C E R T I F I C A T E

CERTIFIED that the work incorporated in this thesis "THE TRENDS IN CAPACITY UTILIZATION IN THE INDIAN MANUFACTURING SECTOR (1951-86) AND IMPLICATIONS OF FULL UTILIZATION OF CAPACITY" submitted by Shri L. G. Burange was carried out by the candidate under my supervision. Such material as has been obtained from other sources has been duly acknowledged in the thesis.

## ACKNOWLEDGEMENTS

In undertaking any work of the present kind, one has to incur a great deal of debt - intellectual and otherwise - which can never be repaid. The least one can do is to mention them.

This work was carried out at the Gokhale Institute of Politics and Economics, Pune under the guidance of Professor P. Venkatramaiah. I am short of words to express my deep debt of gratitude to my Guru Professor P. Venkatramaiah who not only taught me to walk but made me climb. I am very grateful to him for his patient, encouraging and inspiring guidance.

I am highly indebted to Dr.(Smt) Latika Argade for her many helpful discussions and incisive comments. I am very thankful to Dr.(Smt) Jaya Mehta for her many valuable suggestions. Shri A. R. Kulkarni patiently went through my draft and I am highly obliged to him for his suggestions. I am benefited by discussions with Professors D. U. Sastry and K. Krishnamurty of Institute of Economic Growth, Delhi and I thank them sincerely. I am very thankful to Professor V. S. Chitre, Director of Gokhale Institute of Politics and Economics, Pune for his encouragement at different stages of my work.

I am greatly indebted to Shri D. B. Sardesai who had enormously helped me with the computer programming. I am also thankful to Smt. Vidya Kher and Smt. Anagha Kulkarni for doing the computer work efficiently and patiently. Shri Mohan Marathe entered voluminous amount of data and I thank him sincerely.

I am very grateful to the authorities and the staff of the Gokhale Institute of Politics and Economics for providing me an opportunity to work and use all facilities in the Institute. The staff of the Gokhale Institute Library were of immense help and I thank them all sincerely.

I am much thankful to Principal Dr. M. S. Gosavi, Secretary of Gokhale Education Society, Nashik for giving me an opportunity to do this study. I am thankful to Principal H. M. Rayarikar and Ex-Principal S. B. Pandit of R.N.C. Arts, J.D.B. Commerce and N.S.C. Science College, Nashik Road for giving me one year 'Teacher Fellowship'. I thank Dr. A. V. Morajkar, Vice-Principal of the College because of whom I could get the fellowship which enabled me to complete this study.

I thank the University Grants Commission for awarding me one year 'Teacher Fellowship' under Faculty Improvement Programme. I also thank Indian Council of Social Science Research Centre of Gokhale Institute for giving me contingency grant for data processing.

(iii)

I sincerely acknowledge the help and encouragement I received from my friends and colleagues. I thank Shri S. K. Athale for neat and diligent typing.
