CHAPTER I

GENERAL AND POLITICAL.

Boundaries. The State has been divided into five Talukas and one Peta, in all comprising 244 villages scattered over four Districts of the Bombay Presidency. Māngalwedha Taluka is to the South of Pandharpur in the Sholapur District; Shirhatti Taluka is on the borders of the Dharwar District being bounded on the South by the River Tungbhadra; Shahapur Taluka has its villages mixed up with those of the Belgaum and other Talukas of that District; Terdal Peta is surrounded by villages in the Belgaum District and is close to the Jamkhāndi State; Miraj-Prant and Kuchi are thus the only two Talukas which are close to each other and within an easy reach of Sangli, the capital of the State.

Area 2 The area of the State is 1136 square miles.

Population. 3 The population of the State according to the general Census of 1921 is 2,21,321 (Vide Govt. Gazette dated 6-10-1931).

Gross Revenue. 4 The gross revenue of the State on the average of the past five years is Rs. 12,73,799.

Tribute 5 The State pays no tribute either to the Government or to any other State, having once for all, in 1821, ceded to Government in commutation of service, a territory then yielding an annual revenue of Rs. 1,35,000.

Chief-Sabeb & his family. 6 Shrimant Chief-Saheb of Sangli, Honorary Lieutenant. Meherban Sir Chintamanrao Dhundiraj *alias* Appa-Saheb Patwardhan K. C. I. E., is a Brahmin. He was born on the 14th February 1890 and is 35 years old. He is blessed with 3 sons and 3 daughters eldest among whom is Shrimati Indumati Raje *alias* Tai-Saheb, born on the 6th March 1912. The eldest son Yuvaraj Shrimant Madhavrao Rao-Saheb was born on the 7th of March 1915. The other sons are Shrimant Pandurangaro Bala-Saheb born on 26th of November 1916, and Shrimant Govindrao Bhaya-Saheb born on 31st

March 1918; Shrimati Chandravati Devi was born on the 21st of November 1919 while the youngest child Ushadevi was born on 12-9-1923.

Honours enjoyed by the Chief-Saheb 7 Shrimant Chief-Saheb enjoys the following honours:—

- (1) Permanent Salute of 9 guns since 1st January 1918.
- (2) Military Rank of "Honorary Lieutenantcy" since 14th October 1919 in recognition of his valuable services in connection with the War.
- (3) K. C. I. E. since 1st January 1923.
- (4) Honorary A. D. C. to His Excellency the Governor of Bombay. (Vide Bombay Gazette dated 15-5-1924 page 1086).

8 Twice during the year Shrimant Chief-Saheb had been to Delhi—once in November 1924 to attend the Session of the Chamber Tours of the Chief-Saheb, of Princes and in February 1925 to attend the Meetings of the Standing Committee of which he was elected a Member by the Chamber in November 1924. Before going to Delhi in February Shrimant Chief-Saheb had been to Bikaner where H. H. the Maharaja of Bikaner had specially invited him to be present on the occasion of His Excellency the Viceroy's Visit to His Highness.

Shrimant Chief-Saheb visited Terdal Mahal in January 1925 when he inspected several villages therein.

In May 1925, the Chief-Saheb paid a visit to Shirhatti where he stayed for about three weeks. During his stay there he attended to several public needs and watched the working of the Boring Machine at Yerebudihal— which village has been long suffering from acute scarcity of water. He saw the sites of the two proposed dams at Adarkitte and Kellur which are considered likely to be profitable to the Ryots.

9 The most interesting and memorable event of the year was the Visit to Sangli of His Excellency Lt.-Col. the Right Hon'ble Sir Leslie His Excellency's Wilson, P. C., G. C. I. E., C. M. G., D. S. O., Governor of Visit Bombay, and Lady Wilson. His Excellency and Lady Wilson, accompanied by Major Tressider, Mrs. Lang and Major Lang arrived at Sangli Station, by a Special Train, at 8 A. M. on Saturday 11th April 1925, and were cordially received on the Platform by Shrimant Chief-Saheb and the Political Agent. A Salute of 17 guns was fired as His Excellency alighted from the train. After the introduction of State Officials and a few leading Citizens, His Excellency was conducted to a splendid Shamiana, erected outside the Station, where in a crowded meeting of the Citizens he was presented with an address of welcome by the Sangli Municipality. In the course of the address the Municipal Councillors expressed their anxiety "that the historical importance of this State, its traditional associations with the Paramount Power and its area, revenue and population and the importance of its metropolis as a great economical and intellectual centre may receive their due weight in the determination of its rightful status.

