P R E F A C E

Reduction in regional imbalances of educational development is a major objective of the National policy on Education. To promote this programme, it is necessary to collect statistics of educational development in the different regions of the country periodically and to publish them for information and use by all concerned.

The Ministry of Education publishes annually statistics of educational development in the different States of the Indian Union. But as imbalances of educational development between one district and another are far more pronounced than those between one State and another, it was decided to collect and publish statistics of educational development in the districts also every five years. Accordingly, such statistics were collected and published, for the first time, for the year 1960-61.

The study is now being repeated for the year 1965-66 and it is proposed to bring out a separate volume on the district educational statistics of every State. It will contain statistics for the year 1965-66 along with comparative data for the year 1960-61. To make inter district comparisons possible, some important indices such as enrolment ratio, percentage of trained teachers, per capita expenditure on education, etc., will also be included.

In this programme of bringing out 16 volumes for all the States of the Union (except Nagaland) this volume is the third and is devoted to the educational statistics of districts in Bihar State. It has been based on the data collected from the State Department of Education.

I take this opportunity to express my appreciation of the co-operation and help received from the Director of Public Instruction, Bihar and other educational authorities in the State and the staff of the statistics and Information Division which has prepared this report.

New Delhi.

I - INTRODUCTORY

The Ministry of Education and Youth Services publishes the statistics of education in India annually in their publications 'Education in India, Vol. I and Vol. II'. These publications give the statistics at the national and State levels, but do not provide district-wise statistics.

2. To fill up this gap, the National Council of Educational Research and Training brought out a volume entitled 'Educational Statistics: District-wise' giving the bench mark of educational data of various kinds for all districts for the year 1960-61. To make inter-district comparison possible, some important indices such as enrolment ratios, percentages of trained teachers and per capita expenditure on education were also given. These comparative statements show a wide range of variation between the districts in every respect.

3. It has now been decided to have a similar review of educational development in the districts for the year 1965-66. Such periodic reviews are necessary for several reasons. For instance, they will help to judge the effectiveness of the measures taken to correct regional imbalances at the district level. Secondly, such collection and publication of data on different aspects of education at the district level will help the preparation of educational development plans for all districts so that they can be adopted, as recommended by the Education Commission as the principal unit for administration, planning and development of school education.

4. This review will be divided into sixteen volumes - one volume being devoted to the educational statistics of the districts in every State (except Nagaland). The present volume, which is the third in the series, gives the data for each of the districts of Bihar on number of educational institutions, pupils, teachers, expenditure, etc., at all levels of education. It also gives the rates of growth in different sectors from 1960-61 to 1965-66 and some important indices of educational development.

-2-
II - SUMMARY

5. The district-wise educational statistics of Bihar for the years 1960-61 and 1965-66 given in the following pages give a clear idea about the disparities in educational development among the 17 districts of the State.

PRIMARY CLASSES:

6. A synoptic view of the relative position of the 17 districts regarding the provision of school facilities at the primary stage is given in Table I. This table gives the enrolment ratio* in classes for the years 1960-61 and 1965-66 and the ranking of the districts according to their position with respect to the enrolment ratios:-

TABLE -- 1 -- ENROLMENT RATIO IN CLASSES I -- V

Sl. No.	D I S T R I C T	ENROLMENT RATIO		RANKING	
		1960-61	1965-66	1960-61	1965-66
1	2	3	4	5	6
1.	Bhagalpur	56.0	60.5	5	5
2.	Champaran	50.6	48.8	11	13
3.	Darbangha	42.1	46.2	17	15
4.	Dhanbad	60.7	66.1	3	4
5.	Gaya	44.3	52.4	15	11
6.	Hazaribagh	41.1	49.1	16	12
7.	Monghyr	53.1	56.7	8	8

1	2	3	4	5	6
8.	Muzaffarpur	46.3	47.5	13	14
9.	Palamau	54.2	54.3	7	10
10.	Patna	58.9	68.4	4	2
11.	Purnea	46.4	43.5	12	16
12.	Ranchi	64.3	68.8	1	1
13.	Saharsa	46.2	43.3	14	17
14.	Santhal Parganas	50.9	54.6	10	9
15.	Saran	51.5	59.3	9	6
16.	Sahabad	54.5	59.3	6	6
17.	Singhbhum	62.1	67.1	2	3
	TOTAL (BIHAR)	50.7	54.3	-	-

* Enrolment Ratio = $\frac{\text{Enrolment in the respective classes}}{\text{Population in the corresponding age-group}} \times 100$

7. Between 1960-61 and 1965-66 i.e. within a period of five years the enrolment in classes I-V at the State level has increased from 50.7 to 54.3, but the growth in the individual districts is varied. In 1960-61 in 6 districts it was less than the average ratio at the State level. By 1965-66 the number of such districts increased to 7.

MIDDLE SCHOOL CLASSES:

8. Table 2 gives the enrolment ratio of various districts in classes VI-VIII for the years

1960-61 and 1965-66 and also gives ranking of the districts according to their enrolment ratio:-

TABLE - 2 - ENROLMENT RATIO IN CLASSES VI-VIII

Sl. No.	D I S T R I C T	ENROLMENT RATIO		RANKING	
		1960-61	1965-66	1960-61	1965-66
1	2	3	4	5	6
1.	Bhagalpur	18.8	21.2	5	5
2.	Champanan	15.1	13.0	12	16
3.	Darbhanga	14.0	18.1	14	11
4.	Dhanbad	18.3	21.0	7	6
5.	Gaya	19.2	18.6	3	8
6.	Hazaribagh	13.5	16.0	15	12
7.	Monghyr	16.7	18.3	8	10
8.	Muzaffarpur	14.8	18.5	13	9
9.	Palamau	15.3	15.8	10	13
10.	Patna	27.5	26.1	1	1
11.	Purnea	10.9	12.0	17	17
12.	Ranchi	15.2	21.8	11	4
13.	Saharsa	11.5	13.2	16	14
14.	Santnal Parganas	15.5	13.1	9	15
15.	Saran	18.5	20.7	6	7
16.	Sahabad	24.7	24.5	2	3
17.	Singhbhum	18.9	24.9	4	2
	TOTAL (BIHAR)	17.1	18.7	-	-

9. During the period 1960-61 to 1965-66 the enrolment ratio in middle school classes has increased from 17.1 to 18.7 in the State as a whole. But the district-wise growth has been somewhat uneven. However, the relative position of the different districts as regards enrolment ratio is varied. In 1960-61 the enrolment ratio in 10 districts was less than the overall State average, whereas in 1965-66 also in almost in the same 10 districts the enrolment ratio was less than that of the overall State average. The lowest enrolment ratio in 1965-66 was around 12 against about 11 in 1960-61.

HIGH SCHOOL EDUCATION:

10. Table 3 gives the enrolment ratio in classes IX-XI for the 17 districts of Bihar for the year 1960-61 and 1965-66 along with their ranking according to their enrolment ratio in these classes:-

TABLE - 3 - ENROLMENT IN CLASSES IX-XI

Sl. No.	D I S T R I C T	ENROLMENT RATIO		RANKING	
		1960-61	1965-66	1960-61	1965-66
1	2	3	4	5	6
1.	Bhagalpur	10.4	15.1	10	7
2.	Champanan	8.9	9.1	13	13
3.	Darbhanga	11.9	12.0	7	11
4.	Dhanbad	13.5	17.5	3	3
5.	Gaya	12.8	15.9	4	4
6.	Hazaribagh	9.2	8.1	11	16
7.	Monghyr	12.7	14.8	5	8

1	2	3	4	5	6
8.	Muzaffarpur	12.1	15.3	6	6
9.	Palamau	8.2	10.4	15	12
10.	Patna	20.5	19.1	1	1
11.	Purnea	7.1	8.1	17	16
12.	Ranchi	8.9	13.1	13	10
13.	Saharsa	9.2	8.4	11	15
14.	Santhal Parganas	8.2	8.9	15	14
15.	Saran	11.5	15.5	8	5
16.	Sahabad	15.7	18.1	2	2
17.	Singhbhum	11.0	13.5	9	9
	TOTAL (BIHAR)	11.7	13.4	-	-

11. During the period 1960-61 to 1965-66 the enrolment ratio in classes IX-XI increased from 11.7 to 13.4 at the State level. As in the case of previous stages, the increase in the enrolment ratio varied from district to district. In 1960-61, only in 7 districts the enrolment ratio exceeded the State average. In 1965-66, however, the enrolment ratio in 8 districts exceeded the State average. These districts are Bhagalpur, Dhanbad, Gaya, Monghyr, Muzaffarpur, Patna, Saran and Sahabad.

ALL SCHOOL CLASSES:

- 7 -

12. The enrolment ratio in classes I-XI has been worked out and is given in Table 4. This also gives the ranking of the districts according to their achievement as indicated by their enrolment ratio:-

TABLE - 4 - ENROLMENT RATIO IN CLASSES I-XI

Sl. No.	D I S T R I C T	ENROLMENT RATIO		RANKING	
		1960-61	1965-66	1960-61	1965-66
1	2	3	4	5	6
1.	Bhagalpur	36.8	39.9	6	6
2.	Champaran	32.2	30.3	11	15
3.	Darbhanga	28.6	31.4	16	13
4.	Dhanbad	37.4	41.3	5	4
5.	Gaya	30.2	34.5	13	9
6.	Hazaribagh	28.4	30.8	17	14
7.	Monghyr	34.3	36.6	7	8
8.	Muzaffarpur	31.0	32.7	12	12
9.	Palamau	34.0	34.1	8	10
10.	Patna	41.3	44.7	1	1
11.	Purnea	29.5	28.1	15	17
12.	Ranchi	38.0	42.4	3	2
13.	Sahasra	29.9	28.2	14	16
14.	Santhal Parganas	32.3	33.1	10	11
15.	Saran	33.8	38.7	9	7
16.	Sahabad	37.5	40.0	4	5
17.	Singhbhum	38.6	42.4	2	2
	TOTAL (BIHAR)	33.2	35.4	-	-

13. Taking school stage as a whole, the enrolment ratio for the State was 33.2 in 1960-61 and 35.4 in 1965-66. In 1960-61 in 8 districts, namely, Champaran, Darbhanga, Gaya, Hazaribagh, Muzaffarpur, Purnea, Saharsa and Santhal Parganas the enrolment ratio in classes I-XI was less than the State average. In none of the districts the enrolment ratio exceeded 40 except Patna where the ratio achieved was (41.3). In 1965-66 again, the enrolment ratio was less than the State average in Champaran, Darbhanga, Gaya, Hazaribagh, Muzaffarpur, Palamau, Purnea, Saharsa & Santhal Parganas. For this year the enrolment ratio did not exceed 50 in any of the districts. The highest ratio achieved was in Patna (44.7). One could see that taking the school stage as a whole, these 8 districts are backward as they have below the State average enrolment ratio.

