SOCIO ECONOMIC REVIEW OF YAVATMAL DISTRICT

1979-80.

CHAPTER - I

INTRODUCTION

1.1 Location

Yavatmal district is one of the district of Nagpur Division of Maharashtra State lying between 19.26' and 20.42' North latitude and 77.18' and 79.38 East longitude. Most of the district belongs to the Balaghats i.e. the Southern plateau of Berar.

1.2 Boundaries

It is surrounded by Amravati district in the North by Akola and Parbhani districts in the west by Nanded and Adilabad (Andhra Pradesh) districts in the south, and by Chandrapur and Wardha districts in the East. The district is quite extensive in size ranking second in Nagpur Division while eighth in the state.

The district has natural boundary in the East and South. The Wardha river separates the district from Wardha and Chandrapur district in the East, while in the South painganga river separates it from Nanded district and Adilabad district of Andhra Pradesh.

1.3 Local Bodies, Panchayat Samities and Zilla Parishad.

The Zilla Parishad and ^{been}fourteen panchayat samities have formed in the district on 1st May 1962. The Zilla Parishad is responsible for the development of the entire area in the district excluding municipal areas. The Panchayat Samiti covers the area of rural while community development blocks of urban areas. There are eight municipal councils to look after the development ^{of urban area.} There are 40 directly elected councillors in the Zilla Parishad. Out of these two seats are reserved for Scheduled Castes and seven for Scheduled Tribes. In Addition,

there are five associated members who are the presidents of the five different Co-operative Societies. Two lady members have also been coopted. An elected Chairman of each Panchayat Samiti is also ex-officio Councillor of the Zilla Parishad. The Zilla Parishad is headed by President, assisted by Vice-President, both of them are elected from the elected councillors. The Chief Executive Officer, looks after the administration of the Zilla Parishad. For the administration purpose, there are various departments of the Zilla Parishad carrying out different functions. The Deputy Chief Officer (General) works as a secretary to Zilla Parishad. The Zilla Parishad functions through a standing committee, presided over by president and seven sub-subject committees viz. i) Finance, ii) Works, iii) Agriculture, iv) Animal Husbandry and Dairy Development, v) Education, vi) Health and vii) Social Welfare.

The panchayat samiti consists of elected and coopted councillors from the area of the Panchayat Samiti. The Panchayat Samiti has elected Chairman and Vice-Chairman. The Block Development Officer, works as a Secretary to Panchayat Samiti.

There are 1,119 village panchayats in the district. There is a Sarpanch for a village panchayat who is elected from the elected members from the village or group of villages in that village panchayat. The Sarpanch and in his absence Up-Sarpanch looks after the development activities at village level. The Gramsevak works as secretary of the village panchayat.

1.4 Area and Territorial change.

The area of the district is 13,925 Sq.Kms. Which forms 14.28% of the area of the Nagpur Division and 4.53% of the area of the State. It's maximum length from East to West is 192 Kms. Whereas its maximum breadth from North to South is 160 Kms. Out of the total area, about 94.34% (13,333.0 Sq.Kms.) area belongs to rural part of the district.

... the districts of ...
... of India

Yavatmal district is among the four districts of the Old Berar, handed over by the Nizam to the Government of India in 1853 A.D. It was a part of East Berar District upto 1863 A.D. A new Wun (Wani) district was formed by separating Yavatmal, Kelapur, Wani and Darwaha talukas from East Berar district in 1864 A.D. Pusad taluka of Basim district was transferred to this Wun district in 1905 and Yavatmal district was newly constituted in that year. There are no major changes in the constituents of the district till 1956, when the district was transferred from Madhya Pradesh State to the ^{then} Bilingual Bombay State w.e.f. 30-11-1956, due to States Reorganisation. At present it is a part of Nagpur Division of the Maharashtra State since 1st May, 1960.

The earlier reference of Yavatmal is traced back in 'Fis-Akbari' as Yeot-Lohara, which was one of the mahals of Emperor Akbar. Lohara is a village situated on Amravati road at a distance of 3 Kms. from Yavatmal.

The origin of the word 'Yeotmal' appeared in the grammar book 'Siddhaein' written by Hemchandra (1083 to 1172 A.D) and its meaning is hidden in mal i.e. Ghats or hillocks or mountains. Yeotmal is naturally surrounded by hillocks on all sides.

1.5 Topography.

The district has an undulating topography. The whole district is covered by the Ajantha ranges broken by broad river valleys and partially surrounded by plains. The central portion of the district is a plateau with steep ghats with an elevations of 300 to 500 metres above mean sea level. Both Painganga and Wardha rivers with their tributaries provide strips of plains in many parts along their course. The width of these plains varies from 5 to 15 Kms.

1.6 Hills, River, System, Soil etc.

The whole district is covered by small east-west ranges of the Ajanta mountains. The off-shoots of the Ajanta ranges are, at places, broken by the broad valleys of the tributaries of Painganga and Wardha rivers.

Wardha and Painganga are the main rivers in the district, both of them flow along North-Eastern and Southern boundaries of the district respectively. They have numerous tributaries traversing in the middle of the district. The bed of the Wardha river is broad and deep still the banks suffer from floods many a times. Wardha has two tributaries viz. Bembla and Nirguda. Nirguda has its entire course in Wani tahsil, while the Bembla flows across the north of Yavatmal tahsil below the ghats. The other river Painganga has six important tributaries viz. Pus Arunavati, Arunavati, Adan, Waghadi, Khuni and Vidarbha. Pus flows through pusad tahsil, Arunavati and Adan through Darwaha tahsil and Vidarbha flows through Wani Tahsil. All the rivers with their tributaries maintain their flow for a greater part of the year and assist drainage system of the soil.

The soils in the district as a whole are uniformly good in texture, but in colour from Black to dark brown. They are however, slightly inferior in fertility to these in Akola and Arunavati districts. The soils of the district, mainly suffer from the mixture of pieces of Chalkhadi (Limestone), sloping surfaces and excessive admixture of sand. However, the soil varies from very fertile alluvial tracts in the valleys to hills and hard parts on the plateaus.

In Wani taluka the soil is uniform but coarse in texture and of a redish colour. In Kelapur tahsil and central southern parts of Yavatmal tahsil and hilly part of Pusad tahsil the soils are coarse gravelly of loose friable texture and of

colour varying from light brown to grey. The rich fertile alluvial soils are found in western parts of Yavatmal tahsil and in middle of Darwaha and Pusad tahsils.

The district can be divided into three natural zones, viz. 1) the Bembla-Wardha basin in the North, 2) the plateau portain at the central and in the south west part of the district and 3) the plain fertile lands of the Pus-Painganga basin in the south.

1.7 Minerals -

Limestones and coal are the only important minerals found in the district. The lime stone in cement grade variety is found near Chanakha in Kelapur tahsil. The estimated reserves are about 39 million tonnes. There is only one coal field near Pisgaon in Wani tahsil, extending over 31.08 Kms. As regards coal the reserves are estimated at 240 million tonnes and there is one colliery at Rajur exploiting coal.

1.8 Climate, Temperature and Rainfall.

The climate of the district is in general hot and dry with moderately cold winters. The Temperature ranges from 11.0° to 31.0° C in winter and 25.8° C to 43.9° C in the summer during 1970. Highest temperature for Yavatmal district is 45.2° C and minimum is 11.2° C.

The south west monsoon brings rains to the district. The rainy season lasts from June to October. The intensity of rainfall is highest in the month of August. The normal rainfall varies from 918 mms to 1122 mms. In the past few years the monsoon is not well spread through out the year and very irregular. It is also not uniform in the district. Darwaha tahsil got lowest rains of 664 mms. in the year 1977. In the year 1978 Darwaha got the minimum rainfall of 929 mm while Wani taluka got 1442 mm of maximum rains.

1.9 Demography -

The total population of the district is 14,23,677 as per 1971 census. The percentage of increase in the population of the district works out to 20.61 % in the last decade. The density of the population increased from 70 persons per sq.km. (210 persons per Sq.mile) in 1961 to 102 person per sq. km. (272 persons per sq.mile) in 1971. Similarly literacy percentage also increased from 23.48 % to 31.56 % during the decade. The progress made in the literacy is outstanding in contents to the large tribal population and a small (13.65 % of the total population) proportion of urban population. As regards working force in the district, it is seen that there were 43.32 % workers enumerated in the total population of the district at 1971 census. Out of the total working population in the district 26.50 % are engaged as cultivators, 57.52 % as Agricultural labourers and 15.08 % in different services. The remaining 56.68 % population of the district was non-workers including dependents.

1.10 Special features - Latest and important Developments in the district.

1. Industry

Yavatmal is one of the industrially backward district of Vidarbha Region which itself is industrially under-developed region of the Maharashtra State. There is a meagre number of large ^{sized} industries in this district. The cottage and traditional village industries like smithy, carpentry, pottery, weaving, oil crushing, bakery, shoemaking, rope making, bricks and tiles making are still existing. There are number of small industries like ginning and pressing, oil mills, saw mills, established mostly at taluka headquarters. Lime factories are established at village Rajar in Wani taluka.

Major type of industries are agriculture based like oil and dal mills, cotton ginning and pressing and food

processing constituting nearly 30 % of the total units. The forest based industries like saw mills are seen mostly concentrated in Yavatmal, Darwha and Wani talukas and account for 30 % of the total units. The lime manufacturing units are almost entirely concentrated in Wani taluka at village Rajur as lime stone deposits are found in its perryferry. The building material units especially brick kilns are also significant in Wani and Yavatmal talukas. The engineering fabrication and structural industry mainly in the form of work shops including welding and other repairing units constitutes single largest group. These units seem to be located in semi-urban areas of Yavatmal, Darwha and Pusad talukas. The oil mills and cotton processing units provide business to these workshops. The food processing and beverage units mostly include manufacturing of soda-water, bakery and one cattle feed manufacturing unit (which is presently closed). Nearly 40 % of the total units are located at Yavatmal proper.

There was not a single large industry in this district till the end of the year 1960. Three large scale industries in cooepetative sector have come up later, these are.

1. Yavatmal Zilla Sahakari Soot and Kapad Girni Maryadit, Pusad.
2. Vasant Sahakari Shetkari Soot and Kapad Girni Maryadit, Pandherakewada.
3. Vasant Sahakari Sakhar Karkhana Phopali, Tq. Pusad.

A fourth unit viz. a cement factory in the large scale sector is proposed to be set up at Chanakha in Wani taluka M/s Cement and Chemicals India Ltd. Madras has been granted an Industrial licence for the production of portland cement and capacity licenced was 3,30,000 tonnes per annum. The licence has not been implemented as yet. Coalmine at Rajur in Wani taluka has been reopened working under nationalisation programme of non cooking coal industry for excavation of coal.

The Vasant Sahakari Sakhar Karkhana at Phopali in Pusad taluka is in operation with installed capacity of 1250 M.T. and created employment opportunities for about 550 workers. The membership of this factory was 4786 with paid up share capital of Rs 126.00 lakhs in the year 1970-80. 9455 M.T. Sugar was produced by crushing 87050 M.T. sugarcane during the year 1970-80. Value of the sales of the sugar during 1970-80 comes to Rs 564.33 lakhs.

The Yavatmal Zilla Sahakari Soot and Kapad Girni, Pusad and Vasant Sahakari Shetkari Soot Girni, Pandharkawada had membership of 11561 and 8251 with paid up share capital of Rs 127.79 lakhs and 51.57 lakhs respectively at the end of the year 1970-80. Number of spindles licensed at Pusad is 50,000 and that at Pandharkawada is 12,000. However installed spindleage is 24972 and 12000 respectively. After December 1975 the textile unit at Pandharkawada was closed on account of heavy losses but now it is in production with 264 employees recorded value of produce of Rs 38.58 lakhs. The Textile unit at Pusad was working properly. During the year as on 30-6-1980 Soot Girni at Pusad has recorded production of Rs 368.30 lakhs by providing employment to 705 workers. In view of the the major and medium Irrigation projects under execution there is scope for atleast 5 sugar factories in the district.

