FOR THE YEAR .

PREFACE

This is the sixth issue of the Statistical Abstracts of Maharashtra State. The scope of the Abstract is generally the same as that of the earlier issues of the Statistical Abstract. Most of the information contained in this publication relates to the year 1968-69. In almost every case districtwise statistics are provided.

It is hoped that this publication giving districtwise statistics on most of the socio-economic characteristics of the State will serve as an important reference book for those who are interested in socio-economic and regional studies of the State.

We thank the various Departments and offices of State Government, Government of India and local organisations who have extended considerable assistance by supplying requisite material to us.

M. A. TELANG,

Director,

6th July 1971. Bureau of Economics and Statistics, Bombay.