HIGHER EDUCATION:

14. Table 5 gives the enrolment ratio in higher education classes along with their ranking in the districts of Bihar for the years 1960-61 and 1965-66.

TABLE - 5 - ENROLMENT RATIO IN HIGHER EDUCATION

Sl. No.	D I S T R I C T	ENROLMENT RATIO		RANKING	
		1960-61	1965-66	1960-61	1965-66
1	2	3	4	5	6
1.	Bhagalpur	3.7	5.0	2	3
2.	Champaran	0.8	1.3	15	15
3.	Darbhanga	2.0	3.3	6	7
4.	Dhanbad	2.1	3.6	4	4
5.	Gaya	1.4	2.6	10	9
6.	Hazaribagh	0.7	1.3	16	15

1	2	3	4	5	6
7.	Monghyr	1.8	2.5	7	10
8.	Muzaffarpur	2.1	3.4	4	5
9.	Palanau	0.6	1.2	17	17
10.	Patna	5.8	7.6	1	1
11.	Purnea	0.8	1.4	13	13
12.	Ranchi	3.3	5.6	3	2
13.	Saharsa	1.0	3.4	12	5
14.	Santhal Parganas	0.8	1.4	13	13
15.	Saran	1.7	2.4	9	11
16.	Sahabad	1.8	2.2	7	12
17.	Singhbhum	1.2	2.7	11	8
	TOTAL (BIHAR)	1.9	2.9	-	-

15. During this period, the enrolment ratio at Higher Education Stage for the State as a whole increased from 1.9 to 2.9. However, the increase in the enrolment ratio varied from district to district. In 1960-61 only Bhagalpur, Patna and Ranchi the enrolment ratio exceeded the 3.0. In 1965-66 the enrolment ratio in districts of Bhagalpur, Darbhanga, Dhanbad, Muzaffarpur, Patna, Ranchi and Saharsa exceeded the State average. In all other districts the enrolment ratio in higher education was below this average.

III - AREA AND POPULATION

16. Bihar State consists of 17 districts. The total area of the State is 67,196 sq. miles. The area of the 17 districts varies from 7,047 sq. miles in Ranchi and 7016 sq. miles in Hazaribagh to 1,114 sq. miles in Dhanbad. The population of Bihar was 464.56 lakhs in 1961. It is estimated to have increased to 520.63 lakhs by 1966. The increase in population is observed in all the districts. In 1965-66 the population in the different districts varied from 48.84 lakhs in Darbhanga to 13.35 lakhs in Palamau.

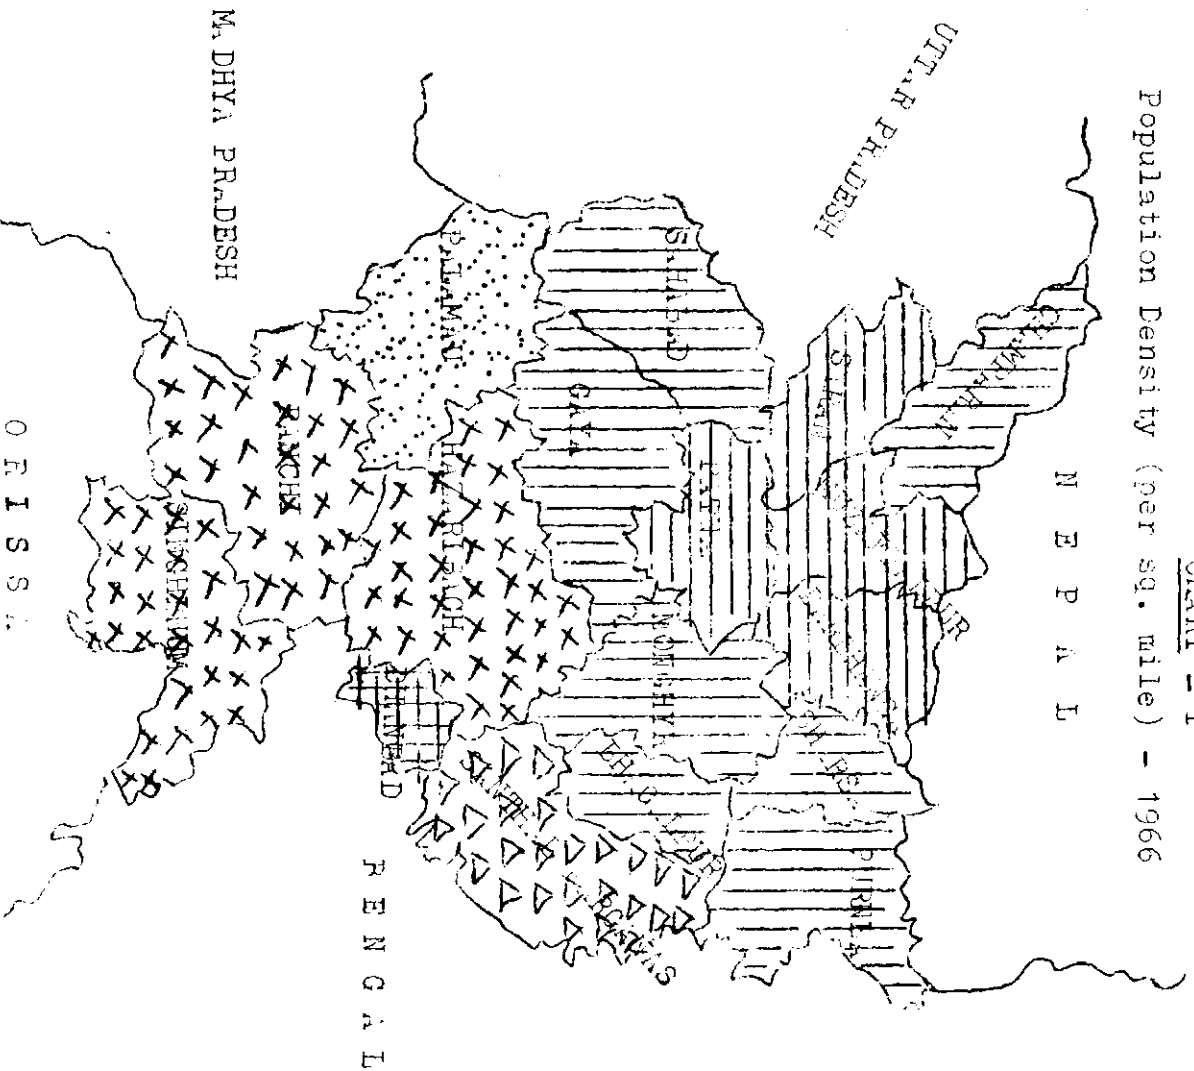

17. The population density per sq. mile which was 694 in 1961 increased to 775 by 1966. In the case of districts the population density per sq. mile, in 1966, varied from 271 in Palamau to 1506 in Patna. The population density in 1966 was less than 300 in one district, 300-400 in 2 districts, 400-500 in one district, 500-600 in one district and it was more than 800 in the remaining districts. The density of population and the sex ratio of population in the different districts of Bihar is given in Statement I.

18. Of the total population of 520.63 lakhs in 1966, 72.95 lakhs were in ^{the} age-group 6-11 consisting of 36.74 lakhs boys and 36.21 lakhs girls. The children in the age-group 6-11 formed 14.0% of the total population of the State- In the case of boys and girls separately also it formed the same percentage i.e. 14.0%. The population in the age-group 11-14 in 1966 is estimated to 38.36 lakhs consisting of 19.59 lakhs boys and 18.77 lakhs girls. This formed 7.4% of the total population of the State. The boys in this group formed 7.5% of the total male population and the girls formed 7.3% of the total female population of the State. Again the population in the age-group 14-17 is estimated as 33.62 lakhs consisting of 17.44 lakhs boys and 16.18 lakhs girls. The population in this age-group formed 6.5% of the total population. The boys in this age-group formed 6.7% of the total male population and girls in this age-group formed 6.3% of the total female population of the State. In the age-group 17-23 the population in the State is

CHART - I
 Population Density (per sq. mile) - 1966

N E P A L

UTTAR PRADESH

estimated to be 54.89 lakhs, consisting of 28.51 lakhs boys and 26.38 lakhs girls. They formed 10.5%, 10.9% and 10.2% respectively of the total population, the male population and the female population of the State. Thus the total population in the school going age-group 6-23 adds to 199.82 lakhs. This formed 38.4% of the total population at the State level. The boys in this age-group formed 39.1% of the male population and the girls 37.8% of the female population. The distribution of the population in the different age-groups, district-wise, is given in Statement II for the years 1961 & 1966 separately.

19. Of the total population in 1961, 61.74 lakhs (30.28 lakhs males and 31.46 lakhs females) belonged to the Scheduled Castes community at the State level. The population of the Scheduled Tribes was 40.95 lakhs (consisting of 20.30 lakhs males and 20.65 lakhs females). Thus 24.1% of the total population of the State belonged to Scheduled Castes and Scheduled Tribes communities. In the case of males these communities formed 23.9% and in the case of females 24.4%. The district-wise distribution of percentage of Scheduled Castes and Scheduled Tribes population to the total population is given below:-

TABLE - 6 - PERCENTAGE OF SCHEDULED CASTES/TRIBES POPULATION TO THE TOTAL POPULATION - 1961.

Sl. No.	NAME OF THE DISTRICT	PERCENTAGE TO THE POPULATION		
		Males	Females	TOTAL
1	2	3	4	5
1.	Bhagalpur	16.0	16.4	16.2
2.	Champaran	14.8	15.3	15.0
3.	Darbhanga	14.7	15.1	14.9
4.	Dhanbad	32.0	32.9	32.4
5.	Gaya	25.7	25.5	25.6
6.	Hazaribagh	24.5	24.9	24.7

Table - 6 - PERCENTAGE OF SCHEDULED CASTES/TRIBES POPULATION TO THE TOTAL POPULATION - 1961.

(Contd.)

1	2	3	4	5
7.	Monghyr	17.7	18.4	18.1
8.	Muzaffarpur	14.8	15.4	15.1
9.	Palamau	46.2	46.9	46.6
10.	Patna	17.6	18.0	17.8
11.	Purnea	16.0	16.8	16.4
12.	Ranchi	69.6	71.1	70.3
13.	Saharsa	17.5	18.3	17.9
14.	Santhal Parganas	47.3	48.0	47.6
15.	Saran	9.9	10.9	10.5
16.	Sahabad	17.1	17.5	17.3
17.	Singhbhum	59.4	61.5	60.4
	TOTAL (BIHAR)	23.9	24.4	24.1

IV - LITERACY

20. General literacy rate in Bihar i.e. the number of literates per thousand of population was 184 in 1961. The literacy rate for males was 298 and the females 69 for the State as a whole. In 1961 the literacy rate was less than at the State level in 9 of the 17 districts. In the case of males and females separately, the literacy rate was less than the State average in the 9 districts. The literacy rate among the districts varied from 132 per thousand of population in Champaran to 287 in Patna. The detailed district-wise position is given in Statement III.

