

Report of the Mysore University  
for 1917-18.

No. 8320—EDN. 226-18-4, DATED 6TH MARCH 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS  
THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 3113, dated the 28th October 1918, from the Registrar, Mysore University, forwarding the Annual Report of the University of Mysore for the year 1917-18.

Order No. 8320—Edn. 226-18-4, dated 6th March 1919.

Mr. H. V. Nanjundayya continued to be the Vice-Chancellor of the Mysore University and Mr. Denham, Registrar, and the University was strengthened by the appointment of two new Professors one for History and the other for Commerce.

2. *Finance and attendance.*—The income of the University from all sources was Rs. 5,50,420 and the expenditure Rs. 4,82,227 during the year. The number of students under instruction in the various Colleges was 619 including 5 students in the College Classes of the Maharani's College.

3. *Developments.*—The most important developments during the year were the establishment of College of Engineering at Bangalore and the introduction of a Commerce course in the Maharaja's College at Mysore. The first year's class in the Engineering College started with a select batch of 45 students. The question of starting an Agricultural College at Mysore with effect from 1920-21 is under the consideration of Government.

4. *Examinations.*—The first Mysore University Examinations were held during the year. Out of 30 candidates sent up for the First Year's Certificate, 11 passed. Of 76 candidates that appeared for the B. A. Degree, 40 passed in both parts and 20 in one part only. Out of 403 candidates for the Entrance Examination, 138 or 34.24 per cent passed. The low percentage of passes indicates the high standard of the University Examinations. The result of the Entrance Examination, however, leaves a doubt regarding the efficiency of the High Schools.

5. *Libraries.*—The University Library buildings were occupied in April 1918, and a beginning was made towards the formation of a University Library with 2,311 volumes transferred from the Maharaja's College Library and the Oriental Library. Arrangements are reported to have been made for large additions to this Library. The University Librarian was deputed to visit important Libraries at Madras, Calcutta, Baroda, Bombay, Delhi and Lahore, to study the details of their organisation and working.

6. *Hostels.*—The problem of providing accommodation to students who are too poor to bear the high cost of living in hostels is a difficult one. The proposals of the University in this respect will be awaited with interest.

7. Government have recently sanctioned a post-graduate course of teaching and also a concurrent optional course for the B. A. Degree. The detailed scheme is awaited.

8. The Calcutta University Commission visited the University in connection with their enquiry into the conditions of University Education in India. The Senate met twice during the year and discussed important schemes for the development of the University.

9. Government are pleased to express their appreciation of the satisfactory manner in which the development of the University has proceeded and to convey their thanks to the Vice-Chancellor, the Registrar and other Members of the University Council and the staff of the University for the high level of administrative and academical efficiency reached during the year.

P. G. D'SOUZA,

Secy. to Govt., Depts. of Edn. & Agri.

## Report on the Working of the Mysore University during the Academic Year 1917-18.

During this the second year of the Mysore University three additional institutions were brought under its direct control, *viz.*, the Constituent College of Engineering at Bangalore, the College classes of the Maharani's College at Mysore and the Oriental and Sanskrit Library.

2. *The Vice-Chancellor and Registrar.*—Rajamantrapravina Mr. H. V. Nandundayya, M.A., M.L., C.I.E., held the Office of Vice-Chancellor and Mr. Thos. Denham, M.A., that of the Registrar throughout the year.

3. *The Council.*—Mr. J. G. Tait resigned his membership of the Council and Senate on his retirement from the Principalship of the Central College, and Mr. Shama Rao on his ceasing to be an ex-officio member on retirement from the post of Inspector-General of Education, was re-appointed a member of the Council.

At the end of the year, the Council consisted of the following eleven members:—

1. The Vice-Chancellor.
2. Rajakaryaprasakta Rao Bahadur Mr. M. Shama Rao, M.A.
3. Mr. Thos. Denham, M.A.
4. Mr. E. P. Metcalfe, B.Sc.

