P R E F A C E

This publication is the seventh in the series 'Education in Universities in India' and gives a statistical survey of the progress of University education in the country during the years 1954-55 and 1955-56. As in the earlier volumes, the information given is mainly factual and no attempt has been made to draw general conclusions.

I should like to express my thanks to the University authorities and others for cooperation in supplying the data on which this survey is based.

The delay in bringing out this publication is due to the late supply of the data by some Universities.

NEW DELHI,
October 24, 1958.

PREM KIRPAL,
*Educational Adviser
to the Government of India.*

CHAPTER I

GENERAL SURVEY

The tempo of development and expansion in the field of University Education of all types—general and professional was maintained during the period 1954-56, when a number of new university teaching departments and colleges was started, a larger number of students was enrolled and the expenditure on university education touched a new peak. Efforts were also made to enrich the content of education at the university stage by introducing new courses and subjects at different levels, affording increasing facilities for research, bringing down the teacher-pupil ratio and by strengthening the libraries and laboratories. Facilities for technical education were also enlarged considerably.

The University Grants Commission Bill, which aims at the co-ordination and determination of standards in the universities was enacted in March, 1956. Meanwhile the Commission had been functioning since November, 1953. During the year 1955-56, the Commission appointed a number of committees to visit universities in connection with their specific development proposals. A four-member Committee with Paudit H. N. Kunzru, as Chairman, was appointed to examine the problem of the medium of instruction at the university stage and to recommend ways and means of securing an adequate proficiency in English at this stage.

The total grants disbursed by the University Grants Commission to various universities amounted to Rs. 1,78,46,547, during 1954-55, and Rs. 2,65,75,330 (including Rs. 20,03,676 to the constituent colleges of Delhi University) during 1955-56. Of the total disbursements, during these two years, sums of Rs. 70,05,695 and Rs. 1,39,18,007 were paid as maintenance grants to Central Universities as detailed below:

Name of University	Amounts disbursed in	
	1954-55	1955-56
Aligarh	17,22,562	37,14,359
Banaras	28,18,630	57,27,500
Delhi (including colleges)	20,27,503	35,21,725
Visva-Bharati	4,37,000	9,54,423

Of the remaining amount during 1954-55, a sum of Rs. 87,85,800 was paid as grant to universities for developing higher scientific, engineering and technological education and research and Rs. 4,80,000 for purchase of books on Humanities. Important grants during 1955-56 included (i) Rs. 9,18,000 for the purchase of books on science and technology; (ii) Rs. 4,27,000 for the purchase of books on Humanities; (iii) Rs. 40,04,234 for the equipment of science departments; (iv) Rs. 13,50,000 for library buildings; (v) Rs. 19,58,906 for technical equipment for engineering and technological departments of universities;

(vi) Rs. 10,06,545 for the buildings of engineering and technological departments of universities and (vii) Rs. 7,65,604 (recurring) for engineering and technical education for staff and maintenance, etc.

To improve the salary scales of University teachers, the commission initiated a scheme in July, 1954 for the remaining period of the first five year plan with the following minimum scales in the universities:

Professor	Rs. 800—40—1,000—50—1,250
Lecturer	Rs. 250—25—500

Under the scheme the difference between the salaries drawn by a university professor or lecturer and the salary he would have drawn if he had been on the proposed scales, was paid to him as personal allowance from 1st July, 1954. Accordingly sums of Rs. 4,60,289 and Rs. 8,80,779 were disbursed in 1954-55 and 1955-56 respectively to the Universities of Aligarh, Andhra, Annamalai, Banaras, Calcutta, Delhi, Gauhati, Madras, Nagpur, Osmania, Saugar and Utkal. The position in the remaining universities remained unchanged.

The Commission decided that the scheme of award of prizes for the study of selected regional languages, which was instituted by the Government of India at the Central Universities be extended to other universities also. The universities were asked to submit suitable proposals in this regard.

The Commission also decided to recommend and finance a scheme for the introduction of hobby workshops in the universities. The Commission also agreed to assist the universities financially for schemes relating to the following special projects:

- (i) Construction of library buildings and addition of books to the existing stock of library books of the universities;
- (ii) Publication of research work of merit;
- (iii) Rehabilitation of laboratories in scientific equipment, etc.;
- (iv) Expansion and improvement of facilities for scientific research and post-graduate training;
- (v) Research work in Humanities;
- (vi) Extension work by university teachers;
- (vii) Projects in new fields of research like Nuclear Science, Electronics, Marine Biology and Applied Geology; and
- (viii) Introduction of General Education courses.

The School of International Studies was established, with financial assistance from the Commission, as a constituent college of Delhi University.

In the field of Engineering and Technology the Commission sanctioned grants for the following projects:

- (a) Schemes initiated by the All-India Council for Technical Education in 1947-48;
- (b) Development of under-graduate training in Engineering at several universities;

- (c) Development of post-graduate training in specialised fields like Dam Construction, Structural Engineering, etc.; and
- (d) Establishment of research units of selected centres in subjects like X-Ray, Metallurgy, Corrosion Resistance, Power Metallurgy, Chemical Engineering, Hydraulics, Applied Hydrodynamics, etc.

Through the efforts of the Chairman of the Commission, the Central Provinces Manganese Ore Company Limited, made a donation of £1,00,000 to the University Grants Commission to be utilised in the furtherance of the study of science and technology for the benefit of mining industries including the Manganese Ore Industry at the Universities of Nagpur and Saugar.

A Reviewing Committee consisting of Shri N. J. Wadia, Shri K. G. Saiyidain and Shri C. S. Menon and the Secretary to the Commission was appointed to go into the finances of Central Universities and to recommend such amounts of block grants as were necessary to meet the normal expenses for five years, 1956-57 to 1960-61.

A Centre of Public Administration was established at the University of Lucknow under the Indo-American Technical Cooperation Programme.

