The Deputy Govern^r. Acquaints the Council that yesterday about three a Clock in the Affternoone, there happen'd Some Words betweene Lieutenant Hercules Courtney, and Ensigne Joseph Padle w^{ch}. Rose to such a heighth, that in Conclusion swords were Drawne, that for breaking the rules of the Garrison he had Consign'd 'em Under Guards to their Appartments, and if they Approv'd off, they shou'd be Examin'd before 'em.

— JANUARY 1711-12 —

Accordingly Lieutenant Courtney was Sent for, and Ask'd being an Officer himself how he Came to be Guilty of so much indiscretion, as not only to draw his Sword und^r. the Gov^{rs}. Roof, but likewise to Assault an Officer that was Actually on Guard. WEDNES-
DAY 28

He Confess'd Drawing a Sword in the Fort, was a great piece of Irregularity, and hop't we woud Excuse it, but said he was forc't to doe it in his own defence, that the Ensigne not only Gave him a great deal of provoacking Language, without his saying anything to Urge him to it, but likewise, Drew his Sword, so that in the Defence of his life he was forc't to breake the Rules of the Garrison and Drew his Sword to Defend himself, that he had the good fortune to Dissarm his Adversary, when he very Generously gave him his life, and Sword again, and that then a second time he gave him very Ungentleman like Language, and drew upon him again, when he was forc't in his own defence as before, to Assault him again, and had the Same Success over him, as before, when the Guards Came in, and Seperated them, being Ask'd whither this was the truth of what pass't, and whither he had any more to say for his Justification, he Answerd he Cou'd take his Oath to the truth of it and had no more to Say.

We then sent for Ensigne Padle, who was Ask't, how he Came not only to give his Superior officer foul Language, but Allso to Draw his Sword, and Assaulted him, who Intirely Denied to have Done Either the one, or other, and said that he was Setting with Mr. Weld in his appartment, when Lieutenant Courtney Came in their, & Affter haveing taken Some turns in the Roome, began to Dam him, and Ask't him, how he dare be so impudent, to send him the Word, and nott Subscribe him Self at the bottom his humble Servant, that imediately upon it, he Excused himself, and told him, he did nott omitt those words wth. a designe to affront him but because he was in a great deal of haste, and Desir'd he wou'd Excuse the Omission, but that did not Suffise, he Still Continu'd his Abusive Language, Giving him the Eye, and telling him he was a Son of a Whore, wth. Abundance of such Ungentlemanlike terms, that after having borne it a Considerable time, very patiently he desir'd him to forbare abusing him in that Manner, for he cou'd not beare it any long^r. upon w^{ch}. he (Courtney) Jumpt from his Chair, into the middle of the room, and drew his sword and that then he run to his, that lay in a Chear Some Distance from him, and was Drawing it out to Defend himself; but that before he cou'd Dissingage it from the Scabbard, his Adversary Assaulted him, beating it out of his hand, and at the same time wounding him in his body, that he Attempted to Get it in his hand Again, when Courtney Closed wth. him, and comanded him to beg his life, w^{ch}. he refusing to Doe for some time, till he Swore he wou'd Stick him if he did not, and then he conceded, and Ask't it of him, upon which he gave him his sword Again, but Afterwards comencing to give him Scurrilous Language again, he told him thô he surpris'd him before, he then had a Sword in his hand, and wou'd not take it, Courtney being too nimble for him, Got in with him a second time, and broke his Sword, when the Guards Came in and parted them, this he Declar'd was truth of w^t. past. as a Testimony of w^{ch}. he Referrs himself to Mr. Weld who was then present, and Mr. Henry Cottrell who was by when Capt. Courtney, on Sunday last gave him a great deal of provoking language.

We then desir'd Mess^{rs}. Weld and Cottrell to declare what they knew of the Matter, the latter of w^{ch}. Assur'd us, that Mr. Padle did patiently bare a great deal of very Grose abusive Language on Sunday from him, and Mr. Weld not only Assur'd that to be a truth, but likewise All that Ensigne Padle had Alledg'd in his Justification, they Deliv^r. both their Declarations in, in Writing the Coppys of w^{ch}. are as Enterd After this Consultation.

We think this Sufficient Cause to Continue the Confinement of Cap^t. Courtney, but that he may not hereafter Complayn we have Us'd him unjustly, we sent for three Officers of the Same Degree wth. himself Lieutenant, Roach, Howson and Hugonin, and Affter haveing Stat'd the Matter of fact to them, As it was Related

— JANUARY 1711-12 —

WEDNES- to Us, Desir'd to know their Oppinions, how an Officer Ought to be treat'd, who
DAY 23^d. Assaulted another when he was Upon his Guard, who unanimously told us, the
Least punishment Unless we were Mercifull, Cou'd be inflicted, was the takeing
away his Comission.

Upon w^{ch}: Question was put how we Should Dispose of the prisoners.

RESOLV'D that Ensigne Padle be forthwth. Releasd from his Confinement, as
haveing Done w^t. lay in his power to prevent the Quarrell. w^{ch}. happen'd and
that the whole Circumstances of the Story, be forthwith Sent to Fort S^t. George,
and that Lieutenant Courtney be Confind, till their pleasure be knowne.

The Deputy Gov^r. Reads his Acco^{tt}: of the Hon^{ble}. Companys Cash, for the
month of December ballance being Seven hundred and Sixty five Pagodas, Nine
fanams, and three Quarters of a Cash.

THE DECLARATION OF M^r. MATHEW WELD, CONCERNING THE DIFFERENCES THAT
HAPPEN'D BETWEENE CAP^t: HERCULES COURTNEY AND ENSIGNE JOSEPH PADLE, ON
SUNDAY LAST IN THE AFFTERNOON AT M^r: WELDS LODGINGS BEING THE 20TH. OF
JANUARY 1711/12 AS ALLSO OF THEIR FIGHTING YESTERDAY 22^d. IN Y^r. LODGINGS
ABOVESAIID.

Being present when the Difference between Cap^t. Courtney, and Ensigne
Padle, at my lodgings Sunday 20th. of January 1711/12 as Also when they fought
the 22^d. in the afternoone in the same place and being requird by y^e. Worp^l.
Robert Raworth Esq^r. Dep^{ty}. Gov^r. &c^a. Councill to give a true Acco^{tt}. of the
Matter, I therefore here give y^e. best Acco^{tt}. I can of it w^{ch}: is as follow.

Sunday the 20th. in the Affternoone Cap^t. Courtney and Ensigne Padle being
in my lodgings, where also was M^r. Henry Cottrell, when Cap^t. Courtney ask'd
Ensigne Padle [to give] one Richard Payne (a Centinell) liberty to goe out of
the Fort, two or three hours in a Day about some business he had for him, to w^{ch}.
Ensigne Padle Reply'd he cou'd not, there at Cap^t: Courtney paus'd a little, and
then flew into a Passion saying what doe you mean Ensigne Padle Dam me He
have him wth.out Asking you, to that Ensigne Padle said if he is a man belong^g.
to your Company, you may have him, but as he is Upon this Gard, I must have
another man in his Room, to Doe his Duty, hereat Cap^t: Courtney Grew very
abusive, to M^r. Padle, Ensigne of the Guard giving him the Lie, Calling him an
impudent saucy Fellow, and threatnd to thrash him and thrust his Cane down
his Throat, which he shook at him in a Menacing Manner, Uttering many other
abusive Expressions, to All w^{ch}. the said Ensigne Padle made Civill, and Mild,
Replys and Gave his reason why he cu'd not p^rmitt R^d. Payne to goe out of
the Fort, he being so frequently Guilty of misdemeaners, when at his liberty that
he fear'd he shou'd be Blam'd if he Suffer'd him abroad Desireing Cap^t. Courtney
not to treat him so scurviley, and that he wou'd not strike him for he wou'd not
Suffer it, when this Difference Grew to this height, I desir'd them both to forbare
Quarrelling in my house, Whereat they then gave over and I thought All wou'd
have been past by.

But Tuesday the 22^d. of January 1711/12 about three in the Afternoone
Cap^t: Hercules Courtney came in to my lodgings where M^r. Padle Ensigne of
the Guard, was Setting wth. me at a Table, Smoaking A pipe of Tobacco, and After
haveing taken some few Turns in my Room Seemingly in a passion, Stood by me,
and demanded of Ensigne Padle how he came to write [to] Savoy, and impudently
to him in the Parole note, telling him that his Superiours Us'd him wth. more
Respect, then barely to Conclude After the Word wth. his name only, to this

— JANUARY 1711-12 —

Ensigne Padle Reply'd he wrote it in haste; and Design'd no Affront by it, and hop'd he wou'd not make this Omission occasion of Quarrelling wth. him on Acco^t. their late Difference about S^d. Rich^d. Payne, adding that Cap^t. Courtney had then very Grocely abus'd him, who Answered he had not but he very much Deserv'd it, and imediately flew in to a Passion and said he was a saucy impudent fellow, and he wou'd make him know his Distance, and let him See he don't make Such as him his Companion, wth. Sev^l. Such like Scornfull Expressions, att W^{ch}. Mr. Padle Reply'd in a very Calm Manner, S^r. I bear a Comission so well as you, and then Desir'd he would curb his Passion for he cou'd not bare Such Abuse.

