PART I - REPORTS UNDER THE SECURITIES EXCHANGE ACT

Stock transactions and holdings of officers, directors, and principal stockholders as reported to the Commission on Forms 4, 5, and 6, pursuant to Section 16 of the Securities Exchange Act of 1934.

FORM 4 REPORTS

MADE BY OFFICERS, DIRECTORS, AND PRINCIPAL STOCKHOLDERS WHO DURING THE PERIOD COVERED BOUGHT OR SOLD, OR OTHERWISE ACQUIRED OR DISPOSED OF ANY EQUITY SECURITIES OF ISSUERS HAVING ANY EQUITY SECURITIES REGISTERED

THESE REPORTS ARE REQUIRED TO INCLUDE TRANSACTIONS AND MONTH-END HOLDINGS IN THE EQUITY SECURITIES INVOLVED IN SUCH TRANSACTIONS, AS WELL AS HOLDINGS BY THE PERSON REPORTING IN ALL OTHER EQUITY SECURITIES OF THE ISSUER

The first column includes first the issuer and then the equity security in which transactions occurred. Set back underneath this information appears the name of person and his relationship to the issuing company. If he has any indirect interests either in transactions or in holdings; as through partnerships, holding companies, etc., this is shown underneath his personal or direct holdings and transactions by further indenting as indicated in the column headings.

The letters O, D, and B indicate the relationship of the person to the issuing company - officer, director, or principal stockholder.

The "Date" column indicates the day on which the transaction occurred.

The "Ownership and Transaction" column shows by symbol the nature of transaction - or holding.

The "Transactions" column shows the number of units - shares of stock or total par value of bonds in dollars - in each transaction. A minus sign following a transaction indicates sold or disposed of. NC indicates net change in holdings for the month. In cases of fractions the nearest round figure has been taken except where otherwise indicated.

The "Holdings" column shows the holdings at the end of the month in shares of stock or total par value of bonds in dollars. Unless otherwise indicated, all holdings are as of the last day of the month.

"Amended Report" indicates an amendment of an original report which has been previously published.

"Held For-Correction" indicates a report publication of which was held up pending confirmation of its accuracy and completeness or an amendment of an unpublished report which required correction before publication.

PART III - REPORTS UNDER THE INVESTMENT COMPANY ACT

Security transactions and holdings of officers, directors, principal security holders, members of advisory boards, investment advisers, and affiliated persons of investment advisers of registered closed-end investment companies, as reported to the Commission on Forms N-30F-1 and N-30F-2, pursuant to Section 30f of the Investment Company Act of 1940.

FORM N-30F-2

REPORTS ON FORM N-30F-2 BY OFFICERS, DIRECTORS, PRINCIPAL SECURITY HOLDERS, MEMBERS OF AN ADVISORY BOARD, INVESTMENT ADVISERS AND AFFILIATED PERSONS OF INVESTMENT ADVISERS WHO DURING THE PERIOD COVERED BOUGHT OR SOLD OR OTHERWISE ACQUIRED OR DISPOSED OF ANY SECURITIES (OTHER THAN SHORT-TERM PAPER) OF A REGISTERED CLOSED-END INVESTMENT COMPANY

THESE REPORTS ARE REQUIRED TO INCLUDE TRANSACTIONS IN AND MONTH-END HOLDINGS OF THE SECURITIES INVOLVED IN SUCH TRANSACTIONS, AS WELL AS HOLDINGS OF ALL OTHER SECURITIES (OTHER THAN SHORT-TERM PAPER) ISSUED BY THE REGISTERED CLOSED-END INVESTMENT COMPANY

The first column indicates the issuer and, indented underneath, the security as to which the report is filed. Indented further appears the name of the person and his relationship to the issuer. If he has any indirect interest in security holdings, as through partnerships, holding companies, etc., this is shown underneath his direct holdings but still further indented as indicated in the column headings. The letters O, D, B, etc. indicate the relationship of the person to the issuer (See page 11).

