APPENDIX I

BILL No. II OF 1928

A Bill further to amend the Indian Stamp (Bombay Amendment) Act, 1922(As published in the "Bombay Government Gazette" of the 26th
January 1928)

Whereas it is expedient to amend the Indian Stamp (Bombay Amendment) Act, 1922, in manner hereinafter appearing; and whereas the previous sanction of the Governor General required by section 80A (3) of the Government of India Act and the previous sanction of the Governor required by section 80C of the said Act have been obtained for the passing of this Act; It is hereby enacted as follows:—

Bom. II
of 1922.5 & 6 Geo.
v. c. 61.Bom. II
of 1922.

1. *Short title.*—This Act may be called the Indian Stamp (Bombay Amendment) Act, 1928.

2. *Amendment of section 1 (iii) of Bom. II of 1922.*—In clause (iii) of section 1 of the Indian Stamp (Bombay Amendment) Act, 1922, the words "and shall be in force for six years thereafter" shall be repealed.

STATEMENT OF OBJECTS AND REASONS

The Indian Stamp (Bombay Amendment) Act, 1922, was passed to enhance the Stamp Fees in certain cases for the purpose of increasing the revenue of Government. It was to remain in operation for four years in the first instance from the 1st April 1922, and if at the end of that period the financial position still made it necessary its life was to be extended. Bills making the Act permanent were introduced in the session of the Bombay Legislative Council, which met in February 1926 and in February 1927, but each time the Legislative Council agreed to an extension of the Act by one year only. The result of six years' experience has proved the necessity of the retention of the revised scale of Stamp Fees which is enacted in the measure; and it is therefore proposed to continue the Act. This will bring the Act into line with similar Acts in Madras, Bengal and the Punjab.

BILL No. III OF 1928

A Bill to amend the Court-fees (Bombay Amendment) Act, 1926

(As published in the "Bombay Government Gazette" of the 26th
January 1928)

Bom. III Whereas it is expedient to amend the Court-fees (Bombay Amendment) of 1926. Act, 1926, in manner hereinafter appearing; and whereas the previous 5 & 6 Geo. sanction of the Governor required by section 80C of the Government of V, c. 61. India Act has been obtained for the passing of this Act; It is hereby enacted as follows:

1. *Short title.*—This Act may be called the Court-fees (Bombay Amendment) Act, 1926.

Bom. III 2. *Amendment of section 1(3) of Bom. III of 1926.*—In sub-section (3) of section 1 of the Court-fees (Bombay Amendment) Act, 1926, the of 1926. words "and shall remain in operation for two years" shall be repealed.

STATEMENT OF OBJECTS AND REASONS.

The Court-fees (Bombay Amendment) Act, 1926, was passed to enhance the Court-fees in certain cases for the purpose of increasing the revenue of Government. It was to remain in operation for two years from 1st April 1926, and if at the end of that period the financial position still made it necessary, its life was to be extended. A similar Act was passed in March 1922 and remained in force for two years ending 31st March 1924. The result of the last two years' experience has proved the necessity of the retention of the revised scale of Court-fees which is enacted in the measure of 1926: it is, therefore, proposed to continue the Act.

BILL No. IV OF 1928

A Bill to provide for the grant of loans by Government to non-agriculturists for the relief of distress or other calamities and for the recovery of such loans

(As published in the "Bombay Government Gazette" of the 16th
February 1928)

Whereas it is expedient to provide for the grant of loans by Government to non-agriculturists for the relief of distress caused by floods or other calamities and for the recovery of such loans in manner herein after appearing :

And whereas the previous sanction of the Governor General required by sub-section (3) of section 80A and the previous sanction of the Governor required by section 80C of the Government of India Act have been obtained for the passing of this Act; It is hereby enacted as follows :— ^{5 & 6 Geo. V, c. 61.}

1. *Short title.*—This Act may be called "the Bombay Non-Agriculturists' Loans Act, 1928."

2. *Extent.*—Section 1 and this section extend to the whole of the Bombay Presidency. The rest of the Act may be extended by the Local Government by notification in the *Bombay Government Gazette* to any part of the Presidency from such date as may be specified in such notification.

3. *Purpose for which loans may be granted.*—Subject to such rules as may be made under section 6, loans may be granted under this Act for rebuilding or repairing houses or for the relief of distress to any person to whom a loan under the Agriculturists' Loans Act, 1884, cannot be granted. ^{XII of 1884.}

4. *Loans already granted to be deemed to have been granted under this Act.*—All loans granted after the 1st day of August 1927 to such persons as are referred to in section 3 for the purpose mentioned therein shall be deemed to be loans granted under this Act.

5. *Recovery of loans.*—(1) All loans granted or deemed to have been granted under this Act, together with all interest (if any) chargeable thereon, and costs (if any) incurred in making or recovering the same shall be recoverable at the discretion of the Collector in any one or more of the following modes, namely :—

(a) from the borrower—as if they were arrears of land revenue due by him ;

(b) from his surety (if any)—as if they were arrears of land revenue due by him ;

(c) out of the assets left by a deceased borrower or surety or out of the property comprised in the collateral security (if any)—according

to the procedure for the realization of land revenue by the sale of a defaulter's moveable or immoveable property other than the land on which that revenue is due ;

(d) if the loan is for the benefit of a house, out of such house,—as if it were arrears of land revenue due in respect of the land on which the house stands.