Upon that Cap^t. Courtney flew into a more Violent Passion, and Stepping back in [to] the Midle of the Room, imediately drew his Sword whereat Ensigne Padle (whose Sword lay wth. the belt, and Scabard on about two [...] on one Side of him. upon two Chairs/ Got up and took hold of it, but before he had Completely drawn, and putting himself in a posture of Defence, whilst the Point was scarcely out of the Sheath, and pointing Downward, Cap^t. Courtney who Drew first, and was in a Readiness advanc'd on him, and Struck a forceable blow on Ensigne Padles Sword, which beat it up backward, and so Struck it out of his hand, and then I suppose turning his hand push'd Ensigne Padle into the belly, who notwithstanding Readily Got hold of his Sword again but in the very ins^t. As he Stooped to Recover it Cap^t. Courtney Enclos'd whit him, and shuffled him downe in the Window, where Cap^t. Courtney had him under wth. his left hand on Ensigne Padles Sword Arm, and his own Sword pointing at Ensigne Padles Breast, bidding him deliver his Sword, and beg his life, upon this I left em, and made w^t. haste I coud to Call a Guard, and on my Return found Cap^t. Courtney wth. both Swords in his hands. and Ensigne Padle Asking for his Sword, w^{ch}. Cap^t. Courtney Return'd affter this a dispute arose about the difference when Ensigne Padle told Cap^t. Courtney that he Us'd him very Scurviley in Drawing on him in the Fort, and at Unawares, but that now he was so good a Man as himself, wth. that Cap^t. Courtney said Damme Sarrah what affter I have given you yo^r. Life and Sword have you the impudence to prate, and imediately Run furiously upon him, and Catching hold of Ensigne Padles Sword broke it in two pieces and then they fell to Cuffing, but were parted by Serjeant Handlon, and Soon Affter came the Cap^t: of the Guard in whose presence Cap^t. Courtney Continued to Abuse Ensigne Padle in very Scurvilous language Calling him Shipkennell, Sorry fellow, Just Come from Waiting on a Table, and treated him wth abundance of such like unsufferable Expressions, thô at the same time Ensigne Padle Desir'd him to shake hands, and be friends to w^{ch}. Cap^t. Courtney Replyd he wou'd not Concerne himself wth. Any Such fellow as he is.

MATTHEW WELD.

THE DECLARATION, of M^r: HENRY COTTRELL
Concerning the Quarrell, betweene Cap^t. Hercules
Courtney and Ensigne Joseph Padle on Sunday last
being the 12 instant in M^r. Matthew Welds lodgings
in the Fort.

On Sunday the 20th. of January being in M^r. Welds Roome Cap^t. Courtney Requested Ensigne Padle to lett Richard Paine have liberty for three or four hours in a Day to Goe about said Cap^t: Courtney[']s] buissness Att such hours as he thought Convenient, at w^{ch}. the Ensigne s^d. he cou'd not grant, and order'd s^d. Payne to returne to his Guard, upon w^{ch}. Cap^t. Courtney said Dam you, where is yo^r. Mann^{rs}. to send the fellow away I sent to speake wth., and at the same time bid Paine stay, upon which the Ensigne told him he might have him if he wou'd Give him another Man for him, or Get Cap^t. Hugonin's leave for it, w^{ch}. so Exasperated Cap^t. Courtney that he told him if he talkd so to him, he woud Run the Cane down his Throat and that he wou'd have the fellow or Any Ilie he pleas'd, Giving him at the same time oprobrious language as Rascall, and Scoundrell, and amongst the Rest Gave him the Lye, and starting up Shooke his Cane att him.

— JANUARY 1711-12 —

upon w^{ch}. the Ensigne Step't to the Couch and laid his hand on a sword, but never Offer'd to Draw it, Requesting the Cap^t. not to fall into a passion, nor Give him such Language, which he cou'd not bear, and that if he should lett Pain goe out he wou'd imediately Get Drunk, and be incapable of serving Either the Cap^t. or him, w^{ch}. at present is All I can call to mind, Fort St. David January 23^d. 1711/12.

The Deputy Gov^r. lays before the board a very sedicious Petition w^{ch}. was deld him this Afternoone, by one of Cap^t. Courtneys Serjants wth. about fifty of the partys Names to it, Desireing he might be Reinsta[ted] in his comand, or that they wth. a great deal of Unwillingness [would] Continue in the Companys Service, and acquaints em that upon Useing the fellow, who deld it, Roughly and threatning him wth. Death, he had Confessd the bottom of the whole designe, and that the Petition was Writ Originally by Cap^t. Courtney himself, and Given to one of the Corp^{ls}. to Transcribe, wth. orders that as soone as that was done, he shou'd burn the Original, for fear of a Discovery, and that Ensigne Brooks was privy to the Designe from the bottom he likewise Acquainted them that imediately upon Gaining y^s. intelligence he had secur'd Courtney in a Roome under the Charge of two Centureys wth. orders that no Soul shou'd be permitted to speake to him and that he shou'd be Debarr'd the use of pen, Ink and paper, and that then he went Directly to Treepopalore, where he order'd the party to be drawn Up and att the Head of em Demanded to know w^{ch}. of em wou'd Refuse to Obey the Officer, he had order'd over them, and w^t. was the Reason of their putting their hands to that Sedicious petition, upon w^{ch}. they Unanimously Declar'd they wou'd wth. a Great Deal of Readiness, follow any Officer he should order em to obey, and Deny'd their having put their hands to Any Petition w^{ch}. in Reality was true, for he who deld it did it for em and wth.out the privity of a great Many, upon w^{ch}. he had order'd the Ensigne to be Closely Confign'd, and brought away a Serjeant, and Corp^l., who were very Active in the business, and one of em, had writt the Petition, but that the rest of the Men, were so far from desireing to have Cap^t. Courtney Reinstated, that they Expressed em selves, Rather Averss't to it, he hav^g. Allways being very Severe in his Comand over em.

After having layn the Matter, thus before the board, he desir'd their Oppinions, how he shou'd proceede in an Affair of this Consequence, and After very Seriously Debating on the matter, We Came to this Resolution.

That to Dissincourage Such Sedicious practices for the future Either in Officers, or Soldiers, Cap^t. Courtney shou'd tomorrow be sent wth. a Guard to Fort St. George to be Dispos'd off there, as the Gov^r. and Council shall think Convenient, and that his Confinement should Continue till he Imbark't.

That Ensigne Brooks should tomorrow morning att the head of the party have his partisan, and sword broke over his head, and Declar'd incapable of Ever serving the Company in that Station againe.

Mr. Cottrell land custom^r. Cuddalore Reads that Acco^{tt}. for the Month of February and pays into the B^t. Hon^{ble}. Comp^{as}. Cash the Sum of five pagodas, Nineteene fanams, and five Cash.

ORDERED Mr. Baker Paymaster be advanc'd three thousand, two hundred pagodas to Defray Charges Garrison.

Mr. Weld late Storekeep^r. pays into the Hon^{ble}. Companys Cash twelve hundred Pagodas, being part of the ballance due from him on that Account.

Mr. Richard Harrison now Reports he has Examin'd Mr. Welds Paym^{rs}. Acco^{tt}., for the Month of August and finds it Right[ly] Cast up.

Eram Rause Renter of the bounds, According to an order of Consultation of the 12th. Ultimo, this day delivers in his Reasons, in Writeing, why it was not possible for him to pay the full Amo^t. of [what] is due from him, for Rent of em, he likewise delivers in a Petition along wth. it, Requesting we would take it in our Consideration and be favourable to him.

What he Urges in Relation to Wait for Water is most undoubtedly true, the mold at Trevindaporum having bin Upwards of twelve Months Demolish't, so that the Course of water, w^{ch}. Used to Supply that part of the bounds, is turn'd another Way, in Answer to w^{ch}. he was told, that if he had According to the Tennor of his Cowle made two Tanks one to Contain a Twelve Months, and another a Months Water that Deficiency in all probability might have bin Supply'd, to w^{ch}. he Answer'd that he had Expended four hundred Chukru[ms] w^{ch}. was the Sum, his Cowle oblig'd him to Dissburss on those Tanks, but that they wou'd not Contain Water Enough to Suffice.

Wee then told him Notwithstanding All these Misfortunes he pretended to labour Under; We were Credibly inform'd, that the Under Renters, had Actually made Good to him, what they Agreed to give him, and therefore w^t. he mention'd [before] wou'd be of no use to h[im] but he possitively Avers the Report to be false.

That we may Dive into the bottom of this buisness, and Recover w^t. in Justice shall become Due from him to the Hon^{ble}. Comp^a. Order'd that the Under Renters, attend this board next Consultation, & that Eram Rause likewise produces an Acco^{tt}. of the P^{ar}ticular Sums, he has Rec'd at sev^l: times from em, in part of their Debt to him.

Copy of the Petition, and other pap^{rs}. deliver'd in by him are Enter'd affter this Consultation.

The Merchants not haveing Compleated their Contract made wth. Us in Sep^r. last, by twenty thousand Pagodas, or there abouts, We sent for 'em, and ask't 'em what was the reason of it, Assuring 'em they wou'd Compell us at last to proceede to Extremitys, and Sue them for the Penalty mention'd in their Contract, for their failure, to w^{ch}. they Replied as Usual that the troubles wee were Engaged in and the ill Government of the Country, through which they were oblig'd to pass their Cloth, was the Occasion of it, Desireing we wou'd have a little more patience, and they wou'd Certainly bring in all in a month's time, on w^{ch}. we Dismis't 'em, and are in hopes they will this once be as Good as their Words.

The Deputy Gov^r. Acquaints the board that upon a sudden musture of Chella Naigues peons, he had found no less then Sixty wanting of their Number, thirty of w^{ch}. were not to be found in our bounds, and the other thirty Compos'd of our own inhabitants Such as paint^{rs}., Weavers, Cooleys, &c^a. and that upon it he had Reduced their Number to thirty, w^{ch}. Disgusted the Chief of em so much that he lately presented a petition to him, Desireing P^{er}mission to Encrease his numb^r. or returne to his Master.

We should not be at all unwilling to Grant their request knowing 'em by Experience to be a P^{er}cell of Cowardly, Useless fellows, but when we Consider how well they are Acquainted wth our bounds, and the Weaknesses, and Strengths of

Pursuant to your order last Consultation wth. the Dep^{ty}. Gov^r., I examin'd the Acco^t. Eram Rause del'd in of the Damages he Sustain'd, as a Renter of the Bounds, by the present Warr, and We both think 'twill be highly Reasonable that he be allow'd the following abatements.

We p^{ar}ticulary Examin'd Annavier Sudana, and the Rest of the Under Renters mention'd in his Acco^t., who most of em held their Form to the No^{ard} of Penney River, which we know till Cunapa Choultry was fortifyd was Stiem'd by the Enemy as their own, so Wee think it Justice he ought to have Credit for that Amount.

We Examin'd p^{ar}ticulary that Article of Juncan, and find as he Represents that All traffick in land, has bin interdicted likewise so that We think it but Reasonable, that whole Charge shou'd be allow'd him Allso.

