Maternity Tables

सत्यमेव जयते ।

Census of India, 1951

VOLUME VII MADHYA PRADESH

PART II—D Maternity Tables

By

THE LATE SHRI J. D. KERAWALLA, M.Sc
*Formerly of the Indian Administrative Service
and Superintendent of Census Operations, Madhya Pradesh*

AND

H. N. BANERJEE, M.Sc., LL.B.
*Of the Madhya Pradesh Civil Service
Superintendent of Census Operations, Madhya Pradesh*

NAGPUR

GOVERNMENT PRINTING, MADHYA PRADESH

1953

[Price—Rs. 13-12-0]

NOTE

1. Census of India, 1951, Volume VII, for Madhya Pradesh, is divided into the following Parts :—

PART I .. Report, Subsidiary Tables and Notes thereon.

Part I—A .. Report.

Part I—B .. Subsidiary Tables and Notes thereon.

PART II .. Tables in four Volumes as follows :—

Part II—A .. General Population Tables of the "A" Series and Summary Figures for Districts constituting the "E" Series.

Part II—B .. The Economic Tables of the "B" Series.

Part II—C .. Household and Age (Sample) Tables of the "C" Series and Social and Cultural Tables of the "D" Series.

Part II—D .. The Maternity Tables.

2. The Administration Report is in two Parts—

PART I .. Enumeration (The Enumeration Procedure—Training of Staff—The Census Questionnaire and details of putting it across to the People—The National Register of Citizens—Verification of the 1951 Census Count and the Sample Census Enquiry, etc.).

PART II .. Tabulation.

CONTENTS

<i>Table</i>	<i>Pages</i>
Introduction	i
M-I .. A.—Still Married Women	1 to 14
B.—Widowed or Divorced Women	15 to 32
M-II .. Maternity Table	33 to 36
F-I .. Size of Family and Present Age of Mothers	37 to 58
F-II .. Size of Family according to Age at Birth of First Child	59 to 70
F-III .. Age at Birth of First Child and Number of Children Born	71 to 111
F-IV .. Age at Birth of First Child and Number of Children Surviving	113 to 153
F-V .. Number of Children Born and Surviving	155 to 175

INTRODUCTION

This volume contains the Tables showing the statistics on fertility in Madhya Pradesh. They have been named "Maternity Tables". The data on fertility were collected at the Census by eliciting answers to the question No. 13 in the enumeration slip. The instructions issued to the Enumerators for recording answer to question No. 13 (Number of children born to a woman and age at birth of the first child) were as follows :—

"First write the total number of children including the dead ones. Put a dash and write in brackets the number of surviving children. Again put a dash and write the age of the woman when she gave birth to the first child. Thus, the three entries would be written as '7-(5)-20'. Put 'O' if the slip refers to a woman who has had no children or if it relates to a male."

2. The Maternity Tables included in this volume are of two types—those which are based on the 10 per cent Sample slips separated at the time of initial sorting in the manner explained in the fly-leaf to Maternity Table M-I-A (Still Married Women) and those based on the slips of the total population.

3. The Maternity Tables derived from the 10 per cent Sample are the following :—

- (a) "M-I—A (Still Married Women)" showing present age and age at birth of first child of mothers who are still married.
- (b) "M-I—B (Widowed or Divorced Women)" showing present age and age at birth of first child of mothers who are widowed or divorced.
- (c) M-II showing the distribution of fertile and infertile women amongst the still married women and widowed or divorced women, by various age-groups.

4. The following Maternity Tables are based on the slips of the total populations :—

- (a) F-I—Size of family and present age of mothers.
- (b) F-II—Size of family according to age at the birth of the first child.
- (c) F-III—Age at birth of first child and number of children born.
- (d) F-IV—Age at birth of first child and number of children surviving.
- (e) F-V—Number of children born and surviving.

5. Four Subsidiary Tables 8.1, 8.2, 8.3 and 8.4, regarding the Maternity data of Madhya Pradesh, will be found in "Census of India, 1951, Volume VII—Madhya Pradesh Part I-R"

MATERNITY TABLE M-I

(Showing present age and age at birth of first child of mothers in respect of those mothers who are still married)

A.—Still Married Women

This Table is prepared from the data collected from the 10 per cent sample slips separated at the time of initial sorting of the enumeration slips. The 10 per cent sample was taken out as follows:—

Each enumeration pad which mostly consisted of 100 enumeration slips was broken and the pack of slips was "cut" as in a card-game. The lowest portion was kept above the upper portion and then the slips were dealt into the pigeon-holes marked 1, 2, 3, 4, 5, S, 6, 7, 8, 9, respectively. If a displaced person's slip, was encountered during this sorting, it was dealt into a separate pigeon-hole marked "Displaced Persons". All the slips contained in the pigeon-hole marked "S" were taken the 10 per cent sample slips of the general population.

MATERNITY TABLES M-I

B.—Widowed or Divorced Women

This Table is prepared from the data collected from the 10 per cent sample slips separated at the time of initial sorting of the enumeration slips. The 10 per cent sample was taken out as follows :—

Each enumeration pad which mostly consisted of 100 enumeration slips was broken and the pack of slips was "cut" as in a card-game. The lowest portion was kept above the upper portion and then the slips were dealt into the pigeon-holes marked 1, 2, 3, 4, 5, S 6, 7, 8, 9, respectively. If a displaced person's slip, was encountered during this sorting, it was dealt into a separate pigeon-hole marked "Displaced Persons". All the slips contained in the pigeon-hole marked "S" were taken as the 10 per cent sample slips of the general population.