V-TOTAL NUMBER OF EDUCATIONAL INSTITUTIONS, ENROLMENT, TEACHERS AND EXPENDITURE

INSTITUTIONS:

21. The total number of educational institutions at the State level in Bihar was 52,011 in 1960-61. This increased to 55,448 by 1965-66. The increase in the number of institutions is observed in all the districts except in Hazaribagh. However, taking 1960-61 as base, the increase was more than 20% in Gaya, between 10-20% in Bhagalpur, Palamau and Saran and more than 5% in Darbhanga, Saharsa, Purnea, Dhanbad, Monghyr and Sahabad.

ENROLMENT:

22. The total enrolment in the educational institutions at the State level was 44.98 lakhs in 1960-61 which increased to 53.76 lakhs by 1965-66. Of the enrolment in 1960-61, 36.31 lakhs were boys and 8.67 lakhs were girls; whereas in 1965-66, 42.33 lakhs were boys and 11.43 lakhs were girls. The enrolment has increased at an annual cumulative rate of growth of 3.6%. The increase in enrolment during the period is observed in all the districts and in both boys and girls. At the same time, at the State level as well as in all the districts, the rate of increase in enrolment of girls during the period was more than that of boys. The increase in enrolment was the highest in Dhanbad (30.7%) followed by Saran (29.0%), taking both boys and girls together and was lowest in Champaran (5.3%) followed by Santhal Parganas (8.1%) and Saharsa (10.8%).

23. The sex ratio of enrolment i.e. the number of girls enrolled for every 100 boys was 24 in 1960-61 and 27 in 1965-66. In 1965-66 the sex ratio varied from 16 in Saran to 40 in Ranchi. The following table gives the district-wise sex ratio and percentage enrolment to the total population:-

TABLE - 7 - SEX-RATIO AND PERCENTAGE OF TOTAL ENROLMENT TO THE TOTAL POPULATION, 1960-61 & 1965-66

Sl. No.	D I S T R I C T	SEX RATIO		Percentage Enrolment to Population	
		1960-61	1965-66	1960-61	1965-66
1	2	3	4	5	6
1.	Bhagalpur	30	32	11.1	11.8
2.	Champaran	21	27	9.0	8.5
3.	Darbhanga	21	24	8.7	9.4
4.	Dhanbad	23	32	9.6	10.8
5.	Gaya	20	23	8.8	9.8
6.	Hazaribagh	20	23	8.8	8.9
7.	Monghyr	26	27	9.6	10.5
8.	Muzaffarjur	23	24	8.9	9.7
9.	Falamau	24	26	9.6	9.6
10.	Patna	30	33	12.0	13.4
11.	Rohtas	29	32	8.4	8.4
12.	Siwan	34	40	12.8	13.2
13.	Supernia	20	21	8.8	8.3
14.	Saran Parganas	24	32	9.7	9.5
15.	Sonepur	16	16	9.9	11.7
16.	Shehabad	20	24	10.4	11.5
17.	Siwanbhur	32	36	10.6	12.0
	TOTAL (BIHAR)	24	27	9.7	10.3

24. The total enrolment in all recognised educational institutions as a percentage of the total population increased from 9.7 to 10.3 at the State level during the period. The percentage enrolment has increased in almost all the districts excepting Champaran, Saharsa and Santhal Parganas where there was a decrease. The percentage enrolment in 1965-66 was the highest in Patna (13.4), followed by Ranchi (13.2), Singhbhum (12.0), Bhagalpur (11.8) and Saran (11.7) and was the lowest in Saharsa (8.3).

TEACHERS:

25. The total number of teachers in all educational institutions increased from 1.11 lakhs to 1.52 lakhs during the period. This shows a cumulative rate of growth of 6.2%. The percentage of women teachers which was 8.3 in 1960-61 increased to 9.7 by 1965-66. Among the districts the percentage of women teachers in 1965-66 varied from around 5% in Saharsa to 17.3% in Ranchi and 16.0% in Singhbhum.

26. The number of teachers per thousand population was 2.4 in 1960-61. This increased to 2.9 by 1965-66. In 1965-66, the number of teachers per thousand population varied from 2.3 in Champaran, Purnea and Saharsa to 4.0 in Patna.

EXPENDITURE:

27. The total expenditure on all recognised educational institutions in the State was Rs.14.36 crores in 1960-61 which increased to Rs.24.70 crores by 1965-66. The expenditure has increased at an annual cumulative rate of growth of 10.6%. The increase in the expenditure during the period is evident in all the districts. However, taking 1960-61 as base, the percentage increase in the expenditure during the period is more than 100% in Bhagalpur and more than 90% in Dhanbad, Monghyr, Palamau and Ranchi.

VI. PRE-PRIMARY EDUCATION

INSTITUTIONS & ENROLMENT:

28. The number of pre-primary schools in Bihar increased more than double during the period from 18 to 41. In 1965-66 there were at least one pre-primary school in 12 districts. However, in Patna there were 11 of them, followed by Saran (6) and Muzaffarpur (5). The total enrolment in Pre-Primary schools in 1965-66 was 2,947 of which around 700 were in Patna and in Saran. The enrolment in pre-primary school classes (in schools as well as in attached classes) increased from 2,027 to 3,171 at the State level.

TEACHERS:

29. The total number of teachers in pre-primary schools increased from 50 to 134 at the State level. Of this number in 1965-66, 99 were women. In all the districts also the number of women teachers as compared to men teachers was high. Of the total number of teachers 64.0% were trained in 1960-61. The corresponding percentage in 1965-66 was 46.3.

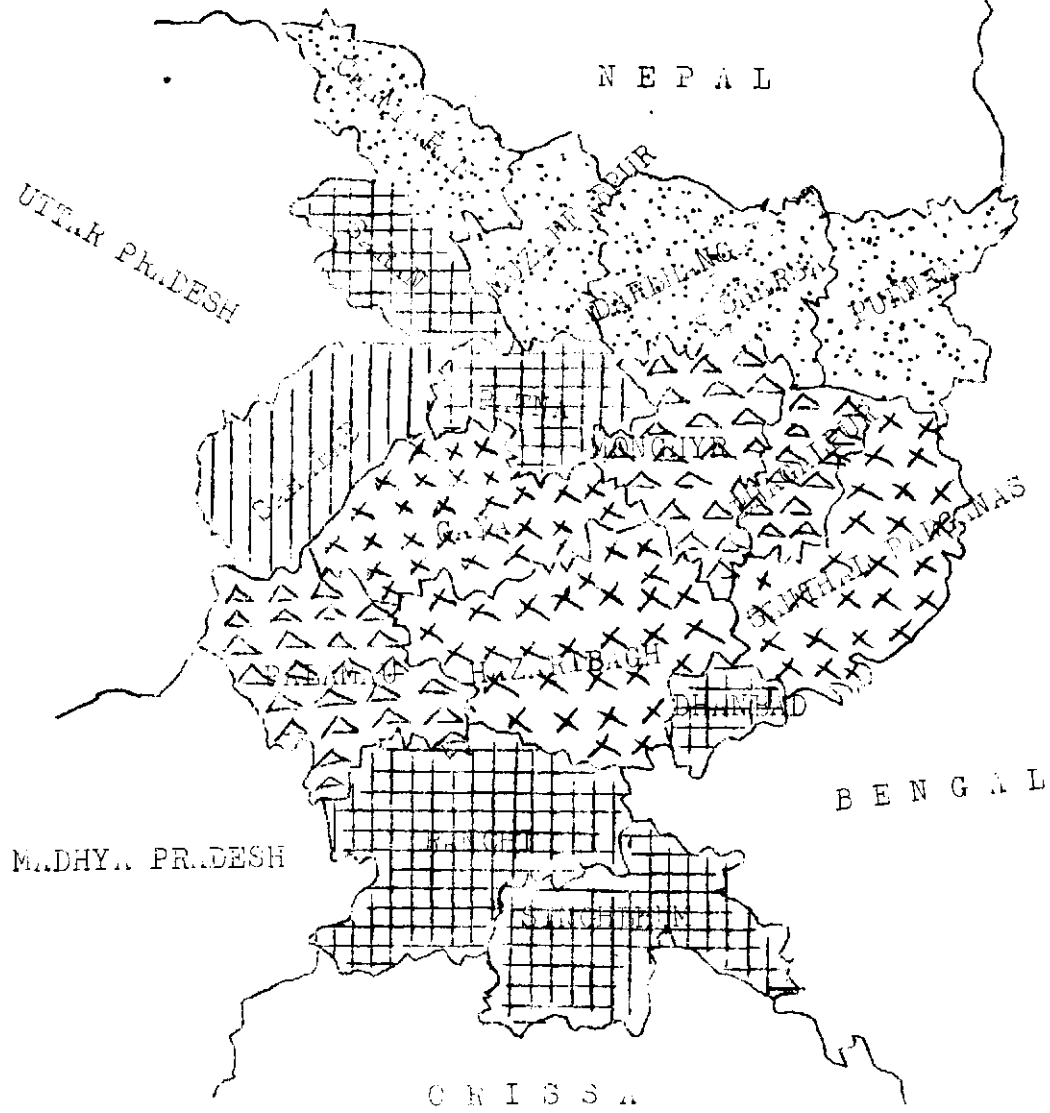

EXPENDITURE

30. The total direct expenditure on pre-primary schools increased from Rs.83,896 to Rs.2,03,381 during the period. This increase in the expenditure is evident in all the districts.

31. Of the total enrolment in pre-primary classes in 1965-66, 103 were from Scheduled Castes and Scheduled Tribes Communities. Of this 65 were boys and 38 were girls. The enrolment of Scheduled Castes/Tribes in Pre-Primary classes was available only in four districts viz. Hazaribagh, Muzaffarpur, Santhal Parganas and Singhbhum. In the remaining 13 districts there were no S.C./S.T. students studying in Pre-Primary classes.

CHART II

Percentage Enrolment (Boys) in Classes I-V to Population in the Age-Group 6 - 11 (1965-66)

64.0 to 74.9

91.0 to 100.0

75.0 to 80.9

81.0 to 85.9

86.0 to 90.9

VII - PRIMARY EDUCATION

INSTITUTIONS:

32. The total number of primary schools in Bihar increased from 37,259 to 44,484 during the period under consideration. The increase in the number of primary schools is shared by all the districts. The highest percentage increase in the number of primary schools with 1960-61 as base was in Palamau (40.0%) followed by Gaya (39.4%) and Bhagalpur (26.1%) and the lowest in Singhbhum (6.7%).

33. The area served by a primary school in sq. miles decreased from 1.8 to 1.5 during the period. In Saran district there was a primary school for every 0.8 sq. mile of area in 1965-66. The average area served by a primary school, among the other districts in 1965-66, was more than the State average in Hazaribagh, Palamau, Purnea, Ranchi, Santhal Parganas and Singhbhum. The area served by a primary school was the lowest in Saran followed by Patna, Darbhanga and Muzaffarpur.