But beleiving that wth. out the Assistance of the Mold att Trevandaporum, he may find water Enough in the Tanks to Suffice for two of the Six months, he says he wanted it, we thought it convenient to Deduct a third from the Charge, so that he must have Credit in his Accounts for the following Sums Viz^t.

The Deputy Gov^r. reads his Acco^t. of the R^t. Hon^{ble}. Companys Cash for the month of March, ballance being four thousand one hundred and fourteen pagodas, thirty five fanams, five Cash and three quarters.

Mr. Richard Farmer, Tobacco and Beetle Collector of Cuddalore, reads that Acco^t. for the month of February and pays in the Hon^{ble}. Companys Cash the summe of fifty two pagodas, twelve fanams and two Cash.

Mr. John Berlu, Warehousekeeper, reads that Account for the month of March.

Mr. Richard Harrison, provisionall Land Customer of Cuddalore, reads that Acco^t. for the month of March and pays into the Hon^{ble}. Companys Cash the summe of seven pagodas, thirty three fanams on that Account.

Thomas Gray, Tobacco and Beetle Collector of Tevenapatam, reads that Acco^t. for the month of February.

Mr. Matthew Weld, Sea and Land Customer of Tevenapatam, reads that Account for the month of March and pays into the Hon^{ble}. Companys Cash the Summe of four pagodas, six fanams, and three Cash on that account.

— APRIL 1712 —

Read three Generall Letters from the Hon^{ble}. Gov^r. and Council of Fort St. George, dated 19th, 23d, and 28th ultimo.

Ordered that the Accomptant draws out the Acco^t. Sallary for the last halfe-year due to the Hon^{ble}. Companys Covenanted Servants.

In a Generall Letter from the Hon^{ble}. Gov^r. and Council of Fort St. George, dated 23d ultimo, they acquaint us they had elected Mr. Thomas Woodward to be youngest of Council here in the roome of Mr. Henry Cottrell lately deceas'd who arrived here the 1st instant and this day took his place accordingly at the board.

Order'd that the said Mr. Thomas Woodward be Land Customer of Cuddalore, and that Mr. Richard Harrison, who now provisionally acts in that employ, delivers over to him all papers, books, &c^a. belonging to it.

The Deputy Gov^r. acquaints the Council that Lieutenant Edmund Howson has since his Confinement spoken very disrespectfully of the Hon^{ble}. Companys service, and every particular person belonging to this board, that he thought he was unjustly confin'd, and exprest himself that he was sure (tho' he could not have it here) he should be allow'd the liberty to vindicate himself before the Gentlemen at Fort St. George, and being the person by whose single order he was made a prisoner he desires the liberty to prove his Charge against him.

Accordingly he was sent for up, and the Charge, article by article, read to him, most of which he confest to be true, but some particulars he deny'd, on which we sent for twenty five of his party who unanimously averr'd the truth of every article.

Hee likewise particularly disown'd he was drunk on Sunday the 24th, and Tuesday 26th February, when he commanded one of the Divisions which were lodg'd without the Hedge about Chela Naignes Guard to cover some workmen that were flinging up a new point there, tho' the Deputy Gov^r. himselfe actually saw him very mush disorder'd in strong liquor, however, that he might not hereafter say he was condemn'd by his single oppinion, Wee sent for Lieutenant John Roach and Thomas Wallace, and Ensigne Hobbs, and Kirkbride, who were then present, who all of them declared he was so very insensible that he had lik't to have lost his division and was the whole cause of the party engageing when in all probability wee should have had no action.

Coppy of the said Charge is enter'd after this Consultation, and its farther order'd that the said Lieutenant be sent by the first Conveyance to Fort St. George to be disposed of as the Hon^{ble}. Gov^r. and Council there shall think Convenient.

The time of our closing the Generall Books approaching order'd that the Warehousekeeper, Storekeeper, and all persons who have the Charge of any employ in the Hon^{ble}. Companys service bring in their account remains that the Accomptant may adjust them with the Books.

Mr. Philip Baker, Captain John Roach, and Captain Thomas Wallace pay into the Hon^{ble}. Companys Cash the following sums, for which they desire bills upon the Hon^{ble}. Gov^r. and Council of Fort St. George, viz^t.

Mr. Philip Baker 250 pags. payable to Mr. Hercules Courtney.

Captain John Roach 100 pags. payable to Mr. Edward Bulkley.

Captain Thomas Wallace 66 pags. payable to Mr. Abel Langalier.

Agreed that Bills be given them accordingly.

Agreed Mr. Thomas Woodward be Justice of the Choultry in the roome of Mr. Henry Cottrell lately deceased.

The said Mr. Burton informing us that most of the Companys rice begins to be damag'd with weevils, its therefore agreed and order'd that he sells it with the uttmmost expedition at the price it now bares in the Buzzar.

In the Generall Letter from the Hon^{ble}. Gov^r. and Council of Fort St. George of the 4th instant they requiring our Generall Books, with the uttmmost expedition, the Deputy Gov^r. desired the Gentlemen to bring in their Accounts for this month, that the Accomptant might proceed to close the Books and their desire fullfill'd.

COMPLAINTS AGAINST CAPTAIN HOWSON.

That notwithstanding men are so scarce in Cuddalore he has 14 free Guard, each of which pay him a pagoda, a month, besides 4 Taylors, and 7 stocking makers, who are excus'd paying a pagoda in consideration they are constantly employ'd in his service, one in making stockings, and 'tother shirts, &c^a. for the Soldiers.

2^d. By the order of the Corporall of the Guard (who said he was commission'd by the captain to doe it) four Topasses stole a cow, and were all with the corporall immediately imprison'd upon it, but the Corporall & one of the Topasses were excus'd from punishment upon paying him a pagoda, the other three being poor

run the Gantlett six times through about seventy men, and afterwards compell'd to pay five fanams apiece tho' he paid the owner twenty fanams.

3dly. If a man is sick and requests leave to goe off the Guard in order to be cur'd, he can't obtaine it unless he pays him a pagoda, an instance of which was Raphaell Coutinho.

4thly. Thome Rodrigus, another Topass, was deny'd leave to goe off of his Guard on his Wife being brought to bed with Twins, and three more children at home, till his wife could gett up, but the poor fellow being tender of his family chose rather to purchase his liberty then lett his family perish, which he upon promising the Captain a pagoda for that month, obtain'd.

5thly. One Shavaell Rosira being waken'd by the Corporall of the Guard to goe Century, and coming down the ladder with Anthony Tixera going up, being drunk, his foot slip't and upon that abus'd said Shavaell Rosira and called him names for throwing him down, the other call'd names againe, but Anthony Tixera complaining the Captain that said Shavaell had call'd him Cow stealer, was tied up, and after twenty blows, salted heartily with Bay salt, and then twenty stroakes more and a second salting, notwithstanding he offer'd proof to the Contrary.

6thly. Anthony Almeda has been made a Corporall about two months agoe, and never received any more then his usuall Centinells pay.

7thly. Buck, and Fox, his Serjant, and Corporall wrong the men of their arrack and are constantly drunk themselves, soe that sometimes one man shall doe 3 or 4 Centurys duty in a night, and others none by their being incapable to read the roll, and if a man after doing so many centurys be found asleep, he's punisht with the uttmost severity.

8thly. Lewis Swarez complain'd to him that he was sick and had leave to goe home, the next morning after taking a good Sweat, finding himselfe better, return'd to his Guard, and was ty'd up, and receiv'd 50 lashes for no other reason but that he got well so soon. These are the chiefest cmlplaints against him, but there are abundance more of Barbaritys committed by him, which would be great committed by anybody else, tho' they are small with what before related.

Agreed and Order'd that Mr. John Berlu doe officiate in it provisionally till wee know how Gov^r. Harrison and his Council will fill up that vacancy.

The Deputy Gov^r. lays before the Board a letter he received last night from Mr. Benyon, with Coppys of the Articles of Peace Gov^r. Harrison had sent him from Fort St. George, to procure, if possible, the Enemy to consent to, but in the same letter he acquaints him he could not procure their compliance to all, tho' he has to most of them, and sent him the Articles as he and the Mediator had drawn them up, which was likewise laid before the Board.

The Deputy Gov^r. then putt the question whether or no (since the Enemy were brought over to Gov^r. Harrison's proposalls, some Ceremonious particulars excepted) it would not be more for the Interest of the Company to conclude a peace upon the Mediators, and Mr. Benyons terms, then breake off the Treaty, because they did not, to a puncto, conceede to all that Giv^r. TO THE WORSP^{LL}. ROBERT RAWORTH ESQ^R.
WORSP^{LL}. SIR,

Inclos'd I send you Coppys of two letters from Gov^r. Harrison to Mons^r. Hebbert which has had the approbation of the Board at Madrass, with Coppys the Gov^r. order'd to forward to you, wherein you'le see that they have Agreed to give the twelve thousand pagodas in consideration of the Mole at Trevindaparum, and the Renters Debt, provided the Mediator would make some alterations in the Articles of Peace, the most materiall of which I have prevailed with him to incert, but there is one point I cannot bring him over to, tho' I doe not think 'tis of that consideration as to be a barr to the Peace, but for your better information I have inclos'd the Articles as they were drawn up by Gov^r. Harrison, and the new Articles, with the Amendments drawn up by the Mediator, wherein you'le see how little they differ, the main Obstacle is Mons^r. Hebbert's first Article was, that wee should present him with the summe therein mention'd, which I have got alter'd in this Sence. that in consideration of the Mole at Trevindaparam and the Renters Debt, which he shall make over to us, wee will pay him that summe, and I have sett Narran to worke with Ninapah, and the Braminy to draw up a conveyance (according to their custom) of the said Mole, and Renters debt, which is to be sign'd by Surrup Sing, and I think will sufficiently answer the intent of the third Article, all the rest come I think as near as can be to the Gov^{rs}. sence, only what is added to the last Article relating to the Mediators declaring in favour of the offended party, and to joyne with them, against such as shall breake the Treaty, which I can by no means get him to putt in writing, he says he should be willing to doe such a thing to oblige the English, but that he fears it would give the Enemy a handle to Quarrell with him, which he must endeavour to prevent.

