REVIEW OF THE ADMINISTRATIVE ACCOUNTS OF IRRIGATION WORKS IN THE BOMBAY STATE FOR THE YEAR 1950-51.

There are 53 Irrigation Works in the State of which seven are classed as "Productive" and the rest as "Unproductive".

2. The revenue accounts of the Irrigation Works have been prepared on the basis adopted in past years. The "Direct Receipts" and "Working Expenses" relate to the financial year, whereas the indirect receipts comprising the Irrigation Share of Land Revenue and collection charges thereof pertain to the revenue year running from 1st of August to 31st of July.

3. The capital invested up to the end of the year 1950-51 on all these works including indirect charges amounted to Rs. 15,17,87,289, Rs. 79,30,222 being on account of the seven productive works and the balance on account of unproductive works. With the exception of the Gokak Canal (second section); which has been held in abeyance, the Meshwa Canal, Wardala Tank, Mahi Canal, Ghatprabha Left Bank Canal, Ranand Tank, Budhial Tank, Kolchi weir, Radhanagari Hydro Electric Scheme and Kakrapar weir and canal which were under construction and Sabarmati Valley Project and Narbada Project which were under investigation all works were in operation during the year.

4. The financial results of all irrigation works in the State taken together show during the year under review an aggregate net loss of Rs. 23·98 lakhs, as compared with losses of Rs. 8·97 lakhs and Rs. 12·85 lakhs during the preceding two years, viz., 1948-49 and 1949-50 respectively. The increase in loss compared with 1949-50 is chiefly due to increase in interest charges (Rs. 6·83 lakhs) and working expenses (Rs. 8·82 lakhs) partly set off by increase in revenue receipts (Rs. 4·52 lakhs).

PRODUCTIVE WORKS.

5. Of the seven irrigation works under this class, one has been in operation for 79 years, two for 69 years and one for 29 years. Of the remaining three one is under construction and two are under investigation. The percentage of return on capital invested during the past three years on the four works which were in operation during the year under review was as follows:—

—	Criterion of productivity.	1948-49.	1949-50.	1950-51.
	Per cent.			
(1) Gadikeri Tank	4	3·79	11·06
(2) Mavinkop Tank	4	4·10	2·71
(3) Ekruk Tank	4	21·78	10·15	17·46
(4) Shahada Channel	5	1·10

In the case of the Shahada Channel the fall in the percentage of return in the past three years, in spite of an increase in the area irrigated during that period is due to concessional water rates having been sanctioned to encourage the production

of food and fodder crops and restrictions imposed on high rated crops such as sugarcane, bananas, etc. Government have, therefore, decided that the present classification of the Shahada Channel, viz., Productive should continue till the restoration of normal conditions.

UNPRODUCTIVE.

6. The number of irrigation works under this class during the year under review was 46. Of these 37 were in operation, 8 under construction and one held in abeyance. Twenty-six of these Canals have been in operation for over 61 years and nine from 27 to 47 years.

7. The works of constructing major irrigation schemes viz. Meshwa canal, Gangapur Dam, Ghataprabha left Bank canal and Ranand Tank which were undertaken with a view to intensify food production in connection with the "Grow more Food Campaign" were in full swing during the year under review. One new project viz. the Radhanagari Hydro Electric Scheme which is a Multipurpose Scheme was undertaken during this year.

8. As mentioned in paragraph 9 of the last year's review, the net figure of "Indirect Receipts" in respect of the Dharma Canal is a minus figure this year also. It is hoped that the present situation will improve when the work of improvements to the Canal is completed.

9. The working expenses exceeded the revenue during the year in the following cases :—

Name of the Canal.	Deficit in revenue.
	Rs.
(1) Chikhali Canal	1,739
(2) Hathmati and Kharicut Canal	60,277
(3) Dambal Tank	286
(4) Medleri Tank	478
(5) Mhaswa Tank	4,179
(6) Muchkundi Tank	558
(7) Bhadalwadi Tank	2,834
(8) Bhatodi Tank	11,102
(9) Krishna Canal	9,17,049
(10) Upper Man River Works	2,411
(11) Lower Panzra River Works	16,950
(12) Wangroli Tank	6,785
(13) Tranza Nagrama Tank	598
(14) Savli Tank	2,856
(15) Futelao Tank	838
(16) Dharma Canal	19,478
(17) Vadhwana Tank	30,543
(18) Vijapur Tube Well Scheme	55,472

10. The cases in which there was an increase in the working expenses without corresponding adequate increase in receipts are noted below :—

Name of Canal.	Working Expenses.		Receipts.	
	1949-50.	1950-51.	1949-50.	1950-51.
	Rs.	Rs.	Rs.	Rs.

(11) Vadhvana Tank	15,261	48,787	16,022	18,244

(A) Exclusive of figures on account of recoveries of expenditure.

11. The following Canals have shown marked decline in gross receipts during the year as compared with those in the preceding year :—

Name of Canal.	Receipts.	
	1949-50.	1950-51.
	Rs.	Rs.
(1) Asundi Tank	4,225	2,360
(2) Maini Tank	14,040	9,282
(3) Kadwa River Works	1,18,871	98,025
(4) Wangroli Tank	5,853	2,536
(5) Savli Tank	3,920	2,993
(6) Chankapur Tank	2,87,986	2,41,796

12. With the exception of the Mutha Canal including Matoba Tank, Gokak Canal (first section) and storage works, Nira Left Bank Canal and Shetphal Tank, Chankapur Tank, Godavari Canal and Pravara River Works the percentages of return of which were 4.49, 7.02, 4.49, 2.33, 2.49, and 4.01 respectively during the year under review, no work under this class has shown satisfactory results.

C.—FIGURES FOR WORKS FOR WHICH NO CAPITAL ACCOUNTS ARE KEPT.

5. These are either miscellaneous works or works for which neither Capital nor Revenue Accounts are kept. The receipts on these works are principally in the

form of a share of the land revenue and are termed "Indirect" and as such are book credits, so that figures of revenue appearing in the Finance Accounts, as distinguished from the statistical statements in the Irrigation Administration Report, are very small, being for direct revenue only, viz., proceeds from sale of water, etc. The following statement gives a comparison of the figures for the year under report and the average :-