34. The population served by a primary school in the State decreased from 1,247 to 1,170 during the period. In 1965-66 a primary school served a population between 1,477 in Purnea to 902 in Gaya. This shows that, on an average, a primary school in Bihar State serves comparatively much less population than that in some other State. In Maharashtra the population served by a primary school is more than one thousand in most of the cases. The district-wise details are given in Statement VI.

ENROLMENT:

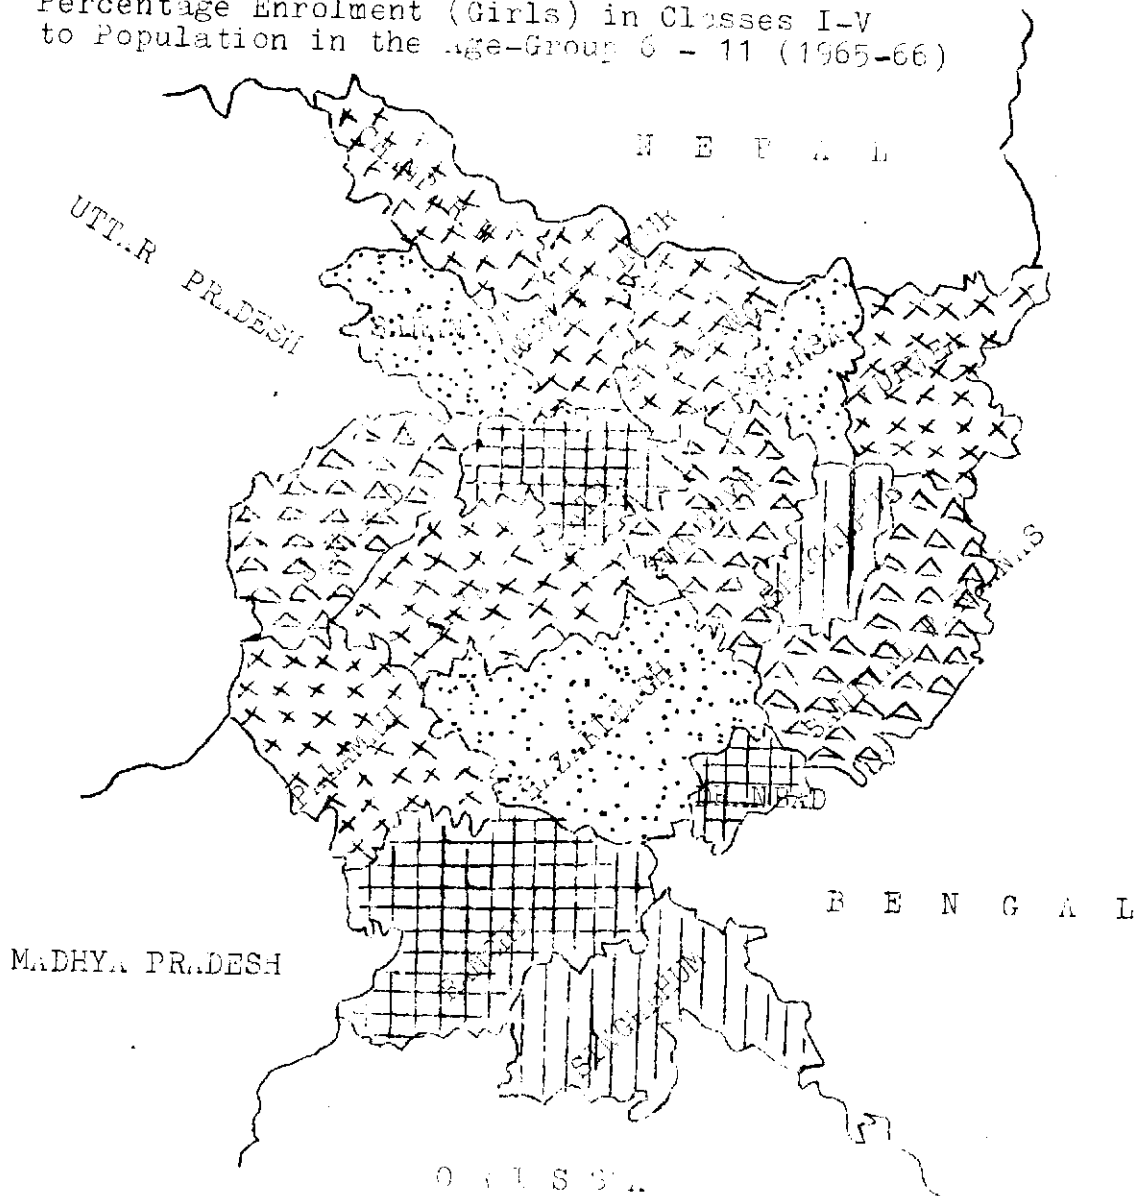

35. Enrolment of classes I-V at the State level was 31.85 lakhs in 1960-61. This increased to 39.61 lakhs by 1965-66. This shows a growth rate of 4.3% per annum. The growth rate of enrolment in these classes for boys during this period was 4.0% and that of girls was 5.5%. Taking 1960-61 as base the percentage increase in the enrolment during the period in the different districts varied from 12.0% in Champaran to 36.8% in Gaya, taking both boys and girls together. In the case of boys the percentage

increase during the period varied between 7.4% in Champaran to 34.0% in Patna and in the case of girls from about 15.0% in Saharsa to 67.4% in Dhanbad. The sex ratio of enrolment i.e. the number of girls enrolled for every 100 boys was 33 at the State level. In the different districts the sex ratio varied from 47 in Ranchi to 21 in Saran. The table below gives the percentage enrolment in 1965-66 taking 1960-61 as base in the different districts, alongwith the sex ratio of enrolment in classes I-V. The detailed statistics, district-wise, are given in Statement VIII.

Table: 8 : Sex Ratio and Rate of Growth of Enrolment in Classes I-V.

S.No.	District	Percentage enrolment in 1965-66 (1960-61 as base)			Sex Ratio
		Boys	Girls	Total	
		3	4	5	
1.	Bhagalpur	122.9	126.6	124.0	40
2.	Champaran	107.4	129.5	112.0	31
3.	Darbhanga	122.4	137.5	125.7	31
4.	Dhanbad	123.3	167.4	132.9	38
5.	Gaya	132.9	151.2	136.8	31
6.	Hazaribagh	128.2	144.6	131.1	25
7.	Monghyr	124.6	120.4	123.5	33
8.	Muzaffarpur	115.5	124.2	117.4	30
9.	Palamau	116.0	119.5	116.8	31
10.	Patna	134.0	130.8	133.1	40
11.	Purnea	116.0	119.6	117.4	37
12.	Ranchi	118.5	130.1	122.0	47
13.	Saharsa	114.5	115.0	114.6	24
14.	Santhal Parganas	116.1	140.0	121.8	38
15.	Saran	129.0	131.0	129.5	21
16.	Sahabad	123.0	139.6	126.7	33
17.	Singhbhum	122.2	138.0	126.3	38
TOTAL	(BIHAR)	122.0	132.2	124.4	33

PART III
 Percentage Enrolment (Girls) in Classes I-V
 to Population in the Age-Group 6 - 11 (1965-66)

17.0 to 21.0

37.1 to 42.5

22.1 to 27.0

27.1 to 32.0

32.1 to 37.0

36. The percentage enrolment in classes I-V to the total population in the age-group 6-11 gives an index of the facilities created for primary stage of education. In Bihar, this percentage increased from 50.7% to 54.3% during the period taking both boys and girls together. In the case of boys the increase was from 76.0% in 1960-61 to 81.2% in 1965-66 and in the case of girls from 24.2% to 27.0%. There is appreciable variation in the percentage enrolment in the different districts in 1965-66. Taking both boys and girls together, the percentage enrolment was more than 65 in Ranchi, Patna, Singhbhum, Dhanbad & Bhagalpur; 50 to 60% in Saran, Sahabad, Monghyr, Santhal Parganas, Palamau and Gaya and more than 40% in the remaining districts, least being in Saharsa (43.3%). In the case of boys the percentage enrolment was more than 90 in 5 of the 17 districts. In the other districts it varied between 64.8% in Purnea to 88.1 in Sahabad. In the case of girls the percentage enrolment in none of the districts was more than 50, the highest percentage was in Ranchi (42.5%) followed by Patna (40.2). Among the other districts the percentage enrolment was 30-40% in Bhagalpur, Dhanbad, Santhal Parganas and Singhbhum; 20-30% in Champaran, Darbhanga, Gaya, Monghyr, Muzaffarpur, Palamau, Purnea, Saran and Sahabad and in the remaining two districts viz. Hazaribagh and Saharsa it was less than 20%.

SCHEDULED CASTES AND SCHEDULED TRIBES

37. Of the total enrolment in classes I-V in 1965-66, 7.47 lakhs (6.09 lakh boys and 1.38 lakh girls) belonged to the Scheduled Castes and Scheduled Tribes communities. They formed 18.9% of the total enrolment in these classes. Scheduled Castes and Scheduled Tribes boys formed 20.4% of the total enrolment of boys and the Scheduled Castes and Scheduled Tribes girls formed 14.1% of the total enrolment of girls. Among the districts there is a large variation in the percentage enrolment of scheduled castes and Scheduled Tribes to the total enrolment in these classes. This is due to the

variation in the total population of Scheduled Castes and Scheduled Tribes in the various districts. Among the districts the Scheduled Castes/Scheduled Tribes population formed 70.3 per cent of the total population of the district in Ranchi, followed by 60.4% in Singhbhum and 47.6% in Santhal Parganas. On the other hand, in Saran, Darbhanga, and Champaran these communities formed only 10-15% of the total population.

38. Among the districts the percentage enrolment of Scheduled Castes and Scheduled Tribes to the total enrolment in classes I-V was highest in Ranchi (67.0%), followed by Singhbhum (51.6%), Palamau (35.3%) and Santhal Parganas (34.7%). On the other end in Saran the students of these communities formed only 7.1% of the total enrolment in these classes.

39. The following table gives the extent of coverage of Scheduled Castes and Scheduled Tribes in classes I-V, district-wise. The extent of coverage is defined as:

$$\frac{\text{Percentage of Enrolment of Scheduled Castes and Scheduled Tribes to the total enrolment}}{\text{Percentage of population of Scheduled Castes and Scheduled Tribes to the total population.}} \times 100$$

This shows that the enrolment of Scheduled Castes and Scheduled Tribes in Classes I-V is comparatively on the low side in comparison to the enrolment of all students.