And as to the terms of the payment of the Money, should it be Enter'd in the Articles it might be a means of raising scruples that would obstruct the peace, so to moderate that matter, he will insist that halfe the money be paid upon the delivering up the prisoner's and the other halfe when they send their Army away, and have settled a free Commerce, which opportunity I think to take to open the Roads from hence to your place, and bring the prisoners with mee, who are expected every hour.

You will see in one of the Letters to Gov^r. Hebbert that he expects wee would signe the Articles when wee have brought them as near his Sence as wee can, and if you are of oppinion with mee, that the Articles I now send you in French doe so farr answer the purport as that it is not worth while to hazard this opportunity to clap up the peace, by standing upon the Nicities omitted, I then desire you would signe said Articles and returne them to mee to signe also, that wee may come to a speedy Conclusion, for since wee are come soe near the point I think the sooner this business is ended the better.

SATERDAY

Read a Generall Letter from the Hon^{ble}. Gov^r. and Council of Fort St. George, dated 21st instant.

The Deputy Gov^r. acquaints the Council that Eram Rauzes Cowle as Renters of the Bounds expires the beginning of next month.

Order'd that Notes be fixt at the usuall places to give publick Notice of the Sale, and that any person or persons who are inclinable to take the same may acquaint the Deputy Gov^r. with their Terms in private, in order to have it communicated to the Board, or else make their proposalls publickly in Consultation, for that they will be let out by the 1st of July next.

In the Generall Letter above mention'd the Gov^r. and Council acquaints us that the late Lieutenant Vivir had presented them with a Petition against our Paymaster, representing that he had stopt his effects to make satisfaction to Captain James Hugonin for halfe the perquisites of the Cuddalore Company of Soldiers, from the time of his Confinement in Chingee to the said Vivirs departure to Fort St. George, ordering us to examine into it, and acquaint them how those perquisites arose, for if they are lawfull ones, they seem to be of opinion that he who actually commanded ought to enjoy the benefitt of them, but if unlawfull, they desire to know what they are, that they may take proper methods to prevent the Soldiers being abus'd by their Officers for the future.

Upon which wee sent for Mr. Francis Hugonin, Attorney of the before mention'd James Hugonin, and requir'd of him to acquaint us by what authority he demanded from Lieutenant Vivirs halfe his Perquisites and how they arose.

Who answered us, that since his Cousins Imprisonment 'twas agreed between him and Vivirs that they should equally divide all lawfull perquisites that arose from the company they commanded.

That accordingly when Vivirs was going away he demanded his share, but that he (Vivirs) proving insolent desired Mr. Richard Harrison to be his security for the same, who accepted thereof, he leaving all his Effects in his hands to prevent his being a sufferer thereby.

— MAY 1712 —

And in answer to what wee ask't him relating to the Arise of these perquisites whether they be lawful or no, he told us he could not tell, but that he demanded them as lawfull ones, and he thought that Vivirs as such, consented he should have his share of them.

In the Generall Letter aforesaid its likewise order'd that our Paymaster take Charge of the Effects of Mr. John Calvert who died here intestate the 21st ultimo.

Upon which wee sent for Mr. Edward Ange, his Assistant, and acquainted him therewith, and required of him to tell us whether he had any power under the hands of the said Mr. Calvert to take charge of the Effects he was possess of at the time of his decease.

Who says that he has no such power, but that Mr. Calvert verbally acquainted him it was his intentions he should, that accordingly he had taken an Inventory of all his Goods, and sealed them up with a designe to carry them as they are to Bengall to be deliver'd to Mr. Williamson, who he knows is left his Trustee, and be disposed of as he shall think convenient.

This was what he said in relation to his private Affairs, but when wee demanded of him to know by what authority he took care of the Stock under his management, he said 'twas by virtue of a power from the Owners, who had put him in commission with Mr. Calvert, and order'd, in case of his mortality, that all the powers he was invested with should devolve on him.

He having proceeded so far already in the management of that affaire, wee don't think it proper to execute the order from Madrass but advise them thereof, and waite their further directions about it.

It's, however, order'd that Mr. John Berlu provisionall paymaster, does with the Secretary put the Companys seal on every parcel belonging to Mr. Calvert, as Mr. Ange has already done his private one.

Order'd that three thousand pagodas be advanc't Mr. Richard Harrison that he may cleare the Accounts of Mr. Philip Baker, late paymaster, for the month of Aprill.

Wee having been very pressing to Cootapa and Serrapa, the late Arracke Renters, for what was due from them on that Account, they this day presented us a Petition, the Coppy of which is as enter'd after this Consultation, representing to us, that when they took the Licence it was agreed between them and the late Deputy Gov^r. and Council, that they should have the liberty to sell it at all places in the Bounds, and to all persons whatsoever who were inclinable to drink Arracke, but that Contrary thereto, at the breaking out of this warr they were deny'd the liberty of setting Boteeks at Trepopilore, Bandipollam, Manjicopang, &c^a., out Towns, and at Tevenapatam likewise, besides they were forbid selling it to the Soldiers, who used to be their principal Guests, all which they desire wee would take into our Consideration.

Upon which the Deputy Gov^r. desired to know of the Gentlemen of Council who were then upon the spot whether there was any truth in what they had Represented to us, Who agreed there was a great deale tho' not all. It's therefore Agreed, in consideration thereof, that they be allow'd four months abatement, which wee hope will quallifie them to pay the remainder.

THE PETITION OF CUTTAPA AND SERRAPA.

Humbly Sheweth,

That your Petitioners in the month of September, 1710, took of the then Deputy Gov^r. and Council the Arracke Lisence with the usuall priviledges thereunto belonging, raising the price above other Bidders upon promise to enjoy the same as customary, which no ways doubting induc't your Petitioners to take it, and for about three months they sold Liquor tolerably well, when the Warr unhappily commencing and the Inhabitants daily leaving the Bounds, and at the same time a perfect famine rag'd among the poor people that there was no possibility of carrying on your Petitioners Business with the expected success, besides Captain Courtney, Contrary to the tenor of the Cowle granted them, abus'd their people like thieves by tying them to trees and beating them unmercifully, ordering that no Liquor should be sold near the Guards, which was entirely effected all round the Bounds, at Tevenapatam likewise, your Petitioners Servants were as bad us'd so that instead of being licenc'd they were afraid to sell any Liquor, which your Petitioners from time to time as it occur'd Complain'd to the then Deputy Gov^r. and Council, desiring to relinquish the said rent, for the reasons already specified, but your Petitioners was told that nothing could be said to the Officers at that Juncture in consideration 'twas Warr time, ordering them to waite with patience and they should have redress, which they did, and for the succeeding Nine Months nothing was transacted, not being suffer'd to sell so much as Country Beer at the usuall priviledg'd places, and so hard Threatned that your Petitioners

Company and nothing else.

Wee are very sensible what he alledges to be true, and that it would have been impossible for a man of the strongest Constitution in the world to doe his Duty without such a Conveyance.

It's therefore Agreed his request be granted, and that the Paymaster disburses him the summe of one hundred pagodas above mention'd.

The Worspl^L. Deputy Gov^R. acquaints us that in order to procure Intelligence of the Enemy's Motions, since hia arrivall he has been at the Expencc of upwards of fifty pagodas, which wee agree that the Paymaster reimburses him likewise.

Agreed his request be comply'd with, and that the Storekeeper disburses him that amount, valuing the two Gunns at five pagodas per cwt., and the Harquebusses at fiteene pagodas each.

It being necessary now the Warrs are over, that wee should think of retrenching our charges Garrison, and encreasing the Hon^{ble}. Companys revenues what possible, it's order'd that the Collectors of all Revenues whatever doe lay before the Board next Consultation Day their Oppinion in Writing how the Charges upon every branch may be retrencht, and what additionall Impositions may be laid upon Trade without disgusting the Merchants, and what others it will be necessary to take off, in order to encourage people to resort here with their goods in greater numbers then they have done for severall years past, And its likewise Agreed that the Deputy Gov^r. doe with Mr. Berlu think of proper means to retrench the Paymasters and Stewards Accounts.

Mr. Richard Harrison, Sea Customer of Cuddalore, pays on that account into the R^t. Hon^{ble}. Companys Cash the ballance of it, being ninety three pagodas and twenty fanams.

Mr. Richard Farmer, Tobacco and Beetle Collector of Cuddalore, reads that account for the month of May, and pays into the Hon^{ble}. Companys Cash the sum of seventy one pagodas, and one fanam, on that account.

Mr. John Berlu reads his provisionall paymasters account for the month of May.

Thomas Gray, Tobacco and Beetle Collector of Tevenapatam reads that account for the month of May, and pays into the Hon^{ble}. Companys Cash the sum of twenty five pagodas, two fanams, and nine Cash, on that acco^t.

Order'd that two thousand pagodas be advanc't Mr. John Berlu, provisionall paymaster, to defray Charges Garrison.

Order'd that one thousand pagodas be advanc't Eresha, &c^a., Washers towards curing the Hon^{ble}. Companys Calicoes.

The Rice which the Hon^{ble}. President and Council of Fort St. George sent us when wee were almost reduc't to a Famine in February last, being to grow very full of Wevills, which decays it daily, its Agreed that the Storekeeper, Chinnapaw Mudalare, he offering sixty three pagodas per garse, which wee think an extraordinary price, since the Buzar price is not above sixty four, and he'le be two, if not three months retailing it.

In the Generall Letter above mention'd the Gov^r. and Council of Fort St. George acquaints us that Mrs. Anne Hunt, Mother of Mistris Susannah Williamson deceas'd, has complain'd to them against Mr. Matthew Weld a member of this Board, that he has taken possession of the said Susannah Williamson's effects, which she as her heir has often order'd him to send to Madrass, but that instead of complying with her request he sends her nothing but Letters stuff't with unmannerly and scurrulous Expressions, upon which they order'd us to examine the said Mr. Weld, by vertue of what authority he took charge of those effects, and next why he refus'd to obey the order of her Mother since she died intestate.

Pursuant to which wee put the above mention'd questions to him, who in his vindication answers that he took possession of the Effects on the request of Mrs. Susannah Williamson on her death bedd, which her Servants who are at Fort St. George can testifie, and that they lye now in his Godowne seal'd up, as he receiv'd them.

