FOREWORD

This brochure gives provisional statistics of education in the different States and Union Territories for the year 1961-62. These have been compiled from the annual returns supplied by the State Governments and the Union Territory Administrations. No attempt has been made to reconcile discrepancies, if any, in these returns in an effort to circulate these data quickly. Moreover, as the final expenditure figures in respect of Orissa and enrolment figures in respect of Mysore were not available, the previous year's figures have been given. Further, some of the figures included here had to be estimated approximately. Nevertheless, it is hoped that this volume gives a substantially accurate picture of the progress achieved in 1961-62 and will be found useful by all concerned.

I take this opportunity to thank the Directorates of Education and other educational authorities in the States and Union Territories for their co-operation in supplying the data on which this brochure is based.

P.N. KIRPAL