6. *Power to make rules.*—(1) The Local Government may, from time to time, by notification in the *Bombay Government Gazette*, make rules to carry out the purpose of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may be made for the following matters, namely :—

(a) the manner of making applications for loans ;

(b) the officers by whom loans may be granted

(c) the nature of the security, if any, to be taken for the due application and repayment of the money, the rate of interest at which and the conditions under which the loans may be granted and the manner and term of granting loans ; and

(d) the instalments by which and the mode in which loans shall be repaid.

STATEMENT OF OBJECTS AND REASONS

The object of this Bill is to enable Government to advance loans for the relief of distress caused by such calamities as the recent floods in Gujarat and Sind to persons to whom loans cannot be granted under the Agriculturists' Loans Act, 1884, and to provide that such loans shall be recoverable expeditiously as arrears of land revenue without recourse to the civil courts. It is also proposed to give retrospective effect to the Bill, so as to apply its provisions to loans granted since 1st August 1927, for the relief of distress caused by the floods in Gujarat and Sind.

Temporary appointment of an Assistant Judge in Sind

Because of the increase of judicial work in Sind it was found necessary in 1924 to create a temporary appointment of an Assistant Judge in Sind. The appointment came into existence in October of that year, and has been continued ever since on a temporary basis. It was thought that temporary appointment would not be needed after the end of June 1927 and provision for the extra expenditure was therefore made in the current year's budget only for four months. It proved however that the state of the judicial work in Sind would not permit of the temporary post being discontinued, and the appointment will have to be continued throughout the year. This involves an extra expenditure of Rs. 7,205 which is proposed to be met by reappropriation from the Reserve at the disposal of the Finance Department.

Fees in Criminal Cases.

The provision of Rs. 1,71,200 made in the current year's budget on account of fees in Criminal Cases under the head "24—Administration of Justice—Law Officers—Mofussil Establishment" has proved insufficient owing to heavy expenditure in all the districts. This item is a very fluctuating one and it is very difficult to make an exact estimate of the year's requirements. An additional grant of Rs. 45,000 has therefore been sanctioned to cover the anticipated excess expenditure up to the end of the current financial year. The sanction of the Legislative Council is requested to the grant of Rs. 1,71,200 under "24—Administration of Justice" being increased by Rs. 45,000 by reappropriation from the Reserve at the disposal of the Finance Department.

Grant-in-aid to the District Local Boards, Hyderabad and Thar
Parkar, for repairs to roads

The Commissioner in Sind after visiting the affected areas in the Districts of Hyderabad and Thar Parkar reported to Government that the damage caused to communications owing to floods was both serious and widespread and it was impossible for either District Local Board to carry out the essential repairs without special assistance. The Commissioner also pointed out that it was absolutely necessary both from the administrative and public points of view that main roads connecting taluka head quarters be put into order before the river rises next year. The Commissioner gave each of the two District Local Boards a sum of Rs. 17,000 in excess of their usual allotment from the sum of Rs. 4,36,500 placed at his disposal by Government Resolution No. 1570 dated the 1st September 1927, for distribution among District Local Boards as Government grant-in-aid for the repair of roads but this he thought would be quite inadequate to meet the exceptional situation created by the floods. As no savings were available under "41-Civil Works" to which the charge is debitable, a grant-in-aid of Rs. 75,000 to the District Local Boards, Hyderabad and Thar Parkar, was sanctioned by Government, in anticipation of the sanction of the Legislative Council, in November 1927 by reappropriation from the Finance Department Reserve.

Stipends to Graduates in Civil Engineering

A certain number of stipends are awarded to graduates in Civil Engineering. The provision on account of this expenditure is being made under "41-Civil Works—Provincial." The Accountant General has, however, pointed out that such charges are in the nature of scholarships and are correctly debitable to "31-Education" instead of to "41-Civil Works." In view of this, the requisite provision in next year's budget estimates is being made under "31-Education." The current year's provision (Rs. 11,000) is, however, made under "41-Civil Works—Provincial." As a transfer of funds from one grant to another is not feasible, the amount of Rs. 11,000 has been allowed to lapse and a supplementary grant of equal amount under "31-Education—Transferred" is now asked for against the earmarked saving of the same amount under "41-Civil Works—Provincial." The Director of Public Instruction has, in the meantime, been authorised to incur the necessary expenditure on account of the stipends debitable to "31-Education" in anticipation of the sanction of the Legislative Council to the supplementary grant under that head.

Extension of the Nasik Distillery water works for the supply of water to the Nasik Central Jail

A new central jail will shortly be opened at Nasik Road, and in the interests of economy it has been arranged that it should receive its water supply from the Nasik Distillery in charge of the Excise Department on payment of a suitable rate for the consumption of water. This arrangement has necessitated the extension of the water works at the distillery by the addition of a settling tank, filters, etc., at an estimated cost of Rs. 68,200. As arrangements for the supply of water to the jail had to be made urgently so that water would be available when the jail was opened, sanction was accorded to the necessary works being carried out although no provision of funds had been made for them. As the distillery is now treated as a commercial concern the expenditure is debitable to the head "6-Excise—Investment in Government Commercial Undertakings." There are no savings in the grant under '6-Excise to meet this expenditure. The sanction of the Legislative Council is therefore requested to a supplementary grant of Rs. 68,200 under that head by a re-appropriation from the reserve with the Finance Department.