The "Date" column indicates the day on which the transaction occurred.

The "Ownership and Transaction" column shows by symbol the nature of transaction - or holding.

The "Transactions" column shows the number of units - shares of stock or total par value of bonds in dollars - in each transaction. A minus sign following a transaction indicates sold or disposed of. NC indicates net change in holdings for the month. In cases of fractions the nearest round figure has been taken except where otherwise indicated.

The "Holdings" column shows the holdings at the end of the month in shares of stock or total par value of bonds in dollars. Unless otherwise indicated, all holdings are as of the last day of the month.

IMPORTANT: SEE GUIDE TO SYMBOLS - PAGE 11

PART I - REPORTS UNDER THE SECURITIES EXCHANGE ACT

Stock transactions and holdings of officers, directors, and principal stockholders as reported to the Commission on Forms 4, 5, and 6, pursuant to Section 16 of the Securities Exchange Act of 1934.

FORM 4 REPORTS

MADE BY OFFICERS, DIRECTORS, AND PRINCIPAL STOCKHOLDERS WHO DURING THE PERIOD COVERED BOUGHT OR SOLD, OR OTHERWISE ACQUIRED OR DISPOSED OF ANY EQUITY SECURITIES OF ISSUERS HAVING ANY EQUITY SECURITIES REGISTERED

THESE REPORTS ARE REQUIRED TO INCLUDE TRANSACTIONS AND MONTH-END HOLDINGS IN THE EQUITY SECURITIES INVOLVED IN SUCH TRANSACTIONS, AS WELL AS HOLDINGS BY THE PERSON REPORTING IN ALL OTHER EQUITY SECURITIES OF THE ISSUER

The first column includes first the issuer and then the equity security in which transactions occurred. Set back underneath this information appears the name of person and his relationship to the issuing company. If he has any indirect interests either in transactions or in holdings; as through partnerships, holding companies, etc., this is shown underneath his personal or direct holdings and transactions by further indenting as indicated in the column headings.

The letters O, D, and B indicate the relationship of the person to the issuing company - officer, director, or principal stockholder.

The "Date" column indicates the day on which the transaction occurred.

The "Ownership and Transaction" column shows by symbol the nature of transaction - or holding.

The "Transactions" column shows the number of units - shares of stock or total par value of bonds in dollars - in each transaction. A minus sign following a transaction indicates sold or disposed of. NC indicates net change in holdings for the month. In cases of fractions the nearest round figure has been taken except where otherwise indicated.

The "Holdings" column shows the holdings at the end of the month in shares of stock or total par value of bonds in dollars. Unless otherwise indicated, all holdings are as of the last day of the month.

"Amended Report" indicates an amendment of an original report which has been previously published.

"Held For-Correction" indicates a report publication of which was held up pending confirmation of its accuracy and completeness or an amendment of an unpublished report which required correction before publication.

PART II - REPORTS UNDER THE PUBLIC UTILITY HOLDING COMPANY ACT

Security transactions and holdings of officers and directors of public utility holding companies as reported to the Commission on Forms U-17-1 and U-17-2, pursuant to Section 17 of the Public Utility Holding Company Act

FORM U-17-2 REPORTS

REPORTS ON FORM U-17-2 BY OFFICERS AND DIRECTORS WHO DURING THE PERIOD COVERED BOUGHT OR SOLD OR OTHERWISE ACQUIRED OR DISPOSED OF ANY SECURITIES OF A REGISTERED HOLDING COMPANY OR ITS SUBSIDIARIES

THESE REPORTS ARE REQUIRED TO INCLUDE TRANSACTIONS IN AND MONTH-END HOLDINGS OF THE SECURITIES INVOLVED IN SUCH TRANSACTIONS, AS WELL AS HOLDINGS OF ALL OTHER SECURITIES ISSUED BY SUCH COMPANIES

The first column indicates the top registered holding company (underscored) and, directly underneath, the issuer of the securities. Indented appears the security as to which the report is filed. Indented again appears the name of the person and his relationship to the registered holding company. If he has any indirect interests in security holdings, as through partnerships, personal investment companies, etc. this is shown underneath his direct holdings but further indented as indicated in the column headings.