Table: 9: Extent of Coverage of Scheduled Castes/Tribes Children in Classes I-V (1965-66)

Sl. No.	District	Extent of Coverage			Ranks		
		Boys	Girls	Total	Boys	Girls	Total
1	2	3	4	5	6	7	8
1.	Bhagalpur	65.6	32.3	55.6	15	11	15
2.	Champaran	166.2	66.7	141.3	1	2	1
3.	Darbhanga	76.9	33.1	65.8	9	12	10
4.	Dhanbad	74.1	41.0	64.5	13	7	11

Table: 9: Extent of Coverage of Scheduled Castes/Tribes Children in Classes I-V (1965-66) Contd.

1	2	3	4	5	6	7	8
5.	Gaya	93.4	20.0	76.2	4	16	5
6.	Hazaribagh	82.9	48.6	75.3	7	4	7
7.	Monghyr	70.1	35.3	60.8	14	9	14
8.	Muzaffarpur	75.0	33.2	64.2	11	10	12
9.	Palamau	80.3	6.4	75.8	8	17	6
10.	Patna	63.6	21.7	51.1	16	15	17
11.	Purnea	91.9	48.2	78.7	5	5	4
12.	Ranchi	96.6	93.7	95.3	2	1	2
13.	Saharsa	62.9	24.6	54.7	17	14	16
14.	Santhal Parganas	85.6	40.2	72.9	6	8	8
15.	Saran	75.8	47.7	67.6	10	6	9
16.	Sahabad	74.9	33.1	64.2	12	12	12
17.	Singhbhum	94.8	63.7	85.4	3	3	3
	TOTAL (BIHAR)	85.4	77.5	78.4	-	-	-

40. at the State level the extent of coverage was 78.4% taking both boys and girls together thereby showing that the enrolment of Scheduled Castes and Scheduled Tribes in Classes I-V is less than their percentage to the total population. Among the boys the extent of coverage was 85.4% and among the girls 77.5% at the State level. In the districts, taking both boys and girls together, the

extent of coverage was more than 100 in only one district viz. Champaran, was 90-100 in Ranchi, 80-90 in Singhbhum, 70-80 in Gaya, Hazaribagh, Palamau, Purnea and Santhal Parganas, 60-70 in Darbhanga, Dhanbad, Monghyr, Muzaffarpur, Saran & Sahabad. The lowest extent of coverage was in Patna (51.1) followed by Saharsa (54.7) and Bhagalpur (55.6). The details of information are given in Statement VIII.

TEACHERS

41. The total number of teachers in primary schools in Bihar increased from 59,679 to 76,081 during the period. The growth rate in the number of teachers during the period was 4.8% per annum as compared to the percentage rate of growth of enrolment of 4.3%. Taking 1960-61 as base, the number of teachers showed an increase varying from 15.6% in Ranchi to 48.1% in Gaya among the districts. The number of teachers in 1965-66 was more than that in 1960-61 in all the districts.

42. In 1960-61 at the State level, 8.6% of the teachers were women and by 1965-66 this percentage increased to 10.4. The percentage of women teachers among the districts varied appreciably.

The highest percentage of women teachers in Primary Schools in 1965-66 was in Patna (17.9%) followed by Ranchi (14.1%) and Muzaffarpur (14.1%) and the lowest was in Palamau (4.3%) and Saharsa (5.0%).

43. The percentage of trained teachers among the teachers in primary schools was 71.2% in 1960-61 and 77.7% in 1965-66. Among the districts, considering all the teachers in 1965-66, the percentage of trained teachers was more than 80 in Bhagalpur, Monghyr, Patna, Saharsa and Sahabad; was 70-80% in Darbhanga, Gaya, Muzaffarpur, Palamau, Purnea, Ranchi, Santhal Parganas and Saran, was 50-70% in Champaran, Dhanbad, Hazaribagh and Singhbhum and in no district it was less than 50%, the lowest being in Singhbhum (57.6%). Similar variation is observed in the case of trained teachers among the men and women teachers separately also.

EXPENDITURE

44. The total direct expenditure on primary schools in Bihar increased from 443.19 lakhs to Rs.648.25 lakhs during the period 1960-61 to 1965-66. This gives a cumulative annual growth rate of 7.5%. The direct expenditure on primary schools increased in all the districts of the State. However, the highest increase taking 1960-61 as base, was in Dhanbad (122.1%), followed by Hazaribagh (110.8%). On the other hand in Patna the percentage increase was only 12.1%.

45. The per capita expenditure on primary schools in the State was Re.1.0 in 1960-61 and has increased to Rs.1.2 by 1965-66. Among the districts the per capita expenditure in 1965-66 was Re.1/- or less in Darbhanga, Muzaffarpur and Purnea. The per capita expenditure was nowhere more than Rs.2/-, highest being in Dhanbad (Rs.1.7).

46. The total direct expenditure on primary schools formed 30.9% of the total direct expenditure on education in Bihar in 1960-61. By 1965-66 this percentage decreased to 26.2%. Among the districts the highest percentage expenditure on primary schools in 1965-66 was around 46 in Saharsa. On the other hand in Patna the percentage expenditure was the lowest (10.2%) followed by Ranchi (17.9%) and Bhagalpur (20.6%).

47. The cost per student in primary schools was Rs.20.9 at the State level in 1965-66. This varied from Rs.31.0 in Dhanbad to Rs.16.0 in Santhal Parganas. The cost per student was less than Rs.20/- in eight districts; Rs.20-30 in eight districts and more than Rs.30/- in only one district. The cost per student has a direct relation with the pupil-teacher ratio. Pupil-teacher ratio was higher in those districts where the cost per student was lowest. The pupil-teacher ratio among the districts varies between 31ⁱⁿ/Gaya to 56 in Saran. The Table below summaries the position.

Table: 10 : Statistics of Primary Education (1965-66)

Sl.No.	District	Expenditure per head of population 1965-66	Expenditure on Primary Schools as a percentage of direct expenditure on Education 1965-66	Cost per Student in Primary Schools	Teacher-Pupil Ratio
1	2	3	4	5	6
1.	Bhagalpur	Rs. 1.6	20.6	Rs. 23.9	39
2.	Champaran	1.2	40.6	19.7	43
3.	Darbhanga	1.0	26.3	18.7	40
4.	Dhanbad	1.7	22.4	31.0	32
5.	Gaya	1.4	31.8	24.0	31
6.	Hazaribagh	1.4	39.4	26.7	39
7.	Monghyr	1.6	35.4	24.2	43
8.	Muzaffarpur	0.9	22.2	17.7	43
9.	Palamau	1.4	30.0	26.2	35

	TOTAL (BIHAR)	1.2	26.2	20.9	41

VIII - MIDDLE SCHOOLS

INSTITUTIONS

48. The number of middle schools in Bihar generally consisting of Classes VI-VIII increased from 4,470 to 6,834 during the period. This shows a cumulative annual rate of increase of 8.4%. Among the districts, taking 1960-61 as base, the number of institutions have increased in all the districts. However, the increase was very high in Saharsa, Purnea, Bhagalpur, Ranchi, Gaya, Saran and Hazaribagh districts (more than 50%). However, in Patna and Muzaffarpur the increase was less than 40%.

49. On the average there was a middle school for an area of 15.0 sq. miles in 1960-61. The coverage of a middle school decreased to 9.8 sq. miles by 1965-66. In all the districts also the area served by a middle school decreased during 1965-66 as compared to 1960-61. In Patna, there was a middle school for an area of 3.9 sq. miles during 1965-66. Among the other districts, in Muzaffarpur, Dhanbad, Darbhanga, Saran and Bhagalpur, the average area served by a middle school was 5.75 sq. miles. On the other hand, in Palamau the average area was 22.4 sq. miles and in Hazaribagh 21.4 sq. miles. In other districts the area served by a middle school varied between these limits.

50. On the average, at the State level, a middle school served a population of 10,393 in 1960-61 and 7,618 in 1965-66. The improvement in the population served by a middle school is observed in all the districts. In Ranchi, a middle school on the average served a population of 5,742. Among the other districts the population served by a middle school was more than 9,000 in Champaran, Saran and Purnea. In Darbhanga, Hazaribagh and Muzaffarpur there was a middle school for population between 8000-9000. This wide variation in the population served by a middle school depends mainly on the density of population in the different districts.

ENROLMENT

51. The total enrolment in the middle schools in Bihar in 1965-66 was 13,31,467. The enrolment was the highest in Patna (1,19,174) and was the lowest in Saharsa district (31,888).

52. The enrolment in Classes VI-VIII in the State in 1960-61 was 5.35 lakhs. This increased to 7.16 lakhs by 1965-66 at a cumulative growth rate per annum of 5.8%. In the case of boys the growth rate was 5.0% and in the case of girls 11.6%. Taking 1960-61 as base, the increase in enrolment is appreciable in all the districts during the period. The highest increase, however, was in Ranchi (72.0%) followed by Singhbhum (62.5%) and Darbhanga (57.5), taking both boys and girls together. The lowest increase in the enrolment during the period was in Santhal Parganas (2.4%), Champaran (5.5%) and Patna (14.9%). The increase in enrolment during the period is appreciable both in the case of boys as well as girls in all the districts.

53. The sex ratio of enrolment i.e. the number of girls enrolled for every 100 boys was 17 at the State level. In the different districts the sex ratio varied from 36 in Singhbhum to 8 only in Gaya and Saran in 1965-66. The following table gives the percentage enrolment in 1965-66 with 1960-61 as base and the corresponding sex ratio.

Table: 11: Sex-Ratio and Rate of Growth of Enrolment in Classes VI-VIII.