TRANSFERRED 6. The Honourable Mr. G. B. PRADHAN

Transfer to the head " 8-A, Forest Capital Outlay charged to Revenue " of the expenditure initially recorded under " 52-A, Capital Outlay on Forests "

The current year's budget provides Rs. 3,15,000 under the head " 52-A, Capital Outlay on Forests. " When the budget was framed it was intended to meet the entire expenditure under this head from loan funds. The Secretary of State has, however, laid down certain general principles which are to be followed in debiting capital expenditure to heads outside the Revenue account. A limit of Rs. 5 lakhs has been fixed below which loan funds cannot normally be obtained from the Provincial Loans Fund. This limit is not applicable to capital expenditure (a) on productive works, or (b) in a commercial department which is working at such a profit as to fulfil the test of productivity imposed by the Secretary of State (i.e., a return of 6 per cent.), or (c) on commercial undertakings the accounts of which are maintained on a commercial basis. The projects for which provision is made under " 52-A, " do not in most cases involve an outlay of Rs. 5 lakhs and technically, considering each scheme by itself, the schemes are unproductive. Government have come to the conclusion that the system of commercial accounts is not suitable for adoption in the Forest Department as a whole. As matters stand at present, all forest capital outlay must therefore be met from revenue and be finally debited to the head " 8-A, Forest Capital Outlay charged to Revenue. " Against the provision of Rs. 3,15,000 the expenditure at the end of the year is expected to amount to Rs. 2,93,000. It is therefore proposed with the sanction of the Legislative Council to allow the provision of Rs. 3,15,000 under " 52-A " to lapse and to provide Rs. 2,93,000 under " 8-A. "

STATEMENTS OF DEMANDS FOR SUPPLEMENTARY GRANTS

TRANSFERRED 7. The Honourable Mr. G. B. PRADHAN

Increase in the amount of provisional payment to be made to the Sangli State for the lease of its abkari revenue

The Indian States whose abkari administration is managed by the Bombay Government are as a rule paid a provisional sum fixed with reference to the average revenue of the three years preceding the commencement of the current lease. This payment is subsequently adjusted with reference to the actual revenue realized if this is in excess of the provisional sum paid, the adjustment taking place at the end of the third, sixth and tenth year of the lease. The amount of provisional payment to be made to the Sangli State for the lease of its abkari revenue for ten years commencing from 1st August 1924, was fixed at Rs. 1,15,000 per annum. The State has asked that this amount should be raised to Rs. 1,24,000 in round figures in view of the average annual revenue for the last three years of the lease which expired on 31st July 1924 being Rs. 1,23,702. Government having accepted the principle of fixing the amount of the provisional payment on the basis of the average annual revenue of the three years preceding the renewal of the current lease, have therefore decided to fix the amount of provisional payment to be made to the State for the period of the current lease at Rs. 1,23,700 per annum. The extra amount payable to the State in the current year as a result of the increase in the amount of its compensation with effect from 1st August 1924, is Rs. 30,450. There are no savings in the grant under "6, Excise" to meet this expenditure. The sanction of the Legislative Council is therefore requested to a supplementary grant. An equivalent saving under "22-E. (b), General Administration—District Administration—Sub-Divisional Establishment—Pay. of Establishment" will not be utilized.

APPENDIX 11

TRANSFERRED 8. The Honourable Mr. G. B. PRADHAN

Payment of 'Gain on liquor' to Indian States whose abkari administration has been taken on lease

In the case of those Indian States whose abkari administration is managed by Government the entire excise revenue collected within the State limits is made over to them. The principle adopted in renewing the abkari leases is that the States are guaranteed during the period of the lease the payment of an amount which is provisionally fixed on the basis of the average revenue during the last three years of the preceding lease, subject to adjustment at the end of the third, the sixth and the tenth year of the lease, so as to bring the total up to the actual revenue realised. If in any case the average annual revenue of the last three years is less than the amount of the provisional payment during the preceding lease, the latter amount is repeated in the new lease.

2. The country spirit consumed in the Indian States is supplied at the rates charged to retail licensed vendors in the neighbouring British districts. These rates are higher than the actual cost to Government. The difference between the rate of supply charged to retail vendors and the actual cost to Government, which is known as the 'gain on liquor' has hitherto been credited to Government. In connection with the renewal of the abkari leases which expired on 31st July 1924, some States have claimed this 'gain.' Government have admitted the claim and have decided to grant the revenue from this source also to the States with effect from 1st April 1925. They have further decided that in the case of those States for which the provisional payment has been fixed at an amount higher than the average annual revenue of the preceding three years, the gain on liquor shall be reduced by the difference between the amount of the provisional payment and the actual receipts.

3. The amount for the years 1925-26 and 1926-27 due to the Indian States whose abkari administration has been taken on lease is Rs. 57,000 in round figures. There are no savings in the grant under "6, Excise" to meet this expenditure. The sanction of the Legislative Council is therefore requested to a supplementary grant of Rs. 57,000 under that head by a reappropriation from the Reserve with the Finance Department.

