ACKNOWLEDGEMENT

I am heavily indebted to Prof. B. G. Bapat for the guidance and encouragement during the course of preparing this study. My discussions with him were very useful in determining the final shape that this work has taken. In fact, it was a great pleasure to work under Prof. B. G. Bapat.

I am deeply grateful to the authorities of the Gokhale Institute for the award of the U.G.C. Teacher Fellowship and the numerous other facilities including the excellent library. I am also grateful to the University Grants Commission, New Delhi, for the Fellowship which made this study possible.

My thanks are also due to Dr. K. B. Sawant, Principal, B.N.N.College, Bhiwandi, District Thane, for granting me the necessary leave for completing this work.

My heartfelt thanks are also due to Prof. B. S. R. Rao for the help I received from him in various ways.

Shri S. K. Athale deserves praise for the neat and efficient typing of the manuscript.

Finally, I wish to express my indebtedness and gratitude to my wife, Saroj, who cheerfully bore the unwanted externalities of my study, ungrudgingly did all that she could to keep my morale and smilingly suffered my long hours of silence.