The district Co-operative Industrialisation and Development society was registered in the year 1965 with an object of starting industrial units in the district which will give employment to landless labourers. The society works purely on the financial assistance from the Government of Maharashtra. It received grant of Rs 10.65 lakhs for the implementation of six schemes viz. 1) Hydraulic lime 2) Manslove tiles, 3) Building bricks, 4) Bone mill, 5) Spun pipes, 6) Fertilizer mixtures.

-2-

Out of these six schemes the society is now implementing the schemes the society is now implementing the scheme for the manufacture of R.C.C. Spun pipes at village Lohara. Production during the year 1979-80 of R.C.C. pipes is 5610 R.M. and Metal 620 bars total value of production is 3.50 lakhs and 0.75 lakhs respectively.

One industrial estate sponsored by M.I.D.C having 26 members has been established near village Lohara, about 3 Kms, from the district headquarter. This estate has provided opportunities for opening of new industries in this district.

There were 6,03,034 total workers in this district as per 1971 population census. Out of these workers ^{12000 workers} were engaged in house hold industries. At the end of the year 1970, there were 100 registered factories having 6610 workers in this district. Out of these 100 factories 92 factories were working and 8 factories were closed. Employment of 1168302 mandays is generated.

II. Forest.

The forest area is spread in large patches over all talukas of the district. The total area under forest in the district is 3,71,153 Hectares and accounts for nearly 30 % of the geographical area of the district. The teak, bamboo, grass and fire wood are some of the important forest produce. There is a large scope for establishing forest based industries in this district.

III. Fishery.

There are in all 126 tanks in this district Out of these 102 tanks are fit for pisciculture. At the end of the year 1979-80 the number of tanks covered under pisciculture was 85 and the production of fish was 505 M. Tonnes. Efforts are being made to cover all the tanks under pisciculture.

IV - Irrigation.

The work of one major Irrigation project viz 1. Upper Painsanga project has been started during the year 1974-75 and will be completed by 1984. The gross command area of this project is 1,60,078 hectares. Out of this 12350 hectares area from Yavatmal district will be benefitted. The works of the following ^{Medium} irrigation projects were in progress. Also work of Arunawati project is taken up during 1979-80 with estimated cost of Rs 22.00 crores for creating irrigation potential of 30870 hec.

- | | |
|---------------------------|--|
| 1. Goki River Project. | 5) Aan River project. (Pimpri Barwat) |
| 2. Waghadi River project. | 6) Deogaon Tank project. |
| 3. Lower Pus project. | 7) Antargaon. |
| 4. Sakhal Mala project. | 8) Borgaon. |

The work of Saikhad, Nignoor, Pus and Takli projects have been completed with irrigation potential of 14317 hectares. The gross command area of these projects in progress is 40361 hectares. Pus project is taken up as major project instead of medium project and provision for Lower pus project is made from state level as its latest estimated cost is more than 5 crores. This district is backward in irrigation with 4.58% only cultivable area irrigated. But it is expected that total 41% area could be provided irrigation facilities by the projects in progress and under investigation. Efforts on these line are being done with whole heart by providing sufficient funds by the D. P. DoS.

By the end of 1979-80 total irrigation potential ^{hectares} of 36548 hectares is created by medium, minor and Lift irrigation projects. Against this utilisation is only 7886 hectares. Efforts are being made to accelerate the utilisation of water wealth of the district fully. Utilisation particularly appears on lower side in kharif season as this district comes under assured

rainfall zone.

V - Electrification.

Out of total 1931 villages 1647 villages are inhabited. By the end of 1979-80, 1304 villages and 17197 agricultural pumpsets were provided electricity.

VI. The Bharatiya Agro Industries Foundation Urals Kanchan has taken up the cross breeding programme of Cows in this district during this year. Under Integrated Rural Development programme sponsored by Mafatlal group of Industries 5 centres are in operation in this district in Pusad tahsil viz 1) Pusad, 2) Umethed 3) Dhanki 4) Shembal Primpri and 5) Mahagaon.

The Sadguru Sewa Santh Trust Bombay has taken up the programme of distribution of 'Sukadi' to the School going children. Mafatlal group of Industries has taken up the rural reconstruction programme in some villages in Pusad taluka of this district for landless labourers beneficiaries to uplift them above poverty line.

Tribal sub-Plan.

Tribals are the weakest amongst the weaker sections of the society and because of their poverty and social seclusion they could not derive the benefits of the various schemes, implemented during the past four five years plans to the extent desired. With a view therefore to removing this shortcoming, the Government of India have decided to ensure the development of the tribal people by formulating a special sub-plan for Tribal area. According to the directions and guidelines received from the Government of India from time to time the State Government has prepared a Separate sub-plan for tribals in this State covering 6,818 villages from 56 tahsils of 12 districts.

The State Government felt that in addition to the villages approved by the Government of India a large number of villages are required to be included in the tribal sub-plan area, though these do not fit for such inclusion strictly according to the guidelines formulated by the Government of India. The Tribal sub-plan formulated by the State Government, therefore, comprises such identified villages. The programmes in these areas not approved the Government of India will be financed entirely from the State funds. Accordingly 285 villages in the tahsils of Wani and Kelapur are included in Tribal sub-plan area and 180 villages in the tahsil of Yavatmal and Pusad are included in Additional Tribal sub-plan area. Thus 474 villages and one Municipal Town of Pandharkwada are included in Tribal sub-plan for the uplift of the tribals in this district and as such separate plan provision earmarked during this year. Removal of exploitative practices, constitutes an important aspect in these tribal areas. With this object in view Government has recently taken steps through appropriate legislation to

- 1) Prevent alienation of tribals' lands to non-Tribals and
- ii) Return to the tribal their lands alienated to non-tribals.

There is a Regional Office of the tribal Development corporation at Yavatmal which ameliorates the livings of tribals in the district through purchase of forest and agricultural products of tribals.

The money lenders and traders have been exploiting the tribals. And this is one reason why the benefits of the plan efforts could not fully reach the tribals. Government has already taken steps through a legislation to give total relief for debts to scheduled tribes and certain categories.

Establishments of the Adivasi cooperative societies to meet the credit, marketing and other requirements in the area will fill in the void created by the ousting of money lenders. Fourteen such Adivasi Cooperative societies have been organised in Tribal sub-plan area of this district.

During the 1979-80 following noteworthy items of development have been taken up in district.

1. Government of India have granted sanction for the construction of two projects viz. Arunavati costing Rs 2200.00 lakhs and Bembla costing Rs 3475.00 lakhs. The ultimate irrigation potential will be 30.96 and 48.20 (000) Hectares respectively. The work of Arunawati project is started.
2. The Hand made paper factory in private sector at village Waghapur is in production and the paper is exported also.
3. One Bone meal factory has been started at Yavatmal producing Bone meal to be used as fertilizer.
4. Construction of three medium irrigation projects i.e. Antargaon, Borgaon and Deogaon tanks have been taken up and these works are in progress.
5. Factory Building of Ginning and pressing factory at village Maregaon has been taken up.
6. Compost pilot scheme has been taken up in ten villages of Pandharakawada panchayat samiti since August, 1978. Ten Nav Shudharaks have been selected in each village for implementation of this scheme. Two organisers have been appointed to guide these Nav Shudharaks.
7. Under Employment Guarantee Scheme during 1979-80, 262 workers are sanctioned, 177 works are completed, 215 works are in progress and 53,67,268 man-days employment generated. Total expenditure incurred under the scheme is Rs 205.87 lakhs and 50,17,544 kg. grains are distributed.

8. Under the scheme of construction of huts to landless labourers by the end of 1979-80, 20694 huts were constructed out of total 32046 landless labourers as per 1979 census of the same.

9. Under the scheme of distribution of seeds and chemical fertilisers to tribal cultivators on subsidy area of 164 hectares was covered by Kharif and 49 hectares for rabi season.

10. The work of two chilling plants in Tribal sub-plan area of the district are in progress at Maregaon and Pariharakawada with 5000 liters of capacity each perday. For promotion of milk supply and economy of the tribals 8 milk producers cooperative societies are established and 91 one year buffalo calves were supplied to tribals.

11. To induce unemployed persons to start their own enterprise seed money assistance to 200 entrepreneurs and honorarium for part time work to 1566 educated unemployed was paid during the year under reference. Moreover 112 tribal cultivators were provided electric motors on 100 % subsidy and 7 oil engines were also provided to tribals.

CHAPTER - II

EXPLANATORY NOTES ON THE SCOPE AND LIMITATIONS OF THE
STATISTICAL DATA PRESENTED IN PART II (DISTRICT STATISTICAL
ABSTRACT).

I. Purpose.

The Statistical Abstract part of this publication contains exhaustive statistical data on important Socio-Economic aspects. Tables on almost all important topics are presented in this part, so that, this publication could serve as a reference book for various purposes. Panchayat Samitiwise and tahsilwise information has been furnished wherever possible for inter panchayat samiti or inter tahsil comparison or for finding out regional imbalance if any. The data presented in this publication pertains mostly to the year 1977-80 as per the requirements of the tables. The data for the latest available year have been given, where the data for the reference years could not be presented. The latest available data of population census 1971 and livestock census 1978 have been indicated. Almost all data have been collected from the concerned State and Central Government Offices, local bodies and other relevant agencies. The foot notes below each table indicate the sources from which the data have been collected.

II. District at a Glance.

This table gives a birds eye view of important items relating to the Social Economic Development in Yavatmal district and the Maharashtra state under different heads such as area, population, agriculture, animal husbandry, education, health transport and communication, plan and community development programme. Local bodies and other relevant statistics at a glance. Reference year of the data is also indicated in the table.

III

III. Contents, Scope and limitations.

The Statistical tables presented in the Statistical abstract are grouped into 13 parts. The contents of the tables and the scope and limitations of the data displayed under each group are described hereunder.

1. Area and population.

The data for 1971 census are furnished in all the seven tables. The reference period for the 1971 census was the sunrise of 1st March, 1971.

Table No. 1

This table indicates panchayat samitiwise area, density of population per Sq.Km., number of villages and towns, number of occupied houses and house-holds and sex-wise rural, urban and total population. The area figures are given in Sq.Kms (1sq.km. = 0.386 Sq.miles)

Table No. 2

This table presents sex-wise rural, urban and total population enumerated in 1951, 1961 and 1971 census along with the decadal percentage variations for the district as well as for each tahsil.

Table No. 3

This table gives panchayat samitiwise classification of inhabited villages according to different population ranges in the district. The term village (i.e. rural area) used in the table denotes a revenue village having well defined boundaries and a separate set of land records irrespective of the fact whether that defined area has any population or not. Hamlets, wadis padas have not, therefore, been classified as separate villages, similarly the revenue villages which do not have any residential population are shown as 'Un-inhabited or deserted villages. The term village includes forest village comprising mostly of forest labourers and their families. The

population of villages in each population ranges is also shown in this table . The total number of inhabited and un-inhabited vilages are also indicated seperately.

Table No. 4

This table displays taluka-wise classification of towns in the district according to different population ranges. Total population of the towns in each population range is also given in the table .

Table No. 5

This table gives panchayat samitiwise classification of population into workers and non-workers according to standard livelihood classes. A person is defined as a worker if (a) he has had some regular work for more than an hour for a day in greater part of the working season in case of seasonal work like cultivation, livestock dairying, household industry etc. and (b) in case of regular employment in any trade, a professional service, business or commerce, he was employed during any of the fifteen days preceding the day of enumerators visit to the household.

Beggars, pensioners, agricultural or non-agricultural royalty receivers, rent or dividend receivers etc. who earn an income , but who are not participating in any productive work in any occupation and persons, who had been offered work but not joined the work, have been classified as non-workers.

Table No. 6

This table indicates distribution of population according to (a) age group and (b) religion seperately for rural ^{Urban} areas and for the district as a whole as per 1971 census.

Table No. 7

This table presents the panchayat samitiwise data of scheduled castes/Tribes notified and Neo buddhists for this district in 1971 census.

The notified castes and tribes were as under-

Scheduled Castes.