Law Charges

The provision of Rs. 5,750 made in the current year's budget under the head "24-Administration of Justice—Law Officers—High Court Pleader—Contingencies" has proved insufficient owing to unforeseen heavy expenditure on appeals in Khoti suits. This item is a fluctuating one and it is very difficult to estimate exactly the requirements for the year. An additional grant of Rs. 15,000 has therefore been reappropriated from the Reserve at the disposal of Government to cover the anticipated expenditure on court-fees on memos of appeal in 76 Khoti suits. The sanction of the Legislative Council is requested to the grant of Rs. 5,750 under "24-Administration of Justice" being increased by Rs. 15,000.

This expenditure of Rs. 15,000 on buying court-fees stamps means that the revenue of Government from court-fees has increased by Rs. 15,000. The expenditure is thus nominal and more or less of the nature of a book-transaction, the net effect on the finances of the province being nil.

Allotment to meet the amount of damages awarded in the remanded Khoti suits

Nearly half the villages in Kolaba District are Khoti villages, that is, villages managed by khots or farmers of the revenue. The khots were originally required to pass annual agreements or kabulayats defining the conditions on which they were permitted to manage their villages and these conditions have been revised and altered from time to time. In February 1914, Government prescribed new forms of kabulayat for the district. Certain khots refused to pass the new kabulayats and their villages were consequently attached in 1916. They thereupon filed suits in the District Court of Thana against the Secretary of State praying *inter alia* for a declaration that they had a permanent right to hold the villages as khots and to levy rents from the tenants at the rates prevailing before the original revenue settlement, and that they could not be required to enter into the agreement sanctioned by Government (or any agreements). The suits were dismissed by the Joint Judge, Thana, on 9th June 1920, each partly being ordered to bear its own costs. The khots then appealed to the High Court, and the appeals were decided against Government. The High Court awarded damages from the date of attachment to the date on which management was restored. The attachment of the villages has since been removed. The suits were remanded by the High Court to the District Court for ascertaining the amount of mesne profits due to the khots in respect of Khoti faida. The District Court awarded the following damages:—

			Rs.	a.	p.
Amount of faida	2,51,396	2 11
Japti expenses	24,209	9 4
Government's share in the fee ordered to be paid by the Court to the Commission appointed for calculating the faida and japti expenses	50	0 0
Forest damages	25,814	11 11
				<hr/>	
			Total	.. 3,01,470	8 2
				<hr/>	

Of this total, claims for the following amounts have been admitted by Government and the requisite payments have been made into Court:—

	Rs.	a.	p.	Rs.	a.	p.
Faida	89,481	10	2	} 1,13,741	3	6
Japti expenses	24,209	9	4			
Government's share of the fee to the Commission	50	0	0			
Forest damages	25,814	11	11			
Total ..	1,39,555	15	5			

Rs. 1,13,741-3-6 for faida and japti expenses were paid out of the provision of Rs. 2 lakhs in the current year's budget under the head "5, Land Revenue" for payment of damages in these suits and Rs. 25,814-11-11 for forest damages were paid out of the Forest grant. The balance remaining amounted to Rs. 1,61,914-8-9. This balance carried interest at 6 per cent. per annum from 1st August 1927 till the date of payment into court.

2. Appeals have been ordered to be filed against the decrees of the District Court in respect of the balance still due. But in order, to prevent the running of interest against Government to the extent of about Rs. 810 per mensem, it was considered desirable to pay into court the balance of Rs. 1,61,914-8-9, together with interest up to 31st January 1928, the total amounting approximately to Rs. 1,66,774. The Court has been requested not to pay the amount to the decree-holders unless they give security for the re-payment of the money. To meet this charge of Rs. 1,66,774, a sum of Rs. 86,258-12-6 was available from the provision of Rs. 2 lakhs referred to above after the first payment of Rs. 1,13,741-3-6 for faida and japti expenses had been made, and a further sum of Rs. 80,515 approximately still remained to be provided. As this sum was urgently required, the necessary allotment has been sanctioned by Government. The sanction of the Legislative Council is now requested to the transfer of Rs. 80,515 from the Reserve with Government (Finance Department) under the head "47-E-Miscellaneous—Miscellaneous and unforeseen charges" to "5, Land Revenue."

Subsidies to the Taluka Development Association

Taluka Development Associations have been formed for Agricultural propaganda. Their main object is to demonstrate the utility of various implements, seeds, manures, etc., to the cultivators. Government bear half the annual cost per taluka on account of the pay and travelling allowance, leave and pension contribution, etc., of the fieldman or kamgar working under these bodies, distribution of the seed and manure, field demonstration, etc., up to a maximum of Rs. 1,000, on condition that the other half is borne by the Association. In the current year's budget a grant of Rs. 30,000 was sanctioned for subsidies to these Associations. This amount has fallen short of the actual requirements as the number of associations is steadily increasing. There are at present 74 such associations. An extra grant of Rs. 21,000 is accordingly required from which to pay the subsidies to the newly formed associations. The sanction of the Legislative Council is requested to the transfer of a sum of Rs. 21,000 on this account from the Provincial Balances to "34, Agriculture."