### Council Members.

5. Rajamantrapravina Dewan Bahadur Mr. J. S. Chakravarti, M.A., F.R.A.S.
6. Mr. Mir Humza Hussein, B.A., B.L.
7. Rao Bahadur Mr. M. C. Ranga Iyengar, B.A.
8. Mr. B. Hanumanta Rao, B.A., I.S.O.
9. Mr. K. R. Seshachar, B.A., B.E.
10. Mr. N. S. Subba Rao, M.A.
11. Mr. C. R. Reddy, M.A.

There were 13 meetings of the Council, and the average attendance of members was 9.

4. *The Senate.*—Under Section 19 clause (4) of the Mysore University Regulation V of 1916, the Senate was re-constituted as from the 23rd July 1917. At the end of the year, it consisted of 57 Fellows (Ex-officio 20, Elected 18, Nominated 21) as in Appendix A. Messrs. M. C. Ranga Iyengar and Mir Humza Hussein were Fellows both elected and ex-officio.

There were two ordinary Meetings of the Senate with two adjournments. The Ordinary Meetings were held on the 28th November 1917 and 5th April 1918 and the adjourned Meetings on the 29th November 1917 and the 6th April 1918 respectively. The average attendance of Fellows was 38. The following were some of the most important subjects which received consideration at those Meetings:—

1. Establishment of a Medical Faculty.
2. Scheme of Examinations.
3. Courses of Study in English for the M. A. Degree Examination.
4. Law Course.
5. Scheme of Voluntary Medical Inspection and of Voluntary Physical Instruction of Students.
6. Question of University Education in the Arts Courses being made free.
7. Introduction of certain Compulsory and Optional Non-Examination Subjects in the University.
8. Grant of Concessions to University students joining the British Indian and Local armies.
9. Revision of Courses of Studies in Sanskrit and Zoology.
10. Amendments of Ordinances in certain respects.

5. *Faculties.*—On the retirement of Mr. J. G. Tait, Mr. Thos. Denham was elected Dean of the Arts Faculty. The Faculties met twice during the year.

6. *Boards of Studies.*—The number of Meetings held by the several Boards was as follows:—

Board	No. of Meetings
1. English and French	3
2. Kannada, Telugu and Tamil	3
3. Urdu and Persian	1
4. Mathematics	1
5. Physical Science	3
6. Natural Science	2
7. History and Economics	1
8. Mental and Moral Science	1
9. Sanskrit.	2

7. *Committees.*—Ten Committees were appointed by the Council and three by the Senate to consider some of the more important questions which came up before them. Appendix B furnishes details respecting the subjects in connection with which the several Committees were appointed.

Reports were due from the following three Committees at the end of the year:—

- (1) Senate Committee for the revision of Examination time-tables.
- (2) Senate Committee for B. Sc. Examination Scheme.
- (3) Senate Committee for working out details regarding the scheme of Voluntary Medical Inspection and Physical Instruction.

The Board of Audit met twice, *viz.*, on the 23rd February and the 24th August 1918 to examine the accounts of the University Office for the year under report. Their final report is appended.

8. *Publication Board and Allied Activities.*—It was stated in the last year's report that the Publication Bureau met and drew up a list of subjects on which it was desirable to have translations into Kannada from authoritative books and also advised the offer of prizes from Rs. 500 to 1,000 for original work in Kannada on certain subjects. The University Council accepted the proposals; and in response to the notice issued offering prizes for works in Kannada several works were received and referred to a Committee of competent judges for opinion, and there award is awaited.

The *University Magazine* was issued in August and November 1917 and February 1918 and the Hand-book to the University was also published in the early part of the year.

With a view to encourage the production of original works, the Council resolved to allow the publication of Dr. Radhakumud Mookerji's book "Local Government in Ancient India" and Mr. R. Narasimhachar's book "Karnataka Kavicharite" as part of the Mysore University Series giving the authors a grant-in-aid of half the printing expenses not exceeding Rs. 1,500 in the case of the former and Rs. 1,000 in that of the latter.