1. Bajna or Bahana.
2. Balahi or Balai.
3. Basor, Burad, Bansor or Bansodi.
4. Char, Chamari, Mochi, Nona, Rohidas, Ramanami, Satnami, Surjavanshi or Suryaramnami.
5. Dohar.
6. Dam or Dumar.
7. Ganda or Gandi.
8. Ghasi or Ghasia.
9. Kakkedi.
10. Katia or Patharia.
11. Khatik, Chikwa or Chikvi.
12. Madgi.
13. Mahar or Mehra.
14. Mang, Dankhi Mang, Mang Mahashi, Madari, Gagudi, Mang Garudi or Radha-mang.
15. Whtar or Bhangi.
16. Sansi.

Scheduled Tribes.

1. Andh
2. Baiga
3. Bhaina
4. Bharfa, Bhuria or Bhunhar. Bhuria including Pande.
5. Bhattra.
6. Bhunjia.
7. Bhil.
8. Binjhar.
9. Birhul or Birhor.
10. Dhanwar.
11. Gadaba or Gadba.
12. Gond.

13. Halba or Halbi
14. Kumar
15. Karari, Karwar, Kaour, Cherwa, Gathia, Tarwar or Chattri.
16. Kharia
17. Khairwar.
18. Konda or Khond or Kandh.
19. Koli
20. Kolan
21. Korku including Bapchi, Maussi and Bondhi or Bondeya.
22. Korwa including Kodaku.
23. Majhwar.
24. Munda
25. Nagesia or Nagasia.
26. Nihal.
27. Oraon including Dhanka and Dhangad.
28. Pardhan, Pathari and Saroti.
29. Pardhi including Bahelia or Bahellia, Chita-pardhi, Langoti-pardhi, Phas paradhi, Shikari, Takenkhar, Takia.
30. Parja
31. Saonta or Saunts.
32. Sawar or Sawara.

PART - II Climate.

Table No. 8

This table indicates monthly rainfall and number of rainy days in each month at the five selected centres viz. Yavatmal, Pandharkawada, Wani, Pusad, and Darwaha for the year 1970. The data is collected through revenue agencies. A day is treated as a 'Rainy day' if during 24 hours, the rain gauge recorded a minimum of 2.5 mm of rainfall. 'Normal rainfall' is the average rainfall over a period ranging from minimum five years to a maximum of eighty years.

Table No. 9

This table gives monthwise maximum and minimum temperatures and also annual temperature as recorded at the two selected centres viz. Yavatmal and Pusad for the year 1979. The data are supplied by the Regional Meteorological centre Nagpur. The maximum and minimum temperatures denote the average of the maximum and minimum temperatures recorded daily during the month. The annual maximum and minimum temperature are simple averages of monthly maximum and minimum temperatures.

Part - III. Agricultural.Table No. 10.

This table gives taluka-wise figures of land utilisation for the years 1977-78 and 1978-79. Major groups in which the area is classified are forest, land put to non-agricultural uses, barren and unculturable land, culturable wastes, permanent pastures, land under miscellaneous tree crops not included in area sown, fallow land and area sown. All forests areas classed or administered as forests under any legal enactment dealing with forests, whether State owned or private, are included under forest. If any portion of such land is not actually wooded but put to some agricultural uses, that portion is included under the appropriate heading of cultivated or uncultivated land as the case may be. The areas occupied by buildings, roads and railways or area under water i.e. rivers, nalas and canals and other areas put to non-agricultural uses. Barren and unculturable land covers land under mountains, deserts etc, which may be brought under cultivation but at a high cost. 'Culturable wastes' covers all land available for cultivation whether not taken for cultivation or taken up for cultivation once not cultivated during the current and last five years or more in succession. Such lands may either be fallows or areas covered with shrubs. 'Permanent pastures and other Grazing land'

includes all grazing lands whether they are permanent pastures and meadows or not. Land under miscellaneous tree crops etc. not included in 'net area sown' is the land under casurina trees, thatching grass, bamboo bushes and other used for fuel etc. and is included in cultivable land but not included in orchards.

'Current fallows' comprise cultivable areas which are kept fallow during the current year. 'Other fallows' includes all land which are once taken up for cultivation, but are temporarily out of cultivation for a period or not less than one year and more than five years. The 'net area sown' consists of area sown under crops and is being counted only once. The 'gross cropped area' represents the sum total of areas under all crops.

Table No. 11.

This table gives taluka-wise area under different major crops for the year 1977-78 and 1978-79.

Table No. 12.

This table indicates out-turn and yield rate per hectare of the principal crops in the district during the years 1977-78 and 1978-79.

Table No. 13.

This table furnished the taluka-wise data of the area irrigated by different sources of irrigation during the years 1977-78 and 1978-79.

Table No. 14

This table displays taluka-wise area irrigated under different crops during the years 1977-78 and 1978-79.

Table No. 15.

This table gives taluka-wise number of irrigation wells in use and not in use during the years 1977-78 and 1978-79.

Table No. 16

This table gives the panchayat samitiwise regarding availability of under-ground water during the year 1979-80.

Table No. 17

This table furnishes the panchayat samiti-wise information regarding irrigation works (excluding irrigation wells) for the year 1978-79.

Table No. 18

This table describes the major and medium irrigation projects (both completed and not completed) in the district as on 30th June, 1978. The cost of medium irrigation projects is between Rs 20 lakhs to 5 crores, whereas the cost of a major irrigation project is Rs 5 crores and above.

Table No. 19

This table deals with the monthly average agricultural wage rates in the year 1979. This data are collected fortnightly through out the year from the three selected centres in this district viz. 1) Ner, 2) Kalamb and 3) Maregaon.

Table No. 20

This table presents data regarding Agricultural census operational holdings for the year 1976-77.

Table No. 21

This table gives panchayat samiti-wise data on agricultural implements as per Livestock census 1978.

Table No. 22

The taluka-wise information regarding famine, Scarcity and akin to scarcity for the year 1979-80 is furnished in this table.

Table No. 23

This table furnishes the taluka-wise information about the total number of villages regarding determination of precarious and other scarcity during the years 1971-72 to 1979-80.

Part-IV. Animal Husbandry, Forest and Fisheries.(a) Animal Husbandry.Table No. 24.

This table gives panchayat samiti-wise number of various types of livestock and poultry as enumerated in the livestock census 1978. This census was conducted throughout the country on an uniform basis. Precaution was also taken to enumerate livestock in slaughter houses, stray animals and animals in transit during this census. The reference date and time of this livestock census was sunrise of 15th April, 1978. Sex and age-group-wise classification of livestock is also given in this table.

Table Nos 25, 26 and 27.

These tables give panchayat samiti-wise veterinary statistics, disease-wise livestock mortality and number of slaughter houses and animals slaughtered for the year 1979-80.

(b) Forest.Table No. 28 (A)

The details of area under different types of forests in the district during the year 1979-80 are given in this table. The data regarding the forests under control of State Government both under Forest Department and Revenue Department are ^{shown} separately. The area under forest is classified according to legal status i.e. reserved forests, protected forests and unclassed forests. The legal status refers to the classification of forests under the India Forest Act XVI of 1927. The reserved forests are intended mainly for timber production; wherein the

rights of grazing and cultivation are seldom allowed. In case of protected forests, the restrictions are not so rigid. The un-classed forests refer to the inaccessible forests or un-occupied waste. The forest area shown in table No. 28(A) may not tally with the area under forest shown in the table No. 10. The two sets of figures differ due to the following reasons.

- 1) In the India forest Statistics returns the whole area including non-wooden area under the control of forest Department is considered as an area under forests, while in Agricultural Statistics, it is classified according to its actual utilisation.
- 2) The forest Department returns are meant to serve a definite administrative purposes and indicate the owner^{ship} of the forest area and actual utilisation of these areas is also important from the points of view of Forest Department as it is in land utilisation Statistics under Agricultural Statistics.
- 3) Forest Department returns relate to the financial year while Agricultural Statistics relate to the agricultural year.

Table No. 28 (B)

This table give data regarding major and minor forest produce in the district for the year 1979-80.

(c) Fisheries.

Table No. 29

This table presents taluka-wise data regarding inland fisheries for the year 1979-80.

Part-V. Employment, Industry, Mining and Electricity.

The annual factory statistics for the year 1979-80 which cover the following type of factories registered under the Factory Act 1948 in the district are furnished in the se tables.

- Factories
- (1) those employing ten or more workers working with the aid of power (Section 2 (i)).
 - (2) those employing ten or more workers working with out aid of power (section 2(ii)).

(3) those registered under section 85 of the Act under which the State Government make applicable the provision of the Act, even though the above conditions are fulfilled.

Table No. 30.

This table gives the data regarding number of factories and average daily employment of workers in the factories in the district for the years 1978 and 1979.

Table No. 31.

This table indicates industry-wise distribution of working factories according to working strength in the district for the year 1978 and 1979.

Table No. 32.

The distribution of factories according to number of working days during the year 1978 and 1979 is given in this table for the district.

Table No. 33

This table presents statistics relating to annual survey of industries for the years 1977-78 and 1978-79.

Table No. 34

This table deals with registrations vacancies notified and placements during the year 1979-80 with the employment exchange, Yavatmal.

Table No. 35.

This table gives occupational distribution of total registrations, placements in the employment exchange during the year 1979-80 in the district according to standard National classifications.

Table No. 36.

This table gives taluka-wise data regarding works undertaken under Employment Guarantee Scheme during the year 1979-80.

Table No. 37

The volume of employment in different industries in the district as on 31st March, 1978 and on 31st March, 1980 is indicated in this table.

Table No. 38 and 39.

These tables furnish data regarding consumption of electricity for different purposes during the year 1979-80 is given in table No. 38. The data pertaining to yearwise electrification of the towns and villages is furnished from the years 1960, 1966, 1970 and 1975 to 1980 in table No. 39.

Part VI - Co-operation.

Table No. 40

This table gives the panchayat samiti-wise total number of different types of co-operative societies functioning in the district during the co-operative year 1979-80 i.e. 30.6.80.

Table No. 41.

This table presents the position of co-operative banks with regards to structure and business in the district for the year 1979-80.

Table No. 42

This table gives panchayat samiti-wise number of primary agricultural credit societies, service co-operative societies, their membership, share capital, reserve and other funds, working capital, loans advanced and recovered, loans outstanding and overdues and percentage of recovery to total loans advanced during the year 1979-80. The term 'Working Capital' includes paid up share capital, deposits and borrowings. Loan outstanding in respect of loans, cash credit and over drafts and the amount of outstanding bills purchased or discounted. Overdues refer to an amount of loans or instalments, which are due for

Collection but which were not actually collected and for the repayment of which no extension has been granted by the competent authority.

Table No. 43

The data pertaining to other different types of co-operative societies except primary agricultural credit societies and banks in the district are furnished in this table for the year 1970-80.

Table No. 44

The panchayat samitiwise operational data of central and primary co-operative marketing societies for the year 1970-80 are presented in this table.

Table No. 45

The operational data of other co-operative societies of different types for the year 1970-80 are furnished in this table for the district.

Table No. 46

This table gives panchayat samiti-wise data regarding operations of regulated markets in the district during the year 1970-80.

Table No. 47

This table presents panchayat samitiwise number of registered money lenders and loans advanced by them during the year 1970-80. Separate figures of loans advanced to traders and non-traders are shown in this table. The transaction of money lending in the state are regulated under provisions of Bombay Money lenders Act 1964, as modified upto 15th August, 1976 vide Ref. No. A 1941-31. As per provisions in the Act, no money lender shall carry on the business of money lending except in the area for which the licence is granted to him and except in accordance with the term and conditions of such licence.

Part VII - Medical and Public Health.

Table No. 48.

This table indicates the Panchayat samitiwise number of hospitals, dispensaries, maternity homes, primary health centres, doctors, vaidyas, nurses and the total number of indoor and out-door patients treated during the year 1970. All the State Government Medical Institutions as well as institutions run by the municipal councils and other local bodies are included. The private clinics, hospitals run by private bodies or individuals are, however, not included in this table.