S.No.	District	Enrolment in 1965-66 with 1960-61 as base			Sex ratio 1965-66
		Boys	Girls	Total	
1	2	3	4	5	6

TOTAL (BIHAR)		128.3	181.7	133.9	17

54. The percentage enrolment in classes VI-VIII to the total population in the age-group 11-14 gives an index of facilities created for middle stage education. In Bihar the percentage enrolment in classes VI-VIII to the corresponding population increased from 17.1 in 1960-61 to 18.7

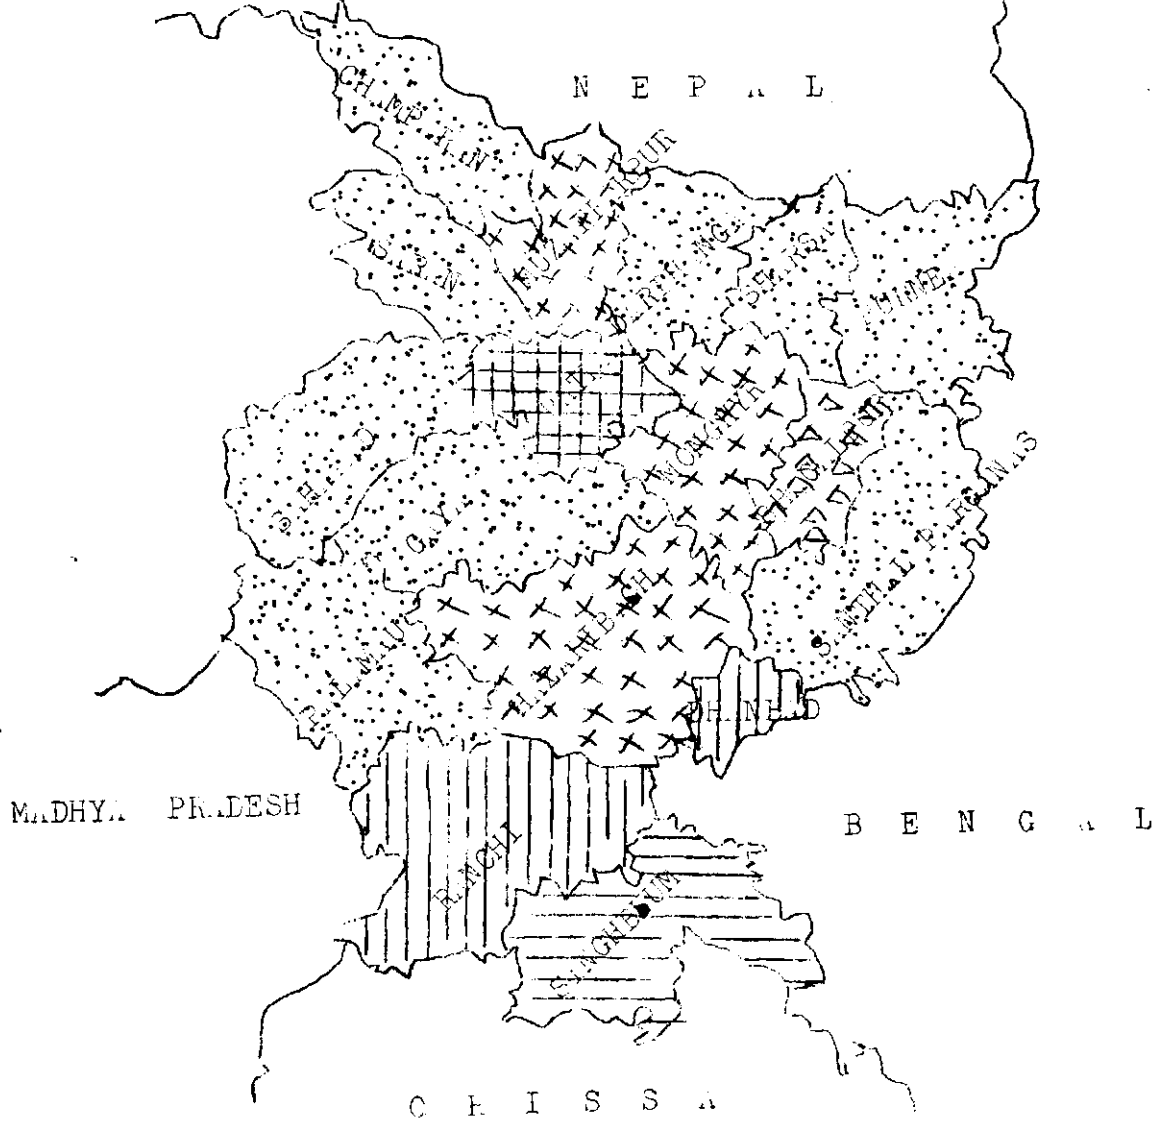

in 1965-66. In the case of boys the percentage enrolment increased from 29.3 to 31.4 and in the case of girls from 3.7 to 5.4. There is considerable variation in the percentage enrolment of boys and girls to the corresponding population in the different districts of the State. Taking both boys and girls together, this percentage enrolment in 1965-66 was the highest in Patna (26.1). Among the other districts the highest enrolment ratio obtained was in Singhbhum (24.9) and Sahabad (24.5). On the other hand, the lowest enrolment ratio was 12.0 in Purnea followed by 13.0 in Champaran and 13.1 in Santhal Parganas. Among boys, the highest enrolment ratio was in Sahabad (44.6) followed by Patna (40.0), Saran (38.9) and Singhbhum (35.4). The lowest enrolment ratio was in Purnea (19.5) followed by Saharsa (21.5) and Champaran (22.0). In the case of girls, the enrolment ratio was the highest in Singhbhum (13.7). Among the other districts the enrolment ratio was highest in Patna (11.1) followed by Dhanbad (9.2). The lowest enrolment ratio was in Gaya (2.7) followed by Saran (2.9) and Champaran (3.5). The position of enrolment in classes VI-VIII in comparison to corresponding population in Bihar is not at all satisfactory. The district-wise details are given in Statement XIII.

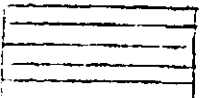

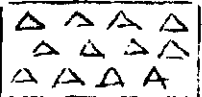

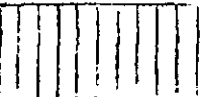

SCHEDULED CASTES AND SCHEDULED TRIBES

55. Of the total enrolment in Classes VI-VIII in 1965-66, 105903 (92,448 boys and 13,455 girls) students belonged to the Scheduled Castes and Scheduled Tribes Communities. They formed 14.8% of the total enrolment in these classes. Scheduled Castes/Tribes boys formed 15.1% of the total enrolment of boys and the Scheduled Castes/Tribes girls formed 13.2% of the total enrolment of girls. Among the districts there is a large variation in the percentage enrolment of Scheduled Castes/Tribes to the total enrolment in these classes. This ^{is} due to the variation in the total population of Scheduled Castes/Tribes in the various districts.

CHART V

Percentage Enrolment (Girls) in Classes VI-VIII to population in the Age-Group 11-14 (1965-66)

	2.6 to 4.5		10.6 to 12.5
	4.6 to 6.5		12.6 to 14.0
	6.6 to 8.5		
	8.6 to 10.5		

56. Among the districts the percentage enrolment of Scheduled Castes/Tribes to the total enrolment in classes VI-VIII was highest in Ranchi (58.9%), followed by Singhbhum (44.1%). On the other hand in Darbhanga district the students of these communities formed only 5.8% of the total enrolment in these classes.

57. The following table gives the extent of coverage of Scheduled Castes/Tribes in classes VI-VIII, district-wise. The extent of coverage is defined as:-

$$\text{Extent of Coverage} = \frac{\text{Percentage of Enrolment of Scheduled Castes and Scheduled Tribes to the Total Enrolment}}{\text{Percentage of Population of Scheduled Castes and Scheduled Tribes to the total population}} \times 100$$

Table: 12: Extent of Coverage of Scheduled Castes/Tribes Children in Classes VI-VIII (1965-66)

TEACHERS

58. The total number of teachers in middle schools in the State increased from 25,388 in 1960-61 to 38,891 in 1965-66. Taking both men and women teachers together, an appreciable increase in the number of teachers is observed in all the districts. With 1960-61=100 as base, the highest increase was in Ranchi & Dhanbad (82.2%) followed by Gaya (74.6%) and Santhal Parganas (73.1%). The lowest increase was observed in Bhagalpur (14.3%) followed by Darbhanga (36.2%), Sahabad (42.0%), Muzaffarpur (43.9%), Palamau (46.2%), Patna (48.9%) and Hazaribagh (49.1%). In the remaining districts, the percentage increase was more than 50%.

59. The percentage of women teachers to total teachers in middle schools increased from 9.9 to 10.8 during the period of five years. In 1965-66, the percentage of women teachers varied from 22.7% in Singhbhum and Ranchi to only 5.1% in Saharsa, 5.5% in Darbhanga and 6.3% in Saran. In five districts out of 17, the percentage of women teachers was between 10% to 20%.

60. Trained teachers formed 62.6% of the total number of teachers in the State in 1960-61. The corresponding figure for 1965-66 was 76.3%. In the case of men teachers this percentage increased from 63.5 to 77.2 and in the case of women from 54.0 to 68.9 during the period. Among the districts, in 1965-66, taking all the teachers together, the percentage of trained teachers was more than 80% in Bhagalpur, Monghyr, Muzaffarpur, Palamau and Patna. 70-80% in Champaran, Darbhanga, Gaya, Purnea, Ranchi, Saharsa, Santhal Parganas and Sahabad and 60-70% in Dhanbad, Hazaribagh, Saran and Singhbhum. The lowest percentage of trained teachers in middle schools was in Hazaribagh (66.1%). The percentage of trained teachers among men and women teachers also followed more or less the same pattern. The detailed data are given in Statement XIV.

EXPENDITURE:

61. The total direct expenditure on middle schools in Bihar increased from Rs.263.69 lakhs to Rs.433.95 lakhs during the period at a cumulative annual rate of growth of 9.8%. The direct expenditure on middle schools increased in all the districts of the State. However, the increase in the expenditure was more than 100% during the period with 1960-61 as base in Bhagalpur, Dhanbad and Gaya. The percentage increase was the lowest in Patna district (31.4%).

62. The per capita expenditure on middle schools at the State level increased from Rs.0.6 to Rs.0.8 during the period. In 1965-66 the per capita expenditure was the highest in Singhbhum (Rs.1.8) followed by Palamau (Rs.1.2) and Rs.1.1 in Dhanbad, Patna and Ranchi. In all the remaining district the per capita expenditure was equal to or less than Re.1, lowest being in Saharsa (Re.0.5).

63. The total direct expenditure on middle schools formed 18.4% of the total direct expenditure on education in the State in 1960-61. The corresponding percentage in 1965-66 was 17.6. Among

the districts in 1965-66, the percentage expenditure on middle schools to the total direct expenditure on education varied from a minimum of 9.6% in Patna followed by 12.9% in Ranchi to 29.3% in Singhbhum. In 10 of the 17 districts this percentage expenditure was more than the State average.

64. The cost per student in middle schools in 1965-66 was Rs.32.6 at the State level. Among the districts, the cost per pupil varied from a maximum of Rs.51.2 in Champaran followed by Rs.42.2 in Singhbhum to a minimum of Rs.24.8 in Hazaribagh and Saran. In 9 of the 17 districts the cost per student per annum was more than of State average.

65. The average pupil teacher ratio in middle schools in 1965-66 at the State level was 34 below. This varied significantly among the districts from 27 in Champaran to 41 in Saran. The table/summaries are the expenditure on middle schools. Detailed data^{are} given in Statement XV.

Table: 13: Some Important Statistics of Middle School Education (1965-66)

IX - HIGH/HIGHER SECONDARY SCHOOLS

INSTITUTIONS

66. The number of high/higher secondary schools in Bihar increased from 1621 in 1960-61 to 2106 in 1965-66. This shows an increase of 29.9% over the number in 1960-61. This increase in the number of high/higher secondary schools during the period has been shared by all the districts. Among the

districts, the maximum percentage increase in the number of high/higher secondary schools during the period was in Santhal Parganas (69.0%) followed by Purnea (43.8%). The minimum percentage increase was in Palamau (4.5%) followed by Dhanbad (6.0%) and Singhbhum (11.4%).

