MRS. K. C. DESHPANDE**

**GOKHALE INSTITUTE OF POLITICS & ECONOMICS  
PUNE 411 004,**

**MAY 1982**

## ACKNOWLEDGEMENTS

It was possible to undertake this study on account of the fellowship and study leave enjoyed under the Faculty Improvement Programme of U.G.C. However, neither the beginning nor the process of completing the work would have been possible but for the considerate attitude of Prof. V.M.Dandekar, the then Director of the Gokhale Institute of Politics and Economics, Pune-4. I have no words to express my sense of gratitude to him.

It was a pleasure to work under my guide Prof. (Dr.) S.S.M.Desai. The discussions with him were invariably enlightening. In spite of being burdened with busy schedule, he always willingly spared time to go through my work patiently. He encouraged me to expedite completion of this work. I express my deep sense of gratitude to him.

The completion of this work depended upon the availability of relevant data. Though all the staff of the office of the Deputy Registrar, Co-operative Societies, Dhule District was very co-operative, the study got a real momentum with the joining of Mr. S.V.Belkar as the Deputy Registrar in 1979. He made available to me a number of Government circulars on the concerned subject. The horizons of my study were gradually and continuously extended with each discussion with him. Mr. Belkar always willingly allowed me to encroach upon his valuable time. My deep heart-felt thanks are due to him. I also thank all the staff in his office and the staff in the office of the Auditor of Co-operative Societies and in the office of the Federation of Labour Contract and Construction Societies in Dhule District. It was possible to meet the members of the societies under study due to the co-operation of all these and specially, that of Mr. S.V.Belkar.

The study of the Balutedar Society was particularly difficult as its members were scattered over a block. While Mr. K.M.Patil, Assistant Manager of Dhule District Central Co-operative Bank made available all the records, Mr. T.A.Raul, Branch Manager, Dhule District Central Co-operative Bank, Nandurbar, facilitated interview with the Managing Directors, Secretary and members of the Society under study. I acknowledge with thanks the benefit I reaped from the discussions with all these.

I also put on record my thanks to the authorities and staff of the libraries of the Gokhale Institute of

Politics and Economics and Vaikuntha Mehta Institute of Co-operative Management, Pune for providing me with library facilities and the Principal and the Management of S.S.V.P. Arts and M.F.M.A. Commerce College, Dhule, for sanctioning study leave for three years.