His Excellency in replying to the address thanked the Municipality and the people of Sangli for their hearty welcome to him and Lady Wilson and referred in flattering terms to the Educational progress the town of Sangli had made during the regime of the Chief-Saheb. While referring to this matter His Excellency said "This also is a matter for congratulation, because it shows that your Chief and you are considering the interests of all, poor as well as rich, and are not departing from the advice of my predecessor, Sir George Lloyd, that the needs of the many should be given preference to the needs of the few". Reference was also made by His Excellency to the interest taken by the Rani-Saheb in the cause of Female Education. His Excellency remarked in this connection "and I sincerely trust that this excellent example, set by the Rani-Saheb, will be followed in many other places". His Excellency in conclusion congratulated the Municipality on their good work during the last 50 years and expressed a hope that the valued efforts of the Municipality will result in ever-growing prosperity for the citizens of this City. On the conclusion of this function His Excellency and Lady Wilson accompanied by the Chief-Saheb then drove in State to the Vishrambag accompanied by Shrimant Chief-Saheb escorted by his Body Guard. At 10-30 A. M. the Chief-Saheb with his relatives and principal Officials, paid a formal visit to His Excellency at the "Vishrambag". On the occasion of the return visit, Shrimant Chief-Saheb received His Excellency in a Public Darbar at the Palace Darbar Hall at 11-30 A. M. Simalar visits were exchanged between Shrimant Sakal Soubhagyawati Rani-Saheb and Lady Wilson. After the Darbar, Their Excellencies saw the State Museum and Armoury and paid a visit to the State Jail. His Excellency also paid a flying visit to the Willingdon College where he received a warm welcome from the Principal and the staff of the College. At 4-30 P. M. His Excellency visited the State Hospital and laid the foundation Stone of the "Shrimant Soubhagyawati Saraswatibai Patwardhan Maternity Home" to be attached to the Hospital. This "Maternity Home" is the outcome of co-operation between the State Authorities and the leading citizens in a philanthropic cause. It provides for 8 beds for the present and will be fitted with up-to-date appliances and accessories, required to conduct labour cases on aseptic lines. In the course of his speech on this occasion His Excellency referred to the question of Maternity and Child Welfare in India and paid a tribute to the enlightened policy of the Chief-Saheb and the Rani-Saheb in providing for Maternity facilities and advised the people to take the fullest advantage of them. After short visits to High-School and the Girls' School, Their Excellencies the Governor and Lady Wilson were entertained at a Garden Party in the Ambrai Gardens at 5-15 P. M. A large number of guests, representing various castes and trades were specially invited for the occasion; a few prominent among them were introduced to His Excellency. The distinguished guests were then taken to the Parade Ground near the Mal Bungalow to witness the State Boy Scouts Rally and the Police and Risala Sports. The former was organised under the special guidance and personal supervision of Professor V. Venkateshwaram of Madras, and his Excellency appeared immensely interested in it. More than 200

Scouts and 100 Cubs formed themselves into a semi-circle and gave a salute. The Cubs led by the Yuvaraj gave a charming performance of a snake dance. The Scouts had erected a village colony of about 80 huts, each group of 4 huts clustering around a central den. His Excellency entered practically every hut and was extremely delighted with the manifold activities displayed. The Risala Sports and wrestling matches were also very interesting. At 6-30 P. M. Lady Wilson opened the Baby Show.

In requesting Her Excellency Lady Wilson to open the Show, Shri-mant Soubhagyawati Rani-Saheb briefly gave the History of the Baby Weeks in Sangli and explained the lines on which these were organised here. She also referred to the activities of Their Excellencies in alleviating the sufferings of the distressed and the poor, in administering to the needs of the humble and the lowly, and in ameliorating the lot of women and children. The Sangli Baby Week has had the privilege to receive the present of a photograph of Her Excellency the Countess of Reading with her warmest good wishes. Her Excellency Lady Wilson expressed her perfect satisfaction at the success of our "Baby Week" and remarked "I congratulate you, Chief-Saheb and Rani-Saheb, on the broad minded way in which you have come forward to help the movement (Child welfare) in your State."

State Banquet was held at 8-30 P. M. at Vishrambag in honour of the illustrious guests to which were invited the Political Officers, the Local Missionaries and the Missionaries from Miraj and Kolhapur &c. and the high Officials of the State. In proposing the toast of Their Excellencies the Chief-Saheb referred with "justifiable pride" to his position as the representative of the seniormost branch of the family, who had the high honour of being the most "ancient friends and staunch allies" of the British Government and to the memorable services rendered by his ancestors, in the establishment and consolidation of the British power in India, which, as the generous Duke of Wellington observed, "would never be forgotten by the British Government." The Chief also expressed his determination to follow the footsteps of his ancestors in maintaining the traditions of the State for loyalty to the Crown and regard for the welfare of its people. His Excellency, during the course of his reply, remarked that the unflinching loyalty of the State had stood to the test of time, stress, and storm. "In many directions", His Excellency continued, "I have seen evidence of the interest which, you, Chief-Saheb and your Rani-Saheb, take in the welfare and development of your people, the Schools which with the College lately founded in the neighbouring British Territory now provided for the education from the earliest almost to the final stages; the well equipped Hospital, which ministers to their physical needs and the Railway which connects them with the outside world, and contributes so greatly to their material prosperity. I have also heard with gratification of the energy with which you undertake the numerous duties, connected with your high position and of your zeal for the principles of justice." His Excellency echoed the sentiments of the Chief-Saheb about Colonel Pottinger. His Excellency said "it will be a great loss to me as it will be to you, when he (Col. Pottinger) leaves his present post which he has filled with such tact, ability and success."