Table No. 49

This table presents talukawise vital statistics such as number of registered births and deaths and infant deaths in the district during the year 1970.

Table No. 50.

This table gives data regarding number of deaths due to important causes in the district during the year 1971 to 1970.

Table No. 51

This table presents panchayat samiti-wise vaccination statistics for the year 1970.

Table No. 52.

This table gives panchayat samiti-wise number of family planning centres in the district for the year 1970 and the number of sterilisation operations undertaken in these centres during the year mentioned about.

Part VIII, Education

Table No. 53.

This table presents sexwise number of literates and percentage of literacy separately for rural and urban area of each tahsil according to 1971 census. A person was classified as a literate, if he was able to read or write a simple letter in any language.

- 1 -

22

Table No. 54 and 55.

Since the data regarding the distribution of literates according to educational standards in rural and urban areas as per 1971 census are not available, the data for these two tables in this subject are given for 1961 census.

Table No. 56.

This table indicates the number of educational institutions according to types for the year 1970-80. Sex-wise enrolments and number of trained and un-trained teachers in these institutions are also given in this table. The classification of institutions according to 'Types' given in this table is slightly different from stages of education. There are, at present, many secondary schools which also impart education in primary courses, in this case the entire pupil enrolment of students is included under secondary 'education'. Primary institutions provide education for standards I to IV standards I to VII/VIII or less and teach the curriculum approved by the Education Department. The secondary institutions coach the students for standards VIII to X with or without lower standards. Higher education is the education after passing secondary school certificate examination which leads to degree examination. The junior colleges imparting education for the standards XIth and XIIth are included under secondary schools. (c) 1.

Table No. 57

This table gives the number of beneficiaries among backward classes such as scheduled castes, scheduled tribes and other backward classes in different types of educational institutions during the years 1978-79 and 1979-80. The pupils who get concessions of either types such as scholarships, free ships etc. treated as beneficiaries.

-15-

-30-

Table No. 58.

This table indicates the number of beneficiaries under economically backward class concessions and the amount of concessions granted during the years 1978-79 and 1979-80.

Table No. 59.

This table gives the information regarding expenditure on primary education by different agencies like Zilla Parishad, Municipal councils etc. during the year 1979-80 plan and Non-plan expenditure is shown separately.

Part IX Transport and Communications.

This table gives total railway length in the district as on 31st March 1980 according to types of routes i.e. broad gauge, metre gauge and narrow gauge. The railway length is measured between the first and last stations within the district boundary. The figures of length of each type of route are therefore approximate and not accurate.

Table No. 61.

This table indicates the road length in the distt. according to category of roads and surface classification as on 31st March 1980.

Table No. 62.

This table gives the number of motor vehicles in operation as on 31.3.1980 in this district.

Table No. 63.

This table deals with the operational statistics of Nationalised Road Transport in Yavatmal Division as on 31-3-1979. The State Transport Division, Yavatmal comprises of Yavatmal district only.

Table No. 64.

This table presents the results of traffic census of important roads conducted by building and communication Department Government of Maharashtra as on December, 1979 traffic.

census. The data regarding the number of vehicles are according to categories and location of count posts.

Table No. 65.

The information regarding number of post offices, telegraphs Offices, letter boxes, postman, Telephones and radio licenses issued and renewed in the district during the years 1961-62, 1965-66, 1970-71, 1973-74, 1974-75, 1975-76, 1976-77, 1978-79 and 1979-80 is furnished in this table. This indicates yearwise progress achieved on the above items.

Table No. 66.

This table gives panchayat saniti-wise data regarding the number of villages in which community receiving sets are installed, rural population covered and total number of radio farm forms as on 31-3-1980.

Part-X - Local Bodies.

Table No. 67.

This table gives an abstract of income and expenditure of local bodies such as Zilla Parishad, Municipal Councils and Village Panchayats for the financial year 1965-66, 1968-69 to 1979-80. An independent as well as group village panchayats are included in the number of village panchayats.

Table No. 68

This table indicates headwise income and expenditure of villages panchayats in each panchayat saniti during the year 1979-80 excluding opening and closing balance.

Table No. 69.

This table is divided into three part viz. (A) (B) and (C). The table No. 68 (A) gives the total receipts of Zilla Parishad derived from self raised resources, Government grants loans and advances deposits and remittances. The table No. 69 (B) indicates the receipt of Zilla Parishad from different Government

grants, while table No. 60 (C) gives the total expenditure incurred by Zilla Parishad. The expenditure is further divided into two parts i.e. (1) Revenue expenditure and (2) Debt section including remittances. Data regarding actuals for the years 1978-79 and revised Estimates for 1979-80 and Estimates for 1980-81 are given in this table.

Table No. 70.

This table indicates income and expenditure of Municipal councils in the district during the year 1979-80. The opening and closing balances are however not considered while giving income and expenditure figures for the said years.

Part XI. Plan and Community Development.

Table No 71. This table presents data regarding plan expenditure during the period of 1978-79 and 1979-80 according to sub-head of development.

Table No. 72.

This table gives sub-head-wise physical achievements on important items during the period of Annual Plan 1979-80.

Table No. 73, 74 and 75.

The statistics relating to Community Development programme are presented in these tables. The position of Community Development blocks as on 31-3-80 is shown in table No. 73 while the expenditure incurred under different stages of block upto end of 1979-80, is given in table No. 74. The table No. 75 gives blockwise physical achievements on selected items during the year 1979-80.

Table No. 76

This table deals with the monthly whole sale prices of important agricultural commodities at regulated market centres in the district during the year 1979. Price averages for the year are worked out by simple arithmetic mean.

Table No. 77.

Monthly average retail prices of various commodities for the month of January to December of the year 1970 are given in this table alongwith varieties. The average prices for the year are also given in this table for all commodities. As the data collected for the given commodities is restricted to only one shop at District Head quarter, the average price of each individual commodity can not be said to be fully representative but this data may prove useful as a broad indicator of the trend of changes in retail prices over the period of time.

Table No. 78.

This table gives data regarding consumer price index number (revised series) for working class (for the year 1960) of Nagpur centre published by the Commission of Labour Bombay for the year 1970-80.

Part XIII. Miscellaneous.

Table No 79-80 These table present the data regarding strength of police force and crime statistics for district during the calendar year 1970.

Table No. 81.

This table gives data regarding work disposed off in Civil and Criminal courts in the district during the year 70.

Table No. 82.

This table gives panchayat Samiti-wise cinema Statistics for the year 1970-80.

Table No. 83.

The data pertaining to banking facilities in the district are given in this table for the year 1970.

Table No. 84.

The data relating to Scheduled Bank etc. are furnished in this table for the year 1970.

Table No. 85.

The statistics regarding Joint Stock Companies is presented in this table for the year 1978-79 (31-3-1979).

Table No. 86.

This table gives Life Insurance Statistics, in the district for the year 1979-80.

Table No. 87.

This table furnishes the data regarding small savings collections in the district during the years 1979-80 in respect of gross collections, withdrawals and net collections during this year details under different kinds of savings are also given in this table.

Table No. 88

This table indicates talukawise land revenue collections during the year 1979-80.

Table No. 89.

This table gives panchayat samiti-wise number of presses and number of newspapers and periodicals published in the district as on 31st March, 1980.

Table No. 90 and 91.

Quantity of Rice, Wheat and Sugar issued to Fair price shops in the district during the years 1971 to 1980 is furnished in table No. 90 while demand and procurement of levy paddy, wheat, jowar, bajra and other cereals are given in table No. 91 for the years 1970-71 to 1979-80.

Table No. 92.

Results of the General Elections to the Lok Sabha for the year 1980 and those of to the Maharashtra Legislative Assembly for the year 1978 are furnished in the table. The Yavatmal Lok Sabha Constituency consists of six legislative Assembly Constituencies in this district i.e. Wani Region, Kelapur, Yavatmal, Darwaha and Dirras out of eight Legislative

Assembly Constituencies. The Legislative Assembly Constituencies viz. Pusa and Umerkhet in this district are included in Washim Constituency in Akola district.

Table No. 03

This table shows the trends in selected indicators for the year, 1950-51, 1960-61, 1966-67, 1970-71, 1974-75, 1977-78 and 1978-79 and 1979-80 in this district.

Chapter - IIIIndications of Development

Data on various items have been presented in part II of this booklet, In this chapter attempt is made to give comparative picture of the tahsils in the district during the years 1962-61 & 1972-71 in respect of various development activities.

Indicator No.1Percentage of gross cropped area to net sown area :

| Sr. No. | Taluka | Percentage of gross cropped area to net area sown for the years | | |
|------------------------|----------|---|---------|---------|
| | | 1962-61 | 1970-71 | 1972-73 |
| 1 | Yavatmal | 100.92 | 101.32 | 102.21 |
| 2 | Kelapur | 100.97 | 101.45 | 101.82 |
| 3 | Wani | 101.03 | 101.05 | 101.40 |
| 4 | Pusad | 100.45 | 101.34 | 103.96 |
| 5 | Darwaha | 100.42 | 101.04 | 102.30 |
| Total for the district | | 100.72 | 101.24 | 102.39 |

It is seen from the above table that there is very marginal increase in the percentage of the gross sown areas to respective net sown areas in respect of five tahsils taking into consideration the base year 1962-61. The maximum percentage of increase in gross cropped area is in the Pusad tahsil. This appears due to mainly completion of Pus project. Same increase is also seen in other tahsil also.

Changes in the cropping pattern

Percentage of distribution of gross area under important crops to total gross cropped area.

Table given below indicates the cropping pattern in the district.

Contd....

Percentage distribution of gross area under important crops to total gross cropped area.

| Sr. No. | Crop | Percentage | | |
|---------|----------------------|------------|---------|---------|
| | | Years | | |
| | | 1960-61 | 1970-71 | 1978-79 |
| 1 | 2 | 3 | 4 | 5 |
| 1 | Rice | 1.44 | 1.50 | 1.45 |
| 2 | Wheat | 2.78 | 1.97 | 2.47 |
| 3 | Jowar | 36.01 | 32.26 | 32.74 |
| 4 | Total Cereals | 41.71 | 37.49 | 38.17 |
| 5 | Gram | 1.12 | 0.90 | 0.67 |
| 6 | Total Pulses | 12.24 | 12.13 | 12.52 |
| 7 | Total Food Grains | 53.95 | 49.62 | 50.45 |
| 8 | Sugar Cane | 0.04 | 0.05 | 0.24 |
| 9 | Total food crops | 54.77 | 50.56 | 51.54 |
| 10 | Groundnut | 2.90 | 4.13 | 3.20 |
| 11 | Cotton | 39.63 | 42.77 | 42.15 |
| 12 | Total Non-food crops | 45.23 | 49.44 | 48.46 |
| 13 | Total cropped area | 100.00 | 100.00 | 100.00 |

It appeared from the above table that the 51.54 percent area was under food and 48.46 percent area under non-food crop. The reason therefore is inclination of cultivation towards cash crops in place of grain. In comparison of the year 1960-61, the area under food crop is decreased by 3.23% and the same is increased under non food crops. Substantial increase i.e. 2.52% is recorded in cotton - a cash crop.

Indicator No.3

Yield rates and outturn of principal crops

The agricultural production depends upon various factors such as suitable and timely distribution of rains, natural conditions and input, factors etc. The following table shows the level of out turn of important crops in this district during the years given below :

| Sr. No. | Name of crop | Yield in Kg. per Hect | | | Out turn in '00 M. tones' | | |
|---------|---------------------|-----------------------|-------|-------|---------------------------|-------|---------|
| | | 1960-61 | 70-71 | 78-79 | 1960-61 | 70-71 | 1978-79 |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 |
| 1 | Rice | 573 | 400 | 935 | 61 | 62 | 157 |
| 2 | Wheat | 412 | 528 | 873 | 85 | 86 | 268 |
| 3 | Jawar | 787 | 314 | 842 | 2105 | 837 | 2365 |
| 4 | Gram | 300 | 257 | 425 | 25 | 20 | 37 |
| 5 | Tur | 625 | 733 | 720 | 670 | 333 | 340 |
| 6 | Ground nut | 683 | 510 | 333 | 147 | 174 | 124 |
| 7 | Cotton ('00' bales) | 102 | 33 | 481 | 17 | 659 | 1712 |
| 8 | Sugar cane | 2504 | 6800 | 8000 | 8 | 31 | 160 |

All crops except groundnut has shown considerable increase in yield per Hecter during the year 1979-80. The outturn per '00' Hacters is also increased in respect of Rice, Wheat, Jowar, Cotton and Sugarcane. But, in comparision of the year 1960-61 their is decrease in the outturn of Tur and Groundnut. The reason therefore is introduced that the crop of the Groundnut had not given prospective yield during recent years. The same is applicable to Tur also. It is also seen that, the cultivators are now more inclined for hybrid and high yielding varieties.