Temporary appointments of Special Magistrates

Two Special Magistrates were appointed to try the cases arising out of the riots which occurred at Surat and Larkana, as it was essential that the cases should be disposed of expeditiously. A Special Magistrate was also appointed at Ahmednagar to try a Bhampta gang case in which a very large number of witnesses had to be examined. Had the case been entrusted for trial to a Revenue Officer invested with magisterial powers, the case could not have been finished for several months. The extra expenditure on account of these three appointments and the clerical and menial establishments entertained for them amounts to Rs. 6,560, and it is proposed to meet it by re-appropriation from the reserve at the disposal of the Finance Department.

In consideration of the military lands at Karachi taken up from the Government of India in connection with the Artillery Maidan Development scheme the Bombay Government were required to make a contribution of Rs. 31 lakhs towards the cost of the new plots and buildings required by the military authorities. Of this amount Rs. 30½ lakhs have already been paid. No provision for the balance could be made in the current year's sanctioned estimate, because the exact amount had not been settled. It has now been fixed at Rs. 50,000. A sum of Rs. 12,000 only is available from the total provision of Rs. 13,000 under the head "60-A-Other works, etc." in the current year's budget and additional money must be found from other loan funds. A supplementary grant for Rs. 38,000 is therefore required. This amount will be covered by corresponding savings under "60-Civil Works" during the current year.

Additional funds required for the Lloyd Barrage and Canals
Construction Scheme

In the current year's budget the voted provision under the head "55-Construction of Irrigation, Navigation, Embankment and drainage Works" is Rs. 2,01,45,000 and it includes a sum of Rs. 1,86,23,000 for the Lloyd Barrage and Canals Construction Project as shown below :—

	Rs.
Works	1,53,33,000
Establishment	24,78,000
Tools and Plant	6,16,000
Suspense	1,96,000
	1,86,23,000

The Chief Engineer, Lloyd Barrage and Canals Construction's demand under "Works" was Rs. 1,78,33,000 but in view of savings on his grants in previous years, a lump deduction of Rs. 25 lakhs was made by Government from his demand and the grant was fixed at Rs. 1,53,33,000. This was done with the view to avoid accumulation of interest charges on unspent balances of Government money.

The total probable expenditure (votable) anticipated on the project in the current financial year is, however, Rs. 2,00,92,000 as shown below :—

	Rs.
Works	1,64,88,000
Establishment	24,86,000
Tools and Plant	1,77,000
Suspense	5,12,000
Pensionary charges	4,29,000
	2,00,92,000

Thus an excess of Rs. 14,69,000 is anticipated over the voted grant for the project, which is due to excesses under Works, Establishment, Suspense, and Pensionary charges, partly counter-balanced by savings under Tools and Plant. The reasons for the excesses under the above-mentioned minor heads are explained below.

2. (a) *Excess of Rs. 11,55,000 under 'Works'.*—This is mainly due to the following reasons:—

(i) Greater progress than anticipated has been made on works in the Lloyd Barrage Circle.

(ii) Greater part of the work done on the head regulators in the last year has been paid for during the current year.

(iii) The cost of the arch centres and cills and grooves for the regulators, which was provided for in the last year's budget, will be paid for during the current year. No provision for this was made in the current year's demands as it was expected at the time of preparing the budgets that they would be paid for during the year 1926-27.

(iv) Some works, e.g., downstream left guide bank, pitching the upstream side of the first apron of the regulators, are proposed to be done during the current year for which no provision was made in the budgets.

(v) The cost of constructing and maintaining cofferdams has been heavier than that provided in the budget.

(vi) Construction of third batch of 30 coolie lines, the necessity for which was felt long after the preparation of Schedules of Demands for 1927-28.

(vii) Revised requirements of plant in the Power Supply Division.

(b) *Excess of Rs. 8,000 under 'Establishment'.*—This is due to greater expenditure than anticipated on leave and deputation salaries of officers payable in England.

(c) *Excess of Rs. 3,16,000 under 'Suspense'.*—This is due to the reasons explained below:—

(i) Transfer of the total up-to-date expenditure in the Quarries Division from "Works" to "Suspense" for the purpose of capital block account which is classified under 'IV-Suspense.'

(ii) Revised requirements of spares, etc., for dragline excavators the cost of which is in the first instance debited to the head 'Suspense' before they are issued for works.

(iii) Additional funds required for the composite concrete blocks which are being manufactured for the head regulators and Barrage works and are not likely to be issued before the close of the current financial year. They will be used after April 1928 and their cost charged to 'Works' after that date.

(d) *Excess of Rs. 4,29,000 on account of pensionary charges.*—When the budget for 1927-28 was framed, the rules in force required that pensionary charges on account of establishment employed on irrigation works should be wholly provided for under the head '15-Other Revenue Expenditure financed from Ordinary Revenues' at the rate of 9 per cent. of the total cost of Irrigation establishment. According to the modified rules since prescribed by the Government of India, these pensionary charges are now to be provided for under the irrigation

major and minor heads concerned at the rate of 14 per cent. of the cost of establishment. As these revised orders were issued after the current year's budget was passed by the Legislative Council, no provision could be made therein for these charges under the head '55'.