The closing function of this eventful day was the display of Fire-works at 9-45 P. M., after which, the distinguished guests left by Special Train from Vishram-Bag Station.

His Excellency expressed himself as throughly satisfied with the working of all the institutions he had visited in Sangli. In the visit of the "very up-to-date," Hospital he remarked "The Hospital is a credit to the State;-which is saying much-when it has been pleasure to-day to see personally how the affairs of the State are conducted by the Chief-Saheb aided as he is so much by the Rani-Saheb in all matters of social progress."

10 The Resident at Kolhapur and Political Agent, S. M. C. States Visit of the Pol Agent and the Assistant Political Agent S. M. C. States visited and others to Sangli. Sangli in August and December respectively.

The University Commission visited Sangli in January 1925.

CHAPTER II.

ADMINISTRATION OF LAND.

15 The Land Revenue demand according to the Jamabandi of the year 1924-25 was roughly speaking Rs. 7,36,860 as against Land Revenue. Rs. 7,66,278 of the last year. The decrease in Jamabandi was due to the deduction of enhanced revenue on Inam lands in Revision Survey. The arrears at the close of the year amounted to Rs. 1,98,402 as against Rs. 3,52,068 in the last year. Although the season was fair the yield of the crops was not so bumper as to justify the recovery of a larger amount of arrears besides the dues of the current year.

16 During the year under report the amount of remission of Land Revenue & Suspensions. Revenue was given as under:—

Rs. 8,904	in the	Shahapur Taluka
„ 3,944	„	Shirhatti „
„ 62	„	Mangalwedha „

Rs. 12,910

This remission is especially due to the deduction of Revision Wadhawa.

Suspensions of Land Revenue to the extent of Rs. 143 were given in the Shirhatti Taluka on account of Water rate.

17 The following table will show the extent to which notices were issued for the recovery of Land Revenue. No other form of coercive measures was resorted to during the year under report.

58 The Central Jail is located within the walls of the Fort of Sangli where accommodation is sufficient for the requirements of the State; the rooms are well ventilated, well lighted and well protected. It has a well of its own in the compound which supplies water for the vegetable garden. The supply of drinking water is taken from the City Water Works.

The Lock-Ups are situated in the Taluka towns close to the Revenue Offices and are well lighted and ventilated. There too the accommodation is sufficient for local requirements.

59 The Civil prisoners are kept in a separate room in the Central Jail. In the year under report 9 such prisoners were admitted and released.

60 The number of jail offences in the year under report was 11 as against 12 in the previous year.

61 The remission system is in vogue in the State and has been working well in the Central Jail; 29 out of 86 prisoners got advantage of it according to rules.

62 The prisoners in the Jail as a rule enjoyed good health. 176 prisoners were under medical treatment of whom 171 were cured, 1 died 1 was released being incurable and 3 remained at the end of the year under treatment as against 305 prisoners under medical treatment of whom 274 were cured and 31 remained at the close of the year under treatment in the previous year. Influenza epidemic was to a slight degree prevalent in the Jail during the year under report. There were 12 cases but no death.

63 The total expenditure on the dietary and clothing for the prisoners in the year under report was Rs. 8,269 as against Rs. 8,100 in the previous year. The annual cost per head on account of the dietary charges alone came to Rs. 90 as against Rs. 85 in the previous year and the total annual cost per head on account of all charges amounted to Rs. 98 as against Rs. 81 in the previous year.

64 The male convicts sentenced to hard labour were given full tasks according to their health and working capacity while female convicts were employed in grinding and winnowing grain and spinning and twisting fibres etc.

65 There are two Japanese looms, 3 Fly Shuttle looms, 4 hand looms and two vertical Looms. They are all in good order. The looms turned out cloth and articles worth Rs. 909 against Rs. 965 in the previous year and articles and cloth worth Rs. 428 were sold as against Rs. 860 in the previous year. This does not include wages of the prisoners but only the cost of raw materials used. The industry of prepar-

ing bricks and flower pots was not carried out during the year under report as there was sufficient stock in the Jail. Articles worth Rs. 30 were sold in the year under report.

The Jail garden supplied vegetable to the prisoners during the whole year under report (which according to contractor's rate may be valued at about Rs. 792) and sold vegetables worth Rs. 88. The total products of the vegetables was thus worth Rs. 880 as against Rs. 885 in the previous year.

The increase in income was due principally to the sale of sandal-wood trees in the Forests and timely auctions of the coupes after wide spread publicity. During the year under report Mr. K. V. Limaye of Shahapur was allowed to make experiments about the cultivation of "Seal-Wax" near Bhutramhatti in the Shahapur Forest and it is hoped that he will be successful in course of time in his attempts. The Forest Officer is closely associated with him and watches and helps the undertaking. It is too early to predict the results.