With the assistance from the Ford Foundation and in cooperation with the Community Project Administration, a pilot scheme of "Student Apprenticeship in Village Development" was tried out in West Bengal in 1954-55. The purpose of the scheme was to develop in selected university students, a realistic spirit of social service and a responsible understanding of the problems of rural reconstruction in India. Forty-two students of Calcutta University were given a short orientation course of seven days at the different community development training centres at Fulia and Burdwan and placed as aids to different Gram Sewaks for a period of 16 days.

Under the U.S.-India Wheat Loan Educational Exchange Programme initiated during the year 1954-55, an amount of about one million dollars was offered to be made available each year for five years commencing with the year 1954-55 for educational purposes. This amount was to be utilised for the supply of books and laboratory equipment to selected universities and institutions for higher research in India and the exchange of personnel between India and the U.S.A. Under the same programme, Indian books were also supplied to the U.S.A. at an estimated cost of \$ 15,000. Twelve Indian librarians were sanctioned travel-grants for a five months' study tour in the U.S.A.

To consider the question of the introduction of General Education courses and to formulate suggestions regarding such courses for consideration of Indian Universities in the light of the information available, some vice-chancellors and other educationists met in Srinagar in June, 1955. In pursuance of their recommendations, a study team of eight Indian university teachers, under the leadership of Dr. S. Bhagavantam, the then Vice-Chancellor of Osmania University, was sent to visit some institutions in the U.K. and the U.S.A., where promising work had been done in this field. The project was financed out of the funds allotted for the purpose by the Ford Foundation.

To develop and strengthen Home Science education and research in India, an agreement was executed on 31st May, 1955 between the Governments of India and the U.S.A. Under this agreement, besides training opportunities and

technical advice, equipment and supplies worth \$ 1,00,000 were to be received by eight selected Indian colleges and universities.

The Central Advisory Board of Education, at its 22nd meeting held in January 1955, endorsed the decision of the Conference of Vice-Chancellors of Universities and the Chairmen of Boards of Secondary Education of the States that:

- (i) The first degree course should be of three years' duration and 17 plus should be the minimum age of entry into universities; and
- (ii) The end of the secondary stage at 17 plus should mark a terminal stage in education and prepare students for life. It should also be of a standard which would enable them to participate with profit in a three year degree course.

The question of the possession of a university degree as a pre-requisite for entry into government service had been a very controversial topic for a long time. The Government of India appointed a committee with the following terms of reference :

- (i) to examine the question as to how far and at what levels, the possession of a university degree is necessary for recruitment to public services ;
- (ii) to consider the type of tests, which should be instituted to assess the relative merits of candidates in an objective manner in the absence of a university degree ; and
- (iii) to consider measures to ensure that the number of candidates competing for posts and services under government is not wastefully large.

To discuss the reconstruction of syllabus, maintenance and co-ordination of standards of teaching Sanskrit at different levels of education, a Conference of University Professors of Sanskrit was convened at New Delhi by the Central Ministry of Education on the 30th September and 1st October, 1955. The Conference appointed three Committees to consider various items of agenda such as courses of study, curricula, method of teaching Sanskrit, research, publication, co-ordination, etc. The Conference made certain recommendations which are contained in the Proceedings* of the Conference since published by the Ministry.

On the recommendations of the All-India Council for Technical Education, the Government of India has approved in principle the establishment, jointly with the State Government of Madras, of a School of Architecture at Madras under the auspices of the Madras University at a cost of Rs. 12 lakhs as non-recurring and Rs. 65,000 as recurring expenditure.

To ensure the success of the post-graduate courses and research training, the Standing Committee of the All-India Council for Technical Education, in their 19th meeting decided to award scholarships of the value of Rs. 150 per month for post-graduate courses and Rs. 200 per month for research training.

*Proceedings of the Conference of Professors of Sanskrit--Publication No. 227.

The Coordination Committee of the All-India Council for Technical Education recommended the adoption of the following three grades for teachers in technical institutions :

A. Institutions offering 1st Degree Courses :

Professors Rs. 1000—1500 with a selection grade of Rs. 1600—1800.
Lecturers Rs. 400—800 with a selection grade upto Rs. 1000.
Assistants or Instructors Rs. 250—500.

B. Institutions offering Diploma Courses :

Senior Lecturers Rs. 400—800
Junior Lecturers Rs. 250—500

To promote fundamental research in various branches of science (Physics, Mathematics, Biology, etc.) in universities and other educational centres grants-in-aid were paid to individual research workers who experienced difficulties in the pursuit of their research work. The grants were intended for the purchase of special apparatus or for its construction, for consumables, stores, books, etc. that were indispensable for their work, and were not normally provided for by the universities or the institutions where the research workers conducted their research. Grants totalling Rs. 2,99,256 and Rs. 2,67,050 were paid to 73 and 54 research workers during the years 1954-55 and 1955-56 respectively.

The Government of India appointed a Special Committee to review the working of the Research Training Scholarships Scheme. On the recommendation of the Committee, the Government of India instituted in 1955-56, 30 National Research Scholarships for research work of post-doctorate standard in science/technology in universities and institutions of advanced studies. These fellowships were of the value of Rs. 400 per month each plus a contingency grant of Rs. 1,000 per year for chemicals etc. and were tenable for three to five years. During the year seven fellowships were awarded on the basis of an all-India competition. The junior research scholarships of Rs. 100 per month were gradually replaced by senior ones of Rs. 200 per month as recommended by the Special Committee. During the year 527 scholarships were awarded at a total cost of Rs. 8.15 lakhs.

Under the Scheme of Research Scholarships in Humanities, 39 candidates in 1955-56, as against 37 in 1954-55, were awarded scholarships of Rs. 200 per month each to conduct advanced research in branches of Humanities.

