ACKNOWLEDGEMENTS

I owe a special debt of gratitude to Professor V.M. Dandekar for directing my interest to the English Poor Laws, for going through various earlier drafts of this dissertation, and for his concern for me all through.

I am grateful to Professor K.S. Srikantan, but for whose encouragement this submission would not have been possible.

I also thank the staff of the library of the Gokhale Institute of Politics and Economics, and Shri S.S. Ambardekar for typing out the dissertation quickly and carefully.