That he acquainted the above named Mrs. Hunt with what he had done, requesting her orders how the Goods should be remitted to her, but first demanded fourteene pagodas, the ballance due from her daughter on account, which he produc'd and offer'd to take his oath to, but he could never get any answer to that particular from her, she allways in returne desired the Goods, which he refus'd to send, fearing he should never recover his due when they were out of his hands.

On which wee advis'd him to send them to the Gov^r. and Council of Fort St. George with a state of his case by Boats on purpose, which he promises to comply with.

Pursuant to an Order of Consultation of the 12th instant, the Collectors of the severall Revenues in these Bounds, laid before us the charges on every branch, which wee strictly perus'd, but can't find any possibility of retrenching them, nor doe wee see how they can be increas't, or that any of the impositions can be taken off, It's therefore order'd they remaine as they are, and that all persons exert themselves to the utmost in their severall Employs, that the Hon^{ble}. Company may as soon as possible be reimburs't the large Expence they have been at to carry on this Warr.

And whereas wee are inform'd that Cheva Naigue Reddee, &c^a. the persons who originally created all this trouble, and for which the Gov^r. and Council of Fort St. George have by the Arbitrement of Mr. Hebbert disburst on their Account

— JUNE 1712 —

twelve thousand pagodas, have considerable Effects in this Town, It's agreed and order'd that the Deputy Gov^r. and Messrs. Mt. Jom Berlu, Warehousekeeper, reads that Account for the Month of May.

The Sea Customer of Cuddalore acquainting us that the Godowns at the Bank-sall are extreamply Leaky, order'd that the Paymaster forthwith repairs them.

Order'd that Notes be affix't at all Gates in Tevenapatam and Cuddalore to give Notice the Twon Conicoplys place of Tevenapatam will be lett out to the person who bids most for it, on the 1st August next, and that in the meane time whoever is inclinable to take it may make their application to the Deputy Gov^r. alone, or Deputy Gov^r. and Councill who will meet every Thursday in order to hear the same.

When wee were engag'd in warr, and the importation of all Graine from the Country stop't, It was agreed by permission of the Gov^r. and Councill of Fort St. George, that for the encouragement of Merchants to bring it here by sea, no Custom nor other Dutys should be taken upon it, but now having free trade inland It's order'd that the usuall Duty be collected, not only upon rice, but all other commodities whatever, which before for our conveniency paid no Duty.

According to the tenor of our Notes affixt on all places publick in the Bounds to give Notice they would be lett out this Day, Wee put them up in Consultation, but not a Soul bid for them, but the old Renters, and they offer'd no more then two thousand five hundred Chuckrums, which is so very small a sum compar'd with what they were last rented for, that Wee think Wee can't with Security accept it, without first having obtain'd permission from the Gov^r. and Councill of Fort St. George.

It's therefore Agreed that Wee advise them of it with the utmost Expedition and lett the Ground lye untill'd as it is, rather then diminish the price of the Farm without further order.

Our Merchants desired to be omitted this Day in Consultation which Wee granted them, the purport of what they said being to tell us the Company was Indebted to them upwards of thirty thousand Pagodas, which they desire Wee will pay them, or it won't be possible for them to bring in the Residue of their Contract by the time promist.

This month is just expired, and wee have not Cash enough to defray the Expences of it, much less disburse them so large a Sum, Wee therefore told them wee would advise the Gov^r. and Councill of Fort St. George about it, who wee did

— JUNE 1712 —

not doubt would send us a large Supply on receipt of our remonstrance of their Case, with which they were pretty well satisfied, but desired the money might be paid them here, not to their order at Fort St. George, for that they thought it very hard and Contrary to their Agreement with us, that they should run two risks, not only that of their Cash, and Callicoes to the Southard, but likewise the amount of the Latter so far from the Northward as the Distance is between Fort St. George and this place.

Read a Generall Letter from the Hon^{ble}. Gov^r. and Council of Fort St. George, dated the 6th instant.

The Worsp^l. Deputy Gov^r. reads his account of the Hon^{ble}. Companys Cash for the month of June, Ballance being, Pagodas two thousand eight hundred ninety five, one fanam, one Cash, and three quarters.

In the Generall Letter above mention'd wee are acquainted that notwithstanding wee represented to them our Merchants were very pressing, according to the tenor of their Contract, to have the amount of their Callicoes paid them here, not in Fort St. George, they had, in a Letter bearing date the same as ours on that Subject, wrote very pressing to their Gomasters to receive from them (the Gov^r. and Council of Fort St. George) to the amount of fiteene thousand pagodas, which was so

— JULY 1712 —

contradictory to what wee had inform'd them that they could not tell which way to proceed, however, that they had ventur'd to comply with their request, and paid their Gomasters as far as ten thousand pagodas.

Wee look upon this proceeding of the Merchants to be very impudent, and therefore sent for them into Councill and ask't them how they dare to be guilty of such an action, Who, in their Vindication say, that the money they order'd their factors to receive was a sum ought to have been paid them whilst some of them were in Fort St. George, but not receiving it as expected, they desired Gov^r. Harrison to pay it to their order, which they thought before our Letter could reach them had been comply'd with, and that the summ they desired should be remitted them here, was what remained due to them upon ballance exclusive of the other, which they now again demanded of us alledging they pay six hundred pagodas interest monthly for that Summe, and if wee did not comply with their demand very speedily wee must excuse them from proceeding further in their Contract.

This was spoke with a great deale of seeming Resolution, however, wee dismiss them pretty well contented with fair promises, telling them at the same time unless their Cloth proved better, it was no matter whether they brought in more or not, and that the Gov^r. and Councill of Fort St. George would be so far from desiring it, that they would never employ them againe.

In the same Letter they hint to us, in answer to what wee wrote them about the bounds, that they were apprehensive the old Renter, who is Eram Rauze, had suborn'd or with threats deterr'd other people who were inclinable to bid against him, on which wee sent for him Likeise and tax't him with it, who positively denyes ever to have done any such thing, and to demônstrate the truth of what he said he told us he would never talk to us about them againe, or take them if wee would lett them him at his price, but wee brought him into better temper at last, and have some hopes that wee may prevaile with him to give three thousand Chuckrooms for them, which wee in reality think it as much as he can well afford to give, considering the condition of the place, and that wee let them to him but for one year.

Pursuant to an order in that letter the Worsp^l. Deputy Gov^r. demanded of Mr. Farmer, the Accomptant, the reason why the Books were not ballanc't and coppied over ready to go to Fort St. George, who answers they will be ballanc't in ten days time which he hopes will be early enough for the Gentlemen there, to make their adjustments and send coppies of theirs to England by the September ship.

Mr. Richard Harrison, Sea Customer of Cuddalore, reads that account for the month of June.

MR. MATTHEW WELD.

Read a Generall Letter from the Hon^{ble}. President and Councill of Fort St. George, dated the 12th instant.

Mr. Weld, Sea and Land Customer of Tevenapatam, Reads that account for the month of June, and pays into the Hon^{ble}. Companys Cash the summe of eight pagodas, ten fanams.

Mr. Thomas Woodward, Land Customer of Cuddalore, Reads that Account for the month of June, and pays into the Hon^{ble}. Companys Cash the sum of forty four pagodas, sixteen fanams, and five Cash.

Thomas Gray, Tobacco and Beetle Collector of Tevenapatam, Reads that Account for the month of June.

In the Generall Letter before mention'd Gov^r. Harrison is pleased to alledge in one paragraph that it was upon the hopes the Deputy Gov^r. gave him he could procure the summe the Buxee demanded of Mr. Benyon, in part, if not all from the Renters and their Relations here, that he gave his Consent to the disbursing of that sum.

Upon which he reads to the Board what Gov^r. Harrison had wrote to him upon that subject, with his Answer, wherein he plainly says that he does not think there is anything to be procur'd from the Renters, and adds further that he has some hopes of raising four or five thousand pagodas by assessment on the Merchants, but tells him likewise that he must not depend of that either, and he further declares that he never had any thoughts or hopes of raising more from the Renters aforesaid, then what their houses, Banksalls, and debts in the Town would amount to, so far has he been from ever prompting His Honour Harrison with such impossibilitys to replenish the Hon^{ble}. Companys Cash for what has been disbursed on their Account.

This day the Merchants appear'd before us complaining again for want of their money, and at last laid a petition before us, copy of which is as enter'd after this Consultation, representing how great a hardship it was upon them that they should pay two and a halfe per cent on importation of their Callicoes when the Merchants of Fort St. George are excus'd for one and a quarter, desiring wee would ease them of that charge, or if it was not in our powers, represent their case to the Hon^{ble}. President and Councill of Fort St. George.

Wee unanimously agree they complaine very justly and would, were it in our powers, gratify their request, but as wee are a subordinate settlement it is not, therefore wee promist them that their petition should be sent to Fort St. George, where wee hop't it will have as good Success as they desir'd.

Notwithstanding the Bounds have been up att all publicke Gates in Towne, for upwards of a Month, and have once before in Consultation offer'd the Rent of them to the fairest bidder, they were this day expos'd in the same manner againe, but no person would offer so much as Eram Rauze, who at last Wee brought to two thousand seven hundred and fifty Chuckrooms, at which price he stood for a Considerable time, but at last with much difficulty and a great deal of perswasion Wee brought him to three thousand, on consideration he should have the rent of them for one year, in case the Gov^r. and Councill of Fort St. George approv'd of it, to whome its agreed wee forthwith write and give an account of what wee have done.

— JULY 1712 —

In the meantime wee order'd Eram Rauze to commence repairing the Ditch, and Mold of Trevindaparum, Likewise plowing and sowing the ground, promising in case what wee have done is not approved of by our Superiours and if they think Convenient to put them in other hands, that then the Expençe he may be at on that Account shall be reimburst him.

Considering the circumstance of the place, Wee think wee have procur'd an extraordinary price for them and are very much of oppinion that before the expiration of the year the Renter will have great reason to repent the bargain.

Mawhawdojee Puntulo Son to Sounda Bollojee Puntulo having laine in prison near a year and a halfe, for receiving a Tashareef, Contrary to Mr. Farmer's order from Surrup Sing, when he went up about the prisoners at Chingee, It's agreed he be releas'd from his confinement having in our oppinions undergone Punishment sufficient for the Offence he has committed.