Students belonging to Scheduled Castes, Scheduled Tribes and Other Backward Classes continued to receive benefits under the Government of India's Scheme of Post-Matriculation Scholarships. During 1955-56, as many as 31,451 scholarships were awarded at a cost of nearly Rs. 150 lakhs. The corresponding figures for 1954-55 were: beneficiaries—20,658; expenditure—Rs. 107.89 lakhs.

Besides, the following scholarship schemes of Government of India for higher studies in India and abroad were in force during the period under report:

- (i) Modified Overseas Scholarships Scheme ;
- (ii) Central State Scholarships Scheme ; and
- (iii) Cultural Scholarships for Indigenous Students as well as those of Indian Origin from Asia, Africa and Commonwealth countries.

The foundations of Youth Welfare work were laid on a sound and scientific basis. A scheme to organise Inter-University Youth Festivals was initiated by the Central Ministry of Education. Three main objectives of the Festival were :

- (i) to provide joyous relief to youth for their energies and feelings and thus to provide cultural channels for self-expression ;
- (ii) to draw the pointed attention of the educational authorities to the immense educative value of recreational co-curricular activities that have not received due attention in the heavily weighted literacy curriculum of educational institutions ; and
- (iii) to give an earnest feeling to the young of the deep interest that the Central Ministry takes in the welfare of coming generations.

In the First Inter-University Youth Festival held at New Delhi from 1st to 7th November, 1954, nearly 800 students from 26 universities participated. The Second Festival was held again at New Delhi between 23rd and 30th October, 1955 for which 26 universities nominated 1,172 students. Apart from it, a grant of Rs. 5,000 was given to Rajputana University in 1955-56 for holding an Inter-Collegiate Youth Festival. Besides cultural events, the Inter-University Youth Festival offered ample opportunities for social contacts and group living. The Main items of competition open to students were: exhibition of paintings (oil or water), drawings (pen or pencil), sculpture, photography, handicrafts, dramas, dances (classical), music (vocal and instrumental), radio plays, Hindi elocution, group dance and group singing.

In order to bridge the gulf between students and teachers and to help teachers to assume their natural places as leaders of the student community, the Ministry of Education at the Centre organised four Youth Leadership Training Camps at Srinagar, Mahabaleshwar, Ranikhet and Lovedale for selected members of the staff from various affiliated or constituent colleges of a group of universities in the area. During 1955-56 a grant of Rs. 3,000 each was given to the University of Jammu and Kashmir and the Government of Pepsu for organising a camp in their area. Besides two Dramatic Training Camps for the training of teachers from various universities in drama and technique of stage craft were organised at Andrella and Sabathu. A Principals' Seminar was held at Sabathu to discuss ways and means of promoting youth welfare programmes in their institutions. Eight Principals of the affiliated colleges in the universities of Jammu and Kashmir and Panjab participated in the Seminar.

Under the auspices of the World University Service, a Students' Health Centre was set up at the Delhi University to provide facilities of medical treatment to all the members of the university staff, their families and the students. The Government of India and the World University Service equally shared the total cost of Rs. 1,30,000 on the building of the health centre.

English continued to be the medium of instruction in most of the universities. In some of the universities, however, substantial progress was made towards using Hindi or the regional language as the media of instruction and examinations. The progress was slow due to shortage of suitable text-books, especially on scientific subjects and of technical terms in Indian languages. Detailed information in this regard in the various universities is given in col. (6) of table I.

(g) A diploma in Medical Radiology and Electrology in the Faculty of Medicine was instituted.

ALIGARH

1954-55

(a) Automobile Engineering was introduced as an alternate paper at B.Sc. Final Engineering examination and Bio-Chemistry as a new subject for B.Sc., B.Sc. (Hons.) and M.Sc. examinations.

(b) The university allowed the students who passed B.A. in English only, after passing recognised Oriental examination, to appear for M.A. in English or in the subject of the Oriental examination.

1955-56

The Academic Council accepted the scheme for the reorganisation of the secondary and university education and the institution of a three year degree course.

ALLAHABAD

1955-56

The Department of Ancient History, Culture and Archaeology was established with provision for degree, post-graduate and research courses.

ANDHRA

1954-55

(a) The following new courses of study were started ;

- (i) M.Sc. in Ore-dressing ;
- (ii) M. Pharm. ;
- (iii) Diploma in Geography ;
- (iv) Diploma in Hindi ; and
- (v) Certificate in Librarianship.

(b) Minimum age for admission to the Law Preliminary course was prescribed as 17 years.

1955-56

(a) Courses in Engineering leading to Bachelor's Degree in Civil, Electrical and Mechanical Engineering were introduced in the newly opened University College of Engineering at Waltair.

(b) A Board of Studies in Sanskrit (Hons. & Post-Graduate) was constituted.

(c) Curriculum of the following new courses of study was adopted :

- (i) B.V.Sc. and A.H. ;
- (ii) M.Sc. in Nuclear Physics ;
- (iii) Pre-University examination ; and
- (iv) B.A. (Hons.) in Sanskrit language and literature.

(d) Minimum age of admission to the M.B., B.S. course was prescribed as 17 years.

ANNAMALAI

1954-55

(a) Department of Statistics was opened.

(b) The following courses were introduced :

CHAPTER II
STATISTICAL SURVEY

Institutions

(A) Universities

With the establishment of Sri Venkateswara University in 1954 and Jadavpur University in 1955, the number of universities in the country rose to 32 during the period 1954-56. Table I gives the years of foundation/reconstitution, territorial jurisdiction, type of the universities and information about the faculties and the medium of instruction.

Of the 32 universities, Agra and Jammu & Kashmir Universities were the only examining bodies having no teaching functions of their own, while those of Aligarh, Allahabad, Annamalai, Banaras, Baroda, Jadavpur, Lucknow, Patna, Roorkee, Sri Venkateswara and Visva Bharati were residential and teaching. Bombay University continued to be teaching and federal and the remaining 18 universities were of teaching and affiliating type.

