* In this return no distinction is drawn between those who work and those whom they support by their work. The whole population depending upon the occupation is included, in order to indicate the respective sustaining power of the different orders.

† Order III. is intended to refer solely to those not in the employ of the State making the return, but it is probable that in some cases the servants of the State itself have been included.

‡ Order XXIII. includes those not enumerated by occupation in certain wild tracts of Rajputana, Kashmir, and the Bombay States.

* The value of the Messages under Foreign Traffic represents the Indian share of charge.

† The decrease is owing to the transfer of the Government Meteorological Reports from the Free List to the Paying List; the fact of there being no diminution in value of messages is traceable to Mail Steamer Reports transmitted under *precedence* signal being charged under "Urgent" tariff.
