., the registration of a large number of leases of the Reling Court of Wards' estates. In the Sonthal Parganas, the decrease is ascribed partly to the falling off in the prices of food-grains, on account of good harvests, and partly to the introduction of Regulation III of 1908, which not only prohibits the transfer of *rai-yati* holdings in contravention of the record-of-rights, prepared at the settlement, but makes it incumbent on registering officers to refuse registration of all deeds relating to such transfers. Bonds in this district decreased by 25·6 per cent. and deeds of sale of moveable property decreased by 90·7 per cent. in 1909, as compared with 1908. The latter decrease is said to be due to the discontinuance of the execution of deeds of sale of *sabai* grass in favour of the *mahajans* of Sahebganj.

Orissa Division.—Registrations decreased in all the districts of this Division, except Sambalpur, where there was a slight increase of 67 deeds. The general cause of decrease is said to be the better harvests of the year under report and consequent easy prices of food-grains.

Chota Nagpur Division.—There were decreases in registrations in Manbhum (8·4 per cent.), Ranchi (16·2 per cent.) and Palamau (10·5 per cent.) and only nominal increases in Hazaribagh and Singhbhum. The general cause of decrease was the good outturn of crops during the year under review. In Ranchi, the Chota Nagpur Tenancy Amendment Act, VI of 1908, was effective in materially reducing registrations under heads "leases" (perpetual and for terms of years) and "sales."

I have the honour to be,

SIR,

Your most obedient servant,

SYUD MAHOMED,

Inspector-General of Registration, Bengal.
