MAHARASHTRA STATE

FOR THE YEAR

1969-70

NAGPUR : GOVERNMENT PRESS-1973

PREFACE

This is the seventh issue of the Statistical Abstract of Maharashtra State. The scope of the Abstract is generally the same as that of the earlier issues of the Statistical Abstract except those of three tables on State Income and one table giving yearly plan expenditure under various developmental heads since formation of Maharashtra State has been added. Most of the information contained in this publication relates to the year 1969-70. Districtwise statistics are provided wherever possible.

It is hoped that this publication giving districtwise statistics on most of the socio-economic characteristics of the State will serve as an important reference book for those who are interested in socio-economic and regional studies of the State.

We thank the various Departments and offices of State Government, Government of India and local organisations who have extended considerable assistance by supplying requisite material to us.

M. A. TELANG, Bombay : Director, The 2nd February 1972. Bureau of Economics and Statistics.