89 There is a small Forest Nursery at Godihal in the Shahapur Taluka Nursery and it is in fair condition. Mowra seed is being tried to be sown in this Nursery to see if the trees might grow in Forests.

90 There was slight damage in the Shahapur Forest from fires. But Damage. timely efforts were made to check the spread of the fire by the Forest Staff.

91 No demarkation operations were undertaken during the year under Demarkation. report. Working plan for Shirhatti Taluka is ready the coupes are being demarkated.

92 Both the Forests in the Shahapur and Shirhatti Talukas were fairly Crime. looked after during the year under report by the Forest Department. The number of Forest offences detected during the year was 54 of which 34 were detected and disposed of. There were 21 cases of cattle trespass as against 16 in the last year and the number of animals impounded was 309 as against 183 in the last year.

93 Mr. Hasan Mohodin Kittur the Forest Officer of the State continued Personal. to be in charge of the Department and kept the Forests in a fairly good condition.

4 Trade.

94 Sangli is noted for its trade in Jagree, Ghee, Turmeric, tobacco, cotton, chill- Trade. ies and ground-nut. These commodities are chiefly exported to Bombay, Nagpur, Gujarath, Punjab and other places. Among the imports may be mentioned rice, kerosine oil, cloth, wheat, Dal, timber, iron etc. There was no difficulty in securing rolling stock during the year under report.

95 The other trade centres in the State are Shahapur and Rabkavi Other trade centres which export cotton piece goods, coloured cotton and silk yarn. They have been since long known for the fast colour of their cotton and silk goods.

5 Manufactures.

96 Sangli and Shahapur are noted for copper and brass pots. Sangli Manufactures. is also noted for ornaments and other articles of gold and silver. Shahapur, Terdal and Hangandi make copper and brass pots of large size. Country blankets are manufactured at Shirhatti and in the adjoining villages and also at Mangalwedha. Kavtha-Mahankal manufactures felt and rough woolen carpets. Marihal and Balekundri in Shahapur Taluka and Bannikop in Shirhatti Taluka have small factories of glass bangles. Belhatti in the Shirhatti Taluka makes some articles of soft stone such as utensils of domestic use etc. as this sort of stone is found only in the quarries of the Shirhatti Taluka. Cotton articles such as Pasodis and carpets are manufactured on large scale in several places in the State such as Kavlapur, Durdhondi, Nagrale, Kavtha-Mahankal etc. on handlooms. There are two weaving factories at Sangli which produce ordinary Lugadis and Dhotirs of various kinds for the use of middle class people on a large scale. There are two Oil Mills at Sangli which extract oil from groundnuts and other seeds by the aid of power machines.

8 Sangli Water Works.

99 In addition to supplying water to the town the " Sangli Water Sangli Water Works. Works " supply water to the Palace on the Mal, the Guest House and the State Gardens and to the Willingdon College. These works are under the direct control of a First Class Mechanical Engineer under the general supervision of the State Engineer. The Engines and Boilers were supplied by Messrs James Sympson & Co. in 1911 and erected in 1913. The Engines work for about 10 hours a day and supply about 4,50,000 gallons of water per day. During the year under report the cost of running the plant was about Rs. 28,319. Water-tax collected during the year amounted to about Rs. 17,000 only. The expenditure during the year under report was as under.—

Unless a general water-tax is levied and water is given by the Metre whenever connections are given from the main line we shall not be able to make the two ends meet and the works must be run at a heavy loss.

The Boilers were inspected by the Government Boiler Inspector as usual. The system of distribution of water to the different part of the town by turns was in vogue as it was found to be more suitable. The distribution of water to all the parts—new and old was thus ample. The steel reservoir has developed some leakage at the top owing to alternate action of heat and cold every day. To prevent further rusting the whole tank was painted inside and outside by anticorrosive paints. The matter is still under consideration.

The three inches pipe line from the Railway gate No. 3 to the Guest House was replaced by four inches one and was extended to the Willingdon College in order to give them a daily supply of water from Sangli.

Kakadwadi water supply could not supply any water owing to the insufficient rain-fall for the last six years.

9 Electric Light Installation.

100 Electric light installations are constructed at the Mal-Bungalow and Electric Light Plant, the Guest House at the cost of Rs. 25,000 and Rs. 15,000 respectively and they are working on the whole satisfactorily.

10 Telephones.

101 The Telephones continued to work fairly well. The working cost Telephones. was Rs. 1,169-6-9 in the year under report.

11 Post and Telegraph Offices.

102 The number of Post and Telegraph Offices in the State was 18 Post & Telegraph. and 3 respectively.

Mint 103 There is no Mint in the State.

13 Excise.

104 The Abkari revenue of the State have been farmed out to the Excise. British Government who control the manufacture and sale of liquor, Tadi and Hemp Drugs.