3. Out of the excess of Rs. 14,69,000 mentioned in paragraph 1 above, a sum of Rs. 50,000 is covered by savings to that extent on the provision for other irrigation works in Sind and the Deccan made in the voted grant under the head '55'. The net excess on the voted grant under this head is, therefore, Rs. 14,19,000. A supplementary grant for Rs. 14,19,000 is, therefore, required and the sanction of the Legislative Council is requested thereto. To cover this amount, loan savings under 'Other unproductive works' will be temporarily utilised during 1927-28 and an equivalent amount will be borrowed from the Government of India next year to cover the expenditure permanently.

*Grant for the expenditure incurred during the current year on the
Harvey-Nariman Case*

In October 1926 Government gave permission to Mr. T. Harvey, late Superintending Engineer in charge of the Industrial Housing Scheme, to institute a criminal prosecution against Mr. K. F. Nariman, for defamation in connection with certain statements made by the latter in his evidence before the Committee appointed by the Government of India in the year 1926 under the Chairmanship of Sir Grimwood Mears in connection with the Back Bay Reclamation Scheme. Under Rule 24 of the Government Servants' Conduct Rules, Government has, in granting sanction to a Government servant to have recourse to a Law Court for the vindication of his public character from defamatory attacks, to decide in each case whether it will itself bear the costs of the proceedings, or whether the Government servant shall institute the proceedings at his own expense, and if so, whether in the event of a decision in his favour, the Government shall re-imburse him to the extent of the whole or any part of the costs. In accordance with this rule, Government decided that the suit against Mr. Nariman should be instituted at their cost, but subject to the condition that in the event of the complaint being dismissed due to Mr. Nariman proving his allegations, the cost should be borne by Mr. Harvey. The Magistrate has decided on this case that Mr. Nariman preferred the charge against Mr. Harvey in good faith before a competent authority although it appeared to the Magistrate on consideration of the evidence before him that Mr. Harvey did not act corruptly in regard to the indent for the excessive number of mild steel bars or in placing the contracts with the several firms referred to by Mr. Nariman in his cross-examination of Mr. Harvey. In view of this decision, Mr. Harvey is not liable to bear the cost of the case, in accordance with the condition mentioned above under which Government have agreed to bear the cost. The whole charge must therefore be borne by Government. The total expenditure incurred by Government on this case amounts to Rs. 60,800 in round figures and sufficient savings to cover the cost of this case are anticipated in the current year's voted budget grant under the head "59-Bombay Development Scheme," as increased by the supplementary grant voted by the Legislative Council at its last September-October Session. In view of the importance and magnitude of this item of expenditure, it has been treated as a new service, and accordingly, although there are sufficient savings within the grant to which the charge is debitable, a supplementary demand is submitted to the Council.

Additional grant under 8-Forest

In the revised estimate under the head "8-Forest" there is an excess of Rs. 1,22,000 under "voted" expenditure. This excess is due mainly to the (a) cost of several revenue yielding departmental timber works in the Southern Circle, e.g., extraction of timber from the Nagzari valley, (b) carting of increased quantities of timber to sale depôts, (c) payment for contracts continued from previous years in addition to new ones of the year, and (d) payment of khoti shares in the Kolaba Division according to the decision in the remanded khoti suits. On the other hand there will be a saving of Rs. 69,000 in the provision for "non-voted" expenditure under this major head. The net excess comes to Rs. 53,000, and it is proposed to reappropriate this sum from the Reserve at the disposal of the Finance Department under "47-Miscellaneous Transferred." Entertainment of tagavi establishment in the Bijapur District

In the Bijapur District much care and enquiry are required to be bestowed upon the selection of suitable tracts for well works and wad works and the selection in those tracts of suitable ryots and suitable fields so that the works undertaken may prove profitable. In order that the work of granting tagavi loans may be carried on uniformly and systematically throughout the district and for accelerating the execution and development of new tagavi schemes the Collector of Bijapur submitted proposals for the entertainment of the following additional staff for a period of one year from 1st July 1927 :—

Five Special Circle Inspectors on pay of Rs. 40 per mensem each in the grade of Rs. 30-5/2-80.

Permanent travelling allowance to the Special Circle Inspectors at the rate of Rs. 15 per mensem each.

Contingent allowance of Re. 1 per mensem to each of them.

Five Peons on Rs. 14 per mensem each.

The extra cost during the current year of the above proposals amounts to Rs. 2,960. Government sanctioned the above proposals, and the extra cost was proposed by the Collector to be met from savings under the head "22-General Administration." *Grant-in-aid to the Kambar Municipality towards the construction of a
new dispensary*