During the period under report the number of teaching departments of the different universities increased from 300 to 305. The increase was more apparent than real as 35 teaching departments of Calcutta university were amalgamated to form 4 university colleges and the department of Military Science of Lucknow University was closed down in 1954-55. This resulted in the establishment of 41 teaching departments the details of which are as under:

<i>University</i>	<i>Teaching Departments</i>
1. Allahabad	.. Ancient History, Culture and Archaeology.
2. Annamalai	.. Commerce and Statistics.
3. Bihar	.. Commerce, Geography, Political Science, Psychology, Botany, Chemistry, Physics and Zoology.
4. Delhi	.. African Studies.
5. Gauhati	.. English, Chemistry, Physics and Teachers' Training in Method of Teaching English.
6. Gujarat	.. Gujarati Language & Literature and Social Studies.
7. Karnatak	.. Economics and History.
8. Madras	.. Business Management.
9. Patna	.. Education, Institute of Public Administration, Anatomy, Medicine, Obstetrics and Gynaecology, Ophthalmology, Pathology, Pharmacology, Physiology and Surgery.
10. Poona	.. Geology.
11. Saugar	.. Anthropology and Anthro-po-geography.
12. Sri Venkateswara	.. Economics, Mathematics, Philosophy, Chemistry, Physics and Zoology.
13. Utkal	.. Geology.

Of the 41 new departments, 16 were established under the faculty of Arts, 12 under that of Science, 8 under that of Medicine, 3 under that of Commerce and 2 under that of Education.

(B) Colleges

During the period 1954-56, the total number of colleges maintained by or affiliated to the various universities rose from 824 to 1,025. Affiliation was granted to 3 colleges, one each by the university of Bihar, Poona and Saugar while 4 colleges affiliated to the universities of Bihar (1), Poona (1), and Saugar (2) were closed down. The actual addition was thus of 202 colleges, distributed among 20 universities as under:

Agra (12), Andhra (18), Bihar (20), Bombay (5), Calcutta (14), Delhi (1), Gujarat (8), Jadavpur (2), Jammu and Kashmir (11), Karnatak (2), Lucknow (7), Madras (31), Mysore (10), Nagpur (3), Osmania (6), Panjab (23), Poona (3), Rajputana (15), Travancore (8) and Utkal (3).

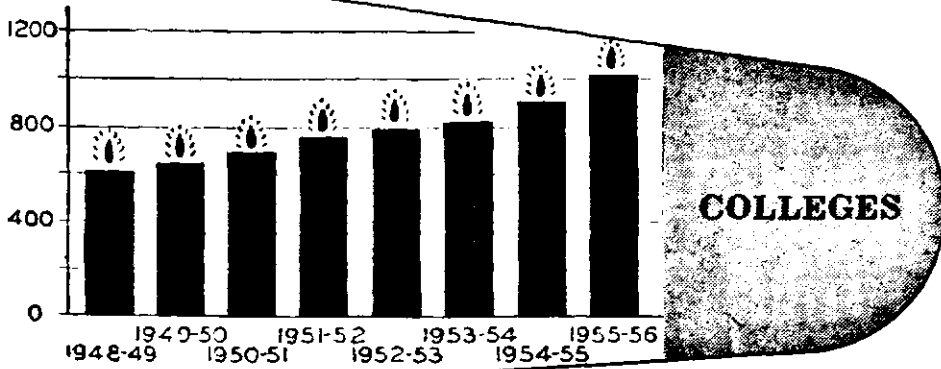

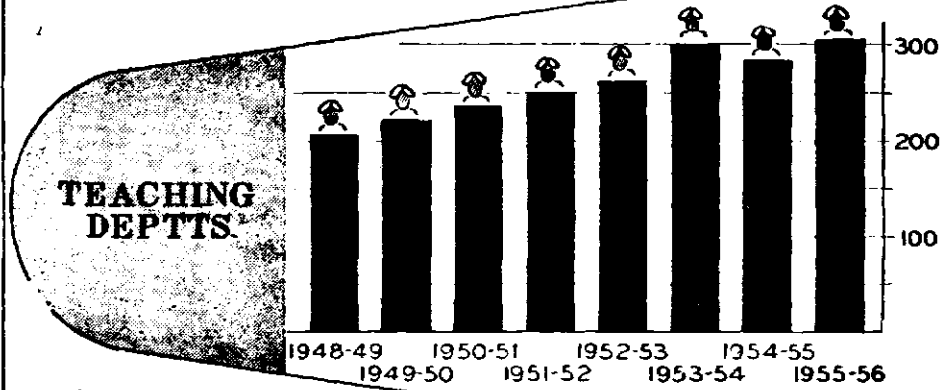

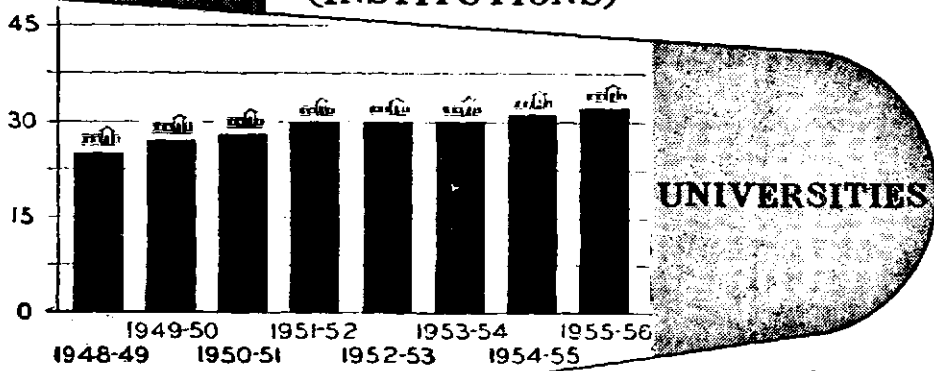

A reference to table II will show that, of the 1,025 colleges during the year 1955-56, 186 were university/constituent colleges and 839 affiliated colleges; the corresponding numbers for 1953-54 being 167 and 657 respectively. The break-up of these colleges according to managements was: government 286 (28.0 per cent), Universities 118 (11.5 per cent), local boards 5 (0.4 per cent) and private bodies 616 (60.1 per cent).

