### Chapter

I	The Problem .....	1
II	The Approach .....	54
III	Natural Resources - Availability .....	78
IV	The People .....	108
V	Natural Resources - Utilization .....	156
VI	The Present Industrial Activity .....	252
VII	The Market Structure .....	287
VIII	Prospects of Agricultural Development .....	317
IX	Industrial Potential .....	383
X	Requisite Infrastructure and Urban Network..	446
XI	Financial Resources and Requirements .....	514
XII	Conclusions .....	549

List of Tables

Table No.		Page
1.1	Absentee landlordism in Marathwada .....	3
1.2	Tenancy in Marathwada .....	4
1.3	Non-Diwani lands in Marathwada .....	6
1.4	Changes in the status of protected tenants in Marathwada in 1954-55 .....	12
1.5	Percentage distribution of owned holdings in Marathwada (1952-53) .....	13
1.6	Changes in the total population and agricultural labour class in Hyderabad State .....	15
1.7	Export and import trade of Hyderabad State...	18
1.8	Sectoral income and employment in Marathwada and Maharashtra .....	26
1.9	Share of Marathwada in income and employment.	28
1.10	Use of agricultural implements and machinery.	30
1.11	Cropping pattern in 1964-65 .....	31
1.12	Average annual yields of major crops .....	32
1.13	Moving averages of yield of selected crops...	34
1.14	Workers engaged in secondary activity in Marathwada Region and Maharashtra State (1961)	36
1.15	Regionwise distribution of factories in Maharashtra State (1956 and 1965) .....	37
1.16	Percentage shares of Greater Bombay, Poona division and Marathwada region in the total factory workers in Maharashtra (1956 and 1965)	40
1.17	Number of workers in selected occupations per one lakh population in 1961 in rural areas of different districts of Maharashtra .....	43
1.18	Number of workers in selected occupations per one lakh of population in 1961 in urban areas of different districts of Maharashtra .....	44

Table No.		Page
1.19	Road mileage in Marathwada and Poona and Nagpur Divisions .....	45
1.20	Goods transport vehicles per one lakh population in Marathwada, Poona and Nagpur Divisions	46
3.1	Broad classification of soils and their districtwise coverage in Marathwada .....	82
3.2	Broad characters of major agro-climatic zones of Marathwada .....	84
3.3	Classification of area in each district of Marathwada, 1968-69 .....	89
3.4	Proposed utilization of water yield for medium and minor (state sector) projects in Marathwada .....	92
3.5	Availability of underground water and its utilization through wells (1968-69) .....	94
3.6	Number of wells and area irrigated by them in the five districts of Marathwada (1968-69)...	96
3.7	Area under forests and forest products in the five districts of Marathwada (1966-67) .....	98
3.8	Number of livestock in Marathwada (1966).....	101
3.9	Requirement, availability and deficit in respect of dry fodder, green fodder and concentrates in Marathwada .....	105
4.1	Distribution of population in Marathwada by district .....	108
4.2	Distribution of talukas in Marathwada by density of rural population (1961) .....	109
4.3	Distribution of villages according to population (1961) .....	110
4.4	Distribution of rural workers by livelihood classes (1961) .....	112
4.5	Distribution of talukas according to percentage of agricultural labourers in total agricultural workers .....	114

Table No.		Page
4.6	Distribution of talukas by percentage of workers in non-agricultural occupations in 1961 .....	116
4.7	Distribution of towns in Marathwada by size and percentage of workers in agriculture and in manufacturing .....	125
4.8	Growth in population of major towns in Marathwada (1961-71) .....	128
4.9	Distribution of male workers by livelihood classes .....	130
4.10	Percentage distribution of workers by educational level (1961) .....	131
4.11	Progress of literacy in Marathwada .....	132
4.12	Progress in recurring expenditure on education in Marathwada .....	132
4.13	Per cent enrolment among school-going age-groups in 1967 .....	134
4.14	Literacy level by size of holding for Murud, Bori and other villages .....	136
4.15	Enrolment in primary and secondary schools in Marathwada .....	138
4.16	Number of students graduating from different faculties of Marathwada University .....	139
4.17	Special institutions in Marathwada and Poona division .....	140
4.18	Number of employment seekers on live register in Marathwada .....	142
4.19	Unemployment in urban and rural areas .....	144
4.20	Districtwise projected population for 1971, 1976 and 1981 .....	146
4.21	Projected population of Marathwada by age and sex groups .....	147

