ACKNOWLEDGEMENTS

I am extremely obliged to Professor B. Debroy for helping me in every possible manner, in writing this dissertation. His valuable suggestions were of great help in determining the final shape of this work. I thank him also for the pains he has taken in translating for me the statistical material in Polish and Bulgarian languages, without which this dissertation would have remained incomplete.

I thank Professor V. S. Chitre too for offering valuable comments on the monetary aspects of this dissertation.

I am grateful to my parents and friends whose encouragement has helped me a lot in pursuing this work.

Finally, I am grateful to Mr. V. N. Inamdar for typing this dissertation promptly and efficiently.