Opium is obtained from the nearest Government Treasury. Appendix XXI gives the number of shops and the revenue realised in the year.

14 The Economic Condition.

105 The economic condition of the people in this State during the year The economic under report may on the whole be said to be fair. The po- condition. pulation consists mostly of agriculturists. This year the rain-fall was just sufficient for the crops and so the harvest was better than n the last year. Paddy crop was good. Javari crop was fair in all the Talukas except Kuchi. Cotton crop suffered much owing to the want of later rains. The prices of fodder were lower than in the last year. Water and fodder supply was sufficient in all the Talukas. Cattle disease was prevailing in Mangalwedha, Shirhatti, Shahapur and Terdal Talukas. Veterinary Doctors' help was given and a good number of cattle was inoculated in each Taluka. The conditions of the artizans was good, weavers fair and that of the cultivators was moderate. The labour classes were well off as they got sufficient work and wages. Appendix XX gives the agricultural stock in the State during the year under report.

3 Medical Relief.

117 During the year under report the number of Hospitals and Dispensaries in the State continued to be 7 as in the previous year.
Hospitals & Dispensaries All of them, except that at Dodwad, have accommodation for Indoor patients and quarters for the Staff. Out of the six Dispensaries one was in charge of an Asst. Surgeon, 4 in that of Sub-Asst. Surgeons and one in charge of a Senior Compounder. The Dispensary at Dodwad is intended only for that single village which is isolated from the rest of the State. There are the Wahiwatdar and his small Staff and the Police Station Staff located there. The Dispensary is placed in charge of a senior Compounder who treats ordinary ailments. It is meant to be just better than a medical chest supplied to touring Officers and to give better relief than "First Aid" in the case of accidents &c. and served its object very well.

118 The details of the work done in these Institutions and the expenditure incurred in connection therewith are given in
Extent of medical relief given and expenditure Appendix XXIII. The total attendance in these Institutions was 41883 as against 42771 of the previous year out of which 169 against 139 of the previous year, were indoor patients. The decrease in attendance was due to the absence of any severe epidemic in the State. The expenditure incurred on medical relief during the year under report was Rs. 26612-8-9 as against Rs. 25882-8-11 in the previous year. The medicines were every where distributed free of charge and without any distinction of caste or creed.

119 Besides the Dispensaries at each Taluka Head Quarter, 18 medicine chests, are kept in big villages in charge of respectable persons, with full instructions to dispense the medicines contained in them. The stock of medicines in these chests is replenished from time to time from the Taluka Dispensaries.
Other form of Medical Relief.

120 The prevailing diseases in the year under report were malarial fever, dysentery, Rheumatism, Worms, intestine diseases, diseases of the skin, ear, eye and diseases of the digestive system.
Prevailing Diseases.

3 Vaccination.

121 Vaccination with Glycerinated Lymph is in force in this State and the supply of lymph is received from the Govt.
Vaccination. Vaccine institute at Belgaum. The State has now to pay a yearly contribution of Rs. 443 as against Rs. 341 in previous year^s for the supply of lymph.

122 The Chief Medical Officer is also the Supdt. of Vaccination. There are six Taluka Vaccinators and two Vaccination Staff. Inspectors, one of whom is a Sub-Asst. Surgeon and there is one paid candidate vaccinator. The candidate is attached to the Supdt's Office and acts as a relieving hand. Vaccination is free and has become popular.

123 The sub-joined table shows the work done by the Vaccination Primary & revaccination Department during the year under report as compared with that in the preceding year.

CHAPTER VII.

PUBLIC INSTRUCTION.

125 The State has made adequate provision for the Primary and Secondary Education of its subjects in all the talukas. Primary educational facilities in the State. Primary education has been made free to all classes of subjects and it has also been made compulsory in some places. There are three High Schools in the State and the Deccan Education Society has established a full grade Arts College on Kupwad-Mal near Vishrambag Station on the Sangli State Railway. Sangli thus affords up-to-date educational facilities to the public from infants to grown-up boys and girls and has developed into an educational centre. The number of School-going boys and girls in the Primary and Secondary Schools at Sangli was about 3000 in the year under report. Many of the students are helped by kind and benevolent persons in prosecuting their studies in various ways. The State also helps a large number of pupils by providing them with food twice a day for two and half months in summer. About 200 students are also given food once a day throughout the year on producing certificates from the respective Head Masters. There are Jain and Lingayat Boardings also maintained by those communities. The Namdev Samaj has also started a Boarding of its own this year.

126 The total number of Schools of all sorts in the State is 192 with 15638 pupils in the current year as against 181 Schools with 14789 pupils in the previous year. The percentage of students receiving instruction in these institutions to the entire population of the State was 7 as against 6.6 in the previous year. The details of these Schools are given in Appendix XXV and Schedule B.

