PREFATORY NOTE

This Volume contains two sets of the proceedings of the Deputy Governor and Council of Fort St. David for the year 1703-4, one being their proceedings and transactions for the affairs of the Right Honourable United English East India Company from 28th December 1703 to 31st December 1704 and the other being their proceedings and transactions for the separate affairs of the Right Honourable Governor and Company of merchants trading into the East Indies from 4th January 1704 to 31st December 1704. The East India Company was incorporated in 1600 under the title of the Governor and merchants of London trading into the East Indies. In 1698, a rival company was formed under the sanction of Parliament entitled the English Company trading to the East Indies. In 1702 the two companies agreed to amalgamate in 7 year's time and the union was finally effected in 1709. On the 15th July 1703 it was ordered in the Fort St. George Consultations that two sets of proceedings should be made, one for the United trade and the other for the separate trade of the old company. This accounts for the two sets of Fort St. David Consultations sent by the India Office for 1704. Two separate sets are available in this Office only for the Fort St. George Consultations of 1705.

The manuscript volumes corresponding to this year are not found among the records of this Office. The matter contained in this book has therefore been entirely supplied by the courtesy of the India Office from their Factory Records, and the India Office typescripts have been preserved in place of the original.

According to a summons the Merchants this day appeared & were by the Dep. Gov^r. & Council earnestly press'd to come to a conclusion about a New Investment to be made for acco^t, of the United Trade. To which they answer'd they would undertake to provide the sorts of Cloth directed, but not at the prizes Contracted for the last Investment, but insisted upon the same as was given in the two foregoing Contracts because what stock they had lay in the Companys hands & it being the Managers order that no money bee issued out to the Merchants they must bee forc'd to borrow money at Interest for provideing the Cloth w^{ch}. would bring it out at dearer rates than formerly. Besides that the most profittable sorts of Cloth to them wee had now no orders to Provide, but only those sorts by which they were

— FEBRUARY 1703-4 —

no gainers, at the prizes given last Contract. They farther insisted that if any lett or seizure should bee made in the Cloth by any of the Country Governors the damage thereof to bee on acco^{tt}. the United Trade & not at the risque of the Merchants, & that wee should bee obliged upon receipt of the goods to pay them the money immediately & after Chop't, if any accident happen'd to the goods, the damage thereof to bee borne by the United Managers. To this Purpose was the answer of the Majority of the Merchants, but some private Merchants declared for their Particular that unless wee had power to issue out money to them beforehand they could not undertake to provide any Cloth. The Deputy Governor reports that this day about Noon the Spy Braminy brought him advice that Croome Cawne with about 40 Horse & 60 Peons was come to Trevindesporum with intentions as tis reported to break away the bank & by that means hinder the usuall & accustomed course of that river comeing in to water the Rt. Hon^{ble}. Companys bounds, & considering how great a Loss twould bee to the Company, hinder and discourage the renters from renting the bounds the next year, and that if hee should proceed to such an injurious action it would very much lessen the rent of the bounds & bee an ill precedent for the future to the succeeding Country Governors, Wee have therefore thought convenient & absolutely necessary for the Company's Interest to take all possible means immaginable to prevent his violating the customary priviledge of the water comeing into the bounds, and doe therefore order that Ensign Kerr with 40 men bee immediately sent away to Trippopilore, and the like number of Peons and that the following order bee given Ensign Kerr for his direction & government.

To Ensign Kerr.

Wee haveing rec^d. intelligence that Croome Cawne with about 40 Horse & 60 foot is come to Trivendiporum with intentions as tis reported to stop and hinder the course of the Water comeing into the Companys Bounds, & considering how prejudiciall it will bee to the Companys Interest Wee have therefore thought Convenient and doe hereby order & direct that you immediately repair with 40 men & the like number of Peons to Tripopilore & upon your arrivall there to lay 3 or 4 Tappys between you & Trevindeporum, to bring you intelligence if Croome Cawne or any of his people proceeds to hinder the course of the water, & upon your first notice thereof immediately dispatch away intelligence to the Deputy Governor & march your men to Trevindeporum & use your best endeavours to hinder him from committing that act, avoid shedding of blood or using any act of hostility except compell'd thereto, Be sure you keep a good watch & permit none of his people to come into the bounds, and if you can learn hee has any other intentions, send away immediately to advise the Deputy Governor thereof, keep this order very secret, Wee wish you success and are

Mr. Mountague this day brought into Consultation the Gen^L. Books for Affairs of the R^t. Hono^{ble}. United English East India Company from the 22d. July 1702, to May, 1703, Letter A. which is delivered Mr. Barrow to Copy forthwith, in order to be sent to the Hono^{ble}. President & Councill of Madrass.

Mr. Berlu read his acco^{ts}. of Sea & Land Customes of Tevenapatami for the months of February, March & Aprill, and pays in three hundred sixty one Pag^s. seventeen fanams & four Cash, the acco^{ts}. as enter'd next after this Consultation.

The time near expiring for renting the R^t. Hono^{ble}. Companys bounds, wee took the same into Consideration what method was the most proper for renting the same out again next year, & finding that most of the renters that rented it last year are absent, wee thought it the properest method & doe hereby order, That Talla Corinjapilla doe goe to all the inhabitants that plow'd & sow'd the Ground last year & acquaint them that they may imbrace the first rainy weather to plow & sow it again & to assure them that they shall have the same allowance this year as they had from the renters last, so that no time may be lost in this business.

