# Governmental Costs and Taxes in Some Rural New York Towns

H. M. Haag

## THE FARMERS' TAX DOLLAR

For the average of 71 rural towns in 1930, approximately one-third of the rural property tax was for each of the three local units, the county, the town, and the school district

Published by the  
Cornell University Agricultural Experiment Station  
Ithaca, New York

Received for publication August 22, 1933