127 Of the three High Schools two are maintained by the State and the third is conducted by the Sangli Education Society with the State's contribution, All the three High Schools are ably conducted and are doing efficient work as will be seen from the results of the University Examinations given below;—

In Sangli High School one student secured the Jaganath Shankarshet and the Akbarnavis Scholarships. The boy who topped the list of

passed at the University Matric Examination belonged to the State High School and two more students of the High School stood within first six successful boys.

In addition to the usual curriculum moral and religious education continues to be imparted as before. Physical education has also been properly attended to. Students do drill, play cricket and foot ball as also the Indian Games viz, Atya-Patya and Khokho. Training in Scouting is also being given to the students. Five teachers of the Staff were deputed to the Scout Master's Training Class at Kolhapur at the expense of the State. In addition to this a special Scout Master was appointed for some months. During the year under report some students were sent to compete at the races at Satara and Poona. Shimga Sports and Swimming Races are held at Sangli and prizes are given to some of the successful candidates by the State. A singing class has also been attached to the Sangli High School where a Gavai gives lessons to students in singing.

128 Drawing is one of the optional subjects selected for the first five standards and is taught in all the High Schools. The results of the Drawing examination given below testify to the efficient teaching of the Drawing Masters:—

One Sangli High School student won an open prize in the Intermediate Grade Examination.

Details regarding the classifications of pupils attending these High Schools by castes and creeds are given in Schedule B.

126 There is no hostel attached to any of the High Schools. The number of free-studentships in Sangli and Shahapur High Schools has been 15% and half of this number has been reserved for backward classes. There are 22 scholarships as against the same number of the previous year. In the Shahapur High School there were 8 scholarships in the four Higher Standards open for general competition. In the City High School at Sangli the number of freeships is 10%. There are no scholarships for open competition in the City High School.

130 There are five Anglo Ver. Schools in the State viz. Kuchi, Mangalwedha, Terdal, Rabkavi & Shirhatti. Four of these are Anglo Ver. Schools, maintained by the State and the one at Rabkavi by the Municipality. They teach up to III English Standard in addition to 4 Ver

Standards. Drawing and Gymnastics are also taught in these Schools for which trained teachers have been engaged. The percentage of freeships in these Anglo Ver. Schools is the same as it is in the High Schools.

131 The total number of schools maintained by the State is 177 of which Primary Education, one is a Night School, 12 are Girls' Schools proper, 7 Low Caste Schools and the remaining 157 Boys' Schools. Provision has been made for girls and low caste boys for admission in Boys' Schools in places where there are no special schools for them. Ten Ver. Schools teach the full Ver. course and send up pupils for the Vernacular Final Examination. During the year under report 59 students were sent out of whom 35 passed.

132 There are 12 Girls' Schools in the State. The number on the rolls Girls' Schools. in these schools was 1,462 on the 31st March 1925 as against 1,457 in the previous year. In villages where there are no Girls' schools girls are admitted into boys' schools and the number of such girls was 863 as against 719 of the last year. Most of the Girls' schools in the State have been provided with Charkas in addition to needle work. The English classes attached to the Sangli and Shahapur Girls' schools were working well during the year under report. The management of the Girls' Schools at Sangli continues to be in the hands of a mixed Board of Ladies and Gentlemen since 1st April 1919. The Board also looks after the Home Classes of Ladies started by the Mahila Samaj of Sangli. The number of Ladies attending these classes was 83. These classes teach the first three English standards in addition to the full Ver. Course and singing and sewing in addition. During the year under report 4 girl-students were sent up for the Ver. Final Examination out of whom 3 came out successful.

133 The Assistant Political Agent paid an informal visit to the High Asstt. Political School at Shahapur on 26-1-1925 and remarked.—
Agent's visit.

“ Visited the School this morning and examined some of the classes. Was pleased with the answers to my question on the whole ”.

His remarks on the Girls' Schools which he visited on the same day are.—

“ Visited this excellent Girls' School this morning and was very pleased to see how well run it was and how contented the pupils looked. A few girls have commenced to learn English.

State of the building—V. good; general appearance of the School—V. good ”.

134 There is one Hindusthani School at Sangli and five Urdu classes Hindusthani Schools. at several other places in the State. The number of pupils attending these institutions during the year under report was 257 as against 254 in the previous year.

135 There are 7 independent schools for the children of the depressed classes in the State. In addition to these there is one school for the depressed class boys and girls. class attached to the Vernacular Boys' School at Shahapur for the depressed to facilitate their education. The number of pupils in these schools was 361 as against 332 of the last year. Besides these, boys and girls of the depressed classes are allowed to attend the Vernacular Schools and the number of such pupils was 658 as against 540 of the previous year. There are 18 scholarships specially reserved for boys of depressed classes out of which 14 are allotted to Primary Schools and 3 to the Sangli High School.

136 There are 13 unaided schools in the State. The boys and girls attending them were 714.

137 There are 5 Sanskrit Schools at Sangli. The number of scholars was 78 as against 100 of the previous year. These schools form a peculiar feature of the Educational Department of the State. Nowhere else in this part of the country is there such a facility for acquiring the knowledge of the ancient lore of our country. These schools have been sending year after year full fledged Sanskritists and Pandits in different branches of the old lore.