Table III gives the number of colleges by type of education. Of the total, 540 colleges provided instruction in general education—which included the study of Arts, Science, Oriental Learning, Theology, Home Science, Social Work, Music and Fine Arts, etc.—268 in professional education and the remaining 217 in general as well as professional education. Further classification of colleges for professional education is given below:

Type of College	Number of Colleges		
	1953-54	1954-55	1955-56
1	2	3	4

PROGRESS OF UNIVERSITY EDUCATION (INSTITUTIONS)

(Facing page 20)

(C) Boards of Intermediate Education

Besides the universities, the following 3* Boards of Intermediate Education also functioned in the country. The names and the examinations conducted by them are shown against each:

1. *Board of High School and Intermediate Education, Uttar Pradesh, Allahabad*—High School and Intermediate.
2. *Board of Secondary Education, Madhya Bharat, Gwalior*—High School and Intermediate.
3. *Central Board of Secondary Education, Ajmer*—High School, Intermediate and Teachers' Training Certificate.

These boards, during the year 1955-56, had 767 colleges affiliated to them for intermediate examination. Some of these colleges were also affiliated to universities for degree and post-graduate courses. An approximate break-up of these colleges by type of education offered by them is given below:

Type of Education	1953-54	1954-55	1955-56
General Education	349	396	437
Professional Education—			
Agriculture	6	7	5
Commerce	23	27	15
General and Professional Education	234	300	310
Total ..	622	730	767

Pupils

The total number of students enrolled in university teaching departments, constituent colleges and colleges affiliated to universities and boards of intermediate education rose from 5,80,218 (512,537 boys and 67,681 girls) in 1953-54 to 6,51,479 (5,72,034 boys and 79,445 girls) in 1954-55 and to 7,12,697 (6,20,804 boys and 91,893 girls) during 1955-56, showing an increase of 12·3 per cent and 9·4 per cent respectively against an increase of 13·1 per cent during 1953-54.

*In addition to these, 11 Boards of Secondary Education were functioning in the States of Andhra, Bihar, Bombay, Madhya Pradesh, Madras, West Bengal, Hyderabad, Madhya Bharat, Mysore, Travancore-Cochin and Delhi.

The break-up of enrolment among university teaching departments and colleges is given below:

Type of Institution	1953-54		1954-55		1955-56	
	Boys	Girls	Boys	Girls	Boys	Girls
1	2	3	4	5	6	7
University Teaching Departments	28,118	3,019	25,895	2,489	32,868	3,973
Constituent Colleges	78,509	15,859	90,451	18,562	92,583	19,195
Affiliated Colleges	3,20,037	40,851	3,51,219	49,520	3,91,965	58,913
Intermediate Colleges Affiliated to Boards	85,873	7,952	1,04,469	8,874	1,03,588	9,812
Total ..	5,12,537	67,681	5,72,034	79,445	6,20,804	91,893

The enrolment in all types of colleges rose by 13·5 per cent in 1954-55 as compared to a rise of 8·5 per cent in 1955-56. The fall in enrolment in university teaching departments by 8·8 per cent in 1954-55 was due to the amalgamation of 35 teaching departments of Calcutta University into 4 university colleges.