THE PETITION OF OMAR NINA MERCAWN & C^A. JOYNT STOCK MERCHANTS.
HUMBLY SHEWETH,

That for many years past wee have remonstrated to your Predecessors how great a Discouragement it was to us to pay 2½ per cent Custome on the importation of our Callicoes, which wee bring in on the Companys Account, when the Merchants belonging to the Gov^R. and Councill of Fort St. George receive so much favour from them, as to pay no more than one and a quarter, which induces us once more to request the favour of your Worsp^s. & c^a. that you'll please to putt us on the same footing with them, which will enable us to goe chearfully through our business, and if possible make our Cloth so much the better.

Wee hope You'll be so kind as to grant this our reasonable request, but if'tis not in your powers, wee then desire you'll state the case to the above mention'd Gov^R, and Councill, who are Gentlemen of so much equity that wee have great reason to hope wee shall meet with Success there, which will induce your petitioners not only to pray for the Continuation of their healths and prosperity, but likewise your Worsp^s. & c^a. for being so far instrumentall towards procuring us the favour wee ask as laying our request before them.

Pursuant to an order of Consultation of the 26th ultimo the Deputy Gov^r. acquaints the Council that he with Messrs. Berlu and Harrison had at severall meetings in order to discover what Effects Cheva Naigue Reddee &c^a., Renters, had in our Bounds, and what persons, inhabitants of ours, and others were indebted to them, and that they had met with no better success then to find the following houses and Banksalls in Tevenapatam and Cuddalore, and the persons named after this Debtors to the Amount then mention'd, vizt. :

Two small Thatcht houses, which when sold Wee believe may amount to	pags.	20
And a large bricke one which may be worth 300 pags. but that was dispos'd of by Mr. Roberts in publicke Consultation to one Durma Cheva Reddee for which he can produce his Note. These houses stand in Tevenapatam, besides which there is a Banksall in Cuddalore which when sold they believe may amount to about	pags.	200
These are all their Effects which can at present be discover'd within our Limits, besides which there is to the following amount due to them from the undermention'd persons. They left in the hands of the Joynt Stock Merchants when they went from hence 184 pagodas, out of which they paid Mr. Farmer 70 pagodas for the maintenance of the prisoners at Chingee, and 51 $\frac{1}{4}$ was lost on the principle, so that there remains of that summe no more then	pags.	63

That one Bodee Chittee was indebted to them	200	pags.
And that there are severall small sums due to them about Town, all which added to together may amount to	100	pags.

After which they strictly examin'd him about his own Concerns, but could not prevaile with him to Confess where they were, or that he was worth anything, till Allaby inform'd us he had lodg'd to the Amount of 1000 Chuckrums in his Brothers hands soon after his confinement, that upon it he was likewise examin'd and at last confest he had receiv'd to that amount from him, but at the same time told us he had paid it away by his order, and that nothing now remained in his Custody.

They likewise laid before the Board that Armutta Pilla a person said to be their security was in Custody, whose houses and effects may be worth 2000 pagodas, but he acquitts himselfe from being anyways concern'd with them, having been disengag'd from his security bond by Gabriel Roberts Esq^r. late Deputy Gov^r. who he says took upon himselfe to be answerable to Surrup Sing for the persons and debt of the Renters.

FRIDAY
1st.

Read three Generall Letters from the Hon^{ble}. Gov^r. and Council of Fort St. George, Dated the 23d, 25th, and 29th ultimo.

— AUGUST 1712 —

In that of the 23d they have thought convenient to order us to propose to our Merchants, the providing from eight hundred to a thousand bales by the first of January, and likewise desire us to acquaint them that they expect security, not only for their performance by the time limited, but likewise that their Cloth be as good as that of their Merchants.

The Deputy Gov^r. acquainted the Board that in order to repair them for it he had been discoursing the heads of them in private, and that now the whole sett were attending without in order to hear our proposalls in publick Consultation.

Accordingly wee sent for them in, and read to them what the Gov^r. and Councill of Fort St. George had wrote on the subject, which they heard with great attention and seem'd something surpriz'd that such a thing as Security should be mention'd when it is their misfortune to have the Company allways considerably in debt to them, then they began to discourse about the Goodness of their Cloth and what Difficulties they had undergone to procure the Quantitys they did, when wee were engag'd in a Warr, and so closely blockt up that not the [...] thing could be brought in our Bounds, and that if it was something worse then that at Madarass, they ought not to be blam'd for it, since there was no less Difference then 1½ per cent between the Custom their Merchants paid on importation of their Callicoës, and what they paid here.

They continued discoursing in this manner for some time, Wee opposing their Arguments what possible, and at last putt an End to the Abate by desiring them to tell us in few words whether they would undertake a Contract on the Terms propos'd to them or not, to which they would give no direct Answer, but desired Wee would give them leave to consider on it till to Morrow, when they would discourse us further on the subject.

It's therefore Agreed wee meet in Consultation in the Morning and that they attend the board.

Mr. John Berlu, Provisionall Paymaster, having Commenc't severall of our outguards and other necessary Works, Wee think he'le be the properest person to end them to avoid Confusion and Jangling in Accounts.

It's therefore Agreed and ordered that he officiates in that Employ till the Expiration of this month, tho' Mr. Baker should happen to arrive from Fort St. George, who after having remov'd all his necessarys there in order to go to York Fort, can't imediately settle his Concerns so as to be able to goe through as he ought to doe the fatigues of that Employ.

Order'd Mr. Berlu, Provisionall Paymaster, be advanc't three thousand pagodas to defray Charges Garrison. Order'd twelve thousand pagodas be advanc't Omar Nina Mollim &c^a., Joynt Stock Merchants, account Callicoës brought in.

Pursuant to an order of last Consultation Wee this day mett and sent for the Merchants who were attending without, desiring from them a direct answer to the question wee yesterday propos'd to them, whether they would undertake to provide eight hundred or one thousand Bales on the same Terms the Merchants of Fort St. George doe, on which, according to their usuall Custome, they began to extoll the great services they had done the Company, in consideration of which they say they ought to have more Encouragement then they.

Upon which they were told they would not be permitted to be their own judges, and that the Hon^{ble}. Gov^r. and Councill of Fort St. George, who were the proper persons to censure the actions of all people in the Companys service, thought their meritt no more equall to that of their Merchants then their Cloth was, which generally was not so good by 25 per cent, and desired of them once more to give us a finall answer, for that time was precious, and our Superiours designing to give all the Shippes a very early Dispatch to Europe this Season.

Then they fell into discourse amongst themselves, the consequence of which was this answer, that if they undertook a new Contract they expected an advance on the old prizes.

That they should pay no more Custome then the Merchants of Fort St. George.

And that they may know the prizes and terms of that place likewise, together with the quantityes they were to provide, for they could not undertake to procure more then their due proportion of course Goods.

Read a Generall Letter from the Hon^{ble}. Gov^r. and Council of Fort St. George Dated the 4th instant.

The Worspell. Deputy Gov^r. reads his Acco^t. of the Hon^{ble}. Companys Cash for the month of August, ballance being one thousand two hundred, eighty eight pagodas, twenty six fanams, four Cash and three Quarters.

Order'd Omar Nina Mollim, Kettee Narran &c^a., Joynt Stocke Merchants, be advanc'd ten thousand pagodas, account Callicoes brought in.

The Deputy Gov^r. produces a Letter rec^d. from the Duan, relating to one John Swares, a prisoner in the Choultry, at the suit of John Correro, desiring wee would release him, and permitt him to goe to Porto Novo, of which place both partys are Inhabitants, where he promises Justice shall be done him.

After some Debate on the matter, it was unanimously Agreed that in Consideration all the houses and Effects belonging to John Swares here are sold, and the amount paid to John Correro his Creditor, that he be releas't and permitted to goe where he pleases, besides wee don't think it prudent to run a risque of disobliging so powerfull, a man as the Duan on so triviall an account.

Omar Nina Mercawne &c^a., Joynte Stocke Merchants, offering to pay into Cash five thousand pagodas, and desiring a Bill on the Hon^{ble}. President and Council of Fort St. George.

Agreed their offer be accepted and request granted in Consideration that wee shall shortly want money to pay them the ballance of their Accounts, and the hazards and difficulties of getting money here by Sea and Land conveyances.

Wee this day sent for the Merchants and required of them the reason why they had not yet comply'd with their last Contract, when by agreement it ought to have been compleated six months agoe, to which they answer'd that if wee had not fail'd on our part they had comply'd on theirs, and that our backwardness in paying money for their Callicoes as they were brought in, was the sole and only cause of it.

— SEPTEMBER 1712 —

Wee then proposed to them the undertaking a New Contract for one thousand Bales to be brought in by the beginning of January, and at the same time acquainted them their Cloth was so intolerably bad and dear that severall species of it sold from forty to fifty per cent less than that of Madarass, assuring them that if they did not keep exactly up to the muster for the future, none of it would be taken at the prices agreed for, but that it would be kept in a Godowne apart to be valued according to its goodness, when the Hon^{ble}. Gov^r. and Council of Fort St. George should have occasion for it to fill up any of their shippes, for that they were determin'd since they enjoyed so much freedom and protection here they would compell them to doe them justice in case they did not take care to doe it themselves.

They seem'd averst to Contract with us at all at first alledging the reflections made upon teir Cloth were unjust, for that it was as good as any provided by the Merchants of Madarass, but the Deputy Gov^r. soone convinc't them of their error from his own knowledge, having lately been in the Godowne at Fort St. George and viewed the sortments there, at last after two hours discourse with them on the Subject, they told us they would contract on the following terms, and forfeit what penalty Wee pleas'd in case their Goods did not answer Expectation.

Five per cent advanc't on the old prices.

That they be abated one and a Quarter per cent of the Custome on this last Contract and continue for the future on the same footing with the Merchants of Fort St. George in that particular.

That their money be forthwith paid them as soon as their Cloth is measured.

To the last of these proposalls Wee promis'd a due Compliance and that wee would endeavour to prevaile with our Superiours to gratifie them in the second likewise, but that wee could not think of dealing with them any more in case they insisted on the first, for on the contrary Wee expected an abatement, but they obstinately arguing they could not propose to us without such a consideration, Wee dismiss them, ordering them to consider better of it, and give us their answer to morrow.