138 All the schools in the State were regularly examined by the Deputy Educational Inspector and his two Assistants. The conduct and discipline of the students were found to be satisfactory everywhere. The progress of the system of compulsory education introduced in the State is carefully watched and scrutinised with special care by the Deputy Educational Inspector and his two Assistants.

139 Every year some students are sent to the Poona and Dharwar Trained Teachers' Training Colleges and the Satara and Sholapur Training Schools at the expense of the State. During the year under report 6 students were deputed to the institutions for such training. Three of the students sent last year have joined the State service.

140 Primary education has been made free from the year 1906 through out the State. The detailed account about it was given in the Administration Report for the year 1919-20. It was also made compulsory since 1906 in some villages. In 1916 the scheme for the free and compulsory education was formulated in the light of the experience gained during the preceding years. The number of villages in which compulsory education has been introduced is 70 and the average attendance of pupils in them was 2,046 as against 2,210 of the previous year. The decrease is due to the fact that the pupils had gone away from their villages owing to famine.

141 During the year under report there were 12 Libraries in the State, Libraries and 3 at Sangli, 1 at Kavtha-Mahankal, 1 at Mangalwedha, 2 at Reading rooms. Rabkavi, 1 at Terdal, 1 at Digraj, 1 at Shahapur, 1 at Dodwad and 1 at Shirhatti. The Libraries at Sangli, Shahapur, Mangalwedha and Shirhatti are in good condition, while the rest are small ones with a limited number of news-papers, books and subscribers. The General Library at Sangli received grants from both the State and the Municipality. The Libraries at Mangalwedha, Rabkavi and Kavtha-Mahankal receive grants from the Municipalities only. Reading rooms are also opened in some of the schools and they are maintained by subscriptions from students.

CHAPTER VIII.

MISCELLANEOUS.

1 *Printing Presses*

142 There are five Printing Presses in the State. One belongs to the State Presses. which is called the Sangli State Press and it does most of the printing work for the State. The other Presses are.—

- 1 The Chintamani Press belongs to Mr. V. R. Rajwade.
- 2 The Datta Printing Press belongs to Mr. S. A. Vaishampayan.
- 3 Shri Ram Press belongs to Mr. Narayan Laxuman Jog of Vita.
- 4 The Mahavir Press, Sangli, belongs to Mr. Babu Tavnappa Upadyaya.

All of them are located at Sangli. They do not print news-papers but do only job work.

2 *Distribution of Wild Animals.*

143 During the year under report the Chiefsahab of Sangli killed one Wild Animals panther in Terdal Taluka and three panthers in the Shirhatti Taluka. No other Shikari is reported to have killed any panther. There were three deaths from snake bite in the Kuchi Taluka.

3 *Removal of prickly-pear.*

144 About 18 acres in Shahapur Taluka and 3 acres in Terdal Mahal Prickly-pear. were cleared of prickly-pear during the year under report.

4 *Fairs.*

145 There were about 25 fairs held in the State during the year under Fairs. report. The principal among them were as under.—

- 1 Fakir-Swami Fair at Shirhatti in the month of Vaishakh.
- 2 Prabhuswami Fair at Terdal in the Month of Shravan.
- 3 Parbhatmai Fair at Rabkavi " "
- 4 Mardan Gaibi Fair at Mangalwedha in the month of Rajab.

5 *Railways.*

146 The Sangli State Railway was opened in the year 1907. The net Railways. earnings of this Railway during the year ending 31st March 1925 amounted to Rs. 43,259-6-3 as against Rs. 34,044 in the previous year.

6 *State Cattle.*

147 The State cattle are kept under the supervision of two Agricultural State cattle. Graduates. The State has Kuran lands in three Talukas at 12 different places.—

- | | |
|-------|------------------------------|
| 795 | acres in Miraj-Prant Taluka. |
| 4,778 | acres in Kuchi and |
| 2,202 | acres in Mangalwedha Taluka. |

These Kuran lands supply the wants of the State in the matter of fodder and enable a large number of cattle being maintained for agricultural and other purposes.

In the year under report the State had 617 heads of cattle in all out of which 48 bull-calves were sold for Rs. 2,028. The State also keeps a camel-herd which contain 125 camels. Out of these 13 camels were sold for Rs. 1,586. The total expenditure incurred by the State on the maintenance of these animals was Rs. 10,141.