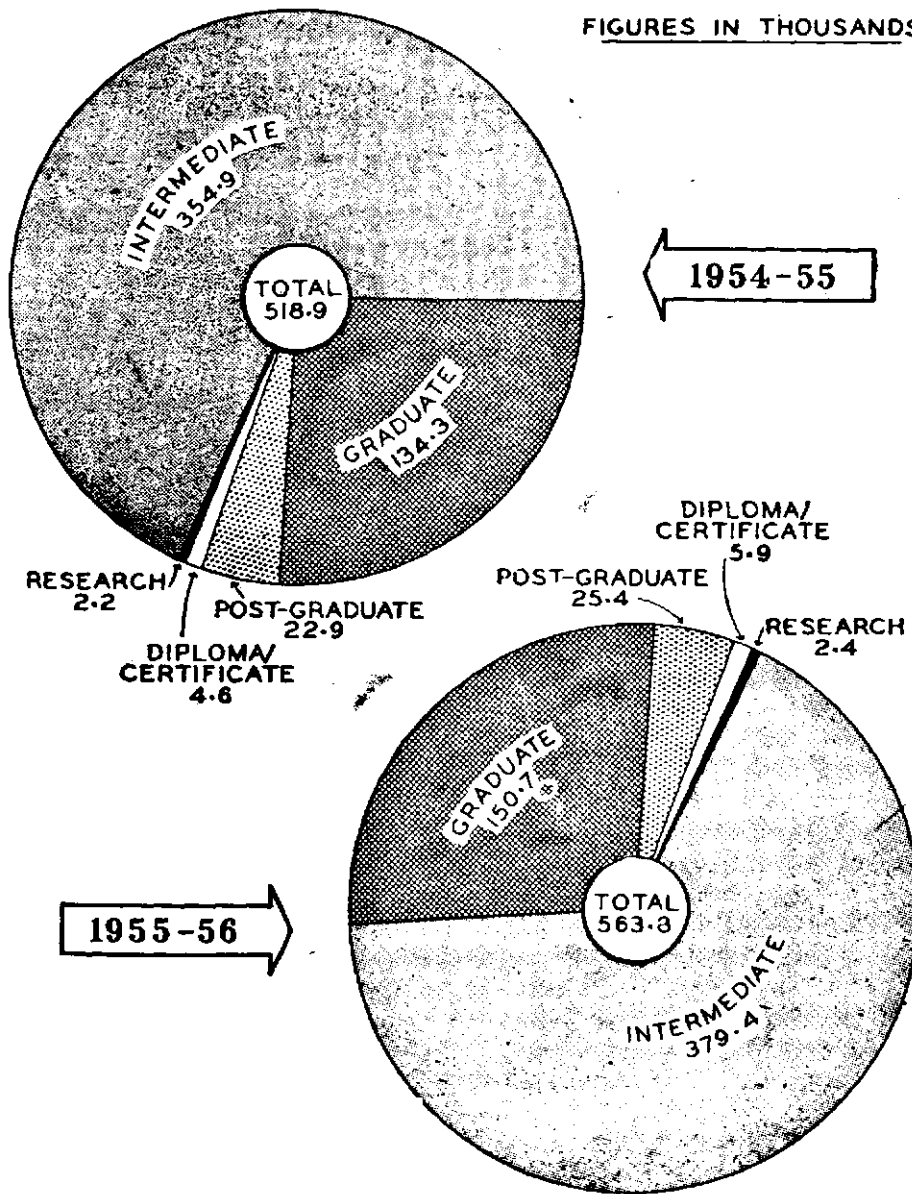

Table IV gives the enrolment by universities and boards of education during 1955-56. The enrolment in the universities ranged from 1,00,301 in the Calcutta University and 57,250 in the Madras to only 428 in the recently established Sri Venkateswara University. So far as boards of intermediate education were concerned, the colleges of the U. P. Board enrolled as many as 97·4 per cent of the total number of intermediate students studying in colleges attached to all the boards put together.

As compared to 1953-54, the enrolment in 1955-56 increased in all the universities except an insignificant fall of 2 students only in the university of Banaras. Numerically, the largest addition in enrolment was shown by Calcutta University (21,295), followed by those of Bihar (13,748), Andhra (11,951), Panjab (11,267) and Bombay (6,539). Of the remaining universities, 15 universities reported a rise varying between one thousand and five thousand while in 9 universities it was less than one thousand. The percentage increase in enrolment was highest in S.N.D.T. Women's University (74·9 per cent). Next in order of increase were the universities of Bihar (52·4 per cent), Andhra (50·4 per cent), Jammu and Kashmir (44·3 per cent), Visva-Bharati (41·3 per cent), Gujarat and Panjab (30·6 per cent each), Calcutta (27·0 per cent), Saugar (26·9 per cent), Gauhati (25·8 per cent), Delhi (25·1 per cent) and Allahabad (5·9 per cent) coming at the end.

The following table shows that out of the total number of 7,12,697 students in the universities and colleges during 1955-56, 5,63,826 (79·1 per cent) were enrolled for general education courses and 1,48,871 (20·9 per cent) for

professional or technical courses. The corresponding percentages for 1954-55 were 79.6 and 20.4 respectively as compared to 79.2 and 20.8 per cent respectively in 1953-54. The increase in the enrolment for general education was of the order of 8.7 per cent and that for professional and technical education 12.3 per cent during 1955-56 as against the increase of 12.9 per cent and 10.0 per cent respectively in the previous year.

For further details, reference may be made to Table V.

Of the total number of 7,12,697 pupils undergoing higher education during 1955-56, 4,17,882 (58.6 per cent) were studying at the Intermediate stage, 2,48,690 (34.9 per cent) for Bachelor degrees, 33,558 (4.7 per cent) for the Post-graduate and Research degrees and 12,567 (1.8 per cent) for diploma and certificate courses. Table VI gives further details by Universities and Boards and also by stages of instruction.

Girl students, numbering 91,893, constituted 12.9 per cent of the total number of students undergoing higher education in 1955-56. Of these, 83,719 or 91.1 per cent were enrolled for general education and the remaining 8,174 or 8.9 per cent for professional education. Of the latter, Medicine with an enrolment of 3,882 (47.5 per cent) continued to be the most popular. Teachers' Training, with an enrolment of 3,383 (41.4 per cent) came next. The remaining 11.1 per cent of the girl students took up other professional courses.

Teachers

The total number of teachers working in the universities and their colleges (excluding those teaching in colleges affiliated to boards of intermediate education) increased, during the period under report, from 27,680 (25,000 men and 2,680 women) to 33,208 (29,782 men and 3,426 women). The rate of increase, during 1955-56, was 10.3 per cent (9.9 per cent in case of men and 13.3 per cent in case of women), 8.8 per cent (8.4 per cent in case of men and 12.8 per cent in case of women teachers) in 1954-55 and 8.3 per cent (7.8 per cent in case of men and 13.8 per cent in case of women) during 1953-54. The sex-wise break-up of these numbers is given below :

The teachers in university/constituent colleges and affiliated colleges increased, during 1955-56, by 5.8 per cent (men by 6.4 per cent and women by 1.6 per cent) and 12.3 per cent (men by 11.6 per cent and women by 20.0 per cent) respectively. The corresponding figures for 1954-55 were 25.0 per cent (men 28.2 per cent and women 8.9 per cent) and 7.0 per cent (men 6.2 per cent and women 16.0 per cent) respectively. The number of teachers in university teaching departments increased by 4.6 per cent during 1955-56 while their decrease by 16.9 per cent during the previous year was accounted for by the apparent decline in the number of such departments. For further details reference may be made to table VII.

Of the 33,208 teachers during 1955-56, 23,676 or 71·3 per cent were teaching general education courses as compared to 9,532 or 28·7 per cent teaching professional education courses. The corresponding percentages for the year 1954-55 were 72·5 and 27·5 respectively, while those for 1953-54 were 72·8 and 27·2 respectively. The university-wise details about the number of teachers in university teaching departments and colleges by type of education for the year 1955-56 are available in Table VIII.