67. On the average there was a high/higher secondary school for every 41.5 sq. miles in Bihar in 1960-61. By 1965-66 the area served by a high/higher secondary school on the average has reduced to 31.9 sq. miles. Among the districts the area served by a high/higher secondary school was the highest in Palamau (107.1 sq. miles) in 1965-66 followed by Hazaribagh (83.5 sq. miles). In 4 out of 17 districts the area served by a high/higher secondary school varied from 10 to 20 sq. miles; in 4 districts it varied from 20 to 30 sq. miles. In Patna, however, there was a high/higher secondary school for every 9.4 sq. miles.

68. At the State level, the average population served by a high/higher secondary school decreased from 28,659 in 1960-61 to 24,721 in 1965-66. Among the districts the average population served by a high/higher secondary school varied from more than 40,000 in Champaran to 14,000 in Patna. In 7 out of 17 districts the average population served by a high/higher secondary school was less than the State average.

ENROLMENT:

69. The total enrolment in high/higher secondary schools in Bihar in 1965-66 was 7,01,746. The corresponding enrolment in 1960-61 was 5,23,621.

70. The enrolment in classes IX-XI/XII in the State increased from 3.21 lakhs (3.00 lakhs boys and 0.21 lakhs girls) in 1960-61 to 4.50 lakhs (4.15 lakhs boys and 0.35 lakhs girls) in 1965-66. The cumulative growth rate of enrolment in these classes comes to 6.7% per annum. The corresponding growth rate among boys was 6.4% and of the girls was 10.0%. Among the districts, taking both boys and girls

together, the increase in the enrolment in these classes taking 1960-61 as base, varied very much. In districts like Bhagalpur, Dhanbad, Muzaffarpur, Palanau, Ranchi and Saran the percentage increase during the period ranged between 55.0 to 77.8%. In the other districts also the increase was substantial. The lowest percentage increase during the period being 8.8% in Hazaribagh. The percentage increase in the enrolment of boys and girls during the period in the different districts also followed the similar pattern.

71. The sex ratio of enrolment in classes IX-XI/XII in 1960-61 at the State level was 7 girls for every 100 boys. This sex ratio increased to 9 girls for every 100 boys by 1965-66. Among the districts the sex ratio in 1965-66 varied from 31 in Ranchi to only 3 in Gaya, Saran and Sahabad. The table below gives the district-wise picture. The detailed statistics are given in Statement XVII.

Table: 14: Sex-Ratio and Rate of Growth of High School Education

Sl. No.	District	Enrolment in 1965-66 as a percentage of enrolment in 1960-61			Sex Ratio 1965-66
		Boys	Girls	Total

	TOTAL (BIHAR)	138.5	169.5	140.5	9

72. The enrolment in classes IX-XI/XII as percentage of the population in the age-group 14-17, i.e. the enrolment ratio in classes IX-XI/XII increased from 11.7 to 13.4 during the period at the State level. In the case of boys the enrolment ratio increased from 21.0 to 23.8 and in the case of girls from 1.6 to 2.2. Among the districts also there has been minute increase in the enrolment ratio of both boys and girls. In 1965-66 the enrolment ratio, taking both boys and girls together was less than 10 in Champaran, Hazaribagh, Furnea, Saharsa and Santhal Farganas; 10-15 in Darbhanga

CHART VI

Percentage Enrolment (All Students) in Classes IX-XI to population in the age-group 14 - 17 (1965-66)

Monghyr, Palamau, Ranchi and Singhbhum; 15-20 in Bhagalpur, Dhanbad, Gaya, Muzaffarpur, Patna, Saran and Sahabad. In the case of boys the enrolment ratio was the lowest in Furnea (13.8) followed by Hazaribagh (14.2), Saharsa (15.2) and Champaran & Sarthal Farganas (16.3) and the highest enrolment ratio was in Sahabad (34.2). In the case of girls, however, the enrolment ratio was very low in many districts. In no district the enrolment ratio was more than 10. The highest enrolment ratio was in Ranchi (6.4). In Champaran, Darbhanga, Gaya, Hazaribagh, Palamau, Furnea, Saharsa, Sarthal Farganas, Saran and Sahabad the enrolment ratio was less than 2. The district-wise details are given in Statement XVII.

ENROLMENT OF SCHEDULED CASTES AND SCHEDULED TRIBES

73. The details of enrolment of SC & ST students in classes IX-XI in 1965-66 are given in Statement XVIII. Of the total enrolment in classes IX-XI in 1965-66, 43,345 students belonged to SC & ST communities. Of this number 39,242 were boys and 4,103 were girls. The enrolment of SC & ST students in these classes in the different districts varied very much, to a large extent depending on the percentage of the SC & ST population in these districts.

74. The percentage enrolment of SC & ST students to the total enrolment in classes IX-XI in 1965-66 was 9.6 at the State level. The percentage of SC & ST population to the total population in the State was 24.1. The percentage enrolment of SC & ST boys to the total number of boys enrolled was 9.5 and the corresponding percentage for girls was 11.6. Among the districts the percentage enrolment of SC & ST, taking both boys and girls together, varied from 1.7 in Muzaffarpur to 46.1 in Ranchi.

75. The extent of coverage of SC & ST students in these classes was 39.8 at the State level. Among the boys this was 48.5 and among the girls 47.5. Among the districts, the extent of coverage was more than 70 in Bhagalpur and Champaran; was 50-70 in Ranchi and Saran and Sahabad; 30-50 in Darbhanga, Hazaribagh, Monghyr, Palamau, Furnea, Saharsa, Santhal Parganas and Singhbhum. The lowest extent of coverage was in Muzaffarpur (11.3) followed by Dhanbad (14.5). The district-wise position of the extent of coverage of SC & ST students is given below:

Table: 15: Extent of coverage of Scheduled Castes/Tribes Children in Classes IX-XI.

Sl. No.	District	Extent of Coverage			Ranks

	TOTAL (BIHAR)	39.7	47.5	39.8	-	-	-

TEACHERS:

76. The total number of teachers in high/higher secondary schools in Bihar has increased from 18,041 in 1960-61 to 24,069 in 1965-66. The growth rate of teachers during the period comes to 5.7% per annum. The increase in the number of teachers during the period is observed in all the districts. Taking 1960-61 as base, the number of teachers during the period has increased by more than 50% in Dhanbad and Santhal Farganas. Even in other districts the increase in the number of teachers was substantial. The lowest percentage increase was in Hazaribagh (8.5%).

77. Women teachers formed 5.9% of the total number of teachers in the State in 1960-61. The composition of women teachers increased to 6.9% by 1965-66. Among the different districts in 1965-66, the percentage of women teachers was highest in Ranchi (20.4%) followed by Singhbhum (16.0%) and Patna (13.1%). Among the other districts the percentage of women teachers was 12.4% in Dhanbad and was less

than 10% in all the remaining districts. The lowest percentage of women teachers was in Saran (2.3) followed by Saharsa (2.7).

78. The percentage of trained teachers among the teachers in the high/higher secondary schools in the State increased from 39.3 to 41.9 during the period. Among the men teachers the percentage of trained teachers increased from 38.0 to 41.0 and among the women teachers it decreased from 58.8 to 54.6. In the various districts in 1965-66 the percentage of men teachers was more than the State average in 6 of the 17 districts and was less than the State average in the other 11 districts. The percentage of trained teachers among the men was the lowest in Saran (34.3) and was highest in Ranchi (51.7). Similarly, among the women teachers the percentage of trained teachers was more than the State average only in 3 districts. The percentage of women trained teachers was highest in Ranchi (72.0) and was the lowest in Furnea (33.3). Taking all teachers in high/higher secondary schools into consideration, the percentage of trained teachers was more than the State average in 6 of the 17 districts. The percentage of trained teachers was the highest in Ranchi (55.8) and was the lowest in Saran (34.6).

EXPENDITURE:

79. The total direct expenditure on high/higher secondary schools in the State increased from Rs. 317.11 lakhs to Rs. 535.74 lakhs during the period. The increase in the expenditure has grown at a rate of 10.3% per annum at the State level. Among the districts also there has been substantial increase in the direct expenditure during the period. The increase in expenditure was the highest in Palamu (170.1%) followed by Dhanbad (121.8%) and was the lowest in Champaran (38.5%) and Singhbhum (38.9%).

80. The per capita expenditure on high/higher secondary schools at the State level was Rs.0.7 in 1960-61 which increased to Re.1.0 by 1965-66. The per capita expenditure has increased more or less to the same extent in all the districts. In 1965-66 the highest per capita expenditure on high/higher secondary schools was Rs.1.9 in Patna. Among the other districts the per capita expenditure was the highest in Palamau (Rs.1.7) followed by Bhagalpur (Rs.1.6) and was the lowest in Champaran and Furnea (Rs.0.6). The direct expenditure on high/higher secondary schools as a percentage to the total direct expenditure in the State decreased from 22.1% to 21.7% during the period. Among the districts also similar decrease is visible. In 1965-66 the highest percentage of expenditure on high/higher secondary schools to total expenditure was in Palamau (34.9) followed by Sahabad (32.2%). On the other hand in Ranchi, the expenditure formed only 15.7% of the total education expenditure.

81. The average direct expenditure per student in high/higher secondary schools in 1965-66 at the State level was Rs.76.3. Among the districts it varied from Rs.167.2 in Palamau followed by Rs.97.3 in Bhagalpur and was the lowest in Saran, Rs.53.7. In 7 of the 17 districts the per pupil expenditure was less than Rs.75.

PUPIL-TEACHER RATIO

82. The pupil-teacher ratio in high/higher secondary schools was 29 at the State level in 1965-66. The pupil-teacher ratio, however, varied from 24 in Furnea and Saharsa to 32 in Saran and Sahabad. The table below summarises the position of direct expenditure on high/higher secondary schools and related information. The detailed information is given in Statement XX.

Table: 16: Some Important Statistics of High/Higher Secondary School Education (1965-66)

Sl. NO.	District	Expenditure on high/higher secondary schools per head of population	Expenditure on high/higher secondary schools as a percentage to the total direct expenditure on Education	Cost per student in high/higher secondary schools	Pupil-Teacher Ratio
1	2	3	4	5	6
		Rs.		Rs.	
1.	Bhagalpur	1.6	20.2	97.3	27
2.	Champaran	0.6	19.5	63.8	31
3.	Darbhanga	0.8	21.5	71.9	30
4.	Dhanbad	1.4	18.0	86.3	30
5.	Gaya	1.0	23.6	68.7	29
6.	Hazaribagh	0.7	21.9	89.1	25

	TOTAL (BIHAR)	1.0	21.7	76.3	29

X - TEACHER TRAINING INSTITUTIONS

83. In 1960-61 there were in all 127 institutions of teacher training in Bihar which decreased to 119 by 1965-66. Of the 127 institutions in 1960-61, 122 institutions were of school or under-graduate level and 5 were post-graduate colleges. In 1965-66 the number of under-graduate level institutions decreased to 112 and post-graduate colleges increased to 7. In 1960-61 and 1965-66 there was at least one school or under-graduate level teacher training institution in every district. In 1965-66 there were 12 under-graduate level institutions in Ranchi, 11 in Muzaffarpur and 9 in Patna. On the other hand, in Bhagalpur, Palamau, Saharsa and Singhbhum there were only 4 such institutions and in Dhanbad the number was the lowest (2). The Post-Graduate teacher training colleges existed only in Bhagalpur, Darbhanga, Muzaffarpur, Patna, Ranchi and Santhal Parganas in the year 1965-66.