9. *Extension Lectures.*—Four series of Extension Lectures were arranged to be delivered during the year. Dr. Srinivasa Rao, Professor Usher and Dr. Radhakumud Mookerji delivered lectures at Bangalore and Dr. Slater at Mysore. The attendance at these lectures was more satisfactory than that in the previous year. The following table furnishes detailed particulars respecting these lectures:—

Number	Name of Lecturer	Subject	No. of lectures	Date	Place
1	Dr. M. Srinivasa Rao, M.A., M.D., D.P.H., etc.	Parasitical diseases (Lantern lecture.	3	30th July, 6th and 13th August 17.	Bangalore.
2	Mr. F. L. Usher, B.Sc.	Some effects of Light.	6	4th, 8th, 11th, 15th 18th and 22nd Feb. 18.	Do
3	Dr. Gilbert Slater, M.A., Prof. of Indn. Econs. Unty. of Madras.	Some Econ. aspects of South Indn. villages.	3	21st, 22nd, and 23rd Feb. 18.	Mysore.
4	Dr. Radhakumud Mookerj, M.A., PH.D., P.R.S.	Indian Economics	5	23rd, 25th Feb., 2nd, 4th and 5th March 18.	Bangalore.

10. *Inspection of Collegiate High Schools.*—The Collegiate High School at Shimoga was inspected by a Committee appointed by the Council and those at Bangalore, Mysore and Tumkur by certain University Professors and Assistant Professors in their respective subjects. The defects noticed by the latter were duly communicated to the Inspector-General of Education.

Under Ordinance 81 (2) of the First Ordinances, the reports on the working of the several Collegiate High Schools during 1916-17 were received from the Inspector-General of Education and considered by the Council.

11. *Endowments.*—Five endowments aggregating Rs. 25,015 as detailed below were offered and accepted during the year. The total endowed amount up to end of June 1918 was Rs. 1,04,652-8-1:—

1. Mr. H. K. Mallappa	....	....	1,000
2. Mr. Basit Ali Khan	....	....	4,000
3. Mr. B. V. Krishna Iyengar	....	....	15,000
4. Mr. Amble Anniah Pandit	....	....	4,000
5. Weir Memorial Fund	....	....	1,015
			<hr/>
Total	....	....	25,015

12. *Registration of Graduates.*—Thirteen graduates of other Universities were registered making a total of 69 annual subscribers and 21 life members.

13. *The University Library.*—A Library Committee was formed in January 1918 with Messrs. Thos. Denham and N. S. Subba Rao and Dr. Radhakumud Mookerji as members. The Committee prepared and scrutinised book-lists and allotted the book grant to the several subjects, having regards to the resources that were already available in the Maharaja's College Library and the requirements of the newly constituted Departments of Philosophy and Commerce. Orders for books worth about Rs. 40,000 were placed in February 1918.

Designs for Library Furniture were prepared in consultation with Mr. Lakshminarasappa, Architect, and orders for furniture worth about Rs. 5,000 were placed in February 1918. Several of the articles ordered were received in June 1918, and the rest were expected to be delivered in the course of July.

The Library Building, which was in charge of the Public Works Department for effecting the needful repairs and color-washing, was handed over to the University in April 1918.

Arrangements were made, after the building was handed over to the University, to collect books by transfers from the Government Oriental Library and the Maharaja's College Library and by purchase. The collection of books on the 30th June 1918 was as follows:—

1. By purchase	...	...	...	...	320
2. By transfer—					
	The Government Oriental Library			112	1,961
	The Maharaja's College			1,849	
			Total.	...	2,281
3. By presentation	...	...	...	...	30
			Grand Total	...	2,311

The most important presentation to the Library during the year was a set of the Press Lists of the Records of the Government of India, Foreign Department, and the thanks of the University are due to the Government of India for this valuable gift.

A draft of the working rules of the Library was prepared and placed before the Library Committee. Arrangements were made to get a large number of periodicals as early as possible with a view to open the Library Reading Room on the 1st August 1918.