The letters "O" and "D" indicate the relationship of the person to the registered holding company - officer or director. The letter "R" appearing after the name of a company indicates that it is a registered holding company. In designating a holding company system under which the various reports fall, the top registered company of each system has been chosen, regardless of the fact that it may have parent companies not registered.

The "Date" column indicates the day on which the transaction occurred.

The "Ownership and Transaction" column shows by symbol the nature of transaction--or holding.

The "Transactions" column shows the number of units - shares of stock or total par value of bonds in dollars - in each transaction. A minus sign following a transaction indicates sold or disposed of. NC indicates net change in holdings for the month. In cases of fractions the nearest round figure has been taken except where otherwise indicated.

The "Holdings" column shows the holdings at the end of the month in shares of stock or total par value of bonds in dollars. Unless otherwise indicated, all holdings are as of the last day of the month.

PART III - REPORTS UNDER THE INVESTMENT COMPANY ACT

Security transactions and holdings of officers, directors, principal security holders, members of advisory boards, investment advisers, and affiliated persons of investment advisers of registered closed-end investment companies, as reported to the Commission on Forms N-30F-1 and N-30F-2, pursuant to Section 30f of the Investment Company Act of 1940.

FORM N-30F-2

REPORTS ON FORM N-30F-2 BY OFFICERS, DIRECTORS, PRINCIPAL SECURITY HOLDERS, MEMBERS OF AN ADVISORY BOARD, INVESTMENT ADVISERS AND AFFILIATED PERSONS OF INVESTMENT ADVISERS WHO DURING THE PERIOD COVERED BOUGHT OR SOLD OR OTHERWISE ACQUIRED OR DISPOSED OF ANY SECURITIES (OTHER THAN SHORT-TERM PAPER) OF A REGISTERED CLOSED-END INVESTMENT COMPANY

THESE REPORTS ARE REQUIRED TO INCLUDE TRANSACTIONS IN AND MONTH-END HOLDINGS OF THE SECURITIES INVOLVED IN SUCH TRANSACTIONS, AS WELL AS HOLDINGS OF ALL OTHER SECURITIES (OTHER THAN SHORT-TERM PAPER) ISSUED BY THE REGISTERED CLOSED-END INVESTMENT COMPANY

The first column indicates the issuer and, indented underneath, the security as to which the report is filed. Indented further appears the name of the person and his relationship to the issuer. If he has any indirect interest in security holdings, as through partnerships, holding companies, etc., this is shown underneath his direct holdings but still further indented as indicated in the column headings.

The letters O, D, B, etc. indicate the relationship of the person to the issuer (See page 11).

The 'Date' column indicates the day on which the transaction occurred.

The 'Ownership and Transaction' column shows by symbol the nature of transaction - or holding.

The 'Transactions' column shows the number of units - shares of stock or total par value of bonds in dollars - in each transaction. A minus sign following a transaction indicates sold or disposed of. NC indicates net change in holdings for the month. In cases of fractions the nearest round figure has been taken except where otherwise indicated.

The 'Holdings' column shows the holdings at the end of the month in shares of stock or total par value of bonds in dollars. Unless otherwise indicated, all holdings are as of the last day of the month.

IMPORTANT: SEE GUIDE TO SYMBOLS - PAGE 11

PART I - REPORTS UNDER THE SECURITIES EXCHANGE ACT

Stock transactions and holdings of officers, directors, and principal stockholders as reported to the Commission on Forms 4, 5, and 5, pursuant to Section 16 of the Securities Exchange Act of 1934.