Our Musters being extreemly durty, order'd that the Warehousekeeper carrys them to his own house and there sees them rewash't.

In the Generall Letter from Fort St. George above mention'd there being some new orders given relating to our package, Order'd the Secretary delivers the Warehousekeeper an Attested Cobby of the Paragraph relating to it for his directions.

Mr. Philip Baker having accus'd Mr. Richard Harrison of dealing unjustly by him in the Management of his Affairs when he lately went up to Fort St. George, Mr. Harrison now lays before us his Accounts requesting, for the Justification of his reputation, wee would be pleas'd to peruse them, and if in our oppinions he had been unjustly traduc't by the said Mr. Baker, wee would give him what satisfaction Wee thought necessary, it being by his reputation alone, he must raise his fortune and maintaine a large family.

Upon which Mr. Baker desir'd he may have the perusall of the Accounts and be allow'd till Monday next to give an answer to them, which he was gratified in.

Mr. Berlu, Paymaster, reads that account for the month of August.

Pursuant to the promise made us the 11th instant by Mr. Baker that he would this day let us know what objections he would make to Mr. Harrison's accounts, Wee now demanded them of him, who reply'd that he is not yet ready, not having perus'd his Paymasters accounts for the month of May, and therefore desires further time till next Consultation when he promises to give us a finall answer.

— SEPTEMBER 1712 —

Pursuant to an order of last Consultation the Deputy Gov^r. acquaints the Council that he had very long discourses with the Joynt Stocke Merchants of Tevenapatam and Cuddalore about an Investment, but could not bring them to more reasonable terms then what they had propos'd to the board, however, he desir'd they might be call'd in and give their finall answer here.

Accordingly they appear'd before us, and after a great deale of their usuall discourse on that subject, Wee ask't them whether they still adher'd to the Demands they lately made, to which they answer'd they did, and could not contract unless wee granted them an advance on the old prizes, with the other advantages they then ask't of us, upon which they were order'd to withdraw.

The Deputy Gov^r. acquaints the Council that he had been inform'd this obstinate humour of theirs did not proceed from any aversion they had to the Companys service, but from some private animositys among themselves, which had occasion'd them to forme themselves into three different partys, which he had taken the advantage of, and discourst them separately about undertaking each of them a third of the Contract, which he did not find them so averse to, but he believ'd they would accept of our Proposals if should make them publicly at the board to them.

Accordingly Wee sent for in Sadashavarrow, Vinhatty Puttee, Peddee Chittee, Comrapah Chittee, Pollapa Muddalaree, Durmaroy Chittee, Modara Naigue, to whom wee propos'd providing us to the amount of twenty six thousand pagodas in Callicoes, according to the List wee then product, by the 10th of January, who after a great deale of discourse on the Subject, Agreed to procure us the quantity wee wanted by that time, provided they were put on the same footing with the Merchants of Fort St. George in respect to their Customes, but wee could by no means prevaile with them to consent to an abatement on the old prizes, because if they did, they said it would be impossible for them either to give satisfaction to the Gov^r. and Council of Fort St. George, or ourselves, since wee expected our Cloth should be so much superiour to goodness to what formerly brought in, and finding them resolutely persist in this resolution, and the season being late, Wee at last Agreed with them on their terms, provided the Gov^r. and Council of Fort St. George approve of them.

Wee then dismiss them and call'd in Omar Nina Mollim Veboga Chittee, Verawgew Chittee, Tricomb Chittee, and Munapa Chittee, with whom wee discourst much after the same manner, at last concluded with them, and then sent for Kettee Narran, Eram Rauze, Milapah Chittee, Tonapah Chittee, Mocumbee Chittee, and Ketty Vinkatty Puttee, Who then began to be sensible what had past, and for fear of incurring our displeasure, after some controversies, Wee agreed with them likewise.

Wee know them to be a mighty inveterate sort of people against their antagonists, and therefore don't doubt but that in expectation of outvyng one another, Wee shall find the Cloth much better, and the Contract concluded much sooner then usuall.

A List of the Goods contracted for is as enter'd after this Consultation, and its agreed and order'd the Cobby of it be forthwith transmitted to the Gov^r. and Council of Fort St. George for their approbation.

Thomas Gray, Tobacco and Beetle Collector of Tevenapatam reads that account for the month of August and pays into Cash the sum of thirty-four pagodas, thirty-one fanams, and one Cash.

Read the following Generall Letters vizt. :

One from the Hon^{ble}. Gov^r. and Councill of Fort St. George dated the 14th instant. Another from Secretary Mason, dated the 13th ditto.

Order'd Mr. Philip Baker, Paymaster, to defray Charges Garrison be advanc't one hundred pagodas.

This day Wee sign'd our Contracts with the Merchants on the terms mention'd last Consultation, and interchangably deliver'd them, after which they very presingly desired there might be an additionall Clause added to it, that they should have the payment and sole management of the Washers, assuring us that they would take care the Cloth should be as well wash't as that at Fort St. George, or they would be responsible for their ill performance.

It has always been customary for them when the Sorters complaine of the badness of their Cloth that they us'd to fling the fault on the Washers arguing that if they had done their duty it would be better then muster.

In consideration of which that they may have no room left for Complaint, if wee are oblig'd to turn out any great quantity of their Cloth that their request be granted them, and that that Money which wee us'd to pay imeadiately to the Washers be deliver'd to the Merchants to be distributed as they shall think convenient.

which the Gov^r. and Councill of Fort St. George have sent down on Sloop Ramah to be forwarded to Pondicherry.

It's therefore agreed and Order'd they be forthwith sent thither on a Chalinger, Mr. Hebbert having demanded them of the Deputy Gov^r.

By Sloop Mary Wee have rec^d. ten Bales of Broadcloth from Fort St. George, which in the Generall Letter of the 14th instant Wee are order'd to deliver our old Joynt Stocke Merchants Who this day demanded them.

Gov^r. and Councill of Fort St. George in the Generall Letter above mention'd seem'd to disapprove of the Contract lately made with the Merchants for eleven hundred and twenty-three Bales of Callicoes, alledging that the quantity of fine goods was not in proportion to the Companys orders, notwithstanding there is the same quantity of Course Goods Wee contracted for last year, and two thousand five hundred pieces less of Betteelaes, however, Wee resolv'd if possible to reduce [*sic*] the Merchants to accept of the terms which the Gov^r. and Councill of Fort St. George desired they should.

The Worsp^{ll}. Deputy Gov^r. reads his Account of the R^t. Hon^{ble}. Companys Cash for the month of September, ballance being twenty-one thousand, five hundred and sixty-seven pagodas, twenty-eight fanams, four Cash and three quarters.

Order'd Mr. Philip Baker, Paymaster, be advanc't two thousand five hundred pagodas to defray Charges Garrison.

The Deputy Gov^r. acquaints the Councill, pursuant to an order of last Consultation, that he had daily us'd his endeavours with the Merchants to bring them to contract with us, for one thousand six hundred Bales on the terms order'd from Fort St. George, but he had hitherto found them obstinately persist in their first resolution, however, he would still continue his endeavours to bring them to consent to it at last, that no tonnage might lye dead on the hands of the Gov^r. and Councill of Fort St. George in January next for want of Bales to dispatch it for England.

He further informs the Board that notwithstanding the reflections cast upon himselfe in their Generall, dated the 20th ultimo, about his giving our Merchants a disproportionable quantity of fine goods and leaving no more then fifteen hundred pieces to gratifye their Merchants in a Contract of two thousand Bales, yet that he had taken no more then our due proportion Order'd to be provided on the Coast this year from England, for tho' he had taken some more of the fine longcloth, Betteelaes and sallampores, then he ought to have done, yet it was in consideration that our Merchants had no share at all of a large quantity of Morees, Gingham, Betteelaes of 12 yards, and Sallampores and Morees, to be painted for Chints, which if wee were to deduct our proportion from, it would come to a greater number of pieces and amount to more money then what wee have taken above our proportion from the Goods abovemention'd.

Whilst wee were in Consultation there arriv'd a Generall Letter from Fort St. George, Dated the 18th instant, wherein they accuse us in plaine terms of dealing disengeniously in the reports Wee have from time to time made to them about this Investment, or else that our Merchants impose upon us to the last degree, and likewise say they are guilty of a great piece of insolence in offering to behave themselves towards us as they doe or tye us downe to any quantity of Goods.

Wee leave it to any person who knows the nature of Investment and has seen those made here for these ten years past to judge whether Wee have acted disingeniously, or been impos'd on by the Merchants or no, and all of us in particular doe declare that when Wee advis'd to Fort St. George the terms Wee had agreed the Investment upon, Wee believ'd Wee had deal't as honestly by our employers, and acted as much for their Interest as it was possible for men to doe, however, Wee resolve to obey in obedience to the order rec^d. from Fort St. George, to acquaint our Merchants what their ultimate resolution is, and try if wee can't bring them over to it, if Wee don't succeed by fair means Wee shall proceed to use threats and other extraordinary Methods in order to compell them to it.

Accordingly Wee call'd them in and ask't if they persisted in their former resolution not to provide any goods at all if they had not the quantities of fine mixt with the course, specified in the List sent to Fort St. George, in answer to which they directly told us they would not.

— SEPTEMBER 1712 —

Wee then acquainted them that our Superiours gave no better a term to their obstinate humours then insolence, and would certainly take some other methods if they did not pay due obedience to their orders, notwithstanding which they still insisted upon their first terms, and desired they may be releast from the Contract in generall in case they were not concedeed to, on which Wee dismisst them, desiring them to consider what inconveniencys they were bringing upon themselves and Familys, and to give us another answer as soone as possible.

The Deputy Gov^r. acquaints the Council that there arriv'd yesterday noon ten thousand pagodas by ten peons on a Mosula from the Gov^r. and Council of Madarass.

After which Wee propos'd to them to signe another Contract for the provision of a quantity of Callicoes according to the List approv'd of from Fort St. George, which after two hours dispute they consented to, and at last signed the Contract, but told us at the same time they could not believe it to be at all obligatory, for since Wee ourselves by order from Fort St. George had shewn them how little regard Wee had to our hands and seal, they hop't in case of failure, Wee would not act so contrary to our own rules as to deale severer by them then they had done by us.