Indicator No. 4

Percentage of net irrigated area to net sown area.

The following table shows the percentage of net irrigated area to net sown area for the years 1960-61 and 1978-79.

(Area in '00' hacters.)

| Sr. No. | Years | Net area irrigated | Net area sown. | Percentage of net area irrigated to net area sown. |
|---------|---------|--------------------|----------------|--|
| | | 3 | 4 | 5 |
| 1. | 1960-61 | 29 | 7357 | 0.40 |
| 2. | 1970-71 | 73 | 8164 | 0.90 |
| 3. | 1975-76 | 153 | 8421 | 1.93 |
| 4. | 1976-77 | 142 | 8477 | 1.71 |
| 5. | 1977-78 | 211 | 8470 | 2.53 |
| 6. | 1978-79 | 235 | 8822 | 2.84 |

From the above table it will be seen that there is steady growth in the irrigation in Yavatmal District. Now during 1978-79 total net area irrigated is 23537 when this was 2074 hacters in 1960-61. Percentage of net irrigated area to net sown area is 2.84% for the year 1978-80 and it is increasing steadily but, the same is not satisfactory when compared to State percentage. In view of the medium projects in hand the percentage of the same is likely to increase substantially. In respect of source of Irrigation lions share goes to wells (14034 Hacters) followed by canals (7305 Hacters).

Indicator No. - 5

Percentage of area under different irrigated crops to gross irrigated area.

Following table indicates the percentage of area irrigated under different crops to gross irrigated area.

| Sr. No. | Name of the crop | Years | | | |
|---------|----------------------|---------|---------|---------|---------|
| | | 1960-61 | 1970-71 | 1977-78 | 1978-79 |
| 1. | 2. | 3. | 4. | 5. | 6. |
| 1. | Rice | 2.62 | 2.45 | 1.33 | 1.30 |
| 2. | Wheat | 7.50 | 35.08 | 52.52 | 53.21 |
| 3. | Jawar | -- | -- | -- | -- |
| 4. | Total Cereals | 11.61 | 38.85 | 42.02 | 50.62 |
| 5. | Gram | -- | 0.40 | 0.60 | 0.42 |
| 6. | Total Pulses | -- | 0.60 | 1.12 | 1.10 |
| 7. | Sugarcane | 10.41 | 5.82 | 4.00 | 8.50 |
| 8. | Total Food crops | 80.11 | 80.56 | 83.00 | 86.31 |
| 9. | Cotton | 0.44 | 10.20 | 6.10 | 12.21 |
| 10. | Groundnut | -- | -- | -- | 1.47 |
| 11. | Total Non-food crops | 10.80 | 10.44 | 15.26 | 13.60 |
| 12. | Total | 100.00 | 100.00 | 100.00 | 100.00 |

During the year 1978-79 the percentage of area under irrigation to gross cropped area is increased when it was comparatively less during 1960-61. The same is increasing gradually. It seems that the irrigation for Wheat, Cotton and Sugarcane is increasing. Now under the command of new Irrigation projects cultivators have started Groundnut cultivation in summer season.

Indicator No. - 6

Sourcewise net irrigated area

Net area irrigated by different sources in the year 1960-61, 1970-71, 1977-78 and 1978-79 is given as below :-

| Sr. No. | Source of Irrigation | Net area irrigated in hectares | | | |
|---------|----------------------|--------------------------------|---------|---------|---------|
| | | 1960-61 | 1970-71 | 1977-78 | 1978-79 |
| 1. | 2. | 3. | 4. | 5. | 6. |
| 1 | Govt. Canals | 78 | 506 | 4884 | 7805 |
| 2 | Private Canals | -- | -- | -- | -- |
| 3 | Wells | 2328 | 635 | 14003 | 14074 |
| 4 | Others | 30 | 460 | 1155 | 1508 |
| Total | | 2436 | 7325 | 20042 | 23567 |

Above table indicates increase in net irrigated area by different sources in comparison of the base year 1960-61. Irrigation through Govt. canals and other sources is increasing and it is likely to increase gradually since the medium irrigation project works in progress and nearing completion. Campaigns for irrigation utilisation are also being launched by concerned department to accelerate the area under irrigation. Area irrigated through wells is slightly reduced due to stoppage of rains early.

Indicator No. - 7.

Increase in Agricultural Credit Societies and Outstanding dues.

The Agriculture Credit Societies play an important role in forwarding credit to Agriculturists. Major part of their Credit needs for short term and medium term loans are met from co-operative sector through Agricultural Credit Societies. Through short term loans the seed fertilisers, pesticides are supplied. Some times, the loans for supply of milch animals and goats are also advanced under IRDP programme implemented in the district.

The below table indicates the facilities given by the Agriculture Credit Societies during the Year 1960-61, 1970-71, 1978-79 & 1979-80.

| Sr. No. | Items | Rs. in lakhs | | | |
|---------|-------------------------------------|--------------|---------|---------|---------|
| | | Years | | | |
| | | 1960-61 | 1970-71 | 1978-79 | 1979-80 |
| 1. | 2. | 3. | 4. | 5. | 6. |
| 1. | No. of Agri. Credit Societies (Nos) | 604 | 602 | 534 | 534 |
| 2. | Membership (No) | 58080 | 111005 | 10637 | 213526 |
| 3. | Working Capital | 141 | 047 | 2353 | 266532 |
| 4. | Loans advanced | 108 | 605 | 707 | 062 |
| 5. | Loans overdue | -- | 280 | 850 | 702 |
| 6. | Loans outstanding | 660 | 735 | 1574 | 1802 |

In comparison of the base year 1960-61 the number of Agriculture Credit Societies is reduced but their business alongwith membership is tremendously increased. The net work of Agricultural Credit Societies is spread up all over the district, but credit advanced by them is not fully sufficient to cater the needs of cultivators of short term loans. There is much scope for increase in the number of societies and their business. Main setback for spread up of the Agricultural Credit Societies is having outstanding dues and cultivators are reluctant for repayment which had created nervousness in cooperative sector and created obstacle in further development and advance of loans.

Indicator No. - 8

Agricultural Wage Rates

Since 1963, the data of Agricultural Wage Rates is collected in 3 centres viz :- Ner in Darwha Tahsil, Kalamb in Yavatmal Tahsil, and Maregaon in Wani Tahsil.

The average rates worked out for 1963, 1978 and 1979 are given below which gives comparative information.

| Sr. No. | Centre | Male | | | Female | | | In Rs. |
|----------|----------|------|------|------|--------|------|------|--------|
| | | 1963 | 1978 | 1979 | 1963 | 1978 | 1979 | |
| 1 | Ner | 1.53 | 4.52 | 4.33 | 0.62 | 3.41 | 2.56 | |
| 2 | Kalamb | 1.00 | 3.64 | 4.40 | 0.86 | 2.33 | 2.25 | |
| 3 | Maregaon | 1.65 | 3.46 | 3.50 | 0.87 | 1.85 | 2.12 | |
| District | | 1.71 | 3.87 | 4.08 | 0.79 | 2.53 | 2.31 | |

Average wage rate for unskilled Agricultural field labourers is found increased for males and decreased for females in comparison of the last year i.e. 1978.

Wage rates in respect of skilled workers such as Carpenters, Blacksmith and Cobbler etc are given below :-

| Sr. No. | Type of labour | Centres and Year | | | | | | | |
|---------|----------------|------------------|-------|--------|------|----------|------|----------|------|
| | | Wan | | Kalamb | | Maregaba | | District | |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
| 1. | Carpenter | 6.60 | 12.04 | 7.37 | 8.58 | 8.62 | 7.58 | 7.53 | 9.37 |
| 2. | Blacksmith | 7.12 | 6.41 | 6.33 | 7.04 | 7.04 | 7.20 | 6.83 | 6.88 |
| 3. | Cobbler | 5.33 | 5.00 | 4.41 | 4.83 | 4.75 | 4.75 | 4.83 | 4.86 |

In respect of skilled labourers as cited above, there is average increase in their wage rates for the district as whole, but as an individual centre there is slight decrease in wage rates in some centres.

Indicator No. 5

Livestock population (Bovine & Ovine) per 100 hectares of Cultivable land.

The agricultural operations are mainly carried out through livestock. Hence it is very important to make efforts for quality breed of the livestock which ultimately helps in improvement of agriculture and production of milk. Livestock makes substantial contribution to the rural economy and serves as subsidiary occupation creating food and employment potential. Livestock Census was carried out all over the country during the year 1978.

The table given below indicates talukawise details of livestock per 100 hectares of cultivable land in the district.

| Sr. No. | Taluka | Cultivable land in hect. during 1978-79. | Bovine & Ovine population in 1978. | |
|--------------|----------|--|------------------------------------|--|
| | | | Bovine & Ovine population in 1978. | Bovine & Ovine per 100 hect. of cultivable land. |
| 1 | 2 | 3 | 4 | 5 |
| 1. | Yavatmal | 161000 | 102471 | 110 |
| 2. | Kslapur | 180800 | 23207 | 120 |
| 3. | Wani | 151000 | 217143 | 143 |
| 4. | Pnsad | 107800 | 204588 | 140 |
| 5. | Darwha | 206100 | 251804 | 122 |
| <u>Total</u> | | 808500 | 1188013 | 132 |

The above table indicates that the population of bovine and ovine livestock per 100 hect. of cultivable lands comes highest in Pusad tahsil i.e. 140 and lowest for Yavatmal tahsil i.e. 110. The same figures for the district as a whole comes to 132.

During plan period the efforts are made to improve the breed of livestock and population of Jersey cows is increasing since the distribution programme of the same is undertaken by Govt. under I.R.D. programme.

Poultry in Comparison of the Population

Poultry population in the district was recorded as 47005 in the livestock census 1978. Population of this district as per 1971 Census as 1423677. The poultry available per 100 persons in each taluka is given below :-

| Sr. No. | Name of taluka | Poultry per 100 persons (1971 Population) year | |
|----------------|----------------|--|------|
| | | 1966 | 1978 |
| 1 | 2 | 3 | 4 |
| 1. | Yavatmal | 20 | 20 |
| 2. | Kelapur | 22 | 47 |
| 3. | Wani | 33 | 50 |
| 4. | Pusad | 15 | 28 |
| 5. | Darwaha | 17 | 28 |
| District Total | | 21 | 35 |

It appears from the above table the number of poultry birds per 100 souls is increased for all tahsils but the increase for Kelapur tahsil is more than double. Average poultry birds for 100 souls is increased from 21 to 35 birds by 1970-80.

Indicator No. 10.

Electricity is main source of energy and its demand is increasing for agriculture and industries.

Total consumption of electricity during 1970-80 was reported as 65010 thousand KWH. Out of this 11700 thousand KWH (18%)

10 domestic, 5200 thousand KWH (8%) for Commercial light and Small power 23790 thousand KWH (37%) for Industrial power, 2240 thousand KWH(3%) for public light and 10800 thousand KWH (30%) for Agriculture.

The electric consumption appears to have been increased by 134% by the year 1978-79 (i.e. 48081 thousand KWH).