Since 1912, the present building of the Kambar Municipal dispensary has been reported by the Revenue, Medical, Sanitary and Public Works Department Officers to be very old and ricketty, and all of them have since been recommending the construction of a new building for the dispensary. For want of sufficient funds for constructing a new building the Municipality has been carrying out substantial annual repairs but these do not last even for a couple of months. In 1924 the Municipality asked the Executive Engineer to examine the building and report whether it could be substantially remodelled to serve for a decade more. He, however, reported that the building was very old, that the walls which were kacha were hollow in some places due to water leaking through them and that any sum spent on additions and alterations would be money wasted. The Medical Officer also stated that the building appeared to be unsafe especially during the rains and that the rain water pouring through the hollows of the walls was damaging medicines on some occasions. The Municipality therefore applied for a grant-in-aid towards a new building, and on the recommendation of the officers concerned, Government agreed in March 1926 to give a grant of Rs. 19,296 equal to one-half of the cost of the building. It has, however not been found possible up to now to sanction the grant for want of funds, nor could Government make any provision on that account in next year's budget estimates. The Commissioner in Sind has, however, in the meanwhile reported that if funds were not forthcoming at a very early date, the dispensary would cease to exist, as the present building is positively dangerous. The Municipality has again reminded Government in the matter and has expressed its readiness to pay its half share of the cost at any time. The Kambar Taluka has a population of 77,446 and it would indeed be a hardship to the people if the dispensary which is the only grant-in-aid dispensary in the Taluka were to be closed for want of a building. The sanction of the Legislative Council is therefore requested to a supplementary grant under the head "32, Medical" for the dispensary building to be met by reappropriation from the Reserve with the Finance Department.

A total demand of Rs. 4,96,000 (Rs. 1,58,000 for ordinary expenditure and Rs. 3,38,000 for refunds) was voted by the Legislative Council in March 1927 under this head. A Supplementary grant of Rs. 1,11,500 was also made in October last to cover expenditure on account of refunds of the value of stamps embossed on cheque and draft forms in view of the abolition of stamp duty on those documents. The total grant under "7, Stamps" therefore amounts to Rs. 6,07,500 against which the following expenditure is anticipated in the nine-monthly revised estimate :

	Rs.
Ordinary expenditure	1,43,000
Refunds	5,15,000

	6,58,000

There will thus be an excess of Rs. 50,500 over the grant. The excess is due to abnormal refunds of probate duty, which are partially counter-balanced by a decrease of Rs. 15,000 in the ordinary expenditure. The Legislative Council is therefore requested to sanction an additional grant of Rs. 50,000 under the head "7, Stamps."

Grant-in-aid to 5-H Week Fund equal to the receipts on account of the Totalisator Tax and Entertainments Tax in connection with the extra Race meeting of the Western India Turf Club.

The 5-H Week was organised for the benefit of the Bombay Hospital Nursing Associations and the Sir Leslie Wilson Hospital Fund, Bombay. The Stewards of the Western India Turf Club have kindly agreed to donate the proceeds of a day's racing, provided that Government will remit the taxes derived from the Entertainment Tax and Totalisator Tax for the benefit of 5-H Funds on this particular day. The proceeds will be ear-marked for the Nursing Associations of Bombay. An extra-Race Meeting is therefore to be held on the 14th March 1928 and it has been agreed that Government should make over to the 5-H Fund all moneys received from the Western India Turf Club as Totalisator Tax and Entertainment Tax. The total amount that is likely to be recovered is estimated at Rs. 45,000, but the actual payment will be equal to the figure of receipts of the day. The receipts, have, however, to be credited in the first place to provincial funds and cannot be expended without the necessary provision in the budget estimates, and the amount to be paid to the 5-H Fund has to be treated as a grant-in-aid to the Fund and debited to "32-Medical." As no savings are available under that head, it is proposed to reappropriate Rs. 45,000 from the Reserve under "47-Miscellaneous-Transferred" and therefore this demand is presented to the Legislative Council for sanction.

Re-appropriation suggested

Demand voted and now reduced.	Demand voted and now increased.
47-Miscellaneous-Transferred.	32-Medical-Transferred.
Rs. 8,21,456 — Rs. 45,000.	Rs. 43,16,544 plus Rs. 45,000.

AGENDA

Supplementary Agenda for the First Session of the Bombay Legislative Council which commenced on Monday, the 18th February 1928 (Vide Standing Order X, (1)(d))

GOVERNMENT RESOLUTION :

Resolution by the Honourable Mr. J. L. Rieu, C.S.I., I.C.S.

“That this House proceed to elect a representative to serve on each of the Local Advisory Committees for the various Railways from 17th March 1928 on which date the appointment of the members at present sitting on the respective committees expires, for the following periods:—

G. I. P. Railway.—For one year; that is to say up to May 1928 on the present Advisory Committee, and from May 1928 to March 16, 1929, on the new Advisory Committee.

B. B. & C. I. Railway.—For one year; that is to say up to 14th February 1929 on the present Advisory Committee and from 15th February 1929 to 16th March 1929 on the new Advisory Committee.

M. & S. M. Railway.—For one year; that is to say up to 31st March 1928 on the present Advisory Committee and from 1st April 1928 up to 16th March 1929 on the new Advisory Committee.”

DISCUSSION OF MATTERS OF GENERAL PUBLIC INTEREST :

Resolutions by Mr. B. T. Desai, M.L.C.

1. “This Council recommends to the Governor in Council that he be pleased to convey to His Excellency the Viceroy and to His Majesty's Government this Council's sense of acute and profound dissatisfaction at the appointment of the Statutory Commission excluding Indians and this Council's indignation at the calculated affront offered to India by the exclusion of Indians from the Statutory Commission.”