There was no tangible improvement in the scales of pay of teachers in the universities, except in those of Osmania and Saugar during 1954-55 and in those of Delhi, Gujarat and Travancore, during 1955-56. In Osmania, the scale of

Rs. 400—25—550—EB—30—700 was introduced for Readers, while in Delhi, Gujarat, Saugar and Travancore the scales were :

University	Category of Teacher	Old Scale	New Scale
Delhi ..	Lecturer ..	Rs. 200—15—290—20—410—25—560.	Rs. 250—25—500—30—560.
Gujarat ..	Reader ..	R . 400—30—700	Rs. 500—25—800.
Saugar ..	Lecturer ..	Rs. 250—20—450	Rs. 300—20—500—EB—25—600.
	Reader ..	Rs. 400—30—640—40—800	Rs. 500—30—800—EB—30—860—40—900.

	Professor ..	Rs. 450—50—750	(i) R . 450—30—600. (ii) R . 500—50—800.

The disparity in the pay scales of teachers working in universities and colleges, persisted as in the past. Not only did the scales vary from university to university but even within the same university these differed considerably in colleges under different managements.

Table IX gives the scales of pay of different grades of university teachers viz., Lecturers, Readers and Professors. As mentioned above, the University of Saugar joined the Universities of Allahabad, Bombay, Lucknow and Utkal in giving a scale starting at Rs. 300 to its lecturers as recommended by the University Education Commission. The minimum of the scale for lecturers in other universities varied between Rs. 125 in Travancore and Rs. 250 in Delhi, Gauhati, Karnatak, Poora and Rajputana. The scales of pay of Readers and Professors in almost all the universities (excepting Roorkee for readers and Saugar for professors) were also less than those recommended by the Commission viz. Rs. 600—30—900 for Readers and Rs. 900—50—1,350 for Professors.

The Universities of Agra, Andhra, Bihar, Bombay, Calcutta, Delhi, Gujarat, Karnataka, Nagpur, Osmania, Panjab, Poora, Rajputana, Saugar and Utkal had recommended minimum scales of pay for the teachers in affiliated colleges. The scales of pay of lecturers in the colleges for general education affiliated to various universities during 1955-56 are given below. In the case of some universities which reported large variation in such scales, only maximum and minimum scales have been mentioned.

It will be observed that 25 per cent of the teachers received a salary of Rs. 155 p.m. or less, 50 per cent a salary of Rs. 220 or less and 75 per cent a salary not exceeding Rs. 315 p.m. Only 10 per cent of the teachers drew a salary of more than Rs. 472 and 5 per cent a salary exceeding Rs. 618 p.m.

Examination Results

Table XI gives the results of annual and supplementary (excepting Matriculation and equivalent) examinations conducted by the universities and boards of intermediate education during the year 1956, when, in all, 5,34,712 candidates (4,63,288 boys and 71,424 girls) appeared and 2,55,001 candidates (2,16,543 boys and 38,458 girls) passed. Corresponding figures for 1955 were 5,16,564 (4,44,440 boys and 72,124 girls) and 2,51,300 (2,12,746 boys and 38,554 girls). The pass percentage during 1956 was 47.7, as compared to 48.7 per cent in the previous year and 45.5 per cent during 1954. The increase, though not uniformly distributed, was shared by almost all the examinations, universities and boards.

