APPENDIX D. POPULATION, PHYSICIANS, AND MEDICAL STUDENTS IN FOREIGN COUNTRIES.....	82
INDEX .....	85

## INDEX

- Accuracy of statistics, ages of physicians, 2, 54  
deaths of physicians, 4  
early directories, 7, 16  
population groups, 18, 22, 24  
sample studies, 37  
specialization, 37, 38
- Age of physicians, in active practice, 5, 65, *Table 45*  
average by states, 65, *Table 53*  
at death, 4, *Table 2, Chart 2*  
general practitioners, *Tables 45, 49, Chart 15*  
by states, *Tables 52, 53*  
at graduation, 5  
not in practice, *Table 45*  
retired, *Table 45*  
according to size of community, 55, *Table 51, Charts 13, 14*  
specialists, *Tables 45, 50, Chart 15*  
by states, *Tables, 52, 53*
- American Medical Association, 2, 10, 17, *App. B*
- American Medical Directory, basis of study, 1, 10, 37  
classifications in, 1, 17  
status of practice, 17  
type of practice, 17, 37
- Classification of physicians, 1, 17, 37  
(*See also Physicians*)
- Commission on Medical Education, 4, 37
- Committee on the Costs of Medical Care, 37
- Deaths of physicians, number and percentage of, 4, *Table 2, Chart 2*
- Distribution of physicians, comparison with previous years, 47, 48, 50, *Tables 43, 44, Charts 10, 11*  
factors influencing, 18, 66, 67  
foreign countries, 66, *Table 54, App. D*  
by geographic divisions, 24, *Tables 15, 26, 38, 42, Charts 7, 8*  
in 1848, *App. A*  
and income of population, 65-73  
Negro, *App. C*  
not in practice, *Tables 14, 42*  
by population groups, *Tables 16-27, 48, Charts 10, 11*  
retired, *Tables 14, 42*  
rural and urban, 22, 31, 48-51, 55, 66, 71  
by size of community, *Tables 28-37, 42*  
by states, *Tables 14, 15, 27, 38*  
total number, *Tables 14, 42*  
by type of practice, *Tables 14, 38-42*  
(*See also Age of physicians, General practitioners, Population per physician, Special attention, and Specialists.*)
- Foreign countries, medical students, 4, *App. D*  
physicians in, *App. D*  
population per physician in, 66, *Table 54*
- General Education Board, comparison with study of, 1, 47-48, *Tables 43, 44*
- General practitioners, and care of human ills, 38  
distribution by  
geographic divisions, *Tables 15, 26, Chart 7*  
population groups, *Tables 16-28*  
size of communities, *Tables 28-37, 42, Chart 6*  
states, *Tables 14, 15, 27*  
percentage of all physicians, 38, *Tables 28, 38, 42, Charts 5, 6*  
by geographic divisions, *Tables 38-40, Chart 8*  
according to size of community, *Tables 28-37, Chart 6*  
by states, *Table 38*  
and special attention, 38
- Germany, distribution of physicians, *App. D*  
specialization in, 42, 47, *Tables G-1, G-2, App. D*
- Graduates of medical schools (*see Medical schools*).
- Harrison, Leonard V. (*see General Education Board*).
- Hospitals, beds and occupancy, 69-70, *Table 55, Chart 18*
- Income of population, average per person, 70-71, *Table 56, Chart 19*  
and distribution of physicians, 65-73  
measured by tax returns, 67-70, *Table 55, Chart 16*  
and retail sales, 71, *Table 57*  
spendable, 67, 71
- Income tax returns, 67-70, *Table 55, Chart 16*  
and distribution of physicians, 69, *Chart 17*  
hospitals, 70, *Chart 18*
- Journal of the American Medical Association, obituaries in, 4
- Mayers, Lewis (*see General Education Board*).
- Medical directories, early, 7  
periodic increase of names in, 10  
(*See also American Medical Directory.*)
- Medical education, standards of, 2, 4, 10
- Medical facilities, rural and urban, 18, 22, 66, 71

