Measurement of price flexibility 4 Method of analysis 4 Price flexibility 5 Factors affecting price flexibility 5 Comparison of commodities 5 Comparison of periods 7 Comparison of countries 7 Other factors associated with price flexibility 8 Effect of variations in price flexibility on production 9 Summary 9 Disequilibria in price structures 9 Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 Prices of high flexibility 19 Prices of ligh flexibility 20 Prices of low flexibility 21 Summary 22 Factors related to price flexibility 22 Factors related to price flexibility 22 Fifects of differences in price flexibility 23	Definition of price flexibility	. 3
Method of analysis 4 Price flexibility 5 Factors affecting price flexibility 5 Comparison of commodities 7 Comparison of periods 7 Comparison of countries 7 Other factors associated with price flexibility 8 Biffect of variations in price flexibility on production 9 Summary 9 Disequilibria in price structures 9 Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of low flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Measurement of price flexibility	4
Price flexibility. 5 Factors affecting price flexibility. 5 Comparison of commodities. 7 Comparison of periods. 7 Comparison of countries. 7 Other factors associated with price flexibility. 8 Effect of variations in price flexibility on production. 9 Summary. 9 Disequilibria in price structures. 9 Disequilibrium and industrial production. 13 Price movements between countries. 16 United States and Canada. 17 United States and United Kingdom. 19 United States and France. 19 Prices of high flexibility. 20 Prices of low flexibility. 20 Prices of low flexibility. 21 Summary. 22 Conclusions. 22 Factors related to price flexibility. 23 Factors of differences in price flexibility. 23		
Factors affecting price flexibility. 5 Comparison of commodities. 5 Comparison of periods. 7 Comparison of periods. 7 Other factors associated with price flexibility. 8 Effect of variations in price flexibility on production. 9 Summary. 9 Disequilibria in price structures. 9 Disequilibrium and industrial production. 13 Price movements between countries. 16 United States and Canada. 17 United States and France. 19 Prices of high flexibility 19 Prices of average flexibility. 20 Prices of low flexibility 21 Summary. 22 Factors related to price flexibility. 22 Factors related to price flexibility. 22 Factors of differences in price flexibility. 23	Price flexibility	. 5
Comparison of commodities 5 Comparison of periods 7 Comparison of countries 7 Other factors associated with price flexibility 8 Effect of variations in price flexibility on production 9 Summary 9 Disequilibria in price structures 9 Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and Trance 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Factors related to price flexibility 23	Factors affecting price flevibility	5
Comparison of periods. 7 Comparison of countries. 7 Other factors associated with price flexibility. 8 Effect of variations in price flexibility on production. 9 Summary. 9 Disequilibria in price structures. 9 Disequilibrium and industrial production. 13 Price movements between countries. 16 United States and Canada. 17 United States and United Kingdom. 19 United States and France. 19 Prices of high flexibility. 19 Prices of low flexibility. 20 Prices of low flexibility. 21 Summary. 22 Conclusions. 22 Factors related to price flexibility. 22 Factors differences in price flexibility. 23	Comparison of commodities	:
Comparison of countries 7 Other factors associated with price flexibility 8 Effect of variations in price flexibility on production 9 Summary 9 Disequilibria in price structures 9 Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Factors related to price flexibility 23	Comparison of commodities.	0
Other factors associated with price flexibility. 8 Effect of variations in price flexibility on production. 9 Summary. 9 Disequilibria in price structures. 9 Disequilibrium and industrial production. 13 Price movements between countries. 16 United States and Canada. 17 United States and Trance. 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions. 22 Factors related to price flexibility 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Comparison of periods	
Effect of variations in price flexibility on production 9 Summary 9 Disequilibria in price structures 9 Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Factors related to price flexibility 23 Effects of differences in price flexibility 23	Companson of countries.	(
Summary 9 Disequilibria in price structures 9 Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Factors related to price flexibility 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Other factors associated with price nexibility	8
Disequilibria in price structures 9 Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Effect of variations in price flexibility on production	9
Disequilibrium and industrial production 13 Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Factors related to price flexibility 23 Effects of differences in price flexibility 23	Summary	
Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Disequilibria in price structures	9
Price movements between countries 16 United States and Canada 17 United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Disequilibrium and industrial production	13
United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Price movements between countries	16
United States and United Kingdom 19 United States and France 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	United States and Canada	17
United States and France. 19 Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions. 22 Factors related to price flexibility. 22 Effects of differences in price flexibility. 23	United States and United Kingdom	19
Prices of high flexibility 19 Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	United States and France.	19
Prices of average flexibility 20 Prices of low flexibility 21 Summary 22 Conclusions 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Prices of high flexibility	. 19
Prices of low flexibility 21 Summary 22 Conclusions, 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Prices of average flexibility	20
Summary 22 Conclusions. 22 Factors related to price flexibility 22 Effects of differences in price flexibility 23	Prices of low flexibility	21
Conclusions. 22 Factors related to price flexibility. 22 Effects of differences in price flexibility. 23		
Factors related to price flexibility	Conclusions	
Effects of differences in price flexibility	Prostors related to price floribility	22
Effects of unferences in price nexionity		
Price flexibility and exchange rates 24	Price flexibility and exchange rates
