*Introductory Note.*

With a view to economy in printing and overtaking the arrears in the publication the table relating to the Alphabetical list of Companies at work in India has been omitted from the present Volume which relates to Joint Stock Companies at work in British India and in the Indian States of Hyderabad, Mysore, Baroda, Gwalior, Indore, Travancore, and Cochin during the year 1946-47. The above table will however be reintroduced in the Volume for 1948-49 with up-to-date revision of the particulars. The volumes in this series included figures for British India and Mysore only till 1918-19, but Baroda, Gwalior and Indore were added from 1919-20, Travancore from 1920-21, Hyderabad from 1921-22 and Cochin from 1935-36. The sources of these statistics are the returns prepared by the Registrars of Joint Stock Companies in provinces in regard to companies governed, by the Indian Companies Act VII of 1913 as amended by Act XXII of 1936 and in the case of the Indian States concerned by similar laws relating to registration of companies in force in them. As the information relating to the number, description and capital of companies at work in India, prior to the year 1946-47 is readily available from the thirtieth, thirty-first and thirty-second (Combined) issue of the volume, the figures for such back period have been omitted from the tables of the current issue which have been confined generally to the data for the year 1946-47.

Source of statistics.

The number of newly registered companies (both public and private), together with their authorised, subscribed and paid-up capital for the year 1946-47 is shown in table No. 3. The number of such companies increased in 1946-47 by 67.1 per cent as compared with the previous year. The authorised capital and the paid-up capital of the newly registered companies, as compared with the preceding year, however, increased by 95.7 per cent and 265.8 per cent respectively. The number of private companies registered in 1946-47 was 2,192, as against 1,475 in 1945-46. The total authorised capital of the companies both private and public registered during 1945-46 and 1946-47 was distributed between the different classes as shown below :—

Statistics have been collected, so far as possible, regarding companies which have been incorporated elsewhere than in India, chiefly with sterling capital, but which carry on work in India. Information regarding number, description and capital of these companies working at the end of the year, 1946-47 is shown in Table No. 5. The total number of such companies working at the end of 1946-47 for which returns are available was 834 and the paid-up capital thereof amounted to £724,090,000 besides debentures to the extent of £90,958,000. Of the paid-up capital and debentures, £119,834,000 and 18,393,000 respectively, were invested in petroleum mining, £97,877,000 and £40,855,000 in engineering, £95,657,000 and *nil* in banking, £79,809,000 and £4,345,000 in insurance, £50,015,000 and £9,678,000 in iron, steel and shipbuilding, £30,468,000 and £3,315,000 in navigation, £26,703,000 and £2,036,000 in tea planting, £31,354,000 and £4,184,000 in railways and tramways, £21,591,000 and £76,000 in chemicals and allied trades, £10,584,000 and £250,000 in investment and trust, £8,853,000 and £197,000 in public service companies and £7,402,000 and £3,000 in docks, harbours, shipping, landing and warehousing. The gold fields in Southern India are chiefly worked by companies formed in the United Kingdom, the paid-up sterling capital invested therein being £1,951,000. It should, however, be borne in mind that in the case of most of the banking and insurance companies and of some of the navigation and other trading companies incorporated outside India, only a portion, of the capital shown above is invested in India, as these companies work also in other countries besides India. Companies incorporated outside India.

As the report pertains to a pre-partition period, the designations of provinces, Indian States etc., have been used as in undivided India prior to partition.