ENROLMENT

84. The enrolment in teacher training institutions including teacher training classes attached to other institutions increased from nearly 17,478 to 18,887 during the period. The total enrolment in teacher training institutions including attached classes in 1965-66 was the highest in Muzaffarpur (nearly 2,000) followed by Darbhanga (1,647). However, in Dhanbad the enrolment in these institutions was less than 250. The details of information are given in Statement XXI.

XI - VOCATIONAL AND TECHNICAL SCHOOLS:

85. The number of vocational and technical schools, excluding teacher training schools, decreased from 110 to 36 only during the period. This abnormal decrease is mainly due to the reclassification of some of the schools as under-graduate colleges from 1964-65. In 1965-66, vocational and technical

schools existed in all the districts except Champaran, Gaya, Santhal Parganas and Singhbhum. The highest number of vocational and Technical schools was in Ranchi (9) followed by Patna (5). In Muzaffarpur, Saharsa and Saran, there was only one school in each of these districts.

ENROLMENT

86. The total enrolment in vocational and technical schools decreased from 15,611 to 8,383 during the period. In 1965-66 the highest enrolment in these institutions was in Patna (1,221) followed by Monghyr (1,075) and Muzaffarpur (967). The lowest enrolment in these institutions was in the district of Champaran (31 only) followed by Darbhanga (105) and Palamau (269).

EXPENDITURE:

87. The total direct expenditure on vocational and technical schools excluding teacher training schools decreased from Rs.54.06 lakhs to Rs.9.39 lakhs during the period. This decrease in the total expenditure at the State level during the period is also mainly due to the decrease in the number of school level institutions because of reclassification of some of them into under-graduate colleges with effect from 1964-65. There is a lot of variation in the expenditure on these schools in the different districts depending on the number of institutions and enrolment.

XII - HIGHER EDUCATION

INSTITUTIONS:

88. The total number of higher institutions including Universities, deemed to be Universities and Institutions of National Importance, , increased from 156 in 1960-61 to 441 in 1965-66. Of this total number of higher institutions in 1965-66 at the State level, 138 were Arts and Science Colleges, 11 Medical Colleges, 46 Engineering Colleges, 119 Teacher Training Colleges of Under-Graduate and post-graduate level, 116 other professional colleges, one Board of Education, 4 research institutions

and 6 Universities, deemed to be Universities and Institutions of National Importance. Among the districts, there was at least one Arts and Science College in every district. There were 20 colleges of General Education, ^{in Patna} 15 in Darbhanga and Monghyr. In other districts, excepting Palamau, there were 4-9 colleges. Medical colleges existed in 7 districts only. In Patna there were 4 medical colleges and 2 in Ranchi. In the other five districts there was one college in each. Engineering Colleges of Post-Graduate or Under-Graduate level existed in every district, highest being in Muzaffarpur (5).

89. Training Colleges of Post-Graduate or Under-Graduate level existed in all the districts in 1965-66. There were 13 colleges in Ranchi, 12 in Muzaffarpur and 11 in Patna. Colleges for other professional and special education existed in all the 17 districts of the State. The highest number of such colleges was in Gaya (31) followed by Bhagalpur (21). Taking all institutions of higher education together, the highest number was in Patna (55), followed by Gaya (51) and Darbhanga (44). In only one district the number of such institutions was less than 10. The details are given in Statement XXIII.

ENROLMENT:

90. The total enrolment in the institutions of higher education in the State in 1965-66 was 1.67 lakhs. Of this total 98,933 students were in Arts and Science Colleges, 21,091 in engineering colleges, 3,747 in medical colleges and 18,825 in teacher training colleges. In other colleges of professional and special education the enrolment was 16,228. There is large variation in the total enrolment in institutions of higher education as well as in the different types of institutions among the districts. This mainly depends on the variation in the number of institutions among the districts. The total enrolment in institutions for higher education was the highest in Patna (29,385) followed by Muzaffarpur (16,592) and Darbhanga (15,512). In Bhagalpur, Gaya, Monghyr and Ranchi, the

the total enrolment varied between 10,000 and 15,000. In all the other districts the enrolment in higher education institutions was less than 10,000. The lowest being in Palamau and Saharsa where the total enrolment was even less than 4,000. The details was given in Statement XXIV.

91. Statement XXV gives the enrolment in higher education by stages. The total enrolment in higher education stage in Bihar increased from 90,151 to 1,58,265 during the period. The growth rate of enrolment was 11.0 per annum. In 1965-66 of the total enrolment, 1,44,403 were boys and 13,8 were girls. Among the districts, taking 1960-61 enrolment as 100, the percentage increase during the period was the highest in Singhbhum followed by Purheia. In six of the 17 districts the enrolment in higher education stage more than doubled during the period.

92. At the State level, of the total enrolment, 34,163 students were enrolled in Pre-University Intermediate classes; 41,015 in B.A. Pass or Honours courses; 21,625 in B.Sc. Pass or Honours courses; 7,034 in post-graduate classes; 18,887 in teacher training and 35,541 in other professional and special education courses. The enrolment among the districts in the different stages of education varied very much depending on the facilities available. In all the stages of education, the highest enrolment, however, was in Patna (28,112), followed by Muzaffarpur (15,432) and Darbhanga (15,320).

93. The sex ratio of enrolment in the higher education stages, at the State level, was 8 girls for every 100 boys in 1960-61 which increased to 10 girls for every 100 boys by 1965-66. Table below summarises the enrolment in 1965-66 in higher education stages as a percentage of the enrolment in 1960-61, along with the sex ratio of enrolment in 1965-66, district-wise.

Table: 17: Sex-Ratio and Rate of Growth of Enrolment in Classes for Higher Education.

Sl. No.	District	Enrolment in 1965-66 as a percentage of enrolment in 1960-61			Sex Ratio 1965-66
		Boys	Girls	Total	
1	2	3	4	5	6
1.	Bhagalpur	150.6	201.5	153.5	8
2.	Champaran	192.9	360.7	198.9	7
3.	Darbhanga	186.6	246.3	188.3	4
4.	Dhanbad	192.5	293.6	200.4	13
5.	Gaya	211.9	306.6	215.9	6
6.	Hazaribagh	212.0	175.5	208.9	8
7.	Monghyr	154.8	314.8	162.0	10
8.	Muzaffarpur	179.3	248.7	193.7	9
9.	Palamau	216.2	310.0	221.3	8
10.	Patna	148.1	163.5	149.8	13
11.	Purnea	217.4	342.7	222.2	6
12.	Ranchi	189.9	229.3	195.3	19
13.	Saharsa	156.3	621.4	164.0	7
14.	Santhal Parganas	178.9	216.5	180.7	6
15.	Saran	153.9	276.5	156.9	5
16.	Sahabad	136.1	276.3	137.7	4
17.	Singhbhum	281.5	200.0	251.4	20
	TOTAL (BIHAR)	172.5	163.9	175.6	10

94. Statement XXV also gives the enrolment in higher education stage as a percentage of the population in the age-group 17-23 (enrolment ratio) at the State level. This enrolment ratio increased from 1.9 to 2.9 during the period. In the case of boys the increase was from 3.5 to 5.1 and in the case of girls from 0.3 to 0.5. Among the districts, in 1965-66, taking both boys and girls together, the enrolment ratio was the highest in Patna (7.6) followed by Ranchi (5.6), Bhagalpur (5.0), Dhanbad (3.6), Muzaffarpur and Saharsa (3.4) and Darbhanga (3.3). In all the other Districts the enrolment ratio was less than 3. In Champaran, Hazaribagh, Palamau, Purnea and Santhal Parganas districts it was even less than 2. In the case of girls the enrolment ratio was the highest in Patna and Ranchi (2.0) followed by Dhanbad and Singhbhum (1.0). In all the other districts this enrolment ratio was less than 1.

Enrolment of Scheduled Castes and Scheduled Tribes

95. There were 10,928 students of SC & ST communities studying in higher education classes in Bihar in 1965-66. This consisted of nearly 9,600 boys and 1,353 girls. The total number of SC & ST enrolled in the different districts varied according to their total population and also the facilities available for higher education.

96. The SC & ST students formed 6.9% of the total enrolment in higher education classes at the State level in 1965-66. In the case of boys they formed 6.6% and in the case of girls 9.8%. Among the districts taking both boys and girls together, this percentage varied from 23.5 in Ranchi to about 2.0% in Darbhanga.

97. The extent of coverage of SC & ST students in higher education stage was 28.6 at the State level in the case of both boys and girls together. In the case of boys the extent of coverage was 27.6 and in the case of girls 40.2. Among the districts, taking all students, the extent of coverage

was more than 50 in Hazaribagh and Saran; was between 40 to 50 in Sahabad, 20-40 in Bhagalpur, Champaran Monghyr, Muzaffarpur, Palamau, Patna, Ranchi, Santhal Parganas and Singhbhum. In all the remaining districts the extent of coverage was less than 20, the lowest being in Purnea (14.0). In the case of boys and girls separately also the trend is almost the same. The details are given in Statement XXVI.

Teachers:

98. Statement XXVII gives the district-wise statistics of teachers in institutions of higher education in Bihar. The total number of teachers in these institutions was 4,027 in 1960-61 which increased to 9,091 by 1965-66.

99. Out of the total number in 1960-61, a great majority (3,766) were men. In 1965-66 also the same continues, namely, 8,406 of the total number were men. The increase in the number of teachers is shared by all the districts during the period. In 1965-66 the highest number of teachers in higher education institutions was in Patna (1,631) followed by Ranchi (954) and Muzaffarpur (918). In all the other districts, the number of teachers in these institutions was less than 900. In 9 of these districts, the number of teachers was less than 500. At the State level, of the total number of teachers in 1965-66 4,575 (50.3%) were in colleges for general education 4,121 (45.3%) were in colleges for professional, special and other education and 395 (4.4%) in University and research institutions.

Expenditure:

100. The total direct expenditure on institutions of higher education, at the State level, increased from Rs.309.95 lakhs to Rs.810.55 lakhs during the period. This has increased at a cumulative rate of growth of 17.9% per annum. The total direct expenditure on higher education has

103. The variation in direct expenditure per student mainly varies according to the pupil-teacher ratio. In the case of Arts and Science Colleges, in Bhagalpur where the direct expenditure per student was the highest, the teacher pupil ratio was only 17 and in Ranchi it was only 16. In the other districts it varied from 18 in Muzaffarpur to 28 in Gaya and Palamanu.