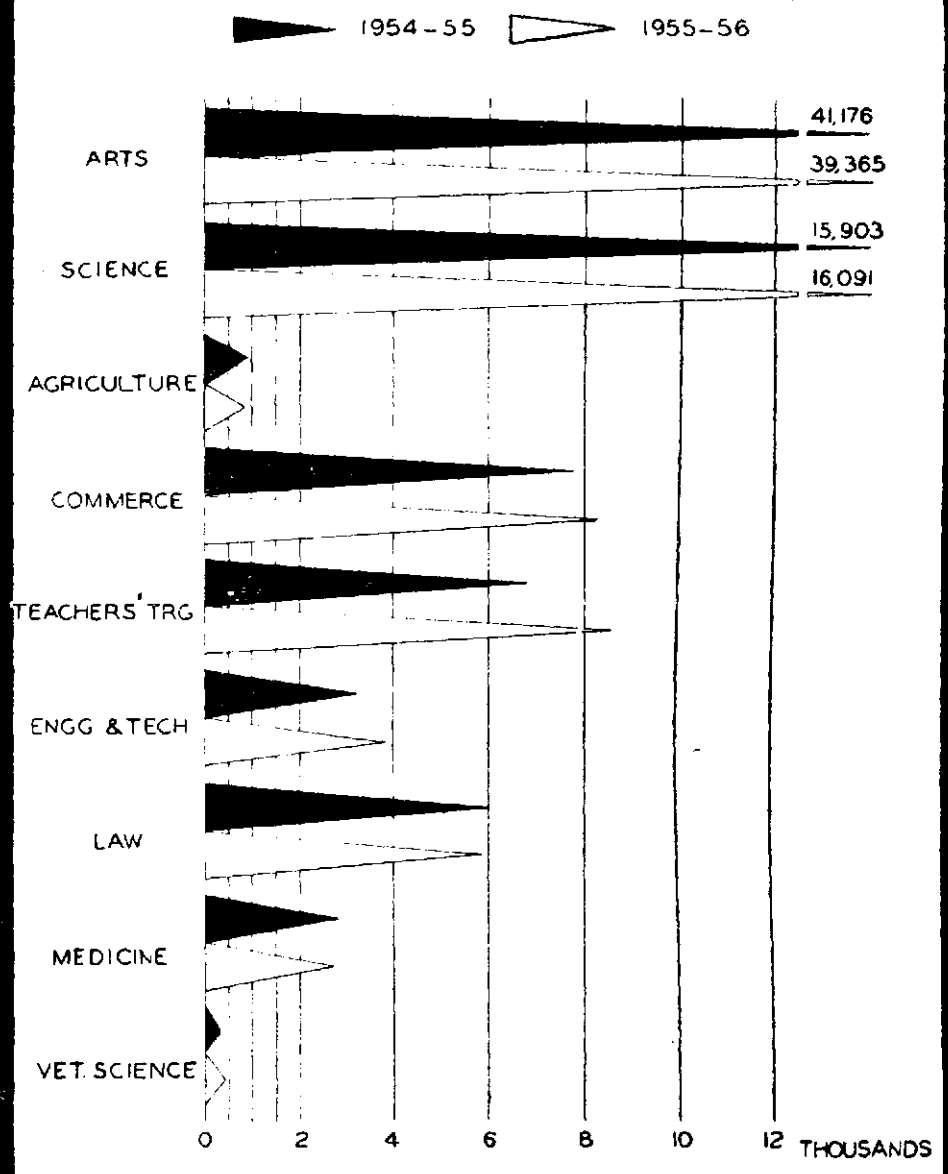

The following statement shows the break-up of passes in different examinations at various levels:

Examination	1954			1955			1956		
	Boys	Girls	Total	Boys	Girls	Total	Boys	Girls	Total

The total number of 1,00,410 degrees conferred by the universities during 1956 included 86,639 graduates, 14,086 post-graduates and 235 doctorate degrees. Of the graduate degrees, 64.6 per cent were awarded in general education and the remaining 35.4 per cent in professional education. The Master's degrees included 86.2 per cent in general education and 13.8 per cent in professional education. Further details of the degrees (excluding research ones) according to faculties is given in the statement below :

OUTPUT OF GRADUATES

(Facing page 30)

Of the total number of 2,55,001 degrees and post-matriculation certificates awarded by the universities and boards of intermediate education during the year 1956, 38,458 or 15.3 per cent were obtained by girl candidates. The pass percentage among girl candidates improved from 48.9 per cent in 1954 to 53.5 per cent in 1955 and further to 53.8 per cent in 1956. The distribution of 15,710 degrees awarded to girls was: 13,342 graduate, 2,344 master's and 24 doctorate degrees. The distribution of graduate degrees by faculties was : Arts 8,383, Science 1,644, Oriental Learning 7; Education (Teacher's Training) 2,567; Medicine 491; Law 118; Home Arts and Home Science 68; Commerce 50; Agriculture 6; Music and Fine Arts 4; and 'Engineering & Technology' and Theology 1 each. The break-up of master's degrees was : Arts 1,901; Science 259; Education (Teachers' Training) 128; Medicine 35; Social Work 12; Commerce 4; Law and Music and Fine Arts 2 each and Home Science 1.

The total number of passes in intermediate examination in 1956 was 1,46,152 (1,25,939 boys and 20,213 girls) as against 1,40,339 (1,20,734 boys and 19,605 girls) during 1955 and 1,14,139 (98,159 boys and 15,980 girls) during 1954. Further break up by faculties is given below:

Faculty	1954			1955			1956

In addition to the degree and intermediate examinations, 8,439 students (5,904 boys and 2,535 girls) qualified for the various diplomas and certificates awarded by the universities during 1956. The corresponding figures for 1954 were : 13,935 students (8,064 boys and 5,871 girls). Detailed statistics of all the examination results discussed above are given in table XII.

University Finances

Income

During the year 1955-56, the universities and their constituent and affiliated colleges reported a total income of Rs. 37.82 crores as compared to Rs. 31.82 crores during 1954-55 and Rs. 28.53 crores during 1953-54. The rate of increase, during 1955-56, was 18.9 per cent as against 11.5 per cent in the previous

year and 12.9 per cent during 1953-54. The distribution of income from various sources is given in the tabulation below :

Further details are given in table XIII.

During 1955-56, the income of the universities and their maintained constituent colleges amounted to Rs. 15.35 crores as against Rs. 12.64 crores in 1954-55 and Rs. 10.97 crores during the year 1953-54. The percentage increase during 1955-56 was 21.52. The corresponding percentage during 1954-55 and 1953-54 were : 15.1 and 8.2 respectively. Table XIV gives fuller details about the income of the universities and their maintained constituent colleges. The total income during the year 1955-56 was made up of contributions from the following sources : government and local board funds 51.3 per cent, fees 30.5 per cent, endowments 1.0 per cent and other sources 17.2 per cent. Corresponding percentages for 1954-55 were : 49.2, 32.3, 1.1 and 17.4 respectively and those for 1953-54 were : 47.9, 33.2, 1.4 and 17.5 respectively.

The University-wise statistics of income of affiliated and such constituent colleges as were not maintained by the universities are given in table XV. The total income of this category of colleges increased from Rs. 17.56 crores in 1953-54 to Rs. 19.18 crores in 1954-55 and Rs. 22.47 crores during 1955-56, thus showing an increase of 17.1 per cent during 1955-56, of 9.2 per cent in 1954-55 and of 16.2 per cent during the preceding year. The break-up of income from various sources was : Central and State governments and local boards 48.4 per cent, fees 38.1 per cent, endowments 1.8 per cent and other sources 11.7 per cent, as compared to 45.9 per cent, 40.0 per cent, 1.7 per cent and 12.4 per cent respectively during 1954-55 and 48.7 per cent, 39.2 per cent, 1.6 per cent and 10.5 per cent respectively during 1953-54.

PROGRESS OF INCOME & EXPENDITURE

(Facing page 32)

Expenditure

The universities and their colleges expended Rs. 36.60 crores during the year 1955-56, Rs. 31.43 crores during the previous year and Rs. 28.66 crores during 1953-54. The rate of increase during 1955-56 was 16.5 per cent as against 9.7 per cent during the previous year. Of the total Rs. 29.20 crores were spent during 1955-56 on recurring items and Rs. 7.40 crores on non-recurring items. The break-up of the total expenditure by heads of charge is given below :