Mr. C. Nagappa, B.A., LL.B., who was appointed University Librarian in Government Order No. 6531-3—Edn. 44-16-76, dated the 13th February 1917, joined the post on the 23rd idem. His deputation to visit the important libraries in Madras, Calcutta and Baroda was sanctioned by Government in their Order No. 10471-2—Edn. 44-16-129, dated the 25th June 1917. He went on this deputation in the middle of August 1917 and returned on the 20th September after visiting several important libraries in Madras and Calcutta. In response to an invitation

from the Government of India, Department of Education, Mr. Nagappa was deputed as a Delegate to the All-India Conference of Librarians held at Lahore in January 1918. In connection with this deputation he was permitted to visit important libraries in Bombay, Delhi and Lahore.

14. *The Oriental and Sanskrit Library.* The additions made during the year and the total number of volumes at the end of the year will be seen from the following statement:—

During the year under report 1,864 manuscript and printed books were consulted by readers in the Library, while 322 printed and 75 manuscript volumes were lent out for study and reference.

The sale proceeds realised from the sale of the Library publications and remitted to the Treasury during the year under report amounted to Rs. 497-8-6. The total expenditure amounted to Rs. 6,915-4-9.

The number of books of the Bibliotheca Sanskrita and Karnataka series presented to Public Institutions and Pandits and distinguished scholars, amounted to 1,123.

*Re-organisation of the Oriental Library.*—The proposals of the Inspector-General of Education in Mysore regarding the re-organisation of the Library and the transfer of its administrative function to the University of Mysore were given effect to in the latter half of the year. The Managing Committee of the Library, constituted under the re-organisation scheme, held two meetings during the year under report, to work out the details of the re-organisation scheme and have almost completed their work. The new Curator Mr. R. Shama Sastry, appointed on the recommendation of the University Council, took charge of the Library during the

close of the year and has submitted a programme of work for the approval of the Committee.

15. *University Buildings.*—The following works were in progress during the year:—

#### MYSORE.

1. Lecture Halls.
2. Students' Union.
3. New Blocks of Students' Hostel.
4. Kitchen Block of Students' Hostel.
5. Cricket Pavilion.
6. Oriental Library.
7. Professors' Quarters.
8. Repairs to University Library and University Office.

#### BANGALORE.

1. Students' Union.
2. Lecture Halls and Class Rooms.

The following works at Mysore were nearing completion at the end of the year:—

1. Lecture Halls.
2. Cricket Pavilion.
3. Students' Union.
4. New Block of Students' Hostel.
5. Kitchen Block of Students' Hostel.

The necessity for additional accommodation in the Central College is very pressing. It is absolutely necessary to extend the new block of lecture rooms by a second storey.

Additional accommodation is also necessary for the classes and work-shop of the College of Engineering.

16. *Finance.*—According to the provisional figures furnished by the Comptroller, the income of the University from all sources amounted to Rs. 5,50,420 and the expenditure to Rs. 4,82,227 against Rs. 8,68,226 and Rs. 5,07,201 respectively in the previous year. Appendix C furnishes details.

It was stated in the last year's report that a new system of accounts for accounting the University fund would be introduced as soon as the printed forms and registers were received from the Government Press. The system could not however be introduced as the forms and registers were not received. It is expected that it will be in force before the end of the present year.

#### CONSTITUENT COLLEGES.

17. *Transitory Period.*—This was the last academic year in which the two Arts Colleges continued to be in part affiliated to the Madras University as a transitory arrangement, the Maharaja's College providing instruction for B.A. Honours in History and the Central College for the Senior Intermediate Class.

All the three classes of the Mysore University B.A. Course were opened in the two Arts Colleges besides the first year B. Com. class in the Maharaja's College and the second year B. Sc. class in the Central College. The first year class was also started in the Maharani's College with five lady students.

Four hundred and seventy-five students were studying in the several classes of the two Arts Colleges and in the Maharani's College for the Mysore Degree Examinations, the previous year's number being 77.