The merchants were this day summon'd & earnestly press'd to commence the new Investment for the R^t. Hono^{ble}. United English East India Company & acquainted that they had already spent so much time that any farther delay would bee very prejudicial to the Company because they shall want a great quantity of bales to fill up the September shipping, so that if they did not speedily come & agree the prizes in Consultation they would not have time to provide the quantity wanted, to which they answer'd that Virago Chittee one of the head Merchants was sicke whom they must consult before they come to a resolution, which they would endeavour to doe this afternoon.

Order'd, That the Storekeeper on Munday next bring into Consultation a List of Stores remaining in this Garrison & that such of them as are not by the Hono^{ble}. President & Councill of Madrass order'd to bee bought for acco^{tt}. the R^t. Hono^{ble}. It being late yesterday Evening before the merchants could come to a Conclusion, the Council was summon'd in order to receive their proposalls, they being mett, the merchants also appear'd & proposed to us the following conditions about the New Investment:

Imp^s. That the ballance of their old acco^{tt}. should be forthwith paid them, because they have no other Stock to Issue out for buying of goods; & it being the Company's orders that no money must be impress'd to the merchants beforehand, they are absolutely unable to undertake this Investment till they receive that money.

Secondly. Since the Company's urgent occasions require their making an Investment at this time & the Moratta army reported to be very near, they are apprehensive & fearfull that their money & Cloth may be seized in the country, and therefore insist that upon due proof made thereof the Company should oblige to pay them what damages they sustain'd.

Thirdly. That they cannot oblige for any great quantity of Cloth, because their Joint Stock is no more than fifteen thousand pagodas, in which is included their Godowns & their necessary buildings here, so that they shall not have above twelve thousand pagodas clear money to carry on this Investment. And in consideration that the Company have directed no other sorts of Cloth than ordinary Longcloth, Sallem pores and 40 & 50 Cov^d. Beetelas & have forbid the providing of those sorts by which formerly they were the greatest Gainers, for which reason they demand,

For Longcloth ordinary N ^o . 1.	34 pag ^s .	per corge browne
For d ^o .	N ^o . 2.	32½ per d ^o . d ^o .
For d ^o .	N ^o . 3.	they will not undertake to provide any.
Sallampores ord ^r . 2½ covids broad	N ^o . 3.	at 15 pag ^s . per corge
Ditto	N ^o . 4.	14 per d ^o .
Beetelas 40 Coveds..	N ^o . 25.	33½ „ „
Ditto	N ^o . 26.	35 „ „
Beetelas 50 Coveds..	N ^o . 27.	42 „ „
Ditto	N ^o . 28.	44 „ „

And that during the continuance of this Contract wee oblige to contract with no other Merchants whatsoever. And that as soon as they have brought in goods to the amount of three thousand Pag^s. & the Company's Chop bee putt thereon, they bee immediately paid for the same in ready money here & that the Company obliges to take what goods they can provide between this & the 15th September next or till such time as the Company forbid the providing any more.

All which wee think are termes so unreasonable & the prises of the Cloth so high, that wee did not think fitt to Consent thereto, and therefore are of opinion that these propositions bee immediately sent away to the Hon^{ble}. President & Council of Madrass for their further directions.

which wee thought too high and propos'd the abatements of Tenn per cent thereon, which wee thought a reasonable proposall considering the Cloth is cheap in the Country, but the Merchants would by no arguments bee prevail'd upon to accept that price, but desir'd till the afternoon to consider the lowest prices they could possibly provide the sorts of cloth directed by the Company, which was granted them & the Councill order'd to meet again this afternoon at 4 of the Clock.

The Deputy Governor read his account of the R^t. Hon^{ble}. United English East India Company's Cash for the month of October, particulars as enter'd next after this Consultation & reports to us that in said account hee had paid the Pay Master eleven hundred Pag^s. to defray Charges Garrison, which is approv'd off.

Mr. Ralph Ingram, Warehousekeeper, read his account thereof for the month of October, & pays into the R^t. Hon^{ble}. United English East India Company's Cash twenty five pag^s. & twenty two fanams.

The Merchants this day appear'd in Consultation and acquainted us the necessity they lay under for money to carry on the Investment, & the great & continuall raines haveing hindred the Washers from washing such a quantity of Cloth as might have reasonably been expected this time, and thereby the merchants depriv'd of haveing it sorted & embaled & the remainder of the money due to them for the same paid according to Contract, Wee have therefore thought it for the Company's Interest & the more speedy Compleating this Contract to pay the Merchants Eleven hundred Pag^s. viz^t. On the twenty thousand pag^s. contract Four thousand pag^s. & on the hundred thousand pag^s. Contract seven thousand pag^s. since wee have already rec^d. from them cloth to a greater amount, as appears by an account laid before us this day, for which reason the Company can runn no risque & this may enable the merchants to bring in the quantity of Cloth contracted for for the February shipping, It is therefore order'd that the Dep^{ty}. Governor pay them eleven thousand Pag^s. accordingly.

This being the proper season for salting up provisions for the use of the Garrison and Wee haveing att present no appearance of any trouble, It is therefore order'd that the Steward deliver out to the Military what Pork has been salted at one great fanam per piece which will amount to about the price it Cost, & also that the Peons & Servants bee paid their wages at the expiration of this month all in Paddy at the Buzar price, they being contented therewith, & that the remainder bee sold at the Buzar price.