Table No.		Page
4.22	Projected population in working age group (15-59 years) for 1971, 1976 and 1981 .....	148
4.23	Distribution of households and persons by livelihood class .....	149
4.24	Distribution of workers by livelihood classes for Maharashtra .....	150
4.25	Estimated number of workers by livelihood classes for 1971 and 1981 .....	154
5.1	Land use classification in the five districts of Marathwada (1968-69) .....	157
5.2	Seasonwise utilization and under utilization of net cropped area, 1968-69 .....	162
5.3	Area under different crops in five districts of Marathwada (1968-69) .....	164
5.4	Percentage shares of districts in the total area under jowar, cotton, groundnut and safflower in Marathwada (1968-69) .....	168
5.5	Percentage distribution of area under differ- ent crops in the five districts of Marathwada for 1953-54, 1960-61 and 1967-68 .....	171
5.6	Area under certain crops in the five districts of Marathwada in 1953-54, 1960-61 and 1967-68	178
5.7	Annual rate of increase or decrease in the production of certain important crops during 1953-54 to 1960-61 and 1960-61 to 1967-68 in the five districts of Marathwada .....	181
5.8	Percentage change in area yield and output of important crops in the five districts of Marathwada, 1953-54 to 1960-61 .....	184
5.9	Percentage change in area, yield and output of important crops in the five districts of Marathwada, 1960-61 to 1967-68 .....	187
5.10	Sources of irrigation and area irrigated therefrom in each district of Marathwada in 1968-69 .....	191

Table No.		Page
5.11	Number of wells and area irrigated by wells in Marathwada, 1956-57 and 1960-61 .....	193
5.12	Proportion of unused wells in the five districts of Marathwada .....	196
5.13	Number of wells and area irrigated by wells in the five districts of Marathwada, 1960-61 and 1968-69 .....	198
5.14	Development of well irrigation in the five districts of Marathwada .....	201
5.15	Number of oil engines and electric pumps in the five districts of Marathwada in 1956, 1961, 1966 and 1968-69 .....	202
5.16	Information about completed, under construction and proposed irrigation projects in each district of Marathwada .....	207
5.17	Area irrigated under different crops in the five districts of Marathwada, 1968-69 .....	213
5.18	Details of soil conservation work completed during the period from 1961-62 to 1969-70 in five districts of Marathwada .....	218
5.19	Progress in the coverage of intensive cultivation blocks in the five districts of Marathwada	222
5.20	Acreage under hybrid and high yielding varieties in the five districts of Marathwada, 1968-69 .....	224
5.21	Area under improved varieties of cotton in the five districts of Marathwada, 1966-67, 1967-68 and 1968-69 .....	228
5.22	Use of certain improved practices in village Murud in Osmanabad district .....	235
5.23	Estimated distribution of cultivating households and land cultivated by them according to size of holding in Marathwada (1970) .....	237