After this they acquainted us that they had a considerable quantity of brown Goods in their Godowns ready to be measur'd and putt to wash.

In consideration of which and the far advancement of the Season, that no time may be lost, its agreed and order'd that Mr. Styleman Gostlin be a measurer in the Godown under Mr. John Berlu, Warehousekeeper.

They likewise requested of us that Wee would make an order that the Sorters should not as usuall sort their Cloth singly, but when they were all present, unless indisposition prevented any of their appearance.

Order'd their request be granted and that no Cloth be sorted before eight a Clock in the morning, by which time the Gentlemen who recide at Cuddalore can with ease and at their Leasure be in the Godown.

Part of the Westermost side of the Consultation room in the Fort last night falling down, which was occasion'd by the excessive rains which has fallen for this month past, the Deputy Gov^r. acquainted the Council that the cause of his summoning them was to lett them know it, and likewise to desire that they would accompany him in a generall survey of all the buildings, that the condition of them might be laid before the Gov^r. and Council of Fort St. George.

Accordingly Wee took to our assistance the ablest carpenter in our Bounds, after having view'd every individuall appartment unanimously agreed in the following oppinion : That they are very old and infirme in generall, that it is an impossibility to repair them, and that its highly necessary they should be pull'd down for fear of any ill consequences should attend their falling down, and with the old Materialls Wee may goe a great way towards building a new house, which is absolutely necessary should be speedily done, there being no appartment now for the Deputy Gov^r. in the Fort.

DEC. 2d.

The Worsp^{ll}. Deputy Gov^r. reads his account of the R^t. Hon^{ble}. Companys Cash for the month of November, ballance being eight hundred eighty eight pagodas, twenty five fanams, four Cash and three quarters.

Mr. John Berlu, Warehousekeeper, reads that Acco^t. for the month of November.

Mr. Matthew Weld, Sea and Land Customer of Tevenapatam, reads that Account for the month of October and November.

Mr. Philip Baker, Paymaster, desires wee would give him another Assistant in the room of Mr. John Smith.

Order'd his request be granted and that Mr. John Barrow be assistant to the Paymaster in the room of said Smith, and that he be Assistant to the Warehousekeeper in the room of Mr. Joseph Houghton, and that he the said Houghton be under the direction of the Deputy Gov^r. in the Secretarys Office.

This day wee putt up the Licence for distilling and selling Arracke within our bounds againe, tho' nobody appear'd to bid for it, but Audee, Chinnee Tombee, Shava Shankara, and Caumme, who were not rivals for it but partners. Wee told them it was our expectation that they should give at least as much as it lett for last year, and be bound up to the same terms likewise, to which they reply'd they were so very hard, that it was impossible for them to comply with their Cowle if

— DECEMBER 1712 —

they should, for that the late Renters had not lost by their bargain less then eight hundred Chuckrooms, besides the number of our soldiers are considerably decreas'd, who us'd to be their chief benefactors, and that they could not well afford to give us more then one thousand Chuckrooms, upon which they were order'd to withdraw.

Wee very well know that the old Renters lost much about the summ they mention, and that the decrease of the number of our Military is a very great prejudice to this Farme. It was therefore after a full debate of the matter unanimously Agreed that if they would give fiftene hundred Chuckrooms for it, they should have it on the last years terms, which offer if they refus'd, that then it should remaine in the Companys hands, and a proper person be appointed to take care of it.

After which wee sent for them into Consultation, and acquainted them what our result was, which after some discourse they accepted. Order'd therefore that the Secretary draws out a Cowle for them likewise.

Mr. Richard Harrison complains to this board against Mr. Philip Baker, that he had in partnership with him severall months agoe put a ship upon the stocks, which was now fitted and almost ready to goe to Sea, that he has severall times talk't to the said Baker about a voyage, which when he found him not inclin'd to, he had propos'd to him to take his share to himselfe, or else that Baker should dispose of his share to him, putting an intrinsick value upon the Ship, and when he found that that proposall was not accepted, he desired that the Ship might be publickly sold and the value of her be divided between them according to the parts they held, which he would consent to no more then his other two proposalls.

Hee, therefore, that the ship might not rott in the river to the great damage of his estate, desired wee would doe him justice and as soon as wee should think convenient order the sale of the ship.

Upon which Mr. Baker told him he was ready to relinquish his share for the first value of it, which Mr. Harrison objected against, finding the ship came out more dearer then he expected she would when her keels was first laid, and therefore he desir'd us againe that Wee would be pleas'd to make an Order for the publick sale of her.

Upon mature consideration of which it's agreed 'his request be granted, and that notice be given at all Gates in the Town signifying that the ship will be expos'd at publicke sale before the Water Gate in the Town on Tuesday the 16th instant betweene the hours of ten and eleven in the morning, and that the List of her stores be lodg'd in the hands of Captain Nevill for the perusall of those persons who may be inclinable to bid for or buy her.

Order'd that fourteene hundred pagodas be advanc't Mr. Philip Baker, Paymaster, to defray Charges Garrison.

Order'd that Messrs. Farmer and Harrison doe examine and state the account of Eram Rauze, late Renter of the Bounds, and lay the same before the board next Consultation day with their oppinion why he should or should not pay his rent for the last year, which he excuses himselfe from doing, making the Warr his Plea.

Wee this day summon'd before us those of our Inhabitants who sometime agoe Wee discover'd to be indebted to Cheva Naigne Reddee &c^a., Renters, which they said they were ready to pay, but not having it about them, desired Wee would allow them time till tomorrow.

Order'd their request be granted, and that they pay the amount to the Deputy Gov^r. who is to report what it is next Consultation Day.

The Deputy Gov^r. acquaints the board he had likewise been inform'd that one Tonnapa Chittee an Inhabitant of this place had to a considerable amount of theirs in his hands, and that he had order'd him to attend this day to give answer to our demands, upon which he was sent for in, and order'd to produce the Accounts with the ballance of what part soever of the Estate he had of the Renters above-mention'd in his possession.

— DECEMBER 1712 —

He absolutely denyes to be possest of any part of it, tho' wee hope by next Consultation day to produce undeniable evidence against his allegation, but for fear he should slip out of the way, in the meare time it's order'd he gives security for his appearance when demanded, or be confin'd to the Fort till wee be prepared to discourse him more fully on the subject.

SATTERDAY
6TH.

The Deputy Gov^r. summon'd the Council to acquaint them on the 4th instant just when he rose from dinner Mr Philip Baker came to him, and abus'd him in a very grosse manner about a dispute which happen'd between him and Captain Roach, and amongst other undecent expressions at last told him that he was so uncapable of being a judge between two people who had differ'd, that the first storey whether right or wrong always byas'd him, and that he suffer'd the said Roach to oppress the Inhabitants of the Town to that degree that there was a generall cry against him, which was such a reflection upon his conduct, that he could not suffer it, and therefore desir'd Mr. Baker since the Clamour was so great, to bring one or as many as wee could to justifie the truth of his Charge.

Upon which he desired he might have what he said to him distinctly minuted down, and that then wee would give a reply to it, when the Deputy Gov^r. read a letter to him, which he design'd to send to the Gov^r. and Council of Fort St. George, wherein his accusation was sett down at large, and he againe required to bring proof of the scandalous reports he had rais'd.

Which not being able to doe, he was forc't to excuse himselfe by an additionall reflection, saying that people dare not speake here, but that he would prove it at Fort St. George, to which place he desired our permission to repair, when he was desired to deliver in his petition to us in writing which wee would forward to the Gov^r. and Council and joyne our request with his, that it might be granted, tho' wee believe 'tis no more in his power to make good what he has reported relateing to Captain Roach there, then here, who always deports himselfe with the respect that is due to his superiours, and concerns himselfe with no other Affaire in this place then what properly belongs to him, the Military.

Hee afterwards produc't a little Letter paper containing some memorandums desireing he might make proof of them here, to which he was answer'd that since wee would not obey the order of the board and prove the reflections he had cast upon the Deputy Gov^r. here Wee could not well gratifye his request, however, to

— DECEMBER 1712 —

show him that justice was to be obtain'd, wee would permitt them to be read, which he did, but they contain'd matter of so little importance that they were not worth any further Consideration.

Read a Generll Letter from the Gov^r. and Councill of Fort St. George, dated the 4th instant.

Order'd that four thousand pagodas be advanc't Ketty Narran &c^a., Joynt Stocke Merchants, for Callicoes brought in, Account a Contract made the 24th October last.

Order'd that one thousand pagodas be advanc't Mr. Philip Baker, Paymaster, to defray Charges Garrison.

The Gov^r. acquaints the Councill that pursuant to what was agreed last Consultation on the 2nd instant he had demanded of the severall debtors of the Renters what they ow'd them, but that they now refus'd to pay it, arguing that the said renters have their bonds for the said debts in their possession, and that unless wee deliver'd them them they were lyable to pay them a second time, upon which he had putt them all in close prison, where they still remaine.

In the Generall Letter beforemention'd the Hon^{ble}. Gov^r. and Councill write very largely about the adjustments between our Generall Books and theirs, for severall years past, recommending particularly the correction of all errors to Mr. Farmer.

Upon which the Deputy Gov^r. deliver'd to him the Journall parcells rec^d. from them with the said letter, and a list of debts standing out, enjoyning him to enter upon and finish that work with the utmost expedition.

Mr. Philip Baker requesting us to deferr the sale of the ship without being able to give sufficient reasons why, Mr. Harrison pray'd us that if we were gratified his request, she may lye after the 16th (the day wee have appointed for the sale) upon his risque, and at his Charge, till she was dispos'd of.

On consideration of which, resolved she be sold according to the tenor of the Note affixt at the Sea Gate by order of Consultation of the 2d on the 16th.

Order'd Mr. Richard Harrison have the Charge of the Ferry Boat, the Revenue being very insignificant and rais'd only from the Poor who pass between Cuddalore and this place.

There being great complaints from Fort St. George of the badness of our weights, order'd Messrs. Baker and Weld doe examine them and report their reasons of it to this board next Consultation Day.