## INDEX—Continued

- Medical profession, compared with other professions, App. B  
 exit from, 4  
 in foreign countries, App. D  
 growth, 2-5, 7, *Table 3, Chart 3*  
 organization in the United States, App. B  
 preparation for, 2, 4  
 standards, 2, 4, 5, 73
- Medical schools, graduates of nonapproved, 4  
 graduates  
   foreign, 4  
   limiting number of, 66  
   number of, 2, 4, *Table 1, Chart 1*  
   number of, *Table 1, Chart 1*  
   standards, 2, 4, 10
- Medical service, factors influencing, 18, 65, 71, *Table 57*  
 legislation in Iowa and Wisconsin, 22
- Michigan State Medical Society, survey of specialists, 37
- Negro physicians, and population, App. C
- Physicians, in active practice, 1, 5, 17-18, *Tables 14, 15, 26*  
 the "average," 5  
 average length of practice, 5  
 classification of, 1, 17, 37-38  
 deaths of, 4, *Table 2*  
 factors determining patronage of, 18, 66  
 in foreign countries, 66, App. D  
 not in practice, 1, 4, 17-18, *Table 14*  
 organization of, App. B  
 and other professions, App. B  
 periodic increase of, 10, *Table 4, Chart 4*  
 retired, 1, 4, 17-18, *Table 14*  
 rural and urban, 22, 31, 48-51, 55, 66, 71  
 supply of, 4, 10, 10 n., 66, 73  
   and population, 7  
 total number since 1886, *Tables 3-13, Chart 4*  
 (See also *Distribution of physicians, General practitioners, Medical schools, Special attention, and Specialists.*)
- Polk Directory, 10, *Tables 3-13*
- Population, foreign countries, App. D  
 income and distribution of physicians, 65-73  
 and physicians, 7, *Table 3, Charts 3, 4*  
 Negro, App. C
- Population per general practitioner, by geographic divisions, *Tables 15, 26*  
 population groups, *Tables 16-27*  
 states, *Tables 15, 27*
- Population per physician, compared with per capita retail sales, 71  
 in foreign countries, 66, *Table 54*  
 by geographic divisions, *Tables 15, 26*  
 and income, 67-73, *Tables 55-57, Charts 16, 17, 19*  
 measure of distribution of physicians, 18, 66-67  
 and medical service, 22, 65-66  
 by population groups, 24, *Tables, 16-27*  
 in previous years, 7, 10, 47-48, 51, *Table 3, Charts 3, 10*  
 by states since 1886, 16, *Tables 5-13*
- Population per specialist, by geographic divisions, *Tables 15, 26*  
 population groups, *Tables 16-27*  
 states, *Tables 15, 27*
- Previous studies, 1, 31  
 (See also *General Education Board.*)
- Retail sales, per capita, 71, *Table 57*  
 measure effective demand for medical service, 71
- Sample studies, 2, 37
- Sickness insurance, 71
- Special attention, classification explained, 37-38  
 distribution by  
   geographic divisions, *Table 42*  
   size of community, *Tables 28-37, 42, Chart 6*  
   states, *Table 14*  
   type of practice, *Tables 41, 42, Chart 9*  
   percentage of all physicians, *Tables 28, 42, Charts 5, 6*  
   according to size of community, *Tables 28-37, 42, Chart 6*
- Specialists, "complete," 31, 37  
 determination of by questionnaire, 37  
 distribution by  
   geographic divisions, *Tables 15, 26, 40, Chart 7*  
   population groups, *Tables 16-27*  
   size of community, 31, *Tables 28-37, 42, Chart 6*  
   states, *Tables 14, 15, 27*  
 examining boards for, 38  
 in Germany, 47, *Table G-1*  
 "partial," 37  
 percentage of all physicians, 31, *Tables 28, 42, Chart 5*  
 by geographic divisions, *Table 38, Chart 8*  
 according to size of community, *Tables 28-37, Chart 6*  
 by states, *Table 38*  
 and population, 24  
 standards of, 37
- Specialization, degree of, 31, 37, 38  
 in Germany, 42, 47, *Tables G-1, G-2*  
 number of specialists  
   in the several specialties, *Table 41, Chart 9*  
   according to states, *Table 41*  
 percentage of specialists  
   in each specialty according to geographic divisions, *Table 40*  
   in the several specialties, *Table 39*
- State medicine, 71
- Types of practice, distribution according to, 38, *Table 39*  
 (See also *American Medical Directory, General practitioners, Special attention, Specialists, and Specialization.*)