Table No.		Page
5.24	Estimates of average period between calvings, lactation period and average yield per day of cows and buffaloes in Marathwada .....	240
5.25	Estimated production of milk in the five districts of Marathwada .....	242
6.1	Progress of factory sector in Marathwada .....	256
6.2	Changes in composition of the factory sector in Marathwada .....	257
6.3	Distribution of factories according to number of workers - 1959 and 1965 .....	259
6.4	Location coefficients for different industries in Marathwada (1965) .....	261
6.5	Factories in Marathwada in 1970 by industry group and district .....	263
6.6	Distribution of factories in Marathwada by industry group and location (1970) .....	266
6.7	Financial assistance to industrial units in Marathwada .....	277
6.8	Industrial areas in Marathwada .....	281
6.9	Industrial estates in Marathwada .....	283
6.10	Expenditure on industrial areas .....	284
6.11	Growth of industries in industrial areas in Maharashtra by location .....	285
7.1	Districtwise return of schedules from the Panchayat Samitis .....	289
7.2	Estimated quantities of production, home retention, and transactions through weekly and regulated markets in Marathwada for the year 1968-69	291
7.3	Villages with and without weekly markets (1961)	295
7.4	Population thresholds by type of shops .....	298

Table No.		Page
7.5	Progress of regulated markets in Marathwada 1930-1969 .....	303
7.6	Estimated area of influence of regulated markets .....	304
8.1	Proposed development of well irrigation in Marathwada (1980-81) .....	321
8.2	Proposed yields in different crops in Marathwada .....	335
8.3	Estimated production of important crops in Marathwada, 1980-81 and, expected average annual rate of increase over production in 1968-69 .....	338
8.4	Financial cost of investment in Agricultural Development in Marathwada (1980-81) .....	346
8.5	Requirements of material inputs for agricultural production (1980-81) .....	350
8.6	Estimated requirement of current finance in Marathwada (1980-81) .....	355
8.7	Required number of cows and young stock to maintain the present bullock population.....	371
9.1-A	Inter industry transactions table for the Marathwada Region (1966) .....	392
9.1-B	Inter industry coefficient (flow) matrix for the Marathwada region (1966) .....	394
9.2	Gap in the required and the actual numbers of various agricultural implements and machinery .....	399
9.3	Oilseed milling capacity and production of oilseeds in Maharashtra and Marathwada .....	415
9.4	Estimated production of oil and oilcake in Marathwada in mill sector (1968-69) .....	416
9.5	Sugar factories in Marathwada 1968-69 .....	422

Table No.		Page
9.6	Sugar production in Marathwada 1969-70 .....	423
9.7	Sugar factories newly licensed in Marathwada	424
9.8	Cane requirements for the proposed sugar factories in Marathwada .....	425
9.9	Estimated production of sugarcane and estimated consumption of sugarcane by sugar factories - 1981 .....	426
10.1	Scheme for scoring various facilities and services .....	457
10.2	Distribution of total settlements and the selected centres by district and population size .....	460
10.3	Districtwise number and the population of the selected centres by type .....	461
10.4	The population and industrial and commercial activity in the major urban centres .....	462
10.5	Requisite facilities and services by type of settlement .....	464
10.6	Facilities and amenities available at the urban centres .....	465
10.7	Facilities and amenities available at the rururban centres .....	469
10.8	The Government owned and the cooperative storage capacity in Marathwada (1967-68)....	478
10.9	Requisite storage capacity in 1980-81 according to district .....	482
10.10	Suggested phasing of proposed railway development programme .....	489
10.11	Progress of road construction and the expenditure incurred in Marathwada between 1951-1969 .....	492
10.12	Progress of road construction by district...	493

Table No.		Page
10.13	Progress of road construction in Marathwada by type of road .....	494
10.14	Villages with population above 2000 by type of approach road and district .....	496
10.15	Type of approach road to villages according to district .....	497
10.16	Progress of electrification in Marathwada, 1961-62 to 1968-69 .....	503
10.17	Consumption of electrical energy for different purposes in Marathwada, 1968-69 .....	503
10.18	Number of primary health centres, sub-centres and dispensaries by district .....	505
10.19	Distribution of households by predominant material of wall and roof .....	508
10.20	Distribution of Households by size of tenements .....	509
11.1	Total and per capita allocation of outlays - Third Five Year Plan .....	515
11.2	Actual allocations to Marathwada during Third Five Year Plan for development of lagging sectors .....	516
11.3	Allocation of plan outlays under Third Five Year Plan .....	517
11.4	Distribution of the proposed outlays in the Fourth Plan and the Annual Plans 1966-67 - 1970-71 .....	520
11.5	Revenue receipts of the Maharashtra State in Marathwada .....	521
11.6	Finances of the Zilla Parishads in Marathwada 1969-70 (B.E.) .....	523
11.7	Additional revenue potential of Zilla Parishads in Marathwada .....	525
11.8	Revenue of Municipalities in Marathwada 1965-66 .....	527