7 Town-Extension.

148 The work of Town-Extension is progressing since 1914 when the Town-Extension. unusually high floods of the Krishna river inundated almost the whole of the town. From that year the State has acquired more than 78 acres of land and has divided it into suitable building sites useful for both rich and poor. There are at present 414 blocks in all out of which 384 have been given out to the people. 307 buildings have been completed and 32 are in progress. The State has upto this time incurred an expenditure of Rs. 80,683 on the work of Town-Extension. The buildings in the new sites are very popular and attractive and a large number of people from outside come here for the benefit of their health and education of their children. Although the extension sites are meant as a relief to the town people there are scarcely any genuine townsmen who have made use of any of the plots for their own residence. The town of Sangli has become a sort of sanatorium and important centre in this part of the Country. The State has however got no return whatever for the large expenditure it has incurred on acquiring the land, making roads, pipe connections etc. It is entitled to an adequate return on the outlay. There is no Municipality nor Sanitary Committee for this area which is in charge of a Town-Extension Officer. There are as yet no lighting nor street sweeping arrangements and the pipe-water is all soaking in the ground in the absence of drainage. The area most needs be given in charge of the town Municipality or constituted a Municipality by itself. Both the matters are under consideration.

8 Agriculture.

149 Agriculture being the main stay of the people in this State as in Agricultural the rest of the country, efforts are being made to introduce improved methods of agriculture and to induce people to take to them kindly. This is being done with the aid of two Agricultural Graduates. Their principal duty lies in disseminating the knowledge of the improved methods of agriculture amongst the people pointing them the defects in the methods they follow and teaching them how to avoid those defects.

In the year under report Mr. G. V. Gokhale one of the Agricultural Graduate was in charge of a Prickly-Pear Camp at Terdal. The idea of using prickly-pear as food for cattle was ridiculed in the beginning but as time went on the cattle were found to be prospering on that fodder without showing any detrimental effects on the health of the cattle and the people

were convinced of its utility as cattle food. Mr. Maralikal one of the leading Rayats at Terdal being convinced of its use purchased all the apparatus required for removing the thorns and is reported to have begun to feed his cattle on the prickly-pear.

Mr. Gokhale also paid special attention to the introduction of the turmeric crop in Shahapur Taluka. A small plot was specially prepared at Kadoli for the cultivation of turmeric in one of the cultivators' field and all the operations from planting to the harvesting were carried out according to his instructions by the cultivator and a good yield was obtained. Many cultivators were taken to this demonstration plot and all the advantages from growing this crop were impressed on their minds. Some of them have promised its cultivation next year.

Encilage in State Kuran lands is being done for the last four years. In the year under report nearly two lacks of bundles of green grass were put in the pit siloes. The whole mass turned out good and the cattle ate it with relish. Sangli Panjarpol and one rayat at Padmal took advantage of this system and got two siloes prepared and fodder put in them which also turned out good.

The agricultural graduate Mr. Y. G. Kale made his tour in the Kuchi and Shirhatti Talukas and is reported to have given some instructions to the Rayats. He has published two articles in the monthly magazine of "Chitramaya-Jagat" under the heading वेळीं अवेळीं पडणाऱ्या शेड्या पावसावरील जिरायत शेती in the year under report.

9 Co-operative Societies.

150 The Co-operative movement in the State was started in the year Co-operative Societies. 1908. During the year under report the number of co-operative Societies continued to be 24 as in the last year.

The total number of members of these Societies was 2571 as against 2435 of the last year. The amount of working capital was Rs. 70,986 as against Rs. 55,474 in the previous year. The amount of reserve fund was Rs. 18,095 as against Rs. 13,242 of the last year. No new advances were made by the State to any Society and those made previously are being recovered. Mr. R. N. Rajadnye Honorary Organizer co-operative Societies, Satara, visited some of the societies in the Miraj-Prant Taluka and submitted his suggestions to the Huzur. Mr. D. A. Lotlikar was appointed as Organizer of the co-operative Societies in the State for six months as a tentative measure. He inspected Miraj-Prant and Kuchi Taluka Societies and gave them instructions for their proper management.

10 The Sangli Bank Ltd.

151 The Sangli Bank Ltd. a joint stock Company registered under the Indian Companies Act (Act VII of 1913) as applied to the Sangli State and having its registered office at Sangli commenced its business in October 1916. The authorised captil of

the Company is two lacks of rupees divided into 2000 shares of Rs. 100 each. Half the number of these shares has been subscribed by the Sangli State. The State however does not hold itself in any way responsible for the affairs of the Bank save in the capacity of a share-holder. Under the Articles of Association an Officer from the higher grade of the State service is to represent the State on the Board of Directors and is to act as their Chairman. The services of one of the officers from the State has been made available to the Bank to do the duties of the Bank Manager. The accounts of the Bank were for the first time audited by a firm of chartered Accountants Messrs Khare & Co. No material irregularities were detected. Their suggestions have been adopted as far as possible. The following table will serve to give an idea of the working of the Bank since its establishment.

Year ending.	Paid up capital Rs.	Reserve fund Rs.	Reserve liability.	Net profit Rs.
1917...	1,00,000	Nil	1,00,000	10,729 10 1

1924...	"	"	"	17,744 13 2

Owing to a big case insolvency of one of the constituents the net profits had dwindled considerably during the next two years but by a careful and watchful management the loss has been made good and the year under report shows a net profit of Rs. 17,744-13-2. The situation is steadily improving.