FORM 4 REPORTS

MADE BY OFFICERS, DIRECTORS, AND PRINCIPAL STOCKHOLDERS WHO DURING THE PERIOD COVERED BOUGHT OR SOLD, OR OTHERWISE ACQUIRED OR DISPOSED OF ANY EQUITY SECURITIES OF ISSUERS HAVING ANY EQUITY SECURITIES REGISTERED

THESE REPORTS ARE REQUIRED TO INCLUDE TRANSACTIONS AND MONTH-END HOLDINGS IN THE EQUITY SECURITIES INVOLVED IN SUCH TRANSACTIONS, AS WELL AS HOLDINGS BY THE PERSON REPORTING IN ALL OTHER EQUITY SECURITIES OF THE ISSUER

The first column includes first the issuer and then the equity security in which transactions occurred. Set back underneath this information appears the name of person and his relationship to the issuing company. If he has any indirect interests either in transactions or in holdings; as through partnerships, holding companies, etc., this is shown underneath his personal or direct holdings and transactions by further indenting as indicated in the column headings.

The letters O, D, and B indicate the relationship of the person to the issuing company - officer, director, or principal stockholder.

The "Date" column indicates the day on which the transaction occurred.

The "Ownership and Transaction" column shows by symbol the nature of transaction - or holding.

The "Transactions" column shows the number of units - shares of stock or total par value of bonds in dollars - in each transaction. A minus sign following a transaction indicates sold or disposed of. NC indicates net change in holdings for the month. In cases of fractions the nearest round figure has been taken except where otherwise indicated.

The "Holdings" column shows the holdings at the end of the month in shares of stock or total par value of bonds in dollars. Unless otherwise indicated, all holdings are as of the last day of the month.

"Amended Report" indicates an amendment of an original report which has been previously published.

"Held For-Correction" indicates a report publication of which was held up pending confirmation of its accuracy and completeness or an amendment of an unpublished report which required correction before publication.

IMPORTANT: SEE GUIDE TO SYMBOLS - PAGE 11

PART II - REPORTS UNDER THE PUBLIC UTILITY HOLDING COMPANY ACT

Security transactions and holdings of officers and directors of public utility holding companies as reported to the Commission on Forms U-17-1 and U-17-2, pursuant to Section 17 of the Public Utility Holding Company Act.

FORM U-17-2 REPORTS

REPORTS ON FORM U-17-2 BY OFFICERS AND DIRECTORS WHO DURING THE PERIOD COVERED BOUGHT OR SOLD OR OTHERWISE ACQUIRED OR DISPOSED OF ANY SECURITIES OF A REGISTERED HOLDING COMPANY OR ITS SUBSIDIARIES

THESE REPORTS ARE REQUIRED TO INCLUDE TRANSACTIONS IN AND MONTH-END HOLDINGS OF THE SECURITIES INVOLVED IN SUCH TRANSACTIONS, AS WELL AS HOLDINGS OF ALL OTHER SECURITIES ISSUED BY SUCH COMPANIES

The first column indicates the top registered holding company (underscored) and, directly underneath, the issuer of the securities. Indented appears the security as to which the report is filed. Indented again appears the name of the person and his relationship to the registered holding company. If he has any indirect interests in security holdings, as through partnerships, personal investment companies, etc., this is shown underneath his direct holdings but further indented as indicated in the column headings.

The letters 'O' and 'D' indicate the relationship of the person to the registered holding company - officer or director. The letter 'R' appearing after the name of a company indicates that it is a registered holding company. In designating a holding company system under which the various reports fall, the top registered company of each system has been chosen, regardless of the fact that it may have parent companies not registered.

The 'Date' column indicates the day on which the transaction occurred.

The 'Ownership and Transaction' column shows by symbol the nature of transaction—or holding.

The 'Transactions' column shows the number of units - shares of stock or total par value of bonds in dollars - in each transaction. A minus sign following a transaction indicates sold or disposed of. NC indicates net change in holdings for the month. In cases of fractions the nearest round figure has been taken except where otherwise indicated.

The 'Holdings' column shows the holdings at the end of the month in shares of stock or total par value of bonds in dollars. Unless otherwise indicated, all holdings are as of the last day of the month.