Table No.		Page
11.9	Expenditure of Municipalities in Marathwada 1965-66 .....	528
11.10	Income and expenditure of regulated market committees (1967-68) .....	538
11.11	Investment needs of different development schemes .....	544
Graph No. 1	Monthly arrivals and prices of groundnut at different regulated markets in Marathwada (1968-69) .....	310
Graph No. 2	Monthly prices of groundnut (small dry variety) in Jalna market .....	367
Graph No. 3	Monthly prices of gul (medium) in Lasalgaon market .....	368

**LIST OF TABLES IN APPENDIX**  
(Separate Volume)

<b><u>Appendix Table No.</u></b>		<b><u>Page</u></b>
1	Classification of area in each taluka of five districts in Marathwada, 1968-69	1
2	Requirements, availability and deficit of fodder and concentrates for bovine population in Marathwada	9
3	Rural and urban population in different districts of Marathwada for census years between 1901-1971	12
4	Basic information about rural population in Marathwada (Talukawise)	13
5	Economic classification of rural workers (1961) in Marathwada (Talukawise)	14
6	Economic classification of urban workers in Marathwada (Talukawise)	16
6-A	Talukawise percentage of urban population in 1961	18
7	Area under different crops in each taluka of five districts in Marathwada, 1968-69	19
8	Trends in area under different crops 1953-54 to 1967-68 (Three year moving average)	27
9	Trends in production of important crops in Marathwada (Three year moving average)	33
10	Trends in yield per hectare 1953-54 to 1967-68 (Three year moving average)	39
11	List of complete, under construction and proposed major, medium and minor (State sector) projects in Marathwada (1968-69)	45
12	Trends in Area irrigated under different crops (Three year moving averages)	50
13	Talukawise distribution of weekly markets and area and population per weekly market (1961)	56

**Appendix  
Table No.**

		<u>Page</u>
14	Quantities of market arrivals, number of functionaries and the income of the market committees by regulated markets	57
15	Regulated market arrivals by commodity and month of arrival	58
16	Proposed programme of the development of well irrigation in the five districts of Marathwada 1980-81	59
17	Dry and irrigated crop pattern suggested for the five districts in Marathwada, 1980-81	65
18	Area under each dry and irrigated crops shown as percentage of total area under particular crop in the five districts of Marathwada, 1980-81	66
19	Area under different dry and irrigated crops in the five districts of Marathwada shown as percentage of total gross area under dry and irrigated crops, 1980-81	67
20	Cropwise requirements of seeds, fertilizers and insecticides in Marathwada, 1980-81	68
21	Information regarding monthly average wholesale prices of gul from 1961 to 1969	72
22	Information regarding monthly average wholesale prices of groundnut from 1961 to 1969	73

**LIST OF MAPS**  
**(Separate Volume)**

- I. Political Map
- II. Natural Map
- III. Land Rights (1948)
- IV. Agro-Climatic Zones
- V. Land Utilization
- VI. Milch Cattle
- VII. Density of Population (1961)
- VIII. Economic Classification of Rural Workers (1961)
- IX. Economic Classification of Urban Population (1961)
- X. Urbanization and Cotton Areas
- XI. Cropping Pattern
- XII. Major Cash Crops (1968-69)
- XIII. Distribution of Wells
- XIV. Irrigation Projects