Tahsilwise details of electrification in respect of

Electrification of villages and pumpsets-energisation are given below

| Sr. No. | Tahsil. | Villages electrified with percentage, | Pump sets energised | Per capita consumption of electricity. |
|----------------|----------|---------------------------------------|---------------------|--|
| 1 | 2 | 3 | 4 | 5 |
| 1. | Yavatmal | 8 <u>66%</u> | 77 | 2567 |
| 2. | Kelapur | 6 <u>68%</u> | 5 | 2300 |
| 3. | Wani | 5 <u>52%</u> | 7 | 756 |
| 4. | Pusad | 5 <u>70%</u> | 20 | 5651 |
| 5. | Derwaha | 23 <u>74%</u> | 123 | 5014 |
| District Total | | 47 <u>68%</u> | 232 | 17107 |

The number of villages electrified by 31-3-1980 is 1304 in the district and percentage of electrified villages comes to 68%. The demand of power for agricultural pumpsets is also on high side and the number of pumpsets energised by 31-3-80 is 17107.

In respect of tahsilwise electrification of villages and pumpset; it is seen that the number of villages electrified by the 1970-80 is 1304 villages and 17107 pumpsets were energised. When compared this to year 1960-61, this achievement *is substantial & it serves as land mark in the Dep.* of the district.

In respect of tahsilwise electrification, 70% villages are electrified in Pusad tahsil followed by Derwaha i.e. 74%, Only 52% villages from Wani tahsil are electrified. Also Wani tahsil is lagging

behind in respect of electrification of pumpsets and highest in Darwha 5914, followed by Pusad 5651 pumpsets. Particularly demand for electricity is increasing for Agriculture and industries.

Indicator No.- 11

Number of candidates enrolled in Employment Exchanges and Vacancies notified :-

The office of the District Employment Officer is at Yavatmal and details of the same in respect of registration, vacancies notified are given below :-

In comparison of the registration and live registration, the space of providing employment is very slow :-

| Sr. No. | Items | Years | | | |
|---------|---|---------|---------|---------|---------|
| | | 1960-61 | 1970-71 | 1978-79 | 1979-80 |
| 1 | 2. | 3. | 4. | 5. | 6. |
| 1. | No. of registrations during the year | 6189 | 5060 | 6669 | 7818 |
| 2. | No. of vacancies notified | 726 | 572 | 630 | 677 |
| 3. | Placement of vacancies | 546 | 368 | 472 | 267 |
| 4. | Percentage of placement to registration | 9 | 7 | 7 | 3 |
| 5. | Candidates on the live Register at the end of the year. | 1923 | 4628 | 13817 | 17886 |

The number of registration during the year 1979-80 is increased at in comparison to the year 1960-61. The candidates on live register were 17886 but only 267 persons were provided employment during 1979-80. This achievement is very minor. The same figures of 1960-61 were too small and showed enormous increase during 1979-80.

Indicator No.- 12

Medical facilities

Increase in Indoor and Out door patients treated

Public medical facilities are generally used by the low and poor class of the society. No. of patients using medical facilities is increasing every year even though the number of medical institution is

also increasing. The details of patients treated indoor, outdoor alongwith number of medical institutions in the district are given below :-

| Sr. No. | Items | 1960-61 | 1970-71 | 1978-79 | 1979-80 |
|---------|-------------------------|---------|---------|---------|---------|
| 1. | No. of Hospitals | 11 | 11 | 11 | 14 |
| 2. | No. of Dispensaries | 41 | 58 | 60 | 61 |
| 3. | Indoor patient treated | 11004 | 25546 | 65000 | 104000 |
| 4. | Outdoor patient treated | 58675 | 437574 | 741000 | 1024000 |

It is seen that there is huge increase in the number of patients treated, but the number of Medical institutions are not increased proportionately. This may affect the quality of the treatment. In view of the tribal population in the district, the increase in number of medical institutions is need of time. The table gives picture at a glance in respect of number of Hospitals, dispensaris, and indoor and outdoor patient treated during the year 1979-80.

Indicator No. 13

Education.

No. of educational institutions, enrolment and number of teachers.

The educational facilities are considerably increased during last 10 to 15 years. By the end of 1979-80 mostly the villages have been provided primary schools.

The percentage of literacy was observed during 1971 census 31.60 for district. Literacy percentage for male and female is found 43.43 % and 19.58 % respectively.

The details of the educational data are given below:

| Sr. No. | Item | Years | | | |
|---------|----------------------------|---------|---------|---------|---------|
| | | 1960-61 | 1970-71 | 1978-79 | 1979-80 |
| 1. | <u>Primary education</u> | | | | |
| | a) Institutions | 1168 | 1681 | 1848 | 1856 |
| | b) Enrolment | 8239 | 136353 | 210122 | 223004 |
| | c) Teachers | 3709 | 5120 | 5600 | 5704 |
| 2. | <u>Secondary Education</u> | | | | |
| | a) Institutions | 59 | 155 | 163 | 168 |
| | b) Enrolment | 17748 | 37304 | 60502 | 66140 |
| | c) Teachers | 827 | 1801 | 2239 | 2357 |
| 3. | <u>Higher Education</u> | | | | |
| | a) Institutions | 4 | 11 | 13 | 13 |
| | b) Enrolment | 805 | 5776 | 5702 | 5061 |
| | c) Teachers | N.A. | 200 | 230 | 308 |

On perusal of the above data it reveals that there is increase in the number of educational institutions, enrolment, and teachers. There are total 1856 primary schools with 223004 pupils employing 5704 teachers.

Like wise 163 secondary schools alongwith 66140 enrolment are recorded. 13 institutions of higher education with 5461 enrolment has showed near about 300% increase in comparision of the base year 1960-61.

Following table indicates some important ratios in education sector for the year mentioned below.

| Sr. No. | District | Items | Years | | | |
|---------|----------|---------------------------|---------|---------|---------|---------|
| | | | 1960-61 | 1978-79 | 1979-80 | 1979-80 |
| 1. | Yavatmal | <u>Institutions</u> | | | | |
| | | a) Secondary to Primary | 1: 20 | 1: 11 | 1: 11 | 1: 11 |
| | | b) Higher to Secondary | 1: 15 | 1: 14 | 1: 13 | 1: 13 |
| 2. | | <u>Teachers to Pupils</u> | | | | |
| | | a) Primary | 1: 28 | 1: 27 | 1: 38 | 1: 33 |
| | | b) Secondary | 1: 21 | 1: 21 | 1: 27 | 1: 29 |
| | | c) Higher | N.A. | 1: 27 | 1: 20 | 1: 19 |

Indicator No. 14

Increase in Banking facilities.

Banking facilities are very important in view of the development of the rural areas. For sufficient and necessary credit distribution the net work of Bank branches is very essential. In view of the above, Government has launched programme of opening of Bank Branches under the scheme of lead Bank scheme, lead Bank i.e. Central Bank of India Yavatmal have identified the centre of opening of Bank Branches in a phase programme.

The table below gives some information in respect of banking facilities.

| Sr. No. | Name of District | Total No. of Bank Offices | | | No. of households served per banking office. | | |
|---------|------------------|---------------------------|---------|---------|--|---------|---------|
| | | 1960-61 | 1970-71 | 1970-80 | 1960-61 | 1970-71 | 1970-80 |
| 1. | Yavatmal | 24 | 44 | 71 | 43,788 | 32,068 | 15,644 |

During 1970-80, 42 scheduled banks and 49 co-operative banks are existing. The population per commercial scheduled banks comes to 33877. In above table the ratio of banks for population is drawn taking into consideration of the Co-operative Banks in the district.

Indicator No. 15

Increase in Road Length

Roads are main indicator of rural development, and it makes communication easier. This district is backward in respect of all weather roads and the situation is not so improved so far. The topography of the district is undulating and hilly. Near about 1/4 portion of the district is covered by Tribal Sub-Plan living tribals in remote part of the district.

Very minor share of traffic is tackled by Railway and hence the major share of traffic goes to road lines. There is one narrow gauge line from Yavatmal to Martizapur and one broad gauge line from Wani and Kalsir to Manjari. Total length of railway line is 82 kms. in this distt.

During the reference year the length of National Highways was 65.40 kms, State Highways 602.74 Km, Major district Roads 1030.26 km, Other District roads 802.68 Km, village Roads 1117.27 kms making grand total as 3620.35 kms.

Black topped roads were 1423,70 km, length of Municipal Roads was 203.76 km.

In comparison of the year 1960-61, road length is considerably increased but it appeared that on most of the roads C.D. works, Minor bridges and Bridges are not yet constructed and this affects traffic in rainy days in particular. In some cases the same is cut off from other areas of the district.

The table given below gives comparative picture of road development.

| Sr. No. | Year | Villages connected by all weather roads | Villages connected by other roads. | Road length per 100 Sq. Km. |
|---------|---------|---|------------------------------------|-----------------------------|
| 1 | 2 | 3 | 4 | 5 |
| 1. | 1960-61 | 331 | 267 | 7.80 |
| 2. | 1970-71 | 331 | 267 | 16.77 |
| 3. | 1977-78 | 340 | 275 | 30.74 |
| 4. | 1978-79 | 340 | 275 | 31.04 |

Indicator No. 16.

The prices of some important commodities are being collected by this office at Head quarter place on each Friday. These prices are collected from some selected shops and as such the data collected is indicative of changes in the prices.

The table given below indicates the average prices of some important commodities collected at Yavatmal town for the year 1963, 1971 and 1979.

| S. No. | Commodity | Unit | Years | | |
|--------|---------------------|---------|-------|-------|-------|
| | | | 1968 | 1971 | 1979 |
| 1. | Rice (Medium) | Kg. | 0.70 | 1.60 | 2.25 |
| 2. | Wheat (") | " | 0.59 | 1.10 | 1.88 |
| 3. | Jawar (White) | " | 0.38 | 0.89 | 1.30 |
| 4. | Gram dal | " | 0.58 | 1.25 | 2.88 |
| 5. | Tur dal | " | 0.76 | 1.92 | 4.81 |
| 6. | Sugar (Open market) | " | 1.22 | 2.04 | 2.88 |
| 7. | Gur | " | 1.04 | 1.55 | 2.55 |
| 8. | Groundnut oil | " | 1.98 | 4.55 | 9.78 |
| 9. | Vanaspati (loose) | " | 3.08 | 5.64 | 15.40 |
| 10. | Patatoes | " | 0.59 | 0.78 | 1.11 |
| 11. | Dry Chillies | " | 2.77 | 5.67 | 9.75 |
| 12. | Tea leaf | " | 7.13 | 12.27 | 21.03 |

| 16. | Washing Soap | 501 Bar | 1.48 | 2.10 | 3.04 |

As a whole, it is noticeable that there is overall increase in prices in respect of all commodities. Trend of increase for some commodities is much faster compared to other.

CHAPTER IV

Annual Plan 1970 - 80

Introduction

After independence of India, for balanced and all round development in all fields, the need of Financial Planning was felt. It was stressed that without Planning and phasing of the Development programmes, there could not be substantial achievements in catering the needs of people and improvement in the living standard of Indian masses neglected since so many years. In view of the benefit of the neglected weaker section of society and availability of resources the methodology of planning in various sectors of Development was adopted and 5 five year plans were completed.

This has helped the integrated development in all fields of activities and living standards of people is improved with a sound base of stable Developing economy.

The work of preparation of five year plans and Annual plans is entrusted to the Planning Commission of India. This work is undertaken and done as per directives of Government of India, taking into consideration the needs, of the particular time. Accordingly States are directed to prepare their plans in light of the directives of Govt. of India and Planning Commission. These plans are discussed and finalised at Govt. of India level.

District Planning and Development Councils

4 five year plans and 3 Annual plans were finalised and executed at State level. This was centralised planning with ^{which} had given very little voice for the local representatives and experts in various fields for preparation of plans. This has also created to some extent regional level imbalance and dis integrations. It is also not expected from the Central body to have clear ideas of the problems and difficulties of particular District or area.

To overcome this lacuna, the Planning process was decentralised and plans are finalised at District level since beginning of the 5th five year plan. District body consists of the Peoples representatives i.e. M.P. and M.L.A's and some non official members appointed by Govt. from various fields of activities. The plans are prepared for removal of regional imbalance if any and integrated development in all sections of activities is achieved. This has helped for preparation of "Need Based Planning". The priority of core and non core sectors is arranged as per need of the district and plans are finalised in the series of discussions with officers, peoples representatives, and non-official members as per guidelines and ceiling limit indicated by the Government.