2. “This Council recommends to His Excellency the Governor in Council to give total or partial remission of land assessment in respect of the lands affected and washed away by floods and wherein there is a total or partial failure of crops and to return the land assessment collected in such cases to the owners of such fields.”

3. “This Council recommends to His Excellency the Governor in Council that the official members of this Council should not be allowed to vote on any motion to elect a Legislative Committee to assist the Statutory Commission.”

Resolution by Rao Saheb D. P. Desai, M.L.C.

1. "This Council recommends to Government that the revised land revenue assessment in the Chorasi and Bardoli talukas of the Surat District, sanctioned by Government, shall not be collected."

Resolutions by Mr. Shankarrao Jayaramrao Zuvzarrao, M.L.C.

1. "This Council recommends to Government to give to the local boards of every district in the Presidency one-eighth of the net income accruing from the Forest and Excise revenues of such districts."

2. "This Council recommends to Government to construct a direct road from Kalyan to Ahmednagar *via* Junnar by opening up the Nane Ghaut and to treat as Provincial roads all the local board roads merging into the new trunk road."

3. "This Council recommends to Government that the local authorities (both Municipal and Local Board) in the Presidency be directed to submit to Government within one year a complete scheme for the introduction of compulsory primary education in their respective areas."

Resolutions by Mr. H. B. Shivdasani, M.L.C.

1. "This Council recommends to Government that the work of Revision Settlement of the Olpad Taluka, Surat District, be suspended till the principles of Revision Settlement are put on a statutory basis."

2. "This Council recommends to Government that the Revision Settlement which they propose to introduce in the Chikhli Taluka of the Surat District be not given effect to until the principles of Revision Settlements are put on a statutory basis by the amendment of the Bombay Land Revenue Code to be brought before the Legislative Council shortly."

3. "This Council recommends to Government that the recovery of Land Revenue at the rates of assessment fixed at the new Revision Settlement of the Bardoli and Chorasi Talukas be postponed until the principles of Revision Settlements are put on a statutory basis by the amendment of the Bombay Land Revenue Code to be brought before the Legislative Council shortly and that till then Land Revenue be recovered at the old rates."

4. "This Council recommends to Government that the work of Land Revenue Revision Settlements should be entirely suspended till the principles of Revision Settlements are put on a statutory basis by an amendment of the Bombay Land Revenue Code and that till this is done no fresh Revision Settlements should be introduced anywhere in the Bombay Presidency."

5. " This Council recommends to Government that an amount of Rs. 3,66,400 which represents the difference between the receipts from Himayat assessment on tanks in the Surat District for the years 1913-14 to 1922-23, viz., Rs. 4,37,166 and the amount spent on the repair of those tanks in the same period, viz., Rs. 70,766 be spent in the next three years on the special repair of tanks in the Surat District."

6. " This Council recommends to Government that in future the amount spent in any year on the repair of tanks in a district should not be less than the amount realised as Himayat (Water-rate) assessment from the tanks of that district."

7. " This Council recommends to Government that for the better conduct of the Criminal and Revenue administration of the Bombay Presidency the following changes should be made :—

(a) Revenue officers should exercise no powers under the laws relating to Crimes;

(b) The Prant officers, that is Sub-Divisional Officers, should be abolished; the Collector being given a personal assistant where necessary."

8. " This Council recommends to Government that Revenue Commissionerships should be abolished."

9. " This Council recommends to Government that a committee with a three-fourths non-official majority be appointed to consider and report on the following matters :—

(a) what cottage industries are best suited to the conditions prevailing in this Presidency (including Sind);

(b) what are the best means of introducing such cottage industries and of encouraging their growth and expansion so as to bring them within the easy reach of every villager."

10. " This Council recommends to Government that in view of the agricultural, commercial and industrial importance of Gujarat and Ahmedabad and in view of their contribution to the Provincial and Central exchequer a Provincial road be constructed from Bombay to Ahmedabad by completing all the gaps in this road and by constructing bridges and causeways over all the unbridged rivers and channels within the next five years."

11. " This Council recommends to Government that the portion of the Provincial road from Sisodra to Matwad (Chikhli Taluka) which is entirely Katcha should be metalled immediately."

12. " This Council recommends to Government that a bridge be constructed over the river Auranga near Bulsar, district Surat, in the near future, as there is very heavy traffic across it and it is held up for several hours at every tide."

Resolutions by Mr. G. A. D. Wasif, M.L.C.

1. " This Council recommends to Government to introduce legislation for the registration and licensing of moneylenders with a view to restricting the exorbitant rates of interest prevailing in the Presidency and to free the poor and labouring classes from their heavy and life-long indebtedness."

2. " This Council recommends to Government to appoint at an early date a committee consisting of officials and non-officials to enquire into the condition of cottage industries in the Presidency and to suggest measures for their development."

Resolution by Rao Saheb R. V. Vandekar, M.L.C.

1. " This Council recommends Government to appoint a small committee, consisting of two non-official members of this Council and one official, to enquire into the causes that lead to the rapid decline of population in the Kanara District as has been shown at the last three censuses, and to suggest suitable measures to arrest it."

G. S. RAJADHYAKSHA,

Acting Secretary to the Legislative
Council of the Governor of Bombay.

Bombay, 1st March 1928.