18. *College Libraries.*—Appreciable additions were made to the Libraries at the Maharaja's and Central Colleges, and the work of re-cataloguing the Central College Library on improved lines was under-taken by the University Librarian. The nucleus of a Library was formed both at the Maharani's College Department, Mysore, and the College of Engineering, Bangalore, by purchasing 428 volumes for the former and 300 volumes for the latter.

The following table furnishes particulars respecting the number of books available at the Maharaja's and Central Colleges and the average number of volumes issued for students for home reading:—

Name of the College	No. of Vols. at the end of 1916-17	No. added during the year 1917-18	Total	Total No. issued	Average number issued per student	
					1916-17	1917-18
Maharaja's College ...	6,800	2,350	9,150*	6,690	21	23
Central College ...	7,041	132	7,173	1,552	20	57

\*Of which 2,300 Vols. were transferred to the University Library.

19. *Staff Tutor System.*—During the year under report an attempt was made in the Maharaja's College to promote personal relations between the students and the members of the staff by allotting to each member about 30 to 40 students whom he was to see at frequent intervals and get to know intimately. On the whole, the object aimed at seems to have been realized in a considerable measure. It is, however, too soon to form a definite opinion regarding the utility of the system. The system has not been tried on the same scale in the Central College, and the question of placing it on a satisfactory basis in each College according to its special needs and facilities is receiving further consideration.

20. *Examinations.*—Details regarding the results of the Madras University Examinations are as follows:—

#### MADRAS UNIVERSITY.

23. *Additional Courses.*—A College of Engineering was established at Bangalore and the First Year Class was started in July 1917 with 45 students selected from among 150 applicants. Instruction in the Commerce Course leading up to a degree was provided at the Maharaja's College. Arrangements were also made for instruction in philosophy Group I and in French, Tamil and Arabic (as part of Persian Course) at the Maharaja's College and in French at the Central College.

24. *Strength and Attendance.*—The strength and the average attendance of Maharaja's College, Central College and the Maharani's College Department in the two years 1916-17 and 1917-18 as also the average attendance in the College of Engineering during 1917-18 are given in the following statement—

Name of College	Strength		Average attendance

8	Dr. John Cook Memorial Prize ...	C. N. Srinivasa Iyengar.

In the year under report, the general scholarships were awarded in the two Arts Colleges in accordance with the scheme sanctioned in Government Order No. 928-30—Edn. 12-16, dated 25th July 1917, with a slight variation in respect

of district stipends. As the question of contribution by local bodies towards these stipends could not be settled in time, the old District Scholarships were revived for the year as a temporary measure.

In the College of Engineering, besides one merit scholarship awardable under the general scheme of scholarships and five backward community scholarships, two merit scholarships of Rs. 15 each and eleven free studentships were awarded, according to Government Order No. 4893-4—Edn. 25-17-13, dated 22nd November 1917.

The number of stipendiary pupils free and half-free scholars, in the three institutions on the last day of the year was as follows:—

Name of College	Strength	Scholarships	Free-ships	Half-free-ships
Maharaja's College .. .. .	297	98	26	28
Central College .. .. .	272	97	31	24

26. *Athletics.*—Out-doors games received due attention in all the three Arts Colleges. During the Dasara recess, the cricket, football, hockey and tennis teams of the Central College visited Mysore to compete with the teams of that town. The visit proved a great success.

A scheme of voluntary medical inspection and voluntary physical instruction was passed at the last meeting of the Senate and is now before Government for consideration and sanction. A brief outline of the scheme is as follows:—

There are to be two medically qualified Directors of Physical Culture, who will have medical and sanitary charge of the hostels and of the department of Physical Instruction. This department is divided into four branches:—

1. Gymnasium including boxing, wrestling and fencing.
2. Out-door games including swimming and boating.
3. University Training Corps.
4. "Care of Health" branch including lectures on First-Aid and on Hygiene and Sanitation.