Collector of the district is member. Secretary of DPDC and District Minister is Chairman. These plans prepared at District level are discussed and finalised at State level.

The implementation of the plan is also closely watched by the DPDC in its monthly meetings and difficulties encountered if any are resolved efficiently by the District level unit under control of the Collector assisted by District Planning Officer and his crew.

In view of the experience and achievement of Fifth five year plans it could be stated that the methodology of District level planning is successful and it has functioned very effectively in implementation of plans and integrated Development of the District is achieved by removing regional level imbalance.

Tribal Sub-plan

In this district 474 villages and one town is included in the area of 'Tribal Sub-plan'. These villages are from Kelapur Wani, Yavatmal and Pusad tahsil of the district.

Contd.....

These Communities are isolated and backward. It was noticed that the benefits of General plan could not reach to them and derived by the tribals, they remain neglected and backward since long. It was felt necessary to adopt some new methods for their speedy and versatile Development an idea of Tribal Sub-plan crept in. During the period of fifth five year plan the "Tribal Sub-plan" was introduced. In the year 1976-77, outlay of tribal sub-plan was carved out from General plan outlay and from 1977-78 onward the outlays are earmarked and no Tribal sub-plan funds could be utilised in the General sector. In Tribal Sub-plan, stress is laid on taking up the schemes of individual benefit of the tribals and area development approach is also kept in view to some extent, Govt. has created a post of Project Officer with Headquarter at Pandharkawada to implement and watch progress of the Tribal Sub-plan. He is working under control of the Collector and Deputy Commissioner of Tribal Sub-plan.

Government is very keen about speedy and all round development of tribals. In view of this, Special Executive Committee is constituted for preparation and effective implementation of tribal sub-plans in the district. The meetings of the Special Executive Committee are called periodically under Chairmanship of the Vice Chairman who is elected tribal representative from district.

While preparation of Tribal Sub-plan the main objectives are kept in view as below :-

(A) Long term objectives

(i) To remove, or narrow the gaps of development between tribals and other area people of the district.

(ii) To accelerate the living standard of the tribals to match with other area people of the district.

Contd

(B) Immediate objectives

- (i) Elimination of exploitation of tribals.
- (ii) Speeding up of Socio Economic Development.
- (iii) Building up of the moral strength of the tribals.
- (iv) Ensure social justice to tribals.
- (v) Equal participation of tribals in the task of Development and production.
- (vi) Great sense of self reliance in the tribals.
- (vii) To remove fear and creat self confidence in the tribals for equal participation in developmental programmes in various sectors.

Annual Plan 1979 - 80

Annual plan 1979-80 is prepared as an independent Annual plan and not a part of Fifth Five year plan or the sixth five year plan.

The plan of the year is prepared and finalised by the DPDC in its meeting after discussions with elected peoples representatives, non-official members and officers. The table given below enlighten the financial achievement of the year.

| Sr. No. | Head of Development | Budgetted outlay. | Modified outlay. | Actual expenditure | Percentage of To outlay (modified) | Percentage of Total outlay. |
|---------|------------------------------|-------------------|------------------|--------------------|------------------------------------|-----------------------------|
| 1. | 2. | 3. | 4. | 5. | 6. | 7. |
| 1) | Agriculture programme & C.D. | 134.28 | 133.58 | 174.95 | 131 | 20 |
| 2) | Irrigation(Medium) | 100.38 | 106.04 | 214.50 | 109 | 25 |
| 3) | Power Development | 40.24 | 41.24 | 47.51 | 115 | 5 |
| 4) | Industry & Minning | 7.60 | 7.20 | 7.09 | 97 | 1 |
| 5) | Transport & Communication. | 71.14 | 81.02 | 83.39 | 103 | 10 |
| 6) | Social Services. | 164.78 | 125.45 | 152.43 | 122 | 17 |
| 7) | Employment Gurantee Scheme. | 50.60 | 50.60 | 103.13 | 382 | 22 |
| Total | | 669.02 | 631.25 | 878.11 | 138 | 100 |

The analysis of the above performance during the year 1970-80 indicates that overall expenditure exceeds the budget provisions, This happened because much excess expenditure is incurred under EGS, followed by Medium Irrigation, Power and Agriculture and Co-operation. The expenditure on soil conservation staff is incurred of Rs.32.95 lakhs against the budget provision of Rs.5.00 lakhs only.

As regards the percentage of expenditure to total modified provisions, highest percentage comes to Medium Irrigation 25% followed by Employment Guarantee Scheme 22%, Agriculture, & Co-operation and community development 20%, Social Services 17% and transport and communication 10%.

Since this district is much lagging behind in Irrigation, the emphasis was laid on increasing the Irrigation potential in the district. In view of this, in fifth five year plan, the DPDC had provided funds for irrigation projects very liberally and the work of Medium Irrigation projects such as Adan, Waghadi, Gokhi, Sakhal Nalla, Lower Pus, are in full swing and the work of Borgaon, Antargaon, Deogaon projects are also taken up for execution.

Major Head of Development wise description of financial and physical achievements is given below :-

(I) Agricultural Programme

Under this sector subsidy for pesticides and resticides is granted worth Rs.0.18 lakh. Total coverage for midfly (1390 ^{hect}) rat control (8919 ha) and Shoot fly (3 ha) is 10312 ^{hect}. Resettlement of 132 beneficiaries on forest lands is done. The expenditure incurred is Rs.1.40 lakhs for grant of resettlement grants for 246 hectors.

Contd.....

Under tribal sub-plan the subsidy for seeds and fertilisers is granted of Rs.0.52 lakhs for 164 hec.(Kharif) and 4⁰ hec(Rabi).

Soil conservation is very important programme for stoppage of land erosion. The works are under taken under Employment Guarantee Scheme and expenditure on staff is incurred from plan funds. During 197⁰-80 area of 23253 hec. is covered for bunding.

Ayacut Development programme covers land levelling for facilitation of flow of Irrigation water. Expenditure of Rs.12.33 lakhs is incurred and 1129 hectors area is covered.

Animal Husbandry is very important sector in view of the animal health and increase in milk potential and quality breed in the district. Most of the programme is implemented by Zill Parishad, Animal Husbandry Officer. During 197⁰-80, Rs.0.50 lakh were spent for supply of medicines to 74 dispensaries/institutions.

From Rs.0.80lakhs the construction of Veterinary dispensary at Chikhali and quarter of Arni and Metikheda were under taken.

Under tribal sub-plan the Vet. dispensaries at Adgaon, Botoni and Jamb were under taken by spending Rs.1.08lakhs. Rs.0.71 lakh were spent on upgradation of Vet. aid centres.

For foot and mouth disease control Rs.0.10 lakh were spent in Non TSP area and an equal amount was spent in tribal sub-plan area for vaccine for 1300 animals from Non TSP and TSP area each.

In TSP area Rs.0.03 lakhs were spent on supply of milch cows to Adiwasis. Under tribal sub-plan area episodic control unit was established by spending Rs.0.80 lakh.

Dairy Development is very important activity in the district as such suitable priority was given to this programme.

Contd.....

Under tribal sub-plan Rs.3.42 lakhs were spent on Dairy Development. For establishment of 2 chilling plants at Maregaon and Pandharkawada, Rs.7.81 lakhs and supply of one year buffalows calves Rs.0.53 lakh with coverage of 91 beneficiaries were spent. Milk societies were being established to collect milk in the district which supported economy of the villagers and provided them employment in the off season.

Under forest the expenditure of Rs.6.08 lakhs was incurred. Under this Rs.2.01 lakhs were spent on elimination of forest contractors, Rs.1.00 lakh on establishment of Forest Nursery, Rs.0.84 lakhs for plantation of General utility timber. Under tribal sub-plan for felling coupes departmentally the expenditure of Rs.0.50 lakhs was incurred.

Inland fishing is very important activity in the district in view of Major, Medium and Minor Irrigation tanks. Expenditure of Rs.3.24 lakhs was incurred under various scheme of the Deptt.

Under Minor Irrigation the Minor Irrigation tanks of State and Local sector were executed. The expenditure of Rs.86.59 lakhs was incurred i.e. Rs.37.33 lakhs in Non TSP area and Rs.49.26 lakhs in TSP area for execution of M.I. tanks.

Under Co-operation, expenditure was incurred on 14 Adiwasi Co-operative Societies of Rs.12.24 lakhs. 302 latrine seats were supplied under Community Development programme.

Medium Irrigation

As explained in earlier paragraph, Medium Irrigation Projects play an important role in the development of the district. Since the rains are irregular and unevenly distributed, the fortune of the farmers is tied with uncertainty. Irrigation projects ameliorate their troubles to some extent. The work of

Contd

Alan project, Sakhal Nalla project, Gokhi project, Lower Pus project and Deogaon project were in progress in Advanced stage and other works of Borgaon, Antargaon were also being tackled. Total expenditure of Rs.214.59 lakhs was incurred on these projects and cannal works. Some items of the above work were taken under EGS also. Expected irrigation potential of 33057 hectares likely to be created after completion of the above projects in progress.

Power

In view of the modern production technology and Industrial and Agricultural development, power is very important item. Electric power is very convenient type of power and hence it is given high priority. By the end of the 1979-80, 1304 villages and 17197 pumps sets were energised. During the year 1979-80, 206 pumps from Non TSP area were provided power, and 95 pumpsets in TSP area were connected. 35 villages in TSP area and 4 from Non TSP area were electrified. Total expenditure incurred under this programme is of Rs.47.51 lakhs.

Industry and Mining

Expenditure incurred under this head was of Rs.7.09 lakhs which covers schemes of financial assistance to small scale industries. Under S.A.I. rule, provision of seed money, training programme for educated unemployed and assistance to block level balutedar societies.

Transport and Communication

Communication is very important item in respect of development and progress of the area. It is main item of the infrastructure. The Development of rural area starts with road works.

Contd.....

The net work of roads is very essential for development of the district. The position in respect of roads for this district is not satisfactory and it is lagging behind. The road works under taken in scarcity from time to time are in incomplete stage since long. During 1979-80 the expenditure of Rs.83.39 lakhs was incurred by state and local sectors.

In Non TSP area surface work of Roads was completed for 28.90 k.m., unsurface 30.68 km, CD works 94, Bridges -2, and Black topping for 2.40 km.

Under tribal sub-plan area surface of 20.50 km, unsurface 4.60km, CD works -53 and Black topping of 2.00Km was completed.

Metal consolidation and collection was in progress for 77.50 km and 53.80 km in Non TSP and TSP areas respectively.

Social Services

General Education

Under this Head of development the expenditure of Rs.14.36 lakhs and Rs.5.48 lakhs was incurred in Non TSP and TSP area respectively on the various schemes of Education Department. This included the expenditure in TSP area on Adult Education of Rs.1.42 lakhs.

Technical Education

Under technical education the expenditure on Poly-technic Yavatmal was covered with Civil and Electrical courses of 60 students.intake capacity each. The expenditure of Rs.6.12 lakhs was incurred on library, furniture and construction of hostel building.

Health

Under this state and local sector programmes are

Contd

considered. The expenditure of Rs.8.09 lakhs is incurred. Out of this, expenditure in TSP Plan was Rs.2.62 lakhs.

Nutrition

Under Nutrition the expenditure of Rs.1.20 lakhs in Non TSP area and Rs.3.44 lakhs in TSP area was incurred covering 7000 and 9000 beneficiaries respectively, under school feeding programme.

Water Supply and Sewerage

This expenditure of Rs.32.95 lakhs was incurred under this head which includes the expenditure of Rs.6.84 lakhs on tribal sub-plan programmes.

The work of Govt. piped water supply schemes, Municipal water supply schemes, rural water supply, whereas, dug wells and bore wells were covered.

