STATISTICS, INDIA.

---

ACCOUNTS

RELATING TO THE

Coasting Trade and Navigation of  
British India

For December, 1935.

---

[Published by Order of the Governor-General in Council.]

---

Corrections have to be made from month to month in these accounts on the receipt from Custom Houses of statements of errors discovered in the returns submitted by them. The progressive figure must therefore not be understood as necessarily representing the sum of the latest month's figure and of the progressive figure published in the preceding month.

## EXPLANATORY NOTE.

**Nature of the Trade recorded.**—The trade dealt with in these tables is the coastal trade registered at the British Indian ports, that is to say, the trade of these ports with one another and with Indian ports not British.

**2. Period covered by the Accounts.**—The figures show generally the trade as declared in the shipping documents duly scrutinised with reports of notices of short arrivals or shipments and passed through the Custom Houses up to the last working day of the month or as near to that date as is practicable.

**3. Arrangement and Grouping of Articles.**—The articles in the detailed tables are arranged in alphabetical order, provision being made for the grouping together within the alphabetical order of such articles as are related industrially or commercially.

The term "Indian merchandise" comprises all goods that are of the growth, produce or manufacture of India. Indian merchandise is distinguished from Foreign merchandise in the declaration of importers or exporters made in the Bills of Entry or Shipping Bills from which the trade statistics are compiled.

**4. Explanation of Imports and Exports.**—The registration of the coasting trade is done separately (from the foreign sea-borne trade) in the six maritime provinces, namely, Bengal, Bihar and Orissa, Bombay, Sind, Madras and Burma. The total imports into, and the total exports from, each province are divided for the purposes of these Accounts as follows:—

1. Internal trade, *i.e.*, trade amongst ports within the same province.

(This includes the trade between a Customs and a non-Customs Provincial port which is registered at a Customs port.)

2. External trade, *i.e.*, the trade between one province on the one side and all other provinces *plus* non-British ports in India (*e.g.*, Kathiawar ports, French ports, etc.), on the other.

Passengers' baggage, postal transactions and merchandise transhipped at Customs ports are excluded from the accounts of both imports and exports. Imports and exports of gold and silver coin and bullion, on private or Government account, are recorded separately and are not included in the figures of merchandise. Merchandise imported or exported on Government account, however, is outside the scope of these statistics.

**5. Quantities and Values.**—The figures represent the quantities and values declared by importers and exporters in Bills of Entry and Shipping Bills, as subsequently checked by the Customs officials. The weight recorded is the net weight, *i.e.*, it does not include the weight of the covers or packing. According to the provisions of the Indian Sea Customs Act, VIII of 1878 (Section 30), the values of goods imported or exported represent:—

(a) the wholesale cash price, less trade discount for which goods of the like kind and quality are sold or are capable of being sold at the time and place of importation or exportation, as the case may be, without any abatement or deduction whatever, except (in the case of goods imported) of the amount of the duties payable on the importation thereof; or

(b) where such price is not ascertainable, the cost at which goods of the like kind and quality could be delivered at such place without any abatement or deduction, except as aforesaid.

In the foreign sea-borne trade, import or export duties are not included in the values recorded but in the values of articles imported or exported as recorded in the coasting trade, customs and excise duties previously paid are included.

**TREASURE.**—The weights of imports and exports of gold have been shown in "fine ounces" and those of silver in "standard ounces", the latter meaning the British standard ( $\frac{7}{8}$  fine); while the values of both private and Government imports and exports of gold and silver represent the market values at the time of imports and exports, except in the case of Government of India Rupees of which the face value is shown.

**6. Shipping.**—*Entrances and Clearances of vessels.*—Vessels engaged in the coasting trade and calling at several ports are recorded as entering from or clearing to the nearest port.

If on their inward voyage vessels engaged in foreign trade enter a port in British India to discharge only a part of their cargoes and then proceed to other ports in British India their clearances and entries after arrival at the first port are recorded in the Coasting Trade whether they ship "Coasting cargo" or not, for the foreign voyage is deemed to have ended on arrival at the port where part of the cargo is first discharged. If vessels on the voyage outwards load with part cargo for a Foreign Port, and part for some other port or ports in British India, they are recorded at the first port of departure as cleared in the Coasting Trade and such vessels are again recorded as cleared in the Foreign Trade at the last British Indian port.

Vessels clearing to or entering from an Indian port, other than a British port, are ordinarily recorded in the Coasting Trade; but when the non-British port is the only port of call in a voyage from or to a foreign port beyond India, the entry or clearance is recorded in the Foreign Trade as from or to the most distant port.

The classes of vessels which are distinguished in the shipping tables are detailed below:—

**BRITISH.**—Steamers and square-rigged sailing vessels, flying the British flag, and registered under the English Merchant Shipping Act of 1894, in any port in the United Kingdom or in a British Possession other than British India.

**BRITISH INDIAN.**—Steamers and square-rigged sailing vessels, flying the British flag, and registered under the English Merchant Shipping Act of 1894 (or the Indian Registration of Ships Act of 1841 and 1850), or other enactment for the time being in force for the registration of ships in British India.

**NATIVE CRAFT\*—**

(i) *British.*—Sailing vessels, not square-rigged, flying the British flag but not belonging to any ports in British India or in Indian States.

(ii) *British Indian.*—Sailing vessels, not square-rigged, belonging to ports in British India or in Indian States.

(iii) *Foreign.*—Sailing vessels, not square-rigged, flying a flag other than the British flag or that of an Indian State.

**FOREIGN.**—Steamers and square-rigged sailing vessels flying a flag other than the British flag.

The arrivals of vessels at a port or ports in British India for the purpose of discharging cargo, or departures thereof from a port or ports in British India after loading their cargo are recorded as arrivals and departures "with cargo".

The arrivals of vessels at ports at which no cargo is discharged and departures of vessels from ports at which no cargo is loaded are recorded as arrivals and departures "in ballast".

Vessels in ballast are recorded both as to entries and clearances in the same way as vessels with cargo.

The tonnage recorded in these accounts is the registered tonnage of the vessels.

His Majesty's ships of war, pleasure yachts, steam boats and launches are not included in the shipping tables.

7. **INDEX.**—An index to the articles specified in the detailed trade tables is given at the end for ease of reference.