The Officiating Principal, Central College, complains, with justice, of the lack of sufficient play ground for the College.

27. *Social Activities.*—(a) *Hostels.*—The hostels attached to the colleges at Mysore and Bangalore were very popular, so much so that admission had to be refused in many cases for want of accommodation. On the last day of the year, there were 120 boarders in the Maharaja's College Hostel and 96 in that of the Central College against 123 and 107 respectively in the previous year. The cost per month for each boarder came to Rs. 15-14-9 at the former and to Rs. 17-5-0 at the latter on an average against Rs. 16-6-9 and Rs. 16-13-2, respectively, in the previous year. The health of the boarders was generally good.

There are no doubt a large number of students coming from outside in both the Colleges, who are too poor to bear the comparatively high cost of residing in these hostels. Some means must be devised of giving them suitable help, either by licensing private hostels or by providing separate quarters under supervision, where they could manage to live more economically. Suggestions have been called for from the Students' Residence Committees, but the replies have not yet been received.

(b) The College Societies held successful meetings and the Dramatic Section of the Maharaja's College Union gave to public performances, the proceeds being given to "Our Day" Fund.

28. *Principals and Staff.*—Mr. C. R. Reddy, M.A., having been transferred to the General Education Department, Mr. N. S. Subba Rao, M.A., was appointed Officiating Principal of the Maharaja's College from the 24th September 1917. Mr. E. P. Metcalfe, B. Sc., was the Officiating Principal of the Central College and Mr. K. R. Seshachar, B.A., B.E., Professor-in-charge, College of Engineering, throughout the year.

Dr. Radhakumud Mookerji, M.A., PH.D., and Mr. K. T. Shah were added to the Professorial Staff of the Maharaja's College.

29. *General Remarks.*—Separate provision has not yet been made for the science teaching of the Entrance Class of the Bangalore High School and students continue to receive instruction at the Central College. A provision of Rs. 50,000 has just been sanctioned for additions to the High School and it is hoped that the want will be supplied as early as possible, so as to prevent serious inconvenience to the laboratory work of the Central College.

The Mysore University started with the two Colleges in Bangalore and Mysore, affiliated to the Madras University in the several branches of the B.A. Degree Course. The courses of the Mysore University both in Arts and Science were modelled on the same lines with certain modifications, and classes in most of the branches have been opened. A new feature in our University is that a second language is compulsory, and one of the incidental results has been the study of French by a large number of students.

The new courses for the B.E., and the B.Com., were started at the beginning of the second year. Judging from the numbers seeking admission, both these courses meet an existing demand, and are in consonance with the general desire to turn higher education to more practical ways than hitherto in vogue. In the same spirit, the Senate passed a resolution, and re-affirmed it on a later occasion, that a Medical degree should be instituted and a Medical College opened. But the project did not commend itself to Government, partly on account of cost and partly from a conviction that the available funds could be employed with greater profit in other more urgent directions. An order has been passed postponing the project for two years, till 1920.

A scheme for opening a post-graduate Law College for the degree of B.L., was prepared and passed by the Senate in April last. There were some doubts entertained at first as to the necessity and usefulness of this course of study for the State; but on the initiation of Government, the whole question was considered by a strong Committee appointed by the University Council, and their unanimous recommendation was endorsed by the Council and the Senate. One of the recommendations of this scheme is that it costs less than almost any other of the new branches; and another consideration is that a course of legal study may be regarded as part of a course of general culture, irrespective of its professional side for which perhaps there is no urgent demand in the State at present. However, when the scheme was submitted to Government, it was ordered to be postponed till the year 1919.

The opening of a University Course for Mining and Metallurgy, suggested by the existence of mineral wealth in the State and of a project for iron smelting and

steel manufacture likely to be put in operation soon, was, proposed by Government. The question is under consideration, and a Committee will be appointed by the Council to devise a scheme under which instruction in these subjects may be provided as one of the alternatives for students of the B.E. degree, the course to be one of two years after the passing of the Intermediate Examination in Engineering.