Additional reservoir at Yavatmal was completed, 2 Municipal water supply schemes and one drainage scheme at Wani was completed, subsidy for conversion of 253 dry latrins into flush latrins was paid, 7 Rural water supply scheme work were completed. In Non TSP area 90 dug wells were completed and in TSP area 29 dug wells were completed.

Urban Development

The expenditure of Rs.9.29 lakhs was incurred for grant of loans and subsidy to 4 & 7 Municipal Councils respectively.

Housing

The expenditure under this head of development was incurred of Rs.52.58 lakhs, out of this Rs.10.74 lakhs were spent on TSP area.

Contd.....

Main activity covered under this was construction of huts and provision of house sites to landless labourers. In Non TSP area 1150 huts and in TSP area 234 huts were constructed. 64 Adivasis were provided tiles for replacement of thatched roofs of their huts.

Welfare of Backward classes

Expenditure in Non TSP area was incurred of Rs.9.47 lakhs and in TSP areas of Rs.6.34 lakhs. Under this head of development the schemes of benefit of backward classes are undertaken in the form of subsidy or free supply for education and Economic uplift.

The Scheme of Ashram Shala complex was included under this. 112 pumpsets and 7 oil engines were supplied to Adivasis on 100% subsidy.

Labour and Labour welfare

Under this head, the scheme of I.T.I. and assistance to educated unemployed were covered. Expenditure of Rs.2.31 lakhs was incurred during the year 1979-80.

Information and Publicity

The expenditure of Rs.0.85 lakhs was incurred in TSP area on intensive publicity cell in Tribal Sub-plan area.

Employment Guarantee Scheme

The E.G.S. is unique programme of this state which gives guarantee of work to all able bodied persons willing for manual work from rural areas and who are desirous to do so. This consists mainly unskilled works or component of work.

During the year 1979-80 (as on 31.3.80) 110 works in Non TSP area and 272 works in TSP area were in progress

Contd.....

with labour potential of 54600. During this period 35750 labour attendance was reported and Rs.193.13 lakh were spent on above works.

Under EGS the work of major, minor irrigation tanks, percolation tanks, Road works, forest works, Ayacut works, flood protection works and Soil conservation works were undertaken.

This programme has given guarantee of work to the rural people especially when they are not employed in agricultural operations. This programme is most popular and its demand is increasing.

This programme is covered under " food for work " which gives nutritious food to the workers at very nominal rate. This is main attraction of the programme. Community assets are built up under this programme.

Difficultias and bottlenecks experienced in the implemen-
tation of various schemes during the year 1979-80.

- 1) The budget provision under most of the schemes were received late, i.e. by May end. In case of new works/items / schemes the provision as proposed by the District Planning and Development Council were remained unbudgeted for want of Administrative or technical sanction.
- 2) In case of continued schemes the administrative approval and orders to continue the schemes were abnormally delayed by various heads of Departments. Even in case of budgetted schemes orders to release budget grants were considerably delayed by the heads of the departments resulting in failure to achieve the targets in the plan year.
- 3) The schemes were formulated without any study or survey but on the basis of the schemes implemented in other districts and without studying the feasibility of the schemes in the district.

Contd

- 4) Roads were proposed without studying whether the land would have to be acquired or not. Normally the land acquisition process takes its own time. The provision under such works remained unspent under such circumstances.
- 5) The preliminaries required to be completed before implementation of such programme were never completed before hand and those steps were taken after a major period was lapsed.
- 6) Planning of programme in most of the schemes was not done which resulted in not achieving the desire targets.

DISTRICT STATISTICAL ABSTRACT

P A R T - II

DISTRICT STATISTICAL ABSTRACT

OF YAVANMAL DISTRICT

1978-80

C O N T E N T S

| Sr. No. | Table No. | Subject | Page No. |
|----------------------------------|-----------|---|----------|
| 1 | 2 | 3 | 4 |
| <u>I. AREA AND POPULATION</u> | | | |
| 1. | 1 | Talukawise Area, Houses and population as per 1971 Census. | 1 |
| 2. | 2 | Decadal variations in Population since 1951 to 1971. | 7 |
| 3. | 3 | Talukawise classification of villages according to population ranges in 1971 census. | 9 |
| 4. | 4 | Talukawise classification of Towns according to 1971 Census. | 11 |
| 5. | 5 | Number of Workers and Non-workers in each taluka according to 1971 Census. | 12 |
| 6. | 6 | Distribution of Population according to (A) age group (B) Religion, according to 1971 Census. | 15 |
| 7. | 7 | Scheduled Castes and Scheduled Tribes and Neo-buddhists according to 1971 census. | 17 |
| <u>II. CLIMATE AND RAIN-FALL</u> | | | |
| 8. | 8 | Number of Rainy days and Total Rainfall at selected centres - 1979 - Monthwise. | 23 |
| 9. | 9 | Maximum and minimum monthly Temperature at selected centres 1979 - Monthwise. | 24 |
| <u>III. AGRICULTURE</u> | | | |
| 10. | 10 | Land utilisation in 1977-78 and 1978-79. | 25 |
| 11. | 11 | Area under different crops in each taluka in 1977-78 and 1978-79. | 27 |
| 12. | 12 | Yield per hectare and Out-turn of Principal crops in 1977-78 and 1978-79. | 30 |
| 13. | 13 | Area Irrigated by different sources in each taluka in 1977-78 and 1978-79. | 31 |
| 14. | 14 | Area Irrigated under different crops in each taluka in 1977-78 and 1978-79. | 32 |
| 15. | 15 | No. of irrigation and other wells in each taluka in 1977-78 and 1978-79. | 34 |

| | | | |
|----|----|--|----|
| 16 | 16 | Availability of under ground water in 1970-80. | 35 |
| 17 | 17 | Minor Irrigation works (excluding wells) in 1978-79. | 46 |
| 18 | 18 | Major and Medium irrigation projects as on 30-6-1970. | 48 |
| 19 | 19 | Agricultural Wage rates in the year 1979-monthwise. | 50 |
| 20 | 20 | Agricultural Census operational holdings in 1976-77. | 53 |
| 21 | 21 | Agricultural implements in each taluka in 1978. | 55 |
| 22 | 22 | Famine, Scarcity and Akin to scarcity data for 1979-80. | 56 |
| 23 | 23 | Determination of precarious and other Scarcity area, according to history of Scarcity. | 57 |

IV. ANIMAL HUSBANDRY AND FOREST

| | | | |
|----|-------|--|--------------------------|
| 24 | 24 | Livestock in each taluka as per 1978 census. | 58 |
| 25 | 25 | Veterinary Statistics in each taluka for 1979-80. | 60 |
| 26 | 26 | Disease-wise Livestock Mortality in 1979-80. | 61 |
| 27 | 27 | No. of Recognised slaughter houses and Animals slaughtered in these slaughter houses in 79-80. | 67 |
| 28 | 28(A) | Forest area in District in 1979-80. | 68 |
| 29 | 28(B) | Major and Minor Forest products in district during 1970-80. | 69 |
| 30 | 29(A) | Inland Fisheries in 1970-80. | 70 |
| 31 | 29(B) | Marine Fisheries | Page no. not applicable. |
| 32 | 29(C) | Quantity of Fish. | do. |

V. EMPLOYMENT, INDUSTRY, MINING AND ELECTRICITY

| | | | |
|----|----|---|----|
| 33 | 30 | No. of factories and average daily employment of workers 1978-79. | 71 |
| 34 | 31 | Industry-wise distribution of working factories according working strength for 1978-79. | 73 |
| 35 | 32 | Distribution of factories according to No. of days worked in 1978-79. | 74 |
| 36 | 33 | Statistics relating A. S. I. 1977-78 and 1978-79 | 75 |
| 37 | 31 | Employment Exchange statistics in 1979-80. Monthwise. | 75 |

| | | | |
|----|----|--|----|
| 38 | 35 | Occupational distribution of total registration and placement in employment exchange in 1979-80. | 77 |
| 39 | 36 | Works under taken in P.G.S. in 1979-80. | 78 |
| 40 | 37 | Employment in different industries as on 31-3-80 | 80 |
| 41 | 38 | Consumption of electricity in 1979-80. | 81 |
| 42 | 39 | Number of towns and villages electrified and population covered. | 82 |

VI. CO-OPERATION

| | | | |
|----|----|--|----|
| 43 | 40 | No. of different types of co-operative societies at the end of 30-6-1980. | 83 |
| 44 | 41 | Statistics relating to co-operative banks as on 30-6-80. | 85 |
| 45 | 42 | Primary Agricultural Credit Societies as on 30-6-1980. | 86 |
| 46 | 43 | Other Co-operative Societies of different types as on 30-6-80. | 87 |
| 47 | 44 | Operation of Central and Primary co-operative Marketing socs in each taluka as on 30-6-79. | 88 |
| 48 | 45 | Operation of other co-operative societies of different types during 1979-80. | 90 |
| 49 | 46 | Operation of regulated market in each taluka during 1979-80. | 91 |
| 50 | 47 | Talukawise number of registered money lenders and loans advanced by them during 79-80. | 93 |

VII. MEDICAL AND PUBLIC HEALTH

| | | | |
|----|----|---|----|
| 51 | 48 | Medical facilities available through public and public aided bodies in each taluka in 1979. | 94 |
| 52 | 49 | No. of Births and Deaths registered during 1979. | 95 |
| 53 | 50 | No. of Deaths due to important causes during 1971 to 1979. | 96 |
| 54 | 51 | Vaccination Statistics and Cholera inoculations in each taluka in 1979. | 97 |
| 55 | 52 | No. of family planning centres operating in each taluka as on 31-2-1980. | 99 |

VIII. EDUCATION

| | | | |
|----|----|--|-----|
| 56 | 53 | Literacy in each taluka according to 1971 census | 101 |
| 57 | 54 | Education in rural areas in each taluka. | 102 |

| 1 | 2 | 3 | 4 |
|--|-------|---|-----|
| 58 | 55 | Education in Urban areas of the district | 104 |
| 59 | 56 | No. of Institutions, pupils and teachers in 70-80. | 107 |
| 60 | 57 | Backward class enrolment in Yavatmal district during 1978-79 and 1979-80. | 108 |
| 61 | 58 | Economically backward class concessions of free education during 1978-79 and 1979-80. | 109 |
| 62 | 59 | Expenditure on primary education by way of grants in aid to local bodies during 1979-80. | 110 |
| <u>IX. TRANSPORT AND COMMUNICATIONS.</u> | | | |
| 63 | 60 | Length of Railway route as on 31-3-1979. | 111 |
| 64 | 61 | Road length, according to category and surface classification as on 31-3-80. | 112 |
| 65 | 62 | Motor Vehicles, in operation as on 31-3-80 | 113 |
| 66 | 63 | Operational Statistics of Nationalised road transport during 1979-80. | 114 |
| 67 | 64 | Traffic census on important roads as in Dec. 1979. | 115 |
| 68 | 65 | Information on postal telegraphs and telephone Statistics. | 119 |
| 69 | 66 | Rural Broadcasting statistics as on 31-3-80. | 120 |
| <u>X. LOCAL BODIES</u> | | | |
| 70 | 67 | Income and expenditure of local bodies. | 121 |
| 71 | 68 | Income and expenditure of village panchayats 79-80. | 122 |
| 72 | 69(A) | Headwise receipts of Zilla Parishad. | 124 |
| 73 | 69(B) | Government grants to Zilla Parishad. | 125 |
| 74 | 69(C) | Headwise expenditure of Zilla parishad. | 126 |
| 75 | 70 | Income and expenditure of Municipal councils during 1979-80. | 127 |
| 73 | | | |
| <u>XI. PLAN AND COMMUNITY DEVELOPMENT.</u> | | | |
| 76 | 71 | Plan expenditure under different development heads/ sub-heads during 1978-79 and 1979-80. | 129 |
| 77 | 72 | Important physical schemes/works under plan during 1978-79 and 1979-80. | 131 |
| 78 | 73 | Statement showing C.D. programme in the district as on 31-3-1979. | 137 |
| 79 | 74 | Expenditure incurred in different stages of blocks upto end of 1979-80. | |

| 1 | 2 | 3 | 4 |