The question of instituting a degree in Agriculture and of starting a College of Agriculture has also been considered. A rough scheme was drawn up by the Director of Agriculture on the assumption that the College would be located in Bangalore, where the existing facilities such as a farm at Hebbal and laboratories in Bangalore, and the services of the existing officers of the Department of Agriculture would be taken advantage of as far as possible. But as Government expressed a preference to its location in Mysore, where everything has to be independently provided, the scheme has to be considerably altered, and is not yet ready.

A project for a post-graduate College for teachers was prepared and submitted to Government almost with the opening of the University, and provision was made in the budget for the purpose. But it has not yet been sanctioned, and the matter is still under discussion.

In connection with all these projects for expansion, especially in practical courses, the question of demand for the services of men trained in such courses is an important one. But it is not wise to take the actual demand as it may exist at present, or as may be estimated for the future from the needs of Government departments, as the determining factor. It would be a waste of public money and private effort to train men for professional courses, when they cannot possibly make use of their special qualifications in after life, as generally such training is much more costly and laborious than general education. But it would be a mistake to assume that all who are trained for such professions as Engineering, Medicine and Agriculture should depend exclusively on Government employment. Not only is it legitimate to expect that opportunities will increase with the progressive expansions of industries and population, but we may also hope that the men themselves will, if necessity requires, be able to plan out new careers for themselves according to their acquired skill and knowledge. It has also to be borne in mind that the demand for University instruction in professional colleges in British India is now so large, that students from Mysore can hardly gain admittance into them, as the needs of the provinces where they are situated are naturally first considered.

The Calcutta University Commission visited Mysore on the 27th January 1918 in connection with their general enquiry into the conditions of University Education, and informally they expressed much satisfaction with what was being done.

## APPENDIX D.

## REPORT OF THE BOARD OF AUDIT FOR THE YEAR 1917-18.

The Board was re-constituted by the Senate at its meeting on 28th November 1917, the same members being re-elected. Two meetings were held, one on 23rd February 1918, to examine the account from July 1917 to December 1917, and another on 24th August 1918, to complete the audit to the end of June 1918. The minutes of these meetings have been duly forwarded to the Registrar.

2. The Board has examined the following accounts:—

- |                         |                           |                                    |
|-------------------------|---------------------------|------------------------------------|
| (1) Cash Book           | (4) Furniture Register    | (7) Service Postage Stamps Account |
| (2) Acquittance Roll    | (5) Endowment Register    | (8) Magazine Account               |
| (3) Contingent Register | (6) Register of Graduates | (9) Hand-Book Account              |

At the second meeting, two more registers were examined:—

- |                           |                               |
|---------------------------|-------------------------------|
| (10) Stationery Registers | (11) Reference Books Register |
|---------------------------|-------------------------------|

3. The accounts were checked and found correct. The new account forms prescribed by Government are being supplied and it is expected that the accounts will be kept according to prescribed rules from September 1918.

4. The cash balance with the Registrar on the 30th June 1918 was Rs. 113-0-0. During the year under review, five endowments were offered of the total value of Rs. 25,015 and one endowment of Rs. 100 a month.

The number of registered Graduates increased during the year from 16 life members to 21 and 62 annual members to 69.

*The University Magazine* began its second year and second volume. In the first year 1916-17, for three issues, the total expenditure was Rs. 1,080 and receipts Rs. 990, resulting in an insignificant loss of Rs. 90. The number of subscribers has steadily risen, being for the first issue, 195; for the second, 248; for the third, 250

For the fourth issue, 500 copies were printed, of which 420 have been disposed of and 80 are on hand. The cost of printing was Rs. 388 and up to end of June 1918, the amount realised by sale of copies was Rs. 163.

*The University Hand-Book Account*.—The cost of printing was Rs. 911 and the amount realised was Rs. 171. Of 1,000 copies printed, 191 copies were given away in presentation and 145 were sold.

Appended is an unverified statement\* of Receipts and Expenditure (Provisional for the year 1917-18.
